Minimum total for the baccalaureate degree = 120 credits

a General Electives – should be chosen to ensure that 120 credits total and at least 39 credits of upper division courses (300 & 400 level) are included; the major includes at least 27 such credits (counting the Mat. Sci. Elective). Electives can be selected from any discipline as long as the student meets the course prerequisites; courses outside of science and engineering are especially recommended. Study Abroad and Domestic Intercultural Immersion also meet some Electives; please consult an advisor.

b Mat. Sci Elective – 6 credits are required from courses with MSCI or MSE prefix (beyond those required for the core). Choose from MSE 256, 362, 363, 367, 368, 372, 374, 451, 475, 493, 494 or MSCI 395, 399, or 499. Up to 3 credits total
from independent study, research, or internship (MSE 493, 494 or MSCI 395, 399, or 499) may be applied towards the requirement.

c Mat Sci Emphasis – For either emphasis, 6 credits total are required. The emphasis may be met in one of two ways:

A. Defined emphasis

• Be from the same prefix

• Be from the following prefixes: BIOL, BME, CHEM, CS, GEOL, MATH, MGMT, PHYS

• Be from UWEC courses numbered 300 or above, or from courses appropriate for a major, such as: BIOL 221, 222, 223; BME courses 200 level and above, CHEM 213, 218; CS 145, 148, 163, 170, 245, 252; GEOL 106, 110, 115, 118; and Math 216

• Be approved by the faculty advisor

B. Distributed emphasis

The student may pursue an emphasis that reflects a thematic area of concentration and intentional connections. Such an emphasis, with approval of the faculty advisor, must draw from courses appropriate for a major in another area distinct from Materials Science and Engineering or its cognate subjects.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyahead.onapps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Students are especially encouraged to explore immersion experiences including faculty/student collaborative research, off-campus summer research, off-campus internship, Study Abroad, Domestic Intercultural Immersion, or other HIP experience.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).

• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).

• K3 – Humanities; two experiences.

• K4 – Fine Arts; one experience.

• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Materials Science, Certificate

(Code 250-601)

The Certificate in Materials Science is designed to give students and professionals core technical knowledge and lab skills in materials science to enhance another degree.

such experiences. Impact practices required for department honors in mathematics align with experience the mathematical community outside the classroom. The high—who have demonstrated excellence in their coursework, and who want to including actuarial science, mathematics education, and liberal arts majors The Honors Program in mathematics is intended for mathematics majors—

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcome:

- Develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.

### Mathematics

Hibbard Humanities Hall 508
715-836-3301
Department Website ([https://www.uwec.edu/academics/college-arts-sciences/departments-programs/mathematics/](https://www.uwec.edu/academics/college-arts-sciences/departments-programs/mathematics/))

Mathematics has formed an important part of our intellectual heritage for centuries. In addition to having its own aesthetic value, it pervades a growing number of human endeavors. Mathematics is applied in fields as diverse as business, engineering, the physical and life sciences, the social sciences, computer science, and the fine arts. Society therefore expects of its members ever increasing mathematical knowledge and skill.

The mathematics curriculum is designed to address these needs. It provides a core of fundamental mathematics as well as a variety of electives for individuals with specific interests. Students may select programs to prepare for careers in applied mathematics, science, actuarial science, research, mathematics education, or for graduate study. Regardless of emphasis, the programs prepare students for their immediate career objectives and provide a background that will enable them to cope with changing career needs and goals.

### Information for All Students

1. All entering freshmen and transfer students must take the mathematics placement test.
2. A student may not register for credit in a course which is a prerequisite for any other course in which the student has credit.
3. It is strongly recommended that a grade of C or above is achieved in any mathematics course that is to be used as a prerequisite to another course.

### Department Honors in Mathematics

The Honors Program in mathematics is intended for mathematics majors—including actuarial science, mathematics education, and liberal arts majors—who have demonstrated excellence in their coursework, and who want to experience the mathematical community outside the classroom. The high impact practices required for department honors in mathematics align with such experiences.

- **Eligibility:** Mathematics majors who have a resident and total GPA of 3.50 or higher, and have completed at least 12 hours of mathematics courses with a GPA of 3.50 or higher.

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools.

Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
UW-System no maximum
Other extension/correspondence maximum ¼ of total

USAFI
USAFI maximum 32 credits

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves
to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements

Liberal Arts (Code 182-001)

This major prepares students for actuarial careers. Actuaries are business professionals who use mathematical models to evaluate the current financial impact of future contingent events. Actuaries work in a variety of settings including insurance companies, public accounting firms, government agencies, banks, and consulting firms.

Entry Requirements: To be admitted to this major, students must:

1. Complete at least 15 credits of courses required for the major with a GPA in those courses of at least 3.0.
2. Complete MATH 346 and MATH 350 with a grade of B- or better, or earn a passing grade on the corresponding actuarial professional exam(s).

- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Apply probability methods to describe random behavior.
- Use interest theory techniques to value deterministic cash flows.
- Apply both probability and theory of interest concepts to model and solve actuarial problems involving contingent cash flows.

Sample Degree Plan

Actuarial Science, Comprehensive Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

- MATH 450: Foundations of Actuarial Science
- MATH 441: Linear Regression Analysis, with Time Series

**SECOND SEMESTER**

- MATH 460: Contingent Payment Analysis
- MATH 312: Differential Equations and Linear Algebra

**SOME TIME IN THE FOURTH YEAR**

- Elective
- Elective
- Elective
- Elective

**TOTAL FOURTH YEAR** = 29 credits

Note: Students must complete a minimum of 36 credits in courses approved for the LE Core.

Application to Major

Entry Requirements: To be admitted to this program students must:

1. Complete at least 15 credits of courses required for the major with a GPA in those courses of at least 3.0.
2. Complete Math 346 and Math 350 with a grade of B- or better, or earn a passing grade on the corresponding actuarial professional exam(s).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

It is recommended that students participate in one or more summer internships. Participating in the Career Conference in fall semester starting in the first year is highly recommended. Study Abroad is also an available opportunity but should be completed very early in your college career.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.
• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

This minor is intended to provide students with actuarial skills useful in business areas such as insurance and financial services. The coursework will prepare the student for at least two actuarial professional examinations.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
• Apply probability methods to describe random behavior.
• Use interest theory techniques to value deterministic cash flows.
• Apply both probability and theory of interest concepts to model and solve actuarial problems involving contingent cash flows.

(Code 180-406)
Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampSU.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

### Applicability of Credits Toward Graduation

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

#### Liberal Education Core Requirements

<table>
<thead>
<tr>
<th>Knowledge Goal</th>
<th>Knowledge Outcome 1 (K1): Natural Sciences</th>
<th>Two (2) learning experiences</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Knowledge Outcome 2 (K2): Social Sciences</td>

<td>Skills Outcome 2 (S2): Mathematics</td>
<td>One (1) learning experience</td>
</tr>
</tbody>
</table>

One S1 must meet the University Writing Requirement
One S2 to meet the University Mathematics Requirement
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
Liberal Arts (Code 180-201)
The liberal arts emphasis is the traditional mathematics major, providing preparation for graduate school as well as a broad range of careers in business, government, and industry. Because of the variety of courses available, students are strongly encouraged to consult a mathematics advisor early and frequently while pursuing this emphasis.

A minimum of 36 credits from mathematics courses must be earned as described below.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements
Liberal Arts (Code 180-201)
The liberal arts emphasis is the traditional mathematics major, providing preparation for graduate school as well as a broad range of careers in business, government, and industry. Because of the variety of courses available, students are strongly encouraged to consult a mathematics advisor early and frequently while pursuing this emphasis.

A minimum of 36 credits from mathematics courses must be earned as described below.

Major Requirements
Liberal Arts (Code 180-201)
The liberal arts emphasis is the traditional mathematics major, providing preparation for graduate school as well as a broad range of careers in business, government, and industry. Because of the variety of courses available, students are strongly encouraged to consult a mathematics advisor early and frequently while pursuing this emphasis.

A minimum of 36 credits from mathematics courses must be earned as described below.

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)
University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Read and synthesize mathematical literature.
- Combine multiple techniques of proof to establish the truth of a mathematical statement.

Sample Degree Plan
Mathematics, Liberal Arts Emphasis, Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Student/faculty research – encouraged. Talk to your advisor or any faculty member about getting involved.

Study Abroad – Upper level math courses can be taken at University of Glasgow and University of Aberdeen. Math 312 and 324 can be taken during the summer at University of Glasgow. Immersion programs offer at least R2. LE requirements can be fulfilled in numerous programs.

### Liberal Education (LE) Core Guidance

#### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

#### Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

### Additional Information

#### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Student/faculty research – encouraged. Talk to your advisor or any faculty member about getting involved.

Study Abroad – Upper level math courses can be taken at University of Glasgow and University of Aberdeen. Math 312 and 324 can be taken during the
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Mathematics, Minor - Liberal Arts

<td>Linear Algebra</td>
</tr>
</tbody>
</table>

Remaining credits to be chosen from mathematics courses numbered above 305

NOTE: At least one course in a computer programming language is recommended.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Read and synthesize mathematical literature.

Mathematics, Minor - Teaching

</tbody>
</table>

Twenty-four semester credits including:

and at least three additional credits chosen from MATH 216 or mathematics courses numbered above 305.

Teaching requirement for licensure, select one of the following:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 451</td>
<td>Teaching Mathematics with Technology (or equivalent as approved by the Mathematics Department)</td>
</tr>
<tr>
<td>CS 170</td>
<td>Computing for the Sciences and Mathematics</td>
</tr>
</tbody>
</table>

This minor is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option B or C and leads to licensure to teach Mathematics in 4-12 classrooms.

1 CS 170 does not count toward the 24 credits required for the mathematics minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Read and synthesize mathematical literature.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.
**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/ss_custom/EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for USAFI Credit.

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### LIBERAL EDUCATION CORE REQUIREMENTS

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Students completing this program will be expected to meet the following Program Learning Outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Communicate mathematical concepts effectively with speech and writing skills.
- Identify and formulate open research problems and implement proper proof techniques to answer open problems.

### Sample Degree Plan

**Mathematics, Research Emphasis, Comprehensive Major, B.S.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements. Please consult with your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

#### FIRST YEAR

**FIRST SEMESTER**

- **MATH 114** Calculus I (LE-S2) 4

**SECOND SEMESTER**

- **MATH 215** Calculus II (prereq for MATH 324) 4

**SOME TIME IN THE FIRST YEAR**

- **WRIT 114** Intensive Blugold Seminar in Critical Reading and Writing (LE-S1) 5

**OR**

- **WRIT 116** Blugold Seminar in Critical Reading and Writing (LE-S1) 5

**LE Option: Responsibility 2 (LE-R2) Global Perspectives with Inclusivity with LE Option: Knowledge 2 (LE-K2) Social Sciences or LE Option: Knowledge 3 (LE-K3) Humanities or LE Option: Knowledge 4 (LE-K4) Fine Arts

- Foreign Language 101 if BA student (or another LE course if BS) 3
- CJ 202 Fundamentals of Speech (LE-S1) 3
- LE Option: Responsibility 1 (LE-R1) Equity, Diversity, and Inclusivity with LE Option: Knowledge 2 (LE-K2) Social Sciences or LE Option: Knowledge 3 (LE-K3) Humanities 3
- Foreign Language 102 if BA student (or another LE course if BS) 3

**TOTAL FIRST YEAR** 31

**SECOND YEAR**

**FIRST SEMESTER**

- **MATH 216** Calculus III (prereq for MATH 316) 4
- **MATH 324** Linear Algebra (prereq for MATH 380, 425) 4

**SECOND SEMESTER**

- **MATH 425** Abstract Algebra I (prereq for MATH 426) 3

**SOME TIME IN THE SECOND YEAR**

- **CS 145, CS 163, CS 170, PHIL 250** 3
- **MATH APP (1st course)** 4
- **MATH elective** 4
- **MATH APP (2nd course)** 4
- LE Option: Responsibility 1 (LE-R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity 3

**TOTAL SECOND YEAR** 29

**THIRD YEAR**

**FIRST SEMESTER**

- **MATH 380** Research Methods (LE-S3) 3
- **MATH 316** Introduction to Real Analysis (prereq for MATH 317) 3

**SECOND SEMESTER**

- **MATH 480** Research Seminar 2
- **MATH 425** Abstract Algebra I 3

**SOME TIME IN THE THIRD YEAR**

- **MATH elective** 3
- **LE Option: Knowledge 1 (LE-K1) Natural Sciences if needed** 4
- **LE Option: Knowledge 2 (LE-K2) Social Sciences or LE Option: Knowledge 3 (LE-K3) Humanities or LE Option: Knowledge 4 (LE-K4) Fine Arts** 3
- **MATH elective** 3
- **LE Option: Knowledge 1 (LE-K1) Natural Sciences if needed** 4
- **LE Option: Integration (LE-I1)** 3
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Student/Faculty Research—Students in the Research Emphasis are required to participate in student/faculty research. We recommended this during the semesters the student takes Math 480: Research Seminar. During Math 324, students will be introduced to the research interests of the faculty and are encouraged to contact the faculty member they are interested in working with. Recruitment for research projects also occurs during the year by email and announcements.

Study Abroad—Upper level math courses can be taken at the University of Glasgow and the University of Aberdeen. Math 312 and 324 can be taken during the summer at the University of Glasgow. Immersion programs offer at least R2 and LE requirements can be fulfilled in numerous programs.

**Liberal Education (LE) Core Guidance**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)
Two (2) learning experiences
One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)
One (1) learning experience
One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)
One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)
Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)
One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)
Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and...
minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work; mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 180-209)

The statistics and applied mathematics emphasis is appropriate for students interested in either scientific or engineering applications of mathematics, careers in business, industry or statistics, data science, or graduate work in areas such as engineering, operations research, optimization, or statistics. Because of the variety of courses available, students are encouraged to consult a mathematics advisor early and frequently while pursuing this emphasis.

For those students focusing on applied mathematics, MATH 312 is strongly recommended. For those students focusing on statistics, MATH 347 is strongly recommended.

A minimum of 36 credits from mathematics courses must be earned as described below.

<table>

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Use mathematics to solve problems for the natural, social, or actuarial sciences.
- Select appropriate methods and apply them using technology to solve problems.

Sample Degree Plan

Mathematics, Statistics and Applied Mathematics Emphasis, Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements) here for a description of the Liberal
Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**FIRST YEAR**

**FIRST SEMESTER**

**TOTAL FOURTH YEAR**

28-32

Minimum total for the baccalaureate degree = 120 credits

* One of the two experiences required for Integrative Learning (I3) may be fulfilled with a math course with the I3 designation such as MATH 307 or MATH 462.

** The Creativity (S3) experience can be fulfilled with a math course with the S3 designation such as MATH 307 or MATH 380.

*** In this 4-year plan, the experiences for (K2), (K3), and (K4) are listed together. The appropriate number of experiences from each learning outcome will be required. See LE Core.

a For students interested in focusing on applied math, MATH 312 is recommended. For students interested in focusing on statistics, MATH 346 is recommended.

b For students interested in focusing on statistics, MATH 347 is recommended. It is a prerequisite to the courses listed as statistics electives c.

c The Applied/Statistics emphasis allows students to choose courses that emphasize either applied math or statistics.

- Students interested in focusing on applied math are recommended to choose electives from the following list of applied electives: MATH 307, 313, 318, 345, 351, 352, 354, 440 (PHYS 440).
Students interested in focusing on statistics are recommended to choose electives from the following list of statistics electives: MATH 441, 443, 445, 447.

d  At least 10 credits are required from the following list: MATH 307, 312, 313, 318, 345, 346, 347, 351, 352, 354, 440 (PHYS 440), 441, 443, 445, 447. Students who have fulfilled this requirement may take an additional course from this list, or another MATH elective numbered above MATH 305, to achieve at least 36 credits of courses that count toward the major.

e  Students must complete at least three credits to be selected from PHIL 250, CS 145, 163, 170, or another computer science course approved by the Math Department.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Students in the Applied/Stats emphasis are strongly encouraged to participate in student/faculty research. Watch for announcements of potential research projects and meet with potential research advisors in the spring preceding the year in which student/faculty research will begin (for example, spring of the first year for a research project during sophomore year).

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Music and Theatre Arts

Haas Fine Arts 156
715-836-4954
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/music-theatre-arts/)

Honor Societies and Student Organizations

There are eight nationally-affiliated music student organizations at UW-Eau Claire, including student chapters of National Association for Music Education, American Choral Directors Association, American String Teachers Association, National Association of Teachers of Singing, National Band Association Collegiate Chapter, United States Institute for Technical Theatre, and American Music Therapy Association for Students; the professional fraternities Phi Mu Alpha-Sinfonia and Sigma Alpha Iota; and the honor society Pi Kappa Lambda.

The performing arts enjoy an enviable reputation at UW-Eau Claire. Outstanding student and faculty performances in music, theatre, and dance; innovative classroom experiences; and active outreach are hallmarks of the Department of Music and Theatre Arts.
Music
Throughout history the study of music has been held to be one of the noblest pursuits of humanity. Music integrates and develops an understanding of our intellect, our emotions, and our senses. As such, it is both a personal and universal art.

All baccalaureate degrees in music emphasize the development of skills, concepts, and sensitivity essential to the professional life of the musician. Whether a professional performer, teacher, or composer, the musician must function as one who exhibits not only technical competence but also a broad knowledge of music and music literature, sensitivity in musical style, and an insight into the role and effect of music in society. Courses for the general university student provide an environment which promotes a broad intellectual and cultural appreciation of music.

The Department offers the Bachelor of Arts or Science degree in liberal arts—music; liberal arts—theatre arts, including a musical theatre emphasis; Bachelor of Music Education degrees leading to teacher licensure; and Bachelor of Music degrees in applied music and composition. A liberal arts minor is offered in music and theatre arts. The department also offers four certificates: Arts Administration, Dance Activities, Recording Arts, and Theatre Arts.

The University of Wisconsin-Eau Claire is an accredited institutional member of the National Association of Schools of Music.

General Requirements—Music Majors and Minors

Academic Preparation
Students planning to major in music should have experience playing an instrument in their high school band or orchestra, singing in a high school choral ensemble, or should have studied an instrument (e.g., piano) privately for a significant period of time. It is expected that prospective music majors be able to read music and sight-sing in at least one clef. Although not mandatory, private study in voice or an instrument will be very beneficial in preparation for college study in music; it offers significant advantages in terms of enhancing individual performance technique and provides exposure to standard music literature. Ability to play piano—even at a rudimentary level—and read both treble and bass clefs is a desirable attribute for any music major. In addition, it is helpful for students to have taken high school theory and/or music appreciation courses.

Admission
Applicants must apply to the University before completing audition requirements.

All applicants for admission to degree programs in music must satisfactorily complete an audition in a performance area. Students with any piano playing experience are asked to take a placement examination in piano (when piano is not a major instrument). Applicants to the B.M.E. degree must audition in wind, string, percussion, piano, or voice. Minimum repertoire standards for all performance areas are available from the department’s Web site at www.uwec.edu/mus-the (http://uwec.edu/mus-the/).

Scholarships are available to a limited number of applicants who demonstrate superior musical ability. An application for the audition and placement constitutes an application for a department scholarship, and no separate form is required. Applicants recommended for scholarship assistance will be notified after the audition.

The Department of Music and Theatre Arts adheres to the code of ethics of the National Association of Schools of Music (NASM). The acceptance of financial aid by an applicant is considered a declaration of intent to attend the institution; after May 1, the applicant may not consider any other offer from an NASM member institution without the written consent of the first institution. Similarly, a transfer applicant from a senior college or university cannot be considered for a scholarship without the recommendation of the institution from which the transfer is being made.

Graduation Requirements

Keyboard Placements. All entering freshmen and transfer students with piano experience who do not have piano as a major instrument take a piano placement examination which determines the level of class piano (MUSI 106 or MUSI 108) in which they will be enrolled to prepare for the piano proficiency examination. If the placement test indicates a sufficiently high level of ability, the student may be directed to applied piano (MUSI 151). A keyboard placement resulting in a higher-numbered keyboard course, i.e., MUSI 108 or MUSI 151, does not constitute credit by examination for a lower-numbered course. Credit by examination is not available for MUSI 104, MUSI 106, MUSI 108, MUSI 278, or MUSI 378.

The Piano Proficiency Examination must be passed

1. prior to enrollment in MUSI 350 for all music majors or MUE 310 if student is a Music Education major and/or
2. one year prior to admission to the professional semester for students working toward teaching licensure (B.M.E. programs) and/or
3. prior to graduation in any music major/minor program. It is offered only during the Fall and Spring Semester final examination periods. The Piano Proficiency Examination tests performance in major and minor scales, arpeggi, sight-reading, harmonization, transposition, and memorization.

Satisfactory/Unsatisfactory Policy. No music course may be taken under the Satisfactory/Unsatisfactory option.

Audit Policy. Applied lessons may not be taken for audit.

Special Student Status. High school students may enroll with permission of the instructor for courses in the Department of Music and Theatre Arts during the Special Student Registration. Because of demand for some courses and limitations on enrollment, degree students will be given priority. Credits earned as high school special students will be reviewed for acceptance into degree programs after official admission to the university and department. Credit review procedure is the same as that for transfer students. Enrollment in graduate music courses under the special student admission status is not allowed except in workshops or by consent of the instructor.

NOTE: A student may not register for credit in a course which is a prerequisite for any other course in which the student has credit.

Bachelor of Music
Major applied lessons carry credits as follows: one 30-minute private lesson per week for one credit; one hour lesson per week for two, three, or four credits. The number of applied credits per semester indicates the minimum number of practice hours per day.

All applied B.M. students may present a half recital in the junior year and must present a full recital in the senior year. Recital requirements apply to the following comprehensive music majors:

• Applied Instrumental (Code 060-041)
• Applied Voice (Code 060-042)
• Composition (Code 060-048)
Theatre Arts and Dance

The arts of theatre—acting, directing, playwriting, design, literature, and costuming—enable us to explore the experiences of humans and the universe. Theatre Artists study human ideas, values, relationships, obsessions, and accomplishments. Practical experimentation and practice of the arts of the theatre increases our ability to present human experiences to audiences for both entertainment and enlightenment.

Theatre Arts programs offer students training in various aspects of theatre including technical theatre, acting, directing, dance, dramatic literature, playwriting, and arts management.

Departmental Honors in Music and Theatre Arts

Eligibility

Upper-class music and theatre arts majors with resident and transfer GPAs of 3.50 or higher and a 3.50 or higher in the major are eligible for participation in the departmental honors program. Participants whose cumulative and/or major GPA falls below 3.50 can still graduate with honors as long as his/her GPA increases to 3.50 before graduation.

Requirements for Graduation with Departmental Honors

1. Following invitation, submit application to the honors committee for entry into the departmental honors program. Among other requirements, your application will detail plans for areas of research as well as the different departmental courses and the projects you propose to complete within them as part of the honors program.
2. Complete all requirements for major in the department with a cumulative GPA of 3.5 or better.
3. Earn 3 honors credits prior to graduation by completing honors projects proposed to and approved by the honors committee. Different projects may be designed to vary in credit value by intersecting with multiple research areas. For example, a single approved project could blend or “crossover” from the distinct areas of music history and performance in order to gain credit for 2 of the 3 required honors credits.

Majors

• Comprehensive Major: Music, Teaching All – Instrumental Emphasis - B.M.E (College of Education and Human Sciences Secondary Education Program)
• Comprehensive Major: Music, Teaching All – Choral Emphasis - B.M.E. (College of Education and Human Sciences Secondary Education Program)
• Comprehensive Major: Music, Applied Instrumental - B.M.
• Comprehensive Major: Music, Applied Voice - B.M.
• Comprehensive Major: Music, Composition - B.M.
• Major, Music, Liberal Arts - B.A./B.S.
• Comprehensive Major: Theatre Arts, Liberal Arts - B.A./B.S.
• Comprehensive Major: Theatre Arts, Musical Theatre - B.A./B.S.

Minors

• Minor: Music, Liberal Arts
• Minor: Theatre Arts, Liberal Arts

Certificates

• Certificate: Arts Administration
• Certificate: Dance Activities
• Certificate: Recording Arts
• Certificate: Theatre Arts

Arts Administration, Certificate

(Code 060-602)

The Certificate in Arts Administration provides students with a core body of knowledge and skills to effectively manage community or institutionally based arts organizations and provides a foundation for continued study in arts administration. Emphasis is placed on management and communication skills useful to administrators of arts enterprises. The 18-credit program includes
an arts management seminar, an immersive arts leadership course, three (3) credits of internship experience, and elective courses.

</table>

**Total Credits:** 18

1. The internship must be in arts administration with clear learning outcomes appropriate to the discipline. It may consist of a single 3-credit internship experience or multiple experiences that add up to 3 credits. Although the course listing is a THEA or MUSI course, the internship experience itself may be from any arts discipline with department permission.

A combined total of at least 9 credits from the listings below, with the following stipulations:

1) Courses used to complete major requirements do not count toward completion of the certificate.

2) Students must take at least three (3) credits from Group A (ART, ARTH, DNCE, HIST, IDIS 303, MUSI, THEA) and at least three (3) credits from Group B (ACCT, BSAD, BCOM, CJ, ENGL, IDIS 190, MGMT, MKTG). The remaining three (3) elective credits may come from either group.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand the arts and their relevance in society today.
- Understand the managerial issues and techniques for arts organizations today.
- Demonstrate critical-thinking skills and communicate clearly when analyzing issues facing arts organizations today.

### Dance Activities, Certificate

**Code 605-601**

The **Dance Activities Certificate Program** is open to any student with a passion for dance and looking to gain knowledge of common forms of dance, including ballet, tap, jazz, and modern. This program focuses on studio dance experiences that will prepare graduates for a variety of careers in dance and performing arts.

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are
normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/pdp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following:
Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and Other Restricted Credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

College Degree Requirements

Bachelor of Music

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

MUSI 259/459 Jazz Combo
MUSI 260/460 Contemporary Music Ensemble
Piano--
Three credits from:
MUSI 268/468 Piano Ensemble
Seven credits from any other ensemble, in consultation with applied instructor
Guitar--
Three credits from:
MUSI 255/455 String Ensemble
Seven credits from any other ensemble, in consultation with applied instructor
Electives in Music
Select from the following:  2
MUSI 150 Beginning Composition
MUSI 170 Applied Music-Composition
MUSI 276 Keyboard Accompanying
MUSI 325 Orchestration
MUSI 335 Counterpoint
MUSI 407 Music Theory Seminar
Second Applied Instrument
Piano Proficiency - passed prior to graduation

Total Credits  74

1 A minimum of one semester in orchestra is required for those who play orchestral instruments.

NOTES:
1) MUSI 404 (3 crs) may be used as an elective with advisor approval when topic differs from initial enrollment.
2) No music course may be taken under the Satisfactory/Unsatisfactory option.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
• Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
• Apply culturally specific analytical techniques and approaches to musical compositions.

• Make comparative written statements about aesthetics and function for multiple compositional styles.
• Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
• Demonstrate knowledge of diverse pedagogical techniques for their applicable performance medium.

Sample Degree Plans
Music, Applied Instrumental, Comprehensive Major, B.M. (Piano)
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

MUSI 1XX Ensemble (LE-S3 with two ensembles)  1
WRIT 1XX - Univ Writing Requirement (LE-S1)  5
LE Option  3
TOTAL  16

SECOND YEAR
FIRST SEMESTER
MUSI 246 Theory Written III  3
MUSI 247 Theory Aural III  1
MUSI 1XX Applied Major Instrument  3
MUSI 1XX Ensemble  1
### Course Information

- **Music Theory sequence should begin in 1st year**
- **Piano Proficiency Exam must be passed prior to MUSI 350.**
- **See catalog for foreign language competency requirement.**
- **Music electives include MUSI 150, MUSI 170, MUSI 325, MUSI 335, MUSI 407, Secondary Applied Instrument. Note:** 1) MUSI 404 may be used as an elective with adviser approval when the topic differs from initial enrollment. 2) A sophomore and/or junior recital may also be given for credit and included as a music elective.

### Application to Major

Admittance to major is through audition to the Music Program and jury at end of first semester of study.

### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in each major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, (https://studyabroad.apps.uwec.edu/) Intercultural Immersion (https://www.uwec.edu/immersion/), Internship, (https://www.uwec.edu/career-services/info-students/internships/) and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Students are encouraged to seek an internship related to the performing arts during the final two years of the program. See internship possibilities in the performing arts on the Music and Theatre Arts Homepage.
- Students are encouraged to consider a cultural immersion program, such as the Spring Break trip to New York City, in the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.
- Students are strongly encouraged to consider a Recording Arts Certificate, an Arts Administration Certificate, or a minor.

### Music, Applied Instrumental, Comprehensive Major, B.M.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-

### Minimum total for the baccalaureate degree = 120 credits

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

### Course Information

- See catalog for details of ensemble requirement.
I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Minimum total for the baccalaureate degree = 120 credits

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see [https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/](https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/)).

### Course Information
- See catalog for details of ensemble requirement.
- Music Theory sequence should begin in 1st year
- Piano Proficiency Exam must be passed prior to MUSI 350.
- See catalog for foreign language competency requirement.
- Music electives include MUSI 150, MUSI 170, MUSI 325, MUSI 33S, MUSI 407, Secondary Applied Instrument. Note: 1) MUSI 404 may be used as an elective with adviser approval when the topic differs from initial enrollment. 2) A sophomore and/or junior recital may also be given for credit and included as a music elective.

### Application to Major
Admittance to major is through audition to the Music Program and jury at end of first semester of study.

### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

> The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, ([https://studyabroad.apps.uwec.edu/](https://studyabroad.apps.uwec.edu/)) Intercultural Immersion ([https://www.uwec.edu/immersion/](https://www.uwec.edu/immersion/)), Internship, ([https://www.uwec.edu/career-services/info-students/internships/](https://www.uwec.edu/career-services/info-students/internships/)) and/or Student/Faculty Collaborative Research ([https://www.uwec.edu/or/sp/students/student-faculty-collaborative-research-guide/](https://www.uwec.edu/or/sp/students/student-faculty-collaborative-research-guide/)) into your time at UW-Eau Claire.

- Students are encouraged to seek an internship related to the performing arts during the final two years of the program. See internship possibilities in the performing arts on the Music and Theatre Arts Homepage.
• Students are encouraged to consider a cultural immersion program, such as the Spring Break trip to New York City, in the final two years of the program.
• Faculty-Student Research Projects are encouraged after the first year of the program.
• Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.
• Students are strongly encouraged to consider a Recording Arts Certificate, an Arts Administration Certificate, or a minor.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

University Residency Requirements

| Minimum total | 30 |
| Senior year | 23 |
| Major, Standard, upper division in residence | 12 |
| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are
normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/pbp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

| **Subject to Liberal Education Core** |

#### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

<table>

### Integration Goal
College Degree Requirements
Bachelor of Music

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
- Demonstrate knowledge of diverse pedagogical techniques for their applicable performance medium.

**Sample Degree Plan**

**Music, Applied Voice, Comprehensive Major, B.M.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range on the course of study selected (second major, minor, etc.). UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range on the course of study selected (second major, minor, etc.).

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**Note**: Minimum of two semesters from MUSI 190/MUSI 390.

**Other Requirements**

Language proficiency at the 102 level in French, German, or Italian.

**NOTE**: No music course may be taken under the Satisfactory/Unsatisfactory option.
RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Students are encouraged to seek an internship related to the performing arts during the final two years of the program. See internship possibilities in the performing arts on the Music and Theatre Arts Homepage.
- Students are encouraged to consider a cultural immersion program, such as the Spring Break trip to New York City, in the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in "Quest," the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.
- Students are strongly encouraged to consider a Recording Arts Certificate, an Arts Administration Certificate, or a minor.

Liberal Education (LE) Core Guidance

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

Course Information

- See catalog for details of ensemble requirement.
- Music Theory sequence should begin in 1st year.
- Piano Proficiency Exam must be passed prior to MUSI 350.
- French, German, and/or Italian language competency at the 102-level is required.
- Class piano is not accepted in lieu of the applied piano requirement.
- A junior recital is optional.

Application to Major

Admittance to major is through audition to the Music Program and jury at end of first semester of study.

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on Camp5.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS | a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences
One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience
One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements
Bachelor of Music
University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Major Requirements
(Code 060-048)

All students majoring in composition must earn a grade of at least C in each theory and each composition course.

Electives in Music 5

Piano Proficiency - passed prior to graduation

Total Credits 77

1 Students who wish to take a full eight semesters of applied lessons may do so, at the discretion of the studio teacher, by applying music elective credits toward applied study.

Other Requirements

Freshman and transfer students interested in majoring in composition are strongly urged to present a composition portfolio to a member of the composition faculty before registering for any composition course. No possible credit for composition at another institution will be awarded before the end of the first semester of study at UW-Eau Claire.

NOTE: No music course may be taken under the Satisfactory/Unsatisfactory option.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
- Demonstrate mastery of a range of traditional and current compositional styles.
- Demonstrate mastery of composing idiomatically as appropriate for the selected media.

Sample Degree Plan

Music, Composition, Comprehensive Major, B.M.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be
required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Minimum total for the baccalaureate degree = 120 credits
Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

Course Information
- See catalog for details of ensemble requirement.
- Music Theory sequence should begin in 1st year.
- Piano Proficiency Exam must be passed prior to MUSI 350.
- Class piano is not accepted in lieu of the applied piano requirement.
- See catalog for foreign language competency requirement.
- Keyboard (non-piano emphasis) – MUSI 151, 3 sem. (piano emphasis students must substitute at least 3 additional credits of music electives or supporting electives, see University Catalog).

Application to Major
Admittance to major is through audition to the Music Program

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like study abroad, research, and internships.

Additional LE Core Information
- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

Interdisciplinary Immersion Experience
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

University Residency Requirements

Minimum total: 30
Senior year: 23
Major, Standard, upper division in residence: 12
Major, Comprehensive, upper division in residence: 21
Certificate: 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)

Satisfactory/Unsatisfactory

Total degree credit: maximum 12
Major, Standard: maximum 1 course
Major, Comprehensive: maximum 2 courses
Minor: maximum 1 course

Credit by Examination

Total degree credit: maximum ¼ of total
Major or minor: maximum ½ of total

Two-Year College Credits

Total degree credit: maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184: maximum 1 credit
Total Band, chorus, drama: maximum 12 credits
Single course band, chorus, drama: maximum 4 credits

Extension credits

UW-System: no maximum
Other extension/correspondence: maximum ¼ of total

USAFI

USAFI: maximum 32 credits

1. Certain programs exceed this minimum.
2. See special requirements in each College.
University of Wisconsin-Eau Claire

Facebook

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

MUSI 259/459 Jazz Combo
MUSI 260/460 Contemporary Music Ensemble
MUSI 262/462 Chamber Choir
MUSI 265/465 Vocal Jazz Ensemble
MUSI 268/468 Piano Ensemble

Piano Proficiency - passed prior to graduation

Total Credits: 46

1 No more than 2 credit from MUSI 183.

NOTE: No music course may be taken under the Satisfactory/Unsatisfactory option.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
• Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
• Apply culturally specific analytical techniques and approaches to musical compositions.
• Make comparative written statements about aesthetics and function for multiple compositional styles.
• Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.

Sample Degree Plan
Music, Major, B.A.
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

Course Information
• See catalog for details of ensemble requirement.
• Music Theory sequence should begin in 1st year.
• Piano Proficiency Exam must be passed prior to MUSI 350.
• See catalog for foreign language competency requirement.
• See University Catalog for distinction between B.A. and B.S.

Application to Major
Admittance to major is through audition to the Music Program.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

• Students are encouraged to seek an internship related to the performing arts during the final two years of the program. See internship possibilities in the performing arts on the Music and Theatre Arts Homepage.
• Faculty-Student Research Projects are encouraged after the first year of the program.
• Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information
• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Guitar--

Two credits:

MUSI 255/455 String Ensemble

Two credits from any other ensemble, in consultation with the applied instructor:

MUSI 180/380 Symphony Band
MUSI 181/381 Wind Ensemble
MUSI 182/382 University Band
MUSI 183 Marching Band
MUSI 184/384 University Orchestra
MUSI 186/386 Jazz Ensemble
MUSI 188/388 Concert Choir
MUSI 190/390 Symphonic Choir
MUSI 191/391 Men's Glee Club (The Statesmen)
MUSI 192/392 Women's Concert Chorale
MUSI 193/393 Treble Choir
MUSI 253/453 University Chamber Orchestra
MUSI 255/455  String Ensemble
MUSI 256/456  Brass Ensemble
MUSI 257/457  Woodwind Ensemble
MUSI 258/458  Percussion Ensemble
MUSI 259/459  Jazz Combo
MUSI 260/460  Contemporary Music Ensemble
MUSI 262/462  Chamber Choir
MUSI 265/465  Vocal Jazz Ensemble
MUSI 268/468  Piano Ensemble

Music Electives
A minimum of four to five credits elected from any course with a MUSI prefix for a minimum total of 24 credits and with the exception of MUSI 100, MUSI 102, MUSI 103, MUSI 104, and MUSI 118, which do not count toward a music minor. Maximum of two credits from elective ensembles, and maximum of two credits from applied music.

1 MUSI 182/MUSI 382 or MUSI 193/MUSI 393 may be used by permission.

NOTES:

1) No music course may be taken under the Satisfactory/Unsatisfactory option.
2) The piano proficiency exam is a requirement and must be passed prior to graduation. MUSI 106 prepares students for MUSI 108. Students without piano skills are encouraged to take both MUSI 106 and MUSI 108 which prepare students for the piano proficiency exam.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.

Recording Arts, Certificate
(Code 061-601)

The interdisciplinary curriculum of the Recording Arts Certificate addresses diverse interests in both sound and technology. It offers a foundation in musicianship, design, and recording technology, and opportunities for students to pursue specific interests in areas of composition, design, music history, physics of sound or business. The program includes required and elective courses, and at least one internship. Applications are available through the Department of Music and Theatre Arts. Acceptance into the program may be limited due to available resources, internships, and needs of the program.

MUSI 309  Electronic Music 1  2
MUSI 317  Sound Technology Principles  3
MUSI 498  Music Internship  3

Electives to be selected from the following:

- BSAD 125  Essentials of Marketing
- OR
- BSAD 305  Legal and Regulatory Environment
- OR
- ACCT 201  Introduction to Accounting
- CJ 241  Audio and Video Production Process
- MATH 307  Mathematics and Music
- MATH 313  Digital Signal Processing
- MUSI 102  Fundamentals of Music
- MUSI 139  Music Theory Fundamentals
- MUSI 150  Beginning Composition
- MUSI 217  Topics in Sound Recording 2
- MUSI 225  Global Traditions in Music
- MUSI 325  Orchestration
- PHYS 308  Science of Musical Sound
- THEA 153  Light/Sound Shop Practicum
- or THEA 353  Advanced Light/Sound Shop Practicum
- THEA 221  Introduction to Design

1 In semesters when MUSI 309 is not offered, students may take MUSI 217 to fulfill this requirement.
2 MUSI 217 may not be used to fulfill both requirements and electives.

Note: A maximum of three credits from the certificate can count to the major.

Program Learning Options
Students completing this program will be expected to meet the following learning outcomes:

- Record sound with diverse variables, including both live and studio contexts.
- Mix and edit sound with digital recording software.
- Explain basic principles of acoustics and sound.

Program Learning Options

Students completing this program will be expected to meet the following learning outcomes:

• Understand theatre’s diverse genres, styles, and forms within their cultural, theoretical, and historical contexts.
• Demonstrate competency as an actor, director, technician, and/or stage manager in a realized production.
• Demonstrate competency in all stage crafts.
• Explain, critique, and evaluate one’s own creative work and the creative work of others.
• Demonstrate competency in the principles of design.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course
Learning outcomes they comprise. The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 outcomes that either K1 or K2.

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

 Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand theatre’s diverse genres, styles, and forms within their cultural, theoretical, and historical contexts.
- Demonstrate competency as an actor, director, technician, and/or stage manager in a realized production.
- Demonstrate competency in all stage crafts.
- Explain, critique, and evaluate one’s own creative work and the creative work of others.
- Demonstrate competency in the principles of design.
- Demonstrate advanced competence in one or more theatre specializations in design, performance, scholarship (history, literature, criticism, performance), and musical theatre.
Sample Degree Plan
Theatre Arts, Comprehensive Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both class and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

LE Option: Responsibility 1 (LE-R1) Equity, Diversity, and Inclusivity and LE Option: Knowledge 3 (LE-K3) Humanities 3
LE Option: Integration (LE-I1) 3
TOTAL 12

1 Students are required to take THEA 321, 324, or 327. It is recommended to take it during the third year.
2 THEA 323 is taught in Fall odd years
THEA 330 is taught in Fall odd years
THEA 344 is taught every third Spring
THEA 414 is taught Spring odd years
THEA 432 is taught Spring even years

Minimum total for the baccalaureate degree = 120 credits
Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

Course Information
THEA 121, 124, and 130 should be taken in the first year.
It is ideal for students to take THEA 221 and THEA 231 in their second year.
Students should see the catalog for specific Theatre Practicum requirements, and they are encouraged to be involved in productions from the first year.
Students should take THEA 271 whenever available.
THEA 223 is taught Spring odd years.
THEA 239 is taught Spring even years.
THEA 220 is taught Spring odd years.
Some courses are taught at Pablo Center.

Application to Major
Program audition is not required.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPS might be most beneficial to students, and any recommendations about when those HIPS best fit into the degree plan. Students should also consult their faculty advisor for information on HIPS. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPS like Study Abroad (https://studyabroadapps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Students are encouraged to consider a cultural immersion program, such as the Spring Break trip to New York City, in the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.
- Students are strongly encouraged to consider a Recording Arts Certificate, an Arts Administration Certificate, or minor.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following:

- Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

</tbody>
</table>
College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand theatre’s diverse genres, styles, and forms within their cultural, theoretical, and historical contexts.
- Demonstrate competency as an actor, director, technician, and/or stage manager in a realized production.
- Demonstrate competency in all stage crafts.
- Explain, critique, and evaluate one’s own creative work and the creative work of others.
- Demonstrate competency in the principles of design.

Sample Degree Plan

Theatre Arts, Major - Liberal Arts, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. 

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [https://catalog.uwec.edu/undergraduate/graduation-requirements/]here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

1 Students are required to take THEA 321, 324, or 327. It is recommended to take it during the third year.

Minimum total for the baccalaureate degree = 120 credits

---

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see [https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/](https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/)).

**Course Information**

In the third and fourth years, a lot can be swapped between THEA and Minor requirements.

THEA 121, 124, and 130 should be taken in the first year.

It is ideal for students to take THEA 221 and THEA 231 in their second year.

Students should see the catalog for specific Theatre Practicum requirements, and they are encouraged to be involved in productions from the first year.

Students should take THEA 271 whenever available.

THEA 223 is taught Spring odd years.

THEA 239 is taught Spring even years.

THEA 220 is taught Spring odd years.

THEA 330 is taught in Fall odd years.

THEA 323 is taught in Fall odd years.

THEA 414 is taught Spring odd years.

THEA 432 is taught Spring even years.

THEA 344 is taught every third Spring.

Some courses are taught at Pablo Center.

**Application to Major**

Program audition is not required.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad ([https://studyabroad.apps.uwec.edu/](https://studyabroad.apps.uwec.edu/)), Intercultural Immersion ([https://www.uwec.edu/immersion/](https://www.uwec.edu/immersion/)), Internship ([https://www.uwec.edu/career-services/info-students/internships/](https://www.uwec.edu/career-services/info-students/internships/)), and/or Student/Faculty Collaborative Research ([https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/](https://www.uwec.edu.orsp/students/student-faculty-collaborative-research-guide/)) into your time at UW-Eau Claire.

- Students are encouraged to consider a cultural immersion program, such as the Spring Break trip to New York City, in the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

THEA 375 Properties Design
THEA 376 Makeup Design
THEA 377 Publicity/Program Design
THEA 378 Master Electrician
THEA 379 House Manager

Three credits chosen from:
Any THEA course numbered 200 or above

Total Credits 24

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Understand theatre’s diverse genres, styles, and forms within their cultural, theoretical, and historical contexts.
• Demonstrate competency as an actor, director, technician, and/or stage manager in a realized production.
• Demonstrate competency in all stage crafts.
• Explain, critique, and evaluate one’s own creative work and the creative work of others.
• Demonstrate competency in the principles of design.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)
Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)
One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)
One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/)
Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)
One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)
Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/)
30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand theatre’s diverse genres, styles, and forms within their cultural, theoretical, and historical contexts.
- Demonstrate competency as an actor, director, technician, and/or stage manager in a realized production.
- Demonstrate competency in all stage crafts.
- Explain, critique, and evaluate one’s own creative work and the creative work of others.
- Demonstrate competency in the principles of design.
- Demonstrate advanced competence in one or more theatre specializations in design, performance, scholarship (history, literature, criticism, performance), and musical theatre.

Sample Degree Plan

Theatre Arts, Musical Theatre, Comprehensive Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

1 Students are required to take THEA 321, 324, or 327. It is recommended to take it during the third year.

**Minimum total for the baccalaureate degree = 120 credits**

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**Course Information**

- THEA 121, 124, and 130 should be taken in the first year.
- It is ideal for students to take THEA 221 and THEA 231 in their second year.
- Students should see the catalog for specific Theatre Practicum requirements, and they are encouraged to be involved in productions from the first year.
- Students should take THEA 271 whenever available.
- THEA 223 is taught Spring odd years.
- THEA 239 is taught Spring even years.
- THEA 220 is taught Spring odd years.
The LE Core comprises 17 learning experiences across 11 learning outcomes.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

**Additional LE Core Information**

- Students are encouraged to consider a cultural immersion program, such as the Spring Break trip to New York City, in the final two years of the program. Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

- Faculty-Student Research Projects are encouraged after the first year of the program.

- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- Students are encouraged to plan their academic advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

**Philosophy and Religious Studies**

Hibbard Humanities Hall 632
715-836-2545
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/philosophy-religious-studies/)

Philosophy is the disciplined and critical inquiry into fundamental questions of human existence: What is the nature of reality? What is knowledge? Does God exist? Is my will free? What is the difference between right and wrong? What is the relation between the mind and the body? What is the meaning of life? Philosophers use reason and argument in the attempt to answer these questions. Philosophy is at the very heart of a liberal education. Students of philosophy learn to think critically and clearly, argue forcefully, and read carefully. They also learn how the history of philosophy has shaped modern thought and culture. A major in philosophy is excellent preparation for advanced study in a wide range of fields, including law. A minor in philosophy will enrich and complement any major field of study.
Religious Studies is the multi-disciplinary exploration of the phenomena of human experience commonly called “religious.” This includes study of the genesis and interpretation of religious texts; the formation, history, beliefs, and practices of religious communities and traditions; the role of religion in society and culture; issues in religion and science, including the psychology of religious experience; religion in literature and the arts; religious morality; philosophy of religion. The academic study of religion provides an excellent “window” into other cultures, while enhancing students’ understanding of their own society and its history. A degree in Religious Studies provides an excellent foundation for a wide range of careers, as well as preparing students for demanding graduate programs.

**Student Organizations**
Theta Alpha Kappa (Honor Society in Religious Studies)

Philosophy Club

**Honors Program in Philosophy and Religious Studies**
The Honors Program in Philosophy and Religious studies enables outstanding students to engage in challenging Honors coursework and creative Honors research experiences.

**Eligibility:** Admission is by departmental invitation to students who have demonstrated excellent intellectual potential. To be considered, students must have a minimum 3.5 GPA in the major and in all university coursework.

**Requirements:**

1) Complete an Honors Capstone Thesis as the outcome of the departmental seminar — either PHIL 485 (Seminar in Problems in Philosophy) or RELS 490 (Seminar in Religious Studies) — or an appropriately crafted Independent Study project.

2) Present the thesis research at or in a suitable local, regional, or national venue.

**Faculty**
Sean McAleer, Chair
Steven Fink
Troy Kozma
Yaakov Levi
Matthew Meyer
Kristin Schaupp

**Majors**
- Major: Philosophy, Liberal Arts - B.A./B.S.
- Major: Religious Studies, Liberal Arts - B.A./B.S.

**Minors**
- Minor: Philosophy, Liberal Arts
- Minor: Religious Studies, Liberal Arts

**Certificates**
- Certificate: Analytical Reasoning
- Certificate: Ethics
- Certificate: World Religions

**Analytical Reasoning, Certificate**
*(Code 400-602)*

For advising, contact the Philosophy and Religious Studies Department.

The Analytical Reasoning Certificate is for students in a variety of majors and minors, especially for students interested in a career in the law, as well as for students who are interested in Philosophy but for whom a philosophy major or minor might be impractical. The Analytical Reasoning Certificate is a natural complement to any program of study outside of Philosophy.

</thead>
<tbody>
<tr>
<td></td>
<td>Students will complete a minimum of 15 credits, using the guidelines below, and write a reflection essay upon completion of the courses.</td>
<td></td>
</tr>
</tbody>
</table>

**At least one of the following courses, but no more than two may be taken:**

- PHIL 150 Logic and Critical Thinking
- PHIL 250 Symbolic Logic
- MATH 246 Elementary Statistics

**Remaining credits from other PHIL courses, with at least six credits at the 300-level or above**

**With advisor approval the following may be applied to the certificate:**

- Up to three credits from Independent Study or Directed Studies courses
- Additional relevant courses

**NOTE:** Courses applied to the certificate cannot be applied to the student’s major. Students cannot pursue the Philosophy Major and Analytical Reasoning Certificate to meet graduation requirements for completing a first and second degree program.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Employ the tools of formal and informal logic to identify, construct, analyze, evaluate, and respond to arguments.
- Analyze ethical, social, and cultural issues with objectivity and open-mindedness
- Clearly articulate ideas and arguments in writing and speech.
- Engage in self-reflection and achieve greater self-understanding, exhibiting openness to alternative possibilities and conceptual frameworks

**Ethics, Certificate**
*(Code 400-601)*

Advisor: S. McAleer ( Philosophy and Religious Studies).

The Ethics Certificate is for students in a variety of majors and minors, especially pre-professional programs with existing ethics requirements, and students interested in graduate study and careers in health care ethics, legal ethics, business and corporate ethics and compliance. The Ethics Certificate is a natural complement to the Leadership Certificate currently offered through the College of Business’s Department of Management and Marketing.

With advisor approval, the following may be applied to the certificate program:

- PHIL 395 Directed Studies
- PHIL 399 Independent Study - Juniors
- PHIL 499 Independent Study - Seniors

After their course work is completed, students must submit to the certificate advisor an essay in which they reflect on their learning experiences with respect to the certificate’s goals.

**Total Credits** 12

Note 1: Up to three credits from ethics courses from the student’s major or minor field of study (e.g., CJ 413, PSYC 357, ACCT 425) may be applied with advisor approval.

Note 2: Students must earn at least 48 unique credits between the certificate program and major for purposes of meeting graduation requirements for first and second degree programs. Students cannot pursue the Philosophy Major and Ethics Certificate to meet graduation requirements for completing a first and second degree program.

**Program Learning Options**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of the major ethical theories and be able to thoughtfully apply them to particular ethical issues and dilemmas.
- Approach questions of value with clarity, balance, open-mindedness, and rational rigor.
- Clearly articulate ethical concepts and arguments in writing and speech.
- Engage in self-reflection and achieve greater self-understanding of themselves as moral agents.

| Certificate   | 25 percent of credits |

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned.
in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### LIBERAL EDUCATION CORE REQUIREMENTS

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Knowledge Outcome 5 (K5): Foreign Language

Knowledge Outcome 6 (K6): Social Sciences

Knowledge Outcome 7 (K7): Natural Sciences

Knowledge Outcome 8 (K8): Fine Arts

Knowledge Outcome 9 (K9): Humanities

Knowledge Outcome 10 (K10): Written and Oral Communication

Knowledge Outcome 11 (K11): Mathematics

Knowledge Outcome 12 (K12): Critical Thinking

**Skills Goal**

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/) Two (2) learning experiences

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/) One (1) learning experience

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/) One (1) learning experience

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-DIV/#header13) Two (2) learning experiences

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

**Integration Goal**

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Integration Outcome 2 (I2): Civic and Environmental Issues

Integration Outcome 3 (I3): Global Perspectives

Integration Outcome 4 (I4): Equity, Diversity, and Inclusivity

Integration Outcome 5 (I5): Written and Oral Communication

Integration Outcome 6 (I6): Mathematics

Integration Outcome 7 (I7): Critical Thinking

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

### College Degree Requirements

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major.
department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate knowledge of the major questions, central methods, issues, figures, and arguments in the core areas of philosophy and its history.
- Employ the tools of formal and informal logic to identify, construct, analyze, evaluate, and respond to arguments.
- Approach questions of value with clarity, balance, open-mindedness, and rational rigor.
- Make connections across texts and philosophical traditions and/or between philosophy and everyday life.
- Read and interpret texts in accurate and philosophically sophisticated ways.
- Clearly articulate ideas and arguments in writing and speech.
- Engage in self-reflection and achieve greater self-understanding, exhibiting openness to alternative possibilities and conceptual frameworks.

**Sample Degree Plan**

**Philosophy, Major, B.A.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.
Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**TOTAL** 30

Minimum total for the baccalaureate degree = 120 credits

a. Typically offered in the Spring of odd-numbered years
b. Typically offered in the Spring of even-numbered years
c. Typically offered in the Fall of even-numbered years
d. Typically offered in the Fall of odd-numbered years
e. PHIL/WGSS counts toward the major and for LE-R1
f. PHIL 200 count toward the major and for LE-R1
g. Typically offered every Fall h. PHIL 101 and PHIL 120 do not count toward the major if taken after the student has earned nine credits in philosophy
i. PHIL 280 counts toward the major and for LE-DDIV Design for Diversity, LE-I1, and LE-R1

**Note 1:** Upon approval of the department, up to six credits from courses other than philosophy may be applied to the major (e.g., POLS 309, 310, 311)

**Note 2:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see [https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/](https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/)).

### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs.

<table>

### Liberal Education (LE) Core Guidance

#### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

</tbody>
</table>

The remaining fifteen credits will be selected from philosophy courses 1, 2, 3

1 PHIL 101 and PHIL 120 are disallowed for minor credit if taken after the student has earned nine credits in philosophy.
2 No more than three credits of PHIL 397 and PHIL 498 are allowed toward the minor.
3 Upon approval of the department up to six credits from courses other than philosophy may be applied to the minor.

All philosophy minors shall complete a reflection paper, usually during the senior year, in which the student analyzes and reflects on his or her learning experiences as a philosophy minor in light of the philosophy minor’s learning goals and outcomes.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Demonstrate knowledge of the major questions, central methods, issues, figures, and arguments in the core areas of philosophy and its history.
• Employ the tools of formal and informal logic to identify, construct, analyze, evaluate, and respond to arguments.
• Make connections across texts and philosophical traditions and/or between philosophy and everyday life.
• Clearly articulate ideas and arguments in writing and speech.
• Engage in self-reflection and achieve greater self-understanding, exhibiting openness to alternative possibilities and conceptual frameworks.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Extension credits

UW-System no maximum

Other extension/correspondence maximum ¼ of total

USAFI

USAFI maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Integration Goal

Integration Outcome 1 (I1): Integration

Integration Outcome 2 (R2): Global Perspectives

Integration Outcome 3 (R3): Civic and Environmental Issues

Service-Learning Goal

Service-Learning

Skills Outcome 3 (S3): Creativity
RELS 326  Asian Religious Philosophies  
PHIL 234  Classical Chinese Philosophy

The remaining credits to be earned from Religious Studies courses, subject to the following restrictions:

RELS 100 and RELS 110 are disallowed for major credit if taken after the student has earned nine credits toward the major.

A maximum of three credits from any combination of RELS 395, RELS 399, RELS 498, and RELS 499 may be counted toward the major.

A maximum of three credits from any combination of RELS 396 and RELS 397 may be counted toward the major.

1 Plus completion of the capstone essay for that course. The essay must be approved for capstone credit by the faculty teaching the course. Other upper-level courses also may be considered (prior approval by faculty required). Students must submit a major research paper produced for the course in order to fulfill the capstone requirement.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate basic knowledge of the history, beliefs, practices, and values of the major western and non-western religious traditions.
- Apply a variety of methodological approaches to the study of religions and incorporate in research and writing.
- Analyze the complex interrelation between religions and cultures.
- Deconstruct uniform conceptions of religious traditions through familiarity with the diversity of religious expression.
- Display empathetic non-judgmental engagement with alternative religious viewpoints.

**Sample Degree Plan**

**Religious Studies, Major, B.A.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion, (https://www.uwec.edu/immersion/) Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad ([I1])).

- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- **S1, R2** – A foreign language placement score that qualifies the student to enter the 202 level satisfies one S1 experience.
- **S2** – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- **S3** – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- **I1** – Any semester long study abroad program can fulfill one I1 experience.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

**Religious Studies, Minor**

**Liberal Arts (Code 411-401)**

1 A maximum of three credits may be counted toward the minor from any combination of RELS 395, RELS 399, RELS 498, and RELS 499, and a maximum of three credits may be counted toward the minor from the combination of RELS 396 and RELS 397.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate basic knowledge of the history, beliefs, practices, and values of the major western and non-western religious traditions.
- Deconstruct uniform conceptions of religious traditions through familiarity with the diversity of religious expression.
- Display empathetic non-judgmental engagement with alternative religious viewpoints.

**World Religions, Certificate**

(Code 411-601)

Advisor: S. Fink (Philosophy and Religious Studies).

The World Religions Certificate is intended for undergraduates outside of the Religious Studies major/minor who desire to enhance their marketability as potential graduate students and employees, whether their career goal is education, business, health care, psychology, music and the arts, the sciences, or the humanities. The World Religions certificate program offers students a foundational understanding of the beliefs, practices, and cultural impact of the world’s major religious traditions that will enable them to negotiate the complex challenges of life in an increasingly interconnected and globalized world. The impact of religions on world events is undeniable, and students pursuing any disciplinary major can benefit greatly from the learning opportunities offered by this certificate program.

Total Credits  15

Note: A maximum of three credits may be applied to both the student’s major and the certificate program. Students cannot pursue the Religious Studies Major and World Religions Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Demonstrate basic knowledge of the history, beliefs, practices, and values of the major western and non-western religious traditions.
• Deconstruct uniform conceptions of religious traditions through familiarity with the diversity of religious expression.
• Display empathetic non-judgmental engagement with alternative religious viewpoints.

Physics and Astronomy
Phillips 230
715-836-3148
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/physics-astronomy/)

Physics, the science of matter and energy, is the study of the deepest mysteries of our universe, ranging from subatomic particles to cosmology. Exploring ideas of space, time, matter, energy, and radiation, it serves as the basis for the physical sciences. Modern society is influenced by physics in countless ways, including recent developments in such fields as laser optics, miniaturized electronics, nuclear energy, and medical instrumentation.

Beyond the earth, astronomy applies the ideas of physics to the study of planets, stars, galaxies and all celestial phenomena within reach of our telescopes. Since the two areas share a vast array of common ideas and knowledge, new discoveries in physics often aid progress in astronomy and vice versa.

Special learning opportunities associated with the department include the Materials Science + Engineering Center (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-engineering/materials-science-engineering-center/), the L.E. Phillips Planetarium, and Hobbs Observatory at the Beaver Creek Reserve (www.beavercreekreserve.org (http://www.beavercreekreserve.org)).

Departmental Honors in Physics
Departmental Honors is a way for a student to experience the thrill of innovative research and discovery in an area of interest within Physics and Astronomy. One of the most significant benefits of Departmental Honors is that it fosters one-on-one interaction between students and professors, which substantially enhances a student’s educational experience and serves as a springboard for excellence in graduate studies or professional employment after graduation.

Eligibility: Complete PHYS 332 and maintain both a resident GPA and a major GPA of at least 3.50.

Procedure: A written application for Departmental Honors in Physics and Astronomy must be approved by the student’s academic advisor, the student’s project advisor, and the chair of the Physics and Astronomy Department.

Requirements:
1. Complete the required courses for one of the three emphases for the Liberal Arts major in Physics.
2. Complete two courses selected from among
   PHYS 367  Astrophysics  3
   PHYS 375  Electromagnetic Fields  4
   PHYS 430  Advanced Laboratory Techniques  2
   PHYS 445  Thermal Physics  4
   PHYS 465  Quantum Mechanics  3
3. Complete a significant scholarly activity and disseminate the results of the activity by completing a written research paper and presenting at an appropriate on-campus or off-campus venue (Physics Thursday, CERCA, Provost’s Honors Symposium, etc.) or making a presentation at a professional meeting or publishing an article in a professional journal. The quality of the activity and dissemination will be evaluated by a three-member faculty panel. Upon approval by the panel, the student will receive the designation of Departmental Honors in Physics and Astronomy on his/her official transcript and a special notation in the graduation ceremony program.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

\(^1\) Certain programs exceed this minimum.
\(^2\) See special requirements in each College.

### Applicability of Credits Toward Graduation

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

#### Liberal Education Core Requirements

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)

Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)

Two (2) learning experiences
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 230-201)

The Liberal Arts emphasis is the traditional physics major, providing preparation for graduate school as well as a broad range of careers in business and industry following completion of the baccalaureate degree.

Sample Degree Plan

Physics, Liberal Arts Emphasis, Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minor  3
Minor  3
Electives  6
TOTAL  31.5-32.5
Minimum total for the baccalaureate degree = 120 credits

- Offered only in fall semesters.
- Offered only in spring semesters.
- Offered only in fall of even numbered years.
- Select from the following: any physics course numbered 325 or higher, including PHYS/MSE 374 and MSE 315, 357, 372, and 451.
- Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level).

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPS might be most beneficial to students, and any recommendations about when those HIPS best fit into the degree plan. Students should also consult their faculty advisor for information on HIPS. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPS like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Physics, Applied Physics Emphasis, Major

Liberal Arts (Code 230-203)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core 36
Academic Concentrations

Grade Point Requirements 2

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21

Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-114 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-114 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory

Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination

Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits

Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits

UW-System no maximum
Other extension/correspondence maximum ¼ of total
**USAFI**

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

Service-Learning ([link](http://catalog.uwec.edu/undergraduate/attribute-sl/#header13)) 30 hours

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of 5 in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the...
student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 230-203)**

This emphasis focuses on physics applications of relevance to industrial and engineering employment environments following completion of the baccalaureate degree.

<td>&amp; CHEM 106</td>
<td>and General Chemistry I Laboratory</td>
</tr>
<tr>
<td>&amp; CHEM 109</td>
<td>and General Chemistry II with Lab</td>
</tr>
</tbody>
</table>

$^1$ Many upper division physics courses require proficiency in Python so PHYS 240 is preferred. If CS 145, CS 163 or CS 170 is taken, Python proficiency will be required prior to enrollment in relevant upper division physics courses. Contact the department to complete the required programming exercise.

NOTE 1: An approved research project must be completed prior to PHYS 486 (see PHYS 486 course description for details)

NOTE 2: A maximum of six credits of any combination of PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

NOTE 3: Limit of 3 credits of PHYS 495 counted toward major.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.
- Communicate verbally, graphically, and in writing the results of theoretical analysis, numerical computations, and laboratory experiments in a clear and concise manner that incorporates the stylistic conventions used by physicists worldwide.
- Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
- Use microcontrollers and electronic sensors to build devices to perform specific tasks.

**Sample Degree Plan**

**Physics, Applied Physics Emphasis, Major, B.S.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by

1. Undergraduate Catalog
2. University of Wisconsin-Eau Claire
3. 2022-2023 Catalog
foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**TOTAL** 26.5

**Minimum total for the baccalaureate degree = 120 credits**

a Offered only in fall semesters.
b Offered only in spring semesters.
c Select from the following: any physics course numbered 325 or higher, including PHYS/MSE 374 and MSE 315, 357, 372, and 451.
d Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level).

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information
• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

| Senior year                                                                         | 30                                                                                  |
| Major, Standard, upper division in residence                                        | 12                                                                                  |
| Major, Comprehensive, upper division in residence                                   | 21                                                                                  |

Certificates

| Certificate                                                                          | 25 percent of credits                                                                      |

Procedures Required for Graduation

1. Obtain admission to the degree program and/or the College offering it.
2. Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following:
- Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory
- Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

- a minimum of 36 credits

**Knowledge Goal**

<table>
<thead>
<tr>
<th>Knowledge Outcome 1 (K1): Natural Sciences (<a href="http://catalog.uwec.edu/undergraduate/attribute-k1/">http://catalog.uwec.edu/undergraduate/attribute-k1/</a>)</th>

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13) 30 hours

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.
Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 230-206)**

This emphasis combines the benefits of a traditional physics degree with those of a formal engineering education. In this program students receive a UW-Eau Claire physics degree in conjunction with a bachelor’s degree in engineering from UW-Madison, UW-Milwaukee, UW-Stout, or the University of Minnesota-Twin Cities.

</tbody>
</table>

or advisor-approved course appropriate for the engineering program

**Complete an engineering degree ²**

¹ Many upper division physics courses require proficiency in Python so PHYS 240 is preferred. If CS 145, CS 163 or CS 170 is taken, Python proficiency will be required prior to enrollment in relevant upper division physics courses. Contact the department to complete the required programming exercise.

² To receive the UW-Eau Claire Dual Degree Engineering Emphasis physics degree, the student must complete an engineering degree from one of the above schools. Students will typically complete most of the UW-Eau Claire Liberal Education Core and Dual Degree physics requirements while at UW-Eau Claire before transferring to the engineering school. Students must complete 84 semester credits before transferring to the engineering school, 56 of which must be taken in residency at UW-Eau Claire, with a minimum of 12 upper-division credits of physics and a minimum of six credits of mathematics taken at UW-Eau Claire.

**NOTE 1:** The UW-Eau Claire physics degree will not be awarded until an official copy of the student’s engineering degree has been sent to UW-Eau Claire’s Registrar’s Office. If the engineering degree is not completed, then students must satisfy all of the requirements for another degree program at UW-Eau Claire.

**NOTE 2:** A maximum of six credits of any combination of PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

**NOTE 3:** Limit of 3 credits of PHYS 495 counted toward major.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.
- Communicate verbally, graphically, and in writing the results of theoretical analysis, numerical computations, and laboratory experiments in a clear and concise manner that incorporates the stylistic conventions used by physicists worldwide.
• Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
• Model mechanical systems and solve problems using differential quantities.
• Demonstrate basic engineering abilities by completing an ABET accredited bachelor’s degree in an engineering discipline.

Sample Degree Plan

Physics, Dual Degree Engineering Emphasis, Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

TOTAL 35

Minimum total for the baccalaureate degree = 120 credits

Notes

• The Dual Degree Emphasis is for students who wish to obtain a physics degree at UWEC and an engineering degree at one of our partner institutions. This plan outlines a path to complete the UWEC portion of the dual degree in three years.
• Each minor has its own requirements beyond the number of credits, and it is the student’s responsibility to investigate those and to be sure to have fulfilled those requirements. This plan assumes a minor in Mathematics.
• The additional credits needed to satisfy the 36 credit minimum for the UWEC Physics major can be satisfied by engineering courses that transfer as 300 level physics courses or above or by UWEC major courses and electives. 300 level or above engineering courses will be considered individually as 300 level physics electives by the UWEC Physics Department Chair.
Students need to be aware of the degree requirements of the institution they plan to transfer to for the engineering degree. That institution will have their own degree requirements. Courses taken at UWEC can be used to meet those requirements but it requires careful planning. Students should consult with their academic and faculty advisors regarding their academic plan at least once every semester.

Students should try to satisfy the Service Learning Requirement while at UW-Eau Claire (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- **S1, R2** – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- **S2** – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- **S3** – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- **I1** – Any semester long study abroad program can fulfill one I1 experience.

**Physics, Minor - Liberal Arts**

**Liberal Arts (Code 230-401)**

1 Except PHYS 100, PHYS 211, and PHYS 212

It is recommended that students minorizing in physics consult the chair of the Department of Physics and Astronomy while planning a program.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Quantitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.
**LABVIEW, Certificate**

(Code 230-601)

For advising, contact the Physics and Astronomy Department.

The **LabVIEW Certificate Program** provides UW-Eau Claire students and engineers in local and regional industry with an in-depth understanding of the computer interfacing and data acquisition software package called LabVIEW. LabVIEW has become an industry standard in this technical area. LabVIEW provides an extensive environment in which a scientist or engineer can accomplish a variety of instrument control, data collection and data processing tasks. The UW-Eau Claire LabVIEW Certificate program has also been designed to provide students with the skills and experiences required to pass the first two levels of professional LabVIEW programming certification offered by National Instruments, which is required for many industry positions that involve LabVIEW programming.

The academic goals of the LabVIEW Certificate Program are:

1. to provide students with a working knowledge of electronics which they will get from PHYS 350 and PHYS 360;
2. an understanding of the basics of computer interfacing principles which they get from PHYS 360 and the three LabVIEW courses;
3. an in-depth knowledge of the LabVIEW programming environment which they get from the three LabVIEW courses; and
4. an introduction to Field Programmable Gate Arrays (a revolutionary new technology) which they get from the last LabVIEW cRIO course.

To be admitted to the program, UW-Eau Claire students must have completed PHYS 232 with a grade of C or better and be currently enrolled in PHYS 350. Special students must have completed at least 8 credits of electrical engineering coursework equivalent to that in PHYS 350 and PHYS 360.

**Total Credits** 13

Note: Students cannot pursue the Physics Major and LabVIEW Certificate to meet graduation requirements for completing a first and second degree program.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate a working knowledge of electrical circuits and electronics.
- Demonstrate an understanding of the basics of computer interfacing principles.
- Demonstrate an in-depth knowledge of the LabVIEW programming environment.
- Demonstrate familiarity of an introduction to Field Programmable Gate Arrays.

---

**Political Science**

Hibbard Humanities Hall 401 715-836-5744  
Department Website ([https://www.uwec.edu/academics/college-arts-sciences/departments-programs/political-science/](https://www.uwec.edu/academics/college-arts-sciences/departments-programs/political-science/))

Political Science examines various systems of government within and among nation-states and the principles on which they are based. It familiarizes the student with political concepts and issues, their historical backgrounds, and their relevance to the cultural systems in which they arise. The study of political science provides methods for analyzing political issues and the policies designed to address them.

**Honor Societies and Student Organizations:**

**Pi Sigma Alpha,** the national honor society, promotes student interest in political science and sponsors forums on current political topics and workshops on applying to and attending graduate school and law school. The honor society accepts qualified students each fall and spring semester for membership, based on political science coursework and academic standing. Contact the faculty adviser in the department for further details.

**Model United Nations Club (MUNC)** is a student organization whose primary purpose is to educate its members and the student body about the United Nations and its activities. The organization is open to all students interested in global affairs and the UN. MUNC members attend two United Nations mock conferences each year and participate in a number of other group activities.

**Pre-Law Club** is a student organization whose primary purpose is to inform its members of the various aspects of the legal profession. The organization is open to all students from various academic majors who are considering attending law school and share an interest in the legal profession. The organization sponsors speakers from various law-related occupations, organizes trips to law schools and law school fairs, and provides practice tests for the Law School Admission Test.

**The Society of Politics** is open to all students with an interest in politics and political science. The Society functions as both a social and professional organization for students to help them make connections and broaden the scope of their political knowledge. The Society hosts several events during the year, including a fall picnic, roundtables, and forums for the students and political science faculty to meet and discuss important issues.

**Mock Trial Team** is an academic competition in which teams prepare both sides of a hypothetical legal case to present to a panel of judges. This academic competition builds one’s logical reasoning, analytical reasoning, and persuasive oratory skills. Mock Trial is an excellent educational experience for students who plan to attend law school, work in law enforcement, or be an expert witness in court, as well as those who want to learn more about how the judicial system operates.

**Departmental Honors Program in Political Science**

**Eligibility:** Majors with resident and total GPAs of 3.50 or higher overall and in Political Science, and the consent of the department. Senior standing is required. By the end of the second semester of the junior year, students must notify the department of their intent to seek departmental honors.

**Requirements:** Comprehensive written examination taken at the end of the first semester of the senior year; senior thesis written during the second semester of
the senior year. Students must register for POLS 496, during the semester that they write the thesis.

**Majors**
- Comprehensive Major: Political Science, Legal Studies Emphasis, Liberal Arts - B.A./B.S.  
- Comprehensive Major: Political Science, World Politics Emphasis, Liberal Arts - B.A./B.S.  
- Major: Political Science, Liberal Arts - B.A./B.S.

**Minors**
- Minor: Political Science, Liberal Arts

**Certificates**
- Certificate: Campaign Consulting  
- Certificate: International Affairs  
- Certificate: Legal Studies

**Campaign Consulting, Certificate**
*(Code 420-601)*

The **Certificate in Campaign Consulting** is designed for the student seeking an opportunity to learn the skills of campaign organization and management. Students develop campaign skills including organization of workers, marketing of candidates, issue development, use of media, and campaign finance. The certificate in Campaign Consulting is the only university course of study providing training and experience in local elections.

Currently enrolled degree-seeking students are eligible to complete a certificate in Campaign Consulting.

**Total Credits** 18

NOTE: Students cannot pursue the Political Science Major and Campaign Consulting Certificate to meet graduation requirements for completing a first and second degree program.

All of these courses are regularly offered in the department.

Students seeking a certificate in Campaign Consulting will be assigned an advisor within the Department of Political Science.

**Program Learning Outcomes**
Students completing this program will be expected to meet the following learning outcomes:
- Communication Skills: Political Science students will be able to write and speak effectively.
- Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- Knowledge of American Politics: Political Science students will analyze political behavior, institutions, and law or policy.
- Civic Responsibility: Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.

**International Affairs, Certificate**
*(Code 420-602)*

The **Certificate in International Affairs** is designed for those students interested in global awareness, cultural and political diversity, and economic globalization. A certificate in International Affairs will indicate that a student has undergraduate level awareness of global concepts, basic issues, terminology, structures, and perspectives. The certificate in International Affairs provides knowledge and skills that will help prepare students for employment in a global political economy, as well as familiarize them with specializations, concepts, jargon, and methods for graduate concentrations in various aspects of world politics.

Currently enrolled degree-seeking students are eligible to complete a certificate in International Affairs. This certificate is not intended for political science comprehensive majors with a world politics emphasis.

approach to the study of law and is not intended to provide the kind of clerical
arenas that teach law. The certificate in Legal Studies provides a liberal arts
skill in participating in Socratic dialogue as practiced in law schools and other
coursework in legal studies, develop skill in preparing legal briefs, and develop
of coursework in law. Students will be given the opportunity to concentrate

The Legal Studies, Certificate
(Code 420-603)

The Certificate in Legal Studies is designed for those students interested in
courts. Students completing this program will be expected to meet the following
learning outcomes:

• Communication Skills: Political Science students will be able to write and
  speak effectively.
• Research Skills: Political Science students will be able to construct research
  questions and use appropriate sources and methods to answer them.
• Knowledge of American Politics: Political Science students will analyze
  political behavior, institutions, and law or policy.
• Knowledge of Political Theory: Political Science students will analyze core
  intellectual traditions in political thought and apply to political issues.
• Knowledge of International Relations: Political Science students will
  analyze the behavior of international actors and the nature of their
  interactions.
• Knowledge of Comparative Politics: Political Science students will analyze
  the political systems of states.
• Civic Responsibility: Political Science students will demonstrate sense of
  responsibility necessary to become constructive global citizens.
• Integration: Political Science students will connect academic knowledge to
  their own experiences and make connections across disciplines.
• Knowledge of World Politics Theory: Political Science students will
  analyze the competing theoretical explanations for state and non-state
  actor behavior, international conflict, and international cooperation.
• Knowledge of World Political Economy: Political Science students will
  analyze the competing theoretical explanations for global political-economic
  relations and the principal causes and solutions for global economic inequalities and underdevelopment.

Currently enrolled degree-seeking students are eligible to complete a
certificate in Legal Studies. This certificate is not intended for political science
comprehensive majors with a legal studies emphasis.

• Integration: Political Science students will connect academic knowledge to
  their own experiences and make connections across disciplines.
• Knowledge of Constitutional Law and Legal Arguments: Political Science, Legal Studies students will analyze U.S. Supreme Court cases and contending legal arguments.

**Political Science, Legal Studies Emphasis, Comprehensive Major**

**Liberal Arts (Code 420-001)**

**University Requirements**

**GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE**

**Credit Requirements**

- Minimum total for graduation: 120
- Upper division credits (courses numbered 300 and higher): 39
- Liberal Education Core: 36

**Academic Concentrations**

**Grade Point Requirements**

- Total: 2.00 average
- Resident: 2.00 average
- Major: 2.00 average
- Minor: 2.00 average
- Certificate: 2.00 average

**University Residency Requirements**

- Minimum total: 30
- Senior year: 23
- Major, Standard, upper division in residence: 12
- Major, Comprehensive, upper division in residence: 21
- Certificate: 25 percent of credits

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

---

1 Certain programs exceed this minimum.
2 See special requirements in each College.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### College Degree Requirements

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.).**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of three ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.).**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.
# Major Requirements

## Liberal Arts (Code 420-001)

A comprehensive major in Political Science combines political science with courses in other disciplines. Students choose either the Legal Studies emphasis or the World Politics emphasis.

The Legal Studies emphasis provides an emphasis in legal studies for those students interested in law school, paralegal studies, and law and society.

Total Credits 60
Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Communication Skills: Political Science students will be able to write and speak effectively.
- Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- Knowledge of American Politics: Political Science students will analyze political behavior, institutions, and law or policy.
- Knowledge of Political Theory: Political Science students will analyze core intellectual traditions in political thought and apply to political issues.
- Knowledge of International Relations: Political Science students will analyze the behavior of international actors and the nature of their interactions.
- Knowledge of Comparative Politics: Political Science students will analyze the political systems of states.
- Civic Responsibility: Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.
- Integration: Political Science students will connect academic knowledge to their own experiences and make connections across disciplines.
- Knowledge of Constitutional Law and Legal Arguments: Political Science, Legal Studies students will analyze U.S. Supreme Court cases and contending legal arguments.

Sample Degree Plans

Political Science, Legal Studies Emphasis, Comprehensive Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [undergraduate/graduation-requirements/#header1](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

FOURTH YEAR - SECOND SEMESTER
POLS 480  Political Science Capstone (LE-I1)  3
TOTAL FOURTH YEAR  30

Minimum total for the baccalaureate degree = 120 credits

a Electives from other disciplines are required for the Legal Studies Emphasis.
Choose a total of 15 credits from the following: ACCT 201, 201, ANTH 422, CJ 202, 414, CRIMJ 319, 342, ECON 103, 104, 303, 304, 311, 316, 321, ENGL 201, HIST 114, 115, PHIL 120, 150, 310.
b Two courses in Political Theory grouping. See Information for Political Science Majors and Minors for a list of the appropriate courses.
c In addition to minimum requirements in each of the groupings, two courses must be taken from any of the four groupings. These two courses do not need to be from the same grouping.
d One course in International Relations grouping See Information for Political Science Majors and Minors for a list of the appropriate courses.
e Two courses in Comparative Government grouping. See Information for Political Science Majors and Minors for a list of the appropriate courses.

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

The Political Science Department encourages our majors to consider all of the available High Impact Practices. The most common ones among our majors are internships, study abroad programs, and collaborative research opportunities.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits of any activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

NOTE: All majors should take POLS 290 before taking any 300 level courses.

Students are strongly encouraged to develop a 15-credit topical theme as a part of their major course of study. Recommended themes include:

American Political Development Theme

Core: POLS 305 and POLS 312

Electives: POLS 250/AIS 250, POLS 301, POLS 330, POLS 338, POLS 340, POLS 341, POLS 342, POLS 343, POLS 344, POLS 346, POLS 350, POLS 351, POLS 403

Constitutional Studies Theme

Core: POLS 305 and at least two of the following: POLS 403, POLS 404, POLS 405, POLS 406

Electives: POLS 301, POLS 310, POLS 312, POLS 330, POLS 338, POLS 340, POLS 350, POLS 351, POLS 353

Electoral Politics Theme

Core: POLS 341 and POLS 260

Electives: POLS 301, POLS 310, POLS 312, POLS 321, POLS 322, POLS 327, POLS 340, POLS 342, POLS 344, POLS 350, POLS 404

Global Conflict Resolution Theme

Core: POLS 332 and POLS 335

Electives: POLS 311, POLS 321, POLS 323, POLS 325, POLS 327, POLS 330, POLS 331, POLS 334, POLS 336

Global Diversity Theme

Core: POLS 260 and POLS 390

Electives: POLS 319, POLS 321, POLS 322, POLS 324, POLS 325, POLS 327, POLS 336

Global Human Rights Theme

Core: POLS 332

Electives: POLS 260, POLS 309, POLS 311, POLS 319, POLS 321, POLS 322, POLS 324, POLS 325, POLS 327, POLS 331, POLS 334, POLS 336, POLS 350

Representation & Action Theme

Electives: POLS 260, POLS 309, POLS 311, POLS 319, POLS 321, POLS 322, POLS 324, POLS 325, POLS 327, POLS 331, POLS 334, POLS 336, POLS 350
Core: POLS 311 and POLS 325

Electives: POLS 301, POLS 331, POLS 340, POLS 341, POLS 342, POLS 344, POLS 346, POLS 350, POLS 351, POLS 353, POLS 390, POLS 404

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Communication Skills: Political Science students will be able to write and speak effectively.
- Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- Knowledge of American Politics: Political Science students will analyze political behavior, institutions, and law or policy.
- Knowledge of Political Theory: Political Science students will analyze core intellectual traditions in political thought and apply to political issues.
- Knowledge of International Relations: Political Science students will analyze the behavior of international actors and the nature of their interactions.
- Knowledge of Comparative Politics: Political Science students will analyze the political systems of states.
- Civic Responsibility: Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.
- Integration: Political Science students will connect academic knowledge to their own experiences and make connections across disciplines.

Sample Degree Plan

Political Science, Major - Liberal Arts, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.
**Elective**  
3  
**LE Option**  
3  
**Elective**  
3  
**Elective**  
3  
**TOTAL**  
27

**Minimum total for the baccalaureate degree = 120 credits**

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**Recommended Topical Themes**

Students are strongly encouraged to develop a 15-credit topical theme as a part of their major course of study. Recommended themes include:

**American Political Development Theme**
Core:POLs#30 & POLs#312  
Electives:POLs#259AIS & 25P & POLs#30 & POLs#33 & POLs#34 & POLs#34 & POLs#35 & POLs#403  
**Constitutional Studies Theme**
Core:POLs#30 & at least two of the following:POLs#40 & POLs#40 & POLs#406  
Electives:POLs#30 & POLs#31 & POLs#33 & POLs#34 & POLs#35 & POLs#353  
**Electoral Politics Theme**
Core:POLs#34 & POLs#260  
Electives:POLs#30 & POLs#31 & POLs#32 & POLs#32 & POLs#34 & POLs#34 & POLs#35  
**Global Conflict Resolution Theme**
Core:POLs#33 & POLs#335  
Electives:POLs#26 & POLs#31 & POLs#32 & POLs#32 & POLs#33 & POLs#33 & POLs#35 & POLs#35  
**Global Diversity Theme**
Core:POLs#26 & POLs#390  
Electives:POLs#26 & POLs#31 & POLs#32 & POLs#32 & POLs#32 & POLs#32 & POLs#35 & POLs#36  
**Global Human Rights Theme**
Core:POLs#26 & POLs#33 & POLs#332  
Electives:POLs#26 & POLs#30 & POLs#31 & POLs#32 & POLs#32 & POLs#32 & POLs#32 & POLs#33 & POLs#33 & POLs#35  
**Representation & Action Theme**
Core:POLs#31 & POLs#325  
Electives:POLs#26 & POLs#30 & POLs#31 & POLs#31 & POLs#31 & POLs#31 & POLs#31 & POLs#31 & POLs#31 & POLs#34  
**Additional LE Core Information**

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.

**Recommended for High Impact Practices (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire. The Political Science Department encourages our majors to consider all of the available High Impact Practices. The most common ones among our majors are internships, study abroad programs, and collaborative research opportunities.

**Political Science, Minor - Liberal Arts**

**Liberal Arts (Code 420-401)**
Twenty-four semester credits including:

- **POLS 110** American National Politics 3
- **POLS 122** Introduction to World Politics 3

**Electives:**

- At least one course at the 300-400 level in each of the four course groupings defined below
- At least 18 credits must be taken at the 200 level or above 18

### Information for Political Science Majors and Minors

Political Science courses at the 200 level and above are classified into the following four course groupings:

#### American Politics

- **POLS 217** Freedom of Speech 3
- **POLS 301** State and Local Politics 3
- **POLS 305** Survey of U.S. Constitutional Principles 3
- **POLS 338** Judicial Politics 3
- **POLS 340** Congress and the Presidency 3
- **POLS 341** Political Parties, Elections, and Voting 3
- **POLS 342** Public Opinion and Political Behavior 3
- **POLS 343** Public Administration 3
- **POLS 344** Media and Politics 3
- **POLS 345** Film and Politics 3
- **POLS 346** Public Policy in the United States 3
- **POLS 350** Group and Minority Politics 3
- **POLS 353** Afro-American Politics 3
- **POLS 403** U.S. Constitutional Principles - Powers of Government 3
- **POLS 404** U.S. Constitutional Principles - Civil Liberties 3
- **POLS 405** U.S. Constitutional Principles - Due Process and Criminal Law 3
- **POLS 406** U.S. Constitutional Principles - Equality and Privacy 3
- **POLS/AIS 250** American Indian Politics 3
- **POLS/WGSS 351** Women and Politics 3

#### International Relations

- **POLS 325** Model United Nations 3
- **POLS 330** U.S. Foreign Policy 3
- **POLS 331** International Organization and Law 3
- **POLS 332** International Conflict 3
- **POLS 334** International Political Economy 3
- **POLS 335** International Relations Theory 3
- **POLS 336** Arab-Israeli Conflict 3

#### Comparative Government

- **POLS 260** Introduction to Comparative Politics 3
- **POLS 321** Politics of the Middle East 3
- **POLS 322** Politics of Russia 3
- **POLS 323** Politics of Eastern Europe 3
- **POLS 324** Politics of Asia 3
- **POLS 327** Politics of Continental Europe 3
- **POLS 329** Political Violence 3

- **POLS/WGSS 352** Gender and Politics in Global Perspective 3
- **POLS 390** Culture and Politics 3
- **POLS/LAS 319** Politics of Latin America 3

### Political Science Theory

- **POLS 309** Classical Political Thought 3
- **POLS 310** Modern Political Thought 3
- **POLS 311** Contemporary Political Thought 3
- **POLS 312** American Political Thought 3
- **POLS 314** The Idea of Tolerance in the Western Political Tradition 3

**NOTE:** All majors should take **POLS 290** before taking any 300 level courses.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Communication Skills: Political Science students will be able to write and speak effectively.
- Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- Knowledge of American Politics: Political Science students will analyze political behavior, institutions, and law or policy.
- Knowledge of Political Theory: Political Science students will analyze core intellectual traditions in political thought and apply to political issues.
- Knowledge of International Relations: Political Science students will analyze the behavior of international actors and the nature of their interactions.
- Knowledge of Comparative Politics: Political Science students will analyze the political systems of states.
- Civic Responsibility: Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.
- Integration: Political Science students will connect academic knowledge to their own experiences and make connections across disciplines.

### Political Science, World Politics Emphasis, Comprehensive Major

**Liberal Arts (Code 420-002)**

</tr>
</tbody>
</table>

**University Residency Requirements**

¹ Minimum total for graduation: 120 credits including 39 upper division credits.
² Grade point requirements: 2.00 average for total, resident, major and minor, and certificate.

---

**Undergraduate Catalog | 487**
Minimum total credits: 30
Senior year credits: 23
Major, Standard, upper division in residence credits: 12
Major, Comprehensive, upper division in residence credits: 21
Certificate credits: 25 percent of total credits.

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

## Applicability of Credits Toward Graduation

### Junior College or Two-Year College Credits
A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

### Extension Credits
Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

### WTCS Credits
A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

### USAFI Credit
UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

### Activity Credit (band, chorus, drama, KINS 100-184 courses)
Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

### Other Restricted Credits
For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

## Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### Liberal Education Core Requirements
A minimum of 36 credits

#### Knowledge Goal

**Knowledge Outcome 1 (K1): Natural Sciences** (http://catalog.uwec.edu/undergraduate/attribute-k1/)

- Two (2) learning experiences

**Knowledge Outcome 2 (K2): Social Sciences** (http://catalog.uwec.edu/undergraduate/attribute-k2/)

- Two (2) learning experiences

**Knowledge Outcome 3 (K3): Humanities** (http://catalog.uwec.edu/undergraduate/attribute-k3/)

- Two (2) learning experiences

**Knowledge Outcome 4 (K4): Fine Arts** (http://catalog.uwec.edu/undergraduate/attribute-k4/)

- One (1) learning experience

#### Skills Goal

**Skills Outcome 1 (S1): Written and Oral Communication** (http://catalog.uwec.edu/undergraduate/attribute-s1/)

- Two (2) learning experiences
College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 420-002)

A comprehensive major in Political Science combines political science with courses in other disciplines. Students choose either the Legal Studies emphasis or the World Politics emphasis.

The World Politics emphasis provides an emphasis for students interested in graduate work or employment in world affairs, international relations, and comparative government.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:
• Communication Skills: Political Science students will be able to write and speak effectively.
• Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
• Knowledge of American Politics: Political Science students will analyze political behavior, institutions, and law or policy.
• Knowledge of Political Theory: Political Science students will analyze core intellectual traditions in political thought and apply to political issues.
• Knowledge of International Relations: Political Science students will analyze the behavior of international actors and the nature of their interactions.
• Knowledge of Comparative Politics: Political Science students will analyze the political systems of states.
• Civic Responsibility: Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.
• Integration: Political Science students will connect academic knowledge to their own experiences and make connections across disciplines.
• Knowledge of World Politics Theory: Political Science students will analyze the contending theoretical explanations for state and non-state actor behavior, international conflict, and international cooperation.
• Knowledge of World Political Economy: Political Science students will analyze the contending theoretical explanations for global political-economic relations and the principal causes and solutions for global economic inequalities and underdevelopment.

Sample Degree Plan
Political Science, World Politics Emphasis, Comprehensive Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S1, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

LE Core.
The LE Core comprises 17 learning experiences across 11 learning outcomes.

Liberal Education Core (LE Core)

Liberal Education (LE) Core Guidance available High Impact Practices. The most common ones among our majors are Immersion. Talk to your academic advisor for information on HIPs. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire. The Political Science Department encourages our majors to consider all of the available High Impact Practices. The most common ones among our majors are internships, study abroad programs, and collaborative research opportunities.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Psychology

Hibbard Humanities Hall 277
715-836-5733

Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/psychology/)

Psychology is the scientific investigation of mental processes (thinking, remembering, feeling, etc.) and behavior. Psychology lies in the center of the academic pursuits of the university because of its strong connections with other scholarly areas. Psychology is not only an academic discipline,
also a profession. There are both academic psychologists, who engage in teaching and research, and practicing psychologists, who apply psychological knowledge in clinics, businesses, and other settings.

The Psychology Department has adopted the American Psychological Association (2013) learning goals for the major and minor.

Goal 1: Knowledge Base in Psychology
Goal 2: Scientific Inquiry and Critical Thinking
Goal 3: Ethical and Social Responsibility in a Diverse World
Goal 4: Communication
Goal 5: Professional Development

Credit for PSYC 100, PSYC 230, and PSYC 260 can be awarded through CLEP examinations. Credit for PSYC 100 and Statistics (MATH 246/PSYC 265) can be awarded through AP examinations.

Majors
- Major: Psychology, Liberal Arts - B.A./B.S.
- Major: Psychology, Behavior Analysis Emphasis, Liberal Arts - B.A./B.S.
- Comprehensive Major: Neuroscience, Liberal Arts - B.A./B.S. (College of Arts and Sciences Interdisciplinary Major)

Minors
- Minor: Psychology, Liberal Arts

Psychology, Behavior Analysis, Major
Liberal Arts (Code 440-202)

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory
Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements.
for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**
Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 440-202)**
Recommended for students who are interested in becoming a behavioral services provider for individuals afflicted with autism, developmental disabilities, head injuries, and substance-abuse disorders. This major also provides essential preparation for students who are interested in attending graduate school for more advanced training.

**Sample Degree Plans**

**Psychology, Behavior Analysis, Major, B.A.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-

Remaining credits to total 36 selected from any psychology courses

1. No credit may be earned toward completion of the major under the Satisfactory/Unsatisfactory option.
2. Enrollment in PSYC 480 will be 3-6 credits per term depending on the Internship.
3. A maximum of seven credits earned in PSYC 291 and PSYC 491 may count toward the major.
I to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**TOTAL** 30-32

Minimum total for the baccalaureate degree = **120 credits**

a Enrollment in PSYC 480 (Internship in Behavior Analysis) will be 3-6 credits per term depending on the Internship. The Service Learning requirement can be completed through the PSYC 480 internship.

b Major Electives include: PSYC 302 (Principles of Learning), PSYC 377 (Psychopharmacology), PSYC 396 (Research Apprentice in Psychology), and PSYC 397 (Student Academic Apprentice in Psychology). PSyc 397 (Academic Apprentice in Psychology) would fit well in this semester.

c For PSYC 396 or PSYC 397 credits to count toward the Behavior Analysis major, PSYC 396 must be behavior analytic research and PSYC 397 credit must be earned by serving as a Student Academic Apprentice for a Behavior Analysis course (e.g., PSYC 281, PSYC 390).

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific
recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Internships: Students will complete a 9-credit Internship and will speak with a behavior analytic faculty member to identify the internship experience that best matches the student’s interests. PSYC 480 (Internship in Behavior Analysis) credits will be arranged with the assistance of the supervising faculty member. Students complete the Internship over two or three semesters, enrolling in no more than 6-credits of Internship per semester. Completing PSYC 390 with a B or above is a prerequisite to Internship enrollment.
- Research: Students are encouraged to explore collaborative research experiences with Psychology faculty. PSYC 396 (Research Apprentice in Psychology) credits can be earned for this experience.
- Student Academic Apprenticeships: Students have the option of serving as a Student Academic Apprentice for a course which they have previously completed and typically earned an A or better in. PSYC 397 (Student Academic Apprentice) credits can be earned for this experience.
- Study Abroad and/or Immersion: Psychology majors may consider a Study Abroad or National Student Exchange experience (for 1-2 semesters), and/or shorter Immersion Trips. It is recommended that Psychology majors who plan to Study Abroad for an entire semester or more do so in their second year, though Study Abroad is still possible after the second year.

Psychology, Behavior Analysis, Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Internships: Students will complete a 9-credit Internship and will speak with a behavior analytic faculty member to identify the internship experience that best matches the student’s interests. PSYC 480 (Internship in Behavior Analysis) credits will be arranged with the assistance of the supervising faculty member. Students complete the Internship over two or three semesters, enrolling in no more than 6-credits of Internship per semester. Completing PSYC 390 with a B or above is a prerequisite to Internship enrollment.

- Research: Students are encouraged to explore collaborative research experiences with Psychology faculty. PSYC 396 (Research Apprentice in Psychology) credits can be earned for this experience.

- Student Academic Apprenticehips: Students have the option of serving as a Student Academic Apprentice for a course which they have previously completed and typically earned an A or better in. PSYC 397 (Student Academic Apprentice) credits can be earned for this experience.

- Study Abroad and/or Immersion: Psychology majors may consider a Study Abroad or National Student Exchange experience (for 1-2 semesters), and/or shorter Immersion Trips. It is recommended that Psychology majors who plan to Study Abroad for an entire semester or more do so in their second year, though Study Abroad is still possible after the second year.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Psychology, Major
Liberal Arts (Code 440-201)

University Requirements

Certificate 2.00 average

University Residency Requirements
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/Public/Employees/HRMS/CA/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses.

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit

1 Certain programs exceed this minimum.
2 See special requirements in each College.
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 440-201)

The psychology major develops knowledge, skills, and values consistent with a liberal arts education. Recommended for students who are interested in pursuing advanced degrees in psychology or other related disciplines. Students who complete the major are also well prepared to pursue a variety of careers immediately following graduation.

<table>

</table>

At least one course in each of the four core domains; at least two core domains must include an upper-division course for this requirement:

Biological

- IDIS 125: Brain: Introduction to Neuroscience
- PSYC 363: Psychology of Addictions
- PSYC 375: Behavioral and Clinical Neuroscience
- PSYC 376: Psychology of Perception
- PSYC 377: Psychopharmacology

Developmental

- PSYC 230: Human Development
- PSYC 331: Child Psychology
- PSYC 332: Psychology of Adolescence
- PSYC 333: Psychology of Adulthood and Aging
- PSYC 435: Theories and Research in Developmental Psychology

Learning and Cognition

- PSYC 260: Educational Psychology
- PSYC 281: Introduction to Behavior Analysis and Therapy

Required courses for the major include:

- PSYC 100: Introduction to Psychology
- PSYC 101: Psychology as a Discipline and a Profession
- MATH 111, MATH 112, or MATH 113: Mathematics Competency
- Remaining credits to total 36 selected from any Psychology courses. RELS 315 also may be counted toward the 36 credits for the major.

Sample Degree Plans

Psychology, Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe key concepts, principles, and overarching themes in psychology.
- Use scientific reasoning to interpret psychological phenomena.
- Apply ethical standards to evaluate psychological science and practice.
- Understand how privilege, power, and oppression produces prejudice, discrimination, and inequity.
- Communicate effectively in a variety of formats (oral, written, technological).
- Attend to and monitor the quality of their self-regulatory processes (e.g., thought, behavioral, and/or emotional regulation).
- Formulate career plans based on accurate self-assessment of abilities, motivation, and personal demeanor.

1. At least 18 credits from 300- and 400-level courses are required for the major.
2. A maximum of nine credits earned in PSYC 395, PSYC 396, PSYC 397, PSYC 399, and PSYC 499 may count toward the major.
3. Completion of core domain requirements may be satisfied by enrollment in selected offerings of PSYC 395, PSYC 396, PSYC 399, PSYC 491, and PSYC 499 with departmental approval.
4. No credit may be earned under the Satisfactory/Unsatisfactory option for any of the requirements listed below.
5. A maximum of seven credits earned in PSYC 291 and PSYC 491 may count toward the major.
in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S1, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**TOTAL** 29-31

**Minimum total for the baccalaureate degree = 120 credits**

a. Psyc 397 (Academic Apprentice in Psychology) would fit well in this semester.

b. PSYC 396 (Research Apprentice in Psychology) could be taken this semester. PSYC 396 can be taken for repeated credit as research experiences may last longer than a semester.

c. Many students who complete an internship do so in their fourth year. PSYC 498 (Internship in Psychology) credits could be earned during this semester.

d. The PSYC 401 Big Issues Capstone is taken in a student’s final semester. At least 9 credits of upper-division Psychology courses must be completed before enrolling in PSYC 401.

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see [here](https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/)).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs...
might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Internships: Students are encouraged to speak with an advisor to identify an internship experience that matches the student’s interests. PSYC 498 (Internship in Psychology) credits can be arranged with the assistance of a faculty member.
- Research: Students are encouraged to explore collaborative research experiences with Psychology faculty. PSYC 396 (Research Apprentice in Psychology) credits can be earned for this experience.
- Student Academic Apprenticeships: Students have the option of serving as a Student Academic Apprentice for a course which they have previously completed and typically earned a B or better in. PSYC 397 (Student Academic Apprentice) credits can be earned for this experience.
- Study Abroad and/or Immersion: Psychology majors may consider a Study Abroad or National Student Exchange experience (for 1-2 semesters), and/or shorter Immersion Trips. It is recommended that Psychology majors who plan to Study Abroad for an entire semester or more do so in their second year, though Study Abroad is still possible after the second year. See Your Major + Study Abroad (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-A553-SAF9-7A625856C21266F) for listings of psychology courses offered abroad.

Psychology, Major, B.S.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/)here (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Undergraduate Catalog | 303
**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/).<ref>

• Internships: Students are encouraged to speak with an advisor to identify an internship experience that matches the student’s interests. PSYC 498 (Internship in Psychology) credits can be arranged with the assistance of a faculty member.

• Research: Students are encouraged to explore collaborative research experiences with Psychology faculty. PSYC 396 (Research Apprentice in Psychology) credits can be earned for this experience.

• Student Academic Apprenticeships: Students have the option of serving as a Student Academic Apprentice for a course which they have previously completed and typically earned a B or better in. PSYC 397 (Student Academic Apprentice) credits can be earned for this experience.

• Study Abroad and/or Immersion: Psychology majors may consider a Study Abroad or National Student Exchange experience (for 1-2 semesters), and/or shorter Immersion Trips. It is recommended that Psychology majors who plan to Study Abroad for an entire semester or more do so in their second year, though Study Abroad is still possible after the second year. See Your Major + Study Abroad (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-A555-SAF9-7AA625856C21266F) for listings of psychology courses offered abroad.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).

• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).

• K3 – Humanities; two experiences.

• K4 – Fine Arts; one experience.

• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System requirement for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

---

**Minimum total for the baccalaureate degree = 120 credits**

a. PSYC 397 (Academic Apprentice in Psychology) would fit well in this semester.

b. PSYC 396 (Research Apprentice in Psychology) could be taken this semester. PSYC 396 can be taken for repeated credit as research experiences may last longer than a semester.

c. Many students who complete an internship do so in their fourth year. PSYC 498 (Internship in Psychology) credits could be earned during this semester.

d. The PSYC 401 Big Issues Capstone is taken in a student’s final semester. At least 9 credits of upper-division Psychology courses must be completed before enrolling in PSYC 401.

---

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).
Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Remaining credits to total 24 selected from any Psychology courses, IDIS 125 and RELS 315 also may be counted toward the 24 credits for the minor.

1. At least 6 credits from 300- and 400-level courses are required for the minor.
2. A maximum of 3 credits from PSYC 395, PSYC 396, PSYC 397, PSYC 399, and PSYC 499 may count toward the minor.
3. No credit may be earned under the Satisfactory/ Unsatisfactory option for any of the requirements listed above.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Describe key concepts, principles, and overarching themes in psychology
• Use scientific reasoning to interpret psychological phenomena
• Apply ethical standards to evaluate psychological science and practice
• Understand how privilege, power, and oppression produces prejudice, discrimination, and inequity
• Communicate effectively in a variety of formats (oral, written, technological)
• Attend to and monitor the quality of their self-regulatory processes (e.g., thought, behavioral, and/or emotional regulation)
Environmentally-themed comprehensive majors are also available in other departments, including Ecology and Environmental Biology Emphasis (Code 080-001), Environmental Geography (Code 140-007), and Geology Environmental Science Emphasis (Code 160-011). Students wishing for a broader understanding of Environmental Studies can also seek to develop a program of study in the Liberal Studies Comprehensive Major (Code 370-001).

Mission
We work collaboratively to build healthy, just, and sustainable human and ecological communities.

Values
We accomplish this mission through the application of the following principles in all we do:

- We collaborate across the campus and within the community, involving a broad range of interdisciplinary perspectives.
- Our efforts are centered on our students and their development.
- Both students and faculty are encouraged to be bold in how we teach and learn.
- We focus on imparting skills for life and career.
- Our program is distinctive—accomplishing our mission in innovative ways.
- We seek to be engaged in the world with our studies.
- At the same time, we are place-centered, recognizing the value of learning from and positively influencing our surroundings.
- We remain ecologically aware.
- We are ethically intentional in all these efforts.

Public Health and Environmental Studies consists of the faculty members listed on the faculty tab and affiliate members found in other home departments, programs, and units including: Art & Design, Biology, Blugold Dining Services, Chemistry and Biochemistry, Communication and Journalism, Economics, English, Geography and Anthropology, Geology, Music and Theatre Arts, Philosophy and Religious Studies, and Sociology.

Majors
- Comprehensive Major: Environmental Public Health - B.S.E.P.H.
- Major: Public Health - B.A./B.S.

Minors
- Minor: Environment, Society, and Culture, Liberal Arts
- Minor: Environmental Science, Liberal Arts
- Minor: Public Health, Liberal Arts

Certificates
- Certificate: Sustainability and Climate Action

Environment, Society, and Culture, Minor

Liberal Arts (Code 489-401)
Advisors: J. Boulter (Public Health and Environmental Studies), K. Mumford (Public Health and Environmental Studies), J. Phillips (Chemistry), C. Pierce (Public Health and Environmental Studies), D. Soll (Public Health and Environmental Studies).

The Environment, Society, and Culture minor enables students to apply interdisciplinary approaches to investigate the human and ecological dimensions of environmental issues, including climate change, environmental justice, pollution, and sustainable food systems. The minor provides the opportunity to integrate courses from a variety of disciplines, including economics, environmental science, ethics, gender studies, geography, history, policy, public health, and sociology. Concepts and tools from these disciplines empower students to address environmental challenges at local-to-global scales. The minor is open to all students and is designed to be flexible so that students can tailor their courses to meet their particular needs and interests.

In addition, students gain real world research skills and apply principles of environmental justice, civic engagement, sustainability, and strategic policy development to learn about the underlying drivers of critical challenges such as climate change, air and water pollution, biodiversity loss, urbanization, and infectious disease outbreaks. Students in the minor examine social and environmental conflicts and the policies and strategies to address these conflicts. The Environment, Society, and Culture minor challenges students to think critically and holistically to understand the social and environmental dynamics of environmental concerns.

Minimum of 24 credits, with at least 12 credits from courses at the 300-level or above, including:

Select at least one gateway course from the following:
ENPH 115  Global Environmental and Public Health

Select at least three of the following from the “Socio-cultural Perspectives” category:

- ECON 268  Environmental Economics
- ENV 310  Sustainable Cities
- ENV 330  Waste & Society: Energy, Food, and Efficiency
- ENV/GEOG 377  U.S. Environmental and Sustainability Policy
- GEOG 369  Geography of Food
- GEOG/ENV 378  International Environmental Problems and Policy
- GEOG 445  Historical Geography
- HIST/ENV 346  American Environmental History
- SOC 301  Environmental Sociology
- SOC 310  Principles of Demography
- PHIL 320  Environmental Ethics
- WGSS 375  Ecofeminism and Environmental Justice

Natural Science Focus Area: A two-course sequence in a natural science chosen from the following options:

- BIOL 328  Conservation Biology
- CHEM 115 & CHEM 304  Chemical Principles and Environmental Chemistry
- GEOL 115 & GEOL 301 or GEOL 308  Environmental Geology and Earth Resources and Sustainability
- GEOG 104 & GEOG 304 or GEOG 340 or GEOG 361  The Physical Environment and Introduction to Geomorphology
- GEOG 270  Introduction to Urban and Regional Planning
- GEOG 350  Soils and the Environment
- GEOG 365  Tourism Geographies
- GEOG 368  Geography Field Seminar
- GEOG/AIS 322  Native Geographies
- MATH 108  Earth Algebra
- PH 450  Epidemiology
- PHYS 205  Physics of Renewable Energy
- SOC 314  Social Class and Inequality

Note 1: Credits from other courses may also be applied as electives, pending advisor and college approval, when they focus specifically on environmental topics. This includes special topics, directed studies, independent study, and/or internships. Applicable environmental courses offered through the Honors program, International Study Abroad or National Student Exchange may also be applied with consent of an advisor.

Note 2: For students pursuing a standard major in Geography, a maximum of 12 credits from the major may be applied to this minor.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Examine the human impacts on environmental systems using scientific inquiry.
- Describe political, economic, and social dimensions of environmental problems.
- Recognize the spiritual and philosophical interconnections between humans and the environment.
- Integrate scientific, socioeconomic, and ethical perspectives to address environmental issues.

1 Must take either GEOG 178 or BIOL 180 as the gateway course as a prerequisite to BIOL 328.
2 CHEM 105, CHEM 106, and CHEM 109 may be used in lieu of CHEM 115 but only six credits may be counted toward the minor from these courses.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
Applicability of Credits Toward Graduation

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### LIBERAL EDUCATION CORE REQUIREMENTS

</tr>
</tbody>
</table>

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13)
Practitioners in the field of environmental public health control environmental health hazards and preserve and improve environmental factors for the achievement of optimum health, safety, comfort, and well-being. Students gain the educational background necessary to appreciate cultural values and protect air, water, soil and food resources. Graduates are employed in regulatory agencies and industries concerned with environmental quality and the public’s health. This comprehensive major includes both foundation classes in biology, chemistry, physics, and mathematics, and specialized courses in environmental and public health, such as food and water sanitation, air pollution, industrial hygiene, vector-borne disease control, and environmental toxicology.

Mission
The Environmental Public Health (ENPH) major provides undergraduate students with a comprehensive understanding of science and its application to protect human environmental health. The degree prepares students for careers as Environmental Health Professionals and safety specialists, integrating a scientific background, technical skills, and professional ethics.

Goals
The ENPH major strives to prepare graduates with the knowledge, awareness, and skills to:

1. Understand the natural world through applied chemistry, biology, physics, and mathematics;
2. Identify short- and long-term hazards to human and environmental health through critical thinking;
3. Serve the public by addressing human health risks through research, communication and intervention;
4. Identify and address cross-cultural, economic, and technological barriers to serving public health interests; and
5. Demonstrate professional ethics, values, and responsibility in all areas of practice.

Scholarships
Ten scholarships are available to students in the ENPH major. Additional information may be obtained from the faculty or by visiting the Financial Aid Website. Students are invited to participate in the Student National Environmental Health Association, the goal of which is to improve the health and well-being of people by focusing on environmental public health issues and introducing students to professional organizations.

Practicum/Internship
The ENPH major provides students with an innovative, full-time, paid summer internship experience typically with an off-campus health-related agency or industry. The internship is typically completed during the summer months between the junior and senior year.

Bachelor of Science in Environmental Public Health (B.S.E.P.H.)
The B.S.E.P.H. degree is accredited by the National Environmental Health Science and Protection Accreditation Council. Graduates are prepared to take the National Environmental Health Association exam for the Registered Environmental Health Specialist/Registered Sanitarian credential.

The only credits that may be earned under the Satisfactory/Unsatisfactory option are for Independent Study. S/U credits may not total more than three.
Internship
An internship or practical experience is a requirement for the B.S.E.P.H. degree. Typically between the junior and senior year, each student is required to enroll in three credits of summer practicum (ENPH 435) and pay fees to the University. Students anticipating enrollment in the practicum should notify the Environmental Public Health faculty no later than February 1, and enroll in ENPH 432 the spring semester prior to their summer practicum.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Explain the scientific principles associated with environmental health hazards, risk assessment, and inequitable burden across communities.
- Apply methods to analyze environmental health hazards and risks.
- Communicate environmental health risks to the public.
- Apply and evaluate interventions to protect the public’s health and foster sustainability.
- Demonstrate professional ethics, values, responsibility, and collaboration.

Sample Degree Plan
Environmental Public Health, Comprehensive Major, B.S.E.P.H.
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-11 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

BIOL 250  Microbiology (Fall/Winterim only)  3
OR
BIOL 361  Biology of Microorganisms

SECOND SEMESTER
ENPH 460  Fundamentals of Industrial Hygiene (Spring Only)  3
ENPH 432  Preparation for Practicum (Spring Only)  2
ENPH 443  Microbial Safety of Food (Spring Only)  4

SOME TIME IN THE THIRD YEAR
ENPH 435  Practicum in Environmental Public Health (Summer only)  3
CHEM 325  Organic Chemistry I with Laboratory  4
PHYS 212  General Physics  4
LE Option  3
LE Option  3

TOTAL THIRD YEAR  30

FOURTH YEAR
FIRST SEMESTER
ENPH 364  Occupational Safety Management  3
ENPH 490  Environmental Toxicology and Risk Assessment (Fall Only)  3
ENPH 476  Vector-Borne Disease Control (Fall Only)  3
LE Option  3

SECOND SEMESTER
ENV/GEOG 377  U.S. Environmental and Sustainability Policy  3
LE Option  3

SOME TIME IN THE FOURTH YEAR
Electives to reach 120 credits for graduation (these will ideally be taken throughout all semesters)

TOTAL FOURTH YEAR  30

Minimum total for the baccalaureate degree = 120 credits

a As an alternative to Chem 105, 106, and 109
b For ENPH electives there are two lists. From each list select ONE elective.
List 2: ECON 268, GEOG/ENV 378, CJ 307; PHIL 306, 320; POLS 346

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

Course Suggestions: GIS certificate.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Required: Students in the Environmental Public Health Major will complete a summer practicum experience that involves working with an agency or company in the field of environmental public health. Students will also have opportunities to engage in faculty-student research in several areas of environmental public health.
Liberal Education (LE) Core Guidance

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).**
- **K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).**
- **K3 – Humanities; two experiences.**
- **K4 – Fine Arts; one experience.**
- **S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).**
- **S2 – Mathematics; one experience (must satisfy the University math competency requirement).**
- **S3 – Creativity; one experience (can be fulfilled in a student’s major).**
- **R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).**
- **R2 – Global Perspectives; one experience.**
- **R3 – Civic and Environmental Issues; one experience.**
- **I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).**
- **SL—Service Learning; 30 hours**

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- **S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.**
- **S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.**
- **S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.**
- **S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.**
- **S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.**
- **I1 – Any semester long study abroad program can fulfill one I1 experience.**

**Environmental Science, Minor**

**Liberal Arts (Code 155-400)**

Advisors: P. Ihinger (Geology), H. Jol (Geography), K. Mumford (Public Health and Environmental Studies), E. Weiher (Biology).

This multidisciplinary liberal arts minor is created primarily for students with interests in environmental science and conservation of biological diversity. The minor emphasizes the study of environmental issues, ecology and conservation, and water and earth resources through application of concepts and methods from various disciplines. The minor is designed to complement a 36-credit standard major, e.g., Biology, Liberal Arts or Political Science. Students wishing to pursue a comprehensive major in environmental science should consider the Ecology and Environmental Biology Comprehensive Major in Biology, the Environmental Geography Comprehensive Major in Geography and Anthropology, the Environmental Science Comprehensive Major in Geology or the Environmental Public Health Comprehensive Major in the Public Health and Environmental Studies Program.

Note 1: Credits from other courses may also be applied as electives, pending advisor and college approval, when they focus specifically on environmental topics. This includes special topics, directed studies, independent study, and/or internships. Applicable environmental courses offered through International Study Abroad or National Student Exchange may also be applied with consent of an advisor.

Note 2: For students pursuing standard majors in Biology or Geography, a maximum of 12 credits from the major may be applied to this minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate ecological and physical science knowledge related to the conservation of biological diversity and natural resources.
- Use computational and technological skills to analyze environmental systems.
- Evaluate relationships between environmental science and society.
- Apply knowledge, skills, and values of environmental science to examine issues in a field setting.

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard [https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL] or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following:
- Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.
## Liberal Education Core Requirements

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### Knowledge Goal

- Knowledge Outcome 1 (K1): Natural Sciences [catalog.uwec.edu/undergraduate/attribute-k1/]
  - Two (2) learning experiences

- Knowledge Outcome 2 (K2): Social Sciences [catalog.uwec.edu/undergraduate/attribute-k2/]
  - Two (2) learning experiences

- Knowledge Outcome 3 (K3): Humanities [catalog.uwec.edu/undergraduate/attribute-k3/]
  - Two (2) learning experiences

- Knowledge Outcome 4 (K4): Fine Arts [catalog.uwec.edu/undergraduate/attribute-k4/]
  - One (1) learning experience

- Knowledge Outcome 5 (K5): Languages [catalog.uwec.edu/undergraduate/attribute-k5/]
  - One (1) learning experience

### Skills Goal

- Skills Outcome 1 (S1): Written and Oral Communication [catalog.uwec.edu/undergraduate/attribute-s1/]
  - Two (2) learning experiences

- Skills Outcome 2 (S2): Mathematics [catalog.uwec.edu/undergraduate/attribute-s2/]
  - One (1) learning experience

- Skills Outcome 3 (S3): Creativity [catalog.uwec.edu/undergraduate/attribute-s3/]
  - One (1) learning experience

### Responsibility Goal

- Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity [catalog.uwec.edu/undergraduate/attribute-r1/]
  - Two (2) learning experiences

- Responsibility Outcome 2 (R2): Global Perspectives [catalog.uwec.edu/undergraduate/attribute-r2/]
  - One (1) learning experience

- Responsibility Outcome 3 (R3): Civic and Environmental Issues [catalog.uwec.edu/undergraduate/attribute-r3/]
  - One (1) learning experience

### Integration Goal

- Integration Outcome 1 (I1): Integration [catalog.uwec.edu/undergraduate/attribute-i1/]
  - Two (2) learning experiences

### Service-Learning Goal

- Service-Learning [catalog.uwec.edu/undergraduate/attribute-sl/#header13]
  - 30 hours of learning experiences
Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

### Major Requirements

#### Liberal Arts (Code 488-201)

Advisors: M. Kantor (Public Health and Environmental Studies), K. Mumford (Public Health and Environmental Studies), C. Pierce (Public Health and Environmental Studies), B. Rockler (Public Health and Environmental Studies, L. Suppes (Public Health and Environmental Studies).

Public health is an interdisciplinary field that takes a population-based approach to improving the health and well-being of people and communities. Core courses will provide a broad overview of the U.S. healthcare system and a basic understanding of the five fundamental areas of public health knowledge. The electives will allow students to acquire knowledge and skills across a variety of domains that reflect their academic and professional interests, areas such as administration/policy, biomedical and health sciences, communications, healthy and sustainable communities, quantitative and qualitative research methods, and social sciences and humanities. The capstone or culminating experience will have students demonstrate and apply their knowledge and skills to a public health issue of interest to them. This may be achieved through senior seminars, portfolio projects or research papers, or in collaboration with stakeholders from governmental, non-governmental, and/or private organizations through community-engaged service or research.

The innovative array of courses and learning experiences in public health prepares students for a breadth of entry-level high-demand careers in health care organizations, government, non-profit organizations, and the private sector. The major provides a strong foundation for those who want to pursue graduate school in public health and related fields, and is well suited to those interested in a health professions career such as chiropractic care, dentistry, medicine, occupational therapy, optometry, pharmacy, physical therapy, and veterinary medicine.

UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here (https://catalog.uwc.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe the current U.S. health care system and the role of public health in addressing policies and delivery systems that affect population health.
- Explain and analyze the role of socio-cultural, economic, political, physical and behavioral factors contributing to health disparities within populations (domestic and global).
- Apply quantitative and epidemiologic methods to address public health issues.
- Appreciate the role of team- and community-based collaboration in promoting population health.
- Communicate health information to a wide range of audiences using diverse types of media.
- Develop and evaluate policies and practices to address the determinants of public health and health disparities.

### Sample Degree Plan

**Public Health, Major, B.A. or B.S.**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here (https://catalog.uwc.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits

a Math and language are based on placement, work with your ARCC advisor on what language or math courses are needed based on your placement.
b PH Electives are listed in the Major Requirements. At least 14 credits must be selected from areas different than the minor/secondary program AND at least 6 credits must be 3XX or 4XX.
c Minor or Second Program include: (1) a certificate (12 to 18 credits); (2) minor program (24 credits); OR a second standard (36 credits) or comprehensive (60 credits) major; PLEASE NOTE: overlapping credits can only be used if your second degree program is a comprehensive major.

Degree Notes

- All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).
- A minimum of 39 credits must be taken of 3XX or 4XX courses.
- A minimum of 90 credits must be taken from subjects in the College of Arts and Sciences

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), (https://studyabroad.apps.uwec.edu/) Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), (https://www.uwec.edu/career-services/info-students/internships/) and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
Public Health, Minor

Liberal Arts (Code 488-401)

Advisors: M. Kantor (Public Health and Environmental Studies), K. Mumford (Public Health and Environmental Studies), C. Pierce (Public Health and Environmental Studies), B. Rockler (Public Health and Environmental Studies), L. Suppes (Public Health and Environmental Studies).

Public health is an interdisciplinary field that takes a population-based approach to improving the health and well-being of people and communities by preventing disease, disability and death across populations. This field draws on the natural, quantitative, social, and behavioral sciences to study the distribution and determinants of human health and disease, and to develop interventions to preserve and promote health and well-being.

Because public health is such a broad interdisciplinary field it has wide appeal and utility. The public health minor is a natural complement to any of the health profession majors (athletic training, behavior analysis, communication sciences and disorders, environmental public health, health care administration, kinesiology, nursing, and social work). The minor augments the pre-professional curriculum of students preparing for post-baccalaureate health professions programs in chiropractic care, dentistry, medicine, occupational therapy, optometry, pharmacy, physical therapy, and veterinary medicine. In addition, the public health minor benefits those wishing to incorporate a better understanding of health in their chosen field, including majors not thought of as traditional health sciences. These majors include, but are not limited to, communication, economics, geography, journalism, management, mathematics (statistics and actuarial sciences), philosophy, political science, psychology, religious studies, and sociology.

The required core courses will expose students to the essential elements of public health. The elective courses will allow students either to align their public health minor to their major or to explore and investigate potential new areas of interest within public health.

Minimum of 24 credits required as follows:

In addition, with the advisor’s consent, other courses may be allowed to count as an elective when the topic is appropriate.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Explain and analyze the role of socio-cultural, economic, political, physical and behavioral factors contributing to health disparities.
- Apply quantitative and epidemiologic methods to address public health issues.
- Appreciate the role of team- and community-based collaboration in promoting population health.

Sustainability and Climate Action, Certificate
(Code 488-601)

Advisors: J. Boulter (Public Health and Environmental Studies), K. Mumford (Public Health and Environmental Studies), C. Pierce (Public Health and Environmental Studies), B. Rockler (Public Health and Environmental Studies), D. Soll (Public Health and Environmental Studies), L. Suppes (Public Health and Environmental Studies).

This certificate is for students who are concerned about the escalating climate crisis and who seek the foundational understanding and skills to lead societal and technological transitions necessary to achieve a sustainable world. It is designed to complement students’ primary field(s) of study so that they can apply their learning from these five courses to whatever future academic studies and/or career paths they follow. All enrolled students will gain curricular breadth, essential to developing their interdisciplinary thinking to address this 21st century problem.

Minimum of 15 credits with at least 9 credits at the 300-level or above.

Scientific/technological solutions – take 1 of the following

- BIOL 328 Conservation Biology
- GEOG 338 Remote Sensing of the Environment
- GEOL 122 The Future of Global Energy
- MSE 221 Living in a Materials World
- PHYS 205 Physics of Renewable Energy

Societal transitions – take 2 of the following

- AIS 343 Contemporary American Indian Communities
- CJ 318 Topics in Communication and Social Advocacy (when offered as Environmental Communication)
- ENPH/NRSG 225 Introduction to Public Health
- ENV 310 Sustainable Cities
- ENV 330 Waste & Society: Energy, Food, and Efficiency
- HNRS 389 Honors Colloquium (when offered as Taking the Measure of Sustainability)
- MGMT 494 Topics in Leadership (when offered as Environmental Sustainability in Businesses for a minimum of 2 credits)

Note: A minimum of 48 unique credits must be earned between the student’s major and this certificate for purposes of meeting graduation requirements for first- and second-degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain in an easily accessible manner the fundamental basis of climate change from a scientific viewpoint and exclude false narratives.
- Identify connections between physical changes in climate systems and changes in social systems: this includes how climate threatens human social systems in addition to how policy decisions affect climate change.
- Illustrate how both technological advances and changes to policy and behavior can either mitigate the severity of climate change and/or improve adaptation of human and natural systems in a changing climate.

Sociology

Hibbard Humanities Hall 629
715-836-2720
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/sociology/)

Sociology explores social institutions, social issues, and social movements, and helps us understand power and privilege in society.

Departmental Honors Program

1. Goals and Objectives
   a. To provide an enriched educational experience for subsequent graduate study, professional activities, or public life.
   b. To allow concentrated and individualized study in selected areas of interest in the field of sociology.
   c. To stimulate, encourage, and challenge students to gain a better understanding of sociological research and theory in addition to usual instruction.
   d. To develop capabilities for independent thought and constructive criticism.

2. Entrance Requirements for Honors in Sociology
   a. Eligibility: Upper-class majors with resident and total GPAs of 3.50 and a GPA of 3.50 in sociology courses.
   b. Applications for the Honors Program should be made in writing to the department during the junior year.

3. Satisfactory Completion of Requirements for Graduation with Honors in Sociology
   a. Minimum of 36 semester credit hours in the sociology department.
   b. Resident and total GPAs of 3.50 and resident and total GPAs of 3.50 in the major program at time of graduation.
   c. In consultation with a faculty mentor: Complete a two-semester sustained project (three or more credits of SOC 399, 496, 497, 498 or 499) culminating in both a final written paper for the faculty mentor that engages with theory, research, and/or praxis; and a final product for public presentation (e.g., paper, poster, pamphlet, project, or workshop).

Satisfactory/Unsatisfactory Policy

No credit may be earned under the Satisfactory/Unsatisfactory option for any course counted toward a departmental major or minor.

Faculty

Pamela J. Forman, Chair
Kati Barahona-López
Melissa Bonstead-Bruns
Margaret L. Cassidy
Jeff S. Erger
Peter Hart-Brinson
Jianjun Ji
Tarique Niazi
Kathleen A. Nybroten

Majors

- Major: Sociology, Liberal Arts - B.A./B.S.

Minors

- Minor: Sociology, Liberal Arts
- Minor: Family Studies, Liberal Arts

Certificates

- Certificate: Social Diversity

Social Diversity, Certificate

(Code 480-601)

For advising, contact the Sociology Department.

The Social Diversity Certificate is a foundation for understanding inequality based on race, class, gender, and sexualities. These inequalities are caused by social institutions that create and sustain systems of oppression and privilege. Learning about the real, but often invisible causes of inequality helps individuals overcome internalized oppression and internalized privilege. It also helps professionals to better serve the public in fields such as health care, education, social services, and criminal justice.
A minimum of 12 credits in the following courses:

SOC 312 | Race and Ethnicity in the U.S. | 3
SOC 314 | Social Class and Inequality | 3
SOC 419 | Gender and Power | 3
SOC 202 | Sociology of Gender | 3
SOC 426 | Sociology of Sexualities | 3

Note: Courses may not be counted in both the certificate and the student's major program. Students cannot pursue the Sociology Major and Social Diversity Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Evaluate empirically based arguments about equity, diversity and inclusivity.
- Explain how social structures and institutions create and sustain systems of oppression and privilege.

Sociology, Major

Liberal Arts (Code 480-201)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation 1 | 120
Upper division credits (courses numbered 300 and higher) | 39
Liberal Education Core | 36

Major | 2.00 average
Minor | 2.00 average
Certificate | 2.00 average

University Residency Requirements

Minimum total | 30
Senior year | 23
Major, Standard, upper division in residence | 12
Major, Comprehensive, upper division in residence | 21
Certificate | 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools.

USAIF Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**Liberal Education Core Requirements**

| Knowledge Goal | Two (2) learning experiences |
| Knowledge Outcome 1 (K1): Natural Sciences ([http://catalog.uwec.edu/undergraduate/attribute-k1/](http://catalog.uwec.edu/undergraduate/attribute-k1/)) | |
| Knowledge Outcome 2 (K2): Social Sciences ([http://catalog.uwec.edu/undergraduate/attribute-k2/](http://catalog.uwec.edu/undergraduate/attribute-k2/)) | |
| Knowledge Outcome 3 (K3): Humanities ([http://catalog.uwec.edu/undergraduate/attribute-k3/](http://catalog.uwec.edu/undergraduate/attribute-k3/)) | |
| Knowledge Outcome 4 (K4): Fine Arts ([http://catalog.uwec.edu/undergraduate/attribute-k4/](http://catalog.uwec.edu/undergraduate/attribute-k4/)) | One (1) learning experience |

| Skills Goal | Two (2) learning experiences |
| Skills Outcome 1 (S1): Written and Oral Communication ([http://catalog.uwec.edu/undergraduate/attribute-s1/](http://catalog.uwec.edu/undergraduate/attribute-s1/)) | |
| Skills Outcome 2 (S2): Mathematics ([http://catalog.uwec.edu/undergraduate/attribute-s2/](http://catalog.uwec.edu/undergraduate/attribute-s2/)) | One (1) learning experience |
| Skills Outcome 3 (S3): Creativity ([http://catalog.uwec.edu/undergraduate/attribute-s3/](http://catalog.uwec.edu/undergraduate/attribute-s3/)) | One (1) learning experience |

| Responsibility Goal | Two (2) learning experiences |
| Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity ([http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13](http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13)) | One (1) learning experience |
| Responsibility Outcome 2 (R2): Global Perspectives ([http://catalog.uwec.edu/undergraduate/attribute-r2/](http://catalog.uwec.edu/undergraduate/attribute-r2/)) | |

| Integration Goal | Two (2) learning experiences |
| Integration Outcome 1 (I1): Integration ([http://catalog.uwec.edu/undergraduate/attribute-i1/](http://catalog.uwec.edu/undergraduate/attribute-i1/)) | |

**College Degree Requirements**

### Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply the sociological perspective to the social world.
- Construct theoretically grounded sociological arguments.
- Construct empirically based arguments about individuals and society.
- Relate their sociological knowledge to social change and globalization.
- Explain how social structures and institutions create and sustain systems of oppression and privilege.
- Synthesize their sociological interests and skills with their own professional goals and career aspirations.

Sample Degree Plan

Sociology, Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Note 3: A sum total of nine credits in SOC 291 and SOC 491 courses may be counted toward the major.

Note 4: Sociology electives may include CRMJ 103 and | or CRMJ 302.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).

• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).

• K3 – Humanities; two experiences.

• K4 – Fine Arts; one experience.

• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1–Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning: 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Note 1: A minimum of nine credits must be taken in courses numbered 300 or higher.

Note 2: A maximum of six credits earned in SOC 395, SOC 399, SOC 496, SOC 497, SOC 498, and/or SOC 499 may count toward minor.

Note 3: A sum total of six credits in SOC 291 and SOC 491 courses may be counted toward the minor.

Note 4: Sociology electives may include CRMJ 103 and/or CRMJ 302.

Note 5: No credit may be earned under the Satisfactory/Unsatisfactory option for any course counted toward a departmental major or minor.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

• Apply the sociological perspective to the social world.
• Evaluate empirically based arguments about individuals and society.
• Relate their sociological knowledge to social change and globalization.
• Explain how social structures and institutions create and sustain systems of oppression and privilege.

**Women’s, Gender, and Sexuality Studies**

Hibbard Humanities Hall 384
715-836-5717
LGBTQ Studies, Certificate
(Code 485-602)

For advising, contact the Women’s, Gender, and Sexuality Studies Program.

The Certificate in LGBTQ Studies provides students with a flexible option for completing a concentration in LGBTQ issues, and for formally denoting on their transcript this area of expertise in their academic training.

Currently enrolled degree-seeking students in good standing in the university and University Special Students will be eligible to complete the certificate in LGBTQ Studies.

For students pursuing the Women’s, Gender, and Sexuality Studies Major and the LGBTQ Certificate as their first and second degree programs to meet graduation requirements, no course may be counted in both the major and the certificate.

Special topics, internships, and umbrella courses with a focus on LGBTQ and/or sexualities issues may be applied to the certificate with approval of the Women’s, Gender, and Sexuality Studies Program Director.

Note 1: Courses cannot be counted in both the major and the certificate program.

Note 2: Though there are no prerequisites for the Certificate in LGBTQ Studies, there may be prerequisites for some of the courses that are a part of the Certificate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Will develop an understanding of theories regarding the social construction of gender and sexual identities, the historical treatment of gender and sexual nonconformity from the colonial period onward, LGBTQ liberation movements (1950s-present), and contemporary LGBTQ issues (2002-to the present).
- Effectively articulate queer and transgender theories and perspectives.

Women of Color Feminisms, Certificate
(Code 485-603)

For advising, contact the Women’s, Gender, and Sexuality Studies Program.

The Certificate in Women of Color Feminisms is designed for students who have a strong interest in learning about the experiences of women of color but are not able to complete the requirements for a major or minor in Women’s, Gender, and Sexuality Studies. Students will explore Women of Color Feminisms as a field, a framework, and a method rooted in Women of Color work that examines systems of power with a focus on gender and racial justice.

Minimum of 15 credits with at least 6 credits at the 300-level or above.

Note 1: Courses cannot be counted in both the major and the certificate program.

Note 2: Though there are no prerequisites for the Women of Color Feminisms Certificate, there may be prerequisites for some of the courses that are a part of the Certificate.
Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Explain the social workings of power, privilege and oppression across a range of cultures and experiences.
- Demonstrate knowledge of a range of feminist, queer, and critical race theories and methodologies.
- Demonstrate the ability to use transnational feminist frameworks to critically analyze power and systems of oppression in a globalizing world.

Women’s, Gender, and Sexuality Studies, Certificate
(Code 485-601)

For advising, contact the Women’s, Gender, and Sexuality Studies Program.

The Certificate in Women’s, Gender, and Sexuality Studies is designed for students who have a strong interest in developing a feminist lens to analyze systems of power with a focus on social justice but are not able to complete the requirements for a major or minor in Women’s, Gender, and Sexuality Studies. The certificate might appeal to those students who have limited opportunity to explore academic areas beyond their major discipline.

Currently enrolled degree-seeking students in good standing in the University or University Special Students are eligible to complete a Certificate in Women’s, Gender, and Sexuality Studies.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
Undergraduate Catalog

USAIF Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### LIBERAL EDUCATION CORE REQUIREMENTS

- **Knowledge Goal**
  - Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
  - Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
  - Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
  - Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)

- **Skills Goal**
  - Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)
  - Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)
  - Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)

- **Responsibility Goal**
  - Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)
  - Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)
  - Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)

- **Integration Goal**
  - Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)

- **Service-Learning Goal**
  - Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/)

A minimum of 36 credits are required for graduation.
College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

</table>

The remaining 21 credits are to be selected from WGSS courses, courses cross-listed with WGSS, AIS 444, or SOC 415. 3

1 At least 12 credits in the major must be earned from courses at the 300-400 level (required courses may be used to meet this requirement).
2 Only if an International Experience and with the consent of the Women’s, Gender, and Sexuality Studies Program Director.
3 WGSS majors may apply a maximum of six credits to the major from WGSS 395, WGSS 397, and WGSS 498.

Note: Students pursuing the WGSS major and the History minor to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the major and the minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain the social workings of power, privilege and oppression across a range of cultures and experiences.
- Demonstrate knowledge of a range of feminist, queer, and critical race theories and methodologies.
- Demonstrate the ability to use transnational feminist frameworks to critically analyze power and systems of oppression in a globalizing world.
- Engage in the community and advocate for social justice.

Sample Degree Plan

Women’s, Gender, and Sexuality Studies, Major, B.A.

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree
in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**Minimum total for the baccalaureate degree = 120 credits**

### NOTES

1. At least 12 credits in the major must be earned at the 300-400 level (required courses may count towards this requirement).
2. Students must complete 120 credits in order to complete their degree.
3. Students must complete 39 upper division credits.
4. All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see https://nextcatalog.uwec.edu/undergraduate/graduation-requirements/).

### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://
studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Required: Students in the Women’s, Gender, and Sexuality Studies Program complete an externship in their final academic year.

Optional: Students can study abroad in India. These 3-week faculty-led programs are offered during the Winterim session and may be substituted for WGSS 335.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Women's, Gender, and Sexuality Studies, Minor

Liberal Arts (Code 485-401)

The Women’s, Gender, and Sexuality Studies minor offers students important interdisciplinary and multidisciplinary perspectives to analyze systems of power with a focus on social justice. It complements majors in Arts and Sciences, Business, Education and Human Sciences, and Nursing and Health Sciences.

<table>

</table>

1. Only if an International Experience and with the consent of the Women's, Gender, and Sexuality Studies Program Director.
2. WGSS minors may apply a maximum of three credits to the minor from WGSS 395, WGSS 397, and WGSS 498.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain the social workings of power, privilege and oppression across a range of cultures and experiences.
- Demonstrate knowledge of a range of feminist, queer, and critical race theories and methodologies.
- Demonstrate the ability to use transnational feminist frameworks to critically analyze power and systems of oppression in a globalizing world.
- Engage in the community and advocate for social justice.
College of Business

K. Brewer Doran, Dean (Schneider 119)
Jean A. Pratt, Associate Dean (Schneider 119)
Douglas Olson, Director, Center for Health and Aging Services Excellence (Schneider 226C)
Alyssa Slaby, Career Counselor, Advising, Retention + Career Center (VLL 2100K)

Additional information about the College of Business can be found on the college’s website (http://www.uwec.edu/academics/college-business/).

College of Business Vision and Mission

Our Vision
To be a leading regional College of Business recognized for our innovative teaching, distinctive academic programs, and value-added educational experiences.

Our Mission
“The College of Business prepares students for success”
Students completing a degree program are prepared to achieve success, whether their next step is employment in their chosen field, graduate study, not-for-profit work, a new career, or a new direction for their current career. Our undergraduate and graduate curricula are designed to provide students with the content knowledge and skills needed to achieve success throughout their careers and lives.

Undergraduate Learning Goals
The College of Business curriculum builds on and enhances the campus liberal education core curriculum. The curriculum provides a broad-based exposure to the functional areas of business through the Business Core (BUSCORE). The various majors provide depth of study within a specific business function. Additionally, the curriculum is designed to provide repeated exposure and mastery of three focused learning goals which are critical to student success:

• Oral and written communication skills
• Teamwork
• Problem-solving skills

Student Classification
Students may declare a major or minor in the College of Business upon admission to the university. Students may also declare “Pre-Business” status if they intend to major in the College of Business, or are highly considering a College of Business major, but have not yet decided what that major will be.

Dean’s List
At the end of each semester the University recognizes excellence in scholastic achievement by publishing the Dean’s List. Admitted undergraduate students are eligible if they meet the following criteria for the semester:

• earn a minimum of 12 credits.
• be in good academic standing.
• earn a minimum semester GPA of 3.70.
• have no courses with the following grades: Incomplete, Withdrawal, Audit, or Satisfactory/Unsatisfactory (except in courses that are offered only on the S/U grading system in which a grade of S has been earned).
• have no courses below the 100 level.
• have no repeats.

• have no professional semester courses taken in the term (ES 440, ES 441, ES 445, ES 446, ES 470, ES 471, ES 475; SEIP 470, SEIP 472, SEIP 475; UEC 470).

Dean’s List students will receive notification and congratulations from the Dean.

College of Business Laptop Computer Requirement
Select courses offered in the College of Business require students to bring a laptop computer to class. Additional information is available on the College of Business website (https://www.uwec.edu/academics/college-business/laptop-requirement/).

Experience-Based Learning
Business students can broaden their education and gain additional skills and competencies through participation in learning experiences outside of the traditional classroom. The College of Business encourages students to participate in one or more of the following experience-based learning opportunities.

College of Business Internships
All College of Business undergraduate students are encouraged to participate in an internship during their course of studies (see the “Internships within College of Business Programs (https://www.uwec.edu/academics/college-business/academic-resources/internships/)” webpage for more information). College-approved internships may be taken for credit or as a transcripted, non-credit activity. Credit internships generally involve a greater degree of faculty/staff oversight and/or peer interaction during the internship experience. This may take the form of internship site visits, online internship class discussions, faculty feedback on student journals, etc.

General Internship Requirements
To be approved as a for-credit or transcripted, non-credit internship in the College of Business, the following minimum criteria must be satisfied:

• Students are expected to have relevant work assignments that provide value to the hosting organization, while engaged in college-level learning experiences. Most internship positions satisfying this requirement are paid positions. Department of Labor guidelines determine whether an intern should be treated as an employee under the Fair Labor Standards Act.
• Accordingly, and in compliance with the Fair Labor Standards Act, internships at “for profit” private sector organizations must offer at least the minimum wage, and overtime compensation for hours worked over 40 in a workweek. Employers must communicate to the student whether the internship is paid or unpaid. Department of Labor interpretation of FLSA currently permits unpaid internships in public sector and non-profit charitable organizations where the intern volunteers without expectation of compensation.
• The employer must designate and provide contact information for an internship supervisor. The supervisor will provide mentoring and guidance during the internship and will submit an evaluation of student performance at the end of the internship.
• A transcripted, non-credit internship must provide (at a minimum) hours worked satisfying the requirements for a one-credit internship.

Students should contact their respective major department offices in the College of Business for additional, department-specific requirements and procedures regarding internship credit and transcripting.
Internship Procedures
- Students are encouraged to utilize campus resources such as Career Services, fall and spring Career Conferences, student organizations, and other sources to secure internship employment opportunities.
- The internship must be approved by the student’s major department chair or chair’s designee prior to the work experience.
- If the internship is to be completed for university credit (see below), the student must register for the appropriate internship course prior to the work experience.

Credit-Bearing Internships
Note: Credit internship registration is required for the internship to qualify as “Full Time Equivalent Enrollment Status.”

Students may earn university credit for their internship work, as determined by the department chair or internship coordinator. The number of work hours required per credit earned will depend on department policy and the nature of the internship. Additionally, each department or program may limit the number of internship credits that may be applied toward major, college, or university graduation requirements.

Students who are interested in the Business Internship Program should contact their department chair within the College of Business or the Career Counselor, located in Vicki Lord Larson Hall 2100, 715-836-3487. Additional information is available on the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/internships/).

International Education
The College of Business faculty strongly encourage all business students to study abroad and/or complete an international internship. In today’s business world there are no longer hundreds of isolated markets but rather many very interconnected markets within a global economy. Chances are high that a student majoring in business will end up in a career which will require knowledge and skills needed for operating effectively in the international markets. Employers are looking for individuals who demonstrate self-confidence, independence, global awareness, and knowledge of a multicultural world. To help students gain these skills and competencies, many opportunities exist for them to study outside of the United States. Many courses taken abroad or away contribute to the Liberal Education or 120-credit requirements. Courses contributing to a College of Business major must be taken at an AACSB-accredited institution or be approved by the department chair prior to enrollment. Additional information about study abroad programs is available on the Center for International Education website (https://www.uwec.edu/academics/explore-opportunities/study-abroad/cie/).

Service-Learning Experience
Business students can apply the functional knowledge and communication skills gained in the classroom through service in the community. Service-learning is an academic experience that combines community services with intentional learning goals, reflection, and critical analysis. It offers students the opportunity to apply knowledge gained in the classroom through service to others. All UW-Eau Claire undergraduates are required to complete 30 or more clock hours of curricular, extracurricular, or co-curricular service-learning. Acceptable activities can take many forms. Service-learning activities may be integrated into a course or may involve participation in a community service program or internship. Service-learning projects are typically unpaid. Information regarding the completion of the service-learning requirement can be obtained from the department chairs or the University’s Service-Learning website (https://www.uwec.edu/service-learning/).

Faculty/Student Collaborative Research
Business students can gain functional knowledge and practice communication and teamwork skills by working with a faculty member on an academic research project. Research projects are presented at the University’s Celebration of Excellence in Research and Creative Activity (CERCA) event. Students may gain independent study credit for the experience. This opportunity is particularly beneficial for students considering graduate school. Additional information about faculty/student collaborative research experiences is available from the Office of Research and Sponsored Programs (http://www.uwec.edu/ORSP/).

Business Student Organizations
Pre-business and business students can apply the knowledge and skills learned in the classroom through active participation in student business organizations. Members network with professionals, go on field trips to businesses, plan meetings, organize fund-raising events, participate in social occasions, attend regional and national conferences, and build lasting friendships with other business students. Additional information is available on the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-organizations/).

College of Business Scholarships
Refer to the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/scholarships/) for an up-to-date listing of College of Business scholarships.

Special Course Options
Credit by Examination. Each department within the College of Business has established its own policy with respect to credit by examination. Contact the appropriate department chair for additional information.

Independent Study. Students who wish to undertake an independent study project must demonstrate academic capability and must secure, prior to registering, the consent of the chair of the department offering the independent study and the faculty member directing the study.

For further information, contact the appropriate College of Business department chair.

Master of Business Administration Graduate Degree Program
The UW-Eau Claire College of Business is a member and managing partner of the University of Wisconsin System Consortium MBA program.

The purpose of the College of Business MBA program is to guide students in becoming effective leaders who possess broad, practical understanding of the business world and the dynamic, global environment in which it operates. The program is designed to develop each individual’s ability to recognize the needs of customers, employees, stockholders, and other organizational stakeholders; secure competitive advantage through emphasis on quality, technology, and innovation; communicate effectively and interact with members of a diverse, global workforce and business environment; apply a variety of decision-making tools and techniques to dynamic business situations; and manage an organization in a socially responsible and ethical manner.

The program is designed to meet the needs of individuals currently in the workforce who wish to pursue an MBA on a part-time basis while continuing their full-time employment. See the MBA Program (https://catalog.uwec.edu/graduate/programs/mba-program/) section of this catalog for further information and specific degree requirements.
Degrees and Curricula

Bachelor of Business Administration (BBA) Comprehensive Majors:
- Accounting
- Business Economics
- Business Finance
- Entrepreneurship
- Health Care Administration
- Human Resource Management
- Information Systems
- International Business
- Management
- Operations and Supply Chain Management

Marketing:
- General Marketing
- Marketing Analytics
- Professional Sales

Bachelor of Business Administration (BBA) Standard Major:
- Business Administration

Undergraduate Business Minors 1:
- Accounting
- Business Administration
- Business Finance
- Entrepreneurship
- Information Systems
- International Business
- Management
- Marketing

Military Science and Leadership Minor 1:
- Military Leadership

1 All of the above minors are available to students outside of the College of Business. Course prerequisites should be taken into account when planning a minor area of study.

Double Major and Major/Minor Combinations Within the College of Business

Double Majors: Students may pursue a combination of comprehensive majors from different disciplines in the College of Business.

Major/Minor Combination: Students can pursue major/minor combinations from different disciplines in the College of Business.

Business Administration Exception: Because the standard Business Administration major and the Business Administration minor are composed primarily of the BUSCORE, which is the core of all COB comprehensive majors, neither the Business Administration major nor the Business Administration minor can be combined with any COB comprehensive major.

Residency Requirements for College of Business Minors
At least 12 credits used to fulfill the requirements of a minor from the College of Business must be earned in residence. Resident credits do include credits earned through the National Student Exchange program and U.W. - Eau Claire study abroad programs.

College of Business Certificate Programs
College of Business certificate programs listed below may be used to satisfy university academic concentration requirements. Certificate programs may also be used to enhance or complement a student’s major or minor program.

Advanced Business Communication Certificate
Digital Marketing Analytics Certificate
Entrepreneurship Certificate
Information Systems Certificate
International Business Certificate
Leadership Studies Certificate
Professional Sales Certificate

2 This certificate does not satisfy university academic concentration requirements in combination with the Business Administration major.

Bachelor of Business Administration Degree Requirements

Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website.

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting and Health Care Administration. If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
• Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Pre-Professional Programs
Pre-Business

The Pre-Business area of study (formerly known as Business Undecided) is designed to enable students to start working on their BBA degree while they explore the various business disciplines. The Pre-Business area of study is not a major. Rather, it comprises the proficiency competencies and most of the BUSCORE that all College of Business students take as part of their major. Through the BUSCORE, students are exposed to the different business disciplines of study and can then easily transition to and declare one of the majors in the College of Business.

(Code 740-900)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

<table>

¹ Students must earn a grade of C or above in BCOM 206 (https://catalog.uwec.edu/search/?P=BCOM%20206) and BCOM 207 (https://catalog.uwec.edu/search/?P=BCOM%20207).
² MGMT 449 (https://catalog.uwec.edu/search/?P=MGMT%20449) is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Student Professional Development Program

All students pursing a major in the College of Business must complete the Student Professional Development Workshops. Students pursuing a Pre-Business area of study should complete the Student Professional Development Workshops on the same timeline as students pursuing a major in the College of Business. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are a prerequisite for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (https://www.uwec.edu/academics/college-business/departments-programs/business-communication/academic-offerings/student-professional-development-program/).

Accounting and Finance

Schneider Social Science 400a
715-836-2184
www.uwec.edu/acctfin (https://www.uwec.edu/academics/college-business/departments-programs/accounting-finance/)

Accounting is the field of study which focuses on developing and providing financial information about businesses, including information about the cost of products manufactured or services provided, and about governmental and not-for-profit organizations. This information is used by internal and external decision makers and other stakeholders of the organization. The accounting program is designed to provide the student depth of knowledge in accounting and business, and to help develop communication, interpersonal, and critical thinking skills. These skills are highly valued by organizations seeking to employ accountants. Careers in accounting include public accounting, financial accounting, managerial accounting, internal auditing, and tax accounting.

Finance is the field of study which focuses on managing the finances of firms, financial institutions, and individuals. Careers in finance include corporate financial officer, banker, stockbroker, financial analyst, portfolio manager, investment banker, financial consultant, and personal financial planner.

The Department of Accounting and Finance offers a 61-credit comprehensive major in Accounting. The Department also offers a 61-credit comprehensive major in Finance. Minors in Accounting, and Finance are also available.

Department of Accounting and Finance Scholarships

Refer to the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/scholarships/) for an up-to-date listing of Department of Accounting and Finance scholarships, or contact the department chair, Schneider 400.

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation \(^1\) 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core 36
Academic Concentrations
Grade Point Requirements \(^2\)

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements

Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**USAFI**
- USAFI: maximum 32 credits

**Liberal Education Core**
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**
- a minimum of 36 credits

**Knowledge Goal**
- Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
  Two (2) learning experiences
- Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
  Two (2) learning experiences
- Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
  Two (2) learning experiences
- Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
  One (1) learning experience

**Skills Goal**
- Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)
  Two (2) learning experiences
- Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)
  One (1) learning experience
- Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)
  One (1) learning experience

**Responsibility Goal**
- Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-DIV/#header13)
  Two (2) learning experiences
- Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)
  One (1) learning experience
- Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)
  One (1) learning experience

**Integration Goal**
- Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)
  Two (2) learning experiences

**Service-Learning Goal**
- Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)
  30 hours

**College Degree Requirements**

**Bachelor of Business Administration Degree Requirements**

**Credits for Graduation**
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

**Student Professional Development Program**
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

**Grade Point Requirements**
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/) and Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.
Major Requirements
(Code 720-006)

This major provides an all-inclusive program which will enable the graduate to pursue entry-level accounting positions. Graduates with this major are eligible to take the examinations for the Certified Public Accountant (CPA), Certified Management Accountant (CMA) and Certified Internal Auditor (CIA) designations.

150-Hour Requirement

Many states (including Wisconsin and Minnesota) accept a baccalaureate degree of at least 120 university credits, with a major in accounting, as qualification to sit for the CPA exam. All licensing jurisdictions, including Wisconsin and Minnesota, require 150 semester hours of university credit to earn CPA licensure. To meet the 150 semester hour requirement, students have options at the undergraduate level including a second major, adding a minor, or completing one of the undergraduate certificates.

Many employers of entry-level accountants require 150 credits of accounting course work, including an accounting major. Students should work closely with their faculty advisors to determine the best course of study to reach their educational and career goals.

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

</tbody>
</table>

2 ACCT 495 maximum of 5 credits can count towards the Accounting major and graduation requirements. Additional ACCT 495 credits can contribute to the 150 credits required for CPA licensure.

Grade Requirements

Accounting majors must achieve a grade of C- or above in all accounting courses, and a minimum 2.50 overall GPA in all courses applicable to the major.

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals.

- Written and Oral Communication: Students will be effective communicators
- Teamwork: Students will be effective team members
- Problem Solving: Students will be effective problem solvers
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE)

Additionally, students completing this program will be expected to meet the following learning outcomes:
• Compile financial statements according to GAAP
• Analyze financial statements and related qualitative information
• Evaluate a company’s internal controls
• Produce professional communications on technical accounting issues, including regulatory reporting
• Evaluate business analytics

Sample Degree Plans
Sample Degree Plan: B.B.A., Accounting (Comprehensive Major)
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range on the course of study selected (second major, minor, etc.). UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.).

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following year. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following year. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

Please click ([https://catalog.uwec.edu/undergraduate/graduation-requirements/](https://catalog.uwec.edu/undergraduate/graduation-requirements/)) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

FIRST YEAR
FIRST SEMESTER
MATH 109 Algebra for Calculus (LE-S2) 4

SOMETIMETIME IN THE FIRST YEAR
ECON 103 Principles of Microeconomics (LE-K2) 3
ECON 104 Principles of Macroeconomics (LE-K2) 3
WRIT 114 Intensive Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits) 5

OR
WRIT 116 Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits)

OR
WRIT 118 Accelerated Blugold Seminar in Critical Reading and Writing (LE-S1, 2 credits)

OR
WRIT 120 Blugold Seminar in Critical Reading and Writing for Transfer Students (LE-S1, 2 credits)

SOMETIMETIME IN THE FIRST OR SECOND YEAR
LE Option: Knowledge 1 (K1) Natural Sciences 3
LE Option: Knowledge 1 (K1L) Natural Sciences with Lab 4
LE Option: Knowledge 3 (K3) Humanities 3

LE Option: Knowledge 3 (K3) Humanities 3
LE Option: Knowledge 4 (K4) Fine Arts 3
LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity 3
LE Option: Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity 3
LE Option: Responsibility 2 (R2) Global Perspectives 3
LE Option: Responsibility 3 (R3) Civic and Environmental Issues 3
LE Option: Skills 3 (S3) Creativity 3

SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned.¹

Study Abroad: Students participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (II) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.

NSE: Students participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

SECOND YEAR
FIRST SEMESTER
ACCT 201 Introduction to Accounting 3

SECOND SEMESTER
ACCT 202 Principles of Accounting 3

SOMETIMETIME IN THE SECOND YEAR
BCOM 206 Business Writing (LE-S1) 2
BCOM 207 Business Presentations (LE-S1) 2
IS 240 Information Systems in Business 3
MATH 246 Elementary Statistics (LE-S2) 4

THIRD YEAR
FIRST SEMESTER
ACCT 202 Intermediate Accounting I 3
FIN 320 Principles of Finance 3

SECOND SEMESTER
ACCT 301 Intermediate Accounting II 3
ACCT 314 Cost Accounting 3
ACCT 321 Individual Federal Income Taxation 3

SOMETIMETIME IN THE THIRD YEAR
LE Integration (II) (ACCT 495 recommended: 5 of 12 credits contribute to the BBA; the remaining toward the CPA 150.
BSAD 300 Equity, Diversity, and Inclusion in the Workplace 1
BSAD 305 Legal and Regulatory Environment 3
MGT 340 Organizational Behavior 3
MGT 341 Operations Management 3
MKTG 330 Principles of Marketing 3

SOMETIMETIME IN THE THIRD OR FOURTH YEAR

¹ The total of 45 credits earned may include coursework completed through UW-Eau Claire, study abroad, and National Student Exchange.
Study Abroad: Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/). Accounting majors: consider especially the University of Limerick in Ireland, the University of Glasgow in Scotland, Massey University in New Zealand—then Deakin University in Melbourne, Australia. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., ACCT, FIN) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience.

FOURTH YEAR

FIRST SEMESTER

ACCT 313 Auditing 3

SECOND SEMESTER

ACCT 401 Advanced Financial Accounting 3

ACCT 460 Accounting Information Systems and Technology 3

SOMETIME IN THE FOURTH YEAR

MGMT 449 Strategic Management in a Global Business Environment (LE-I1) 3

ACCT ELECTIVES: See catalog and degree audit for list of approved courses. 3-5

ELECTIVE CREDITS: Additional credits needed to reach 120 credits

Minimum total for the baccalaureate degree = 120 credits

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Sample Degree Plan: B.B.A., Accounting-Finance (Comprehensive Double Major)

The following is a hypothetical schedule, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your actual degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your personalized degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work.

Please click here (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header) for a description of the Liberal Education Core outcomes and requirements.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.
• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).

• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).

• K3 – Humanities; two experiences.

• K4 – Fine Arts; one experience.

• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

The minor consists of 24 credits as follows:

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for USAFI Credit.

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

Junior College or Two-Year College Credits

Major or minor maximum 1/2 of total

Two-Year College Credits

Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits

UW-System no maximum
Other extension/ correspondence maximum 1/4 of total

USAFI

USAFI maximum 32 credits
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)

Service-Learning Goal

Additionally, students completing this program will be expected to meet the COB learning goals.

Students in this program are assessed on their ability to meet the following Program Learning Outcomes:

- Compute the value of securities
- Apply knowledge, skills, or responsibilities gained in one academic or experiential context to other contexts
- Identify and explain appropriate measure of risk
- Apply criteria for accepting or rejecting an investment based on discounted cash flow analysis
- Compute the value of derivative securities
- Identify and explain appropriate measure of risk
- Apply knowledge, skills, or responsibilities gained in one academic or experiential context to other contexts

Sample Degree Plan

B.B.A., Business Finance (Comprehensive Major)
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

</tbody>
</table>
LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity 3
LE Option: Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity 3
LE Option: Responsibility 2 (R2) Global Perspectives 3
LE Option: Responsibility 3 (R3) Civic and Environmental Issues 3
LE Option: Skills 3 (S3) Creativity 3
Service-Learning (LE-SL) 3

SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 1

Study Abroad: Students participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.

NSE: Students participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

SECOND YEAR
FIRST SEMESTER
ACCT 201 Introduction to Accounting 3

SECOND SEMESTER
ACCT 202 Principles of Accounting 3
FIN 320 Principles of Finance 3

SOMETIME IN THE SECOND YEAR
BCOM 206 Business Writing (LE-S1) 2
BCOM 207 Business Presentations (LE-S1) 2
IS 240 Information Systems in Business 3
MATH 246 Elementary Statistics (LE-S2) 4

THIRD YEAR
FIRST SEMESTER
FIN 321 Financial Markets and Institutions 3
FIN 322 Investments 3
ACCT Elective: See catalog and degree audit for list of approved courses. 3

SECOND SEMESTER
FIN 327 Long Term Financial Management 3
ACCT Elective: See catalog and degree audit for list of approved courses. 3

SOMETIME IN THE THIRD YEAR
LE Integration (I1) (FIN 495 internship recommended) 3

BSAD 300 Equity, Diversity, and Inclusion in the Workplace 1
BSAD 305 Legal and Regulatory Environment 3
MGMT 340 Organizational Behavior 3
MGMT 341 Operations Management 3
MKTG 330 Principles of Marketing 3

SOME TIME IN THE THIRD OR FOURTH YEAR

Study Abroad: Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie. Business Finance majors: consider especially the University of Limerick in Ireland, the University of Glasgow in Scotland, Massey University in New Zealand — then Deakin University in Melbourne, Australia. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., ACCT, FIN) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience. 2

FOURTH YEAR
FIRST SEMESTER
FIN 328 Introduction to Derivative Securities 3
FIN Elective 3

SECOND SEMESTER
300-400 Level BUS/ECON Elective 2
FIN Elective 3-6

SOMETIME IN THE FOURTH YEAR
MGMT 449 Strategic Management in a Global Business Environment 3

ELECTIVE CREDITS: Additional credits needed to reach 120 credits

Minimum total for the baccalaureate degree = 120 credits

1 Please see this webpage (https://www.uwec.edu/academics/business-academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

2 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F8428E-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-A555-5AF9-7AA625856C21266F) for more information regarding Your Major + Study Abroad.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Sample Degree Plan: B.B.A., Accounting-Finance (Comprehensive Double Major)

The following is a hypothetical schedule, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your actual degree plan may...
differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your personalized degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work.

Please click here for a description of the Liberal Education Core outcomes and requirements.

**SOMETIME IN THE THIRD OR FOURTH YEAR**

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie. Accounting and Finance double majors: consider especially the University of Limerick in Ireland, the University of Glasgow in Scotland, Massey University in New Zealand—then Deakin University in Melbourne, Australia. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., ACCT, FIN) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience.  

**FOURTH YEAR**
**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Additional LE Core Information**

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL** – Service Learning; 30 hours

**Business Finance, Minor**

</tbody>
</table>

**Total Credits**: 24

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Compute the value of securities
- Apply criteria for accepting or rejecting an investment based on discounted cash flow analysis
- Identify and explain appropriate measure of risk

### Business Communication

Schneider Social Science 404  
715-836-4320  

The Business Communication Department offers a series of courses designed to develop written and oral communication skills for business purposes. These courses give students communication experience in a variety of business settings, prepare students to communicate in the workplace, and build a foundation for writing and speaking in other College of Business courses.

Business Writing (BCOM 206) and Business Presentations (BCOM 207) are the introductory business communication courses and are part of the BUSCORE. These courses prepare students to take advanced business communication courses, which offer students an opportunity to further strengthen, refine, and apply their business communication skills. Students must earn a C or above in BCOM 206 and BCOM 207 to meet College of Business requirements. Students who do not earn a C in BCOM 206 must repeat the course until they earn a C or better. Students who do not earn a C in BCOM 207 must repeat the course until they earn a C or better. After completing BCOM 206 and BCOM 207, students can take additional course work in business communication to earn the Advanced Business Communication Certificate. To earn the certificate, students must earn a B- or better in all courses counting toward the certificate.

### Business Writing Fundamentals Program

The Business Writing Fundamentals Program is designed to ensure that students have the basic grammar skills needed to successfully complete BCOM 206 (Business Writing) as well as other COB courses. Completing this program is a requirement within the BCOM 206 course.

### Department of Business Communication Scholarships

Refer to the College of Business website ([http://www.uwec.edu/academics/college-business/academic-resources/scholarships/](http://www.uwec.edu/academics/college-business/academic-resources/scholarships/)) for an up-to-date listing of Business Communication scholarships, or contact the academic program director, Schneider 400F.

Marcy Leasum Orwig  
Nici Ploeger-Lyons  
Jane Strong

### Certificate

- Certificate: Advanced Business Communication

### Advanced Business Communication, Certificate

(CODE 765-601)

### Certificate Requirements

The Advanced Business Communication Certificate program is awarded to students who have completed course work in business communication and meet specific grade requirements. Students who earn the certificate will have the accomplishment noted on their official transcript.

College of Business students may petition to count up to 3 credits of a communication-intensive course in the College of Business in their major toward the 12 credits earned for the certificate. Students need to earn a grade of B- or better in the course to count toward the certificate. The petition must be approved by the Business Communication Program Director prior to taking the course.
Contact the Business Communication Department (Schneider 404) for more information.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Write common business documents (e.g., emails, memos, letters, reports, proposals, manuals, instructions), individually and in teams, using standard business document formats and organizational patterns (e.g., direct, indirect, persuasive).

• Use oral communication skills to communicate effectively, individually and in teams, in presentations, meetings, roundtable discussions, interviews, and interpersonal communication settings.

• Use technologies and software to create documents and presentations, present data, and facilitate meetings.

• Create and use visuals to present quantitative and qualitative data in written communication and oral presentations.

• Use standard business-English grammar, mechanics, and punctuation in written and oral communication.

Information Systems
Schneider Social Science 404
715-836-4320
www.uwec.edu/is

Information Systems (IS) is the study of the development, management and application of computer information systems by businesses. IS graduates have a wide variety of excellent career prospects. Systems/business/data analyst, web services developer, application software developer, project manager, digital network manager, risk assurance professional, and database administrator are just a few of the prestigious and well-paid positions available.

The IS program is housed in the College of Business, allowing IS graduates to obtain a broad background in business concepts. This allows them to develop expertise in bridging the gap between business professionals and computer technologists. IS graduates develop important business knowledge and skills such as communication, teamwork, and problem solving, as well as technical knowledge and skills such as systems analysis and design, computer programming, database management, network management, and Web development.

The IS department offers a comprehensive major (62 credits, no minor required). The department also offers a minor (25 credits) and a certificate (12 credits).

Student Organizations
The IS department sponsors the student organization Learning & Technology. Membership is open to all students interested in the study of information systems.

Department of Information Systems Scholarships
Refer to the College of Business website for an up-to-date listing of Department of Information Systems scholarships (http://www.uwec.edu/academics/college-business/academic-resources/scholarships/), or contact the department at is@uwec.edu or 715-836-4320.

Majors
• Comprehensive Major: Information Systems - B.B.A.

Minors
• Minor: Information Systems

Certificates
• Certificate: Information Systems

Information Systems, Certificate
(Code 832-601)

The Certificate in Information Systems is available to all students at UW-Eau Claire except IS majors and minors, for whom it would be redundant. It is designed to complement majors in every area of study without the investment required for a minor. The certificate documents a student’s completion of coursework relating to IS issues in organizations.

For more information on the IS Certificate program, contact your advisor or the IS department (https://www.uwec.edu/academics/college-business/departments-programs/information-systems/contact-us/).

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.
LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) Two (2) learning experiences

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (http://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/) and Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 832-004)

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

<table>
<thead>
<tr>
<th>Code</th>

**Program Learning Outcomes**
Students in this program are assessed on their ability to meet the following COB learning goals:

1. Written and Oral Communication: Students will be effective communicators.
2. Teamwork: Students will be effective team members.
3. Problem Solving: Students will be effective problem solvers.

Additionally, students completing this program will be expected to meet the following learning outcomes:

1. Effectively write and speak to both technical and business audiences (aligned with the College of Business goal).
2. Develop team skills (aligned with the College of Business goal).
3. Solve information systems problems (aligned with the College of Business goal).
4. Use appropriate technical skills, create solutions to information systems problems.

Sample Degree Plan
Information Systems, B.B.A. (Comprehensive Major)
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.
To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Note: Summer internships are encouraged as an IS elective choice. Take IS 420 between the second and third years or/and IS 420 between the third and fourth years. A maximum of 3 credits of internship can count towards LE and major requirements. See the IS Department Internship Coordinator to determine if your internship can be approved for credit.

**SPDP:** Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 1

**Study Abroad:** Students participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.

**NSE:** Students participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

**BUS CORE Course:** See list of BUS CORE courses below. 3

**IS Elective:** See list of IS Electives below. 2

**LE Option:** Responsibility 2 (R2) Global Perspectives

**SOME TIME IN THE THIRD OR FOURTH YEAR**

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: [http://www.uwec.edu/cie/](http://www.uwec.edu/cie/). Information Systems majors: consider especially Limerick, Ireland and Massey University in New Zealand; then Melbourne, Australia; Glasgow, Scotland. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., IS, MKTG, MGMT) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience. 4

2 IS electives must be chosen as follows (9 credits total):

- Choose 6-9 credits from this list of courses: IS 308, IS 314, IS 365, IS 375; IS 420 (LE-I1)
- Choose 0-3 credits from this list of courses: ACCT 460, ART 312, CS 145 or CS 148, CS 163, CS 318, CS 319, IS 491, IS 495, MGMT 442, MKTG 338, MKTG 434

3 Other BUS CORE classes: MGMT 340, MGMT 341, MKTG 330, FIN 320.
4 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4FB852A589A0A9D&Link_ID=62E08FAA-A555-5AF9-7A625856C21266F) for more information regarding Your Major + Study Abroad.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Information Systems, Minor

Minor Requirements

(Code 832-401)

Students minoring in Information Systems augment their major with organizational computing skills and knowledge that make them more proficient in their field, more attractive to potential employers, and more capable as citizens. The IS minor is available to all students at UW-Eau Claire except IS majors, for whom it would be redundant.

Twenty-five semester credits, as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BCOM 206</td>
<td>Business Writing</td>
<td>2</td>
</tr>
<tr>
<td>BCOM 207</td>
<td>Business Presentations</td>
<td>2</td>
</tr>
<tr>
<td>IS 240</td>
<td>Information Systems in Business</td>
<td>3</td>
</tr>
</tbody>
</table>

Minimum total for the baccalaureate degree = 120 credits

Electives: Additional electives to reach 120 credits

IS Elective Course: See list of approved IS Electives below.

I1 – Any semester long study abroad program can fulfill one I1 experience.

IS 304  Fundamentals of Business Programming 3
IS 307  Introduction to Business Analytics 3
IS 310  Business Process Modeling 3
IS 345  Networking with Client Operating Systems 3

IS Minor electives - Select from the following 6
ACCT 470  Data Analytics for Accounting
CS 145  Programming for New Programmers 1 or CS 148  Programming for Experienced Programmers
IS 308  Business Analytics Programming
IS 324  System Development Methodologies
IS 365  Information Assurance
IS 375  Server-based Networking & Security
MGMT 442  Production Planning and Control
MKTG 434  Advanced Marketing Analytics

1 Either CS 145 OR CS 148 may satisfy an elective choice. Credit may not be earned in both.

Program Learning Outcome
Students completing this program will be expected to meet the following learning outcome:

• Students will create well-designed coded instructions that effectively solve business problems.
• Students will create technical models to assist in solving information systems problems.

Management and Marketing
Schneider Social Science 400E
715-836-3677
www.uwec.edu/mgmtmktg

The Department of Management and Marketing offers comprehensive majors in Management, Entrepreneurship, Human Resources, Operations/Supply Chain Management, Marketing, International Business, and Health Care Administration, as well as a standard major in Business Administration. The Marketing major offers emphases in Professional Sales and Marketing Analytics, in addition to the general Marketing option. The Health Care Administration major is targeted toward students preparing for careers in managing post-acute health care institutions.

The standard major in Business Administration is offered for those students interested in the flexibility of a major/minor or major/certificate program of study, particularly for those interested in a minor or certificate outside the College of Business. Many of the minors and certificates offered within the College of Business do not satisfy university academic concentration requirements when paired with the Business Administration major, and some minors (Entrepreneurship, Human Resources, Management, Operations/Supply Chain Management, all of the Marketing minors, and the Business Administration minor) may not be paired as a secondary program with the Business Administration major. Please see the list of approved double major and major/minor combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext) in the College of Business.

The department also offers five minors. The Business Administration minor provides a broad survey of business principles for non-business majors. Minors in Management, Marketing, and Entrepreneurship provide an opportunity for students to gain more focused study and are available to all students, including those with a major (other than the Business Administration major) in the College of Business. The International Business minor is also available to students in the College of Business and to students not in the College of Business who meet prerequisite requirements.

Major/Minor Combinations are allowed in the Department of Management and Marketing. See Major/Minor Combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext).

All students earning the BBA degree with a major in Business Administration, Management, Entrepreneurship, Human Resources, Operations/Supply Chain Management, Marketing (all emphases), International Business, and Health Care Administration must complete the High Impact Practices (HIP) assessment during their last semester. The HIP assessment is administered electronically during the fall, spring, and summer terms.

Department of Management and Marketing Scholarships
Refer to the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/scholarships/) for an up-to-date listing of Department of Management and Marketing scholarships, or contact the department chair, Schneider 400E.

Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFA Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Two-Year College Credits
Total degree credit maximum 72 credits
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**Service-Learning Goal**

Service-Learning | 30 hours |

**College Degree Requirements**

**Bachelor of Business Administration Degree Requirements**

**Credits for Graduation**
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

**Student Professional Development Program**
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

**Grade Point Requirements**
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/) and Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.
Major Requirements

(Code 740-200)

(Code 740-201 online degree completion)

The standard major in Business Administration is offered for those students interested in the flexibility of a major/minor or major/certificate program of study, particularly for those interested in a minor or certificate outside the College of Business. Many of the minors and certificates offered within the College of Business do not satisfy university academic concentration requirements when paired with the Business Administration major.

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

<table>
<thead>
<tr>

<td>Operations Management</td>
<td>3</td>
</tr>
<tr>
<td>MGMT 449</td>
<td>Strategic Management in a Global Business Environment</td>
<td>3</td>
</tr>
</tbody>
</table>

Total Credits 29

1  Students must earn a grade of C or above in BCOM 206 and BCOM 207.
2  MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Business Administration Major

Thirty-eight credits, including the 29-credit BUSCORE plus 9 additional credits as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 214</td>
<td>Managerial Accounting</td>
<td>3</td>
</tr>
</tbody>
</table>

Select a minimum of six credits of BSAD electives from the following:

- BCOM 306 Advanced Business Writing
- BCOM 307 Advanced Business Presentations
- BCOM 405 Advanced Business Communications
- BSAD 180 Foundations for Success in Business
- BSAD 306 Business Law
- FIN 325 International Financial Management
- HCAD 101 Introduction to Health Care Administration
- IS 455 Project Management
- MGMT 300 Personal Leadership Management
- MGMT 343 Supply Chain Management
- MGMT 344 Managerial Decision Modeling and Analysis
- MGMT 345 Managing Global Organizations
- MGMT 347 Risk Management and Insurance
- MGMT 349 Human Resource Management
- MGMT 371 Introduction to Entrepreneurship
- MGMT 442 Production Planning and Control
- MGMT 445 Compensation Theory and Administration
- MGMT 446 Advanced Organizational Behavior
- MGMT 455 Industrial Relations
- MGMT 494 Topics in Leadership
- MKTG 332 Integrated Marketing Communications
- MKTG 334 Marketing Research
- MKTG 335 International Marketing
- MKTG 336 Business Logistics Management
- MKTG 337 Professional Selling
- MKTG 338 Marketing Analytics and Technology
- MKTG 425 Services Marketing
- MKTG 432 Retail Management
- MKTG 433 Sales Management
- MKTG 490 Advanced Sales Topics

HIP Assessment

1  The Business Administration major is not available as part of a double major combination with any other College of Business major.
2  Business Administration majors must complete the High Impact Practices (HIP) assessment during their last semester.

Degree Completion

Program code 740-201 is intended as an online degree completion program for students transferring to UW-Eau Claire with a qualifying associate’s degree that includes the major Proficiency Requirements among the associate degree coursework. Such students are able to complete the requirements of the Business Administration major via online course offerings. Students should consult with their advisor to identify a secondary area of study that can be completed online.

Program Learning Outcomes

The Business Administration program is composed of the BUSCORE (plus 9 credits). The BUSCORE is the core of all College of Business majors. Therefore,
students completing the Business Administration program will be expected to meet the following College of Business learning goals:

- Oral Communication: Graduates will be excellent oral communicators.
- Written Communication: Graduates will be exemplary business writers.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge.

Sample Degree Plan

Business Administration, B.B.A. (Standard Major)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: [http://www.uwec.edu/cie](http://www.uwec.edu/cie/). Business Administration majors: consider especially Seoul, Korea; Limerick, Ireland; and Lorenzo d’Medici, Italy. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., BSAD, MGMT) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience.

**Elective Credits:** Additional credits needed to reach 120 credits

**Minimum total for the baccalaureate degree = 120 credits**

1. Please see [this webpage](https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.
2. Students opting to complete the LE-I1 through study abroad can replace this course with an approved elective course.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad ([https://studyabroad.apps.uwec.edu/](https://studyabroad.apps.uwec.edu/)), Intercultural Immersion ([https://www.uwec.edu/immersion/](https://www.uwec.edu/immersion/)), Internship ([https://www.uwec.edu/career-services/info-students/internships/](https://www.uwec.edu/career-services/info-students/internships/)), and/or Student/Faculty Collaborative Research ([https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/](https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/)) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- **S1**, **R2** – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- **S2** – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- **S3** – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- **I1** – Any semester long study abroad program can fulfill one I1 experience.

**Business Administration, Minor**

**Minor Requirements**

(Code 740-405)

<td>3</td>
</tr>
</tbody>
</table>

Total Credits: 18

1. The Digital Marketing Analytics Certificate will not count as a secondary program when combined with the standard Business Administration major. This certificate can be combined with other COB majors. Please see the list of approved major/minor combinations that satisfy university academic concentration requirements.

2. Students must earn a B or higher in each course.

3. Each of these courses has prerequisites, which must be completed prior to course admission.

4. Students must earn a minimum of 100 points from an approved list of external certification providers. Please consult with the department before commencing an external certification program.

5. Students must provide evidence of internship or work experience in digital marketing positions for either a profit or a non-profit organization while completing the BBA degree. Please see the Management & Marketing program website (https://www.uwec.edu/academics/college-business/departments-programs/management-marketing/academic-offerings/) for details.

6. Candidates for the Digital Marketing Analytics Certificate must pass the assessment exam at least four weeks before finals week in the semester of certificate completion. Students have a maximum of two attempts to pass the exit exam.

Entrepreneurship, Certificate

(Code 820-603)

The Entrepreneurship Certificate is an academic program, which includes the following twelve semester credits as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>

Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupationalal and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following:
Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/)) and Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/)). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 822-000)

The program offers a unique learning experience for students who aspire to either start their own business or secure employment in a growth-oriented business. The program helps students to identify viable career options in entrepreneur/entrepreneur environments, to expand conceptual and creative approaches to the entrepreneurial process, and to develop a repertoire of venture management skills. “Hands on” experiences with many guest speakers, field trips, and special projects are emphasized. The students expand their creativity into a viable business plan that is the major project for the program. The program combines formal education with practical applications to develop skills in leadership, needs assessment, opportunity identification, resource development, strategic thinking, and risk taking. The ultimate goal of the program is to give the student an in-depth, broad-based, and practical education on the foundation of entrepreneurship.

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

<table>

HIP Assessment

1 Entrepreneurship majors must complete the High Impact Practices (HIP) assessment during their last semester.

Program Learning Outcomes

Students in the Entrepreneurship program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Provide multiple factors that go into creating and promoting an ethical organizational culture.
- Apply knowledge and skills learned across all functional business areas when developing firm strategy.
- Identify new business opportunities and use a business model to determine potential viability.
- Prepare, refine, and communicate a formal business plan.

Sample Degree Plan

Entrepreneurship, B.B.A. (Comprehensive Major)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal
Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students pursuing this major are strongly encouraged to pursue the Leadership Studies Certificate (https://catalog.uwec.edu/undergraduate/business/management-marketing/leadership-studies-certificate/). Coursework in your management major and the Leadership certificate may overlap. See your advisor for additional information.

**SPDP:** Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, second semester—but no later than the end of the 3rd semester or 45 credits earned. 1

**Study Abroad:** Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.

**NSE:** Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

| MGMT 471 | Entrepreneurship Capstone | 3 |

**SOMETIMES IN THE THIRD YEAR**

| BSAD 300 | Equity, Diversity, and Inclusion in the Workplace | 1 |
| BSAD 305 | Legal and Regulatory Environment | 3 |
| FIN 320 | Principles of Finance | 3 |
| MGMT 340 | Organizational Behavior | 3 |
| MGMT 341 | Operations Management | 3 |
| MKTG 330 | Principles of Marketing | 3 |

| LE Option: Integration (I1) | 3 |

**SOMETIMES IN THE THIRD OR FOURTH YEAR**

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/). Entrepreneurs majors: consider especially Seoul, South Korea; Limerick, Ireland; and Glasgow, Scotland. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., BSAD, MGMT) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience. 4

**FOURTH YEAR**

**SOMETIMES IN THE FOURTH YEAR**

| ACCT 214 | Managerial Accounting | 3 |
| BCOM 306 | Advanced Business Writing | 2 |
| MGMT 449 | Strategic Management in a Global Business Environment (LE-I1) | 3 |

Entrepreneurship Electives | 13

Elective Credits: Additional credits needed to reach 120 credits

Minimum total for the baccalaureate degree = 120 credits

1 Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

2 Series of 4 classes, MGMT 371, 373, 374, & 471, can be taken either 3rd or 4th year but need to be taken sequentially.

3 Students opting to complete the I1 through study abroad can replace this requirement with an approved elective course.

4 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F8428E-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-
A555-SAF9-7AA625856C21266F) for more information regarding Your Major + Study Abroad.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information
Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

1 The Entrepreneurship minor will not count as a secondary program when combined with the standard Business Administration major. This minor can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext) that satisfy university academic concentration requirements.
2 Student Professional Development Program. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are a prerequisite for a number of 300-level courses.
in the College of Business Core and need to be completed prior to registration for those courses.
The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Identify new business opportunities and use a business model to determine potential viability.
- Prepare, refine, and communicate a formal business plan.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

College Degree Requirements
Bachelor of Business Administration Degree Requirements

Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/) and Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Admission Requirements
Admission to the Health Care Administration Program

Students intending to major in Health Care Administration should indicate their area of interest when they apply to the University so they may be admitted.
as “Pre-Health Care Administration.” Students may declare “Pre-Health Care Administration” at any time, but must formally apply for acceptance into the Health Care Administration program. The deadlines for filing applications to the Health Care Administration program are posted each semester in October and March, following group information/application meetings.

Enrollment in this program is limited and competitive. Students who are not admitted may reapply for a future cohort year assignment, or may consider an alternative course of study.

In order to be considered for admission to the Health Care Administration Program, the student must:

1. be declared as Pre-Health Care Administration.
2. complete all application materials (essay, application, proposed degree plan with desired administrative residency cohort year).
3. have a resident and total GPA of at least 2.75.

Other data that may be utilized by the HCAD Admissions Committee include high school rank in class, previous collegiate records, and standardized tests such as ACT or SAT.

Administrative Residency
Following satisfactory completion of all required campus-based courses, including Liberal Education, the student is eligible for enrollment in the Administrative Residency.

The administrative residency, consisting of 50 weeks in an affiliated health care institution, is started at the beginning of the summer session. Students are enrolled at UW-Eau Claire for the courses taken while at affiliated institutions and pay full fees to the University. Students in the administrative residency receive a provider-sponsored stipend.

Positions for administrative residency experience are highly competitive. The University does not guarantee placement in the administrative residency but does aid the student in every way possible. Since academic achievement plays a part in selection of students for the administrative residency, resident and total GPAs above the 2.75 minimum are recommended. Application to administrative residency positions occurs one year prior to the administrative residency starting date.

Administrative Residency Cohort
At the time of admission to the program, students are assigned to the administrative residency cohort for a specific year. Application to specific administrative residency sites occurs the year prior to placement, and there is a competitive application process for administrative residency sites among admitted students. More information about this process may be found on the Health Care Administration program website (https://www.uwec.edu/academics/college-business/departments-programs/management-marketing/academic-offerings/majors-minors/health-care-administration/). Even if placed at an administrative residency site, students must meet academic standing requirements and have completed all non-administrative residency course work before being allowed to move forward. If the student’s degree plan changes such that more time is required to complete non-administrative residency course requirements, students may be reassigned to a future cohort.

Student Background Check and Health Requirements
State law requires background checks on all students placed at the clinical administrative residency sites. All students accepted into the program must complete the Wisconsin Department of Health and Family Services Background Information Disclosure, as well as a release for a Wisconsin Department of Justice Criminal Background Check. Non-resident students must also have background checks completed in their state of residence. Additional information regarding the Wisconsin Caregiver Program can be obtained from the Wisconsin Department of Health Services website (https://www.dhs.wisconsin.gov/caregiver/).

Within 90 days prior to beginning the administrative residency experience, the student must have a physical exam to provide evidence that the student is free from infectious disease and evidence of a TB skin test. A chest X-ray is required if the TB skin test is positive. It is also recommended that students be vaccinated annually against influenza. Students are not permitted to participate in clinical course work unless all immunizations, TB tests, and background checks are current.

All expenses associated with background checks and health requirements are borne by the student unless the Student Health Service specifically indicates otherwise. Students are not covered by health or accident insurance by UW-Eau Claire, the administrative residency facility, or the administrative residency institution. In addition, workers’ compensation insurance does not cover students while engaged in clinical practice. For example, if a student suffers a needle stick or is hurt while in their administrative residency, they will need personal health insurance to cover medical bills.

Readmission to the Health Care Administration Program
Students who withdraw from the program and wish to return for completion must send a letter requesting readmission to the Management and Marketing department at least three months in advance of the desired readmission date.

Applicants must meet the current admission requirements of the Health Care Administration program. Consideration will be given to the length of absence, the student’s ability to achieve, and availability of space in the student’s desired administrative residency cohort. If readmission to the program is granted, the remaining program will be planned as considered best for the student and according to the current curriculum.

Termination from Program
A student may be terminated from the Health Care Administration program for any of the following reasons:

1. Failure to maintain good academic standing.
2. Failure to demonstrate the potential for consistently safe, responsible, and ethical professional practice.
3. Likelihood that a student’s condition, presentation, or prior experience will adversely affect the student, other persons, the University, an agency or site used for administrative residency, or the patients or residents served.

If a student demonstrates deficiencies during the administrative residency experience that the faculty or administrative residency supervisor determine to be clearly unsafe or unprofessional behavior, the student will be immediately removed from the administrative residency situation.

A student who has been notified of termination from the program may appeal for reinstatement. This policy applies to termination from the Health Care Administration program only. A student’s status within the University remains subject to University academic standing policies.

Major Requirements
(Code 660-054)

The Health Care Administration program at UW-Eau Claire offers bright and committed students the opportunity to work with faculty who are dedicated to preparing leaders in a wide variety of health care organizations and to the individual development of each student. The goal is to prepare
students to make a positive difference in the lives of others by joining efficient management practices with dedication to service.

This program focuses on the post-acute care continuum of health care institutions and services. For students who want to enter the acute care sector (hospitals), this program has proven an excellent preparation for the graduate education required.

All Health Care Administration students complete a 12-month administrative residency experience at one of the many affiliated health care facilities in Wisconsin, Minnesota, Illinois, and Iowa. Graduates are thereby ready upon graduation to begin performing as leaders and managers in health care. The Health Care Administration program is HSE-accredited by the National Association of Long Term Care Administrator Boards (NAB). Graduates of the Health Care Administration Program are eligible to take the Wisconsin, Minnesota, and 22 other states’ licensure examinations for Nursing Home Administrators (NHA). Most other states accept graduates from this program for licensure on an individual review basis.

**Transferring Students.** Any student anticipating transferring to UW-Eau Claire for the Health Care Administration Program is urged to consult the university Admissions Office as early as possible for information about GPA and course requirements for admission and for the degree requirements. Official review of the student’s academic record is made by the Admissions Office. Transfer students may declare Pre-Health Care Administration when transferring, or may apply for acceptance into the Health Care Administration program prior to transferring to the university.

**Costs.** Health Care Administration is a professional discipline, and students enrolled in the program must anticipate some additional costs that are directly related to the Health Care Administration program. These include textbooks, health requirements, technology costs (e.g., laptop and internet access), and transportation and lodging associated with the administrative residency experience and learning modules.

**Scholarships.** Several scholarships are available to students in the Health Care Administration major. Additional information may be obtained from the College of Business website ([http://www.uwec.edu/academics/business/academic-resources/scholarships/](http://www.uwec.edu/academics/business/academic-resources/scholarships/)) or by visiting the Scholarship section of the Admissions website ([https://www.uwec.edu/admissions/scholarships/](https://www.uwec.edu/admissions/scholarships/)).

**Health Care Administration Major Proficiency Requirements**

Proficiency requirements include basic prerequisite courses and/or competencies for the major. These are not counted as credits in the major.

---

1 Health Care Administration majors must meet the following minimum grade and GPA requirements:
- Students must earn a C or higher in BCOM 206 and BCOM 207.
- Students must complete all required courses for the major with a grade of C- or above.
- Overall GPA must be at least 2.75.
- No course required for the degree in health care administration may be taken on a satisfactory/unsatisfactory basis (except for HCAD 400 and HCAD 401).

2 The university service-learning requirement is satisfied within the required administrative residency experience.

3 Health Care Administration majors must complete the High Impact Practices (HIP) assessment during their last semester.

**Program Learning Outcomes**

Students in this program are assessed on their ability to meet the following COB learning goals.

- Written and Oral Communication: Students will be effective communicators
- Teamwork: Students will be effective team members
- Problem Solving: Students will be effective problem solvers
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE)

Additionally, students completing this program will be expected to meet the following learning outcomes:

1. Students possess the knowledge and skills necessary to ensure that resident rights, quality of care, and quality of life can be maximized by assessing, planning, implementing, and evaluating resident services
2. Students possess the knowledge and skills necessary to ensure they can facilitate a comprehensive human resources program that recognizes the need for effective engaged employees to successfully deliver resident centered care.
3. Students possess the knowledge and skills necessary to ensure they can facilitate a comprehensive fiscal management program to achieve the organization’s financial performance objectives and to provide ongoing resident services.
4. Students will possess the knowledge and skills necessary to ensure they are providing an environment and atmosphere that promotes, protects, and provides resident centered care and quality of life.
5. Students will possess the knowledge and skills necessary to ensure innovation and strategic direction in alignment with organizational mission, vision, values, and purpose; effectively managing resources to ensure maximum performance and impact; integrating skills needed for daily management of the facility; implementing systems and nurturing relationships to ensure success in a complex and dynamic industry.

**Sample Degree Plan**

**Health Care Administration, B.B.A. (Comprehensive Major)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

| LE Option: Knowledge 3 (K3) Humanities | 3       |
| LE Option: Knowledge 3 (K3) Humanities | 3       |
| LE Option: Knowledge 4 (K4) Fine Arts | 3       |
| LE Option: Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity | 3       |
| LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity | 3       |
| LE Option: Responsibility 2 (R2) Global Perspectives | 3       |

**SPDP: Student Professional Development Program (SPDP)**

Workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned.

**Study Abroad**

Students participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. Health Care Administration Majors: If interested in studying abroad for a fall/spring semester, please plan for a study abroad experience for the 1st or 2nd year.
**NSE:** Students participating in NSE should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements. If interested in NSE, please plan for a NSE experience for the 1st or 2nd year.

Minimum total for the baccalaureate degree = 120 credits

1. Please see this webpage ([https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/](https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/)) for more information regarding the SPDP program.
2. All students must apply to the HCAD program in the fall (priority admissions) or spring (regular admissions) of their sophomore year. Please visit [http://www.uwec.ly/hcad](http://www.uwec.ly/hcad) for more information and application forms.
3. Classes to take early, if possible: BIOL 196 (offered over Summer/Winterim), BIO 151
4. Ideal electives, if there’s room in the schedule: PSYC 230 (K2/R1), MKTG 338, KINS 294, PHIL 306 (K3/R3), SW 360, SOC 101 (K2/R1), MKTG 425, ENPH 225 (R1/I1), NRSG 389 (R1 Design for Diversity), ENPH 115 (R2/K2).
5. All students in this major are required to participate in a year-long, paid administrative residency their final year in the program.
6. Fulfills the 30-hour service-learning requirement.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad ([https://studyabroad.apps.uwec.edu/](https://studyabroad.apps.uwec.edu/)), Internship ([https://www.uwec.edu/career-services/info-students/internships/](https://www.uwec.edu/career-services/info-students/internships/)), and/or Student/Faculty Collaborative Research ([https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/](https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/)) into your time at UW-Eau Claire.

HCAD students are strongly encouraged to participate in the American College of Health Care Administration (ACHCA) student organization.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.
• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (must satisfy the University math competency requirement).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).
Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

<table>

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.
Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/) and Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/)). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 823-000)
The Human Resource Management emphasis is structured to prepare students for careers in HRM immediately upon graduation or shortly thereafter. Historically, “personnel departments” were primarily administrative in scope. Today, there is tremendous complexity, diversity, and sophistication confronting managers of human resources. Most corporations require highly skilled professionals who have been academically trained in the areas of HRM. Corporations now are looking at the “human resource function” as a strategic partner in executive decision making. The HRM emphasis will prepare students in the following areas: staffing (recruitment and selection), training and development, labor relations, compensation and benefits, employee relations, organizational change, and relevant legal concerns. Special focus will be directed at the changing demographic composition of employees and Workforce 2000 issues. Students are encouraged to take additional written and oral communication courses.

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 103</td>
<td>Principles of Microeconomics</td>
<td>3</td>
</tr>
<tr>
<td>ECON 104</td>
<td>Principles of Macroeconomics</td>
<td>3</td>
</tr>
</tbody>
</table>

Human Resource Management Major
Sixty semester credits, including the 29-credit BUSCORE plus 31 additional credits as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 109</td>
<td>Algebra for Calculus 1</td>
<td>4</td>
</tr>
<tr>
<td>MATH 246</td>
<td>Elementary Statistics</td>
<td>4</td>
</tr>
</tbody>
</table>

1. MATH 109 or beyond, or competency to enter MATH 111

The BUSCORE
The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 201</td>
<td>Introduction to Accounting</td>
<td>3</td>
</tr>
<tr>

<td>Operations Management</td>
<td>3</td>
</tr>
<tr>
<td>MGMT 449</td>
<td>Strategic Management in a Global Business Environment 2</td>
<td>3</td>
</tr>
</tbody>
</table>

Total Credits: 29

1. Students must earn a grade of C or above in BCOM 206 and BCOM 207.

2. MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Pass the Society for Human Resource Management (SHRM) Certification Examination 1

Human Resources Management Electives - Select from the following: 2

University of Wisconsin-Eau Claire | 2022-2023 Catalog
Sample Degree Plan
Human Resource Management, B.B.A. (Comprehensive Major)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

FIRST YEAR

FIRST SEMESTER

MATH 109  Algebra for Calculus (LE-S2)  4

SOMETIME IN THE FIRST YEAR

ECON 103  Principles of Microeconomics (LE-K2)  3
ECON 104  Principles of Macroeconomics (LE-K2)  3
WRIT 114  Intensive Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits)  5

OR

WRIT 116  Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits)

OR

WRIT 118  Accelerated Blugold Seminar in Critical Reading and Writing (LE-S1, 2 credits)

OR

WRIT 120  Blugold Seminar in Critical Reading and Writing for Transfer Students (LE-S1, 2 credits)

SOMETIME IN THE FIRST OR SECOND YEAR

LE Option: Knowledge 1 (K1) Natural Sciences  3
LE Option: Knowledge 1 (K1L) Natural Sciences with Lab  4
LE Option: Knowledge 3 (K3) Humanities  3
LE Option: Knowledge 3 (K3) Humanities  3
LE Option: Knowledge 4 (K4) Fine Arts  3
LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity  3
LE Option: Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity  3
LE Option: Responsibility 2 (R2) Global Perspectives  3
LE Option: Responsibility 3 (R3) Civic and Environmental Issues  3

1 Students are required to take and pass the Society for Human Resource Management Certification Test. Requirements for taking this test currently require 500 hours of HR experience. Students who meet all requirements for this emphasis except the certification requirement are considered to have satisfied requirements for the Management major.

2 With one course at most from MGMT 442 and three credits at most from MGMT 399 and MGMT 499.

3 Human Resource Management majors must complete the High Impact Practices (HIP) assessment during their last semester.

Program Learning Outcomes

Students in the Human Resource Management program are assessed on their ability to meet the following COB learning goals.

- Written and Oral Communication: Students will be effective communicators
- Teamwork: Students will be effective team members
- Problem Solving: Students will be effective problem solvers
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE)

Additionally, students are expected to meet the program learning outcomes associated with demonstrating knowledge and competency in the core areas of HR:

- Employee Safety and Health
- Employee and Labor Relations
- Strategic Human Resource Planning
- Recruitment and Selection
- Training and Development
- Compensation and Benefits
LE Option: Skills 3 (S3) Creativity 3
Service-Learning (LE-SL)

SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 1

Study Abroad: Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.

NSE: Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

SECOND YEAR

SOMETIME IN THE SECOND YEAR
ACCT 201 Introduction to Accounting 3
BCOM 206 Business Writing (LE-S1) 2
BCOM 207 Business Presentations (LE-S1) 2
IS 240 Information Systems in Business 3
MATH 246 Elementary Statistics (LE-S2) 4

THIRD YEAR

FIRST SEMESTER
MGMT 340 Organizational Behavior 3

SOMETIME IN THE THIRD YEAR
ACCT 214 Managerial Accounting 3
BSAD 300 Equity, Diversity, and Inclusion in the Workplace 1
BSAD 305 Legal and Regulatory Environment 3
FIN 320 Principles of Finance 3
MGMT 341 Operations Management 3
MGMT 349 Human Resource Management 3
MKTG 330 Principles of Marketing 3
LE Option: Integration (I1) 2
Human Resource Management Electives: See catalog and degree audit for list of approved courses.

SOMETIME IN THE THIRD OR FOURTH YEAR

Study Abroad: Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/). Human Resource Management majors: consider especially Seoul, Korea; Limerick, Ireland; and Glasgow, Scotland—then Lorenzo d’Medici, Italy and Massey University in New Zealand. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., BSAD, MGMT) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience. 3

FOURTH YEAR

FIRST SEMESTER

MGMT 445 Compensation Theory and Administration 3

SECOND SEMESTER
MGMT 455 Industrial Relations 3
MGMT 459 Advanced Human Resource Management 5
Certification Exam: Take and pass the SHRM-CP exam 4

SOMETIME IN THE FOURTH YEAR
CJ 350 Human Resource Development 3
MGMT 446 Advanced Organizational Behavior 3
MGMT 449 Strategic Management in a Global Business Environment (LE-I1) 3

Human Resource Management Electives: See catalog and degree audit for list of approved courses. 5
Elective Credits: Additional credits needed to reach 120 credits

Minimum total for the baccalaureate degree = 120 credits

1 Please see this webpage (https://www.uwec.edu/academics/college-business/college-academic-resources/student-professional-development-program/) for more information regarding the SPDP program.
2 Students opting to complete the I1 through study abroad can replace this course with an approved elective course.
3 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F88B2A589A0A9D&Link_ID=62E08FAA-AS55-5AF9-7AA625856C21266F) for more information regarding Your Major + Study Abroad.
4 Professional Certification Exam – All HRM majors are required to pass the SHRM-CP exam (to be completed the same semester a student is enrolled in MGMT 459). If a student does not pass the exam, they may still graduate with a general management major.
5 The 2023-2024 undergraduate catalog will reflect a change in MGMT 459 from 2 to 3 credits and a consequential change in HRM electives from 5 to 4 credits. The change to MGMT 459 credits might be available Spring 2023.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.
**International Business, Certificate**

(Code 740-610)

The **Certificate in International Business** is designed to enhance the bachelor's degree for any student at UW-Eau Claire. Students for whom studying abroad or completing an international internship are not options can complete the 12-credit certificate and add valuable insights into the global business environment.

The Certificate was designed by participating faculty in the UW-Eau Claire College of Business, the Business Advisory Council, and the International Business Advisory Council. It is designed to complement the UW-Eau Claire Global Studies minor and to enhance all majors at UW-Eau Claire.

The **International Business Certificate** is an academic program, which includes the following requirements:

### Twelve semester credits, as follows:

<table>
<thead>
<tr>

Procedures Required for Graduation

1. Obtain admission to the degree program and/or the College offering it.
2. Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

1. The International Business certificate will not count as a secondary program when combined with the standard Business Administration major. This certificate can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext) that satisfy university academic concentration requirements.

Submit documentation through International Business Experience eform under Management & Marketing

International Business, Comprehensive Major

(Code 850-001)
Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.
Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/) and Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/).) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 850-001)

The International Business major is an interdisciplinary program. The major includes an international experience requirement that may be satisfied by taking an approved upper-division business course taken at a study abroad site, completing an international internship, or an internationally-oriented internship with a company located in the United States. International Business students are strongly encouraged to consider a double major in a functional business area such as management, marketing, information systems, accounting, or finance.

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

<table>

<td>Elementary Statistics</td>
<td>4</td>
</tr>
</tbody>
</table>

1 MATH 109 or beyond, or competency to enter MATH 111

The BUSCORE
The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 201</td>
<td>Introduction to Accounting</td>
<td>3</td>

<td>Strategic Management in a Global Business Environment</td>
<td>3</td>
</tr>
</tbody>
</table>

Total Credits 29

1 Students must earn a grade of C or above in BCOM 206 and BCOM 207.

2 MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Requirements for the International Business Major
Sixty semester credits, including the 29-credit BUSCORE and 31 additional credits as follows:

**International Business Experience (IBE)**

1. Students double-majoring in IB/Accounting or IB/Finance may use ACCT 314.
2. Students majoring in International Business must earn a C- or better in MGMT 345, MGMT 447, and MKTG 333.
3. Minimum of 3 credits of foreign language at 300 or 400 level can be waived if student has taken coursework through CHIN 202 (an additional elective would need to be taken instead).
4. Electives must include at least six upper-division credits.
5. Students must complete an **international business experience (IBE)** in order to graduate with the International Business major. This requirement may be met by completing one of the following:
   - Complete an approved three-credit International Business Internship at an overseas location, or domestically with a small or large business engaged in international operations that allows the content of the internship to be international. The completion of an internship will include a written report as specified by the International Business advisor. Students must complete the internship application form for their internship in order to have the experience approved. The internship may count for up to three credits of International Business major elective (BSAD 398).
   - Complete an approved three-credit Upper Division Business course at a study abroad site. This course may satisfy one of the major course requirements shown above, or may count as an elective in the International Business major.
Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals.

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Adapt and apply knowledge about the world’s diverse cultures to the international business environment.
- Adapt and apply knowledge about the world’s diverse values to the international business environment.
- Adapt and apply knowledge about the world’s diverse communication styles to the international business environment.

Sample Degree Plans

International Business majors are highly recommended to select a second major in a specific area of business to make themselves more marketable. Below please find sample degree plans for the International Business comprehensive major—followed by sample degree plans for recommended double majors.

International Business, B.B.A. (Comprehensive Major)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work.

Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Notes:

- Students pursuing this major are strongly encouraged to pursue the Leadership Studies Certificate (https://catalog.uwec.edu/undergraduate/business/management-marketing/leadership-studies-certIFICATE/). Coursework in your major and the Leadership Studies certificate may overlap. See your advisor for additional information.
- All International Business majors are required to have an international business experience.
- International Business majors should overlap LE requirements with INTB elective courses as much as possible.
- International Business majors are highly recommended to select a second major in a specific area of business to make themselves more marketable. Students pursuing an International Business double major should plan to test into at least a 200-level foreign language course or take the additional time necessary to complete the requisite language proficiency.

SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned.  

**Study Abroad:** Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. **International Business majors:** please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major's international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement. See also the third-year note below regarding upper-division business courses.

**NSE:** Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

### SOMETIME IN THE THIRD OR FOURTH YEAR

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie/.

**International Business majors:** consider especially Seoul, South Korea and Limerick, Ireland; then Bibao, Spain; Lorenzeo d’Medici, Italy; Massey University in New Zealand; and Glasgow, Scotland. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., MGMT, MKTG) might contribute as major electives. Please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major’s international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement.

### FOURTH YEAR

**SOMETIME IN THE FOURTH YEAR**

| FIN 325 | International Financial Management (Choose two courses from FIN 325; ECON 351/353/355/356) | 6 |
| or ECON 351 | International Economics | |
| or ECON 353 | Economics of Pacific Asia | |
| or ECON 355 | Economic Development | |
| or ECON 356 | Economic Development of Latin America | |

| ACCT 214/314 | Managerial Accounting | 4 |
| MGMT 447 | Cross Cultural Leadership | |
| MGMT 449 | Strategic Management in a Global Business Environment (LE-I1) | 3 |

| LE Option: Responsibility 3 (R3) Civic and Environmental Issues | 3 |
| UD, LE-R2/INTB Elective: Upper-division, Responsibility 2: Global from INTB Electives List | 3 |

| LE Option: Knowledge 4 (K4) Fine Arts | 3 |
| LE Option: Responsibility 1 (R1), DDIV Equity, Diversity, and Inclusivity with Design for Diversity | 3 |

**Elective Credits:** Additional credits needed to reach 120 credits

**Minimum total for the baccalaureate degree = 120 credits**

---

1. Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.
2. Students opting to complete the I1 through study abroad can replace this course with an approved elective course.
3. Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A0A90D&Link_ID=62E08F6A-555-5AF9-7A625856C21266F) for more information regarding Your Major + Study Abroad.
4. Students double-majoring in IB/Accounting or IB/Finance may use ACCT 314 (https://catalog.uwec.edu/search/?P=ACCT%20314).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult
their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**International Business and Economics, Business, B.B.A. (Comprehensive Double Major)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year. Students pursuing a double major may exceed 120 credits earned and may need to take more than 30 credits per year to graduate in 4 years.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of course work. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year. Students pursuing a double major may exceed 120 credits earned and may need to take more than 30 credits per year to graduate in 4 years.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info/students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

The Department of Economics is highly active in the following areas. Please consult with the department chair to see how you might get more involved.

- Faculty/Student Research – over 40% of economics majors are involved in faculty/student research every year. Students present at conferences regionally, nationally, and internationally, as well as co-author papers.
- International Immersions – At least 2 international immersion experiences available annually within the department of economics
- Internships – Active class led internship program (ECON 498)

International Business and Entrepreneurship, B.B.A. (Comprehensive Double Major)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree...
plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year. Students pursuing a double major may exceed 120 credits earned and may need to take more than 30 credits per year to graduate in 4 years.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year. Students pursuing a double major may exceed 120 credits earned and may need to take more than 30 credits per year to graduate in 4 years.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) for more information regarding Your Major Study Abroad.

1 Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.
2 Students opting to complete the I1 through study abroad can replace this course with an approved elective course.
3 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4FBB52589A0A9D&Link_ID=62E08F8A-5SA5-5AF9-7AA625B5C21266F) for more information regarding Your Major + Study Abroad.

**SPDP:** Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 

**Study Abroad:** Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. International Business majors: please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major’s international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement. See also the third-year note below regarding upper-division business courses.

**NSE:** Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

**SOMETIME IN THE THIRD OR FOURTH YEAR**

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/).

**International Business-Human Resource Management double majors:** consider especially Seoul, South Korea and Limerick, Ireland; then Bilbao, Spain; Lorenzo d’Medici, Italy; Massey University in New Zealand; and Glasgow, Scotland. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., MGMT, MKTG) might contribute as major electives. Please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major’s international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement.

Human Resource Management Elective: See catalog and degree audit for list of approved courses.

Minimum total for the baccalaureate degree = 120 credits

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/Internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

International Business and Management, B.B.A. (Comprehensive Double Major)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year. Students pursuing a double major may exceed 120 credits earned and may need to take more than 30 credits per year to graduate in 4 years.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Notes:

- Students pursuing this major are strongly encouraged to pursue the Leadership Studies Certificate (https://catalog.uwec.edu/undergraduate/business/management-marketing/leadership-studies-certificate/). Coursework in your major and the Leadership Studies certificate may overlap. See your advisor for additional information.
- All International Business majors are required to have an international business experience.
- International Business majors should overlap LE requirements with INTB elective courses as much as possible.
- International Business majors are highly recommended to select a second major in a specific area of business to make themselves more marketable. Students pursuing an International Business double major should plan to test into at least a 200-level foreign language course or take the additional time necessary to complete the requisite language proficiency.

- ACCT 214: Managerial Accounting
  - 3 credits
- BSAD 300: Equity, Diversity, and Inclusion in the Workplace
  - 1 credit
- BSAD 305: Legal and Regulatory Environment
  - 3 credits
- FIN 320: Principles of Finance
  - 3 credits
- MGMT 349: Human Resource Management
  - 3 credits
- UD LE-II/INTB Elective: Upper-division, Integration (I1) course from INTB Electives list. See catalog and degree audit for list of approved, upper-division courses.  

**SOMETIME IN THE THIRD OR FOURTH YEAR**

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: [http://www.uwec.edu/cie/](http://www.uwec.edu/cie/). International Business-Operations and Supply Chain Management majors: consider especially Seoul, South Korea; Limerick, Ireland; Loughborough, England; and Massey University in New Zealand. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., BSAD, MGMT) might constitute as major electives. Please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major’s international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement.  

**FOURTH YEAR**

**FIRST SEMESTER**
- MGMT 342: Quality Management
  - 3 credits

**SECOND SEMESTER**
- MGMT 344: Managerial Decision Modeling and Analysis
  - 3 credits
- MGMT 461: Lean Manufacturing Systems and Concepts
  - 3 credits

**SOMETIME IN THE FOURTH YEAR**
- FIN 325: International Financial Management
  - 6 credits (Choose two courses from FIN 325; ECON 351/353/355/35)

---

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad ([https://studyabroad.apps.uwec.edu/](https://studyabroad.apps.uwec.edu/)), Intercultural Immersion ([https://www.uwec.edu/immersion/](https://www.uwec.edu/immersion/)), Internship ([https://www.uwec.edu/career-services/info-students/internships/](https://www.uwec.edu/career-services/info-students/internships/)), and/or Student/Faculty Collaborative Research ([https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/](https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/)) into your time at UW-Eau Claire.

**International Business and Marketing, B.B.A. (Comprehensive Double Major)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year. Students pursuing a double major may exceed 120 credits earned and may need to take more than 30 credits per year to graduate in 4 years.

1. Please see this webpage ([https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/](https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/)) for more information regarding the SPDP program.
2. Students opting to complete the I1 through study abroad can replace this course with an approved elective course.
3. Please see this webpage ([https://studyabroad.apps.uwec.edu/](https://studyabroad.apps.uwec.edu/)) for more information regarding Your Major + Study Abroad.
To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Notes:
- Students pursuing this major are strongly encouraged to pursue the Leadership Studies Certificate (https://catalog.uwec.edu/undergraduate/business/management-marketing/leadership-studies-certificate/). Coursework in your major and the Leadership Studies certificate may overlap. See your advisor for additional information.
- All International Business majors are required to have an international business experience.
- International Business majors should overlap LE requirements with INTB elective courses as much as possible.
- International Business majors are highly recommended to select a second major in a specific area of business to make themselves more marketable. Students pursuing an International Business double major should plan to test into at least a 200-level foreign language course or take the additional time necessary to complete the requisite language proficiency.

FIRST YEAR

FIRST SEMESTER
MATH 109    Algebra for Calculus (LE-S2) 4
Foreign Lang 201: 201-level Foreign Language 4

SECOND SEMESTER
Foreign Lang 202: 202-level Foreign Language 4

SOMETIME IN THE FIRST YEAR
ECON 103    Principles of Microeconomics (LE-K2) 3
ECON 104    Principles of Macroeconomics (LE-K2) 3
WRIT 114    Intensive Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits) 5

OR
WRIT 116    Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits)

OR
WRIT 118    Accelerated Blugold Seminar in Critical Reading and Writing (LE-S1, 2 credits)

OR
WRIT 120    Blugold Seminar in Critical Reading and Writing for Transfer Students (LE-S1, 2 credits)

SOMETIME IN THE FIRST OR SECOND YEAR
LE Options: (K1, R3): Knowledge 1 (K1): Natural Sciences; Responsibility 3 (R3): Civic and Environmental Issues 3
LE Option: Knowledge 1 (K1): Natural Sciences with Lab 4
LE Options: (K3, R2)/INTB Elective: Knowledge 3 (K3) 3
Humanities; Responsibility 2 (R2) Global Perspectives from INTB Electives list
LE Options: (K3, R1, DDIV)/INTB Elective: Knowledge 3 (K3) 3
Humanities; Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity from INTB Electives list
LE Option: Knowledge 4 (K4) Fine Arts 3
LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity 3
LE Option: Skills 3 (S3) Creativity 3
Service-Learning (LE-SL)

SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 1

Study Abroad: Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. International Business majors: please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major’s international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement. See also the third-year note below regarding upper-division business courses.

NSE: Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

SECOND YEAR

SOMETIME IN THE THIRD YEAR
ACCT 201    Introduction to Accounting 3
BCOM 206    Business Writing (LE-S1) 2
BCOM 207    Business Presentations (LE-S1) 2
IS 240      Information Systems in Business 3
MATH 246    Elementary Statistics (LE-S2) 4
Foreign Lang 3XX: 300-level Foreign Language course 3

THIRD YEAR

FIRST SEMESTER
MGMT 340    Organizational Behavior 3
MKTG 330    Principles of Marketing 3

SOMETIME IN THE THIRD YEAR
ACCT 214    Managerial Accounting 3
BSAD 300    Equity, Diversity, and Inclusion in the Workplace 1
BSAD 305    Legal and Regulatory Environment 3
FIN 320     Principles of Finance 3
MGMV 341    Operations Management 3
MKTG 338    Marketing & Sales Analytics 3
MKTG Electives: See catalog and degree audit for list of approved courses.
UD INTB Elective: See catalog and degree audit for list of approved, upper-division, elective courses. UD LE-I1/INTB Elective: Upper-division, Integration (I1) course from INTB Electives list. See catalog and degree audit for list of approved, upper-division courses. 2

SOMETIME IN THE THIRD OR FOURTH YEAR
Study Abroad: Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://wwww.uwec.edu/cie/(http://www.uwec.edu/cie/). International Business majors: consider especially Seoul, South Korea; Limerick, Ireland; and Bilbao, Spain. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., BSAD, MGMT) might contribute as major electives. Please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major's international business experience requirement. ---

¹ Please see this webpage (https://www.uwec.edu/academics/business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

² Please see this webpage (https://stud yabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95FB42BE-5056-BS65-C4F8B52A589A0A9D&Link_ID=62E08FAA-55-SA9F-7AA62585C21266F) for more information regarding Your Major + Study Abroad.

³ Optional service-learning component

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs
might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL** – Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- **S2** – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- **S3** – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- **I1** – Any semester long study abroad program can fulfill one I1 experience.

**International Business, Minor**

**Minor Requirements**

(Code 740-411)

The International Business Minor is designed to enable students to enhance their perspective of the business environment as a global, rather than local, enterprise. Completion of the minor adds value to any major at UW-Eau Claire.

The minor requires foreign language competence at the 201 level. Advanced business courses taken during a study abroad semester may contribute to the minor. Prior approval is required.

**The minor consists of 24 semester credits, as follows:**

---

1. The International Business minor will not count as a secondary program when combined with the standard Business Administration major. This minor can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext) that satisfy university academic concentration requirements.

2. Students minoring in International Business must earn a C- or better in MGMT 345, MKTG 335, and MGMT 447.

3. Students may choose to either take a 201 or higher level foreign language course as part of their minor electives or test out of a foreign language at the 201 level or higher.

4. Electives may include at most one course per discipline. At least six of the twelve elective credits must be 300- or 400-level courses.

---

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Adapt and apply knowledge about the world's diverse cultures to the international business environment.
- Adapt and apply knowledge about the world's diverse values to the international business environment.

---

### Leadership Studies, Certificate

**(Code 820-601)**

The Leadership Studies Certificate is an academic program, which includes the following requirements. The 12 credits of course work must be completed with a B- or higher GPA.

Leadership Experience

Leadership Reflection Paper

1. The Leadership Studies certificate will not count as a secondary program when combined with the Business Administration major. This certificate can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext) that satisfy university academic concentration requirements.

2. With at most 3 credits from MSL 101, MSL 102, MSL 201, MSL 202.

3. Students must provide evidence of bona fide leadership experience while completing the BBA degree. This is done by submitting a resume that outlines the student’s leadership positions and experiences, briefly explaining responsibilities and accomplishments in each case, and submitting a letter of recommendation from an organization advisor, board member (non-student), or other supervisor. The letter of recommendation must specifically attest to the leadership requirements of the position held, and give specific examples of the leadership skills demonstrated by the student. Generic, employment-related letters of reference will not be accepted.

4. Candidates for the Leadership Studies Certificate must submit a paper that reflects on the leadership experience documented by the resume and letter of recommendation described above. The paper should be five to seven pages in length, double-spaced, and in 12-point font. The suggested outline for the paper is as follows:
   - A description of the leadership experience
   - Self-evaluation of your strengths and weaknesses as a leader during these experiences
   - Strategies and tactics for improving on your weaknesses and capitalizing on your strengths as a leader
   - Evaluation of how your leadership coursework relates to your leadership experiences

5. The leadership resume, recommendation, and reflection paper are to be submitted through an eform (https://www.uwec.edu/kb/article/student-forms-experience-for-leadership-studies-program/).

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

**Skills Goal**

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

**Integration Goal**

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Integration Outcome 2 (I2): The Arts (http://catalog.uwec.edu/undergraduate/attribute-I2/#header13)

Integration Outcome 3 (I3): Integration Through Work (http://catalog.uwec.edu/undergraduate/attribute-I3/#header13)

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

**College Degree Requirements**

**Bachelor of Business Administration Degree Requirements**

**Credits for Graduation**

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

**Student Professional Development Program**

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for
a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (https://catalog.uwec.edu/undergraduate/business/academic-resources/student-professional-development-program/).

**Grade Point Requirements**

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/) and Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

**Major Requirements**

(Code 820-000)

The general management emphasis provides a broad background focusing on the effective management and development of employees within the firm.

**Proficiency Requirements**

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

<table>

</table>

¹ MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.
**Program Learning Outcomes**

Students in this program are assessed on their ability to meet the following COB learning goals.

- Written and Oral Communication: Students will be effective communicators
- Teamwork: Students will be effective team members
- Problem Solving: Students will be effective problem solvers
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE)

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Identify common reasons why employees often resist organizational change and recommend specific methods/options for managing change
- Demonstrate an understanding of key elements of the vision process.
- Provide multiple factors that go into creating and promoting an ethical organizational culture.
- Apply knowledge and skills learned across all functional business areas when developing firm strategy.

**Sample Degree Plan**

**Management, B.B.A. (Comprehensive Major)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/)here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**SPDP: Student Professional Development Program (SPDP)**

**Workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned.**

**Study Abroad:** Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-1I) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.

**NSE:** Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.applicants.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

### Liberal Education (LE) Core Guidance

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

### Recommended High Impact Practices (HIPs)

- MGMT 341 | Operations Management | 3 |
- MGMT 349 | Human Resource Management | 3 |
- MGMT Electives: See catalog and degree audit for list of approved courses. |
- MKTG 330 | Principles of Marketing | 3 |

**sometime in the third or fourth year**

- ACCT 214 | Managerial Accounting | 3 |

**fourth year**

**sometime in the fourth year**

- MGMT 342 | Quality Management (minimum of one course needed) | 3 |
- or MGMT 343 | Supply Chain Management |
- or MGMT 442 | Production Planning and Control |
- MGMT 446 | Advanced Organizational Behavior | 3 |
- MGMT 449 | Strategic Management in a Global Business Environment (LE-I1) | 3 |
- MGMT Electives: See catalog and degree audit for list of approved courses. |
- Elective Credits: Additional credits needed to reach 120 credits |

**Minimum total for the baccalaureate degree = 120 credits**

---

1. Please see this webpage ([https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/](https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/)) for more information regarding the SPDP program.
2. Students opting to complete the I1 through study abroad can replace this course with an approved elective course.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Management, Minor

Minor Requirements

Management Minor Electives - Select from the following: 6

- MGMT 300  Personal Leadership Management
- MGMT 342  Quality Management
- MGMT 343  Supply Chain Management
- MGMT 344  Managerial Decision Modeling and Analysis
- MGMT 345  Managing Global Organizations
- MGMT 347  Risk Management and Insurance
- MGMT 363  International Logistics and Supply Chain Management
- MGMT 442  Production Planning and Control
- MGMT 443  Process Simulation and Analysis
- MGMT 445  Compensation Theory and Administration
- MGMT 446  Advanced Organizational Behavior
- MGMT 447  Cross Cultural Leadership
- MGMT 455  Industrial Relations
- MGMT 494  Topics in Leadership

¹ The Management minor will not count as a secondary program when combined with the standard Business Administration major or the following comprehensive majors: Management, Entrepreneurship, Human Resource Management, or Operations and Supply Chain Management. Please see the list of approved major/minor combinations (https://catalog.uwec.edu/undergraduate/business/#academicprogramstext) that satisfy university academic concentration requirements (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header16).

² Student Professional Development Program. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Provide multiple factors that go into creating and promoting an ethical organizational culture.
- Apply knowledge and skills learned across all functional business areas when developing firm strategy.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

</thead>
</table>

Two-Year College Credits

Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184 maximum 1 credit

Total Band, chorus, drama maximum 12 credits

Single course band, chorus, drama maximum 4 credits

Extension credits

UW-System no maximum

Other extension/correspondence maximum ¼ of total

USAFI

USAFI maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement
undergraduate/business/management-marketing/health-care-administration-major-bba/
undergraduate/business/accounting-finance/accounting-comprehensive-for the Comprehensive Major in major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting [https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/] and Health Care Administration [https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration- comprehensive-major-bba/].) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

### Major Requirements

**Bachelor of Business Administration Degree Requirements**

#### Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

#### Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

#### Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting [https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/] and Health Care Administration [https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration/ comprehensive-major-bba/].) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

### Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

#### Code | Title | Credits
---|---|---
ECON 103 | Principles of Microeconomics | 3
ECON 104 | Principles of Macroeconomics | 3
MATH 109 | Algebra for Calculus | 4
MATH 246 | Elementary Statistics | 4

1 MATH 109 or beyond, or competency to enter MATH 111

### The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

#### Code | Title | Credits
---|---|---
ACCT 201 | Introduction to Accounting | 3
BCOM 206 | Business Writing | 2
BCOM 207 | Business Presentations | 2
BSAD 300 | Equity, Diversity, and Inclusion in the Workplace | 1
BSAD 305 | Legal and Regulatory Environment | 3
FIN 320 | Principles of Finance | 3
IS 240 | Information Systems in Business | 3
MKTG 330 | Principles of Marketing | 3
MGMT 340 | Organizational Behavior | 3
MGMT 341 | Operations Management | 3
MGMT 449 | Strategic Management in a Global Business Environment | 3

Total Credits | 29

1 Students must earn a grade of C or above in BCOM 206 and BCOM 207.
COB learning goals. Students in this program are assessed on their ability to meet the following Program Learning Outcomes.

**Requirements for the Marketing Major**

Sixty semester credits, including the 29-credit BUSCORE and 31 additional credits as follows:

**HIP Assessment**

1. With two courses at most from BCOM 306, BCOM 307, BCOM 405.
2. General Marketing majors must complete the High Impact Practices (HIP) assessment during their last semester.

**Note:** The Marketing faculty recommend the Advanced Business Communication certificate for Marketing majors.

**Program Learning Outcomes**

Students in this program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators
- Teamwork: Students will be effective team members
- Problem Solving: Students will be effective problem solvers
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE)

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Identify and apply appropriate marketing strategies to a current relevant situation in the marketing environment.
- Identify what is marketing segmentation and the common bases used to segment consumer markets.
- Identify the marketing mix and its associated components.

**Sample Degree Plan**

**Marketing, B.B.A. (Comprehensive Major)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [https://catalog.uwec.edu/undergraduate/graduation-requirements/](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students pursuing this major are strongly encouraged to pursue the Advanced Business Communication [https://catalog.uwec.edu/undergraduate/business/business-communication/advanced-business-communication-certificate/](https://catalog.uwec.edu/undergraduate/business/business-communication/advanced-business-communication-certificate/) certificate.

**FIRST YEAR**

**FIRST SEMESTER**

| MATH 109 | Algebra for Calculus (LE-S2) | 4 |

**SOMETIMES IN THE FIRST YEAR**

| ECON 103 | Principles of Microeconomics (LE-K2) | 3 |
| ECON 104 | Principles of Macroeconomics (LE-K2) | 3 |
| WRIT 114 | Intensive Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits) | 5 |

OR

| WRIT 116 | Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits) |

OR

| WRIT 118 | Accelerated Blugold Seminar in Critical Reading and Writing (LE-S1, 2 credits) |

OR
WRIT 120 Blugold Seminar in Critical Reading and Writing for Transfer Students (LE-S1, 2 credits)

**SOMETIME IN THE FIRST OR SECOND YEAR**

LE Option: Knowledge 1 (K1) Natural Sciences 3
LE Option: Knowledge 1 (K1L) Natural Sciences with Lab 4
LE Option: Knowledge 3 (K3) Humanities 3
LE Option: Knowledge 3 (K3) Humanities 3
LE Option: Knowledge 4 (K4) Fine Arts 3
LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity 3
LE Option: Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity 3
LE Option: Responsibility 2 (R2) Global Perspectives 3
LE Option: Responsibility 3 (R3) Civic and Environmental Issues 3
LE Option: Skills 3 (S3) Creativity 3
Service-Learning (LE-SL)

SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 1

**Study Abroad:** Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-S1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See the third-year note below regarding upper-division business courses.

NSE: Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

**SECOND YEAR**

**SOMETIME IN THE SECOND YEAR**

ACCT 201 Introduction to Accounting 3
BCOM 206 Business Writing (LE-S1) 2
BCOM 207 Business Presentations (LE-S1) 2
IS 240 Information Systems in Business 3
MATH 246 Elementary Statistics (LE-S2) 4

**THIRD YEAR**

**FIRST SEMESTER**

MKTG 330 Principles of Marketing 3

**SOMETIME IN THE THIRD YEAR**

BSAD 300 Equity, Diversity, and Inclusion in the Workplace 1
BSAD 305 Legal and Regulatory Environment 3
FIN 320 Principles of Finance 3
MGMT 340 Organizational Behavior 3
MGMT 341 Operations Management 3
MKTG 331 Consumer Behavior 3
MKTG 338 Marketing & Sales Analytics 3
MKTG Electives: See catalog and degree audit for list of approved courses.
LE Option: Integration (I1) 2

**SOMETIME IN THE THIRD OR FOURTH YEAR**

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/). Marketing majors: consider especially Limerick, Ireland; Glasgow, Scotland; Lorenzo d’Medici, Italy; Melbourne, Australia; Massey University in New Zealand; Bilbao, Spain; and Stellenbosch, South Africa. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., MKTG, MGMT) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience. 3

**FOURTH YEAR**

**SOMETIME IN THE FOURTH YEAR**

ACCT 214 Managerial Accounting 3
MGMT 449 Strategic Management in a Global Business Environment (LE-I1) 3
MKTG 334 Marketing Research 4
MKTG 438 Strategic Marketing 3
MKTG ELECTIVES: See catalog and degree audit for list of approved courses.
ELECTIVE CREDITS: Additional credits needed to reach 120 credits

Minimum total for the baccalaureate degree = 120 credits

1 Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

2 Students opting to complete the I1 through study abroad can replace this course with an approved elective course.

3 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-A555-5AF9-7AA62B586C21266F) for more information regarding Your Major + Study Abroad.

4 Optional service-learning component

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/ internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

1. Obtain admission to the degree program and/or the College offering it.
2. Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

College Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting [https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/] and Health Care Administration [https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/].) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 840-002)

The Marketing Analytics emphasis is designed to help prepare marketing students for success in analytical marketing decision-making. It places emphasis on analyzing marketing databases using the latest software technology. This emphasis is designed to meet the growing demands for analytical decision-making in merchandising, purchasing, retailing, internet marketing, fact-based selling, and integrated marketing communications.

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

BCOM 307 Advanced Business Presentations  
BCOM 405 Advanced Business Communications  
BSAD 180 Foundations for Success in Business  
BSAD 306 Business Law  

HIP Assessment  

1 With one course at most from BCOM 306, BCOM 307, BCOM 405  
2 Marketing majors with Marketing Analytics emphasis must complete the High Impact Practices (HIP) assessment during their last semester.

Note: The Marketing faculty strongly recommend that Marketing Analytics majors take MKTG 337 or MKTG 432.

### Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning goals.

- Written and Oral Communication: Students will be effective communicators  
- Teamwork: Students will be effective team members  
- Problem Solving: Students will be effective problem solvers  
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE)

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Identify and apply appropriate marketing strategies to a current relevant situation in the marketing environment.  
- Identify what is marketing segmentation and the common bases used to segment consumer markets.  
- Identify the marketing mix and its associated components.  
- Utilize the application of various software technologies to solve marketing problems and administer ongoing marketing programs.

### Sample Degree Plan

**Marketing, Marketing Analytics Emphasis, B.B.A. (Comprehensive Major)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students pursuing this major are strongly encouraged to pursue the Advanced Business Communication certificate.

</table>

**SPDP:** Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned.

**Service-Learning (LE-SL)**
**Study Abroad:** Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See the third-year note below regarding upper-division business courses.

**NSE:** Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

</tbody>
</table>

**MKTG Elective: See catalog and degree audit for list of approved courses.**

**SOMETIME IN THE THIRD OR FOURTH YEAR**

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: [http://www.uwec.edu/cie](http://www.uwec.edu/cie). **Marketing majors:** consider especially Limerick, Ireland; Glasgow, Scotland; Lorenzo d’Medici, Italy; Melbourne, Australia; Massey University in New Zealand; Bilbao, Spain; and Stellenbosch, South Africa. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., MKTG, MGMT) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience.

**FOURTH YEAR**

**SECOND SEMESTER**

<table>
<thead>

**Elective Credits: Additional credits needed to reach 120 credits**

**Minimum total for the baccalaureate degree = 120 credits**

1. Please see this [webpage](https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.
2. Optional service-learning component
3. Please see this [webpage](https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4FB852A5890A09D&Link_ID=62E08FAA-A555-5AF9-7AA625856C21266F) for more information regarding Your Major + Study Abroad.
4. MKTG 333 and 337 are recommended as electives.
5. Students opting to complete the LE-I1 through study abroad can replace this course with an approved elective course.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad ([https://studyabroad.apps.uwec.edu/](https://studyabroad.apps.uwec.edu/)), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research ([https://www.uwec.edu/orps/students/student-faculty-collaborative-research-guide/](https://www.uwec.edu/orps/students/student-faculty-collaborative-research-guide/)) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).

**MGMT 449** Strategic Management in a Global Business Environment | 3
**MGMT 438** Strategic Marketing | 3
**MKTG Electives:** See catalog and degree audit for list of approved courses. | 7
**LE Option: Integration (I1) ** | 5 | 3
**Elective Credits: Additional credits needed to reach 120 credits** | 7
• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

1 The Marketing minor will not count as a secondary program when combined with the standard Business Administration major. This minor can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext) that satisfy university academic concentration requirements.

2 Student Professional Development Program. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus.

The workshops are a prerequisite for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Identify and apply appropriate marketing strategies to a current relevant situation in the marketing environment.

• Identify what is marketing segmentation and the common bases used to segment consumer markets.

• Identify the marketing mix and its associated components.

Marketing, Professional Sales Emphasis, Comprehensive Major

(Code 840-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

Minimum total for graduation: 120

Upper division credits (courses numbered 300 and higher): 39

Liberal Education Core: 36
Academic Concentrations

Grade Point Requirements

- Total: 2.00 average
- Resident: 2.00 average
- Major: 2.00 average
- Minor: 2.00 average
- Certificate: 2.00 average

University Residency Requirements

- Minimum total: 30
- Senior year: 23
- Major, Standard, upper division in residence: 12
- Major, Comprehensive, upper division in residence: 21
- Certificate: 25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Extension credits

- UW-System: no maximum
- Other extension/correspondence: maximum ¼ of total

USAFI

- USAFI: maximum 32 credits

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

- a minimum of 36 credits

College Degree Requirements
Bachelor of Business Administration Degree Requirements
Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/) and Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/).) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 840-001)

Students may select the Professional Sales emphasis designed to prepare them for competence in oral persuasion skills, proposal preparation, negotiating, relationship management, and sales force management.

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

HIP Assessment  2

Note: The Marketing faculty strongly recommend that Marketing majors with Professional Sales emphasis take MKTG 332, MKTG 335, MKTG 432, MKTG 437 or MGMT 343.

Program Learning Outcomes
Students in this program are assessed on their ability to meet the following COB learning goals:

- Written and Oral Communication: Students will be effective communicators
- Teamwork: Students will be effective team members
- Problem Solving: Students will be effective problem solvers
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE)

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Identify and apply appropriate marketing strategies to a current relevant situation in the marketing environment.
- Identify what is marketing segmentation and the common bases used to segment consumer markets.
- Identify the marketing mix and its associated components.
- Demonstrate a professional sales presentation in a classroom setting and in an outside field setting.

Sample Degree Plan
Marketing, Professional Sales Emphasis, B.B.A. (Comprehensive Major)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students pursuing this major are strongly encouraged to pursue the Advanced Business Communication ([here](https://catalog.uwec.edu/undergraduate/business-business-communication/advanced-business-communication-certificate/)) certificate.

**SPDP:** Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 

**Study Abroad:** Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See the third-year note below regarding upper-division business courses.

**NSE:** Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

**SOMETIME IN THE THIRD OR FOURTH YEAR**

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/). Marketing majors: consider especially Limerick, Ireland; Glasgow, Scotland; Lorenzo d’Medici, Italy; Melbourne, Australia; Massey University in New Zealand; Bilbao, Spain; and Stellenbosch, South Africa. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., MKTG, MGMT) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience.

**Minimum total for the baccalaureate degree = 120 credits**

1 Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

2 Optional service-learning component

3 Students opting to complete the I1 through study abroad can replace this course with an approved elective course.

4 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F8428E-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-A555-5AF9-7AA625856C21266F) for more information regarding Your Major + Study Abroad.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level fulfills one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level fulfills one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for USAFI Credit.

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

College Degree Requirements
Bachelor of Business Administration Degree Requirements

Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves in a professional manner during their job search and to other professionals once they enter their chosen careers. Students are highly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Accounting (https://catalog.uwec.edu/undergraduate/business/accounting-finance/accounting-comprehensive-major-bba/) and Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/).) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 824-000)

Students may select this emphasis which is designed to prepare them for careers in operations and supply chain management. Students are required to pursue professional certification as a CPIM (Certified in Production and

Inventory Management). Information on certification is available from the department office.

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Code | Title | Credits
--- | --- | ---
ECON 103 | Principles of Microeconomics | 3
ECON 104 | Principles of Macroeconomics | 3
MATH 109 | Algebra for Calculus \(^1\) | 4
MATH 246 | Elementary Statistics | 4

\(^1\) MATH 109 or beyond, or competency to enter MATH 111

The BUSCORE
The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Code | Title | Credits
--- | --- | ---
ACCT 201 | Introduction to Accounting | 3
BCOM 206 | Business Writing \(^1\) | 2
BCOM 207 | Business Presentations \(^1\) | 2
BSAD 300 | Equity, Diversity, and Inclusion in the Workplace | 1
BSAD 305 | Legal and Regulatory Environment | 3
FIN 320 | Principles of Finance | 3
IS 240 | Information Systems in Business | 3
MKTG 330 | Principles of Marketing | 3
MGMT 340 | Organizational Behavior | 3
MGMT 341 | Operations Management | 3
MGMT 449 | Strategic Management in a Global Business Environment \(^2\) | 3

Total Credits | 29

\(^1\) Students must earn a grade of C or above in BCOM 206 and BCOM 207.

\(^2\) MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Operations and Supply Chain Management Major
Sixty semester credits, including the 29-credit BUSCORE and 31 additional credits as follows:

Code | Title | Credits
--- | --- | ---
Required Courses | | 21
ACCT 214 | Managerial Accounting | 3
MGMT 342 | Quality Management | 3
MGMT 343 | Supply Chain Management | 3
MGMT 344 | Managerial Decision Modeling and Analysis | 3
MGMT 349 | Human Resource Management | 3
MGMT 442 | Production Planning and Control | 3
MGMT 461 | Lean Manufacturing Systems and Concepts | 3
Program Learning Outcomes

Students in the Operations and Supply Chain Management program are assessed on their ability to meet the following COB learning goals.

- Written and Oral Communication: Students will be effective communicators
- Teamwork: Students will be effective team members
- Problem Solving: Students will be effective problem solvers
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE)

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Compute the operating parameters for the (Q,R) inventory control system using appropriate methods.
- Demonstrate analytical skills through established supply chain management models or principles.
- Compose appropriate production plans for all levels of the priority planning process including sales and operations, master scheduling and materials requirements planning.
- Apply lean system concepts in an applied process improvement project.

Sample Degree Plan
Operations and Supply Chain Management, B.B.A. (Comprehensive Major)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work.

Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://
Students must complete a minimum of 36 credits in courses approved for the LE Core.

The LE Core comprises 17 learning experiences across 11 learning outcomes. Liberal Education Core (LE Core) 

<table>
<thead>
<tr>
<th>Learning Experience</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2)</td>

<tr>
<td>I1 – Integration; two experiences (one experience can be fulfilled in a student’s major)</td>
<td></td>
</tr>
<tr>
<td>SL—Service Learning; 30 hours</td>
<td></td>
</tr>
</tbody>
</table>

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Professional Sales, Certificate

Certificate Requirements

The Professional Sales certificate program will prepare students to go beyond the minimum course requirements and prepare for successful careers in professional sales. This will be done by obtaining academic and field-related knowledge about Professional Sales. This certificate is available to any UW-Eau Claire student. Completion of the certificate is noted on the student’s official transcript (prerequisites apply).

100 points in Extra-curricular and External Requirements

College-level Requirements

External Certifications

External Connections

1 The Professional Sales Certificate will not count as a secondary program when combined with the standard Business Administration major. This certificate can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (https://catalog.uwec.edu/undergraduate/business/#academicprogramstext) that satisfy university academic concentration requirements (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header16).

2 The 12 credits of coursework must be completed with a “B” or higher grade in each course.

3 College-level Requirements

- Participate in a Collegiate level Sales Competition and rank in the top 30%. (20 points; cannot be used more than three times)
- Actively participate in the BluGold Sales Planning Team. Submit a one-page summary which details your specific contributions to the success of the BluGold Sales events. (20 points; cannot be used more than twice)
- Serve as a Team lead for events within the BluGold Sales Planning Team. (30 points; can only be used once)
- Join and actively participate in the BluGold Sales team as either a coach or a competitor (20 points; cannot be used more than twice)

4 External Certifications

Earn certification in the following Hubspot modules (Each module is worth 10 points; no more than 20 points can be earned in this category). Students must contact the Director of the UWEC Professional Sales program for a list of external certifications and approval.

- Sales Enablement Certification
- Hubspot Sales Software
- Inbound sales
- Frictionless sales
- Industry Experience

5 External Connections
Students must provide evidence of internship or work experience in professional sales for either the UWEC Professional Sales Program, corporations, or a non-profit organizations while completing the BBA degree. Typically, students should obtain a minimum of 120 hours of work experience. Students should consult with the Internship Coordinator to verify whether the experience meets the qualifications. At the conclusion of the internship experience, the candidate must submit the following:

- An outline of your internship responsibilities which details how the experience developed your skill and knowledge of professional selling. The outline describing your internship experiences should include your contribution to projects assigned to you during the internship.
- Empirical or key performance indicators that quantify your contribution.
- A letter of feedback summary from your internship supervisor.
- Students must submit their resume (which highlights their sales experience) and have it approved by either the Director or Assistant director of the UWEC Professional Sales program.
- Students must be members of and actively participate in the UWEC student and Alumni group on LinkedIn. Their profile must be complete with at least 100 connections.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in identifying and tracking prospects in the sales pipeline.
- Employ multiple types of sales strategies.
- Critically analyze sales and marketing metrics and make decisions based upon those metrics.

Military Science and Leadership

Military Science and Leadership

Schneider Social Science 209 | 715-836-3617 | ArmyROTC@uwec.edu

The Military Science and Leadership (MSL) courses are part of the Army Reserve Officers’ Training Corps (ROTC) and provide a dynamic student-focused learning environment designed to develop adaptive and agile leaders of character. ROTC is a unique program in that it is led by Active Duty and National Guard cadre, but run primarily by the students. Cadre facilitate the lecture portion of the curriculum and the students plan and execute the leadership labs and physical training. MSL courses focus on management and leadership skills and prepare a student to receive a commission as an Army officer for either active duty, the Army National Guard, or the Army Reserve.

MSL classes include three components: lecture, leadership lab, and physical training sessions:

- **Lecture** – Cadre-facilitated discussions focus on leadership development, leadership theories, Army fundamentals, written and oral communication skills, cultural awareness, mentoring, problem solving, and emphasize practical leadership application.

- **Leadership Lab** – Provide engaging, hands-on, and realistic application of the lecture lessons of the previous weeks. The focus of labs is on field craft and army fundamentals. The two-hour lab sessions are planned and executed by the Advance Course (MSL 300) cadets, giving them an opportunity to utilize unit training management and troop-leading procedures preparing them for their summer training event.

- **Physical Training** – Includes techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. There are three, one-hour physical training sessions per week; however, non-contracted students are only required to attend one.

**Additional Opportunities** Students also participate in off-campus training exercises and competitions designed to reinforce training and challenge their physical and mental capacities.

Basic Courses. 100- and 200-level MSL courses are open to any UW-Eau Claire undergraduate student, regardless of major. Students may start the classes in either the fall or spring semester. Taking these classes requires no obligation to the Army. These courses give students the opportunity to learn about the Army and how the Army implements leadership. Additionally, credits from the Basic Courses (MSL 100 and MSL 200) can be applied towards the Leadership Studies Certificate. These classes can be taken during study abroad.

Advanced Courses. 300- and 400-level MSL courses are open to any UW-Eau Claire undergraduate student regardless of major. Taking these classes requires that the student make a commitment to contract as a Cadet, which requires service to the active Army, Army Reserve, or Army National Guard after graduation. Enrollment requires receiving credit for the basic courses and meeting Army prerequisites. Students must have four semesters remaining in full-time status to complete the MSL 301/MSL 302/MSL 401/MSL 402 course series. Students hold leadership positions throughout the semester and have significant responsibilities in planning and leading training during leadership lab and physical training. All advanced cadets attend the capstone Advance Course at Fort Knox, KY. MSL 301 and MSL 302 must be taken in sequence followed by the capstone summer training. Students are required to take an upper level U.S. military history course, which can be fulfilled by taking HIST 384, HIST 376, or HIST 377. These courses can be applied to the Military Leadership minor.

**ROTC Scholarships.** Cadets may be eligible for tuition scholarship, room and board scholarship, study abroad scholarship, or federal tuition benefits. For more information, visit www.goarmy.com/rotc/scholarships.jsp or contact the ROTC cadre in Schneider 209. Interested students must contact the ROTC Office to determine the correct course in which to enroll, to get enrollment permissions, and to complete required paperwork.

1. Elective courses must meet requirements as published by U.S. Army Cadet Command policy letters. Qualification of instructor and syllabus content are key factors in these requirements. Students must confirm that specific courses meet these requirements with ROTC program advisors prior to enrollment.

2. These courses are available to Junior and Seniors only, and a request must be submitted to the respective departments to waive course prerequisites.

**Note:** Credit for MSL 399 is primarily tied to Cultural Understanding and Language Proficiency (CULP) program, Cadet Troop Leader Training (CTLT), and Cadet Internships. These summer programs allow for experiential learning linking institutional learning to work experience.

### Program Learning Outcomes

Students will demonstrate proficiency in the four ALAs and General learning Outcomes:

- **Leadership**
  - Proficiency in creating and sustaining an organizational climate of trust and a shared identity as Army Professionals
  - Proficiency in the Army leader attribute and competency categories described in the Leadership Requirements Model
  - Proficiency in implementing and sustaining the fundamentals of development
- **Mission Command**
  - Proficiency in the principles of mission command
  - Proficiency in the elements of command and control (C2)
  - Proficiency in C2 Warfighter Function tasks and system to integrate elements of combat power
  - Proficiency in critical & creative thinking
- **Operations**
  - Proficiency in synchronizing all Warfighter Functions in Unified Land Operations in support of Joint Operations
  - Proficiency in understanding the Operational Environment across all domains
  - Proficiency in sustainment functions supporting Army Operations
- **Training**
  - Proficiency in planning, preparing, executing, and assessing training
College of Education and Human Sciences

Jill Prushiek, Associate Dean (Centennial 3015)

College Vision, Mission and Core Values
The vision of the College of Education and Human Sciences (CoEHS) is to be a regional leader in the development of highly competent, critically engaged professionals who enhance the lives of others in an increasingly diverse society.

Committed to the highest standards of academic excellence, our mission is to prepare students to become engaged professionals who are creative thinkers, evidence-informed practitioners, and culturally responsive individuals.

Integrity, collaboration, and social justice are the core values that enable us to fulfill our mission and move toward achieving our vision.

Graduate Programs
Teacher and other school personnel programs are offered at the graduate level in professional development, communication sciences and disorders, and school psychology. A graduate degree in athletic training is also offered.

Non-degree Programs and Additional Certification Programs
Non-degree programs in any of the fields of study offered in baccalaureate and graduate programs can be arranged for candidates who hold a bachelor’s or advanced degree. Due to enrollment limitations, a small number of students are accepted in non-degree and second degree programs.

Reading Partners Program

Dean’s List
At the end of each semester the University recognizes excellence in scholastic achievement by publishing the Dean’s List. Admitted undergraduate students are eligible if they meet the following criteria for the semester:

- earn a minimum of 12 credits.
- be in good academic standing.
- earn a minimum semester GPA of 3.70.
- have no courses with the following grades: Incomplete, Withdrawal, Audit, or Satisfactory/Unsatisfactory (except in courses that are offered only on the S/U grading system in which a grade of S has been earned).
- have no courses below the 100 level.
- have no repeats.
- have no professional semester courses taken in the term (ES 440, ES 441, ES 445, ES 446, ES 470, ES 471, ES 475; SEIP 470, SEIP 472, SEIP 475; UEC 470, UEM 470).

Dean’s List students will receive notification and congratulations from the Dean.

Criminal History and/or Caregiver Background Checks
Wisconsin law requires that persons responsible for the care, safety, and security of children and adults will be required to have background checks. In some cases, placement into an externship, professional semester, internship, or practicum will be dependent on the background check results. In some cases, students may be unable to complete field experiences required of their programs because of background check results. Furthermore, students should work closely with their advisors and the Associate Dean to determine the impact these results will have on their academic program. Students are responsible for all costs associated with background checks. Results of checks may be shared with the practicum, professional semester, externship, or internship site. It is the policy of the College that all students completing a field experience that requires a background check must have one completed by the College of Education and Human Sciences vendor within 12 months of the placement start date.

The College of Education and Human Sciences requires applicants to complete a Background Information Disclosure and a release for a criminal background check. Falsification or omission of information relevant to the questions may constitute grounds for denial of admission to the course(s), associated field experiences, or for termination of admission if the falsification or omission is discovered after admission. Further, after submission of the questionnaire, while an application is being considered or while a student in the program, if circumstances occur that would change any response(s), students must inform the Associate Dean of the changed response(s). Finally, no student is allowed to begin a field experience until the required background check is completed and the student is cleared to begin the field experience. For further information, contact the College of Education and Human Sciences Associate Dean’s Office (Centennial 3015).

Liability for Health Care Expenses
All expenses associated with health surveillance and care are borne by the student unless the Student Health Service specifically indicates otherwise. Students are not covered by health or accident insurance by UW-Eau Claire, the field experience facility, or the field experience institution. In addition, workers’ compensation insurance does not cover students. For example, if students suffer a needle stick or are hurt while in a field experience, they will need personal health insurance to cover medical bills.
Transportation to Field Placement Sites

Students in all of our programs must provide their own transportation to and from field experiences/placement sites. Some field experiences will require travel to other communities. All costs associated with transportation to and from field experiences are the responsibility of the student. No automobile insurance coverage is provided by the state or by UW-Eau Claire. Personal automobile insurance coverage should be purchased.

Special Course Fees

Some courses require a special fee because of the nature of the activity or supplies required to complete the course. Current special course fees are shown in the Class Schedule.

Directed and Independent Studies

Many opportunities are available for students to study independently or in small groups, problems and topics in their field of study which may not be included or explored in depth in regular course offerings.

Directed studies for groups can be arranged by departments and offered as special courses, either on campus or in off-campus settings. Those interested in directed studies should consult with a department chair.

Independent study, through a student-initiated procedure in which a unit of study is described and approved prior to enrollment, allows a student to earn one to three credits for each such educational experience. Those interested in independent study should obtain appropriate forms in department offices.

Independent and directed study should not be used as a way of taking courses which are approved as regular offerings in the College. Also, in some programs, there is a limit to the number of credits students can take in independent and directed studies.

International Education

Students are invited to participate in exchange programs sponsored by the Center for International Education. In the sophomore, junior, and senior years, study abroad programs offer students opportunities to visit another country and take courses on the host campus that will fulfill UW-Eau Claire requirements.

Students are also encouraged to consider completing part of their student teaching experience in classrooms in a variety of countries. Exchange student teaching programs are available during the fall and spring semesters through Educators Abroad and meet Department of Public Instruction requirements. Students must complete one student teaching placement in Wisconsin and then complete an additional placement in another country, following its academic calendar. In other words, students may not be finished with their overseas student teaching placement in time for graduation ceremonies at UW-Eau Claire.

Students interested in any of these international studies programs should contact the Center for International Education (Schofield 3) or the Teacher Education Program Office, Centennial 3102.

Immersion Experiences

Students are invited to participate in specially arranged student teaching experiences and other field experiences in a variety of settings including the Milwaukee Public Schools, Tucson, Arizona, Washington D.C. and the Aldine School District in Houston, Texas. Students interested in these opportunities will gain experience working in districts with a diverse student population. Interested students should contact the Teacher Education Program Office, Centennial 3102, or the department of their major for details.

Teacher Education Requirements

Program and Degree Requirements

University Requirements

All candidates for teacher education baccalaureate degrees in the College of Education and Human Sciences must fulfill the minimum requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Requirements for Teacher Education

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
Criteria for Recommendation for Licensure:

Licensure to Teach
for admission to the professional semester by December 1 for the following fall.

Claire. Senior transfer students enrolling in September must file an application
No transfer or special student can enter the professional semester until after a
Transfer and Special Students
fieldwork prior to the semester they are enrolled in
Requirement. Students are expected to accrue 15 of the 30 hours of volunteer/
with disabilities. This fieldwork satisfies the University Service-Learning
different from themselves, people from low-income backgrounds, and people
of 30 hours of direct contact fieldwork with racial/ethnic/cultural minorities
Foundations: Human Relations, which includes completion of a minimum
Claire Cultural Diversity Requirement by completing
Students in teacher education majors shall meet the Wisconsin Department
Diversity Service-Learning Requirements
Human Relations/Cultural Diversity/Design for
Diversity Service-Learning Requirements
Students in teacher education majors shall meet the Wisconsin Department
of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed
Placement Tests
on the site including fingerprinting if applicable.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach
in Wisconsin will apply for licensure using the WI Department of Public
Instruction's (DPI) ELO (Electronic Licensing Online) by following all steps listed
Degree Planning
A degree plan indicates how a student expects to meet the curricular
requirements for a degree. Degree plan forms for the various programs offered
in the College may be obtained in department offices. These plans are for
students’ use in planning programs with their advisors. Degree Review uses the
Degree Audit for official evaluation of academic plans and official evaluation of
academic progress.

Human Relations/Cultural Diversity/Design for
Diversity Service-Learning Requirements
Students in teacher education majors shall meet the Wisconsin Department
of Public Instruction’s Human Relations Requirement and the UW-Eau
Claire Cultural Diversity Requirement by completing ES 385/ES 585, Social
Foundations: Human Relations, which includes completion of a minimum
of 30 hours of direct contact fieldwork with racial/ethnic/cultural minorities
different from themselves, people from low-income backgrounds, and people
with disabilities. This fieldwork satisfies the University Service-Learning
Requirement. Students are expected to accrue 15 of the 30 hours of volunteer/
fieldwork prior to the semester they are enrolled in ES 385/ES 585.

Transfer and Special Students
No full transfer or special student can enter the professional semester until after a
full semester of residence and after earning a minimum of 15 credits at UW-Eau
Claire. Senior transfer students enrolling in September must file an application
for admission to the professional semester by December 1 for the following fall.

Licensure to Teach
Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major and passing scores on
required tests if those are required for the major.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the
combination of all course work in the major, minor (where certifiable),
and professional education courses exclusive of student teaching. All
college-level courses attempted by the student except student teaching
are included when major, minor, and professional education GPAs are
determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or
above in departments where a letter grade is assigned.
5. Content area proficiency through:
   Earning a minimum 3.0/4.0 GPA in content courses OR through obtaining a
   passing score on the appropriate Praxis II/ACTFL exam.
   For students who neither meet the minimum GPA requirement
   nor pass the appropriate Praxis II/ACTFL exam after at least two
   attempts, a content portfolio can be submitted which parallels the
   content evaluated on the Praxis II/ACTFL exam. The portfolio may only be
   submitted once. Foreign language majors and minors must earn passing
   scores on the ACTFL. The standardized examination and passing score shall
   be determined by the State Superintendent. All Elementary-Middle, Special
   Education majors and minors, and Early Childhood majors must earn a
   passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach
in Wisconsin will apply for licensure using the WI Department of Public
Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed
on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI
Department of Public Instruction teaching requirements, information will be
forwarded to WI DPI verifying this completion (including the completion of all
required tests), a degree and any add-on certifications that have been awarded,
and certifications the teaching candidates are eligible for with licensure.
Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states
other than Wisconsin request application forms and instructions from the
Department of Education of the state in which licensure is desired. Certification
requirements vary by state. Inquiry early in the period of professional
preparation is advisable. In most cases, an official transcript of credits must
accompany the completed application form; additional tests or course
work may be required. Therefore, it is imperative to check requirements
of other states. Wisconsin and most other states require institutional
endorsement. In general, candidates will be able to obtain licenses in other
states; however, these licenses may be issued with stipulations. It is the
student’s responsibility to understand the licensing requirements of other
states. UW-Eau Claire programs are designed to meet the requirements in
Wisconsin only.

Human Sciences Requirements
Program and Degree Requirements
Specific requirements for some human science degrees are published in
conjunction with the Catalog description of the major leading to the degree,
with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of
Education and Human Sciences
Candidates for the degree of Bachelor of Science from a human sciences
department must fulfill the requirements for credits, curriculum, GPA, and
University residency as specified in the section of this catalog titled University
Graduation Requirements.(see University Graduation Requirements)

General Information
Placement Tests. The mathematics/foreign language placement tests are
given during the orientation periods for new freshmen and transfers. Further
information about the foreign language or the mathematics tests is available
from the chair of the appropriate department.
Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Planning a Degree Program

Declaring a Major/Minor Program

Students who started in Fall 2016 or later have an advisor in the Advising, Retention, and Career Center and that is the contact for declaring and changing a major.

All students are encouraged to obtain a new degree audit during this process. A new advisor will be assigned in the department or academic cluster of the new major or minor. Any approved petitions/waivers for the old major or minor will not be carried over to the new major or minor. Students must resubmit and have these petitions approved again by the new major or minor department.

A topical minor is available and the requirements are listed below.

Education (Code 610-453)

A Topical Minor is an interdisciplinary minor composed of 24 semester credits selected by the student to meet the student’s own interests and scholarly objectives. Courses for the minor may be chosen on the basis of a coherent theme, an historical period, a definable professional need, or a complementary relationship to the student’s major. Most students who propose a topical minor do so after earning 30 credits but before earning 90 credits. Students must meet all prerequisite course work requirements and other prior eligibility benchmarks, such as achieving an appropriate grade point average. In the case of courses offered in one of the professional colleges, students must meet college admission requirements or students must obtain written permission from the College before enrollment is possible. The Topical Minor is not intended to be used to duplicate any major or minor offered as a regular program within the UW System.

The student who wishes to develop a Topical Minor must adhere to the following requirements:

- Interdisciplinary Breadth Requirement: A Topical Minor consists of 24 credits. There must be at least two course prefixes present among these credits and no more than 15 credits from any single prefix.
- Unique Credit Requirement 1: A student may not apply a course that counts toward credits in his/her major to the Topical Minor.
- Unique Credit Requirement 2: No more than six credits from a student’s major prefix may be used in the Topical Minor.
- Depth Requirement: At least 12 of the 24 credits must be from courses numbered 300 or above.
- College Home: For a Topical Minor to reside in the College of Education and Human Sciences, prefixes from at least 12 of the 24 credits must be earned in the College of Education and Human Sciences.
- Submission Requirement: To propose a Topical minor, a student should work with a faculty advisor and complete an e-form located on the College of Education and Human Sciences website and route that form to the College for approval.

Special Curricular Offerings

Special Topics Courses

The Departments of Kinesiology and Social Work offer courses in which the topic for study may vary from semester to semester, often focusing on a contemporary issue or taking an innovative approach to a traditional subject. Students and faculty members are invited to recommend topics to the department. Topics are announced in the Class Schedule for the semester. There may also be prerequisites for these special topics courses.

Restrictions: A total of no more than nine credits in Special Topics courses may be applied toward graduation. Special Topics courses may not be applied toward completion of the Liberal Education requirements. The Department of Social Work may further restrict the application of such credits to their majors.

Directed Study Courses

Courses numbered 395 or 495, offered by several departments under various titles, are designed to permit individual students or groups of students to undertake special projects related to their educational interests and goals.

Eligibility: Registration for a Directed Study course requires the permission of the faculty member who agrees to supervise the project and of the department offering the course. Any further conditions of eligibility are established by the department and published as part of the course description.

Restrictions: A total of no more than six credits of Directed Study courses may be counted toward graduation. Directed Study courses may not be applied toward completion of the Liberal Education requirements. Departments also may restrict the application of such credits to their majors and minors.

Procedures: Permission to register may be obtained from department offices. When registration has been completed, a copy of each project will be electronically submitted to the Associate Dean of the College.

Independent Studies

Under the course numbers 399 and 499, each department in the human sciences cluster of the College provides advanced students with opportunities for independent study in fields where they have already demonstrated their competence.

Eligibility: Independent Study courses are open only to juniors and seniors. A student with a departmental major and/or minor may elect an Independent Study in the department of the major or of the minor, provided the student has at least 3.00 resident and total GPAs in that department. A student with a multidisciplinary major may elect an Independent Study in any department which has courses required in the major, provided the student has at least 3.00 resident and total GPAs in the major and has earned a minimum of six credits.
with resident and total GPAs of at least 3.00 in the department in which the Independent Study is elected.

Restrictions: Only three credits of Independent Study (399 or 499) may be elected during any semester. A total of no more than six independent study credits may be counted toward graduation. Independent Study courses may not be applied toward completion of the Liberal Education requirements.

Procedures: The student shall outline an Independent Study proposal to a professor willing to direct the study. The department chair and the professor directing the study must give permission in order for the student to register for a 399 or 499 course. An electronic Independent/Directed Study Approval Form should be submitted and approved by the end of the fourth week of the semester (second week of Summer Session). Forms are available on the College of Education and Human Sciences website in the Blugold Insider.

Internships and Field Practicum Courses
Some type of internship or clinical experience is an integral part of programs in Communication Sciences and Disorders, Kinesiology: Exercise Science, Rehabilitation Science, and Social Work. Therefore, students in these programs must provide their own transportation to and from field experiences and internships. Many field experiences may require travel to other communities. All costs associated with transportation to and from field experiences are the responsibility of the student.

Departmental Honors Programs
The Department of Social Work and the Department of Communication Sciences and Disorders have established a Departmental Honors Program for their majors. See the departmental listings for requirements.

Admission to Education Programs
Admission to the Major
Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (e.g. SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure
Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available.

Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students
Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Admission to the Professional Education Semester
The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications
Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students
No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

**Deadline for Meeting Criteria**
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

**Licensure to Teach**

**Criteria for Recommendation for Licensure:**
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

   **For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts,** a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

**Wisconsin Application**
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

**Pre-Professional Programs**

**Pre-Athletic Training**
(Code 995-900)

Advisor: C. Hannah (Kinesiology).

The pre-athletic training program is intended to prepare students for admission into a graduate program in athletic training. Students should plan on completing a baccalaureate degree before matriculating into an athletic training graduate program. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-athletic training program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study. Information about the Master of Science-Athletic Training Program. (http://catalog.uwec.edu/graduate/programs/kinesiology/athletic-training-ms/)

**Pre-Chiropractic**
(Code 704-901)

Advisor: M. Mattes (Kinesiology).

The pre-chiropractic program is intended to prepare students for admission into a chiropractic college. Most accredited chiropractic colleges prefer that students earn a baccalaureate degree before beginning, or concurrently with, their chiropractic training. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-chiropractic program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study.

**Pre-Occupational Therapy**
(Code 665-901)

Advisor: M. Mattes (Kinesiology).
The pre-occupational therapy program is intended to prepare students for admission into a graduate program in occupational therapy. Most occupational therapy programs are now at the graduate level. Students should plan on completing a baccalaureate degree before applying to occupational therapy graduate programs. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-occupational therapy program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study.

Pre-Physical Therapy
(Code 662-901)

Advisor: M. Mattes (Kinesiology).

The pre-physical therapy program is intended to prepare students for admission into a graduate program in physical therapy. Most physical therapy programs are now at the graduate level. Students should plan on completing a baccalaureate degree before applying to physical therapy graduate programs. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-physical therapy program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study.

Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).
Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to
submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences, See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.
Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Read and interpret text from a variety of critical perspectives
- Write effectively for different purposes and audiences
- Plan, conduct, and document research using appropriate sources
- Describe the dynamic nature, diversity, and structure of the English language
- Apply knowledge of subject area, student learning, educational research, and pedagogical theory to instructional design

Sample Degree Plan

English & Language Arts, Comprehensive Major - Teaching (B.A.)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

FIRST YEAR

FIRST SEMESTER

- Writing Requirement: 2-5
- WRIT 114 | Intensive Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits) | 2-5
- or
- WRIT 116 | Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits) | 2-5
- or
- WRIT 118 | Accelerated Blugold Seminar in Critical Reading and Writing (LE-S1, 2 credits) | 2-5
- LE Option: Skills 2 (LE-S2) Mathematics - Choose course that meets Math competency requirement | 4
- English 200 level requirement: 6
  - ENGL 2XX - 200-level in a required literature, culture, theory, film category; LE-K4 or LE-R2
  - and
  - ENGL 212 | Histories and Theories of Rhetoric (LE-K3) | 6

SECOND SEMESTER

- ENGL 210 | Introduction to Critical Studies | 5
- ENGL 221 | Introductory English Linguistics (LE-K2) | 3
- Communication/Journalism (S1) | 3
  - CJ 105 | Communication in Contemporary Society (LE-K3) | 3
  - or
  - CJ 206 | Human Communication Theory (3 credits) | 3
- LE Core Option: Knowledge 1 (LE-K1L) Natural Sciences with Lab - Biology | 4-6

TOTAL FIRST YEAR | 27-32

SECOND YEAR

FIRST SEMESTER

- ENGL 284 | Introduction to Theory and Criticism | 3
- Survey of American Literature: | 3
  - ENGL 268 | Survey of American Ethnic Literature (LE-K3, LE-R1 DDIV) | 3
  - or
  - ENGL 368 | Topics in American Ethnic Literature (3 credits) | 3
- CJ 184 | Multimedia Communication | 3
- ES 385 | Social Foundations: Human Relations | 3
- LE Option: Knowledge 1 (LE-K1) Natural Sciences - not Biology | 3-4

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (!1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Teaching (Code 260-203)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements
Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core 36
Academic Concentrations
Grade Point Requirements 2
Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSRCDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
UW-System no maximum
Other extension/ correspondence maximum ¼ of total

USAFI
USAFI maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate
will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)
Two (2) learning experiences
One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)
One (1) learning experience
One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)
One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)
Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)
One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)
Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)
30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:
   - Abbreviation | Full Title
   - Resident     | 2.75 average
   - Total        | 2.75 average
   - Major        | 2.75 average
   - Minor (for certification only)

3. Residency requirements:
   - Abbreviation | Full Title
   - Minimum Total | 30 credits
   - Senior Year   | 23 credits
   - Major, in upper division courses | 12 credits
   - Comprehensive Major, in upper division courses | 21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades K-12

Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status.
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the
Teaching (Code 260-203)

Major Requirements
Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Students may earn their remaining credits from any of the following, but must take a minimum of six credits at the 400 level:

- FREN 435 Written and Oral Expression
- FREN 440 Professional Communication
- FREN 445 Introduction to Literary Analysis
- FREN 454 History of French Civilization
- FREN 455 Civilization
- FREN 461 Discussions on Contemporary Societal Issues
- FREN 470 Environmental and Linguistic Diversity
- FREN 491 Special Topics
- FREN 499 Independent Study - Juniors

Language Immersion Requirement

Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 366 and ES 437 are required. This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice Option C and leads to licensure to teach French in grades K-12 classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.
- Use critical and creative thinking to evaluate and address issues in local and global contexts.
• Demonstrate knowledge and appropriate use of current pedagogical issues and practices that are pertinent to the field of second language acquisition.

## Sample Degree Plan

### French, Major - Teaching (B.A.)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R1, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

TOTAL  12

Minimum total for the baccalaureate degree = 120 credits

- A For certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

This major is restricted to students in the College of Education and Human Sciences: Education for Equity and Justice: Option C and leads to licensure to teach French in grades K-12.

For certification, a period of residency abroad is required. Study abroad experience can count for IL experience.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

For language-specific study abroad opportunities, see above and also faculty advisor, ARCC advisor, and the Center for International Education.

**Liberal Education (LE) Core Guidance**

*Liberal Education Core (LE Core)*

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for USAFI Credit.

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

Total degree credit maximum ½ of total

Transfer credits. All other (non-UW) extension and correspondence credits are treated as resident credits. Credits earned in credit outreach courses offered by UW-System/Extension credit (see Extension Credits above).

Maximum 32 credits
Teaching Licensure Requirements - Grades K-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.
Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

or an equivalent course approved by the adviser

Language Immersion Requirement

1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 366 and ES 437 are required. This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach German in grades K-12 classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIC and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Grades 4-12 and Grades K-12

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.
- Use critical and creative thinking to evaluate and address issues in local and global contexts.
- Demonstrate knowledge and appropriate use of current pedagogical issues and practices that are pertinent to the field of second language acquisition.

Sample Degree Plan

German, Major-Teaching

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following
sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### Liberal Education Core Requirements

#### Knowledge Goal

<table>
<thead>
<tr>

### Learning Outcomes

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/ #header13)
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13)

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:
   - **Abbreviation**
   - **Full Title**
   - **Credits**
   - Resident
   - 2.75 average
   - Total
   - 2.75 average
   - Major
   - 2.75 average
   - Minor (for certification only)
   - 2.75 average

3. Residency requirements:
   - **Abbreviation**
   - **Full Title**
   - **Credits**
   - Minimum Total
   - 30 credits
   - Senior Year
   - 23 credits
   - Major, in upper division courses
   - 12 credits
   - Comprehensive Major, in upper division courses
   - 21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teacher Licensure Requirements - Grades K-12

Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

   Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

**NOTE 1:** SPED 300 (not required of Kinesiology or Music majors).

**NOTE 2:** ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

**NOTE 3:** Music Education majors take MUED 318 instead of ES 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.
Admission to the College of Education and Human Sciences Teacher Education Program

See additional requirements for admission to education programs as well as additional requirements for licensure.

Resources available limit the number of students admitted to the program. Not everyone who applies can be guaranteed admission.

Additional Physical Education Teaching Program Admission Committee Recommendations

The Physical Education Teaching Program Committee will screen students for admission to the program and make recommendations to the Teacher Education Admissions Committee based on:

1. A completed résumé outlining
   a. experiences with children and adolescents.
   b. involvement in professional organizations.
2. A formal interview.
3. A completed course of study form.
4. Performance evaluations from Kinesiology courses.
5. Students must earn a grade of B- or above in their physical education & health education courses (KINS 290, KINS 300, KINS 301, KINS 302, KINS 303, KINS 305, KINS 327, KINS 335, KINS 336, KINS 337, KINS 484, KINS 487, KINS 493)
6. Students must earn a grade of C or above in the KINS Core courses (KINS 294, KINS 304, KINS 308, KINS 426)
7. Resident and total GPA of 2.75 or higher.
8. Students may only repeat the physical education & health education courses one time for program purposes. Permission to repeat is required if students earn above a C- per the university repeat policy.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit from the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.
Transfer and Special Students
No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:
1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.
For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.
For placements in the summer session, these criteria must be met by February 1 of the preceding semester.
Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

NOTE: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any course presented for completion of a major or minor in Athletic Training or Kinesiology, unless Satisfactory/Unsatisfactory is the only grading option available for a course.

NOTE: This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach Physical Education, Adaptive Physical Education and Health Education in grades K-12 classrooms.

Additionally, Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once.

Finally, the Service-Learning requirement is met by completion of required coursework in this emphasis.

**Grades 4-12 and Grades K-12**

Liberal Education Requirements are listed in the table below

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>

</tbody>
</table>
Students completing this program will be expected to meet the following
Physical Education
Program Learning Outcomes
portfolio can be submitted which parallels the content evaluated on the Praxis
the appropriate Praxis II/ACTFL exam after at least two attempts
For students who neither meet the minimum GPA requirement nor pass
Students will earn a minimum 3.0/4.0 GPA in content courses OR through
obtaining a passing score on the appropriate Praxis II/ACTFL exam.
For students who neither meet the minimum GPA requirement nor pass
the appropriate Praxis II/ACTFL exam after at least two attempts, a content
portfolio can be submitted which parallels the content evaluated on the Praxis
II/ACTFL exam. The portfolio may only be submitted once.

Program Learning Outcomes

Physical Education
Students completing this program will be expected to meet the following
learning outcomes:

- Content Knowledge: Articulate basic physical education knowledge,
central physical education concepts, and pedagogical practices within the
field of physical education. (Teacher Standard 1)
- Philosophy: Develop a professional philosophy consistent with current
National Association for Sport and Physical Education (NASPE) and state
physical education standards, developmentally appropriate curriculum and
instructional design, assessment and professional development. (Teacher
Standards 4, 9)
- Roles and Responsibilities: Identify the role, function, and responsibility of
a physical education teacher and physical education program coordinator
as part of the K-12 physical education program. (Teacher Standard 1, 2, 3, 4,
5, 9, 10)
- Informal Needs Assessment: Assess informally student physical education
needs based on a student’s prior physical education experiences, physical
fitness level, interests and needs in order to implement quality physical
education instruction. (Teacher Standard 7, 9, 10)
- Physical Education Standards: Identify and articulate the concepts
and skills contained in the current state and NASPE physical education
standards in the development of curriculum and instruction. (Teacher
Standard 2, 3, 4, 5, 6, 7)
- Physical Education Instruction: Design and deliver developmentally
appropriate instructional programs based on stated goals and objectives
contained in the current state and NASPE standards. (Teacher Standard 2,
3, 4, 5, 6 7)
- Multicultural Perspectives: Analyze and articulate the social, cultural,
economic and political factors that affect physical education engagement,
home-school relations, and classroom strategies in physical education.
(Teacher Standard 2, 3, 4, 5, 6, 7).
- Evaluation of Physical Education Programs: Evaluate commercial physical
education programs as well as state, national, and international resources
utilizing research-based principles in physical education curriculum,
instruction and assessment. (Teacher Standard 3, 4, 6)
- Multiple Instructional Strategies: Implement effective developmentally
appropriate instructional approaches including the use of media and
technology, multiple intelligences, differentiated instruction and brain
based learning that will create learning experiences that will meet the
diverse needs of pupils, the community and curricular goals. (Teacher
Standard 3, 4, 6)
- Authentic Assessment: Apply formal and informal assessment strategies
to evaluate and ensure continuous intellectual, social, and physical
development of the pupil. (Teacher Standard 8)
- Reflection: Reflect and evaluate the impact of his or her instructional
capacity on others (e.g. learners, parents/guardians, and other
professionals) as well as their classroom management skills and seek
opportunities to grow professionally (i.e. Wisconsin Association for Health,
Physical Education, Recreation, and Dance). (Teacher Standard 9)

Sample Degree Plan
Kinesiology, Physical Education Teaching Emphasis, Comprehensive Major (B.S.)
The following is a sample degree plan, based on the 2022-2023 catalog. It is
based on the 120-credit graduation requirement and assumes no transferred
credits, no requirements waived by placement tests, no courses taken in the
summer or winter, no repeated courses, and no remedial courses that may be
required. This sample degree plan is intended for first-year students entering
UW-Eau Claire in the fall semester. Your own degree plan may differ depending
on the course of study selected (second major, minor, etc.). UW-Eau Claire
cannot guarantee all courses will be offered as shown, but will provide a range
of courses that may enable prepared students to fulfill their requirements in
a timely period. This sample degree plan is just a guide. Please consult your
advisor, your degree audit, and the catalog to create your own degree plan.
Note: In order to earn the required minimum of 120 credits for the degree in
four years, you should plan to take 15 credits each semester or 30 credits each
year.
To earn a degree, students must fulfill all University Graduation Requirements,
including the Liberal Education (LE) Core. LE Core course work in the following
sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1
to represent the learning outcomes students will meet via completion of their
liberal education course work. Please click here for a description of the Liberal
Education Core outcomes and requirements. Note that the LE Core may be
completed through both course and non-course experiences.

* ES 212 requires completion of at least 14 credits, completion of University Writing requirement, and a 2.5 GPA.

^ Students may instead enroll in ES 440 (Internship Teaching in Elementary Education) and ES 446 (Internship Teaching in Middle Level Education) or ES 475 (Internship Teaching in Secondary Education) if they receive a recommendation from the PETE Program Director. Work closely with your academic and faculty advisors and the field placement office to determine which courses to register for based on your placement.

# This course requires a grade of "C" or higher and may only be repeated twice (COEHS Associate Dean permission required for third attempt).

¶ This course requires a grade of "B-" or higher and may only be repeated twice (Second attempt will require permission from faculty & advisor).

**Minimum total for the baccalaureate degree = 120 credits**

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HPs)** The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HPs might be most beneficial to students, and any recommendations about when those HPs best fit into the degree plan. Students should also consult their faculty advisor for information on HPs. There are many additional high impact opportunities available.

Talk to your academic advisor for more information about incorporating HPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Required: Students in the Physical Education major complete field experiences in teaching throughout the curriculum.

Course Suggestions

For LE Option categories, students must choose one Literature course (ENGL) and one Fine Arts course (ART, ARTH, DNCE, MUSI, THEA). Students must also choose one Western History/Culture course and one Non-Western History/Culture course. Many possibilities exist in the LE Option categories. Students will benefit from combining as many of these requirements as possible (i.e. choosing courses that meet more than one category at once). For category K3, for example, any of the following courses are good choices: HIST 114, HIST 115, HIST 124, HIST 125, RELS 100, WMNS 100, PSYC 230, 332, 336, SOC 101, GEOG 111, HIST 210, POLS 350: K2, R1 ENGL 130, ENGL 230, ENGL 259: K3, R2 MUSI 111, 112, 114, 224 & AIS 102: K4, R1 MUSI 225: K4, R2

Water Safety Instructor (WSI) Certification: Students will need to independently seek their WSI certification through the American Red Cross. They should be able to proficiently perform the following strokes before seeking their WSI certification: front crawl, side stroke, back stroke, elementary back stroke, breast stroke, and butterfly. Taking summer and/or winter term courses is suggested to lighten student loads during the academic year. Many required KINS courses and LE courses are regularly offered over summer and winter. Work closely with your academic and faculty advisors to identify which courses to take for summer and winter terms. Declaring a PE Teaching emphasis after freshman year may delay graduation. Application to the Teacher Education Program should not occur more than 3 semesters before intended graduation. Students typically apply after completion of the third year on the above plan. Application is typically in October or March. Once admitted to the Teacher Education Program, students should take the PRAXIS II Physical Education (5091) and Health Education (5551) exams no later than early in their block semester (first semester of fourth year on the above plan).

Application to Major

In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

- Students must have attained at least Sophomore status
- Students must have a minimum total GPA of 2.5
- Students will have met the University Writing Requirement (complete Writing 114, 116, 118, or 120 or the equivalent earning a C or better)
- Students will have met the University Mathematics Requirement (complete one college-level math course earning a C or better)
- Students will complete an introductory education course with a field placement (e.g. SPED 205, ES 203, ES 212 or the equivalent) with a grade of B- or better

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1) (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

Comprehensive Major, in upper division courses 21 credits

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12

Program Options B and C
These program options are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).
   Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so.
   Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Admission Requirements

Admission to Education Programs

Admission to the Major
Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor (or multiple majors and minors) by the Teacher Education Program Office, Centennial 3102.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education program (major and minor, where applicable).
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all college work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:

   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable. Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course preparation is advisable. In most cases, an official transcript of credits must be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Read and synthesize mathematical literature.
- Combine multiple techniques of proof to establish the truth of a mathematical statement.
## Sample Degree Plan
**Mathematics, Comprehensive Major - Teaching (B.S.)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Once admitted to the Teacher Education Program, students participate in High Impact Practices during the Block semester and Student Teaching.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Applicability of Credits Toward Graduation

### Junior College or Two-Year College Credits
A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

### Extension Credits
Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

### WTCS Credits
A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard ([https://my.uwec.edu/pssp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL](https://my.uwec.edu/pssp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL)) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

### USAFI Credit
UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

### Activity Credit (band, chorus, drama, KINS 100-184 courses)
Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

### Other Restricted Credits
For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

#### LIBERAL EDUCATION CORE REQUIREMENTS
**a minimum of 36 credits**

##### Knowledge Goal
- **Knowledge Outcome 1 (K1): Natural Sciences** ([http://catalog.uwec.edu/undergraduate/attribute-k1/](http://catalog.uwec.edu/undergraduate/attribute-k1/))
  - Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.
- **Knowledge Outcome 2 (K2): Social Sciences** ([http://catalog.uwec.edu/undergraduate/attribute-k2/](http://catalog.uwec.edu/undergraduate/attribute-k2/))
  - Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.
- **Knowledge Outcome 3 (K3): Humanities** ([http://catalog.uwec.edu/undergraduate/attribute-k3/](http://catalog.uwec.edu/undergraduate/attribute-k3/))
  - Two (2) learning experiences
- **Knowledge Outcome 4 (K4): Fine Arts** ([http://catalog.uwec.edu/undergraduate/attribute-k4/](http://catalog.uwec.edu/undergraduate/attribute-k4/))
  - One (1) learning experience

##### Skills Goal
- **Skills Outcome 1 (S1): Written and Oral Communication** ([http://catalog.uwec.edu/undergraduate/attribute-s1/](http://catalog.uwec.edu/undergraduate/attribute-s1/))
  - Two (2) learning experiences
  - One S1 must meet the University Writing Requirement
- **Skills Outcome 2 (S2): Mathematics** ([http://catalog.uwec.edu/undergraduate/attribute-s2/](http://catalog.uwec.edu/undergraduate/attribute-s2/))
  - One (1) learning experience
  - One S2 to meet the University Mathematics Requirement
Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

### Option B: Grades 4-12

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available.

Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

**Deadline for Meeting Criteria**
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

**Licenses to Teach**

Criteria for Recommendations for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

**Wisconsin Application**
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

**Major Requirements**

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Read and synthesize mathematical literature.
- Combine multiple techniques of proof to establish the truth of a mathematical statement.

Sample Degree Plan
Mathematics, Major - Teaching (B.S.)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

TOTAL FOURTH YEAR 29

Minimum total for the baccalaureate degree = 120 credits

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Once admitted to the Teacher Education Program, students participate in High Impact Practices during the Block semester and Student Teaching.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in extension outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWDZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-114 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-114 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Total Band, chorus, drama | maximum 12 credits
Single course band, chorus, drama | maximum 4 credits

**Extension credits**

- UW-System | no maximum
- Other extension/correspondence | maximum ¼ of total
- USAFI | maximum 32 credits

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

a minimum of 36 credits

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

- One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

- One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

**Skills Goal**

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

- One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

- One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences

- One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

**Integration Goal**

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13) 30 hours

**College Degree Requirements**

**University Requirements in Teacher Education in the College of Education and Human Sciences**

**College Requirements for Teacher Education**

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

<table>

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

**Teaching Licensure Requirements - Grades K-12**

**Program Options B and C**

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved
majors and minors listed in the table below. The approved majors and
minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related
courses.

Students are assigned an education academic advisor and a faculty advisor
through the content major department.

**Option C: Grades K-12**

**Grades K-12 Licensure**

NOTE 1: SPED 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in
the student teaching semester as an earlier elementary level field placement
(required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 instead of ES 318 and
MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or
ES 440, or ES 446, or ES 475.

### Admission Requirements

#### Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made
by October 1 for spring admission or March 1 for fall admission. In order to
submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences, See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

**Application Procedure**

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

**Special or Transfer Students**

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

**Admission to the Teaching Professional Semester (Student Teaching)**

**Admission to the Professional Education Semester**

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

**Filing Notice of Intent to Student Teach Applications**

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

**Transfer and Special Students**

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

**Criteria for Admission**

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

**Deadline for Meeting Criteria**

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.
Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
- Design and teach lessons that facilitate student achievement while acting as a collaborative leader.
- Design instruction that utilizes Comprehensive Musicianship through Performance (CMP) as a pedagogical approach in the classroom and rehearsal settings.
- Analyze and evaluate written and aural musical representations and performances by using effective musical academic language.
- Analyze and apply the connections of musical expressions to human experience and other fine and healing arts in a culturally relevant and sensitive manner with accessibility for all.

### Sample Degree Plan

**Music, Teaching All – Instrumental Emphasis, Comprehensive Major (B.M.E.)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Minimum total for the baccalaureate degree = 120 credits

** It is highly recommended to take courses that fulfill two LE requirements simultaneously for efficiency, although it is not required. This will reduce credits to degree. This degree plan assumes a minimum of one course taken fulfilling two LE requirements simultaneously.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available.

Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- All students are required to participate in Student Teaching in the final semester of the program.
- Students are encouraged to participate in an immersion program related to education either through the department or college during the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

Course Suggestions

- See catalogue for details of ensemble requirement.
- Piano Proficiency Exam must be passed prior to MUSI 278, MUSI 350, and MUED 310.
- Required techniques courses are MUSI 196 - Strings, MUSI 198 - Percussion, MUSI 202 - Brass, MUSI 205 - Voice (2 cr.), MUSI 208 – Woodwinds (Single Reed and Flute), MUSI 210 – Woodwinds (Double Reeds), and MUSI 278 – Functional Piano.
- See catalogue for foreign language competency requirement.
- BME students are considered pre-education until accepted into College of Education.
- It is recommended that Wind and Percussion majors enroll in Marching Band for a minimum of two semesters.
- Secondary Block Courses must be taken concurrently.

Application to Major

Admittance to major is through audition to the Music Program and admittance to the College of Education before your final year of the program.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).
Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

</table>

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

## Teaching Licensure Requirements - Grades K-12

### Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

### Option C: Grades K-12

#### Grades K-12 Licensure

<table>
<thead>
<tr>
<th>Code</th>

Admission to the Professional Education Programs
Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning a C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Admission to the Teaching Professional Semester (Student Teaching)
Admission to the Professional Education Semester

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications
Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students
No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.
For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.
For placements in the summer session, these criteria must be met by February 1 of the preceding semester.
Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teacher teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

MUSI 151  Applied Music-Piano (four semesters, four credits)
MUSI 351  Advanced Applied Music-Piano (three semesters, three credits)
MUSI 153  Applied Music-Voice (four semesters, four credits)

**Conducting**
MUSI 350  Conducting  2
MUED 400  Choral Literature and Conducting  3

**Pedagogy**
MUSI 345  Voice Pedagogy  3

**Ensembles**
Seven credits minimum, one credit required every semester of classes except during the professional semester.

Minimum of one credit from:
- MUSI 190/390  Symphonic Choir

Minimum of two credits from:
- MUSI 191/391  The Singing Statesmen
- MUSI 192/392  Women's Concert Chorale

Minimum of two credits from:
- MUSI 388  Concert Choir
- MUSI 390  Symphonic Choir

Minimum of one credit from:
- MUSI 262/462  Chamber Choir  1

One credit elective ensemble from:
- MUSI 188/388  Symphonic Choir
- MUSI 190/390  The Singing Statesmen
- MUSI 192/392  Women's Concert Chorale
- MUSI 260/460  Contemporary Music Ensemble
- MUSI 262/462  Chamber Choir
- MUSI 280/480  Opera/Music Theatre Workshop
- MUSI 461  Voice Ensemble

The two semesters immediately prior to the professional semester must be from the following:
- MUSI 388  Concert Choir
- MUSI 390  Symphonic Choir
- MUSI 391  The Singing Statesmen
- MUSI 392  Women's Concert Chorale
- MUSI 262/462  Chamber Choir

**Music Methods**
MUED 211  Introduction to Music Education  1
MUED 300  Adaptive Music  2
MUED 310  Principles, Practices, and Practicum in General Music PreK-5  2
MUED 318  Music as Content in Schools  2
MUED 410  Secondary Choral Teaching Methods  3

**Piano Proficiency** - passed prior to enrollment in MUED 310

**Other Requirements**
Professional Education

University Requirements for Teacher Education Program (see College of Education and Human Sciences).

This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure in all music areas K-12.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
- Design and teach lessons that facilitate student achievement while acting as a collaborative leader.
- Design instruction that utilizes Comprehensive Musicianship through Performance (CMP) as a pedagogical approach in the classroom and rehearsal settings.
- Analyze and evaluate written and aural musical representations and performances by using effective musical academic language.
- Analyze and apply the connections of musical expressions to human experience and other fine and healing arts in a culturally relevant and sensitive manner with accessibility for all.

**Sample Degree Plans**

**Music, Teaching All – Choral Emphasis, Comprehensive Major (B.M.E)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the
summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

</tbody>
</table>

Minimum total for the baccalaureate degree = 120 credits
It is highly recommended to take courses that fulfill two LE requirements simultaneously for efficiency, although it is not required. This will reduce credits to degree. This degree plan assumes a minimum of one course taken fulfilling two LE requirements simultaneously.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPS might be most beneficial to students, and any recommendations about when those HIPS best fit into the degree plan. Students should also consult their faculty advisor for information on HIPS. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPS like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Students are encouraged to participate in an immersion program related to education either through the department or college during the final two years of the program.

Faculty-Student Research Projects are encouraged after the first year of the program.

Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

Course Suggestions

• See catalogue for details of ensemble requirement.
• Piano Proficiency Exam must be passed prior to MUSI 350 and MUED 310.
• Required techniques courses are MUSI 198 -Percussion, MUSI 202 -Brass, and MUSI 208 –Woodwinds.
• See catalogue for foreign language competency requirement.
• BME students are considered pre-education until accepted into College of Education and Human Sciences.
• Secondary Block Courses must be taken concurrently.

Application to Major

Admittance to major is through audition to the Music Program and admittance to the College of Education before your final year of the program.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Applicability of Credits Toward Graduation

Credit Restrictions

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
UW-System no maximum
Other extension/correspondence maximum ¼ of total

USAFI
USAFI maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

Liberal Education Core Requirements

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

One experience in laboratory science must be selected from either K1 or K2.
College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:
   - **Abbreviation** | **Full Title**
     - Resident | 2.75 average
     - Total | 2.75 average
     - Major | 2.75 average
     - Minor (for certification only) | 2.75 average
3. Residency requirements:

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.
5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12

Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).
2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.

5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (e.g. SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available.

Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still
available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students
No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Major Requirements
Teaching (Code 241-004)
The comprehensive major in Science Teaching, Biology Emphasis prepares education students to teach all science courses in a regular education setting grades 4 through 12.

Advisors: Robert Duerst

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of foundational biological principles in the areas of cell/molecular biology, genetics, evolution, ecology, diversity of life, and structure & function of organisms.
- Understand and apply basic research methods in biology including research design, data analysis, and communication.
- Work collaboratively to explore and solve problems.
- Apply theories, concepts, findings, and methods of biology to problems/issues in society.
- Understand how biological theories, concepts, findings, and methods relate to other disciplines.
- Demonstrate competence in mathematics, statistics, and computer technology as tools for revealing and characterizing complex patterns in biological systems.
- Understand and apply scientific reasoning and methods in learning science and/or in conducting biological research.
- Communicate scientific ideas and results in a variety of formats.

Sample Degree Plan
Science Teaching, Biology Emphasis
Comprehensive Major (B.S.)
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following
sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional
high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

General Science Course Options

Physics Core - 9-18 credits

• PHYS 211 General Physics (5)
• PHYS 212 General Physics (4)

or

• PHYS 231 University Physics I (5)
• PHYS 232 University Physics II (5)
• MATH 114 Calculus I (4)
• MATH 215 Calculus II (4)

Earth & Space Science Core - 11 credits

• Choose 1: GEOL 106 Earth Science (4) or GEOL 110 Physical Geology (4) or GEOL 115 Environmental Geology (4) or GEOL 118 Societal Issues in Earth Science (4)
• Choose 1: GEOL 301 Earth Resources (3) or GEOL 304 Global Environmental Change or GEOL 308 Water Resources (3)
• PHYS 226 Astronomy-Solar System (4)

Chemistry Core - 9 credits (already included in plan)

• CHEM 105/106 General Chemistry I
• CHEM 109 General Chemistry II

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Applicability of Credits Toward Graduation

Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184) Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
USAFI no maximum
Other extension/correspondence maximum ¼ of total

USAFI maximum 32 credits

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

Liberal Education Core Requirements

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available.

Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

**Deadline for Meeting Criteria**
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

**Licensure to Teach**

**Criteria for Recommendation for Licensure:**
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

   **For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts,** a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

**Wisconsin Application**
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

**Major Requirements**

**Teaching (Code 241-002)**

The comprehensive major in Science Teaching, Chemistry Emphasis prepares education students to teach all science courses in a regular education setting grades 4 through 12.

Advisors: Cheryl Muller

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.
- Classify and rationalize chemical transformations and predict and quantify products.
- Describe the underlying physical principles of various instruments and measurement techniques.
- Develop proficient laboratory techniques.
- Develop critical and creative thinking skills and use them within the context of the field.
- Develop effective oral and written communication skills.
- Become proficient with the chemical literature.
- Function safely in a chemical laboratory and manage waste effectively.
- Conduct themselves ethically and professionally, cultivate awareness of the impact of chemistry on society and recognize contributions from a diverse population.
- Develop strategies and techniques for effectively teaching chemistry and scientific reasoning to students in fourth through twelfth grade.

Sample Degree Plan

Science Teaching, Chemistry Emphasis Comprehensive Major (B.S.)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.
### FIRST YEAR
#### FIRST SEMESTER
- **CHEM 115** Chemical Principles \(^a, c\) 6
- **Writing Requirement:**
  - **WRIT 114** Intensive Blugold Seminar in Critical Reading and Writing (LE-S1) 5
  - or
  - **WRIT 116** Blugold Seminar in Critical Reading and Writing (LE-S1)
- **LE Core Elective -(LE-S2)** 4
- **MATH 109** Algebra for Calculus
  - or
  - **MATH 111** A Short Course in Calculus
  - or
  - **MATH 112** Precalculus Mathematics
  - or
  - **MATH 114** Calculus I

**TOTAL** 15

#### SECOND SEMESTER
- **CHEM 213** Quantitative Analysis (LE-S3) 4
- **BIOL 105** General Biology \(^b\) 3
- **Conservation of the Environment (R3,I1)** 3
- **LE Core Elective: Knowledge 2 (LE-K2) Social Sciences** 3
- **LE Core Elective: Responsibility 1 (LE-R1) Equity, Diversity, and Inclusivity** 3

**TOTAL** 16

### SECOND YEAR
#### FIRST SEMESTER
- **CHEM 325** Organic Chemistry I with Laboratory 4
- **BIOL 106** Exploring the Living World \(^b\) 2
- **PHYS 226** Astronomy-Solar System \(^c\) 4
- **LE Core Elective: Knowledge 3 (LE-K3) Humanities and LE Option: Responsibility 2 (LE-R2) Global Perspectives** 3
- **LE Option: Knowledge 4 (LE-K4) Fine Arts** 3

**TOTAL** 16

#### SECOND SEMESTER
- **CHEM 218** Introduction to Inorganic Chemistry 3
- **CHEM 326** Organic Chemistry II with Laboratory 4
- **ES 212** Exploring Schooling K-12 2
- **PSYC 260** Educational Psychology 3
- **Communication Core Elective (S1):** 3
  - **CJ 201** Introduction to Interpersonal Communication
  - or
  - **CJ 202** Fundamentals of Speech
  - or
  - **CJ 203** Fundamentals of Human Communication

**TOTAL** 15

### THIRD YEAR
#### FIRST SEMESTER - Apply for Admission to Major
- **CHEM 304** Environmental Chemistry (LE-R3) 3
- **PHYS 211** General Physics (LE-K1L) \(^d\) 5
- **Geology Core Course:**
  - **GEOL 106** Earth Science
  - or
  - **GEOL 110** Physical Geology
  - or
  - **GEOL 115** Environmental Geology
  - or
  - **GEOL 118** Societal Issues in Earth Science
- **LE Core Elective: Knowledge 3 (LE-K3) Humanities and LE Option: Integration (LE-I1)** 3

**TOTAL** 15

### SECOND SEMESTER
- **Chemistry Course:** 3-4
  - **CHEM 352** Fundamentals of Biochemistry
  - or
  - **CHEM 361** Molecules and Medicine (Odd Springs Only, 3 credits) \(^e\)
  - or
  - **CHEM 318** Bioinorganic Chemistry (Even Springs Only, 3 credits) \(^e\)
- **PHYS 212** General Physics \(^d\) 4
- **BIOL 151** Biology of Humans \(^b\) 4
- **Geology Core Course:**
  - **GEOL 301** Earth Resources and Sustainability
  - or
  - **GEOL 304** Global Environmental Change
  - or
  - **GEOL 308** Water Resources

**TOTAL** 17-18

### FOURTH YEAR
#### FIRST SEMESTER
- **ES 312** General Methods of Teaching and Middle Level Methods and Curriculum and Teacher Assisting and Disciplinary Literacy and Study Strategies
- **ES 317** & **ES 318** & **ES 328**
- **ES 490** Historical, Legal, and Philosophical Foundations of Education
- **ES 360** Teaching Science in Grades 4-12 3
- **SPED 300** Inclusive Practices for Secondary Educators 2

**TOTAL** 15

#### SECOND SEMESTER
Student Teaching

ES 497 Field Experience Seminar (LE-S3) 2

TOTAL 12

- Can replace CHEM 115 with CHEM 105/106/109
- Can replace BIOL 105/106/151 with BIOL 221/222/223
- Offered only in fall semesters
- Can replace PHYS 211/212 with PHYS 231/232 and MATH 114/215
- Offered only in spring semesters

Minimum total for the baccalaureate degree = 120 credits

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), etc., in any single activity course.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS  
a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)  
Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)  
Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)  
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)  
One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)  
Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)  
One (1) learning experience

Skills Outcome 3 (S3): Quantitative Reasoning  
One (1) learning experience

Skills Outcome 4 (S4): Information Technology  
Two (2) learning experiences

Skills Outcome 5 (S5): Visual and Performing Arts  
Two (2) learning experiences

Skills Outcome 6 (S6): Social and Behavioral Sciences  
One (1) learning experience

Skills Outcome 7 (S7): Natural Sciences  
One (1) learning experience

Skills Outcome 8 (S8): English Language Arts  
One (1) learning experience

Skills Outcome 9 (S9): Mathematics  
One (1) learning experience

Skills Outcome 10 (S10): Social Sciences  
One (1) learning experience

Skills Outcome 11 (S11): Fine Arts  
One (1) learning experience

Skills Outcome 12 (S12): Integrative Learning  
One (1) learning experience

Skills Goal General Conditions

At least Five (5) credits of S1-S4 must be from UW-Eau Claire.
Teaching Licensure Requirements - Grades 4-12
Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (e.g. SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available.

Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30-hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

**Deadline for Meeting Criteria**

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

**Licensure to Teach**

**Criteria for Recommendation for Licensure:**

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

   **For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.**

**Wisconsin Application**

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

**Major Requirements**

**Teaching (Code 241-003)**

The comprehensive major in Science Teaching, Earth/Space Science Emphasis prepares education students to teach all science courses in a regular education setting grades 4 through 12.

and
BIOL 223  Foundations of Biological Inquiry

Program Learning Outcomes
Students completing this program will be expected to meet the following outcomes:

- Develop a comprehensive understanding of Earth and space sciences.
- Teach ethically and professionally, cultivating an awareness of the interplay of society, the environment, natural resources, and the climate.
- Be able to contextualize Earth’s place in the solar system, the galaxy, and the universe.
- Describe common rocks and minerals.
- Use and interpret topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Acquire a knowledge of surficial Earth processes and their principles.
- Develop geologic models and effectively communicate a geologic interpretation based on observations.
- Characterize the origin of earth and water resources.
- Use mathematics and computational methods to analyze scientific data.
- Recognize the value of contributions from a diverse population.

Sample Degree Plan
Science Teaching, Earth/Space Science Emphasis Comprehensive Major (B.S.)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1
to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student's major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student's major).
• SL – Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.
2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Approved Majors and Minors for Option B
Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

2. Pre-education status.

3. Students must have attained at least Sophomore Status

4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.

5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)

6. Met the University Mathematics requirements (complete one college-level math course earning C or better)

7. Good academic standing.

8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.

9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit from the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau
Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Major Requirements
Teaching (Code 241-001)
The comprehensive major in Science Teaching, Physics Emphasis prepares education students to teach all science courses in a regular education setting grades 4 through 12.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
- Acquire sufficient content knowledge in physics, chemistry, biology, and Earth/space science by earning a minimum GPA in the major of 3.0 or by passing the appropriate Praxis II content exam.
- Communicate verbally, graphically, and in writing the concepts of physics to adolescent learners.
- Demonstrate an understanding of foundational biological principles in the areas of cell/molecular biology, genetics, evolution, ecology, diversity of life, and structure & function of organisms.
- Demonstrate an understanding of Earth/space science processes.
- Develop an understanding of chemical principles and be able to apply them to predict and rationalize chemical properties, including structure & bonding, reactivity & stability, and instrumentation theory.

Sample Degree Plan
Science Teaching, Physics Emphasis
Comprehensive Major (B.S.)
The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their
The Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

d Can replace BIOL 105/106/151 with BIOL 221/222/223

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
### Extension Credits

Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

### WTCS Credits

A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

### USAFI Credit

UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

### Activity Credit (band, chorus, drama, KINS 100-184 courses)

Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

### Other Restricted Credits

For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

   Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements -
Grades K-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

### Admission Requirements

#### Admission to Education Programs

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.
2. Pre-education status.
3. Students must have attained at least Sophomore Status.
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

#### Application Procedure

Formal application to the professional program must be made. **The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission.** See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

#### Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

### Admission to the Teaching Professional Semester (Student Teaching)

#### Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

#### Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent...
to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students
No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Liberal Education Requirements are listed in the table below and students completing this program will be expected to meet the following learning outcomes:

- demonstrate specialized field knowledge of second language acquisition and linguistic features of the language of instruction.
- design curriculum, instruction, and assessment practices relating to the cognitive, linguistic, social, emotional development of k-12 language students.
- incorporate assessment techniques focused on student learning such as performance assessments, formative assessments, and summative assessments.
- explore various approaches to create an inclusive learning environment, recognizing the importance of diverse learners within the context of the school and community.
- engage in critical reflection related to the teaching and learning of languages.
- engage with research in the field to investigate pedagogical practices relevant to language teaching such as high-leverage teaching practices and content-based practices.

**Program Learning Outcomes**

**Sample Degree Plan**

**Spanish and TESOL, Comprehensive Major - Teaching (B.A.)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following liberal education course work. Please see your advisor for additional certification requirements.

**Note:**

- This major is restricted to students in the College of Education and Human Sciences: Education for Equity and Justice Department: and leads to licensure to teach Spanish and ESL in K-12 classrooms.
- To be approved for student teaching, passing the OPI or OPIc in Spanish with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.
- A period of residence abroad is required in a Spanish-speaking country. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.
- To be endorsed for TESOL certification, a 3.0 Content Knowledge GPA in TESOL courses or a passing score of 153 on the Praxis II Content Exam is required.
- Grades 4-12 and Grades K-12 Liberal Education Requirements are listed in the table below. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the
Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Minimum total for the baccalaureate degree = 120 credits

a  Study abroad experiences can fulfill the Integrative Learning (L1) Outcome if the student opts in. Fulfillment of the outcome requires completion of a reflective activity. Please consult with CIE and/or your adviser.

This major is restricted to students in the College of Education and Human Sciences: Education for Equity and Justice.

For certification, a period of residency abroad is required. Study abroad experience can count for IL experience.
RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

For language-specific study abroad opportunities, see above and also faculty advisor, ARCC advisor, and the Center for International Education.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses
offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for USAFI Credit.

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### LIBERAL EDUCATION CORE REQUIREMENTS

<table>

Teaching Licensure Requirements - Grades K-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still
available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students
No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.

4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:
   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

   For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

**Language Immersion Requirement:**

1. **Language Immersion Requirement:** All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.
- Use critical and creative thinking to evaluate and address issues in local and global contexts.
- Demonstrate knowledge and appropriate use of current pedagogical issues and practices that are pertinent to the field of second language acquisition.

**Sample Degree Plan**

**Spanish, Major - Teaching (B.A.)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/le) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Minimum total for the baccalaureate degree = 120 credits

a Before student teaching, passing the OPI or OPIc with a score of Intermediate High or above on the ACTFL rating scale is required for both language education majors and minors. Please see your advisor for additional certification requirements.

This major is restricted to students in the College of Education and Human Sciences: Education for Equity and Justice: Option C and leads to licensure to teach Spanish in K-12 classrooms.

For certification, a period of residency abroad is required. Study abroad experience can count for IL experience.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

For language-specific study abroad opportunities, see above and also faculty advisor, ARCC advisor, and the Center for International Education.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.
• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (must satisfy the University writing requirement).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

#### University Residency Requirements

| Minimum total | 30 |
| Senior year | 23 |
| Major, Standard, upper division in residence | 12 |
| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

#### Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

### Applicability of Credits Toward Graduation

#### Junior College or Two-Year College Credits

A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

#### Extension Credits

Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

#### WTCS Credits

A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

#### USAFI Credit

UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).
Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12

**Program Options B and C**

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

   Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 license are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Admission Requirements

**Admission to Education Programs**

**Admission to the Major**

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to
submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval by the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.
Licensure to Teach

Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Major Requirements

Teaching (Code 500-027)

The comprehensive major in Social Studies Teaching, History Emphasis prepares education students to teach all social studies courses in a regular education setting grades 4 through 12.

- and one of the following: (3 credits)
- SOC 312 Race and Ethnicity in the U.S. 3
- SOC 314 Social Class and Inequality 3
- SOC 316 Sociology of Family 3

More information can be found on this webpage.

NOTE 1: In addition to the 60-credit major, students must complete either GEOG 178 (II, K1) or BIOL 180 (II, R3) and PSYC 260 (K2).

NOTE 2: This major is restricted to students in the College of Education and Human Sciences.
NOTE 3: Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once.

Program Learning Outcomes

Candidates in this program will be able to meet the following learning outcomes: (These learning outcomes are based on the National Council for the Social Studies):

Content Knowledge

Demonstrate knowledge of social studies disciplines. Candidates are knowledgeable of disciplinary concepts, facts, and tools; structures of inquiry; and forms of representation.

- Element 1a: Candidates are knowledgeable about the concepts, facts, and tools in civics, economics, geography, history and the social/behavioral sciences.
- Element 1b: Candidates are knowledgeable about disciplinary inquiry in civics, economics, geography, history, and the social/behavioral sciences.
- Element 1c: Candidates are knowledgeable about disciplinary forms of representation in civics, economics, geography, history, and the social/behavioral sciences.

Application of Content Through Planning

Plan learning sequences that leverage social studies knowledge and literacies, technology, and theory and research to support the civic competence of learners.

- Element 2a: Candidates plan learning sequences that demonstrate social studies knowledge aligned with the C3 Framework, state-required content standards, and theory and research.
- Element 2b: Candidates plan learning sequences that engage learners with disciplinary concepts, facts, and tools from the social studies disciplines to facilitate social studies literacies for civic life.
- Element 2c: Candidates plan learning sequences in disciplinary inquiry to develop social studies literacies for civic life.
- Element 2d: Candidates plan learning sequences where learners create disciplinary forms of representation that convey social studies knowledge and civic competence.
- Element 2e: Candidates plan learning sequences that use technology to foster civic competence.

Design and Implementation of Instruction and Assessment

Design and implement instruction and authentic assessments, informed by data literacy and learner self-assessment, that promote civic competence.

- Element 3a: Candidates design and implement a range of authentic assessments that measure learners’ mastery of disciplinary knowledge, inquiry, and forms of representation for civic competence and demonstrate alignment with state required content standards.
- Element 3b: Candidates design and implement learning experiences that engage learners in disciplinary knowledge, inquiry, and forms of representation for civic competence and demonstrate alignment with state required content standards.
- Element 3c: Candidates use theory and research to implement a variety of instructional practices and authentic assessments featuring disciplinary knowledge, inquiry, and forms of representation for civic competence.
- Element 3d: Candidates exhibit data literacy by using assessment data to guide instructional decision-making and reflect on student learning outcomes related to disciplinary knowledge, inquiry, and forms of representation for civic competence.
- Element 3e: Candidates engage learners in self-assessment practices that support individualized learning outcomes related to disciplinary knowledge, inquiry, and forms of representation for civic competence.

Social Studies Learners and Learning

Use knowledge of learners to plan and implement relevant and responsive pedagogy, create collaborative and interdisciplinary learning environments, and prepare learners to be informed advocates for an inclusive and equitable society.

- Element 4a: Candidates use knowledge of learners’ socio-cultural assets, learning demands, and individual identities to plan and implement relevant and responsive pedagogy that ensures equitable learning opportunities in social studies.
- Element 4b: Candidates facilitate collaborative, interdisciplinary learning environments in which learners use disciplinary facts, concepts, and tools, engage in disciplinary inquiry, and create disciplinary forms of representation.
- Element 4c: Candidates engage learners in ethical reasoning to deliberate social, political, and economic issues, communicate conclusions, and take informed action toward achieving a more inclusive and equitable society.

Professional Responsibility and Informed Action

Reflect and expand upon their social studies knowledge, inquiry skills, and civic dispositions to advance social justice and promote human rights through informed action in schools and/or communities.

- Element 5a: Candidates use theory and research to continually improve their social studies knowledge, inquiry skills, and civic dispositions, and adapt practice to meet the needs of each learner.
Element 5b Candidates explore, interrogate, and reflect upon their own cultural frames to attend to issues of equity, diversity, access, power, human rights, and social justice within their schools and/or communities.

Element 5c Candidates take informed action in schools and/or communities and serve as advocates for learners, the teaching profession, and/or social studies.

### Sample Degree Plan
**Social Studies Teaching, History Emphasis, Comprehensive Major (B.A.)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R2, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

### SECOND SEMESTER
## Liberal Education (LE) Core Guidance

### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning: 30 hours

### Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Teaching of English to Speakers of Other Languages, Minor- K-12

(Code 550-411)

Advisor: (Department of Education for Equity and Justice).

This minor is designed:

1. to impart the special knowledge and the competencies needed to teach English to speakers of other languages in a U.S. public school; and
2. to develop an understanding of the cultural and social needs of students who speak other languages amid an English-speaking majority.

<table>

</tbody>
</table>

This minor is restricted to students in the College of Education and Human Sciences: The Department of Education for Equity and Justice: Option C, and leads to licensure in TESOL in grades K-12 when combined with another K-12 major.

NOTE 1: As a requirement for the TESOL Minor, all students must complete the University Writing Requirement. Oral proficiency in English will be determined by an interview and/or a SPEAK Test, a test of oral proficiency for non-native speakers of English. Students not passing the oral proficiency test will be required, before retesting, to take CJ 202 and/or an English composition class. The student will select classes in consultation with the TESOL advisor.

NOTE 2: One year of university-level foreign language study is a prerequisite for ES 405.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Have a high degree of fluency in English, comprehend the linguistic and paralinguistic features of the English language, and recognize the processes through which languages are acquired in both formal and informal contexts.
• Address the developmental, social, political, and cultural contexts of their students’ lives, communities, and educational experiences. They comprehend how these relate to classroom performance and educational practice.
• Employ effective curriculum, instruction, and assessment practices for English language learners and possess knowledge of the content taught in schools.
• Recognize the importance of situating support programs for English language learners within the context of the school and community to ensure their academic success.
• Continually engage in ongoing professional development, networking, research, and motivation.

Topical Minor, Minor

Education (Code 610-453)

A Topical Minor is an interdisciplinary minor composed of 24 semester credits selected by the student to meet the student’s own interests and scholarly objectives. Courses for the minor may be chosen on the basis of a coherent theme, an historical period, a definable professional need, or a complementary relationship to the student’s major. Most students who propose a topical minor do so after earning 30 credits but before earning 90 credits. Students must meet all prerequisite course work requirements and other prior eligibility benchmarks, such as achieving an appropriate grade point average. In the case of courses offered in one of the professional colleges, students must meet college admission requirements or students must obtain written permission from the College before enrollment is possible. The Topical Minor is not intended to be used to duplicate any major or minor offered as a regular program within the UW System.

The student who wishes to develop a Topical Minor must adhere to the following requirements.

• Interdisciplinary Breadth Requirement: A Topical Minor consists of 24 credits. There must be at least two course prefixes present among these credits and no more than 15 credits from any single prefix.
• Unique Credit Requirement 1: A student may not apply a course that counts toward credits in his/her major to the Topical Minor.
• Unique Credit Requirement 2: No more than six credits from a student’s major prefix may be used in the Topical Minor.
• Depth Requirement: At least 12 of the 24 credits must be from courses numbered 300 or above.
• College Home: For a Topical Minor to reside in the College of Education and Human Sciences, prefixes from at least 12 of the 24 credits must be earned in the College of Education and Human Sciences.
• Submission Requirement: To propose a Topical minor, a student should work with a faculty advisor and complete an e-form located on the College of Education and Human Sciences website and route that form to the College for approval.

Communication Sciences and Disorders

Human Sciences and Services 112
715-836-4186
Department Website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/communication-sciences-disorders/)
Communication is one of the most important human attributes. Communication Sciences and Disorders (Speech-Language Pathology and Audiology) are the professions devoted to increasing our knowledge of human communication and helping people with communication, cognitive, swallowing, and/or hearing challenges.

The first step toward a career in this field is earning an undergraduate degree with a comprehensive major in Communication Sciences and Disorders. The undergraduate degree program includes a strong liberal education component and is interdisciplinary in nature. A master’s degree is required in order to obtain employment as a licensed speech-language pathologist. The Master of Science (M.S.) program in speech-language pathology at the University of Wisconsin-Eau Claire is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology of the American Speech-Language-Hearing Association, 2200 Research Boulevard, #310, Rockville, MD 20850, 800-498-2071 or 301-296-5700. Our graduate students are also prepared for licensure by the Wisconsin Department of Public Instruction (DPI). More information about our graduate program is available on our Communication Sciences and Disorders website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/communication-sciences-disorders/academic-offerings/graduate-programs/).

Departmental Honors Program
Eligibility: Acceptance into the program is limited to upper-class majors with resident and total GPAs of 3.50 or higher, a CSD GPA of 3.50 or higher, and the consent of the department. Successful completion at time of application (not in progress) of CSD 235, CSD 256, CSD 257, and CSD 353, with a grade of B or above is also required. Students invited to join the CSD Departmental Honors program will not have taken any courses for a grade of Satisfactory or Unsatisfactory.

Requirements: Completion of two upper division CSD courses offering an Honors Contract; successful completion of a Scholarship or Leadership project; presentation of project or research results at a CSD Pro-Sem during spring of senior year, CERCA, Provost’s Honor’s Symposium, and/or a state or national conference; and graduating with a cumulative GPA of 3.5 or higher and a CSD GPA of 3.5 or higher.

Majors
• Comprehensive Major: Communication Sciences and Disorders, Liberal Arts - B.S.

Certificates
• Certificate: American Sign Language (ASL)

American Sign Language Studies, Certificate
(Code 622-602)
The Communication Sciences and Disorders program offers a certificate program for interested students in American Sign Language (ASL). The goals of this program are for students to develop a depth of knowledge and skill in the use of ASL; appreciate the distinct culture of the Deaf community and behave according to the social norms of the culture; and apply semantic and/or linguistic elements of ASL in their use of the language. This certificate will not satisfy external standards or lead to licensure. Interpreters must complete a minimum of an Associate’s degree; teachers of ASL must be licensed to teach ASL or hold Deaf and Hard of Hearing teacher licensure.

Code  Title  Credits
Competition of the ASL Certificate requires 18 credits of ASL coursework OR 12 resident credits of ASL coursework beyond CSD 102

Required courses:

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• demonstrate expression and comprehension skills in American Sign Language.
• demonstrate knowledge of grammatical features, narratives, target vocabulary, and cultural norms.
• demonstrate analytical knowledge and recognize of ASL linguistics.
• demonstrate sensitivity and understanding of Deaf culture and Deaf history perspectives in a global society.
• examine how ASL applied to their lifelong learning and future career.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical colleges. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal

| Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) | Two (2) learning experiences |

| Knowledge Outcome 2 (K2): Social Sciences |
| Knowledge Outcome 3 (K3): Behavioral Sciences |
| Knowledge Outcome 4 (K4): Creative Arts |
| Knowledge Outcome 5 (K5): Fine Arts |
| Knowledge Outcome 6 (K6): Physical Sciences |
| Knowledge Outcome 7 (K7): Environmental Sciences |
| Knowledge Outcome 8 (K8): Health Sciences |
| Knowledge Outcome 9 (K9): Information Sciences |
| Knowledge Outcome 10 (K10): Technology |
| Knowledge Outcome 11 (K11): History and Political Sciences |
| Knowledge Outcome 12 (K12): Interdisciplinary Studies |

a minimum of 36 credits
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)
Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)
One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)
One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13)
Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/)
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/)

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13)
30 hours

Collegiate Degree Requirements
Human Sciences Requirements
Program and Degree Requirements
Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences
Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

General Information
Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Degree Requirements
University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

| CHEM 100 | Chemistry: Issues and Answers | |
| CHEM 127 | Chemistry and Climate | |
| OR another learning experience | |

| I1 (Integration) | 3
| One of the following: | |
| CSD 470 | Clinical Practicum in Communication Disorders I (Elective in major) | |
| OR PSYC 281 | | |

NOTE: Enrollment in upper division courses, with the exception of CSD 301, CSD 302, CSD 311, CSD 353, CSD 378, CSD 410, CSD 411, CSD 415, CSD 419, CSD 495, and CSD 499, is restricted to students who have been admitted to the major.

Scholastic Requirements: A minimum total GPA of 2.50 and a minimum resident GPA of 2.50 are required to take 300- and 400-level major courses, with the exception of CSD 353, Speech and Hearing Science. A minimum CSD GPA of 3.50 (from required CSD courses; only one sign language course can be included in the CSD GPA). Therefore, the first sign language or ASL course that a CSD major completes will be counted in the major GPA. Any additional sign language or ASL courses after will not be counted in the CSD major GPA, but will still be counted toward the University GPA and total GPA of 3.0 are required to enroll in CSD 370 and CSD 470.
Students must complete all courses in the CSD major, one statistics course, one human/animal biology course, one physics or chemistry course, and one social/behavioral science course with a grade of C or above by the time of graduation.

**Satisfactory/Unsatisfactory Policy.** No degree credit may be earned under the Satisfactory/Unsatisfactory option in any course presented for completion of a major in Communication Sciences and Disorders unless Satisfactory/Unsatisfactory is the only grading option available for a course.

NOTE: A master’s degree in Communication Sciences and Disorders is required for K-12 licensure in speech and language pathology prior to employment in Wisconsin schools.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Students will demonstrate knowledge of the biological bases of human communication.
- Students will demonstrate knowledge of the developmental and linguistic bases of human communication.
- Students will meet eligibility criteria for post-graduation opportunities.
- Students will demonstrate understanding of diverse cultures.
- Students will demonstrate understanding of evidence-based practice and basic research principles in CSD.
- Students will communicate effectively in oral and written modalities in professional formats and contexts.

### Sample Degree Plan

**Communication Sciences and Disorders, Comprehensive Major (B.S.)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

#### FIRST YEAR

**FIRST SEMESTER**

- CSD Elective: Recommended CSD 150 (LE-K2 & LE-R3) 3

**SECOND SEMESTER**

- PSYC 100 Introduction to Psychology (LE-K2) 3
- CSD 235 Undergraduate Research in Communication Sciences and Disorders 3
- IDIS 235 Critical Evaluation of Research and Information in CSD 1

**TOTAL FIRST YEAR**

30

#### SECOND YEAR

**FIRST SEMESTER**

- CSD 256 Anatomy and Physiology of Speech and Hearing 4
- CSD 262 Phonetics: Theory and Application 3
- PSYC 260 Educational Psychology (LE-K2) 3
- LE Option: Skills 1 (LE-S1) Written and Oral Communication 3
- LE Option: Knowledge 3 (LE-K3) Humanities 3

**SECOND SEMESTER**

- CSD 257 Normal Communication Development 3
- CSD 353 Speech and Hearing Science 3
- Physical Science Requirement - CHEM or PHYS (LE-K1) 3
- MATH 246 Elementary Statistics (LE-S2) 4
- Sign Language Requirement 3
- CSD 378 Introduction to Sign Language

**TOTAL SECOND YEAR**

30

#### THIRD YEAR

**FIRST SEMESTER**

- CSD 358 Articulation and Phonological Disorders 3
- CSD 373 Basic Audiology 3
- LE Option: Knowledge 3 (LE-K3) Humanities 3
- CSD Elective 3

**SECOND SEMESTER**

- CSD 321 Aural Rehabilitation 3
Scholastic Requirements:

- A minimum total GPA of 2.50 is required to take 300- and 400-level major courses, with the exception of CSD 353.

- A minimum CSD GPA of 3.50 and minimum total GPA of 3.0 are required to enroll in CSD 370 and CSD 470.

- Students must complete all courses in the CSD major, one math course (statistics), one biological science course, one physical science course, and one social/behavioral science course with a grade of C or above by the time of graduation.

## Minimum total for the baccalaureate degree = 120 credits

### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Students in the Communication Sciences and Disorders major can select from the following HIP opportunities: CSD 470, Chippewa Valley Aphasia Camp, Chippewa Valley Aphasia Group, Aphasia Communication Partners, Blugold Brain Injury Group, Aphasia Exercise Group, Blugold Aphasia Group, student-faculty collaborative research projects, SoTL Lab, Instructional Internships, Departmental Honors, Eau Claire Area School District’s Home Visit Program, and/or Study Abroad. Study Abroad can be scheduled flexibly either semester of the sophomore or junior year.

### Liberal Education (LE) Core Guidance

#### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

#### Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Education for Equity and Justice
Centennial Hall 3215
715-836-2013
Department Website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/teacher-education-program/departments/education-studies/)

Goals and Purposes
The Department of Education for Equity and Justice prepares teachers for elementary, middle level, and high school classrooms through several programs. Through a series of courses and experiences emphasizing reflection, decision-making, and collaborative leadership, students develop knowledge, skills, and dispositions necessary for effective teaching. Students also acquire skill in

1. planning and using various teaching methods and resources,
2. creating and maintaining a positive learning environment, and
3. evaluating learning and instruction.

The Department of Education for Equity and Justice also provides leadership, vision, and service for the core elements of all teacher education. Core professional studies which are common to all programs include field experiences, the social, cultural, historical, legal, and philosophical foundations of education; pedagogy for diverse learners; instructional, informational, and media technology; educational research; assessment; and leadership studies. At the completion of a program, students are ready to assume responsibilities for classroom teaching and are prepared to continue developing as a professional.

Degrees Awarded
The following majors lead to the Bachelor of Arts Degree: English and Language Arts, French, German, Social Studies, and Spanish.

The following majors lead to the Bachelor of Science Degree: Elementary/ Middle Level Education, Kinesiology (Physical Education), Mathematics, and Science Teaching.

All majors in Music lead to the Bachelor of Music Education.

Student Transportation
All programs that lead to teacher licensure require multiple field experiences. Students in teacher education programs must provide their own transportation to and from field experiences. Some field experiences will require travel to other communities. All costs associated with transportation to and from field experiences are the responsibility of the student. No insurance coverage is provided by the state or the University of Wisconsin-Eau Claire.

Program Options
Programs in the Department of Education for Equity and Justice are designed to lead to licensure by the state of Wisconsin. UW-Eau Claire provides these three program options:

1. A: Grades 4K-9
2. B: Grades 4-12
3. C: Grades K-12

Students should select the program option they wish to pursue and follow the requirements for that program. In addition to the program requirements, all students must complete the appropriate Liberal Education requirements and other University requirements for graduation.

Pre-program Information
Before seeking admission to a program, students must complete ES 212 (Exploring Schooling K-12). Space available for this course will be limited to resources available.

Program Admission Information
The programs in the Department of Education for Equity and Justice are designed to continually assess the knowledge, skills, and dispositions of the best candidates to be recommended for endorsement to the Wisconsin Department of Public Instruction for licensure to teach in the State of Wisconsin. Students are admitted to a program on a selective basis from a pool of candidates who meet minimum criteria. Students who enter the University and who plan to pursue one of the program options A, B, or C should understand that not all who seek admission to the College of Education and Human Sciences, and to the program, will be admitted, even if minimum criteria are met. Detailed descriptions of program admission criteria and procedures are available from the department office, given that changes occur in an attempt to use admission results and information to improve curricula.

Admission to Program
Students who wish to pursue any of the three program options (A: Grades 4K-9, B: Grades 4-12, and C: Grades K-12) must file a formal application by October 1 for spring admission or March 1 for fall admission. Admissions committees are convened and decisions are made in time for students to register for program courses for the ensuing semester. When students are admitted to any of these three programs, they are also admitted to the College of Education and Human Sciences Teacher Education Program.

Admission to the Option A Program (Grades 4K-9): (Block)
Students should obtain the Department of Education for Equity and Justice Student Handbook, which provides information on process and procedures, as well as rubrics, and auxiliary information (e.g., certifiable minor choices, résumé format, etc.). Students wishing consideration for admission to the program should apply one year prior to the semester, in which they want to be in the “block” (methods) courses. Students may not apply for program while enrolled in ES 212, Exploring Schooling K-12. Candidates for admission to program submit documents described in the emailed invitation to apply. Additional criteria for admission include: overall GPA, performance in ES 212, Exploring
Schooling K-12, dispositions toward teaching, and overall writing and quality of the application materials. The Elementary/Middle Admissions Committee is comprised of faculty and staff members from the Department of Education for Equity and Justice. Submissions are reviewed to ensure criteria for admission are met. Admission Committee decisions are provided to the chairperson who notifies the applicants of their admission status. Students who are not admitted may apply one additional time.

Admission to the Option B (Grades 4-12) and C (Grades K-12) Programs: (Block)
Students who want to be considered for admission to these programs and the College of Education and Human Sciences Teacher Education Program should apply the semester before they want to enroll in the methods sequence of courses, also known as the “block” (e.g., ES 312, ES 318, ES 328, etc.). Students may not apply for program while enrolled in ES 212, the pre-program course. Candidates for admission to program submit documents described in the emailed invitation to apply. Additionally, content departments have requirements for admission, which focus predominantly on content knowledge (e.g., Foreign Language requires passing an oral competency exam in the target language). Students should see their content area advisor for information or seek direction from the education advisor in that department. The Secondary Admissions Committee is comprised of faculty from the Department of Education for Equity and Justice and at least one member from each of the certifying areas: Music, English and Language Arts, Kinesiology, Mathematics, Social Studies, Science, and Languages. The program coordinator convenes a meeting of the admissions membership where final decisions are made for admission to the program, College, and the block semester. The list of admitted and declined applicants is provided to the chairperson who notifies the applicants of their admission status. Students who are admitted to program must take ES 312 and ES 318 the subsequent semester. Candidates who are not admitted their first time may re-apply once.

Admission to the Professional Semester
For option A students will be admitted to the professional semester if they meet the following requirements:

- earning a minimum grade of B (not B-) for the Block courses: ES 304, ES 306, ES 307, ES 308, ES 309, ES 335
- Block signature assessments meeting the requirements embedded in multiple Block methods courses

Applicants in options B and C below must earn a minimum grade of B- in each of the professional education courses (ES 212, ES 312, ES 317, ES 318*, ES 328, content methods) to be considered for admission to student teach or intern.

*MUSIC Education majors take MDED 318 instead of ES 318.

Recommendation for Licensure
All students seeking licensure through programs in the department of Education Equity and Justice must complete a full semester of student teaching or internship. A full semester of student teaching or internship is defined as completing a full semester, full days following the school district calendar where students are placed. All applicants for student teaching or internships must have resident, total, and professional education course GPAs of 2.75 or higher and have departmental approval. Grades for student teaching courses (ES 440, ES 441, ES 445, ES 446, ES 470, and ES 475) are reported and recorded on a satisfactory/unsatisfactory basis.

In addition to student teaching requirements, students who have an elementary/middle education major or special education major, or minor will need to complete the WI Foundations of Reading Test (FoRT) with a passing score of 240 or higher.

| Certificate | 25 percent of credits |

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.
Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

<table>

Teacher Licensure Requirements – Grades 4K-9

Program Option A

This program option offers pedagogical studies in the basic areas of reading, language arts, social studies, science, and mathematics, and in special subjects such as art, music, children's literature, health, speech and communication, physical education, and special education. The major is designed to provide students with strong preparation in all the subjects taught in elementary and middle schools.
8. Complete an introductory education course with a field placement (e.g., SPED 205, SEIP 208, ES 203, ES 212 or the equivalent) with a grade of B- or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Formal application to the professional program must be made. The number of students admitted to a program is limited by resources available. Not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Admission to the Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Completion of courses which are prerequisite to field experience. For each program, a list of prerequisite courses is available in the Teacher Education Program Office, Centennial 3102.
5. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
6. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
7. Completion of the 30 hour Human Relations Fieldwork requirement.
8. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
9. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
10. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S, or grade of B- or above in departments where a letter grade is assigned.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the
content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

**Wisconsin Application**
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

This major leads to Elementary/Middle 4K-9: Regular Education licensure.

**NOTE:** No degree credit may be earned under the Satisfactory/Unsatisfactory option in required education studies courses unless Satisfactory/Unsatisfactory is the only grading option available for the course.

**NOTE:** Students must earn a 2.75 cumulative GPA and a 2.75 GPA in the major in order to be eligible for teaching certification.
Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and design and implement developmentally appropriate and challenging learning experiences.
- Use understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.
- Work with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.
- Understand the central tools of inquiry, and structures of the discipline(s) they teach and create learning experiences that make the discipline accessible and meaningful for learners to ensure acquisition of content.
- Understand how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.
- Understand and use multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher’s and learners’ decision making.
- Plan instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.
- Understand and use a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.
- Engage in ongoing professional learning and use evidence to continually evaluate their practice, particularly the effects of their choices and actions on others (learners, families, other professionals, and the community), and adapt practice to meet the needs of each learner.
- Seek appropriate leadership roles and opportunities to take responsibility for student learning; to collaborate with learners, families, colleagues, other school professionals and community members to ensure learner growth; and to advance the profession.

Sample Degree Plan

Elementary-Middle Education: Grades 4K-9, Major (B.S.)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

FIRST YEAR

FIRST SEMESTER

Writing Requirement:
WRIT 114 Intensive Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits)

or

WRIT 116 Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits)

Minimum total for the baccalaureate degree = 120 credits

* Could be either semester

RECOMMENDATIONS FOR OPTIONAL HIGH IMPACT PRACTICES (HIPs)

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/ Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Required: Student teaching during the final semester

Optional: ES 385 will be offered with immersion options if students are interested. A Winterim version is associated with The Civil Rights Pilgrimage and is highly recommended. The immersion options require additional fees in addition to tuition. There is limited space associated with immersion trips.

NOTE: Study abroad should occur prior to admission to program or during summers.

Application to Major
Application to major typically first or second semester of the second year. Students must have a minimum total GPA of 2.5, have met the University Writing Requirement (complete Writing 114, 116, 118 or 120 or the equivalent earning a C or better), have met the University Mathematics Requirements (complete one college level math course earning a C or better), and have completed ES 212 with a grade of B- or better. Specific procedures for application to program are available from the department. Admission is competitive and not guaranteed.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Grades 4K-9

Program Option A
This program option offers pedagogical studies in the basic areas of reading, language arts, social studies, science, and mathematics, and in special subjects such as art, music, children’s literature, health, speech and communication, physical education, and special education. The major is designed to provide students with strong preparation in all the subjects taught in elementary and middle schools.

Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses or through obtaining a passing score on the appropriate Praxis II/ACTFL exam.
For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once.

Students must also successfully pass the W-FORT to be eligible for a teaching license in Wisconsin.

**Option A: K-9**

**Grades 4-12**

**Program Options B and C**

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

   Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

**Option B: Grades 4-12**

Prescribed special methods course(s) (see approved majors and minors below)

Student Teaching Courses from list below:

- ES 441 Student Teaching in Elementary Education 5

AND

- ES 445 Student Teaching in Middle Level Education 5
- or ES 470 Student Teaching in Secondary Education

or

- ES 440 Internship Teaching in Elementary Education 5-10

or

- ES 446 Internship Teaching in Middle Level Education 5-10

or

- ES 475 Internship Teaching in Secondary Education 5-10

NOTE 1: SPED 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 instead of ES 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.
Kinesiology
McPhee 219
715-836-3700
Department Website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/kinesiology/)

Kinesiology is the study of the art and science of human movement. The mission of the Department of Kinesiology at the University of Wisconsin–Eau Claire is to foster purposeful learning in the science, application, and principles of Kinesiology to understand the full nature of human movement across the lifespan. We live and promote this mission by developing and preparing transformative learners to lead others in the achievement of a healthy, physically active lifestyle, and an enhanced quality of life.

Toward this end, the department offers majors in Rehabilitation Science, Exercise Science, and Kinesiology. The Kinesiology major has an emphasis in Teaching Physical Education, K-12. Minors are offered in the Science of Coaching, Adaptive Physical Education, and Kinesiology.

All the programs in the department are designed to stimulate intellectual development, instill leadership qualities, and promote service to others.

Information for All Students
A number of required courses within the majors and minors may undergo revision. Course information is therefore subject to change. See your academic advisor for additional information on how these changes may affect your individual plan of study.

Some courses require a special fee because of the nature of the activity or supplies required to complete the course. Current special course fees are shown in the Class Schedule.

Department programs may be limited by resources available. All new students are strongly encouraged to make contact with their assigned academic advisor early in the semester.

Total Credits 24

This minor is restricted to licensed physical educators and students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach Adaptive Physical Education in K-12 classrooms.

Program Learning Outcomes
Adaptive Physical Education

Students completing this program will be expected to meet the following outcomes:

• Understand the influence of selected diseases, conditions, and/or disabilities on the learning and performance of physical activities
• Understand the unique needs of physical fitness and motor development of individuals with disabilities
• Develop a positive attitude and understand the needs of individuals with disabilities
• Understand the history, legal mandates, and status of physical activity for individuals with disabilities.
• Understand and use appropriate terminology common to the field of adapted physical activity
• Understand the issues related to accessibility and implication of accessibility
• Introduce appropriate instruments and testing strategies necessary for assessing the gross motor development and health-related physical fitness levels of persons with disabilities
• Learn how to administer, interpret, and use the results of assessments to develop individualized education program plans that are utilized in either adapted or general physical education programs for students with disabilities
Exercise Science, Comprehensive Major
(Code 996-001)

University Requirements

Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICATION OF CREDITS TOWARD GRADUATION

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
UW-System no maximum
Other extension/correspondence maximum ¼ of total

USAFI
USAFI maximum 32 credits

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.
LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/)
Two (2) learning experiences
One S1 must meet the University Writing Requirement
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/)
One (1) learning experience
One S2 to meet the University Mathematics Requirement
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/)
One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-rr1/)
Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-rr1/)
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-rr2/)
One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-rr3/)
One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/)
Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13)
30 hours

College Degree Requirements
Specific Degree Requirements
Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences
Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements. (see University Graduation Requirements (http://catalog.uwec.edu/undergraduate/graduation-requirements/))

General Information
Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Laboratory Science Courses. The following have been designated as fulfilling the requirements for laboratory science courses in the human sciences departments:

Degree Requirements
University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 59-60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Admission Requirements
Admission to Exercise Science, Comprehensive Major
Graduates of the B.S. in Exercise Science program will pursue coursework in exercise physiology and biomechanics; motor development; exercise prescription and assessment; strength and conditioning; social and behavioral science; anatomy; and in basic sciences among other areas. This overall preparation will allow graduates from this program to seek careers in
community health promotion and education, worksite wellness, recreation, personal training, group exercise instruction, and sport science. The major is also rigorous enough to prepare students for advanced degrees in professional or graduate programs related to this field of study. Formal admission to the Exercise Science Major is typically made during the second year (either Fall or Spring) of attendance following the successful completion of KINS 304, KINS 308, and KINS 309. This will allow students to begin further coursework in the Exercise Science core in the subsequent semester.

The Exercise Sciences Program Committee will screen students for admission to the program. At the time of admission, students must:

1. Have completed KINS 304, KINS 308 and KINS 309 with a grade of C or better.

2. Demonstrated an overall cumulative GPA of 2.5 or higher in all other university coursework.

Students who are not admitted into the upper sequence of courses (KINS 312, KINS 357, KINS 476 and KINS 498) within the Exercise Science Major may seek admission the following or subsequent semesters provided all admission criteria are met. Those students who choose to reapply for admission are reminded that the program is a two-year course of study once admitted, which could delay their graduation up to one year.

Transfer Students
Transfer students must meet all application requirements prior to application to the program. KINS 309 (http://catalog.uwec.edu/search/?P=KINS%20309) must be taken on campus. Transfer students who are interested in the Exercise Science Major should inform the Admissions Office upon application for admission to the University and contact the program director.

Retention
Once admitted into the Exercise Science Major, the student must meet the following criteria to remain in the program:

1. Maintain a cumulative GPA of 2.5 in all university coursework.

2. Continue to display appropriate dispositions regarding professional development, as outlined in the Policy for Disposition Intervention, Department of Kinesiology, Exercise Science.

3. Satisfactorily complete all courses and internship experiences (KINS 312, KINS 357, KINS 476, KINS 498, BIOL 196) within the Exercise Science core with a C or above.

Exercise Science, Comprehensive Major (B.S.)

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**NOTE:** No degree credit may be earned under the Satisfactory/Unsatisfactory option in any course presented for completion of a major or minor in Athletic Training or Kinesiology unless Satisfactory/Unsatisfactory is the only grading option available for a course.

**NOTE:** Students must maintain a cumulative GPA of at least 2.5 and complete all Exercise Science core courses with a C or above.

**NOTE:** To graduate from this program a student must achieve a 2.5 or higher total GPA.

**NOTE:** The Service-Learning graduation requirement is met by the completion of required course work within this major.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate knowledge in scientific foundation as applied to the study of human movement.
- Identify and discuss research in Exercise Science and develop skills to critically analyze research literature.
- Develop basic assessment, technology, and exercise programming skills specific to Exercise Science.
- Communicate effectively within a discipline-specific context.

Those students who choose to be considered for admission are reminded that the program is a two-year course of study once admitted, which could delay their graduation up to one year.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire. Required: Students in the Exercise Science major complete an internship during their final semester.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL — Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Program Learning Outcomes

Students completing this program will be expected to meet the following outcomes:

- Effectively communicate in a discipline specific manner.
- Effectively assess physical fitness, function, and health/disability related parameters and utilize data to enhance individual fitness, health, and functional capacity.
- Demonstrate scholarly learning, evidence-based practice, and critical thinking skills.
- Provide evidence of appropriate professional development.

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).
Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

<table>
<thead>
<tr>

College Degree Requirements

Human Sciences Departments

Specific Degree Requirements

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and
University residency as specified in the section of this catalog titled University Graduation Requirements (see University Graduation Requirements (http://catalog.uwec.edu/undergraduate/graduation-requirements/)).

General Information
Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Laboratory Science Courses. The following have been designated as fulfilling the requirements for laboratory science courses in the human sciences departments:

Degree Requirements
University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 59-60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Admission Requirements
Admission to Rehabilitation Science Comprehensive Major
This major is designed to provide foundational coursework and experiential learning with the intention to prepare students for professional school/graduate study in the area of cardiac rehabilitation, physical therapy, occupational therapy, chiropractic medicine, therapeutic recreation, rehabilitation sciences or medical school and physician assistant programs. In addition, this major will also prepare students to enter the workforce directly in medical-based fitness centers, cardiac rehabilitation programs, gerontology/senior fitness programs, and community centers involving physical activity programs for individuals with disabilities or special needs. Formal application to the Rehabilitation Science Major should be made during the second year (either fall or spring semester) of attendance while enrolled in KINS 320 Foundations of Rehabilitation Sciences. This will allow students to begin the 2-year course of study during the following academic year. The number of students admitted to the program is limited by available resources. Thus, not everyone who applies can be guaranteed admission (up to 25 new students are admitted each semester).

The Rehabilitation Science Program Committee will screen students for admission to the program. At the time of application, students must:

1. Students must have a minimum resident and total GPA of 2.75.
2. Submit a completed program application form.
3. Be enrolled in or have completed KINS 304, KINS 308, and KINS 320.
4. Submit a cover letter and resume highlighting qualifications related to Rehabilitation Science

Student admission will be based on the following criteria:

1. Total GPA - 40%
2. Overall performance in KINS 304, KINS 308, and KINS 320 - 36%
3. Evaluation of student cover letter, resume, and application self-reflective essays - 24%

Students who are not accepted in the Rehabilitation Science program may apply again the following semester. Those students who choose to re-apply are reminded that the program is a two-year course of study once accepted and that reapplying could delay their graduation up to one year.

Transfer Students
Transfer students must meet all application requirements prior to application to the program. KINS 320 must be taken on campus. Transfer students who are interested in the Rehabilitation Science Comprehensive Major should inform the Admissions Office upon application for admission to the University and contact the Rehabilitation Science program director.

Retention
Once admitted into the Rehabilitation Science program, the student must meet the following criteria to remain in the program:

1. Maintain a 3.00 GPA in all Rehabilitation Science core courses.
2. Continue to display appropriate dispositions regarding professional development, as outlined in the Policy for Disposition Intervention, Department of Kinesiology, Rehabilitation Science Major.
3. Complete each course, lab, and practicum experience within the Rehabilitation Science core (KINS 320, KINS 351, KINS 355, KINS 358, KINS 440, KINS 464, KINS 466, KINS 474, KINS 484 and KINS 491) with at least a C+.

**NOTE:** Students must maintain a cumulative GPA of at least 3.0 in all Rehabilitation Science core courses and obtain at least a C+ in each of these courses.

**NOTE:** To graduate from this program a student must achieve a 2.75 or higher total GPA.

**NOTE:** The Service-Learning graduation requirement is met by the completion of required course work within this major.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Effectively communicate in a discipline specific manner.
- Effectively assess physical fitness, function, and health/disability related parameters and utilize data to enhance individual fitness, health and functional capacity.
- Demonstrate scholarly learning, evidence-based practice, and critical thinking skills.
- Provide evidence of appropriate professional development.

**Sample Degree Plan**

**Rehabilitation Science, Comprehensive Major (B.S.)**

The following is a sample degree plan, based on the 2022-2023 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. The following degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Minimum total for the baccalaureate degree = 120 credits

* Numbers of credits and courses required in “Professional Preparation” areas will depend on the graduate program the student is working toward. Typical graduate programs for Rehabilitation Science majors include Physical Therapy, Occupational Therapy, Chiropractic, Clinical Exercise Physiology, Physician’s Assistant, and Medical School. Each of these graduate programs have different required undergraduate courses. Your academic and faculty advisors will assist you with choosing the correct classes each semester so that you are ready to apply to the graduate program of your choice.

** KINS 491 can be taken for 1 or 2 credits (need a total of 2 credits) in the fall, spring or summer

Application to Major

The Rehabilitation Science Program Committee will screen students for admission to the program. At the time of application, students must:

1. Submit a completed program application form
2. Be enrolled in or have completed KINS 304, 308, and 320.
3. Submit a cover letter and resume highlighting qualifications related to Rehabilitation Science

Student admission will be based on the following criteria:

1. Total GPA
2. Overall performance in KINS 308 and 320
3. Evaluation of student cover letter, resume, and application self-reflective essays

Students who are not accepted in the Rehabilitation Science program may apply again the following semester. Those students who choose to re-apply are reminded that the program is a two-year course of study once accepted and that reapplying could delay their graduation up to one year.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL** — Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

Program Learning Outcomes

Students completing this program will be expected to meet the following outcomes:

- Develop and implement an athlete-centered coaching philosophy.
- Identify physical conditions that predispose athletes to injuries.
- Teach and encourage proper nutrition for optimal physical and mental performance and overall good health.
- Provide athletes with responsibility and leadership opportunities as they mature.
- Teach and incorporate mental skills to enhance performance and reduce sports anxiety.
- Use scouting methods for planning practices, game preparation, and game analysis.
- Be involved in public relation activities for the sport program.
- Utilize an objective and effective process for evaluation of self and staff.

This minor leads to K-12 coaching licensure.

Program Learning Outcomes

Students completing this program will be expected to meet the following outcomes:

• Develop and implement an athlete-centered coaching philosophy.
• Identify physical conditions that predispose athletes to injuries.
• Teach and encourage proper nutrition for optimal physical and mental performance and overall good health.
• Provide athletes with responsibility and leadership opportunities as they mature.
• Teach and incorporate mental skills to enhance performance and reduce sports anxiety.
• Use scouting methods for planning practices, game preparation, and game analysis.
• Be involved in public relation activities for the sport program.
• Utilize an objective and effective process for evaluation of self and staff.

Social Work

Human Sciences and Services 253
715-836-4435

Department Website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/social-work/)

The mission of the baccalaureate social work program at the University of Wisconsin-Eau Claire is to prepare students to engage in ethical, competent, evidence-informed generalist practice. Graduates will be committed to diversity, social and economic justice, the promotion of community well-being, and the interdependence of local and global issues. The goals of the Social Work Program are:

1. to prepare entry-level generalist social workers grounded in liberal arts educations and the person in the environment construct;
2. to prepare entry-level generalist social workers for practice in a multicultural society within the context of professional values and ethics in public and private social service agencies, especially in those services which meet the needs of diverse individuals, families, groups, organizations and communities;
3. to prepare students to integrate research-informed practice and practice-informed research and to think critically and apply ethical principles in practice;
4. to prepare students for and instill in them a commitment to lifelong learning and the recognition, support and advancement of the profession; and
5. to prepare students for practice with diverse populations and for effective participation in community affairs in a global society through the promotion of social and economic justice.

The bachelor’s degree in social work (B.S.W.) is accredited by the Council on Social Work Education. Graduates of the program are eligible for examination for certification or licensure at the baccalaureate level. Graduates receive advanced standing in many Master of Social Work (MSW) programs.

Student Organizations

As members of the university community, social work students have an opportunity to participate in many student organizations, including the Association of Student Social Workers (ASSW). In addition to providing important chances for identification and socialization with the profession of social work, ASSW selects student representatives to participate actively in faculty committees. Other professional organizations open to students are the Council on Social Work Education, the National Association of Social Workers, and the Wisconsin Social Service Association.

Caregiver Law

All individuals involved in experiential education courses for credit in the Social Work Department must complete the background check process and are responsible for the associated processing fees. Students are also advised that past or future serious crimes that are substantially related to the duties of the position may limit or inhibit the student from securing service-learning opportunities, or internship placements, or both. In addition, the student may become ineligible to receive certification or licensure as a social worker.

Gerontology, Minor
Liberal Arts (Code 670-400)

Advisor: L. Olson-McBride

Gerontology is a multidisciplinary field that examines the correlates and consequences of human aging. To reflect this multidisciplinarity, the Gerontology minor includes courses from a variety of academic disciplines. Objectives of the minor include:

1. promoting an understanding of the multifaceted nature of the human aging process;
2. generating awareness of both the rewards and challenges associated with aging;
3. providing a broad program of study that complements a number of major programs and prepares students for graduate study and/or careers in the field of aging.

Up to three credits from Directed Studies, Independent Study, or Special Topics courses that focus on gerontological issues may be applied to the minor with approval from the Gerontology minor advisor.

Program Learning Outcomes
Students completing this program will be expected to meet the following outcomes:

- Illustrate the multidisciplinary nature of the human aging process.
- Differentiate between myths and realities of the aging process.
- Discuss key issues impacting older people (e.g. social policies/programs, ethical concerns, health care).

(Code 460-605)

Child Welfare Certificate

The child welfare certificate is developed around preparing students to become an effective advocate for children as victims and survivors of child abuse. The coursework within this program will increase students’ understanding of factors that lead to child maltreatment, as well as how to work effectively in various agencies and systems to respond to such incidents. Students may want to add a child welfare certificate if they are interested in areas such as child protective services, foster care, or adoption.

Requirements:
This certificate requires 12 credits of course work and is open only to majors within the College of Education and Human Sciences. The student must complete, at a grade level of C or above, the required Social Work course within the selected certificate program and three other electives from the list of electives for the certificate program (see the following).

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate
will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

College Degree Requirements

Human Sciences Requirements

Program and Degree Requirements

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements. (see University Graduation Requirements)

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Admission Requirement

The Social Work Program operates under a selective admissions policy.

The policy is based on the need to maintain a program of excellence in the classroom and to assure availability of quality internship placements. The Department of Social Work reserves the right to admit a limited number of students each semester. Meeting the minimum standards does not guarantee a student will be admitted to the major.

Social Work is a professional discipline on the baccalaureate level, and, thus, admissions and retention processes are implemented and strictly followed. Students are evaluated on a regular basis. Students interested in earning a Bachelor of Social Work Degree must first be admitted to the Social Work
major. Enrollment in selected upper division social work courses is restricted to students who have been formally admitted to the major. This formal application to the major is the first step in meeting requirements for graduation with a B.S.W. degree. A second review of continued eligibility occurs with application for admission to internship (SW 481). Students with any concerns regarding eligibility are urged to consult their academic advisor. Students will be asked to sign a statement that they have read and agreed to abide by the National Association of Social Workers’ Code of Ethics. Students may appeal a denial of admission to the major or internship by following procedures outlined in the Social Work Student Handbook or the Social Work Internship Manual, as applicable.

**Application Process and Procedures**

1. Students seeking admission are required to complete an application E-form (electronic form) available from the student portal of listed forms. At the point of admission:
   a. Students must have accumulated 30 credits.
   b. The university service learning requirement must have been completed. SW 290 has Service-Learning embedded for all students.
   c. A minimum GPA of 2.5 is required in the following courses: SW 100, SW 290, and PSYC 100. Each course must be completed with a grade of C or above.
   d. A minimum total GPA of 2.5 is required, which includes courses transferred from other colleges and universities.
   e. Students will show knowledge of social work and a commitment to social work values as demonstrated by the submission of a single-spaced essay up to two pages that addresses how your values and experiences have formed your decision to select social work as a major.
   f. Students must be in good academic standing in the semester in which they apply.
   g. Any student who withdraws from the social work major at UW-Eau Claire or who does not take classes at UW-Eau Claire for two or more sequential semesters must reapply for admission into the program. Readmission to program is not guaranteed.
   h. Students may repeat a grade below C in SW 100 and/or SW 290 according to University guidelines. Repeat of course(s) must be completed (not current) for any such courses before application for admission will be processed.
   i. Completion of University Writing Requirement

**Admission to Social Work Internship**

*Criteria for admission into Internship:* The Social Work Field Director will determine eligibility for internships on the basis of the following criteria. A student must have
