Hello Educators!

We are creating a migration plan and gathering data to request funding to help with the transition from D2L to Canvas. We are also collecting interest about becoming early adopters.

Please complete the [D2L to Canvas Conversion Survey](#) ASAP to help us with accurate planning. It should take five to ten minutes at the most. Please complete the survey even if you don't plan to use Canvas.

Visit [canvas.uwec.edu](http://canvas.uwec.edu) for more information about Canvas and the tentative timeline.

The survey may prompt you to login with your UW-Eau Claire username and password because it automatically collects your name and email address.

Thank you in advance for your time!
