THE UNIVERSITY OF WISCONSIN-EAU CLAIRE

105 Garfield Avenue
Eau Claire, Wisconsin 54702-4004
UW-Eau Claire Web Homepage (http://www.uwec.edu)

Situated at the confluence of the Eau Claire and Chippewa rivers, the city of Eau Claire originated as a lumber town in the 1840s. Today, with a population of more than 68,000, Eau Claire is a commercial, medical, technological and educational center for the west central region of Wisconsin. Eau Claire is located 90 miles east of Minneapolis/St. Paul and 247 miles northwest of Milwaukee. The city and the surrounding countryside abound in rivers, lakes and wooded areas of great natural beauty, where seasonal sports, camping and other recreational activities may be enjoyed throughout the year.

University of Wisconsin-Eau Claire

The University of Wisconsin-Eau Claire was founded in 1916 as the Eau Claire State Normal School, occupying a single building on land donated to the state by the city of Eau Claire. The academic history of the institution is reflected in its subsequent changes of name and mission. As the Eau Claire State Teachers College (1927-51), it awarded baccalaureate degrees in education; as the Wisconsin State College at Eau Claire (1951-64), it added degree programs in liberal arts. The state colleges were granted university status in 1964, and the Wisconsin State University-Eau Claire was organized into the schools of Arts and Sciences, Education, and Graduate Studies. The School of Nursing was created in 1965 and the School of Business in 1966. The institution became the University of Wisconsin-Eau Claire in 1971 with the merger of the two state-supported university systems to form the University of Wisconsin System, which includes 13 universities, 13 freshman-sophomore colleges and UW-Extension. In 2004, an administrative restructuring created four colleges at the University of Wisconsin-Eau Claire: the College of Arts and Sciences, the College of Business, the College of Education and Human Sciences, and the College of Nursing and Health Sciences. Graduate programs are administered by each of the colleges.

The University of Wisconsin-Eau Claire today serves more than 10,000 students, offering a variety of undergraduate and graduate programs, and serving regionally as a center for continuing education. The main campus includes 30 major buildings located on a 333-acre, two-level campus, which embraces Putnam Park on the south bank of the Chippewa River and is connected by a footbridge to the Haas Fine Arts Center and the Human Sciences and Services building on the north bank. The University campus also includes The Priory, a facility three miles south of the main campus, and Haymarket Landing, a student apartment complex in downtown Eau Claire.

UW-Eau Claire – Barron County

Effective July 1, 2018, the 13 two-year campuses formerly known as University of Wisconsin Colleges were integrated as branch campuses with seven of the University of Wisconsin System’s four-year comprehensive or research institutions. As part of this restructuring, the former UW-Barron County became a branch campus of UW-Eau Claire and is now known as UW-Eau Claire – Barron County.

Select Mission of the University of Wisconsin-Eau Claire

In addition to the University of Wisconsin System Mission and the Core Mission of the University Cluster Institutions, the University of Wisconsin-Eau Claire has the following select mission:

We foster in one another creativity, critical insight, empathy, and intellectual courage, the hallmarks of a transformative liberal education and the foundation for active citizenship and lifelong inquiry.

We fulfill our mission through a pervasive university commitment to provide:

- Rigorous, intentional and experiential undergraduate liberal education for life and livelihood;
- Strong, distinctive professional and graduate programs that build on and strengthen our proud tradition of liberal education;
- Multicultural and international learning experiences for a diverse world;
- Exemplary student-faculty research and scholarship that enhance teaching and learning;
- An inclusive campus community that challenges students to develop their intellectual, personal, cultural, and social competencies;
- Educational opportunities responsive to the needs of our communities, state, region, and beyond; and
- Academic leadership in transforming liberal education.

Organization of the University

The chancellor is the University’s chief administrative officer, responsible for all phases of University activity, and accountable to the Board of Regents and UW System president. In the discharge of these obligations, the chancellor is assisted by other administrators and advised by the faculty, staff, and students of the University.

Subject to the powers of the Board of Regents, the UW System president, and the chancellor:

- University faculty has primary responsibility for academic and educational activities and faculty personnel matters.
- University academic staff has primary responsibility for academic staff personnel matters.
- University students have primary responsibility for policies concerning student life, services, and extracurricular activities; and share responsibility with the chancellor and Board of Regents for the disposal of student fees constituting substantial support for student activities.

### UW-Eau Claire Campus

**Campus Information Services** 715-836-2637  
Toll-free (888) 463-6893  

**Parking and Transportation Services**: Parking and Transportation Services strives to find an equitable way to manage the parking spaces available to all members of the University community. Therefore, parking policies and regulations at UW-Eau Claire are aimed at easing the parking crunch on campus and in the neighborhoods adjacent to the campus. These policies and regulations are part of an overall parking plan, which incorporates a multifaceted approach to managing the parking spaces available on campus. It includes a differentiated pricing system for parking permits, penalties for violations, and a free citywide transit service. Detailed and current parking information can be obtained from Parking and Transportation Services located within Blugold Central, 715-836-3000, or parking@uwec.edu.

**Visitor Parking**: If you are coming to campus for an event, please check with your event organizer. If you are a visitor to campus or guest of a faculty/staff member, please reserve a Visitor Center parking spot by calling the visitor center at 715-836-2544.

**Visiting the Campus**: If you are a prospective student and/or family member wishing to schedule a campus visit, tours may be arranged through the Office of Admissions at 715-836-5415. Visitors may obtain a brochure describing the
campus and its facilities from the Service Center, in the east lobby of Davies Center, or from the Visitor Center.

Auditoriums, Theatres, etc.
Casey Observatory, L. E. Phillips Science Hall
Clark Bird Museum, L. E. Phillips Science Hall
Dakota Ballroom, W.R. Davies Student Center
Foster Gallery, Haas Fine Arts Center
Gantner Concert Hall, Haas Fine Arts Center
Ojibwe Ballroom, W.R. Davies Student Center
Phillips Planetarium, L.E. Phillips Science Hall
Phillips Recital Hall, Haas Fine Arts Center
Riverside Theatre, Haas Fine Arts Center
Schofield Auditorium, Schofield Hall
Woodland Theater, W.R. Davies Student Center
Zorn Arena, Garfield Avenue

Academic Buildings
Schofield Hall (1916), Garfield Avenue. Named for Harvey Schofield, first president of the Eau Claire State Normal School.

L.E. Phillips Science Hall (1964; addition, 1969; a major renovation, 2002), lower campus, spanning Little Niagara Creek. Named for the Eau Claire industrialist whose major gift made possible the acquisition of special equipment.

Nursing (1969; addition, 1985), lower campus at edge of Putnam Park.

Haas Fine Arts Center (1970), Water Street, with footbridge spanning the Chippewa River to the main lower campus. Named for former chancellor Leonard Haas (1959-1980) and his wife, Dorellen.

Human Sciences and Services (1982), Water Street, north campus overlooking the Chippewa River.

Residence Halls
Aspenson Mogensen Hall (2017), just across from lower campus on Water Street, 200+ students. Named for Eau Claire business owners John Mogensen, his daughter Michelle Mogensen, and Lisa Aspenson in recognition of their gifts of more than $1 million to the UW-Eau Claire Foundation.

Governors Hall (1962), upper campus. 134 men and 208 women.

Haymarket Landing (2016), downtown Eau Claire. 417 students. Located next door to Pablo Center at the Confluence, a new campus-community arts center opened in fall 2018.

Emmet Horan Hall (1961), upper campus. 206 men. Named for the businessman who was the first Eau Claire appointee to the Board of Regents of State Normal Schools.

Karlgaard Towers Hall (1967; renovated 2017-18 and 2018-19), upper campus. 435 men and 897 women. Named for alumus David Karlgaard, a 1967 mathematics graduate, and his wife, Marilyn, in recognition of their gifts of more than $6 million to the UW-Eau Claire Foundation.

Oak Ridge Hall (1969), upper campus. 64 men and 282 women.

Priory Hall (renovated 2014), three miles south of UW-Eau Claire’s main campus at The Priory. 48 single rooms for men or women. Located on 112 mostly wooded acres owned by a subsidiary of the UW-Eau Claire Foundation.

Laura E. Sutherland Hall (1965), upper campus. 144 men and 260 women. Named for a faculty member (History, 1921-1959; dean of women, 1939-1947).
Katharine Thomas Hall (1955), lower campus. 73 men and 71 women. Named for a member of the first faculty (Teacher Education, 1916-1946).

University Centers

Flesch Family Welcome Center (2021), lower campus. Named in honor of Tom and Jeannie Flesch, UW-Eau Claire alumni who made a lead gift to the Foundation in support of this privately-funded building. Houses the university’s Admissions, Foundation, and Alumni Association offices. Serves as the main entry point for the more-than 17,000 prospective students, parents and guests who typically visit campus during the year.

W.R. Davies Student Center (2012), lower campus. Named for the second president (1941-1959) of the Eau Claire State Teachers College. The Davies Center is the hub of social and cultural interaction on the lower campus. Offering a number of meeting and program spaces, dining facilities, and service areas, Davies Center is the administrative core of the University Centers. It is also home to the Student Senate, the primary vehicle for student involvement in university governance; the University Bookstore; Blugold Dining/Catering Services; Marketplace; The Cabin and The Dulaney Inn dining facilities; US Bank; Blugold Card Services; the Gender and Sexuality Resource Center; Woodland Theater; Event Services; and Activities, Involvement and Leadership.

Crest Wellness Center (1965), upper campus. Home of Student Health Service, Crest Fitness Center, University Police, Eagle’s View Challenge Ropes Course.

Hilltop Recreation Center (1968), upper campus. Offering a number of recreation spaces; dining facilities including the main cafeteria and the Riverview Café; and program spaces and service areas. Hilltop Center is the home base for Recreation and Sport Operations. It is equipped with a billiards center, lounge space, bouldering wall, group fitness studios and the Environmental Adventure Center, which offers indoor archery as well as outdoor adventure equipment rental.

Schofield Auditorium (1916; renovated in 2009), Schofield Hall, lower campus. Renovated in 2009 through a collaborative effort of Student Senate, University Centers, the Chancellors Office and UW-Eau Claire Foundation. Managed by University Centers, Schofield Auditorium is the largest fixed-seat venue on campus. With its state-of-the-art lighting, sound, video and seating, the venue hosts hundreds of large events every year.

Zorn Arena (1951), lower campus on Garfield Avenue. Named in honor of Willis L. Zorn, former dean of men, director of athletics and head basketball coach. Bill Zorn began his distinguished 40-year career at Eau Claire in 1928. Elected to the NAIA Hall of Fame in 1958, Zorn promoted “athletics for all” through the Men’s Athletic Association. The former physical education teaching facility was completed in 1951 and first used in 1952. Originally known as the Fieldhouse, the building was renamed the University Arena in January 1969 and later renamed for Zorn after his death in 1987. Managed by University Centers, Zorn Arena is the largest multipurpose facility on campus. It is the home for men’s and women’s basketball games and also the site of commencement ceremonies in December and May. Many of the university’s Artists Series performers and Forum speakers make their presentations in Zorn Arena, which can seat up to 3,400 people.

Sites and Collections Supporting Instruction and Research

On Campus:

The John L. Buchholz Jazz Library is a rare and extensive collection of jazz charts and recordings donated in 2012 to the UW-Eau Claire Foundation in honor of John L. Buchholz, professor emeritus of English. The longtime jazz musician was among the founding members of the UW-Eau Claire Jazz Ensemble in 1962 and performed throughout the region. This one-of-a-kind collection of more than 1,000 charts and 900 recordings includes works by Count Basie, Sammy Nestico, Bill Holman, Tommy Dorsey, Benny Goodman and many more legends of jazz. It is located in Archives and Special Collections in McIntyre Library.

In 2014, the UW-Eau Claire Foundation acquired the Frederick G. and Joan Christopherson Schmidt Robert Frost Collection, a rare assemblage of works by the 20th century American poet. The collection, which is housed in Special Collections and Archives in McIntyre Library, contains approximately 44 books authored by Frost, including several that have been signed and inscribed by the poet; dozens of books about Frost; and manuscript materials containing Frost’s handwritten poetry, Christmas cards and pamphlets.

The James Newman Clark Bird Museum, circular in shape, surrounds the planetarium in Phillips Science Hall. The collection of approximately 530 specimens and four dioramas depicting native birds in their natural habitats is used by students in biology. The museum is open to the public from 8 a.m. to 4:30 p.m. Monday through Friday, and at other times by appointment. For more information contact the department of biology at 715-836-4166 or biology@uwec.edu.

The L.E. Phillips Planetarium, located in the James Newman Clark Museum in Phillips Science Hall, contains a Spitz model A-3-P planetarium with a seating capacity of 50. The facility is used by classes in the department of physics and astronomy. A limited number of public events are also held at the planetarium.

The Priory, formerly known as St. Bede’s Monastery, was purchased in 2011 by Blugold Real Estate LLC, a subsidiary of the UW-Eau Claire Foundation, as an ideal facility for expanding UW-Eau Claire academic programming. Located three miles south of UW-Eau Claire’s main campus, the property includes 112 mostly wooded acres in the Town of Washington and three building complexes totaling approximately 80,000 square feet.

The Children’s Nature Academy is located at The Priory, with UW-Eau Claire students who are parents as the primary users of its child care services, including the infant and toddler care program. In addition to students who use the academy’s child care services, hundreds of students either work, volunteer or engage in observation activities at the academy annually.

The Priory also is the site of Priory Hall, offering renovated and modernized housing for 48 students in single-occupancy rooms.

Putnam Park, a 230-acre nature preserve in the midst of the campus and the only urban state natural area in Wisconsin, provides an area for the study of flora and fauna within easy walking distance of classrooms, as well as a place for relaxation and hiking. The park is traversed by Putnam Drive and by a nature trail, for which printed guides are available at the Service Center in Davies Center. For more information contact the department of biology at 715-836-4166 or biology@uwec.edu.

The S.W. Casey Observatory, located atop Phillips Science Hall, contains a computer-controlled, seven-inch Maksutov-Cassegrain telescope with a charge-coupled-device (CCD) camera. The observatory is adjacent to an observing deck with 11 stations for student use in astronomy laboratory classes. These stations use eight-inch telescopes.

Off Campus — Wisconsin:

The Hobbs Observatory, located 15 miles east of the campus at the Beaver Creek Reserve, contains a 24-inch computer-controlled telescope, a 14-inch Schmidt-Cassegrain telescope, a CCD camera and a classroom. This observatory
is open to the public on Saturday nights, when clear, from May through October.

The James and Joan Leary Family Environmental Education Center consists of 168 acres located in a popular four-season recreational area at the confluence of the Flambeau and Chippewa rivers. The land is surrounded by Chippewa County forest land. The Leary Family Environmental Education Center will become an integral part of the university’s Watershed Institute for Collaborative Environmental Studies. Information about the Leary Environmental Education Center is available from Dr. Karen Mumford, director of the Public Health and Environmental Studies, at mumforkg@uwec.edu.

Nature Conservancy Tracts, owned by the UW-Eau Claire Foundation, include 320 acres of forest and marshland that are available for scientific investigations and class use. One of these, the Schmidt Tract, is approximately 30 miles east of Eau Claire in Clark County, and two are in Washburn County near Sarona and Spooner. More specific information concerning location and use of this land can be obtained from Dr. Paula Kleintjes Neff, department of biology, at kleintpk@uwec.edu.

Off-Campus — Mississippi:

The Gulf Coast Research Laboratory (GCRL), Ocean Springs, Mississippi, is an out-of-state institution affiliated with the University of Wisconsin-Eau Claire. The GCRL offers two summer terms and provides students instruction in a marine environment. For more specific information contact Dr. David Lonzarich, department of biology, at lonzard@uwec.edu.

Accreditation and Memberships

The University of Wisconsin-Eau Claire is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools. Address:

230 South LaSalle Street
Suite 7-500
Chicago, Illinois 60604
Telephone: (800) 621-7440

Specific programs or individual units of the University are accredited or approved by the following agencies, as explained in appropriate sections of the catalog:

AACSB International—the Association to Advance Collegiate Schools of Business

Accrediting Council on Education in Journalism and Mass Communication

American Chemical Society
American-Speech-Language-Hearing Association
Commission on Accreditation of Athletic Training Education
Commission on Collegiate Nursing Education
Council on Social Work Education
National Association of Boards of Examiners of Long Term Care Administrators
National Association of School Psychologists
National Association of Schools of Music
National Association for the Education of Young Children
National Environmental Health Science and Protection Accreditation Council
State Authorization Reciprocity Agreement
Wisconsin Department of Health and Social Services
Wisconsin Department of Public Instruction
Wisconsin State Board of Nursing

The University is a member of the American Association of Colleges of Nursing, the American Association of Colleges for Teacher Education, the American Association of State Colleges and Universities, the American Association of University Women, the American Council on Education, the Association of American Colleges and Universities, the Council of Graduate Schools, the Council for Opportunities in Education, the Council on Undergraduate Research, the Wisconsin Campus Compact, and the Wisconsin Institute for Peace and Conflict Studies.

Continuing Education and Extended Campus

The “Wisconsin Idea”

The “Wisconsin Idea,” a concept named after the state that pioneered its development, holds that the function of a university is not only to educate full-time students on its home campus, but also to extend educational opportunities and services to all citizens of the state. The Wisconsin Idea is incorporated into the general mission of the University of Wisconsin System and into the particular missions of the various institutions.

The University of Wisconsin-Eau Claire has long supported the Wisconsin Idea and the related idea of education as a process continuing throughout the lifetime of an individual. The University welcomes contemporary learners who wish to attend credit and non-credit courses for personal or professional reasons.

University of Wisconsin-Extended Campus

To increase the availability of educational opportunities both on and off campus, the University of Wisconsin-Eau Claire and University of Wisconsin-Extended Campus cooperate in providing noncredit continuing education programs and credit courses designed for contemporary learners.

Continuing Education – Connecting Campus and Community

UW-Eau Claire Continuing Education is dedicated to supporting people seeking education to improve their lives by providing innovative programing in a variety of areas. Utilizing resources from UW-Eau Claire and UW Extended Campus we develop our programing through collaboration with communities and professionals working in their fields. All our programs are designed with inclusivity in mind and are focused on providing the best educational value.

Here are a few things we do:

- We provide support for several UW-Eau Claire graduate programs whether it is helping students get the courses they need to qualify for graduate programs to offering full certificate and degree programs.
- Through our Small Business Development Center, we support job growth by providing free counseling to small businesses whether they are just starting out or looking to expand.
- We provide personal enrichment programming for the community.

We believe in spreading the power of education no matter what stage of life you are in or where you want to go.

Information about current offerings may be obtained from the Office of Continuing Education (http://www.uwec.edu/ce/) at 715-836-3636, or toll-free (866) 893-2423.

ABOUT THE CATALOG

A Bulletin of the University of Wisconsin-Eau Claire
Volume 106

The Undergraduate Catalog is available on the UW-Eau Claire website (http://www.uwec.edu/) and is supplemented by the following official publications of the University.

The class schedule (https://www.uwec.edu/blugold-central/academic-planning/register-classes/class-schedules/), course catalog, and information about fees, is available prior to each term on the Registrar’s website and CampS.

The Your Right to Know publication, from the Student Affairs and Dean of Students Office contains additional information about campus life, activities, services, policies and regulations, safety, student rights, and the various offices through which they are administered.

The Graduate Catalog (http://catalog.uwec.edu/graduate/) contains information about graduate programs including admission and degree requirements.

The provisions of this catalog do not constitute a contract between a student at UW-Eau Claire and the University. The sole purpose of the catalog is to provide regulations, course listings, degree programs, and fee schedules which are in effect at the time of publication. UW-Eau Claire reserves the right to change the regulations in this catalog at any time during the period for which it is in effect and to add, modify, or withdraw courses at any time. UW-Eau Claire, with the concurrence of the System Administration and the Board of Regents of the University of Wisconsin System, also reserves the right to change fees and to add, modify, or withdraw degree programs at any time. Effective dates of changes will be determined by the proper University authorities and published through Class Schedules or other official publications of the University.

The University further reserves the right to ask the student to withdraw for cause at any time.

The University of Wisconsin-Eau Claire is committed to a policy of providing equal educational and employment opportunity for all persons in accordance with Board of Regents Policy and applicable law. Discrimination or harassment based on any protected category that has the purpose and effect of adversely affecting any aspect or condition of a person’s education, employment, housing, or participation in a university activity or program is prohibited.

As a part of its continuing commitment to eliminate discrimination and harassment, the university has established procedures for providing prompt and fair resolution of complaints. All complaints, questions, or requests for information should be referred to the Affirmative Action Office (http://www.uwec.edu/affirm/), Schofield 217, 715-836-2387, affirm01@uwec.edu.

The University of Wisconsin-Eau Claire makes available to the public, upon request, all consumer information required by Office of Education Rules and Regulations 178.1 through 178.8. Consumer information about the University includes, but is not necessarily limited to, the following: academic programs, educational costs, financial aid, academic progress requirements, student retention rates, career development, and employment data. Inquiries regarding this information may be made to the Student Affairs and Dean of Students Office, Schofield 240.

**UNDERGRADUATE CATALOG**

**Undergraduate Overview**

**Academic Goals**

The University seeks to foster the intellectual, personal, cultural, and social development of each student. It strives to provide distinguished instruction in a democratic atmosphere, bringing individual students into close contact with faculty whose scholarly attainments and concern for teaching are able to instill a love of learning.

The baccalaureate degree at UW-Eau Claire provides students with the knowledge and abilities needed for lifelong learning. In designing the degree, the faculty expects that graduates will have achieved the following goals:

- **Knowledge Goal**: Build knowledge and awareness of diverse peoples and cultures and of the natural and physical world through the study of arts, histories, humanities, languages, mathematics, sciences and technologies, and social sciences.
- **Skills Goal**: Develop intellectual and practical skills, including, for example, inquiry and analysis, critical and creative thinking, written and oral communication, quantitative literacy, information literacy, and teamwork and problem solving.
- **Responsibility Goal**: Apply personal and social responsibility for active citizenship and develop skills needed to thrive in a pluralistic and globally interdependent world.
- **Integration Goal**: Integrate learning across courses and disciplines, and between campus and community life.
- **Service Learning Goal**: Students will serve their community by applying skills and knowledge gained through university coursework and/or experiences.

The Liberal Education Core, which forms part of all baccalaureate degree curricula, contributes to the breadth of each student’s education through its emphasis on the cultural heritage of a free and responsible citizenry and on the development of creative imagination, critical judgment, and skill in the interchange of ideas. Students are afforded opportunities to collaborate with faculty on research and other scholarly and creative projects. UW-Eau Claire is recognized as a Center of Excellence for Faculty and Undergraduate Student Research Collaboration.

Upon this foundation, the University builds its programs in liberal arts and sciences and in professionally-oriented fields. In keeping with the goals of the baccalaureate degree, each program is designed to impart the specialized knowledge and competencies appropriate to the particular degree, while providing also for a broad overview of the entire area and an appreciation of its relationship to other fields of learning.

**University Assessment**

To assure that UW-Eau Claire’s programs are strong and that students in them are attaining appropriate levels of knowledge, skills, beliefs and attitudes, the faculty and staff at UW-Eau Claire have developed an ongoing process to assess the learning and academic achievement of students in academic and co-curricular programs. This process allows faculty and staff to carefully articulate program outcomes and to focus classroom and co-curricular experiences and assignments on preparing students to achieve those outcomes. An assessment plan is developed to measure progress toward the student learning outcomes, data are collected, and annual reports are developed and discussed by department faculty, chairs, and deans. Action plans are then designed to drive program improvement.

Students, alumni, and employers may be asked to participate in a wide range of assessment activities designed to provide useful information about the effectiveness of academic and co-curricular programs. From time to time during their courses of study, students may be asked to demonstrate the breadth and depth of their knowledge, skills, beliefs and attitudes in the areas related to the outcomes of their degree programs. All of our assessment efforts combine to improve student learning and program quality and form the basis of our culture of continuous improvement in support of UW-Eau Claire’s commitment to excellence.

**The School Year**

Each regular academic semester (Fall and Spring) consists of approximately 15 weeks, including days reserved for registration and final examinations.

The Summer Session is offered in two periods. Students may enroll for courses during a three-week period in late May and early June, during which three credits may be taken. Offerings include regular courses adapted to an intensive presentation as well as specially designed courses and study trips. An eight-week period is scheduled in June, July, and August. Although many courses run for the full eight weeks, others are scheduled in shorter blocks of time (two, four, or six weeks) for the convenience of summer students. Offerings include regular courses and special workshops or institutes at undergraduate and graduate levels.

The Winterim Session is offered during a period between the fall and spring semesters. Offerings primarily include regular courses and may include travel seminars and field experiences.

With the exception of certain professional programs, curricula for baccalaureate degrees are designed to be completed by full-time students in eight regular semesters. Many students attend summer sessions in order to graduate earlier or take advantage of special offerings. Others, especially teachers in the area, find in the Summer Session an opportunity to strengthen professional competencies and to work toward graduate degrees.

The Calendar (http://www.uwec.edu/Registrar/calendar/) in this catalog is supplemented by more detailed calendars, including official academic deadlines, registration dates, etc., which are available on the Registrar’s webpage.

**Admission**

All persons who wish to pursue a degree program at the University must provide the following documentation: an application for admission and any specific application fee, a high school transcript, test scores (when applicable), and official transcript(s) of all previous post-secondary work attempted or completed. Priority dates for applications are established each year. Please see https://www.uwec.edu/admissions/ for additional information.

**Preparation for University Study**

A successful University experience depends upon the student’s prior educational coursework in high school and post-secondary school, as well as other professional and personal experiences. Previous coursework and experiences should include a breadth of subject areas including English, both composition and literature; mathematics, natural science, history, and other social studies areas.
Admission of Freshmen

Freshmen admission is competitive and selective. Academic preparation and success are the primary considerations for admission, although non-academic factors are also considered. Each application for admission is given a comprehensive review. Freshman applicants are considered using the following guidelines:

1. Applicants must present evidence of graduation from a recognized high school or equivalent certificate.
   a. A recognized high school is one which either
      i. is operated by public school districts, or
      ii. is a private school accredited by an association that is certified by the U.S. Department of Education to accredit private schools, and those whose names appear in the Federal Register as an approved accreditation association, or
      iii. is a private school not accredited under (2) but may be “recognized” by an institution in the System based on the performance of previously admitted graduates from the high school.
   b. An applicant who has not graduated from a recognized high school must provide evidence of ability to begin college work. Such evidence may include General Education Development (GED) test scores or High School Equivalency Diploma (HSED) test scores, transcripts of course work completed in high school, high school rank-in-class before leaving high school, written recommendations, ACT/SAT test scores, and other evidence deemed appropriate by the University.

2. Applicants should complete a rigorous college preparatory curriculum. Applicants who take courses beyond the minimum will be considered strong candidates for admission. Applicants must complete a minimum of 17 units (one unit equals one year of high school study or equivalent) distributed as follows:
   - English (at least three composition and literature) 4
   - Mathematics (algebra, geometry, advanced college preparatory math) ³
   - Natural Science 3
   - Social Science (one must be world or American history) 3
   - Additional course work in any of the above areas as well as foreign language, art, music, speech, computer science, or other academic areas. 4

   Total Credits 17

³Almost all high school curricula, algebra II or higher/advanced algebra is the third college preparatory mathematics course required.

Students who begin taking high school course work prior to high school (e.g., mathematics, foreign language in grade 8) are encouraged to continue rigorous course selection from core areas during grades 9-12. Some prior coursework may not satisfy the University admission requirements. For information on applicability of courses to admission requirements, contact the Admissions Office.

3. In addition to a rigorous high school curriculum, academic factors include high school class rank, high school GPA, trends in grades, course rigor, and test scores. Secondary non-academic factors may include, but are not necessarily limited to, leadership; community service; achievement in the arts, athletics, or other areas; and diversity in personal background and experience.

4. Test scores from The American College Testing Program (ACT) or Scholastic Aptitude Test (SAT) must be on file for all new freshmen under the age of 22. ACT is the preferred test. Students will not be disadvantaged in the admission process by taking one test rather than the other. That, upon the Board of Regents Resolution 11430 adopted May 7, 2020, temporarily suspends the requirement for test scores, UW-Eau Claire temporarily suspends the requirement in the admissions policy that all freshman applicants provide an ACT or SAT score as part of their application. The suspension of this requirement applies to all freshman applications for the 2020-2021 academic year and the 2021-2022 academic year. Resolution 11754 adopted December 10, 2021 - This action extends the suspension for all UW System campuses through the 2024-2025 academic year. The last term that students would be able to opt out of submitting an ACT/SAT score would be spring 2025.

5. Particular consideration in admission will be given to applicants who have been out of school for two or more years; service veterans, as defined by state and federal policies; and students who have been challenged by a lack of educational opportunities.

6. Requirements for out-of-state students will be the same as those of resident students, except that special requirements may be adopted for international applicants.

7. Final admission requires that students maintain their high school academic standing and successfully complete course work in progress as outlined on the application. The final (eighth semester) official transcript provided by the high school provides the required certification that the applicant has fulfilled this obligation. It is the student’s responsibility to ensure that the proper supporting documents have been delivered to the Admissions Office.

Competency-Based Admissions

High school students from schools that use a competency-based evaluation system may be considered for admission. High schools that use an alternative system such as this must complete the UW System Competency-Based Admission Profile. Contact the Admissions Office for additional information on the process and procedure.

Admission of Home-Schooled Students

Home-schooled students seeking admission as freshmen must have excelled academically in high school course work. They must have completed the minimum array of 17 units of rigorous college preparatory course work. Academic preparation and success are the primary considerations for admission, although non-academic factors are also considered. Each application for admission is given a comprehensive review.

Transfer Applicants

Transfer applicants will be considered for admission if their previous academic record qualifies them as students in acceptable standing when equated to the UW-Eau Claire standards in the Academic Standing and Progress policy. Transfer students are encouraged to apply for admission as early as possible prior to the semester in which they plan to enroll. Priority application dates, after which admission of qualified student cannot be guaranteed, may be established each year. Information about specific dates can be found on the UW-Eau Claire transfer admission website (https://www.uwec.edu/admissions/transfer-student/).

In addition to a rigorous college-level course curriculum, academic factors considered include cumulative GPA and trend in grades. Students with fewer than two semesters of college-level coursework (24 transferable credits) will be considered for admission based on both their college and high school records. Academic preparation and success are the primary considerations for admission, although non-academic factors are also considered. Higher
academic expectations or earlier priority dates may be determined for specific majors to keep enrollments in line with program capacities.

Final deadlines to accept applications and supporting documents will be determined by the Admissions Office each semester and published on the UW-Eau Claire transfer admission website. It is the student’s responsibility to ensure that the proper supporting documents have been delivered to the Admissions Office.

Students who have registered at other colleges and universities may not disregard their records at those institutions. Failure to list previous college attendance on the application for admission is sufficient cause for cancellation of the student’s admission, of any credits earned, or both.

Transfer students who do not meet institutional admission criteria and are denied admission may appeal in writing to the Office of Admissions.

Transfer of Credits
Credits earned at an institution accredited by a regional or national accrediting organization recognized by the Council for Higher Education Accreditation (CHEA) may be considered for transfer and applied toward a degree if they are similar in content and rigor to the curriculum at UW-Eau Claire. The Admissions Office will prepare a transfer credit evaluation for admitted students. Appeal of the evaluation may be made to the Office of Admissions, the Chair of the academic department, the Dean of that College, and if necessary, to the Provost/Vice Chancellor. Students seeking a second baccalaureate degree or additional certifications are not given a transfer credit evaluation for their first degree; they receive specific advising from their academic department.

Associate of Arts and Sciences degrees from the University of Wisconsin System institutions (including the University of Wisconsin Colleges that meet the 1987 Board of Regents approved minimum requirements) satisfy the breadth of the UW-Eau Claire Liberal Education Core. Liberal Arts Associate of Arts and Science degrees from the Wisconsin Technical College System (earned in 2004 or thereafter) and Associate in Arts degrees from the Minnesota Colleges and Universities system (earned in 1994 or thereafter) satisfy the breadth of the UW-Eau Claire Liberal Education Core except for the Design for Diversity (DDIV) requirement within R1. Competency requirements, levels of proficiency, and specific courses are still required. Because individual baccalaureate degree programs stipulate specific courses, students should be attentive to the requirements of an intended major in planning their course selection prior to transferring. In certain fields, credits that were earned more than ten years prior to admission or readmission may be invalid as degree credits.

Students who transfer from the Wisconsin Technical College System or other accredited two-year institutions may transfer a maximum of 72 credits from those institutions.

Credit may be granted for post-secondary coursework at a foreign institution if the institution is recognized as a degree-granting institution by the country’s Ministry of Education. Professional organizations such as the American Association of Collegiate Registrars and Admissions Officers (AACRAO) and NAFA: Association of International Educators are utilized for information about best practices regarding evaluation of foreign credits and credentials.

Transfer of WTCS Applied Associate Degree Credits
UW-Eau Claire may transfer and apply coursework in general studies from the Wisconsin Technical College System within areas of communications, behavioral sciences, social sciences, mathematics, and natural sciences from programs leading to an applied associate degree. Credits that are occupational and technical in nature may be considered for transfer on a case-by-case basis.

To be considered for transfer, credit must have been earned after September 1989.

Reentry
All students who have been away from the University for two consecutive full-term semesters or more must file a reentry application. Students seeking reentry are encouraged to submit an application as early as possible prior to the semester in which they wish to return. Reentry after the term starts is not guaranteed. Students returning after an absence of two or more consecutive full-term semesters must meet the degree requirements of the catalog in effect upon their return, or a subsequent catalog.

Non-Degree-Seeking (Special) Student
Persons who have graduated from a recognized high school, or have the educational equivalent, but who are not interested in seeking a degree, may attend the University as Non-Degree-Seeking (special) students.

Non-Degree-Seeking (special) students may enroll for a maximum of twelve credits per semester, and must meet the academic standards of the University (see Academic Standing and Progress). Non-Degree-Seeking (special) students register during special student registration on a space available basis, are not eligible for financial aid, but may be eligible for veterans benefits. If you would like to audit courses, please see Auditing Courses.

Admission as a High School Special Student
If students are looking to enroll in college courses while still in high school, there are options available:

Early College Credit: If approved by the school district, a reduced tuition cost with 75% or more of the cost covered by the school district and state. Student assumes 100% of the cost if the student fails the course(s).

High School Special Program: The student/family is responsible for the cost of the courses.

Admissions criteria:
Typically must be a high school junior or senior in the top 25% of the class OR in the top 50% of their class with an ACT composite of 24 or greater (SAT total of 1160 or greater). If the high school student doesn’t meet the above criteria, he/she will need to provide substantial and convincing letters of recommendation and/or data demonstrating high ability in a specific area of University study. For more information, contact the UW-Eau Claire Admission Office (https://www.uwec.edu/admissions/contact-us/).

Once admitted, High School Special students will be contacted by Advising, Retention and Career Center to set up a meeting with an advisor. Placement tests may be required before meeting with an advisor. High School Special students are limited to twelve credits per semester and must meet the academic standards of the University (see Academic Standing and Progress). High School Special students register during special student registration on a space available basis.

Admission to University of Wisconsin- Eau Claire - Barron County
As a campus of access, students may be admitted to UW-Eau Claire - Barron County as a first-year, transfer, re-entry, high school special, or international
The payment of fees entitles a student to a student identification (ID) card. This card entitles the student to attend most University activities and to make use of University facilities (see Your Right to Know handbook (https://www.uwec.edu/about/accreditation/student-right-to-know/) and Blugold Card Services (https://www.uwec.edu/blugold-card/) section). Undergraduate students receive most of their required textbooks on a rental basis (see Textbook Rentals).

**Tuition and Residency**

A Wisconsin Statute requires the payment of nonresident tuition by students who are residents of states other than Wisconsin or who have not been bona fide residents of Wisconsin for one year (12 months) immediately preceding the beginning of the semester for which they are registering.

For undergraduate and graduate students, determination of resident status for tuition purposes is made by the Office of Admissions at the time of admission. If the original residence status for tuition purposes is designated as nonresident, this status remains in effect unless the student requests and is granted reclassification. Such requests should be addressed to the Office of Admissions prior to the beginning of the semester in which reclassification is to take effect.

**Minnesota-Wisconsin Tuition Reciprocity**

The current reciprocity agreement between Minnesota and Wisconsin enables Minnesota residents to attend Wisconsin public institutions of higher education at rates approximating tuition prevailing in the Minnesota State University System. Those wishing to take advantage of this tuition remission must apply well in advance of their initial enrollment at a Wisconsin System institution. Approval covers the full year (including Summer Session) and is automatically renewed each year for the campus initially approved. Information is available from the State of Minnesota Office of Higher Education Reciprocity Program, 1450 Energy Park Drive, Suite 350, St. Paul, MN 55108-5227. Phone: (651) 642-0567 or toll-free (800) 657-3866. Assistance in obtaining application forms is available at Minnesota high schools. Students may print an application or apply for reciprocity online (https://www.ohe.state.mn.us/ssl/reciprocity2020/).

**Miscellaneous Fees**

Fees for certain special courses are listed in CampS and can be found by using the class search feature located under self service. A $25 fee must accompany each application for admission to a graduate program. A $56 fee must accompany each application for admission to a graduate program.

**Fee Schedule**

Important Note: Fee schedules were not determined at the time this catalog was printed. The amounts given here are estimates for full-time students, that is, undergraduates taking 12 to 18 credits or graduates taking nine credits. All estimates are for one semester. These amounts include segregated fees.

**UW-Eau Claire:**

<table>
<thead>
<tr>
<th>Fee</th>
<th>Resident</th>
<th>Non-Resident</th>
</tr>
</thead>
<tbody>
<tr>
<td>Undergraduate</td>
<td>$4455</td>
<td>$8811</td>
</tr>
<tr>
<td>Graduate</td>
<td>$4800</td>
<td>$10,006</td>
</tr>
<tr>
<td>Room and Board</td>
<td>$4507</td>
<td>$4507</td>
</tr>
</tbody>
</table>

Undergraduates taking more than 18 credits are assessed an additional per credit fee. Please refer to the Blugold Central (https://www.uwec.edu/blugold-central/) website for up-to-date fee information.

**UW-Eau Claire Barron County:**

Paying for College

Tuition and Fees

Fees

A fee schedule is established each year. The fees and procedures described in this section are estimates. Prospective students should refer to the Class Schedule, which will contain links to up-to-date information about fees. Fee information can be found on the Tuition and Fee website (https://www.uwec.edu/tuition-financial-aid/tuition-fees/).
Partial Payment Plan
All students must electronically sign a Payment Plan Agreement/Email Authorization form prior to enrollment each term. Payments will be due according to the published schedule and will be subject to a finance charge on the unpaid balance (see the Payment Information and Due Dates (http://www.uwec.edu/Busoff/studentfinancials/PayInfo.htm) website for due dates and finance charge rates). Failure to make installment payments on time will result in a hold on academic records and on registration for future terms.

Refund of Fees
Refunds may be made as the result of withdrawal from the University or a reduction in the number of enrolled credits. Degree-seeking students wishing to withdraw from all their classes are required to meet with their Advisor prior to withdrawing from classes. In determining the academic withdrawal date, the University will use the date that the student notified the University of his or her intent to withdraw. The dates and corresponding amounts of refund can be found on the Refund Schedule / Financial Aid Repayment Notice (https://www.uwec.edu/blugold-central/student-finances/refund-schedule/) website. A credit balance of less than $3.00 will not be refunded unless requested.

Refund of Room and Board Payments
Students who are granted permission to cancel their residence hall contract without withdrawing from the University will be refunded room and board charges on a prorated basis. The room deposit will be forfeited.

Students who are suspended by the University will be refunded room and board fees, including the room deposit, on a prorated basis. A credit balance of less than $3.00 will not be refunded unless requested.

The above policies apply to all persons who reside in University housing.

Deposits
A enrollment deposit is required for first year students entering in the fall and spring. The deposit will be applied to fees when the student completes registration. The amount, due date, and refund policy are specified in the orientation brochure, which is sent to each new freshman prior to the Summer Orientation session.

A $75 room deposit/advance payment is required for all students applying for housing. The deposit is in addition to the room fees and is intended to serve as a reservation deposit for the contract. The money is held in escrow and applied to second semester fees. If the student does not complete the contract for the full academic year, the deposit is forfeited. If the contract is for a new student, the deposit will be refunded if the Housing and Residence Life Office receives a written request from the student before May 1 of the preceding year. Returning students will have their advance deposits refunded if the Housing and Residence Life Office receives a written request from the student before May 1 of the preceding academic year. Those students who voluntarily cancel their contracts after these dates shall forfeit the deposit.

A $75 room deposit is also required for room reservations for students entering at spring semester.

Financial Aid
The University of Wisconsin-Eau Claire offers financial assistance through scholarships, grants, loans, and student work experience. The majority of this assistance is awarded based on financial need. There are, however, resources available through scholarships, unsubsidized loans, and student employment for students who do not qualify for need-based aid.

Financial need is based on the student’s educational expenses and the contribution that is calculated using the financial information provided on the Free Application for Federal Student Aid (FAFSA). For detailed information on financial aid, visit the UW-Eau Claire Financial Aid website (https://www.uwec.edu/tuition-financial-aid/financial-aid/).

How to Apply
Students must complete the Free Application for Federal Student Aid (FAFSA) (https://studentaid.gov/h/apply-for-aid/fafsa/) each year in order to apply for all need-based programs as well as for the Direct Unsubsidized Ford Loan, the Parent Loan for Undergraduate Students, and the Graduate PLUS Loan. CampS (https://my.uwec.edu/) is a resource for specific information about current financial aid status and financial aid disbursed on students’ accounts.

Deadlines
To assure first consideration for funding, the FAFSA should be submitted by April 15 (First year students should apply by March 15 to receive financial aid information by May 1). Late applications will be considered for aid based on funds available. Students who apply late or who do not turn in the required additional paperwork need to be prepared to pay their institutional charges by the due date if their financial aid is not available.

A separate financial aid application is required for Winterim and Summer Session and is available through CampS (https://my.uwec.edu/). A current FAFSA must be on file to apply for Winterim or summer aid.

Enrollment Status
Students must be enrolled at least half-time to qualify for most types of aid, although undergraduate students who have very high need may qualify for a small Pell Grant at less than half-time status. Enrollment status for financial aid purposes is determined by the student’s total credits at the end of the tenth day of classes. Financial aid is adjusted at that point, if necessary. Six credits is considered half-time for undergraduate students for the academic year and summer.

Students participating in a full-time equivalent internship may be considered for aid as a full-time student even though actual enrolled credits are less than full-time. Costs of attendance for financial aid will be calculated on actual tuition costs.

Students admitted as Special Students are not eligible for financial aid.

Standards of Satisfactory Academic Progress for Financial Aid
Federal regulations require students to maintain satisfactory academic progress toward a degree in order to receive financial aid. The University of Wisconsin-Eau Claire is required to develop and apply a consistent and reasonable standard of satisfactory progress for all students receiving federal financial aid. These standards are applied to all periods of attendance, regardless of whether a student has received financial aid in the past. A complete copy of the University of Wisconsin-Eau Claire’s Financial Aid Satisfactory Academic Progress policy (https://www.uwec.edu/tuition-financial-aid/financial-aid/satisfactory-academic-progress/) is available at the Financial Aid website.
The specific repayment priority is:
- first to reimburse loans received for the semester and then grant funds.

Any financial aid that must be returned to the federal aid programs will be used to reimburse the financial aid funds, and the University will notify the student of the dollar amount for any balance owed to the University as a result of the University returning financial aid funds. If a student withdraws before completing at least 60 percent of the semester, the student may owe a repayment. The student will be billed for any balance owed to the University as a result of the University returning the financial aid funds, and the University will notify the student of the dollar amount owed.

Consequently, if a student withdraws before completing at least 60 percent of the semester, the student may owe a repayment. The student will be billed for any balance owed to the University as a result of the University returning the financial aid funds, and the University will notify the student of the dollar amount owed.

Any financial aid that must be returned to the federal aid programs will be used first to reimburse loans received for the semester and then grant funds.

The specific repayment priority is:

1. Unsubsidized Ford Loan
2. Subsidized Ford Loan
3. Parent’s Loan for Undergraduate Students
4. Pell Grant
5. Supplemental Educational Opportunity Grant
6. Other federal aid programs

For information about the refund calculations, contact Blugold Central.

For state funds, institutional funds, and outside resources:

Financial aid received from state, institutional, and outside resources is not part of the federal return of funds repayment calculation. If remaining funds are available from the institutional refund after the federal return of funds requirements are satisfied, the remaining refund will be distributed in the following priority order:
1. State aid programs
2. Institutional programs
3. Outside financial aid resources, if appropriate
4. Student

Credit Drop (but not withdrawal from the University)

If a student drops credits before financial aid has been disbursed, the aid must be adjusted, if necessary, to correctly reflect the current enrollment status before aid can be disbursed. Final aid eligibility is based on enrollment status on the 10th day of classes. If a student changes enrolled credits after aid is disbursed, resulting in a change in the student’s eligibility, aid will be adjusted. This could result in a student having to repay some of the aid received for the term.

Additional Sources of Financial Assistance

Veterans Administration Grants, G.I. Bill® Benefits, National Guard Tuition Grants, Wisconsin Veterans Grant, Veterans’ Work Study: A Veterans Counselor is available in Blugold Central for students seeking information or assistance with these programs.

Veteran’s Rehabilitation: Various financial programs are available to students who qualify. Further information is available from area Vocational Rehabilitation offices.

Scholarships

A combination of federal, state, university, and private scholarships are available to UW-Eau Claire students on the basis of academic excellence or special talent. Some scholarship programs also specify financial need as a requirement of eligibility. Award amounts and student eligibility requirements vary depending on the individual scholarship criteria.

UW-Eau Claire Foundation Scholarships and Awards

Each year, the UW-Eau Claire Foundation provides over $2 million in scholarships, grants, and awards to UW-Eau Claire students. Over 700 different awards benefitting more than 1,200 students are available, all provided through the generosity of alumni and friends of the university.
Visit Gold for Blugolds Scholarship Network (https://uwec.scholarships.ngwebsolutions.com) to see a list of available scholarships and to apply. You can also visit the Foundation’s Student Scholarships (https://www.uwec.edu/Foundation/what/scholarships/scholarship-search.htm) page for more scholarship information including application deadlines and a Gold for Blugolds video tutorial.

For more information about a specific scholarship or for any application related questions, contact the department responsible for the award. For other scholarship related questions, contact the UW-Eau Claire Foundation at scholarships@uwec.edu.

**Tuition Remission**
Wisconsin Statutes provide for awarding a limited number of tuition remissions to students who are not residents of Wisconsin and who are not enrolled in a flat rate tuition program. These awards range in value and can be up to the difference between resident and nonresident tuition.

**Remissions for Nonresident Students**
Students who are not residents of Wisconsin are considered for tuition remission by submitting the FAFSA.

**Remissions for International Students**
Undergraduate international applicants are considered for an annual award ranging from $1,000 to full non-resident remission. Awards are based on academic merit and financial need. Students apply after they are accepted. Continuing students must reapply annually.

**Private Scholarships**
Many private scholarships are sponsored by civic organizations, clubs, industries, and businesses. Students should contact their local high school counselors or principals for information about private scholarship programs available in the local community. The Financial Aid Office website (https://www.uwec.edu/tuition-financial-aid/financial-aid/types/) features links to free scholarship search services, under “Scholarships.”

**Grants**
A grant is gift assistance and does not have to be repaid. Various grants are awarded to students who establish a high financial need as determined by federal and state guidelines. For more information, see the Grants (https://www.uwec.edu/tuition-financial-aid/financial-aid/types/) section under Types of Aid on the Financial Aid website.

**Loans**
Loans must be repaid and may be “subsidized” or “unsubsidized.” Subsidized loans do not accrue interest until after the student is no longer enrolled. Unsubsidized loans accrue interest at the time the loan is disbursed. For more information, see the Loans (https://www.uwec.edu/blugold-central/student-finances/loans/) section under Types of Aid on the Financial Aid website.

**Ombudsman**
The Department of Education has established an ombudsman to work with student borrowers to informally resolve any loan disputes or problems. If you have concerns about the terms of your loan that cannot be resolved by talking to your lender, you are encouraged to contact the Ombudsman Customer Service Line at (877) 557-2575.

**Employment Opportunities**
Employment opportunities are available through the University and in the local community. Available positions are posted on the online Student Employment portal. For more details about student employment opportunities, see the Student Employment (https://www.uwec.edu/tuition-financial-aid/student-employment/) section of the Financial Aid website.

**Student Resources**
Students can leverage a wide scope of resources on campus to reach their full potential. The campus provides a variety of services and resources to guide students through their academic careers.

**Library and Technology Resources**
Classroom instruction at the University is supplemented by services provided to the entire academic community and by the specialized resources of individual departments, including a number of facilities and collections which are made available to the public.

**McIntyre Library**
McIntyre Library supports students, faculty, staff and the public through its collections, spaces, and services. For more information, please visit the Library’s (http://www.uwec.edu/library/) webpage (https://library.uwec.edu/).

**Spaces**
- Blugold Makerspace with 3d printers, laser cutter, sewing machines, vinyl cutter, tools, art supplies, and more, for student academic or personal use
- Digital Studio: a multimedia lab with equipment and support in video and audio recording, photography, graphic design and virtual reality
- quiet study areas of the 4th and 5th floor
- group and individual study rooms, collaborative and individual computer stations, an interview room
- Variety of individual and collaborative study areas in a 6-story structure
- a 24-hour study area
- McIntyre Library houses the Honors Center, the Center for Writing Excellence, and the university Test Center. Additionally, the library provides amenities supporting mind-body wellness, including exercise equipment, a SADD light station, yoga classes, and the “Rest Nest” relaxation space (a service of Student Health Services)

**Services**
- Research assistance, virtual and in-person. Meet with a librarian on a drop-in basis or by appointment.
- Makerspace and Digital Studio workshops and one-on-one training
- Fine-free checkout on most materials
- Borrowing services from other libraries, including all UW System libraries
- Events including therapy dog visits, yoga classes, After Dark welcome party, art installations, sustainability and recycling drives

**Collections**
- online databases providing access to millions of articles, e-books, streamed videos, statistical resources and more
- more than 500,000 print books, journals and media items
- popular reading collection
Learning and Technology Services
Through collaboration with others, we continue to develop innovative solutions to enhance information technology, learning, and teaching. Whether we lend our support to technology, infrastructure, or people, we are committed to the goal of excellence in education at UW-Eau Claire. For more information, visit the LTS (http://www.uwec.edu/lts/) website.

LTS Help Desk
In addition to providing effective and responsive resolution of information technology questions through telephone, email, and walk-in consultation, the LTS Help Desk is the front line of support regarding learning and technology services. Call the LTS Help Desk at 715-836-5711 (or any LTS staff member) for assistance with these services.

Primary service areas include the following:

Communications
- Maintain access to the voice and data communications network, including wireless
- Provide for the security and integrity of data
- Administer email
- Maintain information systems
- Administer voice communications, including Voice over Internet Protocol (VoIP)
- Design, maintain, and support University websites

Learning Spaces
- Repair and provide operational support for equipment
- Design, maintain and modernize classroom technology
- Manage and provide support for general access and curricular computing labs

Distance Learning
- Design and support distance learning technologies for the delivery of synchronous and asynchronous instruction
- Administer and support course management systems (Desire2Learn)
- Provide streaming media capability

Housing and Residence Life
- Support for the computing and networking infrastructure within residence halls

Media and Production
- Record audio and produce soundtracks
- Record and edit video
- Support the campus academic cable system
- Provide instructional and campus photographic needs

Technical Assistance and Training
- One-on-one technology training
- Group technology training by request
- Curriculum support
- Scheduled technology workshops
- Assist with poster development and printing

Computing Services
(Vicki Lord Larson Hall 1106)
UW-Eau Claire continues to transition to the use of technologies which can put more control into users’ hands, speed up processes for students, and increase the efficient use of resources.

MyBlugold Campus allows students web-based access to registration, schedules, course information, and other common links. Students can access grades, request degree audits, and change personal information such as their address and password. MyBlugold Campus also provides links to academic, career, computing, and other resources for students.

All students are automatically assigned an email account, username, ID#, and PIN (Personal Identification Number) upon enrolling in any credit course. If a student enrolls in consecutive terms, the email account will remain continuously in effect.

UW-Eau Claire uses email as a primary means of communication. It is a student’s responsibility to activate the University email account since the University distributes grades, bills, and some financial aid information via email. Many instructors and advisers use email to contact students about class assignments and/or require students to correspond or participate via email in some way.

Some courses have web-based components which allow students to not only receive course information on the Web and/or use it for research, but also to communicate with the instructor or other class members, and to collaborate on group projects online. To feel comfortable using the system, an introduction is offered and the LTS Help Desk will provide support.

General Access and Residence Hall labs provide students with access to these campus computing resources as well as standard (e.g., Microsoft) and curricular-specific software. Students may also check out a laptop computer at no charge at the circulation desk in the Library. Students are provided with 200 MB of personal file storage space (the H drive), DeptDir (the W drive) is a network space that professors and students can use to exchange files.

Blugold Insider, MyBlugold Campus, Webmail, and Canvas are available on the university homepage (http://www.uwec.edu).

Academic Opportunities
Blugold Fellowship Program
The Blugold Fellowship program recruits high school students to come to UW-Eau Claire and perform research with a faculty member during their first and second years. The fellowship is awarded to incoming freshmen based on research interest and merit and includes a scholarship and work-stipend. The program places students with faculty mentors and allows them to perform research in order to expose them to scholarship early in their university careers.

The program highlights the opportunities available at UW-Eau Claire, including those provided through the UW System Center of Excellence for Faculty and
Student Success Program
Student Success is a one year academic support program that provides small classes and a structural introduction to the university. Participants are admitted to the University of Wisconsin-Eau Claire through the Student Success Program because they demonstrate the potential to succeed and may need additional support as they transition to college. The program is a collaborative effort among individuals, departments, and units across campus. Visit our website (https://www.uwec.edu/academic-skills-center/programs/).

Developmental Education Program
The Developmental Education Program, coordinated by the Academic Skills Center, provides courses designed to strengthen students’ college level learning strategies and critical thinking skills. It also serves to familiarize students with a wide range of academic support services and increase academic self-confidence. These courses are designed to meet the needs of students who are entering college with concerns about their academic learning strategies and are available on a preassigned basis. Further information may be obtained from the Coordinator for Developmental Education or visit this website (http://www.uwec.edu/asc/ourservices/gencourses.htm).

Educational and Community Services
Academic Intervention Clinic
The Academic Intervention Clinic, a program sponsored by the Human Development Center, provides school-aged children and adolescents with educational support in the areas of math, reading, and written language. Undergraduate student clinicians, under the supervision of faculty and graduate students, conduct state-of-the-art academic evaluations, develop and implement a comprehensive intervention program, provide on-going progress monitoring, and consult with parents and teachers. The program is housed within the Human Development Center with student clinicians also providing services in local elementary schools. The Academic Intervention Clinic also supports summer reading and math intervention programs for children with learning challenges. Faculty-student collaborative research experiences that focus on applied practice are available to undergraduate students.

Center for Communication Disorders
The Center for Communication Disorders provides diagnostic and intervention services to clients ranging in age from infants to the elderly. Graduate and undergraduate student clinicians, under faculty supervision, work in the clinic with clients who have communication disorders of all types including problems with voice, stuttering, speech sound production, hearing, and language. The Center is located on the first floor of the Human Sciences and Services building and provides services at no cost to clients. Visit the website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/communication-sciences-disorders/about/community-resources/center-communication-disorders/) or call 715-836-4185 for additional information or to make appointments.

Human Development Center
The Human Development Center (HDC) is an interprofessional program that works with individuals and families from western Wisconsin. Under the direct supervision of faculty supervisors, student clinicians from Communication Sciences and Disorders (Speech Language Pathology), Education and Learning, Nursing, Psychology, Special Education, and Family Assessment provide assessment, intervention, and consultation services to children, adolescents, young adults, and families referred from the community. Undergraduate and graduate students from these disciplines work collaboratively on interdisciplinary teams to provide high quality services to clients. The HDC also sponsors research programs involving academic assessment and intervention, behavioral health, and child and school psychology. The HDC is located on the first floor of the Human Sciences and Services building. Visit the website (http://www.uwec.edu/HDC/) or call 715-836-5604 for more information.

Psychological Services Center
The Psychological Services Center, a clinic staffed by faculty members from the Department of Psychology’s School Psychology Program, is located within the Human Development Center. The center provides psychological and family assessment and intervention, parent training, and academic and behavioral consultation services to clients referred from the community. Allied disciplines also participate in the center, providing a variety of consulting services, including health, education, and assessment.

Intercultural Immersion Experiences
UW-Eau Claire’s Intercultural Immersions Office provides students with short-term experiential opportunities to enhance their cultural, social, and equity awareness through financial support from the University. Immersion programs are guided, critically-reflective, domestic intercultural and international experiences that aim to deepen students’ intercultural competence through global engagement, study, and experience. Short-term programs (about 30-35 each academic year) take students to various locations within the United States and internationally, led by UW-Eau Claire faculty / staff with curriculum that satisfies UW-Eau Claire’s Liberal Education Learning Outcomes. As part of the University’s commitment to providing high-impact learning experiences for all students, Blugold Commitment Differential Tuition supports three different categories of intercultural immersion programs by providing funding to decrease student costs and thus increase access to high-impact learning experiences for all students. Every UW-Eau Claire full-time undergraduate student is eligible to receive Blugold Commitment funding support for one Immersion experience in each category listed below. These categories are:

1. The Faculty-Led International Immersion Experiences (FLIIE) Program offers short-term (2-6 weeks over Summer or during Winterim) international Immersion programs led by UW-Eau Claire faculty and staff. Each program includes pre-experience preparation and orientation, cognitively rigorous in-country experiential learning activities that allow students to immerse themselves into local cultures, and post-experience guidance to bring learning and capacity back to campus.

2. The Domestic Intercultural Immersion (DII) Program prepares students to take part in an increasingly diverse and interconnected world by offering short-term programs (1-2 weeks during Fall semester, Winterim, Spring Break, and Summer term) within the United States. By engaging firsthand with underrepresented and historically marginalized populations, communities, and environments within the U.S., participants develop new understandings of prevailing power structures and privilege and how these institutions are embedded in race, gender, class, ethnicity, religion, and other forms of identity to help expand students’ interpersonal and intercultural skill set and awareness.

3. The International Fellows Program (IFP) for Research, Service, and Creative Activity supports international student-faculty collaborative research, creative activity, and research service-learning projects. This program enhances student research skills and international cultural competency, as well as develops faculty expertise in global research topics.

For detailed information about each program, visit the website (http://www.uwec.edu/undergrad/immersionexperiences.htm).
International Education (Center for)

The Center for International Education (CIE) provides high quality study abroad programs that challenge students to integrate academically, socially, and culturally into a host institution and community and provides support services to international students and scholars. Additionally, the CIE supports campus internationalization initiatives and advocates for intercultural competency and lifelong inquiry. The CIE’s innovative work has twice been recognized by the Institute of International Education (IIE) for diversifying participation in study abroad and campus internationalization.

Two units within the Center for International Education work to support UW-Eau Claire students and faculty/staff:

Study Abroad

The Center for International Education (CIE) strives to make study abroad affordable and integrated into the curriculum so that it is accessible and promotes timely degree completion to all UW-Eau Claire students. To that end, the CIE offers programs around the world during all terms, works with academic departments to evaluate host university curriculums, and offers students the opportunity to fulfill Integrated (I1) liberal education through the study abroad experience. Students will live and study with host country students and other international students from around the world. Interested students are encouraged to plan for study abroad as early as possible, in consultation with their academic and faculty advisers and CIE study abroad staff. Credits and grades earned on UW-Eau Claire programs abroad are considered resident credits and are applied directly to the student’s record. Additionally, regular financial aid may be used on UW-Eau Claire programs abroad. The Blugold Commitment Grant, the Wisconsin Study Abroad Grant, and additional Foundation scholarships are also available to support study abroad. Information on locations, academics, terms, costs, and eligibility requirements are available on the Study Abroad website (https://studyabroad.apps.uwec.edu/).

International Students and Scholar Services

The University of Wisconsin-Eau Claire welcomes students and scholars from around the world to western Wisconsin for degree completion and short-term study. Center for International Education staff manage the following core services: immigration advising and compliance, Sino-American Dual Dual Degree (CHEPD 1+2+1) dual degree management and student support, exchange and sponsored student programs, international student support programs (e.g., Host Friend Program and International Buddy Program). International students should be aware of the following policies that apply to their experience:

- International students must seek permission for all employment while in the United States due to U.S. immigration limits and regulations on employment.
- All international students are expected to live in University residence halls during their first year. A formal written appeal to the housing requirement may be made to the Director of the Center for International Education.
- All international students are required by the University of Wisconsin System to enroll in the International Student Health Insurance Plan.

Additionally, the CIE staff provides guidance and immigration support to academic departments on hosting international visiting scholars who advance the scholarly work of the University.

Further information is available from the Center for International Education website (http://www.uwec.edu/cie/).

National Student Exchange

National Student Exchange (NSE) allows students to study at universities throughout the United States, Canada, Guam, Puerto Rico, and U.S Virgin Islands. NSE inspires academic enrichment, personal exploration, and student development by facilitating accessible collegiate study away among member colleges and universities. Students pay tuition to UWEC, experience a new campus in a different region, take classes and earn credits, while staying on track to graduate on time from UW-Eau Claire. All grades and completed course work are incorporated in the student’s UW-Eau Claire transcript, and are considered resident credits.

To qualify, a student must

- be currently enrolled as a full-time undergraduate student at UW-Eau Claire in the term prior to exchange;
- have a minimum 2.50 GPA;
- be in good academic, personal, and financial standing at UW-Eau Claire.

For more information about NSE, contact (715) 836-2003 or visit their website (http://www.uwec.edu/DOS/programs/nse/).

Ronald E. McNair Postbaccalaureate Achievement Program

The Ronald McNair Postbaccalaureate Achievement Program is a graduate school preparatory program funded by the U.S. Department of Education and sponsored by UW-Eau Claire. Named after American astronaut Dr. Ronald McNair, the McNair program aims at leveling the playing field in graduate education and to diversify the American research community by class, socioeconomic status, and ethnicity.

The mission of the McNair Program is to prepare scholars for research based graduate level studies, and ultimately, a doctoral degree. Annually, up to 27 undergraduates participate in the UW-Eau Claire McNair Program. At least two-thirds of the participants meet federal income guidelines and are from a family in which neither parent graduated from a four-year postsecondary educational institution and at least one-third of the participants will be from groups that are traditionally underrepresented in graduate studies. (The federal government defines “underrepresented” to include: Black (non-Hispanic); Hispanic; and American Indian/Alaskan Native, Native Hawaiians and other Pacific Islanders.)

Along with the McNair staff, a dedicated mentor in the scholar’s primary field of research works with the scholar over a two-year time period on research and materials that will assist the student in securing a place in a doctoral program. Some of the activities that McNair scholars participate in include developing an understanding of the research process, learning about a peer-reviewed publication process, developing an understanding of the grant writing process, working one-on-one on preparing CVs, applying for graduate school, traveling to present at the McNair conference and graduate school site visits.

Visit the website (http://www.uwec.edu/mcnair/) to learn more about the McNair program and for contact information.

Undergraduate Research

UW-Eau Claire is the Center of Excellence for Faculty and Undergraduate Student Research Collaboration. Many students work with a faculty mentor in their discipline to engage in scholarly projects. Results of these projects are presented on-campus at the Celebration of Excellence in Research and
Creative Activity (CERCA) each spring, and many are also shared at professional
conferences or through publication. Students involved in these activities
develop a host of skills that prepare them for graduate studies and/or
professional employment. Through the Blugold Commitment Differential
Tuition program, funding is available to support student participation in
research and scholarly projects that produce research results and creative
works, and to travel to professional conferences to present their results.

The mission of the Office of Research and Sponsored Programs (ORSP) is to
maintain a supportive environment for research and scholarly and creative
endeavors of the faculty, staff and students. This is accomplished through
events that showcase research, such as the annual Celebration of Excellence
in Research and Creative Activity (CERCA), the Faculty/Staff Forum and the
Authors Celebration, through funding programs that support research
activities, through publications about campus research activities, and through
services such as seminars, workshops and individual consultations on grant-
seeking and undergraduate research collaboration. For more information,
contact the Office of Research and Sponsored Programs (Scholfield 17) at 715
836-3405 or visit the website (https://www.uwec.edu/orsp/students/student-
faculty-collaborative-research-guide/).

Academic Services

Academic Advising

Advising, Retention + Career Center

Advising:

Students will have an academic advisor and a faculty advisor from their
major to assist them in developing academic and career goals based on their
interests and abilities. If a student is unsure of a major, an academic advisor
can recommend courses that explore various majors while keeping curricular
options open to the extent possible. A student can expect advisors to be
knowledgeable about university policies, procedures, and a wide variety of
campus resources available for assistance.

Advisors in the Advising, Retention + Career Center also work with transfer
students to help them understand requirements, policies, and procedures
related to transferring to UW-Eau Claire. Academic advisors review transfer
course evaluations with new transfer students to identify issues students
need to address to best use their transfer work to meet UW-Eau Claire’s
requirements.

The Advising, Retention + Career Center also provides advising for high school
and non-degree seeking students taking college courses at UW-Eau Claire.

Visit the Advising, Retention and Career Center website (https://
www.uwec.edu/academics/academic-support/arcc/).

Academic Testing:
The Advising, Retention + Career Center administers
English, mathematics, and world language placement tests for the university.
Advanced Placement, International Baccalaureate, CLEP, DANTES, and PRAXIS
results are also processed by the Advising, Retention + Career Center. Visit
the Academic Testing website (https://www.uwec.edu/academics/academic-
support/advising/testing/) for more information.

New Student Orientation:

First Year Students

All new first-year students are required to participate in a New Student
Orientation program prior to starting classes. The hybrid orientation experience
features virtual advising and registration sessions, and opportunities to come
on-campus for additional programming. New first year students starting in
the summer or fall semester will participate in their orientation programming
throughout the summer. New first-year students starting in winterim or the
spring semester attend a session before spring classes begin in January. During
New Student Orientation, students and their guests have an opportunity to
meet with staff members, tour the campus, and obtain information on a variety
of topics related to both academics and student life.

Transfer Students

Advising and registration meetings for new transfer students are flexible,
with the option to meet in-person, by phone or by video conference. The
Admissions Office performs the initial transfer evaluation after a student
has applied and been admitted. Academic advisors help transfer students
understand policies and procedures related to transferring and identify transfer
course issues students need to address to best use their transfer work to meet
UW-Eau Claire’s requirements. New transfer students will have the opportunity
to attend a formal orientation program either before classes begin in the fall
(for summer/fall transfers) or in the spring (for winter/spring transfers).

Questions regarding transfer advising and registration should be addressed to
the Assistant Director for Orientation. Visit this website (https://www.uwec.edu/
academics/academic-support/advising/orientation/transfer-students/) for
more details.

First Year Experience:
The First Year Experience program at UW-Eau Claire
helps new first-year students transition to college life. Many new students
take a course that is designated as “first year only.” These sections are regular
university courses that are open only to new first-year students. Many first year
only classes have an experienced UW-Eau Claire student mentor who works
closely with the instructor to help students adjust to college. New freshmen
may also register for special “linked” courses that are designed to help with
transition to UWEC or to explore a topic, major or career of interest. In addition,
all new first-year students are invited to participate in the Blueprint for a Blugold
program, which is a schedule of out-of-class activities and corresponding
online modules designed to help students learn valuable information about
college life. Visit this website (https://www.uwec.edu/fye/) for more details.

Nontraditional Student Services:

Nontraditional students comprise an important component of the university
community. The Advising, Retention + Career Center provides this constituency
a variety of offerings that address the needs and experiences of adults
returning to college. Working adults, students with children or other family
responsibilities, veterans, and adults in various life transitions, will find
resources to support them. Further information may be obtained from the
Advising, Retention + Career Center.

Visit the ARCC website (https://www.uwec.edu/academics/academic-support/
arcc/).

Undergraduate Advising

Advising Philosophy

Academic advising is an important component of a student’s undergraduate
experience. The university has established a structure intended to bring each
student into a collaborative relationship with an academic advisor and a faculty
advisor. The partnership with these advisors empower students to establish
connections to campus and their field of study, facilitate graduation in a timely
fashion, and develop a portfolio of skills and experiences that will help them
achieve their academic and professional goals. Advising is most effective when
viewed as a developmental process in which the students and advisors work
together. Students have the ultimate responsibility for monitoring their
progress toward graduation and they should work closely with their
advisors to develop a corresponding academic and career plan. Advisors
serve as a resource for students, providing accurate information and referring them to appropriate sources of help offered by the university.

Advising Structure

There are seven advising clusters. The clusters are comprised of 5-10 majors that are similar in nature, with the exception of the undeclared cluster. A student who has declared a major is assigned an academic advisor from that cluster and a faculty advisor in their specific major (some majors may assign faculty advisors after students are admitted to their program). To view the majors in each cluster, visit this website (https://www.uwec.edu/academics/academic-support/arcc/advising-model/).

Students who have not decided on a major will work with an undeclared advisor. Once a student declares a major, they will be assigned an academic advisor from that cluster and a faculty advisor in that major.

Students who wish to change their major, minor, or certificate must first consult with an academic advisor, so students should plan ahead. If a student switches to a new major that is in the same advising cluster, their academic advisor will remain the same, but a new faculty advisor may be assigned to reflect the student’s new major. If a student switches to a major outside of their current advising cluster, they will be assigned to a new academic advisor and a new faculty advisor.

Roles of Academic and Faculty Advisors:

Academic Advisors: An academic advisor provides holistic and comprehensive academic and career advising for students in a specific advising cluster. They provide students with guidance regarding course selections, graduation requirements, major exploration, academic policies and procedures, referrals to other campus resources, and High Impact Practices. Academic advisors collaborate with faculty advisors and career counselors to serve students.

Faculty Advisors: A faculty advisor provides ongoing consultation for the student on long-range academic and career plans, monitors progress towards specific major degree requirements, assists in the selection of major courses, and connects students to High Impact Practices available in their department/field. Students are encouraged to meet with their faculty advisor each term to discuss major-related opportunities. Faculty advisors collaborate with academic advisors and career counselors to serve students.

Students must see an academic advisor at the following times:

- Students must meet with their academic advisor prior to registration for fall and spring semesters. Students are encouraged to discuss summer and winterim courses with their academic advisor.
- All readmitted students must meet with an academic advisor prior to registering.
- All new transfer students must meet with an academic advisor prior to registering.
- All students must consult with an academic advisor prior to withdrawing from a course or withdrawing from the university.
- Students should meet with their faculty advisor to discuss major-related High Impact Practices (such as internships, Service-Learning, research, study abroad, National Student Exchange, etc.) and major course selection that may affect future career or academic opportunities.

Advising Responsibilities

Student Responsibility

It is the responsibility of all students to:

- Meet with their academic advisor at least once per semester.
- Read and respond to all emails sent from academic and faculty advisors in a timely manner.
- Be prepared for meetings with their academic and faculty advisor.
- Learn to read and use the degree audit; become familiar with graduation requirements; fulfill all degree requirements.
- Develop plans for taking courses required for graduation.
- Keep track of their own academic records.
- Develop plans for achieving academic, career and personal goals.
- Utilize their academic and faculty advisors to address questions about High Impact Practices (such as internships, service-learning, research, study abroad, National Student Exchange, etc.).
- Utilize their faculty advisor to address questions about opportunities in the major, major courses and the influence on career choices, and educational opportunities beyond their undergraduate degree.
- After registering for their final term, apply for graduation on MyBlugold Camp5.
- See their academic advisor, faculty advisor, and course instructor at the first sign of academic difficulty.
- Understand academic policies and become familiar with important deadlines.
- Utilize the full range of campus resources: career planning, counseling, tutoring, Services for Students with Disabilities, the Writing Center, and other resources available at the university.

Advisor Responsibility

It is the responsibility of academic and faculty advisors to:

- Be accessible to students on a regular, predictable basis.
- Encourage students in self-direction, learning, and assuming responsibility for their own educational plans.
- Reinforce the responsibilities of students.
- Assist students with course selections.
- Help students with academic and career planning and re-evaluate plans regularly.
- Empower students to achieve academic, career and personal goals.
- Know graduation requirements and other institutional policies outlined in the catalog.
- Refer students to appropriate campus resources.
- Help students learn about academic policies and procedures.
- Increase advising skills through regular training and professional development.
- Helps students understand the value of their liberal arts based education.

Academic Skills Center

The Academic Skills Center is a resource for students needing individual assistance to enhance learning strategies and skills in college reading and study methods, critical thinking, and problem solving. Group and individual tutoring is also available for selected entry-level foreign language courses, as well as several physical and social science courses. Diagnostic evaluation is available in reading and study strategies. Supplemental instruction is a guided study program that is available for selected courses particularly in Arts and Science. Further information may be obtained from the Academic Skills Center staff or the ASC website (http://www.uwec.edu/asc/).

Career Services

Career Services is a resource to students, offering opportunities for them to connect their liberal arts education with future career and professional goals. We partner with employers, faculty, and staff to provide opportunities
to help students realize fulfilling careers. Career Services helps students understand the relationship between their educational choices and career fields. Specific services include: career counseling appointments and group workshops, internship and job search assistance, resume and cover letter reviews, networking coaching, interview preparation, and salary negotiation. Career Services is the liaison between employers and campus, connecting students, faculty, staff, and alumni with employers in the region and across the country. The Career Services office is responsible for collecting and reporting data for the annual First Destination Survey.

Handshake: UW-Eau Claire’s online jobs and internship search platform used by students and alumni. Employers who recruit UW-Eau Claire students utilize this platform to assist in meeting their workforce needs by posting part-time, internship, and full-time positions. Students can search for opportunities and upcoming career events. They can also participate in campus interviews and receive invitations to employer events.

Career Events: Each year Career Services sponsors a variety of events designed to allow students to explore career and internship options including:
- Accounting and Finance Career Fair
- Fall and Spring Career Conferences
- Nursing and Health Care Professional Career Fair
- Part-Time Job Fair

Services for Students with Disabilities

Services for Students with Disabilities (SSD) facilitates the provision of academic accommodations for eligible students with documented disabilities. Disability-related accommodations address the need for both program access (i.e. exam accommodations, note taking, interpreters, alternative format course materials, etc.) and physical access. Verification of the need for accommodations is based on current disability documentation provided by the student. Students with disabilities who wish to request accommodations must provide disability documentation to the SSD Office and make their requests known in a timely manner so that arrangements for accommodations can be initiated. A Test Center is available for testing accommodations. Information about required documentation and procedures for arranging services can be obtained by contacting the SSD Office or visiting the SSD website (http://www.uwec.edu/ssl/).

Services for Students with Disabilities Project AIM (Ability in Motion)

Project AIM is a Student Support Services program funded by a TRIO grant from the U.S. Department of Education. Due to federal eligibility requirements, the students served must have a documented disability. Goals of the project are focused on promoting academic and career success of participants. Project AIM provides a variety of supplemental services for eligible participants including student-specific advising, career exploration, financial literacy, free tutoring, mentoring, leadership development and a variety of cultural and educational activities. Some students qualify for additional federal grant aid based on participation in the program. Further information may be obtained from the Services for Students with Disabilities Office staff.

Center for Service-Learning

All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. UW-Eau Claire’s Service-Learning requirement fosters habits of public engagement and service to society. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills, and become informed, active, and responsible citizens. The Center for Service-Learning works with community partners to create meaningful projects for students and helps students and staff to develop projects.

Within the first few weeks of the fall semester, the Service-Learning & Community Engagement Fair is held. At this come and go event, community partners come to the fair with the expectation of talking directly to students about volunteer, service-learning, internship or job opportunities they have at their specific organizations.

Visit the Service-Learning App (https://servicelearning.apps.uwec.edu/) for information on available projects, the website (http://www.uwec.edu/service-learning/) for news, resources and procedures and the Service-Learning Guidebook (https://www.uwec.edu/files/1183/ServiceLearningGuidebook.pdf) for current policies. For catalog information, view the University Graduation Requirements (http://catalog.uwec.edu/undergraduate/graduation-requirements/#universityrequirementstext).

Student Support Services

Funded by a TRIO grant from the U.S. Department of Education, the Student Support Services program provides a variety of supplemental services for qualified students. Due to federal eligibility requirements, the students served must be from a low-income household, be a first-generation college student, or have a documented disability. The staff assists eligible students in assessing their academic skills and in developing individual goals that promote their academic and career success. The program provides participants with free tutoring, career exploration opportunities, comprehensive academic advising, mentoring services, graduate school preparation, financial aid information, and a variety of educational activities. Some students qualify for additional federal grant aid based on their participation in the program. Further information may be obtained from the Student Support Services staff. Visit the SSS website (http://www.uwec.edu/sss/).

Upward Bound

Upward Bound is a federal TRIO program awarded to UW-Eau Claire by the U.S. Department of Education. All participants are from public high schools in Eau Claire (North High School and Memorial High School). Most students are recommended by school counselors during the last semester of middle school. Once enrolled in the program, students continue through high school graduation. The program serves 73 promising high school students who face barriers to the completion of high school and the attainment of post-secondary education. During the academic year, students receive tutoring, counseling, and study skills support. The summer six-week residency program, for which students receive high school credit, provides an academic core enhanced with field trips and cultural, social, and athletic activities. Upward Bound develops career exploration and decision-making skills and assists students in selecting appropriate post-secondary educational options. Assistance is given in completing college admission and financial aid applications. Further information may be obtained from the Upward Bound Office or by visiting the Upward Bound website (https://www.uwec.edu/equity-diversity-inclusion/ediservices-programs/upward-bound/).

William J. and Marian A. Klish Health Careers Center

The William J. and Marian A. Klish Health Careers Center is a specialized career center for students who are interested in a career in the health sciences. The resources available through the Health Careers Center help students explore a wide range of health careers and create a personalized, interdisciplinary pathway to graduation and admission to professional schools. UW-Eau Claire
offers pre-professional programs in Pre-Medicine, Pre-Veterinary Medicine, Pre-Physician Assistant, Pre-Dentistry, Pre-Physical Therapy, Pre-Occupational Therapy, Pre-Pharmacy, Pre-Optometry, Pre-Chiropractic, and Pre-Athletic Training. The Health Careers Center offers resources for academic and health career advising, connections to health-related clinical, research and volunteer opportunities, and workshops designed to build effective tools for career development and competitive applications. Further information may be obtained by visiting the Health Careers Center website (https://www.uwec.edu/academics/institute-health-sciences/health-careers-center/).

**Student Services, Activities and Organizations**

**Equity, Diversity, Inclusion, and Student Affairs**

The EDI and Student Affairs professionals, in conjunction with faculty colleagues and community partners, assist University of Wisconsin-Eau Claire students to reach their unique potential in the areas of intellectual, personal, social, and cultural development. This is achieved by providing a variety of student services that include information sharing and advocacy, curricular and co-curricular offerings, professional development and training opportunities, as well as diagnostic and clinical services. These activities occur in the context of a liberal education enhanced by experiential learning and civic engagement.

The Division for EDI and Student Affairs works to create a campus climate where all students, faculty and staff feel welcome and can thrive and feel like they can be successful here. In the EDI and Student Affairs Division, students and faculty will find the services and programs aimed at providing support, information, assistance and leadership bringing equity and inclusion for all campus demographics. The work of staff in the Division will create a more welcoming and inclusive environment, increase the cultural competencies of the university community, and advance institutional goals of recruiting and retaining under-represented students, faculty, and staff. Units in the Division include: Activities, Involvement & Leadership, Affirmative Action, Center for Awareness of Sexual Assault, Center for EDI Training & Development, Center for Racial & Restorative Justice, Counseling Services, Dean of Students, Gender & Sexuality Resource Center, Office of Multicultural Student Services, Ronald E. McNair Undergraduate Research Program, Services for Students with Disabilities, Student Health Services, Student Support Services, and Upward Bound. The EDI and Student Affairs administrative office is located in Schofield 240, 715-836-5626, fax 715-836-5911, or visit the website (https://www.uwec.edu/edi-student-affairs/).

**Activities, Involvement, and Leadership**

The Activities, Involvement & Leadership Office (http://www.uwec.edu/activities/) connects UWEC students with opportunities to transform personally and professionally outside the classroom. It is the home to many co-curricular leadership initiatives, recognition programs, campus-wide activities that entertain, challenge and promote the exchange of ideas and the development of life-long leadership skills. These co-curricular opportunities are available to complement UW-Eau Claire’s strong academic tradition in order to give students a well-rounded college experience. The AIL staff encourages and supports the development and implementation of a variety of involvement and leadership experiences, volunteer opportunities, student employment and internships, diversity and cultural growth initiatives, and community outreach.

The office oversees 230 student organizations and the annual Blu’s Organization Bash, administers campus-wide programming including the Artists Series, The Forum lecture series, Summer Events and the UW-Eau Claire International Film Society, all which are funded through student segregated fees allocated by the Student Senate. Staff also advise Greek Life, the Student Senate’s University Activities Commission, Student Senate Student Organization Commission, The Lookout event space, and the programs and services that are housed in the Student Organizations and Leadership Center.

The Activities, Involvement & Leadership Office is committed to guiding and supporting each student as they discover their own skill development and how they can connect those skills to the real world.

**Athletics**

The University’s intercollegiate athletics program challenges students physically, mentally, and emotionally. The various athletic practice and playing fields are really classrooms where leadership, self-discipline, commitment, work ethic, teamwork, fair play, problem solving, time management, motivation, and cooperation are taught. This fits in with the University’s commitment to a rigorous, intentional and experiential undergraduate liberal arts education for life and livelihood. A well-conducted program, based on sound educational principles and practices, fulfills the educational mission by ensuring that every student has an opportunity to be involved in competitive athletics as a participant or spectator.

The programs are organized to meet the needs of the highly skilled and competitive student-athlete. The women’s program consists of varsity teams in basketball, cross country, golf, gymnastics, ice hockey, soccer, softball, swimming and diving, tennis, track and field, and volleyball. The men’s program consists of varsity teams in basketball, cross country, football, golf, ice hockey, swimming and diving, tennis, track and field, and wrestling.

Both men and the women compete on the national level as members of the National Collegiate Athletic Association (NCAA) Division III. On a state level, the men and the women belong to the Wisconsin Intercollegiate Athletic Conference (WIAC). The women’s gymnastics program belongs to the National Collegiate Gymnastics Association (NCGA) in the sport of gymnastics.

All student-athletes must conform to university academic policies and standards to be eligible. In addition, there are conference and national regulations which affect a student-athlete’s eligibility status. Entering freshmen are eligible for varsity competition if enrolled as full-time students. Transfers and students who have not been in continuous enrollment at UW-Eau Claire should contact Athletics for a determination of their eligibility status. All other student-athletes must earn 24 degree credits for each season of competition they complete. Once a student-athlete has completed two terms of attendance, one season of competition, or earned 24 credits, there is a 2.00 resident grade point requirement.

All men’s and women’s sports are administered by the Director of Athletics. They are supervised by the Vice Chancellor for Enrollment Management in consultation with the Athletic Committee.

**Awareness of Sexual Assault (Center for)**

The Center for Awareness of Sexual Assault (CASA) is a sexual assault support service that maintains a victim-centered approach. We provide a safe place for people to come and talk about any issues that they may have surrounding their sexual assault, or those of someone close to them. Even if you are not sure about a sexual experience and are now feeling uncomfortable with what happened, CASA would be glad to talk with you. We provide a variety of services that are confidential and free: crisis counseling, emergency room support, legal advocacy, assistance with campus reporting, information and referral, and a 24-hour crisis hotline at 715-836-HELP. For additional
Center for Restorative Justice

Preparing graduates to foster equity in all areas of society. The newly established Center for Racial and Restorative Justice, a clearinghouse for research, scholarship, and action, aims to educate students and the greater Eau Claire community about the history of race in America and the barriers to upward mobility for people of color in areas such as education, criminal justice, health care, commerce, and housing.

Through a multi-pronged approach, the center will ensure that UW-Eau Claire is preparing graduates for life in a truly changing landscape. Understanding the concepts of race, justice, equity, equality, restorative justice, and critical identity theories will help our graduates stand above their counterparts as well as become leaders in ongoing social and cultural change.

Children's Nature Academy (The Priory)

The UW-Eau Claire Children's Nature Academy (CNA), is a five-star (Youngstar) nature based early learning program, licensed by the state of Wisconsin. The program provides care and learning to children ages six weeks through age ten, on the University's beautiful 112-acre Priory Campus. Priority enrollment is given to UWEC students. However, all families from the UWEC and surrounding community are welcome. The center operates from 7:00 a.m. to 5:30 p.m. Monday through Friday and some evening care upon request. The CNA offers flexible scheduling and special student discounted rates. The CNA also works with the Eau Claire Area School District to offer four-year-old kindergarten (EC4T) and AmeriCorps to offer ECLIPSE, a literacy and social skills program for preschool age (3-5) children. Please contact the Director at 715-836-2178 or children@uwec.edu for more information on enrollment. Online interest forms (https://www.uwec.edu/children/) are also available.

Counseling Services

Therapists in Counseling Services assist students in overcoming problems which may interfere with their educational, social, and emotional development. This is accomplished through individual, couple, and group counseling; psycho-educational workshops; and outreach services. Among the issues that students may bring to counseling are personal development, adjustment to college, depression, anxiety, stress management, relationship/abuse issues, alcohol and drug use, goal setting, time management training, and other personal concerns and psychological problems.

Confidential and free counseling is available to any student of the University of Wisconsin-Eau Claire. Scheduling is easy, call 715-836-5521 or stop by our office located in Vicki Lord Larson Hall 2122.

For more information on our services visit the website (http://www.uwec.edu/counsel/).

Cultural and Social Activities

Artist Series (http://www.uwec.edu/Activities/programs/artists/). The Artist Series presents quality regional, national, and international artists in the areas of music, dance, and theater to the University community. Through the performing arts, the Artist Series seeks to develop aesthetic awareness, promote interdisciplinary appreciation, and cultivate multicultural experience.

The Forum (http://www.uwec.edu/Activities/programs/forum/tradition/). Since 1942 The Forum lecture series has presented many of the world's greatest minds and imaginations. Speakers have ranged from Sinclair Lewis to Maya Angelou, Margaret Mead to Cornel West, William Westmoreland to Noam Chomsy, Buckminster Fuller to Carl Sagan, and Bennett Cerf to Garrison Keillor.

The International Film Society (https://www.uwec.edu/activities-involvement-leadership/programs-events/international-film-society/) presents foreign and domestic films on campus for UW-Eau Claire students and faculty/staff, and for community members who purchase film passes. Since 1956 the series has represented various countries, cinematic styles, directorial methods, genres, and points of view in films that help to foster a better understanding of other people and cultures as well as a lifelong appreciation for the art of film.

Student Organizations and Leadership Center (http://www.uwec.edu/Activities/). This area in the Davies Center provides services and a home base for the more than 230 campus organizations at UW-Eau Claire. Students may learn more about organizations they are interested in joining through the Activities, Involvement & Leadership Office. Organization members may use the workshop space, supplies and resources. The Student Organizations and Leadership Center is also home for the Student Senate.

Summer Events. Free entertainment and films for the Eau Claire community is provided throughout the Summer Session.

University Activities Commission (UAC). The largest standing commission of the Student Senate, the UAC is the exclusively student-operated campus activities programming board. In selecting and producing high-quality, diverse, and accessible educational and entertainment programs for the university community, UAC members gain valuable leadership experience and develop personal skills such as exercise of responsibility, decision-making, and teamwork.

Five committees make up the commission. The Cabin Committee programs musical and performance arts events in an intimate setting. The Concert Committee presents on-the-rise regional bands, nationally and internationally touring artists, and cutting-edge performers. The Festivals Committee coordinates Homecoming, Winter Carnival, and springfest activities. The Film Committee alternates with the international Film Society in screening contemporary and classic films throughout the academic year. The Late-Night Activities Committee provides social late-night activities for students, using spaces on upper campus and lower campus. The UAC also offers lecture-and-discussion programs, performing and visual arts events, tours to regional cultural events, comedy nights, and novelty programming.

Viennese Ball (http://www.uwec.edu/centers/vball/). Documented as the largest Viennese ball presented outside of Vienna, the Viennese Ball is a formal event recalling the romance and elegance of 19th-century Vienna. The program promotes positive university, community, and international relations by expanding an awareness of the culture, history, and music of Vienna, Austria. Proceeds from the annual two-night event have thus far provided more than $2 million in music, service, and international study scholarships for UW-Eau Claire students.

Department of Art & Design. Student shows comprise a significant aspect of the annual calendar of exhibitions. A visiting artist is invited to serve as juror in the selection of works for the Annual Juried Student Art Show in the Foster Gallery of the Haas Fine Arts Center. Candidates for the Bachelor of Fine Arts degree present senior shows in their emphasis at the conclusion of each semester. Other exhibitions present the work of outstanding contemporary artists who frequently visit the campus at the time of their show and meet informally with students. Gallery and museum directors, graphic designers, and art historians also visit the Department of Art & Design to present lectures and participate in seminars and workshops on a wide range of subjects.
Paintings, sculpture, prints, and drawings from the UW-Eau Claire permanent art collection may be viewed in numerous campus locations.

**Forensics.** A complete program of competitive intercollegiate speaking activities is offered. Categories include prose interpretation, poetry interpretation, dramatic interpretation, dramatic duo, impromptu speaking, extemporaneous speaking, persuasion, informative speaking, after dinner speaking, and communication analysis. CJ 100, Introduction to Forensics, allows students to obtain credit for participating in the activity. Students do not have to enroll in the course to participate.

UW-Eau Claire possesses one of the longest traditions of national excellence in forensics in the nation. The University competes against colleges of all sizes, yet is typically among the top programs in the country. The local chapter of Pi Kappa Delta sponsors several tournaments and workshops on campus for high schools and colleges. Any student, regardless of background in forensics, is welcome to take part in this activity. For further information contact the Director of Forensics, Hibbard 174, or visit the website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/forensics/).

**Department of Music and Theatre Arts.** Each year the Department sponsors more than 225 recitals, concerts, and special musical programs by students, faculty, and guest artists. Many student musical ensembles have distinguished national reputations. Ensemble participation is open to all qualified students and includes the following organizations: University Symphony Orchestra, Chamber Orchestra, Wind Ensemble, Symphony Band, University Band, Marching Band, Jazz Ensembles, Concert Choir, Symphonic Choir, Women’s Chorus, Men’s Glee Club (Statesmen), Women’s Concert Chorale, Opera-Musical Theater Workshop, Concert Dance Company, and numerous small ensembles.

University Theatre annually casts five main-stage productions by open audition, including a Theatre for Young Audiences production. In addition to the main-stage plays, there are 20 to 30 student productions ranging from the classics to contemporary theatre.

Department performing spaces include the 600-seat Gantner Concert Hall used for concerts, recitals, opera, dance, and musical theatre; Phillips Recital Hall, seating 200 for solo recitals and chamber music; Riverside Theatre, a 200-seat thrust-stage facility used for main-stage theatre and studio productions; and Kjer Theatre, a proscenium facility seating 400 for main-stage plays and dance.

FM Radio (https://www.wpr.org/wupec-fm-897-eau-claire/). WUEC (at 89.7 on the dial) is a student-assisted FM station broadcasting from studios in the Hibbard Humanities Hall. WUEC is affiliated with Wisconsin Public Radio and National Public Radio. Programming includes classical, jazz, blues, and folk music; news; information; and public affairs programs.

**Campus TV.** Students enrolled in Advanced Broadcast TV News (CJ 426) prepare newscasts in the Broadcast TV News Laboratory, Hibbard Humanities Hall 105.

**Residence Hall TV-10.** Students living in the residence halls produce and direct live and taped television programs originating in the studio and control room located in Towers Residence Hall. These programs are sent out on the residence hall cable system and received on channel 10.

**Dean of Students**

The Dean of Students Office staff plays an important role in helping all students navigate the campus environment and provide programs and services that enrich students’ personal and educational development. The staff works with programs and services to create a learning environment that integrates co-curricular and classroom experiences.

Services provided by staff in the Dean of Students Office include:

1. Student advocacy, counseling, advising, and crisis intervention to students experiencing personal, medical/mental health and academic problems.
2. Supportive response, accommodations, investigation and adjudication of complaints of sexual assault, stalking, dating/domestic violence, and hate/bias incidents.
3. Administration and coordination of the National Student Exchange Program.
4. Support and advising for student government and campus organizations and the administration of student conduct procedures.

Students are encouraged to seek assistance related to student life concerns and to use the office as a referral resource. The staff assists students to make positive connections with faculty, staff, other students, and services. The Dean of Students Office is located in Schofield 240, dos@uwec.edu, 715-836-5626, fax 715-836-5911, or visit the website (http://www.uwec.edu/dos/).

**Gender & Sexuality Resource Center**

The Gender & Sexuality Resource Center is dedicated to creating a safe and inclusive campus for all students, while advocating for and celebrating those identities that have historically been and continue to be marginalized. We believe in education and inspiration, not alienation, and that is reflected in all programs and events. Exploring privileges and oppressions is at the heart of our mission, and in so doing—and with a focus on intersectionality—we engage the campus community in ways that create room for understanding and empowerment.

The Gender & Sexuality Resource Center’s staff provides resources, information, and programming in collaboration with existing departments, advisory committees, organizations, and offices; we foster a supportive campus environment through the development and sponsorship of intellectual, personal, and cultural programming.

For more information, visit the website (http://www.uwec.edu/speakout/).

**Housing and Residence Life**

The University provides accommodations for 3,974 students in on-campus residence halls. Except for those who are married, living with parents or guardians, or veterans of the United States Armed Forces, all freshmen and sophomores are required to live in University-operated residence halls when such accommodations are available.

Information about living on campus is automatically sent to candidates for admission to the University. Room assignments are based on the date all properly completed housing contract items are submitted, including a $75 deposit. The deposit is refundable through May 1 (see Deposits, under Tuition and Fees). It is beneficial to apply as soon as possible after acceptance to the University. Whenever possible, specific room assignments will be made prior to freshman orientation in mid-June.

Each residence hall is staffed by a hall director and resident assistants selected from qualified continuing students. Insofar as demand permits, students are given a choice among the kinds of on-campus accommodations available. The residents of each hall determine, in accordance with the Wisconsin Administrative Code, certain policies and regulations for the governance of their hall.

All students living in traditional University residence halls are required to participate in the contract meal plan (see Dining Service). Certain buildings may be identified as exempt from the contract meal plan.
The University has no housing facilities for married students and students with children. Further information concerning all housing and residence life policies and services is provided in the Residence Hall Information booklet, available upon acceptance by the University or upon request to the Housing and Residence Life Office, phone 715-836-3674, or online (http://www.uwec.edu/housing/).

**Multicultural Student Services**

Multicultural Student Services (MSS) provides quality services and programs that support and enhance the collegiate experience, particularly for students of color. MSS provides direct support to students who identify as African American, American Indian/Native American, Asian & Southeast Asian, Latinx, and multiracial/multietnic students. In doing so, MSS not only advocates for multicultural students, but also assists them in areas such as community engagement, employment, financial aid, scholarships, housing, leadership development, and supplemental advising.

In addition, MSS supports campus-wide programming for all faculty, staff, and students through cultural programs, heritage month awareness activities, guest speakers, and classroom presentations and other training on EDI issues.

MSS is dedicated to an equitable, diverse, and inclusive campus community that helps students excel individually and collectively. MSS builds relationships, fosters a sense of belonging and community, creates relevance to learning, and connects multicultural students to resources that will enhance their leadership skills, equity/diversity/inclusion skills, academic growth, and personal growth at UW-Eau Claire.

All UW-Eau Claire students are encouraged to participate in the variety of opportunities and events sponsored by Multicultural Student Services. Learn more about MSS events and services by visiting the website (https://www.uwec.edu/equity-diversity-inclusion/edi-services-programs/multicultural-affairs/).

**Recreation and Sport Facilities**

Recreation and Sport Facilities provides a wide array of opportunities for students to engage in healthy activities that promote learning, leadership development, health, wellness and fun! Opportunities for students and staff include: A wide variety of outdoor and indoor Intramural Sports, 27 unique Club Sport teams, Group Exercise class offerings seven days per week, Open Recreation (free-time use of gym, pool, indoor track and racquetball courts), two state-of-the-art work-out facilities (Crest Fitness Center and the McPhee Strength & Performance Center), the Environmental Adventure Center (Outdoor Equipment Rental, Adventure Trips, Indoor Archery Range, Eagle’s View Challenge Ropes Course, Indoor Climbing Wall, Campus Biking Program and the Campus 9 Disc Golf Course), Massage Therapy, Special Events, Wellness Classes and the Hilltop Recreational Area (exercise and cycling studios, bouldering cave, billiards, games and TV).

Recreation and Sport Facilities also oversees the management and scheduling of all upper campus sport facilities including: McPhee/Ade Olson (gyms, pool, indoor track, racquetball courts, dance studio, equipment and laundry operations and classrooms), Simpson Outdoor Track and Field, Bollinger Fields Complex, Towers Field & Sand Volleyball Courts, Hilltop Outdoor Tennis and Basketball Courts and the Hilltop Recreational spaces.

Recreation and Sport Facilities is one of the largest employers of students on campus, offering enriching work experiences that provide opportunities for leadership development and learning.

For more information about Recreation and a complete list of opportunities, visit the Recreation and Sport Facilities website (http://www.uwec.edu/recreation/).

**Student Government**

The University of Wisconsin-Eau Claire has long been committed to the active participation of students in institutional governance. Significant responsibility is accorded to qualified students who serve with faculty on departmental and College committees and on administrative committees of the University.

The Student Senate is the primary vehicle for the involvement of students in University governance. It has initial responsibility for recommendations on matters pertaining directly to student life, services, and interests, including the allocation of that portion of the educational costs designated as the segregated fee. In elections held each year, the student body elects eligible students from two geographical districts—on and off campus—to serve as senators.

Through the United Hall Council and the Coeducational Residence Hall Judicial Board, students also participate, with the Director of Housing and Residence Life, in the operation and development of residence hall programs and policies.

For further information, students may contact the Student Senate Office or the Dean of Students Office. Visit the website (http://www.uwec.edu/studentsenate/).

**Student Health Service**

UW-Eau Claire’s Student Health Service fosters a healthy campus community through high quality health care, inclusive and accessible service, and health promotion/advocacy. Student Health Service is the primary health care center for UWEC students.

Clinical services provided include mental health evaluations and follow-up care, evaluation and treatment of illnesses and injuries including those of the respiratory, gastrointestinal, and musculoskeletal systems. Physical examinations, minor surgical procedures, laboratory services, and reproductive health services, including contraceptive exams and supplies, are also offered. Diagnosis and treatment of sexually transmitted diseases is also available. Some services are prepaid by student segregated fees, and some services and supplies are provided for a nominal fee. Additional information about Student Health Service is available on the website or by calling the clinic at 715-836-4311.

The Health Promotion Office works as an educational arm of Student Health Service. Located on lower campus in Schofield 26, this office works on health advocacy projects to make UW-Eau Claire’s campus a healthier living place for learning and living, including developing and implementing strategies and programs to reduce high-risk drinking. This office also offers educational programming for residence halls and classrooms on topics such as nutrition, life/work/school balance, making healthy changes, and other topics.

For more information on our services, hours and locations, visit the website (http://www.uwec.edu/shs/).

**Student Publications**

The Spectator (http://www.spectatornews.com), an award-winning student newspaper is published in print each Thursday of the regular academic year and daily online. The paper has offices in Hibbard 104. Paid staff positions are available for interested students in editorial, production, and advertising departments. The Spectator is a member of the Associated Collegiate Press.

**NOTA** (None of the Above), the campus creative arts magazine published once per semester, provides an outlet for student writing, photography, artwork,
and original music performance; in addition, NOTA publishes “Pocket NOTA,” a magazine designated for pieces of longer prose. NOTA sponsors public readings by students, faculty, and professional writers and holds contests for fiction and poetry writers. Interested students may inquire at the NOTA Office in the English Department or via email: nota@uwec.edu.

University Centers

The University Centers (http://www.uwec.edu/centers/) comprises two buildings that are the center of campus life: The W. R. Davies Student Center and the Hilltop Center. University Centers programs and services operate within these facilities. The University Centers also manages the Zorn Arena and the Schofield Auditorium — multipurpose facilities that are heavily used by the university community for meetings, recreation, performances, dining, conferences, workshops and other curricular and co-curricular activities.

The University Centers develops and implements a variety of involvement and leadership experiences, volunteer opportunities, student employment and internships, diversity and cultural growth initiatives, and community outreach. These varying experiences help students to develop new skills, reflect on their personal identity and place in the world, and become engaged citizens. The University Centers builds and sustains partnerships with faculty/ staff and community members, to ultimately enhance the quality of the experiences provided. The University Centers is funded by space, equipment and labor rentals (including those for meetings, programs, private weddings, camps, conferences and other special community events), student fees and commissions.

The University Centers provides services that are integral to campus life, including the undergraduate textbook rental program, the meal plan required for nearly all campus residents, and the official university ID card. The unit is responsible for all non-academic reservations on campus and ticketing of campus events. The University Centers administers bookstore services, dining, catering and vending services campus-wide, manages all printing services and provides the central source of campus information through the Service Center.

W.R. Davies Student Center. The 177,000 sq. ft. W. R. Davies Student Center opened its doors in July 2012. This student center, like its predecessor, is named in memory of William R. Davies (1893–1959), the university’s second president. Its design was inspired by nature surrounding the Eau Claire campus — the Chippewa River, the woods, the stone formations, and the Little Niagara Creek. W. R. Davies Student Center occupies a site that was the historic meeting grounds of the Dakota and Ojibwe people, who made peace in the 1850s after a bitter war that spanned 150 years. The treaty line is thought to be at the mouth of the Little Niagara Creek on the Chippewa River. Names of meeting spaces in the original and the present Davies Center honor the Ojibwe and Dakota and other native people of Wisconsin, including the Ho-Chunk, Menominee and Potawatomi tribal members who used the Council Oak tree and its surroundings as a shelter and gathering place. Davies Center was planned as an expression of the role of the Council Oak, a beacon and symbol of community, gathering and a safe space for all. W.R. Davies Student Center is the center for social and cultural interaction on the lower campus. Offering a number of meeting and program spaces (http://www.uwec.edu/centers/facilities/davies/map.htm), dining facilities and service areas, W.R. Davies Center is the administrative core of the University Centers. It is also home to the Student Senate (http://www.uwec.edu/StudentSenate/), the primary vehicle for student involvement in university governance.

Hilltop Center. Spanning the road that connects the upper and lower campus, Hilltop Center was built in 1968 and is home to Riverview Café, the primary contract dining facility on campus. An extensive renovation of Hilltop Center in 2012 expanded the primary service cafeteria on campus. Riverview Café (https://uwecdining.sodexomyway.com/dining-near-me/resident-dining/) now comprises the entire second floor of the building, and up to 7,000 meals are served to students each day. The programs and services of University Recreation and Sport Facilities (http://www.uwec.edu/Recreation/) are also based in Hilltop Center. Facilities include the Environmental Adventure Center (http://www.uwec.edu/Recreation/eac/) (EAC), the Bowling and Billiard Center (http://www.uwec.edu/Recreation/bbc/) (BBC) and The Lookout – event space.

Crest Wellness Center. Is home to Student Health Service, Crest Fitness Center, University Police and the Eagle’s View Challenge Ropes Course. In 1999 a $1.4 million upgrade remodeled the upper level of Crest Wellness Center for the fitness center, making it possible to relocate its weightlifting exercise equipment from the lower level. In 2013 the Eagles View Challenge Course was expanded offering both high and low rope challenges.

Blugold Card Services

University of Wisconsin-Eau Claire photo identification cards are issued and replaced for students, faculty and staff at Blugold Card Services (http://www.uwec.edu/blugoldcard/in the W. R. Davies Center’s east lobby. Upon initial enrollment and employment at the University, a Blugold ID Card is issued to every student and staff and retain their ID cards throughout their enrollment/employment. The Blugold Card entitles the bearer access to dining facilities; use of McIntyre Library; access to McPhee Physical Education Center facilities; reduced ticket prices for many campus activities and events; free use of the Eau Claire Transit System; access to the Blugold Account debit card system, Textbook Rental and many other options. Through the university’s banking partnership, students and staff also have the option of using their Blugold Cards as ATM or pin/signature-based debit card. A branch bank is located in the W. R. Davies Center’s east lobby.

Blugold Dining

W. R. Davies Center retail facilities include a food court, coffee shop, convenience store, catering, and fine dining options are offered to the University community and to the public. Hilltop residential dining offers cafeteria, fast food, a la carte to students living in residence halls (except Chancellors Hall, The Priory and Haymarket Landing) and students can participate in one of several meal plan options. Einstein Bros. Bagels is located off the main lobby of Centennial Hall and in the Haas Fine Arts Center lobby. Meal plan information is available online (https://uwecdining.sodexomyway.com/my-meal-plan/index/) as well as social media.

Event Services and Conferences

Responsible for all non-academic reservations on campus, Event Services is the University’s centralized event planning organization. Event Services works with students, staff and the community to plan conferences, meetings and other events, and works with administrative offices and academic departments in executing programs that support the educational mission of the University. Event Services (http://www.uwec.edu/eventservices/) directs a highly responsible student staff trained in all aspects of safety and event production to ensure the well-being of all users of campus facilities. Professional video, lighting, sound & staging are also available for events.

University Bookstore and Textbook Rental

Located on two levels of the W. R. Davies Center, the University Bookstore (http://www.uwec.edu/Bookstore/) sells a variety of course-related and general interest reading materials, gifts and University clothing, greeting cards, and school, art, computer, and office supplies. Gift certificates and a special order service for books and merchandise are also available. Cash, credit card, and Blugold Account purchases are welcome.

UW-Eau Claire undergraduates rent textbooks and other course materials from the University Bookstore’s Textbook Rental Department, which is funded by a designated portion of undergraduate tuition. Textbooks and other teaching
resources are selected by instructors for each course and are arranged by department and course number on the bookstore’s upper level for students to pick up.

**University Printing Services**

University Printing Services ([http://www.uwec.edu/printing/](http://www.uwec.edu/printing/)) provides affordable and convenient printing and production services for students, faculty/staff, academic departments and administrative offices, and the public. Printing Services offers competitive pricing on business cards, presentation materials, posters, labels, envelopes, postcards, brochures, booklets and much more. High-speed black-and-white digital copies, high-quality color copies, large-format printing and a range of bindery services are among the services offered. Student graphic designers are on staff to create custom materials such as resumés, graduation, wedding or special occasion save the date cards, invitations and thank you cards. Printing Services accepts walk-up and online orders. Cash, Blugold Account, campus account, and credit cards are welcome.

University Printing Services has a walk-up location in the first floor lobby of the W. R. Davies Student Center. It manages the contracts that provide copiers campus-wide for student and office/departmental use. University Printing Services is the designated agency printing manager for UW-Eau Claire, responsible for ensuring that all off-campus printing using state monies is purchased in accordance with state law and policy. Custom course packs are produced here and made available through the University Bookstore.

**University Service Center**

The University Service Center ([http://www.uwec.edu/servicecenter/](http://www.uwec.edu/servicecenter/)) plays a key role in University communication, acting as the central source of University information as well as answering the campus’ main phone line. The area offers one-stop convenience for many essential services. Credit card and Blugold Account purchases are welcome.

- **Tickets** — The University’s centralized ticket office works with organizations, academic departments, Blugold Athletics and other administrative offices to produce and sell tickets to campus events. Tickets for basketball, hockey, football, concerts, lectures and other campus programs are available at the Service Center, and bargain movie passes for community theatres also can be purchased in advance.
- **Postal Services** — The Service Center offers U.S. Postal Service domestic and limited international mail services. A United Parcel Service (UPS) drop box is also available outside Davies Center.
- **Information Services** — Campus information including directory assistance, activities information, campus/community maps and brochures can be found at the Service Center. The Service Center manages the sale board in Davies Center, as well as its online site; gives vending machine refunds, and provides the campus-wide lost and found services.

**University Student Governance and Organizations**

Involvement in campus organizations is an important part of the university’s total education program. These groups offer social and service opportunities for their members, the university, and the community at large. Membership can broaden acquaintances, develop leadership ability, build decision-making and problem-solving skills, and complement classroom instruction. Visit online ([https://www.uwec.edu/activities-involvement-leadership/student-clubs-organizations/search-organizations/](https://www.uwec.edu/activities-involvement-leadership/student-clubs-organizations/search-organizations/)) for the current list of Student Organizations in the following categories:

- Academic & Professional
- Campus Department
- Campus Media
- Cultural & Identity
- Event Programming
- Governance & Politics (Student Government, Student Senate, etc.)
- Greek Life
- Honor Societies
- Non-Organization Opportunities
- Performing
- Recreational
- Service
- Special Interests
- Spiritual
- Sport Clubs
- Administrative Committees
- Residence Hall Government

**Veterans Services**

The University is approved by the State Approval Agency for the education of veterans and veterans’ dependents under both federal and state programs. The Veteran Services Office (located in Blugold Central) advises veterans and eligible dependents on available state and federal veterans educational programs and assists them in applying for educational benefits. Veterans are also encouraged to use this office to seek assistance related to veterans’ issues and as a referral resource.

Students requesting veterans benefits should meet with the staff of the Veteran Services Office to set up their benefits program(s). Students using veterans educational benefits are required to request certification of benefits after registering for classes each semester. Students also need to keep this office apprised on any changes in their enrollment status. For more information, visit the website ([https://www.uwec.edu/tuition-financial-aid/veteran-benefits/](https://www.uwec.edu/tuition-financial-aid/veteran-benefits/)).

In addition to Veteran’s benefits services that are processed in Blugold Central, UWEC also has the Veteran’s Center ([https://www.uwec.edu/dean-of-students/veterans-center/](https://www.uwec.edu/dean-of-students/veterans-center/)), located in Schofield Hall, Room 020. The Veteran’s Center is a space where veteran students, faculty and staff can learn more about resources specifically for them, attend programs on veteran needs, and participate in support groups.

**University Honors Program and Courses**

**University Honors Program**

The University Honors Program cultivates a challenging and supportive learning community that encourages highly motivated, high-potential students to develop fully in their distinctive abilities, creating a foundation for sustained intellectual, professional, and personal growth. The Honors Program at UW-Eau Claire offers a rigorous and evolving curriculum that assists students in the pursuit of creativity, innovation, discovery, and engagement across disciplines. Honors students often have significant responsibility for the design and execution of learning activities within their honors coursework, and many honors students engage in undergraduate research that is uniquely matched to their experiences, skills, and longer-term goals. The program offers an enhanced education, enabling students to integrate honors liberal education courses, honors interdisciplinary seminars, honors work in their major and minor programs, and honors experiential learning opportunities into a high-value whole.

Honors at UW-Eau Claire has two components: University Honors and Departmental Honors. Students may graduate with honors by completing
one component or both. Honors Program participation and completion are documented on students’ university records, including transcripts.

University Honors. In small classes designed to stimulate and challenge high-achieving, highly motivated students, and in special sections of regular university courses, honors students gain opportunities to grow intellectually, to explore new interests, and to collaborate with faculty and peers from across the university.

Admission to the University Honors Program. For details about current admissions policies, please consult the Honors Program website (https://www.uwec.edu/academics/university-honors-program/academic-offerings/admission-guidelines/). There are several ways to gain admission to the University Honors Program. (1) Incoming first-year students are invited to participate each fall semester based on ACT or SAT scores and high school class rank. (2) Students admitted to UW-Eau Claire with a strong academic profile that does not meet one or more of the automatic admissions benchmarks, including students who do not submit ACT or SAT scores, are frequently considered for admission to the Honors Program through a holistic review process. Any admitted student may also request their application to be holistically reviewed by contacting the Honors Program office. (3) First-year students who have completed at least 14 credits at UW-Eau Claire during the fall semester may be invited to Honors during spring semester based on their GPA and, where available, ACT or SAT scores. (4) Students who are highly motivated to join the Honors Program may petition for admission. Contact the Honors Program office for more information. (5) Transfer students who were in good standing with an accredited honors program or college at their previous institution are eligible to join the Honors Program at UW-Eau Claire. Honors credits earned at the previous institution are evaluated by the UW-Eau Claire Honors Director to determine how many credits can be applied to UW-Eau Claire Honors Program requirements.

Graduation Requirements. A student may graduate with University Honors by meeting the following requirements:

1. Attainment of a resident and total GPA of at least 3.50.
2. Completion of a one-credit first-year seminar, HNRS 100, or an honors first-year experience course.
3. Completion of the 24-credit honors distribution requirement, in one of the two manners listed below (3a or 3b), with at least two courses taken at the 300/400 level. Students may complete this distribution requirement by taking any combination of honors colloquia, honors sections of departmental courses, or honors special experience courses (study abroad, directed study, independent study, honors thesis, and internships). Honors courses frequently meet liberal education, major, or minor requirements in addition to fulfilling requirements for the University Honors Program.
   a. Completion of at least 24 credits of honors coursework.
   b. Completion of at least 21 credits of honors coursework and either HNRS 410 or HNRS 420.
4. Completion of HNRS 400 (one credit).

Honors Program courses may not be audited or taken for a satisfactory/unsatisfactory grade.

Flexible Credits

To fulfill their 24-credit or 21-credit honors distribution requirement, honors students may earn up to 9 flexible credits, selected from the following options: honors contracts, departmental honors, up to 3 credits of student-faculty collaborative research, and completion of certain courses required for education majors and/or for McNair Scholars.

An appropriate designation will be placed on a student’s record upon completion of all Honors Program requirements. However, credits earned in honors courses meet graduation requirements whether or not the program is completed. A current schedule of honors courses is available on the Honors Program website (https://www.uwec.edu/academics/university-honors-program/academic-offerings/honors-courses/).

Department or College Honors. Twenty-five departments and programs offer students the opportunity to earn an honors distinction within their program of study, enabling students to strengthen skills and distinguish themselves within their major. Currently, departmental honors programs are available in Accounting and Finance, Biology, Business Administration, Chemistry and Biochemistry, Communication Sciences and Disorders, Computer Science, Criminal Justice, Economics, English, Geography and Anthropology, Geology, Health Care Administration, History, International Business, Latin American and Latinx Studies, Management and Marketing, Materials Science and Engineering, Mathematics, Music and Theatre Arts, Philosophy and Religious Studies, Physics, Political Science, Sociology, and Spanish. In many cases, credits earned in a departmental honors program can be applied to University Honors Program requirements.

For information on departmental honors programs, consult department descriptions in this catalog or the University Honors Program website (https://www.uwec.edu/academics/university-honors-program/academic-offerings/departmental-honors/).

Honors Seminars

HNRS 100 First-Year Honors Seminar (1 cr)
Prerequisite: Limited to students in the University Honors Program. Introduction to the University and to expectations of an Honors baccalaureate degree. Explores the value of a liberal education, the skills and knowledge needed to be an educated person, the roles of the University Honors Program and university requirements.

Attributes: Honor Course
Grading Basis: A-F Grades Only

HNRS 400 Senior Honors Seminar (1 cr)
Prerequisite: Limited to students in the University Honors Program. Senior standing, or Department Consent Required. If repeated, the second course can count toward the required 24 credits of Honors colloquia and electives. A capstone course that explores students’ undergraduate experiences, the value of a liberal education, and the value of an Honors education. Prepares Honors students for post-graduate opportunities.

Attributes: GE IV Humanities, Honor Course, Capstone Course, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated for a maximum of 2 credits
Grading Basis: A-F Grades Only

Honors Colloquia

These discussion-centered courses are especially designed for honors students and typically extend beyond the reach of a single discipline. Every honors colloquium meets liberal education and general education requirements.

The content of colloquia varies from semester to semester, and each section of an HNRS colloquium course number is a unique course.

Honors internship experience for seniors.
Attributes: Honor Course, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated for a maximum of 8 credits
Grading Basis: A-F Grades Only
Academic Policies and Regulations

Academic policies and regulations apply to all undergraduate students. Students are responsible for knowing and following the policies and regulations stated in this section of the catalog and for satisfying all degree requirements.

Academic Definitions

Credits

The unit of credit is the semester hour. It is defined as one class hour per week (or its equivalent) for one semester. Thus, a lecture-discussion course, which meets three hours per week ordinarily carries three semester credits. Laboratory and studio classes usually require two hours in class as the equivalent of one semester credit.

Credit Load

Since a student is expected to spend approximately two hours in preparation for each hour in the classroom, 15 credits is considered a normal semester load (for the spring and fall semesters, or proportionate amounts for shorter courses) for undergraduates. Eighteen credits is the maximum for which a student may register without obtaining special permission. Registration for more than 18 credits (including audits) may be permitted by the Associate Dean of the College in which the student is enrolled, if the student has a resident GPA of at least 3.00 and if other conditions make the overload advisable. (In the Summer and Winterim Sessions, all students may take a maximum of as many credits as the number of weeks they are attending.)

</tbody>
</table>

NOTE: Audits are excluded from credit totals.

Full-time Equivalent Enrollment Status

The following definitions apply to the full-time equivalency (FTE) enrollment status.

Undergraduate Students

Students may enroll in a course/internship that is the equivalent of 36 hours per week for 15 weeks (36 hours per week for 11 weeks in the Summer term) to be considered a full-time equivalent for enrollment purposes.

Graduate Students

Students may enroll in a course/internship that is the equivalent of 27 hours per week for 15 weeks (24 hours per week for 11 weeks in the Summer term) to be considered a full-time equivalent for enrollment purposes.

Special Students

Students who are not formally admitted to the University are classified as special students. Registration as an undergraduate special student and Youth Option/High School special students is limited to twelve credits during fall and spring semesters. During the Summer and Winterim Sessions, all specials may take a maximum of as many credits as the number of weeks they are attending.

Class Level

Students attain class level according to the number of semester credits earned:

- Freshman: fewer than 30 semester credits
- Sophomore: 30-59 semester credits
- Junior: 60-89 semester credits
- Senior: 90 or more semester credits

Credit-Bearing Certificate Programs

Certificate programs may be earned by degree-seeking students or by community members who are not pursuing a University degree. Guidelines and standards are identical for both populations.

For those not seeking a degree, these programs offer an opportunity for an individual to earn college credit and advance toward a credential that certifies a significant level of achievement within a prescribed area. As the rate of change in the workplace accelerates, more people find it necessary to engage in continuous learning to meet the challenges of new duties and responsibilities, or career changes. Often the need is for in-depth study that goes beyond what is generally provided in noncredit professional development activities. Credit-bearing certificate programs are of particular value since the program is verified by a university transcript.

For degree-seeking students, a certificate program can be pursued to demonstrate expertise in a particular academic field. Successful completion of a certificate program may serve to satisfy graduation requirements for a second program of study or to add credentials beyond any other required programs.

Certificate programs include a minimum of 12 credits for undergraduate certificates (fifteen credits for graduate certificates) and a maximum of 18
The University of Wisconsin-Eau Claire provides online registration for all students. Each student is assigned a registration time based upon credits earned. A notification that registration times have been assigned is sent to each student via email prior to registration. Students can view assigned registration times on CampS (https://my.uwec.edu/psp/CS90PRD/EMPLOYEE/HRMS/?cmd=login). Registration begins in November for the Spring semester, in October for Winterim, in February for Summer Session, and in April for Fall semester. Advising is required prior to registration for

1. all freshmen and sophomores,
2. juniors and seniors on academic warning or probation,
3. transfers seeking a first degree, and
4. all students with a major in the College of Business regardless of classification or academic standing.

All new degree-seeking students must pay an enrollment deposit prior to registration for Fall, Winterim, Spring, and Summer.

New freshmen register in the summer during their freshman orientation sessions.

**Late Registration.** A student may enroll for full semester courses after the regular registration period but within the first two weeks of classes. (Permission from both the instructor and the advisor is required during the second week of classes.) Thereafter, any registration must be approved by the Associate Dean of the appropriate College. The deadlines for increasing or decreasing credit in a variable credit course align with the add and drop deadlines associated with the course.

**Change of Registration.** After registration, courses may be added or dropped or sections changed under the regulations established for this purpose by faculty policy.

**Adding courses.** Students who wish to add courses during the first week of classes may do so using CampS. After the first week of classes, students must obtain the Change of Registration form from Blugold Central and return the completed form to that office.

**Withdrawing from courses.** A student who wishes to withdraw from a full-semester course during the first two weeks of classes (no record of enrollment) may do so on CampS without the instructor’s or advisor’s signature. After the second week of classes, students must obtain the Change of Registration form from Blugold Central and return the completed form with signatures to that office. Courses that are not a full semester in length, including Winterim and Summer courses, have earlier withdrawal deadlines. These deadlines can be obtained from CampS, or Blugold Central.

A change becomes official only when it has been processed by Blugold Central (See also Withdrawals).

**Enrollment of Undergraduates for Graduate Credit**

Upon the recommendation of the student’s adviser, course instructor, and chair of the department offering the course, a University of Wisconsin-Eau Claire undergraduate student may be allowed to enroll in a limited number of graduate courses, provided he or she has a 3.00 undergraduate GPA and has the approval of the College Dean. Qualified students may take up to, but not exceed, a total of nine credits of graduate-level course work, unless enrolled in an approved accelerated graduate plan with a dual bachelor’s and master’s degree component. The graduate credits cannot be used to satisfy requirements for the bachelor’s degree, unless enrolled in an approved accelerated graduate plan with a dual bachelor’s and master’s degree component. Application forms for enrollment in graduate courses as an undergraduate may be obtained from Blugold Central.

**Auditing Courses**

Registering to audit a course permits a student to participate in the class without earning credit. This privilege is helpful to students who wish to review introductory work, especially after a considerable period of absence from the campus. Others choose to audit courses for reasons of personal interest and the enjoyment of learning.

Some courses may be designated by departments or Colleges as unsuitable or unavailable for auditing. In all courses open to auditors, the following conditions apply:

1. Students seeking to register for credit are given priority over auditors.
2. An auditor must pay any basic fee required for auditing under the current tuition rates and any special fees applicable to the course. Auditors who wish to have student ID privileges also pay campus (segregated) fees.
3. Audited courses are included in the student’s credit load for the term when determining overloads. If auditing a class results in an overload (e.g., more than 18 semester credit hours for undergraduates) students need approval of the Associate Dean of the appropriate College.
4. Audited courses are not included in the student’s credit load for the term when determining full- or part-time status (See Classification of Students).
5. Initial registration to audit a course is not included in the total semester registration for the purposes of determining satisfactory academic progress (See Academic Standing and Progress).
6. Enrollment on an audit basis may not be changed to a credit basis, or vice versa, after the approved period for adding classes.
7. The auditor must consult the instructor of the course to determine the conditions for a successful audit. Some courses cannot profitably be audited without participation in class activities; the instructor must indicate how much and what kind of participation is required.
8. Upon successful completion of an audit, the mark of V will be entered on the student’s record. Failure to meet the instructor’s conditions will be recorded as UV; withdrawal from the course will be recorded as WV. These marks are not course grades and are not computed in GPAs.
9. Students who are auditors-only and who do not pay campus (segregated) fees have access limited to the library, computing services, and the

Credits. A 2.00 GPA is the university minimum requirement for completion of undergraduate certificate programs (3.0 GPA required for graduate certificates).

At least 25 percent of the credits applied to the certificate program requirements must be taken in residence (50 percent for graduate certificates). Departments/programs or colleges proposing certificate programs have the right to specify

1. admission requirements for entry into a certificate program,
2. minimum GPA requirements for courses included in the program,
3. GPA requirements for certificate completion above the university minimum, and
4. applicability of the S/U option, if any.

Specific certificates and their requirements are listed within the applicable department/program or college section of the catalog.

**Registration Overview**

The University provides online registration for all students. Each student is assigned a registration time based upon credits earned. A notification that registration times have been assigned is sent to each student via email prior to registration. Students can view assigned registration times on CampS (https://my.uwec.edu/psp/CS90PRD/EMPLOYEE/HRMS/?cmd=login). Registration begins in November for the Spring semester, in October for Winterim, in February for Summer Session, and in April for Fall semester. Advising is required prior to registration for

1. all freshmen and sophomores,
2. juniors and seniors on academic warning or probation,
3. transfers seeking a first degree, and
4. all students with a major in the College of Business regardless of classification or academic standing.

All new degree-seeking students must pay an enrollment deposit prior to registration for Fall, Winterim, Spring, and Summer.

New freshmen register in the summer during their freshman orientation sessions.

**Late Registration.** A student may enroll for full semester courses after the regular registration period but within the first two weeks of classes. (Permission from both the instructor and the advisor is required during the second week of classes.) Thereafter, any registration must be approved by the Associate Dean of the appropriate College. The deadlines for increasing or decreasing credit in a variable credit course align with the add and drop deadlines associated with the course.

**Change of Registration.** After registration, courses may be added or dropped or sections changed under the regulations established for this purpose by faculty policy.

**Adding courses.** Students who wish to add courses during the first week of classes may do so using CampS. After the first week of classes, students must obtain the Change of Registration form from Blugold Central and return the completed form to that office.

**Withdrawing from courses.** A student who wishes to withdraw from a full-semester course during the first two weeks of classes (no record of enrollment) may do so on CampS without the instructor’s or adviser’s signature. After the second week of classes, students must obtain the Change of Registration form from Blugold Central and return the completed form with signatures to that office. Courses that are not a full semester in length, including Winterim and Summer courses, have earlier withdrawal deadlines. These deadlines can be obtained from CampS, or Blugold Central.

A change becomes official only when it has been processed by Blugold Central (See also Withdrawals).
Policy on Remedial Education

New freshmen whose Math Fundamentals (M-FUND) score on the UW System Mathematics placement examination is less than 466 are required to take a remedial mathematics course (MATH 10, MATH 20, or MATH 50). MATH 20 or MATH 50 must be successfully completed before a student has earned 30 credits or registration will be denied.

Repeating UW-Eau Claire Courses

The privilege of repeating course work allows students to attain a satisfactory level of achievement in courses in which they initially encountered difficulties. Because a course can be repeated only once, students will discuss with their academic advisers the reasons for their low grade or W in the course before attempting the course a second time. It is the student’s responsibility to obtain assistance to sharpen their skills or resolve the problems that led to poor performance or noncompletion the first time they took the course. If the low grade was earned in a course which is a prerequisite to another course, students are urged to repeat the prerequisite course before enrolling and risking poor performance in the other course.

The repeat privilege applies only to courses taken at UW-Eau Claire (whether taken originally at UW-Eau Claire or elsewhere) for which a grade of C- or below or a W was initially earned. Registration for a repeated course must be on the same basis (letter grade or Satisfactory/Unsatisfactory) as the original course.

A course in which a grade of C- or below or a W was originally earned may be repeated once. The new grade will replace the previous grade in computing GPAs, but both the initial grade and the repeated grade will appear on the student’s official transcript.

NOTE: In extenuating circumstances, the Associate Dean of a College in which the student is enrolled may give permission for the second repeat of a course. Such permission may be requested upon recommendation of the student’s academic adviser. The Associate Dean determines whether the grade earned in the second repeat will replace previous grades or will be averaged with previous grades earned in that course in computing GPAs. All three grades will appear on the student’s official transcript.

Attendance/Leave

Withdrawals

Withdrawing from a Course. Students who wish to drop a full term course during the first two weeks of classes may do so without their instructors’ or advisors’ signatures. After the second week of classes (or a proportionate period of time for shorter courses—see CampS (https://my.uwec.edu/) for exact dates), students who wish to withdraw from a course must obtain a Change of Registration form from the Blugold Central, secure the signature of their faculty advisors and instructors for the course, and return the form to Blugold Central. A student is not considered withdrawn from a course until the proper form has been processed by Blugold Central. A student who stops attending a class without withdrawing officially may receive a grade of F for the course, and may owe a repayment on financial aid received.

No withdrawals are permitted after the beginning of the eleventh week of classes. Deadlines are adjusted proportionately for shorter courses, including Winterim and Summer Session courses, except in extenuating circumstances as determined by the Associate Dean of the College in which the student is enrolled. Up to that time, official withdrawals from full term courses are recorded as follows:

During the first two weeks of classes—no record of enrollment.

Third week through the tenth week—recorded as W.
Calendar dates of withdrawal deadlines are published each semester on CampS (https://my.uwec.edu/), on the Registration Calendars (https://www.uwec.edu/blugold-central/academic-planning/academic-registration-calendars/), and can be obtained from Blugold Central.

Note: During the 2022-2023 academic year the withdrawal deadline will extend through the thirteenth week of classes. This temporary pilot will then be evaluated and a permanent recommendation will become effective for the 2023-2024 academic year.

**Withdrawing from the University.** Undergraduate degree-seeking wishing to withdraw from the University after the start of the term are required to meet with an Advising, Retention & Career Center staff member prior to withdrawing from classes. The advisor will provide the student with the online withdrawal e-form to submit their request to withdraw. Non-degree seeking students, such as special students and post baccalaureate students, may withdraw through the tenth week of classes using the Graduate and Special/Non-degree Seeking Students online withdrawal eform.

If a student withdraws from the University during the first two weeks of classes, only the date of withdrawal will be recorded on their academic transcript and no record of specific course enrollment. If a student withdraws from the University from the third through tenth weeks, the grade of W will be recorded on the academic transcript for each course enrolled and remaining unfinished. The deadline to withdraw from the University is the end of the tenth week of the term.

Students may only withdraw from the University after the deadline in extenuating circumstances as determined by the Associate Dean of the College in which the student is enrolled. A student who stops attending classes without officially withdrawing (at any time in the term) may also receive failing grades.

An undergraduate student who withdraws and is not subsequently subject to suspension may return for the next regular academic semester without making formal application for readmission to the University.

Fee refund deadlines and corresponding amounts of refund can be found on the Business Office website (https://www.uwec.edu/blugold-central/student-finances/refund-schedule/). Financial aid recipients who withdraw before 60 percent of the semester has been completed are subject to federal financial aid repayment regulations and may owe a repayment of aid, even if not entitled to a tuition refund. The amount of aid a student may keep is in direct proportion to the length of time the student remained enrolled during the semester. Assistance is also available from Blugold Central.

**Leave of Absence**

After one full-term semester of non-enrollment, students remain active and eligible to enroll and will automatically receive an enrollment date to register. Students taking credits while not attending UW-Eau Claire, must send their official transcript upon reenrollment. Transfer work is critical and may affect academic progress, academic standing, financial aid eligibility, and graduation. Official transcripts should be sent electronically via secured transmission (not email) to the University of Wisconsin-Eau Claire Admissions.

All students who have been away from the University for two consecutive full-term semesters or more must file a reentry application (https://www.uwec.edu/admissions/other-student/). As a reentry student, a $100 enrollment deposit is not required. Students seeking reentry are encouraged to make application as early as possible prior to the semester in which they wish to return. Reentry after the term starts is not guaranteed. Students returning after an absence of two or more consecutive full-term semesters must meet the degree requirements of the catalog in effect upon their return, or a subsequent catalog.

**Military Leave Policy**

Currently enrolled students called to active service (involuntary Federal Title 10 activations or transfers) during the course of a semester must choose one of the following options before departing for active service:

1. Withdrawal from all courses with a full refund of tuition and no record of enrollment.
2. Selective withdrawal from one or more courses with a refund of tuition.
3. Incomplete grades awarded at the discretion of the instructor.
4. Final grades may be issued if the instructor determines that the student has completed a sufficient amount of coursework.

A military leave request needs to be submitted to the Dean of Students Office. Students are granted military leave for the entire time of their military commitment.

**Class Attendance Policies**

All students are expected to attend all class sessions of courses in which they are enrolled. Each faculty member should inform each class in writing at the beginning of the course regarding the use of student attendance in relation to student evaluation procedures.

If a student fails to attend the first class meeting of any course without previously notifying the instructor or the department chair, the student may be dropped from that course so that the vacancy may be filled by another student from a waiting list. It remains the student’s responsibility to determine their own enrollment status. Each department has a policy on first-day class attendance.

Accommodation procedures for this and other circumstances are described on the Dean of Students website (https://www.uwec.edu/kb/article/class-attendance-and-authorized-absence-policies/).

**Academic Standing and Forgiveness**

**Academic Standing and Progress**

The University expects each undergraduate (freshman, sophomore, junior, senior, or special student) to maintain a level of academic achievement consistent with University standards and to make reasonable progress toward the completion of a chosen curriculum.

The policies and regulations outlined below define the minimum academic standards of the University. Any College of the University may set a higher standard for admission, retention, or graduation from a degree program.

**Good academic standing.** The definition of good academic standing includes University standards for satisfactory academic progress during a semester. Academic standing is determined twice each year, once at the end of the fall semester and once at the end of the spring semester. It is not determined at the end of Summer Session or Winterim Session.

A student is in good academic standing at the end of a semester if all the following conditions are met:

1. The student’s resident GPA is 2.00 or higher.
2. The student has earned a semester GPA of 2.00 or higher.

NOTE 1: An excessive number of withdrawals from courses may impact students’ eligibility for acceptance into certain major programs and most types
of financial aid. All students should therefore consult their advisors before withdrawing from courses.

**Academic Warning.** An Academic Warning is the first formal notification that a student has failed to meet one or more of the requirements for good academic standing. The notation “Academic Warning” is placed on the student’s record at the end of the first semester in which any one or more of the following conditions apply:

1. The student’s resident GPA at the end of the semester is less than 2.00.
2. The student’s semester GPA is less than 2.00, but 1.00 or higher. (See Suspension, below.)

Only one Academic Warning is issued to a student. (See Probation, below.) Students who receive this notification should immediately consult their advisor(s) or the Student Affairs and Dean of Students Office, so that they may obtain assistance in overcoming their academic difficulties.

**Probation.** After receiving one Academic Warning, students will be placed on probation at the end of any subsequent semester in which they again fail to achieve good academic standing. The period of probation is one semester. Students must regain good academic standing by the end of the probationary semester in order to continue in the University. They will be removed from probation upon regaining good academic standing. Students may be placed on probation multiple times should their academic standing require it.

**Suspension.** A student will be suspended from the University under either or both of the following conditions:

1. At the end of a semester of probation, the student has failed to regain good academic standing.
2. At the end of any semester, the student has a semester GPA of less than 1.00. (This regulation applies regardless of the student’s resident GPA.)

A student who has been suspended is ineligible to continue in the University for the period of one semester. Any degree-seeking student who wishes to return to the University after the expiration of the suspension must make formal application for readmission through the Admissions Office. Special Students who wish to return to the University after the expiration of a suspension need to reapply. Readmittance cannot be guaranteed. If the student is readmitted and fails to regain good academic standing by the end of the first semester after readmittance, a second suspension of one semester will be incurred.

A student who has been suspended for academic reasons may request a review by a faculty committee of the College in which the student was enrolled. If the student can show that extenuating circumstances existed, the committee may recommend to the Associate Dean of the College that the student be reinstated.

Students on suspension may attend the UW-Eau Claire Winterim and Summer Sessions (including the Three-Week Summer Session) as a special student for the purpose of improving their academic records. A suspended student may not enroll as a special student at UW-Eau Claire during the fall or spring semesters until the suspension has expired. A student suspended from UW-Eau Claire may encounter difficulty in attempting to enroll at another institution.

**Policies applying to transfer students.** The credits transferred from other colleges and universities are used to determine the classification of a student as freshman, sophomore, etc. Transfer credits are not used, however, in computing the UW-Eau Claire resident GPA which determines the student’s academic standing in subsequent semesters at UW-Eau Claire (see also Grade Point Requirements, under University Graduation Requirements).

A transfer student admitted in good standing is governed by the policies set forth under Academic Standing and Progress.

A transfer student admitted on probation will be removed from probation if in the first semester at UW-Eau Claire the student achieves good academic standing. Thereafter the student’s status is determined on the same basis as that of a student who was admitted in good standing and who has received an Academic Warning at UW-Eau Claire.

A transfer student admitted on probation will be suspended at the end of the first semester at UW-Eau Claire if at that time the student has failed to achieve good academic standing.

**Policies applying to freshmen admitted on probation.** A freshman admitted on probation will be removed from probation if in the first semester at UW-Eau Claire the student achieves good academic standing. Thereafter the student’s status is determined on the same basis as that of a student admitted in good standing.

A freshman admitted on probation will be suspended at the end of the first semester if at that time the student has not achieved good academic standing.

### Forgiveness of Earlier Academic Record

Returning adult students who have completed university-level course work at UW-Eau Claire or elsewhere five or more years prior to seeking admission or readmission to UW-Eau Claire may be eligible for forgiveness of the earlier academic record. Forgiveness means that grades earned five or more years earlier will not be used in the computation of the total GPA at UW-Eau Claire, although such grades will continue to appear on the student’s official transcript. Upon admission or readmission to UW-Eau Claire, students should meet with their advisors to discuss whether repeating courses or seeking forgiveness is the better alternative for them. If the decision is to seek forgiveness, the following conditions will apply:

1. Students must not have been enrolled in an institution of higher learning for at least five continuous years prior to admission/readmission to UW-Eau Claire except for completion of courses which were a precondition for admission/readmission.
2. After admission/readmission, students must earn a GPA of 2.50 or higher in the first 12 credits, which count toward the minimum degree requirements at UW-Eau Claire before applying for forgiveness.
3. The request for forgiveness must be approved by the student’s advisor, the Department Chair if the student has declared a major, and the Dean of the College in which the student is enrolled. The approved request will be forwarded to the Registrar.
4. If forgiveness is granted, all courses taken five or more years prior to admission/readmission (and the grades received) will continue to appear on the student’s record, but the student’s total GPA will be based solely on credits earned after admission/readmission to UW-Eau Claire.
5. If forgiveness is granted, all credit hours with a grade of “D-” or above earned five or more years before admission/readmission, up to a maximum of 30, may be used to satisfy degree requirements even though they are not included in the student’s total GPA.
6. Forgiveness of grades earned five or more years before admission/readmission may be granted only once.

Both the academic forgiveness policy and application form are available on the Registrar’s website (https://www.uwec.edu/ks/article/registration-academic-forgiveness/).
Grades

Grading System

A system of letter grades is used except when the course is offered only on the Satisfactory/Unsatisfactory basis or when the student has elected that option. (See Satisfactory/Unsatisfactory (S/U) Registration.)

Letter Grades

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A, A-</td>
<td>(A = Excellent)</td>
</tr>
<tr>
<td>B+, B, B-</td>
<td>(B = Very Good)</td>
</tr>
<tr>
<td>C+, C, C-</td>
<td>(C = Average)</td>
</tr>
<tr>
<td>D+, D, D-</td>
<td>(D = Passing)</td>
</tr>
<tr>
<td>F</td>
<td>(F = Failing)</td>
</tr>
</tbody>
</table>

Other Marks

<table>
<thead>
<tr>
<th>Mark</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>S</td>
<td>Satisfactory; equivalent to at least a C (credits earned, but not computed in the semester or resident GPA)</td>
</tr>
<tr>
<td>U</td>
<td>Unsatisfactory; equivalent to a C- or below (no credits; not computed in the semester or resident GPA)</td>
</tr>
<tr>
<td>IN</td>
<td>Incomplete (no grade points; not computed in the semester or resident GPA)</td>
</tr>
<tr>
<td>W</td>
<td>Official withdrawal</td>
</tr>
<tr>

<td>D</td>
<td>1.00</td>
</tr>
<tr>
<td>D-</td>
<td>0.67</td>
</tr>
<tr>
<td>F</td>
<td>0.00</td>
</tr>
</tbody>
</table>

These grade point values, when multiplied by the number of course credits, give the total number of grade points earned for that particular course. In a three-credit course, for example, a grade of C yields six grade points; a grade of B yields nine; and a grade of A yields 12. The GPA is always truncated to include the two digits after the decimal point. The GPA is not rounded up based on any number from the third digit after the decimal point (if shown).

Resident Grade Point Average. The resident GPA of a student is found by dividing the total number of grade points earned at UW-Eau Claire by the total number of credits attempted. The semester GPA is computed in the same way, using only the grade points earned and the credits attempted during that semester. In computing GPAs, the following are not counted as credits attempted: courses for which S, U, W, or V is received; courses which carry no credit toward graduation (except MATH 10 and MATH 20); repetitions of courses which are eligible for a grade replacement (see Repeating Courses); See also Grade Point Requirements under University Graduation Requirements.

Upon Degree Completion. Upon the completion of a degree the GPA is final and is associated with that degree. Any credits earned after the award of a degree is calculated as its own GPA and is not included with the previous degree’s GPA.

Incompletes

An incomplete (IN) is a temporary mark which may be granted when, for reasons acceptable to the instructor, a student has been unable to complete a portion of a course in the normal time period. Both the final grade, and the fact that an incomplete had been assigned and removed will appear on the record.

Procedures. It is the student’s responsibility to initiate a request for an incomplete with the instructor. If the request is approved, the instructor will indicate the conditions for the removal of the incomplete, including the date for submitting all work due, so that it may be evaluated before the reporting deadline. The instructor will submit the incomplete to the Registrar’s Unit, as well as a grade to be recorded as the permanent grade for the course in case the incomplete is not removed.

Removal of Incompletes. An incomplete is removed when the student submits all work due and the instructor reports a new grade for the course. The deadline for the instructor to report the removal of an incomplete is the end of the tenth week of classes of the first regular semester following the granting of the incomplete, regardless of whether the student is enrolled in the University at that time.

If the incomplete has not been removed by the reporting deadline, the default grade submitted with the incomplete will be recorded as permanent unless the instructor authorizes the continuation of the incomplete. If a continued incomplete has not been removed by the reporting deadline (end of the tenth week of classes) in the next semester, it will be replaced by the default grade.

NOTE: The mark of IN (incomplete) is not a course grade. An excessive number of incompletes may affect both the academic standing of students (see Good Academic Standing) and their eligibility for certain types of financial aid.

Progress and Grade Reports

Faculty policy provides that students shall be informed of their progress in the courses for which they are registered. In freshman-level courses, tests, or other means of evaluation should be expected early in the semester (usually at the conclusion of the first four weeks).

Mid-semester Progress Reports. Freshman students will be able to view mid-semester grade reports from each of their instructors, whatever the level of the course. Other students may individually request and receive from each instructor an indication of the general quality of their course work at mid-semester.

Semester Grade Reports. At the conclusion of each term, final grades and academic standing can be viewed on CampS (https://my.uwec.edu).
Academic Distinction
At the conclusion of each term, after grades have been recorded, the Provost/Vice Chancellor awards Academic Distinction, which is reflected on the unofficial transcript.

Full-time students who meet the following criteria are eligible:

1. complete the semester in good academic standing,
2. complete 12 or more credits during the semester, and
3. earn both a semester and resident GPA of 3.20 or higher.

Part-time students who meet the following criteria are also eligible:

1. initially register as part-time students (six to 11 enrolled credits),
2. complete the semester in good academic standing,
3. complete six to 11 credits during the semester, and
4. earn both a semester and resident GPA of 3.20 or higher.

Each college also maintains its own Dean’s List. See the applicable college area for an explanation of Dean’s List criteria.

Final Examinations
Examination week is part of the regular academic semester, and all classes are required to meet as shown in the final examination schedule. Examination schedules are available on the Blugold Central’s website (https://www.uwec.edu/blugold-central/academic-planning/final-common-exam-schedules/) and in CampS. For short courses, including Winterim and Summer, examinations are usually given at the last scheduled meeting of the class. Each course offered for credit is concluded with a final examination, unless the instructor determines that some other method of evaluation is more appropriate to the objectives of the course.

No student will be permitted to reschedule a final examination, unless there are extraordinary circumstances over which the student has no control (e.g. hospitalization or military obligation). Verification of the circumstances must be furnished by the student. A student with three or more examinations scheduled for one day may request the change of an individual examination time. Changes are not allowed for reasons such as an already purchased plane ticket, leaving campus early, a family vacation, or conflict with employment; unless such work commitment existed prior to the publication of the examination schedule.

A request for a change in the time of an individual final examination must be approved by the instructor, the department chair, and the assistant/associate dean of the college in which the course is offered. Make-up examinations must be scheduled during finals week or later and must be arranged by the student with the instructor.

Transcripts
An official transcript of a student’s record will be issued by the Registrar’s office per the student’s online request. No transcripts are released (except when requested by advisers or administrative officers within the University) without the permission of the student. An official transcript cannot be issued until all admission and financial obligations to the University have been met in full.

Unofficial transcripts are available to students for advising purposes and for applying for admission to professional programs. Students may also receive a degree audit report, which is a report of a student’s progress toward fulfilling degree requirements. All documents are available via CampS (https://my.uwec.edu/psp/CS90PRD/EMPLOYEE/HRMS/?cmd=login).

Credit by Examination
Overview
A student must be actively enrolled in a degree seeking program at UW-Eau Claire or UW-Eau Claire Barron County in order to be awarded credit through examination.

Advanced Placement Program
Students who achieve a minimum score of three (3) on any of the advanced placement examinations will receive at least three credits in the appropriate liberal education category. In addition, some academic departments have approved granting specific credit. (NOTE: Course equivalencies are subject to change. Students receive the course equivalency in effect when they matriculate.) Rather than a letter grade, students receive a mark of “CP.” For prerequisite purposes this is equivalent to “a grade of C or above.” Departments may restrict the total number of credits earned by examination applicable toward their majors and minors. In no case may more than half the requirements for a major or minor be fulfilled by means of examination for credit. For current exams and credits granted see the UW Help site (https://uwhelp.wisconsin.edu/prep-for-college/credits/testing-ap-ib/). For information on sending scores to UW-Eau Claire see Academic Testing (https://www.uwec.edu/academics/academic-support/advising/testing/credit-by-exam/advanced-placement/).

International Baccalaureate Examinations
The University grants credit for a score of four (4) or higher on all Higher Level International Baccalaureate examinations. Students receive the course equivalency in effect when they matriculate. Rather than a letter grade, students receive a mark of “CP.” For prerequisite purposes this is equivalent to “a grade of C or above”. For current equivalencies see the UW Help site (https://uwhelp.wisconsin.edu/prep-for-college/credits/testing-ap-ib/) or contact Academic Testing (https://www.uwec.edu/academics/academic-support/advising/testing/credit-by-exam/international-baccalaureate/).

College Level Examination Program (CLEP)
The University grants credit for certain examinations offered by the College Level Examination Program (CLEP). These examinations are administered nationwide. At UW-Eau Claire, they are administered by the Academic Testing Office. Students receive the course equivalency in effect when they matriculate. Rather than a letter grade, students receive a mark of “CP.” For prerequisite purposes this is equivalent to “a grade of C or above”. For current equivalencies see the Academic Testing webpage (https://www.uwec.edu/academics/academic-support/advising/testing/credit-by-exam/clep-college-level-examination-program/). CLEP exams fall into the following two categories:

CLEP General Examinations
The University awards credit for a satisfactory/passing score on the general examinations in Humanities, Natural Sciences, and Social Science/History, which will satisfy one experience in the appropriate LE outcome.

General Examinations should be taken before the student has completed initial enrollment in the University. They must be taken by the time the student has completed 15 semester credits of college work and before enrollment in any courses in the area to be tested. Exceptions to this rule may be made for older students with unique backgrounds. Requests for these exceptions should be directed to the Dean of the College of Arts and Sciences.

CLEP Subject Examinations
The University accepts certain subject examinations. Subject (course equivalent) examinations should be taken before a student has enrolled in the equivalent course or in any higher level course for which it is a prerequisite. With departmental permission, however, the student may take an examination
for a course in which he/she is enrolled provided it is taken before the end of the first week of classes. Examinations for credit may not be used to repeat courses already attempted at or transferred to UW-Eau Claire.

**DANTES**

The University accepts certain DANTES examinations. A score calculated as a "B-Grade Equivalent" or better on the exam will be awarded credit. Students receive the course equivalency in effect when they matriculate. Rather than a letter grade, students receive a mark of "CP." For prerequisite purposes this is equivalent to "a grade of C or above." Course equivalent examinations should be taken before a student has enrolled in the equivalent course or in any higher level course for which it is a prerequisite. Examinations for credit may not be used to repeat courses already attempted at or transferred to UW-Eau Claire. For current equivalencies see the Academic Testing webpage (https://www.uwec.edu/academics/academic-support/advising/testing/dantes-subject-standardized-test-dsst/).

**Departmental Examinations**

Certain departments offer departmentally based examinations for credit. Departments may limit the courses available for credit by examination. Departmental examinations may be taken for a grade or S/U. Departmental examinations should be taken before the student has enrolled in the equivalent course or in any higher level course for which it is a prerequisite. With departmental permission, however, the student may take an examination for a course in which he/she is enrolled provided it is taken before the end of the first week of classes. Examinations for credit may not be used to repeat courses already attempted at or transferred to UW-Eau Claire.

For information about application procedures and fees, the student should consult with the chair of the department offering the course.
Baccalaureate Degrees

All candidates for baccalaureate degrees must meet the minimum requirements summarized below. For the specific requirements of each College and each curriculum, consult the appropriate section of this catalog.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate
University of Wisconsin-Eau Claire | 2022-2023 Catalog

will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**Liberal Education Outcomes**

The Liberal Education Core is designed to develop in students the skills, knowledge and values they will need to engage with highly diverse communities in a global society. Through the liberal education core, UWEC hopes to foster in every student the ability to think with intellectual rigor, creativity, and independence, to integrate and apply their knowledge, and to act as humane, thoughtful leaders in the community, the workplace, and the world of ideas. By beginning with the liberal education core and working toward its learning outcomes, students establish a strong, broad foundation around which they will build a rich baccalaureate program. Students can complete the liberal education core requirements both by taking courses and by engaging in out-of-the-classroom learning experiences.

Note: A learning experience comprises specific combinations of learning resources, tools, and activities guided by pedagogical models through which one can identify, to a certain extent, what one has learned. Learning experiences that fulfill students’ liberal education core requirements include both courses and non-course activities. Examples include traditional classroom instruction as well as out-of-the-classroom engagements such as First-Year Seminars and Experiences, Living-Learning Communities, Student-Faculty Collaborative Research, Study and Research Abroad, and Service-Learning.

**Knowledge Goal:**

Build knowledge and awareness of diverse peoples and cultures and of the natural and physical world through the study of arts, histories, humanities, languages, mathematics, sciences and technologies, and social sciences.

**Knowledge 1 (K1) Natural Sciences:** Describe and evaluate models of the natural and physical world through collection and scientific analysis of data, and through the use of mathematical or computational methods. Two learning experiences required. One experience in laboratory science must be selected from either Knowledge 1 or Knowledge 2.

**Knowledge 2 (K2) Social Sciences:** Use knowledge, theories, methods, and historical perspectives appropriate to the social sciences to explain and evaluate human behavior and social institutions. Two learning experiences required. One experience in laboratory science must be selected from either Knowledge 1 or Knowledge 2.

**Knowledge 3 (K3) Humanities:** Use knowledge, historical perspectives, analysis, interpretation, critical evaluation, and the standards of evidence appropriate to the humanities to address problems and explore questions. Two learning experiences required.

**Knowledge 4 (K4) Fine Arts:** Use knowledge, historical perspectives, theories, or methods appropriate to the arts to describe their context, function and impact. One learning experience required.

**Skills Goal:**

Develop intellectual and practical skills, including, for example, inquiry and analysis, critical and creative thinking, written and oral communication, quantitative literacy, information literacy, and teamwork and problem solving.

**Skills 1 (S1) Written and Oral Communication:** Write, read, speak, and listen effectively in various contexts using a variety of means including appropriate information sources and technologies. Two learning experiences required, one of which must meet the University Writing Requirement.

**Skills 2 (S2) Mathematics:** Use mathematical, computational, statistical, or formal reasoning to solve problems, draw inferences, and determine the validity of stated claims. One learning experience required to meet the University Mathematics Requirement. Students are encouraged to satisfy this requirement by the end of the sophomore year.

**Skills 3 (S3) Creativity:** Create original work, perform original work, or interpret the work of others. One learning experience required, which could be satisfied within a major.

**Responsibility Goal:**

Apply personal and social responsibility for active citizenship and develop skills needed to thrive in a pluralistic and globally interdependent world.
Responsibility 1 (R1) Equity, Diversity, and Inclusivity: Use critical and analytical skills to evaluate assumptions and challenge existing structures in ways that respect diversity and foster equity and inclusivity. Two learning experiences required, one of which must satisfy the UW System Design for Diversity requirement.

Responsibility 2 (R2) Global Perspectives: Evaluate the impact of systems, institutions and issues in local and global contexts and across cultures. One learning experience required.

Responsibility 3 (R3) Civic and Environmental Issues: Use critical and creative thinking to address civic, social, and environmental challenges. One learning experience required.

Integration Goal:
Integrate learning across courses and disciplines, and between campus and community life.

Integration (I1) Integration: Apply knowledge, skills or responsibilities gained in one academic or experiential context to other contexts. Two learning experiences required, one of which could be satisfied within a major.

Service-Learning Goal:
Students will demonstrate learning through service to their community by applying skills and knowledge gained through university coursework and/or experiences.

30 hours are required to complete Service-Learning.

University Writing Requirement
Students satisfy the University Writing Requirement in one of four ways:

• completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102, WRIT 114, WRIT 116, WRIT 118, or WRIT 120) with a grade of C (not C-) or above
• achieving a suitable score on the English Placement Test (https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/) (WPT ENGL)
• achieving a suitable score on an exam such as the Advanced Placement English Language and Composition or Advanced Placement English Language and Composition exams
• achieving a suitable score on the University Writing Program Portfolio.

All students are encouraged to satisfy the University Writing Requirement before the completion of the sophomore year.

University Mathematics Requirement
Students satisfy the University Mathematics Requirement in one of four ways:

• completing an approved university-level mathematics course (S2 (http://catalog.uwec.edu/undergraduate/attribute-S2/)) with a grade of C (not C-) or above
• achieving a suitable score on the UW Math Placement Test (https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/)
• achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
• achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

All students are encouraged to satisfy the University Mathematics Requirement before the completion of the sophomore year.

Design for Diversity
Two learning experiences are required to fulfill the Responsibility 1 Outcome (R1): Equity, Diversity, and Inclusivity requirement. One three credit learning experience must address one or more of the following groups: African Americans, Hispanic Americans, American Indians, and/or Asian Americans, in order to fulfill the UW System Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/) requirement. Some Colleges have identified specific courses that fulfill the requirement for their majors. Students should consult with their advisors for details.

Service-Learning
All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills and become informed, active, and responsible citizens.

A Service-Learning Guidebook is available on the Service-Learning (https://www.uwec.edu/service-learning/) website, which outlines the UW-Eau Claire service-learning mission and graduation requirement, and describes the procedures for completion of the requirement. This information is provided to assist students, faculty/staff members, and community project supervisors in designing and undertaking projects that provide both rich experiences for UW-Eau Claire students and substantial benefits for the community.

Students can meet the service-learning requirements in one of three ways:

Non-credit Option: A student may fulfill the service-learning requirement—without receiving course credit—through work with an on-campus group or off-campus community organization. To fulfill the requirement under this option, students must work with the Center for Service-Learning by filling out an online application. Students may complete projects in the Eau Claire area or elsewhere, individually or in groups, and during the academic year or over break periods. Projects sponsored by local organizations (“community partners”) are posted on the Center for Service-Learning website. Students may also devise their own projects. The Center for Service-Learning must approve a noncredit option project before the student begins the project.

A student pursuing a noncredit option must work with:

1. A community partner supervisor who approves the student’s service-learning project proposal, provides orientation and training for the student’s project and fills out an evaluation at the end of the student’s service hours.
2. A faculty or academic staff mentor who also approves the student’s service-learning project proposal, helps establish learning objectives, and assists the student in attaining those objectives. The mentor also facilitates the student’s reflection upon completion of the project, and certifies the student has met the service-learning requirement.

Military Service: Students in active military service or with an honorable or general discharge from military service are presumed to have met the service-learning graduation requirement. Evidence of military service is provided to the Veterans and Military Education Benefits Office in Blugold Central through a copy of a D.D. 214, D.D. 220, or a transcript from the ACE registry.

Credit Option (http://catalog.uwec.edu/undergraduate/attribute-SL/):

Academic Major: Students in some majors (such as education, nursing and social work) will fulfill the service-learning requirement through
course work required for their major. Students should consult their advisors to determine if this option applies to them.

**Selected Course:** A student may complete a course designated in this catalog or the current Class Schedule as satisfying one-half (15 hours) or the full (30 hours) service-learning requirement. In some courses, the service-learning activity may be optional.

Students seeking more information about the service-learning requirement should consult their advisors or contact the Center for Service-Learning.

**Academic Concentrations**
Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

Acceptable academic program combinations will be determined at the college level.

A student who elects to pursue any combination of majors, minors and/or certificates beyond the minimum required, should be aware of the UW System policy whereby credits earned beyond 165 (or 30 credits beyond the total required for a program, whichever is higher) will be assessed at a higher level of tuition.

A student may present for graduation only those majors, minors, and/or certificates authorized by the faculty of the College in which the degree program is offered. Any deviation from published requirements in any curriculum must have written approval of the Associate Dean of the College from which the student is to be graduated.

**Grade Point Requirements**
Eligibility for graduation is based upon two GPAs, resident and total:

- **Resident GPA:** The GPA computed on all UW-Eau Claire course work.
- **Total GPA:** The GPA computed on all UW-Eau Claire course work and all transferable course work taken elsewhere.

The Resident and Total GPAs are identical for the student who has completed all course work at UW-Eau Claire. In both computations, GPAs must meet all minimum standards.

A minimum total GPA of 2.00 and a minimum resident GPA of 2.00 is required for graduation from all curricula. Individual Colleges may set higher grade point requirements. These are published, as appropriate, in the College sections of this catalog.

**Major, Minor, Certificate.** Minimum resident and total GPAs of 2.00 are required in the major, minor and certificate. Colleges of the University may set specific requirements for GPAs in their majors, minors, and certificates. Colleges may also require that GPAs in the major, minor, and certificate be computed on all applicable courses attempted by the student in the respective areas.

**University Residency Requirements**
Resident credit is earned by enrolling in UW-Eau Claire courses, both on and off campus.

**Minimum total.** Residence of one year (30 semester credits) is required of all candidates for baccalaureate degrees.

**Senior year.** Twenty-three of the last 30 credits prior to graduation from any curriculum must be earned in residence unless special arrangements have been made by petition to the Associate Dean of the College.

**Major.** At least 12 credits of the upper-division work (300- to 400-level courses) required in a standard major, and 21 in a comprehensive major, must be taken in residence.

**Certificate.** At least 25 percent of the credits applied to the certificate program requirements must be taken in residence.

Credits earned through the National Student Exchange Program, the Health Care practicum, internships, study abroad opportunities, and UW-Eau Claire Internet courses are counted as resident credits.

**Admission to a College or Program**
Admission to the University does not necessarily constitute admission to a particular College or to a degree curriculum offered by a College. Each of the Colleges may set specific admission requirements and procedures, which will be found in the appropriate section of this catalog. As one step toward their degrees, students must be admitted to the College and/or program from which they expect to graduate.

**Graduation Application for Graduation**
Each candidate for a baccalaureate degree must apply for graduation via CampS (https://my.uwec.edu) by the end of the first week of undergraduate priority registration for the semester of intended graduation. Failure to apply for graduation on time may result in the postponement of graduation. Although only two commencement ceremonies are held—May and December, students may graduate in May, August, December, or January.

Please note that UW-Eau Claire Barron County has one graduation ceremony held in May.

**Degree Planning**
Students should consult their academic advisors and develop degree plans as early as possible, so that requirements can be met without delaying graduation. A student may view a Degree Audit at any time on CampS (https://my.uwec.edu). This audit monitors the progress which the student is making toward the declared degree. The Audit is a tool designed to assist the student in course planning. Final confirmation of degree requirements is subject to department, college, and university approval.

A **Degree Audit** is not designed to serve as a contract—only to provide assistance to the student in planning. Final approval of degree requirements resides with Academic Affairs, but responsibility for meeting these requirements rests primarily upon the individual student.

**Catalog Base for Degree Plan.** In planning their degree programs, students must follow the curricular requirements of the catalog under which they entered UW-Eau Claire or upon notification to their department of a more recent catalog. Students who are absent from the University for two or more consecutive semesters must follow the catalog in effect at the time of their re-entry. Since Degree Audits are computer-generated reports applying an individual student’s enrollment history to degree requirements as stated in the catalog, any deviation from published requirements for the degree must be authorized by a waiver/substitution form signed by the student’s dean.

**NOTE:** Transfers who enter UW-Eau Claire within two consecutive semesters of leaving another institution may use the catalog in effect at UW-Eau Claire at the time they entered the prior institution; however, transfers should check with
their advisors to ensure that programs listed in the catalog they entered on are still available to students.

**Commencement Exercises**

Candidates for graduation are encouraged to attend commencement ceremonies, which are held two times during the calendar year: at the close of the fall and spring semesters of the academic year. Caps and gowns must be worn by all graduates.

In order to participate in a commencement ceremony, students must file an application for graduation and must meet at least one of the following conditions:

1. completion of all requirements for the bachelor’s or graduate degree, or
2. current enrollment in the courses necessary to complete all requirements.

Students who will complete all requirements for the degree during the first Three-Week Summer Session are August graduates, but may request permission to attend the May commencement ceremony; and students completing all requirements in August may attend the following December ceremony.

**Graduation with Distinction**

Graduation with distinction is conferred at commencement exercises upon eligible students earning a first or second baccalaureate or associate degree. Eligibility is based on both the resident and the total GPAs as defined under Grade Point Requirements. A student must earn in both computations (resident and total GPAs) the minimum GPA required at each of the three levels of distinction listed below and a minimum of 30 credits in residence to be eligible:

<table>
<thead>
<tr>
<th>Distinction</th>
<th>Minimum GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Summa Cum Laude</td>
<td>at least 3.80</td>
</tr>
<tr>
<td>Magna Cum Laude</td>
<td>at least 3.50</td>
</tr>
<tr>
<td>Cum Laude</td>
<td>at least 3.20</td>
</tr>
</tbody>
</table>

The announcement of graduation with distinction made at the commencement ceremony is based on all work completed prior to the student’s final semester; however, the actual conferral of graduation with distinction will be based on the student’s entire record, including the final semester.

**Second Baccalaureate Degree**

A graduate who has earned a baccalaureate degree from UW-Eau Claire or another accredited college or university can earn a second baccalaureate degree.

Students who are declared as a double major may not obtain a second baccalaureate degree.

Students who are seeking a second baccalaureate degree should contact the Financial Aid Office to review how this process will affect their financial aid.

It is presumed that the University liberal education core requirements are satisfied by the completion of a baccalaureate degree.

Two degrees may not be awarded in the same term.

The GPA for the second degree will be calculated based on the course work that was completed after graduation from the first baccalaureate degree.

Academic distinction for the second baccalaureate degree is computed based on the credits earned toward the completion of the second degree.

A candidate for a second baccalaureate degree from UW-Eau Claire must satisfy the following graduation requirements:

1. Be admitted to the second baccalaureate degree after completion of the first baccalaureate degree from UW-Eau Claire or another college or university;
2. Have their transcripts reviewed and their plan of study approved by the Associate Dean for the college from which they are seeking the second degree;
3. Obtain 30 credits beyond the first degree, of which at least 23 must be taken in residence;
4. Satisfy all major/minor and other degree-specific requirements of the second degree;
5. Satisfy the UW System Design for Diversity requirement.

**Completion After Graduation**

Students may, after graduating with a bachelor’s degree from the University of Wisconsin-Eau Claire, complete an additional major or minor. Students may apply for readmission to UW-Eau Claire or apply as a special student. When all course work—which must be taken at UW-Eau Claire—toward the additional major or minor program has been completed, students should contact the Registrar’s Office to initiate a review of the additional information. A statement in the memorandum area of the transcript will be added, noting the completion of such, with the date of completion.
College of Arts and Sciences

Alessander Sternfeld-Dunn—Dean (Schofield 220)
Margaret L. Cassidy, Associate Dean—Academic Affairs and Curriculum (Schofield 220)
Marc Goulet, Associate Dean—Faculty and Student Affairs (Schofield 220)

Women’s, Gender, and Sexuality Studies

Programs and courses in the College of Arts and Sciences expose students to the substance and methodology of disciplines in the humanities, arts, natural sciences, and social sciences. Our core values include providing students with opportunities to develop intellectual skills such as analysis, synthesis, critical thinking, and application; strengthen communication skills and abilities; enhance aesthetic appreciation and humanistic understanding; and develop breadth and depth of perspective about the human experience and the natural world. Such skills and attributes are essential for success in any career or profession, as well as for leading lives as engaged, informed, and productive citizens. The largest and most broadly based academic unit at the University, the College of Arts and Sciences comprises 19 departments and several interdisciplinary programs that contribute courses and experiences for students pursuing majors, minors, and certificates based in the college; extensive liberal education course work; and supporting courses for academic programs in other colleges and for pre-professional programs.

Placement and Competency Information

Placement and Competency Tests

The UW System Mathematics Placement Test and the Foreign Language Placement Tests are given during the orientation periods for new freshmen and transfers. Further information about placement or competency tests is available from the chair of the appropriate department or the Academic Testing Office (https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/).

Registration Requirements

1. All students in the College of Arts and Sciences (undeclared students, students with a declared Arts and Sciences major, or pre-professional students) must successfully complete the University Writing Requirement. This requirement should be completed by the semester in which their total semester credits will equal or surpass 60 credits.
2. All students in the College of Arts and Sciences (undeclared students, students with a declared Arts and Sciences major, or pre-professional students) must successfully complete the appropriate Mathematics Competency requirement for the baccalaureate degree program being pursued. This requirement should be completed by the semester in which their total semester credits will equal or surpass 60 credits.
3. All students who have not completed the Bachelor of Science Mathematics Competency will be considered Bachelor of Arts candidates and must demonstrate competency in a foreign language at the level of a 102 course (i.e., two semesters of college work). This requirement should be completed by the semester in which their total semester credits will equal or surpass 60 credits.
4. All students who transfer to UW-Eau Claire with 59 or fewer earned semester credit hours should meet the appropriate requirements listed in 1, 2, and 3 above as appropriate before registering for any semester or session after they have earned 60 semester credit hours including credits in progress.
5. All students who transfer to UW-Eau Claire with 60 or more earned semester credit hours and who intend to register as a student in the College of Arts and Sciences (undeclared students, students with a declared Arts and Sciences major, or pre-professional students) should meet the requirements listed in 1, 2, and 3 before registering for any semester or summer session.

Planning a Degree Program

To officially declare or change to a new major, minor, or certificate, a student must go to the Advising, Retention + Career Center (http://www.uwec.edu/connect/advising/).

All students are encouraged to obtain a new degree audit during this process. Academic and faculty advisors will be assigned as appropriate.

Joint Degrees with Professional Schools

The Board of Regents has authorized the University to grant the Bachelor of Science or Bachelor of Arts degree to students who have completed three years of residence at UW-Eau Claire and who complete the requirements for a Liberal Arts degree after transfer to a professional school. A maximum of 32 semester credits from the professional school may be applied toward the baccalaureate degree. For information, contact the College of Arts and Sciences Dean’s office (Schofield 220).

Dean’s List

At the end of each semester the University recognizes excellence in scholastic achievement by publishing the Dean’s List. Admitted undergraduate students are eligible if they meet the following criteria for the semester:

- earn a minimum of 12 credits.
- be in good academic standing.
- earn a minimum semester GPA of 3.70.
- have no courses with the following grades: Incomplete, Withdrawal, Audit, or Satisfactory/Unsatisfactory (except in courses that are offered only on the S/U grading system in which a grade of S has been earned).
- have no courses below the 100 level.
- have no repeats.
• have no professional semester courses taken in the term (ES 440, ES 441, ES 445, ES 446, ES 470, ES 471, ES 475; SEIP 470, SEIP 472, SEIP 475; UEC 470).

Dean’s List students will receive notification and congratulations from the Dean.

Special Curricular Offerings

Special Topics Courses (291, 391, 491)
Under the numbers 291, 391 and 491, several departments and interdisciplinary programs offer courses in which the topic for study may vary from semester to semester, often focusing on a contemporary issue or taking an innovative approach to a traditional subject. Students and faculty members are invited to recommend topics to appropriate departments/programs. Departments/programs provide basic course information as part of the schedule building process. Topics are announced in the Class Schedule for the semester.

Restrictions: A total of no more than nine credits in Special Topics courses (291, 391, 491) may be applied toward graduation. Special Topics courses may not be applied toward completion of the Liberal Education Core requirements. Departments/programs may further restrict the application of such credits to their majors, minors, and certificates.

Directed Studies (395, 495)
Courses numbered 395 or 495 (and MUSI 496), offered by several departments and interdisciplinary programs under various titles, are designed to permit individual students or groups of students to undertake special projects related to their educational interests and goals.

Eligibility: Registration for a Directed Studies course requires the permission of the faculty member who agrees to supervise the project and of the department/program offering the course. Any further conditions of eligibility are established by the department/program and published as part of the course description.

Restrictions: A total of no more than six credits of Directed Studies courses may be applied toward graduation. Directed Studies courses may not be applied toward completion of the Liberal Education Core requirements. Departments/programs also may restrict the application of such credits to their majors, minors, and certificates.

Procedures: Registration is initiated through an e-form found on the Registrar’s Office website (https://www.uwec.edu/Registrar/student/stuforms.htm). Approval is required by the professor directing the study and the department chair/program director. When registration has been completed, the Registrar’s Office will file a copy of the project description with the College Dean and in the student’s permanent record.

Internships and Apprenticeships
Internship or apprenticeship experiences can be a valuable component in Arts and Sciences programs. Elective courses designated either as an internship or as an apprenticeship are offered in American Indian Studies, Art, Biology, Chemistry, Communication and Journalism, Computer Science, Criminal Justice, Economics, English, Environmental Public Health, Environmental Studies, Geography, Geology, History, Languages, Latin American and Latinx Studies, Liberal Studies, Materials Science and Engineering, Mathematics, Music, Philosophy, Political Science, Psychology, Religious Studies, Sociology, Theatre Arts, and Women’s, Gender, and Sexuality Studies.

Departmental/Program Honors Programs
The Departments of Biology, Chemistry and Biochemistry, Computer Science, Economics, English, Geography and Anthropology, Geology, History, Materials Science and Biomedical Engineering, Mathematics, Music and Theatre Arts, Philosophy and Religious Studies, Physics and Astronomy, Political Science, and Sociology, as well as the Latin American and Latinx Studies Program, have established Departmental or Program Honors Programs for their majors. Majors in Criminal Justice and in Spanish (see the Department of Languages) also offer an Honors Program. See departmental/program listings or the interdisciplinary program section for requirements.

Degrees and Curricula

Bachelor of Arts (B.A.) or Bachelor of Science (B.S.)
The B.A. degree and the B.S. degree are differentiated not by the major chosen, but by specific College requirements. For the standard and comprehensive majors listed below, students may elect either the B.A. or B.S. degree.

College of Arts and Sciences Majors

Standard Majors (Liberal Arts):
American Indian Studies
Art
Biology
Chemistry
Communication
Computer Science
Economics
English
French
Geography
College of Arts and Sciences

Minors

A standard Liberal Arts minor is offered in each discipline in which a standard Liberal Arts major is available. In addition, a number of interdisciplinary minors are offered by the College of Arts and Sciences. Program descriptions are found in the College of Arts and Sciences Interdisciplinary Programs section or in the noted academic department/program section.

Ancient Studies (Interdisciplinary)
Art History (Department of Art & Design)
Criminal Justice Equity and Inclusivity (Interdisciplinary)
Environment, Society, and Culture (Public Health and Environmental Studies Program)
Environmental Science (Public Health and Environmental Studies Program)
European Studies (Interdisciplinary)
Family Studies (Interdisciplinary)
Global Studies (Interdisciplinary)
Japanese (Department of Languages)
Interdisciplinary Linguistics (Interdisciplinary)
Marine Science (Interdisciplinary)
Middle East Studies (Interdisciplinary)
Multimedia Communication (Interdisciplinary)
Neuroscience (Interdisciplinary)
Pre-Professional Health Science (Interdisciplinary)
Public Health (Public Health and Environmental Studies Program)
Spanish for Health Professions (Department of Languages)
Topical Minor (Interdisciplinary)

College of Arts and Sciences

Certificates

The College of Arts and Sciences offers a number of certificate programs. Program descriptions are found in the College of Arts and Sciences Interdisciplinary Programs section or in the noted academic department/program section.

Africana Studies (Interdisciplinary)
American Indian Studies (American Indian Studies Program)
Analytical Reasoning (Department of Philosophy and Religious Studies)
Ancient Studies (Interdisciplinary)
Anthropology (Department of Geography and Anthropology)
Arts Administration (Department of Music and Theatre Arts)
Campaign Consulting (Department of Political Science)
Chinese (Department of Languages)
Creative Writing (Department of English)
Critical Hmong Studies (Interdisciplinary)
Critical Studies in Literatures, Cultures, and Film (Department of English)
Computer Programmer (Department of Computer Science)
Dance Activities (Department of Music and Theatre Arts)
Earth Resources (Interdisciplinary)
Economics of Global Issues (Department of Economics)
Ethics (Department of Philosophy and Religious Studies)
French Proficiency (Department of Languages)
Geospatial (Department of Geography and Anthropology)
Geospatial, Geographic Information Systems (Department of Geography and Anthropology)
Geospatial, Mapping (Department of Geography and Anthropology)
Geospatial, Remote Sensing (Department of Geography and Anthropology)
German Proficiency (Department of Languages)
Global and Comparative History (Department of History)
Health Humanities (Interdisciplinary)
History of Race, Gender, and Society (Department of History)
Integrated Strategic Communication (Department of Communication and Journalism)
Interdisciplinary Linguistics (Interdisciplinary)
International Affairs (Department of Political Science)
Journalism (Department of Communication and Journalism)
LabVIEW (Department of Physics and Astronomy)
Latin American and Latinx Studies (Latin American and Latinx Studies Program)
Legal Studies (Department of Political Science)
LGBTQ Studies (Women’s, Gender, and Sexuality Studies Program)
Materials Science (Department of Materials Science and Biomedical Engineering)
Middle East Studies (Interdisciplinary)
Ojibwe Language (Department of Languages)
Organizational Communication (Department of Communication and Journalism)
Recording Arts (Department of Music and Theatre Arts)
Responsible Mining (Interdisciplinary)
Rhetorics of Science, Technology, and Culture (Department of English)
Social Advocacy and Change (Department of Communication and Journalism)
Social Diversity (Department of Sociology)
Sustainability and Climate Action (Public Health and Environmental Studies Program)
Teaching English as a Foreign Language (Interdisciplinary)
Theatre Arts (Department of Music and Theatre Arts)
Transnational Asian Studies (Interdisciplinary)
Water Resources (Interdisciplinary)
Women of Color Feminisms (Women’s, Gender, and Sexuality Studies Program)
Women’s, Gender, and Sexuality Studies (Women’s, Gender, and Sexuality Studies Program)
World History and Society: Past, Present, Future (Interdisciplinary)
World Religions (Department of Philosophy and Religious Studies)

Programs from other colleges accepted for Arts and Sciences degrees:

College of Business Majors:

All College of Business majors are accepted for Arts and Sciences degrees as second majors with the exception of Health Care Administration majors.

College of Business Minors:

Accounting
Business Administration
Business Finance
Entrepreneurship
Information Systems
International Business
Management
Marketing
Military Leadership

College of Education and Human Sciences Minors:

Gerontology-Liberal Arts
Kinesiology-Liberal Arts

Science of Coaching-Liberal Arts

Major/Minor, Major/Certificate and Major/Major Combinations in a Single Department or Program

A major and a minor, or a major and certificate, or two majors (if available), may be elected within a single department or program only in the following approved combinations:

Department/Program:

Art & Design

Art Major, Studio Emphasis (Code 020-208) and Art History Minor (Code 030-401)

English

Creative Writing Major (Code 540-204) and Critical Studies in Literatures, Cultures, and Film Minor (Code 540-409)
Creative Writing Major (Code 540-204) and Critical Studies in Literatures, Cultures, and Film Certificate (Code 540-601)
Creative Writing Major (Code 540-204) and Rhetorics of Science, Technology, and Culture Minor (Code 540-414)
Creative Writing Major (Code 540-204) and Rhetorics of Science, Technology, and Culture Certificate (Code 540-602)
Critical Studies in Literatures, Cultures, and Film Major (Code 540-212) and Creative Writing Minor (Code 540-412)
Critical Studies in Literatures, Cultures, and Film Major (Code 540-212) and Rhetorics of Science, Technology, and Culture Minor (Code 540-414)
Critical Studies in Literatures, Cultures, and Film Major (Code 540-212) and Rhetorics of Science, Technology, and Culture Certificate (Code 540-602)
Linguistics Major (Code 540-205) and Creative Writing Minor (Code 540-412)
Linguistics Major (Code 540-205) and Critical Studies in Literatures, Cultures, and Film Minor (Code 540-409)
Linguistics Major (Code 540-205) and Critical Studies in Literatures, Cultures, and Film Certificate (Code 540-601)
Linguistics Major (Code 540-205) and Rhetorics of Science, Technology, and Culture Minor (Code 540-414)
Linguistics Major (Code 540-205) and Rhetorics of Science, Technology, and Culture Certificate (Code 540-602)
Linguistics Major (Code 540-205) and Rhetorics of Science, Technology, and Culture Minor (Code 540-414)

Geography and Anthropology

Geography Major (Code 140-214) and Anthropology Certificate (Code 470-601)

Languages

Any two languages

Music and Theatre Arts

Music Major (Code 060-201) and Theatre Arts Minor (Code 601-422)
Music Major (Code 060-201) and Theatre Arts Major (Code 601-223)
Music Major (Code 060-201) and Theatre Arts Certificate (Code 601-601)
Music Major (Code 060-201) and Arts Administration Certificate (Code 060-602)
Music Major (Code 060-201) and Dance Activities Certificate (Code 605-601)
Music Major (Code 060-201) and Recording Arts Certificate (Code 061-601)
Theatre Major (Code 601-223) and Music Minor (Code 060-401)
Theatre Major (Code 601-223) and Arts Administration Certificate (Code 060-602)
Theatre Major (Code 601-223) and Dance Activities Certificate (Code 605-601)
Theatre Major (Code 601-223) and Recording Arts Certificate (Code 061-601)

**Philosophy and Religious Studies**

Philosophy Major (Code 400-200) and Religious Studies Minor (Code 411-401)
Philosophy Major (Code 400-200) and Religious Studies Major (Code 411-201)
Philosophy Major (Code 400-200) and World Religions Certificate (Code 411-601)
Religious Studies Major (Code 411-201) and Philosophy Minor (Code 400-400)
Religious Studies Major (Code 411-201) and Ethics Certificate (Code 400-601)
Religious Studies Major (Code 411-201) and Analytical Reasoning Certificate (Code 400-602)

**Public Health and Environmental Studies**

Environmental Public Health Comprehensive Major (Code 640-001) and Environment, Society, and Culture Minor (Code 489-401)
Environmental Public Health Comprehensive Major (Code 640-001) and Environmental Science Minor (Code 155-400)
Environmental Public Health Comprehensive Major (Code 640-001) and Public Health Major (Code 488-201)
Environmental Public Health Comprehensive Major (Code 640-001) and Public Health Minor (Code 488-401)
Environmental Public Health Comprehensive Major (Code 640-001) and Sustainability and Climate Action Certificate (Code 488-601)
Public Health Major (Code 488-201) and Sustainability and Climate Action Certificate (Code 488-601)

**Women’s, Gender, and Sexuality Studies**

Women’s, Gender, and Sexuality Studies Major (Code 485-201) and LGBTQ Studies Certificate (Code 485-602)

**Major/Minor, Major/Certificate and Major/Major Combinations Not Allowed.** Program combinations with too much overlapping disciplinary content (though found in different academic departments or programs) also are not allowed:

English Major, Linguistics (540-205) and Interdisciplinary Linguistics Minor (Code 570-402)
English Major, Linguistics (540-205) and Interdisciplinary Linguistics Certificate (Code 570-601)
Spanish Major, Linguistics (320-206) and Interdisciplinary Linguistics Certificate (Code 570-601)

**Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter the 114 level. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Bachelor of Liberal Studies Degree (B.L.S.)**

**Bachelor of Liberal Studies**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency...
as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Music Degree (B.M.)**

**Bachelor of Music**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.
or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in Environmental Public Health (B.S.E.P.H.)**

**Bachelor of Science in Environmental Public Health**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Science in Environmental Public Health Degree in the College of Arts and Sciences (B.S.E.P.H.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

**Associate of Arts and Sciences**

The College of Arts and Sciences offers an Associate of Arts and Sciences Degree that is delivered by UW-Eau Claire and UW-Eau Claire-Barron County faculty. Courses applied to this degree come from a variety of course prefixes and course delivery formats.

The College of Arts and Sciences, UW-Eau Claire, and UW-Eau Claire-Barron County also partner with other UW System campuses and UW Extended Campus in the delivery of the UW Collaborative Online Associate of Arts and Sciences Degree. Courses applied to this degree are offered under the UWX course prefix and are offered in an online format only.

**Associate Degrees**

- Associate of Arts and Sciences
- UW Collaborative Online Associate of Arts and Sciences

**Associate of Arts and Sciences**

The Associate of Arts and Sciences Degree certifies a student as having satisfactorily completed one-half of the number of credits required for a baccalaureate degree program and meeting certain curricular requirements.

To earn the Associate of Arts and Sciences Degree the student must:

1. Earn a minimum of 60 semester credits; 40 of these credits must apply to the Liberal Education Core.
2. Earn at least 30 semester credits, including the last 15, at UW-Eau Claire or at UW-Eau Claire—Barron County.
3. Earn a resident and total GPA of at least 2.00.
4. Count toward the degree no more than six credits earned on a Satisfactory/Unsatisfactory basis.
5. Complete the Liberal Education Core Knowledge 1, 2, and 3 Outcome Requirements.
6. Complete one Knowledge 4: Fine Arts Experience or one Skills 3: Creativity Experience.
7. Complete the University Writing Requirement. Complete a second Written and Oral Communication Experience.
8. Complete the University Mathematics Requirement.
10. Complete one Global Perspectives Experience or one Civic and Environmental Issues Experience.
12. Declare one’s intention to graduate with the Associate of Arts and Sciences Degree by contacting the UW-Eau Claire Degree Review (https://www.uwec.edu/blugold-central/academic-planning/graduation/) office.

**UW Collaborative Online Associate of Arts and Sciences**

*(Code 050-501)*

As a fully online degree program, the UW Collaborative Online Associate of Arts and Sciences (AAS) Degree provides expanded access to higher education for students across the state, country, and world. It can serve as a foundational degree for bachelor’s degree programs within and outside of the UW System.

**I. Eligibility**

- Available only to UWEC-Barron County students.

**II. General Associate of Arts and Sciences (AAS) Degree Requirements**

- Minimum of 60 credits required. At least 24 of the 60 credits must be earned in the UW Collaborative Online AAS Degree program.
- Grade point average (GPA) of at least 2.0 earned cumulatively in the UW Collaborative Online AAS Degree program, and at least a 2.0 overall GPA in credits applied to the AAS.
- The AAS general education requirements must be fulfilled.

**III. AAS Credit and Course Requirements**

**A. Distribution of Credit Requirements**
courses prepare students to live and work in diverse contexts. Courses with this degree designation focus on building cross-cultural communication, interaction, and empathy with people from diverse backgrounds and cultures.

**F. Individual, Social and Environmental Responsibility (ER)**

Courses provide the foundation for lifelong learning and the intellectual tools for engaging ethically as members of society.

**V. Depth Requirement**

The UW System Associate Degree Standards require each student to complete a “two-course sequence in which the first course provides the foundation for the second.” This requirement is fulfilled by taking a disciplinary depth sequence identified by the program. One or both courses may be transferred in from another institution.

Sets of courses in a depth sequence must meet the following criteria:

1. Both courses are at least three credits.
2. Learning from the first course lays a foundation for learning in the second course. However, the foundation course does not need to be a prerequisite for the second course.
3. The depth requirement does not include skills courses that lay a foundation for academic literacy (UWX MA091, UWX MA093, UWX EN098, UWX EN099, and UWX EN101).

Creating original designs, students will learn techniques applicable to a wide range of disciplines and practices, including but not limited to Graphic Design, Marketing, Advertising, and Video Game Design.

Attributes: CC - Critical and Creative Thinking; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX AR175 : Worlds of Art (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Introduction visual arts for the non-art major. This Ethnic Studies (ES) course will focus on art created by marginalized groups in the U.S. and their ethnic heritage. Multicultural perspectives will be explored – specifically the impact race, ethnicity, and gender identity have on artistic production, art criticism, art philosophies and aesthetics.
Attributes: HC - Knowledge of Human Cultures; ES – fulfills Ethnic Studies/ Diversity requirement; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX BL101 : Concepts of Biology (4 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
An introduction to the fundamental principles of living organisms. Topics include cell structure and function, growth, basic physiological processes of living organisms, reproduction and inheritance, classification systems, evolution, and diversity of life.
Attributes: NW - Knowledge of the Natural World
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX BL285 : Anatomy and Physiology I (4 crs)
Prerequisite: Limited to UWEC-Barron County Programs. UWX BL285 can be used as a prerequisite where BIOL 140 is required.
An introduction to the chemistry including matter and energy, atomic and molecular structure, bonding, reactions and stoichiometry, gas laws, and changes of state. This course is primarily designed for natural science, pre-health, and occupational and environmental safety majors needing two or more semesters of chemistry.
Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science requirement; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

UWX BU101 : Introduction to Business (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
A broad overview of the environment, principles, and functions of business. Students will gain an understanding of business terminology and practices essential for success in industry. Students will learn about functional areas of business such as economics, management, marketing, technology, accounting and finance.
Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX CH114 : Chemistry in the Kitchen (4 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Explores the chemistry of food at a beginning level, including structure of molecules, interactions between molecules, and how foods change in the cooking process. Labs use kitchen materials, and include measurement, phase change, denaturation, extraction, and energy studies.
Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 2

UWX CH144 : General Chemistry I Lab (1 cr)
Prerequisite: Limited to UWEC-Barron County Programs. CH144 or concurrent enrollment.
• Credit cannot be earned in both UWX CH140 and CHEM 106 (https://catalog.uwec.edu/search/?P=CHEM%20106).
• UWX CH 140 can be used as a prerequisite where CHEM 106 (https://catalog.uwec.edu/search/?P=CHEM%20106) is required.
An introduction to chemistry including matter and energy, atomic and molecular structure, bonding, reactions and stoichiometry, gas laws, and changes of state. This course is primarily designed for natural science, pre-health, and occupational and environmental safety majors needing two or more semesters of chemistry.
Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science requirement
Lecture/Discussion Hours: 0
Lab/Studio Hours: 2
changes of state. This course is primarily designed for natural science, pre-
health, and occupational and environmental safety majors needing two or
more semesters of chemistry.
Attributes: NW - Knowledge of the Natural World
Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

UWX CM101 : Introduction to Public Speaking (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
• Credit cannot be earned in both UWX CM101 and CJ 202 (https://
catalog.uwec.edu/search/?P=CJ%20202).
• UWX CM101 can be used as a prerequisite where CJ 202 (https://
catalog.uwec.edu/search/?P=CJ%20202) is required.
This course offers communication experiences intended to improve students’
public speaking and listening skills across a broad spectrum of situations
including intercultural communication, public communication, small group
communication and interpersonal communication.
Attributes: EC - Effective Communication
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX CM114 : Interpersonal Communication (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
• Credit cannot be earned in both UWX CM114 and CJ 201.
• UWX CM114 can be used as a prerequisite where CJ 201 is required.
Examines how communication works in personal relationships (e.g., friends,
romantic relationships, family). Emphasizes mastery and application of basic
concepts through extensive discussion of interpersonal goals, needs, and
wants in personal affairs to facilitate the development of knowledge, insights,
and communicative skills in dyadic, face-to-face interaction.
Attributes: EC - Effective Communication; DEPTH – combined with another
course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX CM213 : Intercultural Communication (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
• Credit cannot be earned in both UWX CM213 and CJ 301 (https://
catalog.uwec.edu/search/?P=CJ%20301).
• UWX CM213 can be used as a prerequisite where CJ 301 (https://
catalog.uwec.edu/search/?P=CJ%20301) is required.
This course introduces students to the complex relationship between
culture and communication. The role of communication and context (social,
cultural, historical) in intercultural interactions is examined through multiple
perspectives. In addition, issues surrounding theory development, such as
ethical considerations and dialogues on opposing perspectives are examined.
Attributes: IC - Intercultural Knowledge and Competence; ES – fulfills Ethnic
Studies/Diversity requirement; DEPTH – combined with another course fulfills
depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX CS130 : Introduction to Programming (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. MA116 or equivalent.
In this course, you will learn many of the fundamentals of computer
programming. These include (but are not limited to): The vocabulary of
computer programming. Algorithms, Use of computer programming to solve
problems, Fundamental control structures, and Function/Procedure-writing.
Attributes: CC - Critical and Creative Thinking
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EC203 : Macroeconomics (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. MA093.
• Credit cannot be earned in both UWX EC203 and ECON 104 (https://
catalog.uwec.edu/search/?P=ECON%20104).
• UWX EC203 can be used as a prerequisite where ECON 104 (https://
catalog.uwec.edu/search/?P=ECON%20104) is required.
The emphasis of the course is on macroeconomics analysis and covers areas
such as national income, commercial banking, business fluctuations, monetary
and fiscal policies and International Trade.
Attributes: CC - Critical and Creative Thinking; DEPTH – combined with another
course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EC204 : Microeconomics (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. UWX MA093; UWX
EN101
• Credit cannot be earned in both UWX EC204 and ECON 103.
• UWX EC204 can be used as a prerequisite where ECON 103 is required.
Microeconomics is that branch of economics which focuses on specific
problems pertaining to individual, household, firm and business behavior.
Emphasis is also placed on different market morphologies. Other aspects of the
course include the application of microeconomic techniques to issues related
to economic regulation, income distribution, international trade and pollution.
Attributes: CC - Critical and Creative Thinking; DEPTH – combined with another
course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX ED230 : Educational Psychology (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C- or above in
UWX PS101 or consent of instructor.
• Credit cannot be earned in both UWX ED230 and PSYC 260.
• UWX ED230 can be used as a prerequisite where PSYC 260 is required.
The study of child and adolescent development through the psychological
principles of teaching and learning with an emphasis on understanding the
social, emotional, physical, and intellectual development of children and
adolescents.
Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another
course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN098 : Introduction to College Writing (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
• Credit cannot be earned in both UWX EN098 and WRIT 99 (https://
catalog.uwec.edu/search/?P=WRIT%2099).
• UWX EN098 can be used as a prerequisite where WRIT 99 (https://
catalog.uwec.edu/search/?P=WRIT%2099) is required.
A composition course focusing on academic writing, the writing process, and
critical reading. Emphasis will be on essays that incorporate readings.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN101 : College Writing and Critical Reading (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in
EN098 or placement into EN101.
A composition course focusing on academic writing, the writing process, and
critical reading. Emphasis will be on essays that incorporate readings.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0
UWX EN102 : Critical Writing and Research (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in
EN101 or placement into EN102.
• Credit cannot be earned in both UWX EN102 and WRIT 116 (https://
catalog.uwec.edu/search/?P=WRT%20116).
• UWX EN102 can be used as a prerequisite where WRIT 116 (https://
catalog.uwec.edu/search/?P=WRT%20116) is required.
A composition course focusing on researched academic writing that presents
information, ideas, and arguments. Emphasis will be on the writing process,
critical thinking, and critical reading.
Attributes: EC - Effective Communication
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN203 : Creative Writing (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. EN101 or placement
into EN102.
• Credit cannot be earned in both UWX EN203 and ENGL 220 (https://
catalog.uwec.edu/search/?P=ENGL%20220).
• UWX EN203 can be used as a prerequisite where ENGL 220 (https://
catalog.uwec.edu/search/?P=ENGL%20220) is required.
In this workshop-based course, students will read creative writing and produce
their own original works. Students will share drafts of their work in process
with peers, revise their work based on feedback, and write reflectively and
analytically about their own processes and products.
Attributes: CC - Critical and Creative Thinking
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN210 : Business Communication (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
This course teaches students to effectively communicate in a variety of
business settings. Students write messages, reports, proposals, and other
professional documents. Students also plan and present an oral report.
Attributes: EC - Effective Communication; DEPTH – combined with another
course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN250 : Introduction to Literature (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. EN101 or placement
into EN102.
• Credit cannot be earned in both UWX EN250 and ENGL 150 (https://
catalog.uwec.edu/search/?P=ENGL%20150).
• UWX EN250 can be used as a prerequisite where ENGL 150 (https://
catalog.uwec.edu/search/?P=ENGL%20150) is required.
An introduction to the discipline of literary studies through its fundamental
approaches to reading, interpreting, and writing a variety of texts, ranging
from the classic to the contemporary with the goal of understanding,
appreciating, and enjoying literature.
Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with
another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX EN278 : Multicultural Literature in the United States (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. EN101 or placement
into EN102.
A study of literature written by, and expressing the perspectives of, writers
from minority groups in the United States. The course includes readings by
contemporary writers focusing on the experiences of African, Asian, Hispanic,
and Native Americans through their essays, poetry, fiction, and drama. As an
interdisciplinary course, the literature is read in the context of American history
and culture.
Attributes: IK - Intercultural Knowledge and Competence; ES – fulfills Ethnic
Studies/Diversity requirement; DEPTH – combined with another course fulfills
depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX ES105 : Introduction to Environmental Studies (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
This course presents an overview of the interrelationships between humans
and the environment. The material presented in the first part of the course
focuses on important ecological concepts. The remainder of the course deals
with human influence on the environment. The ecological concepts are used
throughout to identify, understand, and provide a basis for proposing possible
solutions to contemporary environmental problems. Overall, this course will
provide the student with a better understanding of how humans can more
positively affect the environment in which they live.
Attributes: ER - Individual, Social and Environmental Responsibility
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX FN210 : Personal Finance (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
• Credit cannot be earned in both UWX FN210 and FIN 135 (https://
catalog.uwec.edu/search/?P=FIN%20135).
• UWX FN210 can be used as a prerequisite where FIN 135 (https://
catalog.uwec.edu/search/?P=FIN%20135) is required.
Topics covered include reflection on personal priorities and values, identifying
the social and environmental impacts of our consumer culture, consumerism,
identifying important life and financial goals, principles of personal money
management and financial planning, use of credit, budgets, insurance, buying
a home, creating an estate, and providing for retirement.
Attributes: ER - Individual, Social and Environmental Responsibility; DEPTH –
combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX GE100 : Physical Geography and the Environment (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Focus on concepts and processes that explain physical systems on Earth and
the relationship between people and their natural environment. Themes in
Physical Geography include Earth/Sun relationships, weather dynamics, the
biosphere (ecology, biomes, conservation), and the lithosphere (mountain
building, rocks, rivers, glaciers).
Attributes: NW - Knowledge of the Natural World; DEPTH – combined with
another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX GE170 : Disasters--Living on the Edge (4 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Study of various environmental hazards, their causes, impacts on humans, and
mitigations. Core topics are natural hazards (earthquakes, flooding, tornadoes,
hurricanes), and anthropogenic hazards (climate change, nuclear hazards,
overpopulation). Additional topics may be covered: coastal hazards, pollution,
other atmospheric hazards, impacts from space, extinctions, biohazards,
chemical hazards, and terrorism.
Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science
requirement; DEPTH – combined with another course fulfills depth
requirement
Lecture/Discussion Hours: 3
UWX HS102 : US History Since 1877 (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
- Credit cannot be earned in both UWX GS101 and WGSS 100 (https://catalog.uwec.edu/search/?P=WGSS%20100).
- UWX GS101 can be used as a prerequisite where WGSS 100 (https://catalog.uwec.edu/search/?P=WGSS%20100) is required.

This course focuses on both historical and current ways in which women’s lives are shaped by structures of power, and on analyzing how gender works in society and in our everyday lives. Topics include feminist theory, intersectional identity, the social construction of gender, and reproductive justice.
Attributes: ER - Individual, Social and Environmental Responsibility; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX HE209 : Nutrition and Weight Management (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
- Credit cannot be earned in both UWX HE209 and BIOL 196 (https://catalog.uwec.edu/search/?P=BIOL%20196).
- UWX HE209 can be used as a prerequisite where BIOL 196 (https://catalog.uwec.edu/search/?P=BIOL%20196) is required.

Through the lens of the natural sciences, this course will examine the basic principles of nutrition, digestion, and metabolism. Students will interpret and analyze the effects of these principles on one’s diet, weight, fitness level, and overall health. Students will reflect upon the conclusions drawn from the data, with the goal of integrating healthy behaviors into their personal lifestyle.
Attributes: NW - Knowledge of the Natural World; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX MA093 : Intermediate Algebra (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA091 or placement into MA093.
- Credit cannot be earned in both UWX MA093 and MATH 20 (https://catalog.uwec.edu/search/?P=MATH%2020).
- UWX MA093 can be used as a prerequisite where MATH 20 (https://catalog.uwec.edu/search/?P=MATH%2020) is required.

Emphasizes algebraic techniques with polynomials, fractional expressions, exponents and radicals, linear and quadratic equations and inequalities. Introduction to functions, their graphs, and analytic geometry.
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX MA108 : Quantitative Reasoning (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA091 or placement into MA108.

Intended to develop analytic reasoning and the ability to solve quantitative problems. Topics include construction and interpretation of graphs, functional relationships, descriptive statistics, math of finance, and exponential growth. Appropriate use of units and dimensions, mathematical notation and available technology emphasized throughout the course.

Attributes: NW - Knowledge of the Natural World; QL – fulfills Quantitative Literacy requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX MA113 : Trigonometry (2 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA116 or placement into MA113.

- Credit cannot be earned in both UWX MA113 and MATH 113 (https://catalog.uwec.edu/search/?P=MATH%20113).
- UWX MA113 can be used as a prerequisite where MATH 113 is required.

Trigonometric functions, their basic properties and graphs, identities, inverse trigonometric functions, solving trigonometric equations, solutions of triangles.

Attributes: NW - Knowledge of the Natural World
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

UWX MA116 : College Algebra (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA093 or MA108, or placement into MA116.

- Credit cannot be earned in both UWX MA116 and MATH 109 (https://catalog.uwec.edu/search/?P=MATH%20109).
- UWX MA116 can be used as a prerequisite where MATH 109 is required.

The study of the properties of elementary functions, such as polynomial, absolute value, piecewise, radical, rational, exponential, and logarithmic functions. Topics include equations, inequalities, functions, and their graphs. Students will formulate, analyze, solve, and interpret mathematical and real-world problems. This course is intended to provide algebra skills required for calculus.

Attributes: NW - Knowledge of the Natural World; QL – fulfills Quantitative Literacy requirement; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX MA117 : Elementary Statistics (4 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA093 or MA108, or placement into MA116.

- Credit cannot be earned in both UWX MA117 and MATH 246 (https://catalog.uwec.edu/search/?P=MATH%20246).
- UWX MA117 can be used as a prerequisite where MATH 246 is required.

An introduction to statistics including the collection and analysis of data, descriptive statistics, both graphical and numerical, elementary probability, general and sampling distributions, and the fundamentals of statistical inference, including confidence intervals and hypothesis testing, simple regression, correlation, Chi-square goodness of fit and one-way ANOVA.

Attributes: NW - Knowledge of the Natural World; QL – fulfills Quantitative Literacy requirement
Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

UWX MA221 : Calculus I (5 crs)
Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA116 and MA113, or placement into MA221.

- Credit cannot be earned in both UWX MA221 and MATH 114 (https://catalog.uwec.edu/search/?P=MATH%20114).
- UWX MA221 can be used as a prerequisite where MATH 114 is required.

Based on the study of real valued functions of a single variable. Course topics include limits and continuity, derivatives, antiderivatives, definite integrals and Riemann sums. Applications of differentiation and integration also covered.

Attributes: NW - Knowledge of the Natural World; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 5
Lab/Studio Hours: 0

UWX MU278 : Rock and Roll Roots (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.

- Credit cannot be earned in both UWX MU278 and MUSI 112 (https://catalog.uwec.edu/search/?P=MUSI%20112).
- UWX MU278 can be used as a prerequisite where MUSI 112 is required.

Rock and Roll evolved from blues, jazz, gospel, and several folk musical genres. This course reveals the connections between, and fusion of, these diverse musical styles and how they influenced the nearly 70 years of Rock and Roll history.

Attributes: IK - Intercultural Knowledge and Competence; ES – fulfills Ethnic Studies/Diversity requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX PH237 : Technology, Values, and Society (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.

A philosophical investigation of technology and its relation to society and the individual. An examination of ethical issues in technology, which may include freedom, censorship, privacy, equality, democratic participation, intellectual property, education, law enforcement, institutional change, and work.

Attributes: ER - Individual, Social and Environmental Responsibility; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX PL104 : Introduction to American Government and Politics (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.

An examination how the American political system works, with emphasis on the U.S. Constitution, civil and political rights, the party system, elections, and the structure, powers, and processes of Congress, the presidency, and the courts.

Attributes: HC - Knowledge of Human Cultures
Lecture/Discussion Hours: 3
UWX SC222 : Race and Ethnicity (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
• Credit cannot be earned in both UWX SC222 and SOC 312.
• UWX SC222 can be used as a prerequisite where SOC 312 is required.

Race and ethnicity are axes of stratification, identity, and experience. They are often taken for granted or go unrecognized by some. In this course, we will address the multiple and intersecting ways these concepts shape society, individual life-chances, and daily social interactions.
Attributes: HC - Knowledge of Human Cultures; ES – fulfills Ethnic Studies/ Diversity requirement; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX SC231 : Crime and Criminal Justice (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
• Credit cannot be earned in both UWX SC231 and CRMJ 103 (https://catalog.uwec.edu/search/?P=CRMJ%20103).
• UWX SC231 can be used as a prerequisite where CRMJ 103 (https://catalog.uwec.edu/search/?P=CRMJ%20103) is required.
Examines the American systems of Criminal Law and Justice in socio-historical context. Presents the three branches of the Criminal Justice system (Law Enforcement, Courts, Corrections) and critiques them against the backdrop of five cultural philosophies of criminal justice. Explores how crime is defined and measured, and how social sciences theorize causes of crime and crime patterns.
Attributes: ER - Individual, Social and Environmental Responsibility; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0
half of the semester emphasizes the exploration of modern Latin America by region, with particular focus on how artistic, spiritual and other forms of cultural expression in each region can be understood as the result of a confluence of five centuries of indigenous, African diasporic, and Iberian/ European influence.

Attributes: HC - Knowledge of Human Cultures
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX SS310 : Media Literacy (3 crs)
Prerequisite: Limited to UWEC-Barron County Programs.
Designed to help students develop an informed, critical and practical understanding of the media. Examines examples of media messages including entertainment, commercial and social media to critically evaluate the sources and target audiences.
Attributes: CC - Critical and Creative Thinking
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX SW150 : Social Advocacy and the Social Work Experience (3 crs)
Prerequisites: Limited to UWEC-Barron County Programs.
• Credit cannot be earned in both UWX SW150 and SW 100.
• UWX SW150 can be used as a prerequisite where SW 100 is required.
Social work as a profession, and social welfare as a social institution, have been influenced by, and influence the developing American society. This course presents an overview of the problems and issues addressed within social services environments and how to advocate for social change. Students will develop an understanding of the historical progression of this social welfare policies and programs and the evolution and contribution of the social work profession within this context. We explore three critical areas: Ethical citizenship and frameworks that guide social welfare states, the role ethical frameworks play in guiding practice, and the social problems and human groups that are the focus of generalist social work practice.
Attributes: ER - Individual, Social and Environmental Responsibility
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

**Pre-Professional Programs**

Pre-professional programs help students prepare for entrance into professional degree programs. Many professional degree programs are offered only at the post-baccalaureate level, so an undergraduate degree is needed before enrolling in them. UW-Eau Claire offers a variety of academic majors that provide excellent preparation for applying to such professional programs. Students interested in these programs should select an academic major that will prepare them to compete for such programs (many are highly selective) as well as provide career alternatives. For other professional degree programs, students transfer to another higher education institution to complete the appropriate professional degree.

Pre-professional programs are not academic degree programs (that is, they are not academic majors, minors, or certificates). Instead, pre-professional programs provide an organized approach to academic advising for students intending to apply to a professional degree program. To enhance academic planning and preparation while enrolled at UW-Eau Claire, a student interested in obtaining a professional degree should:

- Work with a pre-professional advisor who can help plan an appropriate curriculum in the field of interest.
- Obtain information from other colleges/universities regarding specific academic requirements for the professional degree program of interest.

• Declare an academic major that is logically connected to the professional field, and work with an advisor in the academic major.

**Pre-Dentistry**

(Code 705-900)

Advisors: J. Anderson (Biology), J. Halfen (Chemistry), J. Lyman Gingerich (Biology).

Students should plan to spend at least three years in pre-professional work. Many pre-dentistry students complete a B.S. degree in biology or chemistry.

A typical first-year program includes:

**Code** | **Title** | **Credits**
--- | --- | ---
CHEM 105 & CHEM 106 & CHEM 109 | General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab | 9-10
CHEM 115 & CHEM 213 | Chemical Principles and Quantitative Analysis | 
BIOL 221 | Foundations of Biology I | 4
MATH 109 | Algebra for Calculus (and/or MATH 112/MATH 113, and/or MATH 114) | 4
PSYC 100 | Introduction to Psychology | 3
Completion of University Writing Requirement

**Advanced courses**

Select one of the following:

**Code** | **Title** | **Credits**
--- | --- | ---
PHYS 211 & PHYS 212 | General Physics and General Physics | 9-10
PHYS 231 & PHYS 232 | University Physics I and University Physics II | 
CHEM 325 | Organic Chemistry I with Laboratory | 4
CHEM 326 | Organic Chemistry II with Laboratory | 4

Consult an advisor for further recommendations.

**Pre-Engineering**

(Code 195-900)

Advisors:
- Chemical—S. Drucker (Chemistry).
- Civil—L. Ford (Physics and Astronomy).
- Electrical—M. Evans (Physics and Astronomy).
- General—M. Evans (Physics and Astronomy), L. Ford (Physics and Astronomy).
- Mechanical—M. Evans (Physics and Astronomy).

NOTE: High school preparation should include as much algebra, trigonometry, and advanced mathematics as possible as well as courses in chemistry and physics.
Students should plan to transfer after two years at UW-Eau Claire unless they decide to pursue the Dual Degree Engineering Emphasis in Physics or the Dual Degree Geological Engineering Emphasis in Geology.

Required freshman and sophomore courses include:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 114</td>
<td>Calculus I</td>
<td>4</td>
</tr>
<tr>
<td>MATH 215</td>
<td>Calculus II</td>
<td>4</td>
</tr>
<tr>
<td>MATH 216</td>
<td>Calculus III</td>
<td>4</td>

<td>University Physics I</td>
<td>5</td>
</tr>
<tr>
<td>PHYS 232</td>
<td>University Physics II</td>
<td>5</td>
</tr>
</tbody>
</table>

Many fields of engineering also require chemistry, statics, dynamics, differential equations, and computer programming. Students should be aware that many engineering schools require GPAs of 2.50 or higher to be admitted to the junior year. Consult a pre-engineering advisor, because specific course and grade requirements vary among engineering fields as well as among schools of engineering.

**Pre-Law**

*(Code 425-900)*

Advisors: M. Gilkison (Political Science), E. Kasper (Political Science), A. Kunz (Political Science), M. Meyer (Philosophy and Religious Studies).

Students should plan to complete a baccalaureate degree before applying for law school admission and may choose from any major program of study. Choice of major and minor fields should be done with the following information in mind, including consideration of an alternative career plan. In addition to meeting with their major advisor, students should meet with one of the Pre-law advisors early in their first semester. The American Bar Association recommends that future lawyers select a major that develops skills in reading and interpreting texts, research and writing. The skills most valued in law school are analytic and problem-solving skills and courses that challenge the student in these areas are recommended. Law school admissions are based on successful completion of the undergraduate degree and scores on the Law School Admission Test (LSAT), along with other criteria set by particular programs. Studies show that students in the following majors consistently score highly on the LSAT: Economics, Finance, History, Literature, Philosophy, Physics/Math, Political Science, and Religious Studies.

Courses which are recommended, regardless of major, are:

<table>
<thead>
<tr>

Other courses dealing with the American political system

U.S. and world history courses

Ethics courses

Students may want to consider majoring in the Legal Studies emphasis in the Political Science Comprehensive Major or creating a topical minor in pre-law. To obtain Pre-Law designation, contact the Political Science department chair. This designation is in addition to major, minor, and certificate program designations.

NOTE 1: The LSAT should be taken early in the senior year (usually September or October).

NOTE 2: In addition to LSAT scores, interviews and recommendations play an important role in law school admissions.

NOTE 3: Students may want to be involved in the Pre-Law Club student organization.

**Pre-Medicine**

*(Code 706-900)*

Advisors: J. Anderson (Biology), W. Bryant (Biology), D. Gingerich (Biology), J. Halfen (Chemistry), D. Janik (Biology).

The pre-med curriculum consists of those courses needed to meet the entrance requirements for the majority of medical schools and to prepare students to take the Medical College Admission Test. Students should plan to complete the requirements for a baccalaureate degree.

Typical first-year courses include:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 221</td>
<td>Foundations of Biology I</td>
<td>4</td>
</tr>

<td>9-10</td>
</tr>
<tr>
<td>OR CHEM 105 &amp; CHEM 106 &amp; CHEM 109</td>
<td>General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II with Lab</td>
<td></td>
</tr>
</tbody>
</table>

Required:

One or two semesters of mathematics

Completion of the University Writing Requirement

Consult an advisor for further recommendations.

NOTE 1: CHEM 105, CHEM 106, and CHEM 109 may be substituted for CHEM 115 in the biochemistry/molecular biology major, but only six of the credits will count toward the major.

NOTE 2: Students should plan to take the Medical College Admission Test (MCAT) in the late spring or early summer of the year prior to the year for which they are seeking to matriculate to medical school.

NOTE 3: Acceptance into medical schools is based on the following:

1. the student’s academic record,
2. the results of the Medical College Admission Test,
3. recommendations,
4. health-related experiences, and
5. interviews.
Pre-Optometry  
(Code 703-900)

Advisors: J. Anderson (Biology), D. Janik (Biology).

Students should plan to spend at least two years in undergraduate study; the majority of successful applicants have three or four years of college work.

A typical first-year program includes:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>

</tbody>
</table>

NOTE: The Optometry Admission Test should be taken before the semester in which the student applies for acceptance into a school of optometry.

Pre-Pharmacy  
(Code 685-900)

Advisors: S. Bailey-Hartsel (Chemistry and Biochemistry), K. Wiegel (Chemistry and Biochemistry).

The pre-pharmacy curriculum blends science and math courses with social science and humanities courses in order to prepare future pharmacists to address medical problems with the people they will serve. Most students now admitted to pharmacy schools enter with a bachelor's degree, so students should plan to choose a major to be more competitive.

A first-year program should include:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>

</tr>
</tbody>
</table>

Required:

Completion of the University Writing Requirement

The minimum course work admission requirements could be planned in two years if the student is prepared to start in CHEM 115 and MATH 114. More time should be allowed if the student starts in a lower level math course or takes the CHEM 105/CHEM 106/CHEM 109 sequence. The GPA of students admitted into pharmacy school is typically above 3.50. Pharmacy schools are increasingly emphasizing communication, leadership, and community service in their admissions criteria, so students should pace their work at UW-Eau Claire to develop strong records in both academics and community service. Experience as a pharmacy technician is also helpful. Consult an advisor for information about pharmacy school admissions requirements.

Pre-Physician Assistant  
(Code 707-900)

Advisors: J. Anderson (Biology), D. Herman (Biology), D. Janik (Biology).

Most physician assistant programs are at the graduate level (M.S.). Students should plan on completing a baccalaureate degree before applying to physician assistant graduate programs. Specific requirements for admission will vary among programs, and students are encouraged to consult the specific program catalog for these requirements.

In preparation, students should take: two semesters of chemistry, two semesters of physics, precalculus/calculus, biology courses including organismal form and function, microbiology, two semesters of anatomy and physiology, psychology courses, and a communication course. Other courses may be required.

Consult with an advisor for further recommendations and information, including information about regional program requirements.

Pre-Veterinary Medicine  
(Code 708-900)

Advisors: J. Anderson (Biology), S. Showsh (Biology).

Students should plan to spend at least three years in pre-professional work. Many students complete a B.S. degree.

A typical first-year program includes:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 221</td>
<td>Foundations of Biology I</td>
<td>4</td>
</tr>
<tr>

<tr>
<td>Consult an advisor for further recommendations.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Required:

Completion of University Writing Requirement

Consult an advisor for further recommendations.
NOTE: Most schools of veterinary medicine require experience with animals, such as that gained through a farm background or working as assistant to a veterinarian, as well as the completion of the Graduate Record Examination.

**Interdisciplinary Programs**

**Interdisciplinary Curricula**

A number of interdisciplinary academic programs, majors, minors and certificates, i.e., those that cross disciplines, are housed in the College of Arts and Sciences or affiliated with the College. All represent collaborative efforts to provide course work across and study of interconnections between multiple fields. The curriculum is delivered in a variety of ways. Often, faculty contribute disciplinary courses to interdisciplinary major, minor or certificate requirements and electives. Disciplinary courses may be cross-listed with an interdisciplinary prefix to highlight the contributions of the various fields. In other instances, faculty teach interdisciplinary courses exclusively or partially for the interdisciplinary program. Those with partial assignments in the interdisciplinary program also teach disciplinary courses for a “home” department. Interdisciplinary academic programs in the College of Arts and Sciences are listed alphabetically with Arts and Sciences departments.

Inquiries about the interdisciplinary majors, minors, and certificates included in this section may be directed to the identified advisor(s) or academic department/program, or the College of Arts and Sciences. Information regarding the following interdisciplinary comprehensive majors can be found in the noted departmental sections: Actuarial Science—Department of Mathematics; Chemistry with Business—Department of Chemistry and Biochemistry; Geospatial Analysis and Technology—Department of Geography and Anthropology.

**Majors**

- Comprehensive Major: Biochemistry/Molecular Biology, Liberal Arts - B.A./B.S.
- Comprehensive Major: Bioinformatics, Liberal Arts - B.A./B.S.
- Comprehensive Major: Criminal Justice, Liberal Arts - B.A./B.S.
- Comprehensive Major: Liberal Studies, Liberal Arts - B.L.S.
- Comprehensive Major: Neuroscience, Liberal Arts - B.A./B.S.

**Minors**

- Minor: Ancient Studies, Liberal Arts
- Minor: Criminal Justice Equity and Inclusivity, Liberal Arts
- Minor: European Studies, Liberal Arts
- Minor: Family Studies, Liberal Arts
- Minor: Global Studies, Liberal Arts
- Minor: Interdisciplinary Linguistics, Liberal Arts
- Minor: Marine Science, Liberal Arts
- Minor: Middle East Studies, Liberal Arts
- Minor: Multimedia Communication, Liberal Arts
- Minor: Neuroscience, Liberal Arts
- Minor: Pre-Professional Health Science, Liberal Arts
- Minor: Topical Minor, Liberal Arts

**Certificates**

- Certificate: Africana Studies
- Certificate: Ancient Studies
- Certificate: Critical Hmong Studies
- Certificate: Earth Resources
- Certificate: Health Humanities
- Certificate: Interdisciplinary Linguistics
- Certificate: Middle East Linguistics
- Certificate: Responsible Mining
- Certificate: Teaching English as a Foreign Language
- Certificate: Transnational Asian Studies
- Certificate: Water Resources

**Africana Studies, Certificate**

*(Code 380-631)*

Advisor: S. Ducksworth-Lawton (History).

The Certificate in Africana Studies is designed for all students interested in deepening their knowledge of African, African diasporic and especially African-American lives. Through this program of study students will critically examine the major historical events that have created and shaped the African diaspora. They will also analyze the experiences and cultural products of people of African descent, as well as contemporary issues faced by African-Americans.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate social, cultural, and political knowledge of major events, experiences, and cultural products of people of African descent.
- Critically examine the major historical events that have created and shaped the African diaspora, particularly blacks in the United States.
- Analyze contemporary issues faced by people of African descent in the United States.

Ancient Studies, Certificate

(Code 310-601)

Advisor: M. Waters (Languages).

This certificate is designed for undergraduate students with an interest in Ancient Studies. It is particularly geared toward students for whom a deeper understanding of the societies and cultures of the ancient world—foundational within a humanistic education—will complement and enhance their major area of study and/or future careers.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of or viewpoints on past civilizations and cultures.
- Incorporate and assess evidence from archaeological remains; documents and inscriptions; sculpture, painting, and architecture; theory and literary patterns; and/or historical developments of these phenomena.

Ancient Studies, Minor

Liberal Arts (Code 310-401)

Advisor: M. Waters (Languages).

The minor in Ancient Studies touches upon almost every field of human inquiry: language, literature, history, politics, religion, medicine, and science, to note only a few of the broader disciplines. Students taking courses to fulfill this minor will pursue the following specific goals:

1. to enhance their appreciation and understanding of ancient languages, cultures, and their own heritage;
2. to develop students’ critical thinking abilities via language acquisition (study of grammar, translation, and interpretation), text analysis, historical perspective, and study of the influence of ancient civilizations upon subsequent periods;
3. to pursue an option within the undergraduate experience which allows one to explore in a systematic way the fundamental building blocks and materials of a liberal education and, thereby, highlight UW-Eau Claire’s goals as a liberal arts institution;
4. to develop an interdisciplinary approach to these fields of study and to discover, by study of their origins, an apprehension of the underlying reasons and methods of discourse and institutions of the western world;
5. to see ourselves in perspective, to become more enlightened citizens, and to think more deeply about the human condition and important issues in our lives—based on the bedrock of the earliest approaches, which impacted all subsequent ones, to such questions.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of or viewpoints on past civilizations and cultures.
- Incorporate and assess evidence from archaeological remains; documents and inscriptions; sculpture, painting, and architecture; theory and literary patterns; and/or historical developments of these phenomena.
Select one of the following:

LAT 101 & LAT 102
Beginning Latin and Beginning Latin

OR

GRK 101 & GRK 102
Beginning Classical Greek and Beginning Classical Greek

Elective Courses
Select sixteen credits from the following list with at least two courses from each category below and a minimum of nine credits at the 300 or 400 level.

Total Credits 24

</tbody>
</table>

Up to three credits of Directed Studies or Independent Study for projects focusing on ancient studies may be applied to either category of the minor, with approval from the minor advisor.

1. Destination and format of course, as applicable to this minor, are subject to approval of the minor advisor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- analyze diverse experiences of, or viewpoints from, past events or historical developments.
- recognize continuity and change over time and describe their consequences.
- construct argumentation that explains how the culture and traditions of ancient civilizations can inform the present.
- evaluate credibility, position, or perspective from various types of sources: text, image, and form.
- compare and connect regional and global civilizations, past to present.
- connect and integrate study of ancient civilizations with other disciplines.

Biochemistry/Molecular Biology, Comprehensive Major

Liberal Arts (Code 090-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL or contact the UW-Eau Claire
Admissions Office for information about the current transfer policy.

**USAIF Credit.** UW-Eau Claire will accept up to 32 semester credits for work
done through the United States Armed Forces Institute, under the provision for
non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may
count toward graduation no more than one credit of KINS 110-184 courses.
Students may count toward graduation no more than four credits earned
in any single activity course and no more than 12 credits resulting from any
combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following:
Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory
Registration; Transfer of Credits. College or departmental restrictions may also
be placed on Independent Study (399-499 courses), Directed Study (395-495),
and other types of credits.

**APPLICABILITY OF CREDITS TOWARD GRADUATION**

**Liberal Education Core**
The University of Wisconsin-Eau Claire measures learning outcomes to ensure
that its graduates have achieved a liberal education and prepared themselves
to contribute to a complex society. Upon graduation, each undergraduate
will have met the five learning goals of our liberal education core and the 12
learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 090-001)

Advisors: J. Anderson (Biology), D. Gingerich (Biology), S. Hati (Chemistry), S. Bailey-Hartsel (Chemistry), J. Lyman Gingerich (Biology), S. Showsh (Biology), T. Yang (Chemistry).

The Biochemistry/Molecular Biology major prepares students for entry-level employment opportunities in research and development in industrial and government laboratories as well as graduate programs in molecular biology, genetics, pharmacology, biochemistry and related fields (see NOTE 2 below). This program also provides effective preparation for admission to professional schools in medicine, osteopathy, pharmacy, and dentistry. Biochemistry/Molecular Biology majors are eligible to apply for Departmental Honors in Biology or Chemistry and Biochemistry (see each department page for criteria).

Note 1: CHEM 105, CHEM 106, and CHEM 109 may be substituted for CHEM 115, but only six of the credits count toward the major.

Note 2: CHEM 433 (CHEM 434 optional) may be substituted for CHEM 406 (MATH 215 and PHYS 231, PHYS 232 required if CHEM 433 (CHEM 434) is taken.) This substitution is strongly recommended for students considering doctoral study in biophysics or physical biochemistry.
Note 3: Students are also encouraged to seek out a collaborative research experience or do independent study (BIOL 399, BIOL 499, CHEM 399, CHEM 497, or CHEM 499) in addition to their formal course work.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of foundational biological principles in the areas of information flow, exchange, and storage, pathways and transformations of energy and matter, structure and function, and systems and evolution.
- Apply the process of science.
- Communicate and collaborate and to recognize the interdisciplinary nature of science.
- Use quantitative reasoning, models and/or simulation.
- Understand the relationship between science and society.

**Sample Degree Plans**

**Biochemistry/Molecular Biology, Comprehensive Major, B.S. - (Starting in CHEM 115)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R1, and LE-I2 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits.
a. CHEM 105, CHEM 106 (K1) and CHEM 109 may be taken in place of CHEM 115, but only 6 of the 9 credits will count towards the major.

b. Prerequisites: MATH 109 or placement into math course above MATH 109: CHEM 105 and CHEM 106, or CHEM 115, or concurrent enrollment.

c. Students interested in pursuing graduate studies in biochemistry or biophysical chemistry are encouraged to take Calculus II (MATH 215) along with substituting the calculus-based sequence, PHYS 231 and PHYS 232 for PHYS 211 and PHYS 212. These students may also want to consider substituting Physical Chemistry I (CHEM 433) for Biophysical Chemistry (CHEM 406).

d. A grade of C or above in BIOL 221

e. Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level). While students are encouraged to take additional courses in chemistry, electives can be selected from any discipline as long as the student meets the course prerequisites.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Biochemistry/Molecular Biology, Comprehensive Major, B.S. - (Starting in CHEM 105, 106, 109)
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

| a minimum of |
| 36 credits |

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 183-001)

Advisors: A. Brisbin (Mathematics), D. Gingerich (Biology), R. Gomes (Computer Science), N. Mitchell (Biology), A. Smith (Mathematics).

The comprehensive major in bioinformatics will prepare students to solve problems involving large biological data sets through interdisciplinary skills and knowledge in biology, computer science, data science, and mathematics. Through conceptual understanding and hands-on experience with real data, this program will prepare students for jobs or graduate school in bioinformatics.

A minimum of 60 semester credits, including:
**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Explain and apply core concepts in biology, computer science, and mathematics, especially as they apply to data analysis.
- Explain and apply the chemical principles that underlie biochemistry, molecular biology, and genomics.
- Use software to extract information from large databases and use that information in computer modeling and data analysis.
- Use problem-solving skills, including the ability to develop new algorithms and methods of data analysis.
- Explain and apply fundamental methods in probability and statistics to the analysis of biological datasets.
- Explain the intersection of life and information sciences, the core of shared concepts, language, and skills.
- Understand terminology used in molecular biology, genetics, evolutionary biology, information theory, and database management.
- Explain the construction of predictive mathematical models of biological systems.

---

### Sample Degree Plan

**Bioinformatics, Comprehensive Major, B.S.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**LE Core Elective- Social Science (K2), Humanities (K3) or Fine Arts (K4)** | 3 |
**Major Elective-Upper Division BIOL, CS, DS or MATH** | 4 |
**Major Elective-Upper Division BIOL, CS, DS or MATH** | 4 |
**Total** | 30 |

**Minimum total for the baccalaureate degree = 120 credits**

- a In this 4 year plan, the experiences for (K2), (K3), and (K4) are listed together. The appropriate number of experiences from each learning outcome will be required.
- b Course in development.

**Notes:**

- Must maintain a 2.0 GPA in major program.
- All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

---

### Criminal Justice Equity and Inclusivity, Minor

**Liberal Arts (Code 430-401)**

**Advisors:** J. Spraitz (Criminal Justice), M. Hsieh (Criminal Justice), J. Patchin (Criminal Justice), M. Kelly (Criminal Justice), A. Wilson (Criminal Justice).

The multidisciplinary minor in Criminal Justice Equity and Inclusivity is designed for students to analyze and critique issues of diversity, equity, and inclusion in the criminal legal system in the United States. Students will examine current and historical legal and policy decisions, the context surrounding those decisions, and the impact of those decisions. Students will identify current practices, and develop new solutions, that assist in improving diverse, equitable, and inclusive practices in the criminal legal system. This minor complements majors in all colleges at the university.

#### CRMJ Elective Requirements

Six credits from the following:

| CRMJ 325 | Victimology                                   |
| CRMJ 350 | Women and Criminal Justice                   |
| CRMJ 340 | Capital Punishment                            |
| CRMJ 319 | Police in Society                             |
| CRMJ 342 | Confinement and Corrections                   |

#### Other Elective Requirements

Six credits from the following:

| POLS/AIS 250 | American Indian Politics                     |
| POLS 312    | American Political Thought                   |
| POLS 314    | The Idea of Tolerance in the Western Political Tradition |
| POLS 350    | Group and Minority Politics                  |
| POLS/WGSS 351 | Women and Politics                          |
| POLS 353    | Afro-American Politics                       |
| POLS 406    | U.S. Constitutional Principles - Equality and Privacy |
| GEOG 444    | Legal Geographies of Race in the U.S.        |
| PHIL 280    | Philosophy of Race                           |
| SOC 312     | Race and Ethnicity in the U.S.               |
| SOC 314     | Social Class and Inequality                  |
| SOC 419     | Gender and Power                             |
| SOC 426     | Sociology of Sexualities                     |

Note: Criminal Justice majors cannot pursue the Criminal Justice Equity and Inclusivity Minor.

#### Program Learning Options

Students completing this program will be expected to meet the following learning outcomes:

- Equity, Inclusivity, and Diversity in the U.S. Criminal Justice System: Students will analyze and critique issues related to equity, diversity, and inclusivity that are inherent to the criminal justice system in the United States, they will demonstrate knowledge of why these issues exist, and identify solutions to help resolve existing problems.

- Reasons for Inequity and Lacking Inclusivity and Diversity in the U.S. Criminal Justice System: Students will explain, analyze, and critique legal and policy decisions that led to or exacerbated equity, diversity, and inclusivity issues within the U.S. system of criminal justice.

- Knowledge of U.S. Criminal Justice Systems: Students will demonstrate knowledge of criminal justice systems in the United States, including law enforcement, the courts, and corrections.

| Minimum total for graduation | 120 |
| Upper division credits (courses numbered 300 and higher) | 39 |
Liberal Education Core

36

Academic Concentrations

Grade Point Requirements

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculm.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**APPLICABILITY OF CREDITS TOWARD GRADUATION**

| Credit Restrictions |  
|---------------------|---
| Satisfactory/Unsatisfactory |  
| Total degree credit | maximum 12  
| Major, Standard | maximum 1 course  
| Major, Comprehensive | maximum 2 courses  
| Minor | maximum 1 course  
| Credit by Examination |  
| Total degree credit | maximum ¼ of total  
| Major or minor | maximum ½ of total  
| Two-Year College Credits |  
| Total degree credit | maximum 72 credits  
| Activity credit (band, chorus, drama, KINS 100-184) |  
| Total KINS 100-184 | maximum 1 credit  
| Total Band, chorus, drama | maximum 12 credits  
| Single course band, chorus, drama | maximum 4 credits  
| Extension credits |  
| UW-System | no maximum  
| Other extension/correspondence | maximum ¼ of total  
| USAFI |  
| USAFI | maximum 32 credits  

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

| Learning Goal |  
|---------------|---
| Knowledge Goal |  
| Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) | Two (2) learning experiences  
| Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) | Two (2) learning experiences  

One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)  Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)  One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)  Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)  One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)  One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)  Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)  One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)  One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)  Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13)  30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 430-001)

Advisors: J. Spraitz (Criminal Justice), M. Hsieh (Criminal Justice), J. Patchin (Criminal Justice).

The multidisciplinary criminal justice curriculum is designed to familiarize the student with the complex nature of the American criminal justice system. The study of criminal justice focuses upon the structure and functions of law enforcement, the courts, and corrections. Included is the analysis of the political, social, cultural, philosophical, and psychological forces that shape the policies, programs, and practices in the system. The liberal arts orientation of the program prepares the student for graduate-level work in criminal justice, law, and for careers at the local, state, and federal levels in law enforcement, corrections, and court related agencies.

**Criminal Justice Honors Program**

1. **Goals**
   a. To provide an enriched educational experience for subsequent graduate study, professional activity, public life, or citizenship.
   b. To encourage concentrated study in selected areas in the field of criminal justice.
   c. To stimulate and challenge exceptional students to gain a better understanding of the issues, substantive content, research and theory in criminal justice.
   d. To develop capabilities for independent thought and constructive criticism.

2. **Entrance Requirements**
   a. Eligibility: Upper-class majors with resident and total GPAs of 3.50 and resident and total GPAs of 3.50 in criminal justice major courses.
   b. Applications for the Honors Program should be made in writing to the Criminal Justice Program Coordinating Committee early in the junior year.

3. **Graduation from the University with Honors in Criminal Justice** requires maintaining resident and total GPAs of 3.50 in criminal justice major courses, and satisfactory completion of all of the following:
Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Research & Analysis: CRMJ students will be able to develop hypotheses, construct research questions, and use appropriate methods to answer them and analyze findings.
- Criminological Theory: CRMJ students will analyze core criminological theories of criminal and deviant behavior and apply them to policy and practice.
- Law Enforcement: CRMJ students will demonstrate knowledge of roles, function, and effectiveness of law enforcement agencies and practices at each level of government.
- Law & the Courts: CRMJ students will demonstrate knowledge of the nature and rule of law as well as its limits and applications in the United States as related to the functioning of state and federal court systems.
- Corrections: CRMJ students will demonstrate knowledge of roles, function, and effectiveness of correctional agencies and practices at each level of government.
- Evidence-Based Prevention: CRMJ students will analyze impact and outcome evaluations and demonstrate knowledge of best practices in crime prevention.
- Juvenile Justice: CRMJ students will demonstrate knowledge of the core tenets of the juvenile justice system in the United States.
- Oral & Written Communication: CRMJ students will be able to speak and write effectively.

Sample Degree Plan

Criminal Justice, Comprehensive Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

### Course Information

#### a. Required placement test score will determine course eligibility.

MATH 246 fulfills the Statistics requirement in the Criminal Justice curriculum.

#### c. Criminal Justice majors need to earn 21 total credits from the Criminal Justice Group Elective courses, distributed across the following: Group A – Law, Constitution, Policy Area (minimum of 6 credits); Group B – Individual, Social, Political Behavior Area (minimum of 6 credits); Group C – Intervention and Application Area (no minimum or maximum requirement); Group D – Skills Area (maximum of 6 credits).

| Group A options: ANTH 422; PHIL 120 (K3, R3); PHIL 310; POLS 305 (K2, R3); POLS 338; POLS 343; POLS 346; POLS 403; POLS 404; POLS 406; SW 100 (I1, R2); SW 383. |
| Group B options: CRMJ 325, 350, 359; POLS 329; POLS 350 (DDIV, K2, R1); POLS 353; PSYC 245; PSYC 251; PSYC 331; PSYC 332 (K2, R1); SW 309; SW 385; SW 489; SOC 312 (DDIV, R1); SOC 316 (R1); SOC 321; SOC 332; SOC 351; WMNS 310 (K3, R1). |
| Group C options: CRMJ 498 (Service Learning); PSYC 325; PSYC 346; PSYC 357; PSYC 380; SW 424. |
| Group D options: CJ 111 (DDIV, I1, R1); CJ 201 (K2, S1); CJ 202 (S1); CJ 301 (DDIV, R1, R3); GEOG 280; GEOG 335; PHIL 150. |

The following will be applied to specific categories based on content: CRMJ 291; CRMJ 395; CRMJ 397; CRMJ 399; CRMJ 491; CRMJ 499.

### Additional Information:

The Criminal Justice program has entered into an Articulation Agreement with the Chippewa Valley Technical College (CVTC) 720-hour Law Enforcement Academy. The agreement allows CRMJ majors to obtain their Wisconsin law enforcement certification during their junior or senior year and transfer up to 12 credits back to UWEC; 6 credits will go towards Elective Group C in the CRMJ Program. Majors who are interested in going into law enforcement should consider this option. You must speak with the CRMJ Program Coordinator prior to pursuing this option (Dr. Jason Spraitz – spraitjd@uwec.edu). There are limited seats in the CVTC academy and acceptance is highly competitive and not guaranteed.

#### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

#### CRMJ 498 – Criminal Justice Internship:

Completion of an internship is not required, but many students choose to do one. Students must be declared CRMJ majors and be juniors with approximately 30 credits applied to the major. Department consent is required and placement may be competitive. Note: Completion of CRMJ 498 fulfills your 30-hour Service Learning requirement and counts as a CRMJ Group C elective.

Student-Faculty Collaborative Research: Criminal Justice faculty have active research agendas and often include students on their projects. It’s recommended that you complete CRMJ 103 and CRMJ 280 before participating in research, but not required.

### Liberal Education (LE) Core Guidance

#### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

#### Additional LE Core Information

Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

**Critical Hmong Studies, Certificate**

*(Code 295-602)*

Advisor: K. Pha (Women’s, Gender, and Sexuality Studies Program)

The Critical Hmong Studies Certificate program is designed for students who have a strong interest in studying Hmong history, culture, society, language, and contemporary issues. The certificate might appeal to students who have limited opportunity to explore academic areas beyond their major discipline, or those who interact with Hmong communities on a professional basis.

The certificate consists of core and elective credits. Elements of the certificate would include (1) Hmong History; (2) Culture, Politics & Society; (3) Critical Race Theory (CRT); (4) Language and/or Electives.

</table>

Other distance learning options, in collaboration with other institutions/UW campuses when focused on Hmong Studies

Note: Courses cannot be counted in both the major and the certificate program.

**Program Learning Outcome**

Students completing this program will be expected to meet the following learning outcomes:

- Understand Hmong history, politics, and/or cultural transformations in the U.S.
- Effectively articulate how the theory of intersectionality can explain contemporary Hmong identities and social issues in a comparative manner.
- Utilize decolonizing methodologies and skills-based competency to studying and/or engaging with Hmong communities in the U.S.

**Earth Resources, Certificate**

*(Code 160-603)*

Advisor: P. Ihinger (Geology).

The Department of Geology administers an Earth Resources certificate. This certificate provides non-Geology majors with core science, policy, and communication skills to better understand complex environmental issues involving mineral and water extraction and usage. The certificate would be ideal for Business, Communication, Economics, Geography, Journalism, Political Science, and Integrated Strategic Communication: Public Relations majors, who might need to communicate with scientists, engineers, politicians, and advocacy groups about environmental issues.

</table>

Note: Students cannot pursue the Geology major and the Earth Resources certificate to meet graduate requirements for completing a first and second degree program.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:
• Explain Earth processes.
• Use mathematics and computational methods to analyze scientific and geological data.
• Read, write, and critically evaluate geological papers.
• Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
• Use analytical and quantitative methods to evaluate an environmental problem.

## European Studies, Minor

**Liberal Arts (Code 331-403)**

Advisor: P. Turner (History).

The European Studies Minor is designed:

1. to develop a multidisciplinary understanding of the peoples and cultures of Europe and its neighbors;
2. to provide a broad program for students interested in international relations; and
3. to promote the evaluation of European systems, institutions and relationships of power in a historical, political and geographical context.

**Total Credits**

24

¹ European languages applicable to the minor include French, German, Greek, Latin, Russian and Spanish. Other European languages not offered by UW-Eau Claire may count toward the minor with program advisor approval. Students may count up to 8 language credits toward the minor.

² Consult with program advisor for approved study abroad experiences.

³ Courses undertaken as part of a study abroad can also count toward the minor. Consult with program advisor.

## Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Acquire a multidisciplinary understanding of the peoples and cultures of Europe and its neighbors;
- Analyze, interpret, and evaluates European systems, institutions, and relationships of power in a historical, political, and geographical context;
- Develop an appreciation for European languages and their socio-cultural contexts.

## Family Studies, Minor

**Liberal Arts (Code 487-401)**
The interdisciplinary Family Studies Minor is designed to:

1. enhance students’ understanding of the issues and problems confronting contemporary families from sociological, developmental, psychological, historical, religious, economic, and anthropologic perspectives;
2. examine the well-being of diverse individuals and families over the lifespan including the dynamic relations within families and the interaction between families and society;
3. provide an interdisciplinary liberal arts base for students who wish to pursue graduate study and careers working to improve the lives of individuals, families and communities; and
4. provide a knowledge of family studies that will foster personal and social development of the individual student.

For advising, contact the Sociology Department.

The interdisciplinary minor in Global Studies is designed to enhance students' understanding of other languages, diverse cultures, and global issues. It provides students with the knowledge and skills that can be used in a changing and increasingly interdependent world. It also offers curricular options that allow students to pursue study abroad and internship options. By completing this minor, students should develop:

1. a historical perspective of international life, cultures, and countries;
2. an understanding of economic and financial differences that often define life in other countries and account for life experiences, education, and social development;
3. an understanding of the social and cultural differences that serve to define life in international communities;
4. an understanding of world politics and the influence of private and public organizations that are transforming power and social interactions around the world;

For advising, contact the Global Studies Coordinator.

### Code | Title | Credits
--- | --- | ---
HIST 370 | History of the Family in America | 3
PSYC 230 | Human Development | 3
SOC 316 | Sociology of Family | 3

### Required Courses

- **Category A, B, C, D Courses—one course from each category required:**
  - **A. Life Course**
    - PSYC 331 | Child Psychology |
    - PSYC 332 | Psychology of Adolescence |
    - PSYC 333 | Psychology of Adulthood and Aging |
    - PSYC 334 | Psychology of the Exceptional Child |
    - SOC 364 | Social Gerontology |
    - SW 315 | Aging and the Aged |
  - **B. Gender and Sexuality**
    - ANTH/WGSS 356 | Women in Cross-Cultural Perspective |
    - HIST/WGSS 313 | Gender, Sex, and Science in European History |
    - PSYC/WGSS 336 | Psychology of Women |
    - SOC/WGSS 202 | Sociology of Gender |
    - SOC/WGSS 419 | Gender and Power |
    - SOC 426 | Sociology of Sexualities |
    - WGSS 206 | Perspectives in LGBTQ Studies |
    - WGSS 310 | Gender and Violence |
  - **C. Micro-level: Family Relations**
    - CJ/WGSS 111 | Gender, Race, Class, and Communication: The Social Construction of Identity |
    - CJ 201 | Introduction to Interpersonal Communication |
    - or CJ 203 | Fundamentals of Human Communication |
    - CJ 312 | Communication and Gender |
    - PSYC 325 | Theories of Counseling |
    - SOC 164 | Family and Intimate Relationships |
    - SW 385 | Child Welfare |
    - SW 424 | Alcohol and Other Drug Abuse |
  - **D. Macro-level: Families and Society**
    - ECON/WGSS 337 | Women and the Labor Market |
    - ECON/WGSS 357 | Women and Economic Development |

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe issues and problems confronting contemporary families from a variety of perspectives.
- Identify the developmental changes of individuals and families over the lifespan.
- Compare family life in historical and contemporary contexts.
- Identify and explain public policy influences that affect the well-being of families.

### Global Studies, Minor

#### Liberal Arts (Code 424-400)

Advisors: A. Abootalebi (Political Science), M. DaCosta (Economics), or D. Shih (English). Students pursuing a major in the College of Business should see their major advisor for information about the Global Studies Minor.

The interdisciplinary minor in Global Studies is designed to enhance students’ understanding of other languages, diverse cultures, and global issues. It provides students with the knowledge and skills that can be used in a changing and increasingly interdependent world. It also offers curricular options that encourage participation in other international studies programs as well as study abroad and internship options. By completing this minor, students should develop:

1. a historical perspective of international life, cultures, and countries;
2. an understanding of economic and financial differences that often define life in other countries and account for life experiences, education, and social development;
3. an understanding of the social and cultural differences that serve to define life in international communities;
4. an understanding of world politics and the influence of private and public organizations that are transforming power and social interactions around the world;

**NOTE 1:** Student may not take both CJ 201 and CJ 203 for credit in the minor.

**NOTE 2:** No more than 12 credits from any course prefix may be counted toward the minor. ANTH/WGSS, CJ/WGSS, ECON/WGSS, HIST/WGSS, PSYC/WGSS, RELS/WGSS, and SOC/WGSS courses will count as ANTH, CJ, ECON, HIST, PSYC, RELS, or SOC credits, respectively, for the purpose of this limitation.

Remaining credits to be selected from courses included in Categories A, B, C, and D and/or up to 3 credits from Directed Studies, Independent Study, Internship, or Special Topics courses that focus on family issues may be applied to the minor with approval from the Family Studies Minor Coordinator.
5. an understanding of world geography by studying the production, exchange, consumption patterns, and development of international communities;
6. an understanding of foreign languages that will prepare them for study abroad experiences as well as employment in multinational companies, governmental agencies, education, social work, and health service organizations.

</table>
Note 1: A maximum of 12 credits from the student’s major can count toward the Global Studies Minor.

Note 2: It is not likely that students in majors other than Music will have the prerequisites for MUSI 303.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Communication Skills: Political Science students will be able to write and speak effectively.
- Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- Knowledge of American Politics: Political Science students will analyze political behavior, institutions, and law or policy.
- Knowledge of Political Theory: Political Science students will analyze core intellectual traditions in political thought and apply to political issues.
- Knowledge of International Relations: Political Science students will analyze the behavior of international actors and the nature of their interactions.
- Knowledge of Comparative Politics: Political Science students will analyze the political systems of states.
- Civic Responsibility: Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.
- Integration: Political Science students will connect academic knowledge to their own experiences and make connections across disciplines.
- Knowledge of World Politics Theory: Political Science World Politics students will analyze the contending theoretical explanations for state and non-state actor behavior, international conflict, and international cooperation.
- Knowledge of World Political Economy: Political Science World Politics students will analyze the contending theoretical explanations for global political-economic relations and the principal causes and solutions for global economic inequalities and underdevelopment.

Health Humanities, Certificate
(Code 380-632)

Advisor: L. Rice (History).

The Certificate in Health Humanities is an integrative and interdisciplinary program designed for all students interested in gaining a deeper understanding of illness, suffering, healing, aging, and dying as human experiences on an individual level and in community. Students will use the humanities and social sciences to explain historical and modern-day constructions of health; explore issues in humane health care; and develop skills that make them effective healthcare advocates for themselves and others: observation, analysis, communication, critical-thinking, empathy, and self-reflection.

A minimum of 15 credits, of which at least six credits must be at the 300-level or above, and no more than two courses from the same prefix.

A minimum of one approved High Impact Practice that is centered in the health humanities (internship, undergraduate research, immersion or service learning). See program advisor for approval of High Impact Practice.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Students will use the humanities and the social sciences to explain historical and modern-day constructions of health, illness and death.
- Students will demonstrate interdisciplinary preparation for humane health care through a deeper understanding of (and empathy for) impairment, illness, suffering, healing, aging, and dying as human experiences on an individual level and in community.
- Students will develop skills that make them effective healthcare advocates for themselves and others: observation, analysis, communication, critical thinking, empathy, and self-reflection.
Interdisciplinary Linguistics, Certificate
(Code 570-601)

For advising, contact the English Department.

Linguistics bridges the social sciences and humanities, applying scientific methods and perspectives to the study of language, a fundamental human behavior and social institution. The Interdisciplinary Linguistics certificate offers a focused program of study in the structure, acquisition, and/or social functions of language, drawing on theories and methodologies of one or more disciplines. The goal of the program is to enhance students’ abilities to reason about language by providing opportunities to analyze the sounds, words, sentences and/or meanings of natural language; to describe variation and change in natural language; and to form and test hypotheses about language by collecting, organizing, and analyzing linguistic data. While not in itself a professional certification, a linguistics certificate could enhance the career options of students majoring or minoring in computer science, English, languages, teaching English as a second/foreign language, elementary and secondary education, among others.

Required course:
ENGL 221 Introductory English Linguistics 3

Select nine credits of linguistics electives from the following courses:

Additional core courses may be taken as electives. ENGL 321 and ENGL 325 may be taken a second time with a different topic. Electives may also be chosen from the following:

CJ/WGSS 111 Gender, Race, Class, and Communication: The Social Construction of Identity
CJ 301 Intercultural Communication
CSD 257 Normal Communication Development
CSD 301 American Sign Language Semantics
CSD 302 American Sign Language Linguistics
CSD 311 Language Development and Disorders: Related Disciplines
CS 170 Computing for the Sciences and Mathematics
ENGL 121 Busting Language Myths
ENGL 421 Seminar in Linguistic Research
FLG 378 Second Language Acquisition Theory
FREN 325 Pronunciation
FREN 430 Environmental and Linguistic Diversity
GERM 325 The German Sound System
GERM 413 Structure of German in Contrast
PHIL 250 Symbolic Logic
PHIL 322 Philosophy of Language

Note: Students may not pursue the Interdisciplinary Linguistics certificate and the English Linguistics major or the Spanish Linguistics major as their first and second degree programs for purposes of graduation. Also, if the Interdisciplinary Linguistics certificate is a student’s second program, courses that count in the certificate may not be applied to the student’s major for purposes of graduation.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

Interdisciplinary Linguistics, Minor
Liberal Arts (Code 570-402)

For advising, contact the English Department.

The ability to communicate through language is a fundamental part of being human. What is the nature of human language? Where did it come from? How is it acquired? Researchers from fields spanning the university have attempted to answer these questions, applying the perspectives of the humanities such as languages and philosophy, the social sciences such as anthropology, psychology, and sociology, and even the natural sciences such as computer science and neuroscience. Students in the Interdisciplinary Linguistics minor will investigate the structure, acquisition, and social functions of human language by drawing on the theories and methodologies of multiple disciplines.

Core Courses - at least 8 credits from the following:

<table>

Elective Courses - at least 15 credits
Additional core courses may be taken as electives. ENGL 321 and ENGL 325 may be taken a second time with a different topic. Electives may also be chosen from the following:

CJ/WGSS 111 Gender, Race, Class, and Communication: The Social Construction of Identity
CJ 301 Intercultural Communication
CSD 257 Normal Communication Development
CSD 301 American Sign Language Semantics
CSD 302 American Sign Language Linguistics
CSD 311 Language Development and Disorders: Related Disciplines
CS 170 Computing for the Sciences and Mathematics
ENGL 121 Busting Language Myths
ENGL 421 Seminar in Linguistic Research
FLG 378 Second Language Acquisition Theory
FREN 325 Pronunciation
FREN 430 Environmental and Linguistic Diversity
GERM 325 The German Sound System
GERM 413 Structure of German in Contrast
PHIL 250 Symbolic Logic
PHIL 322 Philosophy of Language
SPAN 325  Phonetics and Pronunciation
SPAN 360  Survey of Hispanic Linguistics
SPAN/LAS 418  Spanish Sociolinguistics in Latin America/USA
SPAN 492  Seminar in Hispanic Linguistics Research

Elementary or intermediate language courses, including American Sign Language: maximum 4 credits per language and 8 credits total.

Note: A maximum 12 credits counted in the major can be counted in the minor. Students may not pair an English Linguistics major with the minor.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Analyze linguistic data to form and test hypotheses in one or more of the following areas of linguistic structure: Sounds (phonology), Words (morphology), Sentences (syntax), Meanings (semantics).
- Apply knowledge of linguistics (broadly defined) to issues relating to the use of language.
- Plan, conduct, and document linguistic (broadly defined) research using appropriate sources.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

\(^1\) Certain programs exceed this minimum.
\(^2\) See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Two-Year College Credits
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Bachelor of Liberal Studies

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Liberal Studies Degree in the College of Arts and Sciences (B.L.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).
Major Requirements

Liberal Arts (Code 370-001)

For advising, contact D. Tschida, Director of Liberal Studies, Department of Communication and Journalism.

The Liberal Studies Comprehensive Major (LSCM) provides an alternative to traditional majors. Every student majoring in Liberal Studies develops and proposes an individualized program of study that includes a primary academic theme, three interdisciplinary areas of concentration with courses that explore the primary theme, and the three required Liberal Studies core courses (LS 201, LS 301, and LS 480). Some courses in the program of study may satisfy Liberal Education requirements as well as providing credit toward the Liberal Studies major.

Through this structure, the Liberal Studies major offers students an opportunity to connect several areas of academic interest that are not located in any single discipline or major. Students in Liberal Studies have a unique opportunity to benefit from coursework in departments across the university and to build an educational experience that is highly relevant to their professional and personal goals. Liberal Studies majors will also be encouraged to take advantage of UW-Eau Claire’s strong tradition in student-faculty collaborative research by developing and implementing a capstone project especially related to integrating the themes of their individual academic program.

An important first step for each Liberal Studies major is to develop and formally propose their individualized program of study in consultation with a faculty advisor familiar with one or more of the interdisciplinary concentrations in that program of study. In some cases, the Director of Liberal Studies may assist in this process. In the second step, students will work with the Director of Liberal Studies to submit their completed plans to the Liberal Studies Steering Committee (LSSC) for review and approval. This committee consists of faculty and professional advisers that have worked with Liberal Studies majors in different settings.

In order to graduate with a Liberal Studies Comprehensive Major, students must complete the requirements specified for the Bachelor of Liberal Studies (BLS) (see degree program requirements for the College of Arts and Sciences). The BLS degree is designed to help students develop the breadth of knowledge and skills that represent the core of liberal education, including knowledge of human cultures and the natural world; communication, critical thinking, problem solving, and analytical skills; and teamwork and collaborative abilities. The BLS degree also explores differences, commonalities, and interconnections among academic disciplines, including methods of inquiry and problem solving that are favored in these disciplines. Skills in written and oral communication, critical analysis, teamwork, and application of academic findings to professional contexts are also emphasized in the Liberal Studies program.

Admission to Major Requirement: Completion of LS 201 and approval of a program of study.

<td>51</td>
</tr>
</tbody>
</table>

Each individually-designed major program must be formally proposed and approved. This program plan describes the primary theme, three interdisciplinary areas of concentration that explore the primary theme, and coursework to be completed for the Liberal Studies Comprehensive Major. Each major program must include at least 39 credits from College of Arts and Sciences course work and a minimum of 21 upper-division credits. To graduate with a Liberal Studies Comprehensive Major, students must complete the requirements specified for the Bachelor of Liberal Studies Degree.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Develop and implement a research, scholarly, or creative project.
- Be able to integrate knowledge and/or theories from more than one field of study or perspective to solve problems or answer questions they identify.
- Be able to discuss the differences and commonalities that characterize the disciplines within the liberal studies.
- Be able to evaluate changes in their own learning by building upon past experiences that have occurred over multiple and diverse contexts.

Sample Degree Plan

Liberal Studies, Comprehensive Major, B.L.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here (https://catalog.uwec.edu/undergraduate/graduation-requirements/#heade1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Every student majoring in Liberal Studies completes three required courses totaling 9 credits and develops and proposes an individualized program of study. The program of study includes a minimum of 51 credits (at least 17 credits from each of three concentrations that when linked together constitute a coherent theme). Each program must also include at least 39 credits from College of Arts and Sciences course work and a minimum of 21 upper-division credits.

Recommended Timeline for Required Courses

SOMETIME IN THE SECOND YEAR
LE Core.

Students must complete a minimum of 36 credits in courses approved for the Liberal Education Core (LE Core).

Liberal Education Core Guidance

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Marine Science, Minor

Liberal Arts (Code 150-400)

Advisors: D. Lonzarich (Biology) [On-Campus Affiliate Coordinator] or K. Syverson (Geology).

This minor is designed for students who are majoring in biology, chemistry, geography, or geology and who are interested in Marine Science. Requirements for this minor include one academic course at the Gulf Coast Research Lab (GCRL) in Ocean Springs, Mississippi and at least one other credit-bearing academic experience (i.e., coursework, internship or research) at a marine laboratory or field location (developed in consultation with Marine Science Minor academic advisor). Remaining credits are to be earned from courses at UW-Eau Claire or GCRL.

<table>
<thead>
<tr>

^1 Courses at GCRL can be substituted for any of these UW-Eau Claire courses.

Program Learning Options

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate basic knowledge of Middle Eastern history, politics, religion, and culture.
- Apply a variety of methodological approaches in carrying out research in Middle Eastern studies.
- Deconstruct uniform conceptions of the Middle East through familiarity with the diversity of Middle Eastern culture and society.

Middle East Studies, Minor

Liberal Arts (Code 355-400)

Advisor: S. Fink (Philosophy and Religious Studies).

This minor examines issues in the Middle East from a variety of disciplinary perspectives and includes study of a Middle East language as an option.

NOTE 1: Courses cannot be counted in both the major and the certificate program.

NOTE 2: Though there are no program prerequisites for the Certificate in Middle East Studies, there may be prerequisites for some of the courses that are a part of the Certificate.
SOC 304 Sociology of the Middle East

Students may substitute an independent study, special topics, or directed studies course with a focus on the Middle East for a course from either category with consent of the minor advisor.

NOTE 1: ENGL 330 may be substituted for any course in The Middle East category if the topic is Middle Eastern.

NOTE 2: Students are encouraged to complete a study abroad program in a Middle Eastern country and will be able to transfer credits from that program into the minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate basic knowledge of Middle Eastern history, politics, religion, and culture.
- Speak, write, and read at an elementary level in a Middle Eastern language.
- Apply a variety of methodological approaches in carrying out research in Middle Eastern studies.
- Deconstruct uniform conceptions of the Middle East through familiarity with the diversity of Middle Eastern culture and society.

Multimedia Communication, Minor

Liberal Arts (Code 608-400)

Advisor: G. Vadhavkar (Communication and Journalism).

The ability to develop ideas and present them through a variety of media is indispensable in our communication-rich society. The interdisciplinary minor in Multimedia Communication prepares students to analyze audiences, frame arguments, express themselves clearly in the written and spoken word, understand basic principles of visual design, gather and edit audio and video, and use web-based software to publish their work. Students take courses from the domains of visual communication (Art, Communication & Journalism), written communication (Communication & Journalism, English) and computer programming (Computer Science). The minor is suitable for students who would benefit from the ability to communicate information from their disciplines to a variety of audiences.

Note: Courses counted in the core cannot be used to fulfill requirements in elective credit domains. Because the minor is designed to broaden students’ knowledge and skills in multimedia communication no more than nine credits in the prefix of a student’s major may be counted toward the minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Communicate ideas through a variety of media.
- Demonstrate technical skills needed for communication in multiple media.
- Craft written messages adapted to audience and purpose, and appropriate for use in multimedia materials.
- Craft visual strategies adapted to audience and purpose, and appropriate for use in multimedia materials.
- Make programming choices that are adapted to audience and purpose.

Neuroscience, Comprehensive Major

Liberal Arts (Code 445-001)
University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

- Minimum total for graduation: 120
- Upper division credits (courses numbered 300 and higher): 39
- Liberal Education Core: 36
- Academic Concentrations

Grade Point Requirements

- Total: 2.00 average
- Resident: 2.00 average
- Major: 2.00 average
- Minor: 2.00 average
- Certificate: 2.00 average

University Residency Requirements

- Minimum total: 30
- Senior year: 23
- Major, Standard, upper division in residence: 12
- Major, Comprehensive, upper division in residence: 21
- Certificate: 25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 445-001)**

Advisors: B. Carter (Biology), D. Janik (Biology), D. Jewett (Psychology), D. Leland (Psychology), D. Matthews (Psychology).

This comprehensive major will ground students in current neuroscience traditions while enhancing existing neuroscience research using a multidisciplinary learning approach that is built upon a core curriculum from biology, chemistry, philosophy, mathematics, and psychology. The comprehensive major is intentionally integrative in design and encourages transformative learning via an engaging, multidisciplinary curriculum and embedded high impact practices, such as undergraduate research.
opportunities, and by enhancing critical thinking both inside and outside the classroom.

**Core courses:**
- **BIOL 221** Foundations of Biology I  
- **BIOL 222** Foundations of Biology II  
- **BIOL 223** Foundations of Biological Inquiry

Choose ONE set of the following chemistry courses:
- **CHEM 105** General Chemistry I Lecture  
- **& CHEM 106** General Chemistry I Laboratory  
- **& CHEM 109** General Chemistry II with Lab

Choose ONE set of the following courses:
- **MATH 246** Linear Regression Analysis, with Time Series  
- **& MATH 447** and Experimental Design and Analysis of Nonparametric Statistics

Choose ONE set of the following courses:
- **CHEM 115** Chemical Principles
- **IDIS 125** Brain: Introduction to Neuroscience
- **PHIL 343** Philosophy of Mind
- **MATH 246** Elementary Statistics

**A minimum of four neuroscience core courses chosen from:**
- **BIOL 350** Systems Neuroscience
- **BIOL 351** Systems Neuroscience Lab
- **BIOL 358** Cellular and Developmental Neuroscience
- **PSYC 362** Clinical Neuroscience
- **PSYC 374** Cognitive Neuroscience
- **PSYC 387** Behavioral Neuroscience

**Remaining credits chosen from elective courses below:**
- **BIOL 305** Molecular and Cell Biology
- **BIOL 319** Animal Form and Function
- **BIOL 323** Genetics
- **BIOL 324** Genetics Inquiry
- **BIOL 359** Biology of Stress
- **BIOL 365** Animal Behavior
- **BIOL 380** Endocrinology
- **BIOL 405** Advanced Cell and Molecular Lab
- **BIOL 409** Molecular Genetics
- **BIOL 460** Developmental Biology
- **CHEM 352** Fundamentals of Biochemistry
- **CSD 440** Neurological Aspects of Communication & Cognition
- **MUSI 491** Special Topics (when offered as Neurology of Music)
- **PHYS 211** General Physics
- **PHYS 212** General Physics
- **PSYC 363** Psychology of Addictions

**Program Learning Outcomes**
Students completing this program will be expected to meet the following learning outcomes:

- Identify and describe the main concepts and methodologies of the interdisciplinary field of neuroscience.
- Demonstrate critical thinking skills by analyzing and evaluating neuroscience primary literature.
- Communicate effectively in a variety of formats (oral, written, technological).
- Apply ethical standards to evaluate neuroscience research and applications.
- Formulate career plans based on accurate self-assessment of abilities, motivation, and personal demeanor.

**Sample Degree Plans**

**Neuroscience, Comprehensive Major, B.S., Chemistry Track**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here (https://catalog.uwec.edu/
for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

- **Total** (30)

**Minimum total for the baccalaureate degree = 120 credits**

a. CHEM 115 may be taken in place of CHEM 105, CHEM 106 (K1) and CHEM 109

b. Introductory level PHIL course may count towards one or two LE categories, depending on selected course

**Note 1:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**Note 2:** Neuroscience majors who plan to add pre-professional health tracks to their major should consult with their ARCC Advisor and/or Health Careers Center Advisor to select electives and create a graduation plan.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Neuroscience, Comprehensive Major, B.S., Math Track**

**Total**

30

**Minimum total for the baccalaureate degree = 120 credits**

a  CHEM 115 may be taken in place of CHEM 105, CHEM 106 (K1) and CHEM 109

b Introductory level PHIL course may count towards one or two LE categories, depending on selected course

Note 1: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).
Note 2: Neuroscience majors who plan to add pre-professional health tracks to their major should consult with their ARCC Advisor and/or Health Careers Center Advisor to select electives and create a graduation plan.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Neuroscience, Minor
Liberal Arts (Code 081-401)
Advisors: B. Carter (Biology), D. Janik (Biology).

Neuroscience is devoted to the understanding of the brain and the nervous system. The brain is the control system for the body and therefore has a central role in determining human health and disease. Neuroscience is interdisciplinary, intersecting with many other fields of study and thought including psychology, biology, philosophy, and medicine. Students who major in these areas should find the Neuroscience Minor a desirable complement to their major studies. Additionally, the Neuroscience Minor curriculum provides valuable preparation for students who intend to enter postgraduate programs related to neuroscience and medicine.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Identify and describe the main concepts and methodologies of the interdisciplinary field of neuroscience.
- Demonstrate critical thinking skills by analyzing and evaluating neuroscience primary literature.
- Communicate effectively in a variety of formats (oral, written, technological).
- Apply ethical standards to evaluate neuroscience research and applications.
- Formulate career plans based on accurate self-assessment of abilities, motivation, and personal demeanor.

Pre-Professional Health Science, Minor

Liberal Arts (Code 709-400)

For advising, contact one of the pre-professional advisors listed with the pre-professional program of interest or contact the Biology Department for a referral.

This minor is designed for students preparing for post-baccalaureate health profession programs. Students in pre-dentistry, pre-optometry, pre-chiropractic, pre-pharmacy, pre-physical therapy, and other pre-professional health programs, as found in this catalog, may find this minor helpful in planning a baccalaureate degree. Because admission requirements vary widely among graduate programs, it is strongly recommended that the student consult with an advisor listed with the pre-professional program of interest. This minor may not be appropriate preparation for some graduate-level health profession programs.

1 Biology majors may not count BIOL 221 toward this minor.

Note: A maximum of 12 credits from the minor may count toward the Biology or Psychology majors.
or PHYS 232 University Physics II
PSYC 230 Human Development

1 No credit for BIOL 214 unless BIOL 314 is taken.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Understand foundational biological principles in the areas of cell/molecular biology, genetics, and structure & function of organisms.
• Demonstrate the ability to read critically, reason analytically, and communicate persuasively around health and scientific topics from a humanities and humanistic social science perspective.

Responsible Mining, Certificate
(Code 160-602)
Advisor: K. Syverson (Geology).

The Department of Geology administers a Responsible Mining certificate. This certificate is intended for STEM majors who wish to add valuable skills to their already marketable liberal arts degree from UW-Eau Claire. Students with this certificate will be well prepared for a career in responsible resource development through proper selection and permitting of economic deposits, managing environmental compliance, conducting environmental remediation, and working for environmental and hydrogeologic consulting firms. Students would also be prepared to join state regulatory agencies such as the DNR and protect the environment through enforcing regulations, restoring brownfields, and managing water resources.

An internship in mining, environmental consulting, or a regulatory agency is strongly recommended, but not required.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Explain Earth processes.
• Use mathematics and computational methods to analyze scientific and geological data.
• Read, write, and critically evaluate geological papers.
• Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
• Use analytical and quantitative methods to evaluate an environmental problem.

Teaching English as a Foreign Language, Certificate
(Code 550-601)
Advisor: K. Kong (Languages).

The Teaching English as a Foreign Language (TEFL) Certificate provides course work designed to provide the basics for future EFL teachers including a required teaching experience by taking FLG 375.

<table>

</tr>
</tbody>
</table>

Note: Courses cannot be counted in both the major and the certificate program.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Apply knowledge of language acquisition, linguistics, student learning, and pedagogical theory to instructional design.
• Plan, implement and reflect on teaching practices using appropriate resources.
• Engage learners in interactive activities through various differentiated teaching approaches.

Topical Minor, Minor
Liberal Arts (Code 610-401)

A Topical Minor is an interdisciplinary minor composed of 24 semester credits selected by a student to meet the student’s own interests and scholarly objectives. Students should choose courses for the minor based on a coherent theme. Most students who propose a topical minor do so after earning 30 credits but before earning 90 credits. Students must meet all prerequisite course work requirements and other prior eligibility benchmarks, such as
achieving an appropriate grade point average. In the case of courses offered in one of the professional colleges, students must meet college admission requirements or students must obtain permission from the College before enrollment is possible. A Topical Minor is not intended to duplicate any major or minor offered as a regular program within the University of Wisconsin System.

The student who wishes to develop a Topical Minor must adhere to the following requirements.

- **Minimum credits**: 24 semester credits.
- **Interdisciplinary Breadth Requirement**: Of the 24 credits, there must be at least two course prefixes present among these credits and no more than 15 credits from any single prefix.
- **Unique Credit Requirement 1**: A student may not apply a course that counts toward credits in their major to the Topical Minor.
- **Unique Credit Requirement 2**: No more than six credits from a student’s major prefix may be used in the Topical Minor.
- **Depth Requirement**: At least 12 of the 24 credits must be from courses numbered 300 or above.
- **College Home**: For a Topical Minor to reside in the College of Arts and Sciences, prefixes from at least 15 of the 24 credits must be from the College of Arts and Sciences.
- **Submission Requirement**: To propose a Topical Minor, a student should work with a faculty advisor and then launch a proposal to be routed through the advisor, and then to the College of Arts and Sciences for approval.

**Transnational Asian Studies, Certificate**

(Code 380-630)

Advisor: R. Shinno (History).

The Transnational Asian Studies Certificate allows students to broadly explore Asia and the Asian diaspora and to gain knowledge of the experiences of people of Asian ancestry.

Note 1: With approval of the certificate advisor, courses such as the following may be applied to this certificate program when a substantial portion of the course covers topics on the lives of Asians, Asian Americans, and/or people of Asian ancestry outside of the U.S.: ENGL 230, ENGL 268, ENGL 330, ENGL 368, ENGL 396, AWGS 396, FLG 150, FLTR 392, HIST 317, HIST 319, IDIS 301, RELS 100, SOC 301, Honors courses, Special Topics courses.

Note 2: A maximum of three credits may be applied to both the student’s major and the certificate program.

Note 3: Courses on Asian languages other than Chinese, Hmong, or Japanese may count toward the certificate, with approval of the certificate advisor.

Note 4: With approval of the certificate advisor, courses taken during a study abroad program(s) may apply to this certificate. Students are encouraged to communicate with the certificate advisor prior to the departure.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcome:

- Develop a depth of knowledge about the experiences of the people of Asian ancestry.

**Water Resources, Certificate**

(Code 160-601)

Advisor: S. Clark (Geology).

The Department of Geology administers a Water Resources certificate. This certificate is intended for students who plan to enroll in a Master’s degree program in Water Resource Management, students interested in careers in environmental policy or environmental law, and any STEM and Geography majors interested in broadening their understanding of water-related topics. Holistic water resources management integrates insights from a wide range of disciplines. The flexibility of this certificate allows individuals to tailor their course selection to focus on the aspects of water resources that are most relevant to each student’s specific interests.
Minimum of 15 credits required:

Core (9-10 crs):
- ENV/GEOG 377 U.S. Environmental and Sustainability Policy
- GEOL 308 Water Resources

One course selected from:
- CHEM 304 Environmental Chemistry
- BIOL 376 Aquatic Ecology
- GEOG 363 Watershed Analysis
- GEOG 364 Fluvial Processes and Landforms
- GEOL 315 Hydrogeology I

Beyond the core 9-10 credits, students must take two courses from the following broad array of water-related courses. Courses, if not used above, may be selected from:
- BIOL 338 Vegetation Ecology
- BIOL 376 Aquatic Ecology*
- CHEM 304 Environmental Chemistry*
- ECON 268 Environmental Economics
- ENPH 441 Water and Wastewater
- GEOG 335 Geographic Information Systems I
- GEOG 340 Climatology
- GEOG 363 Watershed Analysis*
- GEOG 364 Fluvial Processes and Landforms*
- GEOL 304 Global Environmental Change
- GEOL 315 Hydrogeology I*
- PHIL 320 Environmental Ethics

*Course may be counted in either the core or elective category, but not both.

Note 1: Students cannot pursue the Geology major and the Water Resources certificate to meet graduation requirements for completing a first and second degree program.

Note 2: Students pursuing the Biology major or Geography major and the Water Resources certificate to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between their major and this certificate program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain Earth processes.
- Use mathematics and computational methods to analyze scientific and geological data.
- Read, write, and critically evaluate geological papers.
- Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Use analytical and quantitative methods to evaluate an environmental problem.

World History and Society: Past, Present, Future, Certificate

(Code 380-629)

For advising, contact the History Department.

This certificate will provide a second program for students interested in world history and connected topics in other disciplines.

12 credits required, including:

- HIST 124 World History to 1500
- HIST 125 World History Since 1500

Choose 2 from the following, at least one must have a prefix other than HIST:

- ECON/WGSS 357 Women and Economic Development
- GEOL 122 The Future of Global Energy
- HIST 292 Origins of Current World Conflicts
- POLS 122 Introduction to World Politics
- POLS 336 Arab-Israeli Conflict
- RELS 100 Introduction to the Religions of the World
- RELS/WGSS 203 Women and World Religions

Note: Courses cannot be counted in both the major and the certificate program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Recognize both continuity and change over time and describe their consequences.
- Compare and connect local and global histories.

American Indian Studies

Hibbard Humanities Hall 384
715-836-6045
Program Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/american-indian-studies/)

The American Indian Studies Program at the University of Wisconsin-Eau Claire is committed to the study of the cultures, values, history, and contemporary life of the Indigenous nations and peoples of North America. Through courses from selected academic departments and interactions with American Indian professionals, elders, and peers, all students will acquire intercultural knowledge and enhance their intercultural competence. The program administers a major, minor, and certificate in American Indian Studies with these goals:

- To prepare students with intercultural competencies which will support their success as citizens of the world.
- To extend students’ oral and written communication skills through research projects in their course work and with student-faculty research collaborations.
- To envision education and community as a partnership in which all participants work toward greater understanding and respect for the richness and diversity of American Indian cultures.
• To build and support cooperative relationships with tribal communities within and around Wisconsin; other academic institutions, especially tribal colleges; and the local Eau Claire community.
• To teach students to be conversant with Indigenous protocols.
• To prepare students to work effectively in and around tribal and urban communities.
• To provide outreach and community service opportunities that will help promote the cultural, educational, and economic development of the region.

Faculty
Heather Ann Moody, Program Director

Majors
• Major: American Indian Studies, Liberal Arts - B.A./B.S.

Minors
• Minor: American Indian Studies, Liberal Arts

Certificates
• Certificate: American Indian Studies

American Indian Studies, Certificate
(Code 530-601)
The American Indian Studies certificate is a stand-alone credential which can enhance all students' majors and minors. It is designed for students with an interest in American Indian Studies but are unable to complete a major or minor in American Indian Studies. The certificate is of particular value to health care professionals; educators; social workers; and business managers and administrators in tribal enterprises. In addition to personal growth in cultural competency, this certificate will provide students from all backgrounds with the fundamental knowledge and skills for various career paths that connect with Indigenous or diverse populations.

Remaining credits selected from:

- A maximum of one language course can count to the certificate.

Note: A maximum of six credits may be applied to both the student’s major and the certificate program.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Define and apply the concept of tribal sovereignty in contemporary America; the ability to do so is particularly necessary where there are jurisdictional issues at hand such as within criminal justice as it is necessary to understand the differences between state, tribal, and federal jurisdiction.
• Explain the status of federally recognized tribes in relation to federal, state, and local governments, as well as private enterprise.
• Identify examples of stereotypes and issues of cultural appropriation/exploitation of Indigenous people.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 530-201)

This interdisciplinary major is designed to offer a range of courses to meet the career goals and needs of students:

1. who wish to enter a profession related to tribal affairs, tribal heritage centers, and business enterprises;
2. who have decided to pursue graduate study in Anthropology, History, Museum Studies, English, and Casino Management;
3. who are American Indian and seek to learn more about their culture and heritage; and
4. who are drawn to the major because of its broad interdisciplinary education.

In addition, the major, minor, and certificate in American Indian Studies are designed to complement degree programs in Nursing, Education, Business, Social Work, English, and History, among other areas.

| Thirty-six semester credits in American Indian Studies courses, including:
Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of the inherent diversity of U.S. American Indian nations and how that has transformed throughout time.
- Students explain the importance of place and culture for American Indian peoples.
- Students analyze the impact of change throughout the history of American Indian peoples and communities.
- Students explain how music, literature, and/or art are products and expressions of cultural and historical processes.
- Explain the status of federally recognized tribes in relation to federal, state, and local government, as well as private enterprises.
- Students explain the historical and political background of American Indian communities.
- Students define and apply the concept of tribal sovereignty in contemporary America.
- Students define and apply the concept of treaties, historically and contemporarily.
- Exhibit an understanding of the critical issues within American Indian Studies and gain an awareness of social justice issues within Indian Country.
- Students describe examples of identity, colonialism, stereotypes, resistance, survivance, and/or issues of cultural appropriation/exploitation of Indigenous people.
- Students analyze the impact of systems, institutions, and issues in historical and contemporary times.
- Students apply the ability to interact respectfully with others and suspend judgment, understanding that judgments may be culturally biased and exclusive.
- Apply skills, knowledge, or methodologies gained in one academic or experiential context to a new context to solve problems or address complex issues with sufficient support.
- Students develop the ability to work effectively in and around tribal and urban Native communities.
- Students practice culturally sensitive dispositions as they engage with American Indians in the university community, as well as tribal and urban communities within and around Wisconsin.
- Students develop research skills with a special emphasis on interdisciplinary studies.

Sample Degree Plans

American Indian Studies, Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here for a description of the Liberal Education Core](https://catalog.uwec.edu/undergraduate/graduation-requirements/).
Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**TOTAL FOURTH YEAR**

30

**Minimum total for the baccalaureate degree = 120 credits**

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**Course Suggestions**

We encourage students to take elective courses, for both LE and AIS that compliment their career path within the American Indian Studies major. Please work with your advisor to select the appropriate coursework.

Several electives can fulfill multiple LE requirements, the courses below are recommended for fulfilling the remainder of the requirements for the degree: ANTH 161 (K2), ANTH 315, ANTH 351, CJ 201 (K2 S1), ENPH 150 (K1 R3), GEOG 111 (K2 R2), GEOG 178 (I1), LAS 314, RELS 110 (K3 R2), WGSS 111 (R1 I1), WGSS 301

Recommended AIS Courses based on emphasis: AIS 242 (Film), AIS 250 (Treaty Rights), AIS 322 (Geog), AIS 335 (Arth), AIS 337 (Arth), AIS 346 (Literature), AIS 369 (Hist)

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

The American Indian Studies Program offers a variety of High Impact Practice possibilities for students. The variety allows for students to tailor their experience to their academic career and individual interests. Students are encouraged to work with their advisor on what HIP would be most beneficial.
Due to the flexibility of the AIS major, students can fit a HIP into their program easily throughout the 2nd, 3rd, and 4th years, although internships and research experiences would be recommended in the 3rd and 4th years. The following is a list of HIPs that are available to AIS majors:

- Domestic Intercultural Immersion Experience (past immersion experiences include Pine Ridge Reservation and Water Protectors of Wisconsin)
- Course-Related Field Trips (previous trips include Ho-Chunk Nation, Menominee Tribal Enterprises, Prairie Island (MN), Oneida Nation)
- Course-Related Studies
- AIS 395 Directed Studies
- AIS 399 Independent Study
- AIS 499 Independent Study
- AIS 498 Internship
- Student-Faculty Collaborative Research/Summer Undergraduate Research Experience

American Indian Studies, Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.
The minor, like the major and certificate, is designed to provide both American Indian and non-Indian students with a broad understanding of the distinctive lifeways, politics, and histories of a number of tribal nations. Students will also learn about the philosophical and religious systems, the art, and literatures developed by past and contemporary American Indian tribes and individuals.

Seminars and special topics courses dealing with American Indians will also be given consideration for credit.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Explain the status of federally recognized tribes in relation to federal, state, and local government, as well as private enterprises.
- Define and apply the concept of tribal sovereignty in contemporary America.
- Describe examples of identity, colonialism, stereotypes, resistance, survivance, and/or issues of cultural appropriation/exploitation of Indigenous people.
- Analyze the impact of systems, institutions, and issues in historical and contemporary times.
- Apply the ability to interact respectfully with others and suspend judgment, understanding that judgments may be culturally biased and exclusive.
- Practice culturally sensitive dispositions as they engage with American Indians in the university community, as well as tribal and urban communities within and around Wisconsin.

### Art & Design

Haas Fine Arts 104
715-836-3277

Department Website ([https://www.uwec.edu/academics/college-arts-sciences/departments-programs/art-design/](https://www.uwec.edu/academics/college-arts-sciences/departments-programs/art-design/))

### Honor Societies and Student Organizations

- NOTA, None of the Above ([https://www.uwec.edu/academics/college-arts-sciences/departments-programs/art-design/explore-opportunities/student-organizations/](https://www.uwec.edu/academics/college-arts-sciences/departments-programs/art-design/explore-opportunities/student-organizations/)) - Students create campus art and literary publications and host events that promote the arts. This group is primarily affiliated with English.

### Programs

The Department of Art & Design offers a flourishing community of students and faculty engaged in the positive development of a visually stimulated world, including collaboration on local projects. We are dedicated to delivering creative and innovative experiences by promoting practice in foundation skills and historical knowledge. Students are encouraged to thrive in self-motivated programs where degrees can be focused in emphasis areas detailed below.

Majors have a variety of degrees to choose from including a 36-credit Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) in Art, a 60-credit B.A. or B.S. in Art, or a 75-credit Bachelor of Fine Arts (B.F.A.) in Art. Those seeking the 75-credit B.F.A., a nationally recognized degree with high standards for excellence, must apply for a B.F.A. Review around the second year in major. Additional information can be found under B.F.A. Requirements.

### Emphasis Areas

Art & Design degrees are not titled in the Art major. Emphasis areas intended for the Art degrees focus on a specialization relevant to a student’s graduate studies or career goals. The following emphasis areas are offered for majors and minors in Art:
• Ceramics
• Drawing & Painting
• Graphic Communications (60-credit only)
• Graphic Design
• Illustration
• Photography
• Sculpture
• Studio Art

B.F.A. Requirements
Full guidelines regarding B.F.A. Requirements are provided by the Art & Design Department each semester.

The Bachelor of Fine Arts is the degree students enroll in for the most immersive studio experience to prepare for graduate studies or a career. After enrollment in the B.F.A. program, students will apply around their second year in major to participate in a B.F.A Review. They will be required to present a portfolio of their creative work for the Review, which has been developed and maintained from the beginning of their studies. This central and essential tool is used by instructors to help advise and guide students in their development. It will eventually be a means for the students to present themselves to the art and design world as they continue to utilize it during their coursework. Once accepted to continue the program after the Review, students will complete the B.F.A. degree plan and are expected to participate in a Senior Exhibition.

Transfers, Changes of Major, and other exceptions must check with the Department and their newly-assigned advisor to determine their position within the program and what requirements they will need to meet.

Advising and Additional Information

Advising
Art & Design maintains annual degree plans and check sheets with suggested four-year course sequences for each major and minor. These materials are available in the Art & Design Office and on the Department’s Blugold Insider page. Students are responsible for working closely with their advisors to develop personal action plans. They are encouraged to use the degree plans and check sheets for these meetings.

Additional Information
NOTE 1: A student may take a maximum of nine credits of advanced studio courses in one semester. Some advanced studio courses are offered on a variable credit basis and may be repeated for additional credit. The total number of advanced studio credits which may be applied to a degree program will vary and is to be determined through consultation with the major advisor.

NOTE 2: Students must be prepared to pay for any materials, supplies, equipment, and/or services deemed in excess of the amount and kind the University provides for necessary instructional purposes.

NOTES:
1. Students pursuing the Minor: Art History and Major: Art, Studio Emphasis can overlap a maximum of 12 credits between major and minor programs.

2. Art History minors must complete at least one of the following travel experiences:
   A) UWEC-approved International Study program;
   B) at least one of the department’s national field trips;
   C) at least one of the department’s regional field trips.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Analyze the form of art.
• Use knowledge about historical context to explain art.
• Apply an appropriate methodology or critical theory to an art historical research topic.
Art, Ceramics, Comprehensive Major
(Code 020-011)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements
Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core 36

Academic Concentrations

Grade Point Requirements
Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
UW-System no maximum
Other extension/correspondence maximum ¼ of total

USAFI
USAFI maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.
**Fulfill the requirements for credits, curriculum, GPA, and University residency.**

**University Graduation Requirements**

Bachelor of Fine Arts

**College Degree Requirements**

**Bachelor of Fine Arts**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of 5 in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Major Requirements**

(Code 020-011)

This degree is designed as a specialty for students pursuing graduate studies or planning careers in Ceramics. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Ceramics Emphasis will need to apply for a B.F.A. Review to remain in this major. The suggested time for this review is in the second year of study.

**Code** | **Title** | **Credits**
---|---|---
**Department Requirements**
Foundations Courses (should be completed in the first year of study): | 12

| ART 107 | Foundations: Drawing and Composition |
| ART 108 | Foundations: Two-Dimensional Design |
| ART 110 | Foundations: Three-Dimensional Art |
| ARTH 109 | Art of the 20th Century |
Art History Requirement: 6

- ARTH 112 Survey: Renaissance to 20th Century Art

Area Requirements 21
- ART 264 Beginning Sculpture
- ART 357 Introduction to Ceramics
- ART 358 Intermediate Ceramics
- ART 458 Advanced Ceramics ¹
- ART 402 Advanced Studio Practice ¹

Area Support Options, Choose Four: 12
- ART 244 Introduction to Painting
- ART 249 Introduction to Printmaking
- ART 278 3-D Computer Modeling
- ART 281 Introduction to Photography as an Art Form
- ART 344 Painting: Space and Process
- ART 364 Intermediate Sculpture
- ART 365 Site-Specific Sculpture
- ART 402 Advanced Studio Practice

Electives in Art (ART) or Art History (ARTH) 18
Electives in Art History (ARTH): ARTH 333 and ARTH 335 recommended 6

Total Credits 75

¹ Repeat ART 458 and ART 402 for a total of six credits each.

Additional B.F.A. Requirements

Further details regarding each of the following requirements are provided by the Art & Design Department each semester.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. Comprehensive Art majors must complete at least one of the following travel experiences:
   - A) UWEC-approved International Study program;
   - B) at least one of the department’s national field trips;
   - C) at least two of the department’s regional field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition hosted in the University’s Foster Gallery (http://uwec.ly/fostergallery/).

NOTE: Transfers, Changes of Major, and other exceptions must check with the Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply the Elements and Principles of Design to visually communicate through Ceramics.
- Show practical and technical command of materials, tools, processes and technologies to produce images, objects and/or experiences while demonstrating safe practices.
- Develop perceptual skills to recognize, analyze, and critically evaluate form and content of art.
- Apply and utilize oral and written communication (reading, writing, speaking, and listening) to clearly establish personal and professional voice.
- Develop and apply knowledge and understanding of the major art periods (styles, iconography, terminology, essential questions, issues and contexts) globally across history and cultures.
- Recognize diversity of peer and professional work and engage in critical discussion and critique through analysis and with respect for aesthetic and conceptual diversity.
- Engage in self-directed and collaborative problem analysis, problem solving, and critical/creative thinking.
- Engage in research and ideation that transmits specific intent, personal insight, attitude or expression.
- Recognize and embrace risk taking and openness to process as it transcends intent.
- Reflect on professional commitment and integrity.
- Produce ceramic works both functional and/or sculptural while applying an understanding of tools specific to the material such as pottery wheels, kilns, hand tools, and glaze chemistry
- Show knowledge of historical ceramics while keeping abreast of contemporary movements in the field of Ceramics.

Sample Degree Plan
Art, Ceramics, Comprehensive Major, B.F.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

| ART/ARTH Elective | 3 |
| ART/ARTH Elective | 3 |
| LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity | 3 |
| LE Option: Integration (I1) | 3 |

**TOTAL CREDITS FOURTH YEAR** 30

**Minimum total for the baccalaureate degree = 120 credits**

a Dual-Outcome Electives - To graduate within four years in the B.F.A. program, it is recommended that some Liberal Education Core (L.E.) requirements meet at least two different outcomes with one course (approx. 3 credits). A list of Liberal Education courses and the outcomes they meet can be found on the Advising, Retention + Career Center (ARCC) website. It is strongly recommended that you discuss L.E. courses with your ARCC advisor.

b Area Support Options – Choose four courses from the following list:

- ART 244: Introduction to Painting
- ART 249: Introduction to Printmaking
- ART 278: 3-D Computer Modeling
- ART 281: Introduction to Photography as an Art Form
- ART 344: Painting: Space and Process
- ART 364: Intermediate Sculpture
- ART 365: Site-Specific Sculpture
- ART 402: Advanced Studio Practice

c Art History Elective – The following courses are recommended for the Ceramics area of study:

- ARTH 333: Themes in Contemporary Art
- ARTH 335: Ancient Art and Architecture of Mexico and Central America

d Participation in B.F.A. Review

No portfolios are required for admittance to the Art + Design Department. However, students pursuing the B.F.A. degree will be required to participate in a B.F.A. Entrance Review during their second year, where they will need to present a portfolio developed during their time at UW-Eau Claire. Students must pass this review to continue in the B.F.A. program. To complete the review, students must apply with at least three Art & Design credits from the current enrollment. The maximum number of Art credits taken (incl. current enrollment) prior to the B.F.A. Entrance Review is 30.

**NOTE:** Transfers, Changes of Major, and other exceptions must check with the Art + Design Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

### Service-Learning

All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills, and become informed, active, and
responsible citizens. A Service-Learning Guidebook is available on the Service-Learning website.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Required Travel Experience
Comprehensive Art majors must complete at least one of the following travel experiences:

1 | UWEC-approved International Study program;
2 | at least one Department of Art & Design national field trip;
3 | at least two Department of Art & Design regional field trips.

Senior Exhibition: To complete the Bachelor of Fine Arts (B.F.A.) program, students must participate in a Senior Exhibition hosted within the University’s Foster Gallery.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements
Minimum total for graduation: 120
Upper division credits (courses numbered 300 and higher): 39

Major, Comprehensive, upper division in residence: 21
Certificate: 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.

Apply for graduation on Campus.

1 Certain programs exceed this minimum.
2 See special requirements in each college.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement
Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work) foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) on a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Major Requirements
(Code 020-022)

This degree is designed as a specialty for students pursuing graduate study or planning careers in Drawing & Painting. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Drawing & Painting Emphasis will need to apply for a B.F.A. Review to remain in this major. The suggested time for this review is in the second year of study.

College Degree Requirements

Bachelor of Fine Arts

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Skills Outcome 3 (S3): Creativity
Students completing this program will be expected to meet the following learning outcomes:

- Recognize and embrace risk taking and openness to process as it transcends intent.
- Reflect on professional commitment and integrity.

**Sample Degree Plan**

**Art, Drawing + Painting, Comprehensive Major, B.F.A.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Minimum total for the baccalaureate degree = 120 credits

a Studio Area Requirement – Drawing + Painting offers a variety of upper level media-specific courses. Choose three from the following list:
  - ART 340: Drawing: Conceptual Practices
  - ART 341: Figure Drawing
  - ART 344: Painting: Space and Process
  - ART 347: Water-Media Process
  - ART 349: Painting: Conceptual and Aesthetic Strategies

b Dual-Outcome Electives - To graduate within four years in the B.F.A. program, it is recommended that some Liberal Education Core (L.E.) requirements meet at least two different outcomes with one course (approx. 3 credits). A list of Liberal Education courses and the outcomes they meet can be found on the Advising, Retention + Career Center website. It is strongly recommended that you discuss L.E. courses with your ARCC advisor.

c Area Support Options – Choose four courses from the following list:
  - ART 249: Introduction to Printmaking
  - ART 264: Beginning Sculpture
  - ART 281: Introduction to Photography as an Art Form
  - ART 332: Illustration as a Critical Practice
  - ART 348: Water-Media Themes
  - ART 357: Introduction to Ceramics
  - ART 383: Video for Art and Design
  - ART 384: Artist Books: Image & Text

d Recommended Art History elective – ARTH 333: Themes in Contemporary Art

e Participation in B.F.A. Review
No portfolios are required for admittance to the Art + Design Department. However, students pursuing the B.F.A. degree will be required to participate in a B.F.A. Entrance Review around their second year, where they will need to present a portfolio developed during their time at UW-Eau Claire. Students must pass this review to be accepted to continue in the B.F.A. program. To complete the review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (incl. current enrollment) prior to the B.F.A. Entrance Review is 30.

NOTE: Transfers, Changes of Major, and other exceptions must check with the Art + Design Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

Service-Learning
All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills, and become informed, active, and responsible citizens. A Service-Learning Guidebook is available on the Service-Learning website.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural
Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

**Required Travel Experience**

Comprehensive Art majors must complete at least one of the following travel experiences:
1. UWEC-approved International Study program;
2. At least one Department of Art & Design national field trip;
3. At least two Department of Art & Design regional field trips.

**Senior Exhibition**

To complete the Bachelor of Fine Arts (B.F.A.) program, students must participate in a Senior Exhibition hosted within the University’s Foster Gallery.

---

## Liberal Education (LE) Core Guidance

### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL** – Service Learning; 30 hours

### Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

### Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

### Applicability of Credits Toward Graduation

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are
normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/pssp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), Registration; Transfer of Credits. College or departmental restrictions may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/pssp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/)

- 30 hours

---

**College Degree Requirements**

**Bachelor of Fine Arts**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Additional B.F.A. Requirements**

Further details regarding each of the following requirements are provided by the Art & Design Department each semester.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art
credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. Comprehensive Art majors must complete at least one of the following travel experiences:
   A) UWEC-approved International Study program;
   B) at least one of the department’s national field trips;
   C) at least two of the department’s regional field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition hosted in the University’s Foster Gallery (http://uwec.ly/ fostergallery/).

NOTE: Transfers, Changes of Major, and other exceptions must check with the Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply the Elements and Principles of Design to visually communicate through Graphic Design.
- Show practical and technical command of materials, tools, processes and technologies to produce images, objects and/or experiences while demonstrating safe practices.
- Develop perceptual skills to recognize, analyze, and critically evaluate form and content of art.
- Apply and utilize oral and written communication (reading, writing, speaking, and listening) to clearly establish personal and professional voice.
- Develop and apply knowledge and understanding of the major art periods (styles, iconography, terminology, essential questions, issues and contexts) globally across history and cultures.
- Recognize diversity of peer and professional work and engage in critical discussion and critique through analysis and with respect for aesthetic and conceptual diversity.
- Engage in self-directed and collaborative problem analysis, problem solving, and critical/creative thinking.
- Engage in research and ideation that transmits specific intent, personal insight, attitude or expression.
- Recognize and embrace risk taking and openness to process as it transcends intent.
- Reflect on professional commitment and integrity.
- Research diverse social and cultural contexts in depth and breadth to create unique solutions that effectively and aesthetically solve a public communication problem.

Sample Degree Plan

Art, Graphic Design, Comprehensive Major, B.F.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/ undergraduate/graduation-requirements/)here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Minimum total for the baccalaureate degree = 120 credits

a) Dual-Outcome Electives - To graduate within four years in the B.F.A. program, it is recommended that some Liberal Education Core (L.E.) requirements meet at least two different outcomes with one course (approx. 3 credits). A list of Liberal Education courses and the outcomes they meet can be found on the Advising, Retention + Career Center website. It is strongly recommended that you discuss L.E. courses with your ARCC advisor.

b) Area Support Options – Choose four courses from the following list. Note that ART 376 is a prerequisite for the required ART 476 course, so it is strongly recommended that you take it as one of your Area Support options.

- ART 244: Introduction to Painting
- ART 249: Introduction to Printmaking
- ART 264: Beginning Sculpture
- ART 278: 3-D Computer Modeling
- ART 281: Introduction to Photography as an Art Form
- ART 332: Illustration Narratives
- ART 342: Illustration Editorials
- ART 376: Advanced Visual Identity Design
- ART 383: Video for Art and Design
- ART 384: Artist Books: Image & Text

Minimum total for the baccalaureate degree = 120 credits

c) ART 476 is only offered in the fall semesters, and ART 477 is only offered in the spring semesters.

d) Participation in B.F.A. Review

No portfolios are required for admittance to the Art + Design Department. However, students pursuing the B.F.A. degree will be required to participate in a B.F.A. Entrance Review around their second year, where they will need to present a portfolio developed during their time at UW-Eau Claire. Students must pass this review to be accepted to continue in the B.F.A. program. To complete the review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (incl. current enrollment) prior to the B.F.A. Entrance Review is 30.

NOTE: Transfers, Changes of Major, and other exceptions must check with the Art + Design Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

Service-Learning

All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills, and become informed, active, and responsible citizens. A Service-Learning Guidebook is available on the Service-Learning (http://www.uwec.edu/sl/) website.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.appsuwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Required Travel Experience

Comprehensive Art majors must complete at least one of the following travel experiences:
1) UWEC-approved International Study program;
2) at least one Department of Art & Design national field trip;
3) at least two Department of Art & Design regional field trips.

Senior Exhibition: To complete the Bachelor of Fine Arts (B.F.A.) program, students must participate in a Senior Exhibition hosted within the University’s Foster Gallery.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.

• K4 – Fine Arts; one experience.

• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory
Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

College Degree Requirements

Bachelor of Fine Arts

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is
required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the foreign language course work; (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Major Requirements
(Code 020-019)

This degree is designed as a specialty for students pursuing graduate studies or planning careers in Illustration. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Illustration Emphasis will need to apply for a B.F.A. Review to remain in this major. The suggested time for this review is in the second year of study.

Additional B.F.A. Requirements

Further details regarding each of the following requirements are provided by the Art & Design Department each semester.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. Comprehensive Art majors must complete at least one of the following travel experiences:

A) UWEC-approved International Study program;

B) at least one of the department’s national field trips;

C) at least two of the department’s regional field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition hosted in the University’s Foster Gallery (http://uwec.ly/fostergallery/).

NOTE: Transfers, Changes of Major, and other exceptions must check with the Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:
• Apply the Elements and Principles of Design to visually communicate through Illustration.
• Show practical and technical command of materials, tools, processes and technologies to produce images, objects and/or experiences while demonstrating safe practices.
• Develop perceptual skills to recognize, analyze, and critically evaluate form and content of art.
• Apply and utilize oral and written communication (reading, writing, speaking, and listening) to clearly establish personal and professional voice.
• Develop and apply knowledge and understanding of the major art periods (styles, iconography, terminology, essential questions, issues and contexts) globally across history and cultures.
• Recognize diversity of peer and professional work and engage in critical discussion and critique through analysis and with respect for aesthetic and conceptual diversity.
• Engage in self-directed and collaborative problem analysis, problem solving, and critical/creative thinking.
• Engage in research and ideation that transmits specific intent, personal insight, attitude or expression.
• Recognize and embrace risk taking and openness to process as it transcends intent.
• Reflect on professional commitment and integrity.
• Identify and apply unique visual metaphors, narratives, and representational vocabularies within a contemporary visual context.
• Exhibit knowledge of the history of Illustration and the contemporary field of Illustration.

Sample Degree Plan
Art, Illustration, Comprehensive Major, B.F.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

ART 402 Advanced Studio Practice 3
ART/ARTH Elective 3
ART/ARTH Elective 3
LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity 3
LE Option: Integration (I1) 3
TOTAL CREDITS FOURTH YEAR 30

Minimum total for the baccalaureate degree = 120 credits

a Dual-Outcome Electives - To graduate within four years in the B.F.A. program, it is recommended that some Liberal Education Core (L.E.) requirements meet at least two different outcomes with one course (approx. 3 credits). A list of Liberal Education courses and the outcomes they meet can be found on the Advising, Retention + Career Center website. It is strongly recommended that you discuss L.E. courses with your ARCC advisor.

b Area Support Options – Courses do not need to be in a specified group, but these recommended group provide a deeper support experience:

- Group A: ART 240, 340, 402
- Group B: ART 344, 349
- Group D: ART 274, 275, 375
- Group E: ART 278, 378, 478
- Group F: ART 281, 312, 383

c Participation in B.F.A. Review

No portfolios are required for admittance to the Art + Design Department. However, students pursuing the B.F.A. degree will be required to participate in a B.F.A. Entrance Review around their second year, where they will need to present a portfolio developed during their time at UW-Eau Claire. Students must pass this review to be accepted to continue in the B.F.A. program. To complete the review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (incl. current enrollment) prior to the B.F.A. Entrance Review is 30.

NOTE: Transfers, Changes of Major, and other exceptions must check with the Art + Design Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

Service-Learning

All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills, and become informed, active, and responsible citizens. A Service-Learning Guidebook is available on the Service-Learning website.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Required Travel Experience

Comprehensive Art majors must complete at least one of the following travel experiences:

1 | UWEC-approved International Study program;
2 | at least one Department of Art & Design national field trip;
3 | at least two Department of Art & Design regional field trips.

Senior Exhibition: To complete the Bachelor of Fine Arts (B.F.A.) program, students must participate in a Senior Exhibition hosted within the University’s Foster Gallery.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

---

1. Certain programs exceed this minimum.
2. See special requirements in each College.

### Applicability of Credits Toward Graduation

#### Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

#### Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

#### WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

#### USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

#### Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

#### Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

<table>

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work; mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

1. Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114.
2. Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113.
3. Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 020-007)

This degree is designed to provide students with a liberal arts experience in art or design, creating a well-rounded education that combines artistic interests with other academic disciplines. It provides an excellent technical, conceptual, creative, and aesthetic foundation for broader career options.

Total Credits 60

NOTE: Comprehensive Art majors must complete at least one of the following travel experiences:

A) UWEC-approved International Study program;
B) at least one of the department’s national field trips;
C) at least two of the department’s regional field trips.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Implement the Principles of Design.
- Create design concepts that demonstrate critical and analytical thinking.
- Develop creative solutions to artistic and intellectual problems.
- Demonstrate an understanding of design history.
- Conduct research about the contexts of design.
- Demonstrate awareness of diverse audiences.

Sample Degree Plan

Art, Liberal Arts, Graphic Communications Emphasis, Comprehensive Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by
foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

TOTAL CREDITS FOURTH YEAR |                             | 27      |

Minimum total for the baccalaureate degree = 120 credits

a Interdisciplinary Elective – The Graphic Communications area of study requires the integration of courses from the Communication and Journalism and/or the Computer Science departments. Choose three courses from the following list:

- CJ 184: Multimedia Communication
- CJ 202: Fundamentals of Speech
- CJ 260: Introduction to Integrated Strategic Communication
- CS 318: Fundamentals of Web Page Design
- CS 319: Introduction to Web Programming
- CS 320: Web Database Design and Implementation
- CS 322: Animation Programming

b Six credits of electives with the ART prefix must be upper level (courses numbered 300 and higher) to meet University requirements.

c Recommended Art History elective – ARTH 333: Themes in Contemporary Art

d ART 476 is only offered in the fall semesters, and ART 477 is only offered in the spring semesters.

Service-Learning
All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills, and become informed, active, and responsible citizens. A Service-Learning Guidebook is available on the Service-Learning website.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

**Required**

Comprehensive Art majors must complete at least one of the following travel experiences:

1. UWEC-approved International Study program;
2. at least one Department of Art & Design national field trip;
3. at least two Department of Art & Design regional field trips.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

**Additional LE Core Information**

- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.
Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 020-006)
This degree is designed to provide students with a liberal arts experience in art or design, creating a well-rounded education that combines artistic interests with other academic disciplines. It provides an excellent technical, conceptual, creative, and aesthetic foundation for broader career options.

Electives in Art (ART) or Art History (ARTH)—Fifteen credits must be 300-level or above. Three credits must be in Art History (ARTH)

Total Credits 60

NOTE: Comprehensive Art majors must complete at least one of the following travel experiences:
A) UWEC-approved International Study program;
B) at least one of the department’s national field trips;
C) at least two of the department’s regional field trips.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Implement the Principles of Art.
- Create art concepts that demonstrate critical and analytical thinking.
- Develop creative solutions to artistic and intellectual problems.
- Demonstrate an understanding of art history.
- Conduct research about the contexts of art.
- Demonstrate awareness of diverse audiences.

Sample Degree Plan
Art, Liberal Arts, Studio Art Emphasis, Comprehensive Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no remedial courses, and no repeated courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Elective 3

TOTAL CREDITS FOURTH YEAR 27

Minimum total for the baccalaureate degree = 120 credits
a Studio Area Requirement – The Studio Art area of study requires a diverse experience of various media. Choose four courses from the following list:

- ART 240: Intermediate Drawing
- ART 244: Introduction to Painting
- ART 249: Introduction to Printmaking
- ART 264: Beginning Sculpture
- ART 281: Introduction to Photography as an Art Form
- ART 357: Introduction to Ceramics

b Fifteen (15) credits of electives with the ART prefix must be upper level (courses numbered 300 and higher) to meet University requirements.

Service-Learning
All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills, and become informed, active, and responsible citizens. A Service-Learning Guidebook is available on the Service-Learning website.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Required

Comprehensive Art majors must complete at least one of the following travel experiences:

1 | UWEC-approved International Study program;
2 | at least one Department of Art & Design national field trip;
3 | at least two Department of Art & Design regional field trips.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Art, Minor

Liberal Arts (Code 020-402)

Twenty-four semester credits, including:

NOTE: Art minors are encouraged to take Art History (ARTH) courses to meet the LE-K4 requirement.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Implement the Principles of Art and/or Design.
- Explore art and/or design concepts that demonstrate critical and analytical thinking.
- Design creative solutions to artistic and intellectual problems.

| Certificate, Comprehensive, upper division in residence | 25 percent of credits        |

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM/EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses.

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**College Degree Requirements**

**Bachelor of Fine Arts**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Major Requirements (Code 020-018)**

This degree is designed as a specialty for students pursuing graduate studies or planning careers in Photography. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Photography...
Emphasis will need to apply for a B.F.A. Review to remain in this major. The suggested time for this review is in the second year of study.

### Additional B.F.A. Requirements

Further details regarding each of the following requirements are provided by the Art & Design Department each semester.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ART 109 plus two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. Comprehensive Art majors must complete at least one of the following travel experiences:
   - A) UWEC-approved International Study program;
   - B) at least one of the department’s national field trips;
   - C) at least two of the department’s regional field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition hosted in the University’s Foster Gallery (http://uwec.ly/fostergallery/).

**NOTE:** Transfers, Changes of Major, and other exceptions must check with the Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply the Elements and Principles of Design to visually communicate.
- Show practical and technical command of materials, tools, processes and technologies to produce images, objects and/or experiences while demonstrating safe practices.
- Develop perceptual skills to recognize, analyze, and critically evaluate form and content of art.
- Develop and apply knowledge and understanding of the major art periods (styles, iconography, terminology, essential questions, issues and contexts) globally across history and cultures.
- Recognize diversity of peer and professional work and engage in critical discussion and critique through analysis and with respect for aesthetic and conceptual diversity.
- Engage in self-directed and collaborative problem analysis, problem solving, and critical/creative thinking.

---

| Total Credits | 75 |
- Engage in research and ideation that transmits specific intent, personal insight, attitude or expression.
- Recognize and embrace risk taking and openness to process as it transcends intent.
- Reflect on professional commitment and integrity.
- Apply photographic history and theory to photography as a social, cultural, and/or fine art medium.
- Apply basic technologies and processes in photography to work from concept to finished product.

**Sample Degree Plan**

**Art, Photography, Comprehensive Major, B.F.A.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

---

a Dual-Outcome Electives - To graduate within four years in the B.F.A. program, it is recommended that some Liberal Education Core (L.E.) requirements meet at least two different outcomes with one course (approx. 3 credits). A list of Liberal Education courses and the outcomes they meet can be
found on the Advising, Retention + Career Center website. It is strongly recommended that you discuss L.E. courses with your ARCC advisor.

b Area Support Options – Courses do not need to be in a specified group, but these recommended group provide a deeper support experience:
- 2-Dimensional Media %7C ART 240, 244, 249, 340, 341
- 3-Dimensional Space %7C ART 240, 264, 278, 357, 358, 365, 378, 383
- Motion/Time-Based %7C ART 240, 278, 378, 383
- Book & Paper Art %7C ART 249, 274, 275, 332, 342, 384

c Participation in B.F.A. Review

No portfolios are required for admittance to the Art + Design Department. However, students pursuing the B.F.A. degree will be required to participate in a B.F.A. Entrance Review around their second year, where they will need to present a portfolio developed during their time at UW-Eau Claire. Students must pass this review to be accepted to continue in the B.F.A. program. To complete the review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art credits taken (incl. current enrollment) prior to the B.F.A. Entrance Review is 30.

NOTE: Transfers, Changes of Major, and other exceptions must check with the Art + Design Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

Service-Learning

All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills, and become informed, active, and responsible citizens. A Service-Learning Guidebook is available on the Service-Learning website.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Required Travel Experience

Comprehensive Art majors must complete at least one of the following travel experiences:
1 | UWEC-approved International Study program;
2 | at least one Department of Art & Design national field trip;
3 | at least two Department of Art & Design regional field trips.

Senior Exhibition: To complete the Bachelor of Fine Arts (B.F.A.) program, students must participate in a Senior Exhibition hosted within the University’s Foster Gallery.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21

Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
UW-System no maximum
Other extension/correspondence maximum ¼ of total

USAFI
USAFI maximum 32 credits

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.
LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)

Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)

Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)

Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)

One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)

Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)

One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)

One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)

Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/
#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)

One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)

One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)

Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13)

30 hours

College Degree Requirements

Bachelor of Fine Arts

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of 5 in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Major Requirements

(Code 020-017)

This degree is designed as a specialty for students pursuing graduate studies or planning careers in Sculpture. It provides the most immersive studio experience for graduating with a greater level of artistic development and focus. Students enrolling in the Comprehensive Major: Art, Sculpture Emphasis will need to apply for a B.F.A. Review to remain in this major. The suggested time for this review is in the second year of study.

Code  Title  Credits

Department Requirements

Foundations Courses (should be completed in the first year of study): 12

| ART 107 | Foundations: Drawing and Composition |
| ART 108 | Foundations: Two-Dimensional Design |
| ART 110 | Foundations: Three-Dimensional Art |
| ARTH 109 | Art of the 20th Century |
Additional B.F.A. Requirements

Further details regarding each of the following requirements are provided by the Art & Design Department each semester.

1. To be accepted to continue in the B.F.A. program, students must pass the B.F.A. Entrance Review. To complete the Review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 and two courses in studio art. The maximum number of Art credits taken (including current enrollment) prior to the B.F.A. Entrance Review is 30.

2. B.F.A. Comprehensive Art majors must complete at least one of the following travel experiences:
   A) UWEC-approved International Study program;
   B) at least one of the department’s national field trips;
   C) at least two of the department’s regional field trips.

3. To complete the B.F.A. program, students must participate in a Senior Exhibition hosted in the University’s Foster Gallery (http://uwec.ly/fostergallery/).

NOTE: Transfers, Changes of Major, and other exceptions must check with the Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply the Elements and Principles of Design to visually communicate through Sculpture.
- Show practical and technical command of materials, tools, processes and technologies to produce images, objects and/or experiences while demonstrating safe practices.
- Develop perceptual skills to recognize, analyze, and critically evaluate form and content of art.
- Apply and utilize oral and written communication (reading, writing, speaking, and listening) to clearly establish personal and professional voice.
- Develop and apply knowledge and understanding of the major art periods (styles, iconography, terminology, essential questions, issues and contexts) globally across history and cultures.
- Recognize diversity of peer and professional work and engage in critical discussion and critique through analysis and with respect for aesthetic and conceptual diversity.
- Engage in self-directed and collaborative problem analysis, problem solving, and critical/creative thinking.
- Engage in research and ideation that transmits specific intent, personal insight, attitude or expression.
- Recognize and embrace risk taking and openness to process as it transcends intent.
- Reflect on professional commitment and integrity.
- Explain the conceptual transition of sculpture from pre-modernism through modernism and into post-modernism.
- Effectively apply the tools, processes, and materials in the creation of sculpture.

Sample Degree Plan

Art, Sculpture, Comprehensive Major, B.F.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. 

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core.
Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Minimum total for the baccalaureate degree = 120 credits

- **Dual-Outcome Electives** - To graduate within four years in the B.F.A. program, it is recommended that some Liberal Education Core (L.E.) requirements meet at least two different outcomes with one course (approx. 3 credits). A list of Liberal Education courses and the outcomes they meet can be found on the Advising, Retention + Career Center website. It is strongly recommended that you discuss L.E. courses with your ARCC advisor.

- **Area Support Options** – Choose four courses from the following list:
  - ART 278: 3-D Computer Modeling
  - ART 358: Intermediate Ceramics
  - ART 378: 3-D Computer Animation I
  - ART 383: Video for Art and Design
  - ART 384: Artist Books: Image & Text
  - ART 402: Advanced Studio Practice
  - ART 458: Advanced Ceramics
  - ART 478: 3-D Computer Animation II

- **Participation in B.F.A. Review**

  No portfolios are required for admittance to the Art + Design Department. However, students pursuing the B.F.A. degree will be required to participate in a B.F.A. Entrance Review around their second year, where they will need to present a portfolio developed during their time at UW-Eau Claire. Students must pass this review to be accepted to continue in the B.F.A. program. To complete the review, students must apply with a minimum of 18 Art & Design credits including ART 107, ART 108, ART 110, ARTH 109 plus two courses in studio art. The maximum number of Art
credits taken (incl. current enrollment) prior to the B.F.A. Entrance Review is 30.

NOTE: Transfers, Changes of Major, and other exceptions must check with the Art + Design Department and their faculty advisor to determine their position within the program and what requirements they will need to meet.

Service-Learning
All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills, and become informed, active, and responsible citizens. A Service-Learning Guidebook is available on the Service-Learning website.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Required Travel Experience
Comprehensive Art majors must complete at least one of the following travel experiences:
1 | UWEC-approved International Study program;
2 | at least one Department of Art & Design national field trip;
3 | at least two Department of Art & Design regional field trips.

Senior Exhibition: To complete the Bachelor of Fine Arts (B.F.A.) program, students must participate in a Senior Exhibition hosted within the University's Foster Gallery.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL — Service Learning: 30 hours

Additional LE Core Information
- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for USAFI.

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-495 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory

Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses

Credit by Examination

Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits

Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184) Total KINS 100-184 maximum 1 credit

Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits

USAFI no maximum
Other extension/correspondence maximum ¼ of total

USAFI maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)  
One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)  
One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)  
Two (2) learning experiences

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)  
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)  
One (1) learning experience

Integration Goal

Integration Outcome 1 (II): Integration (http://catalog.uwec.edu/undergraduate/attribute-II/)  
Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)  
30 hours

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 020-208)**

This degree program is designed to liberally educate a student with knowledgeable foundations in art or design. It is not offered as a career or professional path, and it presumes integration with a minor or second major.

**Code** | **Title** | **Credits**
--- | --- | ---
Thirty-six semester credits, including:

**Department Requirements**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level.

**ART 107** | Foundations: Drawing and Composition | 3
**ART 108** | Foundations: Two-Dimensional Design | 3
**ART 110** | Foundations: Three-Dimensional Art | 3
**ARTH 109** | Art of the 20th Century | 3

**Art History Requirement**

**ARTH 111** | Survey: Ancient to Medieval Art | 3
**ARTH 112** | Survey: Renaissance to 20th Century Art | 3

**Studio Area Requirement**

Choose one three-course studio area sequence:

**Ceramics:**

**ART 357** | Introduction to Ceramics | 3
& **ART 358** | and Intermediate Ceramics | 3
& **ART 458** | and Advanced Ceramics | 3

**Drawing, Option 1:**

Choose one three-course drawing sequence:
### Sample Degree Plan

**Art, Studio Emphasis, Major, B.A.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

2. **Sculpture course sequence:** Choose either ART 364 or ART 366

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Implement the Principles of Art or Design.
- Create art or design concepts that demonstrate critical and analytical thinking.
- Develop creative solutions to artistic and intellectual problems.
- Demonstrate an understanding of art or design history.
- Demonstrate awareness of diverse audiences.
## SECOND SEMESTER

- **ART Studio Sequence**<sup>a</sup> 3
- ARTH 112 Survey: Renaissance to 20th Century 3
- LE Option: Responsibility 1 (LE-R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity 3
- LE Option: Skills 1 (LE-S1) Written and Oral Communication (102-level language elective) 4

**TOTAL CREDITS FOURTH YEAR** 27

---

Minimum total for the baccalaureate degree = 120 credits

### Studio Sequence – The Studio Art area of study requires you to choose one of the following sequences for a total of nine credits:

- **Ceramics**: ART 357, 358, 458
- **Drawing**: ART 240, 340, 402 - OR - ART 240, 341, 441
- **Graphic Design**: ART 274, 275, 375
- **Illustration**: ART 244, 332, 342
- **Painting**: ART 244, 344, 349
- **Photography**: ART 281, plus two of these courses:
  - ART 381, 382, 383, - or - 384
  - Sculpture: ART 264, 364 - or - 366, 402

### Service-Learning

All candidates for the baccalaureate degree at the University of Wisconsin-Eau Claire must satisfactorily complete 30 hours of approved service-learning activity. This requirement is intended to provide students with an opportunity to serve their community, apply knowledge gained in the classroom, enhance their critical thinking skills, and become informed, active, and responsible citizens. A Service-Learning Guidebook is available on the Service-Learning website.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

**Recommended**

Standard Art majors are encouraged to participate in at least one of the following travel experiences:

1 | UWEC-approved International Study program;
2 | at least one Department of Art & Design national field trip;
3 | at least one Department of Art & Design regional field trip.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
environment via coursework and high impact practices so students may solve basic concepts and skills as well as an enlightening and participatory learning. We promote an enthusiastic and engaged community that promotes an enthusiasm for lifetime learning in the biological sciences through education, research and service. Our students will be curious, confident, connected, and competent. We provide students with the understanding and appreciation of biological study and extending the boundaries of human knowledge through scientific research. Meetings provide opportunities to meet other biology majors/minors and professors, hear speakers on various biology related topics, learn about possible internships and research opportunities, and participate in fun activities such as trips to science museums, aquariums, and zoos.

Biology Department Honors Requirements

Eligibility:

1. Upper class biology majors (60 credits or more) with resident, total, and Biology GPAs of 3.50 or higher.
2. Transfer students with junior status who declare a biology major and enter with GPAs of 3.50 or higher.

Requirements:

- An invitation by a biology faculty/staff member to pursue Biology Departmental Honors. Students may apply without an invitation but must have a letter of support from a biology faculty/staff member.
- At least 3 credits earned over at least 2 semesters, in either BIOL 384, BIOL 395, BIOL 396, BIOL 399, or BIOL 499.
- Presentation of collaborative research at one of the following:
  - an on-campus event (CERCA, the Provost’s Honors Symposium)
  - an off-campus conference (a regional, national or international professional conference)
  - publication of collaborative research results in a peer-reviewed journal.
- Submission and approval of an Honors thesis of their research, including the following steps:
  - During the thesis semester, students will register for 1 credit of BIOL 489 (Biology Honors Thesis - in development) or HNRS 490 (Honors Senior Thesis or Project).
  - Students are expected to make substantial intellectual contributions to the development, implementation, or scholarly interpretation of the project.
  - The thesis will be evaluated for acceptability by the research mentor and at least one additional faculty or staff member.

NOTE: Students must maintain a resident, total, and biology GPA of at least 3.50 for continued eligibility for Biology Department Honors.

Certificate | 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

College Degree Requirements  
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.
College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 122 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 080-001)
This emphasis provides extensive exposure to topics in ecology, field biology, and biological conservation. It is intended for students who are interested in field research, environmental monitoring and management, or natural resource conservation, or who desire strong preparation for graduate programs in ecology, environmental biology, or related fields. Research or internship is strongly recommended.

The emphasis requires completion of the core, the required credits as listed below, and biology electives to total at least 60 credits.

Core Requirements for All Biology Majors
Ecology and Environmental Biology Emphasis (Code 080-001); Microbiology Emphasis (Code 080-002); Biology, Liberal Arts (Code 080-203).

**Total Credits** 9

Core Requirements for Biology, Liberal Arts
All students who pursue a Liberal Arts Comprehensive Major in Biology are also required to complete MATH 114, and CHEM 105, CHEM 106, and CHEM 109, or CHEM 115, in addition to the 60 credits required for the major.
Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of foundational biological principles in the areas of cell/molecular biology, genetics, evolution, ecology, diversity of life, and structure & function of organisms.
- Understand and apply basic research methods in biology including research design, data analysis, and communication.
- Work collaboratively to explore and solve problems.
- Apply theories, concepts, findings, and methods of biology to problems/issues in society.
- Understand how biological theories, concepts, findings, and methods relate to other disciplines.
- Demonstrate competence in mathematics, statistics, and computer technology as tools for revealing and characterizing complex patterns in biological systems.
- Understand and apply scientific reasoning and methods in learning science and/or in conducting biological research.
- Communicate scientific ideas and results in a variety of formats.
- Understand how to organize and evaluate data/information related to measuring diversity using field-specific recommended structures and criteria.

Sample Degree Plan

Biology, Ecology and Environmental Biology Emphasis, Comprehensive Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

1 May include Marine Science II - Marine Biology from the Gulf Coast Research Laboratory.
2 May include Marine Science I - Oceanography from the Gulf Coast Research Laboratory.
Minimum total for the baccalaureate degree = 120 credits

a Prerequisites: Math 109 or placement into math course above 109; CHEM 105 and CHEM 106, or CHEM 115 or concurrent enrollment.

b Grade of C or above in Biol 221

c Best if Foundational Core course series (Biol 221,222,223) is completed within 1 st three semesters.

d Required for EEB majors

Note 1: Must maintain a 2.0 GPA in major program.

Note 2: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

Course Suggestions
Consider GIS certificate as part of physical sciences; Consider LE options as noted in Env. Society and Science, Environmental Science Minors. Students may also earn credit for directed and independent studies, internships, and through winterim or interim course offerings.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://stud yabroad.app s.uwec.ed u/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/infostudents/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire. These are best pursued after completion of Foundation coursework (Biol 221, 222 and 223).

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

- Other extension/correspondence maximum ¼ of total

**USAFI** maximum 32 credits

**Liberal Education Core**
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS** a minimum of 36 credits

**Knowledge Goal**
- Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
  - Two (2) learning experiences
- Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
  - Two (2) learning experiences
- Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
  - Two (2) learning experiences
- Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
  - One (1) learning experience

**Skills Goal**
- Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)
  - Two (2) learning experiences
- Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)
  - One (1) learning experience

**Responsibility Goal**
- Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)
  - Two (2) learning experiences
- Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)
  - One (1) learning experience
- Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)
  - One (1) learning experience

**Integration Goal**
- Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)
  - Two (2) learning experiences

**Service-Learning Goal**
- Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13) 30 hours

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) as specified in the section of this catalog titled University Graduation Requirements.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 080-002)

This emphasis differs from the Biochemistry/Molecular Biology comprehensive major in that it provides more in-depth exposure to topics in microbiology including virology, immunology, and bacteriology. It is excellent preparation for careers in health science, industry, and for graduate training in microbiology and related fields.

The emphasis requires completion of the core, the required credits as listed below, and biology electives to total at least 60 credits.

Core Requirements for All Biology Majors

Ecology and Environmental Biology Emphasis (Code 080-001); Microbiology Emphasis (Code 080-002); Biology, Liberal Arts (Code 080-203).

**TOTAL** 13-14

**Minimum total for the baccalaureate degree = 120 credits**

- **Note 1:** Students may also earn credit for directed and independent studies, internships, and through winterim or interim course offerings.
- **Note 2:** Must maintain a 2.0 GPA in major program.
- **Note 3:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire. These are best pursued after completion of Foundation coursework (Biol 221, 222 and 223).

**Liberal Education (LE) Core Guidance**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.
• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one S1 and R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Biology, Major - Liberal Arts

Liberal Arts (Code 080-203)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

| Minimum total for graduation ¹ | 120 |
| Upper division credits (courses numbered 300 and higher) | 39 |
| Liberal Education Core | 36 |

Academic Concentrations

Grade Point Requirements ²

| Total | 2.00 average |
| Resident | 2.00 average |
| Major | 2.00 average |
| Minor | 2.00 average |
| Certificate | 2.00 average |

University Residency Requirements

| Minimum total | 30 |
| Senior year | 23 |
| Major, Standard, upper division in residence | 12 |
| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned
in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Knowledge Outcome 5 (K5): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k5/) Two (2) learning experiences

Knowledge Outcome 6 (K6): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k6/) Two (2) learning experiences

Knowledge Outcome 7 (K7): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k7/) Two (2) learning experiences

Knowledge Outcome 8 (K8): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k8/) One (1) learning experience

Knowledge Outcome 9 (K9): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k9/) Two (2) learning experiences

Knowledge Outcome 10 (K10): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k10/) Two (2) learning experiences

Knowledge Outcome 11 (K11): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k11/) Two (2) learning experiences

Knowledge Outcome 12 (K12): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k12/) One (1) learning experience

One experience in laboratory science must be selected from either K1 or K2.

**Skills Goal**

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

One S1 must meet the University Writing Requirement

One S2 to meet the University Mathematics Requirement

One S3 to meet the University Mathematics Requirement

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

One R2 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

**Integration Goal**

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major.
department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S (not S-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 112/LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 080-203)**

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of foundational biological principles in the areas of information flow, exchange, and storage, pathways and transformations of energy and matter, structure and function, and systems and evolution.
- Apply the process of science.
- Communicate and collaborate and to recognize the interdisciplinary nature of science.
- Use quantitative reasoning, models and/or simulation.
- Understand the relationship between science and society.
Sample Degree Plan
Biology, Major-Liberal Arts, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

|               |         |                                    | 3-4     |
| TOTAL         |         |                                    | 15-16   |

| SECOND SEMESTER | BIOL Upper Level Elective Lab Course | 3-4     |
|                | LE Option: Integration (I1)          | 3       |
|                | Second Program Course                | 6       |
| TOTAL          |         |                                    | 15-16   |

### FOURTH YEAR

| FIRST SEMESTER | BIOL Elective | 3-4     |
|               | BIOL Elective | 3-4     |
|               | LE Option: Integration (I1) | 3       |
|                | Second Program Course | 6       |
| TOTAL          |         |                                    | 12-14   |

Minimum total for the baccalaureate degree = 120 credits

- **Note 1:** Students may also earn credit for directed and independent studies, internships, and through winterim or interim course offerings.
- **Note 2:** Must maintain a 2.0 GPA in major program.
- **Note 3:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see [here](https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/)).
RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire. These are best pursued after completion of Foundation coursework (BIOL 221, 222 and 223).

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

Biology, General, Minor

Liberal Arts (Code 080-401)

Code | Title | Credits
--- | --- | ---
BIOL 221 | Foundations of Biology I | 4
BIOL 222 | Foundations of Biology II | 3
BIOL 223 | Foundations of Biological Inquiry | 2

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand foundational biological principles in the areas of cell/molecular biology, genetics, evolution, ecology, diversity of life, and structure & function of organisms.
- Understand the process of biological research and the basics of scientific writing.
- Present the results of research in both written and oral forms.

Chemistry and Biochemistry

Phillips 430
715-836-3417
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/chemistry/)

The degree programs in the Department of Chemistry and Biochemistry offer the rare opportunity to build a useful and marketable set of technical skills, while obtaining a well-rounded liberal arts education that will provide communication and “people” skills. The department offers a variety of majors and interdisciplinary programs, with varying degrees of specialization designed to meet the needs and interests of a broad range of students. The A.C.S. certified majors are ideal for students seeking a rigorous and focused course of study, and are well-suited to those seeking immediate employment in the chemical industry or planning graduate study in chemistry or biochemistry. The liberal arts major offers broader professional options, is more flexible in terms of elective coursework, and is paired with a minor or second major. The liberal arts major is also an excellent choice for pre-pharmacy, pre-medicine, pre-dentistry, and other pre-professional students. Students interested in biological chemistry may also consider the interdisciplinary comprehensive major in biochemistry/molecular biology offered jointly with the Biology Department.

The Chemistry with Business Emphasis major offers a unique course of study that is ideal for those seeking a business career in a technical industry. This program offers a powerful combination of technical training in the field of chemistry, a core of business classes, and a targeted course sequence focused
on industrial chemistry. This renders students incredibly well-prepared to enter sales, marketing, or customer support roles immediately upon graduation.

Faculty/student collaborative research is the hallmark of the Chemistry Department. These hands-on learning opportunities are key to acquainting students with the day-to-day activities of practicing chemists and often lead to summer employment and internship opportunities. Many students also have the opportunity to present their work at professional meetings prior to graduation.

The Chemistry Department is accredited by the American Chemical Society (A.C.S.) to certify its comprehensive degrees as meeting the breadth and depth requirements of the A.C.S. There are two A.C.S certified options, including one focused on biological chemistry.

**Honor Societies and Student Organizations:**

The UW-Eau Claire student affiliate chapter of the American Chemical Society (ACS-SA) is a national award-winning organization that involves students in social, professional, and service activities at the university and in the community. This group has continued since the A.C.S. incorporated ACS-SA members into its general membership as Student Members. The UW-Eau Claire ACS-SA helps inform fellow students of curricular options and career opportunities and coordinates a tutoring program serving students in lower-level chemistry courses. All chemistry and biochemistry/molecular biology students are encouraged to become members of ACS-SA.

**Departmental Honors in Chemistry and Biochemistry**

Open to students in all programs in the Department of Chemistry and Biochemistry who meet the following requirements:

1. GPA of 3.50 or higher, both cumulative and in chemistry courses. Participation in a collaborative research project with a chemistry faculty member that results in:
   2. a presentation at an off-campus research conference, and
   3. completion of CHEM 497 with a favorable review of the manuscript by the research advisor and at least two additional faculty members.

**Procedure:** Students seeking Departmental Honors must:

1. Complete all requirements listed above.
2. Complete the Departmental Honors Application: This is submitted as an eform that is approved by faculty reviewers and the Chair; a transcript, and copies of the CHEM 497 manuscript and presentation abstract are attached to the form.
3. Forward a completed application to the Student Affairs Committee Chair by the date specified on the form.

Note: Names of Departmental Honors graduates must be forwarded to the University Honors Program Director and Registrar at least three weeks prior to commencement.

**Information for All Students about General Chemistry Placement**

NOTE 1: CHEM 105 is the first course in a two-semester general chemistry sequence that includes CHEM 105, CHEM 106 and CHEM 109, while CHEM 115 combines material from this two-semester sequence into a single one-semester course. Students, especially chemistry, biochemistry/molecular biology (B/MB), and materials science majors (see Note 5), who meet the enrollment criteria described in NOTES 2 and 3 are strongly encouraged to take CHEM 115 to complete their general chemistry requirement in a single semester.

NOTE 2: High school math performance is the best predictor of success in all 100-level chemistry courses. Students who place into MATH 114 or higher should almost always take CHEM 115. Students who place into MATH 109 or lower should take CHEM 105 and CHEM 106 as their first semester, followed by CHEM 109. Students who place into MATH 112 or MATH 113 should consider their chemistry background and anticipated degree program when choosing between CHEM 105/CHEM 106 and CHEM 115. Students with a strong high school chemistry background (see NOTE 3), and who are planning to major (or minor) in chemistry, B/MB, or materials science should usually take CHEM 115. Students with less chemistry preparation, or who are not planning on majoring (or minoring) in chemistry, B/MB, or materials science should probably start by taking CHEM 105 and CHEM 106.

NOTE 3: A "strong background" in high school chemistry can take several forms. Successful completion of an AP chemistry course or similarly enriched chemistry course constitutes a strong background. Successful completion of two years of high school chemistry; or one year of high school chemistry and one year of high school physics generally provides a strong background as well.

NOTE 4: Students who take CHEM 115, and after consultation with their CHEM 115 instructor in the first 2 of weeks of the course determine that CHEM 105/CHEM 106 is the more appropriate starting point for them in chemistry, will be allowed to transfer to CHEM 105/CHEM 106. Therefore, for close decisions between original enrollment in CHEM 105/CHEM 106 or CHEM 115, students are encouraged to enroll in CHEM 115.

NOTE 5: Chemistry, B/MB, and materials science majors and minors receive 6 credits toward the major for CHEM 115 or a combination of CHEM 105, CHEM 106, and CHEM 109. Therefore, these students should take CHEM 115 if they meet the enrollment criteria so that they can move on sooner to other courses in their major.

**Faculty**

TBD, Chair

- Scott Bailey-Hartsel
- Sudeep Bhattacharyay
- Michael Carney
- Patricia Cleary
- Anna Cook
- Bart Dahl
- Jennifer Dahl
- Tyler Doyon
- Stephen Drucker
- Abbey Doyon
- Deidra Gerlach
- Jason Halfen
- Sanchita Hati
- Krysti Knoche Gupta

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

## Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### LIBERAL EDUCATION CORE REQUIREMENTS

<table>

### University Graduation Requirements

- **Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**
- **College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

- **Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

- Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

- Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

- **College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the
students must complete the following course work:

In addition to the chemistry core and required mathematics/physics courses, and/or in careers in government or industry labs. It offers effective preparation for immediate employment or matriculation to graduate school.

### Major Requirements

**Code 100-012**

The A.C.S. Certified Major is designed to prepare students to function effectively and professionally as practicing chemists, in graduate programs and/or in careers in government or industry labs. It offers effective preparation for immediate employment or matriculation to graduate school.

### Core Requirements for A.C.S. and Liberal Arts Chemistry Majors

A minimum of 63-semester credits, including:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 112</td>
<td>competency test. This test may be attempted no more than two times.</td>
<td></td>
</tr>
</tbody>
</table>

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Knowledge and Understanding:** Students will develop a rigorous understanding of chemical principles, and apply them to predict and rationalize chemical properties.
  - Structure and Bonding: Students can describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.
  - Reactivity and Stability: Students can classify and rationalize chemical transformations, and predict and quantify products.
  - Instrumentation Theory: Students can describe the underlying physical principles of various instruments and measurement techniques.
- **Skills:** Students will develop the skills need to be effective practitioners of the field by devolving laboratory proficiency, the capacity to think critically and creatively, and the ability to communicate effectively.
  - Laboratory Skills: Students will develop proficient laboratory technique.
  - Chemical Reasoning: Students will develop critical and creative thinking skills, use them within the context of the field.
  - Communication Skills: Students will develop effective oral and written communication skills.
  - Literature Skills: Students will become proficient with the chemical literature.
- **Responsibility:** Students will become responsible practitioners of the field, by practicing laboratory safety, recognizing the societal impacts of chemistry, and identifying contributions made by individuals with a variety of social identities.
  - Chemical Safety: Students will function safely in a chemical laboratory, and will manage waste effectively.
  - Ethical and Professional Conduct: Students will conduct themselves ethically and professionally, cultivate awareness of the impact of chemistry on society, and recognize contributions from a diverse population.
- **Distinction:** Students in the Chemistry, ACS, General Emphasis major will develop a deeper comprehension of how physical principles manifest chemical behavior.
Sample Degree Plans
Chemistry, A.C.S.  `Certified, Comprehensive Major, B.S. (Starting with CHEM 115 and Math 114)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits

a. CHEM 105, CHEM 106 (K1) and CHEM 109 may be taken in place of CHEM 115, but only 6 of the 9 credits will count towards the major.

b. Students planning for graduate studies in chemistry (especially those interested in physical chemistry) are encouraged to take additional courses in mathematics (MATH 216, MATH 311, and/or MATH 324) and physics.

c. Two out of the three upper-level labs need to be taken, including CHEM 420, CHEM 438 and CHEM 453. Students should plan to take these in different semesters.

d. One chemistry elective must be taken from this list: 401, 418, 426, or 491. The second chemistry elective may include a second selection from that list, or may selected one of these courses: 304, 361, 411, 460.

e. Electives need to be carefully selected to ensure that a student's degree comprises at least 39 credits of upper division courses (300-400 level). While students are encouraged to take additional courses in chemistry, electives...
can be selected from any discipline as long as the student meets the course prerequisites.

The A.C.S. designation indicates that this major meets the certification guidelines of the American Chemical Society.

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

---

**Chemistry, A.C.S. Certified, Comprehensive Major, B.S. (Starting with CHEM 105/106 and MATH109)**
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both core and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Chemistry, A.C.S. Certified, Biochemistry Emphasis, Comprehensive Major

(Code 100-011)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning: 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.
University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core 36
Academic Concentrations

Grade Point Requirements

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICATION OF CREDITS TOWARD GRADUATION

</table>

Credit by Examination

Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits

Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits

UW-System no maximum
Other extension/correspondence maximum ¼ of total

USAFI

USAFI maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements (Code 100-011)

The A.C.S. Certified, Biochemistry Emphasis Major is designed to prepare students to function effectively and professionally as practicing chemists working at the interface of chemistry and the biological sciences, in graduate programs and/or in careers in government or industry labs. This program offers solid preparation for students planning graduate study in biochemistry, biophysics, or medicinal chemistry, and also provides an exceptionally rigorous pre-medical or pre-pharmacy program with suitable biology electives.

Total Credits 39

1 Only six credits of the CHEM 105/CHEM 106/CHEM 109 sequence are credited to the major.

Capstone Experience for Chemistry Majors

The capstone experience is met by completing CHEM 411 for chemistry with business emphasis majors, and by CHEM 420, CHEM 438, CHEM 453 or CHEM 497 for other chemistry majors.

Comprehensive Major: Chemistry, A.C.S., Biochemistry Emphasis

Requirements

In addition to the chemistry core and required mathematics/physics courses, students must complete the following course work:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIOL 221</td>
<td>Foundations of Biology I</td>
<td>4</td>
</tr>
<tr>
<td>BIOL 223</td>
<td>Foundations of Biological Inquiry</td>

<tr>
<td>or CHEM 361</td>
<td>Molecules and Medicine</td>
<td></td>
</tr>
</tbody>
</table>

Total Credits 26

2 Students interested in graduate studies in biological or medicinal chemistry are strongly encouraged to take both CHEM 433 and CHEM 434.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Knowledge and Understanding: Students will develop a rigorous understanding of chemical principles, and apply them to predict and rationalize chemical properties.
- Structure and Bonding: Students can describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.
- Reactivity and Stability: Students can classify and rationalize chemical transformations, and predict and quantify products.
- Instrumentation Theory: Students can describe the underlying physical principles of various instruments and measurement techniques.
- Skills: Students will develop the skills need to be effective practitioners of the field by devolving laboratory proficiency, the capacity to think critically and creatively, and the ability to communicate effectively.
- Laboratory Skills: Students will develop proficient laboratory technique.
- Chemical Reasoning: Students will develop critical and creative thinking skills, use them within the context of the field.
- Communication Skills: Students will develop effective oral and written communication skills.
- Literature Skills: Students will become proficient with the chemical literature.
- Responsibility: Students will become responsible practitioners of the field, by practicing laboratory safety, recognizing the societal impacts of chemistry, and identifying contributions made by individuals with a variety of social identities.
- Chemical Safety: Students will function safely in a chemical laboratory, and will manage waste effectively.
- Ethical and Professional Conduct: Students will conduct themselves ethically and professionally, cultivate awareness of the impact of chemistry on society, and recognize contributions from a diverse population.
- Distinction: Students in the Chemistry, A.C.S. Biochemistry Emphasis will develop a deeper comprehension of how chemical principles underlie biological functions.

Sample Degree Plans

Chemistry, A.C.S. & Certified, Biochemistry Emphasis, Comprehensive Major, B.S. (Starting with CHEM 115 and MATH 114)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education (LE) Core.
Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits

- a. CHEM 105, CHEM 106 (K1) and CHEM 109 may be taken in place of CHEM 115, but only 6 of the 9 credits will count towards the major.
- b. All three of the upper-level labs need to be taken, including CHEM 420, CHEM 438 and CHEM 453. Students should plan to take these in different semesters. If the Physics series, Biochemistry lecture series, and Synthetic Lab are not completed in the third year, additional semesters may be necessary to earn the degree.
- c. Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level). While students are encouraged to take additional courses in chemistry, electives can be selected from any discipline as long as the student meets the course prerequisites.
- d. The A.C.S. designation indicates that this major meets the certification guidelines of the American Chemical Society.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Chemistry, A.C.S. d Certified, Biochemistry Emphasis, Comprehensive Major, B.S. (Starting with CHEM 105/106 and MATH 109)
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult
your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**TOTAL FOURTH YEAR**

31

**Minimum total for the baccalaureate degree = 120 credits**

a. CHEM 105, CHEM 106 (K1) and CHEM 109 may be taken in place of CHEM 115, but only 6 of the 9 credits will count towards the major.

b. All three of the upper-level labs need to be taken, including CHEM 420, CHEM 438 and CHEM 453. Students should plan to take these in different semesters. If the Physics series, Biochemistry lecture series, and Synthetic Lab are not completed in the third year, additional semesters may be necessary to earn the degree.

c. Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level). While students are encouraged to take additional courses in chemistry, electives can be selected from any discipline as long as the student meets the course prerequisites.

d. The A.C.S. designation indicates that this major meets the certification guidelines of the American Chemical Society.

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.
Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.
USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**  
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**Liberal Education Core Requirements**  

**Knowledge Goal**  

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)  
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)  
Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)  
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)  
One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/), One (1) learning experience

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)  
One (1) learning experience

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)  
One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)  
Two (2) learning experiences

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)  
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)  
One (1) learning experience

Integration Goal  
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)  
Two (2) learning experiences

Service-Learning Goal  
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-s/1)  
30 hours

**College Degree Requirements**  
**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.
College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 112 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
Liberal Arts (Code 100-201)
The Liberal Arts Chemistry Major is designed to provide students with a solid foundation in the field, while offering the opportunity to pursue a parallel specialization, thus effectively preparing students for graduate or professional school, and/or a variety of career paths in chemistry, the health sciences, and related fields. This major is ideal for pre-medicine or pre-pharmacy students who are interested in a chemistry major, and any others who are seeking a minor in another field.

Core Requirements for A.C.S. and Liberal Arts Chemistry Majors
A minimum of 55-semester credits, including:

<table>

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Knowledge and Understanding:** Students will develop a rigorous understanding of chemical principles, and apply them to predict and rationalize chemical properties.
  - Structure and Bonding: Students can describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.
  - Reactivity and Stability: Students can classify and rationalize chemical transformations, and predict and quantify products.
  - Instrumentation Theory: Students can describe the underlying physical principles of various instruments and measurement techniques.

- **Skills:** Students will develop the skills need to be effective practitioners of the field by devolving laboratory proficiency, the capacity to think critically and creatively, and the ability to communicate effectively.
  - Laboratory Skills: Students will develop proficient laboratory technique.
  - Chemical Reasoning: Students will develop critical and creative thinking skills, use them within the context of the field.
  - Communication Skills: Students will develop effective oral and written.
  - Literature Skills: Students will become proficient with the chemical literature.

- **Responsibility:** Students will become responsible practitioners of the field, by practicing laboratory safety, recognizing the societal impacts of chemistry, and identifying contributions made by individuals with a variety of social identities.
  - Chemical Safety: Students will function safely in a chemical laboratory, and will manage waste effectively.
  - Ethical and Professional Conduct: Students will conduct themselves ethically and professionally, cultivate awareness of the impact of chemistry on society, and recognize contributions from a diverse population.

- **Distinction--Chemistry, Liberal Arts:** Students in the Chemistry, Liberal Arts major will develop some degree of specialization in an adjacent and/or complimentary field of study.

### Sample Degree Plans

#### Chemistry, Major - Liberal Arts, B.S. (Starting with CHEM 115 and MATH 114)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

---

**Early Transferable Courses:**

Students planning to transfer to UW-Eau Claire for their junior year should complete the following courses by the beginning of their junior year (Fall semester):

- CHEM 115
- CHEM 116
- PHYS 231
- PHYS 232
- MATH 114
- MATH 115

These courses count toward the 30 credits of General Education core. Students should consult with an academic advisor to determine appropriate course work to meet general education requirements and prepare for transfer to UW-Eau Claire.
LE Option: Skills 1 (LE-S1) Written and Oral Communication 3

SECOND SEMESTER

CHEM 434  Physical Chemistry II (Spring Only) 4
Two courses in Second Program/minor 6
LE Option: Responsibility 1 (LE-R1) Equity, Diversity, and Inclusivity 3
LE Option: Knowledge 3 (LE-K3) Humanities 3
TOTAL THIRD YEAR 31

FOURTH YEAR

FIRST SEMESTER

Two courses in Second Program/minor 7
LE Option: Integration (LE-I1) 3
LE Option: Knowledge 3 (LE-K3) Humanities 3
TOTAL FOURTH YEAR 29-31

Minimum total for the baccalaureate degree = 120 credits

a. CHEM 105, CHEM 106 (K1) and CHEM 109 may be taken in place of CHEM 115, but only 6 of the 9 credits will count towards the major.
b. Students planning for graduate studies in chemistry (especially those interested in physical chemistry) are encouraged to take additional courses in mathematics (MATH 216, MATH 311, and/or MATH 324) and physics.
c. One of the three upper-level labs need to be taken, including CHEM 420, CHEM 438 and CHEM 453. The CHEM 453 (Biochemistry Lab) option has a prerequisite of CHEM 352 (Fundamentals of Biochemistry), which can be taken as the Chemistry elective.
d. Select at least 6 credits from the following: CHEM 304, 344, 352, 361, 397, 399, 401, 411, 418, 426, 460, 491, 495, 497, and 499
e. Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level) and that the student complete a minor in addition to the Chemistry major.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPS might be most beneficial to students, and any recommendations about when those HIPS best fit into the degree plan. Students should also consult their faculty advisor for information on HIPS. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPS like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Chemistry, Major - Liberal Arts, B.S. (Starting with CHEM 105/106 and MATH 109)
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of the LE Core course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/here) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits

a) CHEM 105, CHEM 106 (K1) and CHEM 109 may be taken in place of CHEM 115, but only 6 of the 9 credits will count towards the major.
b) Students planning for graduate studies in chemistry (especially those interested in physical chemistry) are encouraged to take additional courses in mathematics (MATH 216, MATH 311, and/or MATH 324) and physics.
c) One of the three upper-level labs need to be taken, including CHEM 420, CHEM 438 and CHEM 453. The CHEM 453 (Biochemistry Lab) option has a prerequisite of CHEM 352 (Fundamentals of Biochemistry), which can be taken as the Chemistry elective.
d) Select at least 6 credits from the following: CHEM 304, 344, 352, 361, 397, 399, 401, 411, 418, 426, 460, 491, 495, 497, and 499
e) Electives need to be carefully selected to ensure that a student's degree comprises at least 39 credits of upper division courses (300-400 level) and that the student complete a minor in addition to the Chemistry major.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information
• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Chemistry with Business Emphasis, Comprehensive Major
(Code 111-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements
Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core 36

Grade Point Requirements 2
Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average
University Residency Requirements
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM/EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

<table>
<thead>
<tr>
<th>Credit</th>
<th>a minimum of 36 credits</th>
</tr>
</thead>
</table>

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)

**Skills Goal**

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)

**Integration Goal**

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)

Integration Outcome 2 (I2): Integration (http://catalog.uwec.edu/undergraduate/attribute-I2/)

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/)

30 hours

**Liberal Education Core Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-)
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
(Code 111-001)

The Chemistry with Business Emphasis Major is designed to provide students with a solid foundation in the field, together with a rudimentary understanding of the principles of commerce; effectively preparing them for business careers in the chemical industry and other technology-driven enterprises. It provides excellent preparation for sales, marketing, technical service, and customer support positions in the chemical industry, and is also appropriate for pre-professional students, including pre-pharmacy, pre-medicine, and pre-dentistry.

Communications Course Requirements
One course selected from the following: 2-3
- BCOM 206 Business Writing
- BCOM 207 Business Presentations
- ENGL 312 Science Writing
- ENGL 313 Technical Writing

Other Requirements (minimum) 15
- MATH 246 Elementary Statistics 4
- Select one of the following: 2-4
  - MATH 111 A Short Course in Calculus
  - MATH 112 Precalculus Mathematics
  - MATH 113 Trigonometry
  - MATH 114 Calculus I
- Select one of the following: 9-10
  - PHYS 211 General Physics
    & PHYS 212 and General Physics
  - PHYS 231 University Physics I
    & PHYS 232 and University Physics II

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Knowledge and Understanding: Students will develop a rigorous understanding of chemical principles, and apply them to predict and rationalize chemical properties.
  - Structure and Bonding: Students can describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.
  - Reactivity and Stability: Students can classify and rationalize chemical transformations, and predict and quantify products.
  - Instrumentation Theory: Students can describe the underlying physical principles of various instruments and measurement techniques.
- Skills: Students will develop the skills need to be effective practitioners of the field by devolving laboratory proficiency, the capacity to think critically and creatively, and the ability to communicate effectively.
  - Laboratory Skills: Students will develop proficient laboratory technique.
Sample Degree Plan

Chemistry with Business Emphasis, Comprehensive Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [https://catalog.uwec.edu/undergraduate/graduation-requirements/] for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

---

- **Chemical Reasoning:** Students will develop critical and creative thinking skills, use them within the context of the field.
- **Communication Skills:** Students will develop effective oral and written communication skills.
- **Literature Skills:** Students will become proficient with the chemical literature.
- **Responsibility:** Students will become responsible practitioners of the field, by practicing laboratory safety, recognizing the societal impacts of chemistry, and identifying contributions made by individuals with a variety of social identities.
- **Chemical Safety:** Students will function safely in a chemical laboratory, and will manage waste effectively.
- **Ethical and Professional Conduct:** Students will conduct themselves ethically and professionally, cultivate awareness of the impact of chemistry on society, and recognize contributions from a diverse population.
- **Distinction:** Students in the Chemistry with Business Emphasis will develop a deeper comprehension of how the principles of commerce (e.g., Marketing, Accounting, Finance) function within the chemical industry.
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- **S1, R2** – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- **S2** – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- **S3** – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- **I1** – Any semester long study abroad program can fulfill one I1 experience.

**Chemistry, Minor - Liberal Arts**

**Liberal Arts (Code 100-405)**
A minimum of 24 semester credits, including:

**Chemistry Core**

</table>

Other advanced courses may be approved by petition.

¹ Only six credits of the CHEM 105/CHEM 106/CHEM 109 sequence are credited to the minor.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- **Structure and Bonding**: Students can describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.
- **Reactivity and Stability**: Students can classify and rationalize chemical transformations, and predict and quantify products.
- **Laboratory Skills**: Students will become proficient in rudimentary laboratory techniques.
- **Chemical Safety**: Students will function safely in a chemical laboratory, and will manage waste effectively.

**Communication and Journalism**

Hibbard Humanities Hall 152
715-836-2528
Department Website [https://www.uwec.edu/academics/college-arts-sciences/departments-programs/communication-journalism/](https://www.uwec.edu/academics/college-arts-sciences/departments-programs/communication-journalism/)

The Department of Communication and Journalism faculty are committed to a philosophy emphasizing the development, integration, and practical application of theories, knowledge, and skills related to communication and journalism. Communication and journalism are crucial to a democratic society. Both require citizens to share and challenge information.

**Departmental Goals**

To prepare students for responsible roles in communication and journalism, the department offers diversified curricula, in which all students can expect to develop in these areas:

- awareness and knowledge of communication processes in diverse cultural, social, legal, and ethical contexts;
- critical and analytical thinking;
- research and information-gathering skills; and
- oral, written, and visual communication skills.

**Areas of Emphasis**

The department offers majors and minors in Communication, Journalism, and Integrated Strategic Communication with the following options for areas of emphasis:

- Communication majors/minors:
  - Communication Studies
  - Organizational Communication

- Integrated Strategic Communication majors:
  - Advertising
  - Public Relations

- Integrated Strategic Communication minor

- Journalism major/minor

**Information for Majors**

No student may have both a major and a minor or a major and a certificate from the Department of Communication and Journalism. No major or minor credit may be earned under the Satisfactory/Unsatisfactory option. Students majoring in Communication, Journalism, and Integrated Strategic Communication may not include CJ courses in a topical minor without prior, written approval of the department chair.

Most upper division courses (numbered 300 and above) required in major and minor programs are available only to students who have completed prerequisite courses with grades of C or above.

Students who choose a major in Integrated Strategic Communication or Journalism must meet curriculum accreditation standards set by the Accrediting Council on Education in Journalism and Mass Communications (ACEJMC).

Accreditation standards require that students complete the university liberal education core requirements.

**Advising Information**

Students who declare a major in the Department of Communication and Journalism as juniors or seniors should not expect to finish the courses required for that major in fewer than four semesters. When completing the paperwork to declare this major, it is particularly important for students to work out the course sequencing necessary to finish in a timely manner.

Communication and Journalism departmental policy specifies that any student who is absent from the first day of class without prior approval of the course instructor may be dropped from the class in order to make room for other students.
Extra-Curricular Opportunities
Communication, Journalism, and Integrated Strategic Communication majors and minors are urged to obtain practical experience from work with campus media and/or professional organizations.

Students may apply for opportunities to work for the award-winning student newspaper, The Spectator, or become a member of the nationally-ranked forensics squad. Communication and Journalism Organization, Public Relations Student Society of America, Society of Professional Journalists and Blugold Radio Sunday/WUEC-FM also offer professional development, experience, and leadership opportunities for students.

For more information about the Communication and Journalism Department, its programs, and its faculty, visit the Department’s homepage at http://www.uwec.ly/cj (http://www.uwec.ly/cj/).

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.
Major Requirements

Liberal Arts (Code 583-201)

This emphasis teaches students to analyze and enhance human communication through courses in theory, research, and practice. After completing a common core of courses, majors in this emphasis select a variety of electives including courses focused on how communication builds and maintains relationships and how messages in political and popular culture influence society.

General Communication and Journalism Electives: (6 credits from any course with a CJ prefix with the exception of CJ 203 which may not be used as credit toward a communication studies major. Students may choose courses from the list of communication studies electives above but no course may be used twice in the major.)

Note: No major or minor credit may be earned under the S/U option.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain what it means to communicate ethically.
- Describe the role of communication in a variety of contexts.
- Make and support claims about communication artifacts.
• Apply discipline-specific theories in order to explain human communication/behavior and make suggestions for corrective actions where needed.
• Conduct a communication research project using recognized quantitative, qualitative, or critical methodologies.
• Explain the relationship between research and theory in the study of communication.
• Prepare and deliver oral presentations.
• Utilize communication to embrace difference.

Sample Degree Plan
Communication, Communication Studies Emphasis, Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

University Residency Requirements

- Minimum total: 30
- Senior year: 23
- Major, Standard, upper division in residence: 12
- Major, Comprehensive, upper division in residence: 21
- Certificate: 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit** (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

#### LIBERAL EDUCATION CORE REQUIREMENTS

</tbody>
</table>

**Notable Points:**
- Students may count toward graduation no more than one credit of KINS 110-184 courses.
- Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).
- Other restricted credits include Cooperative Education, Credit by Examination, Satisfactory/Unsatisfactory Registration, and Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 583-250)

This emphasis assists students in the development of professional, group, and interpersonal communication skills that enable them to enhance the communities, organizations, and societies in which they live and work. Students learn to analyze, develop, and deliver messages to a variety of stakeholders.

Total Credits 36

Note: No major or minor credit may be earned under the S/U option.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain how organizations are created and maintained through communication.
- Use communication theories and constructs to identify and analyze communication problems and develop ethical solutions.
- Access and analyze communication research to identify knowledge gaps and develop questions.
- Draw conclusions from data and articulate implications.
- Utilize communication to embrace difference.
- Orally present ideas using appropriate visual, verbal, and nonverbal communication behaviors.
Sample Degree Plan

Communication, Organizational Communication Emphasis, Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

TOTAL FOURTH YEAR 30

Minimum total for the baccalaureate degree = 120 credits

Notes:

- Students must complete 39 credits in courses above the 300 level in order to complete their degree. Those credits may be accumulated in major...
courses, minor courses, liberal education electives or general elective credits. Levels of major elective, minor elective, liberal education and general elective credits are not indicated on this guide. The student and advisor will monitor progress toward that requirement.  

- If a student selects a certificate rather than a minor, there will be fewer required credits in the second program than are reflected on this guide.
- Depending on selection of electives and second program courses, some liberal education requirements may be satisfied by a major or second program course. The student and advisor will monitor those opportunities.
- Students must complete 120 credits in order to complete their degree. The low range of credits on this guide does not total 120.
- All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).
- RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL – Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of $ in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the
student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 585-201)**

Understanding the objectives, message concepts, and strategies which underlie advertising is the goal of this sequence. Students are prepared to conduct research, establish goals, create messages, and implement plans.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Understand and apply the principles and laws of freedom of speech and press for the country in which the institution that invites ACEJMC is located, as well as receive instruction in and understand the range of systems of freedom of expression around the world, including the right to dissent, to monitor and criticize power, and to assemble and petition for redress of grievances.
- Demonstrate an understanding of the history and role of professionals and institutions in shaping communications.
- Demonstrate an understanding of gender, race ethnicity, sexual orientation and, as appropriate, other forms of diversity in domestic society in relation to mass communications.
- Demonstrate an understanding of the diversity of peoples and cultures and of the significance and impact of mass communications in a global society.
- Understand concepts and apply theories in the use and presentation of images and information.
- Demonstrate an understanding of professional ethical principles and work ethically in pursuit of truth, accuracy, fairness and diversity.
- Think critically, creatively and independently.
- Conduct research and evaluate information by methods appropriate to the communications professions in which they work.
- Write correctly and clearly in forms and styles appropriate for the communications professions, audiences and purposes they serve.
- Critically evaluate their own work and that of others for accuracy and fairness, clarity, appropriate style and grammatical correctness.
- Apply basic numerical and statistical concepts.

(Outcomes from Accrediting Council on Education in Journalism and Mass Communication)

**Sample Degree Plan**

**Integrated Strategic Communication, Advertising Emphasis, Major, B.A.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-KI, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

TOTAL FOURTH YEAR | 30 |

Minimum total for the baccalaureate degree = 120 credits

Notes

- Students must complete 39 credits in courses above the 300 level in order to complete their degree. Those credits may be accumulated in major courses, minor courses, liberal education electives or general elective credits. Levels of major elective, minor elective, liberal education and general elective credits are not indicated on this guide. The student and advisor will monitor progress toward that requirement.

- If a student selects a certificate rather than a minor, there will be fewer required credits in the second program than are reflected on this guide.

- Depending on selection of electives and second program courses, some liberal education requirements may be satisfied by a major or second program course. The student and advisor will monitor those opportunities.

- Students must complete 120 credits in order to complete their degree. The low range of credits on this guide does not total 120.

- All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs.

- Students must complete 39 credits in courses above the 300 level in order to complete their degree. Those credits may be accumulated in major courses, minor courses, liberal education electives or general elective credits. Levels of major elective, minor elective, liberal education and general elective credits are not indicated on this guide. The student and advisor will monitor progress toward that requirement.

- If a student selects a certificate rather than a minor, there will be fewer required credits in the second program than are reflected on this guide.

- Depending on selection of electives and second program courses, some liberal education requirements may be satisfied by a major or second program course. The student and advisor will monitor those opportunities.

- Students must complete 120 credits in order to complete their degree. The low range of credits on this guide does not total 120.

- All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).

• K3 – Humanities; two experiences.

• K4 – Fine Arts; one experience.

• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Integrated Strategic Communication, Certificate

(Code 585-601)

The Certificate in Integrated Strategic Communication is designed to teach students in a wide variety of non-communication fields to effectively communicate in a message-intensive world. Specially, they will learn how to promote their skills to the public at large and help the public build a better understanding of their chosen field and issues important to that field. The certificate will provide students with the skills and knowledge needed to identify and analyze target audiences and create messages designed for those audiences.

Note 1: Students majoring in any program in Communication and Journalism may not use this certificate to satisfy the graduation requirement of a second program.

Note 2: There must be at least 48 unique credits between a student’s major and this certificate if course work overlaps for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Demonstrate an understanding of the history and role of professionals and institutions in shaping communications.
• Understand concepts and apply theories in the use and presentation of images and information.
• Conduct research and evaluate information by methods appropriate to the communications professions in which they work.
• Write correctly and clearly in forms and styles appropriate for the communications professions, audiences and purposes they serve.
• Apply tools and technologies appropriate for the communications professions in which they work.

Note: No major or minor credit may be earned under the S/U option.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13) 30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) more than the minimum of 120 credits for graduation.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 585-202)

The goal of this emphasis is to understand objectives and strategies that shape the information delivered to publics. Students are prepared to analyze, design, and manage public relations messages.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand and apply the principles and laws of freedom of speech and press for the country in which the institution that invites ACEJMC is located, as well as receive instruction in and understand the range of systems of freedom of expression around the world, including the right to dissent, to monitor and criticize power, and to assemble and petition for redress of grievances.
- Demonstrate an understanding of the history and role of professionals and institutions in shaping communications.
- Demonstrate an understanding of gender, race/ethnicity, sexual orientation and, as appropriate, other forms of diversity in domestic society in relation to mass communications.
- Demonstrate an understanding of the diversity of peoples and cultures and of the significance and impact of mass communications in a global society.
- Understand concepts and apply theories in the use and presentation of images and information.
- Demonstrate an understanding of professional ethical principles and work ethically in pursuit of truth, accuracy, fairness and diversity.
- Think critically, creatively and independently.
- Conduct research and evaluate information by methods appropriate to the communications professions in which they work.
- Write correctly and clearly in forms and styles appropriate for the communications professions, audiences and purposes they serve.
- Critically evaluate their own work and that of others for accuracy and fairness, clarity, appropriate style and grammatical correctness.
- Apply basic numerical and statistical concepts.

Note: No major or minor credit may be earned under the S/U option.

Sample Degree Plan

Integrated Strategic Communication, Public Relations Emphasis, Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following
sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits

**Notes**

- Students must complete 39 credits in courses above the 300 level in order to complete their degree. Those credits may be accumulated in major courses, minor courses, liberal education electives or general elective credits. Levels of major elective, minor elective, liberal education and general elective credits are not indicated on this guide. The student and advisor will monitor progress toward that requirement.
Additional LE Core Information

- If a student selects a certificate rather than a minor, there will be fewer required credits in the second program than are reflected on this guide.
- Depending on selection of electives and second program courses, some liberal education requirements may be satisfied by a major or second program course. The student and advisor will monitor those opportunities.
- Students must complete 120 credits in order to complete their degree. The low range of credits on this guide does not total 120.
- All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Journalism, Certificate

(Code 560-601)
The Certificate in Journalism is designed for students who wish to develop an understanding of the role journalism plays in a democracy and the underlying principles and practices of journalism. A combination of courses in journalism help students acquire the knowledge and introductory skills that will allow them to use the tools of journalism to develop and design reported information across media platforms. The journalism certificate aligns with the university mission as journalism fosters creativity, critical thinking, empathy for others, and intellectual courage to monitor power and question authority on behalf of the public.

Total Credits 12

Note 1: Courses used for the certificate may not be applied to the major.

Note 2: Students majoring in any program in Communication and Journalism may not use this certificate to satisfy the graduation requirement of a second program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:
• Explain journalistic communication processes in diverse social, legal and ethical contexts.
• Demonstrate critical and analytical thinking skills.
• Demonstrate reporting and information gathering skills.
• Demonstrate strong oral, written, and visual communication skills.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one way: (1) Achieve a satisfactory score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a satisfactory score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements

Liberal Arts (Code 560-206)

Understanding the role of journalism in a democratic society is the goal of this major. This major prepares students to inform citizens and enhance democracy by gathering, writing, editing and delivering news across multiple platforms.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Conduct research and evaluate information by methods appropriate to the communications professions in which they work.
- Write correctly and clearly in forms and styles appropriate for the communications professions, audiences and purposes they serve.
- Critically evaluate their own work and that of others for accuracy and fairness, clarity, appropriate style and grammatical correctness.
- Apply basic numerical and statistical concepts.
- Apply tools and technologies appropriate for the communications professions in which they work.

(Outcomes from Accrediting Council on Education in Journalism and Mass Communication)

Sample Degree Plan

Journalism, Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand and apply the principles and laws of freedom of speech and press for the country in which the institution that invites ACEJMC is located, as well as receive instruction in and understand the range of systems of freedom of expression around the world, including the right to dissent, to monitor and criticize power, and to assemble and petition for redress of grievances.
- Demonstrate an understanding of the history and role of professionals and institutions in shaping communications.
- Demonstrate an understanding of gender, race ethnicity, sexual orientation and, as appropriate, other forms of diversity in domestic society in relation to mass communications.
- Demonstrate an understanding of the diversity of peoples and cultures and of the significance and impact of mass communications in a global society.
- Understand concepts and apply theories in the use and presentation of images and information.
- Demonstrate an understanding of professional ethical principles and work ethically in pursuit of truth, accuracy, fairness and diversity.
- Think critically, creatively and independently.

Elective - Any 3-credit course 3
TOTAL FOURTH YEAR 30

Minimum total for the baccalaureate degree = 120 credits

Notes
- Students must complete 39 credits in courses above the 300 level in order to complete their degree. Those credits may be accumulated in major courses, minor courses, liberal education electives or general elective credits. Levels of major elective, minor elective, liberal education and general elective credits are not indicated on this guide. The student and advisor will monitor progress toward that requirement.
- If a student selects a certificate rather than a minor, there will be fewer required credits in the second program than are reflected on this guide.
- Depending on selection of electives and second program courses, some liberal education requirements may be satisfied by a major or second program course. The student and advisor will monitor those opportunities.
- Students interested in pursuing study abroad opportunities during the regular semester should plan carefully with their advisor. Some courses are not offered every semester and graduation could be delayed if you do not plan accordingly.
- Some suggested electives related to journalism include CJ 311 Mass Media History and CJ 322 Immersion Reporting. Note, Immersion Reporting currently is offered every other year.
- Students must complete 120 credits in order to complete their degree. The low range of credits on this guide does not total 120.
- All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/ Faculty Collaborative Research into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand and apply the principles and laws of freedom of speech and press for the country in which the institution that invites ACEJMC is located, as well as receive instruction in and understand the range of systems of freedom of expression around the world, including the right to dissent, to monitor and criticize power, and to assemble and petition for redress of grievances.
- Demonstrate an understanding of the history and role of professionals and institutions in shaping communications.
- Demonstrate an understanding of professional ethical principles and work ethically in pursuit of truth, accuracy, fairness and diversity.
- Conduct research and evaluate information by methods appropriate to the communications professions in which they work.
- Write correctly and clearly in forms and styles appropriate for the communications professions, audiences and purposes they serve.

Organizational Communication, Certificate

(Code 583-601)

The Certificate in Organizational Communication complements majors in every area of study by developing professional, group, and interpersonal communication skills that enable students to contribute to, and better serve, the communities, organizations and societies in which they live and work. Students in any field must be able to analyze, develop and deliver messages to a variety of stakeholders. The Certificate in Organizational Communication helps students hone these abilities by highlighting the role of communication in organizational effectiveness, and engaging students in both theory and practice. The elective course options for the certificate allow students to focus on the specific communication skills that apply most directly to their particular interests or career aspirations.

Students pursuing an Organizational Communication Certificate are required to complete 12 credits toward the certificate.

### Social Advocacy and Change, Certificate

*(Code 583-603)*

The Certificate in Social Advocacy and Change is designed for students who wish to engage as active citizens, using communication skills and knowledge to promote change in a variety of social and political contexts including, but not limited to, human rights and environmental concerns. Active citizenship exists where individuals use communication practices and theories to advocate for change on their own behalf or on the behalf of others, and where groups seek to find common cause or concern with issues at the heart of the controversy. A combination of courses in communication studies and organizational communication help students learn the knowledge and skills that will allow them to create responsible change in their communities.

Note 1: Courses used for the certificate may not count for the student's major program.

Note 2: Students cannot pursue a Communication, Integrated Strategic Communication, or Journalism Major and the Organizational Communication Certificate to meet graduation requirements for completing a first and second degree program.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain how organizations are created and maintained through communication.
- Use communication theories and constructs to identify and analyze communication problems and develop ethical solutions.
- Use communication appropriate to social advocacy and change.
- Students will demonstrate competency in oral and written communication skills appropriate to social advocacy and change.
- Students will demonstrate knowledge of theories and concepts of communication appropriate to social advocacy and change.
- Students will demonstrate critical and creative thinking in the formation and the evaluation of communication practices used to address civic, social, or environmental challenges.

### Computer Science

Phillips 130  
715-836-2526  
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/computer-science/)

### About Us

Computer Science and Software Engineering are disciplines that combine concepts from mathematics, science, and engineering into a coherent and disciplined study of the software and hardware required for computation. The programs offered by the UW-Eau Claire Department of Computer Science provide the fundamental education necessary to prepare students for positions in industry or to pursue graduate study. The curriculum is organized so that graduates will be able to meet immediate demands for solving computational problems or designing state-of-the-art computer systems, yet also have an understanding of the basic principles and concepts in computer science needed to avoid technological obsolescence in a rapidly changing environment. This program is intended to produce computer science professionals, not merely technicians with some training in computer software and hardware. Success requires a strong aptitude in mathematics.

### The Program for Majors and Minors

Department faculty constantly examine the curriculum to ensure that students gain both the breadth and depth of knowledge needed to be successful in careers in business and industry, or in graduate school. The major/minor curriculum includes:

1. Introductory courses which cover the basic principles of Computer Science.
2. The use of object-oriented and other programming paradigms.
3. An integrated blend of courses which cover the tools, knowledge, problem-solving, and programming techniques that form the basis for a successful career.
4. A capstone experience.
Departmental Honors in Computer Science

 Eligibility: Students with resident and total GPAs of 3.50 or higher and a 3.50 or higher in at least 12 credits of computer science.

 Procedure: A written application for Departmental Honors in Computer Science shall be approved by the research advisor and the departmental honors committee. The application and approval process must be completed no later than the end of the junior year.

 Requirements:

 1. The satisfactory completion of
   a. six credits of registration in Computer Science Research, including the writing of a research paper;
   b. an oral presentation to be given to at least three members of the faculty.
 2. Resident and total GPAs of 3.50 or higher in both the computer science major and for all credits attempted to meet graduation requirements.
 3. Participation in at least one Student ACM Programming Contest.

Information for All Students

It is strongly recommended that the student have a grade of C or above in any Computer Science course, which is to be used as a prerequisite to another course. Where a grade of C- or below is earned in a Computer Science course, the student should repeat the course before continuing.

Satisfactory/Unsatisfactory Policy

The Satisfactory/Unsatisfactory option may not be elected to satisfy a course requirement at the 200 level or higher for the major or minor programs, except for CS 490.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.
Applicability of Credits Toward Graduation

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCRD2WZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), Registration; Transfer of Credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits**

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors for completing a first and second degree program. No minor or certificate is earned at least 90 credits in Arts and Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 170-030)

This major is recommended for students who desire a strong foundation in software design and development, computer systems and networking, and mathematics.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply the foundational elements of mathematics, logic, critical thinking and problem-solving skills to develop the algorithms and data structures necessary to solve a wide variety of computing problems.
- Analyze a problem, identify and define the computing requirements appropriate to its solution and demonstrate comprehension of the tradeoffs involved in design choices.
- Design, implement and evaluate a computing system or component to meet desired needs.
- Apply and use concepts from computer architecture and operating systems in computing system design, implementation and performance analysis.
- Use and evaluate a wide variety of modern tools and languages used in the practical construction of computing systems.
- Collaborate effectively in a team environment.
- Recognize social, ethical, and legal issues that surround the production and use of technology.
- Communicate effectively, both orally and in writing, to technical and non-technical audiences.

Sample Degree Plan

Computer Science, Comprehensive Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning: 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.
Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/Public/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for USAFI Credit.

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 170-205)

This major is recommended for students who desire a strong foundation in software design and development.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply the foundational elements of mathematics, logic, critical thinking and problem-solving skills to develop the algorithms and data structures necessary to solve a wide variety of computing problems.
- Analyze a problem, identify and define the computing requirements appropriate to its solution and demonstrate comprehension of the tradeoffs involved in design choices.
- Design, implement and evaluate a computing system or component to meet desired needs.
- Apply and use concepts from computer architecture and operating systems in computing system design, implementation and performance analysis.
- Use and evaluate a wide variety of modern tools and languages used in the practical construction of computing systems.
- Collaborate effectively in a team environment.
- Recognize social, ethical, and legal issues that surround the production and use of technology.
- Communicate effectively, both orally and in writing, to technical and non-technical audiences.

### Sample Degree Plan

**Computer Science, Software Engineering, Major, B.S.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**Minimum total for the baccalaureate degree = 120 credits**

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see [https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/](https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/)).

### Liberal Education (LE) Core Guidance

#### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

### Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

### Recommendations for High Impact Practices (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad ([https://studyabroad.apps.uwec.edu/](https://studyabroad.apps.uwec.edu/)), Intercultural Immersion ([https://www.uwec.edu/immersion/](https://www.uwec.edu/immersion/)), Internship ([https://www.uwec.edu/career-services/info-students/internships/](https://www.uwec.edu/career-services/info-students/internships/)), and/or Student/Faculty Collaborative Research ([https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/](https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/)) into your time at UW-Eau Claire.
Economics

Schneider Social Science 476
715-836-5743
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/economics/)

What is Economics?

Economics is a study of people in the ordinary business of life; it examines that part of individual and social action which is most closely connected with the attainment and with the use of the material requirements for wellbeing. Thus it is on one side a study of material wealth; and on the other, and more important side, a part of the study of people. The Department of Economics believes that understanding economics requires both learning economic theory and applying that theory. To this end, the department encourages internships, student/faculty collaborative research activities, small-group learning, and applied projects.

To aid our graduates in the transition to employment or further education, the department sponsors trips to area graduate schools and visits by individuals employed in economics-related occupations and it maintains a file of alumni mentors.

Honor Societies and Student Organizations

Omicron Delta Epsilon (Economics Honors Society) and Student Economics Association.

For more information on either organization, see the Department Chair. Departmental Honors Program in Economics

Entrance Requirements:

1. Majors who have completed at least the two introductory economics courses with a GPA in economics courses of 3.50 or higher, and resident and total GPAs of 3.35 or higher,
2. and submit a written application before the beginning of the senior year for approval by the Economics Department faculty.
3. Requirements for Continued Participation: If at any time a student’s resident and total GPAs fall below 3.35, or a student’s GPA in economics courses falls below 3.20, that student will no longer be eligible to participate in the program.

Graduation Requirements:

1. Complete the requirements for an economics major, including ECON 316.
2. Complete at least six credits in the department’s Honors Seminars taught by graduate faculty. If unable to schedule six credits of seminar, the student can petition the department to replace three credits of Honors Seminar with three credits of Honors Independent Study.
3. Satisfactory completion of an Honors paper under the direction of a department member of the graduate faculty.
4. Satisfactory completion of an oral examination, conducted by at least three faculty members, on economic theory (ECON 303 and ECON 304) and on the student’s Honors Paper.
5. Resident and total GPAs of 3.50 or higher at graduation for all courses and in Economics Department courses. For more information, see the Department Chair.

Majors

• Major: Economics, Liberal Arts - B.A./B.S.
• Comprehensive Major: Economics, Business - B.B.A.

Minors

• Minor: Economics, Liberal Arts

Certificates

• Certificate: Economics of Global Issues

Economics of Global Issues, Certificate

This Certificate provides students an opportunity to develop their global competency. One of the goals of UWEC is to provide students with “globally infused curricular and co-curricular experiences”. This Certificate will also complement other programs on campus, such as the Global Studies minor, the Latin American and Latinx Studies major/minor, the Women’s, Gender, and Sexuality Studies major/minor, and other programs in Political Science.

Total Credits 12

Note: Students cannot pursue the Economics Major and the Economics of Global Issues Certificate to meet graduation requirements for completing a first and second degree program. Courses taken for the certificate cannot be applied to the student’s major program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Analyze and interpret how cultures, environments, practices, and values differ from or are similar to one another.
• Analyze and interpret the nature of global systems, institutions or relationships of power in a historical or geographical context.
• Analyze and interpret the global implications of individual or collective decisions.

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCRDZ.WZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate
will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
- Two (2) learning experiences
- One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
- Two (2) learning experiences
- One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
- Two (2) learning experiences
- One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
- One (1) learning experience
- One S1 must meet the University Writing Requirement

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)
- Two (2) learning experiences

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)
- One (1) learning experience
- One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)
- One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)
- Two (2) learning experiences
- One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)
- One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)
- One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)
- Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)
- 30 hours

---

**College Degree Requirements**

**Bachelor of Business Administration Degree Requirements**

**Credits for Graduation**

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

**Student Professional Development Program**

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

**Grade Point Requirements**

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/) and Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

**Major Requirements**

(Code 360-002)

<table>
<thead>
<tr>
<th>Proficiency Requirement:</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>MATH 111 or MATH 114 or equivalent. Does not count toward credits in the major.</strong></td>
</tr>
</tbody>
</table>

**The BUSCORE**

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 201</td>
<td>Introduction to Accounting</td>
<td>3</td>
</tr>
</tbody>
</table>
A Bachelor of Business Administration degree with a comprehensive major in economics consists of the 29-credit BUSCORE and completion of 31 additional credits as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 103</td>
<td>Principles of Microeconomics</td>
<td>3</td>
</tr>
<tr>
<td>ECON 104</td>
<td>Principles of Macroeconomics</td>
<td>3</td>
</tr>
<tr>
<td>ECON 303</td>
<td>Intermediate Microeconomic Theory</td>
<td>3</td>
</tr>
<tr>
<td>ECON 304</td>
<td>Intermediate Macroeconomic Theory</td>

</tr>
</tbody>
</table>

Total Credits 29

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.

² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

NOTE: A maximum of six credits earned in ECON 399, ECON 494, ECON 495, ECON 496, ECON 498, and/or ECON 499 may count toward the major.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Use economic models (including supply and demand, models of the behavior of competitive and monopolistic firms, consumer optimization models, and macroeconomic models such as the Solow growth model, AS/AD model, and IS/LM model) to analyze economic behavior, social issues, and policy problems.
- Assemble and analyze economic data to test economic hypotheses.
- Effectively present their economic reasoning in concise written statements, extended research papers, or oral presentations.
- Describe and explain the wide differences in economic outcomes by race, gender, and across countries.

**Sample Degree Plan**

**Economics, Business, B.B.A. (Comprehensive Major)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.
FIRST YEAR

FIRST SEMESTER
MATH 109   Algebra for Calculus (LE-S2)   4

SECOND SEMESTER
MATH 111   A Short Course in Calculus   4

SOMETIME IN THE FIRST YEAR
ECON 103   Principles of Microeconomics (LE-K2)   3
ECON 104   Principles of Macroeconomics (LE-K2)   3
WRIT 114   Intensive Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits)

OR
WRIT 116   Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits)

OR
WRIT 118   Accelerated Blugold Seminar in Critical Reading and Writing (LE-S1, 2 credits)

OR
WRIT 120   Blugold Seminar in Critical Reading and Writing for Transfer Students (LE-S1, 2 credits)

SOMETIME IN THE FIRST OR SECOND YEAR
LE Option: Knowledge 1 (K1) Natural Sciences
LE Option: Knowledge 3 (K3) Humanities
LE Option: Knowledge 4 (K4) Fine Arts
LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity
LE Option: Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity

Service-Learning (LE-SL)

SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester, but no later than the end of the 3rd semester or 45 credits earned.

Study Abroad: Students participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad.

See third-year note below regarding upper-division business courses.

NSE: Students participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

SECOND YEAR

FIRST SEMESTER
MATH 246   Elementary Statistics (LE-S2)   4

SECOND SEMESTER
ECON 316   Econometrics   3

SOMETIME IN THE SECOND YEAR
ACCT 201   Introduction to Accounting   3
BCOM 206   Business Writing (LE-S1)   2
BCOM 207   Business Presentations (LE-S1)   2

ECON 303   Intermediate Microeconomic Theory   3
ECON 304   Intermediate Macroeconomic Theory   3
IS 240   Information Systems in Business   3

THIRD YEAR

SOMETIME IN THE THIRD YEAR
BSAD 300   Equity, Diversity, and Inclusion in the Workplace   1
BSAD 305   Legal and Regulatory Environment   3
ECON Elective: See catalog and degree audit for list.
ECON Elective: See catalog and degree audit for list.
FIN 320   Principles of Finance   3
MGMT 340   Organizational Behavior   3
MGMT 341   Operations Management   3
MKTG 330   Principles of Marketing   3
LE Option: Integration (I1)   3
LE Option: Responsibility 2 (R2) Global Perspectives   3
LE Option: Responsibility 3 (R3) Civic and Environmental Issues   3

SOMETIME IN THE THIRD OR FOURTH YEAR

Study Abroad: Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page. Economics, Business majors: Consider especially Limerick, Ireland for the most transfer courses; then Harlaxton, England, Melbourne, Australia, and Florianopolis, Brazil; and then Lorenzo de’ Medici, Italy, Stellenbosch, South Africa, Bilbao, Spain, and Chiang Mai, Thailand. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., ECON, FIN) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience.

SOMETIME IN THE FOURTH YEAR
MGMT 449   Strategic Management in a Global Business Environment (LE-I1)   3
ECON Elective: 300- or 400-level courses. See catalog and degree audit for list.
ECON Elective: 300- or 400-level courses. See catalog and degree audit for list.
LE Option: Knowledge 1 (K1L) Natural Sciences with Lab   4
LE Option: Skills 3 (S3) Creativity   3
Electives: Electives to reach 120 credits

Minimum total for the baccalaureate degree = 120 credits

1 Students who are considering graduate school in Economics are strongly encouraged to take additional math courses. Students with grad school aspirations should take MATH 114.
2 Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.
3 Students opting to complete the I1 through study abroad can replace this course with an approved elective course.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs
might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

The Department of Economics is highly active in the following areas. Please consult with the department chair to see how you might get more involved.

- Faculty/Student Research – over 40% of economics majors are involved in faculty/student research every year. Students present at conferences regionally, nationally, and internationally, as well as co-author papers.
- International Immersions – At least 2 international immersion experiences available annually within the department of economics
- Internships – Active class led internship program (ECON 498)

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

| Major, Standard, upper division in residence | 12 |
| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

</tr>
<tr>
<td>ECON/WGSS 357</td>
<td>Women and Economic Development</td>
</tr>
<tr>
<td>ECON 390</td>
<td>Global Economics Immersion Experience</td>
</tr>
</tbody>
</table>

A student may substitute MATH 347 for MATH 246 in the major.

NOTE 1: MATH 111 or MATH 114 or their equivalent must be completed as part of the Liberal Education requirements.

NOTE 2: A maximum of six credits earned in ECON 399, ECON 494, ECON 495, ECON 496, ECON 498, and/or ECON 499 may count toward the major.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Use economic models (including supply and demand, models of the behavior of competitive and monopolistic firms, consumer optimization models, and macroeconomic models such as the Solow growth model, AS/
AD model, and IS/LM model) to analyze economic behavior, social issues, and policy problems.
- Assemble and analyze economic data to test economic hypotheses.
- Effectively present their economic reasoning in concise written statements, extended research papers, or oral presentations.
- Describe and explain the wide differences in economic outcomes by race, gender, and across countries.

## Sample Degree Plan
### Economics, Major - Liberal Arts, B.A. or B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Elective Credits to reach 120

TOTAL FOURTH YEAR 29

Minimum total for the baccalaureate degree = 120 credits

1 Students who are considering graduate school in Economics are strongly encouraged to take additional math courses. Students with grad school aspirations should take MATH 114.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

The Department of Economics is highly active in the following areas. Please consult with the department chair to see how you might get more involved.

- Faculty/Student Research – over 40 researchers in economics every year. Students present at conferences regionally, nationally, and internationally, as well as co-author papers.
- International Immersions – At least 2 international immersion experiences available annually within the department of economics.
- Internships – Active class led internship program (ECON 498).

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Twenty-four semester credits, including:

Remaining credits in Economic electives

Maximum of three courses from the following:

University of Wisconsin-Eau Claire | 2022-2023 Catalog
Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Use economic models (including supply and demand, models of the behavior of competitive and monopolistic firms, consumer optimization models, and macroeconomic models such as the Solow growth model, AS/AD model, and IS/LM model) to analyze economic behavior, social issues, and policy problems.
- Assemble and analyze economic data to test economic hypotheses.
- Effectively present their economic reasoning in concise written statements, extended research papers, or oral presentations.

English

Centennial Hall 4102
715-836-2639
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/english/)

English as an academic discipline encompasses the study of literature, literary theory, critical/cultural theory, film, creative writing, professional writing, rhetoric, teaching, and linguistics. In English courses, students develop strong critical thinking and analytical skills; they learn to read with interpretive power and write with fluency, power, and precision; and they apply a variety of research strategies and methods.

Advising Information

The English Department maintains updated advising guides and four-year degree plans for all of its majors, minors, and certificates; these materials are available in the English Department office and on the English Department website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/english/).

Students contemplating a major, minor, or certificate in English are encouraged to make an appointment in the English Department office with the Director of Undergraduate Studies in English.

Programs

Students at UW-Eau Claire may choose a major in one of our five emphasis areas: Creative Writing; Critical Studies in Literatures, Cultures, and Film; English Language Arts Teaching; Linguistics; Rhetorics of Science, Technology, and Culture. The English Language Arts Teaching program is a comprehensive major which does not need a second program, while the other majors each require an additional minor, certificate, or second major program. The English Department also offers minors and certificates in Critical Writing, Critical Studies in Literatures, Cultures, and Film, and Rhetorics of Science, Technology, and Culture. The English Department administers the College of Arts and Sciences’ Interdisciplinary Linguistics minor and certificate. Each program in English offers students a framework of core English courses and a focused concentration of courses in the emphasis.

All English majors take three core courses, designed to provide a strong foundation in English studies:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENGL 210</td>
<td>Introduction to Critical Studies</td>
<td>5</td>
</tr>
<tr>
<td>ENGL 221</td>
<td>Introductory English Linguistics</td>
<td>3</td>
</tr>
<tr>
<td>ENGL 284</td>
<td>Introduction to Theory and Criticism</td>
<td>3</td>
</tr>
</tbody>
</table>

ENGL 210 provides students with an understanding of textualism and how texts function within historicized cultural contexts. All English minors take ENGL 210 as their one core English course. ENGL 221 introduces students to the scientific study of language, including linguistic structure, the history of the English language, and language acquisition. ENGL 284 provides a broadly conceived understanding of theory and criticism, and introduces students to the practice of self-reflectively theorizing and critiquing within the field of English. These core courses provide students with a strong basis for their work in the discipline.

Our English programs are designed to give students focused study in a particular area or emphasis. Students deepen their study of English through intermediate and advanced coursework in their specific emphasis and have many opportunities to integrate their previous learning by producing major research or creative projects. Students in English develop strong analytical skills, critical thinking abilities, oral and written communication skills, and a depth of knowledge about language, literature, and culture, all of which will serve them well in their careers or graduate work. Finally, the English Department prides itself on its accomplished faculty, rigorous curriculum, and welcoming community.

Departmental Honors Program, Student Organizations, and Other Opportunities

We believe that getting involved beyond the classroom in the major/minor enhances students’ college experience and gives them valuable career-building and life-enriching skills. Please visit the English department website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/english/) for information about these opportunities.

- **Departmental Honors Program in English**—engage in high impact research, creative, and integrative opportunities. The Departmental Honors Program fosters integrative learning through independent and collaborative experiences, promotes advanced engagement with scholarly resources, and recognizes outstanding achievement in academic and scholarly activity.
- **English Festival**—organize events and activities of interest to English majors, minors, and faculty.
- **English Ambassadors**—promote the department at recruitment events, mentor English majors/minors, and advise the department on student concerns.
- **NOTA (None of the Above)**—contribute to the creation of the campus’ creative literary and arts publication and host events promoting the literary and creative arts.
- **Sigma Tau Delta/Theta Zeta Chapter**—English honor society committed to fostering relationships between students and faculty and inspiring students to promote their love of English to the campus and local community through service projects and activities.
- **Center for Writing Excellence Writing Assistants & Writing Fellows**—mentor in the Center for Writing Excellence or assist professors in writing-intensive courses.
- **Student Mentors/Student Academic Apprentices**—mentor or apprentice in an English or Writing course.
- **Writing Internships**—build your writing and professional skills by working for community agencies or businesses in the Chippewa Valley.

General Restrictions

Auditors will be admitted to writing courses only with the written permission of the instructor and the department chair.

**English for Non-Native Speakers.** The beginning composition course for non-native speakers of English is ordinarily ESL 305 (contact Department
of Languages) followed by a first-year writing course offered by the English Department.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c
EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

| **Liberal Education Core** |

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.
College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

## American Literature/Culture before 1865

- **ENGL 243** American Literature to 1865 3
- **ENGL 340** Topics in American Literature to 1865 3
- **ENGL 440** Seminar in American Literature Before 1865 3

## American Literature/Culture after 1865

- **ENGL 244** American Literature from 1865-1945 3
- **ENGL 245** American Literature Since 1945 3
- **ENGL 348** Seminar in American Literature Before 1865 3

## World/Post-Colonial Literature/Culture

- **ENGL 130** Introduction to World/Postcolonial Literature 3
- **ENGL 230** Survey of World/Postcolonial Literature 3
- **ENGL 330** Topics in World/Postcolonial Literature 3
- **ENGL/WGSS 332** Women in African Literature 3
- **ENGL 430** Seminar in World/Postcolonial Literature 3

## American Ethnic Literature/Culture

- **ENGL/AIS 142** Introduction to American Indian Literatures 3
- **ENGL/AIS 242** The American Indian in Literature and Film 3
- **ENGL 268** Survey of American Ethnic Literature 3
- **ENGL/AIS 345** American Indian Autobiography 3
- **ENGL/AIS 346** Major Works in American Indian Literature 3
- **ENGL 368** Topics in American Ethnic Literature 3
- **ENGL 468** Seminar in American Ethnic Literature 3

## Women’s Literature/Culture

- **ENGL/WGSS 296** Perspectives on Women’s Literature 3
- **ENGL/WGSS 396** Studies in Women’s Literature 3
- **ENGL 496** Seminar in Women’s Literature 3

## Theory, Film, and Popular Culture Studies

- **ENGL 181** Introduction to Critical Studies in Film, Television, and Moving-Image Culture 3-4
- **ENGL 272** Perspectives in Popular Texts 3
- **ENGL 281** Critical Perspectives on Film, Television, and Moving-Image Culture 3-4
- **ENGL 372** Topics in Popular Culture 3
- **ENGL 381** Critical Studies in Film and Culture 3-4
- **ENGL 384** Studies in Theory and Criticism 3
- **ENGL 481** Seminar in Film, Video, and Moving-Image Culture 3-4
- **ENGL 484** Seminar in Critical Theory 3

## Additional Courses in Literature/Culture

- **ENGL 150** Introduction to Literature 3
- **ENGL/CJ 273** Creative and Narrative Nonfiction 3
- **ENGL 274** The Short Story 3
- **ENGL 275** The Novel 3
- **ENGL 276** Poetry 3
- **ENGL 277** Drama 3

## Creative Writing

- **ENGL 220** Introduction to Creative Writing 3
- **ENGL 310** Intermediate Poetry Writing 3
- **ENGL 311** Intermediate Fiction/Nonfiction Writing 3
- **ENGL 410** Creative Writing Workshop - Poetry 3
- **ENGL 411** Creative Writing Workshop - Fiction 3
- **ENGL 412** Creative Writing Workshop - Nonfiction 3
- **ENGL 413** Prose Writing Workshop - Topics 3

## Linguistics

- **ENGL 121** Busting Language Myths 3
- **ENGL 221** Introductory English Linguistics 3
- **ENGL 321** Topics in the Structure of English 3
- **ENGL 325** Topics in Language in Society 3
- **ENGL 421** Seminar in Linguistic Research 3

## Rhetorics of Science, Technology, and Culture

- **ENGL 212** Histories and Theories of Rhetoric 3
- **ENGL 307** Editing and Publications Management 3
- **ENGL 312** Science Writing 3
- **ENGL 313** Technical Writing 3
- **ENGL 314** Cultural Rhetorics 3
- **ENGL 315** Visual Rhetorics of Science, Technology, and Culture 3
- **ENGL 316** Rhetorics of Social Justice 3
- **ENGL 409** Grant Proposal Writing 3
- **ENGL 455** Seminar in Rhetorics of Science, Technology, and Culture 3

## Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

**Outcomes for all English Programs**

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

**Outcomes for Creative Writing Emphasis**

- Create original, effective poetry.
- Create original, effective fiction or creative non-fiction.

## Sample Degree Plan

**English, Creative Writing Emphasis, Major, B.A.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred
credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for more information about incorporating HIPs like Study Abroad into your time at UW-Eau Claire.

English, Creative Writing, Certificate
(Code 540-603)

Fifteen credits including:

- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
Three credits from 300-level literature courses 3

| ENGL 310 | Intermediate Poetry Writing |
| ENGL 311 | Intermediate Fiction/Nonfiction Writing |

Three credits from: 3

| ENGL 410 | Creative Writing Workshop - Poetry |
| ENGL 411 | Creative Writing Workshop - Fiction |
| ENGL 412 | Creative Writing Workshop - Nonfiction |
| ENGL 413 | Prose Writing Workshop-Topics |

Note: There must be at least 48 unique credits between a student's major and this certificate if course work overlaps for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

Outcomes for all English Programs

• Read and interpret text from a variety of critical perspectives.
• Write effectively for different purposes and audiences.
• Plan, conduct, and document research using appropriate sources.
• Describe the dynamic nature, diversity, and structure of the English language.

Outcomes for Creative Writing Emphasis

• Create original, effective poetry.
• Create original, effective fiction or creative non-fiction.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

**Outcomes for all English Programs**

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English Language.

**Outcomes for Creative Writing Emphasis**

- Create original, effective poetry.
- Create original, effective fiction or creative non-fiction.

**University Residency Requirements**

| Minimum total             | 30      |
| Senior year               | 23      |
| Major, Standard, upper division in residence | 12      |
| Major, Comprehensive, upper division in residence | 21      |

| Certificate | 25 percent of credits |

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

---

1 Certain programs exceed this minimum.
2 See special requirements in each College.
Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

#### LIBERAL EDUCATION CORE REQUIREMENTS

<table>

</table>
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

<td>Introductory English Linguistics</td>
<td>3</td>
</tr>
<tr>
<td>ENGL 284</td>
<td>Introduction to Theory and Criticism</td>
<td>3</td>
</tr>
</tbody>
</table>

Emphasis Requirements

At least one course from five of the following areas (15 credits):

- British literature/culture course before 1790
- British literature/culture course after 1790
- American literature/culture course before 1865
- American literature/culture course after 1865
- World/Post-Colonial literature/culture
- American Ethnic literature/culture
- Women's literature/culture
- Theory, Film, and Popular Culture Studies

Additional Elective Credits in English (12 credits)

A minimum of six of these credits must come from any of the above areas; the remaining six credits may come from any ENGL course.

NOTE 1: Up to six credits may come from the 100- or 200-level, with no more than three credits from ENGL 121, ENGL 130, ENGL 142, ENGL 150, and ENGL 181.

NOTE 2: At least nine credits must be taken at the 400-level.

NOTE 3: Students will need to earn at least 48 unique credits between any approved English program combinations for purposes of meeting graduation requirements for first and second degree programs.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

**Outcomes for all English Programs**

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

**Outcomes for Critical Studies Emphasis**
• Read and interpret literatures, cultures, and film from a variety of historical periods and genres.
• Critique literatures, cultures, and film from a variety of theoretical perspectives.
• Intervene and judge where power is constructed and mobilized

Sample Degree Plan
English, Critical Studies In Literatures, Cultures, and Film Emphasis, Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here (https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL – Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

**Outcomes for all English Programs**

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

**Outcomes for Critical Studies Emphasis**

- Read and interpret literatures, cultures, and film from a variety of historical periods and genres.
- Critique literatures, cultures, and film from a variety of theoretical perspectives.
- Intervene and judge where power is constructed and mobilized.
# English, Critical Studies in Literatures, Cultures, and Film, Minor

Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory

Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### College Degree Requirements

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.
College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Literature/Culture Requirements

Three literature/culture courses, including at least:

| ENGL/AIS 142 | Introduction to American Indian Literatures       | 3       |
| ENGL/AIS 242 | The American Indian in Literature and Film         | 3       |
| ENGL 252    | Perspectives on Pre-1790 British Literature       | 3       |
| ENGL 257    | Representative Shakespeare                        | 3       |
| ENGL 351    | Chaucer and His Age                               | 3       |
| ENGL 352    | Topics in British Literature Before 1790          | 3       |
| ENGL 357    | Shakespearean Topics                              | 3       |
| ENGL 452    | Seminar in Early British Literature               | 3       |
| ENGL 259    | Perspectives on British Literature After 1790     | 3       |
| ENGL 359    | Topics in British Literature After 1790           | 3       |
| ENGL 362    | Studies in Transatlantic Romanticism              | 3       |
| ENGL 459    | Seminar in British Literature After 1790          | 3       |

American Literature/Culture before 1865

| ENGL 243  | American Literature to 1865                       | 3       |
| ENGL 340  | Topics in American Literature to 1865             | 3       |
| ENGL 440  | Seminar in American Literature Before 1865        | 3       |

American Literature/Culture after 1865

| ENGL 244  | American Literature from 1865-1945                | 3       |
| ENGL 245  | American Literature Since 1945                    | 3       |
| ENGL 348  | Topics in American Literature: 1865 - Present     | 3       |
| ENGL 448  | Seminar in American Literature Since 1865         | 3       |

World/Post-Colonial Literature/Culture

| ENGL 130  | Introduction to World/Postcolonial Literature     | 3       |
| ENGL 230  | Survey of World/Postcolonial Literature           | 3       |
| ENGL 330  | Topics in World/Postcolonial Literature           | 3       |
| ENGL/WGSS 332 | Women in African Literature                       | 3       |
| ENGL 430  | Seminar in World/Postcolonial Literature          | 3       |

American Ethnic Literature/Culture

| ENGL/AIS 142 | Introduction to American Indian Literatures       | 3       |
| ENGL/AIS 242 | The American Indian in Literature and Film         | 3       |

¹ Additional iterations of ENGL 321, ENGL 325, and ENGL 421 with a different topic may be counted in Elective options.

NOTE 1: No more than six credits from the 100- or 200-level, with no more than three credits from ENGL 121, ENGL 130, ENGL 142, ENGL 150, or ENGL 181.

NOTE 2: Students will need to earn at least 48 unique credits between any approved English program combinations for purposes of meeting graduation requirements for first and second degree programs.

Information for English Majors and Minors

British Literature/Culture before 1790

Synergize your education with courses such as Shakespearean Topics, Seminar in Early British Literature, Perspectives on Pre-1790 British Literature, and Representative Shakespeare.

British Literature/Culture after 1790

Explore courses like Seminar in Early British Literature, Perspectives on British Literature After 1790, and Seminar in British Literature Since 1865.

American Literature/Culture before 1865

Engage with subjects such as American Literature to 1865, Seminar in American Literature Before 1865, and Seminar in American Literature Since 1865.

American Literature/Culture after 1865

Dive into topics including American Literature from 1865-1945, American Literature Since 1945, and Seminar in American Literature Since 1865.

World/Post-Colonial Literature/Culture

Expand your horizons with courses like Survey of World/Postcolonial Literature, Seminar in World/Postcolonial Literature, and Introduction to World/Postcolonial Literature.

American Ethnic Literature/Culture

Immerse yourself in the unique perspectives of American Ethnic Literature and Culture, such as Introduction to American Indian Literatures and The American Indian in Literature and Film.
ENGL 268           Survey of American Ethnic Literature            3
ENGL/AIS 345       American Indian Autobiography                 3
ENGL/AIS 346       Major Works in American Indian Literature       3
ENGL 368           Topics in American Ethnic Literature             3
ENGL 468           Seminar in American Ethnic Literature             3

Women’s Literature/Culture
ENGL/WGSS 296      Perspectives on Women’s Literature           3
ENGL/WGSS 396      Studies in Women’s Literature                3
ENGL 496           Seminar in Women’s Literature                  3

Theory, Film, and Popular Culture Studies
ENGL 181           Introduction to Critical Studies in Film, 3-4
                  Television, and Moving-Image Culture
ENGL 272           Perspectives in Popular Texts                  3
ENGL 281           Critical Perspectives on Film, 3-4
                  Television, and Moving-Image Culture
ENGL 372           Topics in Popular Culture                        3
ENGL 381           Critical Studies in Film and Culture             3-4
ENGL 384           Studies in Theory and Criticism                   3
ENGL 481           Seminar in Film, Video, and Moving- Image Culture 3-4
ENGL 484           Seminar in Critical Theory                       3

Additional Courses in Literature/Culture
ENGL 150           Introduction to Literature                    3
ENGL/CJ 273        Creative and Narrative Nonfiction             3
ENGL 274           The Short Story                                3
ENGL 275           The Novel                                     3
ENGL 276           Poetry                                      3
ENGL 277           Drama                                       3

Creative Writing
ENGL 220           Introduction to Creative Writing               3
ENGL 310           Intermediate Poetry Writing                    3
ENGL 311           Intermediate Fiction/Nonfiction Writing         3
ENGL 410           Creative Writing Workshop - Poetry              3
ENGL 411           Creative Writing Workshop - Fiction              3
ENGL 412           Creative Writing Workshop - Nonfiction          3
ENGL 413           Prose Writing Workshop-Topics                      3

Linguistics
ENGL 121           Busting Language Myths                          3
ENGL 221           Introductory English Linguistics                 3
ENGL 321           Topics in the Structure of English                3
ENGL 325           Topics in Language in Society                    3
ENGL 421           Seminar in Linguistic Research                   3

Rhetorics of Science, Technology, and Culture
ENGL 212           Histories and Theories of Rhetoric                 3
ENGL 307           Editing and Publications Management               3
ENGL 312           Science Writing                                3
ENGL 313           Technical Writing                             3

ENGL 314           Cultural Rhetorics                              3
ENGL 315           Visual Rhetorics of Science, Technology, and Culture 3
ENGL 316           Rhetorics of Social Justice                          3
ENGL 409           Grant Proposal Writing                          3
ENGL 455           Seminar in Rhetorics of Science, Technology, and Culture 3

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

Outcomes for all English Majors
- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

Outcomes for Linguistics Emphasis
- Analyze linguistic data to form and test hypotheses in one or more of the following areas of linguistic structure: Sounds (phonology), Words (morphology), Sentences (syntax), Meanings (semantics)
- Apply knowledge of linguistics (broadly defined) to issues relating to the use of language.

Sample Degree Plan
English, Linguistics, Major, B.A.
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/)here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**Minimum total for the baccalaureate degree = 120 credits**

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1 – Natural Sciences:** two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).

• K3 – Humanities; two experiences.

• K4 – Fine Arts; one experience.

• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).
Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and
total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

ENGL 220 Introduction to Creative Writing 3
ENGL 310 Intermediate Poetry Writing 3
ENGL 311 Intermediate Fiction/Nonfiction Writing 3
ENGL 410 Creative Writing Workshop - Poetry 3
ENGL 411 Creative Writing Workshop - Fiction 3

Linguistics
ENGL 121 Busting Language Myths 3
ENGL 221 Introductory English Linguistics 3
ENGL 321 Topics in the Structure of English 3
ENGL 325 Topics in Language in Society 3
ENGL 421 Seminar in Linguistic Research 3

Rhetorics of Science, Technology, and Culture
ENGL 212 Histories and Theories of Rhetoric 3
ENGL 307 Editing and Publications Management 3
ENGL 312 Science Writing 3
ENGL 313 Technical Writing 3
ENGL 314 Cultural Rhetorics 3
ENGL 315 Visual Rhetorics of Science, Technology, and Culture 3
ENGL 316 Rhetorics of Social Justice 3
ENGL 409 Grant Proposal Writing 3
ENGL 455 Seminar in Rhetorics of Science, Technology, and Culture 3

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

Outcomes for all English Programs
- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

Outcomes for Rhetorics of Science, Technology, and Culture Emphasis
- Rhetorically analyze complex scientific, technological, and cultural texts and contexts.
- Produce texts that effectively address scientific, technological, and cultural issues.

Sample Degree Plan
English, Rhetorics of Science, Technology, and Culture Emphasis, Major, B.A.
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree
in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**TOTAL** 15 credits

**Minimum total for the baccalaureate degree = 120 credits**

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see [here](https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/)).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**
Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes.

Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).

• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).

• K3 – Humanities; two experiences.

• K4 – Fine Arts; one experience.

• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

English, Rhetorics of Science, Technology, and Culture, Certificate

(Code 540-602)

Rhetorical understanding and the ability to produce rhetorically effective texts are excellent complements to any academic discipline, because every specialty depends on the discovery and dissemination of ideas, as well as the structuring of arguments in the process of building knowledge in a field. The Rhetorics of Science, Technology, and Culture (RSTC) certificate offers a focused study in the kinds of choices we make when we analyze and communicate scientific, technical, and diverse cultural phenomena, whether through traditional written text, visuals, video, internet venues, or some multimodal combination of those. Students will have opportunities not only to research in a wide variety of fields, including understanding different modes of communication and cultural practices, but to create and edit documents that best address the needs of their intended audiences, ranging from specialists to the general public. An RSTC certificate could enhance the career options of any student majoring or minoring in a science, technology, or social science field, and in its attention to various kinds of practical know-how—e.g., science writing, technical writing, grant writing, nature writing, editing—could also increase the career options for students in the humanities and the arts.

1 Strongly recommended, but should not be taken until student has successfully completed at least three other courses in the array.
Note: Students will need to earn at least 48 unique credits between any approved English program combinations and for other program combinations where course work overlaps for purposes of meeting graduation requirements for first and second degree programs.

**Program Learning Outcome**

Students completing this program will be expected to meet the following learning outcomes:

Outcomes for all English Programs

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

Outcomes for Rhetorics of Science, Technology, and Culture Emphasis

- Rhetorically analyze complex scientific, technological, and cultural texts and contexts.
- Produce texts that effectively address scientific, technological, and cultural issues.

#### American Literature/Culture before 1865

- ENGL 243 American Literature to 1865 3
- ENGL 340 Topics in American Literature to 1865 3
- ENGL 440 Seminar in American Literature Before 1865 3

#### American Literature/Culture after 1865

- ENGL 244 American Literature from 1865-1945 3
- ENGL 245 American Literature Since 1945 3
- ENGL 348 Topics in American Literature: 1865 - Present 3
- ENGL 448 Seminar in American Literature Since 1865 3

#### World/Post-Colonial Literature/Culture

- ENGL 130 Introduction to World/Postcolonial Literature 3
- ENGL 230 Survey of World/Postcolonial Literature 3
- ENGL 330 Topics in World/Postcolonial Literature 3
- ENGL/WGSS 332 Women in African Literature 3
- ENGL 430 Seminar in World/Postcolonial Literature 3

#### American Ethnic Literature/Culture

- ENGL/AIS 142 Introduction to American Indian Literatures 3
- ENGL/AIS 242 The American Indian in Literature and Film 3
- ENGL 268 Survey of American Ethnic Literature 3
- ENGL/AIS 345 American Indian Autobiography 3
- ENGL/AIS 346 Major Works in American Indian Literature 3
- ENGL 368 Topics in American Ethnic Literature 3
- ENGL 468 Seminar in American Ethnic Literature 3

#### Women's Literature/Culture

- ENGL/WGSS 296 Perspectives on Women's Literature 3
- ENGL/WGSS 396 Studies in Women's Literature 3
- ENGL 496 Seminar in Women's Literature 3
Theory, Film, and Popular Culture Studies

ENGL 181 Introduction to Critical Studies in Film, Television, and Moving-Image Culture 3-4
ENGL 272 Perspectives in Popular Texts 3
ENGL 281 Critical Perspectives on Film, Television, and Moving-Image Culture 3-4
ENGL 372 Topics in Popular Culture 3
ENGL 381 Critical Studies in Film and Culture 3-4
ENGL 384 Studies in Theory and Criticism 3
ENGL 481 Seminar in Film, Video, and Moving-Image Culture 3-4
ENGL 484 Seminar in Critical Theory 3

Additional Courses in Literature/Culture

ENGL 150 Introduction to Literature 3
ENGL/CJ 273 Creative and Narrative Nonfiction 3
ENGL 274 The Short Story 3
ENGL 275 The Novel 3
ENGL 276 Poetry 3
ENGL 277 Drama 3

Creative Writing

ENGL 220 Introduction to Creative Writing 3
ENGL 310 Intermediate Poetry Writing 3
ENGL 311 Intermediate Fiction/Nonfiction Writing 3
ENGL 410 Creative Writing Workshop - Poetry 3
ENGL 411 Creative Writing Workshop - Fiction 3
ENGL 412 Creative Writing Workshop - Nonfiction 3
ENGL 413 Prose Writing Workshop-Topics 3

Linguistics

ENGL 121 Busting Language Myths 3
ENGL 221 Introductory English Linguistics 3
ENGL 321 Topics in the Structure of English 3
ENGL 325 Topics in Language in Society 3
ENGL 421 Seminar in Linguistic Research 3

Rhetorics of Science, Technology, and Culture

ENGL 212 Histories and Theories of Rhetoric 3
ENGL 307 Editing and Publications Management 3
ENGL 312 Science Writing 3
ENGL 313 Technical Writing 3
ENGL 314 Cultural Rhetorics 3
ENGL 315 Visual Rhetorics of Science, Technology, and Culture 3
ENGL 316 Rhetorics of Social Justice 3
ENGL 409 Grant Proposal Writing 3
ENGL 455 Seminar in Rhetorics of Science, Technology, and Culture 3

Outcomes for all English Programs

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

Outcomes for Rhetorics of Science, Technology, and Culture Emphasis

- Rhetorically analyze complex scientific, technological, and cultural texts and contexts.
- Produce texts that effectively address scientific, technological, and cultural issues.

Geography and Anthropology

Phillips 257
715-836-3244
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/geography-anthropology/)

Geographers describe, analyze, and explain the patterns and processes of natural environmental and the human cultural sytems of the earth. They emphasize the importance of the location and patterns of people, places, and events; the physical and human characteristics of regions; and the relations between people, places, culture, and environment.

With training in both the natural and social sciences, and the tools and perspectives for understanding them, geographers have a wide range of career opportunities in public and private sectors. Geographers find work in such fields as municipal and regional planning, marketing, real estate, tourism, transportation, teaching, environmental analysis, and natural resource management. Geographers are increasingly in demand for jobs that require expertise in geospatial techniques, such as geographic information systems (GIS), global positioning systems (GPS), remote sensing, and computer cartography.

The discipline of anthropology adopts an integrative, comprehensive approach to the study of humankind. Anthropologists seek to understand human conditions by examining the biological evolution of human beings, the human capacity to create culture, and the diverse ways of life developed by societies around the world.

Honor Societies, Student Organizations, and Internships

GTU: Gamma Theta Upsilon is an international honor society in geography.

Internship Opportunities

For information, contact your advisor

Departmental Honors in Geography and Anthropology

The Department of Geography and Anthropology encourages and creates opportunities for all of its students to participate in research and creative
learning activities with department faculty. Especially motivated and high-achieving students are invited to pursue Departmental Honors in Geography or Anthropology. The Departmental Honors Program enhances students’ undergraduate experience, recognizes outstanding work and achievement, and can open up exceptional educational and professional opportunities.

Eligibility:

Must be a declared major or minor, have completed the core introductory courses (GEOG 104, GEOG 111, GEOG 178, and GEOG 200 or ANTH 161, ANTH 165, ANTH 169, and an area course), and have resident and major/minor GPAs of at least 3.50.

Application Procedures:

Student applicants should submit an electronic application for Departmental Honors in Geography or Anthropology to the Department Chair – through the applicant’s advisor – for approval as soon as interested and eligible, but no later than prior to the start of the student’s final semester before graduation. Department faculty and staff may also identify qualified students and encourage them to apply. The e-form application should elaborate on professional activities, research interests, and aspirations; an unofficial copy of transcripts should be attached. Final approval and recommendation for Departmental Honors will be made following satisfactory completion of all requirements (see below). Please see the Department Chair for more information and application details.

Requirements:

1. Conduct research and disseminate results: Satisfactorily complete one substantial faculty-student research collaboration in Geography or Anthropology that results in
   a. a presentation at a regional, national, or international professional conference; and
   b. an oral presentation to be given to at least three members of the faculty in such forums as departmental capstone presentations, regional conferences, UW-Eau Claire’s annual Provost’s Honors Symposium or professionally comparable venues.
2. Satisfactorily complete GEOG 401 or ANTH 499, to include a thesis or substantial paper written under the supervision of a Geography or Anthropology faculty member, or publish collaborative research results (see Requirement #1) in a peer-reviewed journal.
3. Maintain a 3.5 cumulative resident GPA and a 3.5 GPA in Geography or Anthropology courses.

Majors

- Comprehensive Major: Geography, Environmental Geography Emphasis - B.A./B.S.
- Comprehensive Major: Geography, Transnational Geographies Emphasis - B.A./B.S.

Minors

- Minor: Geography, Liberal Arts

Certificates

- Certificate: Anthropology
- Certificate: Geospatial
- Certificate: Geospatial in Geographic Information Systems
- Certificate: Geospatial in Remote Sensing
- Certificate: Geospatial in Mapping

Anthropology, Certificate

(Code 470-601)

The Anthropology Certificate is a 12-credit certificate that is well defined and offers a coherent disciplinary approach to subjects that are often shared with other disciplines and fields of study such as history, culture, social processes, language, and human evolution broadly construed. In providing specifically anthropological perspectives, the certificate serves to enrich and deepen student learning in other disciplines. It complements interdisciplinary majors like American Indian Studies; Latin American and Latinx Studies; Women’s, Gender, and Sexuality Studies; as well as other disciplinary majors in the humanities and the social and natural sciences, including geography, history, and biology.

One area course: A regional geography course in consultation with certificate advisor

Table Credits 12

Note: Courses included in the certificate program may not be applied to the major program.
Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand key anthropological concepts for explaining the human experience.
- Analyze socio-cultural dynamics in local, global, and comparative contexts.
- Appreciate for political and ethical issues of equity, diversity and inclusivity in contemporary and past societies, as well as in the history and practice of anthropology.

Geography, Environmental Geography, Comprehensive Major

Liberal Arts (Code 140-007)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

- Minimum total for graduation 1: 120
- Upper division credits (courses numbered 300 and higher): 39
- Liberal Education Core: 36

Academic Concentrations

Grade Point Requirements

- Total: 2.00 average
- Resident: 2.00 average
- Major: 2.00 average
- Minor: 2.00 average
- Certificate: 2.00 average

University Residency Requirements

- Minimum total: 30
- Senior year: 23
- Major, Standard, upper division in residence: 12
- Major, Comprehensive, upper division in residence: 21
- Certificate: 25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on Camp5.

- Certain programs exceed this minimum.
- See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

- Satisfactory/Unsatisfactory:Total degree credit maximum 12
- Major, Standard:Total degree credit maximum 1 course
- Major, Comprehensive:Total degree credit maximum 2 courses
- Minor:Total degree credit maximum 1 course

Credit by Examination

- Total degree credit: maximum ¼ of total
- Major or minor: maximum ½ of total

Two-Year College Credits

- Total degree credit: maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

- Total KINS 100-184: maximum 1 credit
- Total Band, chorus, drama: maximum 12 credits
- Single course band, chorus, drama: maximum 4 credits

- Extension credits
  - UW-System: no maximum
  - Other extension/correspondence: maximum ¼ of total
Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Service-Learning Goal

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of 5 in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the
student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S
in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the
MATH 112 competency test. This test may be attempted no more than two
times.

## Major Requirements

### Liberal Arts (Code 140-007)

**Environmental Geography**

Requires completion of the core courses, the required credits, and
departmental and non-departmental electives to total at least 60 credits.

A minimum of 60 semester credits, including completion of the following:

<table>

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- **Content:** Geographic Foundation: Demonstrate geographical knowledge, understanding, and significance through analysis, explanation, and critique (Explain where things are located, why they are located where they are, what difference that location makes, and to whom).

- **Skills:**
  - Geographic Techniques: Effectively use and apply the tools of geographic inquiry (e.g., field and laboratory to gather quantitative and qualitative geographic data; GIS to acquire, manage, display, and analyze spatial data in digital form; cartography to display spatial information effectively; and spatial statistical methods to model and make inferences about spatial relationships and patterns).
  - Communication: Effectively explain how geographic approaches and perspectives are used to address socially/environmentally relevant questions and problems and why identifying the underlying spatial relationships is significant.

- **Responsibility:**
  - Equity, Diversity, and Inclusion (EDI): Use geographic knowledge and skills to evaluate assumptions, representations, and institutions in order to challenge existing structures in ways that respect diversity and foster social/environmental equity and inclusivity.
  - Ethics: Use geographic knowledge and skills to address social and environmental challenges in ways that maximize the benefits and minimize the harm to others.

- **Dispositions:**
  - Interdisciplinary perspective: Synthesize the information, concepts, and methods of natural and social sciences for geographic research and applications.
  - Relational perspective: Explain how people, places, and regions are linked by networks and processes across space and scale (such as local-global, within regions, globalization, trade, immigration, internet technology, climate).
  - Comprehensive:
    - Environmental: Recognizes the geography of environmental issues, events, or problems and uses geographic knowledge and skills to properly understand and respond to them.

Sample Degree Plan

**Geography, Environmental Geography, Comprehensive Major, B.S.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [https://catalog.uwec.edu/undergraduate/graduation-requirements/](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

### Course Information

- **GEOG 200** is recommended prior to enrollment in GEOG 335 and 370.
- **GEOG 335** is a prerequisite for GEOG 370.
- **GEOG 104**, GEOG 111, GEOG 178, and GEOG 200 are expected as prerequisites for GEOG 368.
- One year before graduation, Geography majors must complete a form to certify their selected courses from the Advanced Geography Approaches.

They must complete this form a second time one semester before graduation.

### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Required HIPs: Geography 368: Geography Field Seminar and Geography 401: Geography Capstone

Optional HIPs: Study Abroad, National Student Exchange, Faculty-led International Immersions (FLIs), Student-Faculty Collaborative Research

### Liberal Education (LE) Core Guidance

#### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science course is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science course is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning: 30 hours

#### Additional LE Core Information

- **Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

<table>
<thead>
<tr>

<td></td>
</tr>
</tbody>
</table>
• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Geography, Major
Liberal Arts (Code 140-214)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core 36

Academic Concentrations

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory

Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination

Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits

Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184 maximum 1 credit

1 See special requirements in each College.
Total Band, chorus, drama | maximum 12 credits
---|---
Single course band, chorus, drama | maximum 4 credits

**Extension credits**

UW-System | no maximum
Other extension/correspondence | maximum ¼ of total

**USAFI**

USAFI | maximum 32 credits

---

## Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### LIBERAL EDUCATION CORE REQUIREMENTS

<table>

## College Degree Requirements

### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfilment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

1. Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114.
2. Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113.
3. Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- **Skills:**
  - Geographic Techniques: Effectively use and apply the tools of geographic inquiry (e.g., field and laboratory to gather quantitative and qualitative geographic data; GIS to acquire, manage, display, and analyze spatial data in digital form; cartography to display spatial information effectively; and spatial statistical methods to model and make inferences about spatial relationships and patterns).
  - Communication: Effectively explain how geographic approaches and perspectives are used to address socially/environmentally relevant questions and problems and why identifying the underlying spatial relationships is significant.
  - Equity, Diversity, and Inclusion (EDI): Use geographic knowledge and skills to evaluate assumptions, representations, and institutions in order to challenge existing structures in ways that respect diversity and foster social/environmental equity and inclusivity.
  - Ethics: Use geographic knowledge and skills to address social and environmental challenges in ways that maximize the benefits and minimize the harm to others.
  - Interdisciplinary perspective: Synthesize the information, concepts, and methods of the humanities and the natural and social sciences for geographic research and applications.
- **Dispositions:**
  - Relational perspective: Explain how people, places, and regions are linked by networks and processes across space and scale (such as local-global, within regions, globalization, trade, immigration, internet technology, climate).
- **Content:** Geographic Foundation: Demonstrate geographical knowledge, understanding, and significance through analysis, explanation, and critique (Explain where things are located, why they are located where they are, what difference that location makes, and to whom).
- **Ethics:** Use geographic knowledge and skills to address social and environmental challenges in ways that maximize the benefits and minimize the harm to others.
- **Interdisciplinary perspective:** Synthesize the information, concepts, and methods of the humanities and the natural and social sciences for geographic research and applications.

**Sample Degree Plans**

**Geography, Major, B.A. & B.S., 2-Yr**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**Minimum total for the baccalaureate degree = 120 credits**

- Geography majors must take 5 courses from any 3 of the 5 advanced geography approaches. One of these must be GEOG 368. See catalog.
- Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level). While students are encouraged to take additional courses in geography, electives...
can be selected from any discipline as long as the student meets the course prerequisites.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

Course Information
- GEOG 200 is recommended prior to enrollment in GEOG 335 and 370.
- GEOG 335 is a prerequisite for GEOG 370.
- GEOG 104, GEOG 111, GEOG 178, and GEOG 200 are expected as prerequisites for GEOG 368.
- One year before graduation, Geography majors must complete a form to certify their selected courses from the Advanced Geography Approaches. They must complete this form a second time one semester before graduation.
- Students must complete the requirements for a second program – this can be either a minor or an approved certificate.
- Required Geography courses plus Geography electives must equal at least 36 credits.

RECOMMENDATIONS FOR OPTIONAL HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Required HIPs: Geography 368: Geography Field Seminar and Geography 401: Geography Capstone
Optional HIPs: Faculty-led International Immersions (FLIs), Student-Faculty Collaborative Research

Geography, Major, B.A.
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/here (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1)) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**Minimum total for the baccalaureate degree = 120 credits**

### Note:
All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

### Course Information
- GEOG 200 is recommended prior to enrollment in GEOG 335 and 370.
- GEOG 335 is a prerequisite for GEOG 370.
- GEOG 104, GEOG 111, GEOG 178, and GEOG 200 are expected as prerequisites for GEOG 368.
- One year before graduation, Geography majors must complete a form to certify their selected courses from the Advanced Geography Approaches. They must complete this form a second time one semester before graduation.
- Students must complete the requirements for a second program – this can be either a minor or an approved certificate.
- Required Geography courses plus Geography electives must equal at least 36 credits.

### Recommendations for Optional High Impact Practices (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Required HIPs:** Geography 368: Geography Field Seminar and Geography 401: Geography Capstone

**Optional HIPs:** Faculty-led International Immersions (FLIs), Student-Faculty Collaborative Research

### Liberal Education (LE) Core Guidance

#### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **SL—Service Learning; 30 hours**

### Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Demonstrate geographical knowledge, understanding, and significance through analysis, explanation, and critique.
• Effectively use and apply the tools of geographic inquiry.
• Effectively explain how geographic approaches and perspectives are used to address socially/environmentally relevant questions and problems and why identifying the underlying spatial relationships is significant.

Geography, Transnational Geographies, Comprehensive Major

Liberal Arts (Code 140-009)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core 36
Academic Concentrations
Grade Point Requirements 2

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits
Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)
Two (2) learning experiences
One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)
One (1) learning experience
One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)
One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)
Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)
One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)
Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13) 30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)
University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and
minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work; mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

## Major Requirements

### Liberal Arts (Code 140-009)

### Transnational Geographies

The Transnational Geographies Emphasis provides an opportunity for students interested in graduate work or employment in the areas of civic governance and policies, transnational work in the public or private sectors, and non-profit developmental organizations. It is intended for students who are interested in cultural difference, social justice, ethnographic field research, work or study abroad, or for those who desire strong preparation for graduate programs in human/cultural geography or anthropology. Requires completion of the core courses, the required credits, and departmental and non-departmental electives as listed below to total at least 60 credits.

A minimum of 60 semester credits, including completion of the following:

Advanced Geography Approaches

Five courses from at least three advanced approaches are required for major programs. Four courses from at least three advanced approaches are required for minor programs.

Physical Geography
GEOG 304  Introduction to Geomorphology 4
GEOG 340  Climatology 3
GEOG 345  Quaternary Environments 3
GEOG 350  Soils and the Environment 4
GEOG 355  Biogeography 3
GEOG 363  Watershed Analysis 4
GEOG 364  Fluvial Processes and Landforms 4

Human-Environmental Geography
GEOG 270  Introduction to Urban and Regional Planning 3
GEOG 341  Weather and Society 3
GEOG 361  Environmental Hazards 3
GEOG 365  Tourism Geographies 3
GEOG 375  Environmental Quality 3
GEOG 377  U.S. Environmental and Sustainability Policy 3
GEOG 378  International Environmental Problems and Policy 3
GEOG 445  Historical Geography 3

Human Geography
GEOG 155  Economic Geography 3
GEOG 188  Cultural Landscapes of North America 3
GEOG 312  Space, Society, Subject 3
GEOG 313  Culture and Transnational Dynamics 3
GEOG 322  Native Geographies 3
GEOG 352  Business Geographics 3

GEOG 366  Geography International Immersion Experience 1-3
GEOG 367  Landscape Analysis: Cultural 3
GEOG 369  Geography of Food 3
GEOG 444  Legal Geographies of Race in the U.S. 3
GEOG 446  Political Geography 3
GEOG 470  Urban Geography 3

Geography Techniques
GEOG 280  Cartographic Design 3
GEOG 335  Geographic Information Systems I 3
GEOG 336  Geospatial Field Methods 3
GEOG 337  Geographic Information Systems II 3
GEOG 338  Remote Sensing of the Environment 3
GEOG 339  Computer Mapping 3
GEOG 358  LIDAR Analysis & Applications 3
GEOG 370  Quantitative Methods in Geography 3
GEOG 390  Geospatial Applications of UAS 3
GEOG 435  Geographic Information Systems III 3
GEOG 438  Remote Sensing Data Analytics 3
GEOG 455  Web Geographic Information Systems 3

Regional Geography
GEOG 301  Geography of Western Europe 3
GEOG 308  Geography of Russia and Eastern Europe 3
GEOG 319  Geography of the Middle East and North Africa 3
GEOG 321  Geography of Latin America 3
GEOG 325  Geography of the United States and Canada 3
GEOG 379  Geography of Wisconsin 3

Other Geography Courses
The following courses can be applied to any of the five approaches with consent of the advisor:
GEOG 368  Geography Field Seminar 1 3
GEOG 395  Directed Studies 1-3
GEOG 399  Independent Study - Juniors 1-3
GEOG 491  Advanced Special Topics 1-3
GEOG 498  Geography Internship 1-3
GEOG 499  Independent Study - Seniors 1-3

1 Required courses.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Content: Geographic Foundation: Demonstrate geographical knowledge, understanding, and significance through analysis, explanation, and critique (Explain where things are located, why they are located where they are, what difference that location makes, and to whom).

• Skills:
  • Geographic Techniques: Effectively use and apply the tools of geographic inquiry (e.g., field and laboratory to gather quantitative...
and qualitative geographic data; GIS to acquire, manage, display, and analyze spatial data in digital form; cartography to display spatial information effectively; and spatial statistical methods to model and make inferences about spatial relationships and patterns).

- Communication: Effectively explain how geographic approaches and perspectives are used to address socially/environmentally relevant questions and problems and why identifying the underlying spatial relationships is significant.

- Responsibility:
  - Equity, Diversity, and Inclusion (EDI): Use geographic knowledge and skills to evaluate assumptions, representations, and institutions in order to challenge existing structures in ways that respect diversity and foster social/environmental equity and inclusivity.
  - Ethics: Use geographic knowledge and skills to address social and environmental challenges in ways that maximize the benefits and minimize the harm to others.

- Dispositions:
  - Interdisciplinary perspective: Synthesize the information, concepts, and methods of natural and social sciences for geographic research and applications.
  - Relational perspective: Explain how people, places, and regions are linked by networks and processes across space and scale (such as local-global, within regions, globalization, trade, immigration, internet technology, climate).

- Comprehensive:
  - Transnational: Recognizes the geography of cross-boundary connections and interactions of people and institutions and uses geographic knowledge and skills to critically understand and respond to them.

Sample Degree Plan
Geography, Transnational Geographies, Comprehensive Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

TOTAL: 30 credits

Minimum total for the baccalaureate degree = 120 credits

a Geography majors must take 5 courses from any of the 5 advanced geography approaches. See catalog.
b In addition to the requirements for the geography liberal education degree, students in the Transnational emphasis must take three classes from the following two categories, and at least one from each: Category I Approach and Perspective and Category II Thematic Content. See catalog for details.
c Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level). While students are encouraged to take additional courses in geography, electives can be selected from any discipline as long as the student meets the course prerequisites. Required Geography courses plus Geography electives (and transnational electives from other departments) must equal at least 60 credits.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

Course Information

- GEOG 200 is recommended prior to enrollment in GEOG 335 and 370.
- GEOG 335 is a prerequisite for GEOG 370.
- GEOG 328 is now GEOG 370.
- Students must take 12 credits from transnational courses from other disciplines. See catalog for specific details.
- One year before graduation, Geography majors must complete a form to certify their selected courses from the Advanced Geography Approaches. They must complete this form a second time one semester before graduation.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPS might be most beneficial to students, and any recommendations about when those HIPS best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Required HIPs: Geography 368: Geography Field Seminar and Geography 401: Geography Capstone

Optional HIPs: Study Abroad, National Student Exchange, Faculty-led International Immersions (FLIEs), Student-Faculty Collaborative Research.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL – Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level fulfills one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level fulfills one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses). Students may count toward graduation no more than one credit of KINS 110-114 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-114 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

USAFI
Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the
MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 141-001)**

The Geospatial Analysis and Technology major will ground students in current geographic and geospatial traditions in a multidisciplinary learning approach. This comprehensive major integrates tools and skills with an engaging curriculum and high impact practices, such as internships and undergraduate research opportunities. It engages critical thinking both inside and outside the classroom. Specific areas of interest include Geographic Information Systems, research opportunities. It engages critical thinking both inside and outside the curriculum and high impact practices, such as internships and undergraduate programs.

Minimum of 60 semester credits including:

1 If not taken for Core Requirements.
2 If applicable and with consent of faculty advisor.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- **Content:** Geographic Foundation: Demonstrate geographical knowledge, understanding, and significance through analysis, explanation, and critique (Explain where things are located, why they are located where they are, what difference that location makes, and to whom).
- **Skills:**
  - Geographic Techniques: Effectively use and apply the tools of geographic inquiry (e.g., field and laboratory to gather quantitative and qualitative geographic data; GIS to acquire, manage, display, and analyze spatial data in digital form; cartography to display spatial information effectively; and spatial statistical methods to model and make inferences about spatial relationships and patterns).
  - Communication: Effectively explain how geographic approaches and perspectives are used to address socially/environmentally relevant questions and problems and why identifying the underlying spatial relationships is significant.
- **Responsibility:**
  - Equity, Diversity, and Inclusion (EDI): Use geographic knowledge and skills to evaluate assumptions, representations, and institutions in...
order to challenge existing structures in ways that respect diversity and foster social/environmental equity and inclusivity.

- Ethics: Use geographic knowledge and skills to address social and environmental challenges in ways that maximize the benefits and minimize the harm to others.

- Dispositions:
  - Interdisciplinary perspective: Synthesize the information, concepts, and methods of the humanities and the natural and social sciences for geographic research and applications.
  - Relational perspective: Explain how people, places, and regions are linked by networks and processes across space and scale (such as local-global, within regions, globalization, trade, immigration, internet technology, climate).

- Comprehensive:
  - Geospatial: Expertly use geospatial information/data and technologies to address geographical issues.

Sample Degree Plan
Geospatial Analysis and Technology, Comprehensive Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

a Environmental Geography and Geospatial comprehensive majors are required to take 12 credits of related course work outside of the major with consent of their advisor.

b Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level). While students are encouraged to take additional courses in geography, these can be selected from any discipline provided student meets course prerequisites. Required Geography courses plus Geography electives (and environmental electives from other departments) must equal at least 60 credits.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

Course Information

- GEOG 200 is recommended prior to enrollment in GEOG 335 and 370.
- GEOG 335 is a prerequisite for GEOG 370.
- Student must complete one upper-level GEOG course in an advanced geography approach that is not a Geospatial course (300/400).
- Student must choose either GEOG 435 or GEOG 438 and will be advised to follow similar courses for additional Geospatial Elective (i.e. GEOG 438 would lead into GEOG 358 LiDAR).
- Student can take either GEOG 401 Capstone or GEOG 498 Internship.
- With consent of advisor, a minimum of 12 credits must be taken outside of Geography. Six outside credits are earned by the requirement of CS 145 or 170 or 318 or 319 and IS 240.
- Required Geography courses plus CS 145 or 170 or 318 or 319 and IS 240 plus Geography electives (and Geospatial Electives and electives from other departments) must equal at least 60 credits.

RECOMMENDATIONS FOR OPTIONAL HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Required HIP: GEOG 495: Geography Internship or Geography 401: Geography Capstone
Optional HIPs: GEOG 368: Geography Field Seminar, Study Abroad, National Student Exchange, Faculty-led International Immersions (FLIs), Student-Faculty Collaborative Research

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.
Geospatial, Certificate
(Code 140-601)

The Department of Geography and Anthropology offers a Geospatial Certificate Program with Four Options: Geospatial Certificate, Geospatial Certificate in Geographic Information Systems, Geospatial Certificate in Remote Sensing, and Geospatial Certificate in Mapping. The goals of the Certificate are:

1. to provide students with the fundamentals and a working knowledge of the core geospatial technology skills, specifically geographic information systems, remote sensing, field data collection (GPS and surveying) and spatial thinking,
2. to give students the option to specialize by choosing an emphasis in one of three different areas: Geographic Information Systems, Remote Sensing, or Computer Mapping, and
3. to expose students to ethical issues involved with the use of geospatial technology.

While the Certificate is targeted primarily at professionals in the workforce who want to further their education by adding this credential onto their existing degrees, it provides current UW-Eau Claire students an opportunity to add a specific high demand set of skills and associated credentials onto their already marketable liberal arts degree from UW-Eau Claire. For advising, see Professor Ryan Weichelt (Geography and Anthropology).

All students will take these four core courses.

</tbody>
</table>

Total Credits 12

Students who wish to specialize can choose one of the following options:

- Geospatial Certificate in Geographic Information Systems
- Geospatial Certificate in Remote Sensing
- Geospatial Certificate in Mapping

Note: Students can only receive one of the three specialized certificates, due to the potential overlap between the electives. Students cannot pursue the Geography Major and any of the Geospatial Certificates to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate the skills necessary to perform standard geospatial tasks.
- Demonstrate proficiency in industry standard software and using industry standard field equipment.
- Design, compile, and develop a spatial database and set of analytical tools within a Geographic Information System framework appropriate to a given problem.

Geospatial, Geographic Information Systems, Certificate
(Code 140-602)

The Department of Geography and Anthropology offers a Geospatial Certificate Program with Four Options: Geospatial Certificate, Geospatial Certificate in Geographic Information Systems, Geospatial Certificate in Remote Sensing, and Geospatial Certificate in Mapping. The goals of the Certificate are:

1. to provide students with the fundamentals and a working knowledge of the core geospatial technology skills, specifically geographic information systems, remote sensing, field data collection (GPS and surveying) and spatial thinking,
2. to give students the option to specialize by choosing an emphasis in one of three different areas: Geographic Information Systems, Remote Sensing, or Computer Mapping, and
3. to expose students to ethical issues involved with the use of geospatial technology.

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate the skills necessary to perform standard geospatial tasks.
- Demonstrate proficiency in industry standard software and using industry standard field equipment.
- Design, compile, and develop a spatial database and set of analytical tools within a Geographic Information System framework appropriate to a given problem.

Geospatial, Mapping, Certificate
(Code 140-604)

The Department of Geography and Anthropology offers a Geospatial Certificate Program with Four Options: Geospatial Certificate, Geospatial Certificate in Geographic Information Systems, Geospatial Certificate in Remote Sensing, and Geospatial Certificate in Mapping. The goals of the Certificate are:

1. to provide students with the fundamentals and a working knowledge of the core geospatial technology skills, specifically geographic information systems, remote sensing, field data collection (GPS and surveying) and spatial thinking,
systems, remote sensing, field data collection (GPS and surveying) and spatial thinking,
2. to give students the option to specialize by choosing an emphasis in one of three different areas: Geographic Information Systems, Remote Sensing, or Computer Mapping, and
3. to expose students to ethical issues involved with the use of geospatial technology.

While the Certificate is targeted primarily at professionals in the workforce who want to further their education by adding this credential onto their existing degrees, it provides current UW-Eau Claire students an opportunity to add a specific high demand set of skills and associated credentials onto their already marketable liberal arts degree from UW-Eau Claire. For advising, see Professor Ryan Weichelt (Geography and Anthropology).

Electives, select one of the following:
- GEOG 370 Quantitative Methods in Geography
- GEOG 455 Web Geographic Information Systems

Note: Students can only receive one of the three specialized certificates, due to the potential overlap between the electives. Students cannot pursue the Geography Major and any of the Geospatial Certificates to meet graduation requirements for completing a first and second degree program.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate the skills necessary to perform standard geospatial tasks.
- Demonstrate proficiency in industry standard software and using industry standard field equipment.
- Apply the skills of operating GPS equipment to the collection of geospatial data in a variety of field mapping environments for the purpose of integrating GPS data with existing Geographic Information System resources.

3. to expose students to ethical issues involved with the use of geospatial technology.

While the Certificate is targeted primarily at professionals in the workforce who want to further their education by adding this credential onto their existing degrees, it provides current UW-Eau Claire students an opportunity to add a specific high demand set of skills and associated credentials onto their already marketable liberal arts degree from UW-Eau Claire. For advising, see Professor Ryan Weichelt (Geography and Anthropology).

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate the skills necessary to perform standard geospatial tasks.
- Demonstrate proficiency in industry standard software and using industry standard field equipment.
- Apply the skills of preprocessing optical remotely sensed data, customizing or developing a suitable algorithm to extract biophysical and/or sociocultural information from the data, and utilizing the information in a given geospatial problem.

**Geology**

Phillips 157
715-836-3732
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/geology/)

Geology is the study of the earth and earth processes. Geologists work to solve environmental problems and supervise the exploration and development of earth resources. They are employed in the environmental industry, the mining industry, regulatory agencies such as the DNR and EPA, and as educators. Although many professions in geology require graduate school training, a bachelor's degree in geology allows career options in geology, environmental geology, and other professional fields such as resource law and engineering. The Geology Department provides a rigorous but flexible program, and stresses the importance of a broad science curriculum. A curriculum balancing field and laboratory experience is tailored to meet the needs of each individual. The geology major is flexible enough to allow individual students to customize their program. Examples of customized programs (to be designed working with an advisor) include Marine Geology, Geochemistry, and Geophysics.
Honor Societies and Student Organizations
The Geology Department offers one student organization. The Geology Club is open to all majors and minors. Geology students participate in group activities through the club, organize the annual spring banquet, and participate in service activities. Please visit the department office for more information.

Departmental Honors Program in Geology
Requirements:
1. Satisfactorily complete either: 1) one substantial faculty–student research collaboration in Geology that results in a first-authored presentation at a regional, national, or international professional conference; or 2) a written paper containing original research that is supervised/sponsored by a faculty member in the Department of Geology.
2. Maintain a 3.5 cumulative GPA and a 3.5 GPA in Geology courses.

Satisfactory/Unsatisfactory Policy.
No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

Majors
- Comprehensive Major: Geology, General Geology Emphasis, Liberal Arts - B.A./B.S.
- Comprehensive Major: Geology, Hydrogeology and Water Chemistry Emphasis, Liberal Arts - B.A./B.S.
- Comprehensive Major: Geology, Environmental Science Emphasis, Liberal Arts - B.A./B.S.
- Comprehensive Major: Geology, Dual Degree Geological Engineering Emphasis, Liberal Arts - B.A./B.S.
- Comprehensive Major: Science Teaching, Earth/Space Science Emphasis - B.S. (College of Education and Human Sciences Secondary Education Program)
- Major: Geology, Liberal Arts - B.A./B.S.

Minors
- Minor: Geology, Liberal Arts

Certificates
- Certificate: Earth Resources
- Certificate: Responsible Mining
- Certificate: Water Resources

Geology, Dual Degree Geological Engineering Emphasis, Comprehensive Major

Liberal Arts (Code 160-014)

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
EAU SS CUSTOM.EAU_TRNCRDWZ.GBL or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

<table>
<thead>

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 160-014)

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or for careers as professional geologists, hydrogeologists, or geological engineers. The liberal arts comprehensive major requires completion of the Core and one of the four Emphases.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

Core Requirements for all Liberal Arts Emphases in the Comprehensive Geology Major

Capstone Experience (required for all majors) 0-2

For liberal arts majors, the capstone options may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the chair of the department no later than the second week of the first semester of the senior year.

Dual Degree Geological Engineering Emphasis

This emphasis combines the benefits of a traditional geology degree with those of a formal engineering education. In this program students receive a UW-Eau Claire geology degree in conjunction with a bachelor’s degree in engineering from the University of Minnesota. Students will typically complete most of the UW-Eau Claire University requirements and Dual Degree geology requirements while at UW-Eau Claire before transferring to the engineering school. Students should visit the department office for a sample course schedule that would allow them to complete three full years at UW-Eau Claire and be prepared to transfer to the University of Minnesota for an additional one to two years.

Students must complete a minimum of 84 semester credits before transferring to the engineering school, 56 of which must be taken in residence at UW-Eau Claire.

This emphasis requires completion of the Comprehensive Geology Major Core plus the required credits as listed below. Successful completion of GEOL 470 with a grade of C or above will constitute completion of the capstone experience. Students must fulfill the liberal education requirements of both
UW-Eau Claire and the University of Minnesota. This can be accomplished in a reasonable manner with careful course selection. Please see Geology advisor.

</tr>
</tbody>
</table>

NOTE 1: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

NOTE 2: For students planning to practice as professional engineers, GEOG 335; GEOL 416 at UW-Eau Claire or equivalent courses at University of Minnesota are strongly recommended.

NOTE 3: Students should plan on taking MATH 311 (UW-Eau Claire; Differential Equations) or Math 2243 (University of Minnesota; Differential Equations and Linear Algebra) prior to the first semester at University of Minnesota. Differential Equations is a prerequisite for the fluid mechanics course which is to be taken during the first semester at UM.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain Earth processes.
- Use mathematics and computational methods to analyze scientific and geological data.
- Read, write, and critically evaluate geological papers.
- Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Develop geologic models and effectively communicate an applied geology interpretation based on observations.

Sample Degree Plan

Geology, Dual Degree Geological Engineering Emphasis, Comprehensive Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [https://catalog.uwec.edu/undergraduate/graduation-requirements/] for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits

Many geological issues involve working with people from other cultures. Liberal education electives can help broaden students’ perspectives. A valuable class counting toward this requirement, R1 and Design for Diversity (DD) is AIS 101. Courses such as HIST 114 and HIST 115 also fulfill the same LE requirements at UW-Eau Claire.

UMN’s LE requirement must be fulfilled, as well as UWEC’s LE requirement. To satisfy UMN LE, students must take a BIOL lab course.

Students will typically spend four years at UWEC and 1.5 years at UMN. Students must satisfy LE requirements for UWEC and UMN, and also must achieve a satisfactory GPA to be accepted at UMN (floating, but generally >3.2). Graduates of this program will receive a Geology degree from UWEC and a Geotechnology degree from UMN.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

1. Many geological issues involve working with people from other cultures. Liberal education electives can help broaden students’ perspectives. A valuable class counting toward this requirement, R1 and Design for Diversity (DD) is AIS 101. Courses such as HIST 114 and HIST 115 also fulfill the same LE requirements at UW-Eau Claire.
2. UMN’s LE requirement must be fulfilled, as well as UWEC’s LE requirement. To satisfy UMN LE, students must take a BIOL lab course.
3. Keep the syllabus and all written reports (including the description of the writing assignment, rough drafts, instructor comments, etc.) as documentation. A student might be able to petition that this course meets the “writing intensive” designation at UMN if the student can prove their case. A student needs four of these courses beyond WRIT 114/116, so documenting writing experiences could save a student much time fulfilling UMN requirements.
4. GEOL 468 prepares students for GEOL 470 offered during Winterim. GEOG 335 should be taken prior to GEOL 468.
5. A grade of C or above in GEOL470 meets the Geology capstone requirement.
6. GEOL 461 is required in the major, but currently this class is not offered on a regular basis. It might be necessary for students to substitute another appropriate 300-level Geology course to fulfill this requirement. If so, speak to the Geology Dept. Chair.
7. Electives must be selected to ensure that a student’s degree comprises at least 39 credits of upper-division courses (300-400 level). Students are encouraged to take additional courses in chemistry, ecology, physics, math, GIS, and written and oral communication, but electives can be selected from any discipline as long as the course prerequisites are met. The degree also must have 120 credits.
8. Fulfills a technical elective at UMN.
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information
• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Liberal Education Core 36
Academic Concentrations
Grade Point Requirements 2
Total 2.00 average
Resident 2.00 average

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Restrictions
### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

#### LIBERAL EDUCATION CORE REQUIREMENTS

| Credit by Examination | | | | |
|-----------------------|----------------|----------------|----------------|
| Total degree credit   | maximum 12     | Major, Standard | maximum 1 course |
| Major, Comprehensive  | maximum 2 courses | Minor          | maximum 1 course |
| One experience in laboratory science must be selected from either K1 or K2. |
| Knowledge Outcome 1 (K1): Natural Sciences | Two (2) learning experiences |
| Knowledge Outcome 2 (K2): Social Sciences | Two (2) learning experiences |
| Knowledge Outcome 3 (K3): Humanities | Two (2) learning experiences |
| Knowledge Outcome 4 (K4): Fine Arts | One (1) learning experience |
| Knowledge Outcome 5 (K5): Service-Learning | One (1) learning experience |

### College Degree Requirements

#### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.
Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if applicable) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of three ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or A1S 112 or A1S 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

Liberal Arts (Code 160-011)

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or for careers as professional geologists, hydrogeologists, or geological engineers. The liberal arts comprehensive major requires completion of the Core and one of the four Emphases.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

**Core Requirements for all Liberal Arts Emphases in the Comprehensive Geology Major**

<table>
<thead>

**Environmental Science Emphasis**

Recommended for students who are interested in careers working in environmental fields, such as environmental geology, land conservation, and environmental policy, or who desire to attend graduate school in environmental science, environmental law, or resource planning.

This emphasis requires completion of the Comprehensive Geology Major Core plus the required and elective credits as listed below.

<table>

</tbody>
</table>

For liberal arts majors, the capstone options may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the chair of the department no later than the second week of the first semester of the senior year.

Sample Degree Plan

Geology, Environmental Science Emphasis, Comprehensive Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by
Additional BIOL, CHEM or GEOG Elective 3-4

SOME TIME IN THE THIRD YEAR
LE Option: Knowledge 1 (LE-K1) Natural Sciences; three experiences (one lab science experience is required in K1 or K2).
LE Option: Responsibility 2 (LE-R2) Global Perspectives
Elective Courses in writing, public speaking, etc 4
LE Option: Knowledge 2 (LE-K2) Social Sciences; three experiences (one experience required in K1 or K2).
LE Option: Responsibility 2 (LE-R2) Global Perspectives

TOTAL THIRD YEAR 29

WINTERIM AND SUMMER DURING/AFTER THIRD YEAR
WINTERIM New Mexico, 3 weeks
GEOL 470 Field Geology I (LE Option: Knowledge 3-4
3 (LE-K3) Humanities or LE Option: Responsibility 2 (LE-R2) Global Perspectives)

SUMMER Montanta, 3 weeks
GEOL 471 Field Geology II (Elective) 4 3

Total 6

FOURTH YEAR

FIRST SEMESTER
ENV 377 U.S. Environmental and Sustainability Policy 3

SECOND SEMESTER
GEOL Elective - Choose from GEOL 313, 330, or 416 5, 6 4

SOME TIME IN THE FOURTH YEAR
BIOL Elective - Choose from BIOL 321, 328, 336, 338 or 376 7 3-4
LE Options of Interest 3-6
GEOG Elective - Choose from GEOG 337, 338, 350 or 363 7 3
Elective - Choose from CHEM 213, 218, 304, 325 or GEOL 336, 418 7 3-4

TOTAL FOURTH YEAR 24

Minimum total for the baccalaureate degree = 120 credits

1 Many geological issues involve working with people from other cultures. Liberal education electives can help broaden students' perspectives. Potential courses that would count toward this requirement and R1 and Design for Diversity (DD) include AIS 101, 243, and AIS/GEOG 322. Many other courses such as HIST 114 and HIST 115 also fulfill the same requirements.
2 GEOL 468 prepares students for GEOL 470 offered during Winterim. GEOG 335 should be taken prior to GEOL 468.
3 All students pursuing a Liberal Arts Comprehensive Major in Geology are also required to complete MATH 114 in addition to the 60 credits required for the major.
4 GEOL 471 meets the Geology capstone requirement and prepares student for jobs in Geology. Students not taking GEOL 471 must submit a capstone proposal to the chair. Another possible capstone experience is GEOL 395. Please consult with your Geology faculty advisor.
5 Plus electives to total at least 60 credits selected from the following: GEOL 313 Mineralogy and Petrology II, 330 Structural Geology, 416 Hydrogeology II, and 418 Earth History
6 Electives must be selected to ensure that a student's degree comprises at least 39 credits of upper-division courses (300-400 level). Students are encouraged to take additional courses in chemistry, ecology, physics, math, GIS, and written and oral communication, but electives can be selected from any discipline as long as the course prerequisites are met. The degree also must have 120 credits.
7 Select three elective courses from Biology (BIOL 321 Ecology, BIOL 328 Conservation Biology, BIOL 336 Terrestrial Ecology, BIOL 338 Vegetation Ecology, or BIOL 376 Aquatic Ecology), Geography(GEOG 337 Geographic Information Systems II, GEOG 338 Remote Sensing of the Environment, GEOG 350 Soils and the Environment, or GEOG 363 Watershed Analysis), and Chemistry (CHEM 213 Quantitative Analysis, CHEM 218 Introduction to Inorganic Chemistry, CHEM 304 Environmental Chemistry, CHEM 325 Organic Chemistry I with Laboratory, or GEOL 336 Introduction to Geochemistry). It is strongly recommended that students select one course from each of the Biology, Geography, and Chemistry course options. Students should work with a Geology faculty advisor to select the most suitable course combination.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), internships (https://www.uwec.edu/academic-internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/).

High Impact Practices (HIPs)

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

### College Degree Requirements

#### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) if there are more than the minimum of 120 credits for graduation.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

**Acceptable academic program combinations are determined at the college level.** A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CS 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
Liberal Arts (Code 160-010)
The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or for careers as professional geologists, hydrogeologists, or geological engineers. The liberal arts comprehensive major requires completion of the Core and one of the four Emphases.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

Core Requirements for all Liberal Arts Emphases in the Comprehensive Geology Major

<table>

<td>0-2</td>
<td></td>
</tr>
</tbody>
</table>

For liberal arts majors, the capstone options may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the chair of the department no later than the second week of the first semester of the senior year.

General Geology Emphasis
Recommended for students planning careers in geology, especially those planning to attend graduate school in geology or engineering.

This emphasis requires completion of the Comprehensive Geology Major Core plus the required and elective credits as listed below.

<table>
<thead>

Elective Courses in writing, public speaking, GIS, etc 3
Elective - Additional PHYS, CHEM, MATH (246) and Ecology 3-4
LE Options of Interest 7-9
TOTAL 30

Minimum total for the baccalaureate degree = 120 credits

1 Many geological issues involve working with people from other cultures. Liberal education electives can help broaden students’ perspectives. Potential courses that would count toward this requirement and R1 and Design for Diversity (DD) include AIS 101, 243, and AIS/GEOG 322. Many other courses such as HIST 114 and HIST 115 also fulfill the same requirements.
2 A second Geology course might be desired by a student this semester. The upper-division elective classes listed here only have a GEOL 1XX prerequisite and would be available to students.
3 GEOL 468 prepares students for GEOL 470 offered during Winterim. GEOG 335 should be taken prior to GEOL 468.
4 Two semesters of Physics are generally required for attending graduate school, so Phys 212 or 232 is strongly recommended.
5 GEOL 115, 201, 301 and 308 carry K1 and R3 designations. If the geology student takes one of these classes during the course of their program, then the R3 learning outcome is satisfied. If GEOL 115 is taken to satisfy the introductory geology requirement, then the student might need to take another I1 class outside of the Geology department.
6 GEOL 471 meets the Geology capstone requirement and prepares student for jobs in Geology.
8 Electives must be selected to ensure that a student’s degree comprises at least 39 credits of upper-division courses (300-400 level). Students are encouraged to take additional courses in chemistry, ecology, physics, math, GIS, and written and oral communication, but electives can be selected from any discipline as long as the course prerequisites are met. The degree also must have 120 credits.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning: 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-114 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-114 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

- **Knowledge Goal**
  - One experience in laboratory science must be selected from either K1 or K2.
  - One experience in laboratory science must be selected from either K1 or K2.
  - One experience in laboratory science must be selected from either K1 or K2.
  - One experience in laboratory science must be selected from either K1 or K2.
- **Skills Goal**
  - One S1 must meet the University Writing Requirement.
  - One S2 to meet the University Mathematics Requirement.

**Skills Goal**

- Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)
  - Two (2) learning experiences
- Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)
  - One (1) learning experience

**Responsibility Goal**

- Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)
  - Two (2) learning experiences
- Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)
  - One (1) learning experience
- Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)
  - One (1) learning experience

**Integration Goal**

- Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)
  - Two (2) learning experiences

**Service-Learning Goal**

- Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)
  - 30 hours

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 160-013)

The objective of the comprehensive major in geology is to prepare students for graduate programs in geological sciences or geological engineering, or for careers as professional hydrogeologists or geologists. The liberal arts comprehensive major requires completion of the Core and one of the four Emphases.

NOTE: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

Core Requirements for all Liberal Arts Emphases in the Comprehensive Geology Major

Capstone Experience (required for all majors) 0-2

For liberal arts majors, the capstone options may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the chair of the department no later than the second week of the first semester of the senior year.

Hydrogeology and Water Chemistry Emphasis

Recommended for students planning careers in geology such as hydrogeology, geochemistry, and environmental geology. This program is designed to fulfill requirements for admission to graduate programs in hydrogeology, geochemistry, and environmental geology. This program also meets 1998 Wisconsin Department of Natural Resources’ academic requirements for classification as a hydrogeologist.

This emphasis requires completion of the Comprehensive Geology Major Core plus the required and elective credits as listed below.

NOTE 1: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.
NOTE 2: Students should be advised that a second semester of physics is usually required for entrance to graduate school.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain Earth processes.
- Use mathematics and computational methods to analyze scientific and geological data.
- Read, write, and critically evaluate geological papers.
- Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Develop geologic models and effectively communicate a hydrogeologic interpretation based on observations.

Sample Degree Plan

Geology, Hydrogeology and Water Chemistry Emphasis, Comprehensive Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **S4** – Global Perspectives; one experience.
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL** – Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- **S1, R2** – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/spss/PUBLIC/EMPLOYEE/HRMS/C/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements

Liberal Arts (Code 160-204)

The Liberal Arts major in geology emphasizes broad training in general science; the relationship between earth science and other sciences; and the flexibility and creativity in program design for meeting an individual student’s interest and employment needs. This major requires completion of the Core liberal arts program plus elective credits. This non-comprehensive major also requires completion of a minor or a second major in another department.

</tr>
</tbody>
</table>

¹ Each major is required to complete a capstone experience which may include: GEOL 395 (for a minimum of two credits) or GEOL 471. The capstone will consist of student selection of one of the following options: faculty/student collaborative research, preparation and presentation of a department seminar, internship, field experiences, or other approved experiences. Students working with their adviser will submit a proposal to the department faculty outlining their choice of the capstone experience and explicitly stating how the capstone fits into their personal career goals. The proposal for a capstone experience must be submitted to the Chair of the Department no later than the second week of the first semester of the senior year.

NOTE 1: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

NOTE 2: Communication classes, both written and oral, are strongly recommended to fulfill liberal education requirements in any of the emphases.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain Earth processes.
- Use mathematics and computational methods to analyze scientific and geological data.
- Read, write, and critically evaluate geological papers.
- Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Evaluate a geological field site and produce a professional report.

Sample Degree Plan

Geology, Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

SOME TIME IN THE FIRST YEAR

| GEOL 106  | Earth Science (LE-I1, LE-K1, LE-K1L) | 4 |
| GEOL 110  | Physical Geology (LE-I1, LE-K1, LE-K1L) |  |
| GEOL 115  | Environmental Geology (LE-K1, LE-K1L, LE-R3) |  |
| GEOL 118  | Societal Issues in Earth Science (LE-I1, LE-K1, LE-K1L) |  |
| CHEM 105  | General Chemistry I Lecture | 3 |
| CHEM 106  | General Chemistry I Laboratory | 2 |
| LE Option: Knowledge 3 (LE-K3) Humanities and LE Option: Responsibility 1 (LE-R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity ¹ | 3 |
| CHEM 109  | General Chemistry II with Lab | 4 |
| WRIT 114  | Intensive Blugold Seminar in Critical Reading and Writing (LE-S1) | 5 |
| OR        | Blugold Seminar in Critical Reading and Writing (LE-S1) |  |
| GEOL 301  | Earth Resources and Sustainability (LE-K1, LE-R3) ² | 3 |
| OR        | | |
Minimum total for the baccalaureate degree = 120 credits

1 Many geological issues involve working with people from other cultures. Liberal education electives can help broaden students’ perspectives. Potential courses that would count toward this requirement and R1 and Design for Diversity (DD) include AIS 101, 243, and AIS/GEOG 322. Many other courses such as HIST 114 and HIST 115 also fulfill the same requirements.

2 Electives to total at least 36 credits selected from any geology course numbered 300 or higher

3 This major either requires a minor (24 credits) or a certificate with at least 12 unique credits. Consult with your advisor to select appropriate classes.

4 GEOL 468 prepares students for GEOL 470 offered during Winterim. GEOG 335 is recommended prior to GEOL 468.

5 Electives must be selected to ensure that a student’s degree comprises at least 39 credits of upper-division courses (300-400 level). Students are encouraged to take additional courses in chemistry, ecology, physics, math, GIS, and written and oral communication, but electives can be selected from any discipline as long as the course prerequisites are met. The degree also must have 120 credits.

6 GEOL 471 meets the Geology capstone requirement, but GEOL 470 does not. Students not taking GEOL 471 (which has GEOL 330 as a prerequisite) must submit a capstone proposal to the chair. Another possible capstone experience is GEOL 395. Please consult with your Geology faculty advisor.

7 GEOL 470 (required) provides one out of two required I1 experiences. A geology major might have satisfied the entire I1 requirement by also taking GEOL 102, 106, 118, or 122.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

- R2 – Global Perspectives; one experience.

- R3 – Civic and Environmental Issues; one experience.

- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one S1 and the R2 experience.

- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

- I1 – Any semester long study abroad program can fulfill one I1 experience.

Geology, Minor - Liberal Arts

Liberal Arts (Code 160-401)

Select a minimum of six semester credits from the following: 6

- GEOL 291 Special Topics
- GEOL 301 Earth Resources and Sustainability
- GEOL 303 Rocky Mountain Field Studies
- GEOL 304 Global Environmental Change
- GEOL 308 Water Resources
- GEOL 313 Mineralogy and Petrology II
- GEOL 315 Hydrogeology I
- GEOL 320 Sedimentology and Stratigraphy

NOTE 1: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any required courses in a geology major or minor.

NOTE 2: Recommended electives: GEOL 470 and GEOL 471.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain Earth processes.
- Use mathematics and computational methods to analyze scientific and geological data.
- Read, write, and critically evaluate geological papers.
- Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Evaluate a geological field site and produce a professional report.

History

Hibbard Humanities Hall 701
715-836-5501
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/history/)

The study of history examines how men and women throughout the world have lived in the past. It pays special attention to continuities and changes in human communities over time and to interactions among people from different cultures. The study of history enhances critical thinking and effective communication by teaching students how to evaluate different interpretations of the past. It teaches them to use evidence effectively to understand the meaning and impact of events and processes. Studying history increases students’ social responsibility as they come to understand their own life experiences as part of an historical process. History students master the essential skills of a liberal education by learning to read critically, to manage and analyze information, to build logical arguments, and to write persuasively.

Students can major, minor, or pursue certificates in history through the College of Arts and Sciences. Those wishing to teach history in secondary schools can major in Social Studies Teaching. History emphasis, a degree program offered through the College of Education and Human Sciences. History majors in the College of Arts and Sciences often pursue careers in fields such as
law, government, journalism, business, and information management. The
department also offers a public history emphasis within the major for students
interested in working in museums, archives, historic preservation, and other
public history career fields. Some students continue academic study and obtain
graduate degrees, so that they can further their public history careers or teach
at the post-secondary level.

**Department Honors in History**

**GPA**

3.5 GPA in Major; 3.5 overall GPA – All Tracks

**TRACK A – Liberal Arts and Public History Emphasis**

- 3.75 average or better in History 288 and 489 (capstone sequence)
- 1 honors credit (taken as HIST496) attached to History 489 OR History 486
- Public presentation of capstone project (on or off-campus)
- Successful completion of ONE of the following (portfolio reflection required):
  - Faculty-student research project
  - Independent studies
  - Student teaching apprenticeship (HIST397)
  - History-related service learning
  - Immersion experience
  - National History Day

**TRACK B – Social Studies Teaching, History Emphasis**

- 3.75 average or better in History 288
- 1 honors credit (taken as HIST396) attached to History 288
- Successful completion of TWO of the following experiences (portfolio reflection required for each completed experience):
  - History 494
  - Faculty-student research project
  - Independent studies
  - Student teaching apprenticeship (HIST397)
  - History-related secondary school service
  - Immersion experience
  - National History Day

For information regarding Department Honors, see Professor Patricia Turner (HHH-721)

**Information for Majors and Minors**

**NOTE 1:** Majors who plan to prepare for college teaching are urged to attain a
reading competency in at least one foreign language and preferably two.

**NOTE 2:** Majors or minors in history seeking licensure to teach are required by
Wisconsin law to complete instruction in the conservation of natural resources
and in consumer cooperatives/cooperative marketing. Take ECON 103 and
either GEOG 178 or BIOL 180 to meet these requirements.

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
Applicability of Credits Toward Graduation

### Junior College or Two-Year College Credits
A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

### Extension Credits
Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

### WTCS Credits
A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

### USAFI Credit
UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

### Activity Credit (band, chorus, drama, KINS 100-184 courses)
Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

### Other Restricted Credits
For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### Liberal Education Core Requirements

</tr>
</thead>
<tbody>
<tr>
<td>Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity</td>
<td>Two (2) learning experiences</td>
</tr>
</tbody>
</table>

### Responsibility Goal
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Notes:

1. The same course may be taken to satisfy more than one requirement, when relevant.
2. Relevant history courses other than those listed above may be counted toward fulfilling requirements with department approval.
3. HIST 288 should be taken before any 300-level or 400-level course, if possible.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of or viewpoints on past events or historical developments.
- Recognize both continuity and change over time and describe their consequences.
- Identify and interpret primary and secondary sources in order to effectively construct historical narratives orally and in writing.
- Construct arguments that explain how history can inform the present.
- Evaluate credibility, position, or perspective of various forms of historical evidence.
- Compare and connect local and global histories.

Sample Degree Plan

History, Major - Liberal Arts, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Elective  3
HIST 489  Research Seminar (LE-S3)  3
Second program course 8 - upper division  3
Elective  3

TOTAL FOURTH YEAR  30

Minimum total for the baccalaureate degree = 120 credits

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

We highly recommend Study Abroad or an Intercultural Immersion program, especially those that are tied to the history department, such as CETS: Central European Travel Seminar (HIST 327 and IDS 340) or Public History in Great Britain (HIST 401). History majors pursue student-faculty collaborative research in HIST 489: Research Seminar. However, we encourage students to see their faculty advisors about research opportunities available earlier in the program.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other non-UW extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than two credits of KINS 100-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 100-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

| Credit Restrictions |
|---------------------|-----------------|
| Satisfactory/Unsatisfactory | Total degree credit | maximum 12 |
| Major, Standard | course |
| Major, Comprehensive | courses |
| Minor | course |

Credit by Examination

| Credit Restrictions |
|---------------------|-----------------|
| Total degree credit | maximum ¼ of total |
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**Knowledge Goal**

- Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
  - Two (2) learning experiences

- Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
  - Two (2) learning experiences

- Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
  - Two (2) learning experiences

- Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
  - One (1) learning experience

**Skills Goal**

- Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)
  - Two (2) learning experiences

- Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)
  - One (1) learning experience

- Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)
  - One (1) learning experience

**Responsibility Goal**

- Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)
  - Two (2) learning experiences

- Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)
  - One (1) learning experience

- Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)
  - One (1) learning experience

**Integration Goal**

- Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)
  - Two (2) learning experiences

**Service-Learning Goal**

- Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/)
  - 30 hours

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) for completing a first and second degree program.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

</table>

Notes:

1. The same course may be taken to satisfy more than one requirement, when relevant.
2. Relevant history courses other than those listed above may be counted toward fulfilling requirements with department approval.
3. HIST 288 should be taken before any 300-level or 400-level course, if possible.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of or viewpoints on past events or historical developments.
- Recognize both continuity and change over time and describe their consequences.
- Identify and interpret primary and secondary sources in order to effectivly construct historical narratives orally and in writing.
- Construct arguments that explain how history can inform the present.
- Evaluate credibility, position, or perspective of various forms of historical evidence.
- Compare and connect local and global histories.
- Create complex interpretations of the past collaboratively with public audiences.

Sample Degree Plan

History, Public History Emphasis, Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range
of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S1, LE-R1, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

We highly recommend Study Abroad or an Intercultural Immersion program, especially those that are tied to the history department, such as CETS: Central European Travel Seminar (HIST 327 and IDS 340) or Public History in Great Britain (HIST 401).

Public History majors pursue student-faculty collaborative research in HIST 489: Research Seminar and HIST 486: Public History Seminar, which always involved interpreting history for a community partner. However, we encourage students to see their faculty advisors about research opportunities available earlier in the program. All Public History majors are required to complete an internship. Students work with faculty to identify opportunities. Please contact Dr. John Mann mnnjw@uwec.edu if you have questions about this process.

### Liberal Education (LE) Core Guidance

**Liberal Education Core (LE Core)**
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

**Global and Comparative History, Certificate**

(Code 380-627)

This certificate is designed for undergraduate students with an interest in history who have chosen a major other than History. It is particularly geared toward students for whom a deeper understanding of the history of global interactions will complement and enhance their major area of study and/or future careers (for example: the World Politics emphasis in Political Science, Business, Geography, Religion, Economics, Languages and Women’s, Gender, and Sexuality Studies).

HIST 389  History of Japan
HIST 392  History of Antisemitism
HIST 393  Roots of Selected Contemporary World Problems
HIST 401  Public History in Great Britain

Note: Courses cannot be counted in both the major and the certificate program. Students cannot pursue the History Major or the History, Public History Emphasis Major and the Global and Comparative History Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of or viewpoints on past events or historical developments.
- Recognize both continuity and change over time and describe their consequences.
- Compare and connect local and global histories.

History of Race, Gender, and Society, Certificate
(Code 380-628)

This certificate is designed for undergraduate students with an interest in history that have chosen a major other than History. It is particularly geared toward students for whom a deeper understanding of the history of race, gender and society will complement and enhance their major area of study and/or future careers (for example, Sociology, Women's, Gender, and Sexuality Studies, Social Work, Education, and Criminal Justice).

Note: Courses cannot be counted in both the major and the certificate program. Students cannot pursue the History Major or the History, Public History Emphasis Major and the History of Race, Gender, and Society Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of or viewpoints on past events or historical developments.
- Recognize both continuity and change over time and describe their consequences.
- Construct arguments that explain how history can inform the present.
Languages

Centennial Hall 4508
715-836-4287
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/languages/)

The Department of Languages provides a vital component in the undergraduate liberal arts education offered at the University of Wisconsin-Eau Claire. The department promotes multilingualism as the key to intercultural understanding. It does so through courses in foreign language, culture, and literature, including English language for native speakers of other languages; major and minor programs in a number of world languages; study abroad opportunities and internships in many countries; and student/faculty collaborative research. Graduates from the Department of Languages serve at home and abroad as ambassadors for a diverse, peacefully interacting global society.

Major, Minor, and Certificate Programs

The Department of Languages offers Liberal Arts and Teaching majors and minors in French, German, and Spanish, and a Liberal Arts minor in Japanese. In addition, a Spanish for Health Professions minor is available as well as certificate programs in Chinese, French Proficiency, German Proficiency, and Ojibwe Language. Language students may also be interested in the minor in Teaching of English to Speakers of Other Languages (TESOL, housed in Education for Equity and Justice), the certificate in Teaching English as a Foreign Language (TEFL), or the minor or certificate in Ancient Studies.

Students of Spanish have the opportunity to pursue a major or minor in Latin American and Latinx Studies (LAS).

Other Languages Offered

In addition to the major, minor, and certificate programs, the Department of Languages provides, as resources permit, at least one year of instruction in Chinese, Classical Greek, Hmong, Japanese, Latin, and Ojibwe. One year of any of the languages taught in the department fulfills the one-year foreign language requirement for a Bachelor of Arts Degree in the College of Arts and Sciences. To meet this requirement, however, the student must earn a grade of at least C or a mark of 5 in a Foreign Language course numbered 102 or higher. The department is also the academic home for the Intensive English Program (English as a Second Language), see below.

Spanish Honors Program

The Honors Program in Spanish is intended for Spanish majors—including Spanish education and liberal arts majors—who have demonstrated excellence in their coursework, and who want to experience the study of languages outside the classroom. The high impact practices required for department honors in Spanish align with such experiences.

Spanish Departmental Honors is not the same program as University Honors. Because these honors programs are distinct, students should review the requirements of each with care.

Students who pursue the Spanish Honors Program do not have to be part of the University Honors Program.

Students in the University Honors Program can also apply to be part of the Spanish Honors program.

Eligibility: Spanish majors who have resident, overall, and major GPAs of 3.50 or higher. Completion of Spanish 302 is required before applying to the Honors Program in Spanish.

Application: An application must be submitted to the Spanish section via an e-form. The form may be accessed via the Languages Department (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/languages/) web page, Honors Program tab under Explore Opportunities. The e-form will ask that you identify a Spanish faculty member to serve as a reference. The application must be submitted prior to the student’s last two semesters of study. That being said, students are encouraged to apply after completing SPAN 302, a course typically taken sophomore year, but no later than their final two semesters.

Requirements: At graduation, the student must have a resident, overall, and major GPAs of 3.50 or higher. In addition, the student must submit evidence that two of the options from the list below have been satisfactorily completed at a standard of excellence deserving of a recognition in Spanish Honors. With the exception of the OPI proficiency test, students may do two of any of the other given options to meet the Spanish Honors Program requirements if their projects are distinct. For example, a student could conduct two separate faculty/student collaborative research projects with the same or different Spanish faculty member(s) or, with approval from the Spanish section, with faculty from departments or programs outside of Spanish. Students that select OPI proficiency as one of the options to fulfill one of their requirements must complete work in a different category for the second option.

1. A faculty/student collaborative research project with a Spanish faculty member

2. Advanced Low or higher on an official ACTFL Oral Proficiency Interview

3. An off-campus presentation at a conference on a topic related to the major

4. Completion of a language related internship approved by a faculty member

5. Submission of a publication-worthy manuscript to a journal related to the major

6. Completion of application to the U.S. Fulbright program

7. Certification as an interpreter by the State of Wisconsin

Residency Requirement for Prospective Language Teachers

All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

Oral Proficiency Requirement for Prospective Language Teachers

Wisconsin Department of Public Instruction content guidelines require that foreign language teachers demonstrate minimal oral proficiency at a level equivalent to Intermediate High according to the ACTFL Proficiency Guidelines. Prospective teachers at UW-Eau Claire must demonstrate such proficiency through an official ACTFL Oral Proficiency Interview (OPI). Information on the
Oral Proficiency Interview and the ACTFL Proficiency Guidelines (Speaking) is available in the Department of Languages.

Placement Test in Foreign Languages

Students whose records indicate at least two units of French, German, Spanish, or Japanese study in Junior/Senior High School and who do not have college credit in the language are required to take a placement test in that language prior to registration in order to determine the level at which they should continue their foreign language instruction. At the time of the test, students will be advised as to the language course in which they should enroll.

Students who place into a 102-level foreign language class will be considered to have met the 101-level competency requirement and may not enroll in a 101-level class in the same language for credit without the permission of the Chair of the Department of Languages. Additionally, a student who places into a 201-level class or above will be considered to have met the 101- and 102-level requirements and may not enroll for credit in any course that is at a lower level than the one into which the student has placed without the permission of the Chair of the Department of Languages.

Placement tests in French, German, and Spanish are offered as part of Regional Placement Testing in March and April, during Summer Orientation, and during spring/fall registration. If you studied Japanese or Chinese in high school, UW-Eau Claire has a locally developed placement test which is administered by appointment. For information about these tests, consult Academic Testing (Vicki Lord Larson Hall 2100).

Roma Hoff Instructional Resource Center

Practice in the Roma Hoff Instructional Resource Center (RHIRC) is a required part of elementary, intermediate, conversation, and phonetics courses in modern foreign languages. The center provides access to foreign language sound and video programs, to foreign films, and to computer-assisted foreign language instruction. Four-credit courses at the beginning and intermediate levels include four hours of classroom instruction and at least one laboratory hour per week.

Credit for High School Work or Other Foreign Language Experience

Students with high school courses or other learning experiences in a foreign language may obtain college credit for their previous work by taking a confirming course under the following conditions:

1. The confirming course must be the first college-level course completed in the language and must be taken by a regularly enrolled student at UW-Eau Claire. (However, students who have taken a college-level course while in high school are also eligible for credit for previous work by taking a confirming course.)
2. The confirming course must be 102, 201, 202, or in French, FREN 315; in German, GERM 313, GERM 314 or GERM 315; in Spanish, SPAN 301.
3. The course must be passed with a letter grade of B (not B-) or above and may not be repeated for the purpose of requesting credits under this policy.
4. A maximum of 16 credits may be granted in any one language for previous work at a level lower than the confirming course.

Further information is available from the Chair of the Department.

Study Abroad

The department encourages study abroad in any of the programs sponsored by the Department of Languages, such as the semester programs in Costa Rica, Chile, Pau in France, Marburg in Germany, Japan, and Valladolid in Spain; the semester or year exchange programs in Graz (Austria) and year programs in different sites in the state of Hessen (Germany); summer program in Mexico or Costa Rica—nursing and health care professionals; and exchange semester or year-long programs at one of three ITESM campuses in Mexico. Credits for the major and minor can be earned in any of these programs.

Participation in other university-sponsored study abroad programs in Australia, China, England, Greece, Ireland, Latvia, Scotland, South Africa, South Korea, Sweden, and Thailand is also recommended. A resident GPA requirement exists for acceptance in study abroad programs. For details, see the Center for International Education.

International Employment

Students interested in a career in international business should consider a major in French, German, or Spanish combined with the major, minor or certificate in International Business available to students in the College of Business. For information about opportunities for international employment, consult Dr. Kristy Lauver, the advisor for students seeking the International Business major, minor or certificate in the College of Business.

Intensive English Program (English for Speakers of Other Languages)

Another important offering in the Department of Languages is English for the ever-growing number of non-native speakers of English on campus. The Intensive English Program (IEP) offers English Language Learners instruction during the regular academic year. All IEP courses are offered for credit and count towards resident GPA and credits for graduation. Successful completion of the advanced level of the IEP is one way to demonstrate English proficiency for degree programs at UWEC.

International students seeking a degree or on exchange from their home institutions, immigrants/refugees, and/or non-native speakers of English who are residents of the United States are welcome to take IEP coursework to further develop their English speaking, listening, reading, writing, grammar, vocabulary, and pronunciation.

International students who have not demonstrated English proficiency may take the English Placement Exam at UWEC. The English Placement Exam is conducted the week prior to the beginning of courses. The purpose of the English Placement Exam is to determine whether each non-native speaking student’s English language proficiency is sufficient for active involvement in UWEC coursework. A non-native speaker of English must be linguistically prepared for the rigorous academic challenges at UW-Eau Claire in terms of in-class oral and aural interaction and out-of-class reading and writing.

For more information on admissions requirements for the IEP, undergraduate studies, or graduate studies, please contact the office of Admissions at admissions@uwec.edu.

Majors

- Major: French, Liberal Arts - B.A./B.S.
- Major: French, Teaching - B.A. (College of Education and Human Sciences Secondary Education Program)
- Major: German, Liberal Arts - B.A./B.S.
- Major: German, Teaching - B.A. (College of Education and Human Sciences Secondary Education Program)
- Major: Spanish, Liberal Arts - B.A./B.S.
- Major: Spanish, Teaching - B.A. (College of Education and Human Sciences Secondary Education Program)
- Comprehensive Major: Spanish and TESOL, Teaching - B.A. (College of Education and Human Sciences Secondary Education Program)

Minors

- Minor: Ancient Studies
- Minor: French, Liberal Arts
- Minor: French, Early Childhood/Adolescence Teaching
- Minor: German, Liberal Arts
- Minor: German, Early Childhood/Adolescence Teaching
- Minor: Japanese, Liberal Arts
- Minor: Spanish, Liberal Arts
- Minor: Spanish for Health Professions, Liberal Arts
- Minor: Spanish, Early Childhood/Adolescence Teaching

Certificates

- Certificate: Ancient Studies
- Certificate: Chinese
- Certificate: French Proficiency
- Certificate: German Proficiency
- Certificate: Ojibwe Language

Chinese, Certificate

(Code 291-601)

The Chinese Certificate aims to deepen students’ Chinese language proficiency and cultural knowledge of China and Chinese-speaking regions in the world. Upon completion, students are expected to reach novice-high or intermediate-low proficiency in Chinese. This certificate will be a beneficial credential to reflect students’ investment in and knowledge of Chinese.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on familiar or everyday topics.
- Present information to an audience of listeners on topics of a personal nature.
- Describe Chinese cultural practices and compare them with their own culture.

French Proficiency, Certificate

(Code 260-601)

The Department of Languages offers a certificate program in French Proficiency for students in any major or minor other than French who would like to add proficiency in French to their skill set. The program provides students with practical written and oral language skills in French, thereby complementing majors in all other disciplines across the university and strengthening the prospects of students who intend to pursue careers or graduate study in the many areas in which proficiency in French is useful.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:
• Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
• Interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
• Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
• Demonstrate an awareness of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.

The desired benchmark for language proficiency is in the Intermediate range (Intermediate Low or above).

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard ([https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL](https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL)) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the
MATH 112 competency test. This test may be attempted no more than two
times.

**Major Requirements**

**Liberal Arts (Code 260-201)**

<table>

<td>Grammar</td>
<td>3</td>
</tr>
<tr>
<td>FREN 325</td>
<td>Pronunciation</td>
<td>3</td>
</tr>
</tbody>
</table>

Students may earn their remaining credits from any other FREN upper division courses, but must take a minimum of six credits at the 400 level.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect their language study with other disciplines and communities for academic and social purposes.
- Use critical thinking to evaluate and address issues in local and global contexts.

The desired benchmark for language proficiency is in the advanced range (intermediate high or above).

**Sample Degree Plans**

**French, Major - Liberal Arts, B.A. (without study abroad requirement)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (Hips)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which Hips might be most beneficial to students, and any recommendations about when those Hips best fit into the degree plan. Students should also consult their faculty advisor for information on Hips. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating Hips like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

French, Major - Liberal Arts, B.A. (includes study abroad requirement)
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

### Liberal Education (LE) Core Guidance

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- **S1**, **R2** – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

 Students may earn their remaining credits from any other FREN upper division courses.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.

• Interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.

• Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.

• Demonstrate an awareness of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.

• Connect their language study with other disciplines and communities for academic and social purposes.

The desired benchmark for language proficiency is in the Advanced range (Intermediate High or above).

Language Immersion Requirement

1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 437 and ES 366 (three credits) required. This minor is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach French in K-12 classrooms when combined with a major in another foreign language at the K-12 level.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

German Proficiency, Certificate

(Code 280-601)

The Department of Languages offers a certificate program in German Proficiency for students in any major or minor other than German who would like to add proficiency in German to their skill set. The program provides students with practical and professional language skills in German, thereby complementing majors in all other disciplines across the university and strengthening the prospects of students who intend to pursue careers or graduate study in the many areas in which proficiency in German is useful.
To complete the certificate, 13 credits beyond GERM 201 are required, including:

</tr>
</tbody>
</table>

**Total Credits**: 13

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.

**German, Major - Liberal Arts**

*Liberal Arts (Code 280-201)*

**University Requirements**

**GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE**

**Credit Requirements**

- Minimum total for graduation: 120
- Upper division credits (courses numbered 300 and higher): 39
- Liberal Education Core: 36
- Academic Concentrations: 36
- Grade Point Requirements: 2.00 average

**University Residency Requirements**

- Minimum total: 30
- Senior year: 23
- Major, Standard, upper division in residence: 12
- Major, Comprehensive, upper division in residence: 21
- Certificate: 25 percent of credits

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAfI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses.

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

For language-specific study abroad opportunities, see above and also faculty advisor, ARCC advisor, and the Center for International Education.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Language Immersion Requirement

1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 437 and ES 366 (three credits) required. This minor is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach German in K-12 classrooms when combined with a major in another foreign language at the K-12 level.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.

• Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.

• Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.

• Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.

• Connect and integrate their language study with other disciplines and communities for academic and social purposes.

Japanese, Minor

Liberal Arts (Code 270-401)

</tr>
</tbody>
</table>
Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on topics of a personal nature.
- Understand and interpret spoken language on familiar or everyday topics.
- Understand and interpret written language on familiar topics conveyed in non-complex and predictable pattern of presentation.
- Write simple messages and letters, requests for information and notes.
- Present information to an audience of listeners on topics of a personal nature.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Converse at an intermediate level in the Ojibwe language.
- Increase their own language fluency.
- Function effectively and appropriately in an Ojibwe cultural setting (have linguistic and cultural competency).
- Have the skills to conduct future Ojibwe language research.
- Have oral presentation skills which they can apply to giving presentations in any language.

The **Ojibwe Language Certificate** provides students with the opportunity to become part of the global movement to revitalize endangered Indigenous languages. Upon completion of this certificate students will be able to: converse in Ojibwe at an intermediate level, have the linguistic and cultural competency to function effectively and appropriately in an Ojibwe cultural setting, be able to conduct future Ojibwe language research, and learn oral presentations skills which can be applied to any language.

**Ojibwe Language, Certificate**

(Code 290-601)

The **Ojibwe Language Certificate** provides students with the opportunity to become part of the global movement to revitalize endangered Indigenous languages. Upon completion of this certificate students will be able to: converse in Ojibwe at an intermediate level, have the linguistic and cultural competency to function effectively and appropriately in an Ojibwe cultural setting, be able to conduct future Ojibwe language research, and learn oral presentations skills which can be applied to any language.

**Code** | **Title** | **Credits**
---|---|---
LANG 121 | Beginning Ojibwe I \(^1\) | 4
LANG 122 | Beginning Ojibwe II \(^2\) | 4
LANG 221 | Intermediate Ojibwe I | 4

To complete the certificate, students must have a minimum of 15 credits, including:

**Code** | **Title** | **Credits**
---|---|---
LANG/AIS 121 | Beginning Ojibwe I \(^1\) | 4
LANG/AIS 122 | Beginning Ojibwe II \(^2\) | 4
LANG/AIS 221 | Intermediate Ojibwe I | 4

Remaining credits may be selected from the following elective courses:

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Converse at an intermediate level in the Ojibwe language.
- Increase their own language fluency.
- Function effectively and appropriately in an Ojibwe cultural setting (have linguistic and cultural competency).
- Have the skills to conduct future Ojibwe language research.
- Have oral presentation skills which they can apply to giving presentations in any language.

**Spanish for Health Professions, Minor**

**Liberal Arts (Code 320-408)**

**Information for all Spanish Majors and Minors**

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Students who pursue Spanish and Latin American and Latinx Studies liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

1 AIS 111 may be substituted for LANG 121/AIS 121 if the topic is focused on Ojibwe language.
2 AIS 112 may be substituted for LANG 122/AIS 122 if the topic is focused on Ojibwe language.
Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools.

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

1 SPAN 352/LAS 352 is highly recommended.
Total Band, chorus, drama  maximum 12 credits
Single course band, chorus, drama  maximum 4 credits

**Extension credits**

UW-System  no maximum
Other extension/correspondence  maximum ¼ of total

**USAFI**

USAFI  maximum 32 credits

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**  a minimum of 36 credits

### Knowledge Goal

- Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
  - Two (2) learning experiences

- Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/)

### College Degree Requirements

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

### University Graduation Requirements

All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

### College Graduation Requirements: Grade Point Averages

All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

### Major-Minor and Major-Certificate Requirements

A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

### College Credits

Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfilment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:
1. Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114.
2. Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113.
3. Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 320-201)

Information for all Spanish Majors and Minors

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Students who pursue Spanish and Latin American and Latinx Studies liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

(when offered as Women in Latinx Studies Advanced Travel Seminar)
The flexibility to choose from a variety of courses after those required in the core provides interested students with the opportunity to focus on Spanish for the professions, or Spanish linguistics if they so desire.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.
- Use critical and creative thinking to evaluate and address issues in local and global contexts.

**Sample Degree Plan**

**Spanish, Major - Liberal Arts, B.A.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Cert, Minor or Elective course 3
Electives f 6
TOTAL 15
SECOND SEMESTER
400-level SPAN course required for major 3
SPAN Elective 3
Electives 9
TOTAL 15

Minimum total for the baccalaureate degree = 120 credits

a Suggested LAS Elective: MATH 107 Mathematics in Latin American Cultures (offered in Spring).
b LAS 222 is suggested as it fulfills K3, R1 and DD.
c In addition, the student must take one course from the following list: ARTH/ AIS 335, ARTH/AIS 337, AIS/ANTH 161, CSD 311, ECON/LAS 356, ENGL 321, ENGL 397, GEOG/LAS 321, HIST/LAS 309, HIST/LAS 311, HNRS 304, LAS 150, LAS 222, LAS 314, MATH 107, NRSG 389, PHIL 322, POLS/LAS 319, RELS/AIS 330, or WMNS 422 (when offered as Women in Nicaragua).
d Suggested Fine Arts electives: ARTH/AIS 335 or 337.
e Study abroad experience can count for IL experience if student chooses to do so. Students must opt in prior to study abroad. LE designation cannot be applied retroactively.
f Electives need to be carefully selected to ensure that a student's degree comprises at least 39 credits of upper division courses (300-400 level). While students are encouraged to take additional courses in Spanish, electives can be selected from any discipline as long as the student meets the course prerequisites.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

PROGRAM INFORMATION
Students who pursue Spanish and Latin American Studies liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

The flexibility in the Spanish Major to choose from a variety of courses after those required in the core provides interested students with the opportunity to focus on Spanish for the professions, or Spanish linguistics if they so desire.

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

For language-specific study abroad opportunities, see above and also faculty advisor, ARCC advisor, and the Center for International Education.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning: 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Spanish, Minor - Liberal Arts

Information for all Spanish Majors and Minors

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Students who pursue Spanish and Latin American and Latinx Studies liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

Information for all Spanish Majors and Minors

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Language Immersion Requirement:

A minimum of 24 semester credits beyond SPAN 102, or 16 credits beyond SPAN 202, including:

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
• Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
• Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
• Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
• Connect and integrate their language study with other disciplines and communities for academic and social purposes.

Spanish, Minor - Teaching - EC-A

Early Childhood/Adolescence, Teaching (Code 320-407)
• Use critical and creative thinking to evaluate and address issues in local and global contexts.
• Demonstrate knowledge and appropriate use of current pedagogical issues and practices that are pertinent to the field of second language acquisition.

Latin American and Latinx Studies

Hibbard Humanities Hall 384
715-836-3212
Program Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/latin-american-studies/)

The globally interdependent nature of today’s world makes second language proficiency and cross-cultural understanding valuable assets for students in any field. Students in the Latin American and Latinx Studies (LAS) Program can choose between two majors. The language emphasis major provides students the opportunity to develop a high proficiency in Spanish through the LAS core language courses and a six week minimum language immersion requirement in a Spanish speaking country of Latin America. The culture and society emphasis — which requires Spanish courses only through SPAN 202 and an immersion of only three weeks in a number of countries of the Americas, including some non-Spanish speaking ones — is geared towards students who are less interested in developing a high proficiency in Spanish or who already have that proficiency but still want to learn more about Latin America and its people, including Latinx/Hispanic people in the US.

Both majors allow students to gain in-depth knowledge and understanding of Latin America and the Latinx/Hispanic communities in the United States through an array of courses from multiple disciplines including geography, art history, religion, history, anthropology, public and environmental health, environmental studies, sociology, nursing, and women's, gender, and sexuality studies.

The significant Latinx/Hispanic population in the United States and the increasing social, cultural, and economic interconnectedness between the countries and peoples of the hemisphere will increase the demand for professionals who can communicate in the Spanish language and are prepared to work with the Latinx/Hispanic communities in the US and the people of Latin America. To mention just a few options, the Latin American and Latinx Studies majors, minor, and certificate are well suited for students who plan to:

1. pursue careers which require residence in or knowledge of Latin America (e.g., in business, journalism, government, NGOs, and others);
2. teach Spanish in Early Childhood through Adolescence classrooms (combining a Spanish Teaching major with an LAS major); and/or
3. pursue graduate work in Latin American and/or Latinx studies, or other disciplines where a Latin American and/or Latinx specialization would be helpful (e.g., Latin American and Latinx/Hispanic literature, political science, economics, history, art history, to name just a few).

Note: Students who pursue Latin American and Latinx Studies and Spanish liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

Application for Admission to Latin American and Latinx Studies Internships

Applying for Admission to the Internship: Visit the Latin American and Latinx Studies Program’s internships web page (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/latin-american-studies/explore-opportunities/internships/) or talk to your advisor or the LAS Program Director to learn about the application requirements and procedures for internships. Students planning to enroll in LAS 488/LAS 688: Internship, or LAS 498/LAS 698: Internship with Language Immersion, in the summer or fall should apply by the priority deadline of February 1 of the year of internship for summer or fall enrollment. October 1 is the priority deadline for winterim or spring enrollment.

Latin American and Latinx Honors Program

The Latin American and Latinx Studies (LAS) Honors Program is intended for students pursuing either the LAS Language emphasis or the LAS Culture and Society major — including majors under various different names prior to the 2020-21 UW - Eau Claire catalog – who have demonstrated excellence in their coursework, and who want to experience the study of topics relevant to the major outside the classroom. The high impact practices required for honors in the LAS program align with such experiences.

The LAS Honors Program is not equivalent to the University Honors Program. They are two different programs and, because they are distinct, students should review the requirements of each with care.

Students who pursue the LAS Honors Program do not have to be part of the University Honors Program.

Students in the University Honors Program can also apply to be part of the LAS Honors Program.

Eligibility: LAS majors who have resident, overall, and major GPAs of 3.50 or higher. Completion of LAS 150 and LAS 222 is required before applying to the Honors program, whether doing the LAS Language emphasis major or the LAS Culture and Society emphasis major.

Application: An application must be submitted to the LAS program via an e-form. The e-form may be accessed by going to the main Latin American and Latinx Studies web page (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/latin-american-latinx-studies/academic-offerings/latin-american-latinx-honors-program/), clicking on the “Explore Opportunities” tab in the column at the left of the page, and then selecting Honors Program from the drop down menu. The e-form (https://uwec.belogix.net/form.aspx?pid=d6b4de7aa6b8-41af-97f5-ecc275ef7d2d&viewformid=2edc529d-6fae-4fae-95f3-cc8b1d24b5f&nohome=0&completestep=0&completepage=0&completetext=&co%20click%20the%20link%20below%20to%20continue) will ask that you identify an LAS faculty or affiliate faculty/IAS member to serve as a reference. The application must be submitted prior to the student’s last two semesters of study. That being said, students are encouraged to apply after completing LAS 150 and LAS 222, but no later than their final two semesters.

Requirements: At graduation, the student must have a resident, overall, and major GPAs of 3.50 or higher. In addition, the student must submit evidence that two of the options from the list below have been satisfactorily completed at a standard of excellence deserving of a recognition in LAS Honors.

1. complete courses in Latin American and Latinx Studies or Spanish within the liberal arts program.
2. complete courses in Latin American and Latinx Studies or Spanish outside the liberal arts program.
3. complete at least 150 credits in Latin American and Latinx Studies.
4. complete at least 90 credits in Latin American and Latinx Studies.
5. complete at least 45 credits in Latin American and Latinx Studies.
6. complete at least 15 credits in Latin American and Latinx Studies.
7. complete at least 3 credits in Latin American and Latinx Studies.
8. complete at least 1 credit in Latin American and Latinx Studies.
9. complete at least 0.5 credit in Latin American and Latinx Studies.
10. complete at least 0.25 credit in Latin American and Latinx Studies.
11. complete at least 0.125 credit in Latin American and Latinx Studies.
12. complete at least 0.0625 credit in Latin American and Latinx Studies.
13. complete at least 0.03125 credit in Latin American and Latinx Studies.
14. complete at least 0.015625 credit in Latin American and Latinx Studies.
15. complete at least 0.0078125 credit in Latin American and Latinx Studies.
16. complete at least 0.00390625 credit in Latin American and Latinx Studies.
17. complete at least 0.001953125 credit in Latin American and Latinx Studies.
18. complete at least 0.0009765625 credit in Latin American and Latinx Studies.
19. complete at least 0.00048828125 credit in Latin American and Latinx Studies.
20. complete at least 0.000244140625 credit in Latin American and Latinx Studies.
21. complete at least 0.0001220703125 credit in Latin American and Latinx Studies.
22. complete at least 0.00006103515625 credit in Latin American and Latinx Studies.
23. complete at least 0.000030517578125 credit in Latin American and Latinx Studies.
24. complete at least 0.0000152587890625 credit in Latin American and Latinx Studies.
25. complete at least 0.00000762939453125 credit in Latin American and Latinx Studies.
26. complete at least 0.000003814697265625 credit in Latin American and Latinx Studies.
27. complete at least 0.0000019073486328125 credit in Latin American and Latinx Studies.
28. complete at least 0.00000095367431640625 credit in Latin American and Latinx Studies.
29. complete at least 0.000000476837158203125 credit in Latin American and Latinx Studies.
30. complete at least 0.000000238418579101562 credit in Latin American and Latinx Studies.
With the exception of the OPI proficiency test, students may do two of any of the other given options to meet the LAS Honors Program requirements if their projects are distinct. For example, a student could conduct two separate faculty/student collaborative research projects with the same or different LAS faculty or affiliate faculty/IAS member(s) or, with approval from the LAS Program Director, with faculty from departments or programs outside of and not formally affiliated with the LAS program.

Students that select OPI proficiency as one of the options to fulfill one of their requirements must complete work in a different category for the second option.

Students pursuing Honors in both Spanish and LAS can do so, but must complete different projects for each one (completing four different projects overall).

1. A faculty/student collaborative research project with an LAS faculty or affiliate faculty/IAS member(s) or, with approval from the LAS Program Director, with faculty or affiliate faculty/IAS member(s) from departments or programs outside of and not formally affiliated with the LAS program. In special circumstances approved by the LAS Director, certain independent studies can be counted for this requirement.

2. Advanced Low or higher on an official ACTFL Oral Proficiency Interview. This applies to both LAS Language emphasis and LAS Culture and Society majors.

3. An off-campus presentation at a conference on a topic related to the major.

4. Completion of an LAS related internship approved by an LAS faculty or affiliate faculty/IAS member(s).

5. Submission of a publication-worthy manuscript to a journal related to the major.

6. Completion of application to the U.S. Fulbright program (or other similar prestigious grants or awards with approval from the LAS Director). Similar prestigious grants or awards would have to have some relation to the major, take place in a Latin American country, or have to deal with an issue related to Latinx populations in the US or elsewhere.

7. Certification as an interpreter by the State of Wisconsin. This applies to both LAS Language emphasis and LAS Culture and Society majors. This requirement can be extended to other bodies providing other kinds of certifications for other types of interpreting (medical, etc.).

8. Completion of the UW - Eau Claire Peace Corps Certificate requirements.

**Optional Concentrations**

Students interested in developing an expertise in a particular substantive area can choose to take courses in the following areas of expertise. Optional concentrations should consist of a minimum of 12 credits.

Latin American and Latinx Studies, Certificate

Liberal Arts (Code 341-601)

For advising, contact the Latin American and Latinx Studies Program.

The Latin American and Latinx Studies Certificate is intended to provide students in any field of study with the opportunity to learn more about Latin America and its peoples without requiring either knowledge of the language nor immersion time in a Latin American country. The certificate can be particularly useful for students in fields which may bring them into contact with people of Latin American origin or descent living in the US, such as education, nursing, and social work, among others. The Certificate may also interest Spanish majors and minors who have studied in Spain and don’t have the ability to do an immersion in a Latin American country, but would nonetheless benefit from learning more about Latin America and Latinx/Hispanic communities in the U.S., their history, and their culture, as well as heritage speakers of Spanish who might not be interested in formally pursuing the study of the Spanish language, but do want to learn more about Latin America and Latin American communities in the U.S.

1 or equivalent courses offered in the study abroad programs

Note 1: Courses cannot be counted in both the major and the certificate program for purposes of meeting graduation requirements for first and second degree programs.

Note 2: Students who pursue Latin American and Latinx Studies and Spanish liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe the diverse cultures, modes of communication, environments, and/or systems of knowledge and values as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Explain global relationships of power, acknowledging multiple perspectives as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Articulate how individual and/or collective decisions have global implications and appraise the need for personal and/or collective responsibility in creating more just global practices.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).
Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.
Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

- SPAN/LAS 480 Latin American Literature and Film
- SPAN/WGSS 482 Women in Latin American Literature
- SPAN 491 Special Topics (Latin American or Linguistics topics only)

**Language Immersion Requirement**

1. or equivalent courses offered in the study abroad programs
2. Students may earn a total of six credits from LAS 488 and LAS 498, but only three credits can count for the major.
3. **Language Immersion Requirement:** The Latin American and Latinx Studies, Culture and Society Emphasis, Major requires an immersion experience in a country of Latin America or participation in a faculty-led immersion experience focused on Latinx communities in the US. There are a variety of options for fulfilling the immersion requirement, including semester and summer programs abroad of a minimum three-week duration, Faculty-Led International Immersion Experiences (FLIEs) and Domestic Intercultural Immersions (DIIs) of any duration that have been approved by the Latin American and Latinx Studies Program, National Student Exchange, internships, and volunteer work. No home stay during immersion is required for this major. Please consult with your advisor early on in your studies to choose the immersion experience that will work best for you. Because course offerings in study abroad programs vary, please consult with the Center for International Education and your Latin American and Latinx Studies advisor early on in your studies to choose the time, program, and courses that will work best if you plan to fulfill your immersion experience through study abroad. Courses taken during study abroad may satisfy some of the requirements for the major or Liberal Education (LE) experiences and reduce time to graduation.

Note: Students who pursue Latin American and Latinx Studies and Spanish liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Describe the diverse cultures, modes of communication, environments, and/or systems of knowledge and values as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Explain global relationships of power, acknowledging multiple perspectives as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Articulate how individual and/or collective decisions have global implications and appraise the need for personal and/or collective responsibility in creating more just global practices.
- Communicate with proficiency in a non-English target language of Latin America, the Caribbean, or Latinos/Hispanics in the United States.²

³The desired benchmark for linguistic proficiency in the target language for the LAS Culture and Society Emphasis major is the Intermediate Mid level or above according to the ACTFL proficiency guidelines (https://www.actfl.org/resources/actfl-proficiency-guidelines-2012/). Presently the target language in Latin American and Latinx Studies is Spanish. With the consent of the LAS Steering Committee students may work to develop proficiency in other languages spoken in Latin America and the Caribbean.

**Sample Degree Plan**

**Latin American and Latinx Studies, Culture and Society Emphasis, Major, B.A.²**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/ undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.
Minimum total for the baccalaureate degree = 120 credits

*This course can be taken for variable credit (1-3 credits)

The "SECOND PROGRAM or LAS ELECTIVE" courses above are placeholders. Students with a standard major are required to have a second program (second major, a minor, or a certificate). Each major, minor or certificate has its own requirements beyond the number of credits, and it is the student’s responsibility to investigate those and to be sure to have fulfilled those requirements. The total number of credits in this plan sums up to 121-123. Please take care to keep track of your overall credit total. You need a total of 120 credits to graduate; remedial level courses such as ENGL 099, MATH 010 and MATH 020 do not count towards the overall credit count. Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level). Taking some courses during the summer or winterim will help you to spread out your course load, which may help you do better in classes while still graduating within four years.

a Students who pursue Latin American and Latinx Studies and Spanish liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations being used for the purpose of meeting graduation requirements for first and second degree programs.

b A number of specific LE core elective courses are suggested throughout this plan because they are courses from the English language LAS electives (of which you have to take at least 12 credits for the LAS Culture and Society Emphasis Major) that also help you meet your LE learning outcomes; choosing these courses will help you graduate sooner. However, you are free to choose any other course to meet these LE learning outcomes.

c Suggested LAS elective for this LE outcome (S2): MATH 107 Mathematics in Latin American Cultures (S2).

d Suggested LAS elective for this LE outcome (K2L): ENV 101 Sustainability Basics and Beyond (K2, K2L; R3).

e The LAS Culture and Society Emphasis Major is a standard, 36 credit major which consists of 15-17 credits of required courses and at least 19 credits of elective courses, which can be fulfilled completely from a list of LAS Humanities and Social Sciences electives offered in English in other departments and programs but can include an optional maximum of 9 credits from a selected list of courses in Spanish. The courses mentioned in these notes to fulfill the LE requirements add up to more than the the required 19 elective credits. You should therefore prioritize this placeholder elective space to take courses that satisfy the requirements of your second program (second major, minor, or certificate). Please consult the latest catalog for the most complete lists of courses from which to choose.

While students are encouraged to take additional courses in LAS, electives beyond program requirements can be selected from any discipline as long as the student meets the course prerequisites.

f The following courses have no prerequisites and fulfill both the K3 and R3 learning outcomes: CJ 207 Rhetoric and Society, PHIL 120 Ethical Reasoning, and WIMNS 210 Culture of Third Wave Feminism. PHIL 320 Environmental Ethics fulfills both K3 and R3 but has some restrictions (see catalog for details). If a course is taken that meets only K3 or R3, the other learning outcome must be met through another course or experience. Inquire with the respective departments as to when each course is offered. None of these courses count as LAS Humanities and Social Sciences electives.

g Suggested LAS electives for this LE outcome (I1): ENPH/NRSG 225 Introduction to Public Health (I1; R1 + DD) or GEOG 178 Conservation of the Environment (I1; K1); the latter has a prerequisite.

h Suggested LAS electives for this LE outcome (K4): ARTH/AIS 335 Ancient Art and Architecture of Mexico and Central America (K4) or ARTH/AIS 337 Art of Tawantinsuyo (K4).

i Suggested LAS electives for this LE outcome (R1 + DD): ENPH/NRSG 225 Introduction to Public Health (I1; R1 + DD); ES 385 Social Foundations:
Human Relations (R1 + DD); SOC 312 Race and Ethnicity in the US (R1 + DD) or SOC 314 Social Class and Inequality (R1 + DD) (the latter two both have prerequisites). NRSG 389 also has an R1 + DD designation and counts as one of the English language LAS electives; it is offered online in Summer and Winterim. HNRS 132 carries R1 + DD and when focused on Latinx/Hispanic related topics can be petitioned to count as an LAS Humanities and Social Sciences elective.

Suggested LAS electives for this LE outcome (R3): ENV 101 Sustainability Basics and Beyond (K2, K2L; R3) or ENV 140 Water Problems, Water Solutions (K2, R3). See note above for courses that do not count as LAS Humanities and Social Sciences electives but which satisfy both the K3 and R3 learning outcomes. If a course is taken that meets only K3 or R3, the other learning outcome must be met through another course or experience.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

UW-System no maximum
Other extension/correspondence maximum ¼ of total

USAFI
USAFI maximum 32 credits

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences
One S1 must meet the University Writing Requirement
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Language Immersion Requirement ³

1 or equivalent courses offered in the study abroad programs
2 Students may earn a total of six credits from LAS 488 and LAS 498, but only three credits can count for the major.
3 Language Immersion Requirement: The immersion requirement for the Latin American and Latinx Studies, Language Emphasis, Major can be fulfilled through a minimum six-week immersion in a Latin American country. Students who have completed an immersion requirement for a Spanish major or minor in Spain can fulfill the immersion requirement for the Latin American and Latinx Studies Language Emphasis, Major with a three-week immersion in a Latin American country. However, the Latin American and Latinx Studies Program recommends that students spend at least one semester in Latin America. Students facing extenuating circumstances may participate in an alternative domestic language immersion experience pre-approved and determined in conjunction with the LAS Committee from the following options: National Student Exchange, internship, or volunteer work.

Note: Students who pursue Latin American and Latinx Studies and Spanish liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe the diverse cultures, modes of communication, environments, and/or systems of knowledge and values as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Explain global relationships of power, acknowledging multiple perspectives as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Articulate how individual and/or collective decisions have global implications and appraise the need for personal and/or collective responsibility in creating more just global practices.
- Communicate with proficiency in a non-English target language of Latin America, the Caribbean, or Latinos/Hispanics in the United States. ¹

¹The desired benchmark for linguistic proficiency in the target language for the LAS Language Emphasis major is the Intermediate High level or above according to the ACTFL proficiency guidelines (https://www.actfl.org/resources/actfl-proficiency-guidelines-2012/). Presently the target language in Latin American and Latinx Studies is Spanish. With the consent of the
LAS Steering Committee students may work to develop proficiency in other languages spoken in Latin America and the Caribbean.

**Sample Degree Plan**

**Latin American and Latinx Studies, Language Emphasis, Major, B.A.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

(Plan assumes language placement into SPAN 202 level.)

**SOME TIME IN THE FOURTH YEAR**

Second program course or LAS Electives (S) | 30 |

**TOTAL FOURTH YEAR**

31-33

**Minimum total for the baccalaureate degree = 120 credits**

The "SECOND PROGRAM or LAS ELECTIVE" courses above are placeholders. Students with a standard major are required to have a second program (second major, a minor, or a certificate). Each major, minor or certificate has its own requirements beyond the number of credits, and it is the student's responsibility to investigate those and to be sure to have fulfilled those requirements. The total number of credits in this plan sums up to 120-122. Please take care to keep track of your overall credit total. You need a total of 120 credits to graduate; remedial level courses such as ENGL 099, MATH 010 and MATH 020 do not count towards the overall credit count. Electives need to be carefully selected to ensure that a student's degree comprises at least 39 credits of upper division courses (300-400 level). Taking some courses during the summer or winterim will help you to spread out your course load, which may help you do better in classes while still graduating within four years.

a Students who pursue Latin American and Latinx Studies and Spanish liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54
unique credits between any major-major program combinations being used for the purpose of meeting graduation requirements for first and second degree programs.

b A number of specific LE core elective courses are suggested throughout this plan because they are courses from the English language LAS electives (of which you have to take at least 9 credits for the LAS Language Emphasis Major) that also help you meet your LE learning outcomes; choosing these courses will help you graduate sooner. However, you are free to choose any other course to meet these LE learning outcomes.

c Suggested LAS elective for this LE outcome (S2): MATH 107 Mathematics in Latin American Cultures (S2).

d Suggested LAS elective for this LE outcome (K2L); ENV 101 Sustainability Basics and Beyond (K2, K2L; R3).

e The POLS 319 Politics of Latin America course counts as one of the LAS Humanities and Social Sciences electives. It is, however, only one of many courses offered in the Spring semester program in Heredia which counts as an elective for LAS. Course offerings in study abroad programs vary; consult with the Center for International Education and your Latin American and Latinx Studies advisor to choose the courses that will work best for you.

f Suggested LAS electives for this LE outcome (K2): ENPH 115 Global Environmental and Public Health (K2; R2) and ENV 140 Water Problems, Water Solutions (K2; R3).

g The following courses have no prerequisites and fulfill both the K3 and R3 learning outcomes: CJ 207 Rhetoric and Society, PHIL 120 Ethical Reasoning, and WGGS 210 Culture of Third Wave Feminism. PHIL 320 Environmental Ethics fulfills both K3 and R3 but has some restrictions (see catalog for details). If a course is taken that meets only K3 or R3, the other learning outcome must be met through another course or experience. Inquire with the respective departments as to when each course is offered. None of these courses count as LAS Humanities and Social Sciences electives.

h Suggested LAS electives for this LE outcome (I1); ENPH/NRSG 225 Introduction to Public Health (I1; R1 + DD) or GEOG 178 Conservation of the Environment (I1; K1); the latter has a prerequisite.

i The LAS Language Major is a standard, 36 credit major which consists of 16-18 credits of required courses, a minimum of 9 credits from a selected list of courses in Spanish (or any other language suitable to Latin American and Latinx Studies in which proficiency is being sought), and a minimum of 9 credits from a list of LAS Humanities and Social Sciences electives offered in English in other departments and programs. If you do the Spring semester in Costa Rica as in this plan, you will have taken SPAN 405 and 410 and will need only one more course from the list of LAS Spanish electives to reach the 9 credit minimum.

j The LAS Language Major is a standard, 36 credit major which consists of 16-18 credits of required courses, a minimum of 9 credits from a selected list of courses in Spanish, and a minimum of 9 credits from a list of LAS Humanities and Social Sciences electives offered in English in other departments and programs. By taking the courses mentioned in these notes to fulfill the LE requirements you’ve already taken more than the required number of elective credits needed from the LAS Humanities and Social Sciences electives; you should therefore prioritize this placeholder elective space to take courses that satisfy the requirements of your second program (second major, minor, or certificate). Once those requirements are satisfied, you are encouraged to take more courses in LAS or Spanish. In order to maintain your fluency in Spanish, it is wise to continue taking courses in that language when possible. Please consult the latest catalog for the most complete list of courses from which to choose. While students are encouraged to take additional courses in LAS, Spanish, or other languages in which proficiency is being sought, electives beyond program requirements can be selected from any discipline as long as the student meets the course prerequisites.

k Suggested LAS electives for this LE outcome (K4): ARTH/AIS 335 Ancient Art and Architecture of Mexico and Central America (K4) or ARTH/AIS 337 Art of Tawantinsuyo (K4).

l Suggested LAS electives for this LE outcome (R1 + DD); ENPH/NRSG 225 Introduction to Public Health (I1; R1 + DD); ES 385 Social Foundations: Human Relations (R1 + DD); SOC 312 Race and Ethnicity in the US (R1 + DD) or SOC 314 Social Class and Inequality (R1 + DD) (the latter two both have prerequisites). NRSG 389 also has an R1 + DD designation and counts as one of the English language LAS electives; it is offered online in Summer and Winterim. HNRS 132 carries R1 + DD and when focused on Latinx/Hispanic related topics can be petitioned to count as an LAS Humanities and Social Sciences elective.

m Suggested LAS electives for this LE outcome (R3); ENV 101 Sustainability Basics and Beyond (K2, K2L; R3) or ENV 140 Water Problems, Water Solutions (K2, R3). See footnote G above for courses that do not count as LAS Humanities and Social Sciences electives but which satisfy both the K3 and R3 learning outcomes. If a course is taken that meets only K3 or R3, the other learning outcome must be met through another course or experience.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Required: The Latin American and Latinx Studies, Language Emphasis major requires a minimum six week immersion experience in a Latin American country suited to the language in which the student seeks proficiency. There are a variety of options for fulfilling the immersion requirement, including semester and summer programs abroad, Faculty Led International Immersion Experiences that have been approved by the Latin American and Latinx Studies program which on their own or in combination with other experiences total six weeks of immersion, National Student Exchange, internships, and volunteer work. Please consult with your advisor early on in your studies to choose the immersion experience that will work best for you. Because course offerings in study abroad programs vary, please consult with the Center for International Education and your Latin American and Latinx Studies advisor early on in your studies to choose the time, program, and courses that will work best if you plan to fulfill your immersion experience through study abroad. Courses taken during study abroad may satisfy some of the requirements for the major or Liberal Education (LE) experiences and reduce the time to graduation.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning: 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

• PHIL 320 Environmental Ethics
• POLS/LAS 319 Politics of Latin America
• RELS/AIS 330 Indigenous Religions of the Americas
• SOC 312 Race and Ethnicity in the U.S.
• or SOC 314 Social Class and Inequality
• SPAN/LAS 352 Latin American Civilization
Students completing this program will be expected to meet the following requirements for fulfilling the immersion requirement, including semester and summer programs abroad of a minimum three weeks' duration, Faculty-Led Immersion Experiences (FLIEs) and Domestic Intercultural Immersions (DIIs) of any duration that have been approved by the Latin American and Latinx Studies Program, National Student Exchange, internships, and volunteer work. No home stay during immersion is required for this minor. Please consult with your advisor early on in your studies to choose the immersion experience that will work best for you. Because course offerings in study abroad programs vary, please consult with the Center for International Education and your Latin American and Latinx Studies advisor early on in your studies to choose the time, program, and courses that will work best if you plan to fulfill your immersion experience through study abroad. Courses taken during study abroad may satisfy some of the requirements for the minor or Liberal Education (LE) experiences and reduce time to graduation.

Note: Students who pursue Latin American and Latinx Studies and Spanish liberal arts program combinations will need to earn at least 48 unique credits between any major-minor or major-certificate program combinations and 54 unique credits between any major-major program combinations for purposes of meeting graduation requirements for first and second degree programs.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Describe the diverse cultures, modes of communication, environments, and/or systems of knowledge and values as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Explain global relationships of power, acknowledging multiple perspectives as they pertain to Latin America, the Caribbean, and/or Latinos/Hispanics in the United States.
- Articulate how individual and/or collective decisions have global implications and appraise the need for personal and/or collective responsibility in creating more just global practices.
- Communicate with proficiency in a non-English target language of Latin America, the Caribbean, or Latinos/Hispanics in the United States.¹

¹The desired benchmark for linguistic proficiency in the target language for the Latin American and Latinx Studies minor is the Intermediate Mid level or above according to the ACTFL proficiency guidelines (https://www.actfl.org/publications/guidelines-and-manuals/actfl-proficiency-guidelines-2012/english/). Presently the target language in Latin American and Latinx Studies is Spanish. With the consent of the LAS Steering Committee students may work to develop proficiency in other languages spoken in Latin America and the Caribbean.

# Materials Science and Biomedical Engineering

**Phillips 177**

715-836-5504

Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-biomedical-engineering/)

The Materials Science & Biomedical Engineering Department offers comprehensive majors in Materials Science, Materials Science & Engineering, and Biomedical Engineering. All three degree programs are designed to give students a strong foundation in fundamental sciences and mathematics.

The field of materials science and engineering is the study of “condensed matter” (that is, solids and liquids), and how an understanding of materials can be applied to fabricating devices and structures of utility. A relatively young discipline, materials science is an outgrowth of two traditional areas: the study of matter (and its structure-property relationship) that originated in chemistry and physics, and developments in various “materials” engineering fields (notably, microelectronics, metallurgy, ceramics, and plastics). More generally, materials scientists and materials engineers explore the interdependence of how a material is processed, its structure, and its properties, and how these impact material performance.

Biomedical engineering is also a relatively new area that explores the integration of engineering, technology and computation with the medical field. BME is a diverse discipline that covers specialties such as medical imaging, medical devices and instrumentation, cell and tissue engineering, 3D printing and biomaterials. The focus of this degree is designing and implementing new approaches that can help enhance disease diagnosis, improve disease management and lead to better treatments.

**Department Honors in Materials Science & Biomedical Engineering**

**Eligibility** – All students majoring in Materials Science, Materials Science and Engineering, or Biomedical Engineering are invited to apply. Students should have a resident GPA and an overall GPA of 3.50 or higher. Student should also have a GPA of 3.50 or higher in their Materials Science, MS&E, or BME major, and meet the Department’s “High Impact” experience requirements (described below).

**Application Procedure and Requirements** – Submit an application form (available in the Department office) after completing four semesters at UW-EC, but no later than the student’s graduation semester (e.g., during the Spring semester for a May graduate). A departmental faculty member familiar with the student’s work (i.e., the student’s faculty advisor, research advisor, etc.) must endorse the application. In addition to the GPA requirements listed above, the student submits evidence to the supporting faculty member that at least two High Impact experiences (of the seven) listed below have been completed; completing one of the seven experiences twice is not sufficient for Department Honors.

1. a summer research experience off campus as part of a federal program (NSF, NIST, DoD, DoE, etc.)
2. an appropriate internship related to the student’s major
3. a Study Abroad experience or Domestic Intercultural Immersion experience
4. an appropriate “professional” presentation, which can be met by either:

University Residency Requirements

| Minimum total | 30 |
| Senior year   | 23 |
| Major, Standard, upper division in residence | 12 |

Major, Comprehensive, upper division in residence | 21 |

Certificate | 25 percent of credits |

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.
1. Certain programs exceed this minimum.
2. See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

- **UW-System**
  - No maximum
- **Other extension/correspondence**
  - Maximum ¼ of total

**USAFI**
- **USAFI**
  - Maximum 32 credits

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**College Degree Requirements**

**Bachelor of Science Degree (B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available). Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**  
(Code 251-001)

The Bachelor’s of Science in Materials Science and Engineering (MS&E) is a traditional engineering major, rigorously structured and grounded in science and math. Students in this major develop a strong foundation in mathematics, and the major emphasizes science themes more strongly than other engineering disciplines. As with all engineering degrees, the application of fundamental ideas through design is central to the major.

Students, who typically begin their study as Pre-MS&E majors, must apply to be admitted to the MS&E major (application materials available at the Materials Science office). A minimum average GPA of 2.5 in "foundation" courses (CHEM 115 or CHEM 105 & CHEM 106 & CHEM 109, MATH 114 & MATH 215, MSE 120 & MSE 221, PHYS 231, and WRIT 114, WRIT 116, or WRIT 118) is required for admittance to the major; students should apply during registration in the spring semester of their sophomore year.

A minimum of 92 credits is required for the major and a minimum of 128 credits for the degree. In addition to core courses, students must complete 3 credits of engineering electives and 6 credits of technical electives from the courses listed below.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

Sample Degree Plan

Materials Science and Engineering, Comprehensive Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

## Liberal Education (LE) Core Guidance

### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL** —Service Learning; 30 hours

### Additional LE Core Information

**Minimum total for the baccalaureate degree = 128 credits**

- **a** Or other course that satisfies 2 Liberal Education outcomes.
- **b** Students must be admitted to the MS&E major to take these courses.
- **c** Engineering Elective – Courses used to satisfy the engineering elective may not also be used as a technical elective. 3 credits are required from the following courses: Any BME course 200 or above, PHYS 240, PHYS 255, PHYS 350, PHYS 360.
- **d** Technical Elective – 6 credits are required from the following courses: Any BME 200 or above, CHEM 213, CHEM 326, CHEM 352, CS 145, CS 163, CS 170, CS 245, CS 252, CS 330, MATH 216, MATH 313, MATH 314, MATH 315, MATH 316, MATH 317, MATH 318, MATH 324, MATH 351, MATH 352, MATH 354, MATH 355, MATH 358, MATH 440, MATH 441, MATH 443, MSCI 395, MSCI 399, MSCI 499, MSE 363, MSE 493, MSE 494, PHYS 240, PHYS 255, PHYS 340, PHYS 350, PHYS 356, PHYS 360, PHYS 361, PHYS 362.

A maximum of three credits from MSCI 395, MSCI 399, MSCI 499, MSE 493, and MSE 494 toward the technical electives.

### Note

All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see [https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/](https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/)).

### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Students are especially encouraged to explore immersion experiences including faculty/student collaborative research, off-campus summer research, off-campus internship, Study Abroad, Domestic Intercultural Immersion, or other HIP experience.

</table>
• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.
### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### College Degree Requirements

#### Bachelor of Science Degree (B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve
a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

### Major Requirements

**Major Requirements**

*(Code 252-001)*

The Bachelor’s of Science in Biomedical Engineering is a traditional engineering major that uses engineering principles and design concepts applied to medicine with a focus on health care. Biomedical Engineering consists of a diverse range of disciplines that are broadly focused on improving diagnosis, care and treatment of patients.

A minimum of 92 credits is required for the major and a minimum of 128 credits for the degree. In addition to core courses, students must complete 3 credits of engineering electives and 3 credits of technical electives.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

Sample Degree Plan

Biomedical Engineering, Comprehensive Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

their faculty advisor for information on HIPs. There are many additional recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire. Students are especially encouraged to explore immersion experiences including faculty/student collaborative research, off-campus summer research, off-campus internship, Study Abroad, Domestic Intercultural Immersion, or other HIP experience.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning: 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the proviso for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of 5 in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the
student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 250-010)**

The structure of the major is unique: it integrates an engineering-oriented field into a liberal arts and sciences degree, and is thus deliberately interdisciplinary and broadly defined, consistent with a liberal education approach. Students specialize through a chosen emphasis. The major serves students who plan to enter the workforce after graduation as well as students interested in graduate education in areas such as Materials Science, Engineering, Chemistry, and Physics.

The major is comprised of a minimum of 63 credits, including completion of core courses, at least six credits from courses in the Materials Science electives, and at least six credits in a chosen emphasis. Credits applied toward the electives and emphasis must be unique credits.

1 Only six credits apply to major.

**NOTES:**

1. A maximum of three credits total from MSCI 395, MSCI 399, and MSCI 499 and MSE 493 and MSE 494 may be applied toward the Electives category.
2. MATH 312 is recommended for students planning to attend graduate school.

**EMPHASIS REQUIREMENTS**

Six credits in an Emphasis required. All six emphasis credits must meet the requirements described in either A or B below.

**A. Defined emphasis**

- Be from the same prefix
- Be from the following prefixes: BIOL, BME, CHEM, CS, GEOL, MATH, MGMT, PHYS
- Be from UWEC courses numbered 300 or above, or from courses appropriate for a major, such as: BIOL 221, BIOL 222, BIOL 223, BME courses 200 level and above, CHEM 213, CHEM 218, CS 145, CS 148, CS 163, CS 170, CS 245, CS 252, GEOL 106, GEOL 110, GEOL 115, GEOL 118, and MATH 216

**B. Distributed emphasis**

The student may pursue an emphasis that reflects a thematic area of concentration and intentional connections. Such an emphasis, with approval of the faculty advisor, must draw from courses appropriate for a major in another area distinct from Materials Science or Materials Science and Engineering.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- Communicate effectively with a range of audiences.
- Recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- Function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- Acquire and apply new knowledge as needed, using appropriate learning strategies.

**Sample Degree Plan**

**Materials Science, Comprehensive Major, B.S.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.
