University Seal and Mission

COUNCIL OAK

The Council Oak stands as a symbol of UW-Eau Claire’s commitment to serving as a place of meeting and exchange. The symbolism originated with the first Council Oak, a majestic tree that stood where the Ojibwe and Dakota nations as well as other nations, including the Ho-Chunk, Menominee and Potawatomi, met to share knowledge and discuss peaceful resolutions to their differences. The current Council Oak was planted and dedicated in 1990 by elders from the Ojibwe and Ho-Chunk nations after the original Council Oak, which had been damaged by lightning in 1966, fell in a windstorm in 1987. The Council Oak remains a sacred place and is recognized by UW-Eau Claire as a symbol of the ancestral and sacred lands of Indigenous Peoples, past and present. We acknowledge that the University of Wisconsin-Eau Claire occupies the sacred and ancestral lands of Indigenous Peoples. We honor the land of the Ojibwe and Dakota Nations.

OUR MARK OF EXCELLENCE

The University Seal made its entrance into the life of the University of Wisconsin-Eau Claire in 1966, and today it remains the official symbol of the university and the values it upholds. The seal prominently features the Council Oak tree and the word “Excellence.”

MISSION STATEMENT OF THE UNIVERSITY

We foster in one another creativity, critical insight, empathy and intellectual courage, the hallmarks of a transformative liberal education and the foundation for active citizenship and lifelong inquiry.

Letter from Chancellor Carney

DEAR BLUGOLD GRADUATES,

Commencement represents an important step in your academic journey. Congratulations on reaching this milestone moment! Your name is joining the list of more than 100,000 graduates of the University of Wisconsin-Eau Claire. This is truly a special place, and earning your Blugold degree from one of the top regional public universities in the country is a significant accomplishment.

As your time at UW-Eau Claire draws to a close, I hope this university will always have a special spot in your heart as it does in mine. When I graduated from UW-Eau Claire, I felt fully prepared to start my career and pursue my passions. That feeling grew stronger as I continued walking down my career path.

During my 25 years here as a faculty member, I have had the pleasure of watching amazing students like you learn and grow together as you’ve developed relationships and friendships that will last a lifetime. Our exceptional faculty and staff have been a key part of your journey — helping you learn, mentoring you and pushing you out of your comfort zone to reach your full potential. Many of them are here today to celebrate with you.

I am confident you will take what you have learned at UW-Eau Claire and share that knowledge in meaningful ways in whatever endeavors you pursue. That is what it means to be a Blugold graduate.

As you graduate today, remember, wherever you go, you are forever a Blugold. The hard work, perseverance and courage that helped you reach this goal will continue to serve you well. I encourage you to show gratitude to everyone who helped you along the way.

Once again, congratulations! I know that a bright future awaits you. Please check in with us often to let us know how you are doing — we’d love to hear from you!

A handwritten signature in black ink that reads "Michael J. Carney". The script is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Today's Speaker

CAROLINE WELCH '74

CEO and Co-Founder of Mind Your Brain

Caroline Welch is an author, attorney, CEO and co-founder with Dr. Dan Siegel of Mind Your Brain, whose mission is to make the science of well-being accessible

for professional and personal development. She is a graduate of the University of Wisconsin-Eau Claire, University of Wisconsin Law School and holds a master's degree in communication from the University of Southern California.

Welch was born on a working dairy farm in Wisconsin, the first in her family to go to college. Her first trip out of Wisconsin was at age 16 to Shiraz, Iran, on an exchange program during high school. That was the beginning of her love of travel and exploration which has included climbing Mount Kenya, living in Japan for three years as an English teacher and backpacking through 25 foreign countries for a year and a half prior to attending law school.

Welch and her debate partner represented UW-Eau Claire in the annual international debate "Battle of the Sexes" in fall 1971. She participated in a semester exchange program with the historically black college Grambling State University in Grambling, Louisiana. Her experience became the basis of an oration that earned her the 1972 Wisconsin State Oratory Championship.

As a civil litigator for over 15 years, Welch represented Japan-based corporate clients in intellectual property matters and also served as in-house counsel at Metro-Goldwyn-Mayer Studios and production attorney for the "Judge Judy" show at Spelling Entertainment Group in Los Angeles, California. She has made several life transitions, from English teacher in Japan to attorney and mediator to co-founder of an online business for mental health professionals in over 50 countries.

Welch's book, "The Gift of Presence: A Mindfulness Guide for Women," has been widely acclaimed, described as, "a gift for us all — filled with practical insights about the power of mindfulness" and "... a must-read for women of all ages" by Arianna Huffington, founder and CEO of Thrive Global, and "... a clarion call to all women, in the many roles we play, to bring more presence into our lives each day — not just through meditation, but in a variety of wise ways that lead to a richer, less stressful, more balanced life" by Diane Ackerman, New York Times bestselling author of "The Zookeeper's Wife."

Welch and "The Gift of Presence" have been featured in O, The Oprah Magazine, Mind Body Green, Maria Shriver's "Sunday Paper," the "Being Well Podcast," "The Brain Warriors Way Podcast" and others.

Welch lives in Santa Monica, California, with her husband, Dan Siegel.

Advice to graduates

Take time to know your North Star: What gets you up in the morning? Once you can answer that, you can live aligned with your life's purpose. Practice reframing failures and mistakes as a path to new opportunities for growth and exploration. Stay curious: Figuring out what you don't want to do is essential for discovering what you do want to do. Finally, embrace lifelong learning.
