THE UNIVERSITY OF WISCONSIN - EAU CLAIRE

105 Garfield Ave.
Eau Claire, Wisconsin 54702-4004
UW-Eau Claire website: <http://www.uwec.edu/>

Situated at the confluence of the Eau Claire and Chippewa rivers, the city of Eau Claire originated as a lumber town in the 1840s. Today, with a population of more than 70,000, Eau Claire is a commercial, medical, technological and educational center for the west-central region of Wisconsin. Eau Claire is located 90 miles east of Minneapolis/St. Paul and 247 miles northwest of Milwaukee. The city and the surrounding countryside abound in rivers, lakes and wooded areas of great natural beauty, where seasonal sports, camping and other recreational activities may be enjoyed throughout the year.

University of Wisconsin-Eau Claire

The University of Wisconsin-Eau Claire was founded in 1916 as the Eau Claire State Normal School, occupying a single building on land donated to the state by the city of Eau Claire. The academic history of the institution is reflected in its subsequent changes of name and mission. As the Eau Claire State Teachers College (1927-51), it awarded baccalaureate degrees in education; as the Wisconsin State College at Eau Claire (1951-64), it added degree programs in liberal arts. The state colleges were granted university status in 1964, and the Wisconsin State University-Eau Claire was organized into the schools of Arts and Sciences, Education and Graduate Studies. The School of Nursing was created in 1965 and the School of Business in 1966. The institution became the University of Wisconsin-Eau Claire in 1971 with the merger of the two state-supported university systems to form the University of Wisconsin System, which includes 13 universities, 13 freshman-sophomore colleges and UW-Extension. In 2004, an administrative restructuring created four colleges at the University of Wisconsin-Eau Claire: the College of Arts and Sciences, the College of Business, the College of Education and Human Sciences, and the College of Nursing and Health Sciences. Graduate programs are administered by each of the colleges.

The University of Wisconsin-Eau Claire today serves more than 9,000 students, offering a variety of undergraduate and graduate programs, and serving regionally as a center for continuing education. The main campus includes 30 major buildings located on a 333-acre, two-level campus, which embraces Putnam Park on the south bank of the Chippewa River and is connected by a footbridge to the Haas Fine Arts Center and the Human Sciences and Services building on the north bank. The university campus also includes The Priory, a facility three miles south of the main campus; Haymarket Landing, a student apartment complex in downtown Eau Claire; and The Sonnentag, a state-of-the-art sports, events and recreational facility along the north bank of the Chippewa River.

UW-Eau Claire–Barron County

Effective July 1, 2018, the 13 two-year campuses formerly known as University of Wisconsin Colleges were integrated as branch campuses with seven of the University of Wisconsin System's four-year comprehensive or research institutions. As part of this restructuring, the former UW-Barron County became a branch campus of UW-Eau Claire and is now known as UW-Eau Claire – Barron County.

Select Mission of the University of Wisconsin-Eau Claire

In addition to the University of Wisconsin System mission and the core mission of the university cluster institutions, the University of Wisconsin-Eau Claire has the following select mission:

We foster in one another creativity, critical insight, empathy and intellectual courage, the hallmarks of a transformative liberal education and the foundation for active citizenship and lifelong inquiry.

We fulfill our mission through a pervasive university commitment to provide:

- Rigorous, intentional and experiential undergraduate liberal education for life and livelihood.
- Strong, distinctive professional and graduate programs that build on and strengthen our proud tradition of liberal education.
- Multicultural and international learning experiences for a diverse world.
- Exemplary student-faculty research and scholarship that enhance teaching and learning.
- An inclusive campus community that challenges students to develop their intellectual, personal, cultural and social competencies.
- Educational opportunities responsive to the needs of our communities, state, region and beyond.
- Academic leadership in transforming liberal education.

Organization of the university

The chancellor is the university's chief administrative officer, responsible for all phases of university activity and accountable to the Board of Regents and UW System president. In the discharge of these obligations, the chancellor is assisted by other administrators and advised by the faculty, staff and students of the university.

Subject to the powers of the Board of Regents, the UW System president and the chancellor:

- University faculty has primary responsibility for academic and educational activities and faculty personnel matters.
- University academic staff has primary responsibility for academic staff personnel matters.
- University students have primary responsibility for policies concerning student life, services and extracurricular activities. They share responsibility with the chancellor and Board of Regents for the disposition of student fees constituting substantial support for student activities.

Administrative Organization and Personnel

CHANCELLOR	Michael Carney (interim)
PROVOST AND VICE CHANCELLOR FOR ACADEMIC AFFAIRS	Mary Hoffman (interim)
Administrative and Budget Officer	Arjen van Dijk
Chief Information Officer and Director of Learning and Technology Services	Kent Gerberich
Director of Health Careers Center	Julie Anderson
Director of Mark Stephen Cosby Honors College	Heather Fielding
Director of McIntyre Library	Jill Markgraf

UW-Eau Claire Campus

Campus Information Services: 715-836-2637

Toll-free: 888-463-6893

Parking and Transportation Services: Parking and Transportation Services strives to find an equitable way to manage the parking spaces available to all members of the university community. Therefore, parking policies and regulations at UW-Eau Claire are aimed at easing the parking crunch on campus and in the neighborhoods adjacent to the campus. These policies and regulations are part of an overall parking plan, which incorporates a multifaceted approach to managing the parking spaces available on campus. It includes a differentiated pricing system for parking permits, penalties for violations and a free citywide transit service. Detailed and current parking information can be obtained from Parking and Transportation Services located within Blugold Central, 715-836-3000, or parking@uwec.edu.

Visitor Parking: If you are planning to visit the UW-Eau Claire campus, you can obtain a free visitor parking permit by contacting the Flesch Family Welcome Center.

Visiting the Campus: If you are a prospective student and/or family member wishing to schedule a campus visit, tours may be arranged through the Office

of Admissions at 715-836-5415. Visitors may obtain a brochure describing the campus and its facilities from the Service Center, in the east lobby of Davies Center, or from the Flesch Family Welcome Center.

Academic Buildings

Schofield Hall (1916), Garfield Avenue. Named for Harvey Schofield, first president of the Eau Claire State Normal School.

L.E. Phillips Science Hall (1964; addition, 1969; a major renovation, 2002), lower campus, spanning Little Niagara Creek. Named for the Eau Claire industrialist whose major gift made possible the acquisition of special equipment.

Schneider Hall (1967), Park and Roosevelt avenues. Named for John S. Schneider, professor of sociology and history, 1930-1961.

Nursing (1969; addition, 1985), lower campus at edge of Putnam Park.

McIntyre Library (1960; addition, 1972; addition, 1993), Garfield Avenue. Named for William D. McIntyre, an Eau Claire businessman who served on the Board of Regents of State Colleges, 1945-1966.

McPhee Physical Education Center (1969) and Ade Olson Addition (1987), upper campus. Named for Eugene R. McPhee, an alumnus, former faculty member and executive director of the Wisconsin State University System, 1945-1972. Addition named for an alumnus, coach, and chair of the department of physical education, 1947-1975.

Haas Fine Arts Center (1970), Water Street, with footbridge spanning the Chippewa River to the main lower campus. Named for former chancellor Leonard Haas (1959-1980) and his wife, Dorellen.

Hibbard Hall (1974), Garfield and Park avenues. Named for Richard E. Hibbard, political science faculty member and vice president for academic affairs (1964-1971), who served as interim president and interim chancellor, 1971-1972.

Human Sciences and Services (1982), Water Street, north campus overlooking the Chippewa River.

Centennial Hall (2014), Park Avenue. Named to honor UW-Eau Claire's Centennial in 2016.

Residence Halls

Aspenson Mogensen Hall (2017), just across from lower campus on Water Street, 200-plus students. Named for Eau Claire business owners John Mogensen, his daughter Michelle Mogensen, and Lisa Aspenson in recognition of their gifts of more than \$1 million to the UW-Eau Claire Foundation.

Benjamin W. Bridgman Hall (1965), upper campus. 116 men and 126 women. Named for a member of the first faculty (Physics, 1916-1941).

Chancellors Hall (2000), upper campus. 81 apartments for 324 students. Named in honor of past, present, and future chancellors.

Governors Hall (1962), upper campus. 134 men and 208 women.

Haymarket Landing (2016), downtown Eau Claire. 417 students. Located next door to Pablo Center at the Confluence, a new campus-community arts center opened in fall 2018.

Emmet Horan Hall (1961), upper campus. 206 men. Named for the businessman who was the first Eau Claire appointee to the Board of Regents of State Normal Schools.

Karlgaard Towers Hall (1967; renovated 2017-18 and 2018-19), upper campus. 435 men and 897 women. Named for alumnus David Karlgaard, a 1967 mathematics graduate, and his wife, Marilyn, in recognition of their gifts of more than \$6 million to the UW-Eau Claire Foundation.

Arthur L. Murray Hall (1966), upper campus. 146 men and 164 women. Named for a faculty member (English, 1918-1943).

The Suites (2019), upper campus. Suite-style residence hall housing 432 students.

Oak Ridge Hall (1969), upper campus. 64 men and 282 women.

Priory Hall (renovated 2014), three miles south of UW-Eau Claire's main campus at The Priory. 48 single rooms for men or women. Located on 112 mostly wooded acres owned by a subsidiary of the UW-Eau Claire Foundation.

Laura E. Sutherland Hall (1965), upper campus. 144 men and 260 women. Named for a faculty member (History, 1921-1959; dean of women, 1939-1947).

University Centers

Flesch Family Welcome Center (2021), lower campus. Named in honor of Tom and Jeannie Flesch, UW-Eau Claire alumni who made a lead gift to the Foundation in support of this privately funded building. Houses the university's Admissions, Foundation and Alumni Association offices. Serves as the main entry point for the more than 17,000 prospective students, parents and guests who typically visit campus during the year.

W.R. Davies Student Center (2012), lower campus. Named for the second president (1941-1959) of the Eau Claire State Teachers College. Davies Center is the hub of social and cultural interaction on the lower campus. Offering a number of meeting and program spaces, dining facilities and service areas, Davies Center is the administrative core of the University Centers. It is also home to the Student Senate, the primary vehicle for student involvement in university governance; the University Bookstore; Blugold Dining/Catering Services; Marketplace, The Cabin and Dulany Inn dining facilities; U.S. Bank; Blugold Card Services; the Gender & Sexuality Resource Center; Woodland Theater; Event Services; and Activities, Involvement and Leadership.

Crest Wellness Center (1965), upper campus. Home of Student Health Service, Crest Fitness Center, University Police and Eagle's View Challenge Ropes Course.

Hilltop Recreation Center (1968), upper campus. Offering a number of recreation spaces; dining facilities including the main cafeteria and the Riverview Café; and program spaces and service areas. Hilltop Center is the home base for Recreation and Sport Operations. It is equipped with a billiards center, lounge space, bouldering wall, group fitness studios and the Environmental Adventure Center, which offers indoor archery as well as outdoor adventure equipment rental.

Schofield Auditorium (1916; renovated in 2009), Schofield Hall, lower campus. Renovated in 2009 through a collaborative effort of Student Senate, University Centers, the Chancellors Office and UW-Eau Claire Foundation. Managed by University Centers, Schofield Auditorium is the largest fixed-seat venue on campus. With its state-of-the-art lighting, sound, video and seating, the venue hosts hundreds of large events every year.

Sites and Collections Supporting Instruction and Research

On Campus:

The John L. Buchholz Jazz Library is a rare and extensive collection of jazz charts and recordings donated in 2012 to the UW-Eau Claire Foundation in honor of John L. Buchholz, professor emeritus of English. The longtime jazz musician was among the founding members of the UW-Eau Claire Jazz Ensemble in 1962 and performed throughout the region. This one-of-a-kind collection of more than 1,000 charts and 900 recordings includes works by Count Basie, Sammy Nestico, Bill Holman, Tommy Dorsey, Benny Goodman and many more legends of jazz. It is located in Archives and Special Collections in McIntyre Library.

In 2014, the UW-Eau Claire Foundation acquired the **Frederick G. and Joan Christopherson Schmidt Robert Frost Collection**, a rare assemblage of works by the 20th-century American poet. The collection, which is housed in Special Collections and Archives in McIntyre Library, contains approximately 44 books authored by Frost, including several that have been signed and inscribed by the poet; dozens of books about Frost; and manuscript materials containing Frost's handwritten poetry, Christmas cards and pamphlets.

The **James Newman Clark Bird Museum**, circular in shape, surrounds the planetarium in Phillips Science Hall. The collection of approximately 530 specimens and four dioramas depicting native birds in their natural habitats is used by students in biology. The museum is open to the public from 8 a.m. to 4:30 p.m. Monday through Friday, and at other times by appointment. For more information, contact the biology department at 715-836-4166 or biology@uwec.edu.

The **L.E. Phillips Planetarium**, located in the James Newman Clark Museum in Phillips Science Hall, contains a Spitz model A-3-P planetarium with a seating capacity of 50. The facility is used by classes in the physics and

astronomy department. A limited number of public events also are held at the planetarium.

The Priory, formerly known as St. Bede's Monastery, was purchased in 2011 by Blugold Real Estate LLC, a subsidiary of the UW-Eau Claire Foundation, as an ideal facility for expanding UW-Eau Claire academic programming. Located three miles south of UW-Eau Claire's main campus, the property includes 112 mostly wooded acres in the Town of Washington and three building complexes totaling approximately 80,000 square feet.

The Children's Nature Academy is located at The Priory, with UW-Eau Claire students who are parents as the primary users of its child care services, including the infant and toddler care program. In addition to students who use the academy's child care services, hundreds of students either work, volunteer or engage in observation activities at the academy annually.

The Priory also is the site of Priory Hall, offering renovated and modernized housing for 48 students in single-occupancy rooms.

Putnam Park, a 230-acre nature preserve in the midst of the campus and the only urban state natural area in Wisconsin, provides an area for the study of flora and fauna within easy walking distance of classrooms, as well as a place for relaxation and hiking. The park is traversed by Putnam Drive and by a nature trail, for which printed guides are available at the Service Center in Davies Center. For more information, contact the biology department at 715-836-4166 or biology@uwec.edu.

The **S.W. Casey Observatory**, located atop Phillips Science Hall, contains a computer-controlled, seven-inch Maksutov-Cassegrain telescope with a charge-coupled-device (CCD) camera. The observatory is adjacent to an observing deck with 11 stations for student use in astronomy laboratory classes. These stations use eight-inch telescopes.

Off Campus — Wisconsin:

The **Hobbs Observatory**, located 15 miles east of the campus at the Beaver Creek Reserve, contains a 24-inch computer-controlled telescope, a 14-inch Schmidt-Cassegrain telescope, a CCD camera and a classroom. This observatory is open to the public on Saturday nights, when clear, from May through October.

The James and Joan Leary Family Environmental Education Center consists of 168 acres located in a popular four-season recreational area at the confluence of the Flambeau and Chippewa rivers. The land is surrounded by Chippewa County forest land. The Leary Family Environmental Education Center will become an integral part of the university's public health and environmental studies department. Information about the Leary Environmental Education Center is available from the public health and environmental studies department at phes@uwec.edu.

Nature Conservancy Tracts, owned by the UW-Eau Claire Foundation, include 320 acres of forest and marshland that are available for scientific investigations and class use. One of these, the Schmidt Tract, is approximately 30 miles east of Eau Claire in Clark County, and two are in Washburn County near Sarona and Spooner. More specific information concerning location and use of this land can be obtained from Dr. Winnifred Bryant, biology department, at bryantwm@uwec.edu.

Off-Campus — Mississippi:

The **Gulf Coast Research Laboratory (GCRL)**, Ocean Springs, Mississippi, is an out-of-state institution affiliated with the University of Wisconsin-Eau Claire. The GCRL offers two summer terms and provides students instruction

in a marine environment. For more specific information contact Dr. David Lonzarich, biology department, at lonzard@uwec.edu.

Accreditation and Memberships

The University of Wisconsin-Eau Claire is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools. Address:

230 South LaSalle Street
Suite 7-500
Chicago, Illinois 60604
Telephone: 800-621-7441

Specific programs or individual units of the University are accredited or approved by the following agencies, as explained in appropriate sections of the catalog:

AACSB International—the Association to Advance Collegiate Schools of Business
Accrediting Council on Education in Journalism and Mass Communication
American Chemical Society
American-Speech-Language-Hearing Association
Commission on Accreditation of Athletic Training Education
Commission on Collegiate Nursing Education
Council on Social Work Education
Engineering Accreditation Commission of ABET
International Accreditation of Counseling Services
National Association for the Education of Young Children
National Association of Boards of Examiners of Long Term Care Administrators
National Association of School Psychologists
National Association of Schools of Music
National Environmental Health Science and Protection Accreditation Council
State Authorization Reciprocity Agreement
Wisconsin Department of Health and Social Services
Wisconsin Department of Public Instruction
Wisconsin State Board of Nursing

The university is a member of the American Association of Colleges of Nursing, the American Association of Colleges for Teacher Education, the American Association of State Colleges and Universities, the American Association of University Women, the American Council on Education, the Association of American Colleges and Universities, the Council of Graduate Schools, the Council for Opportunities in Education, the Council on Undergraduate Research, the Wisconsin Campus Compact and the Wisconsin Institute for Peace and Conflict Studies.

Continuing Education

The "Wisconsin Idea"

The "Wisconsin Idea," a concept named after the state that pioneered its development, holds that the function of a university is not only to educate

full-time students on its home campus but also to extend educational opportunities and services to all citizens of the state. The Wisconsin Idea is incorporated into the general mission of the Universities of Wisconsin and the particular missions of the various institutions.

The University of Wisconsin-Eau Claire has long supported the Wisconsin Idea and the related idea of education as a process continuing throughout the lifetime of an individual. The university welcomes contemporary learners who wish to attend credit and non-credit courses for personal or professional reasons.

The Office of Online & Professional Learning Resources

To increase the availability of educational opportunities both on and off campus, the University of Wisconsin-Eau Claire and the Office of Online & Professional Learning Resources cooperate in providing noncredit continuing education programs and credit courses designed for contemporary learners.

Continuing Education – Connecting Campus and Community

UW-Eau Claire Continuing Education is dedicated to supporting people seeking education to improve their lives by providing innovative programming in a variety of areas. Utilizing resources from UW-Eau Claire and the Office of Online & Professional Learning Resources we develop our programming through collaboration with communities and professionals working in their fields. All our programs are designed with inclusivity in mind and are focused on providing the best educational value.

Here are a few things we do:

- We offer an extensive array of professional development programming helping professionals learn new skills and, in some cases, earn credits toward a certification or recertification.
- We provide support for several UW-Eau Claire graduate programs whether it is helping students get the courses they need to qualify for graduate programs to offering full certificate and degree programs.
- We provide personal enrichment programming for the community.

We believe in the power of education no matter what stage of life you are in or where you want to go.

Information about current offerings may be obtained from the Office of Continuing Education (<https://www.uwec.edu/offices-services/continuing-education>) at 715-836-3636, or ce.uwec.edu.

ABOUT THE CATALOG

A Bulletin of the University of Wisconsin-Eau Claire
Volume 110

The Undergraduate Catalog is available on the UW-Eau Claire website (<http://www.uwec.edu/>) and is supplemented by the following official publications of the University.

The **class schedule** (<https://www.uwec.edu/blugold-central/academic-planning/register-classes/class-schedules/>), course catalog, and information about fees, is available prior to each term on the Registrar's website and CampS.

The **Your Right to Know** publication, from the Student Affairs and Dean of Students Office contains additional information about campus life, activities, services, policies and regulations, safety, student rights, and the various offices through which they are administered.

The **Graduate Catalog** contains information about graduate programs including admission and degree requirements.

The provisions of this catalog do not constitute a contract between a student at UW-Eau Claire and the University. The sole purpose of the catalog is to provide regulations, course listings, degree programs, and fee schedules which are in effect at the time of publication. UW-Eau Claire reserves the right to change the regulations in this catalog at any time during the period for which it is in effect and to add, modify, or withdraw courses at any time. UW-Eau Claire, with the concurrence of the System Administration and the Board of Regents of the University of Wisconsin System, also reserves the right to change fees and to add, modify, or withdraw degree programs at any time. Effective dates of changes will be determined by the proper University authorities and published through class schedules or other official publications of the University.

The University further reserves the right to ask the student to withdraw for cause at any time.

The University of Wisconsin-Eau Claire is committed to a policy of providing equal educational and employment opportunity for all persons in accordance with Board of Regents Policy and applicable law. Discrimination or harassment based on any protected category that has the purpose and effect of adversely affecting any aspect or condition of a person's education, employment, housing, or participation in a university activity or program is prohibited.

As a part of its continuing commitment to eliminate discrimination and harassment, the university has established procedures for providing prompt and fair resolution of complaints. All complaints, questions, or requests for information should be referred to the Affirmative Action Office (<https://www.uwec.edu/offices-services/affirmative-action-office>), Schofield 217, 715-836-2387, affirm01@uwec.edu.

The University of Wisconsin-Eau Claire makes available to the public, upon request, all consumer information required by Office of Education Rules and Regulations 178.1 through 178.8. Consumer information about the University includes, but is not necessarily limited to, the following: academic programs, educational costs, financial aid, academic progress requirements, student retention rates, career development, and employment data. Inquiries regarding this information may be made to the Student Affairs and Dean of Students Office, Schofield 240.

The University ensures students access to their official University records and maintains the confidentiality of personally identifiable information in accord with federal law. A Notice of Student Rights Under the Family Educational

Rights and Privacy Act is available in the Your Right to Know (<https://kb.uwec.edu/articles/your-right-to-know-your-right-to-know>) publication.

ACADEMIC CALENDAR

Fall Semester 2026

August

17 Monday	First Day of Faculty Contractual Period
27 Thursday	Advising and Registration
28 Friday	Advising and Registration
31 Monday	Advising and Registration

September

1 Tuesday	Opening Day
2 Wednesday	Classes Begin
7 Monday	Labor Day Holiday-University Closed

November

25 Wednesday	Fall Recess Begins (No Classes)
26 Thursday	Thanksgiving Day Holiday (No Classes)
27 Friday	Fall Recess (No Classes)
30 Monday	Classes Resume

December

14 Monday	Last Day of Classes
15 Tuesday through 21 Monday	Final Examinations
19 Saturday	UW-Eau Claire Commencement
24 Thursday	Holiday-University Closed
25 Friday	Holiday-University Closed
31 Thursday	Holiday- University Closed

Winterim 2027

January

1 Friday	Holiday- University Closed
4 Monday	Classes Begin
18 Monday	Martin Luther King Jr. Holiday-University Closed
22 Friday	Last Day of Classes

Spring Semester 2027

January

21 Thursday	Advising and Registration
22 Friday	Advising and Registration
25 Monday	Classes Begin

March

15 Monday through 19 Friday	Spring Break (No Classes)
22 Monday	Classes Resume

May

7 Friday	Last Day of Classes
10 Monday through 14 Friday	Final Examinations Week
13 Thursday	UW-Eau Claire- Barron County Commencement
15 Saturday	UW-Eau Claire Commencement
16 Sunday	Last Day of Faculty Contractual Period

Three-Week Summer Session 2027

May

24 Monday	Classes Begin
31 Monday	Memorial Day Holiday-University Closed

June

11 Friday	Last Day of Classes

Eight-Week Summer Session 2027

June

17 Monday	Classes Begin

July

4 Sunday	Independence Day Holiday-University Closed

August

6 Friday	Last Day of Classes

Additional calendar information with dates and deadlines can be found on the Registrar's website. (<https://www.uwec.edu/blugold-central/academic-planning/academic-registration-calendars/>)

COURSES

Course Numbering System

The first digit in a course number indicates the level of the course:

1-99	courses that cannot be counted toward minimum degree requirements
100-199	courses primarily for freshmen
200-299	courses primarily for sophomores
300-499	courses open to juniors and seniors
500A-799A ²	courses open to students in accelerated master's program for undergraduate credit
500-699 ¹	junior-senior courses approved for graduate credit
700-799 ²	courses open only to graduate students
800-899	course open only to Doctor of Nursing Practice (DNP) students

¹ Graduate students in such courses are required to meet expectations beyond those required of undergraduates. These expectations will vary and may include, but are not limited to: additional readings, oral presentations, additional or more sophisticated experiments or research, and additional written work. Students who have taken a course at the 300- or 400-level may not include that course at the 500- or 600- level in a graduate program, except in the case of special topics courses when the topic is not the same as that taken at the undergraduate level or at the discretion of the program advisor.

² Students approved for participation in an approved dual bachelor's and master's degree program are eligible to enroll in specific 700-level courses.

Cross-listed Courses

Courses are cross-listed when the curriculum is interdisciplinary in nature and the course is offered through multiple departments. That is, two course listings identify the same courses. The listings will have identical numbers—only the course prefix varies.

Some certifications, licensures, and programs may require a specific number of credits from certain curricular disciplines. Therefore, students should review program constraints before enrolling for cross-listed courses.

Course Prefixes

ACCT	Accounting
AIS	American Indian Studies
ANTH	Anthropology
ART	Art
ARTH	Art History
ASRE	Assistive Systems and Robotics Engineering
BCOM	Business Communication
BIOL	Biology
BME	Biomedical Engineering
BSAD	Business Administration
CE	Computer Engineering

NF	New Freshman

Core General Education Requirements

CGER - MQR	Mathematics & Quantitative Reasoning (MQR)
CGER - CL	Communication & Literacy (CL)
CGER - NSW	Natural Sciences & Wellness (NSW)
CGER - NSW/L	Natural Sciences & Wellness with Lab (NSW/L)
CGER - SBS	Social & Behavioral Sciences (SBS)
CGER - HA	Humanities & Arts (HA)
CGER - CP	Civics & Perspectives (CP)

Liberal Education (historical) **Liberal Education was part of catalogs 2015-2025**

LE-DDIV	LE-DDIV Design for Diversity
LE-I1	LE-I1 Integration
LE-K1L	LE-K1L Natural Sciences with Lab
LE-K2	LE-K2 Social Sciences
LE-K2L	LE-K2L Social Sciences with Lab
LE-K3	LE-K3 Humanities
LE-K4	LE-K4 Fine Arts
LE-R1	LE-R1 Equity, Diversity, and Inclusivity
LE-R2	LE-R2 Global Perspectives
LE-R3	LE-R3 Civic and Environmental Issues
LE-S1	LE-S1 Written and Oral Communication
LE-S2	LE-S2 Mathematics
LE-S3	LE-S3 Creativity
LE-CEL	Community Engaged Learning

Grading Basis

"All Grades," which is defined as A-F Grades, Audit Allowed, and S/U Allowed, is the typical Grading Basis for the majority of courses in this catalog, and is not specified explicitly in catalog course descriptions. Exceptions to "All Grades" are specified explicitly in the catalog course descriptions as follows:

Grading Basis	Grading Basis Definition
A-F Grades Only	A-F Grades Only, Audit Not Allowed, Satisfactory/Unsatisfactory (S/U) Not Allowed
No Audit	Audit Not Allowed
No S/U Grade Option	Satisfactory/Unsatisfactory (S/U) Not Allowed
S/U Only Grade Basis	Satisfactory/Unsatisfactory (S/U) Grades Only

Select Universities of Wisconsin campuses collaborate to provide online-only courses to students under the UWX course prefix.

These courses are **only** available to UW-Eau Claire-Barron County students.

UWX AN100 Introduction to Anthropology (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

This course introduces you to basic principles and concepts of anthropology and its four subfields — Physical/Biological, Archaeology, Socio-Cultural and Linguistic. The goal of this course is to provide students a better understanding of the differences and similarities that exist among human societies and cultures of which they are a part.

Attributes: HC - Knowledge of Human Cultures

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX AR104 : Introduction to Graphic Design and Digital Art (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

Creating original designs, students will learn techniques applicable to a wide range of disciplines and practices, including but not limited to Graphic Design, Marketing, Advertising, and Video Game Design.

Attributes: CC - Critical and Creative Thinking; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX AR175 : Worlds of Art (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

Introduction visual arts for the non-art major. This Ethnic Studies (ES) course will focus on art created by marginalized groups in the U.S. and their ethnic heritage. Multicultural perspectives will be explored – specifically the impact race, ethnicity, and gender identity have on artistic production, art criticism, art philosophies and aesthetics.

Attributes: HC - Knowledge of Human Cultures; ES – fulfills Ethnic Studies/Diversity requirement; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX AS100 : Survey of Astronomy (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX AS100 and PHYS 115.*

• *UWX AS100 can be used as a prerequisite where PHYS 115 is required.*

This is a descriptive survey of astronomy for students with minimal background in mathematics and science. Topics include the solar system, stars, galaxies, and cosmology, as well as the methods by which astronomers learn about the Universe and disseminate their discoveries.

Attributes: NW - Knowledge of the Natural World

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX BL101 : Concepts of Biology (4 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

An introduction to the fundamental principles of living organisms. Topics include cell structure and function, growth, basic physiological processes of living organisms, reproduction and inheritance, classification systems, evolution, and diversity of life.

Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science requirement; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

UWX BL285 : Anatomy and Physiology I (4 crs)

Prerequisite: Limited to UWEC-Barron County Programs. UWX BL101 or UWX CH 140 and UWX CH 144 or consent of instructor

• *Credit cannot be earned in both UWX BL285 and BIOL 214.*

• *UWX BL285 can be used as a prerequisite where BIOL 214 is required.*

An examination of the structure and function of the human body at the molecular, cellular, tissue, organ, and system levels of organization. The integration of these levels of organization within the human organism is emphasized, focusing on body organization, support, movement, and neural control.

Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science requirement; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

UWX BL286 : Anatomy and Physiology II (4 crs)

Prerequisite: Limited to UWEC-Barron County Programs. UWX BL285

• *Credit cannot be earned in both UWX BL286 and BIOL 314.*

• *UWX BL286 can be used as a prerequisite where BIOL 314 is required.*

An examination of the structure and function of the human body at the molecular, cellular, tissue, organ, and system levels of organization. The integration of these levels of organization within the human organism is emphasized.

Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science requirement; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

UWX BU101 : Introduction to Business (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX BU101 and BSAD 100.*

• *UWX BU101 can be used as a prerequisite where BSAD 100 is required.*

Provides a broad overview of the environment, principles, and functions of business. Students will gain an understanding of business terminology and practices essential for success in industry. Students will learn about functional areas of business such as economics, management, marketing, technology, accounting and finance.

Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX CH114 : Chemistry in the Kitchen (4 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

Explores the chemistry of food at a beginning level, including structure of molecules, interactions between molecules, and how foods change in the cooking process. Labs use kitchen materials, and include measurement, phase change, denaturation, extraction, and energy studies.

Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

UWX CH140 : General Chemistry I Lab (1 cr)

Prerequisite: Limited to UWEC-Barron County Programs. CH144 or concurrent enrollment.

• *Credit cannot be earned in both UWX CH140 and CHEM 106 (<https://catalog.uwec.edu/search/?P=CHEM%20106>).*

• *UWX CH 140 can be used as a prerequisite where CHEM 106 (<https://catalog.uwec.edu/search/?P=CHEM%20106>) is required.*

An introduction to chemistry including matter and energy, atomic and molecular structure, bonding, reactions and stoichiometry, gas laws, and changes of state. This course is primarily designed for natural science, pre-health, and occupational and environmental safety majors needing two or more semesters of chemistry.

Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science requirement

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

UWX CH144 : General Chemistry I (4 crs)

Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA093 or equivalent.

• *Credit cannot be earned in both UWX CH144 and CHEM 105 (<https://catalog.uwec.edu/search/?P=CHEM%20105>).*

• *UWX CH144 can be used as a prerequisite where CHEM 105 (<https://catalog.uwec.edu/search/?P=CHEM%20105>) is required.*

An introduction to chemistry including matter and energy, atomic and molecular structure, bonding, reactions and stoichiometry, gas laws, and changes of state. This course is primarily designed for natural science, pre-health, and occupational and environmental safety majors needing two or more semesters of chemistry.

Attributes: NW - Knowledge of the Natural World

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

UWX CM101 : Introduction to Public Speaking (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX CM101 and CJ 202 (<https://catalog.uwec.edu/search/?P=CJ%20202>).*

• *UWX CM101 can be used as a prerequisite where CJ 202 (<https://catalog.uwec.edu/search/?P=CJ%20202>) is required.*

This course offers communication experiences intended to improve students' public speaking and listening skills across a broad spectrum of situations including intercultural communication, public communication, small group communication and interpersonal communication.

Attributes: EC - Effective Communication

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX CM114 : Interpersonal Communication (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX CM114 and CJ 201.*

• *UWX CM114 can be used as a prerequisite where CJ 201 is required.*

Examines how communication works in personal relationships (e.g., friends, romantic relationships, family). Emphasizes mastery and application of basic concepts through extensive discussion of interpersonal goals, needs, and wants in personal affairs to facilitate the development of knowledge, insights, and communicative skills in dyadic, face-to-face interaction.

Attributes: EC - Effective Communication; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX CM213 : Intercultural Communication (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX CM213 and CJ 301 (<https://catalog.uwec.edu/search/?P=CJ%20301>).*

• *UWX CM213 can be used as a prerequisite where CJ 301 (<https://catalog.uwec.edu/search/?P=CJ%20301>) is required.*

This course introduces students to the complex relationship between culture and communication. The role of communication and context (social, cultural, historical) in intercultural interactions is exemplified through multiple perspectives. In addition, issues surrounding theory development, such as ethical considerations and dialogues on opposing perspectives are examined.

Attributes: IK - Intercultural Knowledge and Competence; ES – fulfills Ethnic Studies/Diversity requirement; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX CS130 : Introduction to Programming (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. MA116 or equivalent.

In this course, you will learn many of the fundamentals of computer programming. These include (but are not limited to): The vocabulary of computer programming, Algorithms, Use of computer programming to solve problems, Fundamental control structures, and Function/Procedure-writing.

Attributes: CC - Critical and Creative Thinking

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX EC203 : Macroeconomics (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. MA093.

• *Credit cannot be earned in both UWX EC203 and ECON 104 (<https://catalog.uwec.edu/search/?P=ECON%20104>).*

• *UWX EC203 can be used as a prerequisite where ECON 104 (<https://catalog.uwec.edu/search/?P=ECON%20104>) is required.*

The emphasis of the course is on macroeconomics analysis and covers areas such as national income, commercial banking, business fluctuations, monetary and fiscal policies and International Trade.

Attributes: CC - Critical and Creative Thinking; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX EC204 : Microeconomics (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. UWX MA093; UWX EN101

• *Credit cannot be earned in both UWX EC204 and ECON 103.*

• *UWX EC204 can be used as a prerequisite where ECON 103 is required.*

Microeconomics is that branch of economics which focuses on specific problems pertaining to individual, household, firm and business behavior. Emphasis is also placed on different market morphologies. Other aspects of the course include the application of microeconomic techniques to issues related to economic regulation, income distribution, international trade and pollution.

Attributes: CC - Critical and Creative Thinking; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX ED230 : Educational Psychology (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. Grade of C- or above in UWX PS101 or consent of instructor.

• *Credit cannot be earned in both UWX ED230 and PSYC 260.*

• *UWX ED230 can be used as a prerequisite where PSYC 260 is required.*

The study of child and adolescent development through the psychological principles of teaching and learning with an emphasis on understanding the social, emotional, physical, and intellectual development of children and adolescents.

Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX EN098 : Introduction to College Writing (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX EN098 and WRIT 99 (<https://catalog.uwec.edu/search/?P=WRIT%2099>).*

• *UWX EN098 can be used as a prerequisite where WRIT 99 (<https://catalog.uwec.edu/search/?P=WRIT%2099>) is required.*

A composition course focusing on the conventions of academic writing, the composing process, critical thinking, and critical reading. Emphasis will be on reading and writing activities designed to prepare students for successful transition to college-level writing.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX EN101 : College Writing and Critical Reading (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in EN098 or placement into EN101.

A composition course focusing on academic writing, the writing process, and critical reading. Emphasis will be on essays that incorporate readings.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX EN102 : Critical Writing and Research (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in EN101 or placement into EN102.

• *Credit cannot be earned in both UWX EN102 and WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>).*

• *UWX EN102 can be used as a prerequisite where WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>) is required.*

A composition course focusing on researched academic writing that presents information, ideas, and arguments. Emphasis will be on the writing process, critical thinking, and critical reading.

Attributes: EC - Effective Communication

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX EN203 : Creative Writing (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. EN101 or placement into EN102.

• *Credit cannot be earned in both UWX EN203 and ENGL 220 (<https://catalog.uwec.edu/search/?P=ENGL%20220>).*

• *UWX EN203 can be used as a prerequisite where ENGL 220 (<https://catalog.uwec.edu/search/?P=ENGL%20220>) is required.*

In this workshop-based course, students will read creative writing and produce their own original works. Students will share drafts of their work in process with peers, revise their work based on feedback, and write reflectively and analytically about their own processes and products.

Attributes: CC - Critical and Creative Thinking

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX EN210 : Business Communication (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

This course teaches students to effectively communicate in a variety of business settings. Students write messages, reports, proposals, and other professional documents. Students also plan and present an oral report.

Attributes: EC - Effective Communication; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX EN250 : Introduction to Literature (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. EN101 or placement into EN102.

• *Credit cannot be earned in both UWX EN250 and ENGL 150 (<https://catalog.uwec.edu/search/?P=ENGL%20150>).*

• *UWX EN250 can be used as a prerequisite where ENGL 150 (<https://catalog.uwec.edu/search/?P=ENGL%20150>) is required.*

An introduction to the discipline of literary studies through its fundamental approaches to reading, interpreting, and writing about a variety of texts, ranging from the classic to the contemporary with the goal of understanding, appreciating, and enjoying literature.

Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX EN278 : Multicultural Literature in the United States (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. EN101 or placement into EN102.

A study of literature written by, and expressing the perspectives of, writers from minority groups in the United States. The course includes readings by contemporary writers focusing on the experiences of African, Asian, Hispanic, and Native Americans through their essays, poetry, fiction, and drama. As an interdisciplinary course, the literature is read in the context of American history and culture.

Attributes: IK - Intercultural Knowledge and Competence; ES – fulfills Ethnic Studies/Diversity requirement; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX ES105 : Introduction to Environmental Studies (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

This course presents an overview of the interrelationships between humans and the environment. The material presented in the first part of the course focuses on important ecological concepts. The remainder of the course deals with human influence on the environment. The ecological concepts are used throughout to identify, understand, and provide a basis for proposing possible solutions to contemporary environmental problems. Overall, this course will provide the student with a better understanding of how humans can more positively affect the environment in which they live.

Attributes: ER - Individual, Social and Environmental Responsibility

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX FN210 : Personal Finance (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX FN210 and FIN 135 (<https://catalog.uwec.edu/search/?P=FIN%20135>).*

• *UWX FN210 can be used as a prerequisite where FIN 135 (<https://catalog.uwec.edu/search/?P=FIN%20135>) is required.*

Topics covered include reflection on personal priorities and values, identifying the social and environmental impacts of our consumer culture, consumerism, identifying important life and financial goals, principles of personal money management and financial planning, use of credit, budgets, insurance, buying a home, creating an estate, and providing for retirement.

Attributes: ER - Individual, Social and Environmental Responsibility; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX GE100 : Physical Geography and the Environment (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

Focus on concepts and processes that explain physical systems on Earth and the relationship between people and their natural environment. Themes in Physical Geography include Earth/Sun relationships, weather dynamics, the biosphere (ecology, biomes, conservation), and the lithosphere (mountain building, rocks, rivers, glaciers).

Attributes: NW - Knowledge of the Natural World; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX GE170 : Disasters--Living on the Edge (4 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

Study of various environmental hazards, their causes, impacts on humans, and mitigations. Core topics are natural hazards (earthquakes, flooding, tornadoes, hurricanes), and anthropogenic hazards (climate change, nuclear hazards, overpopulation). Additional topics may be covered: coastal hazards, pollution, other atmospheric hazards, impacts from space, extinctions, biohazards, chemical hazards, and terrorism.

Attributes: NW - Knowledge of the Natural World; LS – fulfills Lab Science requirement; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

UWX GS101 : Introduction to Gender, Sexuality, and Women's Studies (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX GS101 and WGSS 100* (<https://catalog.uwec.edu/search/?P=WGSS%20100>).

• *UWX GS101 can be used as a prerequisite where WGSS 100* (<https://catalog.uwec.edu/search/?P=WGSS%20100>) is required.

This course focuses on both historical and current ways in which women's lives are shaped by structures of power, and on analyzing how gender works in society and in our everyday lives. Topics include feminist theory, intersectional identity, the social construction of gender, and reproductive justice.

Attributes: ER - Individual, Social and Environmental Responsibility; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX GS231 : Sex, Power and Public Policy (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

This is a course on public policy, with a special focus on policy that addresses issues of sex and gender, including voting and political rights, social and economic equality, reproduction and healthcare, marriage and family, and sex and sexuality. We also examine general areas of public policy (such as education, work, and the economy) with an eye to the specific implications these policies have on sex and gender.

Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX HE106 : Lifetime Wellness and Self Growth (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX HE106 and KINS 186.*

• *UWX HE106 can be used as a prerequisite where KINS 186 is required.*

A contemporary examination of the effects of lifestyle, wellness, and health promotion on the individual. Instruction in procedures for self-evaluation as well as individualization of exercise prescription for the development of health fitness. A practical, application focused approach will be addressed in this course.

Attributes: ER - Individual, Social and Environmental Responsibility; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX HE209 : Nutrition and Weight Management (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX HE209 and BIOL 196* (<https://catalog.uwec.edu/search/?P=BIOL%20196>).

• *UWX HE209 can be used as a prerequisite where BIOL 196* (<https://catalog.uwec.edu/search/?P=BIOL%20196>) is required.

Through the lens of the natural sciences, this course will examine the basic principles of nutrition, digestion, and metabolism. Students will interpret and analyze the effects of these principles on one's diet, weight, fitness level, and overall health. Students will reflect upon the conclusions drawn from the data, with the goal of integrating healthy behaviors into their personal lifestyle.

Attributes: NW - Knowledge of the Natural World; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX HS102 : US History Since 1877 (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX HS102 and HIST 115* (<https://catalog.uwec.edu/search/?P=HIST%20115>).

• *UWX HS102 can be used as a prerequisite where HIST 115* (<https://catalog.uwec.edu/search/?P=HIST%20115>) is required.

A survey of American political, economic, social, and intellectual history from the era of the Civil War to the present. This Ethnic Studies (ES) course thoroughly integrates the historical experiences and contributions of racial and ethnic minorities within US society, fostering an understanding and appreciation at least two groups.

Attributes: HC - Knowledge of Human Cultures; ES – fulfills Ethnic Studies/Diversity requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX HS127 : The World in the 20th Century (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

The goal of this course is to develop an understanding of human history since 1900. In this endeavor, students will engage questions of what constitutes historical knowledge, how historical analysis and narratives are constructed, and to what purpose.

Attributes: IK - Intercultural Knowledge and Competence

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX LB103 : Diversity in the US (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

This interdisciplinary course exposes students to the breadth of diverse bodies, minds, and backgrounds that exist in the US. Students gain understanding about how they exist within, and contribute to, our country's diversity and will be better prepared to think and react critically to contemporary issues surrounding diversity.

Attributes: IK - Intercultural Knowledge and Competence; ES – fulfills Ethnic Studies/Diversity requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX MA091 : Elementary Algebra (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX MA091 and MATH 10* (<https://catalog.uwec.edu/search/?P=MATH%2010>).

• *UWX MA091 can be used as a prerequisite where MATH 10* (<https://catalog.uwec.edu/search/?P=MATH%2010>) is required.

Intended for students with little or no previous algebra experience. Topics include the real number system, operations with real numbers and algebraic expressions, linear equations and inequalities, polynomials, factoring, graphing linear equations, and an introduction to quadratic equations.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX MA093 : Intermediate Algebra (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA091 or placement into MA093.

• *Credit cannot be earned in both UWX MA093 and MATH 20* (<https://catalog.uwec.edu/search/?P=MATH%2020>).

• *UWX MA093 can be used as a prerequisite where MATH 20* (<https://catalog.uwec.edu/search/?P=MATH%2020>) is required.

Emphasizes algebraic techniques with polynomials, fractional expressions, exponents and radicals, linear and quadratic equations and inequalities. Introduction to functions, their graphs, and analytic geometry.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX MA108 : Quantitative Reasoning (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA091 or placement into MA108.

Intended to develop analytic reasoning and the ability to solve quantitative problems. Topics include construction and interpretation of graphs, functional relationships, descriptive statistics, math of finance, and exponential growth. Appropriate use of units and dimensions, mathematical notation and available technology emphasized throughout the course.

Attributes: NW - Knowledge of the Natural World; QL – fulfills Quantitative Literacy requirement

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX MA113 : Trigonometry (2 crs)

Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA116 or placement into MA113.

• *Credit cannot be earned in both UWX MA113 and MATH 113 (<https://catalog.uwec.edu/search/?P=MATH%20113>).*

• *UWX MA113 can be used as a prerequisite where MATH 113 (<https://catalog.uwec.edu/search/?P=MATH%20113>) is required.*

Trigonometric functions, their basic properties and graphs, identities, inverse trigonometric functions, solving trigonometric equations, solutions of triangles.

Attributes: NW - Knowledge of the Natural World
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

UWX MA116 : College Algebra (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA093 or placement into MA116.

• *Credit cannot be earned in both UWX MA116 and MATH 109 (<https://catalog.uwec.edu/search/?P=MATH%20109>).*

• *UWX MA116 can be used as a prerequisite where MATH 109 (<https://catalog.uwec.edu/search/?P=MATH%20109>) is required.*

The study of the properties of elementary functions, such as polynomial, absolute value, piecewise, radical, rational, exponential, and logarithmic functions. Topics include equations, inequalities, functions, and their graphs. Students will formulate, analyze, solve, and interpret mathematical and real-world problems. This course is intended to provide algebra skills required for calculus.

Attributes: NW - Knowledge of the Natural World; QL – fulfills Quantitative Literacy requirement; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX MA117 : Elementary Statistics (4 crs)

Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA093 or MA108, or placement into MA116.

• *Credit cannot be earned in both UWX MA117 and MATH 246 (<https://catalog.uwec.edu/search/?P=MATH%20246>).*

• *UWX MA117 can be used as a prerequisite where MATH 246 (<https://catalog.uwec.edu/search/?P=MATH%20246>) is required.*

An introduction to statistics including the collection and analysis of data, descriptive statistics, both graphical and numerical, elementary probability, general and sampling distributions, and the fundamentals of statistical inference, including confidence intervals and hypothesis testing, simple regression, correlation, Chi-square goodness of fit and one-way ANOVA. Attributes: NW - Knowledge of the Natural World; QL – fulfills Quantitative Literacy requirement

Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

UWX MA221 : Calculus I (5 crs)

Prerequisite: Limited to UWEC-Barron County Programs. Grade of C or above in MA116 and MA113, or placement into MA221.

• *Credit cannot be earned in both UWX MA221 and MATH 114 (<https://catalog.uwec.edu/search/?P=MATH%20114>).*

• *UWX MA221 can be used as a prerequisite where MATH 114 (<https://catalog.uwec.edu/search/?P=MATH%20114>) is required.*

Based on the study of real valued functions of a single variable. Course topics include limits and continuity, derivatives, antiderivatives, definite integrals and Riemann sums. Applications of differentiation and integration also covered. Attributes: NW - Knowledge of the Natural World; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 5
Lab/Studio Hours: 0

UWX MU278 : Rock and Roll Roots (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX MU278 and MUSI 112 (<https://catalog.uwec.edu/search/?P=MUSI%20112>).*

• *UWX MU278 can be used as a prerequisite where MUSI 112 (<https://catalog.uwec.edu/search/?P=MUSI%20112>) is required.*

Rock and Roll evolved from blues, jazz, gospel, and several folk musical genres. This course reveals the connections between, and fusion of, these diverse musical styles and how they influenced the nearly 70 years of Rock and Roll history.

Attributes: IK - Intercultural Knowledge and Competence; ES – fulfills Ethnic Studies/Diversity requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX PH121 : Critical Thinking (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

Critical thinking is the process of identifying, analyzing, evaluating, and constructing reasoning in deciding what conclusions to draw or actions to take. This course will help you to master an approach to critical thinking that will allow you understand how others think and enable you to think more clearly.

Attributes: CC - Critical and Creative Thinking; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX PH237 : Technology, Values, and Society (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

A philosophical investigation of technology and its relation to society and the individual. An examination of ethical issues in technology, which may include freedom, censorship, privacy, equality, democratic participation, intellectual property, education, law enforcement, institutional change, and work.

Attributes: ER - Individual, Social and Environmental Responsibility; DEPTH – combined with another course fulfills depth requirement
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

UWX PL104 : Introduction to American Government and Politics (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX PL104 and POLS 110 (<https://catalog.uwec.edu/search/?P=POLS%20110>).*

• *UWX PL104 can be used as a prerequisite where POLS 110 (<https://catalog.uwec.edu/search/?P=POLS%20110>) is required.*

Examines how the American political system works, with emphasis on the U.S. Constitution, civil and political rights, the party system, elections, and the structure, powers, and processes of Congress, the presidency, and the courts.

Attributes: HC - Knowledge of Human Cultures

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX PS101 : General Psychology (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX PS101 and PSYC 100 (<https://catalog.uwec.edu/search/?P=PSYC%20100>).*

• *UWX PS101 can be used as a prerequisite where PSYC 100 (<https://catalog.uwec.edu/search/?P=PSYC%20100>) is required.*

This introductory behavioral science course emphasizes the history of the field of psychology, research methods, the biological basis of behavior, human cognition, human development, social behavior, and mental health.

Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX PS250 : Lifespan Psychology (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. Grade of C- or above in PS101.

• *Credit cannot be earned in both UWX PS250 and PSYC 230 (<https://catalog.uwec.edu/search/?P=PSYC%20230>).*

• *UWX PS250 can be used as a prerequisite where PSYC 230 (<https://catalog.uwec.edu/search/?P=PSYC%20230>) is required.*

This course presents a survey of human development theories and research. Topics include the biological, cognitive, emotional, and social development of the individual from the prenatal period through old age.

Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX RE101 : Introduction to Religion (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX RE101 and RELS 110 (<https://catalog.uwec.edu/search/?P=RELS%20110>).*

• *UWX RE101 can be used as a prerequisite where RELS 110 (<https://catalog.uwec.edu/search/?P=RELS%20110>) is required.*

This course introduces a number of the world's major religious traditions (Hinduism, Buddhism, Confucianism, Christianity, Judaism, and Islam) as well as several ways of studying these religions (anthropology, psychology, sociology, phenomenology, and economic approaches).

Attributes: HC - Knowledge of Human Cultures

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX SC101 : Introduction to Sociology (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX SC101 and SOC 101 (<https://catalog.uwec.edu/search/?P=SOC%20101>).*

• *UWX SC101 can be used as a prerequisite where SOC 101 (<https://catalog.uwec.edu/search/?P=SOC%20101>) is required.*

Examines social relationships in a systematic way. Studies people's interactions with each other on a personal level, within and across social organizations, and across larger social systems.

Attributes: HC - Knowledge of Human Cultures; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX SC222 : Race and Ethnicity (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX SC222 and SOC 312.*

• *UWX SC222 can be used as a prerequisite where SOC 312 is required.*

Race and ethnicity are axes of stratification, identity, and experience. They are often taken for granted or go unrecognized by some. In this course, we will address the multiple and intersecting ways these concepts shape society, individual life-chances, and daily social interactions.

Attributes: HC - Knowledge of Human Cultures; ES – fulfills Ethnic Studies/Diversity requirement; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX SC231 : Crime and Criminal Justice (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX SC231 and CRMJ 103 (<https://catalog.uwec.edu/search/?P=CRMJ%20103>).*

• *UWX SC231 can be used as a prerequisite where CRMJ 103 (<https://catalog.uwec.edu/search/?P=CRMJ%20103>) is required.*

Examines the American systems of Criminal Law and Justice in socio-historical context. Presents the three branches of the Criminal Justice system (Law Enforcement, Courts, Corrections) and critiques them against the backdrop of five cultural philosophies of criminal justice. Explores how crime is defined and measured, and how social sciences theorize causes of crime and crime patterns.

Attributes: ER - Individual, Social and Environmental Responsibility; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX SP101 : First Semester Spanish (4 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX SP101 and SPAN 101 (<https://catalog.uwec.edu/search/?P=SPAN%20101>).*

• *UWX SP101 can be used as a prerequisite where SPAN 101 (<https://catalog.uwec.edu/search/?P=SPAN%20101>) is required.*

This course is designed for students who have had little or no previous training in the language. The fundamentals of pronunciation and grammar are presented through reading, writing, speaking, and listening activities created to introduce students to both the Spanish language and the cultures of Spanish-speakers in the US and abroad.

Attributes: IK - Intercultural Knowledge and Competence; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

UWX SP102 : Second Semester Spanish (4 crs)

Prerequisite: Limited to UWEC-Barron County Programs. UWX SP101

• *Credit cannot be earned in both UWX SP102 and SPAN 102.*

• *UWX SP102 can be used as a prerequisite where SPAN 102 is required.*

Spanish 102 is a second-semester course designed to develop your initial proficiency in the Spanish language. You will gain knowledge of the language and communicate through both oral and written expression on a variety of topics and in meaningful contexts. You also will learn more about Hispanic cultures through readings, presentations and activities.

Attributes: IK - Intercultural Knowledge and Competence; DEPTH – combined with another course fulfills depth requirement

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

UWX SP236 : Cultures and Civilizations of the Spanish Speaking Americas (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs. UWX SP101

This introductory-level survey course offers an overview of major historical and cultural developments of the Spanish-speaking Americas from the time of European contact (1492) through the colonial period, national struggles for independence, and popular revolutions until the 21st century. The second half of the semester emphasizes the exploration of modern Latin America by region, with particular focus on how artistic, spiritual and other forms of cultural expression in each region can be understood as the result of a confluence of five centuries of indigenous, African diasporic, and Iberian/European influence.

Attributes: HC - Knowledge of Human Cultures

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX SS310 : Media Literacy (3 crs)

Prerequisite: Limited to UWEC-Barron County Programs.

Designed to help students develop an informed, critical and practical understanding of the media. Examines examples of media messages including entertainment, commercial and social media to critically evaluate the sources and target audiences.

Attributes: CC - Critical and Creative Thinking

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

UWX SW150 : Social Advocacy and the Social Work Experience (3 crs)

Prerequisites: Limited to UWEC-Barron County Programs.

• *Credit cannot be earned in both UWX SW150 and SW 100.*

• *UWX SW150 can be used as a prerequisite where SW 100 is required.*

Social work as a profession, and social welfare as a social institution, have been influenced by, and influence the developing American society. This course presents an overview of the problems and issues addressed within social services environments and how to advocate for social change. Students will develop an understanding of the historical progression of this social welfare policies and programs and the evolution and contribution of the social work profession within this context. We explore three critical areas: Ethical citizenship and frameworks that guide social welfare states, the role ethical frameworks play in guiding practice, and the social problems and human groups that are the focus of generalist social work practice.

Attributes: ER - Individual, Social and Environmental Responsibility

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

Accounting (ACCT)

ACCT 201 Introduction to Accounting (3 crs)

Prerequisite: Math 104 or Math 109 or higher

• *Not recommended for freshmen. This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

An introduction to accounting applied to business organizations. Emphasis is on the uses of accounting information in decision-making by internal and external users.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 202 Principles of Accounting (3 crs)

Prerequisite: ACCT 201, MATH 104 or MATH 109 or higher

• *May not be taken concurrently with ACCT 201.*

Accounting 202 is a continuation of Accounting 201. Additional principles and practices of accountancy are introduced. Emphasis will continue to be placed on the uses of accounting information in decision-making by internal and external users.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 214 Managerial Accounting (3 crs)

Prerequisite: ACCT 201 or ACCT 202, MATH 104 or MATH 109 or higher, IS 240.

Not open to accounting majors. No credit after ACCT 314.

• *No credit toward accounting majors. This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Analysis and interpretation of accounting data approached from the managerial viewpoint, with emphasis on planning and control, and decision-making.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 296 Topics in Accounting (1-3 crs)

Prerequisite: Limited to accounting majors and minors.

Covers a variety of topics to be determined by faculty interest and student demand.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

ACCT 301 Intermediate Accounting I (3 crs)

Prerequisite: ACCT 202. Limited to accounting majors and minors, and finance majors.

Development and implementation of the conceptual and practical aspects of valuation and income determination, time value of money, accounting changes, inventory valuation, and current and noncurrent assets. Special emphasis on GAAP as it relates to topics being covered.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 302 Intermediate Accounting II (3 crs)

Prerequisite: ACCT 301

Development and implementation of the conceptual and practical aspects of valuation and income determination, with emphasis on intangible assets, retained earnings and contributed capital, diluted earnings per share, pensions, leases, deferred taxes, current and long-term liabilities, statement of cash flows, financial statement analysis, interim and segment reporting. Special emphasis on GAAP as it relates to topics being covered.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 313 Auditing (3 crs)

Prerequisite: ACCT 302, BCOM 206 or BCOM 207. Open only to accounting majors and minors. Minimum junior standing.

- *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Basic coverage of all steps in creating audit programs according to the audit risk model, and current issues in auditing. Specific coverage includes company risk evaluation, internal control, company analysis, and audit reporting.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 314 Cost Accounting (3 crs)

Prerequisite: ACCT 202, IS 240. Credit may only be earned in either ACCT 214 or ACCT 314. Limited to accounting or finance majors/minors. Minimum junior standing.

- *This class requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Principles of cost accounting, emphasizing analysis of materials, labor, and factory overhead; application of standard costing to job order and process cost systems; analysis of cost behavior in the manufacturing firm with exposure to cost-profit-volume relationships, break-even analysis, and direct costing.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 321 Individual Federal Income Taxation (3 crs)

Prerequisite: ACCT 202. Limited to accounting majors and minors, and finance majors. Minimum junior standing.

- *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Federal taxation on individuals including gross income, exclusions, deductions, exemptions, capital gains and property transactions. Tax return problems and tax research are included in this course.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 396 Topics in Accounting (1-3 crs)

Prerequisite: BCOM 206 or BCOM 207. Limited to accounting majors and minors.

Covers a variety of topics to be determined by faculty interest and student demand.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

ACCT 401 Advanced Financial Accounting (3 crs)

Prerequisite: ACCT 302/ACCT 502, BCOM 206 or BCOM 207. Minimum senior standing

Accounting for multiunit business enterprises; consolidated balance sheets, income statements, and statement of cash flows; Security and Exchange Commission reporting; foreign currency transactions and translation; international operations; and liquidation of partnerships.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 403 Financial Accounting Integration (3 crs)

Prerequisite: ACCT 302

This course covers a variety of complex topics in financial accounting and reporting and is designed for students who expect entering to accounting practices and/or preparing for a CPA exam.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 417 Governmental and Nonprofit Organization Accounting (3 crs)

Prerequisite: ACCT 302, BCOM 206 or BCOM 207. Minimum senior standing.

- *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

An introduction to accounting principles for governmental, quasi-governmental, and nonprofit organizations. Includes budgetary and financial reporting requirements as well as the compliance requirements related to these entities. The course also introduces government and nonprofit audit requirements, and preparation of the nonprofit tax return.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 420 Fraud Investigation and Prevention (3 crs)

Prerequisite: ACCT 302, ACCT 313, BCOM 206 or BCOM 207. Minimum senior standing.

- *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Coverage of fraud methods, fraud investigation, and fraud prevention through internal controls. Emphasis on financial and asset misappropriation frauds.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 423 Corporate, Partnership, and Other Entity Tax (3 crs)

Prerequisite: BCOM 206 or BCOM 207, ACCT 321. Minimum senior standing

- *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Federal income taxation of entities including C corporations, partnership, and other business forms of taxation. Emphasis is on the Internal Revenue Code as it relates to business entities.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 425 Ethics in Accounting (3 crs)

Prerequisite: ACCT 313, BCOM 206 or BCOM 207. Minimum senior standing.

An introduction to ethics and professional responsibility in accounting. Coverage includes models of ethical reasoning, ethical dilemmas in accounting, and creating solutions to those ethical dilemmas.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 434 Advanced Cost Accounting (3 crs)

Prerequisite: ACCT 314

A continuation of Accounting 314, with special emphasis on managerial profit analysis, planning, and control; direct costs, distributed costs by-product and joint product costs; differential and comparative costs, and variances.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 460 Accounting Information Systems and Technology (3 crs)

Prerequisite: ACCT 302. Completion of these BUSCORE requirements:

BCOM 206 or BCOM 207, BLAW 305, FIN 320, MGMT 340, MKTG 330, and OSCM 341. Accounting Majors and Minors only. Minimum Senior standing.

- *This class requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Analysis and design of accounting information systems, including internal controls, data storage, management and analysis, spreadsheet applications, and reporting.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 470 Data Analytics for Accounting (3 crs)

Prerequisite: ACCT 313

- *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

This course addresses the impact of Data Analytics on accounting. This course is lab oriented and will cover lab practices to solve business and accounting problems using Excel, Tableau, and Microsoft SQL.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ACCT 495 Accounting Internship (1-12 crs)

Prerequisite: Limited to accounting majors. Completion of Student Professional Development Program (SPDP).

Consent: Department Consent Required

- *A maximum of twelve credits is allowed. A maximum of 3 credits can count towards the Accounting major and graduation requirements.*

Internship experience in business situations relevant to the accounting major under supervision of a faculty member.

Attributes: LE-11 Integration, Internship, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 12 credits

Grading Basis: A-F Grades Only

ACCT 496 Topics in Accounting (1-3 crs)

Prerequisite: Limited to accounting majors and minors.

Covers a variety of topics to be determined by faculty interest and student demand.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

ACCT 499 Independent Study (1-3 crs)

Prerequisite: ACCT 302 Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

American Indian Studies (AIS)

AIS 101 Foundations in American Indian and Indigenous Studies (3 crs)

A diversity of disciplinary perspectives grounding the experiences of American Indian nations, peoples, and communities through American Indian perspectives, including principles rooted in concepts of sovereignty and indigeness. Global connections expand on the shared commonalities with other indigenous peoples of the world.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 102 Introduction to American Indian Expressive Cultures (3 crs)

Introduction to a broad range of American Indian expressive cultures, from traditional to contemporary forms, in art, literature, oral traditions, music, and film.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 111 Studies in American Indian Languages I (4 crs)

Introduction to American Indian language families and concentrated study of one specific language within its cultural context, with emphasis on speaking and listening skills. (For specific languages, see current Class Schedule.)

Lecture/Discussion Hours: 3

Lab/Studio Hours: 1

AIS 112 Studies in American Indian Languages II (4 crs)

Prerequisite: AIS 111

Continuation of American Indian Languages I, with additional attention paid to dialect diversity, and competing writing systems. (For specific languages, see current Class Schedule.)

Lecture/Discussion Hours: 3

Lab/Studio Hours: 1

AIS 121 Beginning Ojibwe I (4 crs)

• *Credit may not be earned in both FLG 121 and AIS 121 or LANG 121 and AIS 121. No credit if credit has been earned in AIS 111 when offered as Ojibwe I.*

A foundation in spoken and written Ojibwe language, listening and reading comprehension, grammatical usage, and the cultural backgrounds and experiences of Ojibwe people.

Attributes: CL Communication Literacy, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

AIS 122 Beginning Ojibwe II (4 crs)

Prerequisite: LANG 121/AIS 121

• *Credit may not be earned in both FLG 122 and AIS 122 or LANG 122 and AIS 122. No credit if credit has been earned in AIS 112 when offered as Ojibwe II.*

Continuation of Beginning Ojibwe I. Further developing elementary speaking, writing, and reading Ojibwe language skills.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

AIS 142 Introduction to American Indian Literatures (3 crs)

Prerequisite: Not available for juniors or seniors.

• *Credit may not be earned in both ENGL 142 and AIS 142 or if taken after ENGL 346 or AIS 346.*

A study of the literatures by and about American Indians, with special attention to the cultural background.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 160 Ojibwe Culture and History (3 crs)

Introduction to the culture of the Ojibwe people. Students will learn about Ojibwe history, philosophy, culture, and contemporary communities.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 161 Introduction to Cultural Anthropology (3 crs)

• *Credit may not be earned in both ANTH 161 and AIS 161.*

Culture as the human means of environmental adaptation. Explores cross-cultural regularities and the range of variation in human behavior. Comparison of widely different economic, social, political, and religious systems.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 221 Intermediate Ojibwe I (4 crs)

Prerequisite: FLG 122/AIS 122 or LANG 122/AIS 122.

• *Credit may not be earned in both LANG 221 and AIS 221.*

Continuation of Beginning Ojibwe II. Build on speaking, listening, and reading skills. Learn techniques for using Ojibwe in everyday life.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

AIS 222 Intermediate Ojibwe II (4 crs)

Prerequisite: LANG 221/AIS 221

• *Credit may not be earned in both LANG 222 and AIS 222.*

Continuation of Intermediate Ojibwe I. Focuses on developing skills necessary to aid language revitalization efforts.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

AIS 240 American Indian History (3 crs)

• *Credit may not be earned in both HIST 240 and AIS 240.*

An introduction to the history of the native peoples of the United States with major emphasis upon European contact, the mutual interaction of European and American Indian cultures, and the resulting adaptations and conflicts.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 242 The American Indian in Literature and Film (3 crs)

• *Credit may not be earned in both ENGL 242 and AIS 242.*

A critical, cultural examination of the origins and evolution of film images of American Indians; analysis based on study and application of film techniques as well as literary and historical textual analysis.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

AIS 243 Introduction to Contemporary American Indian Communities (3 crs)

Prerequisite: No credit if taken after AIS 343.

Prepares students for intercultural immersion experiences through an introduction to American Indian cultural practices and key federal policies that have shaped contemporary societies.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 244 American Indian Literature of Healing (3 crs)

Introduction to Indigenous philosophies around illness and narratives of healing as we read and discuss a variety of American Indian literary forms: fiction, non-fiction, poetry, and traditional Indigenous narratives. We will pay special attention to historical and cultural contexts that both predicate illness and indicate pathways to healing and balance within the self and the community.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 250 American Indian Politics (3 crs)

• *Credit may not be earned in both POLS 250 and AIS 250.*

The course will examine the recent trends in American Indian politics beginning with the American Indian Movement through the present. The course will include topics on tribal sovereignty, legalized gambling, and tribal government.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 257 Tribal Nation Governments (3 crs)

Introduces students to Tribal governments as they exist today, including governmental structure, common business practices, citizenship, jurisdiction and interaction with other governments. Addresses the impacts of government policies and legal decisions on Tribal governments.

Attributes: HA Humanities Arts, LE-K3 Humanities

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 260 Chippewa Reserved Treaty Rights (3 crs)

This course is an in-depth study of the Chippewa treaties and addresses usufructuary rights and how treaties extend to issues such as pipelines and mining.

Attributes: LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 291 Special Topics (1-4 crs)

Topics will be determined by specific themes related to American Indian Studies by instructor and program director, and based upon student interest and need.

Repeat: Course may be repeated for a maximum of 9 credits

AIS 322 Native Geographies (3 crs)

• *Credit may not be earned in both GEOG 322 and AIS 322.*

The historical and contemporary relationships of American Indians to place, including land use and environmental issues, Indigenous mapping techniques, sacred sites, territorial nationhood, and legal rights to ceded and sovereign lands. The course also provides insight into the unique cultures of Indigenous peoples around the world.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-I1 Integration, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering, Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 324 Survey of North American Indian Art (3 crs)

Prerequisite: One AIS or ARTH or ART course or consent of instructor. Minimum sophomore standing.

• *Credit may not be earned in both ARTH 324 and AIS 324.*

A survey of North American Indian artwork in contemporary and historical contexts.

Attributes: Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 330 Indigenous Religions of the Americas (3 crs)

Prerequisite: One course in RELS, PHIL, AIS, LAS, or consent of instructor.

• *Credit may not be earned in both RELS 330 and AIS 330.*

This course will introduce indigenous religions in the cultural contexts of Latin America and North American Indian nations. It will study historical religious development from Pre-Columbian, through colonial experience, to present day cultural movements.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 335 Ancient Art and Architecture of Mexico and Central America (3 crs)

Prerequisite: One ART, ARTH, AIS, or LAS course, or consent of instructor.

• *Credit may not be earned in both ARTH 335 and AIS 335.*

A study of the art and architecture of ancient Mexico and Central America between 2000 BCE - 1600 CE. Focus is on the materials, techniques, styles, and iconography of the art and architecture in relation to the contexts of production, use, and reception.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 337 Art of Tawantinsuyo (3 crs)

• *Credit may not be earned in both ARTH 337 and AIS 337.*

A study of art created during the Inka Empire and the early Spanish Empire in western South America.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 343 Contemporary American Indian Communities (3 crs)

Preparation for future study in AIS and/or work in American Indian communities by providing skills to work with communities toward mutually beneficial goals. Learn challenges facing American Indian communities and successful initiatives combatting those challenges. Travel required.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity, LE-R3 Civic and Environmental Issues, Undergraduate/Graduate Offering, Field Trip(s) Required, Special Course Fee Required

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 3

AIS 344 Traditional Ojibwe Stories (3 crs)

Students study Ojibwe stories, including the various ways those stories have been appropriated by outsiders, and learn ways to support Indigenous cultural revitalization.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 345 American Indian Autobiography (3 crs)

Prerequisite: Three credits from the following: AIS 101, AIS 102, AIS 111, AIS 112, AIS 480, AIS 240 or HIST 240, AIS 250 or POLS 250, AIS 324 or ARTH 324, AIS 325 or ANTH 325, AIS 368 or HIST 368, AIS 369 or HIST 369 or consent of instructor

• *Credit may not be earned in both ENGL 345 and AIS 345.*

Explores evolving forms and political implications of the creation and production of American Indian autobiographies and collaborative personal narratives.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 346 Major Works in American Indian Literature (3 crs)

Prerequisite: Three credits from the following: AIS 101, AIS 102, AIS 111, AIS 112, AIS 480, AIS 240/HIST 240, AIS 250/POLS 250, AIS 324/ARTH 324, AIS 325/ANTH 325, AIS 368/HIST 368, AIS 369/HIST 369 or consent of instructor

• *Credit may not be earned in both ENGL 346 and AIS 346.*

Major and supporting works of American Indian literature, from oral and written sources.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 368 Studies in American Indian History (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

• *Course may be repeated when topic differs for a maximum of nine credits.*

Consult Class Schedule or department office for current offering.

Selected topics depending on student and staff interests. Possible topics include the history of Wisconsin Indians and American Indians in the twentieth century.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 369 Wisconsin American Indian History (3 crs)

Prerequisite: Junior standing or consent of instructor.

• *Credit may not be earned in both AIS 369 and HIST 369.*

Study of American Indian communities in Wisconsin with emphasis on the mix of continuity and change in response to outside forces.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 395 Directed Studies (1-3 crs)

Prerequisite: Limited to American Indian Studies majors and minors.

Consent: Department Consent Required

Study of problem or topic related to American Indian Studies.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

AIS 399 Independent Study (1-3 crs)

Prerequisite: Limited to American Indian Studies majors and minors. Minimum sophomore standing. Major GPA of 3.00 required

Consent: Department Consent Required

Original individual research or studies related to American Indian Studies.

Repeat: Course may be repeated

AIS 444 Indigenous Theory and Methodologies (3 crs)

Introduction to Indigenous theory and methods of critical practice within the discipline. Emphasis on active research and critical analysis of current texts, discussions, and issues within Indigenous scholarship.

Attributes: LE-S3 Creativity, Undergraduate/Graduate Offering

Lab/Studio Hours: 0

Seminar Hours: 3

AIS 480 Capstone (3 crs)

Prerequisite: AIS 444. Limited to American Indian Studies majors, minors, and certificate seeking students. Minimum junior standing.

Consent: Department Consent Required

The capstone course asks a student to integrate previous learning in American Indian Studies to produce a major research project or creative activity within a seminar format. Working with an American Indian community/group/individual is recommended, which may include travel.

Attributes: LE-I1 Integration, LE-S3 Creativity, Service-Learning, Full 30 Hours, Capstone Course

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 491 Special Topics (1-3 crs)

Topics will be determined by specific themes related to American Indian Studies by instructor and program director, and based upon student interest and need. Possible topics include treaty rights conflicts, tribal sovereignty, Indian mascots and logos, and studies in American Indian authors.

Repeat: Course may be repeated for a maximum of 9 credits

AIS 498 Internship (1-3 crs)

Prerequisite: 24 credits in American Indian Studies. Limited to American Indian Studies majors.

Consent: Department Consent Required

Supervised assignment outside of the University to health or education institutions or agencies, to American Indian communities, to research institutions, to museums, cultural institutions, or other determined by supervising instructor.

Attributes: Service-Learning, Full 30 Hours, Internship

AIS 499 Independent Study (1-3 crs)

Prerequisite: Limited to American Indian Studies majors and minors. Minimum senior standing. Required GPA of 3.00 within the major.

Consent: Department Consent Required

Original individual research or studies related to American Indian Studies.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

AIS 522 Native Geographies (3 crs)

- Dual-listed with GEOG/AIS 322. Cross-listed with GEOG/AIS 522. Credit may only be earned in one of these courses.

The historical and contemporary relationships of American Indians to place, including land use and environmental issues, Indigenous mapping techniques, sacred sites, territorial nationhood, and legal rights to ceded and sovereign lands. The course also provides insight into the unique cultures of Indigenous peoples around the world.

Attributes: Field Trip(s) Required, Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 543 Contemporary American Indian Communities (3 crs)

- Dual-listed with AIS 343. Credit may not be earned in both courses.

Preparation for future study in AIS and/or work in American Indian communities by providing skills to work with communities toward mutually beneficial goals. Learn challenges facing American Indian communities and successful initiatives combatting those challenges. Travel required.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 3

AIS 568 Studies in American Indian History (3 crs)

- Dual-listed with AIS/HIST 368/568. Course may be repeated when topic differs for a maximum of nine credits. Consult Class Schedule or department office for current offering.

Selected topics depending on student and staff interests. Possible topics include the history of Wisconsin Indians and American Indians in the twentieth century.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 569 Wisconsin American Indian History (3 crs)

- Dual listed with AIS 369. Credit may only be earned in one of these courses.

Study of American Indian communities in Wisconsin with emphasis on the mix of continuity and change in response to outside forces.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AIS 595 Directed Studies (1-3 crs)

Consent: Department Consent Required

- Dual-listed with AIS 395.

Study of problem or topic related to American Indian Studies.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

AIS 644 Indigenous Theory and Methodologies (3 crs)

- Dual-listed with AIS 444. Credit may not be earned in both courses.

Introduction to Indigenous theory and methods of critical practice within the discipline. Emphasis on active research and critical analysis of current texts, discussions, and issues within Indigenous scholarship.

Grading Basis: No S/U Grade Option

Seminar Hours: 3

AIS 699 Independent Study (1-3 crs)

Consent: Department Consent Required

• *Dual-listed with AIS 499.*

Original individual research or studies related to American Indian Studies.

Grading Basis: No S/U Grade Option

Anthropology (ANTH)

ANTH 161 Introduction to Cultural Anthropology (3 crs)• *Credit may not be earned in both ANTH 161 and AIS 161.*

Culture as the human means of environmental adaptation. Explores cross-cultural regularities and the range of variation in human behavior. Comparison of widely different economic, social, political, and religious systems.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ANTH 165 Introduction to Physical Anthropology (3 crs)

Investigates human biocultural evolution, through comparative analysis of fossils, contemporary primates, and genetics.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ANTH 169 Introduction to Archaeology (3 crs)

Human cultural prehistory as inferred from archaeological evidence, from the earliest Pleistocene cultures to the development of urban life. Explores archaeological methods and techniques.

Attributes: SBS Social Behavioral Science, LE-I1 Integration, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ANTH 291 Special Topics (1-3 crs)

Topics will vary depending on interests of students and faculty.

ANTH 312 Space, Society, Subject (3 crs)

Prerequisite: Sophomore standing or instructor consent

• *Credit may not be earned in both ANTH 312 and GEOG 312.*

Broad introduction to social theory in anthropology and geography with an emphasis on contemporary theoretical approaches to social, spatial, and cultural dynamics and their intersections.

Attributes: SBS Social Behavioral Science, LE-DDIV Design for Diversity, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Seminar Hours: 0

ANTH 313 Culture and Transnational Dynamics (3 crs)

Prerequisite: Minimum sophomore standing or instructor consent. Credit may not be earned in both GEOG/ANTH 313/513 and GEOG/ANTH 351.

• *Credit may not be earned in both ANTH 313 and GEOG 313.*

Critical discussion of conceptual approaches to cultural processes, differences, and encounters from a transnational perspective.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R2 Global Perspectives, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ANTH 315 Language in Culture and Society (3 crs)

Prerequisite: Minimum junior standing or consent of instructor

Examination of the rules and patterns for speech behavior in a variety of socio-cultural formations. Language as expressive and formative of social status, social identity, and group membership. Study of multilingualism and language planning.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity, LE-R2 Global Perspectives, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ANTH 325 North American Indians (3 crs)

• *Credit may not be earned in both ANTH 325 and AIS 325. Previous completion of ANTH 161/AIS 161 is strongly recommended prior to enrollment in this course.*

Comparative analysis, by culture area, of traditional American Indian economies, social and political organization, religion and philosophy. Impact of European colonization and control on traditional cultures.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ANTH 395 Directed Studies (1-3 crs)

Prerequisite: Six credits in Anthropology. Minimum resident GPA of 2.50.

Consent: Department Consent Required

Directed study of an anthropological problem approved by the supervising instructor and department chair.

Repeat: Course may be repeated

ANTH 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

An intensive study of an anthropological topic resulting in a quality paper or report.

Repeat: Course may be repeated

ANTH 432 Anthropological Fieldwork Methods and Research Design (3 crs)

Prerequisite: ANTH 161; 300-level cultural anthropology course or may be taken concurrently (ANTH 315, ANTH 325, ANTH 345, ANTH 351, ANTH 355 or ANTH 356).

Consent: Instructor Consent Required

This seminar offers a broad introduction to the subject of fieldwork in sociocultural anthropology, with the goal of training students to undertake independent research. Foci include methodology, field experience, and outstanding research examples.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 3

ANTH 463 Religion and Culture (3 crs)

Prerequisite: ANTH 161/AIS 161

Examination of the nature of human religious expression in cross-cultural contexts. Focus on the ways that people use myths, symbols, and rituals in both oral and written traditions.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ANTH 491 Special Topics (1-3 crs)

Prerequisite: Minimum junior standing.

Topics will vary depending on interests of students and faculty. Proposed topics include American Indian religion and philosophy.

Repeat: Course may be repeated for a maximum of 9 credits

ANTH 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

An intensive study of an anthropological topic resulting in a quality paper or report.

Repeat: Course may be repeated

ANTH 512 Space, Society, Subject (3 crs)

• *Dual-listed with ANTH/GEOG 312/512. Credit may only be earned in one of these courses.*

Broad introduction to social theory in anthropology and geography with an emphasis on contemporary theoretical approaches to social, spatial, and cultural dynamics and their intersections.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Seminar Hours: 0

ANTH 513 Culture and Transnational Dynamics (3 crs)

Prerequisite: Credit may not be earned in both ANTH/GEOG 313/513 and ANTH/GEOG 351.

• *Dual-listed with ANTH/GEOG 313/513. Credit may only be earned in one of these courses.*

Critical discussion of conceptual approaches to cultural processes, differences, and encounters from a transnational perspective.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ANTH 515 Language in Culture and Society (3 crs)

• *Dual-listed with ANTH 315. Credit may not be earned in both courses.*

Examination of the rules and patterns for speech behavior in a variety of socio-cultural formations. Language as expressive and formative of social status, social identity, and group membership. Study of multilingualism and language planning.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ANTH 632 Anthropological Fieldwork Methods and Research Design (3 crs)

Prerequisite: ANTH 161; 300-level cultural anthropology course or may be taken concurrently (ANTH 315, ANTH 325, ANTH 345, ANTH 351, ANTH 355 or ANTH 356).

Consent: Instructor Consent Required

- *Dual-listed with ANTH 432. Credit may not be earned in both courses.*

This seminar offers a broad introduction to the subject of fieldwork in sociocultural anthropology, with the goal of training students to undertake independent research. Foci include methodology, field experience, and outstanding research examples.

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 3

Art (ART)

ART 105 Introduction to the Visual Arts (3 crs)

- *Elective credit toward an art major or minor.*

Visual arts survey to develop awareness and appreciation of theories, methods, and components of art within cultural and historical frameworks.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ART 107 Foundations: Drawing and Composition (3 crs)

Prerequisite: Limited to art majors and minors or students enrolled in a UW-Eau Claire Barron County program

Introduction to freehand observational drawing and visual composition using a variety of materials and techniques.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 108 Foundations: Two-Dimensional Design (3 crs)

Fundamental development of the effective use of design elements and principles in visual compositions applied through a variety of materials and techniques.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 110 Foundations: Three-Dimensional Art (3 crs)

Prerequisite: Limited to art majors and minors or students enrolled in a UW-Eau Claire Barron County program.

Introduction to three-dimensional methods and materials. Includes historical and contemporary perspectives of 3-D art.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 116 Foundations: Digital Frameworks (3 crs)

Prerequisite: Art majors, Art minors, and Multimedia Communication minors.

Provides a digital foundation for application across the visual arts upon which students build a creative and technical toolkit. Design principles (e.g., layout and composition) are emphasized and students develop adaptive strategies and skills in the visualization of dimension, motion, and time. The course provides an introduction to Adobe and other digital design software.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 240 Intermediate Drawing (3 crs)

Prerequisite: ART 107; or consent of instructor

Application of observational and expressive intermediate drawing techniques. Includes an introduction to live figure drawing.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 244 Introduction to Painting (3 crs)

Prerequisite: ART 107; ART 108 or ART 274; or consent of instructor

Exploration of subjects and concepts that introduce the technical and expressive nature of the painting medium.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 249 Introduction to Printmaking (3 crs)

Prerequisite: ART 107; ART 108 or ART 116 or ART 274; or consent of instructor.

Production of printed media with basic exploration in various printmaking areas. Includes relief, intaglio, serigraphy, and lithography.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 257 Introduction to Ceramics (3 crs)

Prerequisite: ART 110; or consent of instructor

Introductory experience with basic ceramic techniques and approaches focusing on hand-building, glazing, and firing.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 264 Beginning Sculpture (3 crs)

Prerequisite: ART 107 and ART 110; or consent of instructor

Hands-on exploration of a variety of materials, techniques, and concepts related to contemporary sculpture.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 275 Typography (3 crs)

Prerequisite: ART 116 or ART 274 or ART 312.

This course introduces typography as an essential framework of visual communication and graphic design. Students will study the history and evolution of typography and investigate its key components, including fundamentals of letterforms, type specifications and terminology, composition and formatting, and entanglements of type and image.

Attributes: LE-S3 Creativity, Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 278 3-D Computer Modeling (3 crs)

Prerequisite: Two of the following: ART 107, ART 108, ART 110; or consent of instructor. No credit if taken after ART 491 titled Comp 3-D Animation.

An introductory course exploring 3-D computer image making techniques in modeling, lighting, and rendering as well as learning digital 3-D animation concepts and processes.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 281 Introduction to Photography as an Art Form (3 crs)

A studio art course in creating photographs. Includes: concepts, analysis of works and development of composition and technique. Camera work, image processing, professional printing. Digitally based, color and black and white.

Attributes: LE-S3 Creativity, Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 289 BFA Review Preparation (1 cr)

Prerequisite: Limited to pre-BFA students. Completion of Foundations requirements (ART 107, ART 108, ART 110, ART 116, and ARTH 109) or consent of instructor.

Course informs and prepares pre-Bachelor of Fine Arts (BFA) students for their BFA review. Students review, select, and document work, develop an artist statement, and work through possibilities for creative direction. Students think creatively and independently about how to direct their academic plans and career goals into creative work leading up to their final BFA senior exhibition.

This course is intended to be taken the semester of the BFA review, which takes place independently of the course.

Grading Basis: S/U Only Grade Basis

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

ART 291 Special Topics (1-3 crs)

Consent: Instructor Consent Required

Interest topics not covered in regular art courses such as specific media subjects, creation procedures, contemporary art concerns, or other issues.

Repeat: Course may be repeated for a maximum of 9 credits

ART 303 Art Therapy (3 crs)

Prerequisite: PSYC 100 and one of ART 105, ART 107, ART 108, or ART 110; or consent of instructor.

• *No credit if taken after special topics offerings of Introduction to Art Therapy.*

This course introduces the history, theories, principles and practices of art therapy. Techniques and ethical practices in art therapy and the helping professions will be explored in relation to various theories in healing and psychology. Students will explore art media as it relates to therapeutic themes and experiences as they simultaneously explore and develop their own artistic identity.

Attributes: LE-I1 Integration, LE-S3 Creativity, Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

ART 312 Design Across the Disciplines (3 crs)

Empowers students of all disciplines to visually communicate information and ideas to serve and support their professional fields. Students learn about design theory, design psychology, the creative process, and design thinking methodologies. Course projects use digital design tools such as Adobe software as well as hands on design techniques.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, LE-S3 Creativity, Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 332 Illustration Narratives (3 crs)

Prerequisite: ART 244; ART 240 or ART 241

Exploration of the visual narrative using images and text within the context of contemporary illustration.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 340 Drawing: Conceptual Practices (3 crs)

Prerequisite: Two of the following: ART 107, ART 108, ART 110.

Contemporary approaches to drawing at the intermediate level with a focus on interdisciplinary concepts including collaboration, electronic media, and animation.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 341 Figure Drawing (3 crs)

Prerequisite: ART 240 or ART 241

Develop drawing techniques with various media and enhance personal expression in depicting the human body while observing a live model.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 342 Illustration Editorials (3 crs)

Prerequisite: ART 240 or ART 241; and ART 244

Investigation of current events, news editorial markets, and promotional markets in relation to illustration.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 344 Painting: Space and Process (3 crs)

Prerequisite: ART 244

Exploration of painting techniques and processes in relation to pictorial and physical space using various materials.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 347 Water-Media Process (3 crs)

Prerequisite: ART 247 or ART 244.

Painting approaches utilizing water-media. Emphasis on material processes and experimentation.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 348 Water-Media Themes (3 crs)

Prerequisite: ART 247 or ART 244.

Application of thematic frameworks using water-media.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 349 Painting: Conceptual and Aesthetic Strategies (3 crs)

Prerequisite: ART 244

Utilize problem-solving and research strategies with painting techniques to develop individual direction. Emphasis on conceptual development.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 358 Intermediate Ceramics (3 crs)

Prerequisite: ART 357; or consent of instructor

Application of wheel-throwing techniques as a means of visual expression. Emphasis on glazes, clay, and loading and firing kilns.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 364 Intermediate Sculpture (3 crs)

Prerequisite: ART 264; or consent of instructor

Continuation of contemporary sculptural practices with emphasis on combined methods and techniques of mixed media.

Attributes: Field Trip(s) Required, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 365 Site-Specific Art (3 crs)

Prerequisite: Completion of at least two 200-level or higher art courses; or consent of instructor.

Students will explore how site-specific art incorporates space, place, and environmental/cultural features as they create artwork that interacts with a specific location. Site-specific art is integrative, draws from a wide range of media, and can be situated in interior or exterior spaces, on natural or built landscapes, and be produced from miniature to monumental scales.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 366 Found Media (3 crs)

Prerequisite: ART 264

Course will focus on the integration, manipulation, and conceptualization of "found media" into sculpture.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 373 Motion Graphics (3 crs)

Prerequisite: ART 312 or ART 274, plus two 200-level ART courses; or consent of instructor

Exploration of two-dimensional digital motion graphics. Emphasis on identity applications, internet motion graphics, and animation.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 374 Graphic Design: Concepts and Experimentation (3 crs)

Prerequisite: ART 275

Application of advanced design principles to develop promotional materials. Emphasis on diversity, equity, and inclusivity in graphic communication.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 375 User Experience and Web Design (3 crs)

Prerequisite: ART 275 or ART 312.

Introduces students to topics like human-computer factors, user research practices, and design thinking methodologies required for user experience designers. Students apply these knowledge frameworks as they research, design, test, and develop a mobile digital product for a conceptual, tech-savvy business client.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 376 Identity Development and Design (3 crs)

Prerequisite: Two of the following: ART 275, ART 312, ART 374; or consent of instructor.

Students design a comprehensive visual expression of a brand and create a system that supports it. Students practice researching, analyzing, developing, designing, proposing, and building out a comprehensive library of elements that represent a professional brand identity system.

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 377 Digital Painting (3 crs)

Prerequisite: ART 244

Create representational and non-representational artworks with digital software and technologies. Emphasis on conceptual development and discussion.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 378 3-D Computer Animation I (3 crs)

Prerequisite: ART 278

Continued development of computer 3-D modeling skills begun in ART 278. Students study comprehensive creative concepts and advanced 3-D artistic modeling for objects and life-figures. Additional animation techniques are included.

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 381 Intermediate Photography: Darkroom (3 crs)

Prerequisite: ART 281 or CJ 284 or consent of instructor

Continued work with photography genres, concepts, and processes. Students learn black-and-white film developing and printing and alternative processes such as silver emulsion (Liquid Light), Cyanotype, and pinhole to expand their creativity and develop individual direction. Emphasis on conceptual development.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 382 Making Pictures: Contemporary Directions in Photographic Art (3 crs)

Prerequisite: ART 281 or CJ 284 or consent of instructor

Students continue to develop their photographic skills and artistic visions as they learn new and traditional techniques and discover innovative applications of photography. Students build on digital SLR-camera skills as they explore alternative image-making methods such as film, smart phone, and other lens-based media and integrate photography with other art processes, media, and approaches.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 383 Video for Art and Design (3 crs)

Prerequisite: ART 108 or ART 116 or ART 281 or CJ 284 or consent of instructor.

Explore theoretical, critical, aesthetic, and historic issues as they relate to time based imagery in contemporary art practice. Students develop technical and visual tools necessary to execute and articulate conceptual ideas and personal visions.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 384 Artist Books: Image & Text (3 crs)

Prerequisite: Any 200-level course in studio art.

Interdisciplinary exploration of art in the book form. Examines the conventions of the written word, the image, and image-text relations. Explores book structures and designs through bookbinding demonstration and hands-on practices.

Attributes: Field Trip(s) Required, Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

Approved study of a specific studio art or design topic/problem.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

ART 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual art project under the direction of an art faculty member involving research and application culminating in a final product or report.

Repeat: Course may be repeated

ART 402 Advanced Studio Practice (3 crs)

Prerequisite: Minimum junior standing.

Consent: Instructor Consent Required

Studio course mixing advanced studio students of various disciplines who are researching individually proposed projects. Emphasizes the professional presentation of artwork.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 458 Advanced Ceramics (3 crs)

Prerequisite: ART 357 and ART 358; or consent of instructor

Personal exploration of advanced ceramic forms. Emphasizes professional presentation of artwork. Topics rotate when offered.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 474 Digital Design: Expanded Media (3 crs)

Prerequisite: ART 375, or ART 312, or CS 163, or CS 245, or CS 319; or consent of instructor

Application and integration of visual communication in electronic media. Key areas include digital animation, motion graphics, sound design, foley and sound effects, and interactive art.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 476 Design for Community and People (3 crs)

Prerequisite: ART 374 or ART 376 or both ART 275 and ART 312 or consent of instructor.

Students develop and design professional print and digital collateral for community business partners. Students work directly with community clients and create real-world design solutions, including flexible and modular design solutions/systems using a variety of digital design tools.

Attributes: LE-CEL Community-Engaged Learning, Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 477 Portfolio and Professional Development (3 crs)

Prerequisite: ART 116 or ART 312 and at least two 300-level or higher art courses.

Students prepare for post-graduation by contextualizing and publishing their work, curating content, and communicating critical professional information about themselves in a published online professional portfolio.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

ART 489 BFA Senior Exhibition (2 crs)

Prerequisite: Limited to BFA students.

Consent: Instructor Consent Required

Capstone course for all senior Bachelor of Fine Arts (BFA) students in the Department of Art & Design. Students prepare their thesis project and work with instructors and peers to realize a professional exhibition. Successful completion of this course satisfies BFA Senior Exhibition requirement.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

ART 491 Special Topics (1-3 crs)

Consent: Instructor Consent Required

Interest topics not covered in regular art courses such as specific media subjects, creation procedures, contemporary art concerns, or other issues.

Repeat: Course may be repeated for a maximum of 9 credits

ART 497 Student Academic Apprenticeship (1-3 crs)

Prerequisite: Must be an art major, art minor, or art history minor with minimum senior standing. Minimum resident and total GPA of 3.30.

Consent: Instructor Consent Required

• *Grade of at least B+ in course for which student will apprentice.*

Facilitate teaching in a specific course as supervised by art faculty. Enhance personal knowledge of art and ability to communicate it effectively.

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: S/U Only Grade Basis

ART 498 Internship (1-3 crs)

Prerequisite: Limited to art majors.

Consent: Department Consent Required

Applied knowledge and practical experience in professional fields. Work employs technical, analytical, and educational aspects of art and design.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 6 credits

ART 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual art project under the direction of an art faculty member involving research and application culminating in a final product or report.

Repeat: Course may be repeated

ART 595 Directed Studies (1-3 crs)

Consent: Department Consent Required

• *Dual-listed with ART 395.*

Approved study of a specific studio art or design topic/problem.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

ART 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual art project under the direction of an art faculty member involving research and application culminating in a final product or report.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

Art History (ARTH)

ARTH 109 Art of the 20th Century (3 crs)

Prerequisite: No credit if taken after ARTH 201.

Study of art and architecture during the 20th century. Emphasizes global and pluralistic nature of modern and post-modern art.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ARTH 111 Global Art History to 1400 (3 crs)

An introduction to the fundamental concepts of art history through a representative group of artworks created in ancient and medieval contexts around the world.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, Field Trip(s) Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ARTH 112 Global Art History Since 1400 (3 crs)

An introduction to the fundamental concepts of art history through a representative group of artworks created between 1400 and the present day around the world.

Attributes: HA Humanities Arts, LE-K4 Fine Arts
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ARTH 291 Special Topics (1-3 crs)

Consent: Instructor Consent Required
Interest topics not covered in regular art history courses such as historical themes, period studies, national/regional traditions, or other focuses.

ARTH 315 Ancient Greek, Etruscan, and Roman Art (3 crs)

Prerequisite: ARTH 111
A study of the art and architecture of the Greeks (900 BCE-31 BCE), Etruscans (700-100 BCE), and Romans (500 BCE-400 CE). The primary objective is the interpretation of artwork and architecture in their original contexts of production and reception.

Attributes: Field Trip(s) Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ARTH 324 Survey of North American Indian Art (3 crs)

Prerequisite: One AIS or ARTH or ART course or consent of instructor. Minimum sophomore standing.
• *Credit may not be earned in both ARTH 324 and AIS 324.*

A survey of North American Indian artwork in contemporary and historical contexts.

Attributes: Field Trip(s) Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ARTH 333 Themes in Contemporary Art (3 crs)

An investigation of the processes, theories, and historical viewpoints that motivate and structure the content of the current art world.

Attributes: HA Humanities Arts, LE-K4 Fine Arts
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ARTH 335 Ancient Art and Architecture of Mexico and Central America (3 crs)

Prerequisite: One ART, ARTH, AIS, or LAS course, or consent of instructor.
• *Credit may not be earned in both ARTH 335 and AIS 335.*

A study of the art and architecture of ancient Mexico and Central America between 2000 BCE - 1600 CE. Focus is on the materials, techniques, styles, and iconography of the art and architecture in relation to the contexts of production, use, and reception.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, Field Trip(s) Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ARTH 337 Art of Tawantinsuyo (3 crs)

• *Credit may not be earned in both ARTH 337 and AIS 337.*

A study of art created during the Inka Empire and the early Spanish Empire in western South America.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, Field Trip(s) Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ARTH 345 History of Graphic Design (3 crs)

Designed as a survey of the development of European and American graphic design in the twentieth century. Focus is on the styles and philosophies of the most influential designers of this period.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ARTH 350 Travel Opportunities in Art (1-6 crs)

Consent: Instructor Consent Required
• *Fee variable.*

Travel seminars examining art in this country and abroad. Ranges from field trips to full programs.

Attributes: Undergraduate/Graduate Offering
Repeat: Course may be repeated for a maximum of 6 credits

ARTH 385 Photography: History and Theory (3 crs)

Survey examining ideas, processes, and theories within the history of still photography for the past and present. Defines relationships between the medium and other contemporary events that have shaped the nation and world.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ARTH 389 Methodologies of Art History (3 crs)

Prerequisite: ARTH 111 and ARTH 112.

Survey of major methodologies and approaches used by art historians to construct and interpret the discipline's content.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ARTH 395 Directed Studies (1-3 crs)

Prerequisite: Minimum 9 credits art history.

Consent: Department Consent Required

Approved study of a specific art historical problem or topic.

Repeat: Course may be repeated

ARTH 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum 12 credits art history.

Consent: Department Consent Required

Individual research project in a specific art history subject under the direction of an art history faculty member.

Repeat: Course may be repeated

ARTH 491 Special Topics (1-3 crs)

Consent: Instructor Consent Required

Interest topics not covered in regular art history courses such as historical themes, period studies, national/regional traditions, or other focuses.

ARTH 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum 12 credits art history.

Consent: Department Consent Required

Individual research project in a specific art history subject under the direction of an art history faculty member.

Repeat: Course may be repeated

ARTH 550 Travel Opportunities in Art (1-6 crs)

Consent: Department Consent Required

• *Dual-listed with ARTH 350. Fee variable.*

Travel seminars examining art in this country and abroad. Ranges from field trips to full programs.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Artificial Intelligence (AI)

AI 250 Foundations of Artificial Intelligence (4 crs)

Prerequisite: DS 150 or CS 140, MATH 246 or MATH 345

Introduction to concepts related to the use and creation of AI. Students will gain an understanding of AI concepts and techniques, their ethical implications, explore transparency in AI models, and examine influence of AI on society and workforce.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

AI 300 AI in Drug Design (3 crs)

Prerequisite: CHEM 105 or CHEM 151, and DS 150 or CS 140

The use of artificial intelligence in chemistry and biology including applications such as drug design. Integration of high-performance computing and computational methods to search, visualize, and analyze chemical and biological information. Discussion of key ethical concerns in informatics-based models.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AI 350 Human-Computer Interaction (4 crs)

Prerequisite: AI 250

Introduction to the design, implementation, and evaluation of interactive software and AI systems, with a focus on the intersection of ethics and computing. Topics include transparent and explainable AI, human abilities, user research, prototyping, evaluation techniques, design communication, and team skills.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

AI 360 AI in Healthcare (3 crs)

Prerequisite: AI 250 or CS 255

This course explores the application of Artificial Intelligence (AI) in the healthcare industry, covering fundamental concepts, ethical considerations, and real-world applications. Students will gain an understanding of how AI is used in medical imaging, diagnostics, natural language processing, patient monitoring, and drug discovery.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AI 420 Artificial Intelligence (3 crs)

Prerequisite: AI 250. No credit if taken after CS 420.

A comprehensive exploration of Artificial Intelligence spanning classical to contemporary approaches. The course traces AI's evolution from symbolic reasoning and rule-based systems to current statistical and data-driven methodologies and examines crucial ethical considerations in AI, including data bias and societal impact.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AI 427 Natural Language Processing and Generative AI (3 crs)

Prerequisite: DS 250 OR CS 255

This course introduces students to the core principles and evolving landscape of Natural Language Processing (NLP). It begins with foundational techniques in text analysis and linguistic structures, providing a basis for understanding language data. Students will explore word representations and semantic models, progressing to cutting-edge architectures such as transformers and large language models.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

AI 485 AI-Driven Project Development (3 crs)

Prerequisite: AI 250

An exploration of crafting intelligent software solutions using state-of-the-art AI techniques. Practical projects focus on designing, developing, and deploying AI-powered applications while applying the principles of the software development life cycle.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

Assistive Systems and Robotics Engineering (ASRE)

ASRE 150 Introduction to Robotics (4 crs)

Prerequisite: MATH 109 or concurrent enrollment

Introduction to fundamentals of robotics engineering: programming, motion, sensors, and controls. Foundations of human-robot systems and the application of robotics to improve quality of life. Lab will include hands-on building and operation of robotic systems.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

ASRE 300 Sensors and Actuators (4 crs)

Prerequisite: ASRE 150; PHYS 350; PHYS 255 (may be taken concurrently); MATH 312

- This course requires access to a laptop computer which can be brought to class when required. Please see the Assistive Systems and Robotics Engineering laptop requirement page: <https://www.uwec.edu/physics-and-astronomy/assistive-systems-and-robotics-engineering-laptop-requirements>

This course introduces the principles, design, and applications of sensors and actuators with a focus on their role in robotic and mechatronic systems. Students will study the physical foundations, operating characteristics, and performance parameters of a wide range of transducers and actuators, from classical devices to modern micro- and nano-scale technologies.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

ASRE 310 Control Theory and Applications (4 crs)

Prerequisite: ASRE 150; MATH 312

- This course requires access to a laptop computer, which you can bring to class when needed. Please see the Assistive Systems and Robotics Engineering laptop requirement page: <https://www.uwec.edu/physics-and-astronomy/assistive-systems-and-robotics-engineering-laptop-requirements>

This course introduces the fundamental principles and practical applications of control theory, with an emphasis on assistive systems and robotic platforms. Students will explore classical control methods, such as PID and frequency-domain analysis, as well as modern control topics, including state-space modeling, observer design, and digital control.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

ASRE 400 System Integration in Assistive Robotics (4 crs)

Prerequisite: PHYS 350; PHYS 255; MATH 312; ASRE 300; ASRE 310 (may be taken concurrently)

- *This course requires access to a laptop computer which can be brought to class when required. Please see the Assistive Systems and Robotics Engineering laptop requirement page: <https://www.uwec.edu/physics-and-astronomy/assistive-systems-and-robotics-engineering-laptop-requirements>*

This course explores the principles and practices of integrating sensors, actuators, and control systems into complete robotic platforms. Building on the foundations Sensors and Actuators and applying the concepts as taught in Control Theory and Applications, students will learn how to design, assemble, and validate multi-component robotic systems that operate autonomously and interact safely with humans and their environment.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

ASRE 486 ASRE Capstone I (2 crs)

Prerequisite: MSE 256, MSE 386, PHYS 350, ASRE 300

Consent: Instructor Consent Required

First of a two-course capstone sequence. Hands-on, project-based experiences including engineering design, engineering standards and project management.

Lab/Studio Hours: 0

Seminar Hours: 4

ASRE 487 ASRE Capstone II (2 crs)

Prerequisite: ASRE 486

Second of a two-course capstone sequence. Conclusion of student-designed projects accompanied by preparation of multiple technical documents.

Attributes: LE-I1 Integration

Lab/Studio Hours: 0

Seminar Hours: 4

Biology (BIOL)

BIOL 105 General Biology (3 crs)

Prerequisite: No credit if taken after BIOL 223.

- *No credit toward biology major or minor. This course cannot serve as a prerequisite for 300-level biology courses.*

An integrated presentation of important topics and ideas in modern biology. Designed to serve as a broad introduction to the life sciences.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 106 Exploring the Living World (2 crs)

- *No credit toward biology major or minor.*

A lab and discussion course introducing students to various modes of inquiry in modern biology, ranging from the molecular to the ecological. Students will work in groups to develop, conduct and write up findings of original research projects.

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab, LE-S3 Creativity, Special Course Fee Required

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

BIOL 130 Human Sexual Biology (3 crs)

- *Credit may not be earned in both BIOL 130 and WMNS 130. No credit toward biology major or minor.*

Structure, function, control, and coordination of the human reproductive organ system. Formation and function of sex cells. Problems of lactation, fertility, sterility, sexuality, birth control challenges, and human population.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 149 The Big Picture in Bioinformatics (1 cr)

Prerequisite: Limited to Bioinformatics majors or consent of instructor.

Explores how a liberal education relates to bioinformatics, the impacts of the field on society, and ethical expectations of the discipline. Provides an overview of bioinformatics looking at the differences between being a user and a developer along with additional technical topics.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

BIOL 151 Biology of Humans (4 crs)

Prerequisite: No credit if taken after or concurrently with BIOL 214.

- *No credit toward biology major or minor.*

Basic principles and processes of the human body. Emphasis on human origin and evolution, biomolecules, cells, organ systems and disorders, reproduction, genetics, and the role of humans in the biosphere.

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

BIOL 180 Environmental Biology and Conservation (3 crs)

Prerequisite: No credit if taken after or concurrently with GEOG 178 or GEOL 204.

- *Satisfies Wisconsin conservation requirement for teaching certification in science and social science.*

An introduction to natural resource conservation. Problems associated with the use and abuse of America's resources are studied in an ecological framework. Resource management methods are explored.

Attributes: NSW Natural Science Wellness, LE-I1 Integration, LE-R3 Civic and Environmental Issues, Field Trip(s) Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

BIOL 181 Environmental Biology and Conservation Lab (1 cr)

Prerequisite: Must be taken with BIOL 180.

- *No credit toward biology major or minor if taken after Biol 223.*

Laboratory science course intended to be taken with Biology 180, Environmental Biology and Conservation, in order to receive laboratory science credit. Labs and field trips have students explore problems and solutions associated with environmental and conservation of natural resource issues.

Attributes: NSW Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab, Field Trip(s) Required, Special Course Fee Required
Lecture/Discussion Hours: 0
Lab/Studio Hours: 2

BIOL 183 Ecology of Sustainable Food Systems (3 crs)

- *No credit toward biology major or minor. High school or college biology or environmental science course(s) helpful but not required.*

An introduction to the ecological impacts and sustainability of various forms of agricultural systems. Emphasis is on contemporary and regional issues. Students will complete a service learning project with a not-for-profit community organization that applies course concepts.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences, LE-R3 Civic and Environmental Issues, Service-Learning, Half 15 Hours
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

BIOL 195 Plants and Society (4 crs)

- *No credit toward biology major or minor.*

An introduction to the biology of plants and their use by humans for food, beverage, spices, commercial products, and medicine.

Attributes: NSW Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab
Lecture/Discussion Hours: 3
Lab/Studio Hours: 2

BIOL 196 Human Nutrition (3 crs)

- *No credit toward biology major or minor.*

Introduction to nutrition including coverage of nutrients-functions and sources; digestion and absorption; food guides; obesity and energy needs; diet and chronic disease; hunger in the world and United States; organic foods; sport nutrition; nutrition.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences
Lecture/Discussion Hours: 2
Lab/Studio Hours: 1

BIOL 214 Human Anatomy and Physiology I (4 crs)

Prerequisite: Grade of C or above in: CHEM 105 and CHEM 106, or CHEM 108, or CHEM 115, or CHEM 151

- *No credit toward biology major or minor or pre-professional health science minor unless BIOL 314 is taken.*

The fundamentals of bodily function are studied at the cellular, tissue, organ, and organ system levels. Integration of physiological function and anatomical structure will be highlighted in the skeletal, muscular, nervous, and endocrine systems.

Attributes: NSW Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab
Lecture/Discussion Hours: 3
Lab/Studio Hours: 2

BIOL 221 Foundations of Biology I (4 crs)

Prerequisite: MATH 109 or placement into MATH courses above 109; CHEM 115, or CHEM 105 and CHEM 106, or CHEM 108, or concurrent enrollment.

Introduction to cell biology, genetics, evolution, and microbiology.

Attributes: NSW Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 3

BIOL 222 Foundations of Biology II (3 crs)

Prerequisite: Grade of C or above in BIOL 221.

- *Concurrent enrollment in BIOL 223 is strongly recommended.*

Introduction to evolution, organismal form and function, and ecology.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

BIOL 223 Foundations of Biological Inquiry (2 crs)

Prerequisite: Grade of C or above in BIOL 221.

- *Concurrent enrollment in BIOL 222 is strongly recommended.*

Introduction to inquiry methods in biology focusing on scientific methods including experimental design, data collection and analysis, and critical thinking.

Attributes: LE-S3 Creativity

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

BIOL 250 Microbiology (3 crs)

Prerequisite: BIOL 151, BIOL 214 or BIOL 221. No credit if credit has been earned in BIOL 361.

- *No credit toward liberal arts biology major or minor.*

Study of the attributes of several microbial groups and their interactions with human systems in the disease process.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 291 Special Topics in Introductory Biology (1-3 crs)

Prerequisite: No credit if taken after BIOL 221.

Biological topics of current and special interest not typically covered in an introductory biology course, and of special interest to students and faculty.

BIOL 296 Student Academic Experience (1-2 crs)

Prerequisite: Eight credits in biology

Consent: Instructor Consent Required

- *No more than two credits can be counted toward a biology major or minor. A total of four credits may be taken between this course and BIOL 496.*

Experience for qualified students, selected and supervised by faculty members, to facilitate teaching and learning in a specific course. Students enhance their knowledge of biology and their ability to communicate that knowledge to other students.

Attributes: LE-CEL Community-Engaged Learning

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: S/U Only Grade Basis

BIOL 305 Molecular and Cell Biology (4 crs)

Prerequisite: Grades of C or above in BIOL 221, BIOL 222, and BIOL 223; and CHEM 109 or CHEM 115 or consent of instructor.

Current concepts in molecular/cell biology including structure/function of cells and cell organelles, gene function/regulation, and cell signaling.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

BIOL 306 Infectious Disease Biology (3 crs)

Prerequisite: Grades of C or above in BIOL 221, BIOL 222, and BIOL 223; and CHEM 109 or CHEM 115 or consent of instructor

Introduction to the realities of pathogens and parasites in our lives and their relationship to hosts, reservoirs, and environmental factors. Discussion of emerging and re-emerging diseases within the context of human, veterinary, wildlife, and planetary health.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 307 Cell and Molecular Biology Laboratory (2 crs)

A lab course introducing various technical aspects of cell and molecular biology. Techniques include cell culture, cell separation, extraction and separation of macromolecules, immunoassay, enzyme assays, immunofluorescence, PCR, and DNA sequencing.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 4

BIOL 308 Evolution (3 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223.

An introduction to evolution, including: origin and impact of the theory of evolution, origin of life, genetics and natural selection, molecular evolution, speciation, adaptation, systematics, fossil record, biogeography, species interactions, and human evolution.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 311 General Entomology (4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223.

Study of the structure, function, diversity, ecology, and management of insects. Field collection and laboratory identification of terrestrial and aquatic insects of Wisconsin.

Attributes: Undergraduate/Graduate Offering, Field Trip(s) Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

BIOL 314 Human Anatomy and Physiology II (4 crs)

Prerequisite: BIOL 214 with a grade of C or above. Grade of C or above in: CHEM 105 and CHEM 106, or CHEM 108, or CHEM 115, or CHEM 151. Minimum sophomore standing.

The fundamentals of bodily function are studied at the cellular, tissue, organ, and organ system levels. Integration of physiological function and anatomical structure will be highlighted in the cardiovascular, respiratory, excretory, digestive, and reproductive systems.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

BIOL 315 Reproductive Physiology (3 crs)

Prerequisite: BIOL 222 and BIOL 223.

Examination of the principles and mechanisms of reproduction in human. Social aspects of reproduction, including reproductive biotechnologies and reproductive health will also be discussed.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3 Hours

Lab/Studio Hours: 0 Hours

BIOL 317 Human Physiology (4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223; CHEM 109 or CHEM 115.

Analysis of how the human body's systems function and work together to maintain a stable internal environment.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

BIOL 318 Plant Form and Function (4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223.

Study of the classification, structure, function, development, and behavior of plants in an evolutionary and experimental context.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

BIOL 319 Animal Form and Function (4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223 or Grades of C or above in BIOL 221 and IDIS 125. No credit if taken after or concurrently with BIOL 317, 350, or 380

An examination of the comparative biology of animals including their evolution, reproduction, development, physiology, and behavior. Laboratories include an experimental approach to the study of animal form and behavior.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 2

BIOL 320 Studies in Tropical Environments (3 crs)

Consent: Instructor Consent Required

Extended travel to study the biological diversity and natural history of terrestrial and aquatic organisms from a tropical environment. Emphasis on human impacts to tropical ecosystems.

Attributes: Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated

Lecture/Discussion Hours: 1

Lab/Studio Hours: 4

BIOL 321 Ecology (3 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223, or GEOL 312, or GEOG 200.

Core concepts and theories in ecology at the individual, population, community, and ecosystems levels and their applications.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 323 Genetics (3 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223, or consent of instructor.

Basic principles of heredity and variation; genetic systems, structure and roles of nucleic acids, mutation, allelism, genes in development, genes in populations, and genetics in human life; genetic engineering and genomics.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 324 Genetics Inquiry (2 crs)

Prerequisite: BIOL 305 or 323; CHEM 109 or 115; or consent of instructor.

A lab/discussion course involving methods of genetic and genomic analysis.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

BIOL 325 Plant Systematics (4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223.

Principles of classification, nomenclature, and determining evolutionary relationships among plants; survey of plant diversity including mosses, ferns, conifers, and flowering plants. Field identification of local flora.

Attributes: Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

BIOL 328 Conservation Biology (4 crs)

Prerequisite: GEOG 178 or BIOL 180, and one introductory (100 or 200-level) biology lab course [includes: BIOL 151, BIOL 181, BIOL 221, or BIOL 222 (if taken with or after BIOL 223)]. Minimum junior standing.

Scientific basis for conserving biological diversity. Explore global efforts in research, education, and advocacy for conserving genes, species, and ecosystems and their ecological and evolutionary processes. Applied engagement in habitat restoration, conservation research, and education.

Attributes: LE-CEL Community-Engaged Learning, Service-Learning, Half 15 Hours, Field Trip(s) Required, Special Course Fee Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 3

BIOL 329 Biological Field Experiences (1-2 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223. Minimum junior standing.

Consent: Instructor Consent Required

- *Capstone for Environmental Science minors or comprehensive majors in Ecology and Environmental Biology.*

Group participation and collaboration with the community to engage in hands-on work experience or environmental education focusing on protecting/teaching about Wisconsin biodiversity through projects in habitat restoration, research, and education.

Attributes: Service-Learning, Full 30 Hours, Capstone Course, Field Trip(s) Required
Repeat: Course may be repeated for a maximum of 3 credits

BIOL 332 Field Botany (3 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223.

Field study of the flora and vegetation of Wisconsin. Includes sight recognition of plants, identification of unknown plants using keys, plant communities, an introduction to plant taxonomy, and specimen preparation.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

BIOL 338 Vegetation Ecology (4 crs)

Prerequisite: Minimum junior standing.

Patterns and processes in vegetation, with an emphasis on the natural vegetation of Wisconsin. Laboratories will include field methods and an introduction to multivariate statistical analyses.

Attributes: Field Trip(s) Required, Special Course Fee Required
Lecture/Discussion Hours: 2
Lab/Studio Hours: 4

BIOL 343 Applied Bioinformatics (4 crs)

Prerequisite: DS 250, BIOL 323

Addresses tools and applications used in the analysis of biological sequence data. Topics include navigation of biological sequence databases, sequence-similarity searches, domain and motif prediction, sequence alignment, phylogenetic analyses, molecular evolution, and analysis of differential gene expression. Covers the biological and mathematical theory underlying these analyses, and provides practical, hands-on experience with computational tools implementing them.

Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

BIOL 345 Invertebrate Zoology (4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223.

An introduction to invertebrate animals with emphases on phylogenetic relationships, form, function, and ecology. Laboratory sessions include field trips for the purpose of collecting invertebrate animals and experiments to learn about the biology of invertebrates.

Attributes: Field Trip(s) Required, Special Course Fee Required
Lecture/Discussion Hours: 2
Lab/Studio Hours: 4

BIOL 350 Systems Neuroscience (4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223, or grade of C or above in BIOL 319

How networks of neurons form the basis of higher brain function including sensory, motor, and integrative functions.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 1

BIOL 351 Systems Neuroscience Lab (3 crs)

Prerequisite: Grade of C or above in BIOL 318 or BIOL 319, or consent of instructor

Methods to study systems of neurons as they relate to behavior and cellular mechanisms including electrophysiology, histology and immunocytochemistry.

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

BIOL 356 Vertebrate Biology (4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223.

A course designed to provide a comparative overview of vertebrate diversity. Topics include the anatomy, physiology, behavior, and ecology of fishes, amphibians, reptiles, birds, and mammals within an evolutionary context. For students seeking a general understanding of vertebrate biology and skills in field identification.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

BIOL 358 Cellular and Developmental Neuroscience (4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223.

In-depth examination of molecular, cellular and developmental processes in the nervous system. Exposure to the primary literature. Students design, implement and interpret experiments in laboratory. Students will write a proposal based on work in laboratory.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

BIOL 359 Biology of Stress (3 crs)

Prerequisite: BIOL 222 with a minimum grade of C; OR IDIS 125 with a minimum grade of C AND BIOL 221 with a minimum grade of C

- Credit for this course can be applied toward the Biology major or minor and the Neuroscience major or minor.

Exploration of stress response, an important survival mechanism that is found in all vertebrates. Includes an overview of stress, recent literature related to the biological aspects of stress, the wider implications of stress in our society and the ways that we can cope with and minimize stress in our lives.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 361 Biology of Microorganisms (5 crs)

Prerequisite: BIOL 221, and one year of chemistry.

Study of microbial taxonomy, physiology, genetics, ecology, and morphology with environmental, industrial, agricultural, and medical applications.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 4

BIOL 362 Field Zoology (3 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223.

Field trips and laboratories concerned with habitat observation, collection, and identification of local animals, with emphasis on the invertebrates and cold-blooded vertebrates.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

BIOL 365 Animal Behavior (4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223, or one year of college zoology, or consent of instructor.

Study of animal behavior with emphasis on evolutionary approaches; topics include feeding adaptations, predator-prey interactions, habitat selection, communication, sociality, and mating strategies. Students work together on lab/field exercises and conduct a semi-independent research project.

Attributes: Field Trip(s) Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

BIOL 371 Medical Mycology (3 crs)

Prerequisite: CHEM 115, or CHEM 105 and CHEM 106, or CHEM 108. Grades of C or above in BIOL 222 and BIOL 223. Minimum junior standing.

An introduction to the medically important fungi. Topics include fungal structure; superficial, cutaneous, and systemic mycoses; mechanisms of disease; host response to fungal infections and treatment/prevention.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 374 Marine Biology (3 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223.

This course emphasizes evolutionary adaptations to the marine environment and interactions among marine organisms with their habitats. Communities studied include coral reefs, deep sea benthos, plankton, nekton, and intertidal assemblages. We rely heavily upon activities and discussion of the primary literature to make inferences about fundamental biological processes within the context of life in marine environments. Students will also be asked to consider the biological basis of major issues in marine conservation.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 376 Aquatic Ecology (3-4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223. Minimum junior standing.

•Two Saturday field trips are required.

Ecology of aquatic organisms in lakes and streams. Emphasis is placed on processes shaping the structure and dynamics of freshwater communities. Laboratory experiments and field trips required.

Attributes: Field Trip(s) Required, Special Course Fee Required

BIOL 379 Biology of Fishes (4 crs)

Prerequisite: BIOL 319

Anatomy, physiology, taxonomy, behavior, ecology, and evolution of fishes. Laboratory and field study of local freshwater species.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

BIOL 380 Endocrinology (4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223; CHEM 109 or CHEM 115.

Study of the relationships between histophysiology, chemistry, and disorders of the endocrine system; its interrelationships with the nervous system and how both contribute to bodily homeostasis.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

BIOL 383 Biostatistics (4 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223; MATH 111 or MATH 114.

Practical applications of statistics are used to learn concepts and to develop skills. Graphical analysis, parameter estimation, and formal tests of hypotheses performed in the context of real biological studies using powerful statistical software.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

BIOL 384 Biological Investigation (1-3 crs)

Consent: Instructor Consent Required

Designed for students participating in undergraduate/faculty collaborative research projects.

Repeat: Course may be repeated

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

BIOL 385 Undergraduate Seminar (1 cr)

Prerequisite: Minimum senior standing.

Presentation of current research topics in student-selected subareas of biology.

Attributes: Capstone Course

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

BIOL 386 Biology Research Methods (1-3 crs)

Prerequisite: Grades of C or above in BIOL 222 and BIOL 223.

Consent: Instructor Consent Required

Introduction to scientific inquiry. Focus on philosophy of science, nature of scientific data, methods of data collection, analysis of data and peer reviewed literature, and communication of scientific results.

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

BIOL 390 Biological Immersion Experience (1-4 crs)

Consent: Instructor Consent Required

Project-based, field intensive, biological immersion experience focusing on the nature of environmental controls on floral and faunal distribution within a geographic region. Societal influence and interaction with the biological realm will be emphasized.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

BIOL 395 Directed Studies (1-3 crs)

Prerequisite: Minimum sophomore standing.

Consent: Department Consent Required

Directed study of a question or problem of biological interest, approved by the supervising faculty and the department chair.

Attributes: Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated

BIOL 396 Honors Research (1-7 crs)

Prerequisite: 12 credits and 3.50 GPA in biology courses. Minimum junior standing.

Individual research project under the direction of a research adviser.

Repeat: Course may be repeated for a maximum of 7 credits

BIOL 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Independent study projects under the direction of a faculty member.

Repeat: Course may be repeated

BIOL 400 Medical Microbiology (3 crs)

Prerequisite: BIOL 361

An introduction to microorganisms that cause disease. Topics will include the biology and ecology of medically important fungi, parasites, viruses and bacteria; mechanisms of disease; host responses to microbial infections; treatment and prevention of various disease.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 402 Current Topics in Virology and Immunology (4 crs)

Prerequisite: BIOL 361

Lectures and readings in immunology and virology. Emphasis on the mode of thinking and reasoning that led to earlier solutions. Discussions of current advances in the fields.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

BIOL 405 Advanced Cell and Molecular Lab (4 crs)

Prerequisite: BIOL 305, BIOL 323, and CHEM 326 or instructor consent.

A lab/discussion course teaching methods in molecular/cell biology research using prokaryotic and eukaryotic systems, focusing on DNA/RNA analyses.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

BIOL 409 Molecular Genetics (4 crs)

Prerequisite: BIOL 305, BIOL 323, and CHEM 352 or CHEM 452.

Molecular genetics comprehensively integrates biochemistry, molecular, and cellular biology and serves as the culminating biochemistry/molecular biology course. Topics include genomics, developmental genetic systems, organelle genomes, evolutionary genetics, immunogenetics, and medical genetics.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

BIOL 423 Collaborative Research in Biology (3 crs)

Prerequisite: Minimum GPA of 3.0 in the biology major, and completion of at least one upper-division (300-level or higher) biology course. Minimum junior standing. Limited to biology majors and minors.

Consent: Instructor Consent Required

• *BIOL 383 is highly recommended prior to enrollment in this course.*

Students design and implement collaborative research projects to address special topics identified by the instructor. Student researchers will develop hypotheses and design studies to test them. The course emphasizes teamwork, data interpretation, and communication.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

BIOL 485 Issues in Biology (2 crs)

Prerequisite: Limited to biology majors and minors. No credit if taken after BIOL 385 or BIOL 497. Minimum senior standing.

Senior groups will use their education to locate and evaluate research on selected issues. Groups will produce a scholarly background paper, a creative presentation, and lead a discussion.

Attributes: Capstone Course

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

BIOL 489 Biology Honors Thesis (1 cr)

Prerequisite: Must have a resident, total, and biology GPA of at least 3.50

Consent: Instructor Consent Required

• *Student must have a research mentor prior to enrollment.*

Research and writing/preparation of Honors Thesis. Students are expected to make substantial intellectual contributions to the development, implementation, or scholarly interpretation of the project.

BIOL 490 Biological Field Studies (1-4 crs)

Prerequisite: One introductory and one upper-division biology course.

Consent: Instructor Consent Required

Extended travel to study field biology. Students record notes and data in the field and submit final written and/or oral reports. Field identification quizzes may also be required.

Attributes: Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 4 credits

BIOL 491 Special Topics (1-3 crs)

Prerequisite: Minimum junior standing.

Lectures, laboratory, or field study covering specific areas not normally discussed in regular classes, and of special interest to students or faculty.

Repeat: Course may be repeated

BIOL 496 Student Academic Apprenticeship (1-2 crs)

Prerequisite: Sixteen credits in biology. Minimum junior standing. Limited to biology majors.

Consent: Instructor Consent Required

- No more than two credits can be counted toward a biology major, comprehensive major or minor. A total of four credits may be taken between this course and BIOL 296. Note: only one S/U course can be applied to a standard major and up to two S/U courses can be applied to a comprehensive major.

For qualified students, selected and supervised by faculty members, to facilitate teaching and learning in a specific course. Apprentices enhance their knowledge of biology and their ability to communicate that knowledge to other students.

Attributes: LE-CEL Community-Engaged Learning, Capstone Course

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: S/U Only Grade Basis

BIOL 497 Senior Research Presentation (1 cr)

Prerequisite: BIOL 395 or BIOL 399 or BIOL 499 or consent of instructor. Limited to biology majors and minors. Minimum senior standing. No credit if taken after BIOL 385 or BIOL 485.

Capstone for biology majors involved in field or laboratory research. Student will present independent research through an oral presentation or poster given at Student Research Day.

Attributes: Capstone Course

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

BIOL 498 Internship in Biology (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

- Up to three credits may count in any of the comprehensive or standard majors in biology or biology minors.

Provides supervised on-the-job experience in a biologically-related area of interest.

Attributes: Service-Learning, Full 30 Hours, Internship

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: S/U Only Grade Basis

BIOL 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Independent study projects under the direction of a faculty member.

Repeat: Course may be repeated

BIOL 505 Molecular and Cell Biology (4 crs)

Prerequisite: Grades of C or above in BIOL 221, BIOL 222, and BIOL 223; and CHEM 104 or CHEM 109 or CHEM 115 or consent of instructor

- Dual-listed with BIOL 305. No credit after BIOL 305, BIOL 302, 304, 502 or 504

Current concepts in molecular/cell biology including structure/function of cells and cell organelles, gene function/regulation, and cell signaling.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

BIOL 506 Infectious Disease Biology (3 crs)

Prerequisite: Grades of C or above in BIOL 221, BIOL 222, and BIOL 223; and CHEM 109 or CHEM 115 or consent of instructor

- Dual-listed with BIOL 306. Credit may not be earned in both courses.

Introduction to the realities of pathogens and parasites in our lives and their relationship to hosts, reservoirs, and environmental factors. Discussion of emerging and re-emerging diseases within the context of human, veterinary, wildlife, and planetary health.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 511 General Entomology (4 crs)

Prerequisite: BIOL 100 or BIOL 211 or grades of C or above in BIOL 222 and BIOL 223.

- Dual-listed with BIOL 311. Credit may not be earned in both courses.

Study of the structure, function, diversity, ecology, and management of insects. Field collection and laboratory identification of terrestrial and aquatic insects of Wisconsin.

Attributes: Field Trip(s) Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

BIOL 515 Reproductive Physiology (3 crs)

Prerequisite: BIOL 222 and BIOL 223.

- Dual-listed with BIOL 315. Credit may not be earned in both courses.

Examination of the principles and mechanisms of reproduction in human. Social aspects of reproduction, including reproductive biotechnologies and reproductive health will also be discussed.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BIOL 561 Biology of Microorganisms (5 crs)

Prerequisite: BIOL 111 or BIOL 221, and one year of chemistry. No credit if taken after credit earned in BIOL 250.

• *Dual-listed with BIOL 361. Credit may not be earned in both courses.*

Study of microbial taxonomy, physiology, genetics, ecology, and morphology with environmental, industrial, agricultural, and medical applications.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 4

BIOL 580 Endocrinology (4 crs)

Prerequisite: BIOL 211 or grades of C or above in BIOL 222 and BIOL 223; CHEM 104 or CHEM 109 or CHEM 115.

• *Dual-listed with BIOL 380. Credit may not be earned in both courses.*

Study of the relationships between histophysiology, chemistry, and disorders of the endocrine system; its interrelationships with the nervous system and how both contribute to bodily homeostasis.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

BIOL 602 Current Topics in Virology and Immunology (4 crs)

Prerequisite: BIOL 361/561

• *Dual-listed with BIOL 402. Credit may not be earned in both courses.*

Lectures and readings in immunology and virology. Emphasis on the mode of thinking and reasoning that led to earlier solutions. Discussions of current advances in the fields.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

BIOL 704 Research Techniques (2 crs)

Consent: Instructor Consent Required

Emphasis on experimental design and specific techniques appropriate to the various subdisciplines in biology.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

BIOL 791 Directed Studies (1-3 crs)

Consent: Instructor Consent Required

Lectures, laboratory, or field study covering specific areas not normally included in regular classes, and of special interest to students and/or faculty.

Repeat: Course may be repeated for a maximum of 7 credits

Grading Basis: No S/U Grade Option

BIOL 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Independent study projects under direction of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

BIOL 798 Graduation Only (1 cr)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

BIOL 799 Thesis (1-6 crs)

• *Full-time equivalent.*

A description of acceptable topics and the precise nature of the thesis requirement is provided in the departmental program descriptions.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: PR Only Grade Basis

Biomedical Engineering (BME)

BME 201 Introduction to Biomedical Engineering (2 crs)

Prerequisite: MATH 114

Introduction to the field of biomedical engineering and the role of bioengineers. The class will cover a number of human diseases and discuss biomedical engineering techniques that are being developed to improve healthcare.

Lecture Hours: 2

Lab/Studio Hours: 0

BME 289 Research Experience - BME (1-3 crs)

Consent: Instructor Consent Required

This course provides research opportunities in Biomedical Engineering for students in their first or second year of their major studies.

Repeat: Course may be repeated

BME 291 Special Topics in Biomedical Engineering (1-3 crs)

Consent: Instructor Consent Required

• *Field trips optional. A total of no more than nine credits from BME 291 may be applied toward major or graduation.*

Lecture and possibly laboratory or field work in the study of current topics in Biomedical Engineering of special interest to students and faculty.

Repeat: Course may be repeated for a maximum of 9 credits

BME 296 Student Academic Apprenticeship (1 cr)

Consent: Instructor Consent Required

- *Grade of B or above in the connected course (or equivalent) is required for the student to serve as a student academic apprentice.*

Student academic apprentices in biomedical engineering will assist the course instructor, will aid in the learning of students enrolled in the connected course, and will demonstrate learning about the instruction process and a deeper understanding of biomedical engineering.

Repeat: Course may be repeated for a maximum of 6 credits

BME 301 3D Printing in Medicine (3 crs)

This course will introduce students to the emerging use of 3D Printing in medicine. Students will learn the process of taking medical imaging data to the production of physical anatomic models. The course will cover the basics of imaging, methods used to create 3D computer models from imaging data, the processing of imaging files with CAD software and the conversion into files that are compatible with 3D printing.

Lecture Hours: 2

Lab/Studio Hours: 2

BME 320 Clinical Problems in Biomedical Engineering (3 crs)

Prerequisite: BME 201, BIOL 221, and BIOL 314. BIOL 221 and BIOL 314 can be taken concurrently.

Lectures and discussions to investigate advances in the use of engineering approaches to address key clinical problems that exist in the medical field. Engineering topics will include: bioinstrumentation, medical imaging, biomaterials, biomechanics and medical devices. This course builds on the Engineering and Biology principles introduced in BME 201.

Lecture Hours: 3

Lab/Studio Hours: 0

BME 330 Biomedical Engineering Instruments and Measurements w/lab (4 crs)

Prerequisite: BME 320; PHYS 232; MATH 312

Principles and the application of instrumentation that are used for medical measurements and observing physiological variables. The class will focus on the detection of signals, data acquisition and processing, and display of signals. Topics will include; respiration, heart sounds, temperature, and blood pressure. Hands on practical experience with biomedical instrumentation will be included.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

BME 340 Biomaterials (4 crs)

Prerequisite: CHEM 109

Introduction to the role of materials used in medicine such as polymers, metals, ceramics, hydrogels, and smart polymers. Discussions of key biological principals involved with using materials in humans will include cell adhesion, extracellular matrix, cell-biomaterial interactions, inflammation and rejection.

Lecture Hours: 4

Lab/Studio Hours: 0

BME 370 Medical Imaging (3 crs)

Prerequisite: PHYS 240, MATH 312

Introduction to the engineering, scientific principles and computation associated with medical imaging technologies including; X-ray, computed tomographic, ultrasound, magnetic resonance, and nuclear imaging. A brief overview of optical technologies and biophotonic approaches will be covered.

Lecture Hours: 3

Lab/Studio Hours: 0

BME 395 Directed Studies (1-3 crs)

Prerequisite: Minimum 2.0 GPA in Biomedical Engineering

Consent: Department Consent Required

This course is designed to allow a single student or a group of students to pursue their educational goals and interests under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: A-F Grades Only

BME 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

This course provides junior-level students with research opportunities in Biomedical Engineering.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

BME 425 Biomechanics (4 crs)

Prerequisite: PHYS 232, MATH 312

Statics and dynamics principles applied to the human body to determine forces provided by muscles and impacts on joints. Topics include statics, dynamics, inverse dynamics, fluid dynamics, materials properties of the body and prosthesis design. Labs include anthropometric measurements, analysis of human movement, and measurements of properties of biological materials.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

BME 430 Cell and Tissue Engineering w/lab (4 crs)

Prerequisite: BME 320

Introduction to the principles and techniques of cell and tissue engineering. Labs will be focused on growing and manipulating human cell lines and conducting a range of cell biology assays. Experiments on creating 3D engineered scaffolds and associated assays will be conducted.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

BME 450 Medical and Implantable Devices w/lab (5 crs)

Prerequisite: BME 340 (or concurrent)

Topics will include the theory and applications of therapeutic implantable devices such as pacemakers, defibrillators, artificial skin, and drug delivery systems. Discussion of the role of host reaction to biomaterials, inflammation, and wound healing. Biological testing of devices and prostheses; medical product development, quality assurance for medical products; FDA and ISO requirements for medical devices will also be included.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 2

BME 460 Biological Systems Analysis (3 crs)

Prerequisite: MATH 312; BME 320; PHYS 240

Computational and mathematical modeling of biological processes (system dynamics and frequency-domain analysis). Topics covered will include population models, metabolic networks, biological oscillation, and dynamics of infectious diseases.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

BME 486 BME Capstone I (2 crs)

Prerequisite: MSE 256 or concurrent enrollment; BME 320; MSE 307; MSE 386 or departmental consent

Consent: Instructor Consent Required

• *This course requires access to a laptop computer which can be brought to class when required. Please see the Materials Science and Biomedical Engineering Department laptop requirement: <https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-biomedical-engineering/academic-offerings/materials-science-biomedical-engineering-laptop-requirements/>*

First of a two-course capstone sequence. Hands-on, project-based experiences including engineering design, problem solving and Computer Aided Design (CAD).

Lab/Studio Hours: 0

Seminar Hours: 4

BME 487 BME Capstone II (2 crs)

Prerequisite: BME 486

• *This course requires access to a laptop computer which can be brought to class when required. Please see the Materials Science and Biomedical Engineering Department laptop requirement: <https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-biomedical-engineering/academic-offerings/materials-science-biomedical-engineering-laptop-requirements/>*

Second of a two-course capstone sequence. Conclusion of student-designed projects accompanied by preparation of multiple technical documents.

Attributes: LE-I1 Integration

Lab/Studio Hours: 0

Seminar Hours: 4

BME 493 Collaborative Internship (1-3 crs)

Prerequisite: 2.50 total GPA; minimum junior standing

Consent: Instructor Consent Required

This course provides students an opportunity to participate in collaborative projects that are performed on campus under the supervision of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

BME 494 Off-campus Biomedical Engineering Internship (1-3 crs)

Prerequisite: 2.50 total GPA; minimum junior standing

Consent: Instructor Consent Required

Off-campus internship with a regional company or other partner, including professional development training and reflection.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

BME 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing

Consent: Department Consent Required

This course provides senior-level students with research opportunities in Biomedical Engineering.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Business Administration (BSAD)

BSAD 100 Introduction to the World of Business (1 cr)

Prerequisite: Credit cannot be earned if taken after BSAD 101.

- Credit cannot be counted toward any College of Business major or minor programs.

An introduction to the business organization, and the roles and functions performed by those who work within the business.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

BSAD 105 Essentials of Accounting (2 crs)

Prerequisite: Credit cannot be earned if taken after ACCT 201 or ACCT 202.

- Credit cannot be counted toward any College of Business major or minor programs.

This course teaches students how to interpret basic financial statements. Students learn the parts of annual reports issued by companies, the differences between balance sheets and income statements, and basic accounting terminology.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

BSAD 110 Business Leadership Institute (1-2 crs)

Prerequisite: New Freshmen Only

This course helps students develop the knowledge and competencies necessary to reach their educational potential. Topics include leadership, teamwork, goal setting, time management, communication skills (interpersonal, oral, and written), social responsibility, globalization, and diversity.

Lecture/Discussion Hours: 1-2

Lab/Studio Hours: 0

BSAD 115 Essentials of Human Resource Management (2 crs)

Prerequisite: Credit cannot be earned if taken after MGMT 349.

- Credit cannot be earned toward any College of Business major or minor programs.

This course examines policies and practices relating to recruitment, selection, training and development, performance appraisal, reward systems, and employee relations. This course is for non-business students seeking a business elective or the business administration certificate.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

BSAD 120 Essentials of Personal Finance (2 crs)

Prerequisite: Credit cannot be earned if taken after FIN 135.

- Credit cannot be earned toward any College of Business major or minor programs.

This course teaches how to manage your finances. You learn how to track spending, set up a budget, avoid hidden costs in transactions, and invest. You learn personal finance terminology used in the financial press.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

BSAD 125 Essentials of Marketing (2 crs)

Prerequisite: Credit cannot be earned if taken after MKTG 330.

- Credit cannot be earned toward any College of Business major or minor programs.

This course provides students with a basic understanding of marketing. Students learn the role of product, price, promotion, and distribution in the marketing process and explore how marketing impacts their chosen field.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

BSAD 130 Essentials of Management (2 crs)

Prerequisite: Credit cannot be earned if taken after MGMT 340.

- Credit cannot be earned toward any College of Business major or minor programs.

This course explores basic managerial functions such as planning, organizing, staffing, directing, and controlling. Topics include the application of management principles to include aspect of authority, departmentalization, line and staff relations, and comparative management.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

BSAD 135 Essentials of Business Communication (2 crs)

Prerequisite: Credit cannot be earned if taken after both BCOM 206 and BCOM 207.

- Credit cannot be earned toward College of Business major or minor programs.

This course introduces students to the basics of business communication. Students learn to determine the most effective means to communicate the plan, revise, and polish communication for business.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

BSAD 140 Essentials of Information Systems (2 crs)

Prerequisite: Credit cannot be earned if taken after IS 240.

- Credit cannot be earned toward any College of Business major or minor programs.

This course offers a focus on personal information systems to enhance your productivity in today's digital environment. It emphasizes computer use, tool integration, and support of business processes.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

BSAD 145 Essentials of Business Law (2 crs)

Prerequisite: Credit cannot be earned if taken after BLAW 305 or BLAW 306.

- Credit cannot be earned toward any College of Business major or minor programs.

This course examines the business legal environment, including sources of law and forms of business ownership. You will learn basic principles of agency, contract law, warranty and commercial paper.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

BSAD 150 Essentials of Investing (2 crs)

Prerequisite: Credit cannot be earned if taken after FIN 320.

- Credit cannot be earned toward any College of Business major or minor programs.

This course teaches the basics of financial investments. You will learn to identify investments and when and how much to invest. Topics include real estate, financial instruments, and insurance annuities. You will learn basic investment terminology.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

BSAD 155 Essentials of Leadership (2 crs)

Prerequisite: Credit cannot be earned if taken after MGMT 300 OR MGMT 340.

- Credit cannot be earned toward any College of Business major or minor programs.

This course provides an overview of the complexities of practicing leadership and offers students concrete strategies for developing their leadership skills. Students will apply these fundamental leadership principles to their own lives through self-assessment and reflection.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

BSAD 180 Foundations for Success in Business (3 crs)

Prerequisite: Open to declared College of Business major, COB Undecided, or Business Pre-Professional students with fewer than 45 credits.

Introduction to business and the integration of functional areas within business. Individual and group work investigating foundations of business success. Introduction to College of Business learning goals of teamwork, communication, and problem solving.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BSAD 191 Special Topics (1-3 crs)

Selected topics of special interest to students and faculty, not normally covered in regular classes.

Repeat: Course may be repeated for a maximum of 6 credits

BSAD 202 Business Statistics (3 crs)

Probability and statistics applied to business problems; frequency and probability distributions, mean and variance, normal distribution, hypothesis testing, linear regression and correlation.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BSAD 300 Cultural Competence for Today's Workplace (1 cr)

Prerequisite: Completion of 45 credits

Develops the awareness and sensitivity of students to issues of race, religion, culture, age, gender, sexual orientation, and disabilities in the workplace.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

BSAD 395 Directed Studies (1-4 crs)

Consent: Department Consent Required

BSAD 398 Internship Program I (1-3 crs)

Prerequisite: ECON 103, 104, ACCT 201 OR ACCT 202, IS 240. Minimum junior standing

Consent: Department Consent Required

- *Acceptance in Internship Program. See description under College of Business. A maximum of three credits of BSAD 398 may be applied to the 120-credit graduation requirement.*

Students gain on-the-job experience in business communication in a supervised professional setting.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, Internship, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 3 credits

BSAD 399 Independent Study Projects (1-4 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Lab/Studio Hours: 0

Repeat: Course may be repeated

Lecture/Discussion Hours: 1-4

BSAD 490 Experiential Applications in Business Administration: Turning Ideas into Impact (3 crs)

Prerequisite: At least junior standing in the business administration major.

Completion of the following BUSCORE Courses: ACCT 201, BCOM 206, BLAW 305, BSAD 300, FIN 320, IS 240, MKTG 330, MGMT 340, OSCM 341; or department consent.

- *Students are advised to complete at least 9 credits in their secondary area before taking this course, as this course requires knowledge in both business and the student's secondary area.*

This course invites students to explore the intersection of their secondary area of concentration with their business administration studies. Through applied projects, case analyses, and reflective practice, students will examine how their secondary area contributes to business problem-solving, innovation, and strategic thinking. Students will work individually and in teams to design and present integrative solutions to real-world business challenges, drawing on both their business core and secondary area expertise. The course emphasizes professional communication, collaboration, and career readiness. The course culminates in a student-directed project that connects their business administration degree to their personal and professional goals.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BSAD 491 Selected Topics in Business (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Instructor Consent Required

Small groups will study topics selected because of a special interest on the part of students or faculty.

Repeat: Course may be repeated

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

BSAD 495 Directed Projects (3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Internship experiences in business situations relevant to student's major field of study; under supervision of faculty member.

Repeat: Course may be repeated

BSAD 498 Internship Program II (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

- *Acceptance in Internship Program. See description under College of Business. Up to 3 credits of BSAD 398 may be applied to the 120-credit graduation requirement.*

Students gain on-the-job experience in business communication in a supervised professional setting.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, Internship, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 3 credits

BSAD 499 Independent Study Projects (1-4 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

BSAD 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

BSAD 798 Graduation Only (1 cr)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

Business Communication (BCOM)

BCOM 205 Business English and Document Editing (3 crs)

Professional written communication must be clear and credible. This introductory course is designed for students who are interested in writing in business settings. The course will include instruction in standard Business English (i.e., spelling, grammar, mechanics, and punctuation); proofreading and editing techniques for business documents; use of style guides; and business document formatting. Through class exercises, individual writing assignments, tutorials, and teamwork, students will improve writing and editing skills to produce more focused, polished, and effective business documents.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BCOM 206 Business Communication: Writing, Speaking, and Collaborating (3 crs)

Prerequisite: Minimum sophomore standing.

Develop essential business communication skills, focusing on written communication, oral communication, and collaboration. Topics include workplace communication, message creation, emerging technologies, presentation techniques, and virtual and in-person collaboration. Engage in practical exercises, case studies, and projects to enhance clarity, coherence, and professionalism in messaging for various business audiences and contexts.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BCOM 207 Business Communication: Persuasive Messaging, Conversations, and Professional Development (3 crs)

Prerequisite: Minimum sophomore standing.

This course builds essential business communication skills across written, oral, visual, and digital formats. You will leverage foundational communication strategies and communication analysis to communicate in a variety of business contexts, including delivering bad-news messages, crafting persuasive messages, writing and presenting reports and visuals, and communicating in meetings. You will also develop your professional image and prepare for an employment search.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BCOM 208 Technology for Business Communication (3 crs)

•Formerly offered as BCOM 308.

Apply current and emerging technologies and applications in order to improve the efficiency and effectiveness of business communication in an organization. Discuss theoretical and practical aspects of business communication technologies to select, use, manage, and problem solve using a range of technologies to process, convey, and present information in business contexts.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BCOM 306 Advanced Business Writing (3 crs)

Prerequisite: A grade of C or better in BCOM 206 or BCOM 207

Further develop your writing skills by creating formal business reports, news releases, instructions, and brochures. Explore writing for print vs. electronic environments.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BCOM 307 Advanced Business Presentations (3 crs)

Prerequisite: A grade of C or better in BCOM 206 or BCOM 207

Theory and practice in making presentations in a variety of professional settings using a variety of support media. Student presentations are evaluated.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BCOM 309 Communicating in Workplace Relationships (3 crs)

Prerequisite: A grade of C or better in BCOM 206 or BCOM 207

This course is designed to enhance students' understanding of the multiple workplace relationships employees may experience in their organization and to develop the business communication skillset necessary to navigate these relationships. Particular emphasis is placed on experiential learning to improve students' ability to communicate successfully in workplace relationships. Students will author a business communication case study and lead peers through a discussion of the case, conduct informational interviews with full-time working adults on their experiences in workplace relationships and provide an analysis of those experiences, use articles to generate recommendations on how to communicate competently in workplace relationships, and develop and facilitate a training workshop designed to improve some aspect of workplace relationships.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BCOM 310 Theoretical Approaches to Business Communication (3 crs)

Prerequisite: A grade of C or better in BCOM 206 or BCOM 207

Students explore theoretical lenses and common methodologies for analyzing contemporary business communication genres. Particular focus is on the application of theoretical approaches and frameworks commonly used in the rhetorical tradition to critique an organization's messaging and create effective business messages.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BCOM 315 Co-Creating with AI for Business Communication (3 crs)

Prerequisite: A grade of C or better in BCOM 206 or BCOM 207

Explore how artificial intelligence is transforming the way we write, present, and collaborate in professional settings. In this course, students explore a variety of AI tools and workplace scenarios to strengthen rhetorical awareness and business communication skills. They learn to analyze audience, purpose, and context while co-creating with AI to craft messages that are clear, concise, and professional. Through hands-on projects, students create advanced professional communications while identifying the benefits and limitations of AI in business contexts. Students learn to collaborate with AI in ways that infuse human creativity, discernment, and rhetorical awareness in business communication.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BCOM 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing. Resident and total GPA 2.75.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

BCOM 401 Data Visualization for Business Communication (3 crs)

Prerequisite: A grade of C or better in BCOM 206 or BCOM 207; IS 240.

Data-driven organizations seek business professionals who can expertly communicate information. This course draws from best practices and research in business communication, graphic design, information literacy, cognitive science, and visual communication to prepare students to effectively incorporate data visualizations in their business communication efforts. Conceptual knowledge and practical application will enable students to grow in their data literacy.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BCOM 405 Advanced Business Communication (3 crs)

Prerequisite: A grade of C or better in BCOM 206 or BCOM 207.

An in-depth application of business communication skills. As internal communication specialists, students work in teams to prepare, organize, and deliver business communication training seminars. The course format is an applied business communication context.

Attributes: Undergraduate/Graduate Offering, Capstone Course

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

BCOM 490 Internship in Business Communication (1-3 crs)

Prerequisite: BCOM 206, 207 with C or better; Minimum junior standing.

Consent: Department Consent Required

• *Additional BCOM course work is recommended.*

Students gain on-the-job experience in business communication in a supervised professional setting.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: A-F Grades Only

BCOM 491 Selected Topics in Business Communication (1-3 crs)

Prerequisite: BCOM 206, 207 with C or better; Minimum junior standing.

Selected topics in business communication chosen because of a special interest on the part of students or faculty.

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: A-F Grades Only

BCOM 495 Directed Studies (1-3 crs)

• *Permission of department chair for each new topic.*

Permits a student or group of students to pursue a defined problem in an intensive way under the direction of departmental faculty members.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

Grading Basis: No Auditors

BCOM 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing. Minimum resident and total GPA of 2.75.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

BCOM 798 Graduation Only (1 cr)

Repeat: Course may be repeated
Grading Basis: PR Only Grade Basis

Business Law (BLAW)

BLAW 305 Legal and Regulatory Environment (3 crs)

Prerequisite: Completion of 54 credits

This course considers legal and ethical issues affecting American business. Students will learn to recognize, prevent, and manage related risks in the legal and regulatory environment in which businesses operate. Students are introduced to the U.S. court system, alternative dispute resolution techniques, and administrative law. Sustainability of business practices, social responsibility, and rights and duties are emphasized through discussion of topics such as environmental law, employment discrimination, torts, agency principles, and related constitutional law principles.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

BLAW 306 Business Law (3 crs)

Prerequisite: Minimum junior standing.

- *BLAW 305 is recommended prior to enrollment in this course.*

Law of contracts, sales, negotiable instruments, secured transactions, suretyship, bankruptcy, accountant's legal liability, personal property, bailments and documents of title, real estate, wills, trusts, and insurance.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

BLAW 315 International Business Law (3 crs)

Prerequisite: Minimum junior standing.

A study of private and public law as it affects U.S. companies dealing in international business.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

BLAW 316 Sustainability and Business Law (3 crs)

Prerequisite: Junior Standing

This course examines legal implications at the intersection of sustainability and business law. It covers how sustainability relates to areas like corporate governance, ethics, contracts, employment, torts, criminal law, commercial regulations, consumer law, international law, tax, and intellectual property. Students learn to assess a company's environmental, social, and human rights impacts. The course explores the challenges of regulating business impacts and evaluates the effectiveness of different corporate sustainability approaches.

Attributes: CP Civics Perspectives, LE-R3 Civic and Environmental Issues
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

BLAW 317 Entrepreneurship Law (3 crs)

Prerequisite: Junior Standing

This experiential learning course immerses students in the legal foundations of entrepreneurship. Through case studies, hands-on document drafting, and real-world legal simulations, students will navigate the essential legal challenges that entrepreneurs and their businesses face.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

BLAW 318 Health Law and Ethics (3 crs)

This course examines the complex legal, regulatory, and ethical environments in which healthcare administrators operate. Students will explore key legal frameworks governing the healthcare system, with particular focus on ethical considerations and decision-making.

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

Chemistry (CHEM)

CHEM 100 Chemistry: Issues and Answers (3 crs)

Prerequisite: No credit if taken after CHEM 101, 103, 105, 106 or 115

- *No credit toward chemistry major or minor.*

An exploration into the world of atoms and molecules, designed to develop an understanding of the behavior of matter and how chemistry has both solved and created problems in our developing society.

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab, LE-R3 Civic and Environmental Issues, Special Course Fee Required
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

CHEM 105 General Chemistry I Lecture (3 crs)

Prerequisite: MATH 20 or a suitable mathematics placement test score. High School chemistry completed. No credit if taken after CHEM 103 or CHEM 115

- *If taking both CHEM 105 and CHEM 106, concurrent enrollment strongly recommended.*

Principles of chemistry, including atomic structure, physical and periodic properties, structure and bonding, reactions, thermochemistry, and stoichiometry.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

CHEM 106 General Chemistry I Laboratory (2 crs)

Prerequisite: MATH 20 or a suitable math placement score. High School chemistry completed. CHEM 105 or concurrent enrollment. No credit after CHEM 103 or 115

A general chemistry lab/discussion experience. Gases, reactions, stoichiometry, solution chemistry, thermochem. Data collection, management, and interpretation.

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab, Special Course Fee Required
Lecture/Discussion Hours: 1
Lab/Studio Hours: 2

CHEM 108 General Chemistry I (4 crs)

Prerequisite: MATH 20 or a suitable mathematics placement test score. High School chemistry completed. No credit if taken after CHEM 103 or CHEM 115. Equivalent to CHEM 105.

Principles of chemistry, including atomic structure, physical and periodic properties, structure and bonding, reactions, thermochemistry, and stoichiometry.

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab
Lecture/Discussion Hours: 3
Lab/Studio Hours: 3

CHEM 109 General Chemistry II (4 crs)

Prerequisite: Grade of C or above in both CHEM 105 and CHEM 106; or Grade of C or above in CHEM 103; or Grade of C or above in CHEM 108; No credit if taken after CHEM 104 or CHEM 115.

Solution properties and intermolecular forces; equilibrium, thermodynamic and kinetic aspects of chemical reactions; acid-base, precipitation, and redox reactions.

Attributes: Special Course Fee Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 3

CHEM 115 Chemical Principles (6 crs)

Prerequisite: MATH 109, or 3 years of above-average work in college-prep MATH and a suitable math placement test score. Strong performance in at least one year of high school chemistry. No credit if taken after or concurrently with CHEM 103, 104, 106, 108, 109.

• See Note 3 regarding strong performance in high school chemistry under "Information for All Students about General Chemistry Placement" on the Chemistry Department catalog overview page.

Principles of chemistry, including chemical properties and the periodic table, atomic structure, chemical bonding, equilibria, thermodynamics, acid-base reactions, oxidation-reduction reactions and complexation reactions.

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab, Special Course Fee Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 6

CHEM 127 Chemistry and Climate (3 crs)

• No credit toward chemistry major or minor.

An inquiry into the magnitude and causes of global climate change, and an introduction to the physical and chemical principles that drive the climate system. Assumes no prior experience with chemistry, physics, or earth science.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences, LE-R3 Civic and Environmental Issues
Lecture Hours: 2
Discussion Hours: 1

CHEM 151 Foundations of General, Organic, and Biochemistry (4 crs)

Prerequisite: MATH 20 or a suitable mathematics placement test score. High School chemistry completed. Equivalent to CHEM 150.

• No credit toward chemistry major or minor.

Introductory general, organic, and biochemistry intended to develop a broad understanding of human health and disease. Emphasis on stoichiometry, solution preparation, and chemical equilibrium as it relates to the biological activity of molecules applied to living systems. Additional topics include essential organic chemistry transformations and a survey of the chemistry of proteins, carbohydrates, lipids, and biomolecules. The course content supports a broader understanding of human health and disease.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences
Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

CHEM 161 Chemistry and Culture of Food and Cooking (3 crs)

• No credit toward chemistry major or minor.

This course will focus on the chemistry of food and cooking but will also examine historical and cultural aspects of food.

Attributes: NSW Natural Science Wellness, LE-I1 Integration, LE-K1 Natural Sciences, Special Course Fee Required
Lecture Hours: 3
Discussion Hours: 0

CHEM 191 Current Topics in Chemistry (1-3 crs)

• No credit toward chemistry major or minor. Not applicable toward laboratory course requirement for natural sciences for B.A. and B.S. degrees in the College of Arts and Sciences.

Chemistry topics of current interest investigated at a level suitable for first and second year undergraduates.

CHEM 213 Quantitative Analysis (4 crs)

Prerequisite: Grade of C or above in CHEM 104 or CHEM 109 or CHEM 115, or consent of instructor.

Theory, applications, and calculations involved in methods of chemical analysis.

Attributes: LE-S3 Creativity, Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 6

CHEM 218 Introduction to Inorganic Chemistry (3 crs)

Prerequisite: A grade of a C or above in CHEM 109 or CHEM 115

Introduction to inorganic compounds and reactions, with emphasis upon their applications in the environment, in commerce, and in life. Principles of molecular structure, acid-base and redox reactions, and coordination chemistry are applied.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 296 Student Academic Apprenticeship in Chemistry (1-2 crs)

Prerequisite: Total GPA of 3.0 required.

Consent: Department Consent Required

- *Grade of B (3.0) or above in the course in which the student will apprentice. No credit toward chemistry major.*

Qualified students, selected and supervised by faculty members, facilitate teaching and learning in a specific course. Students enhance their knowledge of chemistry and their ability to communicate that knowledge.

Attributes: Service-Learning, Full 30 Hours

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: S/U Only Grade Basis

CHEM 304 Environmental Chemistry (3 crs)

Prerequisite: CHEM 104 or CHEM 109 or CHEM 115

A study of the chemistry of the environment, including the atmosphere, natural waters, and soils. Students will refine chemical knowledge by examining specific problems related to environmental issues.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 318 Bioinorganic Chemistry (3 crs)

Prerequisite: CHEM 218 and CHEM 325

This course will explore the biological chemistry of the transition metals, including metalloprotein structure and function, small-molecule synthetic modeling systems, metal ion trafficking in biological systems, bioorganometallic chemistry, and the uses of metals in medicine.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 325 Organic Chemistry I with Laboratory (4 crs)

Prerequisite: CHEM 104 or CHEM 109 or CHEM 115 with a grade of C or above.

No credit if taken after CHEM 321 or CHEM 322.

Introduces molecular structure and bonding, organic nomenclature, acid/base properties of organic compounds, stereochemistry, resonance, mechanisms, and synthetic reactions illustrating functional group interconversion. Microscale laboratory techniques for the preparation, isolation, purification, and characterization of organic compounds.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

CHEM 326 Organic Chemistry II with Laboratory (4 crs)

Prerequisite: CHEM 325 with a grade of C or above.

Provides a deeper analysis of organic synthesis and mechanisms, including substitution, elimination, aromatic, carbonyl and enolate chemistry. An emphasis on multistep synthesis and detailed mechanisms. The laboratory component involves advanced purification and synthetic techniques.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

CHEM 344 Modern Applied Separations and Spectrometry (2 crs)

Prerequisite: Prerequisite: CHEM 213; Prerequisite or Concurrent Enrollment: CHEM 218 and CHEM 326

Laboratory-centered instruction in the application of modern chromatography (GC and HPLC) spectrometry (MS, UV/Vis and FT-IR) to the analysis of real-world samples. Emphasis on preparation for baccalaureate-level careers in chemical industry.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 3

CHEM 352 Fundamentals of Biochemistry (4 crs)

Prerequisite: CHEM 326 or concurrent enrollment. Credit may not be earned in both CHEM 352 and CHEM 452.

- *No more than six credits from a combination of CHEM 352 and CHEM 454 for chemistry majors, chemistry minors, or biochemistry/molecular biology majors.*

This course is designed for nonbiochemistry/molecular biology science majors who require a one semester course in biochemistry. The fundamental chemical, structural, and metabolic aspects of lipids, proteins, carbohydrates, and nucleic acids are covered.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

CHEM 361 Molecules and Medicine (3 crs)

Prerequisite: CHEM 352 or CHEM 452 or concurrent enrollment in CHEM 352 or CHEM 452.

The major classes of medicinally-active natural and synthetic drugs, their structure, design, origin, biosynthesis and mode of action will be presented. This course will also cover basic pharmacology and modern drug design principles.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 374 Chemical Industry Seminar (1 cr)

Prerequisite: CHEM 109 or CHEM 115

A series of lectures by faculty and industrial speakers introduce students to various chemical and related industries and to the career opportunities and occupational qualifications for careers in chemistry and related fields.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

CHEM 375 Frontiers in Chemical Research Seminar (1 cr)

Prerequisite: CHEM 109 or CHEM 115

A series of lectures from faculty from academic institutions describing their chemistry research programs and career development in the chemical field. Course addresses skill development in scientific communication and scientific literature.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

CHEM 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual research projects under the direction of a faculty member.

Repeat: Course may be repeated

CHEM 401 Inorganic Chemistry (3 crs)

Prerequisite: CHEM 218 and CHEM 326 or concurrent enrollment in CHEM 326
Structure, bonding, and reactivity of inorganic compounds. Symmetry and group theory, vibrational analysis, and molecular orbital theory. Arrhenius and Lewis acid/base concepts. Organometallic and bioinorganic compounds, reactions, and mechanisms.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 406 Biophysical Chemistry (4 crs)

Prerequisite: CHEM 352 or CHEM 452; PHYS 212 or PHYS 232; MATH 111 or MATH 114. No credit if taken after CHEM 433 or CHEM 434. No more than four credits can be counted from a combination of CHEM 405, CHEM 406, and CHEM 433 toward any chemistry major or minor.

Consent: Instructor Consent Required

An introduction to the physical chemical approaches to studying biological macromolecules. Emphasis will be placed on thermodynamics, and the methods for determining and analyzing the structures and functions of biological macromolecules.

Attributes: LE-I1 Integration

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

CHEM 411 Survey of Industrial Chemistry (3 crs)

Prerequisite: CHEM 218 and CHEM 326.

• *Capstone experience for chemistry with business emphasis majors.*

Survey of manufacturing processes, applications, and economics of major inorganic and organic chemicals and polymers, including those involved in the production of plastics, fibers, elastomers, pesticides, pharmaceuticals, detergents, electronics, and pollution control technologies.

Attributes: LE-I1 Integration, Undergraduate/Graduate Offering, Capstone Course, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 420 Advanced Synthesis Laboratory (3 crs)

Prerequisite: CHEM 218 and CHEM 323 or CHEM 326. No credit if taken after CHEM 324.

An advanced, interdisciplinary laboratory experience with emphasis on the synthesis, purification, and spectroscopic characterization of inorganic and organic compounds.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 8

CHEM 426 Modern Organic Chemistry (3 crs)

Prerequisite: CHEM 326

Selected advanced topics in organic chemistry, including reaction mechanisms and synthesis, with emphasis on recent developments in the field.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 433 Physical Chemistry I (4 crs)

Prerequisite: CHEM 213, CHEM 218; MATH 215; PHYS 232 or concurrent enrollment. No more than four credits can be counted from a combination of CHEM 405, CHEM 406, and CHEM 433 toward any chemistry major or minor.

A quantitative study of the physical properties of matter emphasizing the macroscopic perspective. Topics include: gas behavior, chemical thermodynamics, phase equilibrium, mixtures and solutions, chemical equilibrium, electrochemistry, and chemical kinetics.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

CHEM 434 Physical Chemistry II (4 crs)

Prerequisite: CHEM 433

Continuation of Chemistry 433. The quantitative study of the physical properties of matter emphasizing the microscopic perspective. Topics include: quantum theory, atomic and molecular structure, chemical bonding, molecular symmetry, spectroscopy, resonance techniques, and statistical mechanics.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

CHEM 438 Physical Analysis Laboratory (2 crs)

Prerequisite: CHEM 433

An advanced, project-oriented laboratory course in physical and analytical chemistry. Beyond reinforcing the fundamental concepts in these sub-fields, particular emphasis will be placed on technical writing, and the development of hands-on laboratory skills.

Attributes: Undergraduate/Graduate Offering, Capstone Course, Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

CHEM 452 Biochemistry I (3 crs)

Prerequisite: BIOL 221, BIOL 223 or concurrent enrollment, and CHEM 326. No credit after CHEM 352.

Chemistry of important constituents of living matter. Topics include proteins, carbohydrates, lipids, and nucleic acids. Also included are bioenergetics and basic enzyme kinetics and mechanism.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 453 Biochemistry Laboratory (2 crs)

Prerequisite: CHEM 213; CHEM 352 or CHEM 452. CHEM 352 or CHEM 452 can be taken concurrently.

Consent: Instructor Consent Required

Study of experimental methods of analysis in biochemistry and their use in determination of structure and function.

Attributes: Undergraduate/Graduate Offering, Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

CHEM 454 Biochemistry II (3 crs)

Prerequisite: CHEM 452

Study of advanced concepts in biochemistry, especially those involving metabolism and their regulatory mechanism of action.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 460 Polymer Chemistry (3 crs)

Prerequisite: CHEM 326

An introduction to synthetic and naturally occurring polymers with a focus on synthesis, analysis, and structure/property relationships. The history and development of polymers will be discussed as well as the impact on industry and society.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 490 Chemistry Internship (1-6 crs)

Prerequisite: A minimum of six earned credits in CHEM courses numbered 200 or above. A minimum 2.5 GPA in CHEM courses.

Consent: Instructor Consent Required

A supervised on-the-job experience in the chemical industry or other chemistry- or biochemistry-related workplace.

Repeat: Course may be repeated for a maximum of 6 credits

Lab/Studio Hours: 0

Independent Study Hours: Variable

CHEM 491 Special Topics (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Instructor Consent Required

Lectures with possible laboratory work covering specific areas not normally discussed in regular classes, and of special interest to students or faculty.

Possible topics include medicinal chemistry, wastewater chemistry and applied spectroscopy.

CHEM 495 Directed Studies (1-3 crs)

Prerequisite: 15 credits in college CHEM courses.

Consent: Department Consent Required

Course projects will be structured to fit the needs, interests, and goals of the students.

Repeat: Course may be repeated

CHEM 497 Independent Study - Research Manuscript (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

- *College of Arts and Sciences rules governing independent study apply.*

Individual research projects under the direction of a faculty member, with a substantial, culminating written report. The report is typically in a professional, journal-article format, with an extensive bibliography, and a significant body of original work. This course is typically taken after 399 and/or 499.

Repeat: Course may be repeated for a maximum of 6 credits

CHEM 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual research projects under the direction of a faculty member.

Repeat: Course may be repeated

CHEM 601 Inorganic Chemistry (3 crs)

Prerequisite: CHEM 218. CHEM 326 or concurrent enrollment in CHEM 326.

- *Dual-listed with CHEM 401. Credit may not be earned in both courses.*

Structure, bonding, and reactivity of inorganic compounds. Symmetry and group theory, vibrational analysis, and molecular orbital theory. Arrhenius and Lewis acid/base concepts. Organometallic and bioinorganic compounds, reactions, and mechanisms.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 611 Survey of Industrial Chemistry (3 crs)

Prerequisite: CHEM 218 and CHEM 326.

- *Dual-listed with CHEM 411. Credit may not be earned in both courses.*

Survey of manufacturing processes, applications, and economics of major inorganic and organic chemicals and polymers, including those involved in the production of plastics, fibers, elastomers, pesticides, pharmaceuticals, detergents, electronics, and pollution control technologies.

Attributes: Field Trip(s) Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 626 Modern Organic Chemistry (3 crs)

Prerequisite: CHEM 326

- *Dual-listed with CHEM 426. Credit may not be earned in both courses.*

Selected advanced topics in organic chemistry, including reaction mechanisms and synthesis, with emphasis on recent developments in the field.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 633 Physical Chemistry I (4 crs)

Prerequisite: CHEM 213, CHEM 218, MATH 215; PHYS 232 or concurrent enrollment.

- *Dual-listed with CHEM 433. Credit may not be earned in both courses.*

A quantitative study of the physical properties of matter emphasizing the macroscopic perspective. Topics include: gas behavior, chemical thermodynamics, phase equilibrium, mixtures and solutions, chemical equilibrium, electrochemistry, and chemical kinetics.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

CHEM 634 Physical Chemistry II (4 crs)

Prerequisite: CHEM 433/CHEM 633

- *Dual-listed with CHEM 434. Credit may not be earned in both courses.*

Continuation of Chemistry 433/633. The quantitative study of the physical properties of matter emphasizing the microscopic perspective. Topics include: quantum theory, atomic and molecular structure, chemical bonding, molecular symmetry, spectroscopy, resonance techniques, and statistical mechanics.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

CHEM 638 Physical Analysis Laboratory (2 crs)

Prerequisite: CHEM 434/CHEM 634 or concurrent registration.

- *Dual-listed with CHEM 438. Credit may not be earned in both courses.*

An advanced, project-oriented laboratory course in physical and analytical chemistry. Beyond reinforcing the fundamental concepts in these sub-fields, particular emphasis will be placed on technical writing, and the development of hands-on laboratory skills.

Attributes: Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

CHEM 652 Biochemistry I (3 crs)

Prerequisite: BIOL 221, BIOL 223, and CHEM 326. Credit may not be earned in both CHEM 352 and CHEM 452/ CHEM 652.

• *Dual-listed with CHEM 452. Credit may not be earned in both courses.*

Chemistry of important constituents of living matter. Topics include proteins, carbohydrates, lipids, and nucleic acids. Also included are bioenergetics and basic enzyme kinetics and mechanism.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 653 Biochemistry Laboratory (2 crs)

Prerequisite: CHEM 213; CHEM 452/CHEM 652 or concurrent registration.

Consent: Instructor Consent Required

• *Dual-listed with CHEM 453. Credit may not be earned in both courses.*

Study of experimental methods of analysis in biochemistry and their use in determination of structure and function.

Attributes: Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

CHEM 654 Biochemistry II (3 crs)

Prerequisite: CHEM 452/CHEM 652

• *Dual-listed with CHEM 454. Credit may not be earned in both courses.*

Study of advanced concepts in biochemistry, especially those involving metabolism and their regulatory mechanism of action.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 660 Polymer Chemistry (3 crs)

Prerequisite: CHEM 326

• *Dual-listed with CHEM 460. Credit may not be earned in both courses.*

An introduction to synthetic and naturally occurring polymers with a focus on synthesis, analysis, and structure/property relationships. The history and development of polymers will be discussed as well as the impact on industry and society.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CHEM 796 Directed Studies (1-3 crs)

Summer workshop for teachers.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

CHEM 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

CHEM 798 Graduation Only (1 cr)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

Chinese (CHIN)

CHIN 101 Beginning Chinese (4 crs)

Prerequisite: Chinese Placement Exam required or department consent.

• *Students without Chinese language background may contact the Languages Department for permission to enroll.*

An introduction to the language and culture of China. Includes basic grammar with practical application to all language skills: listening, speaking, reading, writing.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

CHIN 102 Beginning Chinese (4 crs)

Prerequisite: CHIN 101 or suitable placement score on the Chinese Placement Exam.

Continuation of Chinese 101.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

CHIN 110 Intensive Beginning Chinese (Mandarin) (16 crs)

• *Taught only at Jinan University, Guangzhou, China.*

Emphasis on basic vocabulary, grammar, speaking, listening, and writing.

Lecture/Discussion Hours: 16

Lab/Studio Hours: 6

CHIN 201 Intermediate Chinese (4 crs)

Prerequisite: CHIN 102 or suitable placement score on the Chinese Placement Exam.

Review of basic Chinese grammar and vocabulary; translation; conversation; writing; Chinese calligraphy.

Attributes: CL Communication Literacy, LE-R2 Global Perspectives

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

CHIN 202 Intermediate Chinese (4 crs)

Prerequisite: CHIN 201 or suitable placement score on the Chinese Placement Exam.

Continuation of Chinese 201.

Attributes: CL Communication Literacy, LE-R2 Global Perspectives

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

CHIN 210 Intensive Intermediate Chinese (Mandarin) (16 crs)

Prerequisite: CHIN 110

• Taught only at Jinan University, Guangzhou, China.

Development of fundamental skills in vocabulary, grammar, speaking, listening, and writing. Continuation of Chinese 110.

Lecture/Discussion Hours: 16

Lab/Studio Hours: 6

CHIN 301 Technology and Sustainability in China (3 crs)

Prerequisite: CHIN 202 or suitable placement score (196 and above) on Chinese Placement Exam.

This course is designed to improve students' Chinese language proficiency (listening, speaking, reading, writing) and cultural understanding through a variety of topics on technology and sustainability. Class delivery will be interactive and students will be encouraged to draw on their academic interests and personal experiences in discussions and projects.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

Collaborative Nursing (CND)

CND 310 Bridge to Professional Nursing (2 crs)

Consent: Department Consent Required

Introductory course for the BSN completion students with emphasis on self as a professional and the context of the discipline of professional nursing.

Attributes: BSN Completion Program, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

CND 407 Foundations of Professional Nursing Practice (3 crs)

Prerequisite: Limited to BSN completion program students admitted to the College of Nursing.

Consent: Department Consent Required

• BSN Completion Program, Higher Cost per Credit

Philosophical perspectives, theories, and standards are applied to the practice of professional nursing. Factors influencing nursing/health care delivery are analyzed. Professional communication and critical thinking skills are enhanced.

Attributes: BSN Completion Program, Higher Cost Per Credit, Special Course

Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CND 441 Chronic Care Management (3 crs)

Prerequisite: Limited to BSN completion program students admitted to the College of Nursing.

Consent: Department Consent Required

Exploration of interaction of biological, psychological, social, and environmental factors important to understanding management of chronic conditions at the individual, family, community, and societal levels.

Attributes: BSN Completion Program, Higher Cost Per Credit, Special Course

Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CND 443 Health Care Economics, Finance, and Policy for Nursing Practice (3 crs)

Prerequisite: Limited to BSN completion program students admitted to the College of Nursing.

Consent: Department Consent Required

This course explores the economic, financial, and policy dimensions of health care systems, with a focus on the nurse's role in influencing health care outcomes. Students will examine health care financing, policy development, and advocacy through a nurse practice lens.

Attributes: Higher Cost Per Credit, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CND 446 Research and Evidence-Based Practice (3 crs)

Prerequisite: MATH 246 with a grade of C or above or equivalent; Limited to BSN completion program students admitted to the College of Nursing.

Consent: Department Consent Required

This course introduces the importance of research to improve clinical practice, strategies to evaluate the quality of research and evidence, and increase integration of research into practice.

Attributes: BSN Completion Program, Higher Cost Per Credit, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CND 447 Leadership & Management (3 crs)

Prerequisite: Limited to BSN completion program students admitted to the College of Nursing.

Consent: Department Consent Required

Examines nursing leadership and management using relevant theories and concepts. Analyze decision-making in relation to communication, delegation, supervision and group process.

Attributes: BSN Completion Program, Higher Cost Per Credit, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CND 453 Information Management and Healthcare Technology (3 crs)

Prerequisite: Limited to BSN completion program students admitted to the College of Nursing.

Consent: Department Consent Required

Utilize computer and information/decision science to support quality and safety in health care. Explores informatics issues and examine nursing's role in healthcare technology. Opportunities to use and master various healthcare technologies and healthcare data.

Attributes: BSN Completion Program, Higher Cost Per Credit, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CND 454 Community Health Nursing (3 crs)

Prerequisite: Limited to BSN completion program students admitted to the College of Nursing.

Consent: Department Consent Required

Nursing care of populations and communities to facilitate optimal health outcomes.

Attributes: BSN Completion Program, Higher Cost Per Credit, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CND 480 Nursing within Systems: Analysis and Application (4 crs)

Prerequisite: CND 310 and CND 407 both with a grade of C or above. Limited to BSN completion program students admitted to the College of Nursing.

Capstone course for BSN completion students. Focuses on provision of quality care within a global and culturally diverse society, leadership within interdisciplinary systems of care, and provision of care in public health or community settings.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, LE-S3 Creativity, Capstone Course, Field Trip(s) Required, BSN Completion Program, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 6

CND 490 Special Topics (2-4 crs)

Consent: Department Consent Required

Variable content course designed to allow either breadth of study in topics not covered in core nursing courses or depth of investigation in particular nursing and health care issues. Interests of faculty provide topics.

Attributes: BSN Completion Program, Higher Cost Per Credit, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 12 credits

Grading Basis: A-F Grades Only

CND 495 Directed Studies (1-3 crs)

Prerequisite: Limited to BSN completion program students.

Consent: Department Consent Required

Repeat: Course may be repeated for a maximum of 6 credits

CND 499 Independent Study (1-3 crs)

Prerequisite: Limited to BSN completion students. Minimum resident and total GPA of 3.00. Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

Communication & Journalism (CJ)

CJ 100 Introduction to Forensics (1 cr)

- May be taken once for credit and in combination with CJ 200 for total of four credits.

Basic preparation for participation in intercollegiate forensics. Exposure to the fundamentals of competitive forensics events: public address, limited prep, interpretation of literature. Required minimum travel to one intercollegiate tournament. Designed for limited competition.

Attributes: Activity, LE-S3 Creativity

Lecture/Discussion Hours: 1

Lab/Studio Hours: 1

CJ 105 Communication in Contemporary Society (3 crs)

Critical analysis of the roles of producers and consumers of messages in interpersonal, group, organizational, and mass communication. Emphasizes social, economic, and political implications of media convergence in a democratic and global society.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 111 Gender, Race, Class, and Communication: The Social Construction of Identity (3 crs)

- Credit may not be earned in both CJ 111 and WGSS 111.

Students investigate ways in which perceptions of, and experiences with, gender, race, and class are communicatively constructed. Focus on communication theories and methods and how gender, race, and class influence personal, group, and organizational communication.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-I1

Integration, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 184 Multimedia Communication (3 crs)

The course will introduce students to the various media, key concepts and practices used to deliver mediated messages, including print, photo, audio, video and web technologies.

Attributes: LE-S3 Creativity, Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CJ 201 Introduction to Interpersonal Communication (3 crs)

- No credit toward major or minor in Journalism, Integrated Strategic Communication or Organizational Communication if taken after CJ 203.

Emphasizes knowledge of the factors and processes affecting communication in relatively unstructured face-to-face contexts, and the development of communication skill in those contexts. Topics include relationships, conflict, self-concept, and self-presentation.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 202 Fundamentals of Speech (3 crs)

- No credit toward major or minor in Journalism, Integrated Strategic Communication or Organizational Communication if taken after CJ 203.

Fundamentals of effective public speaking from both speaker and listener perspectives. Preparation, presentation, and evaluation of student speeches. Special attention given to topics related to cultural diversity.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 203 Fundamentals of Human Communication (3 crs)

- No credit toward Communication Studies major. No credit toward Journalism major or minor, Integrated Strategic Communication major or minor, Organizational Communication major or minor or Communication Studies minor if taken after CJ 202.

Communication competence enhanced through introduction to human communication knowledge and relational, group, and public speaking skills. Addresses benefits of communication skills in students' professional, civic, and personal lives.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 205 Listening (3 crs)

Analysis of the nature, process, barriers to, and improvement of listening skills. Frequent testing and measuring of students' listening skills will occur. Listener and message variables as related to comprehension are discussed.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 206 Human Communication Theory (3 crs)

Theoretical genres for the study, analysis, and practice of effective communication. General theories of human communication, contextual theories of interpersonal, group, organizational, public, and mass communication.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 207 Introduction to Rhetoric and Society (3 crs)

A survey of the role of persuasive messages in society, with attention to classical foundations and a focus on tools for thinking critically about contemporary communication.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 222 Beginning Journalism (3 crs)

Prerequisite: Completion of University Writing Requirement. Grade of C or above CJ 184.

•Credit may not be earned in both CJ 222 and CJ 235.

Introduction to news writing, reporting and editing across media platforms. Emphasis on the foundational principles, practices and purpose of journalism. Accuracy, verification, deadlines, information-gathering, news judgment, balanced and independent reporting are stressed. Selected news coverage of community required.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CJ 241 Audio and Video Production Process (3 crs)

Prerequisite: Completion of University Writing Requirement. Strategies for communicating messages and ideas via the radio and television media; introduction to basic radio and television production equipment, techniques, and vocabulary.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CJ 250 Introduction to Organizational Communication (3 crs)

Communication theories, concepts, skills, and insights required of organizational newcomers are emphasized.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 260 Introduction to Integrated Strategic Communication (3 crs)

• Students completing an integrated strategic communication major, minor, or certificate are encouraged to take CJ 184: Multimedia Communication prior to, or concurrent with, CJ 260.

Introduces students to how organizations use strategic communication (public relations, advertising, and marketing) to connect with audiences and manage their brand reputation.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

CJ 262 AI, Digital Media, and Society (3 crs)

Examines artificial intelligence, digital media, and how communication technologies are embedded in other social systems. Students learn and apply theories of technology and society, focusing on how communication technologies work in interpersonal relationships, self-development, the economy, politics, education, arts and creativity, environment, and health.

Attributes: CP Civics Perspectives, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 272 Social Media and Communication (3 crs)

Examination and application of strategic use of social media in interpersonal, professional and global contexts.

Attributes: SBS Social Behavioral Science, LE-I1 Integration, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 273 Creative and Narrative Nonfiction (3 crs)

• Credit may not be earned in both CJ 273 and ENGL 273.

Survey of nonfiction works (reportage, autobiography, travel, and nature writing) which combines factual reporting with literary techniques to reveal American society.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 280 Visual Communication (3 crs)

Visual communication is central to shaping culture, representational politics, and the circulation of ideas. This course will enhance one's visual literacy and critical awareness through various theories and methodologies (i.e.: representational issues (desire, power, the gaze, bodies, sexuality, and ethnicity), race, and decolonial thinking).

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 284 Introduction to Photography (3 crs)

• *Audit by permission of instructor only.*

A beginning course in working with camera capture and output using current software and hardware digital technologies. Color theory and historical perspective included. The course will emphasize producing a portfolio of photojournalistic work.

Attributes: LE-S3 Creativity, Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CJ 300 Research Methods (3 crs)

Prerequisite: Completion of 39 credits; Grades of C or above in one of the following: CJ 206, CJ 222, CJ 250, or CJ 260. Limited to communication, journalism and integrated strategic communication majors, minors, and certificates.

Study of research methods, quantitative and qualitative measurement techniques, and data analysis methods common to the fields of communication and mass communication. Emphasis on basic information-gathering and research skills needed to design, conduct and critically consume research.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

CJ 301 Intercultural Communication (3 crs)

Prerequisite: Minimum sophomore standing.

Develops an awareness, appreciation, and understanding of the complexity of communicating across different cultures. Analysis and application of appropriate principles and theories.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 306 Topics in Advanced Interpersonal Communication (3 crs)

Prerequisite: Minimum sophomore standing

In-depth exploration of interpersonal theory, research, and concepts. Topics may include conflict and communication, family communication, and others.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 307 Small Group Communication (3 crs)

Prerequisite: Minimum sophomore standing.

Theories, concepts, and skills to improve small group communication. Includes principles of group dynamics, decision-making, problem-solving, interpersonal conflict, leadership, and team-building.

Attributes: CL Communication Literacy, LE-R3 Civic and Environmental Issues, LE-S1 Written and Oral Communication, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 310 Communication Analysis (3 crs)

Prerequisite: Minimum junior standing.

A study of the methods for analysis of messages and their application to examples of contemporary communication.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 311 Mass Media History (3 crs)

Prerequisite: Minimum sophomore standing.

Highlights the origins, growth, and evolution of America's mass media from their early Western European background to the diversity of the modern day.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 312 Communication and Gender (3 crs)

Prerequisite: Minimum sophomore standing.

Study and analysis of how gender is affected by and affects communication behavior. Special attention is given to theories of gender development and how communication affects the social construction of gender.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 314 Mass Media and Popular Culture (3 crs)

Prerequisite: Minimum sophomore standing.

Popular culture is the result of human communicative activity, primarily via the mass media. This course is an examination of the relationships between mass media, popular culture, and society.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 317 Diversity & Communication: Organizational & Media Contexts (3 crs)

Prerequisite: Minimum sophomore standing.

- *Credit may not be earned in both CJ 317 and WGSS 317.*

Reading, writing, and discussion about how gender, race, class, sexual orientation, (dis)ability, and psychographics intersect in organizational and media contexts. Emphasizes collaborative learning, research, and activism to analyze perceptions, language choices, and behaviors surrounding diversity.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 318 Topics in Communication and Social Advocacy (3 crs)

Prerequisite: Minimum sophomore standing.

Theory and methods for examining social advocacy communication. Civic, social, or environmental topics related to social movements and nonprofits.

Attributes: CP Civics Perspectives, LE-R3 Civic and Environmental Issues, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 319 International Communication (3 crs)

Introduction to contemporary and digital media phenomena from the point of view of researchers, professionals, and critics.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 321 Intermediate Journalism (3 crs)

Prerequisite: Grades of C or above in CJ 184 and CJ 222.

Study and practice of news reporting, writing and editing with a broadcast emphasis. Special attention given to producing television news packages and weekly television newscast cablecast live on public access channel and posted on multimedia digital news site.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 4

CJ 322 Immersion Journalism (3 crs)

Prerequisite: CJ 321 or CJ 373 or consent of instructor. Limited to communication, journalism, and integrated strategic communication majors and minors.

Immersion reporting. Multimedia journalism documenting social issues in underrepresented communities. Topic and location vary.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CJ 350 Human Resource Development (3 crs)

Prerequisite: CJ 307 or MGMT 340. CJ 307 or MGMT 340 can be taken currently. Grade of C or above in CJ 300 or MATH 246 or POLS 290 or PSYC 271 or SOC 332.

Introduction to the human resource development field, emphasizing training and development. HRD needs assessment; design, delivery, and evaluation of programs for employee development.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 351 Strategic Event Planning (3 crs)

Prerequisite: Minimum sophomore standing.

- *CJ 250 or CJ 260 or CJ 265 or CJ 270 recommended prior to enrollment.*

Theory and practice of using events to advance impressions of organizations. Focus on the role of effective communication in assessing needs, and designing, delivering and evaluating events. Students will plan and execute an event.

Attributes: Service-Learning, Half 15 Hours, Undergraduate/Graduate Offering, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 355 Advanced Organizational Communication: Strategic Message Design (3 crs)

Prerequisite: Grades of C or above in CJ 202 or 203, and CJ 250 or CJ 207, or consent of instructor. Minimum junior standing.

Analysis and design of messages for use in a variety of organizational contexts. Emphasis on key role of messages in organizations, analysis of organizational needs, and creation of messages to address them.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 357 Professional Communication (3 crs)

Prerequisite: Minimum junior standing.

Theories, skills, and strategies needed to become an effective communicator in business and professional settings. Special attention given to employment communication, interviewing, and business writing skills and strategies.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 362 Strategic Media Planning (3 crs)

Prerequisite: Grades of C or above in CJ 260 or CJ 265 or CJ 270 and CJ 300. Limited to communication, journalism, and integrated strategic communication majors and minors.

Understanding the basic principles, objectives, and research data by which media plans are devised and strategically implemented.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 365 Advertising Message Strategy (3 crs)

Prerequisite: Grades of C or above in CJ 184, CJ 260 or CJ 265, and CJ 300. Limited to communication, journalism, and integrated strategic communications majors and minors.

Principles and practice of advertising message development using writing and design skills. Emphasis on portfolio development, strategic planning, concept formation, and idea presentation.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 370 Magazine Editing and Design (3 crs)

Prerequisite: Minimum resident and total GPA of 2.50. Minimum junior standing.

Study of editorial, business, and administrative procedures for general and special interest magazines. Production of prospectus and an original online magazine.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 373 Writing for Integrated Strategic Communication (3 crs)

Prerequisite: Grade of C or above in CJ 260 or CJ 250. Completion of University Writing Req. Limited to communication, journalism, and integrated strategic communication majors, minors and certificates; and multimedia minors. Minimum soph standing.

Instruction and practice designed to develop techniques of creative and persuasive message preparation for integrated strategic communication. Extensive practice in professional writing for print, electronic, internet/social media vehicles in the disciplines of advertising, public relations, sales promotion and direct marketing.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CJ 374 Integrated Strategic Communication (ISC) Campaign Design and Evaluation (3 crs)

Prerequisite: Grades of C or above in CJ 260 or CJ 265 or CJ 270 and CJ 300. Research and planning to develop Integrated Strategic Communication (ISC) campaigns. Topics include formative research, data analysis, account planning, message design, and evaluation.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 380 Visual Communication Design (3 crs)

Prerequisite: Grade of C or above in CJ 184.

A study of graphic details. Course activities emphasize problem-solving to meet the unique needs of visual projects and developing a portfolio.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CJ 384 Studio Lighting (3 crs)

Prerequisite: Grade of C or above in CJ 284 or ART 281. Minimum sophomore standing.

• *Audit by permission of instructor only.*

Fundamentals of lighting in a controlled studio environment with an emphasis on portraiture photography and product shots for advertising.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CJ 397 Student Academic Apprenticeship (1-3 crs)

Prerequisite: Twelve or more credits in CJ, with grade of B or above in the course in which the student will be apprenticed. Minimum junior standing. Minimum resident and total GPA of 2.80.

Consent: Department Consent Required

Qualified students, selected and supervised by faculty members, facilitate teaching and learning in a specific course or courses.

Repeat: Course may be repeated for a maximum of 6 credits

CJ 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

CJ 405 Communication and Conflict (3 crs)

Prerequisite: Grade of C or above in CJ 201, or consent of instructor; Grade of C or above in CJ 300 or concurrent enrollment.

Analysis of the nature and development of conflict from a communication perspective. Focus on how researchers conceive of conflict theories, types and causes of conflict, and skills for effective conflict management from confrontation through reconciliation.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 406 Persuasion (3 crs)

Prerequisite: Grade of C or above in CJ 202 or CJ 203. Minimum junior standing.

Theoretical perspectives for the study, analysis, and design of persuasive communication. Emphasis on ethical, logical, and psychological bases of persuasion.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 407 Leadership Communication (3 crs)

Prerequisite: Minimum junior standing.

Theories, concepts, and skills for effective leadership communication. Focuses on leader traits, behaviors, influence, values, and ethics; on follower characteristics and needs; on situational variables; and on the influence of gender and diversity on leadership dynamics.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 413 Media Law and Ethics (3 crs)

Prerequisite: Minimum junior standing.

• *Credit may not be earned in both CJ 412 and CJ 413.*

Studies of First Amendment principles, communication law and ethical theories as they apply to journalism, public relations, advertising and entertainment media.

Attributes: CP Civics Perspectives, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 425 Advanced Visual Journalism (3 crs)

Prerequisite: CJ 284 or ART 281, or consent of instructor.

• *Students must have access to a 35mm DSLR camera.*

An advanced course that explores effective lens-based visual journalism for a variety of print and digital media publications. Students will create a portfolio of work that applies journalism's best practices from a variety of newsworthy events. Post production process includes editing and creating deliverables for distribution.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 426 Advanced Broadcast TV News (3 crs)

Prerequisite: Grades of C or above in CJ 184, CJ 303, CJ 321. Limited to journalism majors and minors. Minimum resident and total GPA of 2.50.

Advanced instruction in television news. Includes reporting, writing, shooting TV news stories as well as production of weekly television newscasts.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

CJ 427 Advanced Reporting and Editing (3 crs)

Prerequisite: Grades of C or above in CJ 300 or CJ 303 and CJ 321.

Study and use of advanced reporting and editing techniques required to produce news across media platforms with an emphasis on managing news online.

Attributes: Service-Learning, Full 30 Hours

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CJ 429 Digital Newsroom (3 crs)

Prerequisite: Grades of C or above in CJ 184, CJ 222, CJ 300 or 303 and CJ 321. Grade of C- or above in CJ 425 or CJ 426 or CJ 427. Completion of or concurrent enrollment in CJ 412 and CJ 414 or CJ 413.

• *Optional field trips. Capstone course for journalism major.*

Course assesses student's mastery of the journalism major. Students manage the department's digital newsroom, produce and edit journalism across media platforms.

Attributes: LE-I1 Integration, LE-S3 Creativity, Capstone Course

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CJ 452 Health Communication (3 crs)

Prerequisite: Minimum junior standing.

Study and use of communication strategies to inform and influence individual and community decisions that enhance health.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 459 Communication Research Seminar (3 crs)

Prerequisite: Grades of C or above in CJ 300 and at least 24 credits in CJ courses. Limited to communication majors (organizational or communication studies emphases). Minimum senior standing.

- *Capstone course for organizational communication and communication studies majors.*

Discussion of current research issues in interpersonal, group, intercultural, organizational, and public communication. Students will conduct empirical research projects culminating in both written and oral reports.

Attributes: LE-I1 Integration, LE-S3 Creativity, Capstone Course

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 460 Advertising Account Management (3 crs)

Prerequisite: Grades of C or above in CJ 260 or CJ 265 or CJ 270 and CJ 300.

Limited to integrated strategic communication majors and minors.

This course is a detailed study of the account management function and its role in the modern advertising agency. Entry-level skills are taught as well as Integrated Marketing Communications (IMC) planning. The final-project portfolios test and demonstrate students' knowledge and skills.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 464 Advertising in Contemporary Society (3 crs)

Prerequisite: Minimum junior standing

Course examines advertising's impact on society, focusing on advertising and social, legal, economic, ethical, diversity, and global issues.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 470 Crisis Communication (3 crs)

Prerequisite: Grade of C or above in CJ 260 or CJ 250 or CJ 222 or CJ 207 or ENPH 225. Minimum junior standing.

Theory and analysis of the use of public relations campaigns to address crisis situations. Emphasis on the use of public relations campaigns to shape public opinion during crisis.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 477 Professional Practicum in Strategic Communication (3 crs)

Prerequisite: CJ 300. Any major or minor in Communication & Journalism Department.

Students gain hands-on experience working with real-world clients to plan, produce and publish content and build their professional portfolio.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 479 Integrated Strategic Communication Management (3 crs)

Prerequisite: Grades of C or above in CJ 373 and CJ 374; or C or above in two of CJ 362, 365, 374, 380 or CJ 460. Limited to integrated strategic communication majors.

- *Capstone experience for integrated strategic communication majors.*

Application of Integrated Strategic Communication to a case. Emphasis on planning, message analysis, and multimedia production. Practicum.

Attributes: LE-I1 Integration, LE-S3 Creativity, Service-Learning, Full 30 Hours, Capstone Course

Lab/Studio Hours: 0

Practicum Hours: 3

CJ 490 Seminar (1-3 crs)

Prerequisite: Minimum resident and total GPA of 2.50. Minimum junior standing.

- *See current Class Schedule for topic, prerequisites, and restrictions.*

Topic and content to be determined by Communication and Journalism faculty based upon student interest and need.

Repeat: Course may be repeated

CJ 491 Special Topics (1-3 crs)

- *See current Class Schedule for topic, prerequisites, and restrictions.*

Topic and content to be determined by Communication and Journalism faculty based upon student interest and need.

Repeat: Course may be repeated for a maximum of 9 credits

CJ 492 Analyzing and Improving Organizational Communication (3 crs)

Prerequisite: Limited to organizational leadership and communication comprehensive major, Bachelor of Professional Studies degree.

- *No credit for major or minor in communication, mass communication or journalism.*

Emphasis on assessing organizational communication needs, and designing, implementing and evaluating strategies to address them. Focus on enhancing messages for external audiences as well as training and development, supervision and changes messages for internal audiences.

Attributes: Service-Learning, Full 30 Hours, BPS Flat Rate Tuition

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 495 Directed Studies (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Study of special topics structured to fit the needs, interests, and goals of the students.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 3 credits

CJ 497 Advanced Student Academic Apprenticeship (1-3 crs)

Prerequisite: 24 credits and 3.00 GPA in CJ courses; B or above in CJ 397 and in the course in which the student will be apprenticed. Minimum senior standing. Minimum resident and total GPA of 3.00.

Consent: Department Consent Required

- *No more than three credits of CJ 397 and CJ 497 can be counted toward the major.*

Qualified students, selected and supervised by faculty members, facilitate teaching and learning in a specific course or courses.

Repeat: Course may be repeated for a maximum of 6 credits

CJ 498 Internship (1-3 crs)

Prerequisite: Grades of C or above in qualifying courses within a communication, journalism, or mass communication sequence; prior approval of adviser, internship coordinator, and department chair. Minimum resident and total GPA of 2.75. Minimum junior standing.

Consent: Department Consent Required

Application of classroom knowledge and skills in supervised professional activities relevant to the student's area of emphasis or mass media sequence, at an internship site approved in advance by the Department of Communication and Journalism.

Attributes: Service-Learning, Full 30 Hours, Internship

Repeat: Course may be repeated for a maximum of 3 credits

CJ 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

CJ 507 Small Group Communication (3 crs)

- *Dual-listed with CJ 307. Credit may not be earned in both courses.*

Theories, concepts, and skills to improve small group communication. Includes principles of group dynamics, decision-making, problem-solving, interpersonal conflict, leadership, and team-building.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 510 Communication Analysis (3 crs)

- *Dual-listed with CJ 310. Credit may not be earned in both courses.*

A study of the methods for analysis of messages and their application to examples of contemporary communication.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 518 Topics in Communication and Social Advocacy (3 crs)

Prerequisite: CJ 307 or consent of instructor

Theory and methods for examining social advocacy communication. Civic, social, or environmental topics related to social movements and nonprofits.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 550 Human Resource Development (3 crs)

Prerequisite: CJ 307 or MGMT 340. CJ 307 or MGMT 340 can be taken concurrently. Grade of C or above in CJ 300 or MATH 246 or POLS 290 or PSYC 271 or SOC 332.

- *Dual-listed with CJ 350. Credit may not be earned in both courses.*

Introduction to the human resource development field, emphasizing training and development. HRD needs assessment; design, delivery, and evaluation of programs for employee development.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 551 Strategic Event Planning (3 crs)

• Dual-listed with CJ 351. Credit may not be earned in both courses.

Theory and practice of using events to advance impressions of organizations. Focus on the role of effective communication in assessing needs, and designing, delivering and evaluating events. Students will plan and execute an event.

Attributes: Field Trip(s) Required
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

CJ 555 Advanced Organizational Communication: Strategic Message Design (3 crs)

Prerequisite: Grades of C or above in CJ 202 or CJ 203, and CJ 250 or CJ 207, or consent of instructor.

• Dual-listed with CJ 355. Credit may not be earned in both courses.

Analysis and design of messages for use in a variety of organizational contexts. Emphasis on key role of messages in organizations, analysis of organizational needs, and creation of messages to address them.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

CJ 557 Professional Communication (3 crs)

• Dual-listed with CJ 357. Credit may not be earned in both courses.

Theories, skills, and strategies needed to become an effective communicator in business and professional settings. Special attention given to employment communication, interviewing, and business writing skills and strategies.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

CJ 607 Leadership Communication (3 crs)

• Dual-listed with CJ 407. Credit may not be earned in both courses.

Theories, concepts, and skills for effective leadership communication. Focuses on leader traits, behaviors, influence, values, and ethics; on follower characteristics and needs; on situational variables; and on the influence of gender and diversity on leadership dynamics.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

CJ 652 Health Communication (3 crs)

• Dual-listed with CJ 452. Credit may not be earned in both courses.

Study and use of communication strategies to inform and influence individual and community decisions that enhance health.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

CJ 695 Directed Studies (1-3 crs)

Consent: Department Consent Required

• Dual-listed with CJ 495.

Study of special topics structured to fit the needs, interests, and goals of the students.

Repeat: Course may be repeated for a maximum of 3 credits
Grading Basis: No S/U Grade Option

CJ 700 Communicating to Lead in Health Organizations (3 crs)

Consent: Department Consent Required

Focus on communication and leadership in health organizations, and on audiences, processes, and use of communication in organizational alignment. Emphasis on theory and practice.

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

CJ 707 Group/Team Communication Healthcare Contexts (3 crs)

Prerequisite: CJ 700 or concurrent enrollment.

This course is intended to support student efforts to hone abilities to use group and team communication effectively to collaborate in inter-professional healthcare contexts.

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

CJ 714 Communication and Health Policy (3 crs)

Prerequisite: CJ 700 or concurrent enrollment.

Overview of structure and function of the U.S. healthcare system and in-depth analysis of current health policy topics from communication perspective.

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

CJ 752 Leading Organizational Change (3 crs)

Prerequisite: CJ 700 or concurrent enrollment.

Theories and processes of organizational change are investigated. Focuses on strategically communicating/leading change in health care contexts.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CJ 774 Health Campaigns and Population Health (3 crs)

Prerequisite: CJ 700 or concurrent enrollment.

Course helps students understand how to engage with community partners to create/implement successful health campaigns for healthier communities.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

Computer Science (CS)

CS 100 Computer Information Technologies (3 crs)

- No credit toward computer science major or minor. Not applicable for satisfying B.S. GE-IB requirement in College of Arts and Sciences.

Development and application of appropriate processes and tools to access, organize, evaluate, and communicate information using spreadsheets (MS Excel), word processors (MS Word), databases (MS Access), presentation software (MS PowerPoint), and web-based/internet utilities. Appropriate for students seeking a broader or deeper preparation for efficiently using computer information technologies.

Lecture/Discussion Hours: 2.5

Lab/Studio Hours: 1

CS 140 Introduction to Computer Science (4 crs)

Prerequisite: MATH 109 or concurrent, or placement into MATH 111, MATH 112, MATH 113, MATH 114 or MATH 215.

A comprehensive introduction to the fundamental concepts and principles of computer science. Students will explore key topics such as programming languages, algorithm design, simple data structures, and the software development lifecycle.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

CS 150 Object-Oriented Programming (4 crs)

Prerequisite: CS 140. MATH 112 or concurrent enrollment, MATH 113 or concurrent enrollment, or placement into MATH 114 or MATH 215.

Students will explore fundamental object-oriented programming (OOP) principles, including abstraction, encapsulation, inheritance, aggregation/composition, and polymorphism. Through hands-on programming projects and collaborative exercises, students will enhance their skills in creating efficient, scalable, and maintainable software.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

CS 163 Introduction to Programming in C++ (3 crs)

- Three years of high school, college preparatory mathematics. No credit for CS majors if taken after or concurrently with CS 140.

A general introduction to the design of computer software. Object-oriented design and implementation techniques including abstraction, encapsulation, and inheritance are emphasized. Applications chosen from mathematics, science, and business are used to demonstrate and motivate understanding of object-oriented programming.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 170 Computing for the Sciences and Mathematics (3 crs)

Prerequisite: MATH 112, or MATH 113, or placement into MATH 114 or MATH 215.

Aspects of computation that are particularly relevant to scientific computation. Discussion of numeric processing, symbolic processing, data management, data representation, and scientific visualization. Students design and implement computer programs.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 255 Data Structures and Algorithms (4 crs)

Prerequisite: DS 150 or CS 150; MATH 314 or may be taken concurrently.

An in-depth study of fundamental data structures and algorithms, focusing on both theoretical foundations and practical applications.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

CS 262 Database Systems (3 crs)

Prerequisite: CS 140 or DS 150. No credit if taken after CS 260.

A study of fundamental database concepts including: SQL, database design and normalization, transactions and concurrency, embedded SQL, and stored procedures.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 268 Web Systems (3 crs)

Prerequisite: CS 140

Introduction to programming Web-based applications. Multiple modern Web technologies are covered in depth and compared. Web frameworks, server configurations, and security issues are discussed.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 278 Digital System Design (4 crs)

Prerequisite: Either CS 150 or CS 163, or consent of instructor.

Logic components, Boolean algebra and algorithmic logic simplification, combinational logic analysis and synthesis, synchronous and asynchronous sequential logic analysis and synthesis, finite state machine design, programmable logic and FPGAs, Verilog programming for synthesis.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

CS 285 Computer Organization (4 crs)

Prerequisite: CS 150

Provides a foundational understanding of the architecture and organization of computer systems.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

CS 291 Special Topics (1-3 crs)

• See current Class Schedule.

An examination of current topical material of special interest to students and faculty.

Repeat: Course may be repeated

CS 318 Fundamentals of Web Page Design (3 crs)

Basic concepts, coding standards, accessibility guidelines, and technologies of client-side Web page design. Hypertext Markup Language (HTML), Cascading Style Sheets (CSS), and techniques for controlling page layout, animations, and user interactions.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CS 319 Introduction to Web Programming (3 crs)

Prerequisite: CS 318. No credit if taken after CS 268.

• No credit toward computer science major requirements.

Introduction to client and server side Web programming. Includes basic programming concepts, user input validation, dynamic Web pages, and data retrieval and display.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CS 320 Web Database Design and Implementation (3 crs)

Prerequisite: CS 318 or concurrent enrollment; CS 319 or concurrent enrollment.

• No credit toward computer science major requirements.

Introduction to databases for Web applications. Architecture, design considerations, and implementation of relational database systems. Web/database application development.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

CS 321 Web Design and Development (3 crs)

Prerequisite: CS 320

Analysis, design, and implementation techniques for Web site development. Includes preparation of design documents development, deployment, and testing. Students complete and deploy a comprehensive Web site working with clients and end-users.

Attributes: Service-Learning, Full 30 Hours

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 322 Animation Programming (3 crs)

Introduction to current technical and creative trends in digital animation principles, including real-time, interactive animations, gestural interfaces, and basic motion capture for use in animation and game development.

Lecture/Discussion Hours: 0

Lab/Studio Hours: 3

CS 330 Programming Languages (3 crs)

Prerequisite: CS 150

Study building blocks of modern programming and programming paradigms including functional, imperative, object-oriented, and logical. Emphasis on teaching students how to learn new programming languages. In-depth study of C++ and memory management techniques.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 355 Software Engineering I (3 crs)

Prerequisite: CS 255, CS 262, and CS 268. Credit cannot be earned in both CS 321 and CS 355.

A hands-on experience in software engineering with key aspects of the software development life cycle. Focus is on the application of a high-level development environment to the fulfillment of an object-oriented software design specification. An introduction to modern design patterns.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 370 Computer Security (3 crs)

Prerequisite: CS 285

Study of system, network, database, application and web security. Practical experience with tools for information gathering, vulnerability analysis, system hardening and intrusion detection as used for defending computer systems, culminating in a cyberwar exercise.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 376 Cryptography and Network Security (3 crs)

Prerequisite: CS 255 or DS 250

Basic and advanced cryptographic protocols and techniques. Block and stream ciphers, one-way hash functions, public-key and public-key digital signature algorithms, and key-exchange protocols. Network authentication, secure email, IP SEC, and web security.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 388 UNIX Systems Programming (3 crs)

Prerequisite: CS 255 or DS 250

In-depth coverage of the UNIX command shell, file manipulation, process control, file system utilities, mail, pipes and filters, I/O redirection, process management, UNIX editors, scripting language, and shell scripting.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

CS 425 Machine Learning (3 crs)

Prerequisite: MATH 246; CS 255 or DS 250

This course introduces students to the field of machine learning. Students will learn about the theoretical foundations of machine learning and how to apply machine learning to solve new problems. The course focuses on three major paradigms in machine learning which are supervised learning, unsupervised learning and data visualization.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 426 Deep Learning (3 crs)

Prerequisite: CS 255 or DS 250

This course will introduce students to the foundations of deep learning and how it can be used for a variety of tasks ranging from feature extraction, supervised and unsupervised learning, and sequence modelling. Students will get an opportunity to create state-of-the-art deep learning models using Python programming and TensorFlow framework to make machines think and interpret big data with remarkable precision.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 436 Mobile Software Development (3 crs)

Prerequisite: CS 245

Developing software for mobile devices, designing for interruptions, creating service-oriented architectures, and sensing the physical world.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 450 Theory of Computation (3 crs)

Prerequisite: CS 255

A study of finite automata and regular languages, pushdown automata and context-free languages, Turing machines and recursively enumerable sets, linear-bounded automata and context-sensitive languages, computability and the halting problem, undecidable problems, and the Chomsky hierarchy.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 452 Operating Systems (3 crs)

Prerequisite: CS 285

A study of modern operating system concepts, process/thread structure, process management, scheduling, synchronization. Memory management, virtual memory, caching. Storage and I/O device management. Distributed operating systems and distributed computation.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 455 Computer Graphics (3 crs)

Prerequisite: CS 255

A study of 3-D modeling, rendering, and animation. Modeling includes constructive solids geometry, NURBS, and scene graphs. Rendering includes lighting models, raytracing, radiosity, mapping, and real-time issues. Animation includes keyframing, kinematics, dynamics, collision detection, and AI.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 462 Computer Networks (3 crs)

Prerequisite: CS 255

Fundamental concepts of data transmission, network architecture, data security, error control, routing, switching, and congestion control. Study of network protocols: IEEE 802.x, TCP/IP, ATM, Wireless Internet and Mobile Computing.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 485 Software Engineering II (3 crs)

Prerequisite: CS 355

An application of software engineering principles to a software project developed throughout the semester. Students will work in groups to describe, design, implement, test, and deliver a software product for a client.

Attributes: LE-S3 Creativity, Service-Learning, Full 30 Hours, Capstone Course

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 491 Special Topics (3 crs)

Prerequisite: CS 255

- See current Class Schedule.

An examination of current topical material of special interest to students and faculty. Topics that have been offered include: Analysis of Algorithms, Cryptography and Data Security, Computer Animation, Fuzzy Logic, Advanced Internet Applications, Data Mining, and Computational Biology.

Repeat: Course may be repeated

CS 497 Capstone Project (3 crs)

Prerequisite: CS 355

This course serves as the culminating experience for students in the computer science program, allowing them to apply their accumulated knowledge and skills to real-world problems.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CS 498 Computer Science Internship (1-6 crs)

Consent: Department Consent Required

- A maximum of three credits can be counted as a CS elective.

Practical work experience that extends knowledge gained in prior courses.

Attributes: Capstone Course, Internship

Repeat: Course may be repeated for a maximum of 6 credits

CS 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

CS 793 Special Topics in Computer Science (1-3 crs)

Consent: Department Consent Required

Permits groups of graduate students to study topics in the field of computer science.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

CS 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

Criminal Justice (CRMJ)

CRMJ 103 Survey of the Criminal Justice System (3 crs)

Prerequisite: No credit if taken after SOC 203.

- Credit may not be earned in both SOC 103 and CRMJ 103.

The fundamental concepts and contemporary issues associated with criminal law, policing, the judicial systems, and corrections are presented.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 280 Criminal Justice Research Methods (3 crs)

Prerequisite: CRMJ 103 or SOC 103. Limited to criminal justice majors.

A survey of research methods including research design, measurement and sampling procedures, development of survey questionnaires, experimental and field research, data collection, and analysis. Emphasis is placed on understanding, interpreting, and critically evaluating research in the criminal justice field.

Attributes: LE-S3 Creativity

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 291 Special Topics (3 crs)

Intensive study of a topic selected because of special interest on the part of students or faculty.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 301 Criminology Theory (3 crs)

Prerequisite: CRMJ 103/SOC 103

Presentation of the biological, psychological, and social causes and correlates of criminal behavior. The emphasis is on contemporary factors and theories of crime and criminal behavior.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 302 Youth Crime and Juvenile Justice (3 crs)

Prerequisite: CRMJ 103 or SOC 103.

• *Credit may not be earned in both SOC 302 and CRMJ 302.*

Designed to give students a multidisciplinary understanding of the youth crime problem and the juvenile justice system. Topics covered include definitions and causes of youth crime, the philosophy and organization of the juvenile court, techniques of effective intervention and treatment, as well as the relationship between the juvenile justice system and components of the child welfare system. Includes cross-national information on the youth crime problem and efforts to control it.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 303 Crime Prevention (3 crs)

Prerequisite: CRMJ 103 or SOC 103.

• *No credit if taken after CRMJ 291 when offered as Crime Prevention.*

Examines various crime prevention policies and programs. Topics include crime prevention methods, theoretical applications to prevention efforts, and program effectiveness. The importance of research design in evaluating programs is also considered.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 319 Police in Society (3 crs)

Prerequisite: CRMJ 103 or SOC 103.

Examines who the police are, what they do, and how they do it. Analyzes the complexities and ambiguities of modern policing. Topics covered include police operations, law enforcement ethics, police misconduct, women and minority police officers, police work with juveniles, and cross-national methods of policing.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 320 Race, Crime, and Justice (3 crs)

Prerequisite: CRMJ 103 or SOC 103

A critical examination of the relationship between race and ethnicity, and all components of the criminal justice system in the United States. Provides a historical perspective of racial inequality and a study of contemporary racial justice issues, while highlighting the struggles for racial justice and how these struggles have been criminalized and controlled.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 325 Victimology (3 crs)

Prerequisite: CRMJ 103 or SOC 103

• *No credit if taken after CRMJ 491 when offered as Victimology*

Examination of a wide range of victimization experiences from the perspective of the victim, family members of the victim, and society. Emphasis placed on exploring response patterns to victimization, secondary trauma effects of victimization, differential effects of victimization over the life course, and community and media response.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 340 Capital Punishment (3 crs)

Prerequisite: CRMJ 103 or SOC 103

An in-depth exploration of the death penalty in the United States with a focus on constitutional issues related to the implementation of capital punishment. Perspectives of those on death row and their families, victims and their families, and criminal justice system professionals also will be examined.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 342 Confinement and Corrections (3 crs)

Prerequisite: CRMJ 103 or SOC 103.

Examines the confinement experience and field of corrections with particular focus on institutional and community-based corrections. Students will learn about typical correctional clients, life in prison, programs and services for prison inmates, and correctional practices worldwide.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 344 Reentry and Reintegration (3 crs)

Prerequisite: CRMJ 103.

This course examines the macro-, meso-, and micro- level factors that impact reentry and reintegration following a period of incarceration. Students will learn about the barriers that individuals and their families face during reentry and reintegration into the community, as well as the implications these obstacles have on long-term individual success, family and neighborhood dynamics, and the broader U.S. society.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 350 Women and Criminal Justice (3 crs)

Prerequisite: CRMJ 103 or SOC 103.

- *No credit if taken after CRMJ 491 when offered as Women and Criminal Justice*

Overview of the role, behavior and treatment of women in the criminal justice system in the United States. Theoretical, legal, political, socioeconomic and other influences will be highlighted through the way women are portrayed as offenders, victims, and professional employees in the criminal justice system.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 358 Cybersecurity and Cybercrime (3 crs)

Prerequisite: CRMJ 103 or SOC 103

This course covers cybercrime and cybersecurity issues in contemporary society while applying criminological theory to cybercriminality. Provides an overview of threats and challenges to information and communication technologies (ICT) and the Internet of things (IoT) that extend the physical space of crime to cyberspace. Critical issues in cybersecurity are examined in terms of scope, seriousness, and array of cybercrimes and organized criminal activities that occur online.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 359 Teen Technology Misuse (3 crs)

Explores the ways teens use and misuse technology, with particular emphasis on cyberbullying, sexting, and unsafe social networking. Implications for preventing and responding to these behaviors will be examined.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 360 Contemporary Issues in Criminal Justice (3 crs)

Prerequisite: CRMJ 103 or SOC 103

This course examines the nature and extent of crime and social policy in modern society. Emphasis will be placed on current issues that have a wide-ranging impact on criminal justice systems, offenders, and society.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

CRMJ 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

Students, with assistance and approval from supervising instructors, define a particular problem or topic to study.

Repeat: Course may be repeated for a maximum of 6 credits

CRMJ 397 Student Academic Apprenticeship in Criminal Justice (1-3 crs)

Prerequisite: Limited to criminal justice majors. Minimum total GPA of 3.30. B+ or above in assigned course.

Consent: Department Consent Required

- *Cannot apprentice in the same course twice.*

Qualified students work under close supervision of faculty exploring methods to teach criminal justice and assisting in the teaching of a course or courses. Students enhance their understanding of the discipline and their communication skills.

Repeat: Course may be repeated for a maximum of 6 credits

CRMJ 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Students propose an independent study project on a topic in criminal justice to an instructor. Projects may include library research or original empirical research. Students work independently, with supervising instructor providing oversight and assistance.

Repeat: Course may be repeated for a maximum of 6 credits

CRMJ 491 Special Topics (3 crs)

Intensive study of a topic selected because of special interest on the part of students or faculty.

Repeat: Course may be repeated for a maximum of 6 credits

CRMJ 496 Honors Independent Study in Criminal Justice (3 crs)

Prerequisite: 3.5 GPA overall and in CRMJ major

Consent: Instructor Consent Required

Independent reading and research in selected areas of criminal justice and/or criminology for the purpose of fulfilling the requirements for Criminal Justice Departmental Honors.

Grading Basis: A-F Grades Only

CRMJ 498 Criminal Justice Internship (1-6 crs)

Prerequisite: CRMJ 103/SOC 103, and 30 credits which apply to the criminal justice major. Minimum junior standing. Limited to criminal justice majors.

Consent: Department Consent Required

- *Formal application with the instructor and department chair must begin at least eight weeks before registering for the course. Signature required from supervising instructor, agency representative, and department chair.*

A field course which integrates principles of criminal justice with practical experience in a criminal justice agency. Supervision by instructor and agency representative.

Attributes: LE-I1 Integration, Service-Learning, Full 30 Hours, Internship

Repeat: Course may be repeated for a maximum of 6 credits

CRMJ 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Students propose an independent study project on a topic in criminal justice to an instructor. Projects may include library research or original empirical research. Students work independently, with supervising instructor providing oversight and assistance.

Repeat: Course may be repeated for a maximum of 6 credits

Dance (DNCE)

DNCE 101 Dance Appreciation (3 crs)

Prerequisite: No credit if taken after KINS 195.

An introduction to dance history, theory, and culture. Involving dance viewing, literature, discussion and experiential exercises, this course discovers dance as an academic discipline, an art form, and a site for cultural communication and knowledge.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DNCE 110 Ballet I (2 crs)

Beginning-level ballet technique course, emphasizing skeletal alignment and muscular engagement in the classical ballet form, terminology and theory of classical ballet technique, and studies in ballet history and aesthetics.

Attributes: LE-S3 Creativity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

DNCE 112 Modern Dance I (2 crs)

A beginning-level Modern Dance technique course that explores Bartenieff Fundamentals, floor work, bodily mapping, core support and skeletal alignment, and fundamental movement concepts of weight, space, time, and energy.

Attributes: LE-S3 Creativity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

DNCE 114 Jazz Dance I (2 crs)

Prerequisite: No credit if taken after KINS 202.

A course in beginning jazz technique with an emphasis on classical Afro-European forms. A survey of early jazz choreographers and their choreographic styles.

Attributes: LE-S3 Creativity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

DNCE 116 Tap Dance I (2 crs)

Prerequisite: No credit if taken after KINS 203.

A course in beginning tap technique with an emphasis on buck tap. A survey of the history of tap dance and the contributions of early tap masters.

Attributes: LE-S3 Creativity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

DNCE 310 Ballet II (2 crs)

Prerequisite: DNCE 110 or audition. No credit if taken after KINS 206.

Intermediate-level ballet technique course, emphasizing intermediate-advanced level ballet skills and concepts, further explorations in terminology and theories of classical ballet technique, and continued study in ballet history and aesthetics with repertory experiences and research.

Attributes: LE-S3 Creativity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

DNCE 312 Modern Dance II (2 crs)

Prerequisite: DNCE 112 or audition. No credit if taken after KINS 205.

An intermediate-level modern dance technique course that engages continued explorations in Bartenieff Fundamentals, floor work, bodily mapping, core support and skeletal alignments, and further explorations in modern dance concepts of weight, space, time, and energy.

Attributes: LE-S3 Creativity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

DNCE 314 Jazz Dance II (2 crs)

Prerequisite: DNCE 114 or audition. No credit if taken after KINS 207.

A course in advanced jazz technique with an emphasis on turns, jumps, and dance sequences. An exploration of later stylistic developments in jazz dance.

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

DNCE 316 Tap Dance II (2 crs)

Prerequisite: DNCE 116 or audition. No credit if taken after KINS 209.

A course in intermediate/advanced tap technique with an emphasis on rhythm tap. An exploration of stylistic developments in tap dance.

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

DNCE 370 Dance Performance Practicum (1-2 crs)

Consent: Instructor Consent Required

• *Audition required.*

Participation in a main-stage dance performance project in faculty/guest artist dance works.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: S/U Only Grade Basis

DNCE 395 Directed Studies (1-3 crs)

Prerequisite: DNCE 110, DNCE 112, DNCE 114, DNCE 116. Minimum junior standing.

Consent: Department Consent Required

An individually arranged course for serious students of dance involving research, choreography, and/or scholarly activity under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No Auditors

DNCE 420 Dance Composition (3 crs)

Prerequisite: DNCE 110, DNCE 112, DNCE 114, DNCE 116. No credit if taken after KINS 319. Minimum junior standing.

Consent: Instructor Consent Required

Art of making dances through a contemporary dance lens, with emphasis on generating distinct movement material and crafting material in the body, space and time. Examines theories about meaning-making in dance and research of choreographic practices and contemporary artists.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

DNCE 497 Dance Recital (1 cr)

Prerequisite: DNCE 420. Limited to dance minors.

Consent: Instructor Consent Required

The recital is a capstone experience in dance performance and choreography. The student presents a showcase of work to highlight his or her achievements across the four studio genres.

Attributes: Capstone Course

DNCE 499 Independent Study (1-3 crs)

Prerequisite: DNCE 110, DNCE 112, DNCE 114, DNCE 116. Minimum junior standing.

Consent: Department Consent Required

An individually arranged course for serious students of dance involving research, choreography, and/or scholarly activity culminating in a quality research document or report.

Repeat: Course may be repeated

Grading Basis: No Auditors

Data Science (DS)

DS 140 Basics of Data Analysis with R (2 crs)

Prerequisite: MATH 20, completion of an LE-S2 course, or a suitable mathematics placement test score

Basics of Data Analysis with R will give students a good exposure and understanding of R capabilities. The course will focus on the essentials of R. Students will work with vectors, matrices, and data frames in R. They will also learn to manage, handle, and visualize a dataset in R. Examples from various areas will be used, including Biology, Economics, Mathematics, and Geography and Anthropology.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

DS 150 Computing in Python: Fundamentals and Procedural Programming (4 crs)

Prerequisite: Math 20 or above; or concurrent enrollment in Math 109 or above; or suitable math placement.

Computing in Python provides an introduction to the world of procedural programming in the Python computer language. Students will learn tactics and approaches for solving novel problems in the world of data science. Main tasks are the storage, retrieval, processing, and visualization of data. Examples will be drawn from bioinformatics, economics, and other fields.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

DS 250 Data Structures and Algorithms in Bioinformatics (4 crs)

Prerequisite: DS 150; MATH 112 or concurrent enrollment, MATH 113 or concurrent enrollment, or placement into MATH 114 or MATH 215

This course covers algorithmic and data structure techniques that underpin modern biological data analysis. Topics covered include clustering, string searching, tree traversal, maximum parsimony, maximum likelihood, hidden Markov models, and version tracking. Some of the biological applications will include sequence alignment and assembly, phylogeny, gene finding, and variation detection.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

DS 700 Foundations of Data Science (3 crs)

Prerequisite: Limited to Data Science master's degree students.

Introduction to data science and its importance in business decision making.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required
Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 701 Exploratory Data Analysis (3 crs)

Prerequisite: Limited to Data Science master's degree students.

•Data Science MS OL Flat Rate Tuition

This course introduces data science and highlights its importance in decision making. Students will learn how to analyze data using the R programming language. During the course, students will learn how to import data into R, tidy it, conduct exploratory data analysis, develop visualizations, and draw statistical inferences. The course aims to teach data wrangling, visualization and exploration with R.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 705 Statistical Methods (3 crs)

Prerequisite: DS 700 or DS 701. Limited to Data Science master's degree students.

Statistical methods and inference procedures presented with an emphasis on applications, computer implementation, and interpretation of results.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 710 Programming for Data Science (3 crs)

Prerequisite: Limited to Data Science master's degree students.

Introduction to programming languages and packages used in data science.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 715 Data Warehousing (3 crs)

Prerequisite: Limited to Data Science master's degree students.

Introduction to the concepts and techniques to work with and reason about subject-oriented, integrated, time-variant, and nonvolatile collections of data in support of management's decision-making process.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 716 Data Management for Data Science (3 crs)

Prerequisite: Limited to Data Science master's degree students.

•Data Science MS OL Flat Rate Tuition

This course explores the various approaches for data management used in data science. We present how data is collected, transformed, stored, and delivered for use in data science projects.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 730 Big Data: High Performance Computing (3 crs)

Prerequisite: DS 710. Limited to Data Science master's degree students.

Overview of how to process large datasets efficiently, including introduction of non-relational databases.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 735 Communicating about Data (3 crs)

Prerequisite: Limited to Data Science master's degree students.

Prepares students to master technical, informational, and persuasive communication to meet organizational goals.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 740 Data Mining & Machine Learning (3 crs)

Prerequisite: DS 705. Limited to Data Science master's degree students.

Data mining methods and procedures for diagnostic and predictive analytics.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 745 Visualization and Unstructured Data Analysis (3 crs)

Prerequisite: Limited to Data Science master's degree students.

Covers various aspects of data analytics including visualization and analysis of unstructured data such as social networks.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 750 Data Storytelling (3 crs)

Prerequisite: DS 700 or DS 701. Limited to Data Science master's degree students.

•Recommended Additional Prerequisites: DS 705 OR DS 740 suggested but not required. Data Science MS OL Flat Rate Tuition

Data storytelling involves using data to tell a compelling narrative that helps audiences understand, engage with, and act on the information. This course combines data analysis with communication techniques to present data in an informative and engaging way. This course is specifically designed as a graduate-level requirement for the MSDS degree, focusing on teaching students how to effectively communicate insights through data storytelling techniques. Participants will learn to craft engaging stories that resonate with various audiences and drive decision-making.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 760 Ethics of Data Science (3 crs)

Prerequisite: Limited to Data Science master's degree students.

Ethical issues related to data science, including privacy, intellectual property, security, and the moral integrity of inferences based on data.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 770 Ethical Decision-Making Using Data (3 crs)

Prerequisite: Limited to Data Science master's degree students.

•Recommended Prerequisite: DS 740, suggested but not required. Data Science MS OL Flat Rate Tuition

This course examines how data science relates to developing strategies for organizations. The emphasis is on using an organization's data assets to inform better decisions. The course investigates the use of data science findings to develop solutions to competitive organizational challenges. Special attention is given to critically examining decisions to ensure that they are ethical and avoid unfair bias. Professional codes of conduct as well as local and international regulations are also considered.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

DS 775 Prescriptive Analytics (3 crs)

Prerequisite: Limited to Data Science master's degree students.

Procedures and techniques for using data to inform decision making. Topics include optimization, decision analysis, game theory, and simulation.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 776 Deep Learning (3 crs)

Prerequisite: DS 710 and DS 740. Limited to Data Science master's degree students.

•Data Science MS OL Flat Rate Tuition

Introduction to the theory and applications of deep learning. The course begins with the study of neural networks and how to train them. Various deep learning architectures are introduced including convolutional neural networks, recurrent neural networks, and transformers. Applications may include image classification, object detection, and natural language processing. Algorithms will be implemented in Python using a high-level framework such as Pytorch or TensorFlow.

Grading Basis: A-F Grades Only

DS 780 Data Science and Strategic Decision Making (3 crs)

Prerequisite: Limited to Data Science master's degree students. The interaction between data science and strategic decision making. Leveraging data resources for competitive advantage in the marketplace.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

DS 785 Data Science Capstone (3 crs)

Prerequisite: DS 715 or DS 716; DS 730; DS 740; DS 750 or completion of 27 credits. Limited to Data Science master's degree students.

• Full-time equivalent.

Capstone course; students will develop and execute a data science project using real-world data and communicate results to a non-technical audience.

Attributes: Data Science MS OL Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

Economics (ECON)

ECON 103 Principles of Microeconomics (3 crs)

Prerequisite: Grade of C or above in MATH 20 or suitable score on math placement test.

In the context of contemporary economic issues, product and resource markets are analyzed with respect to pricing decisions, efficiency, and equity.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 104 Principles of Macroeconomics (3 crs)

Prerequisite: Grade of C or above in MATH 20 or suitable score on math placement test.

Theory of aggregate income determination in the American economy with consideration of the international economy and other related problems, policies, and institutions.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 201 Introduction to Political Economy (3 crs)

Prerequisite: No credit if taken after ECON 103 or ECON 104

Application of economic analysis to problems confronted in many social science disciplines. Concentrates on macroeconomic issues. Develops basic microeconomic concepts that serve as the foundation for macroeconomic issues. Includes market structures and cooperatives.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 222 Introduction to Game Theory (3 crs)

Prerequisite: Grade of C or above in MATH 109. No credit if taken after ECON 371 or ECON 491 when offered as "Game Theory."

Introductory course for the study of game theory focusing on strategy, conflict and cooperation. This course will seek to answer the question "under what conditions will cooperation emerge in a world of rational egoists without central authority?" Analysis will utilize zero-sum and non-zero sum games generally, and the prisoner's dilemma specifically, to examine social dilemmas and collective action problems.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 250 Sports Economics (3 crs)

Examination of the economics behind international, professional, and intercollegiate sports around the world.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 268 Environmental Economics (3 crs)

Application of economic analysis to national and international environmental issues and policies, highlighting the connections between the economic way of thinking and other disciplines.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 280 Health Economics (3 crs)

Application of economic analysis to national and international health care issues including insurance and financing mechanisms, chronic disease, prescription drugs, government policy and lifestyle choices.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 303 Intermediate Microeconomic Theory (3 crs)

Prerequisite: ECON 103 and ECON 104, or consent of instructor. Minimum sophomore standing.

Application of economic analysis to consumer behavior, production decisions, and resource pricing.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 304 Intermediate Macroeconomic Theory (3 crs)

Prerequisite: ECON 103 and ECON 104, or consent of instructor. Minimum sophomore standing.

Examination of alternative theories of national income, employment, and the general price level.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 311 History of Economic Thought (3 crs)

Prerequisite: ECON 103 or ECON 104, or consent of instructor. Minimum sophomore standing.

Study of classical economic analysis from the works of Adam Smith through Karl Marx.

Attributes: SBS Social Behavioral Science, LE-I1 Integration, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 315 Elements of Mathematical Economics (3 crs)

Prerequisite: ECON 303, and MATH 111 or MATH 114. Minimum sophomore standing.

Applications of differential calculus and matrix algebra in microeconomic and macroeconomic theory.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 316 Econometrics (3 crs)

Prerequisite: ECON 103, ECON 104; MATH 246, MATH 345, or MATH 347.

Minimum sophomore standing.

Application of statistical techniques for the purpose of testing and explaining economic relationships; integration of economic theory with observed economic phenomena. Useful for economic and business forecasting.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 318 Business Fluctuations and Forecasting (3 crs)

Prerequisite: ECON 104. Minimum sophomore standing.

Measuring economic activity; time series analysis; theories of business fluctuations; the experience of the 1930s; forecasting economic activity.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 321 Money and Banking (3 crs)

Prerequisite: ECON 103 and ECON 104, or consent of instructor. Minimum sophomore standing.

Analysis of the impact of money and banking on a modern economy. Banking, regulatory and management problems are also studied.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 327 The Economics of Power, Prejudice and Poverty (3 crs)

This course explores the structural and institutional relationships between economic power, discrimination, and persistent poverty. Through theoretical and empirical analysis, students will examine how market dynamics, public policy, and historical inequalities shape economic and social outcomes for minoritized communities.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 335 Labor Economics (3 crs)

Prerequisite: ECON 103 and ECON 104, or consent of instructor. Minimum sophomore standing.

Wage theories, the labor market, employment and training policy, the unemployment problem, the economic effect of collective bargaining, the labor movement, and labor law.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 351 International Economics (3 crs)

Prerequisite: ECON 103 and ECON 104, or consent of instructor. Minimum sophomore standing.

Study of international trade and international monetary theory and policies influencing the industrialized and developing nations.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 355 Economic Development (3 crs)

Prerequisite: ECON 103

Focuses on the economies of Africa, Asia, and Latin America. Helps develop an historical, institutional, and economic framework for critically understanding social and economic realities in these regions.

Attributes: CP Civics Perspectives, LE-R2 Global Perspectives, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 371 Current Economic Problems (3 crs)

Prerequisite: ECON 103 and ECON 104, or consent of instructor.

Utilization of economic theory to study current economic problems and solutions to problems.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 390 Global Economics Immersion Experience (1-3 crs)

Consent: Instructor Consent Required

This course provides an introduction to fundamental economic concepts, which are then used to analyze important economic and social issues at an international site.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

ECON 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

ECON 491 Special Topics (1-3 crs)

Topics will vary, depending on interest of students and faculty. Topics may be specific themes or areas of economics.

ECON 492 Honors Seminar (3 crs)

Prerequisite: ECON 304, minimum 3.20 GPA in ECON courses. Minimum resident and total GPA of 3.35. Admission to Department Honors Program. Individualized study of special topics in economics. Exact topics will differ depending on interests of the students and faculty members.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 494 Academic Internship (3 crs)

Prerequisite: Twelve credits in economics. Limited to economics majors and minors. Credit cannot be earned in both ECON 494 and ECON 498.

Consent: Department Consent Required

Supervised application of classroom-acquired economics skills and knowledge in an academic setting related to the student's area of interest. To help prepare the student for graduate education.

Attributes: Internship

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 495 Directed Studies (1-3 crs)

Prerequisite: ECON 103 and ECON 104, or consent of instructor.

Consent: Department Consent Required

Course projects will be structured to fit the needs, interests, and goals of the participants.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

ECON 496 Honors Independent Study (1-3 crs)

Prerequisite: ECON 304. Minimum 3.20 GPA in ECON courses. Minimum resident and total GPA of 3.35. Admission to Department Honors Program.

Supervised agenda of reading and research with regular conferences between student and faculty member resulting in a high quality research paper.

Repeat: Course may be repeated for a maximum of 6 credits

ECON 498 Professional Internship (3 crs)

Prerequisite: Twelve credits in economics. Limited to economics majors and minors. Credit cannot be earned in both ECON 494 and ECON 498.

Consent: Department Consent Required

Supervised application of classroom-acquired economics skills and knowledge in a professional setting related to the student's area of interest.

Attributes: LE-11 Integration, Service-Learning, Full 30 Hours, Internship

ECON 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

ECON 503 Intermediate Microeconomic Theory (3 crs)

Prerequisite: ECON 103 and ECON 104.

Consent: Department Consent Required

• *Dual-listed with ECON 303. Credit may not be earned in both courses.*

Application of economic analysis to consumer behavior, production decisions, and resource pricing.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 535 Labor Economics (3 crs)

Prerequisite: ECON 103 and ECON 104.

Consent: Department Consent Required

• *Dual-listed with ECON 335. Credit may not be earned in both courses.*

Wage theories, the labor market, employment and training policy, the unemployment problem, the economic effect of collective bargaining, the labor movement, and labor law.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 555 Economic Development (3 crs)

Prerequisite: ECON 103 and ECON 104.

Consent: Department Consent Required

• *Dual-listed with ECON 355. Credit may not be earned in both courses.*

Focuses on the economies of Africa, Asia, and Latin America. Helps develop an historical, institutional, and economic framework for critically understanding social and economic realities in these regions.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 695 Directed Studies (1-3 crs)

Consent: Department Consent Required

• *Dual-listed with ECON 495.*

Course projects will be structured to fit the needs, interests, and goals of the participants.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

ECON 703 Microeconomics Foundation (1 cr)

Prerequisite: Limited to MBA students.

• *Not for MBA degree credit. No credit if taken after ECON 103.*

Concentrated introduction to microeconomic theory for graduate students with previous business experience. Online course offered fall and spring plus some summers.

Attributes: Higher Cost Per Credit

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

ECON 704 Macroeconomics Foundation (1 cr)

Prerequisite: Limited to MBA students.

• *Not for MBA degree credit. No credit if taken after ECON 104.*

Concentrated introduction to macroeconomic theory for graduate students with previous business experience. Online course offered fall and spring plus some summers.

Attributes: Higher Cost Per Credit

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

ECON 710 Managerial Economics (3 crs)

Prerequisite: Limited to MBA students.

Presentation and analysis of modern decision-making models for managerial decisions relating to economic variables.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 745 Basic Economic Principles Applied to Current Problems (3 crs)

• *Teacher K-12*

Workshop introduces teachers to application of economic theories to current economic issues.

Attributes: Field Trip(s) Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ECON 793 Directed Studies (1-3 crs)

Consent: Department Consent Required

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

ECON 795 Research Paper (1-2 crs)

Consent: Department Consent Required

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

ECON 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

ECON 798 Graduation Only (1 cr)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

ECON 799 Thesis (1-6 crs)

Consent: Department Consent Required

• *Full-time equivalent.*

A description of acceptable topics and the precise nature of the thesis requirement is provided in the departmental program descriptions.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: PR Only Grade Basis

Education and Human Sciences (EHS)

EHS 100 Resiliency, Academic Recovery, and Student Success (1 cr)

Prerequisite: Limited to majors in the College of Education and Human Sciences. Not available to sophomores, juniors, or seniors.

Consent: Department Consent Required

• *No credit toward any major or minor. Elective credit only.*

This course is for first-year students with a declared major in the College of Education and Human Sciences who experienced academic difficulty during their first semester. Students will examine their strengths and talents, reflect on academic challenges, personal growth, and create a plan for academic recovery and student success.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

EHS 101 Prior Learning Assessment Portfolio (1 cr)

Consent: Department Consent Required

This course is designed to provide an opportunity for students to demonstrate learning done outside the university and earn potential credit for courses offered at UW-Eau Claire. Students will demonstrate prior learning and illustrate knowledge and skills by completing a portfolio which aligns their prior learning with university-level outcomes to demonstrate proficiency.

Grading Basis: S/U Only Grade Basis

EHS 300 Introduction to Professional Studies (3 crs)

Consent: Department Consent Required

This class provides an introduction to the Bachelor of Professional Studies major. Students will familiarize themselves with university resources and learning tools, reflect on and evaluate prior course work and other learning experiences, participate in a community engaged learning experience, and create an academic plan that will help them attain their personal and professional goals.

Attributes: LE-CEL Community-Engaged Learning

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

EHS 391 Special Topics (1-3 crs)

Consent: Department Consent Required

• *Enrollment may be limited to students admitted into specific online or collaborative programs.*

Study of a topic selected because of special interest on the part of students or faculty.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

EHS 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

• *Enrollment may be limited to students admitted into specific online or collaborative programs.*

Group study of special topics structured to fit the needs, interests, and goals of students.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

EHS 399 Independent Study - Juniors (1-3 crs)

Consent: Department Consent Required

- *Enrollment may be limited to students admitted into specific online or collaborative programs.*

Individual project under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

EHS 400 Professional Studies Capstone Seminar (3 crs)

Prerequisite: Admitted to Professional Studies Major

- *This course should be taken during the semester of anticipated graduation.*

This course provides engagement in a student-centered, content-related, and culminating capstone experience during the final semester of a student's undergraduate academic career. Students will have the opportunity to integrate and synthesize the knowledge and skills from their academic career and work experiences and create a capstone project that relates to their personal and professional goals as well as demonstrates the outcomes of the Bachelor of Science in Professional Studies major.

Attributes: LE-I1 Integration, LE-S3 Creativity

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar: 3

EHS 491 Special Topics (1-3 crs)

Consent: Department Consent Required

- *Enrollment may be limited to students admitted into specific online or collaborative programs.*

Intensive study of a topic selected because of special interest on the part of students or faculty.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

EHS 495 Directed Studies (1-3 crs)

Consent: Department Consent Required

- *Enrollment may be limited to students admitted into specific online or collaborative programs.*

Group study of special topics structured to fit the needs, interests, and goals of students.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

EHS 498 Professional Studies Internship (1-3 crs)

Prerequisite: Admitted to Professional Studies major.

Consent: Department Consent Required

The course emphasizes the application of interdisciplinary knowledge, clear professional communication, and evidence-based approaches to complex workplace or community challenges. Students set and monitor meaningful goals for their internship, engage in regular reflection on their learning, and demonstrate effective collaboration, leadership, and accountability appropriate to their internship role.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

EHS 499 Independent Study - Seniors (1-3 crs)

Consent: Department Consent Required

- *Enrollment may be limited to students admitted into specific online or collaborative programs.*

Individual project under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Education Studies (ES)

ES 101 Introduction to Teaching and Learning (3 crs)

This foundational course invites students to critically examine the purpose and possibilities of education in today's world. This course lays the groundwork for students considering careers in education or anyone interested in how we can create more responsive and effective learning environments.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 149 Introduction to Education (1 cr)

Prerequisite: Not available for juniors or seniors.

Provides experiences on which to base decisions about teaching as a career. Investigates purposes and goals of university education in preparation for a teaching career and presents strategy for having success in the university.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

ES 212 Exploring Schooling K-12 (2-3 crs)

Prerequisite: Limited to teaching majors or those pursuing the Community Education and Collaboration Minor/Certificate. Minimum 14 credits.
Completion of University Writing Requirement.

• *Music education majors should enroll for 2 credits.*

This class and the accompanying practicum are designed to provide a road map of what to expect and the steps to take for a successful journey into the teaching profession. It provides an initial classroom experience, including daily work with students in a classroom, alongside an exemplary experienced teacher. The course strives to help preservice teachers come to an understanding of what it means to be a teacher dedicated to lifelong learning and to advancing the achievement of all children. Students complete approximately 50 hours of observation/teaching.

Attributes: Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

ES 283 Supporting Multilingual Learners (3 crs)

Prerequisite: Limited to teaching majors or those pursuing the Community Education and Collaboration Minor/Certificate. Minimum 14 credits.
Completion of University Writing Requirement.

• *Teaching majors are advised to take ES 212 prior to or concurrent with ES 283.*

This course is designed to support educators in universally designing classroom instruction to meet the needs of multilingual learners. Participants will learn about strategies to increase engagement for all learners, designing assessments for learning, and selecting and evaluating diverse literature for young people. In addition to classroom instructional practices, the course explores resources for connecting families, communities, and schools.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 302 Teaching and Learning Practices (1 cr)

Prerequisite: ES 212, ES 303. Limited to teaching majors admitted to the professional education program. Must be taken with ES 306, ES 308, ES 309, and ES 457.

Introduction and development of the knowledge, skills, and dispositions necessary to create, organize, and maintain an enriched and positive K-9 classroom environment. Topics include planning for instruction and assessment, developing positive relationships, and creating an inclusive classroom environment.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

ES 303 Emergent Literacy and Assessment (3 crs)

Prerequisite: ES 212; limited to teaching majors admitted to the professional education program. Must be taken with ES 336.

This course, taken concurrently with ES 336, explores concepts related to emergent literacy as well as the methods and assessment techniques teachers use to support literacy development in PK-early elementary grades settings.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 306 Mathematics Curriculum and Instruction in Grades K-9 (3 crs)

Prerequisite: ES 212, must be taken with ES 302, 308, 309, and 457. Limited to teaching majors admitted to the professional education program.

Consent: Department Consent Required

Study of teaching methods, instructional materials, evaluation techniques, and trends in mathematics relevant to grades K-9. Includes a directed practicum.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 307 Language Arts Curriculum and Instruction in Grades K-9 (3 crs)

Prerequisite: ES 212, 303 & 336. Limited to teaching majors admitted to the professional education program. Must be taken with ES 302, 306, 308, and 309. Teaching language arts in the elementary and middle school; writing, listening, and speaking skills are included. Methods, materials, and trends in language arts. Includes a directed practicum.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 308 Science Curriculum and Instruction in Grades K-9 (3 crs)

Prerequisite: ES 212; Limited to teaching majors admitted to the professional education program. Must be taken with ES 302, 306, 309, and 457

Study of the teaching methods, instructional materials, evaluation techniques, and trends in science relevant to grades K-9. An environmental education component is included as well as a directed practicum.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 309 Social Studies Curriculum and Instruction in Grades K-9 (3 crs)

Prerequisite: ES 212. Limited to teaching majors admitted to the professional education program. Must be taken with ES 302, 306, 308, and 457.

Study of teaching methods, instructional materials, and techniques in elementary and middle level social studies. Explores trends in social studies and looks at education for employment. Includes a directed practicum.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 313 Curriculum, Instructional Methods, and Disciplinary Literacies in Grades K-12 (3 crs)

Prerequisite: Limited to teaching majors admitted to the professional education program. Must be taken concurrently with ES 314.

Introduces models of teaching; modes of communication (written, oral, and multimodal); disciplinary literacy; lesson and unit planning; and methods of instruction. Provides rationales and methods for determining the abilities of middle-level and secondary students to read text in content areas and provides strategies for teaching effectively from text in a content-area classroom.

Includes a five-week directed practicum where preservice teachers gain at least 75 hours of experience working with students.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

ES 314 Collaboration, Engagement, and Assessment in Grades K-12 (3 crs)

Prerequisite: Limited to teaching majors admitted to the professional education program. Must be taken concurrently with ES 313.

Covers collaborating and co-teaching in schools, collaborating with caregivers and families, creating a classroom culture focused on engagement of students, and integrating assessments across content for all students. Students explore how a classroom culture focused on engagement includes conflict resolution, peer mediation, problem solving in human relationships, and crises management. Includes a five-week directed practicum where preservice teachers gain at least 75 hours of experience working with students.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 315 Assessment for Learning (3 crs)

Prerequisite: ES 212

Students will learn about different approaches to assessment in K-12 settings and develop strategies for responding to assessment data to inform instruction.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 336 Elementary Literacy and Assessment (3 crs)

Prerequisite: ES 212; limited to teaching majors admitted to the professional education program. Must be taken with ES 303.

This course, taken concurrently with ES 303, explores late elementary literacies as well as the methods and assessment techniques teachers use to support literacy development in grades 3-5.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 356 Teaching Social Studies in Grades 4-12 (3 crs)

Prerequisite: Completion of ES 212. Limited to teaching majors admitted to the professional education program.

Study of the curriculum, resources, teaching skills, and evaluation procedures for grades 4-12 social studies. Required of the Social Studies teaching major.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 357 Teaching Mathematics in Grades 4-12 (2 crs)

Prerequisite: Completion of or concurrent enrollment in ES 313 and ES 314.

Limited to teaching majors admitted to the professional education program.

Students construct an instructional framework based on research, theory, current practice, technology, and practical experience. Required of teaching majors and minors in mathematics.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

ES 360 Teaching Science in Grades 4-12 (3 crs)

Prerequisite: Completion of ES 212 and consent of department. Limited to teaching majors admitted to the professional education program.

Consent: Department Consent Required

Provides study of methods, materials, content, and organization of science programs. Emphasizes curriculum planning, instruction, assessment, and best practices in 4-12 science instruction.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 366 World Language Methods for Secondary Teaching (2-3 crs)

Prerequisite: Completion of ES 212. Limited to teaching majors and minors admitted to the professional education program.

• *Students majoring/minoring in more than one language should enroll in this course for three credits.*

Theories of language acquisition and learning, methodological trends, review of current research, guidelines for teaching the skills and culture.

Lecture/Discussion Hours: 2-3

Lab/Studio Hours: 0

ES 382 Technology for Learning (3 crs)

Prerequisite: Limited to teaching majors or those pursuing the Community Education and Collaboration Minor/Certificate. Minimum 14 credits.
Completion of University Writing Requirement.

- *Teaching majors are advised to take ES 212 prior to or concurrent with ES 382.*

This course will explore current and emerging technologies that are pertinent to K-12 classrooms and education professionals. Students will develop knowledge about educational technologies and refine the skills needed to equitably incorporate these technologies into K-12 classrooms.

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ES 383 Literature for Adolescents (3 crs)

Prerequisite: Minimum sophomore standing.
Study of literature for young people--middle and high school ages--with emphasis on trends and issues, development of the adolescent novel, genres, author profiles, and reading promotional tools.

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ES 385 Social Foundations: Human Relations (3 crs)

Students will examine cultural contributions of racial, ethnic, cultural, gender, and economic groups. They will also examine forces of discrimination and racism on individuals, society, and education and analyze practices that promote dignity, social justice, and equality.

Attributes: CP Civics Perspectives, LE-CEL Community-Engaged Learning, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ES 402 Instructional Internship in Education for Equity and Justice (1-3 crs)

Prerequisite: Limited to elementary middle education and secondary education majors, department consent required.

Consent: Department Consent Required

Selected student develops professional knowledge and skills by engaging in professional reading and discussion during three seminar meetings, providing assistance to faculty member, enhancing classroom teaching and learning for enrolled students, locating and/or developing instructional resources, and other associated duties as assigned by faculty mentor. Plans for internship are based on a student-faculty contract. Three hours of participation per week per credit.

Grading Basis: A-F Grades Only
Lab/Studio Hours: 0
Seminar Hours: 1

ES 404 Education and Popular Culture (3 crs)

This course exposes students to the various and often problematic ways that education is represented in popular culture, using feminist, critical race, and cultural studies perspectives to analyze representations of education and youth in popular culture.

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ES 405 Teaching English to Speakers of Other Languages (3 crs)

Prerequisite: FLG 378 or concurrent enrollment, and one year college level foreign language study or equivalent, or consent of instructor.

Designed to help school teachers and others recognize the language difficulties of non-native speakers and teach effectively the sounds, basic structures, and vocabulary of English. Stresses development and use of practical techniques and materials based on second-language acquisition principles.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

ES 408 Methods of Teaching Content-Based EL (4 crs)

Prerequisite: ES 405 or concurrent enrollment. Limited to TESOL minors and majors.

EL, bilingual education, and content area teachers learn to modify course materials, instructional strategies and assessments so that English learners can engage in course content while simultaneously developing their new language. Student completes approximately 40 hours of field experience.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 1

ES 411 Methods of Bilingual/Bicultural Content-Based Instruction and Curriculum Design (2 crs)

Prerequisite: ES 405. Must be taken concurrently with ES 471.

- *Proficiency in Spanish through a score of Advanced Low on the ACTFL (both Oral and Written)*

The course prepares teacher candidates to work effectively with linguistically diverse students across all content areas and to develop their students' language proficiency as needed for school success. In this course, students will study what it means --linguistically, cognitively, socially, and psychologically -- to be a bilingual child. The course will be taught in Spanish and English and will focus on specific instructional strategies for bilingual children, various program models, and methods of assessment for bilingual learners in U.S. public schools.

Attributes: Undergraduate/Graduate Offering, Special Course Fee Required Varies by Term/Section
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

ES 437 World Language Methods for Early and Middle Childhood (2 crs)

Prerequisite: Completion of ES 212. Limited to teaching majors and minors admitted to the professional education program.

Principles and practices in teaching world languages in elementary and middle schools. Preparation for teaching in bilingual education programs. This course also includes a 10-hour practicum experience at a local elementary school.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

ES 440 Internship Teaching in K-12 Education (5-10 crs)

Consent: Department Consent Required

- *Admission to the professional semester and recommendation of the Department of Education for Equity and Justice. Offered on satisfactory/unsatisfactory grade basis only.*

The intern is a paid contractual member of a school staff, spending the entire session in their assigned role and following the calendar of their school.

Attributes: Internship, Special Course Fee Required

Grading Basis: S/U Only Grade Basis

Lab/Studio Hours: 0

Practicum Hours: 40

ES 441 Student Teaching in K-12 Education (5 crs)

- *Admission to the professional semester and recommendation of the Department of Education for Equity and Justice. Offered on satisfactory/unsatisfactory grade basis only.*

The student teaches full-time for one quarter, following the calendar determined by the Teacher Education Program.

Repeat: Course may be repeated for a maximum of 10 credits

Grading Basis: S/U Only Grade Basis

Lab/Studio Hours: 0

Practicum Hours: 40

ES 457 Middle Grades Literacy and Assessment (3 crs)

Prerequisite: ES 212. Limited to teaching majors admitted to the professional education program. Must be taken with ES 302, 306, 308, 309.

Preservice teachers will examine the context and content of a middle grades English Language Arts classroom and curriculum with an emphasis on the process and skills needed for adolescent literacy development. Preservice teachers will learn how to create inquiry-driven literacy curriculum grounded in equitable and developmentally appropriate ELA pedagogies.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 471 Student Teaching in Special Situations (1-6 crs)

Prerequisite: Must be taken concurrently with ES 411.

Intended for students currently enrolled in a teacher licensure program or individuals who are currently licensed educators wishing to add an additional area of licensure. Student teaching experience arranged according to needs of additional licensure.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: S/U Only Grade Basis

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

ES 490 Historical, Legal, and Philosophical Foundations of Education (3 crs)

Prerequisite: Limited to teaching majors or those pursuing the Community Education and Collaboration Minor/Certificate. Minimum 14 credits.

Completion of University Writing Requirement.

- *Teaching majors are advised to take ES 212 prior to or concurrent with ES 490. Dual listed with ES 690.*

The application of historical, legal, and philosophical principles to classroom operations. Includes the development of a personal philosophy of education.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 493 International Experience in Education (1-5 crs)

Consent: Department Consent Required

Allows students to study some aspects of education in another country.

Experiences may involve teaching, survey of curriculum, methodology, trends and/or study tour of education facilities. Experience must be approved by department chair.

Attributes: Undergraduate/Graduate Offering

ES 495 Directed Studies in Education (1-3 crs)

- *Arranged by department in response to need.*

Group study, under the immediate direction of departmental faculty, of a problem not covered in existing courses.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

ES 497 Field Experience Seminar (2 crs)

Prerequisite: Admission to program

- Admission to professional semester and recommendation of Department of Education for Equity and Justice. Required for all elementary-middle and secondary education majors.

A capstone seminar designed to provide experiences in which students refine and demonstrate competence in instructional planning, instructional delivery, and other collaborative and professional practices while meeting the needs of a diverse student population. Taken in conjunction with student teaching/internship. Preparation for the materials and competencies required for the job search is highlighted.

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering, Capstone Course, Special Course Fee Required

Lab/Studio Hours: 0

Seminar Hours: 2

ES 499 Independent Study (1-3 crs)

Consent: Department Consent Required

Study of an education issue under the supervision of Education for Equity and Justice faculty.

Repeat: Course may be repeated

ES 585 Social Foundations: Human Relations (3 crs)

- Dual-listed with ES 385. Credit may not be earned in both courses. Students are expected to accrue 15 of the 30 hours of volunteer/field work prior to the semester they are enrolled in ES 385/ES 585.

Students will examine cultural contributions of racial, ethnic, cultural, gender, and economic groups. They will also examine forces of discrimination and racism on individuals, society, and education and analyze practices that promote dignity, social justice, and equality.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 604 Education and Popular Culture (3 crs)

- Dual-listed with ES 404. Credit may not be earned in both courses.

This course exposes students to the various and often problematic ways that education is represented in popular culture, using feminist, critical race, and cultural studies perspectives to analyze representations of education and youth in popular culture.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 605 Teaching English to Speakers of Other Languages (3 crs)

Prerequisite: FLG 378 or concurrent enrollment, and one year college level foreign language study or equivalent, or consent of instructor.

- Dual-listed with ES 405. Credit may not be earned in both courses.

Designed to help school teachers and others recognize the language difficulties of non-native speakers and teach effectively the sounds, basic structures, and vocabulary of English. Stresses development and use of practical techniques and materials based on second-language acquisition principles.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 608 Methods of Teaching Content-Based EL (3 crs)

Prerequisite: ES 405/ES 605.

- Dual-listed with ES 408. Credit may not be earned in both courses.

Future and current teachers of English Learners, bilingual educators, and content-area teachers learn how to modify mainstream course materials and instructional strategies so that English Learners can engage in course content while simultaneously developing their new language.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 611 Methods of Bilingual/Bicultural Content-Based Instruction and Curriculum Design (2 crs)

Prerequisite: ES 405/ES 605.

- Dual-listed with ES 411. Credit may not be earned in both courses.

The course prepares teacher candidates to work effectively with linguistically diverse students across all content areas and to develop their students' language proficiency as needed for school success. In this course, students will study what it means - linguistically, cognitively, socially, and psychologically - to be a bilingual child. The course will be taught in Spanish and English and will focus on specific instructional strategies for bilingual children, various program models, and methods of assessment for bilingual learners in U.S. public schools.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 657 Middle Grades Literacy and Assessment (3 crs)

Prerequisite: Limited to teaching majors admitted to the professional education program.

- Dual-listed with ES 457. Credit may not be earned in both courses.

Preservice teachers will examine the context and content of a middle grades English Language Arts classroom and curriculum with an emphasis on the process and skills needed for adolescent literacy development. Preservice teachers will learn how to create inquiry-driven literacy curriculum grounded in equitable and developmentally appropriate ELA pedagogies.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 690 Historical, Legal, and Philosophical Foundations of Education (3 crs)

- Dual-listed with ES 490. Credit may not be earned in both courses. Graduate students may also enroll.

The application of historical, legal, and philosophical principles to classroom operations. Includes the development of a personal philosophy of education.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 693 International Experience in Education (1-5 crs)

Consent: Department Consent Required

- Dual-listed with ES 493.

Allows students to study some aspects of education in another country. Experiences may involve teaching, survey of curriculum, methodology, trends and/or study tour of education facilities. Experience must be approved by department chair.

Grading Basis: No S/U Grade Option

ES 695 Directed Studies in Education (1-3 crs)

- Dual-listed with ES 495. Arranged by department in response to need.

Group study, under the immediate direction of departmental faculty, of a problem not covered in existing courses.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

ES 697 Field Experience Seminar (2 crs)

- Dual-listed with ES 497. Credit may not be earned in both courses. Admission to professional semester and recommendation of Department of Education for Equity and Justice. Required for all elementary-middle and secondary education majors.

A capstone seminar designed to provide experiences in which students refine and demonstrate competence in instructional planning, instructional delivery, and other collaborative and professional practices while meeting the needs of a diverse student population. Taken in conjunction with student teaching/internship. Preparation for the materials and competencies required for the job search is highlighted.

Attributes: Capstone Course, Special Course Fee Required

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Seminar Hours: 2

ES 705 Literacy Assessment (3 crs)

Prerequisite: SLHS 311/SLHS 511; ES 328/ES 528; SEIP 300/SEIP 500 or SEIP 400/SEIP 600; or equivalent for each or consent of instructor.

Teachers will examine assessment methods for reading and writing, conduct assessments, and analyze data to inform instructional decisions. Issues of literacy assessment will be explored. Work outside of class with a student is required.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 710 Student Development and Learning (3 crs)

The study of contemporary theories and principles of development, learning and motivation as they relate to educational services. Development issues including: physical, intellectual, emotional, social and moral perspectives will be used to create, modify or change learning expectations in the school setting.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 712 Social Foundations of Education (3 crs)

The purpose of this course is to help students develop into educators who critically examine the political, social, economic, ideological, and cultural landscape in which they will teach.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 720 Cultural and Social Foundations of Learning (3 crs)

Designed to provide students the knowledge, skills and dispositions needed to help all students learn more effectively in the school setting. Philosophical underpinnings will provide the basis for learning across the behaviorist to constructivist continuum.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 721 Teacher Reflection and Evaluation (1 cr)

Designed to assist educators in examining their teaching through reflective practice. Participants will explore and apply multiple ways of reflecting and evaluating their teaching from peer assistance to self-evaluations, student interviews, and teaching portfolios.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

ES 725 Mathematics Curriculum, Instruction, and Evaluation in Grades 1-12 (3 crs)

A survey of current trends and issues related to mathematics teaching and learning in elementary through high school. Contemporary instructional procedures, curricula and assessment methods will be examined. Technology integration will be infused.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 726 Issues of Critical Literacy in Grades K-12 (3 crs)

Prerequisite: ES 328/ES 528 or ES 753.

A major thrust of this course will be on the social, cultural, and political dimensions of literacy education in grades K-12.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 730 Comparative Education (3 crs)

Theory, structure, and organization of education. Examines education in selected countries of Europe, South America, Near East, Middle East, and Far East.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 731 Administration and Leadership in Reading Instruction (3 crs)

Prerequisite: ES 705, ES 706, ES 726 and ES 753.

Provides the prospective Reading Specialist with coaching models, study of reading program reform and home, school and community partnerships. Examines leadership strategies to administer and promote the K-12 district reading instruction and assessment program.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 732 Social Studies Curriculum and Instruction in Grades 1-12 (3 crs)

Analysis of trends, issues, materials, and practices in Social Studies education.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 733 Science Curriculum and Instruction in Grades 1-12 (3 crs)

Advanced study of contemporary curriculum models and strategies for teaching science. Investigates current issues affecting 1-12 science teaching.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 734 Current Trends and Issues in Curriculum 1-12 (3 crs)

Organizing elements, current issues, innovations, and trends in curriculum for grades 1-12.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 738 Curricular Design and Innovation (3 crs)

This course investigates curricular models aligned with state and national standards, with a focus on how curricular design promotes learning and innovation in the classroom setting.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 740 Introduction to Action Research (3 crs)

Students will create and conduct an action research project in their own classrooms using appropriate research methodologies.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 742 Advanced Topics in Teaching (1-3 crs)

A collection of one-credit courses, varying in scope and in degree of emphasis on educational issues and/or practices, designed to provide continued study of topics related to professional issues and professional performance.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

ES 743 Instructional Supervision Theory (3 crs)

Consent: Instructor Consent Required

A theory based course designed to develop the competence of those preparing to supervise teacher education students. Fees may be waived if the cooperating teacher, team leader, or administrator is serving the UW-Eau Claire teacher education program.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 744 Advanced Practica and Topics in Supervision (1 cr)

Prerequisite: ES 743 or supervision course.

- *Current involvement in supervision.*

A practicum based course designed to enhance and refine the supervisory skills of cooperating teachers supervising teacher education students. Fees may be waived if the cooperating teacher is serving the UW-Eau Claire teacher education program.

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

ES 745 Language Arts Curriculum and Instruction in Grades 1-8 (3 crs)

Materials, procedures, and organization of elementary and middle school language arts. For teachers, supervisors, and administrators in elementary and middle schools.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 746 Teaching All Students: Equity, Diversity and Inclusivity (3 crs)

Beginning with the end-in-mind, this course addresses issues of diversity, equity and inclusivity so that all students become successful learners.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 753 Facilitating Literacy Across the Curriculum (3 crs)

Rationale and methods for determining and meeting the needs and abilities of middle level, secondary, and post-secondary students to read text in content areas.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 755 Collaborative Leadership: Building Effective Relationships (3 crs)

Designed to help students build and align their knowledge, skills and dispositions as Teacher and Collaborative Leader in order to act in concert with colleagues, administrators, students and their parents.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 760 Administrative Leadership (3 crs)

A study of selected theories and research relating to individual and group behaviors in K-12 educational organizations with emphasis on the characteristics of educational leadership including participatory management, long range strategic planning and change agent processes. Particular emphasis is given to human relations skills as well as oral and written communication skills needed by public school leaders.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 768 Seminar in Reading (3 crs)

Prerequisite: ES 706 or ES 740 or ES 788.

Content determined by both professor and students. Multiple topics for consideration presented by instructor. Each class member is required to be familiar with all topics and to investigate one in considerable depth.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 770 School Law (3 crs)

Study of the legal system, Wisconsin Statutes relating to schools, federally mandated programs, teacher and student freedoms and responsibilities, and case law related to the foregoing.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 771 Designing a Learning Environment (3 crs)

This course addresses issues of risk, power, student needs, and classroom management within the framework of building an effective classroom community. The theories of the responsive classroom development and design will be explored.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 772 Seminar in Elementary and Middle Level Education (1-3 crs)

Consent: Instructor Consent Required

An intensive study of selected topics in elementary and middle level education. The exact topics to be studied will vary according to the interests of the professor and the seminar participants.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

ES 774 Evaluation, Assessment and Data-Based Decision Making (3 crs)

Designed to help students create, analyze and use reliable and valid assessments so that they can use that data for instructional decision-making in both the classroom and their school.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 776 Teaching Adult Learners (3 crs)

Examines the nature and needs of adult learners, approaches to adult learning programs, methods for instructing and evaluating adult learners, as well as trends and projections in adult education.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 777 Program Evaluation (3 crs)

The development of competency in designing, implementing, reporting, and assessing a plan to evaluate academic and nonacademic educational programs.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 788 Introduction to Educational Inquiry (3 crs)

• Admission to Master of Education--Professional Development or Master of Science in Teaching Degree Program.

Study of educational inquiry and research methodologies. Intended to increase student's ability to critically read and synthesize the products of educational inquiry, to conceptualize and conduct a clear, disciplined inquiry into a topic.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ES 794 Scholarly Paper (1-2 crs)

Consent: Department Consent Required

• Permission of scholarly paper adviser.

Selection and implementation of the scholarship/research process with guidance from an Education Studies graduate adviser. Culminates in a paper and an oral presentation.

Repeat: Course may be repeated for a maximum of 2 credits

Grading Basis: S/U Only Grade Basis

ES 795 Research Paper (1-2 crs)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

ES 796 Directed Studies (1-3 crs)

A group may investigate common problems.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

ES 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

ES 798 Graduation Only (1 cr)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

ES 799 Thesis (1-6 crs)

• Full-time equivalent

A description of acceptable topics and the precise nature of the thesis requirement is provided in the departmental program descriptions.

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

English (ENGL)

ENGL 122 The Study of Language (3 crs)

This course is a non-technical introduction to the study of human language and its role in human interaction. Students survey essential topics related to all aspects of language as a social, biological, psychological, and cultural construct.

Attributes: SBS Social Behavioral Science, LE-I1 Integration, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 130 Introduction to World/Postcolonial Literature (3 crs)

Introduction to Eastern and Western literary classics from ancient and/or modern times (excluding British and American), with emphasis on cultural significance. Attention may also be given to origin and development of literary forms, modes, techniques, and conventions.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 150 Introduction to Literature (3 crs)

Prerequisite: Not available for juniors or seniors.

Appreciation and analysis of great works of literature in fiction (short story and novel), poetry, and drama, through the application of a range of critical techniques.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 181 Introduction to Critical Studies in Film, Television, and Moving-Image Culture (3-4 crs)

• Three (3) credit offerings will meet in class for four hours per week; four (4) credit offerings will meet in class for five hours per week. Additional screening time outside of class may be required.

Introduction to critical studies in film, television, and moving-image culture. Includes concepts such as representation and ideology; race, class, and gender; economics and history; aesthetics and politics; and genre and form. Variable focuses and emphases.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 4-5

Lab/Studio Hours: 0

ENGL 210 Introduction to Critical Studies (5 crs)

Students learn methods for understanding how texts construct meaning and shape frameworks of power that mediate human relationships.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 5

Lab/Studio Hours: 0

ENGL 212 Histories and Theories of Rhetoric (3 crs)

Introduction to the field of rhetoric through historical, contemporary, and theoretical perspectives.

Attributes: LE-K3 Humanities, LE-R3 Civic and Environmental Issues

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 220 Introduction to Creative Writing (3 crs)

Introduction to creative writing with opportunities for the student to create and evaluate several forms of verbal art (poetry, fiction and/or nonfiction).

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 221 Introductory English Linguistics (3 crs)

Introduction to the nature and structure of human language with an emphasis on the English language. Survey topics include phonology, morphology, syntax, semantics, pragmatics, history of the English language, regional and social dialects, language acquisition.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 230 Survey of World/Postcolonial Literature (3 crs)

This course provides a comparative survey of literature from a minimum of four western (excluding British and North American) and non-western cultures over two or more centuries from the fourteenth century onward.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 243 American Literature to 1865 (3 crs)

A survey of literature created in America from the pre-Columbian period to the end of the Civil War.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 244 American Literature from 1865-1945 (3 crs)

Poetry, fiction, nonfiction, drama, and folktales of the late nineteenth century and the first half of the twentieth, from Chopin, Gilman and Twain to Eliot, Faulkner, O'Neill, and Hurston.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 245 American Literature Since 1945 (3 crs)

Poetry, fiction, nonfiction, and drama since 1945, including such authors as Miller, Lowell, Didion, and Warren.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 252 Perspectives on Pre-1790 British Literature (3 crs)

Introductory-level study and appreciation of pre-1790 British literatures situated across a major shift of at least two literary periods (e.g., before and after the Norman Conquest, medieval and early modern theatricality or Arthurian myths).

Attributes: HA Humanities Arts, LE-K3 Humanities

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 257 Representative Shakespeare (3 crs)

Analysis of a representative group of texts (plays and verse) with attention to genre, historical contexts, or theoretical approaches. Does not duplicate English 357.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 259 Perspectives on British Literature After 1790 (3 crs)

This course investigates a specific topic or group of British authors situated across a major shift of at least two literary periods (e.g., Romanticism to Victorianism) ranging from 1790 to the present.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 268 Survey of American Ethnic Literature (3 crs)

Focuses on literary techniques/forms that represent experiences of at least one particular American ethnic group. Analyzes relationships between an ethnic culture and the dominant culture, emphasizing the intersection in literature of ethnic/dominant traditions, histories, cultural values.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 272 Perspectives in Popular Texts (3 crs)

• See current Class Schedule for specific theme or topic.

Perspectives on a theme, issue, topic, genre, major author, or movement in mass culture as presented in popular texts.

Attributes: HA Humanities Arts, LE-K3 Humanities

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 273 Creative and Narrative Nonfiction (3 crs)

• Credit may not be earned in both CJ 273 and ENGL 273.

Survey of nonfiction works (reportage, autobiography, travel, and nature writing) which combines factual reporting with literary techniques to reveal American society.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 274 The Short Story (3 crs)

Analysis and discussion of ideas and literary techniques found in the short story with attention to such writers as Chekhov, Dinesen, Borges, Welty.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 275 The Novel (3 crs)

Analysis and discussion of ideas and literary techniques found in the novel with attention to such writers as Austen, Hawthorne, Twain, Joyce, Dostoevsky, Woolf, Heller.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 276 Poetry (3 crs)

Analysis and discussion of ideas and literary techniques found in poetry with attention to such writers as Shakespeare, Frost, Yeats, Dickinson, Whitman, Rich, Plath, Heaney.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 277 Drama (3 crs)

Analysis and discussion of ideas, literary techniques, and conventions found in drama. Selections will normally range from classical to contemporary and include examples from diverse cultures.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 278 Young Adult Literature (3 crs)

This course is designed to introduce various genres of young adult literature, along with critical theories that can help us to read these texts with a lens for how issues of perspective, power, and privilege are woven into narratives. In this course we will consider what constitutes young adult literature, why this genre appeals to readers who may no longer consider themselves "young," and how we might engage with this content in ways that bring meaning to our own lived experiences.

Attributes: HA Humanities Arts, LE-K3 Humanities

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 281 Critical Perspectives on Film, Television, and Moving-Image Culture (4 crs)

•See current Class Schedule for specific theme or topic.

Engagement with critical perspectives on film, television, and/or moving image culture. Students will analyze films, TV shows, and/or moving-image texts using a variety of critical methods and approaches.

Attributes: HA Humanities Arts, LE-K3 Humanities

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 4-5

ENGL 284 Introduction to Theory and Criticism (3 crs)

Prerequisite: ENGL 210 (formerly 160) or concurrent enrollment.

Introduction to a range of positions concerning what, how, and why we read within English Studies. Students will develop their ability to recognize, explain, and argue for their own positions in relation to these issues.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 296 Perspectives on Women's Literature (3 crs)

• Credit may not be earned in both ENGL 296 and WGSS 296 unless topics differ.
See current Class Schedule for specific theme or topic.

Analyzes representative texts by women. Attention given to historical and critical/theoretical questions relevant to understanding women's achievements in such areas as writing for literary fame, artistic creation, religious expression, political resistance, and economic survival.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 302 Teaching Writing in the Elementary and Middle School (3 crs)

Prerequisite: Limited to elementary education, middle/early adolescence majors. Completion of University Writing Requirement.

Writing intensive course focused on writing theory and pedagogy in the elementary and middle school. Students will develop their writing skills as well as learn to support writing development of children in a writing workshop.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 307 Editing and Publications Management (3 crs)

Prerequisite: Completion of University Writing Requirement.

Copyediting and substantive editing of text and art. Addresses use of style guides and stylesheets, editor/author rapport, document design, indexing, and the publication process. Flexible strategies that consider conventions, cognition, and rhetorical situation.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 310 Intermediate Poetry Writing (3 crs)

Prerequisite: Grade of B or above in ENGL 220, or consent of instructor.

The study, creation, and evaluation of poetry for the intermediate writing student.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 311 Intermediate Fiction/Nonfiction Writing (3 crs)

Prerequisite: Grade of B or above in ENGL 220, or consent of instructor.

The study, creation, and evaluation of fiction and nonfiction for the intermediate writing student.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 312 Science Writing (3 crs)

Prerequisite: Completion of University Writing Requirement.

Develop students' abilities to respond to rhetorical situations informed by scientific evidence and create documents that respond effectively to these situations.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 313 Technical Writing (3 crs)

Prerequisite: Completion of University Writing Requirement.

Students analyze rhetorical situations and user needs, determine optimal formats, and produce effective technical documents for intended audiences.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 314 Cultural Rhetorics (3 crs)

Prerequisite: Completion of University Writing Requirement.

Topics in rhetorical action of cultural groups. Explores relationships among rhetoric, identity, ideology, power, privilege, and social change.

Attributes: CP Civics Perspectives, LE-R2 Global Perspectives, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 315 Visual Rhetorics of Science, Technology, and Culture (3 crs)

Prerequisite: Completion of University Writing Requirement.

Examines texts as comprised of both verbal and visual elements that work together to make meaning, create knowledge, and persuade audiences.

Attributes: LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 316 Rhetorics of Social Justice (3 crs)

Prerequisite: Successful completion of University Writing Requirement.

Develops students' understanding of inequitable power systems to enable students to produce ethical and fitting rhetorical responses in the public sphere. Sections will vary in thematic approach.

Attributes: CP Civics Perspectives, LE-R3 Civic and Environmental Issues, Service-Learning, Full 30 Hours

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 319 Introduction to English Education Methods (3 crs)

Prerequisite: ES 212 or concurrent enrollment. ENGL 210 or consent of instructor. Three credits of literature at the 100- or 200-level. Limited to English teaching majors and minors. Minimum resident and total GPA of 2.5.

An introduction to the theories and methods of teaching English language arts in middle and high school classrooms.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 321 Topics in the Structure of English (3 crs)

Prerequisite: ENGL 221 or consent of instructor.

• See current Class Schedule for specific theme or topic.

Explores the inner workings of the English language. Specific course offerings will involve one or more areas of language structure: phonology, morphology, syntax, semantics, pragmatics.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 325 Topics in Language in Society (3 crs)

Prerequisite: ENGL 221 or consent of instructor.

Explores issues of language in society from a linguistic perspective. Topics may include the history of the English language, language attitudes, language change, language variation, and others.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 330 Topics in World/Postcolonial Literature (3 crs)

Prerequisite: ENGL 210 or three credits of literature at the 100 or 200 level.

A thematic analysis of issues pertaining to the study of world (excluding British and American) and/or postcolonial literatures.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 332 Women in African Literature (3 crs)

• Credit may not be earned in both ENGL 332 and WGSS 332.

Using cultural and historical perspectives, the course interprets images of women in African literature, emphasizing how the experiences of phases of colonialism have continued to transform women's images, roles, and prospects in society.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 340 Topics in American Literature to 1865 (3 crs)

Prerequisite: ENGL 210 or three credits of literature at the 100 or 200 level.

• See current Class Schedule for specific theme or topic.

This focused study of American literature may include works from the pre-European contact period through 1865. A major author, genre, theme, or movement may be the subject of this course.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 348 Topics in American Literature: 1865 - Present (3 crs)

Prerequisite: ENGL 210 or three credits of literature at the 100 or 200 level.

• See current Class Schedule for specific theme or topic.

A focused study of American literature between the end of Civil War and the present. A major author, genre, theme, or movement related to this period may be the subject.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 351 Chaucer and His Age (3 crs)

Prerequisite: ENGL 125 or ENGL 221 or SLHS 262 or foreign language competency at the 102 level, and either ENGL 210 or three credits of literature with either ENGL or FLTR prefix.

Literature and language of Geoffrey Chaucer in his literary and social context; readings from his Canterbury Tales and other writings, and from comparable works by his contemporaries and/or imitators through ca. 1450.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 352 Topics in British Literature Before 1790 (3 crs)

Prerequisite: ENGL 210 or three credits of literature at the 100 or 200 level.

• See current Class Schedule for specific theme or topic.

This course will investigate a specific literary period, topic, or group of authors in British literature before 1790.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 357 Shakespearean Topics (3 crs)

Prerequisite: Three credits of literature at the 100 or 200 level.

• See current Class Schedule for specific theme or topic.

Analysis of a selected group of plays or poems in terms of a specific thematic or theoretical topic.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 359 Topics in British Literature After 1790 (3 crs)

Prerequisite: ENGL 210 or three credits of literature at the 100 or 200 level.

• See current Class Schedule for current theme or topic.

This course will investigate a specific literary period, topic, or group of British authors within the period ranging from 1790 to the present.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 362 Studies in Transatlantic Romanticism (3 crs)

Examines Romanticism as an Anglo-American literary dialogue concerned with topics such as abolition of slavery, environmental preservation, women's rights, etc. Explores how the successes and failures of political, poetical, and industrial revolutions shaped Romantic literature.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 368 Topics in American Ethnic Literature (3 crs)

Prerequisite: ENGL 210 or three credits of literature at the 100 or 200 level.

This literature course explores the literary perspectives and cultural lives embodied by U.S. ethnic communities, particularly African American, Asian American, American Indian, and Hispanic/Latin American communities. Individual sections explore ethnic literature produced by an author, literary period, genre, or theme.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 372 Topics in Popular Culture (3 crs)

Prerequisite: ENGL 210 or three credits of literature at the 100 or 200 level.

Thoughtful, critical, and in-depth study of a theme, issue, topic, genre, major author, or movement in mass culture as presented in popular texts and related critical discussions.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 381 Critical Studies in Film and Culture (4 crs)

• See current Class Schedule for specific theme or topic.

Critical exploration of topics in film and culture. Variable focus by offering.

Recommended for English majors/minors and others with significant interest in film, video, and moving-image culture or in cinema and media history.

Repeat: Course may be repeated for a maximum of 8 credits

ENGL 384 Studies in Theory and Criticism (3 crs)

Prerequisite: ENGL 284

• See current Class Schedule for specific theme or topic.

Study and analysis of selected theory and/or criticism. Specific offerings under this course title will vary, focusing on author, theme, period, genre.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 391 Travel Seminar (1-3 crs)

• Course offered only when sufficient enrollment has been recruited, may be offered in cooperation with UW-Extension. May be used in English major or minor programs. See current Class Schedule for specific theme or topic.

Study before, during, or after travel to a region associated with a writer or writers, e.g. Thomas Hardy's Wessex. Emphasizes visits to libraries, museums, cities, countryside, and special sites associated with the literature.

Attributes: Undergraduate/Graduate Offering

ENGL 394 Academic Apprenticeship in English (1-3 crs)

Prerequisite: Completion of University Writing Requirement.

Consent: Department Consent Required

Qualified students, supervised by English faculty, facilitate teaching and learning in a specific course. Students will enhance their knowledge of the discipline and their ability to communicate this understanding to their peers.

Attributes: Service-Learning, Full 30 Hours

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: S/U Only Grade Basis

ENGL 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

Study of a problem or special area in language or literature.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

ENGL 396 Studies in Women's Literature (3 crs)

- *Credit may not be earned in both ENGL 396 and WGSS 396 unless topics differ. See current Class Schedule for specific theme or topic.*

Study of a particular problem, genre, or literary period within that literature written by or about women, such as "Our Literary Foremothers" or "Jane Eyre's Literary Daughters".

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 397 Writing Center Theory & Practice (3 crs)

Prerequisite: Grade of B or above in WRIT 114, WRIT 116, WRIT 118, or WRIT 120, or equivalent. Minimum sophomore standing.

Consent: Instructor Consent Required

Introduction to Writing Center Theory and its application to tutoring college writing in a variety of disciplines. Students tutor three hours per week in the Center for Writing Excellence. This course is open to non-majors.

Attributes: Service-Learning, Full 30 Hours, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 1

Lab/Studio Hours: 3

ENGL 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

ENGL 409 Grant Proposal Writing (3 crs)

Prerequisite: Completion of University Writing Requirement.

Students will gain knowledge of various grant proposal forms (government, corporate, foundation), with emphasis on conceptualizing, developing, and writing proposals for real clients. Each student will complete an individual and a collaborative proposal.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 410 Creative Writing Workshop - Poetry (3 crs)

Prerequisite: ENGL 210, ENGL 310 and six credits from ENGL 245, ENGL 273, ENGL 274, ENGL 275, or ENGL 276; or consent of instructor.

- *May be repeated only with permission of the department.*

Special emphasis on class discussion and personal conferences for advanced writers of poetry.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 411 Creative Writing Workshop - Fiction (3 crs)

Prerequisite: ENGL 210, ENGL 311 and six credits from ENGL 245, ENGL 273, ENGL 274, ENGL 275, or ENGL 276; or consent of instructor.

- *May be repeated only with permission of the department.*

Special emphasis on class discussion and personal conferences for advanced writers of fiction.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 412 Creative Writing Workshop - Nonfiction (3 crs)

Prerequisite: ENGL 210, ENGL 311, and six credits from ENGL 245, ENGL 273, ENGL 274, ENGL 275, ENGL 276; or consent of instructor.

Writing and reading nonfiction, with an emphasis on producing an essay of publishable quality for a general, literate audience.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 413 Prose Writing Workshop-Topics (3 crs)

Prerequisite: ENGL 210; six credits from ENGL 245, ENGL 273, ENGL 274, ENGL 275, or ENGL 276; and ENGL 311; or consent of instructor.

Reading and writing in one or more prose genres. Topics may include: writing for children, historical fiction, mystery, young adult.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 419 Seminar in English Education Methods (3 crs)

Prerequisite: ENGL 319. Limited to English teaching majors and minors admitted to the College of Education and Human Sciences.

Seminar focused on constructivist theories of literacy teaching and the application of those theories in middle and high school classrooms.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 421 Seminar in Linguistic Research (3 crs)

Prerequisite: ENGL 221 or consent of instructor.

- See current Class Schedule for specific theme or topic.

Theory and practice of linguistic research, on a general theme designated by the instructor. Students design and carry out research projects, choosing language problems and research methodology suggested by the theme.

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 430 Seminar in World/Postcolonial Literature (3 crs)

Prerequisite: ENGL 210, ENGL 284, and six credits of literature, film, theory or culture

- See current Class Schedule for specific theme or topic.

In-depth study of specialized topics in world/postcolonial literature such as Postcolonial Feminism or Magic Realism in the Latin American Novel.

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 440 Seminar in American Literature Before 1865 (3 crs)

Prerequisite: ENGL 210, ENGL 284, and six credits of literature, film, theory or culture

- See current Class Schedule for specific theme or topic.

Advanced study of specialized topics in American literature before 1865, including theoretical (e.g., Racial Pseudoscience in the American Novel), generic (e.g., The Antebellum Romance), and special themes (e.g., The Transcendentalists and Social Reform).

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 448 Seminar in American Literature Since 1865 (3 crs)

Prerequisite: ENGL 210, ENGL 284, and six credits of literature, film, theory or culture

- See current Class Schedule for specific theme or topic.

Advanced study of selected topics in American literature since 1865, including genres or subgenres, theoretical perspectives, ethnic emphases, special themes, and paired or individual authors.

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 452 Seminar in Early British Literature (3 crs)

Prerequisite: ENGL 210, ENGL 284, and six credits of literature, film, theory or culture

- See current Class Schedule for specific theme or topic.

In-depth exploration of selected topics in British Literature before 1790, including theoretical (e.g., Feminism and Medieval Literature), generic (e.g., Medieval Drama, Early Modern Poetry, Romance), and special themes (e.g., Death in Early British Literature).

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 455 Seminar in Rhetorics of Science, Technology, and Culture (3 crs)

Prerequisite: ENGL 210, ENGL 212, and at least six credits from the following: ENGL 307, ENGL 312, ENGL 313, ENGL 314, ENGL 315, ENGL 316, ENGL 409, ENGL 415, ENGL 498; or consent of instructor.

- See current Class Schedule for specific theme or topic.

Course provides capstone experience in theory and praxis of rhetorics in science, technology, and/or culture. Content of individual course iterations will vary depending on instructor expertise/interests, but will balance rhetorical analysis with textual production.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 459 Seminar in British Literature After 1790 (3 crs)

Prerequisite: ENGL 210, ENGL 284, and six credits of literature, film, theory or culture

• See current Class Schedule for specific theme or topic.

Advanced study of specialized topics in British literature after 1790, including theoretical (e.g., intersection of Feminism and British Modernism), generic (e.g., Romantic Poetry, Modern Drama, Postmodern Novel), special themes (e.g., Booker Novels), and author studies (e.g., Dickens and Collins).

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 468 Seminar in American Ethnic Literature (3 crs)

Prerequisite: ENGL 210, ENGL 284, and six credits of literature, film, theory or culture

• See current Class Schedule for specific theme or topic.

Advanced study of topics and texts authored by American Ethnic writers. Topics may include theoretical, political, aesthetic, and cultural issues reflecting the historical and cultural forces that have shaped the literary production of authors from a particular American ethnic tradition.

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 480 English Capstone (1-3 crs)

Prerequisite: Completion of 29 credits (including ENGL 210, ENGL 221, ENGL 284, and a 400-level seminar) toward the English major. For those electing the one-credit option, an ENGL 400-level seminar must be taken concurrently.

Consent: Department Consent Required

Students elect either a one-credit Capstone course coincident with a 400-level seminar, completing a combined "senior thesis" project; or a three-credit Capstone course, completing the senior project independent of any specific seminar.

Attributes: Capstone Course

ENGL 481 Seminar in Film, Video, and Moving-Image Culture (4 crs)

Prerequisite: ENGL 210, ENGL 284, and six credits of literature, film, theory or culture

• See current Class Schedule for specific theme or topic.

Advanced explorations in film, video, and moving-image culture studies. Variable focus by offering. Seminar topics will often include significant engagement with work in various forms of critical theory.

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

ENGL 484 Seminar in Critical Theory (3 crs)

Prerequisite: ENGL 210, ENGL 284, and six credits of literature, film, theory or culture

• See current Class Schedule for specific theme or topic. Others may enroll with the instructor's permission.

In-depth exploration of topics in Critical Theory, including schools (e.g., Feminist Theory), periods (e.g., 20th Century Theory), figures (e.g., Foucauldian Theory), and special themes (e.g., Theorizing Music).

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 496 Seminar in Women's Literature (3 crs)

Prerequisite: ENGL 210, ENGL 284, and six credits of literature, film, theory or culture

• See current Class Schedule for specific theme or topic.

Advanced study of specialized topics in literature authored by women—e.g., theory (Womanist Writings and Readings), period (Women's WWI Fiction), genre (Feminism in Science Fiction), or theme (Woman's Work: Gender and Class Before 1790).

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 497 Honors Independent Study (1-3 crs)

Prerequisite: ENGL 210, ENGL 221, ENGL 284. At least six credits of English coursework at the 400-level. Minimum senior standing. Minimum resident and total GPA of 3.50. Limited to English majors

Consent: Department Consent Required

- *Must be admitted and in good standing in the English Department Honors Program with an English GPA of 3.50 or higher.*

Intensive study of a topic resulting in an honors quality scholarly, creative, or other type of project appropriate to English majors fulfilling the English Departmental Honors option.

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: A-F Grades Only

ENGL 498 Internship in Writing (1-3 crs)

Prerequisite: Open to English majors and minors only.

Consent: Instructor Consent Required

- *Five hours of work experience per week per credit.*

Experience in a professional organization working as a technical writer, editor, etc. Work will build on and relate to writing skills developed in other courses in writing.

Attributes: Service-Learning, Full 30 Hours, Internship

Repeat: Course may be repeated for a maximum of 6 credits

ENGL 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

ENGL 502 Teaching Writing in the Elementary and Middle School (3 crs)

- *Dual-listed with ENGL 302. Credit may not be earned in both courses.*

Writing intensive course focused on writing theory and pedagogy in the elementary and middle school. Students will develop their writing skills as well as learn to support writing development of children in a writing workshop.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 507 Editing and Publications Management (3 crs)

Consent: Instructor Consent Required

- *Dual-listed with ENGL 307. Credit may not be earned in both courses.*

Copyediting and substantive editing of text and art. Addresses use of style guides and stylesheets, editor/author rapport, document design, indexing, and the publication process. Flexible strategies that consider conventions, cognition, and rhetorical situation.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 512 Science Writing (3 crs)

- *Dual-listed with ENGL 312. See current Class Schedule for specific theme or topic.*

Develop students' abilities to respond to rhetorical situations informed by scientific evidence and create documents that respond effectively to these situations.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 513 Technical Writing (3 crs)

- *Dual-listed with ENGL 313. See current Class Schedule for specific theme or topic.*

Students analyze rhetorical situations and user needs, determine optimal formats, and produce effective technical documents for intended audiences.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 514 Cultural Rhetorics (3 crs)

- *Dual-listed with ENGL 314. See current Class Schedule for specific theme or topic.*

Topics in rhetorical action of cultural groups. Explores relationships among rhetoric, identity, ideology, power, privilege, and social change.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 515 Visual Rhetorics of Science, Technology, and Culture (3 crs)

- Dual-listed with ENGL 315. See current Class Schedule for specific theme or topic.

Examines texts as comprised of both verbal and visual elements that work together to make meaning, create knowledge, and persuade audiences.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 521 Topics in the Structure of English (3 crs)

Consent: Instructor Consent Required

- Dual-listed with ENGL 321. See current Class Schedule for specific theme or topic.

Explores the inner workings of the English language. Specific course offerings will involve one or more areas of language structure: phonology, morphology, syntax, semantics, pragmatics.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 525 Topics in Language in Society (3 crs)

- Dual-listed with ENGL 325. See current Class Schedule for specific theme or topic.

Explores issues of language in society from a linguistic perspective. Topics may include the history of the English language, language attitudes, language change, language variation, and others.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 591 Travel Seminar (1-3 crs)

- Dual-listed with ENGL 391. See current Class Schedule for specific theme or topic. Course offered only when sufficient enrollment has been recruited, may be offered in cooperation with UW-Extension.

Study before, during, or after travel to a region associated with a writer or writers, e.g. Thomas Hardy's Wessex. Emphasizes visits to libraries, museums, cities, countryside, and special sites associated with the literature.

Grading Basis: No S/U Grade Option

ENGL 595 Directed Studies (1-3 crs)

Consent: Department Consent Required

- Dual-listed with ENGL 395. The English graduate program may include no more than three semester credits of either independent or directed study courses. Independent and directed study courses must be approved in advance by the English Graduate Director.

Study of a problem or special area in language or literature.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

ENGL 597 Writing Center Theory & Practice (3 crs)

Consent: Instructor Consent Required

- Dual-listed with ENGL 397. Credit may not be earned in both courses

Introduction to Writing Center Theory and its application to tutoring college writing in a variety of disciplines. Students tutor three hours per week in the Center for Writing Excellence. This course is open to non-majors.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 3

ENGL 609 Grant Proposal Writing (3 crs)

Consent: Instructor Consent Required

- Dual-listed with ENGL 409. Credit may not be earned in both courses.

Students will gain knowledge of various grant proposal forms (government, corporate, foundation), with emphasis on conceptualizing, developing, and writing proposals for real clients. Each student will complete an individual and a collaborative proposal.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 610 Creative Writing Workshop - Poetry (3 crs)

Consent: Instructor Consent Required

- Dual-listed with ENGL 410. May be repeated only with permission of the instructor.

Special emphasis on class discussion and personal conferences for advanced writers of poetry.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 611 Creative Writing Workshop - Fiction (3 crs)

Consent: Instructor Consent Required

- Dual-listed with ENGL 411. May be repeated only with permission of the instructor.

Special emphasis on class discussion and personal conferences for advanced writers of fiction.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 612 Creative Writing Workshop - Nonfiction (3 crs)

Consent: Instructor Consent Required

- Dual-listed with ENGL 412.

Writing and reading nonfiction, with an emphasis on producing an essay of publishable quality for a general, literate audience.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 613 Prose Writing Workshop-Topics (3 crs)

Consent: Instructor Consent Required

- Dual-listed with ENGL 413.

Reading and writing in one or more prose genres. Topics may include: writing for children, historical fiction, mystery, young adult.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 621 Seminar in Linguistic Research (3 crs)

Consent: Instructor Consent Required

- Dual-listed with ENGL 421. See current Class Schedule for specific theme or topic.

Theory and practice of linguistic research, on a general theme designated by the instructor. Students design and carry out research projects, choosing language problems and research methodology suggested by the theme.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 630 Seminar in World/Postcolonial Literature (3 crs)

- Dual-listed with ENGL 430. Requires six credits of literature prior to enrollment in this course. See current Class Schedule for specific theme or topic.

In-depth study of specialized topics in world/postcolonial literature such as Postcolonial Feminism or Magic Realism in the Latin American Novel.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 640 Seminar in American Literature Before 1865 (3 crs)

- Dual-listed with ENGL 440. Requires six credits of literature prior to enrollment in this course. See current Class Schedule for specific theme or topic.

Advanced study of specialized topics in American literature before 1865, including theoretical (e.g., Racial Pseudoscience in the American Novel), generic (e.g., The Antebellum Romance), and special themes (e.g., The Transcendentalists and Social Reform).

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 648 Seminar in American Literature Since 1865 (3 crs)

- Dual-listed with ENGL 448. Requires six credits of literature prior to enrollment in this course. See current Class Schedule for specific theme or topic.

Advanced study of selected topics in American literature since 1865, including genres or subgenres, theoretical perspectives, ethnic emphases, special themes, and paired or individual authors.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 652 Seminar in Early British Literature (3 crs)

- Dual-listed with ENGL 452. Requires six credits of literature prior to enrollment in this course. See current Class Schedule for specific theme or topic.

In-depth exploration of selected topics in British Literature before 1790, including theoretical (Feminism and Medieval Literature), generic (Medieval Drama, Early Modern Poetry, Romance), and special themes (Death in Early British Literature).

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 655 Seminar in Rhetorics of Science, Technology, and Culture (3 crs)

Consent: Instructor Consent Required

- Dual-listed with ENGL 455. Credit may not be earned in both courses. See current Class Schedule for specific theme or topic.

Course provides capstone experience in theory and praxis of rhetorics in science, technology, and/or culture. Content of individual course iterations will vary depending on instructor expertise/interests, but will balance rhetorical analysis with textual production.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 659 Seminar in British Literature After 1790 (3 crs)

Consent: Instructor Consent Required

- Dual-listed with ENGL 459. Requires six credits of literature prior to enrollment in this course. See current Class Schedule for specific theme or topic.

Advanced study of specialized topics in British literature after 1790, including theoretical (e.g., intersection of Feminism and British Modernism), generic (e.g., Romantic Poetry, Modern Drama, Postmodern Novel), special themes (e.g., Booker Novels), and author studies (e.g., Dickens and Collins).

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 668 Seminar in American Ethnic Literature (3 crs)

- Dual-listed with ENGL 468. Requires six credits of literature prior to enrollment in this course. See current Class Schedule for specific theme or topic.

Advanced study of topics and texts authored by American Ethnic writers. Topics may include theoretical, political, aesthetic, and cultural issues reflecting the historical and cultural forces that have shaped the literary production of authors from a particular American ethnic tradition.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 684 Seminar in Critical Theory (3 crs)

- Dual-listed with ENGL 484. Requires six credits of literature prior to enrollment in this course. See current Class Schedule for specific theme or topic. Others may enroll with the instructor's permission.

In-depth exploration of topics in Critical Theory, including schools (e.g., Feminist Theory), periods (e.g., 20th Century Theory), figures (e.g., Foucauldian Theory), and special themes (e.g., Theorizing Music).

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 696 Seminar in Women's Literature (3 crs)

- Dual-listed with ENGL 496. Requires six credits of literature prior to enrollment in this course. See current Class Schedule for specific theme or topic.

Advanced study of specialized topics in literature authored by women—e.g., theory (Womanist Writings and Readings), period (Women's WWI Fiction), genre (Feminism in Science Fiction), or theme (Woman's Work: Gender and Class Before 1790).

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 711 Critical Thinking, Reading, and Writing (3 crs)

- Admission to program or consent of graduate instructor.

Introduction to graduate level critical reading and writing, stressing the development of insightful analysis and critical voice supported by an understanding of a variety of critical approaches and research methodologies.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 715 Critical Theory and English Studies (3 crs)

Prerequisite: ENGL 711 or consent of instructor.

Seminar examining the function of critical theory in studies of literature, language, and culture, focusing on the place of English Studies within the culture and the relations between critical theory and the disciplines of English.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 721 Studies in Writing, Language, or Pedagogy (3 crs)

Prerequisite: ENGL 711 or concurrent enrollment, or consent of instructor.

- See current Class Schedule for specific theme or topic.

Seminar examining topics of importance in writing, language, or pedagogy (e.g., Approaches to Teaching English, Social Forces and Linguistic Change, or The Nature of Composition Studies: Historical, Institutional, Cultural Forces).

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 724 Poetry Writing Seminar (3 crs)

Prerequisite: ENGL 610, or consent of instructor

The study, creation, workshop evaluation and revision of poems.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Seminar Hours: 3

ENGL 727 Studies in Scientific and Technical Communication (3 crs)

Theory and research on scientific and technical communication. Emphasis on the role of current theory and research in informing best practices in textual and graphic documentation.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 733 Studies in World/Postcolonial Literature (3 crs)

Prerequisite: ENGL 711 or concurrent enrollment, or consent of instructor.

• See current Class Schedule for specific theme or topic.

Theoretically focused seminar on a particular theme, genre, or historical period from a geographical region other than Great Britain or North America (e.g., the European Novel, Literature of the African Diaspora, or Postcolonial Fiction).

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 743 Studies in North American Literature (3 crs)

Prerequisite: ENGL 711 or concurrent enrollment, or consent of instructor.

• See current Class Schedule for specific theme or topic.

Theoretically focused seminar on a particular ethnic group, race, culture, or historical period in North America (e.g. Native Voices in American Literature, African American Writing 1830-1900, or American Poetry: Whitman to Frost).

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 753 Studies in British and Irish Literature (3 crs)

Prerequisite: ENGL 711 or concurrent enrollment, or consent of instructor.

• See current Class Schedule for specific theme or topic.

Theoretically focused seminar on a particular region, group, or period in Great Britain (e.g. British Women Writers—seventeenth and eighteenth century, Kailyard School of Scottish Fiction, Exile and the Irish Writer, or twentieth century British Poetry).

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 769 Studies in Figures and Groups (3 crs)

Prerequisite: ENGL 711 or concurrent enrollment, or consent of instructor.

• See current Class Schedule for specific theme or topic.

Theoretically focused seminar on a particular figure or literary group, including investigation of philosophical and political background, cultural milieu, literary influences, and critical reception (e.g. Shakespeare, Alice Walker, Thomas Pynchon, the Beats, or the Brontes).

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 779 Studies in Themes and Genres (3 crs)

Prerequisite: ENGL 711 or concurrent enrollment, or consent of instructor.

• See current Class Schedule for specific theme or topic.

Theoretically focused seminar on a particular theme or genre that extends beyond geographical boundaries and traditional literary periods (e.g., Evolution of the Novel, Nineteenth Century Gothicism, Autobiography in Western Literature, or Our Literary Foremothers).

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENGL 789 Studies in Theory and Culture (3 crs)

Prerequisite: ENGL 711 or concurrent enrollment, or consent of instructor.

• See current Class Schedule for specific theme or topic.

Seminar exploring theoretical issues, historical or contemporary, with emphasis on critical application and implication (e.g. Cultural Studies Theory, Literary Post- Modernism, Theories of Degeneration in the British Novel, Film Noir, or Cultural Perspectives on Literacy).

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

ENGL 794 Graduate Apprenticeship: Teaching Theory and Practice (3 crs)

Prerequisite: Fifteen credits of graduate coursework

Consent: Instructor Consent Required

- *Permission required by Faculty Supervisor and Graduate Program Director*

Students will gain college classroom teaching preparation and experience under the supervision of a graduate faculty member teaching an undergraduate course. In addition, students will read within a select bibliography of texts on pedagogy.

Grading Basis: No S/U Grade Option

ENGL 796 Directed Studies (1-3 crs)

Permits a group of students to investigate a common topic under the direction of a department faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

ENGL 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

ENGL 799 Thesis (1-6 crs)

Consent: Department Consent Required

- *Full-time equivalent.*

A description of acceptable topics and the precise nature of the thesis requirement is provided in the departmental program descriptions.

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

English As Second Language (ESL)

ESL 201 Integrated English Language Skills for Non-Native Speakers II (6 crs)

Consent: Department Consent Required

- *Only open to non-native speakers of English.*

This intermediate level multi-skill ESL course is designed to improve listening, speaking, reading, and writing skills as well as grammar, pronunciation, and vocabulary while preparing students for academic learning.

Lab/Studio Hours: 0

Seminar Hours: 6

ESL 205 Introduction to Academic Reading and Writing (6 crs)

- *Only open to non-native speakers of English.*

This course, which focuses on the processes of reading and writing, will develop the academic writing skills of non-native speakers of English.

Repeat: Course may be repeated for a maximum of 12 credits

Seminar Hours: 6

ESL 215 The Pronunciation of American English (3 crs)

- *Only open to non-native speakers of English.*

Designed for non-native speakers of English. To promote clear pronunciation for effective communication with a focus on comprehensibility to appropriate native-like target pronunciation. This course teaches ESL learners to hear, identify, and clearly articulate the sounds and patterns in spoken English.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ESL 260 Oral Presentation Skills for Non-Native Speakers of English (3 crs)

- *Only open to non-native speakers of English. Field trip(s) optional.*

This course is intended to equip ESL students with the pragmatic and linguistic tools necessary to communicate more effectively in English. The course is designed to provide them with meaningful oral communication practice and speaking solutions toward the improvement of interaction, presentation, and pronunciation skills.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ESL 290 Intermediate Learning to Learn (3 crs)

Consent: Department Consent Required

- *Only open to non-native speakers of English who do not yet meet English language requirement for admission.*

This intermediate-level course focuses on learning skills and strategies, academic expectations, and campus and community resources. Students are matched with international student mentors.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ESL 291 Special Topics for ESL Learners (1-3 crs)

- *Only open to non-native speakers of English. Field trip(s) optional. See current Class Schedule for specific topic.*

In-depth study of a special area in the learning of English as a Second Language.

Repeat: Course may be repeated for a maximum of 6 credits

ESL 301 Integrated English Language Skills for Non-Native Speakers III (6 crs)

Consent: Department Consent Required

- Only open to non-native speakers of English.

This advanced level multi-skill ESL course is designed to improve listening, speaking, reading, writing, and grammar skills while preparing students for further academic work or a career using English.

Lab/Studio Hours: 0

Seminar Hours: 6

ESL 305 Advanced Academic Writing (6 crs)

- Only open to non-native speakers of English.

This advanced-level course focuses on the processes of reading and writing to prepare non-native speakers of English for success in academic writing in University-level courses.

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 6

ESL 310 Multicultural Literature for Non-Native Speakers of English (3 crs)

- Only open to non-native speakers of English.

Designed to develop analytical and critical thinking skills through the study of multicultural literature.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ESL 315 Advanced Pronunciation (3 crs)

- Only open to non-native speakers of English.

This course will improve students' ability to hear, identify and clearly articulate the sounds, stress patterns, intonation and rhythm of American English. Listening skills, oral skills, and clear communication with native speakers will be improved.

Repeat: Course may be repeated for a maximum of 6 credits

Lab/Studio Hours: 0

Seminar Hours: 3

ESL 320 Business English for Non-Native Speakers (3 crs)

- For advanced levels of English proficiency only. Field trip(s) optional.

Designed for non-native English speaking students. Intended to equip English language learners with the English writing, speaking, and listening skills necessary to communicate effectively on the job while building learners' English vocabulary for the business discourse domain.

Lab/Studio Hours: 0

Seminar Hours: 3

ESL 360 US Culture and Institutions for ESL Students (3 crs)

- Only open to non-native speakers of English.

This advanced-level language proficiency course is designed for ESL students to improve listening, speaking, reading, and writing skills while providing an introduction to the institutions and cultures of the U.S.A. and the implications these have on how Americans think and behave both nationally and internationally.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ESL 390 Advanced Learning to Learn (3 crs)

- For non-native English speakers only. Students must place into the 300 level of the IEP on the placement exam, successfully pass the 200 level of the IEP, or meet university English language requirements in order to register for this course. For non-native English speakers only.

This course focuses on learning skills and strategies, academic expectations in the U.S., and connecting to campus and community resources. This course is for advanced level English language learners only.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ESL 391 Professional English Advanced Special Topics for ESL Learners (1-3 crs)

- For non-native English speakers only.

In-depth study of a special area in the learning of English as a Second Language. This special topics course is for advanced level English language learners only. Topics specified in the Class Schedule.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Entrepreneurship (ENT)

ENT 200 Creativity and the Entrepreneurial Mindset (3 crs)

Students will explore the minds of entrepreneurs by participating in experiential learning activities aimed at enhancing their creativity and understanding the cognitive processes essential to the entrepreneurial mindset.

Attributes: LE-S3 Creativity

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENT 371 Customer Discovery and Business Model Design (3 crs)

Prerequisite: Sophomore standing.

• Formerly offered as MGMT 371.

Students explore entrepreneurship by learning and utilizing a business model framework to guide their exploration and discovery process, toward the creation of a successful startup.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENT 373 New Venture Feasibility (3 crs)

Prerequisite: ENT 371 or concurrent enrollment

• Formerly offered as MGMT 373. This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.

Students apply market research techniques to refine their business ideas and evaluate market feasibility. Students learn how to conduct operational and financial analyses in the design of a feasible business model.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENT 374 New Venture Launch (3 crs)

Prerequisite: ENT 371 or concurrent enrollment.

• Formerly offered as MGMT 374. This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.

Students learn how to launch a new product and explore the range of functional details involved in a new venture start-up. Strategies for growing the business and challenges in management growth are addressed.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENT 398 Internship Program (1-3 crs)

Prerequisite: Pre-req or concurrent enrollment in MGMT 340 or MKTG 330 or Fin 320 or ENT 371. Minimum sophomore standing.

Consent: Department Consent Required

• Acceptance in Internship Program. See description under College of Business. A maximum of three credits of internship courses may be applied to the 120-credit graduation requirement. Students must have the service-learning option approved prior to starting the internship.

Students will participate in work experiences related to their area of interest.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration

Repeat: Course may be repeated for a maximum of 3 credits

ENT 471 Entrepreneurship Capstone (3 crs)

Prerequisite: ENT 371 with C- or above; ENT 373 or concurrent enrollment.

• Formerly offered as MGMT 471. This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.

Students will learn and demonstrate how to skillfully prepare, refine, and communicate their business idea in an entrepreneurial environment. They will learn about financing options considered by startup founders. They will deliver their business plan in a formal, end-of-semester presentation to a panel of business professionals.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENT 491 Topics in Entrepreneurship (1-3 crs)

Prerequisite: Minimum Junior Standing.

• Course may be repeated when topic differs.

Current issues in entrepreneurship will be the focus of attention. Topic selection will be made by the instructor. Issues will be those facing contemporary entrepreneurship professionals.

Repeat: Course may be repeated for a maximum of 12 credits

Environmental Public Health (ENPH)

ENPH 110 Introduction to Environmental Health (3 crs)

• A basic understanding and interest in science is recommended prior to enrollment in this course. Wellness for one credit.

Health-oriented problems in the environment with attention directed to air and water pollution, solid waste, housing, occupational health and safety, food sanitation, animal zoonoses, ecology of health and disease, radiological health, energy, and global environmental health.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENPH 291 Special Topics (1-3 crs)

Consent: Instructor Consent Required

A variable content course consisting of topics of special interest to students and faculty that are not covered in other environmental health courses.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

ENPH 324 Radiation, Air Pollution and Health (3 crs)

Prerequisite: CHEM 109 or CHEM 115. No credit if taken after ENPH 322 or ENPH 422.

Examines the fundamentals, human health implications, and safety practices related to ionizing radiation from radioactive materials. Examines the fundamentals, human, and environmental health consequences of air pollution, along with mitigation strategies.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENPH 364 Occupational Safety Management (3 crs)

• *Access to computer with Internet access, some familiarity with Internet use, some familiarity with workplace safety issues. No credit if taken after ENPH 495 the spring of 2001.*

Recognition and control of safety hazards in various workplaces, basic safety theory, applicable health and safety regulations, and ethical obligations. Behavioral change techniques. Opportunity for students to research specific workplace settings and issues.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENPH 395 Directed Studies (1-3 crs)

Prerequisite: Minimum sophomore standing

Consent: Department Consent Required

For the student who wishes to pursue a defined, organized study of an environmental public health topic under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

ENPH 397 Student Academic Apprenticeship (1-2 crs)

Prerequisite: Limited to environmental public health majors.

Consent: Instructor Consent Required

Experience for qualified students to facilitate teaching and learning in ENPH courses. Students develop and enhance knowledge in ENPH and their abilities to communicate that knowledge to other students.

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: S/U Only Grade Basis

ENPH 399 Independent Study (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

An opportunity for students to pursue an environmental research topic of their choice in collaboration with a faculty mentor.

Repeat: Course may be repeated

ENPH 432 Preparation for Practicum (2 crs)

Prerequisite: Limited to environmental public health majors. Minimum junior standing.

An interactive course covering expectations during practicum, presentations on various areas of environmental health practice, opportunities for shadowing, preparation of resumes, practice interviewing.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

ENPH 435 Practicum in Environmental Public Health (3 crs)

Prerequisite: ENPH 432. Minimum junior standing.

Consent: Instructor Consent Required

A full-time supervised 10-week internship experience in an approved governmental agency, industry, or consulting company.

Attributes: LE-11 Integration, Service-Learning, Full 30 Hours

Repeat: Course may be repeated for a maximum of 8 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENPH 441 Water and Wastewater (4 crs)

Prerequisite: ENPH 110; BIOL 111 or BIOL 151; and CHEM 104 or CHEM 109 or CHEM 115 or consent of instructor. ENPH 641A is available only to students in the Master of Public Health (MPH) Accelerated Program.

• *ENPH 641A students must complete additional graduate-level work as specified in the course syllabus.*

Investigative procedures, sampling techniques, analysis and treatment of water and wastewater. Emphasis on water pollution, aquatic nuisances, drinking water quality, on-site waste disposal, municipal and industrial wastewater treatment, private wells, and groundwater contamination.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

ENPH 443 Microbial Safety of Food (4 crs)

Prerequisite: BIOL 250, BIOL 306, or BIOL 361 or concurrent registration in any of these three courses. No credit if taken after ENPH 442.

Principles of food microbiology including common foodborne pathogens, strategies to protect the food supply, environmental sanitation, regulations, and HACCP. Environmental sampling of food and milk, common laboratory tests.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

ENPH 445 Hazardous and Solid Waste Management (3 crs)

Prerequisite: ENPH 645A is available only to students in the Master of Public Health (MPH) Accelerated Program.

•Dual-listed with ENPH 645. ENPH 645A students must complete additional graduate-level work as specified in the course syllabus.

Examination of the generation, use, handling, and storage of solid waste, and of materials posing significant chemical, biological, and radiological risks to health. Several field trips will supplement in-class learning.

Attributes: Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENPH 460 Fundamentals of Industrial Hygiene (3 crs)

Prerequisite: ENPH 110 and MATH 246.

The recognition, evaluation, and control of chemical, physical, biological and ergonomic stresses that may cause sickness or impaired health to employees or residents of the community.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENPH 476 Vector-Borne Disease Control (3 crs)

Prerequisite: Successful completion of at least one of the following courses or consent of instructor: BIOL 151, BIOL 214, BIOL 221, BIOL 250. ENPH 676A is available only to students in the Master of Public Health (MPH) Accelerated Program.

• Dual listed with ENPH 676. ENPH 676A students must complete additional graduate-level work as specified in the course syllabus.

Vector-borne disease health effects, identification of vectors and pests, and approaches for preventing vector-borne disease globally, nationally and regionally.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENPH 490 Environmental Toxicology and Risk Assessment (3 crs)

Prerequisite: BIOL 221 or 111, ENPH 110 or 210, CHEM 325 or consent of instructor. ENPH 690A is available only to students in the Master of Public Health (MPH) Accelerated Program.

• Dual listed with ENPH 690. ENPH 690A students must complete additional graduate-level work as specified in the course syllabus.

Examination of the principles, theories, and applications of human environmental toxicology through investigation of chemical, cellular, physiological, environmental, and ecological levels. Introduction to contemporary health risk assessment methods.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENPH 491 Special Topics (1-3 crs)

Consent: Instructor Consent Required

A variable content course consisting of advanced topics of special interest to students and faculty that are not covered in other environmental health courses.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

ENPH 495 Directed Studies (1-3 crs)

Consent: Department Consent Required

Permits the student to pursue a defined organized study of a problem in an intensive way under the direction of a department of public health professions staff member.

Repeat: Course may be repeated

ENPH 499 Independent Study (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

An opportunity for senior students to pursue an environmental topic of their choice. A detailed project report will be required.

Repeat: Course may be repeated

ENPH 641A Water and Wastewater (4 crs)

Prerequisite: ENPH 110; BIOL 111 or BIOL 151; and CHEM 104 or CHEM 109 or CHEM 115 or consent of instructor. ENPH 641A is available only to students in the Master of Public Health (MPH) Accelerated Program.

• ENPH 641A students must complete additional graduate-level work as specified in the course syllabus.

Investigative procedures, sampling techniques, analysis and treatment of water and wastewater. Emphasis on water pollution, aquatic nuisances, drinking water quality, on-site waste disposal, municipal and industrial wastewater treatment, private wells, and groundwater contamination.

Attributes: Undergraduate/Graduate Offering, MPH Flat Rate Tuition, Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

ENPH 641 Water and Wastewater (4 crs)

Prerequisite: ENPH 110; BIOL 111 or BIOL 151; and CHEM 104 or CHEM 109 or CHEM 115 or consent of instructor

Investigative procedures, sampling techniques, analysis and treatment of water and wastewater. Emphasis on water pollution, aquatic nuisances, drinking water quality, on-site waste disposal, municipal and industrial wastewater treatment, private wells, and groundwater contamination.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

ENPH 645 Hazardous and Solid Waste Management (3 crs)

•Dual-listed with ENPH 445.

Examination of the generation, use, handling, and storage of solid waste, and of materials posing significant chemical, biological, and radiological risks to health. Several field trips will supplement in-class learning.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

ENPH 645A Hazardous and Solid Waste Management (3 crs)

Prerequisite: ENPH 645A is available only to students in the Master of Public Health (MPH) Accelerated Program.

•Dual-listed with ENPH 645. ENPH 645A students must complete additional graduate-level work as specified in the course syllabus.

Examination of the generation, use, handling, and storage of solid waste, and of materials posing significant chemical, biological, and radiological risks to health. Several field trips will supplement in-class learning.

Attributes: Field Trip(s) Required, MPH Flat Rate Tuition, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENPH 676A Vector-Borne Disease Control (3 crs)

Prerequisite: Successful completion of at least one of the following courses or consent of instructor: BIOL 151, BIOL 214, BIOL 221, BIOL 250. ENPH 676A is available only to students in the Master of Public Health (MPH) Accelerated Program.

•Dual listed with ENPH 676. ENPH 676A students must complete additional graduate-level work as specified in the course syllabus.

Vector-borne disease health effects, identification of vectors and pests, and approaches for preventing vector-borne disease globally, nationally and regionally.

Attributes: Undergraduate/Graduate Offering, MPH Flat Rate Tuition, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENPH 676 Vector-Borne Disease Control (3 crs)

Prerequisite: Successful completion of at least one of the following courses or consent of instructor: BIOL 151, BIOL 214, BIOL 221, BIOL 250

Vector-borne disease health effects, identification of vectors and pests, and approaches for preventing vector-borne disease globally, nationally and regionally.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

ENPH 690 Environmental Toxicology and Risk Assessment (3 crs)

Prerequisite: BIOL 221 or 111, ENPH 110 or 210, CHEM 325 or consent of instructor.

Examination of the principles, theories, and applications of human environmental toxicology through investigation of chemical, cellular, physiological, environmental, and ecological levels. Introduction to contemporary health risk assessment methods.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

ENPH 690A Environmental Toxicology and Risk Assessment (3 crs)

Prerequisite: BIOL 221 or 111, ENPH 110 or 210, CHEM 325 or consent of instructor. ENPH 690A is available only to students in the Master of Public Health (MPH) Accelerated Program.

•Dual listed with ENPH 690. ENPH 690A students must complete additional graduate-level work as specified in the course syllabus.

Examination of the principles, theories, and applications of human environmental toxicology through investigation of chemical, cellular, physiological, environmental, and ecological levels. Introduction to contemporary health risk assessment methods.

Attributes: Undergraduate/Graduate Offering, MPH Flat Rate Tuition, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENPH 798 Graduation Only (1 cr)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

Environmental Studies (ENV)

ENV 101 Foundations of Sustainability (4 crs)

Around the world, sustainability has become an organizing principle for organizational change. This course applies different definitions of and frameworks for sustainability as it examines fundamental planetary limits and how to achieve sustainability within them. Labs integrate key course concepts with personal experience to build skills for application to students' personal and professional lives

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab, LE-R3 Civic and Environmental Issues, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

ENV 140 Water Problems, Water Solutions (3 crs)

This course introduces students to the political, social, and environmental challenges of water use and management in the United States and worldwide.

Attributes: LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENV 291 Special Topics - Environmental Studies (1-3 crs)

A variable content course designed to allow a breadth of exposure to topics in environmental and/or sustainability studies selected because of special interest on the part of students or faculty. May include field trips.

Repeat: Course may be repeated for a maximum of 6 credits

ENV 310 Sustainable Cities (3 crs)

Using Portland, Oregon, as a case study, the course will explore sustainable cities from the perspective of health, the environment, and social cohesion.

Attributes: LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues, Service-Learning, Half 15 Hours, Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENV 330 Resources & Society: Energy, Food, and Waste (3 crs)

An interdisciplinary overview of the systems involved in the production, consumption, and disposal of key resources, with an exploration of more efficient and sustainable alternatives. Specific topics include: energy production and use, the food supply chain, resource extraction, and the waste stream.

Attributes: LE-R3 Civic and Environmental Issues, Service-Learning, Half 15 Hours, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENV 346 American Environmental History (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

• *Credit may not be earned in both ENV 346 and HIST 346. No credit if taken after HIST 491 when offered as American Environmental History.*

Examines interactions between human societies and the natural world in what is now the United States. Through readings and several field trips students will learn the essential elements of American Environmental History.

Attributes: HA Humanities Arts, LE-K3 Humanities, Undergraduate/Graduate Offering, Field Trip(s) Required, Special Course Fee Required

Lab/Studio Hours: 0

Seminar Hours: 3

ENV 377 U.S. Environmental and Sustainability Policy (3 crs)

• *Credit may not be earned in both ENV 377 and GEOG 377.*

Students will study U.S. environmental and sustainability law and policy to assess the roles of science, key actors, and values in policymaking.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENV 378 International Environmental Problems and Policy (3 crs)

• *Credit may not be earned in both GEOG 378 and ENV 378.*

Examination of the threats to the global environment and the response of the international community.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENV 389 Taking the Measure of Sustainability (3 crs)

Students will survey a selection of quantitative tools and approaches for evaluating and improving sustainability in a range of contexts including individual choices, corporate strategies, and governmental policies. In a culminating group project, students will gain marketable skills in applying these techniques to measure the carbon footprint of the university or evaluate the sustainability of a local business or non-profit partner.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

ENV 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

For the student who wishes to pursue a defined, organized study of an interdisciplinary environmental studies topic under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

ENV 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

An opportunity for students to pursue an interdisciplinary environmental studies topic in collaboration with a faculty mentor. A detailed project plan and report will be required.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

ENV 491 Special Topics - Advanced Environmental Studies (1-3 crs)

A variable content course designed to allow a breadth of study through intensive investigation of a topic in environmental and/or sustainability studies selected because of special interest on the part of students or faculty. May include field trips.

Repeat: Course may be repeated for a maximum of 6 credits

ENV 495 Directed Studies - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

For the senior student who wishes to pursue a defined, organized study of an interdisciplinary environmental studies topic under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

ENV 498 Environmental Studies Internship (1-6 crs)

Prerequisite: Minimum resident GPA of 3.0.

Consent: Department Consent Required

Appointment to a professional experience in an area of interest related to a student's theme of study, applying the student's understanding of environmental studies.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No Auditors

ENV 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

An opportunity for senior students to pursue an interdisciplinary environmental studies topic in collaboration with a faculty mentor. A detailed project plan and report will be required.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

ENV 546 American Environmental History (3 crs)

• *Dual-listed with HIST/ENV 346/546. Credit may only be earned in one of these courses. No credit if taken after HIST 491 when offered as American Environmental History.*

Examines interactions between human societies and the natural world in what is now the United States. Through readings and several field trips students will learn the essential elements of American Environmental History.

Attributes: Field Trip(s) Required, Special Course Fee Required

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Seminar Hours: 3

Finance (FIN)

FIN 296 Topics in Finance (1-3 crs)

Prerequisite: Limited to finance majors and minors only.

Covers a variety of topics to be determined by faculty interest and student demand.

Repeat: Course may be repeated for a maximum of 6 credits

FIN 320 Principles of Finance (3 crs)

Prerequisite: ACCT 201 or ACCT 202, ECON 103 and ECON 104, MATH 104 or MATH 109 or higher.

Study of the techniques used to make investment, financing, and dividend decisions in order to maximize the value of the firm to its owners. Topics include financial planning and control, working capital management, capital budgeting, capital structure, cost of capital, dividend policy, and international finance.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 321 Financial Markets and Institutions (3 crs)

Prerequisite: FIN 320, BSAD 202 or MATH 246 or MATH 247 or MATH 345 or MATH 346. Finance majors and minors only.

A study of the U.S. financial system. Topics include the Federal Reserve System, term structure of interest rates, financial markets, instruments and financial institutions including regulation of commercial banks.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 322 Investments (3 crs)

Prerequisite: FIN 320, BCOM 206 or BCOM 207, BSAD 202 or MATH 246 or MATH 247 or MATH 345 or MATH 346. Finance majors and minors only.

• *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Overview of security markets. Analysis of stocks, bonds, and other securities. Evaluation of risk and return characteristics and market efficiency.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 325 International Financial Management (3 crs)

Prerequisite: FIN 320

An introduction to the international elements of a business's operating environment. Topics include global economic factors, risk management, cost of capital, capital budgeting, and financing in a global environment.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 326 Short Term Financial Management (3 crs)

Prerequisite: FIN 320. Limited to finance majors and minors only.

• *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Short term financial management includes the management of working capital accounts. Banking relations and performance analysis will complete the tools required for a financial manager.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 327 Long Term Financial Management (3 crs)

Prerequisite: FIN 320. BSAD 202 or MATH 246 or MATH 247 or MATH 345 or MATH 346. Finance majors/minors and Math-actuarial majors only.

• *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Long term financing and investment issues to include capital budgeting methods, cash flow determination, risk analysis, long term debt, preferred and common stock financing, and leasing.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 328 Introduction to Derivative Securities (3 crs)

Prerequisite: FIN 320, 321. BSAD 202 or MATH 246 or MATH 247 or MATH 345 or MATH 346. Finance majors and minors.

• *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Introduction to options, futures, and forward contracts as financial instruments used to control various types of business risk.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 330 Wealth Management (3 crs)

Prerequisite: FIN 320, BCOM 206 or BCOM 207

Understand the breadth of the individual wealth management process and the wealth management profession.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 337 Financial Modeling (3 crs)

Prerequisite: FIN 320. Limited to finance majors and minors only.

• *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

This course will focus on conceptual applications involved in Corporate Finance. Content is structured around career expectations in corporate finance. This is where the Financial Analyst is part of the management team responsible for managing financial actions of one particular company or organization. This course presents the theory and practice of corporate financial management. Special emphasis will be on emphasizing computer-based modelling. Spreadsheets will be used to analyze financial and non-financial information to make business decisions.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 339 Investment Strategy (3 crs)

Prerequisite: FIN 320. Limited to finance majors and minors, actuarial science majors and minors. Minimum junior standing.

The course provides students the opportunity to obtain experience in the process of managing an investment portfolio.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 396 Topics in Finance (1-3 crs)

Prerequisite: FIN 320. Limited to finance majors and minors only.

Covers a variety of topics to be determined by faculty interest and student demand.

Repeat: Course may be repeated

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 399 Independent Study Projects (1-4 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

FIN 420 Corporate Valuation (3 crs)

Prerequisite: FIN 327, BCOM 206 or BCOM 207. Limited to finance majors and minors. Minimum senior standing.

• *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Applications of financial management theories and tools to decisions in capital budgeting, financial structure, current asset management, etc. Application is done through use of case and computer analysis.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 424 Portfolio Management (3 crs)

Prerequisite: FIN 322, BCOM 206 or BCOM 207. Limited to finance majors and minors. Laptop is required. Minimum junior standing.

• *This class requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Students will create and manage mock portfolios to learn asset allocation, portfolio construction, and management methods. Other topics include developing investment policies, the psychology of portfolio choices, ethics, and standards of practice in portfolio management.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 426 Topics in Finance (1-3 crs)

Prerequisite: BCOM 206 or BCOM 207, FIN 320. Limited to finance majors and minors. Minimum senior standing.

Covers a variety of advanced topics to be determined by faculty interest and student demand.

Repeat: Course may be repeated for a maximum of 3 credits

FIN 429 Advanced Wealth Management (3 crs)

Prerequisite: FIN 330. Limited to finance majors and minors

Advanced issues in financial planning are analyzed by means of case studies, readings and class discussion

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 434 Portfolio Theory (3 crs)

Prerequisite: FIN 424/FIN 624, BCOM 206, BCOM 207. Limited to finance majors and minors. Minimum senior standing.

Introduction to portfolio theories and asset pricing models. Includes mathematical methods of asset pricing, portfolio optimization, and performance measurement and evaluation.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 439 Advanced Investment Strategy (3 crs)

Prerequisite: FIN 339. Limited to finance majors and minors, actuarial science majors and minors. Minimum junior standing. Requires department consent.

Consent: Department Consent Required

• *Student must apply to the course and will be notified of acceptance prior to registration.*

The course provides a select group of students the opportunity to expand their experience in the process of managing an investment portfolio as a senior analyst.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FIN 490 Finance Honors Seminar (1 cr)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

An in-depth analysis of relevant finance topics adapted to student needs with emphasis on understanding relationships between different areas of finance.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

FIN 495 Finance Internship (1-3 crs)

Prerequisite: FIN 320. Limited to finance majors. Minimum junior standing.

Consent: Department Consent Required

- A maximum of three credits.

Internship experience in business situations relevant to the finance major under supervision of a faculty member.

Attributes: LE-I1 Integration, Internship, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: A-F Grades Only

FIN 499 Independent Study Projects (1-4 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Foreign Language (FLG)

FLG 101 Beginning Foreign Language I (4 crs)

Foundation in a foreign language not regularly offered at UWEC, including listening, speaking, reading, and cultural background.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

FLG 102 Beginning Foreign Language II (4 crs)

Prerequisite: FLG 101, Beginning Foreign Language I, (same language) or equivalent, as established by written documentation or placement test.

Continuation of Foreign Language 101, Beginning Foreign Language I.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

FLG 150 Foreign Civilization and Culture (3 crs)

Introduction to the culture and civilization of a foreign people or society.

Students will learn about the society's historical background, its traditions and customs, and its main cultural expressions.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FLG 165 Amish in North America (3 crs)

Introduction to the history, culture, religion, beliefs, customs, rituals, language, and society of the Old Order Amish in North America, with the goal of enhancing understanding of another and one's own culture.

Attributes: HA Humanities Arts, LE-I1 Integration, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FLG 201 Intermediate Foreign Language I (4 crs)

Prerequisite: FLG 102 or equivalent (same language), as established by written documentation or placement test.

Review and expansion of grammar and vocabulary, with focus on the development of reading, writing, speaking, and listening skills, as well as on the culture represented by the language.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

FLG 202 Intermediate Foreign Language II (4 crs)

Prerequisite: FLG 201 or equivalent (same language), as established by written documentation or placement test.

Continuation of Foreign Language 201 (review and expansion of grammar and vocabulary, with focus on the development of reading, writing, speaking, and listening skills, as well as on the culture represented by the language).

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

FLG 365 Special Topics in Teaching English to Speakers of Other Languages (3 crs)

Prerequisite: Limited to TESOL or TEFL Minor.

In-depth study of various topics related to the field of Teaching English to Speakers of Other Languages (TESOL), which may include Pedagogical Grammar, Psycholinguistics, and ESL Literacy Instruction.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FLG 375 Internship Experience (1-3 crs)

Prerequisite: Minimum resident and total GPA of 2.50.

Consent: Instructor Consent Required

- Must be supervised by a faculty member in the Department of Languages.

This internship course allows students to design international and national field experiences under the supervision of a faculty member. The student may conduct field research or projects, teach a language, or other productive, academic, or professional activity pertinent to their designated focus area.

Attributes: LE-CEL Community-Engaged Learning, Internship

FLG 378 Second Language Acquisition Theory (3 crs)

This course will help practicing and prospective teachers to understand and apply current research in second language acquisition. Students will explore the many factors that affect school performance of second language learners.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FLG 395 Directed Studies (1-4 crs)

Consent: Department Consent Required

Study of a problem or special area in a foreign or second language, or introduction to an uncommonly offered foreign language with emphasis on oral proficiency, basic grammar, introduction to reading and writing.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

FLG 565 Special Topics in Teaching English to Speakers of Other Languages (3 crs)

- *Dual-listed with FLG 365.*

In-depth study of various topics related to the field of Teaching English to Speakers of Other Languages (TESOL), which may include Pedagogical Grammar, Psycholinguistics, and ESL Literacy Instruction.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FLG 595 Directed Studies (1-4 crs)

Consent: Department Consent Required

- *Dual-listed with FLG 395.*

Study of a problem or special area in a foreign or second language, or introduction to an uncommonly offered foreign language with emphasis on oral proficiency, basic grammar, introduction to reading and writing.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

FLG 778 Theories of Second Language Learning and Acquisition (3 crs)

Prerequisite: No credit if taken after FLG 378

The study of linguistic, cognitive, and social factors which influence the development of a second language. Applications to Teaching of English to Speakers of Other Languages (TESOL), bilingual education, and foreign language education.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

Foreign Literature in Translation (FLTR)

FLTR 250 Classical Mythology (3 crs)

Greek and Roman myths and legends that have an important place in Western culture. Given in English.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FLTR 330 Chinese Culture through Films (3 crs)

- *No credit if taken after FLTR 392 when offered as Chinese Film and Culture.*

Introduction to Chinese culture through various genres of films and discussion on cultural aspects, with the goal to develop cultural understanding.

Attributes: HA Humanities Arts, LE-K3 Humanities, Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

FLTR 350 Latin American Literature in Translation (3 crs)

- *Credit may not be earned in both FLTR 350 and LAS 350.*

This course introduces students to Latin American authors and their writings in a historical and social context.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FLTR 360 Readings in Ancient Literature (3 crs)

Prerequisite: Minimum junior standing.

An umbrella course. Intensive reading, discussion, and analysis of literary works from the ancient world in English translation. Specific course offerings might include The Ancient Epic, Greek Tragedy, or Readings in Ancient Greek Literature.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FLTR 392 Foreign Film as Cultural Expression (3 crs)

Foreign film as a distinct medium of artistic expression of the social, historical, cultural values and perspectives of a society.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

FLTR 491 Special Topics (1-3 crs)

Prerequisite: May require a prerequisite dependent upon the topic.

In-depth study of a particular topic of interest to faculty and students. Topics may be specific themes, periods, or geographic areas.

Repeat: Course may be repeated for a maximum of 6 credits

FLTR 530 Chinese Culture through Films (3 crs)

• Dual-listed with FLTR 330

Introduction to Chinese culture through various genres of films and discussion on cultural aspects, with the goal to develop cultural understanding.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

FLTR 550 Latin American Literature in Translation (3 crs)

• Dual-listed with FLTR/LAS 350/550. Credit may only be earned in one of these courses.

This course introduces students to Latin American authors and their writings in a historical and social context.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FLTR 560 Readings in Ancient Literature (3 crs)

Consent: Instructor Consent Required

• Dual-listed with FLTR 360.

An umbrella course. Intensive reading, discussion, and analysis of literary works from the ancient world in English translation. Specific course offerings might include The Ancient Epic, Greek Tragedy, or Readings in Ancient Greek Literature.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

French (FREN)

FREN 101 Beginning French (4 crs)

Prerequisite: French Placement Exam required or department consent.

• Students without French language background may contact the Languages Department for permission to enroll.

A foundation in listening, speaking, reading, writing, and cultures of the French-speaking world for the acquisition of basic communicative skills.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

FREN 102 Beginning French (4 crs)

Prerequisite: FREN 101 or suitable placement score on the French Placement Exam.

A continued foundation in language and culture for the strengthening of basic communicative skills in preparation for the intermediate sequence.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

FREN 201 Intermediate French (4 crs)

Prerequisite: FREN 102 or suitable placement score on the French Placement Exam.

A development in listening, speaking, reading, writing, and cultures of the French-speaking world for the acquisition of expanded communicative skills.

Attributes: CL Communication Literacy, LE-R2 Global Perspectives

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

FREN 202 Intermediate French (4 crs)

Prerequisite: FREN 201 or suitable placement score on French Placement Exam.

A continued development in language and culture for the acquisition of expanded communicative skills in preparation for upper division classes.

Attributes: CL Communication Literacy, LE-R2 Global Perspectives

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

FREN 315 Grammar (4 crs)

Prerequisite: FREN 202 or suitable placement score on French Placement Exam.

A refinement of structural language skills through the study of grammatical concepts and vocabulary with contextualized application to reading, writing, and speaking.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

FREN 325 Pronunciation (3 crs)

Prerequisite: FREN 202 or suitable score on French Placement exam

A study of the spelling-to-sound system through the interpretation of original authentic resources to increase listening and speaking accuracy.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FREN 335 Cinema (3 crs)

Prerequisite: FREN 315 or FREN 325 or consent of instructor. FREN 315 or FREN 325 may be taken concurrently.

A reinforcement of intermediate-level language skills and cultural competence through film.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FREN 340 Professional Communication (3 crs)

Prerequisite: FREN 315 or FREN 325 or consent of instructor. FREN 315 or FREN 325 may be taken concurrently.

A focus on specialized language and practices in the French-speaking professional world for increased communicative and cultural competence.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FREN 345 Francophone Literature (3 crs)

Prerequisite: FREN 315 or FREN 325 or concurrent enrollment; or consent of instructor.

An exposure to literary texts for the development of interpretive skills, cultural competence, and critical reflection.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FREN 354 History of France (3 crs)

Prerequisite: FREN 315 or FREN 325 or concurrent enrollment, or consent of instructor.

An overview of significant events in the history of France with a focus on political and social developments that have shaped the nation and its people.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FREN 355 Modern Society (3 crs)

Prerequisite: FREN 315; FREN 325; or consent of instructor.

A look into the current institutional systems of France such as government and education that reveal a society's shared sense of identity.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FREN 360 Gastronomy (3 crs)

Prerequisite: FREN 315; FREN 325; or consent of instructor

An investigation of the relationship between food and culture in art and literature, with practice to increase communicative skills and cultural competence.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FREN 391 Special Topics (1-3 crs)

Prerequisite: FREN 202 or suitable placement score on French Placement Exam. Study of a theme relevant to the French-speaking world.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

FREN 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

Study of a problem or special area in French language, culture, or literature.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

FREN 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

FREN 400 Graphic Novels (3 crs)

Prerequisite: FREN 315; FREN 325; or consent of instructor

A discovery of remarkable people through graphic novels, a beloved storytelling medium in the French-speaking world.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FREN 401 Discussions on Contemporary Societal Issues (3 crs)

Prerequisite: FREN 315; FREN 325; or consent of instructor.

A development of advanced oral proficiency via conversations and debates on societal issues and roles of French-speaking institutions and individuals.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FREN 430 Environmental and Linguistic Diversity (3 crs)

Prerequisite: FREN 315; FREN 325; or consent of instructor.

A cross-continental exploration of Francophone cultures with a focus on language, history, geography, and challenges to manage and conserve resources.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

FREN 491 Special Topics (1-3 crs)

Prerequisite: FREN 315; FREN 325; or consent of instructor

In-depth study of a theme relevant to the French-speaking world.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

FREN 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

FREN 595 Directed Studies (1-3 crs)

Consent: Department Consent Required

• *Dual-listed with FREN 395.*

Study of a problem or special area in French language, culture, or literature.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

FREN 691 Special Topics (1-3 crs)

Prerequisite: FREN 315; FREN 325; or consent of instructor

Consent: Instructor Consent Required

• *Dual-listed with FREN 491. See current Class Schedule for specific topic.*

In-depth study of a theme relevant to the French-speaking world.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

FREN 797 Independent Study (1-3 crs)

Consent: Instructor Consent Required

Independent study projects under direction of faculty members.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

General Arts & Sciences (GEN)

GEN 100 Foundations for Academic Success (1-2 crs)

Consent: Department Consent Required

• *No credit toward any major or minor. Elective credit only.*

An integrated program introducing students to University resources and college success strategies. The program assists students in intellectual, personal, and social development to improve retention and academic performance.

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: No S/U Grade Option

GEN 110 Strategies for Academic Success (2 crs)

Consent: Department Consent Required

• *No credit toward any major or minor. Elective credit only.*

Designed to assist student development of successful academic and personal strategies necessary to meet demands at the college level by formulating educational goals, examining effective learning strategies, and making informed decisions.

Repeat: Course may be repeated for a maximum of 2 credits

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

GEN 201 Student Success Seminar (2 crs)

Consent: Department Consent Required

This course is an examination of the factors that lead to success in college. Students will learn from their prior college experiences and develop a personalized success plan for achieving their academic goals. Topics include the science of learning, study strategies, goal setting, time management, resilience, and self-regulation.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

GEN 250 Academic and Career Exploration (1 cr)

Consent: Instructor Consent Required

Designed to give students the skills to make informed choices about their lives, education, and careers. Includes career development theory, interpretations of self-assessment instruments, occupational research techniques, examination of a liberal arts-based education, and goal-setting strategies.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

GEN 260 Graduate School Exploration (1 cr)

Prerequisite: Minimum sophomore standing. For Student Support Services participants only.

Consent: Instructor Consent Required

This course is designed to help Student Support Services participants make informed decisions pertaining to advanced degrees and to maximize potential for lifelong professional development.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

Geography (GEOG)

GEOG 104 Planet Earth: The Physical Environment (4 crs)

This course examines the physical processes that shape our environment, which we view as a complex model of interacting systems. Students will learn about the principles and mechanisms of climate and weather, soils, vegetation, ecosystems, and earth surface processes that sculpt physical landscapes. Also examined are the Earth's systems from a local to global scale as they relate to human interactions with the physical environment.

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

GEOG 111 Planet Earth: Human Geography (3 crs)

This integrative course examines interactions and relationships between people, places, and environments. It emphasizes how human practices engage with local and global change. The course takes a place-based approach to the analysis of population and health, migration, socioeconomic, identity, language, religion, foodways, economic development, politics, and urbanization.

Attributes: SBS Social Behavioral Science, LE-I1 Integration, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 135 Planet Earth: Our Digital Globe (3 crs)

This geography course explores tools and technologies for acquiring, analyzing, managing, and displaying geographic information in the social and environmental sciences. It introduces a variety of geospatial approaches, including geographic information systems (GIS), global positioning systems (GPS), remote sensing (RS), spatial analysis, and cartography (the science and art of map making).

Attributes: LE-S3 Creativity

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 155 Economic Geography (3 crs)

This course explores the geographic variations of space, place, location, and scale regarding human economic activities. Issues such as globalization, production, and consumption provide a framework through which the interactions and interdependencies at local and global scales are examined.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 178 Planet Earth: Conservation of the Environment (3 crs)

Prerequisite: No credit if taken after or concurrently with BIOL 180 or GEOL 204.

• Satisfies Wisconsin conservation requirement for teaching certification in science and social science.

This course examines conservation of the environment from a geographical perspective by approaching society's interdependent relationships with the natural world and its resources. Biophysical, cultural, and socioeconomic issues are addressed in order to better understand environmental problems and develop more effective and sustainable solutions to them.

Attributes: NSW Natural Science Wellness, LE-I1 Integration, LE-K1 Natural Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 200 Foundations of Geography (3 crs)

Prerequisite: Limited to Geography majors and minors and Geospatial Analysis and Technology majors

An introduction to the foundations, principles and primary geospatial techniques and analyses used in geography.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOG 220 World Regional Geography: Diversity & Globalization (3 crs)

Examines the cultural and environmental diversity of our interconnected world using geographical perspectives and tools. Topics include the spatial dimensions of traditional and popular culture, physical environments, nature-society interactions, population distribution and movement, languages and belief systems, socio-economic linkages, politics, urbanization, and other characteristics of the world's people and places.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 270 Introduction to Urban and Regional Planning (3 crs)

Basic concepts and philosophies of urban and regional planning, land use, zoning, and sustainable urban development.

Attributes: CP Civics Perspectives, LE-R3 Civic and Environmental Issues, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 280 Introduction to Cartography and Visualization (3 crs)

• *GEOG 200 is recommended prior to enrollment in this course.*

Introduces the art and science of map production through a focus on cartographic design principles, techniques, and best practices. Historic and contemporary maps are examined through the lens of their design elements and cultural context to inform students as they design maps. Discussions centered on the ethics of collecting and analyzing spatial data provide a critical framework for applying cartographic visualization fundamentals in the production of digital reference and thematic map projects.

Attributes: LE-I1 Integration, LE-S3 Creativity

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOG 288 Cultural Landscapes of North America (3 crs)

This course introduces ways of seeing and interpreting North American cultures and histories as revealed in our built environments—homes, highways, farms, factories, stores, recreation areas, small towns, city districts, regions, and more. The course encourages students to read landscapes as records of past and present social relations and bearers of cultural meanings. Emphasis is placed on U.S. landscapes.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 291 Special Topics (1-3 crs)

Lecture/Discussion Hours: Variable Contemporary issues and special topics in geography not typically covered in introductory geography courses. Varies based on interest of students and faculty. May include field trips and experiences.

Repeat: Course may be repeated for a maximum of 6 credits

Lab/Studio Hours: 0

GEOG 301 Geography of Western Europe (3 crs)

Europe west of the former Soviet Bloc countries, with emphasis on physical, biotic, and cultural themes which unify the region. Includes the national level of regionalization. Utilizes aspects of history, politics, literature, and physical geography.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 304 Introduction to Geomorphology (4 crs)

Prerequisite: GEOG 104 or GEOL 106 or GEOL 110 or GEOL 115.

An introduction to physical processes that affect the Earth's surface and the landforms that result. The techniques of investigating landforms (field/laboratory) and the fundamentals of communicating the results will be covered.

Attributes: NSWL Natural Science Wellness + Lab, LE-I1 Integration, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab, Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

GEOG 308 Geography of Russia and Eastern Europe (3 crs)

Examination of natural and human resources, economic and political organization of Eastern Europe and the former Soviet Union. Special attention to ideological and institutional problems of population growth, nationalities, and regional development.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 312 Space, Society, Subject (3 crs)

Prerequisite: Sophomore standing or instructor consent

• *Credit may not be earned in both ANTH 312 and GEOG 312.*

Broad introduction to social theory in anthropology and geography with an emphasis on contemporary theoretical approaches to social, spatial, and cultural dynamics and their intersections.

Attributes: SBS Social Behavioral Science, LE-DDIV Design for Diversity, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Seminar Hours: 0

GEOG 313 Culture and Transnational Dynamics (3 crs)

Prerequisite: Minimum sophomore standing or instructor consent. Credit may not be earned in both GEOG/ANTH 313/513 and GEOG/ANTH 351.

• *Credit may not be earned in both ANTH 313 and GEOG 313.*

Critical discussion of conceptual approaches to cultural processes, differences, and encounters from a transnational perspective.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R2 Global Perspectives, Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

GEOG 319 Geography of the Middle East and North Africa (3 crs)

Examination of the physical, cultural, economic, and political geography of the Middle East and North Africa. Emphasis placed on understanding the region's people, places, cultures, nature-society relationships, and the roots of conflict.

Attributes: Field Trip(s) Required, Special Course Fee Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

GEOG 321 Geography of Latin America (3 crs)

• *Credit may not be earned in both GEOG 321 and LAS 321.*

The physical and cultural landscapes of Latin America, including North, Central, and South America and the Caribbean Islands, with attention to the major cultural, economic, social, and political currents of each region.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R2 Global Perspectives, Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

GEOG 322 Native Geographies (3 crs)

• *Credit may not be earned in both GEOG 322 and AIS 322.*

The historical and contemporary relationships of American Indians to place, including land use and environmental issues, Indigenous mapping techniques, sacred sites, territorial nationhood, and legal rights to ceded and sovereign lands. The course also provides insight into the unique cultures of Indigenous peoples around the world.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-I1 Integration, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering, Field Trip(s) Required, Special Course Fee Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

GEOG 325 Geography of the United States and Canada (3 crs)

This course examines the United States and Canada through a regional analysis of physical landforms, weather and climate, environmental change, and the social, political, economic, and cultural processes that contextualize their dynamic human geographies. Historical and contemporary geographies of culturally diverse groups are emphasized.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-I1 Integration, LE-R1 Equity, Diversity, and Inclusivity
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

GEOG 335 Geographic Information Systems I (3 crs)

• *GEOG 200 is recommended prior to enrollment in this course.*

This course introduces the basic principles and concepts surrounding the use and application of Geographic Information Systems (GIS). Students will learn how to identify, organize, process, and analyze geospatial data representing geographic features of our world. With the use of state-of-the-art GIS technology, this course makes use of geospatial data representing the environment, economy, socio-cultural, political, and other spheres of our world. Moreover, students will learn how to think spatially, produce maps, analyze geospatial data, and communicate spatial information effectively.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

GEOG 336 Geospatial Field Methods (3 crs)

Prerequisite: GEOG 335

Consent: Instructor Consent Required

Project-based hands-on learning will teach students field data collection techniques/methods for those interested in a career involving geospatial issues. Traditional and advanced geospatial technology are implemented in the course.

Attributes: Undergraduate/Graduate Offering, Field Trip(s) Required, Special Course Fee Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

GEOG 337 Geographic Information Systems II (3 crs)

Prerequisite: GEOG 335

This course expands directly on knowledge gained in Geog 335, Geographic Information Systems I. Focus will be on gaining additional technical skills and applying them to answer more in-depth geospatial questions.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2

GEOG 338 Remote Sensing of the Environment (3 crs)

• *GEOG 200 is recommended prior to enrollment in this course.*

Descriptive interpretation of remote-sensing images from ground, aerial, and space platforms.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 339 Applied Cartography and Geovisualization (3 crs)

This advanced map production course integrates cartographic design principles, techniques, spatial and temporal data analysis, and best practices with creative geovisualization products that analyze environmental and societal issues. Dynamic and interactive geovisualization products, including interactive web maps, infographics, and other visual storytelling projects, are emphasized.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 340 Climatology (3 crs)

Prerequisite: GEOG 104

Comprehensive study of climatic phenomena with emphasis on global heat and water balances, daily weather analysis, climate classification, and climate change.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 341 Weather and Society (3 crs)

Prerequisite: Minimum sophomore standing or consent of instructor.

This course provides the student with a theoretical and applied understanding of meteorological events and their subsequent impacts upon society.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 345 Quaternary Environments (3 crs)

Prerequisite: GEOG 304

Causes, history, and effects of the Ice Ages, including the study of climatic changes, related oceanic and biological disruptions, Ice Age landforms; also, the characteristics and world distribution of modern glaciers.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 350 Soils and the Environment (4 crs)

Prerequisite: GEOG 104 or GEOL 110 or GEOL 115; and GEOG 304 or GEOL 312.

Consent: Instructor Consent Required

Study of soil properties, formation processes, and classification with emphasis on fieldwork, application of soil information to resource management and land use, and technical report writing.

Attributes: Undergraduate/Graduate Offering, Field Trip(s) Required

Grading Basis: No Auditors

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

GEOG 352 Business Geographics (3 crs)

Business applications of geographic analysis. Emphasis on population geography, U.S. Census data, location, threshold and market area analysis, retail site location, and location allocation. Use of GIS software, large spatial databases, and database manipulation required.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 355 Biogeography (3 crs)

Prerequisite: GEOG 104, GEOG 178, or BIOL 180

• *GEOG 335 is recommended prior to enrollment in this course.*

This course introduces the identification, description, interpretation, and explanation of historical and contemporary patterns of biogeographical diversity, patterns, and processes on local, regional, and global scales. Geospatial field techniques are employed to collect and analyze local data used to understand the impacts of environmental change.

Attributes: Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 358 LiDAR Analysis & Applications (3 crs)

Prerequisite: GEOG 335 and GEOG 338.

Introduction to the visualization, processing & use of airborne & terrestrial LiDAR data for applications in environmental & socio-cultural settings.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOG 361 Environmental Hazards (3 crs)

The course focuses on environmental hazards and disasters (including geomorphic, atmospheric, and human): how the normal processes of the earth concentrate their energies and deal destructive blows to humans and their structures.

Attributes: NSW Natural Science Wellness, LE-I1 Integration, LE-K1 Natural Sciences, Field Trip(s) Required, Special Course Fee Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

GEOG 363 Watershed Analysis (4 crs)

Prerequisite: GEOG 104 or GEOL 106 or GEOL 110 and GEOG 335
Watershed-based study of surface-water hydrologic processes and the factors (climate, soils, vegetation, land use) that affect them. Particular emphasis placed on investigations of watersheds in the Eau Claire area.

Attributes: Field Trip(s) Required, Special Course Fee Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 2

GEOG 364 Fluvial Processes and Landforms (4 crs)

Prerequisite: GEOG 104 or GEOL 106 or GEOL 110; and GEOG 304 or GEOL 312; and GEOG 335.
Study of river processes and the landforms that result from them, including how processes and landforms respond to natural and anthropogenic environmental change. Investigations of streams in the Eau Claire area emphasized.

Attributes: Field Trip(s) Required, Special Course Fee Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 2

GEOG 365 Tourism Geographies (3 crs)

This course examines the tourism industry through a spatial and temporal analysis of its various sectors at local, regional, national, and global scales. Topics include social, economic, and environmental sustainability, the development and promotion of natural and cultural destinations in urban and rural locations, tourist supply and demand, niche tourism activities, and modes of transportation used in the tourism industry.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R2 Global Perspectives, Field Trip(s) Required, Special Course Fee Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

GEOG 366 Geography International Immersion Experience (1-3 crs)

Consent: Instructor Consent Required

• *Preparatory prerequisite course may be required.*

Place-based analysis using field and interdisciplinary methods to learn about the environments, society and culture of the immersion region. International field sites, experiences and special topics may vary by semester.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated for a maximum of 6 credits
Grading Basis: A-F Grades Only

GEOG 367 Landscape Analysis: Cultural (3 crs)

Prerequisite: Minimum sophomore standing.

Geographic analysis of cultural landscapes by means of field experiences.

Attributes: Field Trip(s) Required
Repeat: Course may be repeated for a maximum of 6 credits
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

GEOG 368 Geography Field Seminar (3 crs)

Prerequisite: Limited to geography majors and minors or consent of instructor. Minimum junior standing.

Place-based analysis using geographic methods and field investigations. Field sites and research topics will vary from semester to semester.

Attributes: LE-S3 Creativity, Field Trip(s) Required, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated for a maximum of 6 credits
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

GEOG 369 Geography of Food (3 crs)

Prerequisite: Minimum sophomore standing.

• *A geography course is recommended prior to enrollment in this course.*

Explores the geography and spatial dimensions of food, with attention to the cultures and environments from which they emerged, changing nature/society relationships, and the implications of globalization, economic growth, and technological innovations.

Attributes: SBS Social Behavioral Science, LE-I1 Integration, LE-K2 Social Sciences, Field Trip(s) Required, Special Course Fee Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

GEOG 370 Quantitative Methods in Geography (3 crs)

Prerequisite: GEOG 335. Limited to geography majors and minors.

An introduction to the quantitative methods commonly used in geography with an emphasis on interpretation of results produced by geospatial and statistical software. Topics include measures of central tendency, mean center, hypothesis testing, regression analysis, spatial analysis, and spatial autocorrelation.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 375 Environmental Quality (3 crs)

• *GEOG 178 or BIOL 180 is recommended prior to enrollment in this course.*

Society's impact on the quality of the environment. The role of cultural attitudes, population, economic systems, technology, and political institutions in creating environmental problems.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 377 U.S. Environmental and Sustainability Policy (3 crs)

• *Credit may not be earned in both ENV 377 and GEOG 377.*

Students will study U.S. environmental and sustainability law and policy to assess the roles of science, key actors, and values in policymaking.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 378 International Environmental Problems and Policy (3 crs)

• *Credit may not be earned in both GEOG 378 and ENV 378.*

Examination of the threats to the global environment and the response of the international community.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 379 Geography of Wisconsin (3 crs)

A geographic analysis of Wisconsin and its people, with emphasis on cultural and environmental characteristics, patterns of land use, and changing ways of life.

Attributes: SBS Social Behavioral Science, LE-I1 Integration, LE-K2 Social Sciences, Undergraduate/Graduate Offering, Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 390 Geospatial Applications of UAS (3 crs)

Prerequisite: GEOG 335

• *GEOG 338 is recommended prior to enrollment in this course.*

This course introduces Unoccupied/Unmanned Aerial Systems (UAS) and their applications in the natural and built environment. Topics include UAS sensors and platforms, the ethics of UAS use, sensors calibration and boresighting, flight planning and flying of UAS, data processing software, data quality and accuracy, and the production of ortho-rectified imagery, multispectral imagery, digital terrain, surface models, and other geospatial deliverables.

Attributes: Undergraduate/Graduate Offering, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

Directed Studies courses are intended for students to investigate topics that are not covered in courses taught within the Department of Geography and Anthropology resulting in a high-quality paper, technical report, creative output, conference presentation, or other assessments deemed appropriate by the instructor.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

GEOG 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Limited to geography majors and minors. Minimum junior standing.

Consent: Department Consent Required

Independent study courses should focus on a research project or creative activity that addresses a geographic topic and builds upon previous coursework, student-faculty research collaboration, internship, or professional experience. The course will result in a high-quality paper, technical report, creative output, or conference presentation.

Repeat: Course may be repeated

GEOG 432 Intersectional Environmentalism (3 crs)

Prerequisite: Minimum sophomore standing, or consent of instructor. Credit may not be earned if taken previously as Intersectional Environment under GEOG 491.

Students will consider multiple ways of understanding both human relationships with the environment and multiple approaches to tackling pressing environmental issues.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 435 Geographic Information Systems III (3 crs)

Prerequisite: GEOG 335

This course builds upon the concepts and approaches introduced in Geographic Information Systems II (GEOG 337). Topics may include interpolation, cluster analysis, spatio-temporal data analysis, scripting, and automation. Students will complete a course project in which they identify a spatial problem, collect data, complete an analysis, and produce a professional report.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOG 438 Remote Sensing Data Analytics (3 crs)

Prerequisite: GEOG 338

Explores the principles and techniques of collecting, processing, and extracting information from remotely sensed data to facilitate geospatial intelligence sharing in support of sustainable planning and management.

Attributes: Field Trip(s) Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOG 444 Legal Geographies of Race in the U.S. (3 crs)

Prerequisite: Minimum junior standing, or consent of instructor

- *A previous class in the social sciences or humanities is recommended.*

This course provides an introduction to the subdiscipline of legal geography. Explores the interactions between race and the law in the United States, with a specific focus on how U.S. law (re)produces racial inequalities. We examine how U.S. law has constructed race itself and provided differing rights based on racial categories. Students will consider the various institutions and processes that have come together to shape our contemporary racial landscape through the lens of law.

Attributes: SBS Social Behavioral Science, LE-DDIV Design for Diversity, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 445 Historical Geography (3 crs)

Prerequisite: GEOG 178 or BIOL 180.

Examines how human activities have impacted the natural world, how attitudes toward nature have shifted over time, and how human activities and attitudes have altered our landscape. Emphasis is on United States environmental history.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 446 Political Geography (3 crs)

A systematic analysis of the distribution of political activity and the relationship of that pattern to other spatial phenomena. Emphasis on national states and international problems.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 455 Web Geographic Information Systems (3 crs)

Prerequisite: GEOG 335

An introduction to Web GIS, the programming concepts underpinning construction and implementation of high quality web and mobile solutions.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOG 470 Urban Geography (3 crs)

Considers (1) cities as systems of service, trade, and manufacturing centers; (2) the internal structure of cities with emphasis on residential, commercial, and industrial patterns. North American urban places and solutions are stressed.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 491 Advanced Special Topics (1-3 crs)

Consent: Department Consent Required

Lecture/Discussion Hours: Variable Contemporary issues and special topics in geography. Varies based on interest to students and faculty. May include field trips and experiences.

Attributes: Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 6 credits

Lab/Studio Hours: 0

GEOG 498 Geography Internship (1-3 crs)

Consent: Department Consent Required

- *Application and approval required by supervising instructor, agency representative and department chair prior to start of internship.*

Application of geographic knowledge and skills in supervised professional activities relevant to the student's area of emphasis. Involves active reflection tied to the student's academic and career and interests. Option to pursue service learning where applicable.

Attributes: Capstone Course, Internship

Repeat: Course may be repeated for a maximum of 6 credits

GEOG 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Limited to geography majors and minors. Minimum senior standing.

Consent: Department Consent Required

Independent study courses should focus on a research project or creative activity that addresses a geographic topic and builds upon previous coursework, student-faculty research collaboration, internship, or professional experience. The course will result in a high-quality paper, technical report, creative output, or conference presentation.

Repeat: Course may be repeated

GEOG 512 Space, Society, Subject (3 crs)

• *Dual-listed with ANTH/GEOG 312/512. Credit may only be earned in one of these courses.*

Broad introduction to social theory in anthropology and geography with an emphasis on contemporary theoretical approaches to social, spatial, and cultural dynamics and their intersections.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Seminar Hours: 0

GEOG 513 Culture and Transnational Dynamics (3 crs)

Prerequisite: Credit may not be earned in both ANTH/GEOG 313/513 and ANTH/GEOG 351.

• *Dual-listed with ANTH/GEOG 313/513. Credit may only be earned in one of these courses.*

Critical discussion of conceptual approaches to cultural processes, differences, and encounters from a transnational perspective.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 521 Geography of Latin America (3 crs)

• *Dual-listed with LAS/GEOG 321/521. Credit may only be earned in one of these courses.*

The physical and cultural landscapes of Latin America, including North, Central, and South America and the Caribbean Islands, with attention to the major cultural, economic, social, and political currents of each region.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 522 Native Geographies (3 crs)

• *Dual-listed with GEOG/AIS 322. Cross-listed with GEOG/AIS 522. Credit may only be earned in one of these courses.*

The historical and contemporary relationships of American Indians to place, including land use and environmental issues, Indigenous mapping techniques, sacred sites, territorial nationhood, and legal rights to ceded and sovereign lands. The course also provides insight into the unique cultures of Indigenous peoples around the world.

Attributes: Field Trip(s) Required, Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 535 Geographic Information Systems I (3 crs)

• *Dual-listed with GEOG 335. Credit may not be earned in both courses. GEOG 200 is recommended prior to enrollment in this course.*

This course introduces the basic principles and concepts surrounding the use and application of Geographic Information Systems (GIS). Students will learn how to identify, organize, process, and analyze geospatial data representing geographic features of our world. With the use of state-of-the-art GIS technology, this course makes use of geospatial data representing the environment, economy, socio-cultural, political, and other spheres of our world. Moreover, students will learn how to think spatially, produce maps, analyze geospatial data, and communicate spatial information effectively.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOG 536 Geospatial Field Methods (3 crs)

Prerequisite: GEOG 335/GEOG 535

Consent: Instructor Consent Required

• *Dual-listed with GEOG 336. Credit may not be earned in both courses.*

Project-based hands-on learning will teach students field data collection techniques/methods for those interested in a career involving geospatial issues. Traditional and advanced geospatial technology are implemented in the course.

Attributes: Field Trip(s) Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 537 Geographic Information Systems II (3 crs)

Prerequisite: GEOG 335/GEOG 535

- *Dual-listed with GEOG 337. Credit may not be earned in both courses.*

This course expands directly on knowledge gained in Geog 335, Geographic Information Systems I. Focus will be on gaining additional technical skills and applying them to answer more in-depth geospatial questions.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOG 538 Remote Sensing of the Environment (3 crs)

- *Dual-listed with GEOG 338. Credit may not be earned in both courses.*
- GEOG 200 is recommended prior to enrollment in this course.*

Descriptive interpretation of remote-sensing images from ground, aerial, and space platforms.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 550 Soils and the Environment (4 crs)

Consent: Instructor Consent Required

- *Dual-listed with GEOG 350. Credit may not be earned in both courses.*

Study of soil properties, formation processes, and classification with emphasis on fieldwork, application of soil information to resource management and land use, and technical report writing.

Attributes: Field Trip(s) Required, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

GEOG 558 LiDAR Analysis & Applications (3 crs)

Prerequisite: GEOG 535 and GEOG 538.

Introduction to the visualization, processing & use of airborne & terrestrial LiDAR data for applications in environmental & socio-cultural settings.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOG 579 Geography of Wisconsin (3 crs)

- *Dual-listed with GEOG 379. Credit may not be earned in both courses.*

A geographic analysis of Wisconsin and its people, with emphasis on cultural and environmental characteristics, patterns of land use, and changing ways of life.

Attributes: Field Trip(s) Required, Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 590 Geospatial Applications of UAS (3 crs)

Prerequisite: GEOG 335

- *GEOG 338 is recommended prior to enrollment in this course.*

This course introduces Unoccupied/Unmanned Aerial Systems (UAS) and their applications in the natural and built environment. Topics include UAS sensors and platforms, the ethics of UAS use, sensors calibration and boresighting, flight planning and flying of UAS, data processing software, data quality and accuracy, and the production of ortho-rectified imagery, multispectral imagery, digital terrain, surface models, and other geospatial deliverables.

Attributes: Field Trip(s) Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOG 595 Directed Studies (1-3 crs)

Consent: Department Consent Required

- *Dual-listed with GEOG 395.*

Directed Studies courses are intended for students to investigate topics that are not covered in courses taught within the Department of Geography and Anthropology resulting in a high-quality paper, technical report, creative output, conference presentation, or other assessments deemed appropriate by the instructor.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

GEOG 635 Geographic Information Systems III (3 crs)

Prerequisite: GEOG 335/GEOG 535

- *Dual-listed with GEOG 435. Credit may not be earned in both courses.*

This course builds upon the concepts and approaches introduced in Geographic Information Systems II (GEOG 337). Topics may include interpolation, cluster analysis, spatio-temporal data analysis, scripting, and automation. Students will complete a course project in which they identify a spatial problem, collect data, complete an analysis, and produce a professional report.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOG 655 Web Geographic Information Systems (3 crs)

Prerequisite: GEOG 335/GEOG 535

• *Dual-listed with GEOG 455. Credit may not be earned in both courses.*

An introduction to Web GIS, the programming concepts underpinning construction and implementation of high quality web and mobile solutions.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOG 797 Independent Study/Graduate (1-3 crs)

Consent: Department Consent Required

An intensive study of a geographic topic resulting in a paper suitable for publication.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

GEOG 798 Graduation Only (1 cr)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

Geology (GEOL)

GEOL 102 Oceanography (3 crs)

Survey of the world oceans with emphasis on geologic processes. Also includes chemical, physical, and biological aspects of the sea. Investigates human interaction with the marine environment.

Attributes: NSW Natural Science Wellness, LE-I1 Integration, LE-K1 Natural Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOL 106 Earth Science (4 crs)

Prerequisite: Limited to elementary-middle education majors. Credit may be earned in only one of the following: GEOL 106, or GEOL 110, or GEOL 115. Introduction to basic earth science concepts. Includes study of earth interior and surface processes, earth materials, earth history, earth resources, atmospheric composition and processes, and aspects of the solar system.

Attributes: NSW Natural Science Wellness + Lab, LE-I1 Integration, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab, Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

GEOL 110 Physical Geology (4 crs)

Prerequisite: Credit may be earned in only one of the following: GEOL 106, or GEOL 110, or GEOL 115.

A study of earth structure, materials, processes, and history; includes discussion of plate tectonics, volcanism, weathering, glaciation, sedimentation, and metamorphism. The course emphasizes the methods of scientific investigation.

Attributes: NSW Natural Science Wellness + Lab, LE-I1 Integration, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab, Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

GEOL 115 Environmental Geology (4 crs)

Prerequisite: Credit may be earned in only one of the following: GEOL 106, or GEOL 110, or GEOL 115.

Study of the physical environment. Emphasis on earth processes which affect humans such as rivers, erosion, groundwater, landslides, and earthquakes. Methods are examined for reducing or eliminating the harmful effects of human interaction with the geologic environment.

Attributes: NSW Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab, LE-R3 Civic and Environmental Issues, Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

GEOL 201 Geology of Our National Parks and Monuments (2 crs)• *No credit toward majors or minors.*

A survey of geologic processes and phenomena as exemplified by features of our national parks and monuments. Designed to develop greater appreciation and understanding of natural phenomena.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

GEOL 204 Understanding Earth's Environment (3 crs)

Prerequisite: No credit if taken after or concurrently with BIOL 180 or GEOG 178.

• *Satisfies Wisconsin conservation requirement for teaching certification in science and social science.*

This environmental science class will explore the interconnectedness of the geosphere, biosphere, pedosphere, hydrosphere, cryosphere, and atmosphere, and how humans interact with each of these systems.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOL 212 Introduction to Geology and Environmental Science (1 cr)

Consent: Instructor Consent Required

•Concurrent enrollment in GEOL 212 and GEOL 312 strongly recommended for all GEOL majors and minors.

This course is designed to introduce Geology and Environmental Science majors and minors to the department faculty, to aid in the development of transferrable skills students will need throughout their coursework and their careers. Faculty and upper-level undergraduates will speak on topics including research opportunities, internships, careers. Students will also attend the Earth Science Seminar Series to see presentations by visiting scholars and professional scientists.

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 1

GEOL 291 Special Topics (1-3 crs)

Geologic topics of current, special interest; includes field excursions.

Repeat: Course may be repeated

GEOL 301 Earth Resources and Sustainability (3 crs)

Origin, distribution, use, misuse, and conservation of minerals, water, soil, and fuels. Alternative resources and lifestyles for the future are evaluated.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences, LE-R3 Civic and Environmental Issues, Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOL 304 Global Environmental Change (3 crs)

The composition, structure, and dynamics of the solid earth, oceans, and atmosphere are explored to understand the global geochemical and biochemical cycles that govern the natural response to environmental change on global scales.

Attributes: LE-I1 Integration, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

GEOL 308 Water Resources (3 crs)

Prerequisite: GEOL 106 or GEOL 110 or GEOL 115 or GEOL 204 or GEOG 104 or GEOG 178.

Origin, nature, distribution, movement, exploitation, and conservation of surface and subsurface waters; problems associated with development of water resources in Wisconsin and the U.S.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences, LE-R3 Civic and Environmental Issues, Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOL 312 Mineralogy and Petrology I (5 crs)

Prerequisite: GEOL 106, or GEOL 110, or GEOL 115, or MSE 221; CHEM 101, or CHEM 103, or CHEM 105 and CHEM 106, or CHEM 108, or CHEM 115

Study of minerals and rocks with an emphasis on common rocks in field settings, hand sample identification, and description of common rocks and minerals. Origin of rocks and minerals and interpretation of processes is stressed.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 4

GEOL 313 Mineralogy and Petrology II (4 crs)

Prerequisite: GEOL 312

Study of igneous, sedimentary, and metamorphic rocks and minerals with an emphasis on laboratory and petrographic analysis.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

GEOL 315 Hydrogeology I (4 crs)

Prerequisite: GEOL 106, or GEOL 110, or GEOL 115; MATH 112, or MATH 114, or MATH 215.

The hydrologic cycle, runoff and streamflow, saturated groundwater flow, contaminant transport, geology of groundwater occurrence, aquifer characterization, groundwater flow to wells, hydrogeologic field techniques, groundwater flow and contaminant transport computer modeling, groundwater development and management.

Attributes: Undergraduate/Graduate Offering, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

GEOL 320 Sedimentology and Stratigraphy (4 crs)

Prerequisite: GEOL 312

Origin and evolution of sedimentary rocks, with emphasis on sedimentary processes, stratigraphic principles, and basin evolution.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

GEOL 330 Structural Geology (4 crs)

Prerequisite: GEOL 312; GEOL 320

The description and classification of geological structures and the theoretical and physical analysis of rock deformation. Field and laboratory techniques emphasize mapping and the tectonic analysis of geological structures.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

GEOL 336 Introduction to Geochemistry (3 crs)

Prerequisite: GEOL 312; CHEM 104 or CHEM 109 or CHEM 115.

Application of chemistry to geologic problems. Principles of isotope geochemistry, thermodynamics, chemistry of natural waters, and computer modeling of geochemical systems.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOL 337 Analytical Geochemistry Laboratory (1 cr)

Prerequisite: GEOL 336 or concurrent registration.

Theory and application of geochemical instrumentation including x-ray diffraction, x-ray microanalysis, scanning electron microscopy, atomic absorption spectrometry, mass spectrometry, and neutron activation analysis.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

GEOL 343 Geological Field Excursion (1-2 crs)

Prerequisite: One GEOL course.

Extended travel to study field geology. Students record notes and data in the field and submit final written and/or oral reports. Special course fee to cover costs. Travel proposal must receive approval of department faculty.

Attributes: Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: A-F Grades Only

GEOL 345 Geomorphology and Aerial Photography Interpretation (3 crs)

Prerequisite: GEOL 312 or GEOG 304.

A process-oriented analysis of landforms and applied geomorphology. Interpretation of landforms using topographic maps and aerial photographs will be emphasized. Communicating scientific material to expert audiences also will be stressed.

Attributes: Field Trip(s) Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOL 365 Economic Mineral Deposits (3 crs)

Prerequisite: GEOL 312

Origin, association, and exploitation of metallic and nonmetallic mineral deposits. Study of ore suites from selected mining districts and methods of evaluating ore deposits.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOL 390 Geologic Immersion Experience (1-4 crs)

Consent: Instructor Consent Required

Project-based, field intensive geologic immersion experience focusing on the physical, biologic, geomorphic, and tectonic evolution of a geologic province and on societal interaction with the geologic setting.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

GEOL 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

- *Use of this course to fulfill department capstone experience requires department approval. See department office for Capstone Proposal form.*

Individual research or study for the advanced geology major who seeks to develop specialized knowledge and skills. Course proposals are student-initiated.

Repeat: Course may be repeated

GEOL 397 Student Academic Apprenticeship (1 cr)

Consent: Instructor Consent Required

- *To be a Student Academic Apprentice (SAA) for a 100- or 200-level GEOL course, the SAA applicant must have a grade of B or above in a previous 4-credit, 100-level GEOL course. To be an SAA for an upper division GEOL course, the SAA applicant must have previously taken the course and earned a grade of B or above.*

Faculty members will select and supervise qualified students to facilitate teaching and learning in a Geology and Environmental Science course. Students enhance their knowledge of course material and their ability to communicate that knowledge.

Attributes: LE-CEL Community-Engaged Learning, Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: S/U Only Grade Basis

GEOL 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual research or studies of distinctive nature.

Repeat: Course may be repeated

GEOL 416 Hydrogeology II (4 crs)

Prerequisite: GEOL 315

Review of principles of groundwater flow and contaminant transport, reactive groundwater contamination, groundwater remediation, chemical evolution of natural groundwater, flow in the unsaturated zone, advanced groundwater flow and contaminant transport computer modeling, water law.

Attributes: Undergraduate/Graduate Offering, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

GEOL 418 Global Tectonics (4 crs)

Prerequisite: GEOL 312 and GEOL 320.

Applying observations of geologic field relations, basin analysis, paleontology, and orogenesis to study the origin and evolution of Earth within the context of the theory of plate tectonics.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

GEOL 420 Glacial Geology (3 crs)

Prerequisite: GEOL 106, or GEOL 110, or GEOL 115; MATH 112, or MATH 114, or MATH 215.

A process-oriented analysis of glacial landforms and sediments. Topographic maps, aerial photographs, and field mapping projects will be used to interpret glacial landforms, sediments, and to solve glacial geologic problems.

Attributes: Field Trip(s) Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

GEOL 451 MSHA New Miner Training (1 cr)

Prerequisite: GEOL 312

Consent: Instructor Consent Required

- *No credit if taken after GEOL 491 when offered as Responsible Mining: MSHA 24 Hour New Miner Training. May not be used toward 300-level course requirements for any Geology major program.*

New Miner Safety Training (MSHA Part 46, 24 hours) discusses mine safety, hazard awareness and mine protocol, and is federally required to work at surficial mine sites.

Attributes: Field Trip(s) Required, Special Course Fee Required

Grading Basis: S/U Only Grade Basis

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

GEOL 452 Responsible Mining Seminar (1 cr)

Prerequisite: GEOL 312

Consent: Instructor Consent Required

- *No credit if taken after GEOL 491 when offered as Responsible Mining Seminar*

Industry speakers will discuss environmental and political aspects of responsible mining. Preparation for internships and jobs will be stressed.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

GEOL 461 Applied Geophysics (4 crs)

Prerequisite: GEOL 106, GEOL 110, GEOL 115; MATH 114; PHYS 211 or PHYS 231.

Acquisition, processing, and interpretation of geophysical data including seismic, gravity, magnetic, GPR, resistivity, and electromagnetic methods.

Attributes: Undergraduate/Graduate Offering, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

GEOL 468 Geological Field Methods (1 cr)

Prerequisite: GEOL 312, Grade of C or above in GEOL 320

Introduction to fundamental geological field methods and digitization of field data. Topics include basic mapping skills, identifying fossils, collecting and recording structural and stratigraphic data, and digitizing field data using vector graphics software and Geographic Information System mapping technology.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

GEOL 470 Field Geology I (3 crs)

Prerequisite: GEOL 312, GEOG 335, Grades of C or above in GEOL 320, GEOL 330, and GEOL 468

Consent: Instructor Consent Required

- *Three week field course in west Texas and New Mexico.*

Introduction to geologic mapping techniques, with an emphasis on construction of geologic maps and cross-sections in mildly deformed sedimentary and volcanic rocks.

Attributes: LE-I1 Integration, LE-S3 Creativity, Special Course Fee Required

GEOL 471 Field Geology II (3 crs)

Prerequisite: GEOL 330 and GEOL 470.

Consent: Instructor Consent Required

- *Use of this course to fulfill department capstone experience requires department approval. See department office for Capstone Proposal form. Three-week field course in southwestern Montana.*

Introduction to advanced geologic field techniques, with an emphasis on construction of geologic maps and cross-sections in deformed plutonic, volcanic, metamorphic, and sedimentary rocks.

Attributes: Special Course Fee Required

GEOL 472 Field Hydrology (3 crs)

Consent: Instructor Consent Required

- *Use of this course to fulfill GEOL capstone experience requires department approval.*

This three-week course involves hydrologic field studies in western Wisconsin, such as groundwater and aquifer characterization, wetland delineation, evaluation of aquatic ecosystems, and water quality assessment.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOL 491 Advanced Special Topics (1-4 crs)

Prerequisite: Limited to geology majors and minors.

Topics of special interest and current relevance to the advanced geology student; includes field excursions. Topics vary.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

GEOL 498 Geology Internship (1-6 crs)

Prerequisite: GEOL 312. Minimum grade point average of 2.5. Minimum sophomore standing.

Consent: Department Consent Required

Provides supervised on-the-job experience in a geologically-related area of interest.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No Auditors

GEOL 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

GEOL 515 Hydrogeology I (4 crs)

Prerequisite: GEOL 106, or GEOL 110, or GEOL 115; MATH 112, or MATH 114, or MATH 215.

Consent: Instructor Consent Required

- *Dual-listed with GEOL 315. Credit may not be earned in both courses.*

The hydrologic cycle, runoff and streamflow, saturated groundwater flow, contaminant transport, geology of groundwater occurrence, aquifer characterization, groundwater flow to wells, hydrogeologic field techniques, groundwater flow and contaminant transport computer modeling, groundwater development and management.

Attributes: Field Trip(s) Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

GEOL 536 Introduction to Geochemistry (3 crs)

Prerequisite: GEOL 312; CHEM 104 or CHEM 109 or CHEM 115

Consent: Instructor Consent Required

- *Dual-listed with GEOL 336. Credit may not be earned in both courses.*

Application of chemistry to geologic problems. Principles of isotope geochemistry, thermodynamics, chemistry of natural waters, and computer modeling of geochemical systems.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GEOL 537 Analytical Geochemistry Laboratory (1 cr)

Prerequisite: GEOL 336/GEOL 536 or concurrent registration.

Consent: Instructor Consent Required

- *Dual-listed with GEOL 337. Credit may not be earned in both courses.*

Theory and application of geochemical instrumentation including x-ray diffraction, x-ray microanalysis, scanning electron microscopy, atomic absorption spectrometry, mass spectrometry, and neutron activation analysis.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

GEOL 616 Hydrogeology II (4 crs)

Prerequisite: GEOL 315/GEOL 515

Consent: Instructor Consent Required

- *Dual-listed with GEOL 416. Credit may not be earned in both courses.*

Review of principles of groundwater flow and contaminant transport, reactive groundwater contamination, groundwater remediation, chemical evolution of natural groundwater, flow in the unsaturated zone, advanced groundwater flow and contaminant transport computer modeling, water law.

Attributes: Field Trip(s) Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

GEOL 661 Applied Geophysics (4 crs)

Prerequisite: GEOL 106, GEOL 110, GEOL 115; MATH 114; PHYS 211 or PHYS 231.

- *Dual-listed with GEOL 461. Credit may not be earned in both courses.*

Acquisition, processing, and interpretation of geophysical data including seismic, gravity, magnetic, GPR, resistivity, and electromagnetic methods.

Attributes: Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

GEOL 691 Advanced Special Topics (1-4 crs)

Consent: Instructor Consent Required

- *Dual-listed with GEOL 491.*

Topics of special interest and current relevance to the advanced geology student; includes field excursions. Topics vary.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

GEOL 793 Directed Studies (1-4 crs)

Consent: Instructor Consent Required

Permits groups of students to study topical areas in an intensive way under the direction of department faculty members.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

GEOL 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Independent study projects under direction of faculty members.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

German (GERM)

GERM 101 Beginning German (4 crs)

Prerequisite: German Placement Exam required or department consent.

- *Students without German language background may contact the Languages Department for permission to enroll.*

A foundation in listening, speaking, reading, writing, and culture.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

GERM 102 Beginning German (4 crs)

Prerequisite: GERM 101 or suitable placement score on German Placement Exam.

Continuation of German 101. A foundation in listening, speaking, reading, writing, and culture.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

GERM 201 Intermediate German I (4 crs)

Prerequisite: GERM 102 or suitable placement score on German Placement Exam.

Review of standard German grammar and vocabulary with focus on the development of speaking, writing, reading, and listening skills. Students gain an understanding of German culture, literature, and current events through a variety of topics.

Attributes: CL Communication Literacy, LE-R2 Global Perspectives

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

GERM 202 Intermediate German II (4 crs)

Prerequisite: GERM 201 or suitable placement score on German Placement Exam.

Continuation of German 201.

Attributes: CL Communication Literacy, LE-R2 Global Perspectives

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

GERM 313 Grammar Review and Composition (3 crs)

Prerequisite: GERM 202 or equivalent.

- *Course may be taken once at UW-Eau Claire and once during study abroad.*

Continued development and refinement of structural language skills through review of German morphology, syntax, vocabulary, and style.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GERM 314 Oral Proficiency (3 crs)

Prerequisite: GERM 202 or equivalent.

This course focuses on the advanced-level language functions of the ACTFL Proficiency Guidelines (American Council on the Teaching of Foreign Languages), including conversing, narrating, describing in paragraph-length discourse.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GERM 315 German for Professional Communication (3 crs)

Prerequisite: GERM 202 or equivalent.

This course focuses on the development of practical language skills and functional competence in a German-speaking professional environment. Course language is German.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GERM 325 The German Sound System (3 crs)

Prerequisite: GERM 313 or consent of instructor.

Theory of the German sound system and intensive practice of German pronunciation and intonation. Course language is German.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GERM 358 Introduction to Translation (2 crs)

Prerequisite: One upper division GERM course, or consent of instructor
A practically oriented introduction into the craft of translation, with intensive practice of text translation, mainly from German to English. Discussion of translation techniques and some readings of translation theory.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

GERM 363 Modern Germany: Literature, History, Culture (3 crs)

Prerequisite: One German course at the 300-level, or consent of instructor
Combines German history survey of the modern era, including work on contemporary images and documents, with close reading of literary/cultural texts and close attention to students' professional development in reading, writing, listening, speaking, translating. Course language is German.

Attributes: LE-S3 Creativity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GERM 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

• *A total of no more than six credits of directed study courses may be counted toward graduation.*

Study of a problem or special area in German language, culture, or literature.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

GERM 399 Independent Study - Juniors (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

GERM 413 Structure of German in Contrast (3 crs)

Prerequisite: One German course at the 300-level, or consent of instructor

The course aims to refine students' proficiency in the German language as well as to further students' "conscious" mastery of German through a comparative/contrastive analysis with English.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GERM 491 Special Topics (1-3 crs)

Prerequisite: One German course at the 300-level, or consent of instructor.

In-depth study of a special area of language, culture, history, or literature. Topics and credits will vary depending on interests of students and faculty.

Repeat: Course may be repeated for a maximum of 9 credits

GERM 499 Independent Study - Seniors (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

GERM 525 The German Sound System (3 crs)

Prerequisite: GERM 313 or consent of instructor.

• *Dual-listed with GERM 325. Credit may not be earned in both courses.*

Theory of the German sound system and intensive practice of German pronunciation and intonation. Course language is German.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GERM 558 Introduction to Translation (2 crs)

Prerequisite: One upper division GERM course, or consent of instructor

- *Dual-listed with GERM 358. Credit may not be earned in both courses.*

A practically oriented introduction into the craft of translation, with intensive practice of text translation, mainly from German to English. Discussion of translation techniques and some readings of translation theory.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

GERM 563 Modern Germany: Literature, History, Culture (3 crs)

Prerequisite: One German course at the 300-level, or consent of instructor.

- *Dual-listed with GERM 363.*

Combines German history survey of the modern era including work on contemporary images and documents, with close reading of literary/cultural texts and close attention to students' professional development in reading, writing, listening, speaking, translating. Course language is German.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GERM 595 Directed Studies (1-3 crs)

Consent: Department Consent Required

- *Dual-listed with GERM 395.*

Study of a problem or special area in German language, culture, or literature.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

GERM 613 Structure of German in Contrast (3 crs)

Prerequisite: One upper division GERM course, or consent of instructor

- *Dual-listed with GERM 413. Credit may not be earned in both courses.*

The course aims to refine students' proficiency in the German language as well as to further students' "conscious" mastery of German through a comparative/contrastive analysis with English.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

GERM 797 Independent Study (1-3 crs)

Consent: Instructor Consent Required

Independent study projects under direction of faculty members.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

Greek (GRK)

GRK 101 Beginning Classical Greek (4 crs)

Introduction to the Classical Greek language, with emphasis on grammar, analytic, and translation skills. The course will serve as an introduction to ancient Greek culture and its impacts on modern, western European and American civilizations.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

GRK 102 Beginning Classical Greek (4 crs)

Prerequisite: GRK 101

Continuation of Greek 101.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

GRK 201 Intermediate Classical Greek I (2-4 crs)

Prerequisite: GRK 102

Review of Classical Greek grammar and vocabulary with focus on translation skills. Students will gain a developed understanding of ancient Greek culture and its impact.

Repeat: Course may be repeated for a maximum of 4 credits

Health Care Administration (HCAD)

HCAD 101 Introduction to Health Care Administration (1 cr)

Prerequisite: Maximum class juniors. Not available for seniors.

Survey of the field of health and aging services and the functions of various administrative roles. Provides experiences upon which to base decisions about health services administration as a career.

Attributes: Field Trip(s) Required

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

HCAD 201 Overview of the U.S. Health Care System (3 crs)

A multidisciplinary course addressing issues that affect policy and delivery systems in health care. The course seeks to orient the student to the spectrum of issues and the dynamics of the U.S. health care system.

Attributes: CP Civics Perspectives, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HCAD 222 Multidisciplinary Perspectives on Aging (3 crs)

This course presents a multidisciplinary overview of critical issues related to aging. Research and theory supplement an exploration of issues and career opportunities in gerontology, from both research and service provider orientations.

Attributes: CP Civics Perspectives, LE-R3 Civic and Environmental Issues, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HCAD 291 Special Topics (1-3 crs)

Consent: Instructor Consent Required

A variable content course consisting of topics of special interest to students and faculty that are not covered in other health care administration courses.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

HCAD 299 Independent Study (1-3 crs)

Consent: Department Consent Required

Independent study projects under the direction of a faculty member.

Repeat: Course may be repeated

HCAD 301 Foundations of Quality Management in Health Service (3 crs)

Prerequisite: HCAD 101 and HCAD 201. Health Care Administration majors only.

- *HCAD undergraduate students in their last fall on campus are eligible to enroll. Special course fee for criminal background check required of all HCAD practicum students.*

An exploration of the technical, managerial and organizational issues that are important in understanding and implementing quality management systems in health service organizations.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HCAD 302 Leadership and Management Practices in Health Services (3 crs)

Prerequisite: HCAD 101. HCAD 301. Limited to health care administration or environmental public health majors.

- *HCAD undergraduate students in their last spring on campus or ENPH junior status or above undergraduate and graduate students are eligible to enroll.*

An exploration of necessary administrative skills of health services leadership including: strategic planning; quality management; financial management; human resources management; government relations; marketing; and the ability to apply these concepts within a health system.

Attributes: Field Trip(s) Required, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HCAD 375 Health Care Reimbursement and Financial Management (3 crs)

Prerequisite: HCAD 301 and ACCT 201. Limited to health care administration majors.

Students will explore healthcare reimbursement systems, revenue and expense cycle management, budgeting, financial analysis and reporting, and other key financial decision-making strategies. Emphasis is placed on financial management tools and approaches to strengthen healthcare organizations' operational performance and ensure the delivery of high-quality care and services within a sustainable business model.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HCAD 400 Administrative Residency I (3 crs)

Prerequisite: HCAD 302. HCAD 420 concurrent enrollment. Limited to HCAD majors.

- *This course has a special course fee for practice certification and assessment exams.*

The student undertakes prescribed activities and rotations with defined experiences and learning goals to develop a basic understanding of operational, regulatory, and environmental stands of resident service departments and functions.

Attributes: LE-CEL Community-Engaged Learning, Internship, Special Course Fee Required

Grading Basis: S/U Only Grade Basis

Practicum Hours: 3 credit hours; approximately 40 hours per week in the field

HCAD 401 Administrative Residency II (6 crs)

Prerequisite: HCAD 400. HCAD 403, HCAD 404, HCAD 405 and HCAD 421 concurrent enrollment. Limited to HCAD majors.

- *Limited to HCAD majors in the administrative residency year. This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Building on previous skills, the student continues participation in prescribed activities and rotations with defined experiences and learning goals to further understanding of operational, regulatory, and environmental standards of resident service departments and functions.

Attributes: LE-CEL Community-Engaged Learning, Internship, HCAD Program Fee, Special Course Fee Required

Grading Basis: S/U Only Grade Basis

Practicum Hours: 6 credit hours; approximately 40 hours per week in the field

HCAD 402 Administrative Residency III (6 crs)

Prerequisite: HCAD 401 and HCAD 413. Concurrent enrollment HCAD 406, HCAD 407, HCAD 408, HCAD 422. Limited to HCAD majors.

- *Limited to HCAD majors in the administrative residency year.*

Building on previous skills, the student continues participation in prescribed activities and rotations with defined experiences and learning goals to achieve competency in required operational, regulatory, and environmental standards of resident service departments and functions.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, Internship, Special Course Fee Required

Grading Basis: A-F Grades Only

Practicum Hours: 6 credit hours; approximately 40 hours per week in the field

HCAD 403 Resident Service and Supports in Health Care (1 cr)

Prerequisite: HCAD 401 concurrent enrollment. Limited to HCAD majors.

- *Limited to HCAD majors in the administrative residency year. This is an online course and requires access to a computer and the internet while completing the residency.*

Examines the process of care delivery and roles of interdisciplinary care teams, while emphasizing the health care leader's role and responsibility in prioritizing and operationalizing person-centered care to measurably improve quality of care and quality of life for care recipients.

Attributes: HCAD Program Fee, Special Course Fee Required

HCAD 404 Quality Management Applications in Health Care (1 cr)

Prerequisite: HCAD 401 concurrent enrollment. Limited to HCAD majors.

- *Limited to HCAD majors in the administrative residency year. This is an online course and requires access to a computer and the internet while completing the residency.*

Students gain an awareness of quality management principles and practices in health care settings and learn how to use various quality tools for effective problem identification and solving.

Attributes: HCAD Program Fee, Special Course Fee Required

HCAD 405 Human Resources Management in Health Services (1 cr)

Prerequisite: HCAD 401 concurrent enrollment. Limited to HCAD majors.

- *Limited to HCAD majors in the administrative residency year. This is an online course and requires access to a computer and the internet while completing the residency.*

Students learn the basic goals and principles of human resources, understand the driving forces of human resource outcomes, and gain an awareness for the application of human resources practices in health care today.

Attributes: HCAD Program Fee, Special Course Fee Required

HCAD 406 Data Driven Health Care Decision Making (1 cr)

Prerequisite: HCAD 402 concurrent enrollment. Limited to HCAD majors.

- *Limited to HCAD majors in the residency year. This is an online course and requires access to a computer and the internet while completing the residency.*

Students develop an understanding of how to identify, prioritize, and use data and information to help them strategically manage a health and aging services organization.

Attributes: HCAD Program Fee, Special Course Fee Required

HCAD 407 Financial Management in Health Care (1 cr)

Prerequisite: Co-requisite HCAD 402. Limited to HCAD majors.

- *Limited to HCAD majors in the administrative residency year. This is an online course and requires access to a computer and the internet while completing the residency.*

Applies core principles of financial management to real-world health care settings, with emphasis on budgeting, reimbursement, and cost control. Students will examine, compare, and compile strategies for effective financial decision-making while sustaining quality care within the fiscally constraints of a health care environment.

Attributes: HCAD Program Fee, Special Course Fee Required

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

HCAD 408 Marketing and Public Relations in Health Services (1 cr)

Prerequisite: HCAD 402 concurrent enrollment. Limited to HCAD majors.

- *This is an online course and requires access to a computer and the internet while completing the administrative residency. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Students are exposed to the basic goals and principles of an effective marketing and public relations program in health care and participate in the application of a variety of marketing strategies.

Attributes: HCAD Program Fee, Special Course Fee Required

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

HCAD 413 Health Care Rules and Regulations (1 cr)

Prerequisite: HCAD 401. Limited to HCAD majors.

- *This is an online course and requires access to a computer and the internet while completing the administrative residency. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Students develop an understanding of the current laws, rules and regulations that impact long-term care organizations. Students will learn strategies for proactively managing an organization within the context of a regulatory environment.

Attributes: HCAD Program Fee, Special Course Fee Required

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

HCAD 420 Health Care Management Competencies (3 crs)

Prerequisite: HCAD 302. HCAD 400 concurrent enrollment. Limited to HCAD majors.

- *Limited to HCAD majors in the administrative residency year. This is an online course and requires access to a computer and the internet while completing the residency.*

This course will examine in-depth management competencies necessary to successfully operate a health care organization. Students will also gain an understanding of the necessary professional functions and skills to successfully serve in an administrative role in a health care organization.

Attributes: HCAD Program Fee, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HCAD 421 Leadership and Prof Development in Health Services (3 crs)

Prerequisite: HCAD 420. HCAD 401 concurrent enrollment. Limited to HCAD majors.

- *Limited to HCAD majors in the administrative residency year. This is an online course and requires access to a computer and the internet while completing the residency.*

The initial focus is on the practice of personal self-examination, including the development of strengths and the awareness of limitations. Students will explore their own level of ability in each of these critical areas of management and begin to focus on their own enhanced management proficiency.

Attributes: HCAD Program Fee, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HCAD 422 Organizational Leadership Practices in Health Care (3 crs)

Prerequisite: HCAD 421. HCAD 402 concurrent enrollment. Limited to HCAD majors.

- *Limited to HCAD majors in the administrative residency year. This is an online course and requires access to a computer and the internet while completing the residency.*

Emphasis is on the development and execution of the key strategic leadership practices required of organizational leaders. Students will practice their leadership expertise with selected projects. Additionally, they will learn from their shared experiences with their administrative residency cohort.

Attributes: LE-I1 Integration, LE-S3 Creativity, HCAD Program Fee, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HCAD 491 Special Topics (1-3 crs)

Consent: Instructor Consent Required

A variable content course consisting of advanced topics of special interest to students and faculty that are not covered in other health care administration courses.

Repeat: Course may be repeated for a maximum of 6 credits

HCAD 495 Directed Studies (1-3 crs)

Consent: Instructor Consent Required

Permits groups of students to pursue a defined, organized study of a topic under the direction of a department of public health professions staff member.

Repeat: Course may be repeated

HCAD 499 Independent Study (1-3 crs)

Consent: Department Consent Required

Independent study projects under the direction of a faculty member.

Repeat: Course may be repeated

History (HIST)

HIST 114 United States History to 1877 (3 crs)

Survey from colonial settlement through the Civil War and Reconstruction.

Provides a basis for better understanding of American political, institutional, economic, social, and intellectual development.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 115 United States History Since 1877 (3 crs)

Survey with emphasis on concepts and topics considered essential to an understanding of institutions and issues of public concern today.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 124 World History to 1500 (3 crs)

How global processes such as the spread of agriculture, the growth of long-distance commerce, the rise of cities, the establishment of empires, and the development of religions shaped the lives of men and women from 10,000 B.C.E. to 1500 C.E.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 125 World History Since 1500 (3 crs)

A global history of humankind. Emphasis on the growth of international commerce, the rise and fall of empires, industrialization and deindustrialization, and changes in types of governance, belief systems, gender structures, and the environment.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 152 Modern East and Southeast Asia (3 crs)

A survey of modern Asian history from around 1600 to the present focusing on Chinese, Japanese, and Hmong people, with attention to cultural, social, and political history.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 172 Latin American History: Colonial to the Present (3 crs)

• *Credit may not be earned in both HIST 172 and LAS 172.*

Survey covering the major political, social, and economic developments and issues in Latin America's historical formation, from the colonial era to the present.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 198 Doing History: Skills and Practice (3 crs)

Prerequisite: Open to students with freshman standing and enrolled in the History Major, Public History Emphasis Major, or Social Studies Teaching, History Emphasis Comprehensive Major; or instructor consent.

Students will learn and hone skills in historical thinking, primary and secondary source analysis, communication, and career and professional development. Students also build community with other first-year students, upper-class mentors, and department faculty. Course is intended for incoming History Majors and Social Studies Teaching, History Emphasis Majors.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 205 American Women's History (3 crs)

• *Credit may not be earned in both HIST 205 and WGSS 205.*

A survey of the history of women from precolumbian America to the present. Provides a basis for understanding the historical experience of women from diverse cultural origins including Native American, African American, Asian American, Latin American, and Euro American women.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3

Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 210 African American History 1865 to Present (3 crs)

Course includes information on lynching, the Civil Rights Movement, and race relations.

Attributes: SBS Social Behavioral Science, LE-DDIV Design for Diversity, LE-K2

Social Sciences, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 212 Hmong and America (3 crs)

This course will trace the history of Hmong peoples from China through the war in Laos to America and the newer diasporas.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 240 American Indian History (3 crs)

• *Credit may not be earned in both HIST 240 and AIS 240.*

An introduction to the history of the native peoples of the United States with major emphasis upon European contact, the mutual interaction of European and American Indian cultures, and the resulting adaptations and conflicts.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3

Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 280 History Travel Seminar (1-6 crs)

• No more than three credits may be applied to the liberal arts major. No credits may be applied to the teaching major.

An opportunity for students to visit the locations of an historical event or period. Extensive reading and orientation sessions required prior to departure. Specific locales will change depending on student and faculty interest.

Repeat: Course may be repeated for a maximum of 6 credits

HIST 284 The Nazis and Germany, 1914-1945 (3 crs)

Background, emergence, and totalitarian practices of National Socialism in Germany.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R2 Global Perspectives
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 286 History of World War II (3 crs)

Overview of the World War II era, ca. 1933-1945, examining root causes, conduct, and outcomes of the war from a world perspective.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 288 Introduction to Research Methods and the Profession (3 crs)

Prerequisite: Limited to history majors and minors and social studies teaching, history emphasis majors. HIST 198 or instructor consent.

Introduces students to the study of history as a scholarly discipline and as a foundation for careers. Identifies theories, concepts, methodologies, and historiographic traditions used by historians. Assignments will enhance research, writing, oral communications, bibliographic and statistical skills.

Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 292 Origins of Current World Conflicts (3 crs)

Topical course exploring historical origins of current world conflicts. Causes and forms of conflict include evolution of human rights, ethnic-racial and class divisions, imperialism and decolonization, nationalism, political ideologies, total war, terrorism and comparative revolutions. Film Night Required.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R2 Global Perspectives, Field Trip(s) Required
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 302 Ancient Near Eastern Civilizations (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor. In-depth survey of the political, social, and cultural history of ancient Mesopotamia, Egypt, Syro-Palestine, Anatolia, and Iran from the rise of cities to Alexander the Great.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives, Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 304 Greek Civilization (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor. A history of the Greeks beginning with the Bronze Age and continuing through the Alexandrian or Hellenistic period. Stress on cultural contributions of each successive period.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives, Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 306 Roman Civilization (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor. A history of the Romans beginning with the Etruscan civilization after 1000 B.C. and continuing through the Empire Age to the end of the third century.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives, Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 308 Ancient Historiography (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor. In-depth examination of the works of selected ancient historians, their methodology, purpose, and place in the tradition.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 313 Gender, Sex, and Science in European History (3 crs)

Prerequisite: Six credits of history and/or women's, gender, and sexuality studies, or junior standing, or consent of the instructor.

- *Credit may not be earned in both HIST 313 and WGSS 313.*

This course examines recent scholarship in European history on gender, sexuality, science, and the body. It focuses on the historical construction of gender and sexuality, the gendering of science, inclusion/exclusion in academic and scientific work.

Attributes: CP Civics Perspectives, LE-R1 Equity, Diversity, and Inclusivity, LE-R2 Global Perspectives, Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 316 Studies in Asian/Pacific World History (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

- *Departmental permission required after course is taken for three credits. No credit if credit for the same topic has been earned in HIST 319 or HIST 491.*

Selected topics in Asian history or the history of transnational processes, persons, and events within and across the Pacific Ocean. Topics may focus on a particular time period, region, or historical process. Consult class schedule or department office for current offering.

Attributes: Undergraduate/Graduate Offering
Repeat: Course may be repeated for a maximum of 9 credits
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 317 Studies in the History of Race in the U.S. (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

- *Departmental permission required after course is taken for three credits.*

Selected topics in the history of U.S. racial/ethnic minorities. Topics can include aspects of Asian American, African American, and/or Latino American history. Consult class schedule or department office for current offering.

Attributes: Undergraduate/Graduate Offering
Repeat: Course may be repeated for a maximum of 9 credits
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 319 Studies in Global and Comparative History (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

- *Departmental permission required after course is taken for three credits.*

Selected topics in global and comparative history. Topics may focus on a particular time period, region, or historical process. Consult class schedule or department office for current offering.

Attributes: Undergraduate/Graduate Offering
Repeat: Course may be repeated for a maximum of 9 credits
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 320 Studies in the History of the Americas (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of the instructor. HIST 520A is available only to students in the Master of Arts in History Accelerated Plan.

- *Dual listed with HIST 520. HIST 520A students must complete additional graduate-level work as specified in the course syllabus. Department permission required after course is taken for three credits.*

Selected topics in the history of the Americas. Topics may focus on a particular time period, region/nation, or historical process. Consult class schedule or department office for current offering.

Attributes: Undergraduate/Graduate Offering
Repeat: Course may be repeated for a maximum of 9 credits
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 325 History and Memory in Europe (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

No credit if taken after HIST 393/ HIST 593 when taken as History and Memory in Central Europe.

Introduction to the study of collective memory, with particular emphasis on Europe. Themes vary based on instructor, but may include collective memories and nationalism, imperialism, World War I & World War II, the Holocaust, Cold War, and Post-Communist experience.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 326 Twentieth Century Europe, 1900 to Present (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

Political, economic, intellectual, and social developments in major European states. Special attention to the two World Wars, Russian Revolution, fascism, Cold War, Europe's loss of overseas power, World War II, and postwar integration.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 332 The Era of the American Revolution (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

Conflicting forces which produced breakdown of Anglo-American political system, war years, social and political readjustment, and framing of new governments.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 336 Sectionalism, Civil War, and Reconstruction (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.
 America's most bitter and bloody war. Focus on three topics: why the war broke out when it did; how the Union won the war and destroyed a slave society; and why, after winning the war, the North lost the peace of Reconstruction.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 342 Recent US History (1945-Present) (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.
 America in 1945, "Cold War," Eisenhower years, violent 1960s, Vietnam War, Watergate, Carter Presidency, Reagan Presidency.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 344 African American Civil Rights Movement, 1914-Present (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.
 African American civil rights movement activity focusing on organized and unorganized responses to discrimination in the twentieth century.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 345 Civil Rights and American Memory (3 crs)

This course explores the public memory of the civil rights movement through class lecture, discussion and participation in UW-Eau Claire's Civil Rights Pilgrimage. Students will examine the importance of individual agency, historical contingency, and social change.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-I1 Integration, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering, Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 346 American Environmental History (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.
 • *Credit may not be earned in both ENV 346 and HIST 346. No credit if taken after HIST 491 when offered as American Environmental History.*

Examines interactions between human societies and the natural world in what is now the United States. Through readings and several field trips students will learn the essential elements of American Environmental History.

Attributes: HA Humanities Arts, LE-K3 Humanities, Undergraduate/Graduate Offering, Field Trip(s) Required

Lab/Studio Hours: 0

Seminar Hours: 3

HIST 348 History of Public Health in the United States (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.
 Credit may not be earned in both HIST 348 and HIST 491 when offered as History of Public Health in the United States.
 Introduces students to the key features of the history of public health in the United States, focusing primarily on developments in the twentieth and twenty first centuries. Organized around case studies of significant achievements in public health.

Attributes: HA Humanities Arts, LE-K3 Humanities, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 349 The Global History of Disease (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.
 • *No credit if credit for the same topic has been earned in HIST 349 or HIST 549.*

This class explores the global history of disease from ancient times to the present. Includes social, political, and cultural aspects of the history of disease.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 358 The American West (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.
 Frontier movement, problems, procedures, and attitudes of frontier areas, and influence of the West.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 360 Modern France (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.
 Social, political, and cultural development of France from the French Revolution of 1789 to the present. Topics include industrialization, civil society, democratization, art and society, World War I and II, French imperialism, women and gender.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 362 Modern Germany (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.
 Since 1848, with emphasis on Bismarckian, Wilhelminian, Weimar, Nazi, and postwar period.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 367 Historical Roots of Health Disparities in the Americas (3 crs)

Prerequisite: 6 credits of history, or junior standing, or consent of instructor
 This course explores the historical roots of health disparities by examining how the intersection of race, gender, sex, class, and medicine in the Atlantic world and Americas led to the creation of structural inequalities in medicine and society that impact people today.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 368 Studies in American Indian History (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

• *Course may be repeated when topic differs for a maximum of nine credits.*

Consult Class Schedule or department office for current offering.

Selected topics depending on student and staff interests. Possible topics include the history of Wisconsin Indians and American Indians in the twentieth century.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 369 Wisconsin American Indian History (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

• *Credit may not be earned in both AIS 369 and HIST 369.*

Study of American Indian communities in Wisconsin with emphasis on the mix of continuity and change in response to outside forces.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 370 History of the Family in America (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

HIST 570A is available only to students in the Master of Arts in History Accelerated Plan.

• *Dual Listed with HIST 570. HIST 570A students must complete additional graduate-level work as specified in the course syllabus. No credit if taken after WMNS 470.*

Evolution of the American family from colonial times to the present. Emphasis on child raising, gender roles, the economic function of the family, the emergence of adolescence, the importance of kinship, and marriage practices.

Attributes: Undergraduate/Graduate Offering

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 376 World War I and II Military (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

• *Dual listed with HIST 576. HIST 576A students must complete additional graduate-level work as specified in the course syllabus.*

Explores World Wars I and II from the perspective of professional military history. Emphasizes strategy, tactics, decision-making, and battle history. The role of culture's influence on strategy is discussed.

Attributes: Undergraduate/Graduate Offering, Field Trip(s) Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 377 American War in the Post 1945 World (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

American involvement in the Korean and Vietnam conflicts, military policy in between wars, Desert Shield/Desert Storm, and the home front impact of war. Emphasizes the daily lives of combatants.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 380 Museums in the United States (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of the instructor. History 580A is available only to students in the Master of Arts in History Accelerated Plan.

• *Dual listed with HIST 580. HIST 580A students must complete additional graduate-level work as specified in the course syllabus.*

Examines artifact analysis, museum history and methods. Students will design and install an exhibit at a local museum during the semester.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-S3 Creativity,

Undergraduate/Graduate Offering, Field Trip(s) Required

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Seminar Hours: 3

HIST 381 Comparative Genocide (3 crs)

Prerequisite: Six credits in history, or junior standing, or the consent of the instructor.

Examines the causes and implementation of genocide as well as strategies for preventing and combating genocidal hatred, especially through international law and institutions. Cases examined will be drawn from multiple time periods and global locations.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R2 Global Perspectives, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 382 Imperialism Since 1800 (3 crs)

Prerequisite: Six credits in history, or junior standing, or consent of instructor.

Examines the complex history of empire-building overseas, concentrating upon the era of "high" imperialism from the mid-nineteenth century through to the present. Particular focus on issues of race, gender and culture.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R2 Global Perspectives, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 383 Modern Africa (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

Examines the major components of Modern African history. Among topics for study are African civilizations, European contact, slavery, colonialism, independence movements, African nationalism as well as more recent political, social, cultural and economic change.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R2 Global Perspectives, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 384 The Vietnam War (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

• *No credit if credit has been earned in POLS 384.*

Examination of the conflicts in Vietnam, 1945-1975. Topics include: Vietnam in history, French colonial rule, nationalism and communism in Vietnam, U.S. policies, the debates of the war, and the legacy of the war.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 386 Introduction to Public History (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

History 586A is only available to students in the Master of Arts in History Accelerated Plan.

• *Dual listed with HIST 586. HIST 586A students must complete additional graduate-level work as specified in the course syllabus.*

This course will introduce students to the theory and practice of a variety of history-related pursuits known collectively as public history because they are primarily aimed at audiences outside the university. Students will learn about a range of career options available to public historians, as well as the special challenges that they confront.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R3 Civic and Environmental Issues, Service-Learning, Half 15 Hours, Undergraduate/Graduate Offering, Field Trip(s) Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 388 History of China (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

Social, cultural, and political history of China, inclusive of women, ethnic minorities, and commoners, from the ancient period to the present.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 389 History of Japan (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

Social, economic, political, and intellectual development of Japan: emergence of Japanese civilization, the Heian period, the age of the samurai, the Meiji Restoration, and Japan in the twentieth century.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 392 History of Antisemitism (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor

Global history of antisemitism from ancient world to the present, religious roots; economic and racial origins; impact of Zionism, Holocaust and Arab-Israeli conflict.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R2 Global Perspectives, Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 393 Roots of Selected Contemporary World Problems (1-5 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

- *May be repeated when topic differs.*

Selected world problems depending on student interest and staff. Number of credits assigned will vary according to the nature of the topic. Consult Class Schedule or department office for current offering.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

HIST 394 Studies in the History of Women (1-3 crs)

Selected aspects depending on student interest and staff. Number of credits assigned will vary according to nature of topic. Possible topics include a survey of entire history of women in Western world or women in American history. Consult Class Schedule or department office for current offering.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

HIST 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

Study of historical problem or topic.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

HIST 396 Research Apprenticeship in History (1-3 crs)

Consent: Department Consent Required

Qualified students, recruited and supervised by an instructor, engage in original research in collaboration with the instructor. Research methods and current status of historical knowledge are applied to create new knowledge.

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: A-F Grades Only

HIST 397 Student Academic Apprenticeship in History (1-3 crs)

Prerequisite: Minimum junior standing. Minimum resident GPA of 3.30.

Consent: Department Consent Required

Qualified students work under the close supervision of faculty to tutor students. Students typically complete a reflection or related project as a part of the experience.

Attributes: Service-Learning, Full 30 Hours

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: A-F Grades Only

HIST 399 Independent Study - Juniors (1-3 crs)

Consent: Department Consent Required

Intensive study of topic resulting in a quality research paper or report.

Repeat: Course may be repeated

HIST 401 Public History in Great Britain (3 crs)

Consent: Instructor Consent Required

- *Open only to students participating in the Public History in Great Britain international immersion experience.*

In this course, students are introduced to historic preservation and interpretation as they are carried out in Great Britain. The course is conducted in Great Britain through a summer international immersion experience.

Attributes: CP Civics Perspectives, LE-R2 Global Perspectives, LE-R3 Civic and Environmental Issues, Undergraduate/Graduate Offering, Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 486 Seminar in Public History (3 crs)

Prerequisite: HIST 386. HIST 686A is available only to students in the Master of Arts in History Accelerated Plan

- *Dual listed with HIST 686. HIST 686A students must complete additional graduate-level work as specified in the course syllabus.*

The seminar in public history is organized around completing a project in a particular field in the discipline. Students will conduct research and complete a written seminar paper that will serve as a part of a larger class product.

Attributes: Service-Learning, Full 30 Hours, Undergraduate/Graduate Offering, Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 489 Research Seminar (3 crs)

Prerequisite: 21 credits in history including HIST 288. Limited to history and broadfield social studies-history majors. Instructor consent required.

Consent: Instructor Consent Required

Capstone experience in which the students complete a major research project for presentation to the class and evaluation by the history faculty. The project will reflect the writing, reading, and analytical skills that the students have developed in the history major.

Attributes: LE-S3 Creativity, Capstone Course

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 491 Special Topics (1-3 crs)

Topics will vary depending on interest of students and faculty. Topics may be specific themes or eras of history.

Attributes: Undergraduate/Graduate Offering, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 9 credits

HIST 492 Honors Seminar in History (3 crs)

Prerequisite: Limited to history majors. Minimum resident and total GPA of 3.50. Minimum senior standing.

Consent: Department Consent Required

Intensive study of selected problems. Exact topics covered will vary according to particular interests of professor, degree of preparedness of students, and availability of materials.

Repeat: Course may be repeated

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 494 Teaching by Doing History (3 crs)

Prerequisite: Six credits of history or junior status or consent of instructor. Limited to History Majors or Minors and Broadfield Social Studies Majors. Students learn how to incorporate inclusive historical content and primary sources into secondary school curricula and classroom active learning strategies, such as digital humanities.

Attributes: Service-Learning, Half 15 Hours, Undergraduate/Graduate Offering
Lab/Studio Hours: 0

Seminar Hours: 3

HIST 496 Honors Independent Study (1-3 crs)

Prerequisite: Limited to history majors. Minimum resident and total GPA of 3.50. Minimum senior standing.

Consent: Department Consent Required

Involves independent reading with regular conferences between student and faculty member, or a research paper with similar regular conferences.

Repeat: Course may be repeated

HIST 498 Internship (1-3 crs)

Prerequisite: HIST 386 or consent of instructor. 24 credits in history. Limited to history majors.

Consent: Department Consent Required

• Only three credits may count towards major.

Supervised assignment to museum, archives, historical site, public agency, or private business for practical experience in the work of public historians. Work will build on and be related to research skills and historical knowledge developed in other history courses.

Attributes: Service-Learning, Full 30 Hours, Internship

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: S/U Only Grade Basis

HIST 499 Independent Study - Seniors (1-3 crs)

Consent: Department Consent Required

Intensive study of topic resulting in a quality research paper or report.

Repeat: Course may be repeated

HIST 502 Ancient Near Eastern Civilizations (3 crs)

• Dual-listed with HIST 302. Credit may not be earned in both courses.

In-depth survey of the political, social, and cultural history of ancient Mesopotamia, Egypt, Syro-Palestine, Anatolia, and Iran from the rise of cities to Alexander the Great.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 504 Greek Civilization (3 crs)

• Dual-listed with HIST 304. Credit may not be earned in both courses.

A history of the Greeks beginning with the Bronze Age and continuing through the Alexandrian or Hellenistic period. Stress on cultural contributions of each successive period.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 506 Roman Civilization (3 crs)

• Dual-listed with HIST 306. Credit may not be earned in both courses.

A history of the Romans beginning with the Etruscan civilization after 1000 B.C. and continuing through the Empire Age to the end of the third century.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 508 Ancient Historiography (3 crs)

• Dual-listed with HIST 308. Credit may not be earned in both courses.

In-depth examination of the works of selected ancient historians, their methodology, purpose, and place in the tradition.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 513 Gender, Sex, and Science in European History (3 crs)

• Dual-listed with WGSS/HIST 313/513. Credit may only be earned in one of these courses.

This course examines recent scholarship in European history on gender, sexuality, science, and the body. It focuses on the historical construction of gender and sexuality, the gendering of science, inclusion/exclusion in academic and scientific work.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 516 Studies in Asian/Pacific World History (3 crs)

• *Dual-listed with HIST 316. Departmental permission required after course is taken for three credits. No credit if credit for the same topic has been earned in HIST 316/HIST 516, HIST 319/HIST 519, or HIST 491/HIST 691.*

Selected topics in Asian history or the history of transnational processes, persons, and events within and across the Pacific Ocean. Topics may focus on a particular time period, region, or historical process. Consult class schedule or department office for current offering.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 517 Studies in the History of Race in the U.S. (3 crs)

• *Dual-listed with HIST 317. Departmental permission required after course is taken for three credits.*

Selected topics in the history of U.S. racial/ethnic minorities. Topics can include aspects of Asian America, African American, and/or Latino American history. Consult class schedule or department office for current offering.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 519 Studies in Global and Comparative History (3 crs)

• *Dual-listed with HIST 319. Departmental permission required after course is taken for three credits.*

Selected topics in global and comparative history. Topics may focus on a particular time period, region, or historical process. Consult class schedule or department office for current offering.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 520A Studies in the History of the Americas (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of the instructor. HIST 520A is available only to students in the Master of Arts in History Accelerated Plan.

• *Dual listed with HIST 520. HIST 520A students must complete additional graduate-level work as specified in the course syllabus. Department permission required after course is taken for three credits.*

Selected topics in the history of the Americas. Topics may focus on a particular time period, region/nation, or historical process. Consult class schedule or department office for current offering.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 520 Studies in the History of the Americas (3 crs)

• *Dual-listed with HIST 320 and HIST 520A. Departmental permission required after course is taken for three credits.*

Selected topics in the history of the Americas. Topics may focus on a particular time period, region/nation, or historical process. Consult class schedule or department office for current offering.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 525 History and Memory in Europe (3 crs)

Prerequisite: No credit if taken after HIST 393/HIST 593 when offered as History and Memory in Central Europe.

• *Dual-listed with HIST 325. Credit may not be earned in both courses.*

Introduction to the study of collective memory, with particular emphasis on Europe. Themes vary based on instructor, but may include collective memories and nationalism, imperialism, World War I & World War II, the Holocaust, Cold War, and Post-Communist experience.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 526 Twentieth Century Europe, 1900 to Present (3 crs)

• *Dual-listed with HIST 326. Credit may not be earned in both courses.*

Political, economic, intellectual, and social developments in major European states. Special attention to the two World Wars, Russian Revolution, fascism, Cold War, Europe's loss of overseas power, World War II, and postwar integration.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 532 The Era of the American Revolution (3 crs)

- Dual-listed with HIST 332. Credit may not be earned in both courses.

Conflicting forces which produced breakdown of Anglo-American political system, war years, social and political readjustment, and framing of new governments.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 536 Sectionalism, Civil War, and Reconstruction (3 crs)

- Dual-listed with HIST 336. Credit may not be earned in both courses.

America's most bitter and bloody war. Focus on three topics: why the war broke out when it did; how the Union won the war and destroyed a slave society; and why, after winning the war, the North lost the peace of Reconstruction.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 542 Recent US History (1945-Present) (3 crs)

- Dual-listed with HIST 342. Credit may not be earned in both courses.

America in 1945, "Cold War," Eisenhower years, violent 1960s, Vietnam War, Watergate, Carter Presidency, Reagan Presidency.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 544 African American Civil Rights Movement, 1914-Present (3 crs)

- Dual-listed with HIST 344. Credit may not be earned in both courses.

African American civil rights movement activity focusing on organized and unorganized responses to discrimination in the twentieth century.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 545 Civil Rights and American Memory (3 crs)

- Dual-listed with HIST 345. Credit may not be earned in both courses.

This course explores the public memory of the civil rights movement through class lecture, discussion and participation in UW-Eau Claire's Civil Rights Pilgrimage. Students will examine the importance of individual agency, historical contingency, and social change.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 546 American Environmental History (3 crs)

- Dual-listed with HIST/ENV 346/546. Credit may only be earned in one of these courses. No credit if taken after HIST 491 when offered as American Environmental History.

Examines interactions between human societies and the natural world in what is now the United States. Through readings and several field trips students will learn the essential elements of American Environmental History.

Attributes: Field Trip(s) Required

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Seminar Hours: 3

HIST 548 History of Public Health in the United States (3 crs)

Introduces students to the key features of the history of public health in the United States, focusing primarily on developments in the twentieth and twenty first centuries. Organized around case studies of significant achievements in public health.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 549 The Global History of Disease (3 crs)

- Dual-listed with HIST 349. Credit may not be earned in both courses.

This class explores the global history of disease from ancient times to the present. Includes social, political, and cultural aspects of the history of disease.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 558 The American West (3 crs)

- Dual-listed with HIST 358. Credit may not be earned in both courses.

Frontier movement, problems, procedures, and attitudes of frontier areas, and influence of the West.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 560 Modern France (3 crs)

- Dual-listed with HIST 360. Credit may not be earned in both courses.

Social, political, and cultural development of France from the French Revolution of 1789 to the present. Topics include industrialization, civil society, democratization, art and society, World War I and II, French imperialism, women and gender.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 562 Modern Germany (3 crs)

- *Dual-listed with HIST 362. Credit may not be earned in both courses.*

Since 1848, with emphasis on Bismarckian, Wilhelmian, Weimar, Nazi, and postwar period.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 567 Historical Roots of Health Disparities in the Americas (3 crs)

- *Dual-listed with HIST 367. Credit may not be earned in both courses.*

This course explores the historical roots of health disparities by examining how the intersection of race, gender, sex, class, and medicine in the Atlantic world and Americas led to the creation of structural inequalities in medicine and society that impact people today.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 568 Studies in American Indian History (3 crs)

- *Dual-listed with AIS/HIST 368/568. Course may be repeated when topic differs for a maximum of nine credits. Consult Class Schedule or department office for current offering.*

Selected topics depending on student and staff interests. Possible topics include the history of Wisconsin Indians and American Indians in the twentieth century.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 569 Wisconsin American Indian History (3 crs)

- *Dual-listed with AIS 369. Credit may only be earned in one of these courses.*

Study of American Indian communities in Wisconsin with emphasis on the mix of continuity and change in response to outside forces.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 570A History of the Family in America (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

HIST 570A is available only to students in the Master of Arts in History Accelerated Plan.

- *Dual Listed with HIST 570. HIST 570A students must complete additional graduate-level work as specified in the course syllabus. No credit if taken after WMNS 470.*

Evolution of the American family from colonial times to the present. Emphasis on child raising, gender roles, the economic function of the family, the emergence of adolescence, the importance of kinship, and marriage practices.

Attributes: Undergraduate/Graduate Offering

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 570 History of the Family in America (3 crs)

- *Dual-listed with HIST 370 and HIST 570A. Credit may not be earned in both courses. No credit if taken after WMNS 470.*

Evolution of the American family from colonial times to the present. Emphasis on child raising, gender roles, the economic function of the family, the emergence of adolescence, the importance of kinship, and marriage practices.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 576A World War I and II Military (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor.

HIST 576A is available only to students in the Master of Arts in History Accelerated Plan.

- *Dual listed with HIST 576. HIST 576A students must complete additional graduate-level work as specified in the course syllabus.*

Explores World Wars I and II from the perspective of professional military history. Emphasizes strategy, tactics, decision-making, and battle history. The role of culture's influence on strategy is discussed.

Attributes: Undergraduate/Graduate Offering, Field Trip(s) Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 576 World War I and II Military (3 crs)

- Dual-listed with HIST 376 and HIST 576A. Credit may not be earned in both courses.

Explores World Wars I and II from the perspective of professional military history. Emphasizes strategy, tactics, decision-making, and battle history. The role of culture's influence on strategy is discussed.

Attributes: Field Trip(s) Required
 Grading Basis: No S/U Grade Option
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

HIST 577 American War in the Post 1945 World (3 crs)

- Dual-listed with HIST 377. Credit may not be earned in both courses.

American involvement in the Korean and Vietnam conflicts, military policy in between wars, Desert Shield/Desert Storm, and the home front impact of war. Emphasizes the daily lives of combatants.

Grading Basis: No S/U Grade Option
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

HIST 580 Museums in the United States (3 crs)

- Dual-listed with HIST 380 and HIST 580A. Credit may not be earned in both courses.

Examines artifact analysis, museum history and methods. Students will design and install an exhibit at a local museum during the semester.

Attributes: Field Trip(s) Required
 Grading Basis: No S/U Grade Option
 Lab/Studio Hours: 0
 Seminar Hours: 3

HIST 580A Museums in the United States (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of the instructor. History 580A is available only to students in the Master of Arts in History Accelerated Plan.

- Dual listed with HIST 580. HIST 580A students must complete additional graduate-level work as specified in the course syllabus.

Examines artifact analysis, museum history and methods. Students will design and install an exhibit at a local museum during the semester.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-S3 Creativity,
 Undergraduate/Graduate Offering, Field Trip(s) Required
 Grading Basis: No S/U Grade Option
 Lab/Studio Hours: 0
 Seminar Hours: 3

HIST 581 Comparative Genocide (3 crs)

- Dual-listed with HIST 381. Credit may not be earned in both courses.

Examines the causes and implementation of genocide as well as strategies for preventing and combating genocidal hatred, especially through international law and institutions. Cases examined will be drawn from multiple time periods and global locations.

Grading Basis: No S/U Grade Option
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

HIST 582 Imperialism Since 1800 (3 crs)

- Dual-listed with HIST 382. Credit may not be earned in both courses.

Examines the complex history of empire-building overseas, concentrating upon the era of "high" imperialism from the mid-nineteenth century through to the present. Particular focus on issues of race, gender and culture.

Grading Basis: No S/U Grade Option
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

HIST 583 Modern Africa (3 crs)

- Dual-listed with HIST 383. Credit may not be earned in both courses.

Examines the major components of Modern African history. Among topics for study are African civilizations, European contact, slavery, colonialism, independence movements, African nationalism as well as more recent political, social, cultural and economic change.

Grading Basis: No S/U Grade Option
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

HIST 584 The Vietnam War (3 crs)

- Dual-listed with HIST 384. Credit may not be earned in both courses. No credit if credit has been earned in POLS 384/POLS 584.

Examination of the conflicts in Vietnam, 1945-1975. Topics include: Vietnam in history, French colonial rule, nationalism and communism in Vietnam, U.S. policies, the debates of the war, and the legacy of the war.

Grading Basis: No S/U Grade Option
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

HIST 586 Introduction to Public History (3 crs)

- *Dual-listed with HIST 386. Credit may not be earned in both courses.*

This course will introduce students to the theory and practice of a variety of history-related pursuits known collectively as public history because they are primarily aimed at audiences outside the university. Students will learn about a range of career options available to public historians, as well as the special challenges that they confront.

Attributes: Field Trip(s) Required
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 586A Introduction to Public History (3 crs)

Prerequisite: Six credits of history, or junior standing, or consent of instructor. History 586A is only available to students in the Master of Arts in History Accelerated Plan.

- *Dual listed with HIST 586. HIST 586A students must complete additional graduate-level work as specified in the course syllabus.*

This course will introduce students to the theory and practice of a variety of history-related pursuits known collectively as public history because they are primarily aimed at audiences outside the university. Students will learn about a range of career options available to public historians, as well as the special challenges that they confront.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R3 Civic and Environmental Issues, Service-Learning, Half 15 Hours, Undergraduate/Graduate Offering, Field Trip(s) Required
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3 Lab/Studio Hours: 0

HIST 588 History of China (3 crs)

- *Dual-listed with HIST 388. Credit may not be earned in both courses.*

Social, cultural, and political history of China, inclusive of women, ethnic minorities, and commoners, from the ancient period to the present.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 589 History of Japan (3 crs)

- *Dual-listed with HIST 389. Credit may not be earned in both courses.*

Social, economic, political, and intellectual development of Japan: emergence of Japanese civilization, the Heian period, the age of the samurai, the Meiji Restoration, and Japan in the twentieth century.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 592 History of Antisemitism (3 crs)

Global history of antisemitism from ancient world to the present, religious roots; economic and racial origins; impact of Zionism, Holocaust and Arab-Israeli conflict.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 593 Roots of Selected Contemporary World Problems (1-5 crs)

- *Dual-listed with HIST 393. May be repeated when topic differs.*

Selected world problems depending on student interest and staff. Number of credits assigned will vary according to the nature of the topic. Consult Class Schedule or department office for current offering.

Repeat: Course may be repeated
Grading Basis: No S/U Grade Option

HIST 594 Studies in the History of Women (1-3 crs)

- *Dual-listed with WGSS/HIST 394/594.*

Selected aspects depending on student interest and staff. Number of credits assigned will vary according to nature of topic. Possible topics include a survey of entire history of women in Western world or women in American history. Consult Class Schedule or department office for current offering.

Repeat: Course may be repeated
Grading Basis: No S/U Grade Option

HIST 595 Directed Studies (1-3 crs)

Consent: Department Consent Required

- *Dual-listed with HIST 395.*

Study of historical problem or topic.

Repeat: Course may be repeated
Grading Basis: No S/U Grade Option

HIST 601 Public History in Great Britain (3 crs)

Consent: Instructor Consent Required

- *Dual-listed with HIST 401. Credit may not be earned in both courses. Open only to students participating in the Public History in Great Britain international immersion experience.*

In this course, students are introduced to historic preservation and interpretation as they are carried out in Great Britain. The course is conducted in Great Britain through a summer international immersion experience.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

HIST 686A Seminar in Public History (3 crs)

Prerequisite: HIST 386. HIST 686A is available only to students in the Master of Arts in History Accelerated Plan

- *Dual listed with HIST 686. HIST 686A students must complete additional graduate-level work as specified in the course syllabus.*

The seminar in public history is organized around completing a project in a particular field in the discipline. Students will conduct research and complete a written seminar paper that will serve as a part of a larger class product.

Attributes: Service-Learning, Full 30 Hours, Undergraduate/Graduate Offering, Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 686 Seminar in Public History (3 crs)

Prerequisite: HIST 386/HIST 586

- *Dual-listed with HIST 486 and HIST 686A.*

The seminar in public history is organized around completing a project in a particular field in the discipline. Students will conduct research and complete a written seminar paper that will serve as a part of a larger class product.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 691 Special Topics (1-3 crs)

- *Dual-listed with HIST 491.*

Topics will vary depending on interest of students and faculty. Topics may be specific themes or eras of history.

Attributes: Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

HIST 694 Teaching by Doing History (3 crs)

Students learn how to incorporate inclusive historical content and primary sources into secondary school curricula and classroom active learning strategies, such as digital humanities.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 3

HIST 701 Readings in European History (3 crs)

Familiarizes students with major issues of historical debate in the field by reading a book per week or commensurate articles. Term paper summarizing and evaluating views on a specific issue is shared with other students.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 703 Readings in World History (3 crs)

- *Dual-listed with HIST 703A.*

Familiarizes students with major issues of historical debate in the field by reading a book per week or commensurate articles. Term paper summarizing and evaluating views on a specific issue is shared with other students.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 703A Readings in World History (3 crs)

Prerequisite: Limited to students accepted into the Master of Arts in History Accelerated Plan

- *Dual Listed with HIST 703. This course is part of the Master of Arts in History Accelerated Degree Program.*

Familiarizes students with major issues of historical debate in the field by reading a book per week or commensurate articles. Term paper summarizing and evaluating views on a specific issue is shared with other students.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HIST 705 Studies in History for Teachers (1-3 crs)

- *Only three credits may count toward graduate-only credit.*

A concentrated study of an historical topic for one or more weeks, depending on number of credits for which course is offered.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

HIST 707 Reading Historical Texts (1-3 crs)

Consent: Instructor Consent Required

Readings of historical texts in-translation or original language.

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: No S/U Grade Option

HIST 711 Readings in U.S. History (3 crs)

Familiarizes students with major issues of historical debate in the field by reading a book per week or commensurate articles. Term paper summarizing and evaluating views on a specific issue is shared with other students.

Repeat: Course may be repeated
 Grading Basis: No S/U Grade Option
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

HIST 715 Colloquium in History (3 crs)

Various topics are offered as indicated in the current Class Schedule. Emphasizes mastery of major secondary literature. A paper treating the literature on a specific subject is required.

Repeat: Course may be repeated
 Grading Basis: No S/U Grade Option
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

HIST 719 Readings in Area of Thesis (3 crs)

Prerequisite: Nine graduate credits of history.
 Consent: Instructor Consent Required
 • *Dual-listed with HIST 719A.*

Independent study format. Reading in depth in area of concentration for thesis or research paper. Thesis/research paper adviser is instructor. Culminates in presentation of prospectus to thesis committee.

Grading Basis: No S/U Grade Option

HIST 719A Readings in Area of Thesis (3 crs)

Prerequisite: Limited to students accepted into the Master of Arts in History Accelerated Plan.
 Consent: Instructor Consent Required
 • *Dual listed with HIST 719. This course is part of the Master of Arts in History accelerated degree program.*

Independent study format with discussion. Reading in depth in area of concentration for thesis or research paper. Thesis/research paper adviser is instructor. Culminates in presentation of prospectus to thesis committee.

Grading Basis: No S/U Grade Option

HIST 725 Seminar in History (3 crs)

Various topics are offered as indicated in the schedule of classes. Introduces students to secondary literature on a topic as preparation for research in original sources leading to the writing of a paper to be presented to the class.

Grading Basis: No S/U Grade Option
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

HIST 790 Internship in Public History (1-3 crs)

Prerequisite: HIST 586 or consent of instructor, nine credits of graduate work in history.
 Consent: Department Consent Required
 Supervised assignment to museum, archives, historical site, or other agency for working experience as a public historian. Work will apply research skills and knowledge of history to help solve community problems.

Attributes: Internship
 Repeat: Course may be repeated for a maximum of 6 credits
 Grading Basis: No S/U Grade Option

HIST 793 Current Trends in History (3 crs)

• *Dual-listed with HIST 793A.*

Examines the emergence of history as a profession, major subfields today within the discipline of history, methodologies and models currently influencing the work of historians, and dominant issues presently engaging the attention of historians.

Grading Basis: No S/U Grade Option
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

HIST 793A Current Trends in History (3 crs)

Prerequisite: Limited to students accepted into the Master of Arts in History Accelerated Plan.
 • *Dual Listed with HIST 793. This course is part of the Masters of Arts in History Accelerated degree program.*

Examines the emergence of history as a profession, major subfields today within the discipline of history, methodologies and models currently influencing the work of historians, and dominant issues presently engaging the attention of historians.

Grading Basis: No S/U Grade Option
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

HIST 795 Research Paper (1-3 crs)

Prerequisite: HIST 719
 Repeat: Course may be repeated
 Grading Basis: PR Only Grade Basis

HIST 796 Public History Thesis Practicum (1-3 crs)

Prerequisite: HIST 586; HIST 686; three credits in HIST 799 or concurrent enrollment in HIST 799

Consent: Instructor Consent Required

Practicum course designed to allow students to develop a public audience for their original research and to develop working experience as a public historian. In combination with HIST 799, this course constitutes a public history thesis option.

Grading Basis: PR Only Grade Basis

HIST 797 Independent Study (1-3 crs)

Consent: Department Consent Required

- *Dual-listed with HIST 797A.*

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

HIST 797A Independent Study (1-3 crs)

Prerequisite: Limited to students accepted into the Master of Arts in History Accelerated Plan.

Consent: Department Consent Required

- *Dual listed with HIST 797. This course is part of the Master of Arts in History accelerated degree program.*

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

HIST 798 Graduation Only (1 cr)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

HIST 799 Thesis (1-6 crs)

Prerequisite: HIST 719

- *Full-time equivalent.*

A description of acceptable topics and the precise nature of the thesis requirement is provided in the departmental program descriptions.

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

Hmong (HMNG)

HMNG 101 Beginning Hmong I (4 crs)

An introduction to Hmong language and culture. Students will gain a basic understanding of the Hmong language structure in writing, reading, grammar, and vocabulary and be exposed to Hmong traditions and customs.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication, Field Trip(s) Required

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

HMNG 102 Beginning Hmong II (4 crs)

Prerequisite: HMNG 101

Continuation of Hmong Language I. Study of grammar and culture with emphasis on reading, writing, speaking, and listening skills. Students gain greater understanding and appreciation of Hmong culture, literature, and current events through a variety of topics.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication, Field Trip(s) Required

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

HMNG 130 Hmong American Experiences in the U.S. (3 crs)

Prerequisite: No credit if taken after HUMS 110

An interdisciplinary examination of Hmong American refugee migration, history, politics, cultural transformations, and contemporary issues in the post-1975 era. Additional topics addressed may include race, religion, family, identity, gender, sexuality, education, and/or media.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HMNG 341 Critical Hmong Studies Domestic Travel Seminar (1-3 crs)

Prerequisite: HMNG 130, HMNG 101, or HMNG 102, or instructor consent.

Consent: Instructor Consent Required

In-depth classroom experience accompanied by domestic travel to locations relevant to the study of Hmong history, language, politics, and culture.

Extensive reading and interdisciplinary research projects may be assigned or conducted during the pre-departure and/or domestic intercultural immersion experience phases.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 6 credits

HMNG 342 Critical Hmong Studies International Travel Seminar (1-3 crs)

Prerequisite: HMNG 130, HMNG 101, or HMNG 102, or instructor consent.

Consent: Instructor Consent Required

In-depth classroom experience accompanied by international travel to locations relevant to the study of Hmong history, language, politics, and culture. Extensive reading and interdisciplinary research projects may be assigned or conducted during the pre-departure and/or international immersion experience phases.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 6 credits

HMNG 365 Intersectionality: Critical Approaches to Identity and Injustice (3 crs)

Prerequisite: HMNG 130 or WGSS 100.

- *Credit may not be earned in both HMNG/WGSS 365. No credit if taken after WGSS 434 when offered as "Intersectionality: Critical Approaches to Identity and Injustice."*

Uses an interdisciplinary humanities approach to critically examine the concept of intersectionality and its applications and implications on identities, historical and contemporary injustice, and social issues.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HMNG 391 Special Topics in Critical Hmong Studies (3 crs)

Prerequisite: HMNG 130, HMNG 101, or HMNG 102, or instructor consent.

In-depth study of a special topic related to the history, literature, language, culture, politics, and/or experiences of Hmong Americans or Hmong living in the larger global diaspora.

Repeat: Course may be repeated for a maximum of 9 credits

Lab/Studio Hours: 0

Seminar Hours: 3

Honors Colloquia (HNRS)

HNRS 100 First-Year Honors Seminar (1 cr)

Prerequisite: Limited to students in the Cosby Honors College
Introduction to the University and to expectations of an Honors baccalaureate degree. Explores the value of a liberal education, the skills and knowledge needed to be an educated person, the roles of the Honors College and university requirements.

Attributes: Honor Course

Grading Basis: A-F Grades Only

HNRS 118 Honors Colloquium in Natural Science with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College

Honors Course in Natural Science with Integration.

Attributes: Honor Course, LE-I1 Integration, LE-K1 Natural Sciences

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 121 Honors Colloquium in Social Science (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College

Honors Course in Social Science.

Attributes: Honor Course, LE-K2 Social Sciences

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 122 Honors Colloquium in Social Science with Equity, Diversity, and Inclusivity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College

Honors Course in Social Science and Equity, Diversity and Inclusivity.

Attributes: Honor Course, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 123 Honors Colloquium in Social Science and Global Perspectives (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College

Lower-level Honors Colloquium with liberal education outcomes in K2, social science, and R2, global perspectives.

Attributes: Honor Course, LE-K2 Social Sciences, LE-R2 Global Perspectives

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 124 Honors Colloquium in Social Science and Civic, Social, and Environmental Responsibility (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College

Honors course with liberal education outcomes in social science and civic, social, and environmental responsibility.

Attributes: Honor Course, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 125 Honors Colloquium in Social Science and Communication (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Colloquium with liberal education outcomes in K2, social science, and S1, communication.

Attributes: Honor Course, LE-K2 Social Sciences, LE-S1 Written and Oral Communication

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 127 Honors Colloquium in Social Science with Creativity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Lower-level Honors course is social science with creativity.

Attributes: Honor Course, LE-K2 Social Sciences, LE-S3 Creativity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 128 Honors Colloquium in Social Science with Integrated Learning (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Colloquium in Social Science with Integrated Learning

Attributes: Honor Course, LE-I1 Integration, LE-K2 Social Sciences

Repeat: Course may be repeated for a maximum of 99 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 129 Honors Colloquium in Social Science and Equity, Diversity and Inclusivity with Design for Diversity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Course in Social Science and Equity, Diversity and Inclusivity (and Design for Diversity emphasis on traditionally underrepresented racial/ethnic groups).

Attributes: Honor Course, LE-DDIV Design for Diversity, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 131 Honors Colloquium in Humanities (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Course in Humanities.

Attributes: Honor Course, LE-K3 Humanities

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 132 Honors Colloquium in Humanities with Equity, Diversity, and Inclusivity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Course in Humanities and Equity, Diversity and Inclusivity.

Attributes: Honor Course, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 133 Honors Colloquium in Humanities with Global Perspective (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Course in Humanities with Global Perspective.

Attributes: Honor Course, LE-K3 Humanities, LE-R2 Global Perspectives

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 135 Honors Colloquium in Humanities with Communication (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Lower-level Honors Course in Humanities with Communication.

Attributes: Honor Course, LE-K3 Humanities, LE-S1 Written and Oral Communication

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 137 Honors Colloquium in Humanities and Creativity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Course in Humanities with creativity.

Attributes: Honor Course, LE-K3 Humanities, LE-S3 Creativity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 138 Honors Colloquium in Humanities with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Course in Humanities with Integration.

Attributes: Honor Course, LE-I1 Integration, LE-K3 Humanities

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 139 Honors Colloquium in Humanities and Equity, Diversity and Inclusivity with Design for Diversity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Colloquium with liberal education outcomes in K3, humanities, and R1-DDIV, equity, diversity, and inclusivity + design for diversity.

Attributes: Honor Course, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity
 Repeat: Course may be repeated
 Grading Basis: A-F Grades Only
 Lecture/Discussion Hours: 3-4
 Lab/Studio Hours: 0

HNRS 141 Honors Colloquium in Fine Arts (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Course in the Arts.

Attributes: Honor Course, LE-K4 Fine Arts
 Repeat: Course may be repeated
 Grading Basis: A-F Grades Only

HNRS 142 Honors Colloquium in fine Arts and Equity, Diversity and Inclusion (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Course in Arts and Equity, Diversity and Inclusivity.

Attributes: Honor Course, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity
 Repeat: Course may be repeated
 Grading Basis: A-F Grades Only

HNRS 143 Honors Colloquium in Fine Arts with Global Perspectives (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors course in fine arts with global perspectives.

Attributes: Honor Course, LE-K4 Fine Arts, LE-R2 Global Perspectives
 Repeat: Course may be repeated for a maximum of 99 credits
 Grading Basis: A-F Grades Only

HNRS 145 Honors Colloquium in Arts with Communication (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors course with liberal education outcomes in the arts with written and oral communication

Attributes: Honor Course, LE-K4 Fine Arts, LE-S1 Written and Oral Communication
 Repeat: Course may be repeated
 Grading Basis: A-F Grades Only
 Lecture/Discussion Hours: 3-4
 Lab/Studio Hours: 0

HNRS 147 Honors Colloquium in Fine Arts with Creativity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Course in Arts and Creativity.

Attributes: Honor Course, LE-K4 Fine Arts, LE-S3 Creativity
 Repeat: Course may be repeated
 Grading Basis: A-F Grades Only

HNRS 149 Honors Colloquium in Fine Arts and Equity, Diversity & Inclusion with Design for Diversity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Lower-level Honors Colloquium with liberal education outcomes in K4, fine arts, and R1, Equity, Diversity, and Inclusivity with D-DIV (design for diversity).

Attributes: Honor Course, LE-DDIV Design for Diversity, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity
 Repeat: Course may be repeated for a maximum of 99 credits
 Grading Basis: A-F Grades Only
 Lecture/Discussion Hours: 3-4
 Lab/Studio Hours: 0

HNRS 151 Honors Colloquium in Communication (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Course in Communication.

Attributes: Honor Course, LE-S1 Written and Oral Communication
 Repeat: Course may be repeated
 Grading Basis: A-F Grades Only

HNRS 152 Honors Colloquium in Communication with Equity, Diversity and Inclusivity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Colloquium with liberal education outcomes in S1, communication, and R1, equity, diversity and inclusivity.

Attributes: Honor Course, LE-R1 Equity, Diversity, and Inclusivity, LE-S1 Written and Oral Communication
 Repeat: Course may be repeated
 Grading Basis: A-F Grades Only
 Lecture/Discussion Hours: 3-4
 Lab/Studio Hours: 0

HNRS 153 Honors Colloquium in Communication with Global Perspectives (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College
Lower-level Honors Colloquium with liberal education outcomes in S1, communication, and R2, global perspective.

Attributes: Honor Course, LE-R2 Global Perspectives, LE-S1 Written and Oral Communication

Repeat: Course may be repeated for a maximum of 99 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 156 Honors Colloquium in Communication and Creativity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College
Honors Course in Communication and Creativity.

Attributes: Honor Course, LE-S1 Written and Oral Communication, LE-S3 Creativity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 158 Honors Colloquium in Communication with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College
Honors Course in Communication with Integration.

Attributes: Honor Course, LE-I1 Integration, LE-S1 Written and Oral Communication

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 171 Honors Colloquium in Creativity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College
Honors Course in creativity.

Attributes: Honor Course, LE-S3 Creativity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 172 Honors Colloquium in Creativity with Equity, Diversity and Inclusivity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College
Honors Course in Creativity with Equity, Diversity, and Inclusivity.

Attributes: Honor Course, LE-R1 Equity, Diversity, and Inclusivity, LE-S3 Creativity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 178 Honors Colloquium Creativity with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College
Honors Course in creativity with integration.

Attributes: Honor Course, LE-I1 Integration, LE-S3 Creativity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 184 Honors Colloquium in EDI with Civic, Social, and Environmental Responsibility (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College
Lower-level Honors Colloquium with liberal education outcomes in R1 (equity, diversity, and inclusion) and R3 (civic, social, and environmental responsibility).

Attributes: Honor Course, LE-R1 Equity, Diversity, and Inclusivity, LE-R3 Civic and Environmental Issues

Repeat: Course may be repeated for a maximum of 99 credits

Grading Basis: A-F Grades Only

HNRS 187 Honors Colloquium in Global Perspective with Civic and Environmental Issues (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College
Honors Course in Global Perspectives and Civic, Social and Environmental Responsibility.

Attributes: Honor Course, LE-R2 Global Perspectives, LE-R3 Civic and Environmental Issues

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 188 Honors Colloquium in Global Perspective with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College
Honors Course in Global Perspectives with Integration.

Attributes: Honor Course, LE-I1 Integration, LE-R2 Global Perspectives

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 189 Honors Colloquium in Civic, Social, and Environmental Responsibility (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College
Honors Course in Civic, Social and Environmental Responsibility

Attributes: Honor Course, LE-R3 Civic and Environmental Issues

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 190 Honors Colloquium in Civic, Social and Environmental Responsibility with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors colloquium with liberal education outcomes in civic, social and environmental responsibility (R3) with integration (IL1).

Attributes: Honor Course, LE-I1 Integration, LE-R3 Civic and Environmental Issues

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 191 Honors Colloquium in Integrated Learning (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College Honors Colloquium in Integrated Learning

Attributes: Honor Course, LE-I1 Integration

Repeat: Course may be repeated for a maximum of 99 credits

Grading Basis: A-F Grades Only

HNRS 200 Texts and Discussion (1 cr)

Prerequisite: Limited to students in the Cosby Honors College.

A reading- and discussion-intensive seminar for honors students. Students explore multiple perspectives, practice civil discussion, cultivate belonging, and pursue the value of holistic honors education.

Attributes: Honor Course

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

HNRS 275 Honors Study Abroad Experience-Freshmen and Sophomores (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Freshman or sophomore standing.

Consent: Department Consent Required

Honors study abroad experience for freshmen and sophomores.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

HNRS 295 Honors Directed Study-Freshmen and Sophomores (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Freshman or sophomore standing.

Consent: Department Consent Required

Study of a problem or topic in collaboration with a faculty member in the discipline.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

HNRS 298 Honors Internship Experience-Freshmen and Sophomores (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Freshman or sophomore standing.

Consent: Department Consent Required

Honors internship experience for freshmen and sophomores.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

HNRS 299 Honors Independent Study-Freshmen & Sophomores (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Freshman or sophomore standing.

Consent: Department Consent Required

Individual research, scholarly, or creative projects under the supervision of a faculty member.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

HNRS 300 Honors Colloquium (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Honors Course in Humanities.

Attributes: Honor Course

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 313 Honors Colloquium in Natural Science and Global Perspectives (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Colloquium with liberal education outcomes in natural science (K1) and Global Perspectives (R2).

Attributes: Honor Course, LE-K1 Natural Sciences, LE-R2 Global Perspectives

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 314 Honors Colloquium in Natural Science with Civic, Social, and Environmental Responsibility (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Course in Natural Science and Civic, Social and Environmental Responsibility.

Attributes: Honor Course, LE-K1 Natural Sciences, LE-R3 Civic and Environmental Issues

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 318 Honors Colloquium in Natural Science with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.
Upper-level Honors Course in Natural Science with Integration.

Attributes: Honor Course, LE-I1 Integration, LE-K1 Natural Sciences
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 323 Honors Colloquium in Social Science with Global Perspective (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.
Upper-level Honors Course in Social Science with Global Perspective.

Attributes: Honor Course, LE-K2 Social Sciences, LE-R2 Global Perspectives
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 324 Honors Colloquium in Social Science with Civic, Social, and Environmental Responsibility (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.
Honors Course in Social Science and Civic, Social and Environmental Responsibility.

Attributes: Honor Course, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 325 Honors Colloquium in Social Science with Communication (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.
Honors Course in Social Science and Communication.

Attributes: Honor Course, LE-K2 Social Sciences, LE-S1 Written and Oral Communication
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 328 Honors Colloquium in Social Sciences with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.
Honors Course in Social Science with Integration.

Attributes: Honor Course, LE-I1 Integration, LE-K2 Social Sciences
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 329 Honors Colloquium in Social Science with Equity, Diversity, and Inclusivity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.
Upper-level Honors Colloquium with liberal education outcomes in K2, social science, and R1, equity, diversity, and inclusivity + design for diversity.

Attributes: Honor Course, LE-DDIV Design for Diversity, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity
Repeat: Course may be repeated for a maximum of 99 credits
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3-4
Lab/Studio Hours: 0

HNRS 331 Honors Colloquium in Humanities (3-4 crs)

Prerequisite: Minimum sophomore standing. Limited to students in the Cosby Honors College.
Upper-level Honors Colloquium in Humanities

Attributes: Honor Course, LE-K3 Humanities
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 332 Honors Colloquium in Humanities with Equity, Diversity and Inclusivity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.
Upper-level Honors Course in Humanities with equity, diversity, and inclusivity.

Attributes: Honor Course, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 333 Honors Colloquium in Humanities with Global Perspective (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.
Upper-level Honors Course in Humanities with Global Perspective.

Attributes: Honor Course, LE-K3 Humanities, LE-R2 Global Perspectives
Repeat: Course may be repeated
Grading Basis: A-F Grades Only

HNRS 334 Honors Colloquium in Humanities and Civic, Social and Environmental Responsibility (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Colloquium with liberal education outcomes in K3, humanities and R3, civic, social and environmental responsibility.

Attributes: Honor Course, LE-K3 Humanities, LE-R3 Civic and Environmental Issues

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 335 Honors Colloquium in Humanities with Communication (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum Sophomore Standing required.

Upper-level Honors colloquium in Humanities with Communication

Attributes: Honor Course, LE-K3 Humanities, LE-S1 Written and Oral Communication

Repeat: Course may be repeated for a maximum of 99 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

HNRS 337 Honors Colloquium in Humanities with Creativity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Honors Course in Humanities and Creativity.

Attributes: Honor Course, LE-K3 Humanities, LE-S3 Creativity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 338 Honors Colloquium in Humanities with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Honors Course in Humanities and Integration.

Attributes: Honor Course, LE-I1 Integration, LE-K3 Humanities

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 339 Honors Colloquium in Humanities with Equity, Diversity and Inclusivity and Design for Diversity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Course in Humanities with equity, diversity, and inclusivity.

Attributes: Honor Course, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 341 Honors Colloquium in Fine Arts (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Course in Arts with communication.

Attributes: Honor Course, LE-K4 Fine Arts

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 342 Honors Colloquium in Arts with Equity, Diversity, and Inclusivity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College

Upper-division Honors Colloquium with liberal education outcomes in K4, arts, and R1, equity, diversity, and inclusivity.

Attributes: Honor Course, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 345 Honors Colloquium in Arts with Communication (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Course in Arts with Communication.

Attributes: Honor Course, LE-K4 Fine Arts, LE-S1 Written and Oral Communication

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 347 Honors Colloquium in Fine Arts with Creativity (3-4 crs)

Prerequisite: Limited to students in the Colsby Honors College. Minimum sophomore standing.

An upper-level Honors Colloquium with liberal education outcomes in K4, fine arts, and S3, creativity.

Attributes: Honor Course, LE-K4 Fine Arts, LE-S3 Creativity

Repeat: Course may be repeated for a maximum of 99 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 348 Honors Colloquium in Arts with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College.

Upper-division Honors Colloquium with liberal education outcomes in K4, arts, and I1, integration.

Attributes: Honor Course, LE-I1 Integration, LE-K4 Fine Arts

Repeat: Course may be repeated for a maximum of 99 credits

Grading Basis: A-F Grades Only

HNRS 349 Honors Colloquium in Fine Arts and Equity, Diversity & Inclusion with Design for Diversity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Honors course with liberal education outcomes in K4, fine arts, and R1, Equity, Diversity, and Inclusivity with D-DIV (design for diversity)

Attributes: Honor Course, LE-DDIV Design for Diversity, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity

Repeat: Course may be repeated for a maximum of 99 credits

Grading Basis: A-F Grades Only

HNRS 353 Honors Colloquium in Communication with Global Perspectives (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Colloquium with liberal education outcomes in S1, communication, and R2, global perspective.

Attributes: Honor Course, LE-R2 Global Perspectives, LE-S1 Written and Oral Communication

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 358 Honors Colloquium in Communication with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Course in Communication with Integration.

Attributes: Honor Course, LE-I1 Integration, LE-S1 Written and Oral Communication

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 359 Honors Seminar in Communication with Equity, Diversity and Inclusivity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Colloquium in Communication with Equity, Diversity and Inclusivity and Design for Diversity liberal education outcomes.

Attributes: Honor Course, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity, LE-S1 Written and Oral Communication

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 368 Honors Colloquium in Mathematics with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Course in Mathematics with Integration.

Attributes: Honor Course, LE-I1 Integration, LE-S2 Mathematics

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 371 Honors Colloquium in Creativity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Honors Course in Creativity.

Attributes: Honor Course, LE-S3 Creativity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 372 Honors Colloquium in Creativity with Equity, Diversity and Inclusivity (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Honors Course in Creativity.

Attributes: Honor Course, LE-R1 Equity, Diversity, and Inclusivity, LE-S3 Creativity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 375 Honors Study Abroad Experience-Juniors (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Junior standing.
Consent: Department Consent Required
Honors study abroad experience for juniors.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

HNRS 378 Honors Colloquium in Creativity with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Honors Course in Creativity with Integration.

Attributes: Honor Course, LE-I1 Integration, LE-S3 Creativity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 381 Honors Colloquium in Equity, Diversity and Inclusivity (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Course in Equity, Diversity and Inclusivity.

Attributes: Honor Course, LE-R1 Equity, Diversity, and Inclusivity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 385 Honors Colloquium in Equity, Diversity and Inclusivity with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Course in Equity, Diversity and Inclusivity with Integration.

Attributes: Honor Course, LE-I1 Integration, LE-R1 Equity, Diversity, and Inclusivity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 387 Honors Colloquium in Global Perspective with Civic and Environmental Issues (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors colloquium in global perspectives with civic, social, and environmental responsibilities.

Attributes: Honor Course, LE-R2 Global Perspectives, LE-R3 Civic and Environmental Issues

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 388 Honors Colloquium in Global Perspective with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Course in Global Perspective with Integration

Attributes: Honor Course, LE-I1 Integration, LE-R2 Global Perspectives

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 389 Honors Colloquium in Civic and Environmental Issues (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Honors Course in Civic, Social and Environmental Responsibility.

Attributes: Honor Course, LE-R3 Civic and Environmental Issues

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

HNRS 392 Honors Colloquium in Equity, Diversity and Inclusivity with Integration (3-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Minimum sophomore standing.

Upper-level Honors Colloquium with liberal education outcomes in R1, equity, diversity, and inclusivity; DDIV, design for diversity; and, IL1, integrated learning.

Attributes: Honor Course, LE-DDIV Design for Diversity, LE-I1 Integration, LE-R1 Equity, Diversity, and Inclusivity

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3-4

Lab/Studio Hours: 0

HNRS 395 Honors Directed Study-Juniors (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Junior standing.

Consent: Department Consent Required

Study of a problem or topic in collaboration with a faculty member in the discipline.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

HNRS 398 Honors Internship Experience-Juniors (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Junior standing.

Consent: Department Consent Required

Honors internship experience for juniors.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

HNRS 399 Honors Independent Study-Juniors (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Junior standing.

Consent: Department Consent Required

Individual research, scholarly, or creative projects under the supervision of a faculty member.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

HNRS 400 Senior Honors Seminar (1 cr)

Prerequisite: Limited to students in the Cosby Honors College. Senior standing, or Department Consent Required. If repeated, the second course can count toward the required 24 credits of Honors colloquia and electives.

A capstone course that explores students' undergraduate experiences, the value of a liberal education, and the value of an Honors education. Prepares Honors students for post-graduate opportunities.

Attributes: Honor Course, Capstone Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 2 credits

Grading Basis: A-F Grades Only

HNRS 410 Mentoring in Honors (1 cr)

Prerequisite: HNRS 100. Minimum junior standing. Limited to students in the Cosby Honors College.

Consent: Department Consent Required

Assist in instruction of HNRS 100, the First-Year Honors Seminar. Focus on the value of a baccalaureate education and on what constitutes an educated person. Open to juniors and seniors with permission of the Director of the University Honors Program.

Attributes: Honor Course, LE-CEL Community-Engaged Learning, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

HNRS 420 Tutoring in Honors (1 cr)

Prerequisite: Minimum junior standing. Limited to students in the Cosby Honors College.

Consent: Department Consent Required

Assist in instruction of an Honors course previously completed. Open to juniors and seniors with permission of the Director of the University Honors Program.

Attributes: Honor Course, LE-CEL Community-Engaged Learning, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

HNRS 430 Leadership in Honors (1 cr)

Prerequisite: Limited to students in the Cosby Honors College with junior or senior standing.

Students will develop their leadership skills and identity as a leader, while completing a leadership project on campus or in the community. Students reflect on their experiential learning about leadership through dialog and ongoing reflective practice.

Attributes: Honor Course

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

HNRS 440 Fellowships and Awards (1 cr)

Prerequisite: Limited to students in the Cosby Honors College. Open to other students by permission.

Consent: Instructor Consent Required

Students prepare and apply to a prestigious national or international fellowship, scholarship, or grant. Provides students with interview preparation, materials review, and general instruction in the common genres of advanced award applications.

Attributes: Honor Course

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

HNRS 450 Honors Advocacy and Engagement (1 cr)

Prerequisite: Limited to students in the Cosby Honors College with minimum of sophomore standing.

Consent: Department Consent Required

Practicum: 1 This course allows students to engage in a critical leadership role by serving as an honors college advocate. Students will explore leadership concepts, communication with different audiences, and collaborative problem-solving. They will put these skills into practice by supporting college initiatives in a variety of ways, including peer advising, recruitment efforts, event planning, and alumni engagement.

Attributes: Honor Course

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

HNRS 451 Honors Advocacy and Engagement II (1 cr)

Prerequisite: Limited to students in the Cosby Honors College with minimum sophomore standing, who have previously taken HNRS 450.

Consent: Department Consent Required

Practicum: 1 This is the second part of a two-course experience. In Part 1, students learned about institutional communication and collaborative problem-solving and put those skills into practice through advocacy and engagement work for the Honors College. In Part 2, students will take on advocacy roles with greater responsibility and independence, emphasizing collaboration with other university units and public-facing communication.

Attributes: Honor Course

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

HNRS 475 Honors Study Abroad Experience-Seniors (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Senior standing.

Consent: Department Consent Required

Honors study abroad experience for seniors.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

HNRS 490 Honors Senior Thesis or Project (1-6 crs)

Prerequisite: Limited to students in the Cosby Honors College. Senior standing.

Consent: Department Consent Required

Research and writing/preparation of Honors Senior Thesis or Honors Senior Project.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

HNRS 495 Honors Directed Study-Seniors (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Senior standing.

Consent: Department Consent Required

Study of a problem or topic in collaboration with a faculty member in the discipline.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

HNRS 498 Honors Internship Experience-Seniors (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Senior standing.

Consent: Department Consent Required

Honors internship experience for seniors.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

HNRS 499 Honors Independent Study-Seniors (1-4 crs)

Prerequisite: Limited to students in the Cosby Honors College. Senior standing.

Consent: Department Consent Required

Individual research, scholarly, or creative projects under the supervision of a faculty member.

Attributes: Honor Course, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: A-F Grades Only

Information Systems (IS)

IS 240 Information Systems in Business (3 crs)

Prerequisite: Minimum sophomore standing, or consent of instructor.

• *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

A study of information systems in business to include management decision support systems, concepts of systems analysis and design, and information processing. Students will learn to use and apply various software programs as productivity tools.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 304 Fundamentals of Business Programming (3 crs)

• *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Fundamental skills and knowledge for programming business applications including interface design, writing documentation, and using debugging tools. Procedural programming structures and design considerations and interface object use are presented in a state-of-the-art integrated development environment.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 307 Introduction to Business Analytics (3 crs)

Prerequisite: Sophomore standing or department consent. No credit if taken after IS 290.

• *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

An introduction to structured data and the relational model. An introduction to querying of structured data, it's extraction and simple analyses in a spreadsheet environment.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 308 Business Analytics Programming (3 crs)

Prerequisite: Sophomore standing or department consent.

- This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.

Covers fundamentals of programming needed to write scripts to extract, analyze and present data in a business intelligence setting. No previous programming experience is necessary. Provides a foundation for all business analytics courses in the College of Business.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 310 Business Process Modeling (3 crs)

Prerequisite: IS 240

- This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.

Introduces concept of business processes. Major business processes are described along with their interactions with each other. Flow diagrams and other representations of processes are introduced. Process innovation, improvement and documentation are addressed.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 314 Advanced Business Programming (3 crs)

Prerequisite: IS 304, 307.

- This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.

Develops object-oriented programming skills at the intermediate level. Develops techniques of data access, input, output, and processing in a business environment using programming tools. Utilizes beginning SQL programming techniques and a state-of-the-art integrated development environment.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 324 System Development Methodologies (3 crs)

Prerequisite: IS 304, IS 307, IS 310

- This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.

This course covers systems development methodologies in use by the Information Systems profession. Sequencing, activities and process characteristics are examined for each methodology. Appropriate tools to support each methodology are introduced and used. A decision framework for the selection of an appropriate methodology will be used.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 344 Database Management Systems (3 crs)

Prerequisite: IS 307

- This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.

Study of physical and logical design and structure of relational databases; Advanced SQL; hands-on experience with enterprise database management software. Introduction to storage and manipulation of semi-structured and unstructured data.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 345 Computer Networks (3 crs)

Prerequisite: IS 240.

- This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.

Study of enterprise networking infrastructure. Theory and practice of topics includes network models, network hardware and software, and network security.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 360 AI Systems in Business (3 crs)

Prerequisite: IS 240

This course explores the strategic and technical applications of artificial intelligence in business, with a focus on systems-level integration and responsible use. Students examine how AI tools—including generative AI—can enhance communication, analytics, marketing, operations, and innovation within enterprise environments. Through hands-on exercises, case studies, and applied projects, students will learn to design, test, and evaluate AI-driven business solutions using structured workflows, multi-platform tools, and data-informed decision-making. The course emphasizes ethical and risk-aware implementation, grounded in the technical competencies of the information systems field.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 365 Information Assurance (3 crs)

Prerequisite: BCOM 206, IS 345. Minimum junior standing.

- *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Conceptual frameworks for information assurance: asset valuation, security threats, risk assessment, policy development, policy implementation, controls, business continuity planning, and disaster recovery. Communication and analytical skills are enhanced through a case-based approach.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 375 Server-based Networking & Security (3 crs)

Prerequisite: IS 345

- *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Study of theory and practice of enterprise networking from a server operating system perspective. Topics include domain creation, Active Directory management and delegation, scripting, security policies, roaming profiles, access permissions, and security auditing.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 391 Selected Topics in Information Systems (1-3 crs)

- *Admission to College of Business not required. Available to non-business students.*

Selected topics in information systems. Small groups will study topics selected because of a special interest in them on the part of students or faculty.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

IS 399 Independent Study - Juniors (1-3 crs)

Consent: Department Consent Required

- Enrollment form available in IS department office.

Repeat: Course may be repeated

IS 420 Internship in Information Systems (1-3 crs)

Prerequisite: Limited to IS majors.

Consent: Department Consent Required

- *IS 310, IS 344, and IS 345 are recommended prior to enrollment in this course. Internship enrollment form available in IS department office.*

Coordinated on-the-job business experience in information systems. Gives students an opportunity to participate actively in daily business activities related to the IS major.

Attributes: LE-11 Integration, Internship, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

IS 455 Project Management (3 crs)

Prerequisite: IS 304 and IS 310. Minimum junior standing.

- *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Focus on information systems projects: methodology selection, initiating, planning, executing, control and closing. Issues of time, scope, cost, quality and risk are investigated. Writing and software development skills are enhanced.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 460 Seminar in Information Systems (3 crs)

Prerequisite: BCOM 206, IS 324, and IS 344. Limited to IS majors.

- *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>. Limited to graduating seniors.*

In-depth study of current IS topics and discussion of current IS issues and trends. Includes integrated communication component and team-based information systems development project.

Attributes: Capstone Course

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 480 Advanced Business Analytics (3 crs)

Prerequisite: IS 307, IS 308

The course introduces students to an array of sophisticated techniques related to business data analytics and data mining. Students will learn how to use analytical approaches to meet business needs using diverse datasets. Topics include big data, data transformation, classification, prediction, association, clustering, and performance evaluation. Practical application of these techniques in the business arena will be enabled through student experiences with appropriate software. The course is designed to provide advanced experiences in theory and practice that can be enhanced when the student moves into the workforce.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IS 491 Selected Topics (1-3 crs)

Prerequisite: Minimum junior standing.

Selected topics in information systems. Small groups will study topics selected because of a special interest in them on the part of students or faculty.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

IS 495 Directed Studies (1-3 crs)

Prerequisite: Limited to IS majors. Minimum junior standing.

Consent: Department Consent Required

Internship-type experiences in business situations relevant to the student's major field of study, under supervision of a faculty member.

IS 499 Independent Study - Seniors (1-3 crs)

Consent: Department Consent Required

• Enrollment form available in IS department office.

Repeat: Course may be repeated

Integrated Studies (ITS)

ITS 201 Foundations of Integrated Studies (3 crs)

An introduction to interdisciplinary learning and inquiry through the exploration of ethical questions and sociopolitical challenges, which are considered from multiple academic viewpoints spanning the arts, natural sciences, social sciences, history, and the humanities.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R3 Civic and Environmental Issues

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 3

ITS 301 Integrated Studies Research Seminar (3 crs)

Prerequisite: ITS 201 or minimum sophomore standing in the University Honors Program or consent of instructor.

Advanced study of research and creative methodologies used in the arts, humanities, natural sciences, and social sciences. Examines methodological similarities to enhance understanding of the common underpinnings that define liberal studies and human inquiry as well as differences in rhetorical strategies, questions asked, and tools used.

Attributes: LE-I1 Integration

Lab/Studio Hours: 0

Seminar Hours: 3

ITS 395 Directed Studies (1-3 crs)

Prerequisite: ITS 201

Consent: Department Consent Required

For the student who wishes to pursue study of an interdisciplinary topic under the guidance of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

ITS 399 Independent Study-Juniors (1-3 crs)

Prerequisite: ITS 201

Consent: Department Consent Required

For the student who wishes to pursue independent study of an interdisciplinary topic under the guidance of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

ITS 480 Integrated Studies Capstone Seminar (3 crs)

Prerequisite: ITS 301. Minimum senior standing. Department consent required.

Consent: Department Consent Required

Culminating experience of the Integrated Studies Major. Focuses on critical inquiry in and complex interactions between the arts, humanities, natural sciences, and social sciences. Completion of a semester-long project related to a central course theme.

Attributes: LE-S3 Creativity, Capstone Course

Lab/Studio Hours: 0

Seminar Hours: 3

ITS 498 Internship (1-6 crs)

Prerequisite: ITS 201

Consent: Department Consent Required

Provides applied experience in an area of interest with content related to a student's theme of study.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

ITS 499 Independent Study - Seniors (1-3 crs)

Prerequisite: ITS 201

Consent: Department Consent Required

For the student who wishes to pursue independent study of an interdisciplinary topic under the guidance of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Interdisciplinary Studies (IDIS)

IDIS 101 Academic Exploration (3 crs)

- *Intended primarily for students who have not yet declared a major.*
- *Coordinating Department: College of Arts and Sciences.*

Designed to assist students in their journey of determining a major area of study by connecting their interests, talents, and passions with academic offerings at UW-Eau Claire.

Attributes: LE-I1 Integration

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IDIS 105 Foundations of Disability Studies (3 crs)

- *Coordinating Department: College of Arts and Sciences.*

This course is an introductory survey to D/disability—as an identity, culture, and theoretical framework—intended for students at any level or in any discipline. We will examine definitions and models of disability, the history of the disability rights movement, intersections with other theoretical frameworks, and how disability is represented culturally and within media.

Attributes: CP Civics Perspectives, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IDIS 125 Brain: Introduction to Neuroscience (4 crs)

- *Coordinating Department: Biology. No credit if taken after BIOL 470, PSYC 375, IDIS 152 when offered as Brain: Introduction to Neuroscience.*

The brain and how it works including sense, movements, emotions, and the malfunctioning brain. Readings in popular publications. Emphasis on understanding how brain function is central to almost everything in day-to-day life.

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

IDIS 131 Distance Running for Health and Fitness (2 crs)

- *Coordinating Department: Kinesiology. No credit if taken after KINS 101 or KINS 186 when offered as Distance Running.*

Design and implement a distance running training plan; learn the importance of wellness as related to health, nutrition, goal setting and resilience.

Attributes: LE-I1 Integration, Field Trip(s) Required

Lecture/Discussion Hours: 1

Lab/Studio Hours: 1

IDIS 187 Integrative Seminar (1 cr)

- *Coordinating Department: Academic Affairs. Permission required by Academic Affairs. Must be enrolled in at least one course in relevant learning community.*

Facilitates integration between linked courses in a learning community.

Repeat: Course may be repeated for a maximum of 3 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

IDIS 190 Leadership for a Better World (1 cr)

- *Coordinating Department: Communication and Journalism. Enrollment priority given to Leadership Living-Learning Community members. No credit if credit has been earned in BSAD 191 when offered as Leadership for a Better World.*

This is an experiential course analyzing values of the Social Change Model of Leadership, exploring leadership identity/competencies, personal values, identifying strategies for positive change, and discussing current leadership issues.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

IDIS 200 Health Humanities (3 crs)

- *Coordinating Department: History.*

This course explores ideas about health through the perspectives of the humanities. Topics covered include the history of medicine and illness; bioethics; the role of narrative and other representational forms in the experience of illness, and health inequities and their causes.

Attributes: HA Humanities Arts, LE-I1 Integration, LE-K3 Humanities, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IDIS 220 Introduction to Narrative Medicine (3 crs)

• *Coordinating Department: English.*

This course introduces students to the field of Narrative Medicine, and builds a foundation in its terminology, philosophy, and application across the medical sciences and medical humanities. Students will engage with fundamental literature within the discipline, literary examples of narrative medicine, as well as texts that expand the field by introducing unique intersections that define and redefine the human body as a social, cultural, and spiritual entity in need of care throughout stages of mortal experience.

Attributes: HA Humanities Arts, LE-I1 Integration, LE-K3 Humanities
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

IDIS 230 Experiential Internship (1-3 crs)

Consent: Department Consent Required

• *Coordinating Department: Career Services. Must have completed 24 credit hours (or in-progress), and be in good academic standing.*

Provides career-related work that extends learning beyond the classroom. Involves intentional learning and active reflection tied to the student's academic and career interests.

Attributes: Field Trip(s) Required, Special Course Fee Required
Repeat: Course may be repeated for a maximum of 6 credits

IDIS 260 Techniques of the Singing/Speaking Voice (2 crs)

• *Coordinating Department: Music and Theatre Arts.*

Study of voice techniques and vocal health for the singing and speaking voice.

Attributes: LE-S3 Creativity
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

IDIS 285 Integrating the Social Sciences: The Social Studies (3 crs)

Prerequisite: Limited to Social Studies Teaching, History Emphasis comprehensive majors and Middle Childhood-Early Adolescence majors.

• *Coordinating Department: Education Studies*

This course intends to influence teachers' abilities to understand the nature of the social studies in relation to the integration of the social sciences and the humanities with the goal of influencing civic competence.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

IDIS 291 Special Topics (1-3 crs)

• *Contact the College of Arts and Sciences Dean's Office to propose an offering under IDIS 291.*

A variable content course designed to provide opportunities to address contemporary issues from multiple perspectives.

Repeat: Course may be repeated for a maximum of 6 credits

IDIS 300 Integrated Performing Arts Across the Curriculum (3 crs)

Prerequisite: Minimum sophomore standing or by consent from the instructors

• *Coordinating Department: Music and Theatre Arts*

An introduction to the theories and practices of dance, music, and theatre techniques appropriate for integration across curriculum grades 1-8. Open to all majors.

Attributes: HA Humanities Arts, LE-I1 Integration, LE-K4 Fine Arts
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

IDIS 303 Understanding the Arts (3 crs)

• *Coordinating Department: Music and Theatre Arts.*

This course empowers students to decode the language of the visual and performing arts. Students will consider historical and cultural contexts of works of art and develop aesthetic literacy.

Attributes: HA Humanities Arts, LE-K4 Fine Arts
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

IDIS 333 Faculty-Led International Immersion Experience (1-3 crs)

Consent: Department Consent Required

• *Coordinating Department: Languages. For use only with UWEC FLIIE programs.*

This Faculty-Led International Immersion Experience (FLIIE) course is specifically utilized for any interdisciplinary FLIIE program. This hands-on experiential learning course is not suited for use in the United States or for any other international program aside from the FLIIE international Immersion experience. One, two, or three credits may be assigned to a particular offering.

Attributes: LE-I1 Integration, Field Trip(s) Required
Grading Basis: A-F Grades Only

IDIS 339 Preparatory Course for the Central European Travel Seminar (3 crs)

Consent: Instructor Consent Required

- *Coordinating Department: History.*

Prepares students for IDIS 340/540, the Central European Travel Seminar held during summer session. Students will study the historical and contemporary perspectives for allied disciplines.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IDIS 340 Central European Travel Seminar (3 crs)

Prerequisite: HIST 280 or ARTH 350, or another spring semester preparatory course in an appropriate department (depending on specific faculty).

- *Coordinating Department: History. Restricted to students participating in INTA 316 Central European Travel Seminar.*

Interdisciplinary summer travel seminar occurring most often in Berlin, Prague, Brno, Vienna, Budapest, and Krakow that builds on groundwork laid in a preparatory spring semester course. Seminar involves advanced on-site study and research across three disciplines.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R2 Global Perspectives, Undergraduate/Graduate Offering, Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IDIS 380 McNair Fall Seminar for Juniors (2 crs)

Prerequisite: Minimum resident and total GPA of 2.75.

Consent: Department Consent Required

- *Coordinating Department: McNair Program Office. Restricted to McNair Scholars.*

Seminar provides an orientation to McNair Program goals and activities, and enhances students' ability to undertake undergraduate research. Course provides an interdisciplinary perspective on the research process for students who desire to become college professors/researchers.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

IDIS 381 McNair Spring Seminar for Juniors (2 crs)

Prerequisite: IDIS 380. Resident and total GPA of 2.75.

Consent: Department Consent Required

- *Coordinating Department: McNair Program Office. Restricted to McNair Scholars.*

McNair Scholars refine the scope and design of their research projects, learn about the development of the American research community across the twentieth century, attend research presentations, and begin evaluating prospective graduate institutions and mentors.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

IDIS 398 International Internships (1-6 crs)

Prerequisite: Sophomore standing and meet stated GPA requirement.

Department (Center for International Education) consent required.

Consent: Department Consent Required

- *Coordinating Department: Career Services.*

Virtual or in-person international internship opportunities offered by UW-Eau Claire partners at multiple locations with placement best suited to student's academic and career goals. Internships are unpaid. To apply, contact the Center for International Education.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 12 credits

Grading Basis: A-F Grades Only

IDIS 410 Arts Administration Seminar (3 crs)

Consent: Instructor Consent Required

- *Coordinating Department: Music and Theatre Arts. Limited to students enrolled in the Arts Administration certificate program or by permission of the instructors.*

An overview of the field of arts administration offering a practical approach examining literature, resources, programs, organizations, and individuals.

Attributes: Capstone Course

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IDIS 480 McNair Fall Seminar for Seniors (2 crs)

Prerequisite: IDIS 381. Minimum resident and total GPA of 2.75.

Consent: Department Consent Required

- *Coordinating Department: McNair Program Office. Restricted to McNair Scholars.*

Scholars prepare and formally present their research findings to academic audiences as journal articles, conference presentations, and posters. They prepare for and take the GRE, and refine and submit application materials to graduate schools.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

IDIS 481 McNair Spring Seminar for Seniors (1 cr)

Prerequisite: IDIS 480. Minimum resident and total GPA of 2.75.

Consent: Department Consent Required

- *Coordinating Department: McNair Program Office. Restricted to McNair Scholars.*

Seminar focuses on how universities operate and what factors drive academics' careers--tenure and academic freedom, professional ethics, diversity, faculty governance and collegiality, funding agencies/foundations and academic publishing. Also covers graduate school progress/finances.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

IDIS 491 Special Topics (1-3 crs)

Prerequisite: Minimum junior standing

- *Contact the College of Arts and Sciences Dean's Office to propose an offering under IDIS 491.*

A variable content course designed to provide opportunities to address contemporary issues from multiple perspectives.

Repeat: Course may be repeated for a maximum of 6 credits

IDIS 539 Preparatory Course for the Central European Travel Seminar (3 crs)

Consent: Instructor Consent Required

- *Coordinating Department: History.*

Prepares students for IDIS 340/540, the Central European Travel Seminar held during summer session. Students will study the historical and contemporary perspectives for allied disciplines.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

IDIS 540 Central European Travel Seminar (3 crs)

Prerequisite: HIST 280 or ARTH 350, or another spring semester preparatory course in an appropriate department (depending on specific faculty).

- *Coordinating Department: History. Dual-listed with IDIS 340. Credit may not earned in both courses. Restricted to students participating in Central European Travel Seminar.*

Interdisciplinary summer travel seminar occurring most often in Berlin, Prague, Brno, Vienna, Budapest, and Krakow that builds on groundwork laid in a preparatory spring semester course. Seminar involves advanced on-site study and research across three disciplines.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

International Business (INTB)

INTB 361 International Experience in India (3 crs)

Prerequisite: ECON 103 or ECON 104. Total GPA 2.60 or higher

- *Fifteen (15) hours of on-campus instruction required during the Fall semester prior to the Winterim study abroad. Students interested in taking this course need to contact the Management and Marketing Department and the Center for International Education before Sept. 15 in the Fall semester prior to the Winterim study abroad.*

An interdisciplinary introduction to contemporary Indian business, culture, politics, history, religion and society that includes a three-week in-country experience.

Attributes: CP Civics Perspectives, LE-R2 Global Perspectives, Undergraduate/Graduate Offering, Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

INTB 362 International Experience in China (3 crs)

Prerequisite: ECON 103 or ECON 104. Total GPA 2.60 or higher

- *Fifteen (15) hours of on-campus instruction required during the Spring semester prior to the Summer interim term study abroad. Students interested in taking this course should contact the Management and Marketing Department and the Center for International Education before Feb. 1 in the Spring semester prior to the Summer Interim study abroad.*

An interdisciplinary introduction to contemporary Chinese business, culture, politics, history, religion and society that includes a three-week in-country experience.

Attributes: CP Civics Perspectives, LE-R2 Global Perspectives, Undergraduate/Graduate Offering, Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

INTB 363 International Experience in Thailand (3 crs)

Prerequisite: Econ 103 or 104 and 2.30 Total GPA.

- *Fifteen (15) hours of on-campus instruction required during the Fall semester prior to the Winterim term study abroad. Students interested in taking this course should contact the Management and Leadership Programs Department and the Center for International Education before Sept 6 in the Fall semester prior to the Winterim study abroad.*

An interdisciplinary introduction to contemporary Thailand business, culture, politics, history, religion and society that includes a three-week in-country experience. Students will learn through pre-departure and in-country curriculum the nuances of Thailand culture, business practices, communication styles and values.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R2 Global Perspectives, Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

INTB 398 International Business Internship Program (1-3 crs)

Prerequisite: Pre-req or concurrent enrollment in MGMT 345, or MKTG 335, or MGMT 447, or FIN 325, or OSCM 363. Minimum junior standing.

Consent: Department Consent Required

- *Acceptance in Internship program is required. See description under College of Business. A maximum of three credits of internship courses may be applied to the 120-credit graduation requirement. Students must have the service-learning option approved prior to starting the internship.*

Students will participate in work experiences related to their area of interest.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration

Repeat: Course may be repeated for a maximum of 3 credits

INTB 488 Global Business Solutions (3 crs)

Prerequisite: MGMT 345 or MKTG 335 or BLAW 315

Global Business Solutions offers student consulting to international business clients facing global challenges. The students are typically seniors majoring in business who have completed all of their core business courses as well as most of the specialization courses. The students form consulting teams and work like apprentices, closely supervised by their instructor. Student consultants in this course offer Global Business Solutions in five specific areas: Global Market Entry, Cross-Cultural Management, Regulatory & Risk Analysis, Global Competitive Intelligence, and Sustainability & ESG Compliance.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

INTB 491 Topics in International Business (1-3 crs)

Prerequisite: MGMT 340 and MKTG 330. Minimum junior standing.

- *Course may be repeated when topic differs.*

Current issues in international business will be the focus of attention. Topic selection will be made by the instructor. Issues will be those facing contemporary management professionals.

Repeat: Course may be repeated for a maximum of 99 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

International Exchange Programs (INTX)

INTX 312 University of Graz, Austria (12-18 crs)

Prerequisite: Minimum total GPA of 3.00. Minimum sophomore standing.

Consent: Department Consent Required

- *Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.*

An exchange program for one semester or the academic year. Students may take courses for international students or regular university courses. Courses offered in English and German. Students live in apartments or dormitories.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 332 Ajou University, Korea (12-18 crs)

Prerequisite: Minimum total GPA of 2.50. Minimum sophomore standing.

Consent: Department Consent Required

- *Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.*

Students attend courses scheduled at Ajou University in South Korea. A one or two semester program, students may choose from a comprehensive curriculum and take any course for which they have appropriate prerequisites. Students live in university residence halls.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 335 Kansai Gaidai University of Foreign Studies-Hirakata City, Japan (12-18 crs)

Prerequisite: Minimum total GPA of 3.00. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

An exchange program for one semester or the academic year in Hirakata City near Kyoto, the old capital of Japan. Students take Asian Studies courses taught in English and Japanese language courses. Students live in dormitories or with host families.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 337 University of Winchester, England (12-18 crs)

Prerequisite: Minimum total GPA of 3.00. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

Fall semester exchange program with University of Winchester in Winchester, England. Students may choose from all classes for which they have appropriate prerequisites. Students live in residence halls on or near campus.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 344 Ajou University, South Korea (6-7 crs)

Prerequisite: Minimum total GPA of 2.30. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Three credits of Foreign Culture requirement waived upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

Students attend courses scheduled at Ajou University's International Summer School. Courses are typically offered in business and economics, Korean language, and social sciences. Students live in university residence halls.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 348 Murdoch University-Perth, Australia (12-18 crs)

Prerequisite: Minimum total GPA of 2.75.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

Students can attend courses at Murdoch University during either semester or for the calendar year. Students may choose from a comprehensive curriculum, and take any courses for which they have met the appropriate prerequisites. Housing is in the university apartments.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 349 University of Limerick, Ireland (12-18 crs)

Prerequisite: Minimum total GPA of 3.0. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

A one or two semester exchange program with the University of Limerick in Limerick, Ireland. Students may choose from all classes for which they have appropriate prerequisites. Students live in university residence halls.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 351 Southern Cross University-Lismore, Australia (12-18 crs)

Prerequisite: Minimum total GPA of 2.50. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

An exchange program for one semester or the calendar year with Southern Cross University. Students may choose from all classes for which they have appropriate prerequisites. Students live in university apartments.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 352 Southern Cross University-Gold Coast, Australia (12-18 crs)

Prerequisite: Minimum total GPA of 2.50. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments prior to departure, while abroad and upon return.

An exchange program for one semester or the calendar year with Southern Cross University. Students may choose from all classes for which they have appropriate prerequisites. Students live in university apartments.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 361 Linnaeus University, Sweden (12-18 crs)

Prerequisite: Minimum total GPA of 3.00. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

An exchange program for one semester or academic year with Linnaeus University. Linnaeus has a wide course selection but is primarily known for its courses in the business, economic, social, and teaching sectors. International courses are taught in English. Students live in university accommodation.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

Prerequisite: GERH 202. Minimum resident GPA of 3.00. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion.

A one semester or academic year program through the Hessen-Wisconsin exchange. Students may choose from all classes for which they have appropriate prerequisites and live in university residence halls.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 381 University of Aberdeen, Aberdeen, Scotland (12-18 crs)

Prerequisite: Minimum total GPA of 3.0. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

A one or two semester exchange program with the University of Aberdeen in Aberdeen, Scotland. Students may choose from all classes for which they have appropriate prerequisites. Students live in university residence halls.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 384 Universität-Marburg (12-18 crs)

Prerequisite: Minimum total GPA of 2.5. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

A one semester or academic year exchange. Prior German language study required for regular university classes. International Undergraduate Studies Program is open to students with no prior study of German. Housing is in university residences.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 395 University of Glasgow, Glasgow, Scotland (12-18 crs)

Prerequisite: Minimum total GPA of 3.0. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

A one or two semester exchange program with the University of Glasgow in Glasgow, Scotland. Students may choose from all classes for which they have appropriate prerequisites. Students live in university residence halls.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 398 University of Stirling, Stirling, Scotland (12-18 crs)

Prerequisite: Minimum total GPA of 3.0. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

A one or two semester exchange program with the University of Stirling in Stirling, Scotland. Students may choose from all classes for which they have appropriate prerequisites. Students live in university residence halls.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 405 Chile, Pontificia Universidad Católica de Valparaíso (12-18 crs)

Prerequisite: Minimum total GPA of 2.75. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

Students attending the Pontificia Universidad Católica de Valparaíso take Spanish language courses, along with regular university offerings. Students live with host families.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

INTX 411 University of Stellenbosch, South Africa Exchange Program (12-18 crs)

Prerequisite: Minimum total GPA of 3.00. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

The University of Stellenbosch is a bilingual university-Afrikaans and English. Courses may be taught in either language. Students can enroll in regular university courses and international programs taught in English. Students live in university residence halls.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTX 436 UPAEP, Puebla, Mexico (12-18 crs)

Prerequisite: SPAN 301. Minimum total GPA of 2.50. Minimum sophomore standing.

Consent: Department Consent Required

- Individual courses may apply toward GE, if appropriate. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can full I1 upon completion of I1 assignments when abroad.

A semester or academic year exchange to UPAEP in Puebla, Mexico. Students can take course for international students and regular university courses. Service-learning is possible. Students live with host families.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

International Studies (INTS)

INTS 145 Study Abroad Orientation (1 cr)

Consent: Department Consent Required

- Must be accepted to study abroad via a UW-Eau Claire program and complete the course before the student can study abroad.

This course will provide students with tools to understand the logistical, academic, and cross-cultural issues they must navigate during study abroad. Students will engage in activities geared towards learning about the host country and increasing their cultural awareness, cross-cultural sensitivity, and adaptability to a new culture.

Repeat: Course may be repeated

Grading Basis: S/U Only Grade Basis

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

INTS 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

- The student must have successfully completed at least one course that directly relates to the subject chosen for the directed study.

A scholarly investigation of a subject appropriate to the country in which the student is studying. Directed by a member of the UW-Eau Claire resident faculty and assisted by a local resource person.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

INTS 399 Independent Study - Juniors (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

INTS 498 International Education Internship (1-6 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

- *Student must apply for internship, interview, and be offered a position.*

Pre-professional internships intended to provide students with concrete, applicable experience in the field of International Education. A complete description of all internships is available in the Center for International Education.

Attributes: Undergraduate/Graduate Offering, Internship

Repeat: Course may be repeated for a maximum of 12 credits

Grading Basis: No Auditors

INTS 499 Independent Study - Seniors (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

INTS 595 Directed Studies (1-3 crs)

Consent: Department Consent Required

- *Dual-listed with INTS 395. The student must have successfully completed at least one course that directly relates to the subject chosen for the directed study.*

A scholarly investigation of a subject appropriate to the country in which the student is studying. Directed by a member of the UW-Eau Claire resident faculty and assisted by a local resource person.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

INTS 698 International Education Internship (1-6 crs)

Consent: Department Consent Required

- *Dual-listed with INTS 498. Student must apply for internship, interview, and be offered a position.*

Pre-professional internships intended to provide students with concrete, applicable experience in the field of International Education. A complete description of all internships is available in the Center for International Education.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 12 credits

Grading Basis: A-F Grades Only

International Studies Abroad (INTA)

INTA 301 USAC-University of Pau, France Summer (3-13 crs)

Consent: Department Consent Required

- *Individual courses may apply toward GE, if appropriate. Six credits of Foreign Culture requirement waived upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can fulfill I1 upon completion of I1 assignments when abroad.*

Students attend University of Pau, France, through the University Studies Abroad Consortium (USAC), where they will study French language and culture for four or eight weeks. Students live in the dormitories or with a host family.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTA 303 Study Abroad USAC University of Pau, France (12-18 crs)

Prerequisite: Minimum total GPA of 2.50. Minimum sophomore standing.

Consent: Department Consent Required

- *Individual courses may apply toward GE, if appropriate. Students can attend for the full academic year or for the Spring semester. Fulfills complete Foreign Culture requirement upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can fulfill I1 upon completion of I1 assignments when abroad.*

Students attend University of Pau, France, through the University Studies Abroad Consortium (USAC), where they will study French language and culture. Students may choose to live in the university dormitories or with a host family.

Attributes: Special Course Fee Required

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

INTA 305 USAC Cuba Short Term (3-8 crs)

Prerequisite: Minimum total GPA of 2.50. Minimum sophomore standing.

Consent: Department Consent Required

- *Individual courses may apply toward GE, if appropriate. Three credits (if taken with Cuban faculty) of Foreign Culture requirement waived upon successful program completion. Individual courses may apply toward LE, if appropriate. This program can fulfill I1 upon completion of I1 assignments when abroad.*

Grading Basis: A-F Grades Only

Japanese (JAPN)

JAPN 101 Beginning Japanese I (4 crs)

Prerequisite: Japanese Placement Exam required or department consent.

- *Students without Japanese language background may contact the Languages Department for permission to enroll.*

A foundation in listening, speaking, reading, writing, and culture. Introduction to hiragana, katakana, and some kanji characters.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

JAPN 102 Beginning Japanese II (4 crs)

Prerequisite: JAPN 101 or suitable placement score on Japanese Placement Exam.

Continuation of Japanese 101. Study of useful conversation patterns, grammar, and culture. Introduction to Kanji-character (91) writing.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

JAPN 201 Intermediate Japanese I (4 crs)

Prerequisite: JAPN 102 or suitable placement score on Japanese Placement Exam.

Review of Japanese grammar and vocabulary with focus on the development of reading, writing, speaking, and listening skills. Students gain an understanding of Japanese culture through a variety of topics.

Attributes: CL Communication Literacy, LE-R2 Global Perspectives

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

JAPN 202 Intermediate Japanese II (4 crs)

Prerequisite: JAPN 201 or suitable placement score on Japanese Placement Exam.

Continuation of Japanese 201.

Attributes: CL Communication Literacy, LE-R2 Global Perspectives

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

JAPN 301 Advanced Japanese Language and Culture I (4 crs)

Prerequisite: JAPN 202 or suitable placement score on Japanese Placement Exam.

Designed to improve speaking, listening, reading, and writings skills. Students gain an understanding of Japanese culture and current events through a variety of topics.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

JAPN 302 Advanced Japanese Language and Culture II (4 crs)

Prerequisite: JAPN 301 or equivalent.

Continuation of Japanese 301. Focuses on improving speaking, listening comprehension, reading, and writing modern Japanese. Extensive use of original spoken and written materials. Further knowledge of sociolinguistics/culture and additional kanji. Emphasis on accurate and appropriate communication.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

Kinesiology (KINS)

KINS 101 Specialty (0.5-2 crs)

- *Special course fee may apply.*

Special class activity to be offered as expertise is available.

Repeat: Course may be repeated

KINS 108 Intercollegiate Athletics (1 cr)

Prerequisite: Eligible to practice as defined by the Wisconsin Intercollegiate Athletic Conference.

Consent: Department Consent Required

The student will participate in the physical activity and lectures pertaining to the preparation of a varsity athletic team for a season and the contests included in that season.

Grading Basis: S/U Only Grade Basis

KINS 186 Wellness Concepts and Health Related Fitness (2 crs)

Students will work to develop health-related fitness and will learn the importance of wellness concepts such as health-related fitness, stress management, nutrition, and consumer responsibility in health and fitness.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

KINS 200 Orientation to Kinesiology (1 cr)

Prerequisite: No credit if taken after KINS 191.

Introduction to disciplines and professions in Kinesiology. Students will become familiar with the possible options available for majors and minors as well as potential careers compatible with a Kinesiology degree.

Grading Basis: S/U Only Grade Basis

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

KINS 275 Prevention and Care of Athletic/Exercise Injuries (3 crs)

Prerequisite: KINS 294

Consent: Department Consent Required

- *Evidence of CPR & First Aid certification is required for enrollment.*

This lecture/lab based course is an introduction to the basic concepts and fundamentals of the prevention, recognition, treatment, and rehabilitation of athletic or exercise-related injuries.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 290 Introduction to Physical Education (3 crs)

Prerequisite: Limited to Physical Education Teaching majors and Exercise Science majors.

Introduction to physical education including understanding the teaching/learning process, effective teaching skills, and context and reflection.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 292 Management and Coaching Theory (2 crs)

- *The course follows American Sports Education Program (ASEP) guidelines, and students have the option to take the ASEP certification exam for a fee.*

An introduction to the coaching profession including current management principles and practices.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

KINS 294 Anatomical Kinesiology (3 crs)

Introduction to human anatomy and the basic structure of the body's major systems. An emphasis will be placed on the musculoskeletal system and an understanding of its relationship to human movement.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 1

KINS 304 Biomechanical Kinesiology (3 crs)

Prerequisite: KINS 294, PHYS 100 or PHYS 211, all with C or above. Minimum total GPA of 2.35.

The relationship of motion, kinematics, kinetics, and fluid mechanics to human movement.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 308 Exercise Physiology (3 crs)

Prerequisite: Grade of C or above in KINS 294. Minimum total GPA of 2.35.

The physiological basis of human movement and the functional changes in body systems as a result of exercise.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 309 Introduction to Exercise Science (3 crs)

Prerequisite: Completion of or concurrent enrollment in KINS 304 and KINS 308.

Minimum total GPA of 2.50. Minimum sophomore standing.

- 2.50 GPA required in major degree program.

Introduction to the foundational concepts associated with physical activity, fitness, and health that underlie the advanced study of exercise prescription and programming.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 312 Psychology of Sport and Physical Activity (3 crs)

Prerequisite: Grade of C or above in KINS 304 and KINS 308. Minimum total GPA of 2.50. Grade of C or above in KINS 309 also required for Exercise Science majors.

The course will examine psychological aspects which affect peak performance in sport, along with exploring the effect that sport and physical activity have on individuals.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 313 Sociology of Sport and Physical Activity (3 crs)

Prerequisite: Minimum total GPA of 2.50.

Introduction to the social influences on sport and physical activity as well as the influence sport has on society.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 320 Foundations of Rehabilitation Science (3 crs)

Prerequisite: KINS 308 or concurrent enrollment. Minimum resident and total GPA of 2.75. Limited to pre-Rehabilitation Science majors or consent of instructor.

Introduction to the historical, philosophical, and theoretical foundations of rehabilitation science. The course also provides information on current trends and issues in rehabilitation science research.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 321 Physical Education Curriculum Models and Teaching Styles (3 crs)

Prerequisite: KINS 290

This class will guide you in understanding the essential curriculum models and teaching styles that shape the field of physical education. You will be challenged to deepen your pedagogical knowledge while building the skills to apply innovative instructional strategies in your own teaching practice. Additionally, the course will encourage you to think critically about how to design and deliver developmentally appropriate, engaging, and effective learning experiences.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 322 Measurement and Assessment in Physical Education (3 crs)

Prerequisite: KINS 290

Prospective physical education teachers in this course will develop the knowledge, dispositions, and performance competencies necessary to effectively measure and assess student learning in K-12 physical education.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 323 Teaching Fundamental Motor Skills in Physical Education (3 crs)

Prerequisite: KINS 290

This course is designed to help you integrate and apply the knowledge and skills you have gained in the PETE program so far, while also pushing you to expand your thinking and grow as an educator. We will explore pedagogical knowledge and teaching strategies used for teaching fundamental motor skills to elementary aged children. You will also develop a strong understanding of the skill themes approach and learn how to design developmentally appropriate instruction that supports student growth and engagement. This course will also provide hands-on teaching experiences through our Homeschool PE program, giving you authentic opportunities to practice and refine your teaching in real-world settings.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 324 Fitness Concepts in Physical Education (3 crs)

Prerequisite: KINS 290. Limited to Physical Education Teaching and Exercise Science majors.

•Participation in this course is based on successful completion of criminal background check and youth protection requirement. Maintenance of current American Red Cross First Aid and CPR certification or equivalent.

Prospective teachers completing this course will acquire the dispositions, knowledge, and performance competencies related to appropriate health-related fitness of school-aged children in K-12 physical education. Opportunity to earn SHAPE America's Physical Best Specialist certificate.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 325 Team and Individual Activities in Physical Education (3 crs)

Prerequisite: KINS 290

This class will guide you in understanding how to plan, implement, and assess instruction across a wide range of team and individual activities, including invasion, net/wall, target, and striking and fielding. You will be expanding beyond your ability to design lessons and units that align with K-12 PE standards; the course will encourage you to use your knowledge and imagination to create a semester-long Project-Based Learning (PBL) experience that integrates these activities in meaningful and innovative ways.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 326 Teaching Lifetime Activities in Physical Education (3 crs)

Prerequisite: KINS 290

This class will guide you in understanding a wide range of lifetime activities, including rhythms and dance, adventure education, swimming, yoga, and outdoor pursuits such as hiking, cross country skiing, and snowshoeing. You will be developing the skills and confidence to plan, implement, and adapt instruction across these activities while aligning lessons with SHAPE America standards. Additionally, the course will encourage you to think critically about how lifetime activities foster creativity, resilience, social-emotional learning, and lifelong engagement in physical activity through your own participation.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 335 Introduction to School Health Education and Current Health Issues (3 crs)

Prerequisite: KINS 290

A theory-and activity-based course in which students will discover the importance of health education in the schools and explore current health issues surrounding our nation's youth.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 336 Strategies and Assessment in School Health Education (3 crs)

Prerequisite: KINS 335/KINS 535

This course will focus on using experiential learning techniques and developing authentic assessments to be used in school health education classes. Student completes approximately 10-15 hours of observation/teaching.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 337 Health Education Curriculum Design & Practicum (3 crs)

Prerequisite: KINS 336/KINS 536

Students will design and evaluate the effectiveness of School Health Education Curricula. Students will plan effective comprehensive health instruction with special emphasis on making curricular connections to effectively integrate health content into multiple disciplines. Student completes approximately 75 hours of observation/teaching.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 346 Academic Apprenticeship in Kinesiology (1-3 crs)

Consent: Instructor Consent Required

Experience for qualified students, supervised by Kinesiology faculty, to facilitate teaching and learning in a specific course. Students will enhance their knowledge of the discipline and their ability to communicate this understanding to their peers.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

KINS 347 Coaching Apprenticeship (1-3 crs)

Prerequisite: KINS 292 or consent of instructor.

Consent: Instructor Consent Required

Experience for qualified students, selected and supervised by faculty members, to facilitate coaching and learning in a coaching setting. Students enhance their knowledge and their ability to communicate that knowledge to other students.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

KINS 348 Exercise Science Apprenticeship (1-3 crs)

Prerequisite: KINS 309 or consent of instructor.

Consent: Instructor Consent Required

Experience for qualified students, selected and supervised by faculty members, to facilitate teaching and learning in an exercise science setting. Students enhance their knowledge and their ability to communicate that knowledge to other students.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

KINS 350 Apprentice in Teaching Physical Education (1-3 crs)

Prerequisite: KINS 290 or consent of instructor.

Consent: Instructor Consent Required

Experience for qualified students, selected and supervised by faculty members, to facilitate teaching and learning in a specific course. Students enhance their knowledge and their ability to communicate that knowledge to other students.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

KINS 351 Cancer Recovery and Fitness Lab (1 cr)

Prerequisite: KINS 355, 358. Minimum GPA of 2.50. Limited to Rehabilitation Science and Exercise Science majors and Kinesiology minors; or consent of instructor.

Consent: Instructor Consent Required

Lecture/ Experience for qualified students, selected and supervised by faculty members, to facilitate applied experiential learning in the field of exercise and cancer recovery. Students enhance their knowledge and ability to communicate that knowledge to others.

Repeat: Course may be repeated for a maximum of 2 credits

Discussion Hours: 0

Lab/Studio Hours: 2

KINS 352 Cancer Recovery and Fitness Seminar (1 cr)

Prerequisite: KINS 355 and 358 for Rehabilitation Science majors. Minimum 2.50 grade point average. Instructor consent required for other majors.

Consent: Instructor Consent Required

A seminar experience designed for students interested in the area of exercise rehabilitation with cancer survivorship. Students will gain knowledge related to cancer treatment and side-effects, the benefits and fundamentals of exercise principles in cancer recovery, and will gain valuable information related to the survivorship issues currently dealt with in the Cancer Recovery and Fitness community outreach program.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

KINS 354 Laboratory Procedures in Exercise Science (3 crs)

Prerequisite: KINS 308 and KINS 309 (Grade of C or above); GPA of 2.5 or above

A theory and laboratory course of the measurement and analysis of the physiology tests for health, performance, and research commonly used in an exercise physiology laboratory.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 355 Exercise Physiology Laboratory Assessment (3 crs)

Prerequisite: KINS 304, KINS 308, and KINS 320; concurrent enrollment with KINS 358 and KINS 484. Limited to Rehabilitation Science majors.

A theory and lab course of the measurement and analysis of the physiology tests for health and performance commonly used in a human performance lab.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 357 Essentials of Strength and Conditioning (3 crs)

Prerequisite: Grade of C or above in KINS 304 and KINS 308. Minimum total GPA of 2.50. Grade of C or above in KINS 309 also required for Exercise Science majors.

The purpose of this course is to introduce the student to strength and conditioning program design, implementation and evaluation. It is also intended to prepare students for the practical component of the National Strength & Conditioning Association (NSCA) Certified Strength & Conditioning Specialist (CSCS) examination.

Attributes: Undergraduate/Graduate Offering, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 358 Fitness Assessment and Exercise Prescription (4 crs)

Prerequisite: KINS 304, KINS 308, and KINS 320; concurrent enrollment with KINS 355 and KINS 484. Limited to admitted Rehabilitation Science majors.

• *Dual listed with KINS 558.*

This course provides students with the theoretical knowledge and practical skills required of the entry-level exercise specialist.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

KINS 391 Special Topics (1-3 crs)

Prerequisite: Limited to Exercise Science, Rehabilitation Science, and Physical Education Teaching majors.

Special topic in kinesiology.

Attributes: Undergraduate/Graduate Offering

KINS 426 Motor Development Across the Lifespan (3 crs)

Prerequisite: Grade of C or above in KINS 294, KINS 304, and KINS 308. Limited to Exercise Science, Rehabilitation Science, Physical Education Teaching majors and Kinesiology minors. Other majors/minors by consent of instructor. Minimum total GPA of 2.35.

• *KINS 304 and KINS 308 are recommended prior to enrollment in this course.*

A study of changes in motor behavior across the lifespan, the processes that underlie these changes, and factors that affect them.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 440 Rehabilitation Science Seminar (2 crs)

Prerequisite: Limited to Rehabilitation Science majors. KINS 473 must be taken concurrently.

The primary purpose of this course is to provide students with an opportunity to review the critical knowledge, skills, and abilities developed throughout the curriculum and to reflect on their undergraduate experience.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

KINS 445 Basic Electrocardiography (3 crs)

Prerequisite: BIOL 151 or BIOL 214; KINS 308; or consent of instructor.

This course is designed to fill the needs of students who desire the ability to interpret the resting, normal, and abnormal ECG, as well as provide an overview of cardiac anatomy, function, and neurophysiology.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 450 Applied Nutrition in Kinesiology (3 crs)

Prerequisite: BIOL 151 or BIOL 214, or other equivalent course.

The purpose of this course is to gain insight into nutritional issues related to various populations. Students will assess dietary, physical, and performance standards related to these populations and develop alternative plans for healthy lifestyles.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 464 Clinical Exercise Physiology (3 crs)

Prerequisite: KINS 355, and KINS 358 or consent of instructor.

This course will focus on the prevention and management of chronic diseases through exercise intervention.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 466 Community Fitness Programming (3 crs)

Prerequisite: KINS 464 or concurrent enrollment.

Prescribing and leading exercise in the early morning fitness program which includes community members with a wide variety of physical capabilities.

Attributes: Service-Learning, Full 30 Hours, Special Course Fee Required

Grading Basis: S/U Only Grade Basis

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

KINS 472 Research Methods in Kinesiology I (2 crs)

Prerequisite: MATH 246. Limited to Rehabilitation Science and Physical Education Teaching majors. Rehabilitation Science majors must take this course with KINS 466 and KINS 464. Minimum total GPA of 2.75.

This course is the first half of the research methods course. It is designed to address the fundamental aspects of conducting systematic hypothesis-driven research in human health, kinesiology, and performance using the scientific method. The class will be separated into groups (4-5 students/group). Each group will work together and under the supervision of a Kinesiology Faculty advisor to design and propose a research project of your choice over the course of the semester. Group responsibility will include formulating novel research questions and hypotheses; locating, reading, and interpreting peer-reviewed scientific studies; developing group-based research projects; and submitting the proposal to the Institutional Review Board for an approval to collect data during KINS 473 Research Methods in Kinesiology II.

Grading Basis: A-F Grades Only

KINS 473 Research Methods in Kinesiology II (2 crs)

Prerequisite: KINS 472; concurrent enrollment with KINS 440 for Rehabilitation Science majors.

This course is the second part of the Research Methods course and will address the fundamental aspects of conducting systematic hypothesis-driven research in human health, kinesiology, and performance using the scientific method. The class will be separated into groups (4-5 students/group). Each group will work together and under the supervision of a Kinesiology Faculty advisor to design and complete a research project of your choice over the course of the semester. Group responsibility for this portion of the research methods course will include data collection, statistical analyses and interpretation, writing a research manuscript, and preparing an oral presentation.

Attributes: LE-I1 Integration, LE-S3 Creativity

Grading Basis: A-F Grades Only

KINS 476 Exercise Science Seminar (3 crs)

Prerequisite: KINS 357. Minimum 2.50 total GPA. Limited to Exercise Science majors

- Limited to Exercise Science majors in their final year before graduation.

This is the capstone experience for students in Exercise Science. Students will develop a portfolio, lead and participate in professional discussions and present a project.

Attributes: LE-S3 Creativity, Capstone Course

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 477 Research Methods in Kinesiology I (3 crs)

Prerequisite: MATH 246 or MATH 247. Limited to Rehabilitation Science majors. Concurrent enrollment in KINS 466 and KINS 464 is required. Minimum total GPA of 2.75.

This course is the first half of the research methods course. It is designed to address the fundamental aspects of conducting systematic hypothesis-driven research in human health, kinesiology, and performance using scientific methods. Group responsibility will include formulating novel research questions and hypotheses; locating, reading, and interpreting peer-reviewed scientific studies; developing group-based research projects; and submitting the proposal to the Institutional Review Board for an approval to collect data during KINS 478 Research Methods in Kinesiology II.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 478 Research Methods in Kinesiology II (3 crs)

Prerequisite: KINS 477. Concurrent enrollment with KINS 440.

This course is the second part of the Research Methods course and will address the fundamental aspects of conducting systematic hypothesis-driven research in human health, kinesiology, and performance using the scientific method. Group responsibility for this portion of the research methods course will include data collection, statistical analyses and interpretation, writing a research manuscript, and preparing an oral presentation.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 484 Adapted Physical Activity (3 crs)

Prerequisite: Physical Education Teaching major: KINS 290. Admitted Rehabilitation Science majors and concurrent enrollment in KINS 355 and KINS 358.

A theory and lab course examining exceptionalities as they apply to the physical education environment. Study includes legal implications, IEPs, individual differences, assessment principles, modification of tasks and learning environments, and field experiences (30 hours).

Attributes: LE-CEL Community-Engaged Learning

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 487 Assessment in Adapted Physical Education (3 crs)

Prerequisite: KINS 484 and one of the following: SEIP 200, SEIP 219, SEIP 306, SEIP 340, or UEC 220

A theory and lab course examining the appropriate assessment tools and procedures for special populations in physical education.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 491 Practicum in Rehabilitation Science (1-2 crs)

Prerequisite: Limited to Rehabilitation Science majors; KINS 355, KINS 358, KINS 484.

A lab course applying knowledge and practical skills in a full-time rehabilitation work environment. Field experience a minimum of 100 hours is required.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 2 credits

Grading Basis: A-F Grades Only

Lab/Studio Hours: 2

Practicum Hours: 4

KINS 492 Coaching Practicum and Seminar (4 crs)

Prerequisite: KINS 292. Minimum senior standing.

Consent: Department Consent Required

A capstone experience where the student develops a coaching portfolio.

Seminar focuses on special topics in sport. Field experience of a minimum of 60 hours will apply teaching, administrative, and management skills in coaching.

Attributes: Undergraduate/Graduate Offering, Capstone Course, Special Course Fee Required

Seminar Hours: 2

Practicum Hours: 4

KINS 493 Practicum in Adapted Physical Education (3 crs)

Prerequisite: KINS 487

Consent: Department Consent Required

A lab course applying principles of programming and assessment in the special physical education environment. Field experience a minimum of 75 hours is required.

Attributes: Undergraduate/Graduate Offering, Special Course Fee Required

Lecture/Discussion Hours: 0

Lab/Studio Hours: 3

KINS 495 Directed Studies (1-3 crs)

Consent: Department Consent Required

Study, under the immediate direction of a kinesiology faculty member, of a problem or special area not covered in existing courses.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

KINS 496 Capstone-Teaching Physical Education (1 cr)

Prerequisite: Limited to admitted Physical Education Teacher Education majors.

Consent: Instructor Consent Required

- *Limited to Physical Education Teacher Education majors who are in their final year before graduation.*

Students will integrate and apply their knowledge, skills, and dispositions to case studies and issues in physical education teaching.

Attributes: LE-I1 Integration, Capstone Course

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

KINS 498 Exercise Science Internship (6 crs)

Prerequisite: KINS 476. Minimum total GPA of 2.50. Limited to Exercise Science majors

Consent: Instructor Consent Required

- *(1) Maintenance of current American Red Cross First Aid and CPR certification or equivalent and, (2) satisfactory completion of a background information disclosure check prior to the start of the internship is required.*

Students are provided with an opportunity to integrate and apply the knowledge, skills, and abilities developed through their undergraduate education in a professional setting.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, Internship

Grading Basis: S/U Only Grade Basis

KINS 499 Independent Study (1-3 crs)

Prerequisite: Minimum resident and total GPA of 3.00. Minimum junior standing.

Consent: Department Consent Required

Individual research project under the direction of a faculty member.

Repeat: Course may be repeated

KINS 512 Psychology of Sport and Physical Activity (3 crs)

- *Dual-listed with KINS 312. Credit may not be earned in both courses.*

The course will examine psychological aspects which affect peak performance in sport, along with exploring the effect that sport and physical activity have on individuals.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 513 Sociology of Sport and Physical Activity (3 crs)

- *Dual-listed with KINS 313. Credit may not be earned in both courses.*

Introduction to the social influences on sport and physical activity as well as the influence sport has on society.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 535 Introduction to School Health Education and Current Health Issues (3 crs)

- *Dual-listed with KINS 335. Credit may not be earned in both courses.*

A theory- and activity-based course in which students will discover the importance of health education in the schools and explore current health issues surrounding our nation's youth.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 536 Strategies and Assessment in School Health Education (3 crs)

Prerequisite: KINS 335/KINS 535

- *Dual-listed with KINS 336. Credit may not be earned in both courses.*

This course will focus on using experiential learning techniques and developing authentic assessments to be used in school health education classes. Student completes approximately 10-15 hours of observation/teaching.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 537 Health Education Curriculum Design & Practicum (3 crs)

Prerequisite: KINS 336/KINS 536

- *Dual-listed with KINS 337. Credit may not be earned in both courses.*

Students will design and evaluate the effectiveness of School Health Education Curricula. Students will plan effective comprehensive health instruction with special emphasis on making curricular connections to effectively integrate health content into multiple disciplines. Student completes approximately 75 hours of observation/teaching.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 546 Academic Apprenticeship in Kinesiology (1-3 crs)

Consent: Instructor Consent Required

- *Dual-listed with KINS 346.*

Experience for qualified students, supervised by Kinesiology faculty, to facilitate teaching and learning in a specific course. Students will enhance their knowledge of the discipline and their ability to communicate this understanding to their peers.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

KINS 547 Coaching Apprenticeship (1-3 crs)

Prerequisite: KINS 292 or consent of instructor.

Consent: Instructor Consent Required

- *Dual-listed with KINS 347.*

Experience for qualified students, selected and supervised by faculty members, to facilitate coaching and learning in a coaching setting. Students enhance their knowledge and their ability to communicate that knowledge to other students.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

KINS 548 Exercise Science Apprenticeship (1-3 crs)

Prerequisite: KINS 309 or consent of instructor.

Consent: Instructor Consent Required

- *Dual-listed with KINS 348.*

Experience for qualified students, selected and supervised by faculty members, to facilitate teaching and learning in an exercise science setting. Students enhance their knowledge and their ability to communicate that knowledge to other students.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

KINS 550 Apprentice in Teaching Physical Education (1-3 crs)

Prerequisite: KINS 290 or consent of instructor.

Consent: Instructor Consent Required

- *Dual-listed with KINS 350.*

Experience for qualified students, selected and supervised by faculty members, to facilitate teaching and learning in a specific course. Students enhance their knowledge and their ability to communicate that knowledge to other students.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

KINS 557 Essentials of Strength and Conditioning (3 crs)

Prerequisite: KINS 304 and KINS 308.

- *Dual-listed with KINS 357. Credit may not be earned in both courses.*

The purpose of this course is to introduce the student to strength and conditioning program design, implementation and evaluation. It is also intended to prepare students for the practical component of the National Strength & Conditioning Association (NSCA) Certified Strength & Conditioning Specialist (CSCS) examination.

Attributes: Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 558 Fitness Assessment and Exercise Prescription (4 crs)

Prerequisite: Students that are admitted into the Master of Science in Exercise Physiology program.

- *Dual listed with KINS 358.*

This course provides students with the theoretical knowledge and practical skills required of the entry-level exercise specialist.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

KINS 591 Special Topics (1-3 crs)

- *Dual-listed with KINS 391.*

Special topic in kinesiology.

Grading Basis: No S/U Grade Option

KINS 645 Basic Electrocardiography (3 crs)

Prerequisite: BIOL 151 or BIOL 214; KINS 308; or consent of instructor.

• *Dual-listed with KINS 445. Credit may not be earned in both courses.*

This course is designed to fill the needs of students who desire the ability to interpret the resting, normal, and abnormal ECG, as well as provide an overview of cardiac anatomy, function, and neurophysiology.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 650 Applied Nutrition in Kinesiology (3 crs)

Prerequisite: BIOL 151 or BIOL 214, or other equivalent course.

• *Dual-listed with KINS 450. Credit may not be earned in both courses.*

The purpose of this course is to gain insight into nutritional issues related to various populations. Students will assess dietary, physical, and performance standards related to these populations and develop alternative plans for healthy lifestyles.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 664 Clinical Exercise Physiology (3 crs)

Prerequisite: Limited to students accepted into the Master of Science in Exercise Physiology Program. Concurrent enrollment in KINS 791 and KINS 785.

This course will focus on the prevention and management of chronic diseases through exercise intervention.

Attributes: MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

KINS 664A Clinical Exercise Physiology (3 crs)

Prerequisite: KINS 355, and KINS 358 or consent of instructor.

This course will focus on the prevention and management of chronic diseases through exercise intervention.

Attributes: MSEP Flat Rate Tuition, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 684 Adapted Physical Activity (3 crs)

A theory and lab course examining exceptionalities as they apply to the physical education environment. Study includes legal implications, IEPs, individual differences, assessment principles, modification of tasks and learning environments, and field experiences (30 hours).

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 687 Assessment in Adapted Physical Education (3 crs)

Prerequisite: KINS 484 and one of the following: SEIP 200, SEIP 219, SEIP 306, SEIP 340, or UEC 220

• *Dual-listed with KINS 487. Credit may not be earned in both courses.*

A theory and lab course examining the appropriate assessment tools and procedures for special populations in physical education.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 692 Coaching Practicum and Seminar (4 crs)

Prerequisite: KINS 292

Consent: Department Consent Required

• *Dual-listed with KINS 492. Credit may not be earned in both courses.*

A capstone experience where the student develops a coaching portfolio. Seminar focuses on special topics in sport. Field experience of a minimum of 60 hours will apply teaching, administrative, and management skills in coaching.

Attributes: Capstone Course, Special Course Fee Required

Grading Basis: No S/U Grade Option

Seminar Hours: 2

Practicum Hours: 4

KINS 693 Practicum in Adapted Physical Education (3 crs)

Prerequisite: KINS 487/KINS 687

Consent: Department Consent Required

• *Dual-listed with KINS 493. Credit may not be earned in both courses.*

A lab course applying principles of programming and assessment in the special physical education environment. Field experience a minimum of 75 hours is required.

Attributes: Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 0

Lab/Studio Hours: 3

KINS 695 Directed Studies (1-3 crs)

Consent: Department Consent Required

- *Dual-listed with KINS 495.*

Study, under the immediate direction of a kinesiology faculty member, of a problem or special area not covered in existing courses.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

KINS 700A Principles of Athletic Training (3 crs)

Prerequisite: Limited to students accepted into the MSAT Accelerated Plan.

- *This course is part of the MS in Athletic Training's Accelerated program.*

Introduction to the foundational knowledge of the athletic training profession, concepts in the prevention of athletic injuries, and exposure to fundamental skills, knowledge, and techniques in athletic training based upon evidence-based criteria.

Attributes: Undergraduate/Graduate Offering, MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 700 Principles of Athletic Training (3 crs)

Prerequisite: Limited to students admitted to the M.S. in Athletic Training program.

Introduction to the foundational knowledge of the athletic training profession, concepts in the prevention of athletic injuries, and exposure to fundamental skills, knowledge, and techniques in athletic training based upon evidence-based criteria.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 701 Applied Anatomy (2 crs)

Prerequisite: Limited to students admitted to the M.S. in Athletic Training program

This course builds on a previous knowledge of human anatomy at a macroscopic level. It further examines the role of anatomy related to human movement, connective tissue behavior, and muscle activity. Additionally, students will have advanced understanding of anatomy structure and function to form the basis for its role in diagnosis and rehabilitation of injuries and illnesses.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion: 1

Lab/Studio: 2

KINS 701A Applied Anatomy (2 crs)

Prerequisite: Limited to students accepted into the MSAT Accelerated Plan.

- *This course is part of the MS in Athletic Training's Accelerated program.*

This course builds on a previous knowledge of human anatomy at a macroscopic level. It further examines the role of anatomy related to human movement, connective tissue behavior, and muscle activity. Additionally, students will have advanced understanding of anatomy structure and function to form the basis for its role in diagnosis and rehabilitation of injuries and illnesses.

Attributes: Undergraduate/Graduate Offering, MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion: 1

Lab/Studio: 2

KINS 708 Advanced Exercise Physiology (3 crs)

Prerequisite: Limited to students accepted into the Master of Science in Exercise Physiology Program. Concurrent enrollment in KINS 709 & KINS 784. Credit cannot be earned in KINS 708 and KINS 708A.

The purpose of this course is to enable the exercise/rehabilitation professional to gain an advanced and detailed understanding of the responses of physiological systems to acute exercise and how the repeated application of exercise results in adaptations within physiological systems (i.e. training adaptation). Emphasis will be placed on the metabolic/bioenergetic, cardiovascular, neuromuscular, and pulmonary responses to acute and chronic exercise (in normal and other environmental conditions), the interaction of these system responses, and to dispel any myths that might relate to exercise training. The student will also be provided opportunities to engage in critical analyses of the current literature regarding these topics.

Attributes: MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 708A Advanced Exercise Physiology (3 crs)

Prerequisite: Concurrent enrollment with KINS 709A and 784A. Limited to students accepted into the Master of Science in Exercise Physiology Program Accelerated Plan.

- *Dual-listed with KINS 708.*

The purpose of this course is to enable the exercise/rehabilitation professional to gain an advanced and detailed understanding of the responses of physiological systems to acute exercise and how the repeated application of exercise results in adaptations within physiological systems (i.e. training adaptation). Emphasis will be placed on the metabolic/bioenergetic, cardiovascular, neuromuscular, and pulmonary responses to acute and chronic exercise (in normal and other environmental conditions), the interaction of these system responses, and to dispel any myths that might relate to exercise training. The student will also be provided opportunities to engage in critical analyses of the current literature regarding these topics.

Attributes: MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

KINS 709 Advanced Exercise Physiology Laboratory Procedures (4 crs)

Prerequisite: Limited to students admitted to the M.S. in Exercise Physiology Program.

•Flat rate tuition; Special Course Fee Required

This course provides underlying theory and application on the measurement and evaluation of cardiorespiratory fitness, respiratory function, body composition, resting metabolism, and muscular fitness. This course will provide experiences with fundamental as well as advanced techniques used in the measurement of exercise physiology, and indirectly reinforce research skills, scientific writing, and knowledge of systems physiology.

Attributes: MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 709A Advanced Exercise Physiology Laboratory Procedures (4 crs)

Prerequisite: Limited to students accepted into the Master of Science in Exercise Physiology Program Accelerated Plan. Credit cannot be earned in KINS 709 and KINS 709A.

•Flat rate tuition; Special Course Fee Required. This course is part of the M.S. in Exercise Physiology Program Accelerated Plan.

This course provides underlying theory and application on the measurement and evaluation of cardiorespiratory fitness, respiratory function, body composition, resting metabolism, and muscular fitness. This course will provide experiences with fundamental as well as advanced techniques used in the measurement of exercise physiology, and indirectly reinforce research skills, scientific writing, and knowledge of systems physiology.

Attributes: MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

KINS 710A Foundations of Clinical Practice (3 crs)

Prerequisite: Limited to students accepted into the MSAT Accelerated Plan.

• This course is part of the MS in Athletic Training's Accelerated program.

This foundational course emphasizes the basic principles and underlying theory related to physical assessment, rehabilitation, and the use of modalities needed to identify impairments and develop interventions for the physically active population.

Attributes: Undergraduate/Graduate Offering, MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 710 Foundations of Clinical Practice (3 crs)

Prerequisite: Admission to MS in Athletic Training

This foundational course emphasizes the basic principles and underlying theory related to physical assessment, rehabilitation, and the use of modalities needed to identify impairments and develop interventions for the physically active population.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 714 Pathophysiology & Emergency Medicine (3 crs)

Prerequisite: Admission to Masters in Athletic Training program; KINS 700, 701, and 710; Overall GPA in MAT of 3.0 and above

A theory and lab course focused on providing the epidemiology, pathophysiology, and best-practice management for acute and emergency injuries/illnesses in the physically active patient. Successful completion of the course will result in certification as a first responder.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 714A Pathophysiology & Emergency Medicine (3 crs)

Prerequisite: Limited to students accepted into the MSAT Accelerated Plan. KINS 700A, 701A, and 710A; Overall GPA in MAT of 3.0 and above.

• This course is part of the MS in Athletic Training's Accelerated program.

A theory and lab course focused on providing the epidemiology, pathophysiology, and best-practice management for acute and emergency injuries/illnesses in the physically active patient. Successful completion of the course will result in certification as a first responder.

Attributes: Undergraduate/Graduate Offering, MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

KINS 720A Physical Assessment and Treatment of the Lower Extremity (5 crs)

Prerequisite: Limited to students accepted into the MSAT Accelerated Plan. KINS 700A, 701A, and 710A; Overall GPA in MAT of 3.0 and above.

• *This course is part of the MS in Athletic Training's Accelerated program.*

This course focuses on application of the theory and principles associated with prevention, examination, diagnosis, and treatment to patients with musculoskeletal, neurological, and/or other pathological conditions associated with the lower extremity.

Attributes: Undergraduate/Graduate Offering, MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 4

KINS 720 Physical Assessment and Treatment of the Lower Extremity (5 crs)

Prerequisite: Admittance to MAT. KINS 700, 701, and 710; Overall GPA in MAT of 3.0 and above.

This course focuses on application of the theory and principles associated with prevention, examination, diagnosis, and treatment to patients with musculoskeletal, neurological, and/or other pathological conditions associated with the lower extremity.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 4

KINS 721 Physical Assessment and Treatment of the Head and Spine (4 crs)

Prerequisite: Admittance to MAT, KINS 720; Overall GPA in MAT of 3.0 and above

This course focuses on application of the theory and principles associated with prevention, examination, diagnosis, and treatment to patients with musculoskeletal, neurological, and/or other pathological conditions associated with the head and spine.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

KINS 721A Physical Assessment and Treatment of the Head and Spine (4 crs)

Prerequisite: Limited to students accepted into the MSAT Accelerated Plan. KINS 720A; Overall GPA in MAT of 3.0 and above.

• *This course is part of the MS in Athletic Training's Accelerated program.*

This course focuses on application of the theory and principles associated with prevention, examination, diagnosis, and treatment to patients with musculoskeletal, neurological, and/or other pathological conditions associated with the head and spine.

Attributes: Undergraduate/Graduate Offering, MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

KINS 722 Physical Assessment and Treatment of the Upper Body (5 crs)

Prerequisite: Admittance to MAT, KINS 721; Overall GPA in MAT of 3.0 and above.

This course focuses on application of the theory and principles associated with prevention, examination, diagnosis, and treatment to patients with musculoskeletal, neurological, and/or other pathological conditions associated with the upper body.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 4

KINS 722A Physical Assessment and Treatment of the Upper Body (5 crs)

Prerequisite: Limited to students accepted into the MSAT Accelerated Plan. KINS 721A; Overall GPA in MAT of 3.0 and above.

• *This course is part of the MS in Athletic Training's Accelerated program.*

This course focuses on application of the theory and principles associated with prevention, examination, diagnosis, and treatment to patients with musculoskeletal, neurological, and/or other pathological conditions associated with the upper body.

Attributes: Undergraduate/Graduate Offering, MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 4

KINS 723 General Medicine & Diagnostic Modalities (4 crs)

Prerequisite: Admission to MAT, KINS 722 and 781; Overall GPA in MAT of 3.0 and above.

A theory course that examines various medical specialties, surgical techniques, and clinical evaluations and diagnostics modalities used in assessing and treating medical conditions, illnesses and injuries related to the physically active populations.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

KINS 724 Manual Therapy Techniques (3 crs)

Prerequisite: Admission to MAT, KINS 722 and 781; Overall GPA in MAT of 3.0 and above.

This course is designed to provide an understanding of soft tissue manipulation and how it is integrated into the full spectrum of patient management, via the use of manual and instrument assisted techniques.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1.5

Lab/Studio Hours: 3

KINS 730 Healthcare Management & Practice (3 crs)

Prerequisite: Admission to MAT, KINS 789; Overall GPA in MAT of 3.0 and above.

A theory course that focuses on fundamental principles of administration and evaluation of the delivery of athletic training services in the context of the larger health care system with an emphasis on using evidence-based information in the decision-making process.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 731 Special Topics in Athletic Training (4 crs)

Prerequisite: Admission to MSAT, KINS 792; Overall GPA in MAT of 3.0 and above.

This is a capstone educational experience focusing on current topics in the Athletic Training profession and career development issues. As part of this professional preparation, students will complete an oral presentation, defense, and manuscript submission of their KINS 791/792 research project.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 755 Performance Enhancement in the Physically Active (2 crs)

Prerequisite: Admittance to MAT, Overall GPA in MAT of 3.0 and above.

Foundational knowledge and content in performance enhancements of individuals in sports and physically active populations. Includes the applications of current methods and techniques used for the enhancement of individuals physical abilities in strength and conditioning principles.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

KINS 762 Psychosocial Aspects in Healthcare (1 cr)

Prerequisite: Admission to MAT; KINS 700, 701, and 710; Overall GPA in MAT of 3.0 and above.

This course is designed to understand the psychosocial aspects as it relates to the occurrence of injury and illness during the rehabilitation/recovery process and to identify appropriate referral/supportive resources.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

KINS 762A Psychosocial Aspects in Healthcare (1 cr)

Prerequisite: Limited to students accepted into the MSAT Accelerated Plan. KINS 700A, 701A, and 710A; Overall GPA in MAT of 3.0 and above.

• *This course is part of the MS in Athletic Training's Accelerated program.*

This course is designed to understand the psychosocial aspects as it relates to the occurrence of injury and illness during the rehabilitation/recovery process and to identify appropriate referral/supportive resources.

Attributes: Undergraduate/Graduate Offering, MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

KINS 777 Exercise Physiology Internship (6 crs)

Prerequisite: Limited to students accepted into the Master of Science in Exercise Physiology Program. KINS 786; Minimum Total GPA of 3.0; (1) Current American Red Cross First Aid and CPR cert, (2) Completion of a background information check prior to the internship.

Consent: Department Consent Required

This internship course is designed to provide graduate students in the MSEP program with a supervised clinical experience in exercise physiology. Students are provided with an opportunity to integrate and apply the knowledge, skills, and abilities developed throughout their graduate education.

Attributes: MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: S/U Only Grade Basis

KINS 780A Clinical Practicum I (2 crs)

Prerequisite: Limited to students accepted into the MSAT Accelerated Plan. KINS 700A, 701A, and 710A; Overall GPA in MAT of 3.0 and above.

• *This course is part of the MS in Athletic Training's Accelerated program.*

A lab and practicum course designed to further develop and refine the proficiency skills of athletic training, as well as provide supervised clinical experience in athletic training.

Attributes: Undergraduate/Graduate Offering, MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 4

KINS 780 Clinical Practicum I (2 crs)

Prerequisite: Admission to MAT; KINS 700, 701, and 710; Overall GPA in MAT of 3.0 and above.

A lab and practicum course designed to further develop and refine the proficiency skills of athletic training, as well as provide supervised clinical experience in athletic training.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 4

KINS 781A Clinical Practicum II (2 crs)

Prerequisite: Limited to students accepted into the MSAT Accelerated Plan. KINS 714A, 720A, 721A, 762A and 780A; Overall GPA in MAT of 3.0 and above.

• *This course is part of the MS in Athletic Training's Accelerated program.*

A lab and practicum course designed to further develop and refine the proficiency skills of athletic training, as well as provide supervised clinical experience in athletic training. Clinical skills and knowledge from previous semester courses (e.g., Physical Assessment & Treatment of the Lower Extremity/Head & Spine, Psychosocial Aspects, Emergency Medicine) will be assessed for mastery.

Attributes: LE-CEL Community-Engaged Learning, Undergraduate/Graduate Offering, MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 4

KINS 781 Clinical Practicum II (2 crs)

Prerequisite: Admission to MAT; KINS 714, 720, 721, 762, 780; Overall GPA in MAT of 3.0 and above

A lab and practicum course designed to further develop and refine the proficiency skills of athletic training, as well as provide supervised clinical experience in athletic training. Clinical skills and knowledge from previous semester courses (e.g., Physical Assessment & Treatment of the Lower Extremity/Head & Spine, Psychosocial Aspects, Emergency Medicine) will be assessed for mastery.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 4

KINS 782 Clinical Practicum III (2 crs)

Prerequisite: Admission to MAT; KINS 722, 763, 781; Overall GPA in MAT of 3.0 and above.

A lab and practicum course designed to further develop and refine the proficiency skills of athletic training, as well as provide supervised clinical experience in athletic training. Clinical skills and knowledge from the previous semester courses (e.g., Pharmacology, Nutrition, Physical Assessment & Treatment of the Upper Body) will be assessed for mastery.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 4

KINS 783 Clinical Practicum IV (2 crs)

Prerequisite: Admission to MAT; KINS 723, 724, 782; Overall GPA in MAT of 3.0 and above.

A lab and practicum course designed to further develop and refine the proficiency skills of athletic training, as well as provide supervised clinical experience in athletic training. Clinical skills and knowledge from the previous semester courses (e.g., General and Manual Medicine, Special Posulations Rehabilitation) will be assessed for mastery.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 4

KINS 784 Clinical Practicum in Exercise Physiology I (2 crs)

Prerequisite: Limited to students admitted to the M.S. in Exercise Physiology Program. Concurrent enrollment with KINS 708 and KINS 709

This practicum course is designed to provide graduate students in the MSEP program with supervised clinical experience in exercise physiology and adapted physical activity through two outreach programs: 1) Physical Activity and Recreation for Individuals with Disabilities in the Eau Claire area (P.R.I.D.E.) and 2) P.R.I.D.E.4 Adults.

Attributes: MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 4

KINS 784A Clinical Practicum in Exercise Physiology I (2 crs)

Prerequisite: Limited to students accepted into the Master of Science in Exercise Physiology Program Accelerated Plan. Concurrent enrollment with KINS 708A and KINS 709A.

This practicum course is designed to provide graduate students in the MSEP program with supervised clinical experience in exercise physiology and adapted physical activity through two outreach programs: 1) Physical Activity and Recreation for Individuals with Disabilities in the Eau Claire area (P.R.I.D.E.) and 2) P.R.I.D.E.4 Adults.

Attributes: Undergraduate/Graduate Offering, MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 4

KINS 785A Clinical Practicum in Exercise Physiology II (3 crs)

Prerequisite: Limited to students accepted into the Master of Science in Exercise Physiology Program Accelerated Plan. Concurrent enrollment in KINS 791A and KINS 664A. Credit cannot be earned in KINS 785 and KINS 785A.
• *Dual-listed with KINS 785.*

This practicum course is designed to provide graduate students in the MSEP program with supervised clinical experiences in exercise physiology working with adults through an outreach program (Community Fitness Program).

Attributes: LE-CEL Community-Engaged Learning, MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion: 3

Lab/Studio: 0

KINS 785 Clinical Practicum in Exercise Physiology II (3 crs)

Prerequisite: Limited to students accepted into the Master of Science in Exercise Physiology Program. Concurrent enrollment in KINS 791 and KINS 464/664. Credit cannot be earned in KINS 785 and KINS 785A.

This practicum course is designed to provide graduate students in the MSEP program with supervised clinical experiences in exercise physiology working with adults through an outreach program (Community Fitness Program).

Attributes: MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 786 Clinical Practicum in Exercise Physiology III (1 cr)

Prerequisite: Limited to students accepted into the Master of Science in Exercise Physiology Program. Concurrent enrollment in KINS 792 and KINS 790. Overall GPA in MSEP of 3.0 and above.

This practicum course is designed to provide graduate students in the MSEP program with supervised clinical experience in exercise physiology and adapted physical activity through two outreach programs: 1) Cancer Recovery & Fitness Program.; and 2) Parkinson's Exercise Program (6-week rotation between the two programs).

Attributes: MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

KINS 788 Clinical Immersion Experience I (4 crs)

Prerequisite: Admission to MAT; KINS 781; Overall GPA in MAT of 3.0 and above. Practicum Contact Hours: 8 This course emphasizes full-time, immersive clinical placements designed to reflect the daily clinical and administrative practices of an athletic trainer. Students will complete this experience in a minimum of four-weeks and must work a minimum of 105 hours (35 hours / week minimum) of the clinical experience.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

KINS 789 Clinical Immersion Experience II (2 crs)

Prerequisite: Admission to MAT; KINS 782, 788; Overall GPA in MAT of 3.0 and above.

This course is the second part of the clinical immersive experience and emphasizes full-time, immersive clinical placements designed to reflect the daily clinical and administrative practices of an athletic trainer.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Practicum Hours: 8

KINS 790 Exercise Physiology Graduate Seminar (3 crs)

Prerequisite: KINS 664 and KINS 785. Concurrent enrollment in KINS 786 and KINS 792.

This graduate seminar is designed to provide graduate students in the MSEP program with opportunities to further develop and practice leadership skills through presentations and discussions on topics related to exercise physiology professions. This course will also cover content related to behavioral change and legal and professional responsibilities.

Attributes: MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

KINS 791 Evidence Based Practice & Research I (3 crs)

Prerequisite: Limited to students accepted into the MSAT or MSEP programs. Credit cannot be earned in KINS 791 and KINS 791A.

This course introduces students to current evidence-based research methods and the importance of conducting and interpreting research. Students will develop a research question and the initial chapters of a research project, resulting in a research proposal for a study.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 791A Evidence Based Practice & Research I (3 crs)

Prerequisite: Limited to students accepted into the MSAT or MSEP Accelerated programs. Credit cannot be earned in KINS 791 and KINS 791A.

This course introduces students to current evidence-based research methods and the importance of conducting and interpreting athletic training research. Students will develop a research question and the initial chapters of a research project, resulting in a research proposal for a study.

Attributes: Undergraduate/Graduate Offering, MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

KINS 792 Evidence Based Practice & Research II (2 crs)

Prerequisite: Admission to MSAT or MSEP program, completion of KINS 791, overall GPA of 3.0 or above.

This course is a continuation of Evidence-Based Practice and Research I. Students will complete their research projects and learn to apply findings to clinical practice and dissemination.

Attributes: MSAT Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

KINS 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

KINS 799 Thesis in Exercise Physiology (1-6 crs)

Prerequisite: Enrolled in Master of Science in Exercise Physiology program

Consent: Department Consent Required

The purpose of the course is to offer graduate students an opportunity to undergo a research process under the mentorships of faculty within the Department of Kinesiology and faculty in other departments on campus. The process includes: an extensive literature review, institutional review board study protocol application, proposal of the thesis project, data collection/analysis, writing of a research manuscript and a thesis defense.

Attributes: MSEP Flat Rate Tuition, Special Course Fee Required

Grading Basis: PR Only Grade Basis

Languages (LANG)

LANG 130 U.S. Culture for English Language Learners (3 crs)

Prerequisite: Only open to English Language Learners

• *Credit may not be earned in both LANG 130 and ESL 360 or LANG 130 and IDIS 153 when offered as US Culture for English Language Learners (ELLs).*

Introduction to U.S. culture for international students. Examines U.S. culture's products, practices and perspectives, and major systems (e.g., political, economic, educational) to better understand the U.S. and one's own culture.

Attributes: SBS Social Behavioral Science, LE-I1 Integration, LE-K2 Social Sciences, Field Trip(s) Required

Lab/Studio Hours: 0

Seminar Hours: 3

LANG 140 U.S. Multiculturalism for English Language Learners (3 crs)

Prerequisite: Only open to English Language Learners

• *Credit may not be earned in both LANG 140 and ESL 310 or LANG 140 and IDIS 154 when offered as U.S. Multiculturalism for English Language Learners (ELLs).*

International students will learn about the U.S. through the eyes of multicultural Americans and their experiences in U.S. society.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lab/Studio Hours: 0

Seminar Hours: 3

LANG 150 Professional Communication for English Language Learners (3 crs)

Prerequisite: Only open to non-native speakers of English
 • *Credit may not be earned in both LANG 150 and ESL 320.*

Concepts, terms, and communication skills for international students planning careers in professional fields, such as business, science, technology, engineering, or mathematics.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

LANG 170 Language and Intercultural Competence (3 crs)

Introduction to the complex relations between language and intercultural competence in diverse international settings, with the goal of enhancing linguistic and cultural understanding.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R2 Global Perspectives
 Grading Basis: A-F Grades Only
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

LANG 180 Language Expressions and Culture through Chinese Songs (3 crs)

The purpose of the course is to introduce the complex connections between music, language expressions and underlying cultural values, in order to expand students' knowledge horizon and foster a culturally relevant and inclusive lens to appreciate and interpret other cultures.

Attributes: CP Civics Perspectives, LE-R2 Global Perspectives
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

LANG 397 Student Academic Apprenticeship in Languages (1-3 crs)

Prerequisite: Minimum junior standing. Minimum resident GPA of 3.00.

Completion of course (or equivalent) in which assisting.

Consent: Department Consent Required

Qualified students, selected and closely supervised by faculty members, facilitate teaching and learning in a course offered by (or cross-listed in) Languages.

Repeat: Course may be repeated for a maximum of 6 credits

Latin (LAT)

LAT 101 Beginning Latin (4 crs)

Introduction to the Classical Latin language, with emphasis on grammar, analytic, and translation skills. The course will also serve as an introduction to ancient Roman culture and its impact on modern, western European, and American civilizations.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication
 Lecture/Discussion Hours: 4
 Lab/Studio Hours: 0

LAT 102 Beginning Latin (4 crs)

Prerequisite: LAT 101
 Continuation of Latin 101.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication
 Lecture/Discussion Hours: 4
 Lab/Studio Hours: 0

Latin American and Latinx Studies (LAS)

LAS 150 Introduction to Latin American and Latinx Studies (3 crs)

An interdisciplinary course introducing students both to the culture and civilization of Latin America and to Latin American and Latinx Studies at the University of Wisconsin-Eau Claire.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R2 Global Perspectives
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

LAS 172 Latin American History: Colonial to the Present (3 crs)

• *Credit may not be earned in both HIST 172 and LAS 172.*

Survey covering the major political, social, and economic developments and issues in Latin America's historical formation, from the colonial era to the present.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R2 Global Perspectives
 Lecture/Discussion Hours: 3
 Lab/Studio Hours: 0

LAS 222 Introduction to U.S. Latino History and Culture (3 crs)

- For LAS majors and minors credit can only be earned in either LAS 222 ("Introduction to U.S. Latino History and Culture") or LAS 312/LAS 512 / SPAN 312/SPAN 512 ("Latinos in the U.S.").

An interdisciplinary introduction to the history and culture of Latinos in the United States with lectures and course materials in English.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 314 Music and Dance of Latin America (3 crs)

An interdisciplinary investigation of Latin American and U.S. Latino music and dance and their influence in the United States.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, LE-R2 Global Perspectives
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 319 Politics of Latin America (3 crs)

- Credit may not be earned in both POLS 319 and LAS 319.

An examination of major institutions, groups, and selected topics related to Latin American politics.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 321 Geography of Latin America (3 crs)

- Credit may not be earned in both GEOG 321 and LAS 321.

The physical and cultural landscapes of Latin America, including North, Central, and South America and the Caribbean Islands, with attention to the major cultural, economic, social, and political currents of each region.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R2 Global Perspectives, Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 324 Latinx Health and Migration to the U.S. (3 crs)

- No credit if taken after LAS 491 when offered as Health and Migration.

Students will learn about the environmental, economic, political, social, and cultural factors that influence Latin American health and migration to the U.S., health during migration and upon arrival, and multi-generational wellbeing in Hispanic communities in the U.S.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R3 Civic and Environmental Issues
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 350 Latin American Literature in Translation (3 crs)

- Credit may not be earned in both FLTR 350 and LAS 350.

This course introduces students to Latin American authors and their writings in a historical and social context.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 352 Latin American Civilization (3 crs)

Prerequisite: SPAN 302 or consent of instructor. No credit if taken after LAS 354, SPAN 351 or SPAN 354.

- Credit may not be earned in both SPAN 352 and LAS 352.

Introduction to the historical background necessary for comprehending contemporary Latin America. Analysis of current social, political, and economic issues, with consideration of influential personalities in present-day Latin American society.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 354 Latin American Civilization: Regional Focus (3 crs)

Prerequisite: SPAN 302 or consent of instructor. No credit after LAS 352, SPAN 351, 352

- Credit may not be earned in both SPAN 354 and LAS 354. To be taught only in a study abroad program in Latin America. Restricted to semester-long regional civilization courses.

Introduction to the historical background necessary for comprehending contemporary Latin America through a regional focus. Analysis of current social, political, and economic issues, with consideration of influential personalities in a region of present-day Latin American society.

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 367 Survey of Latin American Literature (3 crs)

Prerequisite: SPAN 302 or consent of instructor.

- Credit may not be earned in both SPAN 367 and LAS 367.

Study and literary analysis of the work of the principal writers of Latin American Literature from indigenous to contemporary literature.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 389 Domestic Immersion Experience (1-3 crs)

Consent: Instructor Consent Required

Lecture/Discussion Hours: Variable Project-based, intensive domestic immersion experience focusing on the social, cultural, linguistic, and/or historical aspects of one or more Latinx communities in the U.S.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 6 credits

Lab/Studio Hours: 0

LAS 390 International Immersion Experience (1-3 crs)

Consent: Instructor Consent Required

Project-based, intensive immersion experience focusing on the social, cultural, linguistic, and/or historical aspects of a Latin American country.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 6 credits

LAS 395 Directed Studies (1-4 crs)

Prerequisite: Limited to Latin American and Latinx Studies majors or minors.

Consent: Department Consent Required

- *Instructor and LAS Program Director permission required.*

Study of a particular topic, issue, language, or question related to Latin America or Latinx populations in the United States.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

LAS 397 Student Academic Apprenticeship (1-3 crs)

Consent: Instructor Consent Required

- *LAS majors and minors can count up to six credits from this course to their major or minor. LAS certificate students can count up to three credits to their certificate.*

Qualified students, selected and supervised by an instructor, work closely with the instructor to assist teaching and learning in a specific course. Apprentices enhance their knowledge of Latin American and Latinx Studies and their ability to communicate that knowledge.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

LAS 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

LAS 418 Spanish Sociolinguistics in the United States/Latin America (3 crs)

Prerequisite: SPAN 325

- *Credit may not be earned in both SPAN 418 and LAS 418.*

Study of the Spanish language variation and dialects of the United States, the second largest Spanish speaking country in the world. This course includes reading, and analysis of linguistic topics such as Spanish-English dialectal contact, bilingualism, identities, and the influence of Spanish in today's United States' English. Students will learn about an array of historical dialects from 18th century Louisiana Isleño Spanish to new modern-day Chicago's MexiRican Spanish.

Lab/Studio Hours: 0

Seminar Hours: 3

LAS 450 Capstone for Latin American and Latinx Studies (1-3 crs)

Prerequisite: Limited to Latin American and Latinx Studies majors. Minimum senior standing.

Consent: Instructor Consent Required

Study of a topic or special area pertaining to any aspect of Latin America or Latinos in the U.S. as approved by the supervising instructor and the Latin American and Latinx Studies Program Director.

Attributes: Capstone Course

Grading Basis: No Auditors

LAS 475 Topics in Latin American Literature (3 crs)

Prerequisite: SPAN 363 or LAS 367/SPAN 367 or consent of instructor.

- *Credit may not be earned in both LAS/SPAN 475.*

In-depth study of a particular area in Latin American literature.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

LAS 478 Latin American Modernismo (3 crs)

Prerequisite: SPAN 363 or SPAN 367/LAS 367, or consent of instructor.

- *Credit may not be earned in both SPAN 478 and LAS 478. No credit if take after SPAN 475/675/LAS 475/675 when offered as El Modernismo.*

A study of the late 19th century Latin American modernismo movement and its context. The course may focus on a major author, genre, or theme.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

LAS 480 Latin American Literature and Film (3 crs)

Prerequisite: SPAN 363 or SPAN 367/LAS 367.

- Credit may not be earned in both SPAN 480 and LAS 480.

This course is an in-depth study of contemporary Latin American literature and the film versions of the literature in their historical and social contexts.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

LAS 488 Internship (1-3 crs)

Prerequisite: Limited to Latin American and Latinx Studies major, minor, or certificate students.

Consent: Instructor Consent Required

- Permission required by supervising instructor and the LAS Program Director. Acceptance as specified under criteria for admission into the internship. Consult the LAS Program webpage, your advisor and/or the LAS Program Director for internship admission requirements and procedures. Transportation to internship site and housing arranged by the student. Only three credits from LAS 488 and three credits from LAS 498 (for a total of six total from internships) will count toward LAS majors, minors or certificates.

Students engage in productive academic or professional activity related to Latin American and Latinx Studies, either domestically or abroad.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

LAS 491 Special Topics (3 crs)

Prerequisite: Completion of University Writing Requirement.

- See current Class Schedule for specific topic.

In-depth study of a special topic in the area of literature, linguistics, or cultures of Latinx populations in the United States and/or the Spanish-speaking world.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

LAS 498 Internship with Immersion (1-3 crs)

Prerequisite: Limited to Latin American and Latinx Studies major, minor, or certificate students.

Consent: Instructor Consent Required

- Permission required by supervising instructor and the LAS Program Director. Acceptance as specified under criteria for admission into the internship. Consult the LAS Program webpage, your advisor and/or the LAS Program Director for internship admission requirements and procedures. Transportation to internship site and housing arranged by the student. Only three credits from LAS 488 and three credits from LAS 498 (for a total of six total from internships) will count toward LAS majors, minors or certificates.

Students engage in productive academic or professional activity and enhance language and/or cultural proficiency while residing in a Latin American country or participating in an alternative intercultural experience for a minimum of six weeks. Can be used to fulfill the LAS immersion requirement if it meets the length of time required for each major or the minor.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

LAS 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

LAS 521 Geography of Latin America (3 crs)

- Dual-listed with LAS/GEOG 321/521. Credit may only be earned in one of these courses.

The physical and cultural landscapes of Latin America, including North, Central, and South America and the Caribbean Islands, with attention to the major cultural, economic, social, and political currents of each region.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

LAS 550 Latin American Literature in Translation (3 crs)

- Dual-listed with FLTR/LAS 350/550. Credit may only be earned in one of these courses.

This course introduces students to Latin American authors and their writings in a historical and social context.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

LAS 552 Latin American Civilization (3 crs)

Prerequisite: SPAN 302 or consent of instructor. No credit if taken after LAS 354, SPAN 351, 354.

- *Dual-listed with LAS/SPAN 352/552. Credit may only be earned in one of these courses.*

Introduction to the historical background necessary for comprehending contemporary Latin America. Analysis of current social, political, and economic issues, with consideration of influential personalities in present-day Latin American society.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 567 Survey of Latin American Literature (3 crs)

Prerequisite: SPAN 302 or consent of instructor.

- *Dual-listed with LAS/SPAN 367/567. Credit may only be earned in one of these courses.*

Study and literary analysis of the work of the principal writers of Latin American Literature from indigenous to contemporary literature.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 595 Directed Study (1-4 crs)

Consent: Department Consent Required

- *Dual-listed with LAS 395. Instructor and LAS Program Director permission required.*

Study of a particular topic, issue, language, or question related to Latin America or Latinx populations in the United States.

Repeat: Course may be repeated
Grading Basis: A-F Grades Only

LAS 675 Topics in Latin American Literature (3 crs)

Prerequisite: SPAN 363 or LAS/SPAN 367 or consent of instructor.

- *Dual-listed with LAS/SPAN 475/675.*

In-depth study of a particular area in Latin American literature.

Repeat: Course may be repeated for a maximum of 6 credits
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 678 Latin American Modernismo (3 crs)

Prerequisite: SPAN 363, or SPAN/LAS 367, or consent of instructor.

- *Dual-listed with LAS/SPAN 478/678. Credit may only be earned in one of these courses. No credit if taken after LAS/SPAN 475/675 when offered as El Modernismo.*

A study of the late 19th century Latin American modernismo movement and its context. The course may focus on a major author, genre, or theme.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 680 Latin American Literature and Film (3 crs)

Prerequisite: SPAN 363/SPAN 563 or SPAN 367/LAS 367 / SPAN 567/LAS 567.

- *Dual-listed with SPAN/LAS 480/680. Credit may only be earned in one of these courses.*

This course is an in-depth study of contemporary Latin American literature and the film versions of the literature in their historical and social contexts.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 688 Internship (1-3 crs)

Consent: Instructor Consent Required

- *Dual-listed with LAS 488. Permission required by supervising instructor and the LAS Program Director. Acceptance as specified under criteria for admission into the internship. Consult the LAS Program webpage, your advisor and/or the LAS Program Director for internship admission requirements and procedures. Transportation to internship site and housing arranged by the student.*

Students engage in productive academic or professional activity related to Latin American and Latinx Studies, either domestically or abroad.

Repeat: Course may be repeated for a maximum of 9 credits
Grading Basis: A-F Grades Only

LAS 691 Special Topics (3 crs)

- *Dual-listed with LAS 491. See current Class Schedule for specific topic.*

In-depth study of a special topic in the area of literature, linguistics, or cultures of Latinx populations in the United States and/or the Spanish-speaking world.

Repeat: Course may be repeated for a maximum of 9 credits
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

LAS 698 Internship with Immersion (1-3 crs)

Consent: Instructor Consent Required

- *Dual-listed with LAS 498. Permission required by supervising instructor and the LAS Program Director. Acceptance as specified under criteria for admission into the internship. Consult the LAS Program webpage, your advisor and/or the LAS Program Director for internship admission requirements and procedures. Transportation to internship site and housing arranged by the student.*

Students engage in productive academic or professional activity and enhance language proficiency while residing in a Latin American country or participating in an alternative intercultural experience for a minimum of six weeks. Can be used to fulfill the LAS immersion requirement if it meets the length of time required for each major or the minor.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: A-F Grades Only

Management (MGMT)

MGMT 220 Introduction to Sport Management (3 crs)

- *Formerly offered as MGMT 491*

This course is to introduce students to the field of sport management and provide students with an overview of management principles applied within the sports industry. Students will be introduced to basic principles regarding effective programming, planning, personnel, marketing, facilities, and risk and liability issues.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 300 Personal Leadership Management (3 crs)

Prerequisite: Completion of 45 credits; MGMT 340 or concurrent enrollment

This contemporary leadership course utilizes theory, history, and trends to analyze the art of effective leadership. Students will participate in a number of activities designed to better understand and develop their own leadership capabilities.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 320 Trends and Issues in Sport (3 crs)

Prerequisite: MGMT 220

- *Formerly offered as MGMT 491*

This course is to introduce students to the current trends and issues impacting the sports industry and how these trends will affect the management, operation, and future of this industry.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 321 Sport Event and Facilities Management (3 crs)

Prerequisite: MGMT 220 and Junior standing

This course provides an in-depth understanding of the principles and practices involved in managing sport events and facilities. Students will learn about event planning, marketing, budgeting, sponsorship, legal considerations, and post-event evaluation.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 340 Organizational Behavior: Leading and Developing People, Teams, and Culture (3 crs)

Prerequisite: Completion of 45 credits.

Review of the theories and applications of behavioral science research in human organizations. Topics include: motivation, group dynamics, communication, leadership, conflict, and change.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 345 Managing Global Organizations (3 crs)

Prerequisite: MGMT 340. Minimum junior standing.

- *BCOM 206 and BCOM 207 are recommended prior to enrollment in this course.*

Examines issues in managing international operations including strategies, joint ventures/strategic alliances, organizational design, culture, human resources, and labor issues in addition to political and legal constraints operating across regional trading areas.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 347 Risk Management and Insurance (3 crs)

Prerequisite: 45 credits.

This course introduces fundamentals of risk management and insurance. It addresses personal/commercial insurance and risk management alternatives. Students acquire basic knowledge on protecting the assets of companies they work for and handling personal insurance.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 349 Human Resource Management (3 crs)

Prerequisite: MGMT 340 or concurrent enrollment. Minimum of 45 credit hours.

- *MGMT 340 and BCOM 206 or BCOM 207 are recommended prior to enrollment in this course. MGMT 340 can be taken concurrently.*

Examines policies and practices relating to recruitment, selection, training and development, performance appraisal, reward systems, and employee relations. Strategic human resource planning, equal employment opportunity laws, and international human resource management issues are also addressed.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 351 Corporate Sustainability (3 crs)

Prerequisite: Junior Standing

This course is a broad survey of important aspects of corporate sustainability. Topics include the three P's and the triple bottom line (people, planet, and profit), the UN Sustainable Development Goals and their impact for business, stakeholder-based view of the firm and nature of the sustainable enterprise, challenges of managing sustainable business practices, and managerial approaches of transformational change towards sustainable practices. Assigned readings, case studies, class discussions, and both group and individual assignments will be used to study these topics.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 364 Project Management (3 crs)

Prerequisite: IS 240, ACCT 201, Math 109, Junior Standing

- *Students who took this course as BSAD 491: Project Management or BSAD 491: Project MGMT in a Virtual World should not take MGMT 364.*

Course will provide information and skills to work successfully in a project environment and to accomplish project objectives. Course topics include: project management life cycle and process, identifying and selecting projects, developing project proposals, techniques for planning, scheduling, resource assignment, budgeting, and controlling project performance, project risks, and project communication and documentation.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 398 Internship Program I (1-3 crs)

Prerequisite: MGMT 340 or MGMT 349. Minimum junior standing.

Consent: Department Consent Required

- *Acceptance in Internship Program. See description under College of Business. A maximum of three credits of MGMT 398 and MGMT 498 may be applied to the 120-credit graduation requirement.*

Students will participate in work experiences related to their area of interest.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, Internship, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 3 credits

MGMT 399 Independent Study Projects (1-4 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

MGMT 414 Small Business Consulting (3 crs)

Prerequisite: BCOM 206 OR BCOM 207, MGMT 340, MKTG 330. Minimum junior standing.

Consent: Instructor Consent Required

Involves the thorough analysis and review of actual small business clients submitted by the Small Business Administration under the Small Business Institute Program and making recommendations that will be beneficial to the client in operating the business.

Attributes: LE-CEL Community-Engaged Learning

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 444 Training, Developing, and Engaging Employees (3 crs)

Prerequisite: Junior Standing, MGMT 340, MGMT 349

- *Previously offered under MGMT 491 in Spring 2024 as Managing Employees: Training, Development, and Engagement.*

Training, developing, and engaging employees is highly important to organizations as human resources can provide them a true competitive advantage. This course will cover current training, development, and employee engagement topics using an integrated approach which implements needs assessment, ties with the organization's strategy, and continually evaluates learning outcomes, and adjusts for effectiveness. Students will participate in activities, cover different methods and techniques, complete case studies, explore the impact of technology on training, and put together employee training and development programs.

Attributes: LE-CEL Community-Engaged Learning

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 445 Compensation Theory and Administration (3 crs)

Prerequisite: BSAD 202 or MATH 246; BLAW 305, MGMT 340, 349

Study of theories, methods, and practices of compensation in organizations.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 446 Advanced Organizational Behavior (3 crs)

Prerequisite: MGMT 340 with C- or better. Minimum junior standing.

This course is an in-depth analysis and critique of current topics in organizational behavior with a focus on applying theory and academic research to improve individual and team level performance, behaviors, and attitudes. Topics include work-life balance, wellness, stress, creativity, positive organizational scholarship, dark workplace behaviors/characteristics, positive work environments, change and development.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 447 Cross Cultural Leadership (3 crs)

Prerequisite: MGMT 345; minimum junior standing

This course provides an in-depth introduction to effective global leadership practices and styles in the major cultural regions of the world as well as the underlying psychological, social, and cultural factors.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 449 Strategic Management in a Global Business Environment (3 crs)

Prerequisite: ACCT 201 or ACCT 202, IS 240, BCOM 206 OR BCOM 207, BSAD 300, BLAW 305, FIN 320, MKTG 330, MGMT 340, OSCM 341. Minimum senior standing.

- *There is a course fee to purchase access to the GLOBUS online strategic management simulation. Due to timing of purchasing to receive codes, this course fee will not be able to be reimbursed on or after the first day of classes. This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

This course is an integrative approach to the formulation and implementation of strategy within a global context. It is a capstone course drawing on the functional analytical tools, managerial concepts and techniques developed in previous business core curriculum. Instructional methods may include class readings, a simulation, case studies, instructor commentaries, and class discussions. Both group and individual assignments help students develop an integrative view of international business operations from a total enterprise perspective.

Attributes: LE-I1 Integration, Capstone Course, Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 455 Industrial Relations (3 crs)

Prerequisite: MGMT 349. Minimum junior standing.

This course identifies problems, hazards, and procedures which will be of assistance in establishing and maintaining good union-management relationships.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 456 People Analytics (3 crs)

Prerequisite: MATH 246, IS 240, MGMT 340, and Junior Standing

- *Formerly offered as MGMT 491*

People analytics is a data-driven approach to managing people at work. People are the most valuable asset in most organizations who convert strategy and capital into long-term value. For the first time in history, business leaders can make decisions about their people based on data rather than traditional methods including, hear-say, heuristics, rules of thumb, and gut feelings. This course is designed to prepare students to: (1) understand the types of problems that can be addressed using people analytics, (2) design studies and collect data on people in organizations, (3) analyze and interpret human resource data, and (4) communicate analytical and statistical results in a way that influences decisions. The course will involve using data analysis and statistics to solve organizational problems.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 459 Advanced Human Resource Management (3 crs)

Prerequisite: MGMT 349 with C- or better. Minimum senior standing. Must be a declared HR Major.

- *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Provides students the opportunity to study in-depth human resource topics of the nature of work, recruitment, selection, training and development, compensation, benefits, labor relations, and health and safety.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 481 Community Leadership (2 crs)

Prerequisite: Minimum Junior Standing. MGMT 300 and MGMT 340.

- *Students who took the "Community Leadership" course under the previous MGMT 494 course number should not take MGMT 481.*

An experiential course that helps students learn how to be an effective community leader. Student groups work on semester long projects with community organizations. Students gain experience in leadership roles and interact with community leaders.

Attributes: LE-CEL Community-Engaged Learning

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MGMT 482 Leadership and Ethics (3 crs)

Prerequisite: Minimum Junior Standing. MGMT 300.

- *Students who took the "Leadership and Ethics" course under the previous MGMT 494 course number should not take MGMT 482.*

This course will discuss the alternative perspectives of leadership, their intersection with ethics, and apply them to the emergent issues facing organizations today.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 483 Personal Leadership Style in the Workplace (1 cr)

Prerequisite: Junior standing. MGMT 300 or concurrent enrollment.

- *Students who took the "Personal Leadership Development and Developing the Leader Within" course under the previous MGMT 494 course number should not take MGMT 483.*

This course is designed to help bridge the gap between theory and application providing students guidance on how to deal with daily situations they may face as a manager. It will focus on strategies to build and maintain a team through effective communication, root cause analysis, healthy conflict resolution, and leadership. This class includes participation in the ropes course requiring heights and physical activity.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MGMT 491 Topics in Management (1-3 crs)

Prerequisite: MGMT 340. Minimum junior standing.

- *Course may be repeated when topic differs.*

Current issues in international business will be the focus of attention. Topic selection will be made by the instructor. Issues will be those facing contemporary management professionals.

Repeat: Course may be repeated for a maximum of 99 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MGMT 492 Topics in Human Resource Management (1-3 crs)

Prerequisite: MGMT 349. Additional prerequisites may be required depending on the topic. (See current Class Schedule.) Minimum junior standing.

- *Additional prerequisites may be required depending on the topic. (See current Class Schedule.)*

Current issues in human resource management will be the focus of attention. Topic selection will be made by the instructor. Issues will be those facing contemporary HRM professionals.

Repeat: Course may be repeated

MGMT 494 Topics in Leadership (1-3 crs)

Prerequisite: Minimum junior standing. MGMT 300.

- *Course may be repeated when topic differs. Additional prerequisites may be required depending on the topic. (See current Class Schedule.)*

Current issues in leadership will be the focus of attention. Topic selection will be made by the instructor. Issues will be those facing contemporary leaders.

Repeat: Course may be repeated for a maximum of 99 credits

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

MGMT 495 Directed Projects (3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Internship experiences in business situations relevant to student's major field of study; under supervision of faculty member.

Repeat: Course may be repeated

MGMT 498 Internship Program II (1-3 crs)

Prerequisite: MGMT 340 or MGMT 349. Minimum senior standing.

Consent: Department Consent Required

- *Acceptance in Internship Program. See description under College of Business.*

A maximum of three credits of MGMT 398 and MGMT 498 may be applied to the 120-credit graduation requirement.

Students will participate in work experiences related to their area of interest.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, Internship, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 3 credits

MGMT 499 Independent Study Projects (1-4 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

MGMT 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

Marketing (MKTG)

MKTG 210 Service-Learning in Marketing (1 cr)

Students must complete 30 hours of volunteer service. Type of service must be approved by your faculty supervisor. A journal must be kept throughout the service-learning project documenting when, how long, and the type of activity. The service-learning project must be completed within one calendar year (preferably one semester). Assignments outstanding longer than this will be graded unsatisfactory.

Attributes: Service-Learning, Full 30 Hours

Grading Basis: S/U Only Grade Basis

MKTG 330 Principles of Marketing (3 crs)

Prerequisite: Minimum sophomore standing

This course examines how profit and nonprofit organizations identify and evaluate customer needs; select target markets; and create, price, promote, and distribute need-satisfying products/services to individuals, organizations, and society.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 331 Consumer Behavior (3 crs)

Prerequisite: MKTG 330 or concurrent enrollment. Minimum junior standing.

Examines the personal characteristics and external forces influencing the buyer's purchase behavior. Includes an emphasis on implications for marketing strategy development.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 332 Integrated Marketing Communications (3 crs)

Prerequisite: MKTG 330. Minimum junior standing.

Integrated marketing communications and its applications in advertising, direct marketing, sales promotion, personal selling, internet marketing, and public relations. Emphasis on promotional campaign strategies, implementation and evaluation, including category management assessment, marketing databases, media selection, and campaign effectiveness.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 333 Digital Marketing Fundamentals (3 crs)

Prerequisite: ACCT 201 or ACCT 202, ECON 103, 104, IS 240, MKTG 330; minimum junior standing

This course examines the intersection of marketing and technology. Specifically, the course deals with digital marketing issues such as: technological foundations, business implications, retailing, sales, and promotional implications, associated social, legal, ethical implications.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 334 Marketing Research (3 crs)

Prerequisite: BSAD 202 or MATH 246 or MATH 247; MKTG 330. Minimum junior standing.

- *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Application of research techniques in the marketplace, and role of marketing information within the firm as a management tool in decision making.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 335 International Marketing (3 crs)

Prerequisite: MKTG 330. Minimum junior standing.

Principles, policies, and problems of marketing goods in international markets. Concepts, strategies, and policies of world trade and multinational firms.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 337 Professional Selling (3 crs)

A behavioral, pragmatic study of the process of personally persuading prospects to buy products, services, or ideas, leading to the mutual satisfaction of the goals of both buyer and seller.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 338 Marketing & Sales Analytics (3 crs)

Prerequisite: IS 240; MATH 246 or MATH 247 or BSAD 202; MKTG 330 or concurrent enrollment.

- *This class requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Analytical approaches to marketing decision-making using software and database (e.g., Nielsen retail databases, among others). Emphasis will be placed on Internet marketing, customer relationship management, retail and survey/statistical analyses.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 339 Social Media Marketing and Digital Content Management (3 crs)

Prerequisite: MKTG 330

This course explores the key role of social media marketing and digital content management in today's business landscape. Social media influences how consumers discover, research, and share information about brands, making it essential to marketing strategies. A strong digital content management strategy builds familiarity, trust, and engagement with customers by delivering creative, valuable content. Students will learn to use social listening, choose appropriate platforms, create a social media strategy, manage content, and create effective and engaging content—from social media and blog posts to videos and infographics—that attract target audiences, drive conversions, and foster brand loyalty.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 347 Sales Negotiations (3 crs)

Prerequisite: MKTG 337 or concurrent enrollment. Minimum junior standing.

- *Credit cannot be earned in if taken previously under MKTG 491 Selected Topics.*

A behavioral, pragmatic study of the process of personally persuading prospects to buy products, services, or ideas, leading to the mutual satisfaction of the goals of both buyer and seller. This includes such topics as utilizing sales negotiation tactics, Sales EQ, organizational skills and resources to manage time and business effectively, goal planning, and more.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 393 Skill Development for Sales (3 crs)

Prerequisite: MKTG 337

- *This course will cover the following elements: Develop communication and critical thinking skills through role plays that simulate real-world interactions; Develop critical thinking skills through in-depth analysis of sales cases; Develop communication and critical thinking skills with impromptu speaking exercises; Develop skills in audience engagement and analysis through impromptu speech exercises*

This high-impact program elevates students' sales expertise by emphasizing essential skills and critical thinking. Students apply their knowledge from the Professional Sales course in diverse scenarios, including dynamic role-plays, sales case analyses, impromptu speaking, and presentations. These experiences provide a comprehensive understanding of sales and prepare students for many different types of sales careers.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 398 Internship Program I (1-3 crs)

Prerequisite: Minimum junior standing

Consent: Department Consent Required

- *Acceptance in Internship Program. See description under College of Business. A maximum of three credits of BSAD, MGMT, and MKTG 398 may be applied to the 120-credit graduation requirement. Students must have the service-learning option approved prior to starting the Internship.*

Students will participate in work experiences related to their area of interest.

Attributes: LE-11 Integration, Internship, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 3 credits

MKTG 399 Independent Study Projects (1-4 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

MKTG 425 Services Marketing (3 crs)

Prerequisite: MKTG 330

A reconsideration of traditional marketing topics in the context of a variety of service organizations. Emphasis is placed on discussion of how product-oriented marketing activities need to be adjusted or even reinvented to accommodate "non-products".

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 426 Sports Marketing (3 crs)

Prerequisite: MKTG 330 or concurrent enrollment. Minimum junior standing.

This course provides an in-depth exploration of marketing principles and strategies within the sports industry. Students will learn how to apply marketing concepts to sports organizations, events, and products. Key topics include market research, consumer behavior, sponsorship, branding, digital marketing, and the role of media in sports. Through case studies, guest lectures, and practical projects, students will gain hands-on experience in developing marketing plans and campaigns tailored to the dynamic world of sports.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 432 E-tailing and Retailing in a Digital World (3 crs)

Prerequisite: MKTG 330. Minimum junior standing.

This course explores the evolving landscape of retail and e-tailing in the digital age. Students will examine how technology has transformed traditional retail, focusing on the rise of e-commerce, omnichannel strategies, and the integration of digital tools to enhance customer experience and satisfaction. Topics include online retail platforms, mobile commerce, digital payments, supply chain innovations, and the impact of social media on shopping behaviors. Students will explore shopper behavior, demographics, and the influence of store design, atmosphere, and merchandising in both online and brick-and-mortar retail, gaining practical insights into adapting to a digital-first marketplace.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 433 Sales Management (3 crs)

Prerequisite: MKTG 337

Positions in sales management are among the first managerial assignments many business students receive. This course focuses on defining the strategic role of the sales function and sales organization, developing and directing a sales force, and evaluating sales force performance. Role playing will be used to help students experience realistic management scenarios.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 434 Advanced Marketing Analytics (3 crs)

Prerequisite: MKTG 338.

• *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

This course builds on Mktg 338 including web analysis and data mining techniques to extract information from large marketing databases. Application of quantitative analysis to uncover insights for marketing decisions in internet and retail settings.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 437 Business-to-Business Marketing (3 crs)

Prerequisite: MKTG 330. Minimum junior standing.

Studies the marketing strategies characteristic of institutions, government, industrial, and other marketing environments which do not directly target the final consumer. The unique characteristics of these markets and the implications for strategic marketing management provide the focus for this course.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 438 Strategic Marketing (3 crs)

Prerequisite: MKTG 330 and completion of at least two Marketing courses beyond MKTG 330. BCOM 206 or BCOM 207. Minimum senior standing.

• *This course requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>.*

Designed as the capstone course in marketing. All the ideas and concepts presented in other marketing courses are integrated and brought together via the application of marketing tools, principles, and theories, as experienced through case studies and problem solving. The role of the marketing executive in business is emphasized.

Attributes: Capstone Course

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 453 Key Account Management (3 crs)

Prerequisite: MKTG 337 minimum grade C.

- *MKTG 433 Sales Management is a recommended requisite.*

This course focuses on developing strategic approaches to professional sales in both the development of new business and the role of Account Management in a business-to-business environment. This course will cover topics including utilizing a CRM system to manage accounts successfully and identifying and calling on opportunities. It will include topics such as team selling, calling on and setting client appointments, holding appointments, relationship-building tactics and techniques, and national account management. Other topics include time and territory management, developing and using visual aids, customer incentives, and applying sales techniques such as effective negotiations. Coursework in this class will consist of extensive role-playing and require outreach to a sales professional in an account management role to attend field activities.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 490 Advanced Sales Topics (3 crs)

Prerequisite: MKTG 337.

Application of research skills to develop an in-depth analysis of one company's sales structure and its position relative to its competitors. A semester-long project will incorporate field study and database research identifying different sales structures and advantages.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MKTG 491 Selected Topics (1-3 crs)

Prerequisite: Minimum senior standing.

Small groups will study topics selected because of a special interest on the part of students or faculty.

Repeat: Course may be repeated

MKTG 495 Directed Projects (3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Internship experiences in business situations relevant to student's major field of study; under supervision of faculty member.

Repeat: Course may be repeated

MKTG 498 Internship Program II (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

- *Acceptance in Internship Program. See description under College of Business. Additive credit only. May not be applied to the 120-credit graduation requirement. Students must have the service-learning option approved prior to starting the Internship.*

Students will participate in work experiences related to their area of interest.

Attributes: LE-11 Integration, Internship, Special Course Fee Required

Repeat: Course may be repeated

MKTG 499 Independent Study Projects (1-4 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

MKTG 730 Marketing Analysis Foundation (2 crs)

Prerequisite: Limited to MBA students. No credit if taken after MKTG 330.

- *Not for MBA degree credit*

Analysis of problems related to the development of marketing strategy. Attention is focused on identifying a target market, allocating resources to the marketing mix, and examining the impact of environmental variables on management decisions.

Attributes: Higher Cost Per Credit

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MKTG 797 Independent Study (1-3 crs)

Prerequisite: Limited to MBA students.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

Master of Business Administration (MBA)

MBA 700 Defining your Plan for Success: The MBA Mindset (1 cr)

Prerequisite: Limited to MBA students

This course provides an overview of resources that will help students navigate their degree requirements. Students will also create personal and professional goals to pursue during their program and beyond. Students will also explore topics from both academic and business perspectives that will help them grow into successful business leaders.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio: 0

MBA 701 Leading & Communicating in Dynamic & Diverse Organizations (4 crs)

Prerequisite: Limited to MBA students. Must complete MBA 700, MBA 708, and MBA 709.

Students will learn how to effectively communicate with and lead diverse groups of people within dynamic organizations. They will enhance their competency in the areas of teamwork, emotional intelligence, diversity, equity, and inclusion. Regardless of functional area expertise, industry experience, or position, students will enhance specific skills in audience analysis, listening, group dynamics, conflict management and negotiation. These skills will enable students to develop inclusive organizational cultures, manage and retain employees, and work more effectively with others.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio: 0

MBA 702 Making Informed Managerial Decisions (4 crs)

Prerequisite: Limited to MBA students. Must complete MBA 700, MBA 708, and MBA 709.

This course prepares students to make informed and ethical decisions in their organization that align with the firm's overall strategy. Students will learn to use appropriate decision frameworks and tools and will acquire skills to recognize and navigate challenging decision environments. Applied experiences in the course will explore informed decision making under uncertainty using both qualitative and quantitative approaches. Multiple decision-making frameworks across business functions will be introduced.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MBA 703 Developing New Products and Services (4 crs)

Prerequisite: Limited to MBA students. Must complete MBA 700, MBA 708, and MBA 709.

In today's competitive marketplace, innovation is critical to the long-term survival of a business. Firms use new product and service development decision frameworks, structures, and processes to discover new markets, understand the potential for product innovations, and manage the risk in pursuing these opportunities. This course examines the cycle firms follow when pursuing product and service innovation, from idea generation to commercialization. Students will learn how firms develop and introduce new product and service offerings to the market. They will also evaluate the market potential by using consumer insights gained from market research data. Students will learn about mapping customer perceptions, product positioning and product pricing. The course concludes with students making recommendations on whether to proceed with a new product or service development and introduction.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MBA 704 Competing Strategically in a Global Environment (4 crs)

Prerequisite: Limited to MBA students. Must complete MBA 700, MBA 708, and MBA 709.

This course focuses on how managers must lead their companies strategically in developing and sustaining ongoing efforts to compete globally. Students will learn a series of interrelated steps in which managers conduct analyses at the industry, business, and corporate levels, decide on strategies to enhance firm competitiveness, and evaluate and modify those strategies as needed.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MBA 705 Navigating Change amid Uncertainty (4 crs)

Prerequisite: Limited to MBA students. Must complete MBA 700, MBA 708, and MBA 709.

This course prepares you to lead organizations into the future by integrating future foresight, strategic planning, and change management. You will analyze current technology trends and their potential impacts on individuals, organizations, and society. These insights will inform the development of strategic plans and operational plans for an organization. Finally, you will apply an organizational change management framework to implement, communicate, and sustain necessary work when executing strategic plans.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MBA 708 Essentials of Financial Analysis (2 crs)

Prerequisite: Limited to MBA students

In this course, students will interpret corporate financial statements, specifically how the information within the statements informs the corporate decision-making process. Students will learn how to analyze the past performance of a corporation. They will apply this knowledge to enhance strategic decisions. Principles covered in this course include financial statement analysis, ratio analysis, comparative analysis, pro forma financial statements, time value of money, and project analysis with capital budgeting techniques (NPV, IRR). Students will apply these concepts in business applications in subsequent graduate business coursework.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MBA 709 Essentials of Economic and Statistical Analysis (2 crs)

Prerequisite: Limited to MBA students

In this course, students will gain familiarity with essential concepts of economics and statistics and be ready to apply these concepts in business applications in subsequent graduate business coursework. Economics principles include supply and demand, exchange rates, elasticity, features of perfectly competitive markets, and features of oligopoly where businesses have market power and their decisions are interdependent. Statistical tools include common measures of central tendency, computing and interpreting confidence intervals and hypothesis tests, and visualizing and interpreting correlation and regression results.

Grading Basis: A-F Grades Only

MBA 780 Leading the Healthcare Workforce (2 crs)

Prerequisite: Limited to MBA students.

This course explores challenges and opportunities that leaders in healthcare face. Students will learn how to maximize human resources and other organizational resources to improve organizational efficiencies and the quality of healthcare. Topics include motivation, EDIB (equity, diversity, inclusion, belonging), managing change, and other concepts related to leadership.

Attributes: Higher Cost Per Credit

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MBA 781 Fundamentals of Health Information Technology Management (2 crs)

Prerequisite: Limited to MBA students.

This course provides an introduction to the dynamic world of management of information technology in health care. A description of information processing, the content and evaluation of healthcare information systems and the current and future methodologies being employed to acquire and manage information are discussed.

Attributes: Higher Cost Per Credit

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MBA 782 Economics of Health and Health Care (2 crs)

Prerequisite: Limited to MBA students.

This course examines the economic forces that shape health care markets and health-related outcomes. You will explore how government intervention, health insurance structures, and provider incentives influence health care costs, access, and the behaviors of individuals. By the end of the course, you will be able to evaluate solutions informed by your own analyses of health economics research and health policy, as well as understand the impact of policy on financial decision-making within healthcare markets.

Attributes: Higher Cost Per Credit

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MBA 783 Making and Communicating Data-Driven Decisions in Healthcare (2 crs)

Prerequisite: Limited to MBA Students.

In this course you will apply strategies that support organizational decision making including gathering, analyzing, interpreting, and communicating data. You will use storytelling and data visualization to communicate data-driven decisions clearly and accurately for the diverse audiences in healthcare organizations. You will also gain hands-on experience in designing accessible visuals to present data clearly.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MBA 784 Supply Chain Management (2 crs)

Prerequisite: Limited to MBA students.

This course covers strategies, concepts, and tools involved in managing supply chain operations, emphasizing qualitative and quantitative tools used in managerial decision-making. Topics include supply chain strategy, supplier management, inventory management, logistics, and negotiation. You will learn how to create competitive advantages for an organization's approach to supply chain strategy through the concepts covered in this course.

Attributes: Higher Cost Per Credit

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MBA 785 Organizational Reward Systems (1.5 crs)

Prerequisite: Limited to MBA students

This course covers topics related to intrinsic and extrinsic rewards used to achieve organizations' strategic goals. Topics include: motivational theories, compensation surveys, job evaluation, merit pay, variable or at risk pay, and team compensation.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1.5

Lab/Studio Hours: 0

MBA 786 Addressing Contemporary Issues and Trends in Healthcare (2 crs)

Prerequisite: Limited to MBA Students.

Students will examine current topics in healthcare in the United States. Topics may include, but are not limited to, healthcare costs; impacts of technology such as electronic records management, telehealth, and artificial intelligence; insurance and reimbursement; staffing; government and other regulatory requirements; equity and access to care; and burnout and stress management. Students will identify trends and issues relevant to their experiences, in particular, and explore strategies for addressing them.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MBA 787 Quantitative Business Analysis (1.5 crs)

Prerequisite: Limited to MBA students

This course focuses on applied quantitative business analysis and uses Microsoft Excel. The course covers problem solving concepts and techniques, plus effective presentation of analysis results.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1.5

Lab/Studio Hours: 0

MBA 789 Health Care Organization and Delivery (2 crs)

Prerequisite: Limited to MBA students.

This course provides an understanding of our complex health system, from basic organization and management to an exploration of the relationships between cost, quality, and access in the context of system improvement and healthcare reform.

Attributes: Higher Cost Per Credit

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MBA 791 Exploring Management Topics in the Nonprofit Sector (1 cr)

Prerequisite: Limited to MBA students.

This course will provide an introduction to the key principles and practical challenges in the law, management and marketing of nonprofit organizations (NPOs) and non-governmental organizations (NGOs).

Attributes: Higher Cost Per Credit

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MBA 794 Business Process Simulation (2 crs)

Prerequisite: Limited to MBA students.

This course will establish basic proficiency in simulation model development, verification, validation, and analysis.

Attributes: Higher Cost Per Credit

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MBA 795 Research Paper (1-3 crs)

Prerequisite: Limited to MBA students.

Consent: Department Consent Required

Development of a thesis-type paper on a topic of interest to student.

Attributes: Higher Cost Per Credit

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

MBA 796 Directed Project (1-3 crs)

Prerequisite: Limited to MBA students.

Consent: Department Consent Required

Permits a student to pursue a defined problem in an intensive way under the direction of a graduate faculty member.

Attributes: Higher Cost Per Credit

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

MBA 797 Independent Study (1-3 crs)

Prerequisite: Limited to MBA students.

Consent: Department Consent Required

An in-depth study of a topic of interest to the student and faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

MBA 798 Graduation Only (1 cr)

Prerequisite: All requirements of the MBA program in progress or completed

- Limited to MBA students. All requirements of the MBA program in progress or completed.

Attributes: Higher Cost Per Credit, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

MBA 799 Thesis (1-3 crs)

Prerequisite: MBA 711. Limited to MBA students.

Consent: Department Consent Required

- Full-time equivalent. Completion of minimum of 15 graduate credits including MBA 711. Consent of MBA program director.

Development and completion of research project using formal investigative methodology.

Attributes: Higher Cost Per Credit

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: PR Only Grade Basis

Materials Science (MSCI)

MSCI 280 Materials Science Academic Skills (1 cr)

Development of academic skills including reading, writing, presenting, and teamwork that are essential for academic success in Materials Science or Materials Science and Engineering.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MSCI 291 Special Topics in Materials Science (1-3 crs)

Consent: Instructor Consent Required

- Field trips optional. A total of no more than nine credits from MSCI 291 and MSCI 491 may be applied toward major or graduation.

Lecture and possibly laboratory or field work in the study of current topics in Materials Science of special interest to students and faculty.

Repeat: Course may be repeated for a maximum of 9 credits

MSCI 384 Materials Science Junior Seminar (1 cr)

Prerequisite: MSE 286

Career preparation for Materials Science majors, including ethics and other discussions relevant to the major. Will include seminars with external speakers and class discussions of relevant issues.

Lab/Studio Hours: 0

Seminar Hours: 1

MSCI 395 Directed Studies (1-3 crs)

Prerequisite: Minimum 2.0 GPA in Materials Science or Materials Science & Engineering comprehensive majors

Consent: Department Consent Required

This course is designed to allow a single student or a group of students to pursue their educational goals and interests under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

MSCI 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

This course provides junior-level students with research opportunities in Materials Science or Materials Science & Engineering.

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

MSCI 484 Materials Science Capstone I (1 cr)

Prerequisite: MSE 350

Consent: Instructor Consent Required

• *This course requires access to a laptop computer which can be brought to class when required. Please see the Materials Science and Biomedical Engineering Department laptop requirement: <https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-biomedical-engineering/academic-offerings/materials-science-biomedical-engineering-laptop-requirements/>*

First of a two-course capstone sequence. This course emphasizes hands-on, project-based experiences that are formulated and executed by the student.

Lab/Studio Hours: 0

Seminar Hours: 2

MSCI 485 Materials Science Capstone II (2 crs)

Prerequisite: MSCI 484

• *This course requires access to a laptop computer which can be brought to class when required. Please see the Materials Science and Biomedical Engineering Department laptop requirement: <https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-biomedical-engineering/academic-offerings/materials-science-biomedical-engineering-laptop-requirements/>*

Second of a two-semester capstone sequence. This course emphasizes writing projects based on student designed experiments.

Attributes: LE-I1 Integration

Lab/Studio Hours: 0

Seminar Hours: 4

MSCI 491 Special Topics in Advanced Materials Science (1-3 crs)

Prerequisite: MSE 350. Limited to Materials Science or Materials Science & Engineering majors.

Consent: Instructor Consent Required

• *Field trips optional. A total of no more than nine credits from MSCI 291 and MSCI 491 may be applied toward major or graduation.*

Lecture and possibly laboratory or field work in the study of current topics of Materials Science of special interest to advanced students and faculty.

Repeat: Course may be repeated for a maximum of 9 credits

MSCI 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

This course provides senior-level students with research opportunities in Materials Science or Materials Science & Engineering.

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

Materials Science and Engineering (MSE)

MSE 120 Introduction to Engineering (2 crs)

Prerequisite: MATH 109 or concurrent enrollment.

A comprehensive study of the engineering design process. Discussion of engineering disciplines with comparisons. The laboratory portion of the course includes design projects from various engineering disciplines.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MSE 221 Living in a Materials World (3 crs)

Prerequisite: MATH 114 or concurrent enrollment. No credit if taken after MSC1 100.

The interplay of the structure, properties, and processing of technological materials and their impact on performance. Societal benefits of sustainable, biomimetic, or responsible materials selection.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MSE 256 Introduction to Computer Aided Design (1 cr)

Prerequisite: MATH 109 or concurrent enrollment.

The course provides an introduction to 3-dimensional computer aided design and modeling.

Lecture/Discussion Hours: 0

Lab/Studio Hours: 3

MSE 286 Engineering Sophomore Seminar (1 cr)

• *This course requires access to a laptop computer which can be brought to class when required. Please see the Materials Science and Biomedical Engineering Department laptop requirement: <https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-biomedical-engineering/academic-offerings/materials-science-biomedical-engineering-laptop-requirements/>*

Career preparation for materials science, materials science and engineering, and biomedical engineering majors. Will include seminars with external speakers and class discussions of relevant issues.

MSE 289 Research Experience - MSE (1-3 crs)

Consent: Instructor Consent Required

This course provides research opportunities in Materials Science & Engineering for students in their first or second year of their major studies.

Repeat: Course may be repeated

MSE 296 Student Academic Apprenticeship (1 cr)

Consent: Instructor Consent Required

• *Grade of B or above in the connected course (or equivalent) is required for the student to serve as a student academic apprentice.*

Student academic apprentices in materials science and engineering will assist the course instructor, will aid in the learning of students enrolled in the connected course, and will demonstrate learning about the instruction process and a deeper understanding of materials science and engineering.

Repeat: Course may be repeated for a maximum of 6 credits

MSE 307 Engineering Statistics (4 crs)

Prerequisite: MATH 114.

• *Enrollment before or concurrent with MSE 368 recommended. This course requires access to a laptop computer which can be brought to class when required. Please see the Materials Science and Biomedical Engineering Department laptop requirement: <https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-biomedical-engineering/academic-offerings/materials-science-biomedical-engineering-laptop-requirements/>*

Principles of engineering experimentation and data collection, elementary probability distributions, use of confidence intervals and significance tests in engineering design and decision-making, use of statistical software, design of experiments, statistical process control

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

MSE 315 Materials Characterization (4 crs)

Prerequisite: CHEM 105 and CHEM 106 or CHEM 108 and CHEM 115 and PHYS 211 or PHYS 231 or concurrent enrollment.

A survey of commonly used materials characterization methods (XPS, SEM, AFM, XRD, XRF), including their theory of operation and hands-on experience. Includes a discussion of the measurement process and instrumental analysis of samples.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 2

Lab/Studio Hours: 4

MSE 334 Soft Materials (4 crs)

Prerequisite: CHEM 325 and MSE 221

Includes in-depth soft materials topics such as synthesis and processing, structure-property relationships, and applications of soft materials.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MSE 350 Thermodynamics of Materials (4 crs)

Prerequisite: MSE 221 or GEOL 312; CHEM 109 or CHEM 115; C or above in MATH 215; PHYS 232 or concurrent enrollment.

• *This course requires access to a laptop computer which can be brought to class when required. Please see the Materials Science and Biomedical Engineering Department laptop requirement: <https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-biomedical-engineering/academic-offerings/materials-science-biomedical-engineering-laptop-requirements/>*

Survey of the laws of thermodynamics and their application in Materials Science including phase equilibria. Mathematical skills relevant to engineering applications are discussed in the lab section.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

MSE 357 Phase Transformation & Kinetics (3 crs)

Prerequisite: MSE 221; MATH 215; CHEM 109 or CHEM 115

Phase transformations are explored with emphasis on microstructure development, the impact of diffusion, and nucleation/growth mechanisms.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MSE 362 Microelectronic Materials Processing (2 crs)

Prerequisite: MSE 350; MSE 357 or concurrent enrollment. No credit if taken after MSCI 362

• Formerly MSCI 362.

The fabrication of microelectronic devices is discussed, and the thermodynamics and kinetics that impact process design. Methods and practices are reviewed.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MSE 367 Macroprocessing of Materials (3 crs)

Prerequisite: MSE 357

Processing approaches for major categories of bulk materials. Topics range from raw materials to forming and finishing of final products.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MSE 368 Macroprocessing Materials Lab (2 crs)

Prerequisite: MSE 367 or concurrent enrollment.

• This course requires access to a laptop computer which can be brought to class when required. Please see the Materials Science and Biomedical Engineering Department laptop requirement: <https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-biomedical-engineering/academic-offerings/materials-science-biomedical-engineering-laptop-requirements/>

Practical and analytical aspects of processing techniques and investigation of structure-property-processing relationships using hands-on experiences.

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

MSE 372 Transport Phenomena (3 crs)

Prerequisite: MATH 312

Principles of momentum, heat, and mass transport. Applications of appropriate differential equations and boundary conditions to solve problems in materials processing.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MSE 374 Electrical, Optical and Magnetic Properties of Materials (4 crs)

Prerequisite: PHYS 332 or MSE 350

• Credit may not be earned in both MSE 374 and PHYS 374.

A description of the behaviors of crystalline solids. Topics include crystallography, diffraction, and the electrical, optical and magnetic properties of materials. Semiconducting materials and devices will also be discussed.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MSE 386 Engineering Junior Seminar (1 cr)

Prerequisite: MSE 286 and limited to declared Materials Science and Engineering majors or declared Biomedical Engineering majors

Career preparation for materials science and engineering and biomedical engineering majors, including ethics and other discussions relevant to the major. Will include seminars with external speakers and class discussions of topical issues.

Lab/Studio Hours: 0

Seminar Hours: 1

MSE 395 Directed Studies (1-3 crs)

Prerequisite: Minimum 2.0 GPA in Materials Science or Materials Science and Engineering or Biomedical Engineering majors

Consent: Department Consent Required

This course is designed to allow a single student or a group of students to pursue their educational goals and interests under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

MSE 406 Failure Analysis and Prevention (3 crs)

Prerequisite: MSE 350 or MSE 357

Analysis of mechanical failure in materials systems, and strategies for mitigating failure risks.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MSE 451 Computational Materials Science (3 crs)

Prerequisite: MSE 350 or PHYS 332 or CHEM 433.

Theory and application of computational methods to model, understand and predict the behavior of materials. Labs provide hands-on experience in solving real materials problems using computational approaches.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 3

MSE 475 Nanomaterials (3 crs)

Prerequisite: CHEM 109 or 115, and one of the following: MSE 350, or PHYS 333, or CHEM 434.

Quantum behavior and statistical mechanics of nanomaterials, plus modern synthesis methods, electronic and optical applications, biomaterials.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MSE 486 MS&E Capstone I (2 crs)

Prerequisite: MSE 256 or concurrent enrollment; MSE 307 or instructor consent; MSE 350; MSE 386 or departmental consent

Consent: Instructor Consent Required

- *This course requires access to a laptop computer which can be brought to class when required. Please see the Materials Science and Biomedical Engineering Department laptop requirement: <https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-biomedical-engineering/academic-offerings/materials-science-biomedical-engineering-laptop-requirements/>*

First of a two-course capstone sequence. Hands-on, project-based experiences including engineering design, problem solving and Computer Aided Design (CAD).

Lab/Studio Hours: 0

Seminar Hours: 4

MSE 487 MS&E Capstone II (2 crs)

Prerequisite: MSE 486

- *This course requires access to a laptop computer which can be brought to class when required. Please see the Materials Science and Biomedical Engineering Department laptop requirement: <https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-biomedical-engineering/academic-offerings/materials-science-biomedical-engineering-laptop-requirements/>*

Second of a two-course capstone sequence. Conclusion of student-designed projects accompanied by preparation of multiple technical documents.

Attributes: LE-I1 Integration

Lab/Studio Hours: 0

Seminar Hours: 4

MSE 493 Collaborative Internship (1-3 crs)

Prerequisite: 2.50 total GPA; minimum junior standing

Consent: Instructor Consent Required

This course provides students an opportunity to participate in collaborative projects that are performed on campus under the supervision of a faculty member.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

MSE 494 Off-campus Materials Science Internship (1-3 crs)

Prerequisite: 2.50 total GPA; minimum junior standing

Consent: Instructor Consent Required

Off-campus internship with a regional company or other partner, including professional development training and reflection.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Mathematics (MATH)

MATH 10 Basic Mathematics and Elementary Algebra (4 crs)

Prerequisite: For students with minimal high school mathematics or appropriate score on the mathematics placement test.

- *No credit if taken after credit is earned in any higher-numbered mathematics course. This course is graded on a letter grade basis. The grade received is used in calculating semester, resident, and total GPAs.*

Develops basic mathematics and elementary algebraic skills necessary for further study of algebra.

Grading Basis: No Auditors

Lecture/Discussion Hours: 1

Lab/Studio Hours: 3

MATH 20 Intermediate Algebra (4 crs)

Prerequisite: A grade of C or above in MATH 10, or one year of college-preparatory algebra and an appropriate score on the mathematics placement test.

- *This course is graded on a letter grade basis. The grade received is used in calculating semester, resident, and total GPAs. No credit if taken after credit is earned in any higher-numbered mathematics course except MATH 106 or MATH 107.*

The real number system, linear equations and inequalities, operations on polynomials and rational expressions, factoring, solutions of quadratic equations, Cartesian coordinates, functions, and related applications.

Grading Basis: No Auditors

Lecture/Discussion Hours: 1

Lab/Studio Hours: 3

MATH 46 Supplemental Statistics Preparation (1 cr)

Prerequisite: Suitable mathematics placement test score and concurrent enrollment with MATH 246.

Development of foundational skills and concepts, and practice with key MATH 246 topics, to allow concurrent enrollment in MATH 246 in lieu of prerequisite enrollment in MATH 20.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MATH 47 Elementary Statistics with Algebra Review I (4 crs)

Prerequisite: C or better in MATH 10, or two years of college-preparatory algebra and a suitable mathematics placement score. May not be taken after earning a grade of C or better in MATH 246.

- *MATH 47 + MATH 247 cover the same statistics material as MATH 246, in addition to review of key algebra skills. To ensure continuity of the student's statistical knowledge, MATH 247 should be taken in the semester immediately following MATH 47. MATH 47 by itself does not fulfill the statistics requirement for any majors.*

Basic statistical analysis, including descriptive statistics, probability, and sampling distributions, along with review of key algebra skills to support statistical understanding.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 50 Supplemental Math Preparation (1 cr)

Prerequisite: Suitable mathematics placement test score and concurrent enrollment with MATH 104, 109, or 201.

Development of foundational skills and concepts to allow concurrent enrollment in certain credit-bearing mathematics courses in lieu of prerequisite enrollment in MATH 20.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MATH 104 Finite Mathematics with Applications (4 crs)

Prerequisite: Grade of C or above in MATH 20, or 2 yrs college-prep algebra + suitable math placement score, or concurrent enrollment in MATH 50 + suitable placement score, or grade of C or above in MATH 50. No credit after MATH 114, 212, 314 or 346

- *May not be counted for credit toward a major or minor in mathematics.*

This course will cover applications from Economics, Social and Biological Sciences. The topics include sets, functions, counting principles, probability, solutions of linear systems by graphical and algebraic methods, matrices, linear programming, problem formulation, and using graphs and trees.

Attributes: MQR Mathematics Quantitative Reasoning, LE-S2 Mathematics

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 106 Introduction to Mathematical Thinking (4 crs)

Prerequisite: C or better in MATH 10, or two years of college-preparatory algebra and a suitable mathematics placement test score. Credit may not be earned in both MATH 106 and MATH 101.

- *May not be counted for credit toward a major or minor in mathematics.*

An accessible introduction to some interesting mathematical topics that require analytical thinking and abstract reasoning skills.

Attributes: MQR Mathematics Quantitative Reasoning, LE-S2 Mathematics

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 107 Mathematics in Latin American Cultures (4 crs)

Prerequisite: C or better in MATH 10, or two years of college-preparatory algebra and a suitable mathematics placement test score.

- *May not be counted for credit toward a major or minor in mathematics.*

This course introduces important mathematical concepts and topics, such as number and arithmetic systems, symmetry, and data structure, using the cultural lenses of pre-Columbian Latin American indigenous cultures.

Attributes: MQR Mathematics Quantitative Reasoning, LE-S2 Mathematics

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 109 Algebra for Calculus (4 crs)

Prerequisite: Grade of C or above in MATH 20, or 2 yrs college-prep algebra + suitable math placement score, or concurrent enrollment in MATH 50 + suitable placement score, or grade of C or above in MATH 50.

- *May not be counted for credit toward a major or minor in mathematics.*

Algebraic concepts, techniques, and applications including polynomial and rational expressions, linear and quadratic equations, complex numbers, inequalities, absolute value, functions and graphs, exponential and logarithmic functions, systems of equations and inequalities, and zeros of polynomials. This course is for students pursuing degree programs that require calculus.

Attributes: MQR Mathematics Quantitative Reasoning, LE-S2 Mathematics

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 111 A Short Course in Calculus (4 crs)

Prerequisite: MATH 109, or a grade of B or above in MATH 108, or three years of above-average work in college-prep MATH and a suitable mathematics placement test score.

- *May not be counted for credit toward a major or minor in mathematics.*

Primarily for students in biology, business, economics, psychology, and sociology. Functions, limits, continuity, derivatives, integrals, and applications.

Attributes: MQR Mathematics Quantitative Reasoning, LE-S2 Mathematics

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 112 Precalculus Mathematics (4 crs)

Prerequisite: MATH 108, or MATH 109, or three years of above-average work in college-prep MATH and a suitable mathematics placement test score. Credit may not be earned in both MATH 112 and MATH 113.

- *May not be counted for credit toward a major or minor in mathematics.*

Prepares students to enter the Math 114, Math 215, Math 216 sequence. Includes absolute value; logarithmic, exponential, and trigonometric functions; inequalities; conic sections; complex numbers; and topics from theory of equations.

Attributes: MQR Mathematics Quantitative Reasoning, LE-S2 Mathematics

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 113 Trigonometry (2 crs)

Prerequisite: MATH 109, or a grade of B or above in MATH 108, or three years of above-average work in college-prep MATH and a suitable mathematics placement test score. Credit may not be earned in both MATH 113 and MATH 112.

- May not be counted for credit toward a major or minor in mathematics.

Graphs, properties, and geometric significance of trigonometric functions of a real variable. Other topics include trigonometric equations and identities, inverse trigonometric functions and applications.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MATH 114 Calculus I (4 crs)

Prerequisite: MATH 109 and MATH 113, or MATH 112, or four years of above-average work in college-prep mathematics, including one semester of trigonometry and a suitable mathematics placement test score.

Limits, theory, and application of the derivative; introduction to integration.

Attributes: MQR Mathematics Quantitative Reasoning, LE-S2 Mathematics

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 150 Introduction to the Actuarial Career (1 cr)

- No credit if take after Math 291 when offered as Introduction to the Actuarial Career

Designed to start or further efforts in understanding the actuarial profession and to prepare students for an actuarial job search.

Lecture/Discussion Hours: 0

Lab/Studio Hours: 3

MATH 173 Introduction to Math Teaching (1 cr)

- Intent to major in Mathematics Teaching or Comprehensive Mathematics Teaching is recommended for enrollment.

This course seeks to extend student understanding of the mathematics teaching profession and address introductory topics and skills relevant to the teaching and learning of mathematics.

Seminar Hours: 1

MATH 201 Number and Operations I (2 crs)

Prerequisite: Grade of C or above in MATH 20, or 2 yrs college-prep algebra + suitable math placement score, or concurrent enrollment in MATH 50 + suitable placement score, or grade of C or above in MATH 50. ELED and SPED majors/minors only.

Mathematical knowledge for teachers based on practice/content standards.

Topics include: number systems, number theory, and integer algorithms.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MATH 202 Number and Operations II (2 crs)

Prerequisite: MATH 201. Limited to elementary and special education majors and minors.

Mathematical knowledge for teachers based on practice/content standards.

Topics include: fractions, ratios/proportions, and decimals.

Attributes: MQR Mathematics Quantitative Reasoning, LE-S2 Mathematics

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MATH 215 Calculus II (4 crs)

Prerequisite: MATH 114

Applications and techniques of integration; improper integrals; sequences and series; power series and Taylor's formula.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 216 Calculus III (4 crs)

Prerequisite: MATH 215

Introduction to functions of several variables, including partial derivatives, multiple integrals, the calculus of vector-valued functions, and Green's Theorem, Stokes' Theorem, and the Divergence Theorem.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 246 Elementary Statistics (4 crs)

Prerequisite: Grade of C or above in MATH 20, or 2 yrs college-prep algebra + suitable math placement score, or concurrent enrollment in MATH 46 + SPS, or grade of C or above in MATH 46 or MATH 50. Credit may not be earned in both MATH 246 and MATH 247.

- May not be counted for credit toward a major or minor in mathematics with the exception of the Middle Childhood/Early Adolescence minor in mathematics or the Mathematical Problem Solving minor. Repeat equivalency exists between MATH 246 and 247. Equivalent course: MATH 247

Basic statistical analysis, including descriptive statistics, probability, confidence intervals, hypothesis testing, simple linear regression, correlation, Chi-Square, and Analysis of Variance.

Attributes: MQR Mathematics Quantitative Reasoning, LE-S2 Mathematics

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 247 Elementary Statistics with Algebra Review II (4 crs)

Prerequisite: MATH 47. Credit may not be earned in both MATH 246 and MATH 247; repeat policy applies.

- *MATH 47 + MATH 247 cover the same statistics material as MATH 246, in addition to review of key algebra skills. To ensure continuity of the student's statistical knowledge, MATH 247 should be taken in the semester immediately following MATH 47. Repeat equivalency exists between MATH 246 and 247. Equivalent course: MATH 246.*

Basic statistical analysis, including confidence intervals and hypothesis tests for one and two populations, chi-squared tests, one-way ANOVA, and linear regression, along with review of key algebra skills to support statistical understanding.

Attributes: MQR Mathematics Quantitative Reasoning, LE-S2 Mathematics

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 260 Actuarial Communications (3 crs)

Prerequisite: Math 346 or concurrent enrollment

This course will feature three actuarial case studies from different actuarial disciplines. Employer partners will provide instruction and guidance for students. Focus will be on small group project management and presentations. Students will learn strategies for various business communications and will gain exposure to important real-life actuarial applications.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 291 Special Topics (1-3 crs)

Topics will vary, depending on interest of students and faculty.

Repeat: Course may be repeated for a maximum of 9 credits

MATH 297 Developmental Tutoring Techniques (1 cr)

- *May not be counted for credit toward a major or minor in mathematics except in the Comprehensive Major: Mathematics Teaching emphasis or the Minor: Mathematics, Middle Childhood/Early Adolescence, Teaching or the Minor: Mathematical Problem Solving, Liberal Arts.*

Training and tutoring for developmental mathematics courses.

Repeat: Course may be repeated for a maximum of 4 credits

Seminar Hours: 1

MATH 302 Algebraic Thinking (2 crs)

Prerequisite: MATH 202. Limited to elementary and special education majors and minors.

Mathematical knowledge for teachers based on practice/content standards. Topics include: algebraic equations, linear functions, non-linear functions, and introduction to formal justification.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MATH 303 Probability and Statistical Thinking (2 crs)

Prerequisite: MATH 202. Limited to elementary and special education majors and minors.

Mathematical knowledge for teachers based on practice/content standards. Topics include: statistics, probability, and expected value.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MATH 304 Geometric Thinking (2 crs)

Prerequisite: MATH 202. Limited to elementary and special education majors and minors.

Mathematical knowledge for teachers based on practice/content standards. Topics include: 2D & 3D figures, and transformations.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MATH 307 Mathematics and Music (3 crs)

Prerequisite: MATH 114 (or equivalent) or consent of instructor.

Using mathematics to understand, appreciate, and create music. Free audio processing software will be emphasized. Rock, jazz, classical, and experimental music will be analyzed. Connections are made to brain science and medicine.

Attributes: LE-I1 Integration, LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 311 Differential Equations (3 crs)

Prerequisite: MATH 216. Credit may not be earned in both MATH 311 and MATH 312.

Ordinary differential equations of first and second order, linear differential equations, Laplace transforms, series solutions, and systems of linear differential equations.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 312 Differential Equations and Linear Algebra (4 crs)

Prerequisite: MATH 215. Credit may not be earned in both MATH 311 and MATH 312.

Linear algebra: basis, dimension, matrix algebra, determinants, inverses, systems of linear equations, eigenvalues/eigenvectors. (Optional) matrices as linear transformations. Differential equations: first-order linear, separable; second-order linear with constant coefficients; higher order differential equations; first-order linear systems with constant coefficients; Laplace transforms; power series solutions. (Optional) Proof of Existence and Uniqueness Theorems.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 313 Digital Signal Processing (3 crs)

Prerequisite: MATH 215 or consent of instructor.

Fundamentals of digital signal processing. Fourier series, Fourier transforms and computerized Fourier transforms (FFTs) are described and applied to the analysis of digitized audio and digitized images.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 314 Discrete Mathematics (4 crs)

Prerequisite: MATH 114

Introductory course in discrete mathematics. Topics include set theory, logic, sequences, recursion, relations, functions, graph theory, and combinatorics. Also covers methods of proof.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 316 Introduction to Real Analysis (3 crs)

Prerequisite: MATH 215; MATH 314 or MATH 324.

Real numbers, introductory topological topics, limits, sequences and series of numbers, continuity, and derivatives.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 317 Introduction to Real Analysis II (3 crs)

Prerequisite: MATH 316

The Riemann-Stieltjes Integral, sequences and series of functions, metric spaces, differentiation in high-dimensional Euclidean space, the inverse and implicit function theorems, and further topics in analysis selected by the instructor such as measure, functions of bounded variation, and existence and uniqueness theorems in differential equations.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 318 Introduction to Complex Variables (3 crs)

Prerequisite: MATH 216

Elementary functions of a complex variable, complex integrals, and residue theory.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 322 Abstract Algebra for Elementary Teachers (4 crs)

Prerequisite: MATH 114 and MATH 202. Limited to Elementary Education majors, Mathematics Teaching majors, and Mathematics Problem Solving minors

- *May not be counted for credit toward a major or minor in mathematics except in mathematics teaching programs or in the minor in Mathematical Problem-Solving.*

Includes sets, functions, and abstract algebraic structures such as groups, rings, and fields.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 324 Linear Algebra (4 crs)

Prerequisite: MATH 215 or MATH 314

An introductory course in linear algebra including matrix algebra, systems of linear equations, vector spaces, linear transformations, eigenvalues, and applications. Also covers methods of proof and a survey of student-faculty research.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 330 Modern Geometry (4 crs)

Prerequisite: MATH 114

- *Requires basic knowledge of Euclidean Geometry.*

Contemporary and classical Euclidean geometry, with emphasis on constructions, transformations, and proofs. The Mira and geometry software will be used to illustrate these topics. Some non-Euclidean geometry included.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 335 Introduction to Point-Set Topology (3 crs)

Prerequisite: MATH 314 or MATH 324

Theory of sets, continuity of functions, neighborhoods of points, topological and metric spaces, connectedness and compactness.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 338 Introduction to Differential Geometry (3 crs)

Prerequisite: MATH 216

An introduction to the study of curves and surfaces. Topics on curves include curvature, torsion, and the Frenet frames. Topics on surfaces include curvature, minimal surfaces, and Gauss' Remarkable Theorem.

Lecture/Discussion Hours: 2.5

Lab/Studio Hours: 0.5

MATH 339 Relativity and Differential Geometry (4 crs)

Prerequisite: MATH 216, PHYS 232

The theories and history of special and general relativity. Manifolds, tensors, and metrics as they relate to relativity. Modern research in relativity and astronomy.

Attributes: LE-I1 Integration

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 341 Classical Number Theory (3 crs)

Prerequisite: MATH 114

Classical number theory including divisibility, primes and their properties, theory of congruences, Diophantine equations, number theoretic functions, primitive roots, and selected optional topics.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 345 Introduction to Probability and Mathematical Statistics (4 crs)

Prerequisite: MATH 215 or concurrent registration. Credit may not be earned in both MATH 345 and MATH 346.

- *MATH 246 or MATH 247 may not be taken for credit after or concurrently with MATH 345.*

Counting techniques, discrete and continuous random variables, probability distributions, sampling distributions, estimation, hypothesis testing, linear regression, correlation, nonparametric statistics. Students who desire more extensive probability and statistics should take Math 346, Math 347.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 346 Introduction to Probability (4 crs)

Prerequisite: MATH 216 or concurrent enrollment. Credit may not be earned in both MATH 345 and MATH 346.

Probability in discrete and continuous sample spaces; conditional probability; counting techniques; probability functions; binomial, Poisson, normal distributions; and transformations of variables.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 347 Mathematical Statistics (4 crs)

Prerequisite: MATH 215; MATH 346; DS 140.

- *MATH 246 or MATH 247 may not be taken for credit after or concurrently with MATH 347.*

Sampling distributions; estimation and properties; hypothesis testing; analysis of variance; regression; nonparametric tests; and introduction to Bayesian inference.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

MATH 350 Introduction to Financial Mathematics (4 crs)

Prerequisite: MATH 215 or consent of instructor.

Mathematical theory of interest, annuities and applications, loans, portfolio management, securities valuation, and an introduction to financial derivatives.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 351 Numerical Analysis I (3 crs)

Prerequisite: MATH 215

Nonlinear equations, interpolation and approximation, least squares, systems of linear equations, and error analysis.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 354 Introduction to Mathematical Modeling (4 crs)

Prerequisite: MATH 215

Introduction to building mathematical models in an applied context, including principles of modeling; project(s) involve modeling open-ended real-world problems. Skills covered may include discrete dynamical systems, differential equations, stochastic models, and linear programming.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 365 Patterns of Problem Solving (4 crs)

Prerequisite: Minimum-level University Mathematics Competency, or co-enrollment in MATH 112 or MATH 114

- *May not be counted for credit toward a major or minor in mathematics except in mathematics teaching programs or in the minor in Mathematical Problem-Solving.*

Provides tools and concepts needed in problem solving in a variety of disciplines.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 373 Issues in Secondary Mathematics (4 crs)

Prerequisite: MATH 345 or MATH 346 or concurrent enrollment; MATH 330 or concurrent enrollment. Limited to mathematics teaching majors.

- *This is a hybrid course offering.*

An integrated study of mathematical topics taught in grades 5-12 with a focus on increasing pedagogical content knowledge. Topics covered include algebraic, geometric, and other relevant issues in secondary mathematics.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 380 Research Methods (3 crs)

Prerequisite: MATH 314 or MATH 324 or consent of instructor.

Introduction to research methods in mathematics. Topics include: background research, methods of proof, mathematical writing, and presentation skills.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 395 Directed Studies (1-4 crs)

Prerequisite: 2.00 GPA in mathematics.

Consent: Department Consent Required

For the student who wishes to pursue directed study of a topic in mathematics under the supervision of a member of the mathematics department.

Repeat: Course may be repeated

MATH 397 Academic Apprenticeship (1-2 crs)

Consent: Department Consent Required

Supervised experience with teaching techniques used in a UWEC mathematics course. May involve work in the classroom and/or outside of class.

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MATH 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

MATH 425 Abstract Algebra I (3 crs)

Prerequisite: MATH 324

An introduction to the abstract concepts of algebra such as groups, rings, and fields. Topics such as direct products, group homomorphisms, factor groups, integral domains, and polynomial rings will be included.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 426 Abstract Algebra II (3 crs)

Prerequisite: MATH 425/MATH 625. No credit if taken after MATH 322.

A continuation of Math 425 including more advanced topics from groups, rings, and fields, such as the Sylow theorems, prime and maximal ideals, unique factorization domains, and finite fields.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 440 Digital Image Processing (3 crs)

Prerequisite: MATH 215

• *Credit may not be earned in both MATH 440 and PHYS 440.*

Applications of Fourier analysis and wavelets to optics and image processing.

Topics include: diffraction, wave optical theory of lenses and imaging, wavelets, and image processing.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 441 Linear Regression Analysis, with Time Series (4 crs)

Prerequisite: MATH 246 or MATH 247 or MATH 345 or MATH 347, and DS 140.

Simple and multiple regression, transformation of variables, model checking, analysis of residuals, regression diagnostics, stepwise regression, index variables, confidence intervals, and computer software; overview of time series and forecasting methods.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 442 Advanced Statistical Modeling (4 crs)

Prerequisite: MATH 345 or MATH 347 or MATH 246 or MATH 247, and DS 140.

Teaches students the key concepts of generalized linear models, principal components analysis, decision tree models, and cluster analysis. Students will learn the purpose and uses of these methods, make interpretation of obtained results, and gain knowledge of their various applications. Applications will be implemented using the statistical software R / Rstudio.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

MATH 443 Experimental Design and Analysis (3 crs)

Prerequisite: MATH 345 or MATH 347 or MATH 246 or MATH 247, and DS 140.

Basic concepts of statistical design of experiments; linear models; randomized block, Latin square, factorial, fractional factorial, rotatable, and incomplete block designs and applications.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MATH 445 Survey Sampling (2 crs)

Prerequisite: MATH 345 or MATH 347 or MATH 246 or MATH 247, and DS 140.

Survey sampling including random sampling, stratified sampling, cluster sampling, and design of surveys.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MATH 447 Nonparametric Statistics (2 crs)

Prerequisite: MATH 345 or MATH 347 or MATH 246 or MATH 247, and DS 140.
Testing and estimation based on the binomial distribution, contingency tables, Wilcoxon Tests, rank correlation, Kruskal-Wallis and Friedman analysis of variance. Comparisons with parametric methods.

Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

MATH 450 Foundations of Actuarial Science (4 crs)

Prerequisite: Admission to the Actuarial Science program
Actuarial theory of financial mathematical models for contingent events as applied to insurance, annuities, pensions, and reserving. Together with Math 460, this course prepares students for the actuarial exam covering contingent payments.

Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

MATH 451 Teaching Mathematics with Technology (4 crs)

Prerequisite: ES 212; MATH 114

- *May not be counted for credit toward a major or minor in mathematics except in mathematics teaching programs or in the minor in Mathematical Problem-Solving.*

In this course students will investigate teaching mathematics effectively with technology. Technology used includes graphing calculators, spreadsheets, interactive software, and calculator based laboratories. Topics include functions, statistics, probability, geometry, and mathematical modeling.

Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

MATH 460 Contingent Payment Analysis (4 crs)

Prerequisite: MATH 450 and Admission to the Actuarial Science Program (Code 180-001).

Actuarial theory of reserves, multiple life models, multiple decrement models, Poisson processes, and multi-state transition models. Together with Math 450, this course prepares students for the actuarial exam covering contingent payments.

Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

MATH 462 History of Mathematics (4 crs)

Prerequisite: MATH 114

A study of mathematics from a historical and worldwide point of view beginning with ancient mathematics and including selected mathematicians and periods of mathematical development up to the present.

Attributes: LE-I1 Integration
Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

MATH 470 Mathematical Models for Financial Economics (4 crs)

Prerequisite: Admission to the Actuarial Science Program (Code 180-001).
An introduction to financial derivatives including forwards and options with coverage of binomial, Black-Scholes, and lognormal pricing models.

Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

MATH 475 Actuarial Foundations of Short-Term Coverages (4 crs)

Prerequisite: MATH 347. Admitted to Actuarial Science Program. No credit if taken after MATH 491 when offered as Introduction to Credibility & Loss Models
An introduction to ratemaking and reserving for short-term insurance coverages; credibility theory; and actuarial models for frequency, severity, and aggregate distributions.

Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

MATH 480 Research Seminar (2 crs)

Prerequisite: MATH 380 and faculty supervised research project

Consent: Instructor Consent Required

Individual research projects in mathematics under the supervision of a member of the mathematics faculty, culminating in research project presentations.

Repeat: Course may be repeated for a maximum of 4 credits
Lab/Studio Hours: 0
Seminar Hours: 2

MATH 491 Special Topics (1-4 crs)

A variable content course designed to allow a breadth of study through investigation of mathematical topics not covered in other courses. Special interests of instructors will be utilized to provide topics.

Attributes: Undergraduate/Graduate Offering
Repeat: Course may be repeated for a maximum of 9 credits

MATH 493 Capstone Seminar (1 cr)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

An intensive study of selected topics including written and/or oral presentations by the students. The topics will connect ideas from across the mathematics major.

Attributes: Capstone Course
Repeat: Course may be repeated for a maximum of 3 credits
Lecture/Discussion Hours: 1
Lab/Studio Hours: 0

MATH 494 Mathematics Seminar (1 cr)

Prerequisite: Minimum junior standing.

An intensive study of selected topics in mathematics. The exact topics to be studied will vary according to the interests of the professor and the seminar participants.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 3 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MATH 497 Honors Seminar (1 cr)

Prerequisite: Grade of B+ or above in MATH 216.

• *Admission to Department Honors Program.*

An intensive study of selected topics in mathematics. The exact topics to be studied will vary according to the interests of the professor and the seminar participants.

Repeat: Course may be repeated for a maximum of 3 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MATH 498 Mathematics Internship (1-3 crs)

Prerequisite: MATH 216. Limited to mathematics majors and minors. Minimum junior standing.

Consent: Department Consent Required

• *May not count toward the minimal number of credits required for a mathematics major or minor.*

Provides supervised on-the-job experience in an area of interest with mathematical content.

Attributes: LE-CEL Community-Engaged Learning, Internship

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No Auditors

MATH 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

MATH 691 Special Topics (1-4 crs)

• *Dual-listed with MATH 491.*

A variable content course designed to allow a breadth of study through investigation of mathematical topics not covered in other courses. Special interests of instructors will be utilized to provide topics.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

MATH 694 Mathematics Seminar (1 cr)

• *Dual-listed with MATH 494.*

An intensive study of selected topics in mathematics. The exact topics to be studied will vary according to the interests of the professor and the seminar participants.

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MATH 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

MATH 798 Graduation Only (1 cr)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

Military Science and Leadership (MSL)

MSL 101 Leadership and Personal Development (2 crs)

• *One off-campus training event required. Lab and Physical Training required (see Schedule).*

Introduction to the Army profession and military leadership. Personal development includes goal setting, time management, physical fitness and stress management. Lab includes squad movement, map reading, first aid and formations. Physical Training is composed of techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required one day per week. Open to all students.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

Physical Training Hours: 1

MSL 102 Foundations of Leadership (2 crs)

- One off-campus training event required. Lab and Physical Training required (see Schedule).

Basic leadership fundamentals such as problem solving, oral and written communication, goal setting and tactical knowledge. Exploration of leadership theories, attributes and traits. Lab includes team tactics, map reading, marksmanship and marching techniques. Physical Training consists of techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required one day per week. Open to all students.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

Physical Training Hours: 1

MSL 201 Leadership and Ethics (3 crs)

Prerequisite: MSL 102 or consent of instructor

Consent: Instructor Consent Required

- One off-campus training event required. Lab and Physical Training required (see Schedule).

Explores innovative tactical leadership strategies and styles by examining team dynamics, leadership theories and principles emphasizing leadership analysis and leadership self-assessment. Examination of Army Values and Ethics and their relationship to the Law of Armed Conflict and the philosophy of military service. Students broaden their knowledge of communications, land navigation and tactics, which are practiced in lab. Physical Training attendance required one day per week. Open to all students.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

Physical Training Hours: 1

MSL 202 Army Doctrine and Decision-Making (3 crs)

Prerequisite: MSL 201 or consent of instructor

Consent: Instructor Consent Required

- One off-campus training event required. Lab and Physical Training required (see Schedule).

Students gain an insight to analytical techniques, creative thinking skills and the Army problem solving process. Develop an understanding of troop leading procedures, operations orders, and squad and platoon tactics. Basic concepts of offensive, defensive, multidomain, and joint operations. Lab applies basic team leadership during practical exercises in a field environment. Physical Training consists of techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required one day per week. Open to all students.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

Physical Training Hours: 1

MSL 301 Training Management and the Warfighting Functions (3 crs)

Prerequisite: MSL 101, MSL 102, MSL 201, MSL 202 or consent of instructor.

Consent: Instructor Consent Required

- Required off-campus training weekends. Lab and Physical Training required (see Schedule).

Students conduct leadership self-assessment, receiving direct and peer feedback. Apply advanced tactical skills and leadership in planning small-unit tactical training applying problem-solving techniques. Apply the fundamentals of Training Management and how the Army operates through the Warfighting Functions. Lab reinforces squad-level tactics, employing the troop-leading procedures. Physical Training consists of developing and leading programs to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required three days per week. Open to all students.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

Physical Training Hours: 3

MSL 302 Applied Team Leadership (3 crs)

Prerequisite: MSL 301 or consent of instructor.

Consent: Instructor Consent Required

- *Required off-campus training weekends. Lab and Physical Training required (see Schedule).*

Emphasis on writing operation orders, improving oral/written communications, and leadership analysis. Receive direct and peer feedback on leadership performance. Lab applies advanced tactics and leadership during patrol-size tactical training. Physical Training consists of developing and leading programs to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required three days per week.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

Physical Training Hours: 3

MSL 304 US Military Experience from 1607 to the Present (3 crs)

- *Completion of this block of instruction is a prerequisite for commissioning as a Lieutenant in the United States Army.*

The US Army Cadet Command Military Experience course covers military history from early colonial warfare in the seventeenth century to the present. The purpose of this course is to lead students in understanding the role military officers have played in the development of our country.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MSL 399 Military Science and Leadership Independent Study (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Instructor Consent Required

- *Required off-campus training weekends. Lab and Physical Training required (see Schedule).*

Students propose an independent study project on a topic in military history, military tactics or political/military leadership to the Assistant Professor of Military Science. Projects may include library research or original empirical research. Students work independently, with supervising instructor providing oversight and assistance. Physical Training attendance required three days a week. Open to juniors and seniors.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 2

Physical Training Hours: 3

MSL 401 Developing Adaptive Leaders (3 crs)

Prerequisite: MSL 302 or consent of instructor.

- *Required off-campus training weekends. Lab and Physical Training required (see Schedule).*

Develop proficiency in planning and executing complex operations, functioning as a staff member and mentoring subordinates. Explore training management, staff collaboration and developmental counseling techniques. Lab instruction is designed to increase students' organizational-level, mentoring and assessment skills. Physical Training requires mentoring junior Cadets in techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required three days per week.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

Physical Training Hours: 3

MSL 402 Leadership in a Complex World (3 crs)

Prerequisite: MSL 401 or consent of instructor.

Consent: Instructor Consent Required

- *Required off-campus training weekends. Lab and Physical Training required (see Schedule).*

Examine officership, study Army programs, and complete a battle analysis. Examine civilian, governmental, legal, and cultural factors of conducting military operations in an international environment. Lab instruction is designed to increase students' organizational level, mentoring and assessment skills. Physical Training requires mentoring junior Cadets in techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required three days per week. Open to all students.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

Physical Training Hours: 1

Music (MUSI)

MUSI 100 Performing Arts On Stage (3 crs)

- *No credit toward music major or minor programs. May not be repeated for credit.*

Introduction to music listening and theatre appreciation. The course provides a working vocabulary for describing music and theatre while exploring the connection between performing arts and cultural context. In-class lectures/demonstrations are presented by performing arts faculty.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 102 Fundamentals of Music (2 crs)

Prerequisite: No credit if taken after or concurrently with MUSI 141.

- *No credit toward music major or minor programs. May be waived by examination.*

Introduction to musical skills and notation: reading and notating simple music; singing; playing melodies, chords, and scales on recorder and piano; basics of pitch, rhythm, timbre, form, and texture.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 103 Introduction to Electric Guitar (3 crs)

Designed for students with little or no prior experience playing the electric guitar. Students will be introduced to the fundamentals of guitar technique and its repertoire through exercises, songs, and solo excerpts. This course aims to provide basic concepts of improvisation, harmonization, comping techniques and the basic technical skills and musical vocabulary necessary to play solos and improvise on the electric guitar.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 104 Introduction to Piano (2 crs)

- *No credit toward music major or minor programs.*

An introduction to the keyboard for the non-music major/minor. Music reading, harmonization, improvisation, and basic music theory concepts will be emphasized. For the student with no prior keyboard knowledge.

Attributes: LE-S3 Creativity

Grading Basis: No Auditors

Lecture/Discussion Hours: 1

Lab/Studio Hours: 1

MUSI 106 Class Piano (2 crs)

Prerequisite: Limited to music majors/minors and music theatre majors. Non-majors interested in this course should consult the department.

- *No credit toward music major programs.*

Fundamental piano knowledge with an introduction to repertoire, technique, harmonization, and sight-reading.

Grading Basis: No Auditors

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 108 Advanced Class Piano (2 crs)

Prerequisite: MUSI 106 or keyboard placement exam.

- *No credit toward music major programs.*

Designed for the student with some knowledge of piano. Sightreading, harmonization, transposition, technique, and repertoire are stressed in preparation for the proficiency examination given at course conclusion.

Grading Basis: No Auditors

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 110 Music Appreciation (3 crs)

Master works and historical eras of Western music; nontechnical, offered for enjoyment and enrichment of cultural background.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 111 Global Roots of Music in the United States (3 crs)

Forms and cultures represented in folk music in the United States with study of global roots of music and examination of perspectives and roles of music in culture.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 112 History of Rock and Pop (3 crs)

Non-technical stylistic development and history of popular music in the United States and United Kingdom from approximately 1955 through 1985. Emphasis placed on developing perceptive listening skills and analyzing cultural and social contexts.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 114 Evolution of Jazz (3 crs)

- *No credit toward any music major degree program.*

Non-technical history and appreciation of jazz.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 116 Folk Guitar in Culture across Time (3 crs)

- *Students need to provide own guitars and bring them to class.*

Beginning folk guitar course with diversity infused to represent diverse repertoire and roles and styles of guitar playing in the United States and global music scene.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity, LE-S3 Creativity

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 117 Beginning Guitar (3 crs)

Designed for students with little or no prior experience playing guitar. Students will learn the fundamentals of guitar technique and its repertoire through exercises and popular songs. Additionally, students will be introduced to music theory and music notation applied to the guitar and acquire a basic historical understanding of the guitar's role in different cultures.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 118 Introduction to Singing (2 crs)

- *No credit toward music major or minor programs.*

Rudiments of singing for the general student, including breath management, tone production, and experience with classical and popular singing styles.

Attributes: LE-S3 Creativity

Repeat: Course may be repeated

Grading Basis: No Auditors

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 133 The Healing Art of Music (3 crs)

Students will learn how music is processed neurologically so as to be able to intentionally use music to elicit desired responses. Students will learn to structure musical engagement to elicit healthy responses and eliminate or decrease unhealthy responses for oneself and for others via weekly interaction with a community partner. Students will learn how to interact with and motivate others to respond in a healthy manner and achieve desired goals through musical engagement.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R3 Civic and Environmental Issues, Service-Learning, Half 15 Hours

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 139 Music Theory Fundamentals (3 crs)

Prerequisite: Limited to musical theatre majors, music minors, Recording Arts Certificate students, and Songwriting Certificate students.

This course covers fundamental concepts of written music theory and aural skills for musical theatre majors, music minors, and Recording Arts Certificate students.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 141 Theory Written I (3 crs)

Prerequisite: Limited to music majors and minors, and musical theatre majors.

Triads and their inversions, principles of voice leading, and first through fourth species counterpoint.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 142 Theory Aural I (1 cr)

Prerequisite: Limited to music majors and minors, and musical theatre majors.

Skills in aural recognition and sight-singing, including simple melodies and basic techniques related to melodic and harmonic dictation.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUSI 146 Theory Written II (3 crs)

Prerequisite: MUSI 141

Continuation of Theory Written I, with addition of phrase structure, seventh chords, non-harmonic tones, secondary chords, common-chord modulation, fugue, and fifth-species counterpoint.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 147 Theory Aural II (1 cr)

Prerequisite: MUSI 141 and MUSI 142.

Continuation of Theory Aural I, with addition of seventh chords, non-harmonic tones, secondary dominants, and modulation to closely related keys.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUSI 150 Beginning Composition (2 crs)

Prerequisite: MUSI 141 and MUSI 142.

Introduction to principles of music composition with an emphasis on recent art music. Composition and performance of student works for one to five players.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 151 Applied Music-Piano (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 152 Applied Music-Organ (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 153 Applied Music-Voice (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 154 Applied Music-Violin (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 155 Applied Music-Viola (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 156 Applied Music-Cello (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 157 Applied Music-Double Bass (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 158 Applied Music-Flute (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 159 Applied Music-Oboe (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 160 Applied Music-Clarinet (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 161 Applied Music-Bassoon (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 162 Applied Music-Saxophone (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 163 Applied Music-Trumpet/Cornet (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 164 Applied Music-French Horn (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 165 Applied Music-Trombone (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 167 Applied Music-Euphonium (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 168 Applied Music-Tuba (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 169 Applied Music-Percussion (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 170 Applied Music-Composition (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 171 Applied Music-Harp (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 172 Applied Music-Harpsichord (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: No Auditors

MUSI 173 Applied Conducting (1-2 crs)

Consent: Instructor Consent Required
Conducting and rehearsal technique, score study, and repertoire knowledge.

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 174 Applied Guitar (1-4 crs)

Consent: Instructor Consent Required
Solo repertoire, techniques, and performance.

Repeat: Course may be repeated
Grading Basis: A-F Grades Only
Lab/Studio Hours: 0
Independent Study Hours: Variable

MUSI 180 Symphony Band (1 cr)

Consent: Instructor Consent Required
• *Audition required.*

Local concerts, annual concert tour and/or other out-of-town appearances may be part of this course.

Attributes: Activity
Repeat: Course may be repeated for a maximum of 7 credits
Lecture/Discussion Hours: 1
Lab/Studio Hours: 4

MUSI 181 Wind Ensemble (1 cr)

Consent: Instructor Consent Required
• *Audition required.*

Local concerts, annual concert tour and/or out-of-town appearances may be part of this course. Includes study and performances of major wind ensemble literature.

Repeat: Course may be repeated for a maximum of 7 credits
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 1
Lab/Studio Hours: 4

MUSI 182 University Band (1 cr)

• *Experience playing an instrument in high school is recommended.*

University band is a concert band that does not require an audition for participation.

Attributes: Activity
Repeat: Course may be repeated for a maximum of 7 credits
Lecture/Discussion Hours: 1
Lab/Studio Hours: 2

MUSI 183 Marching Band (1 cr)

- *Audition required.*

Perform at all home football games and the Homecoming Parade. Out-of-town performances may be part of this course.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 1

MUSI 184 University Orchestra (1 cr)

Consent: Instructor Consent Required

- *Audition required. Local and out-of-town appearances may be a part of this course.*

Includes study and performance of major orchestral literature.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 4

MUSI 185 Summer Band (1 cr)

- *No audition required.*

One performance is given during summer session.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 186 Jazz Ensemble (1 cr)

Consent: Instructor Consent Required

- *Audition required.*

Techniques and literature. Local concerts and out-of-town appearances may be a part of this course.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 187 Varsity Band (1 cr)

Performs at stage shows and invited events. Out-of-town performances may be part of this course.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 1

MUSI 188 Concert Choir (1 cr)

Consent: Instructor Consent Required

- *Audition required.*

Local concerts, an annual concert tour, and/or other out-of-town appearances are required.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 4

MUSI 189 Summer Choir (1 cr)

- *No audition required.*

One performance given during summer session.

Attributes: Activity

Repeat: Course may be repeated

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 190 Symphonic Choir (1 cr)

Consent: Instructor Consent Required

- *Audition required.*

A large choir which performs major choral works with orchestra. Off-campus performance may be required.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 191 The Singing Statesmen (1 cr)

Consent: Instructor Consent Required

- *Audition required.*

Local concerts, an annual tour, and/or other out-of-town performances are required.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 3

MUSI 192 Women's Concert Chorale (1 cr)

Consent: Instructor Consent Required

- *Audition required.*

Local concerts, an annual tour, and/or other out-of-town performances are required.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 1

MUSI 193 Treble Choir (1 cr)

Consent: Instructor Consent Required

- *Audition required--may not be taken by choral/vocal majors.*

One performance is given at the end of the semester. Other local performances may be part of this course.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 196 String Techniques (1 cr)

Prerequisite: Co-requisite with MUSI 210

Consent: Instructor Consent Required

Materials, methods and techniques of playing and teaching violin, viola, cello, and bass through lecture and lab performance.

Attributes: Activity

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUSI 198 Percussion Techniques (1 cr)

Prerequisite: Co-requisite with MUSI 202

Consent: Instructor Consent Required

Materials, methods, and techniques of playing and teaching percussion instruments through lecture and lab performance.

Grading Basis: No Auditors

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUSI 202 Brass Techniques (1 cr)

Prerequisite: Co-requisite with MUSI 198

Consent: Instructor Consent Required

Materials, methods, and techniques of playing and teaching trumpet, horn, trombone, euphonium, and tuba through lecture and lab performance.

Grading Basis: No Auditors

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUSI 205 Vocal Techniques (2 crs)

Consent: Instructor Consent Required

Materials, methods, and techniques of teaching voice and choral ensembles.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 208 Woodwind Techniques (1 cr)

Consent: Instructor Consent Required

Materials, methods, and techniques of playing and teaching flute, clarinet, and saxophone through lecture and lab performance.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUSI 210 Woodwind Techniques (1 cr)

Prerequisite: Co-requisite with MUSI 196

Consent: Instructor Consent Required

Materials, methods, and techniques of playing and teaching oboe and bassoon through lecture and lab performance.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUSI 217 Topics in Sound Recording (2-3 crs)

Lecture/Discussion Hours: Variable Topics will vary depending on the interests of students and faculty. Topics will address various concepts and techniques in sound recording techniques and technology.

Attributes: LE-S3 Creativity

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

MUSI 224 Music and Gender (3 crs)

- *Credit may not be earned in both MUSI 224 (formerly MUSI 306) and WGSS 224 (formerly WMNS 306).*

Addresses the relationship between music and gender, how music reflects and influences gender construction, and the role of women in musical culture (composers, song-writers, performers, and patrons). No prior knowledge of music assumed.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 225 Global Traditions in Music (3 crs)

Prerequisite: Credit may not be earned in both MUSI 225 and MUSI 305.

- *No credit toward music major programs. Credit may not be earned in both MUSI 225 and MUSI 305.*

Introduction to the sound and concepts of diverse musical cultures from around the world, examining broad historical, cultural, and social contexts of music. Draws on folk, popular, traditional and art music genres. No prior knowledge of music assumed.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 227 Music History & Society I (3 crs)

Prerequisite: MUSI 146

Development of European classical music to 1700 with comparative music examples from folk, popular, and jazz traditions.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 229 Music History & Society II (3 crs)

Prerequisite: MUSI 227. Must be taken with MUSI 248.

Development of Euro-American classical music from 1700 with comparative music examples from folk, popular, and jazz music traditions.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 233 Dance and Relaxation Neuromedical Applications (3 crs)

Students will learn Alexander Technique and other physical – therapy based relaxation techniques to facilitate relaxation and healthy movement using music. Students will learn Neurologic Music Therapy Patterned Sensory Enhancement techniques to help long-term care residents to perform their range of motion exercises. Students will learn and apply relaxation techniques paired with music for local youth.

Attributes: LE-I1 Integration, LE-R3 Civic and Environmental Issues, Service-Learning, Full 30 Hours

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 246 Theory Written III (3 crs)

Prerequisite: MUSI 146

Continuation of Theory Written II, with the addition of Neapolitan, augmented sixth, and chromatic mediant chords, modal mixture, advanced modulation, and binary, ternary, and sonata form.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 247 Theory Aural III (1 cr)

Prerequisite: MUSI 146 and MUSI 147.

Continuation of Theory Aural II, with the addition of altered chords, chords of multiple thirds, Neapolitan sixth chord, augmented sixth chords, and advanced modulation.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUSI 248 Theory Written IV (3 crs)

Prerequisite: MUSI 246

Continuation of Theory Written III, with the addition of late nineteenth-century chromaticism and form, and techniques of twentieth-century composers.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 249 Theory Aural IV (1 cr)

Prerequisite: MUSI 247

Continuation of Theory Aural III, with the addition of material employed by composers of the mid-late nineteenth century and the twentieth century.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUSI 253 University Chamber Orchestra (1 cr)

Lab/Studio Hours: 2

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 1

MUSI 255 String Ensemble (1 cr)

Consent: Instructor Consent Required

String chamber music which may result in a public performance.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 256 Brass Ensemble (1 cr)

Consent: Instructor Consent Required

Brass chamber music which may result in a public performance.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 257 Woodwind Ensemble (1 cr)

Consent: Instructor Consent Required

Woodwind chamber music which may result in a public performance.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 258 Percussion Ensemble (1 cr)

Consent: Instructor Consent Required

Attributes: Activity

Repeat: Course may be repeated for a maximum of 3 credits

MUSI 259 Jazz Combo (1 cr)

Consent: Instructor Consent Required

Attributes: Activity

Repeat: Course may be repeated

Grading Basis: No Auditors

MUSI 260 Contemporary Music Ensemble (1 cr)

Prerequisite: Limited to music and music education majors or minors, or theatre majors or minors, or dance minors or consent of instructor.

Consent: Instructor Consent Required

Includes study and performances of contemporary compositions as well as 20th- and 21st-century repertoire and styles.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUSI 262 Chamber Choir (1 cr)

Consent: Department Consent Required

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 265 Vocal Jazz Ensemble (1 cr)

Consent: Instructor Consent Required

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 268 Piano Ensemble (1 cr)

Consent: Instructor Consent Required

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 276 Keyboard Accompanying (2 crs)

Prerequisite: Sophomore standing as a music major and two semesters of MUSI 151, or instructor consent.

Focuses on development of accompanying/collaborative skills of pianists. Vocal and instrumental repertoire studied with a focus on efficient preparation, effective rehearsing, and sensitive and artistic collaboration.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

MUSI 278 Functional Piano (1 cr)

Prerequisite: Completion of the Piano Proficiency Exam.

Beginning melodic realization by ear, simple accompaniment patterns, harmonization using primary chords, transposition and modulation, song arrangements, improvisation, and lead-sheet realization.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 1

MUSI 280 Opera/Music Theatre Workshop (1 cr)

Consent: Instructor Consent Required

Development of performance abilities and technical skills necessary for production of opera and music theatre culminating in performance of operatic and/or music theatre repertoire.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 3

MUSI 290 Music and Culture Abroad (1-3 crs)

Emphasis on music and culture of the host country.

Repeat: Course may be repeated for a maximum of 6 credits

MUSI 291 Special Topics (1-3 crs)

Topics will vary according to interests of students and faculty. Focus is on aspects of music and music education not extensively covered in regular courses.

Repeat: Course may be repeated for a maximum of 9 credits

MUSI 297 Sophomore Recital (1-2 crs)

Consent: Instructor Consent Required

• Half recital = 1 cr. Whole recital = 2 crs. Concurrent registration in appropriate applied area (courses MUSI 151-172).

Preparation and performance of public recital.

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: No Auditors

MUSI 305 Analyzing Global Traditions in Music (3 crs)

Prerequisite: MUSI 229. Credit may not be earned in both MUSI 225 and MUSI 305

Addresses musical cultures from around the world through broad cultural and specific technical perspectives. Comparisons are made to Western musical practices.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 307 Music in the United States (3 crs)

This course will examine American music from the Colonial Period to the present and particularly highlight music within the contexts of class and race. Significant cultural, social, and historical relationships to the musical developments will be explored.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 309 Electronic Music (2 crs)

Prerequisite: MUSI 102 or MUSI 139 or MUSI 141

Consent: Instructor Consent Required

Discussion, exposure, and experimentation in synthesizer techniques (ARP 2600); patching between studio modules; tape composition.

Grading Basis: No Auditors

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 312 Eurhythmics (2 crs)

Prerequisite: Limited to music/music therapy majors and minors.

Elements of music and musical expression through the medium of bodily movement.

Grading Basis: No Auditors

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 313 Music in Early Childhood (2 crs)

Prerequisite: MUSI 102. Limited to SPED, ELED, and music teaching majors and minors.

Theories of early childhood development, strategies for structuring musical experiences, and uses of music to facilitate growth in other areas.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 315 Piano Pedagogy (3 crs)

Prerequisite: Junior standing as a music major/minor.

Consent: Instructor Consent Required

Survey problems of individual and class instruction, learning methods, in-depth study of piano method books and literature, the physiological basis of piano playing, sound business practices for the studio teacher, and a brief survey of historical schools of piano instruction.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 317 Sound Technology Principles (3 crs)

Consent: Instructor Consent Required

This course focuses on principles of live sound mixing and recording, including hands-on work in recording studios.

MUSI 325 Orchestration (2 crs)

Prerequisite: MUSI 246

Range, transposition, playing characteristics, and practical use of the instruments.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 326 Songwriting Seminar (3 crs)

Prerequisite: MUSI 139; or MUSI 141 and MUSI 142

This is a project-based course in which students practice the art of songwriting and explore how lyrics, melody, harmony, and structure make a great song. Each student will write or co-write multiple songs.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 327 Sound Technology Principles II (3 crs)

Prerequisite: MUSI 317

• *Credit cannot not be earned in MUSI 327 after taking MUSI 491 when offered as Special Topics in Sound Recording.*

This course supplements the knowledge of Sound Technology Principles, introducing students to a new set of skills to polish their recordings and productions. Included are sound technology principles such as: intermediate and advanced editing techniques, mastering, and synthesis. In addition, students will build on existing mixing skills and learn about different techniques and technologies with EQ and dynamics processing.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 333 Influence of Music on Behavior (3 crs)

Students will learn neuroscience models related to how music is processed in the brain as well as how musical interventions are structured to address goals in motor, cognitive, language, social, and emotional functioning. Students will apply these principles for themselves and for people in the community with special needs by creating musical interventions to target each goal area.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

MUSI 335 Counterpoint (2 crs)

Prerequisite: MUSI 246

This course covers instrumental counterpoint in two and three voices based on eighteenth-century techniques, and it includes a summary of the legacy of sixteenth-century vocal techniques.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 338 Jazz History and Analysis (3 crs)

Prerequisite: MUSI 147. Limited to any music degree major or minor program.

Technical survey of jazz history with music analysis.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 339 Jazz Arranging (2 crs)

Prerequisite: MUSI 246 and MUSI 247.

Arranging for small and large ensembles in the jazz idiom.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 341 Jazz Improvisation (2 crs)

Consent: Instructor Consent Required

- *Ability to read music, knowledge of major scales, ability to perform on a musical instrument.*

An introductory course in the art of jazz improvisation with emphasis on performance by the student.

Repeat: Course may be repeated

Grading Basis: No Auditors

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 345 Voice Pedagogy (3 crs)

Prerequisite: Four semesters of MUSI 153 and/or MUSI 353. Limited to music/voice majors and minors.

Development of skills for teaching singing through the study of the vocal mechanism, processes of respiration, resonance, and articulation. Application of these skills in lesson work with college, high school and middle school singers.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 347 Singers' Diction: Italian and German (2 crs)

Study of Italian and German lyric diction. Designed primarily for singers.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 348 Singers' Diction: English and French (2 crs)

Study of English and French lyric diction. Designed primarily for singers.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 350 Conducting (2 crs)

Prerequisite: MUSI 246, MUSI 247 and completion of the Piano Proficiency Examination.

A basic course in fundamental, practical skills of baton and rehearsal techniques for both instrumental and choral music.

Grading Basis: No Auditors

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 351 Advanced Applied Music-Piano (1-4 crs)

Consent: Instructor Consent Required

Advanced repertoire, techniques, and performance.

Repeat: Course may be repeated

Grading Basis: No Auditors

MUSI 352 Advanced Applied Music-Organ (1-4 crs)

Consent: Instructor Consent Required

Advanced repertoire, techniques, and performance.

Repeat: Course may be repeated

Grading Basis: No Auditors

MUSI 353 Advanced Applied Music-Voice (1-4 crs)

Consent: Instructor Consent Required

Advanced repertoire, techniques, and performance.

Repeat: Course may be repeated

Grading Basis: No Auditors

MUSI 354 Advanced Applied Music-Violin (1-4 crs)

Consent: Instructor Consent Required

Advanced repertoire, techniques, and performance.

Repeat: Course may be repeated

Grading Basis: No Auditors

MUSI 355 Advanced Applied Music-Viola (1-4 crs)

Consent: Instructor Consent Required

Advanced repertoire, techniques, and performance.

Repeat: Course may be repeated

Grading Basis: No Auditors

MUSI 356 Advanced Applied Music-Cello (1-4 crs)

Consent: Instructor Consent Required

Advanced repertoire, techniques, and performance.

Repeat: Course may be repeated

Grading Basis: No Auditors

MUSI 357 Advanced Applied Music-Double Bass (1-4 crs)

Consent: Instructor Consent Required

Advanced repertoire, techniques, and performance.

Repeat: Course may be repeated

MUSI 372 Advanced Applied Music-Harpsichord (1-4 crs)

Consent: Instructor Consent Required

Advanced repertoire, techniques, and performance.

Repeat: Course may be repeated

Grading Basis: No Auditors

MUSI 373 Advanced Applied Conducting (1-2 crs)

Prerequisite: MUSI 246, 247, 350

Advanced conducting and rehearsal technique, score study, and repertoire knowledge.

Repeat: Course may be repeated for a maximum of 6 credits

MUSI 374 Advanced Applied Guitar (1-4 crs)

Consent: Instructor Consent Required

Solo repertoire, techniques, and performance.

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

MUSI 378 Advanced Functional Piano (1 cr)

Prerequisite: Two credits of MUSI 151.

Advanced sight-reading, transposition, harmonization, modulation, improvisation, lead-sheet realization, and accompaniment styles.

Grading Basis: No Auditors

Lecture/Discussion Hours: 1

Lab/Studio Hours: 1

MUSI 380 Symphony Band (1 cr)

Consent: Instructor Consent Required

• *Audition required.*

Local concerts, annual concert tour and/or other out-of-town appearances may be part of this course.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Grading Basis: No Auditors

Lecture/Discussion Hours: 1

Lab/Studio Hours: 4

MUSI 381 Wind Ensemble (1 cr)

Consent: Instructor Consent Required

• *Audition required.*

Local concerts, annual concert tour and/or out-of-town appearances may be part of this course. Includes study and performances of major wind ensemble literature.

Repeat: Course may be repeated for a maximum of 7 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 4

MUSI 382 University Band (1 cr)• *Experience playing an instrument in high school is recommended.*

University Band is a concert band that does not require an audition for participation.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 384 University Orchestra (1 cr)

Consent: Instructor Consent Required

- *Audition required. Local and out-of-town appearances may be a part of this course.*

Includes study and performance of major orchestral literature.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 4

MUSI 385 Summer Band (1 cr)

- *No audition required.*

One performance is given during summer session.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 386 Jazz Ensemble (1 cr)

Consent: Instructor Consent Required

- *Audition required.*

Techniques and literature. Local concerts and out-of-town appearances may be a part of this course.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 387 Travel Opportunities in Performing Arts (1-3 crs)

Consent: Instructor Consent Required

Travel seminars engaging with performing arts in this country and abroad. Ranges from field trips to full programs.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 9 credits

MUSI 388 Concert Choir (1 cr)

Consent: Instructor Consent Required

- *Audition required.*

Local concerts, an annual concert tour, and/or other out-of-town appearances are required.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 4

MUSI 389 Summer Choir (1 cr)

- *No audition required.*

One performance is given during summer session.

Attributes: Activity

Repeat: Course may be repeated

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 390 Symphonic Choir (1 cr)

Consent: Instructor Consent Required

- *Audition required.*

A large choir which performs major choral works with orchestra. Off-campus performance may be required.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 391 The Singing Statesmen (1 cr)

Consent: Instructor Consent Required

- *Audition required.*

Local concerts, an annual tour, and/or other out-of-town performances are required.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 3

MUSI 392 Women's Concert Chorale (1 cr)

Consent: Instructor Consent Required

- *Audition required.*

Local concerts, an annual tour, and/or other out-of-town performances are required.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 3

MUSI 393 Treble Choir (1 cr)

Consent: Instructor Consent Required

- *Audition required—may not be taken by choral/vocal majors.*

One performance is given at the end of the semester. Other local performances may be part of this course.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 7 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

MUSI 397 Junior Recital (1-2 crs)

Prerequisite: Minimum junior standing.

Consent: Instructor Consent Required

- *Half recital = 1 cr. Whole recital = 2 crs. Concurrent registration in appropriate applied area (courses MUSI 351-372).*

Preparation and performance of public recital.

Repeat: Course may be repeated for a maximum of 2 credits

Grading Basis: No Auditors

MUSI 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

MUSI 403 Score Study Seminar (2 crs)

This seminar focuses on the systematic method of score study with a purpose of developing own musical interpretation. Students will select and prepare an interpretation project and present results to class.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 404 Music History Seminar (3 crs)

Prerequisite: MUSI 229; Limited to music majors and minors. Credit may not be earned in both MUSI 404 and MUSI 405

Topics vary depending on interests of students and faculty and may be specific themes, styles, composers, or eras in history. Involves readings on the selected topic and preparation of a research project by each student.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 407 Music Theory Seminar (2 crs)

Prerequisite: MUSI 248. Limited to music/music therapy majors and minors.

Topics will vary depending on the interests of students and faculty. Students will develop a focused research project based on their interests, present preliminary results to the class, and write a final paper.

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 421 Marching Band Procedures (2 crs)

Prerequisite: MUSI 183. Limited to music education majors. Minimum junior standing.

Consent: Instructor Consent Required

A study of methods and techniques used in the administration and instruction of contemporary marching band. The course presents a specific system of conceiving, writing, and teaching marching band shows; and explores current technology.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 1

MUSI 453 University Chamber Orchestra (1 cr)

Lab/Studio Hours: 2

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 1

MUSI 455 String Ensemble (1 cr)

Consent: Instructor Consent Required

String chamber music which may result in a public performance.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 456 Brass Ensemble (1 cr)

Consent: Instructor Consent Required

Brass chamber music which may result in a public performance.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 457 Woodwind Ensemble (1 cr)

Consent: Instructor Consent Required

Woodwind chamber music which may result in a public performance.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 458 Percussion Ensemble (1 cr)

Consent: Instructor Consent Required

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 459 Jazz Combo (1 cr)

Consent: Instructor Consent Required

Attributes: Activity

Repeat: Course may be repeated

Grading Basis: No Auditors

MUSI 460 Contemporary Music Ensemble (1 cr)

Prerequisite: Limited to music, theater, or dance majors or minors only.

Consent: Instructor Consent Required

Includes study and performances of contemporary compositions as well as 20th- and 21st-century repertoire and styles.

Attributes: Field Trip(s) Required

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUSI 461 Voice Ensemble (1 cr)

Prerequisite: MUSI 353 or concurrent enrollment.

Consent: Instructor Consent Required

Preparation, interpretation and performance of duets, trios, quartets, and other repertoire composed for one solo voice per part; geared toward Bachelor of Music-Voice students.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 2 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUSI 462 Chamber Choir (1 cr)

Consent: Instructor Consent Required

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 465 Vocal Jazz Ensemble (1 cr)

Consent: Instructor Consent Required

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 468 Piano Ensemble (1 cr)

Consent: Instructor Consent Required

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

MUSI 470 Opera Literature (3 crs)

Prerequisite: Minimum junior standing.

The historical and stylistic developments in opera from its beginnings to the present through examination of the operatic repertoire.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 472 Voice Literature (3 crs)

Prerequisite: Minimum junior standing.

The study of solo voice literature, its interpretation and stylistic development from the seventeenth century to the present.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 476 Advanced Instrumental Techniques (1-3 crs)

Intensive study of performance techniques and pedagogy of a single instrument or family of instruments; includes the physical, psychological, and aesthetic aspects of performance, methodology and literature, equipment and maintenance.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

MUSI 478 Directing Practicum - Cabaret Productions (1 cr)

Consent: Instructor Consent Required

This course will include instruction in the areas of choral arranging, instrumental arranging, choreography, costuming, and rehearsal techniques in preparation for the annual music variety show.

Attributes: Service-Learning, Full 30 Hours

Repeat: Course may be repeated for a maximum of 3 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0.5

MUSI 480 Opera/Music Theatre Workshop (1 cr)

Consent: Instructor Consent Required

Development of performance abilities and technical skills necessary for production of opera and music theatre culminating in performance of operatic and/or music theatre repertoire.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 3

MUSI 481 Piano Literature (3 crs)

Prerequisite: Junior standing as a music major/minor. Credit may not be earned in both MUSI 475/MUSI 675 and MUSI 481.

Consent: Instructor Consent Required

A study of the literature for solo piano from the Renaissance to the present.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUSI 490 Elementary Music Education Workshop (1-2 crs)

For elementary classroom teachers and music specialists. Designed to meet individual needs of workshop participants. Lectures and demonstrations of classroom materials, procedures, techniques, and publications.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

MUSI 491 Special Topics (1-3 crs)

Consent: Instructor Consent Required

Topics will vary according to interests of students and faculty. Focus is on aspects of music and music education not extensively covered in regular courses.

Attributes: Undergraduate/Graduate Offering, Special Course Fee Required
Varies by Term/Section

Repeat: Course may be repeated for a maximum of 9 credits

MUSI 492 Choral Workshop (1-2 crs)

Develops an understanding of vocal and conducting problems through the study, rehearsal, and performance of choral literature representative of specific historical periods. Specific topics to be announced and published annually.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

MUSI 493 Jazz Arranging Workshop (2 crs)

Prerequisite: MUSI 141, MUSI 142, MUSI 146, MUSI 147.

Instruction in techniques of arranging and scoring in jazz tradition and styles.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 494 Percussion Workshop (1-2 crs)

Prerequisite: MUSI 198

For instrumental music directors who need to improve their knowledge of percussion. Review and/or introduction of basic pedagogy and practical care of instruments.

Attributes: Undergraduate/Graduate Offering

MUSI 495 Directed Studies-Pedagogy (Major Instrument) (1-3 crs)

Prerequisite: Two semesters applied 300-level courses. Minimum senior standing.

Consent: Department Consent Required

• *Required of B.M. instrumental majors.*

Survey of techniques, practices, teaching problems, tone production, and interpretation of various age levels; teaching experience under faculty supervision.

Repeat: Course may be repeated for a maximum of 6 credits

MUSI 496 Directed Studies-Literature (Major Instrument) (1-3 crs)

Prerequisite: Two semesters applied 300-level courses. Minimum senior standing.

Consent: Department Consent Required

• *Required of B.M. instrumental majors.*

Survey of solo and ensemble literature; includes score analysis, research and critical listening.

Repeat: Course may be repeated for a maximum of 6 credits

MUSI 497 Senior Recital (1-2 crs)

Prerequisite: Minimum senior standing.

Consent: Instructor Consent Required

• *Half recital = 1 cr. Whole recital = 2 crs. Concurrent registration in appropriate applied area (courses MUSI 351-372).*

Preparation and performance of public recital.

Attributes: Capstone Course

Repeat: Course may be repeated for a maximum of 2 credits

Grading Basis: No Auditors

MUSI 498 Music Internship (1-3 crs)

Consent: Instructor Consent Required

• *Limited to music majors and minors and students enrolled in the Arts Administration Certificate and the Recording Arts Certificate programs.*

Practical experience in a professional or community-based music, cultural, or educational organization or business. Students will extend knowledge and skills gained in prior courses.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, Service-Learning, Full 30 Hours, Internship

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No Auditors

MUSI 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

MUSI 513 Music in Early Childhood (2 crs)

- Dual-listed with MUSI 313. Credit may not be earned in both courses.

Theories of early childhood development, strategies for structuring musical experiences, and uses of music to facilitate growth in other areas.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 676 Advanced Instrumental Techniques (1-3 crs)

- Dual-listed with MUSI 476.

Intensive study of performance techniques and pedagogy of a single instrument or family of instruments; includes the physical, psychological, and aesthetic aspects of performance, methodology and literature, equipment and maintenance.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

MUSI 690 Elementary Music Education Workshop (1-2 crs)

- Dual-listed with MUSI 490.

For elementary classroom teachers and music specialists. Designed to meet individual needs of workshop participants. Lectures and demonstrations of classroom materials, procedures, techniques, and publications.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

MUSI 691 Special Topics (1-3 crs)

Consent: Instructor Consent Required

- Dual-listed with MUSI 491.

Topics will vary according to interests of students and faculty. Focus is on aspects of music and music education not extensively covered in regular courses.

Attributes: Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

MUSI 692 Choral Workshop (1-2 crs)

- Dual-listed with MUSI 492.

Develops an understanding of vocal and conducting problems through the study, rehearsal, and performance of choral literature representative of specific historical periods. Specific topics to be announced and published annually.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

MUSI 693 Jazz Arranging Workshop (2 crs)

- Dual-listed with MUSI 493. Credit may not be earned in both courses.

Instruction in techniques of arranging and scoring in jazz tradition and styles.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

MUSI 694 Percussion Workshop (1-2 crs)

- Dual-listed with MUSI 494.

For instrumental music directors who need to improve their knowledge of percussion. Review and/or introduction of basic pedagogy and practical care of instruments.

Grading Basis: No S/U Grade Option

MUSI 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

MUSI 798 Graduation Only (1 cr)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

Music Education (MUED)

MUED 211 Introduction to Music Education (1 cr)

Prerequisite: No credit if taken after MUSI 211. Minimum sophomore standing.

Co-enrollment with ES 212 required.

Introduces basic issues and principles of music teaching with an emphasis on observation in classrooms, reflective thinking, comprehensive musicianship, teaching standards, and music content standards.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

MUED 300 Adaptive Music (2 crs)

Prerequisite: MUED 211

- *Students must complete a criminal background check prior to participating in field experience. The student is responsible for the cost of this check.*

Structuring activities, adapting environments for students with special needs (exceptionalities), using techniques, adaptive instruments, academic and technology resources. Lab day with focus on guitar applications and improvisational structures. Field experiences include observation and teacher assisting for approximately 10 hours.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

MUED 310 Principles, Practices, and Practicum in General Music PreK-5 (2 crs)

Prerequisite: Successful completion of MUED 211 or MUSI 211, and completion of the Piano Proficiency Examination.

Consent: Instructor Consent Required

Pedagogical focus on musical concepts, current and emerging instructional models, methods, materials, and strategies for designing and assessing developmentally appropriate learning experiences for pre-K--5 music classes. Includes observation and teaching in public schools for approximately 10 - 12 hours with emphasis upon teacher standards and reflective practice.

Attributes: LE-I1 Integration

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

MUED 318 Music as Content in Schools (2 crs)

Prerequisite: Limited to music education majors admitted to the professional education program. Must be taken with ES 313.

Addresses philosophy of music education, curriculum development, lesson and unit planning, assessment, and management of music classrooms. Includes field experience in which student will experience teaching under the discretion of a cooperating teacher.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

MUED 400 Choral Literature and Conducting (3 crs)

Prerequisite: Grade of C or above in MUSI 350. Limited to music education majors.

Explores choral literature, performance practice, and conducting techniques. Emphasis is placed on artistic interpretation of traditional, contemporary, and ethnic choral music and the communication of interpretation through gesture.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUED 401 Instrumental Literature and Conducting (3 crs)

Prerequisite: Grade of C or above in MUSI 350. Limited to music education majors.

Explores instrumental literature, performance practice, and conducting techniques. Emphasis is placed on artistic interpretation of traditional and contemporary instrumental music and the communication of interpretation through gesture.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUED 410 Choral Teaching Methods (3 crs)

Prerequisite: MUED 211 and MUSI 350.

Focuses on instructional models, methods, materials, and strategies for teaching and assessing musical concepts in school choral performance ensembles and classes. Emphasizes curricular development and classroom management based upon stages of development in students.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUED 411 Secondary Instrumental Teaching Methods (3 crs)

Prerequisite: MUED 211 and MUSI 350.

Focuses on instructional models, methods, materials, and strategies for teaching and assessing musical concepts in school instrumental performance ensembles and classes. Emphasizes curricular development and classroom management based upon stages of development in students.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

MUED 487 Student Teaching in Music (5-10 crs)

Prerequisite: Limited to music education majors admitted to the College of Education and Human Sciences. No credit if taken after ES 441, ES 445 or ES 470.

Professional music teaching experience in the school under the supervision of a cooperating teacher in the school and related University music personnel. Students should follow school calendar where assigned.

Repeat: Course may be repeated for a maximum of 10 credits

Grading Basis: S/U Only Grade Basis

Lab/Studio Hours: 0

Practicum Hours: 40

MUED 488 Internship Teaching in Music (5-10 crs)

Prerequisite: Limited to music education majors admitted to the College of Education and Human Sciences. No credit if taken after ES 441, ES 445 or ES 470.

Consent: Department Consent Required

Professional music teaching internship in the school under the supervision of a cooperating teacher in the school and related University music personnel. Students should follow school calendar where assigned.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 10 credits

Grading Basis: S/U Only Grade Basis

Lab/Studio Hours: 0

Practicum Hours: 40

MUED 491 Special Topics (1-3 crs)

Consent: Instructor Consent Required

Topics will vary according to interests of students and faculty. Focus is on aspects of music education not extensively covered in regular courses.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

MUED 499 Independent Study - Seniors (1-3 crs)

Consent: Department Consent Required

An intensive study in music education of particular interest to the student.

Repeat: Course may be repeated

MUED 691 Special Topics (1-3 crs)

Consent: Instructor Consent Required

• *Dual-listed with MUED 491.*

Topics will vary according to interests of students and faculty. Focus is on aspects of music education not extensively covered in regular courses.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

Nursing (NRSG)

NRSG 101 Cultural Bridge I (1 cr)

• *Enrollment in IHS grant project.*

Provides an opportunity for students from cultures not widely represented at UW-Eau Claire to develop a beginning familiarity with the College of Nursing and the University. Assessment of academic skills and provision for financial aid procedures are included.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

NRSG 102 Cultural Bridge II (1 cr)

Prerequisite: NRSG 101 with a grade of C or above or consent of instructor.

Continues the preparation of students from cultures not widely represented at UW-Eau Claire to enter the nursing major. Emphasis is on enhancing study skills, library skills, writing skills, and scientific reasoning skills.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

NRSG 103 Cultural Bridge III (1 cr)

Prerequisite: NRSG 102 with a grade of C or above or consent of instructor.

Continues the preparation of students from cultures not widely represented at UW-Eau Claire to enter the nursing major. Emphasis is on continuing development of library skills and writing skills. Preparation for study of scientific field is included.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

NRSG 105 Dilemmas of Knowledge in Nursing and Healthcare (1 cr)

Prerequisite: WRIT 116 or concurrent enrollment, or consent of instructor.

An introductory course on significant problems in nursing and healthcare.

Explores ways that knowledge is discovered and used to describe and develop effective solutions.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

NRSG 205 Integrating Knowledge for Improving Health (1 cr)

Prerequisite: BIOL 214; BIOL 314 and PSYC 230 or concurrent enrollment.

Critical thinking and evidence-based practice approaches used to demonstrate how healthcare professionals analyze, integrate, and apply knowledge to challenges ranging from everyday health care practice to global health policy. Simulations and discussions are used.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

NRSG 211 Wellness: Food for Fitness (1 cr)

• *Open to all majors.*

Introduces nutrition standards and role of nutrients in health. Examines nutrition trends and food industry practices from a consumer's perspective. Emphasizes understanding of personal nutrition and fitness in relation to wellness.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

NRSG 212 Navigating Health Care (1 cr)

- *Open to all majors.*

Emphasis on decision-making in wellness and health care. Includes advocacy for self and others. Consideration of values, financial aspects, effectiveness of choices in promoting wellness. Introduces health care providers and services.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

NRSG 213 Body, Mind, Spirit Wellness (1 cr)

- *Open to all majors.*

Emphasis on an integrated approach to personal wellness, including the body-mind-spirit relationships. Consideration is given to culture, gender, and socioeconomic perspectives and how treatment modalities and health procedures are applied to personal wellness.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

NRSG 220 The Language of Health Care (1 cr)

- *Open to all majors.*

The study of specialized language and terminology used by health care professionals. The study of roots, word elements, word formation, and analyses.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

NRSG 225 Introduction to Public Health (3 crs)

- *Wellness for one credit. Credit may not be earned in both PH 225 and NRSG 225.*

Examines population health and disease considering historical and current public health practice. Focus areas include cultural, political, environmental, and socioeconomic influences that increase population vulnerability and risk. Effectiveness of public health interventions is analyzed.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-I1 Integration, LE-R1 Equity, Diversity, and Inclusivity

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSG 245 Pharmacology for Nursing Practice (3 crs)

Prerequisite: CHEM 151 or CHEM 150 with a grade of C or above. Limited to nursing majors admitted to College of Nursing.

Introduces concepts of pharmacologic therapy for collaborative nursing practice. Selected medication categories are studied with emphasis on nursing responsibility, accountability, and safety.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSG 249 Normal and Therapeutic Nutrition in Nursing Practice (2 crs)

Prerequisite: CHEM 151 or CHEM 150 with a grade of C or above. Limited to nursing majors admitted to College of Nursing.

Examines role of human nutrition for population health promotion and as therapy for management of altered physiologic states. Addresses sociopolitical, cultural, spiritual, religious, and food quality and safety aspects of nutrition.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

NRSG 255 Interdisciplinary Studies in Health and Health Care (1-3 crs)

- *No credit if taken after HNRS 105 with the same title.*

Will vary depending upon the specific course being offered.

Repeat: Course may be repeated for a maximum of 6 credits

NRSG 257 Foundations of Professional Nursing Practice (4 crs)

Prerequisite: PSYC 230 with a grade of C or above or concurrent enrollment. MATH 245 or MATH 246 or PSYC 265 with a grade of C or above or concurrent enrollment. Limited to nursing majors admitted to College of Nursing.

- *Distance education fee for students in Marshfield section.*

Explores caring, holistic aspects of nursing along a historical timeline. Concepts include nursing process, communication, advocacy, licensure, scope of practice, ethics, research, theory, quality, safety, and evidence-based practice. Introduces interdisciplinary collaboration and documentation.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

NRSG 265 Women's Health Issues (3 crs)

• *Credit may not be earned in both NRSG 265 and WGSS 265. Open to all majors.*

Explores a wide range of women's health issues within the context of developmental changes, environmental influences, normal health processes, wellness, and health concerns. Examines health promotion, cultural diversity, and social relations of gender related to women's health.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSG 267 Practicum: Foundational Skills for Nursing Practice (3 crs)

Prerequisite: BIOL 250 with a grade of C or above; BIOL 314 with a grade of C or above or equivalent; NRSG 245 with a grade of C or above or concurrent enrollment. Limited to nursing majors admitted to College of Nursing.

• *Distance education fee for students in Marshfield section.*

Introduces nursing process, communication, and teamwork in the context of caring and advocacy. Includes skill development in health assessment and interventions including patient teaching, integrative therapies, and medication administration. Campus and clinical laboratory.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 6

NRSG 270 Scientific Concepts for Nursing (3 crs)

Consent: Instructor Consent Required

Focuses on application of various scientific concepts as they specifically relate to nursing practice. Content arranged to coordinate with body systems and functions.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSG 295 Directed Studies (1-3 crs)

Consent: Instructor Consent Required

Study of problems or special areas in or related to nursing.

Repeat: Course may be repeated for a maximum of 6 credits

NRSG 297 Teaching Apprenticeship (1-3 crs)

Prerequisite: Student who has completed the prerequisites as well as the course in which the student will be an apprentice, with grades of B or above.

Consent: Department Consent Required

Qualified students, selected and supervised by faculty, will facilitate teaching and learning in specific course(s). Apprentices enhance their knowledge of nursing and ability to communicate that knowledge to other students.

Repeat: Course may be repeated for a maximum of 6 credits

NRSG 299 Independent Study (1-3 crs)

Prerequisite: Limited to nursing majors admitted to College of Nursing.

Minimum sophomore standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

NRSG 300 Travelers' Health (1 cr)

Encompasses pre-travel preparations to post-travel considerations for travel to developing and industrialized countries. Covers commonly encountered illnesses, prevention, and treatments. Empowers learners to be prepared, self-reliant, healthy, and globally-, culturally- and environmentally-aware travelers.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

NRSG 304 Wound Care Associate (1 cr)

Prerequisite: Limited to BSN majors. (Prerequisite not applicable for RNs from the community.)

Consent: Department Consent Required

• *Registration restricted to Registered Nurses and BSN students. Must be simultaneously registered for the Wound Care Associate course with UW-Eau Claire Continuing Education. No credit toward BSN degree at UW-Eau Claire.*

Introduction to basic principles of skin injury prevention, wound assessment, and wound care. Focuses on collaborative care for patients with acute and chronic wounds. Didactic and clinical skill components.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

NRSG 317 Practicum: Advanced Skills for Nursing Practice (4 crs)

Prerequisite: NRSG 267 with a grade of C or above. Limited to nursing students admitted to College of Nursing.

• *Distance education fee for students in Marshfield section.*

Focuses on developing advanced nursing skills within the context of holistic practice. Emphasizes underlying theory. Practicum incorporates clinical reasoning, ethical practice, and implementation of advanced skills with an adult population. Campus and clinical laboratory.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 6

NRSG 327 Nursing Leadership and Systems I (3 crs)

Prerequisite: NRSG 257 with a grade of C or above. Limited to nursing majors admitted to College of Nursing.

Examines national healthcare systems and models of care, healthcare financing and regulation, collaboration, conflict management, leadership, delegation, and organizational cultures, models and theories.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSG 337 Nursing Care of Adults and Older Adults I (3 crs)

Prerequisite: NRSG 317 with a grade of C or above or concurrent enrollment. Limited to nursing majors admitted to College of Nursing.

• *Distance education fee for students in Marshfield section.*

Focuses on nursing care of adults/older adults with application of evidence-based practice and nursing process for select acute and chronic conditions.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSG 347 Psychiatric and Mental Health Nursing (2 crs)

Prerequisite: NRSG 337 concurrent enrollment. Limited to nursing majors admitted to College of Nursing.

• *Distance education fee for students in Marshfield section.*

Introduces basic concepts of psychiatric mental health nursing. Focus is on theory- and evidence-based mental health promotion for at-risk populations and nursing care of people diagnosed with mental illnesses.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

NRSG 357 Nursing Care of Adults and Older Adults II (4 crs)

Prerequisite: NRSG 347 with a grade of C or above. Limited to nursing majors admitted to College of Nursing.

• *Distance education fee for students in Marshfield section.*

Continued examination of nursing care of adults and older adults with application of evidence-based practice and nursing process for select acute and chronic conditions.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

NRSG 359 Practicum: Nursing Care of Adults and Older Adults (2 crs)

Prerequisite: NRSG 357 concurrent enrollment. Limited to nursing majors admitted to College of Nursing.

• *Special course fees required.*

Focuses on use of the nursing process to give holistic theory- and evidence-based care to acutely ill adult and older adult patients and their families. Emphasizes therapeutic communication, intraprofessional collaboration, and clinical reasoning. Clinical laboratory.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

NRSG 367 Community and Public Health Nursing (3 crs)

Prerequisite: NRSG 327 with a grade of C or above; NRSG 357 concurrent. Limited to nursing majors admitted to College of Nursing.

• *Distance education fee for students in Marshfield section.*

Expands on population-focused and public health nursing practice with populations at risk and local and global communities as a whole. Key concepts include epidemiology, health promotion, disease prevention, risk reduction, harm reduction, and evidence-based practice.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSG 375 Pharmacotherapeutics and Pathophysiology for Allied Health Professionals (3 crs)

Prerequisite: KINS 304 and KINS 308 or BIOL 214 and BIOL 314.

• *No credit toward nursing major.*

This course provides a basic understanding of disease processes and basic pharmacology for allied health professionals. Common medical and non-medical management will be introduced from a consumer perspective. Collaboration with the client and other health care professionals in optimizing the client's health will be integrated throughout the course.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRS 376 Nursing Care of Women, Infants, and Families (3 crs)

Prerequisite: NRS 367 concurrent enrollment. Limited to nursing majors admitted to College of Nursing.

• *Distance education fee for students in Marshfield section.*

Examines evidence-based nursing care with individuals and families experiencing pregnancy, birth, and care of the newborn. Examines human responses from theoretical and cultural perspectives. Health promotion and illness prevention are emphasized.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRS 377 International Dimensions of Health Care (3 crs)

Prerequisite: NRS 212

• *Open to all majors.*

Explores health care delivery systems in selected foreign countries as compared to the United States. Examines the cultural, social, political, economic, and environmental factors influencing the development of these systems. May involve international immersion.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRS 385 Men's Health Issues (3 crs)

• *Open to all majors.*

Explores historical, societal, and cultural influences on the prevalent constructions of masculinity and men's health. Examines health promotion, and disease prevention for the male health consumer.

Attributes: SBS Social Behavioral Science, LE-I1 Integration, LE-K2 Social Sciences

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRS 389 Cross Cultural Health (3 crs)

Prerequisite: GEOG 111 or SOC 101 or ANTH 161 or consent of instructor. Open to all majors.

Enhances insight and understanding of the impact of culture on health, illness, and wellness within the Black/African American, Hispanic/Latino, Asian/Hmong, and Native American cultures. Analyze and synthesize information to develop culturally congruent health care.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRS 395 Directed Studies (1-3 crs)

Prerequisite: Limited to nursing majors admitted to College of Nursing.

Consent: Department Consent Required

Study of problems or special areas in or related to nursing.

Repeat: Course may be repeated

NRS 397 Teaching Apprenticeship (1-2 crs)

Prerequisite: Student who has completed the prerequisites as well as the course in which the student will be an apprentice, with grades of B or above.

Consent: Department Consent Required

• *Student who has completed the prerequisites as well as the course in which the student will be an apprentice, with grades of B or above.*

Qualified students, selected and supervised by faculty, will facilitate teaching and learning in specific course(s). Apprentices enhance their knowledge of nursing and ability to communicate that knowledge to other students.

Repeat: Course may be repeated for a maximum of 4 credits

NRS 399 Independent Study (1-3 crs)

Prerequisite: Limited to nursing majors admitted to College of Nursing.

Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

NRS 424 Nursing Leadership and Systems II (3 crs)

Prerequisite: NRS 367 with a grade of C or above. Limited to nursing majors admitted to College of Nursing.

• *Distance education fee for students in Marshfield section.*

Examines role of nursing professional in influencing and developing policy within systems at the unit, local, state, national, and global levels. Key concepts include change, power, management, managerial ethics, quality improvement, safety, informatics, and technology.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRS 426 Contemporary Issues in Critical Care (3 crs)

Prerequisite: NRS 359 with a grade of C or above or consent of instructor.

- Distance education fee for students in Marshfield section.

The complexity and impact of critical illness/injury on patients, families, and nurses are examined. Selected pathophysiologic, care priority, and multidisciplinary considerations are analyzed within the context of the health care delivery system. Observational clinical may be included.

Attributes: Undergraduate/Graduate Offering, Special Course Fee Required
Varies by Term/Section

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRS 428 Practicum: Nursing Leadership I (3 crs)

Prerequisite: NRS 424 concurrent enrollment. Limited to nursing majors admitted to College of Nursing.

- Field trips may be required.

Applies quality and safety concepts; advocates for elimination of health disparities; and demonstrates leadership, team building, and collaborative strategies to promote and maintain health at the systems level. Clinical laboratory in community settings.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, LE-S3 Creativity, Field Trip(s) Required, Special Course Fee Required
Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 9

NRS 446 Nursing Care of Children and Families (4 crs)

Prerequisite: NRS 367, NRS 376 both with a grade of C or above. Limited to nursing majors admitted to College of Nursing.

- Distance education fee for students in Marshfield section.

Examines evidence-based nursing practice with children and families experiencing acute and chronic illness. Key concepts include growth and development, health promotion, safety, quality, family-centered care, physiological, psychological, and socioeconomic factors, diversity, and ethical dilemmas.

Attributes: Field Trip(s) Required, Special Course Fee Required
Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

NRS 447 Practicum: Nursing Care of Individuals, Infants, Children, and Families (2 crs)

Prerequisite: NRS 446 concurrent enrollment. Limited to nursing majors admitted to College of Nursing.

- Field trips may be required.

This clinical course focuses on professional nursing practice in caring for individuals, infants, children, and families. Application of evidence-based practice and the nursing process will be applied using health promotion, acute, and/or chronic illness situations.

Attributes: Special Course Fee Required
Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

NRS 448 Comparative Study in Nursing and Health Care (3-4 crs)

Prerequisite: NRS 327 with a grade of C or above or consent of instructor.

Limited to nursing majors admitted to College of Nursing.

Consent: Instructor Consent Required

A study of human beings, their health problems, and the roles of providers and consumers in the health care system of another country.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

NRS 454 NCLEX Review Course (2 crs)

Consent: Instructor Consent Required

- Distance education fee for students in Marshfield section.

Course assists students to complete comprehensive review of key domains of nursing and nursing practice content. Includes nursing content, test-taking strategies, test question practice, and application of test-taking anxiety reduction strategies.

Attributes: Special Course Fee Required
Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

NRS 455 Advanced Interdisciplinary Studies in Health and Health Care (1-3 crs)

Prerequisite: Minimum junior standing.

- No credit if taken after the same course with the same topic/title.

Will vary depending upon the specific course being offered.

Repeat: Course may be repeated for a maximum of 6 credits

NRSG 457 Nursing Care of Chronically Ill Patients and Their Families (3 crs)

Prerequisite: NRSG 446 with a grade of C or above. Limited to nursing majors admitted to College of Nursing.

- Distance education fee for students in Marshfield section.

Focuses on holistic nursing care of patients and families experiencing chronic conditions. Key concepts include healthy adaptation to chronic illness, self-management, disability, frailty, loss and grief, end-of-life care, family caregiving, and evidence-based practice.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSG 467 Seminar: Innovative Solutions to Complex Healthcare Problems (2 crs)

Prerequisite: NRSG 424, NRSG 428 both with a grade of C or above; NRSG 477 concurrent enrollment. Limited to nursing majors admitted to College of Nursing.

- Distance education fee for students in Marshfield section.

Focuses on designing effective systems approaches to meet needs of diverse populations with complex healthcare problems and ethical issues. Emphasizes critical and creative thinking, clinical reasoning, problem solving, collaboration, leadership, and ethical practice. Seminar.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 2

NRSG 477 Practicum: Nursing Leadership II (4 crs)

Prerequisite: NRSG 424 with a grade of C or above. Limited to nursing majors admitted to College of Nursing.

- Special course fees required.

Focuses on achieving beginning competence in professional nursing practice. Integrates liberal education, leadership, scholarship, and professionalism with clinical reasoning, caseload management, organizational quality improvement, and reflective practice. Clinical laboratory in acute settings.

Attributes: Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 12

NRSG 487 Transition to Professional Nursing Practice (3 crs)

Prerequisite: NRSG 424 with a grade of C or above. Limited to nursing majors admitted to College of Nursing.

- Distance education fee for students in Marshfield section.

Addresses issues and strategies to launch and maintain a successful professional nursing career.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSG 495 Directed Studies (1-3 crs)

Prerequisite: Limited to nursing majors admitted to College of Nursing.

Consent: Department Consent Required

Study of problems or special areas in or related to nursing.

Repeat: Course may be repeated

NRSG 497 Teaching Apprenticeship (1-3 crs)

Prerequisite: Student who has completed the prerequisites as well as the course in which the student will be an apprentice, with grades of B or above.

Consent: Department Consent Required

Qualified students, selected and supervised by faculty, will facilitate teaching and learning in specific course(s). Apprentices enhance their knowledge of nursing and ability to communicate that knowledge to other students.

Repeat: Course may be repeated for a maximum of 6 credits

NRSG 499 Independent Study (1-3 crs)

Prerequisite: Limited to nursing majors admitted to College of Nursing.

Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

NRSG 589 Cross Cultural Health (3 crs)

Prerequisite: GEOG 111 or SOC 101 or ANTH 161 or consent of instructor.

- Dual-listed with NRSG 389. Credit may not be earned in both courses.

Enhances insight and understanding of the impact of culture on health, illness, and wellness within the Black/African American, Hispanic/Latino, Asian/Hmong, and Native American cultures. Analyze and synthesize information to develop culturally congruent health care.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSG 701 Nursing Research: Methods (4 crs)

Prerequisite: Limited to graduate students in the MSN or DNP programs.

- *Distance education fee for Marshfield students.*

Philosophies of science, research methodologies, and qualitative and quantitative data analyses are examined. Legal and ethical issues applicable to nursing research are discussed.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

NRSG 702 Nursing Research: Application (2 crs)

Prerequisite: NRSG 701. Limited to graduate students in the MSN program.

Nursing research studies critically examined. Collective findings appraised as foundation for evidence-based practice. Sources and methods of research funding are discussed.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

NRSG 703 Advanced Clinical Concepts for Nurse Educators (3 crs)

Prerequisite: NRSG 709. Limited to graduate students in the MSN program.

Examination of key concepts of epidemiology, pharmacology, and physical assessment at the advanced professional nursing level for MSN students seeking the Nursing Education role preparation.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSG 704 Advanced Health Assessment: Adults and Older Adults (3 crs)

Prerequisite: NRSG 709 or consent of instructor. Limited to graduate students in the MSN or DNP programs.

Focuses on the development of advanced clinical practice assessment skills. Builds upon basic physical assessment and documentation skills in the management of adults and older adults. Lab included.

Attributes: Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 5

NRSG 705 Cultural Immersion Seminar: International Health (2 crs)

Prerequisite: Limited to graduate students in the MSN or DNP programs.

Consent: Department Consent Required

Immersion in language, cultural values, social etiquette, interpersonal and family patterns, teacher-student interaction, and daily life in a country of choice, as preparation for study, clinical experiences, or web-based interaction in another country.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

NRSG 708 Advanced Health Assessment: Family (3 crs)

Prerequisite: NRSG 709 or consent of instructor. Limited to graduate students in the MSN or DNP programs.

Focuses on the development of advanced clinical practice assessment skills. Builds upon basic physical assessment and documentation skills in the management of individuals across the life span. Lab included.

Attributes: Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 5

NRSG 709 Advanced Physiological and Pathophysiological Concepts (3 crs)

Prerequisite: Limited to graduate students in the MSN or DNP programs.

- *Undergraduate coursework in anatomy, physiology, biochemistry, and pathophysiology, or consent of instructor.*

In-depth study of selected physiological and pathophysiological concepts. Emphasis on human physiology and pathophysiology and current research findings.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSG 712 Pharmacotherapeutics for Advanced Clinical Practice (3 crs)

Prerequisite: NRSG 709 or consent of instructor. Limited to graduate students in the MSN or DNP programs.

Emphasis is on scientific and theoretical knowledge as the basis for diagnosing and treating common health conditions, emphasizing pharmacotherapeutic interventions and decision-making for advanced clinical practice. Developmental factors affecting pharmacotherapeutics are included.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRSRG 714 Scholarly Writing in Nursing (2 crs)

Prerequisite: Limited to graduate students in the MSN or DNP programs.
Application of writing principles to explore nursing content at the graduate level. Focus includes summarizing professional literature, with emphasis on synthesis. Paper organization, grammar, and APA format. Examines process of writing for publication.

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

NRSRG 715 Leadership and Health Policy in Nursing (3 crs)

Prerequisite: Limited to graduate students in the MSN or DNP programs.
Leadership application for the graduate-prepared nurse with an analysis of external and internal influences. Examination of health policy, personal and professional transitions, and evolving advanced nursing roles.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

NRSRG 718 Conceptual and Theoretical Foundations of Nursing (2 crs)

Prerequisite: Limited to graduate students in the MSN program.
The basic philosophies, concepts and theories, and ethical decision-making frameworks underlying the development of the discipline of nursing are examined. Emphasis is focused on the development of nursing knowledge.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

NRSRG 719 Human Responses in Health and Illness: Adults and Older Adults (4 crs)

Prerequisite: Limited to graduate students in the MSN or DNP programs.
• *Credit may not be earned in both NRSRG 719 and NRSRG 722.*

A theory- and research-based approach to selected human responses in health and illness in adults and older adults within seven human response systems (spiritual, cultural, social, family, cognitive, emotional, and physical).

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

NRSRG 720 Advanced Theory and Practice of Adults and Older Adults I (3 crs)

Prerequisite: NRSRG 701 and NRSRG 719. Limited to graduate students in the MSN or DNP programs.
Clinical decision-making with adults and older adults within the context of nursing, adult, older adult, developmental, and related theories.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

NRSRG 722 Individual, Family, and Community Responses (4 crs)

Prerequisite: Limited to graduate students in the MSN or DNP programs.
• *Credit may not be earned in both NRSRG 722 and NRSRG 719.*

A theory-based approach to selected theories/concepts of individual, family, and community responses in health and illness.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 4
Lab/Studio Hours: 0

NRSRG 725 Advanced Theory and Practice of Family Health Nursing I (3 crs)

Prerequisite: NRSRG 701 and NRSRG 722. Limited to graduate students in the MSN or DNP programs.
Theory and evidence-based clinical decision-making with children, adults and families (as unit). This course integrates ethics, cultural influences, and social awareness in providing holistic care to families.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

NRSRG 729 Spirituality, Healing, and Caring (3 crs)

Prerequisite: Limited to graduate students in the MSN or DNP programs.
A theory-based advanced exploration of three major phenomena: spirituality, healing, and caring; emerging as decisive in quality of life, and health and illness situations.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

NRSRG 730 Nursing Education I (6 crs)

Prerequisite: NRSRG 702, NRSRG 703, NRSRG 715; NRSRG 720 or NRSRG 725; or consent of instructor. Limited to graduate students in the MSN or DNP programs.
Examination of education, the educator role, and teaching/learning theory. Curriculum development and education issues explored, considering personal values, research, and societal and healthcare trends.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 15

NRSRG 731 Nursing Education II (7 crs)

Prerequisite: NRSRG 730. Limited to graduate students in the MSN or DNP programs.
Role of nurse educator as a learning facilitator, evaluator, and faculty member is examined. Research, theoretical foundations, and strategies are explored with application to class and clinical teaching.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 20

NRSRG 741 Clinical Nurse Specialist I: Adult and Older Adult Health (7 crs)

Prerequisite: NRSRG 704, NRSRG 712, NRSRG 720; NRSRG 803 or concurrent enrollment; or consent of instructor. Limited to graduate students in the DNP program.

First clinical role course for students in advanced clinical practice preparing to become clinical nurse specialists. Exploration, analysis, and implementation of CNS role components with adults and older adults.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 4

Lab/Studio Hours: 15

NRSRG 750 Nursing Administration I (6 crs)

Prerequisite: NRSRG 702, NRSRG 715; and NRSRG 720 or NRSRG 725 for MSN students. NRSRG 715; and NRSRG 720 or NRSRG 725; NRSRG 803 or concurrent enrollment for BSN-to-DNP students. Or consent of instructor. Limited to graduate students in the MSN or DNP programs.

Exploration of administration and managerial theories and the nurse administrator role functions as applied to the organization and delivery of nursing care services.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 15

NRSRG 751 Nursing Administration II (5-7 crs)

Prerequisite: NRSRG 750. Limited to graduate students in the MSN or DNP programs.

Application of administration and managerial principles and methods in selected nursing organizational settings and in the delivery of nursing care services.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2-3

Lab/Studio Hours: 15-20

NRSRG 793 Directed Study in Nursing (1-3 crs)

Prerequisite: Limited to graduate students in the MSN or DNP programs.

Consent: Instructor Consent Required

Investigation of a small-scale problem under faculty direction.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

NRSRG 794 Scholarly Project (1-2 crs)

Prerequisite: NRSRG 701, NRSRG 702; and NRSRG 720 or NRSRG 725. Limited to graduate students in the MSN program.

Consent: Instructor Consent Required

• *Permission of scholarly project adviser.*

Selection and implementation of an aspect of the scholarship/research process with guidance from a nursing graduate faculty adviser. Project culminates in a product and an oral presentation.

Repeat: Course may be repeated for a maximum of 2 credits

Grading Basis: S/U/PR Only Grade Basis

NRSRG 797 Independent Study (1-3 crs)

Prerequisite: Limited to graduate students in the MSN or DNP programs.

Consent: Department Consent Required

Individual research under faculty direction.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

NRSRG 798 Graduation Only (1 cr)

Prerequisite: Limited to graduate students in the MSN program.

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

NRSRG 799 Thesis (1-3 crs)

Prerequisite: NRSRG 701, NRSRG 702; NRSRG 720 or NRSRG 725. Limited to graduate students in the MSN program.

Consent: Instructor Consent Required

• *Full-time equivalent. Permission of thesis adviser.*

Development and completion of research project using formal investigative methodology.

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

NRSRG 800 Advanced Nursing Practice and Informatics (2 crs)

Prerequisite: NRSRG 803. Limited to Doctor of Nursing Practice (DNP) students.

• *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Application of computer and information technologies to support and improve patient care and health care systems. Identification of information processing challenges and evaluation of informatics solutions.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

NRS 802 Philosophical, Theoretical, and Ethical Foundations for Advanced Nursing Practice (3 crs)

Prerequisite: NRS 720 or NRS 725 or concurrent for BSN to DNP students. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Inquiry into the philosophical, theoretical, and ethical perspectives and foundations of the discipline. Paradigms and strategies for theory development in advanced practice nursing are examined. Includes advocacy for social justice and ethical health policies.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRS 803 Advanced Epidemiology and Biostatistics for Population Health (4 crs)

Prerequisite: NRS 802. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Epidemiological research and concepts are synthesized and applied to clinical and population-based health to best identify and analyze the determinants of health, health promotion and risk reduction strategies, and to evaluate the distribution of health conditions. Epidemiological, biostatistical, and other scientific approaches are used to analyze population data to better understand determinants of health and illness.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

NRS 805 Clinical Scholarship for Advanced Nursing Practice (4 crs)

Prerequisite: NRS 803. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Course focuses on the elements of advanced clinical scholarship. Content includes evidence-based practice processes, the translation of research into practice, the evaluation of practice, activities aimed at improving health care practice and outcomes, and participation in collaborative research. Principles of information technology are integrated and applied to advanced nursing practice.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

NRS 809 Organizational Leadership and Health Policy for Advanced Nursing Practice (4 crs)

Prerequisite: NRS 800. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Course will focus on the systematic collection of information about the activities, characteristics, and outcomes of programs to improve health care and inform future programmatic decisions. Emphasis is placed on the strategies used in needs assessment and implementation of effective health care interventions, programs, and policies. This course prepares the advanced nursing professional to respond to current realities and provide enhanced leadership for future policy development and professional practice.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

NRS 810 Foundations of Neurobiology across the Lifespan for Psychiatric Mental Health Nurse Practitioner (3 crs)

Prerequisite: NRS 708, NRS 712, and NRS 725; NRS 805 or concurrent enrollment; or consent of Nursing Graduate Programs Director. Limited to graduate students in the DNP program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

This course explores neurobiological foundations, focusing on the biological and physiological factors contributing to psychiatric-mental health (PMH) conditions. It covers anxiety and depressive disorders, highlighting clinical presentation, screening methods, diagnostic tools, and differential diagnoses across the lifespan. Substance use disorders (SUD), Attention disorders, and sleep disorders will also be examined, including their causes and treatment options. Additionally, the course introduces the Diagnostic and Statistical Manual of Mental Disorders and its application in clinical practice.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

NRS 811 Advanced Clinical Practice for Adults and Older Adults I (6 crs)

Prerequisite: NRS 704, NRS 712, NRS 720; NRS 805 or concurrent enrollment; or consent of instructor. Limited to graduate students in the DNP program. Credit may not be earned in both NRS 811 and NRS 813

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Advanced nursing clinical decision-making including health promotion, maintenance, and prevention for adults and older adults. Interventions focus on developmental life changes, cultural and environmental stressors, and health patterns. Practicum experience in primary care is introduced.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 4

Lab/Studio Hours: 10

NRSRG 813 Family Health: Advanced Clinical Practice I (6 crs)

Prerequisite: NRSRG 708, NRSRG 712, and NRSRG 725; NRSRG 805 or concurrent enrollment; or consent of instructor. Limited to graduate students in the DNP program. Credit may not be earned in both NRSRG 811 and NRSRG 813.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Advanced nursing clinical decision-making including health promotion, maintenance, and prevention for individuals and families. Interventions focus on developmental life changes, cultural and environmental stressors, and health patterns. Practicum experience in primary care is introduced.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 4

Lab/Studio Hours: 10

NRSRG 815 Advanced Clinical Practice for Adults and Older Adults II (6 crs)

Prerequisite: NRSRG 741 or NRSRG 811; NRSRG 809 or concurrent enrollment; or consent of instructor. Limited to graduate students in the DNP program. Credit may not be earned in both NRSRG 815 and NRSRG 817

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Focuses on advanced clinical decision-making with emphasis on acute and chronic health deviations in adults, older adults, and communities. Clinical decision-making skills expand to facilitate advanced clinical practice nursing and collaborative practice in a variety of settings.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 4

Lab/Studio Hours: 10

NRSRG 817 Family Health: Advanced Clinical Practice II (6 crs)

Prerequisite: NRSRG 813; NRSRG 809 or concurrent enrollment; or consent of instructor. Limited to graduate students in the DNP program. Credit may not be earned in both NRSRG 815 and 817.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Focuses on advanced clinical decision-making with emphasis on acute and chronic health deviations in individuals, families, and communities. Clinical decision-making skills expand to facilitate advanced clinical practice nursing and collaborative practice in a variety of settings.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 4

Lab/Studio Hours: 10

NRSRG 819 PMHNP: Advanced Clinical Practice (4 crs)

Prerequisite: NRSRG 810; NRSRG 836; or consent of Nursing Graduate Programs Director. Limited to graduate students in the DNP program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Focuses on advanced clinical decision making with emphasis on acute and chronic mental health conditions in individuals, families, and communities. Clinical decision-making skills expand to facilitate advanced clinical practice nursing and collaborative practice in a variety of settings.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 15

NRSRG 820 BSN to DNP Seminar & Practicum I (3 crs)

Prerequisite: NRSRG 809; NRSRG 751 or NRSRG 815 or NRSRG 817. Limited to graduate students in the BSN to DNP program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Focuses on inter-professional teams and the role of advanced nursing within this collaboration. Addresses critical analysis of emerging clinical patterns and comprehensive health and illness parameters. Includes application of culturally-sensitive, evidence-based practice approaches within healthcare.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lab/Studio Hours: 5

Seminar Hours: 2

NRSRG 824 BSN to DNP Seminar II (1 cr)

Prerequisite: NRSRG 820; NRSRG 831 or NRSRG 833 or NRSRG 852 concurrent enrollment. Limited to graduate students in the BSN to DNP program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Emphasis on role transition to advanced professional nursing roles within a complex healthcare environment. Identify leadership skills to improve health care outcomes. Begin to synthesize knowledge and experiences as a future DNP prepared nurse.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 1

NRSB 825 BSN to DNP Seminar III (1 cr)

Prerequisite: NRSB 824; NRSB 835 or NRSB 837 or NRSB 853 concurrent enrollment. Limited to graduate students in the BSN to DNP program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Final course in the sequence to emphasize role transition to advanced professional nursing roles within a complex healthcare environment, including planning for life-long learning. Synthesize knowledge and experiences as a future DNP prepared nurse.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 1

NRSB 826 MSN to DNP Seminar & Practicum I (3 crs)

Prerequisite: NRSB 809. Limited to graduate students in the MSN to DNP program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Focuses on inter-professional teams and the role of advanced nursing within this collaboration. Addresses critical analysis of emerging clinical patterns and comprehensive health and illness parameters. Includes application of culturally sensitive, evidence-based practice approaches within healthcare.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lab/Studio Hours: 5

Seminar Hours: 2

NRSB 827 MSN to DNP Seminar & Practicum II (4 crs)

Prerequisite: NRSB 826. Limited to graduate students in the MSN to DNP program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Refine leadership skills to improve healthcare outcomes in the inter-professional healthcare environment. Design and analyze strategies to promote evidence-based practice, quality outcomes, and health policy. Synthesize knowledge and experiences as a DNP-prepared nurse expert.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lab/Studio Hours: 10

Seminar Hours: 2

NRSB 831 Advanced Clinical Practice of Frail Older Adults (5 crs)

Prerequisite: NRSB 815, NRSB 820. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Third in a series of advanced clinical decision-making courses. Course focuses on care management of frail older adults. Practicum experience with frail older adults across the continuum of care is emphasized.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 15

NRSB 832 Synthesis of Advanced Clinical Practice of Adults and Older Adults I (1 cr)

Prerequisite: NRSB 831. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

This clinical practicum provides an opportunity for students to continue to develop clinical competencies and begin to synthesize care of adults and older adults.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 5

NRSB 833 Advanced Clinical Practice of Families within Vulnerable Populations (5 crs)

Prerequisite: NRSB 817, NRSB 820. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Third in a series of advanced clinical decision-making courses. Care management focuses on care of individuals and families within vulnerable populations across the lifespan. Navigating the health-care system to provide optimum care outcomes for vulnerable populations will be emphasized. Practicum experience will include vulnerable populations across the continuum of care.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 15

NRSB 834 Synthesis of Advanced Clinical Practice of Families I (1 cr)

Prerequisite: NRSB 833. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

This clinical practicum provides an opportunity for students to continue to develop clinical competencies in the care of families and individuals across the lifespan.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 5

NRSB 835 Synthesis of Advanced Clinical Practice of Adults and Older Adults II (4 crs)

Prerequisite: NRSB 832 or consent of instructor. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

This final clinical practicum provides an opportunity for students to demonstrate a synthesis of their Adult-Gerontologic clinical competencies in preparation for their future practice as Adult-Gerontologic Advanced Practice Nurses.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 15

NRSB 836 Advanced Diagnostics and Reasoning for the Psychiatric Mental Health Nurse Practitioner (3 crs)

Prerequisite: NRSB 708, NRSB 712, and NRSB 725; NRSB 805 or concurrent enrollment; or consent of Nursing Graduate Programs Director. Limited to graduate students in the DNP program.

- Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

This course develops interviewing skills and patient assessment in psychiatric mental health settings, with a focus on mental health-specific medications, labs, and diagnostics. It introduces advanced principles for assessment, differential diagnoses, and treatment planning. The curriculum combines lecture instruction with hands-on simulation, emphasizing practical skills in psychiatric history collection, objective evaluation, and diagnostic reasoning. Students demonstrate comprehensive mental health assessments and are evaluated on their ability to conduct integrated health assessments, communicate clinically, establish primary diagnoses, and implement evidence-based care plans. Successful skills demonstration is required for progression to the clinical setting.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 5

NRSB 837 Synthesis of Advanced Clinical Practice of Families II (4 crs)

Prerequisite: NRSB 834 or consent of instructor. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

This final clinical practicum provides an opportunity for students to demonstrate a synthesis of their Family clinical competencies in preparation for their future practice as Family Nurse Practitioners.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 15

NRSB 838 Foundations of Psychotherapy for the Psychiatric Mental Health Nurse Practitioner (2 crs)

Prerequisite: NRSB 810; NRSB 836; or consent of Nursing Graduate Programs Director. Limited to graduate students in the DNP program.

- Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

This course covers psychotherapeutic modalities, providing foundational knowledge in cognitive behavioral therapy (CBT), dialectical behavioral therapy (DBT), and trauma-focused therapy.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

NRSB 841 Advanced Psychiatric Mental Health Practice within Vulnerable Populations (5 crs)

Prerequisite: NRSB 820; NRSB 838; NRSB 819; or consent of Nursing Graduate Programs Director. Limited to graduate students in the DNP program.

- Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

This course focuses on psychiatric care of individuals and families within vulnerable populations across the lifespan. Navigating the health care system to provide optimum care outcomes for mental health will be emphasized. Practicum experience will include vulnerable populations across the continuum of care.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 15

NRSB 843 Synthesis of Advanced Clinical Practice for PMHNP I (1 cr)

Prerequisite: NRSB 841. Limited to graduate students in the DNP Program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

This clinical practicum provides an opportunity for students to continue to develop Psychiatric Mental Health clinical competencies in the care of individuals across the lifespan.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 5

NRSB 845 Synthesis of Advanced Clinical Practice for PMHNP II (4 crs)

Prerequisite: NRSB 843. Limited to graduate students in the DNP program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

This final clinical practicum provides an opportunity for students to demonstrate a synthesis of their Psychiatric Mental Health clinical competencies in preparation for their future practice as Psychiatric Mental Health Nurse Practitioners.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 15

NRSB 852 Nursing Administration III (4 crs)

Prerequisite: NRSB 751. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Course focuses on the development of more complex organizational leadership and management, with emphasis on strategic planning, fiscal management, and relationship building with diverse stakeholders.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 10

NRSB 853 Synthesis for the Nurse Executive (3 crs)

Prerequisite: NRSB 852. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

This final course and clinical practicum provides an opportunity for students to demonstrate advanced leadership and management through the synthesis of the nurse executive role.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 10

NRSB 862 Nursing Education III (4 crs)

Prerequisite: NRSB 731; MSN degree with emphasis in nursing education; or Nursing Graduate Programs Director approval. Limited to graduate students in the Doctor of Nursing Practice (DNP) Program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

The focus of this course is academic nursing education leadership with an emphasis on using evidence to evaluate and improve nursing programs and design curricula to meet the needs of diverse stakeholders within the context of regulatory and accreditation requirements.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 10

NRSB 863 Synthesis for the Nurse Educator (3 crs)

Prerequisite: NRSB 862. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

The focus of this course is nursing education leadership in practice settings with an emphasis on improving health care quality and outcomes through population-level education, staff development, information technology, and systems-level change.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 10

NRSB 892 DNP Project I (1 cr)

Prerequisite: NRSB 809 or concurrent; for BSN to DNP students concurrent enrollment in NRSB 815 or NRSB 817 or NRSB 751 is also required. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Part one of the culminating experience for the DNP student designed as a specialized advanced nursing practice field project conducted over three semesters. It is designed as a clinical scholarship project allowing students to demonstrate expertise in practice and will be individualized based on student experience and projected career goals.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: S/U Only Grade Basis

Lab/Studio Hours: 0

Seminar Hours: 1

NRSG 893 DNP Project II (3 crs)

Prerequisite: NRSG 892. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Part two of the culminating experience for the DNP student designed as a specialized advanced nursing practice field project conducted over three semesters. It is designed as a clinical scholarship project allowing students to demonstrate expertise in practice and will be individualized based on student experience and projected career goals.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: S/U Only Grade Basis

Lab/Studio Hours: 7.5

Seminar Hours: 1.5

NRSG 894 DNP Project III (3 crs)

Prerequisite: NRSG 893. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Part three of the culminating experience for the DNP student designed as a specialized advanced nursing practice field project conducted over three semesters. It is designed as a clinical scholarship project allowing students to demonstrate expertise in practice and will be individualized based on student experience and projected career goals.

Attributes: DNP Fee, Special Course Fee Required

Grading Basis: S/U Only Grade Basis

Lab/Studio Hours: 7.5

Seminar Hours: 1.5

NRSG 895 Directed Studies (1-3 crs)

Prerequisite: Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Study of problems or special areas in or related to Advanced Nursing Practice under faculty direction.

Attributes: DNP Fee, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

NRSG 897 Independent Study (1-3 crs)

Prerequisite: Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Individual research of problems or special areas in or related to Advanced Nursing Practice under faculty direction.

Attributes: DNP Fee, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

NRSG 898 Graduation Only (1 cr)

Prerequisite: Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

- *Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.*

Individual scholarly work to complete the Doctor of Nursing Practice (DNP) program.

Attributes: DNP Fee, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: S/U/PR Only Grade Basis

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

Operations and Supply Chain Management (OSCM)

OSCM 341 Operations Management (3 crs)

Prerequisite: ECON 103 and ECON 104, ACCT 202 or ACCT 214 or ECON 316 (or concurrent enrollment in ACCT 202 or ACCT 214 or ECON 316), IS 240, BSAD 202 or MATH 246 or MATH 247, MATH 104 or MATH 109 or higher, BCOM 206 or BCOM 207, SPDP Workshop, and comp of 54 credits.

- *This class requires access to a laptop computer that can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>. Formerly offered as MGMT 341.*

Design, operation, and control of value-added processes to create goods and services. Strategic process design, capacity planning, production scheduling, project scheduling, inventory management, quality management and problem solving, statistical process control.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

OSCM 342 Quality Management (3 crs)

Prerequisite: OSCM 341. Minimum junior standing.

• *Formerly offered as MGMT 342.*

An examination of the technical and the managerial issues that are important in understanding and implementing quality assurance in manufacturing and service organizations.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

OSCM 343 Supply Chain Management (3 crs)

Prerequisite: OSCM 341. Minimum junior standing.

• *This class requires access to a laptop computer which can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>. Formerly offered as MGMT 343.*

Introducing fundamental concepts and techniques of supply chain management that allow students to formulate effective supply chain strategies for different industries and markets.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

OSCM 344 Managerial Decision Modeling and Analysis (3 crs)

Prerequisite: IS 240; BSAD 202 or MATH 246 or MATH 247; MATH 104 or MATH 109 or higher; BCOM 206 or BCOM 207

• *This class requires access to a laptop computer that can be brought to class when required. Please see the COB laptop requirement: <https://www.uwec.edu/academics/college-business/laptop-requirement/>. Formerly offered as MGMT 344.*

Tools and methods in support of business decision making. Spreadsheet modeling, graphical analysis, time series forecasting, decision making under uncertainty, optimization models, and multiple regression modeling.

Attributes: Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

OSCM 363 International Logistics and Supply Chain Management (3 crs)

Prerequisite: OSCM 341 and minimum Junior Standing

• *Formerly offered as MGMT 363.*

This course provides an introductory investigation of international logistics and global supply chain management with special emphasis on manufacturing, procurement, transportation and distribution. The course will include a review of the economic/legal environment surrounding import-export trade practices as well as necessary documentation, insurance and payment issues.

Attributes: Special Course Fee Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

OSCM 397 Process Improvement Internship (1-3 crs)

Prerequisite: OSCM 341 and at least one from (OSCM 342, OSCM 344, OSCM 461). Minimum Junior standing.

Consent: Department Consent Required

• *Acceptance in Internship Program. See description under College of Business. A maximum of three credits of internship may be applied to the 120-credit graduation requirement. Students must have the service-learning option approved prior to starting the internship.*

Students will participate in work experiences including a structured process improvement project. At a minimum, the project must define an improvement opportunity that can be solved as a Lean Six Sigma project and include an A3 problem-solving report to be presented to the internship company and OSCM faculty.

Attributes: LE-I1 Integration

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: A-F Grades Only

OSCM 398 Internship Program I (1-3 crs)

Prerequisite: OSCM 341. Minimum Junior Standing.

Consent: Department Consent Required

• *Acceptance in Internship Program. See description under College of Business. A maximum of three credits toward internship may be applied to the 120-credit graduation requirement. Students must have the service-learning option approved prior to starting the internship.*

Students will participate in work experiences related to operations and supply chain management.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 3 credits

OSCM 399 Independent Study Projects (1-4 crs)

Prerequisite: Minimum junior standing. OSCM 341.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 4 credits

OSCM 442 Production Planning and Control (3 crs)

Prerequisite: OSCM 341 with C- or better. Minimum junior standing.

• *Formerly offered as MGMT 442.*

The design and use of procedures for managing production systems; includes process planning and routing, scheduling, dispatching, and progress control.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

OSCM 453 Detailed Planning and Scheduling (1 cr)

Prerequisite: OSCM 442 or concurrent enrollment.

Consent: Department Consent Required

• *Formerly offered as MGMT 453.*

Material and capacity scheduling and planning, including a detailed explanation of material requirements planning (MRP) and capacity requirements planning (CRP), introduction of other material planning techniques and capacity-planning techniques.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

OSCM 461 Lean Manufacturing Systems and Concepts (3 crs)

Prerequisite: OSCM 341 with C- or better

• *Formerly offered as MGMT 461.*

Concepts, tools, and techniques applied in the design and operation of lean manufacturing systems.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

OSCM 493 Topics in Operations Management (1-3 crs)

Prerequisite: OSCM 341. Additional prerequisites may be required depending on the topic. (See current Class Schedule.) Minimum junior standing.

• *Additional prerequisites may be required depending on the topic. (See current Class Schedule.) Formerly offered as MGMT 493.*

Current issues in operations management will be the focus of attention. Topic selection will be made by the instructor. Issues will be those facing contemporary operations professionals.

Repeat: Course may be repeated for a maximum of 3 credits

OSCM 498 Internship Program II (1-3 crs)

Prerequisite: OSCM 341. Minimum senior standing

Consent: Department Consent Required

• *Acceptance in Internship Program. See description under College of Business. Additive credit only. May not be applied to the 120-credit graduation requirement. Students must have the service-learning option approved prior to starting the Internship.*

Students will participate in work experiences related to their area of interest.

Attributes: LE-I1 Integration, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 3 credits

Philosophy (PHIL)

PHIL 101 Introduction to Philosophy (3 crs)

An introduction to philosophy through exploration of philosophical problems (e.g., the nature of knowledge, the nature of morality, free will, the rationality of religious faith) or exploration of canonical texts (e.g., Plato's Republic, Descartes' Meditations).

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 120 Ethical Reasoning (3 crs)

Prerequisite: No credit if taken after PHIL 220.

Prepares students to reason coherently, critically, and creatively about ethical issues by analyzing arguments and positions on contemporary moral problems in light of relevant concepts, distinctions, values, and theories.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 150 Logic and Critical Thinking (3 crs)

Prerequisite: No credit if taken after PHIL 250.

Introduction to principles and methods of critical thinking, sound reasoning, and argument evaluation. A combination of formal and informal techniques will be used. Moral, legal, and scientific reasoning may be considered.

Attributes: LE-I1 Integration

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 200 What is Happiness? (3 crs)

Explores happiness through philosophical, religious, and psychological approaches.

Attributes: HA Humanities Arts, LE-I1 Integration, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 234 Classical Chinese Philosophy (3 crs)

An introduction to classical Chinese philosophy focusing on Confucian, Daoist, Mohist, and Legalist traditions.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 235 Ancient Philosophy (3 crs)

History of philosophy from the early Greeks through Plotinus, stressing the contributions of Socrates, Plato, and Aristotle.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 250 Symbolic Logic (3 crs)

Introduction to formal logic. Sentential logic, quantificational logic, and other selected topics. Slightly more formal and covers more areas than Philosophy 150.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 280 Philosophy of Race (3 crs)

Explores the philosophical issues surrounding race and racism and the origins of the idea of race, different theories about what race is, theories of racism, the history of race in American society, and how it still operates today. Examines current scholarship in philosophy, psychology, and political science.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-I1 Integration, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 291 Special Topics (1-3 crs)

Content to be determined by department on initiative of students and faculty, on topics such as persons and movements in philosophy, ethnic and comparative themes and interdisciplinary syntheses.

PHIL 300 Great Books in Philosophy (1 cr)

Prerequisite: One prior PHIL course or consent of the instructor.

A course devoted to reading and discussing great philosophical texts in a small, low-pressure discussion format.

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: S/U Only Grade Basis

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

PHIL 304 Philosophy and Artificial Intelligence (3 crs)

This course will engage students in thinking about the ways in which artificial intelligence poses philosophical and ethical issues in society.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 305 Ethics and Business (3 crs)

Major theories of corporate responsibility and their relationships to the personal and social dimensions of business life.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 306 Ethics of Health Care (3 crs)

Major ethical theories and their applications to personal and professional dimensions of health care functions. Survey of ethical problems that arise in health care situations through case studies.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R3 Civic and Environmental Issues, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 308 Ethics in Computing and Engineering (3 crs)

A topical introduction to ethical issues raised by computer technology and engineering, with special attention to the professional ethics of software engineering and computer organization and design. Combines theoretical frameworks with case studies to develop competence in informed ethical decision-making.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 310 Philosophy of Law (3 crs)

A philosophical investigation into the law's nature and limits, with a focus on criminal law. Topics include legal liberalism, legal moralism, legal paternalism, self-defense, blackmail, legal positivism, natural law theory, punishment, rights, law and economics, and the duty to obey the law.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 316 Metaphysics (3 crs)

Prerequisite: One course in philosophy or consent of instructor.

Explores major topics in metaphysics. Topics include universals and particulars, identity and change, necessity and essence, causation, free will and determinism, space and time, and mind and body.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 317 Epistemology (3 crs)

Prerequisite: One course in philosophy or consent of instructor.

Epistemology, or the theory of knowledge, explores major theories concerning the nature of knowledge, belief, and justification. Topics include skepticism, induction, a priori knowledge, foundationalism and coherentism, and internalism and externalism.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 320 Environmental Ethics (3 crs)

Prerequisite: BIOL 180, or GEOG 178, or GEOL 115, or ECON 268; or one course in philosophy or consent of instructor.

Introduces major theoretical approaches to ethical and policy questions concerning environmental issues such as population growth, famine, nonhuman animals, atmospheric conditions, hazardous waste, preservation of species, pollution, pesticides, and nuclear power.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 322 Philosophy of Language (3 crs)

Prerequisite: At least one course in philosophy or ENGL 221 or consent of instructor.

Philosophic investigation into the structure and function of language, with emphasis on discursive meaning.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 325 Aesthetics (3 crs)

Acquaints students with some of the more fruitful philosophic investigations concerning the creative process, the work of art, the relationship between art and society.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 328 Philosophy and Film (3 crs)

Prerequisite: One course in philosophy or consent of instructor.

An examination of ethical, aesthetic and existential issues involved in both popular and documentary films. The perspectives examined will include feminist and multicultural approaches.

Lecture/Discussion Hours: 2.5

Lab/Studio Hours: 2

PHIL 331 Philosophical Ethics (3 crs)

Prerequisite: One course in philosophy or consent of instructor.

An advanced course in moral philosophy comprising both normative ethical theory, the inquiry into the nature of right action, and metaethics, the second-order inquiry into the nature of moral judgment itself. Philosophers studied include historical figures (e.g., Aristotle, Hume, Kant, Mill) and contemporary authors as well.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 332 Philosophical Perspectives on Friendship (3 crs)

Prerequisite: One Philosophy course or consent of instructor

An examination of philosophical thinking on the nature and value of friendship. Authors read include Plato, Aristotle, Seneca, Cicero, Aquinas, Montaigne, Bacon, Kierkegaard, Kant, and contemporary philosophical authors.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 333 History of Ethics (3 crs)

Prerequisite: At least one course in philosophy or consent of the instructor.

A study of ethical thought of philosophers from a historical era in philosophy, typically either ancient or modern. Authors studied include Plato, Aristotle, Seneca, Epicurus, Cicero; Hume, Shaftsbury, Hutcheson, Butler, Bentham, Price.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 334 Philosophical Perspectives on Forgiveness (3 crs)

Prerequisite: At least one course in philosophy or consent of the instructor.

A philosophical investigation of the nature and value of forgiveness. Is a disposition to forgiveness a virtue? Is forgiveness always good, or conditionally good? Are third-party and self-forgiveness coherent? Are certain acts unforgivable? Both classical, modern, and contemporary authors will be read.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 335 Early Modern Philosophy (3 crs)

Prerequisite: One course in philosophy or consent of instructor.

The history of philosophy from Descartes to Kant, typically also including figures such as Leibniz, Spinoza, Locke, Berkeley, Hume, Princess Elisabeth of Bohemia and Mary Shepherd. Examines arguments by leading philosophers regarding the foundations of scientific, moral, religious, and/or political beliefs.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 338 Modern European Philosophy I (3 crs)

Prerequisite: One course in philosophy or consent of instructor.

Explores a pivotal era in European thought, starting with Kant's revolutionary inversion of the subject-object relation. The development of the dialectical systems by his successors set the tone for the next two centuries of Continental philosophy.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 339 Modern European Philosophy II (3 crs)

Prerequisite: One course in philosophy or consent of instructor.

Explores contemporary Continental European philosophy, especially that of Germany and France, from Husserl and Heidegger through Gadamer and Derrida. The movements of phenomenology, hermeneutics, deconstruction, and postmodernism will be emphasized.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 340 Knowledge and Reality (3 crs)

Prerequisite: One course in philosophy or consent of instructor.

Explores the philosophy of the English-speaking world during the past century, from Frege and Wittgenstein through Davidson and Putnam. Emphasizes the movements of logical positivism, ordinary language analysis, and American pragmatism.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 343 Philosophy of Mind (3 crs)

Prerequisite: One course in philosophy or consent of instructor.

The relation between the mind and the brain; the nature of consciousness; the philosophy of psychology and mental illness; artificial and animal intelligence; the nature of the emotions; free will and determinism.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 345 Philosophy of Religion (3 crs)

Prerequisite: One course in philosophy or consent of instructor or RELS 210, RELS 315, RELS 350, RELS 470; or RELS 353/WMNS 353; or RELS 450/PHIL 450.

• *Credit may not be earned in both PHIL 345 and RELS 345.*

Critical study of the subject of religion, including the nature, grounds, and limits of religious claims.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 355 Philosophy of Science (3 crs)

Prerequisite: One course in biology, chemistry, geology, physics, physical geography; or one course in philosophy or consent of instructor.

The nature of scientific knowledge and progress; the structure of fundamental theories in physics and biology; the demarcation between science and pseudo-science; science and religion; science and gender; social and ethical implications of modern science.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 365 Existentialism (3 crs)

Prerequisite: One course in philosophy or consent of instructor.

Central ideas in existential thought. Leading existentialist thinkers including Nietzsche, Heidegger, Sartre, Camus, Beauvoir, Fanon, Baldwin, and the phenomenologist Husserl.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 377 Philosophy and Feminism (3 crs)

Prerequisite: One course in philosophy or women's, gender, and sexuality studies.

• *Credit may not be earned in both PHIL 377 and WGSS 377.*

A study of recent trends in feminist philosophy with emphasis upon feminist thinking in the areas of ethics, social philosophy, and theory of knowledge.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 386 Philosophical Classics (1-3 crs)

Prerequisite: One course in philosophy or consent of instructor.

A close reading of one or more philosophical classics, chosen by theme or author. Texts vary from offering to offering.

Repeat: Course may be repeated for a maximum of 6 credits

PHIL 395 Directed Studies (1-3 crs)

Prerequisite: Minimum sophomore standing.

Consent: Department Consent Required

• *Recommended for non-majors.*

Work with instructor on a specific philosophical issue, problem, or activity. Content of the course to be determined by the student and the instructor.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

PHIL 396 Research Apprenticeship in Philosophy (1-3 crs)

Prerequisite: One Philosophy course or consent of instructor

Consent: Department Consent Required

Qualified students, recruited and closely supervised by an instructor, engage in a research project with the faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

PHIL 397 Student Academic Apprenticeship in Philosophy (1-3 crs)

Prerequisite: One course in philosophy.

Consent: Department Consent Required

Qualified students, selected and supervised by an instructor, assist teaching and learning in a course within the department while working closely with a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: S/U Only Grade Basis

PHIL 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

PHIL 485 Seminar in Philosophy (3 crs)

Prerequisite: Limited to philosophy majors and minors. Minimum junior standing. Other majors and minors will be permitted with consent of instructor. Advanced study of topics in philosophy such as the philosophy of mind, meta-ethics, theory of knowledge, metaphysics, political and social philosophy, ethics, philosophy of logic, or history of philosophy. Content is variable and is determined by the instructor.

Attributes: LE-S3 Creativity

Repeat: Course may be repeated for a maximum of 6 credits

Lab/Studio Hours: 0

Seminar: 3

PHIL 498 Internship in Philosophy (1-3 crs)

Prerequisite: Limited to philosophy majors and minors. Minimum sophomore standing.

Consent: Department Consent Required

Assignment in an area of philosophy emphasizing practical experience in the applied professional aspects of the discipline. Students will work closely with an internship supervisor or faculty member engaged in professional or occupational projects in the field.

Attributes: Service-Learning, Half 15 Hours, Internship

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: S/U Only Grade Basis

PHIL 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

PHIL 506 Ethics of Health Care (3 crs)

Major ethical theories and their applications to personal and professional dimensions of health care functions. Survey of ethical problems that arise in health care situations through case studies.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHIL 595 Directed Studies (1-3 crs)

Consent: Department Consent Required

• *Dual-listed with PHIL 395.*

Work with instructor on a specific philosophical issue, problem, or activity. Content of the course to be determined by the student and the instructor. Recommended for non-majors.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

PHIL 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

Philosophy, Politics, and Economics (PPE)

PPE 201 Introduction to Philosophy, Politics, and Economics (3 crs)

Prerequisite: At least one course from two of the following disciplines: PHIL, POLS, or ECON.

This course introduces students to the issues and methods of Philosophy, Politics, and Economics, an interdisciplinary approach to understanding, evaluating, and changing our shared social world.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PPE 400 Capstone Seminar in Philosophy, Politics, and Economics (3 crs)

Prerequisite: PPE majors only, Senior Standing or instructor consent.

Philosophy, Politics, and Economics (PPE) majors integrate the knowledge, skills, and methodology of the program's three core disciplines to address a pressing civil, social, or environmental challenge or a theoretical issue in the discipline of Philosophy, Politics, and Economics, producing a significant research paper which is presented in a public forum.

Attributes: LE-I1 Integration, LE-S3 Creativity

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

Physics (PHYS)

PHYS 100 Physical Science (4 crs)

Prerequisite: No credit if taken after PHYS 110, PHYS 111, PHYS 211 or PHYS 231.

A conceptual study of physics using ideas of force and energy to understand motion, properties of matter, sound, light, and electricity and magnetism.

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

PHYS 115 Survey of Astronomy (3 crs)

Prerequisite: No credit if taken after PHYS 226 or PHYS 229.

A one-semester presentation of our current understanding of the universe, including the solar system, birth and death of stars, unusual phenomena such as black holes and quasars, evolution of galaxies and the universe, and our link with the cosmos.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHYS 186 Introductory Seminar (0.5 crs)

Prerequisite: Limited to physics liberal arts majors.

Students will explore avenues for obtaining an internship, discuss plans for participating in the required research project, attend the weekly Physics Seminar, develop academic plans, and participate in postgraduate planning.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: .5

Lab/Studio Hours: 0

PHYS 211 General Physics (5 crs)

Prerequisite: No credit if taken after PHYS 231.

Fundamental principles of mechanics, heat, wave motion, and sound. Designed for students who desire a one-year non-calculus course in physics. Proficiency with algebraic and trigonometric operations is expected.

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab

Lecture/Discussion Hours: 4

Lab/Studio Hours: 2

PHYS 212 General Physics (4 crs)

Prerequisite: PHYS 211. No credit if taken after PHYS 232.

A continuation of Physics 211 including topics in optics, electricity, magnetism, and modern physics.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

PHYS 226 Astronomy-Solar System (4 crs)

- *Three years high school mathematics assumed prior to enrollment in this course. Some night observing required.*

The physical nature of the solar system, including earth motions, celestial coordinates, time, telescopes, moon, planets, sun, and origin of solar system.

Attributes: NSWL Natural Science Wellness + Lab, LE-I1 Integration, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

PHYS 229 Astronomy-Stars and Galaxies (4 crs)

- *Three years of high school mathematics assumed prior to enrollment in this course. PHYS 226 is not a prerequisite. Some night observing required.*

The physical nature of the universe, including stellar evolution, multiple and variable stars, the Milky Way galaxy, other galaxies, and origin of the universe.

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

PHYS 231 University Physics I (5 crs)

Prerequisite: MATH 114 or concurrent enrollment.

Physics for science and engineering students, including the study of mechanics, simple harmonic motion, and wave motion.

Attributes: NSWL Natural Science Wellness + Lab, LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab

Lecture/Discussion Hours: 4

Lab/Studio Hours: 2

PHYS 232 University Physics II (5 crs)

Prerequisite: PHYS 231; MATH 215 or concurrent enrollment

A continuation of Physics 231, including the study of electricity, magnetism, and optics.

Attributes: LE-K1 Natural Sciences, LE-K1L Natural Sciences with Lab

Lecture/Discussion Hours: 4

Lab/Studio Hours: 2

PHYS 240 Computational Physics (3 crs)

Prerequisite: PHYS 231

An introduction to the use of computational tools for solving physical problems. Topics include an introduction to computing, visualization techniques, numerical integration, and numerical solutions to differential equations.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

PHYS 255 Statics (3 crs)

Prerequisite: PHYS 231; MATH 215 or concurrent registration.

Designed primarily for pre-engineering students. Includes static equilibrium of rigid bodies, centroids, analysis of structures, friction, and moments of inertia.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHYS 291 Special Topics (1-3 crs)

Content will be determined by the interests of students and faculty. May contain lecture or lab.

PHYS 308 Science of Musical Sound (3 crs)

Physical concepts related to production of tones and speech. Application to musical instruments and auditorium acoustics, with experimental demonstrations of vibrational phenomena and electronic sound analysis and synthesis. No prior physics or university mathematics assumed.

Attributes: NSW Natural Science Wellness, LE-K1 Natural Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHYS 315 The Mysterious Universe (3 crs)

A view of the world as revealed by contemporary physical thought. Topics include size and origin of universe, ultimate nature of matter; modern ideas of space, time and energy; possibilities of extraterrestrial life; and values and limitations of science.

Attributes: NSW Natural Science Wellness, LE-I1 Integration, LE-K1 Natural Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHYS 332 University Physics III (4 crs)

Prerequisite: PHYS 232 and MATH 215.

Physics for science and engineering students, including the study of fluids, heat, thermodynamics, relativity, and an introduction to modern physics.

Attributes: LE-I1 Integration

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

PHYS 340 Optics (4 crs)

Prerequisite: PHYS 232 and MATH 215.

Lecture and laboratory work cover geometrical and physical optics, image formation, optical instruments, interference, diffraction, polarization, and modern topics including lasers.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

PHYS 350 Electric and Electronic Circuits (4 crs)

Prerequisite: MATH 215 and grade of C or above in PHYS 232.

General introduction to electrical circuits and electronics including analysis of DC and AC circuits, simple passive filters, diodes, transistors, operational amplifiers, simple digital electronics, and circuit design and construction.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

PHYS 356 Dynamics (3 crs)

Prerequisite: MATH 215 and PHYS 255 (or MATH 255). No credit if taken after MATH 256. Credit may not be earned in both PHYS 356 and PHYS 365.

A continuation of Physics 255. Dynamics of rigid bodies, moments of inertia, work, energy, impulse, and momentum.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHYS 360 Electronics (4 crs)

Prerequisite: PHYS 350 or consent of instructor, and PHYS 240 or one of CS 145 or CS 150 or CS 163 or CS 170 and a passing score on Python proficiency exercise.

• If CS 145, CS 150, CS 163, or CS 170 is taken, contact the department to complete the required Python programming exercise.

Description, analysis, and laboratory measurements of digital and analog devices including transistor amplifiers, operational amplifiers, oscillators, gates, flip-flops, analog-digital converters, and microprocessors.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 3

PHYS 361 LabVIEW Basics (2 crs)

Prerequisite: PHYS 350 or concurrent enrollment.

Consent: Instructor Consent Required

- *Field trip(s) optional.*

Lecture and laboratory work cover an introduction to the graphical programming language LabVIEW. LabVIEW has been widely adopted as the industry standard for computerized data acquisition, analysis and instrument control.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

PHYS 362 LabVIEW Applications (2 crs)

Prerequisite: PHYS 361 LabVIEW Basics

Consent: Instructor Consent Required

- *Field trip(s) optional.*

Lecture and laboratory exercises cover applications using the graphical programming language LabVIEW. Topics include advanced programming structures, CompactDAQ hardware, digital signal processing, motor control, encoders, PID process control, RS-232 instrument control, component testing, sensor monitoring.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

PHYS 365 Theoretical Mechanics (4 crs)

Prerequisite: MATH 216, and a grade of C or above in PHYS 231, and PHYS 240 or one of CS 145 or CS 150 or CS 163 or CS 170 and a passing score on Python proficiency exercise. Credit may not be earned in both PHYS 356 and PHYS 365.

- *If CS 145, CS 150, CS 163, or CS 170 is taken, contact the department to complete the required Python programming exercise.*

Newton's laws, accelerated frames, central-force orbits, angular momentum of systems, coupled oscillations, generalized coordinates, and Lagrange's equations.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

PHYS 367 Astrophysics (3 crs)

Prerequisite: PHYS 332, and PHYS 240 or one of CS 145 or CS 150 or CS 163 or CS 170 and a passing score on Python proficiency exercise.

- *If CS 145, CS 150, CS 163, or CS 170 is taken, contact the department to complete the required Python programming exercise.*

Physics applied to astronomical objects. The birth, structure, and evolution of stars are studied in detail. Nebulae, the interstellar medium, and stellar remnants are also investigated.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHYS 374 Electrical, Optical and Magnetic Properties of Materials (4 crs)

Prerequisite: PHYS 332 or MSE 350

- *Credit may not be earned in both MSE 374 and PHYS 374.*

A description of the behaviors of crystalline solids. Topics include crystallography, diffraction, and the electrical, optical and magnetic properties of materials. Semiconducting materials and devices will also be discussed.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

PHYS 375 Electromagnetic Fields (4 crs)

Prerequisite: PHYS 332, MATH 216, and MATH 311 or MATH 312, and PHYS 240 or one of CS 145 or CS 150 or CS 163 or CS 170 and a passing score on Python proficiency exercise.

- *If CS 145, CS 150, CS 163, or CS 170 is taken, contact the department to complete the required Python programming exercise.*

Electric and magnetic fields, dielectric and magnetic properties of materials, and electromagnetic phenomena. Field theory leading to the development of Maxwell's equations and the plane electromagnetic wave.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

PHYS 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

PHYS 415 Quantum Mechanics (4 crs)

Prerequisite: PHYS 332, MATH 216, MATH 312; and PHYS 240 or one of CS 145 or CS 163 or CS 170 and a passing score on Python proficiency exercise. No credit if taken after PHYS 465.

- *If CS 145, CS 163, or CS 170 is taken, contact the department to complete the required Python programming exercise.*

An introduction to the experimental and theoretical basis of quantum physics, including Schrodinger wave mechanics and its application to one- and three-dimensional potentials, Hilbert space, spin and angular momentum, multiparticle systems and atoms.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

PHYS 430 Advanced Laboratory Techniques (2 crs)

Prerequisite: PHYS 340 or PHYS 350

Laboratory course for students with special interests in experimental physics. The emphasis is on widely applicable modern experimental methods.

Lecture/Discussion Hours: 0

Lab/Studio Hours: 4

PHYS 440 Digital Image Processing (3 crs)

Prerequisite: MATH 215

- *Credit may not be earned in both MATH 440 and PHYS 440.*

Applications of Fourier analysis and wavelets to optics and image processing.
Topics include: diffraction, wave optical theory of lenses and imaging, wavelets, and image processing.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PHYS 445 Thermal Physics (4 crs)

Prerequisite: PHYS 332, and MATH 216, and PHYS 240 or one of CS 145 or CS 150 or CS 163 or CS 170 and a passing score on Python proficiency exercise.
No credit if taken after PHYS 334 and PHYS 435.

- *If CS 145, CS 150, CS 163, or CS 170 is taken, contact the department to complete the required Python programming exercise.*

Statistical mechanics and thermodynamics including the laws of classical thermodynamics, equations of state, thermodynamical processes, and applications to classical and quantum mechanical systems.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

PHYS 486 Senior Seminar (0.5 crs)

Prerequisite: Limited to physics liberal arts majors, liberal arts emphasis; and physics liberal arts majors, applied physics emphasis.

Consent: Department Consent Required

- *Students need to have completed an adviser-approved capstone project before entering this class. This can be accomplished through various means: PHYS 392, PHYS 399, PHYS 430, PHYS 495, PHYS 499, through an academic or industrial internship, or through another approved means.*

Students will present a capstone project seminar, develop presentation skills (oral and poster), take a nationally normed test covering undergraduate physics, discuss their post-graduate plans, and assist the department in assessing the major.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: .5

Lab/Studio Hours: 0

PHYS 491 Special Topics (1-4 crs)

Prerequisite: PHYS 333 and PHYS 365.

Content will be determined by the interests of students and faculty. Possible topics include astrophysics and solid state physics.

Repeat: Course may be repeated for a maximum of 6 credits

PHYS 495 Directed Study (1-3 crs)

Prerequisite: PHYS 332; 2.75 GPA in physics. Limited to physics majors and minors.

Consent: Department Consent Required

- *Limit of three credits counted toward major.*

Special project or research activity, primarily on campus, and directed by a faculty member. Projects and topics available will be determined by the activities and interests of the faculty.

Repeat: Course may be repeated for a maximum of 6 credits

PHYS 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

PHYS 793 Directed Studies (1-4 crs)

Permits groups of students to study topical areas in an intensive way under the direction of departmental faculty members.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

Political Science (POLS)

POLS 102 Introduction to Politics (3 crs)

A general introduction to basic concepts and approaches to the study of politics and contemporary political issues and problems.

Attributes: LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 110 American National Politics (3 crs)

Analysis of major components of American national politics. Includes examination of the individual's ability to affect politics, and the impact of politics on individual lives.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 122 Introduction to World Politics (3 crs)

Introductory course for the study of world politics. Focus includes states, international organizations (private and public), and other global interaction influencing and shaping world politics.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 170 The Wisconsin Government Experience (3 crs)

Consent: Department Consent Required

• *Only open to students registered in the Badger Boys State program who also enroll as special students on campus in a given summer. Enrollment will be coordinated with the Badger Boys State staff.*

The course is a collaborative endeavor between Badger Boys State (BBS) and UW-Eau Claire. It is open only to students participating in the BBS program. Participants in the BBS program will learn the structural and procedural aspects of state and local governments in Wisconsin during their program, combined with online, asynchronous content after the on-campus program ends that will cover policy, elections, and issues of significant importance in Wisconsin governance.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 217 Freedom of Speech (3 crs)

A study of the freedom of expression in an open and democratic society, including historical, philosophical, political, and legal considerations. Emphasizes debates on contemporary First Amendment topics.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 238 Mock Trial (1 cr)

A study of American trial advocacy and basic preparation for participation in intercollegiate mock trial. Exposure to the fundamentals of competitive mock trial: opening and closing statements, direct and cross examination, rules of evidence, objections, exhibits, case law.

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

POLS 250 American Indian Politics (3 crs)

• *Credit may not be earned in both POLS 250 and AIS 250.*

The course will examine the recent trends in American Indian politics beginning with the American Indian Movement through the present. The course will include topics on tribal sovereignty, legalized gambling, and tribal government.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 260 Introduction to Comparative Politics (3 crs)

A comparative analysis of political systems of Great Britain, France, Germany, Russia, Japan, China, India, Iran, Brazil, and Nigeria.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 290 Introduction to Political Analysis (3 crs)

Prerequisite: POLS 110 or consent of instructor. Limited to political science majors.

Examines the nature and design of scientific research; raises philosophical and methodological issues regarding the logic, theory, and empirical analysis of political research; explores reasoning, causality, and data analysis in scientific research.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 291 Special Topics - Political Problems (1-3 crs)

Selected political problems and issues affecting our political system. Examples: racism, poverty, radicalism, pluralism. Completion of a semester's work in fewer weeks is possible with extra classes per week.

POLS 301 State and Local Politics (3 crs)

Prerequisite: POLS 110

Study of federalism, state and local political and governing institutions, and public policy.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 305 Survey of U.S. Constitutional Principles (3 crs)

Prerequisite: No credit if taken after POLS 403 or POLS 404.

Analysis of the powers of governments in the U.S. and rights of individuals.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 309 Classical Political Thought (3 crs)

Prerequisite: Minimum sophomore standing.

Study of major political thinkers from the ancient and medieval periods, with emphasis on Plato and Aristotle.

Attributes: LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 310 Modern Political Theory (3 crs)

Prerequisite: Minimum sophomore standing.

This course explores major theories of justice from the 16th Century through the 19th Century, with emphasis on the development and history of liberalism.

Attributes: CP Civics Perspectives, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 311 Contemporary Political Thought (3 crs)

Prerequisite: Minimum sophomore standing.

A study of major political thinkers from the French Revolution to the present day, with emphasis on the philosophical roots of twentieth century ideologies.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 312 American Political Thought (3 crs)

The intellectual roots of American Politics, with emphasis on the Revolutionaries, particularly Jefferson; The Federalist; Tocqueville's Democracy in America; and Lincoln.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 314 The Idea of Tolerance in the Western Political Tradition (3 crs)

Historical and philosophical consideration of the development of the idea of tolerance in the western political tradition, with emphasis on major philosophical defenders and critics of the ideal of an open, tolerant society, and on the American experiment in political, religious, and cultural tolerance.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 317 Introduction to Legal Advocacy and Moot Court (3 crs)

Prerequisite: POLS 305, POLS 403, or POLS 404; minimum sophomore standing

This course is a hands-on exploration of legal written and oral advocacy. Students will be exposed to basic methods of legal research and writing, briefing and motions practice, and oral argument through simulated cases.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 319 Politics of Latin America (3 crs)

• *Credit may not be earned in both POLS 319 and LAS 319.*

An examination of major institutions, groups, and selected topics related to Latin American politics.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 321 Politics of the Middle East (3 crs)

Introduces students to social, economic, political, and cultural aspects of life in the Middle East by focusing on specific topics such as Religion and Politics, Nationalism, Peace and Conflict, Western Influence.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 322 Politics of Russia (3 crs)

Prerequisite: One course in Political Science or consent of instructor

A study of the transitions taking place in Russia covering subjects such as the Soviet past, nationalism, leadership, political institutions, and relations with the other former Soviet republics.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 323 Politics of Eastern Europe (3 crs)

Prerequisite: One course in POLS or consent of instructor.

An examination of political, economic, and cultural transitions in Eastern Europe. Topics covered include political-historical context, democratic institution building, market economic development, political cultural orientation, international organizations, and ethnonational conflict and conflict resolution.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 324 Politics of Asia (3 crs)

This course addresses political, economic, and social dimensions of contemporary Asian politics. The countries examined from a comparative perspective are China, North Korea, South Korea, India, and Indonesia.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 325 Model United Nations (3 crs)

A study of the institutional foundation and the contemporary role of the United Nations as a global intergovernmental organization in pursuit of a peaceful resolution to global conflicts and the promotion of cooperation among global actors.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 327 Politics of Continental Europe (3 crs)

Prerequisite: POLS 102 or POLS 110 or consent of instructor.

An examinations of European parliamentary systems, their societies and cultures, the European Union, and the development of European identity.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 329 Political Violence (3 crs)

This course offers a comparative study of political violence in the contemporary world, reviewing a variety of theoretical and empirical approaches to violence.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 330 U.S. Foreign Policy (3 crs)

Prerequisite: POLS 122 or consent of instructor.

A study of the principal theoretical approaches to the conduct of U.S. foreign policy and the major foreign policy issues facing the United States.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 331 International Organization and Law (3 crs)

Prerequisite: POLS 122 or consent of instructor.

An analysis of the historical and current patterns and theoretical concepts and theories relevant to the organization of global affairs.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 332 International Conflict (3 crs)

Prerequisite: POLS 122 or consent of instructor.

Examines the main theories and concepts used to understand and explain international and civil conflict. The course will also provide an analysis of the principle techniques and practices of conflict resolution.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 334 International Political Economy (3 crs)

Prerequisite: POLS 122 or ECON 103 or ECON 104 or ECON 201 or consent of instructor.

International political economy is the simultaneous study of power and wealth at the international level, or it is the study of political foundations of international economic interactions and vice versa.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 335 International Relations Theory (3 crs)

Prerequisite: POLS 122 or consent of instructor. Minimum sophomore standing.

Explores various theoretical approaches on world political order: Realism; Liberalism; Socialism; Critical Theory; Postmodern, Feminist; and Ecological perspectives. Within each framework, key concepts such as the state, power, globalization, regimes, etc., are explored.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 336 Arab-Israeli Conflict (3 crs)

This course examines the political, socioeconomic, cultural, and historical roots of the conflict between Arab States/Palestinian Arabs and the state of Israel. Both regional and international aspects of the conflict are fully discussed.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 338 Judicial Politics (3 crs)

A study of the judicial system and judicial policy-making, emphasizing the U.S. Supreme Court and lower federal judiciary.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 340 Congress and the Presidency (3 crs)

Prerequisite: No credit if taken after POLS 339 or POLS 348

Study of congressional representation, organization, lawmaking, and presidential leadership in the separation of powers system.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 341 Political Parties, Elections, and Voting (3 crs)

Prerequisite: One course in POLS or consent of instructor.

Emphasizes electoral politics in America, including the organization and functions of American political parties, the dynamics of campaigns and elections, and voting behavior in the U.S.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 342 Political Psychology (3 crs)

Prerequisite: One course in POLS or consent of instructor.

Development, nature and impact of political attitudes and opinions; white and minority opinion compared; political role of the mass media; personality and opinions; political participation; behavioral techniques of analysis; all in an American politics context.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 343 Public Administration (3 crs)

Prerequisite: POLS 110 or consent of instructor

Analyzes organizational structure and administrative behavior in governmental agencies. Topics include leadership, control, decision-making, recruitment, communication, adaptation, and others.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 344 Media and Politics (3 crs)

Prerequisite: POLS 110 or consent of instructor

The course examines the symbiotic relationship between the media and political actors. The course will look at how the media influences the political agenda, how politicians manipulate the media, and the impact of political advertising.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 345 Film and Politics (3 crs)

An examination of how film delivers both implicit and explicit political themes and messages, with a focus on the areas of plot, characterization, symbolism, and cinematic techniques.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 346 Public Policy in the United States (3 crs)

Prerequisite: One course in POLS or consent of instructor.

Emphasizes policy analysis, the policymaking process, and the content of American domestic policy; includes coverage of a wide range of policy areas such as economics, environment, energy, business, labor, poverty, welfare, health, education, and agriculture.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 350 Group and Minority Politics (3 crs)

Examines the role, status, and experiences of minority groups within the American political system. Emphasis placed on an interest group perspective.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 351 Women and Politics (3 crs)

• *Credit may not be earned in both POLS 351 and WGSS 351.*

Analysis of women's roles and participation in politics: as citizens, voters, candidates, and officeholders. The impact of feminism and the women's movement on issues and policymaking.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 352 Gender and Politics in Global Perspective (3 crs)

• *Credit may not be earned in both POLS 352 and WGSS 352.*

This course surveys important topics in the study of gender and politics in global perspective.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 353 Afro-American Politics (3 crs)

The dynamics of Black American politics from the mid-twentieth century to the present. Using a cultural studies and political economy approach, the course examines the social, economic, cultural, and political determinants of Afro-American politics after 1945.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 354 Identity and Discrimination in Politics (3 crs)

Analyzes the different aspects of a person's identity and their impact on political decisions and behavior. Includes overview of political thought on identity and bias in politics, discussion of the history of specific group identities and the distinctions between the psychological mechanisms that underlie behaviors, examination of different policy areas shaped and influenced by identity, and methods to measure discrimination and bias.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 368 The Politics of Conspiracy Theories (3 crs)

Prerequisite: POLS 110 or consent of instructor

Conspiracy theories have a long and storied history in politics. While not all conspiracies are oriented towards government and politics, the vast majority of them are. This course will explore the origins of political conspiracy theories, examine the differences between conspiracy theories and actual conspiracies, and look at the impact of several of the most wide-reaching conspiracy theories in the past century.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 370 Washington DC Policy Seminar (3 crs)

Prerequisite: POLS 110 or equivalent

An exploration of the public policy-making process in the U.S. with attention to select contemporary issues in American policy debates (environment, energy, health, economic management, etc.). Course content includes the study of how citizens (voters, groups and elected officials) participate in developing and implementing policy in local, state and national government. The course also provides experiential learning opportunities by exposing students to high level political contexts and venues with direct access to state and national policymakers and policy-influencers in Madison and Washington, D.C.

Attributes: Field Trip(s) Required

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 390 Culture and Politics (3 crs)

Explores cultural and societal context of contemporary politics through various literary media and selected political studies. A cross-cultural approach examines national character, class, race, ethnic and religious differences, socialization, and cultural conflict.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

Study of a political problem or topic.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

POLS 397 Student Academic Apprenticeship in Political Science (1-3 crs)

Prerequisite: Grade of B+ or above in the assigned course. Minimum total GPA of 3.30.

Consent: Department Consent Required

• *Cannot apprentice in the same course twice.*

Qualified students work under close supervision of faculty exploring methods to teach political science and assisting in the teaching of a course or courses. Students enhance their understanding of the discipline and their communication skills.

Attributes: Service-Learning, Full 30 Hours

Repeat: Course may be repeated for a maximum of 6 credits

POLS 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

POLS 403 U.S. Constitutional Principles - Powers of Government (3 crs)

Prerequisite: POLS 110 or consent of instructor

American constitutional principles as interpreted by the Supreme Court; the constitutional structure of the U.S. government. Emphasizes powers of Congress, President, Judiciary; principles of federalism and separation of power. Focus on study of Supreme Court cases.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 404 U.S. Constitutional Principles - Civil Liberties (3 crs)

Prerequisite: POLS 110 or consent of instructor

American constitutional principles concerning the relations between individual and government. Emphasizes freedom of speech, press, religion; separation of church and state; and equality. Focus on study of Supreme Court cases.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 405 U.S. Constitutional Principles - Due Process and Criminal Law (3 crs)

Prerequisite: POLS 110

American constitutional principles concerning the criminal process and criminal law. Emphasizes the rights found in the Fourth, Fifth, Sixth, and Eighth Amendments and theories of due process and incorporation from the Fourteenth Amendment.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 406 U.S. Constitutional Principles - Equality and Privacy (3 crs)

Prerequisite: POLS 110 or consent of instructor.

Study of the U.S. Constitution's 14th and 15th Amendments as explicated by the U.S. Supreme Court in cases concerning issues of racial and gender equality and sexual privacy.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 480 Political Science Capstone (3 crs)

Prerequisite: POLS 290. Limited to political science majors. Minimum senior standing.

• *Student must have successfully completed at least one course in each of the four areas of the discipline.*

Graduating seniors apply their acquired knowledge and skills to selected topics for research. Students work under the direction of an assigned faculty to produce a major research paper and oral presentation to the class.

Attributes: LE-I1 Integration, Capstone Course

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

POLS 491 Special Topics - Advanced Political Problems (1-3 crs)

Selected political problems and issues affecting our political system. Examples: racism, poverty, radicalism, pluralism. Completion of a semester's work in fewer weeks is possible with extra classes per week.

Repeat: Course may be repeated

POLS 496 Honors Independent Reading (3 crs)

Prerequisite: 3.50 GPA in political science courses or consent of instructor.

Independent reading and research in selected areas of political science.

POLS 498 Internship (1-6 crs)

Prerequisite: POLS 110 or consent of instructor. Limited to political science majors and minors and criminal justice majors.

Consent: Department Consent Required

Assignment to a political or administrative situation for practical experience. The work experience will be related to the fundamental theories of the discipline.

Attributes: Service-Learning, Full 30 Hours, Internship

Repeat: Course may be repeated for a maximum of 6 credits

POLS 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

POLS 595 Directed Studies (1-3 crs)

Consent: Department Consent Required

• *Dual-listed with POLS 395.*

Study of a political problem or topic.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

POLS 795 Research Paper (1-2 crs)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

POLS 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

POLS 798 Graduation Only (1 cr)

Repeat: Course may be repeated
Grading Basis: PR Only Grade Basis

Psychology (PSYC)

PSYC 100 Introduction to Psychology (3 crs)

Human behavior, learning, thinking, motivation, perception, emotion, behavior disorders, personality, psychological tests, social behavior, and selected applications of psychology.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 101 Psychology as a Discipline and a Profession (1 cr)

Prerequisite: Limited to psychology majors. Credit may not be earned in both PSYC 101 and PSYC 102.

• *Concurrent enrollment with PSYC 100 is recommended.*

A laboratory course introducing students to bibliographic, reasoning, writing, and research skills in psychology. Discussion of specialties and careers in psychology. Students begin to develop their educational programs and portfolios.

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

PSYC 102 Foundations in the Discipline of Psychology (3 crs)

Prerequisite: Limited to psychology majors. Credit may not be earned in both PSYC 101 and PSYC 102.

• *Concurrent enrollment with PSYC 100 is recommended.*

Introduces students to knowledge and skills that are foundational to the discipline of psychology and to their success as college students and professionals. Students will be taught bibliographic, reasoning, writing, and research skills in psychology and begin to develop their educational programs and portfolios.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 121 Introduction to Child Life (3 crs)

• *No credit if taken after PSYC 491 when offered as Introduction to Child Life.*

Understand the scope of child life practice, including developmental and psychosocial issues faced by children in stressful life events.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 221 Child Life: Therapeutic Play (3 crs)

Prerequisite: Sophomore standing

• *No credit if taken after PSYC 491 when offered as Child Life: Therapeutic Play.*

Addresses classical and contemporary theories and concepts of play. Provides students with knowledge of the importance of play in a child's development and learn how to plan therapeutic play activities.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 230 Human Development (3 crs)

Prerequisite: PSYC 100, PSYC 260 or PSYC 261.

Broad overview of theories and research on cognitive, social/emotional, and physical development from conception to death; environmental factors, such as family, school, peers, work, and cultural context; and biological factors that shape development.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 245 Social Psychology (3 crs)

Prerequisite: PSYC 100

The study of social and cultural influence. How others affect our thoughts, feelings, and actions. Core topics: social and self-perception, interpersonal attraction, helping behavior, attitudes, prejudice, persuasion, aggression, and group behavior.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 251 Abnormal Psychology (3 crs)

Prerequisite: PSYC 100. Credit may not be earned in both PSYC 251 and PSYC 350 or PSYC 351.

Exploration of psychological disorders with primary emphasis on their symptoms and the biological, psychological and socio-cultural factors that contribute to their development. Brief discussion of treatments for selected disorders.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 260 Educational Psychology (3 crs)

Prerequisite: No credit if taken after or concurrently with PSYC 261. Minimum sophomore standing.

The application of psychological principles to the teaching-learning process, particularly the teaching and learning that occur within the contexts of parenting and therapy. Specific topics include group and individual differences, learning theories, motivation, and assessment.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 261 Psychological Development and Classroom Processes (4 crs)

Prerequisite: Completion of University Writing Requirement. No credit if taken after or concurrently with PSYC 231 or PSYC 260. Minimum sophomore standing.

Educational implications and applications of psychological research and theories of development, learning, and teaching of school-age children.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

PSYC 265 Statistical Methods in Psychology I (3 crs)

Prerequisite: Limited to psychology majors/minors. PSYC 100 or concurrent enrollment. A grade of C or above in MATH 20, or two years of college-preparatory algebra and a suitable mathematics placement test score. Elementary and descriptive techniques for summarizing psychological data. Construction of graphs and tables. Central tendency, variability, correlation, introduction to statistical inference with t-tests, chi square, analysis of variance. Microcomputer use.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

PSYC 271 Methods of Research in Psychology (4 crs)

Prerequisite: PSYC 100; MATH 246 or PSYC 265. Limited to psychology majors and minors or those with instructor consent

Experimental, correlational, longitudinal and cross-sectional, naturalistic/observational, quasi-experimental, qualitative, and case study/clinical methods of research in psychology. Analysis of published research. Data collection, analysis, and presentation of research reports in APA style.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

PSYC 281 Introduction to Behavior Analysis and Therapy (3 crs)

Prerequisite: PSYC 100. No credit if taken after PSYC 302 or PSYC 380.

Students acquire introductory skills in analyzing, understanding, and solving human and animal behavior problems. Methods for teaching, increasing, and decreasing behaviors are summarized.

Attributes: SBS Social Behavioral Science, LE-I1 Integration, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 286 Understanding Suicide (3 crs)

Prerequisite: PSYC 100 and minimum sophomore standing. No credit if taken after PSYC 491 when offered as Understanding Suicide.

Provides a broad overview of what is currently known about suicide and ways to prevent it. Students will learn who is at risk for suicide, why people attempt and die by suicide, how we may prevent it, and the widespread impact of suicide from a multi-systemic framework.

Attributes: LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 291 Special Topics (1-4 crs)

•A maximum of seven credits earned in PSYC 291 and PSYC 491 may count toward the major.

Intensive study of a topic selected because of a special interest on the part of students or faculty.

Repeat: Course may be repeated for a maximum of 6 credits

PSYC 302 Principles of Learning (3 crs)

Prerequisite: PSYC 271 for psychology majors and minors; PSYC 100 or PSYC 260 for non-psychology majors and minors.

An introduction to the methods and findings within the study of classical (respondent) and instrumental (operant) conditioning, including appetitive and aversive conditioning, stimulus and cognitive control of behavior and remembering.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

PSYC 325 Theories of Counseling (3 crs)

Prerequisite: PSYC 100 or consent of instructor.

Established and developing perspectives on counseling theory and practice. Trait-factor, Psychoanalytic, Adlerian, Existential, Person-centered, Gestalt, Transactional Analysis, Behavioral, Rational-Emotive, Reality and Psychophysical approaches are presented and considered in depth.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 331 Child Psychology (3 crs)

Prerequisite: PSYC 100 or PSYC 260 or PSYC 261.

The developing child from conception to puberty. Emphasizes biological influences on development, intelligence and thought, language, personality, social development.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 332 Psychology of Adolescence (3 crs)

Prerequisite: PSYC 100 or PSYC 260 or PSYC 261.

Biological, cognitive, and social transitions of adolescence and contexts (families, peer groups, schools, and work/leisure) in which these are experienced. Psychosocial developments of adolescence, including identity, autonomy, intimacy, sexuality, and achievement, are discussed in depth.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 333 Psychology of Adulthood and Aging (3 crs)

Prerequisite: PSYC 100 or PSYC 260 or PSYC 261.

Intellectual, personality and social development from young adulthood through old age. Influence of biological factors and social context on psychological processes. Discussion of adult role demands: work, marriage, family, retirement, etc.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 334 Psychology of the Exceptional Child (3 crs)

Prerequisite: PSYC 100

A study of the psychological, sociological, historical, and educational factors influencing the development and adjustment of children with significant emotional, behavioral, social, or cognitive differences from the general population.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 336 Psychology of Women (3 crs)

Prerequisite: PSYC 100 and minimum sophomore standing.

• *Credit may not be earned in both PSYC 336 and WGSS 336.*

Advanced undergraduate/graduate seminar designed to examine how both traditional and feminist psychological theories and research apply to women's lives. Topics include sexuality, violence, gender roles, work, relationships, body image, reproduction, motherhood, and sexual orientation.

Attributes: LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 340 Personality Psychology (3 crs)

Prerequisite: PSYC 271 or consent of instructor.

An overview of various perspectives on the structure and development of personality, including biological, trait, psychoanalytic, phenomenological, and social-learning. Theory and major lines of research are discussed within each perspective.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 348 Black Psychology (3 crs)

Prerequisite: PSYC 100

• *Credit may not be earned in both WGSS/PSYC 348. No credit if taken after PSYC 491 when offered as Black Psychology.*

An in-depth study of theories and research concerning the Black lived experience in modern American society from a culturally relevant and appropriate perspective. A range of topics that pertain to the psychological experiences of African Americans such as racism and discrimination, achievement and schooling, kinship and family, racial identity, religion and spirituality, and African American mental health will be discussed.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 349 Psychology of Stigma, Prejudice and Intergroup Relations (3 crs)

Prerequisite: PSYC 271 or consent of instructor.

Individual, interpersonal and intergroup aspects of prejudice, discrimination and stigma. Research based strategies for identifying and reducing bias.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 353 Health Psychology (3 crs)

Prerequisite: PSYC 271 or consent of instructor

Health factors, research issues, and applications from the biopsychosocial perspective. Examines role of history, theory, science in contemporary health care practices. Research based focus upon mind/body stress link, treatment application, roles of health psychologists.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 354 Clinical Psychology (3 crs)

Prerequisite: PSYC 251, 271 or consent of instructor

Introduction to the profession of clinical psychology including the history and current state of the field, clinical assessment, diagnosis, psychotherapy, multicultural and ethical issues, and research. Specializations of health, forensic, and clinical-child psychology are reviewed.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 362 Clinical Neuroscience (3 crs)

Prerequisite: Grade of C or above in IDIS 125 or consent of the instructor

Addresses the biological correlates of many psychological, neurological and health-related disorders. Published neuroscience research findings are used to examine the connections between the signs and symptoms of these pathologies and changes in brain neurobiology, neurochemistry, and neurophysiology.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 363 Psychology of Addictions (3 crs)

Prerequisite: IDIS 125 or PSYC 271

This course investigates the neurobiological causes of addictive personality types and chemical and behavioral addictions. In addition, the course covers treatment options and outcomes for those walking the pathway out of addictions.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 366 Statistical Reasoning and Analysis (3 crs)

Prerequisite: Minimum junior standing, or MATH 246, or PSYC 271.

Focus on concepts and skills that facilitate thinking logically about, and making sense of, statistical information. Emphasis on estimation thinking and open science (replication, transparency), interpreting and explaining confidence intervals and their relationship to p, and effect sizes. Practice with common statistical analyses, including independent and paired groups designs, correlation, and regression.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 372 Individual Differences and Behavior Genetics (3 crs)

Prerequisite: PSYC 271 or consent of instructor.

• *No credit if taken after PSYC 491 with the same topic.*

Course introduces students to the structure of various individual differences attributes (abilities, personality, interests). Introduces behavioral genetic research designs that unravel the causal structure of individual differences and reviews exemplary findings from this research.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 373 Evolutionary Psychology (3 crs)

Prerequisite: PSYC 271 or consent of instructor.

• *No credit if taken after PSYC 491 with the same topic.*

Fundamentals of evolutionary psychology, grounded in natural and sexual selection. Review research and theory on human mating, friendship, parental investment, infants' knowledge of the physical world, aggression and warfare, status and dominance, emotion, rape, and jealousy.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 374 Cognitive Neuroscience (3 crs)

Prerequisite: IDIS 125 or consent of instructor.

Explores mind and behavior from a brain-based, information-processing perspective. Examines how neuroimaging (e.g., EEG and functional MRI) and lesion studies reveal mechanisms underlying perception, attention, movement, language, memory, decision-making, emotion, motivation, and social cognition.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 376 Psychology of Perception (3 crs)

Prerequisite: PSYC 271 or IDIS 125 or consent of instructor.

- *PSYC 271 required for Psychology majors or minors. IDIS 125 required for Neuroscience majors and minors.*

Basic perceptual phenomena in the visual, auditory, olfactory, gustatory, tactile and proprioceptive senses, and related research methodology and physiology.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 377 Psychopharmacology (3 crs)

Prerequisite: PSYC 271 for psychology majors and minors. PSYC 100 for non-psychology majors and minors.

Examines drug and behavior relations from biological (e.g., pharmacological and physiological effects of drugs), behavioral, social, and historical perspectives. Topics include drug classification and scheduling, therapeutic effects of drugs, substance abuse prevention and treatment programs.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 379 Cognitive Psychology (3 crs)

Prerequisite: PSYC 271 or consent of instructor.

Human perception, attention, memory, knowledge, reasoning, and decision-making are examined. Major theories and research methods of the field are presented, and a critical understanding of both established and emerging elements of the discipline is promoted.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 380 Introduction to Behavior Modification (3 crs)

Prerequisite: PSYC 271 or consent of instructor.

Provides students thorough knowledge of the principles of behavior analysis as applied to human problems, the ethics of their use, and methods for evaluating their effectiveness.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 387 Behavioral Neuroscience (3 crs)

Prerequisite: IDIS 125 (Introduction to Neuroscience) grade C or better

An in-depth review of the function of the nervous system as it relates to higher complex traits like cognition, emotion, attention, movement, and motivated behavior.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 390 Advanced Applied Behavior Analysis (3 crs)

Prerequisite: PSYC 271 and PSYC 281, with a grade of B or above in PSYC 281, or consent of instructor.

Students will learn skills needed to plan, implement, and evaluate behavioral interventions in a variety of human services settings. Content will focus on functional assessment, ethics, and primary research in applied behavior analysis.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

Students, with assistance of instructors, define a topic to study or develop a field placement in a setting related to psychology. Selected readings, weekly meetings with the instructor, and other assignments may also be required.

Repeat: Course may be repeated

PSYC 396 Research Apprentice in Psychology (1-3 crs)

Prerequisite: PSYC 100

Consent: Department Consent Required

Qualified students, recruited and supervised by an instructor, engage in original research in collaboration with the instructor. Research methods and current status of psychological knowledge are applied to create new knowledge.

Repeat: Course may be repeated

PSYC 397 Student Academic Apprenticeship in Psychology (1-3 crs)

Consent: Department Consent Required

- *Completion of the course (or equivalent) in which assisting with a minimum grade of B; at least nine semester credits and a 3.00 GPA in psychology.*

Qualified students, selected and supervised by faculty members, facilitate teaching and learning in a specific course or courses. Apprentices enhance their knowledge of psychology and their ability to communicate that knowledge.

Repeat: Course may be repeated

PSYC 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Student proposes an independent study project to an instructor. Projects may include library research, original empirical research, or placement in a setting related to psychology. Student works independently, with instructor providing oversight and limited guidance and assistance.

Repeat: Course may be repeated

PSYC 400 History and Systems of Psychology (3 crs)

Prerequisite: PSYC 271 or consent of instructor. Minimum senior standing and completion of nine credits of upper-division Psychology coursework.

Consent: Department Consent Required

This senior capstone course traces the philosophical and scientific foundations of modern psychology, then delineates the strands of thought that define the field. Great persons in historical contexts are studied to understand psychology as it exists today.

Attributes: Capstone Course

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 401 Big Issues in Psychology (3 crs)

Prerequisite: PSYC 271 or consent of instructor. Minimum senior standing and completion of nine credits of upper-division Psychology coursework.

Consent: Department Consent Required

In this senior capstone course students read and discuss primary literature--old and new--that revolves around enduring issues in psychological science.

Attributes: Capstone Course

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 412 Experimental Analysis of Behavior (4 crs)

Prerequisite: PSYC 480 or concurrent enrollment. Grade of B or above in PSYC 390.

Methods, assumptions, basic principles, and recent developments in the psychology of learning primarily from a behavioral perspective. Survey of laboratory research with humans and animals providing a theoretical framework for describing these behavior-change concepts.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 1

PSYC 425 Applications of Psychology in Educational Settings (3 crs)

Prerequisite: Any one of the following: PSYC 230, PSYC 260, PSYC 261, PSYC 331, PSYC 332. Minimum senior standing.

Examination of psychological theories and research related to education, with specific emphasis on the application of learning theories in education.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 432 Advanced Developmental Psychopathology of Childhood and Adolescence (3 crs)

Prerequisite: PSYC 271 and either PSYC 331 OR PSYC 332. Minimum senior standing.

• *Credit may not be earned in both PSYC 432 and PSYC 632.*

Introduction to developmental psychopathology for childhood and adolescence. Emphasis is on typical and atypical child development and applied practice in psychology.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 470 Senior Research Seminar (2 crs)

Prerequisite: All required courses, except PSYC 400 or PSYC 401.

Reading and discussion of current issues in psychology, completion of the psychology portfolio and exit survey, and presentation of an empirical research project or literature review.

Attributes: Capstone Course

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

PSYC 480 Internship in Behavior Analysis (3-6 crs)

Prerequisite: PSYC 390 with a B or better or consent of instructor

Consent: Instructor Consent Required

Students gain experience implementing interventions based on the methods and principles of behavior analysis to facilitate their preparation for national certification.

Attributes: Service-Learning, Full 30 Hours, Undergraduate/Graduate Offering, Internship

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: A-F Grades Only

PSYC 481 Internship in Applied Behavior Analysis II (3-6 crs)

Prerequisite: PSYC 480.

Consent: Instructor Consent Required

The internship is designed to provide experience for students in Applied Behavior Analysis and to prepare them for national certification. Students work in applied settings implementing interventions based on the principles of behavior.

Attributes: Service-Learning, Full 30 Hours, Undergraduate/Graduate Offering, Internship

Repeat: Course may be repeated

Grading Basis: A-F Grades Only

PSYC 491 Special Topics (1-4 crs)

- A maximum of seven credits earned in PSYC 291 and PSYC 491 may count toward the major.

Intensive study of a topic selected because of a special interest on the part of students or faculty.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

PSYC 492 The Professional Practice of School Psychology: Role, Function, Ethics, and Legal Issues (3 crs)

Prerequisite: One of: PSYC 230, PSYC 260, PSYC 261, PSYC 331 or PSYC 332; or consent of instructor. Minimum senior standing.

Consent: Instructor Consent Required

The purpose of this course is to introduce students to the practice of school psychology. Topical areas of coverage include the role and function of a psychologist, ethical and legal practice, and critical issues in the field.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 3

PSYC 498 Internship (1-3 crs)

Prerequisite: 12 credits of psychology.

Consent: Department Consent Required

- Formal agreement between instructor, field supervisor, and student must be completed before registering. Criminal background checks may be required prior to internship.

A field experience course in which students integrate knowledge of psychology with work in the community.

Repeat: Course may be repeated for a maximum of 6 credits

PSYC 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Student proposes an independent study project to an instructor. Projects may include library research, original empirical research, or placement in a setting related to psychology. Student works independently, with instructor providing oversight and limited guidance and assistance.

Repeat: Course may be repeated

PSYC 525 Theories of Counseling (3 crs)

Prerequisite: PSYC 100 or consent of instructor.

- Dual-listed with PSYC 325. Credit may not be earned in both courses.

Established and developing perspectives on counseling theory and practice. Trait-factor, Psychoanalytic, Adlerian, Existential, Person-centered, Gestalt, Transactional Analysis, Behavioral, Rational-Emotive, Reality and Psychophysical approaches are presented and considered in depth.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 533 Psychology of Adulthood and Aging (3 crs)

Prerequisite: PSYC 100 or PSYC 260 or PSYC 261.

- Dual-listed with PSYC 333. Credit may not be earned in both courses.

Intellectual, personality and social development from young adulthood through old age. Influence of biological factors and social context on psychological processes. Discussion of adult role demands: work, marriage, family, retirement, etc.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 534 Psychology of the Exceptional Child (3 crs)

- Dual-listed with PSYC 334. Credit may not be earned in both courses.

A study of the psychological, sociological, historical, and educational factors influencing the development and adjustment of children with significant emotional, behavioral, social, or cognitive differences from the general population.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 536 Psychology of Women (3 crs)

- Dual-listed with PSYC/WGSS 336/536. Credit may only be earned in one of these courses.

Advanced undergraduate/graduate seminar designed to examine how both traditional and feminist psychological theories and research apply to women's lives. Topics include sexuality, violence, gender roles, work, relationships, body image, reproduction, motherhood, and sexual orientation.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 540 Personality Psychology (3 crs)

Prerequisite: PSYC 271 or consent of instructor.

- Dual-listed with PSYC 340. Credit may not be earned in both courses.

An overview of various perspectives on the structure and development of personality, including biological, trait, psychoanalytic, phenomenological, and social-learning. Theory and major lines of research are discussed within each perspective.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 548 Black Psychology (3 crs)

Prerequisite: PSYC 100

- Dual-listed with WGSS/PSYC 348/548. Credit may only be earned in one of these courses. No credit if taken after PSYC 491 when offered as Black Psychology.

An in-depth study of theories and research concerning the Black lived experience in modern American society from a culturally relevant and appropriate perspective. A range of topics that pertain to the psychological experiences of African Americans such as racism and discrimination, achievement and schooling, kinship and family, racial identity, religion and spirituality, and African American mental health will be discussed.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 549 Psychology of Stigma, Prejudice and Intergroup Relations (3 crs)

- Dual-listed with PSYC 349. Credit may not be earned in both courses.

Individual, interpersonal and intergroup aspects of prejudice, discrimination and stigma. Research based strategies for identifying and reducing bias.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 566 Statistical Reasoning and Analysis (3 crs)

- Dual-listed with PSYC 366. Credit may not be earned in both courses.

Focus on concepts and skills that facilitate thinking logically about, and making sense of, statistical information. Emphasis on estimation thinking and open science (replication, transparency), interpreting and explaining confidence intervals and their relationship to p, and effect sizes. Practice with common statistical analyses, including independent and paired groups designs, correlation, and regression.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 572 Individual Differences and Behavior Genetics (3 crs)

Prerequisite: PSYC 271 or consent of instructor.

- Dual-listed with PSYC 372. Credit may not be earned in both courses. No credit if taken after PSYC 491 with the same topic.

Course introduces students to the structure of various individual differences attributes (abilities, personality, interests). Introduces behavioral genetic research designs that unravel the causal structure of individual differences and reviews exemplary findings from this research.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 573 Evolutionary Psychology (3 crs)

Prerequisite: PSYC 271 or consent of instructor.

- Dual-listed with PSYC 373. Credit may not be earned in both courses. No credit if taken after PSYC 491 with the same topic.

Fundamentals of evolutionary psychology, grounded in natural and sexual selection. Review research and theory on human mating, friendship, parental investment, infants' knowledge of the physical world, aggression and warfare, status and dominance, emotion, rape, and jealousy.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 574 Cognitive Neuroscience (3 crs)

Prerequisite: IDIS 125 or consent of instructor.

- Dual-listed with PSYC 374. Credit may not be earned in both courses.

Explores mind and behavior from a brain-based, information-processing perspective. Examines how neuroimaging (e.g., EEG and functional MRI) and lesion studies reveal mechanisms underlying perception, attention, movement, language, memory, decision-making, emotion, motivation, and social cognition.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 576 Psychology of Perception (3 crs)

Prerequisite: PSYC 271 or consent of instructor.

- Dual-listed with PSYC 376. Credit may not be earned in both courses.

Basic perceptual phenomena in the visual, auditory, olfactory, gustatory, tactile and proprioceptive senses, and related research methodology and physiology.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 577 Psychopharmacology (3 crs)

Prerequisite: PSYC 271

- *Dual-listed with PSYC 377. Credit may not be earned in both courses.*

Examines drug and behavior relations from biological (e.g., pharmacological and physiological effects of drugs), behavioral, social, and historical perspectives. Topics include drug classification and scheduling, therapeutic effects of drugs, substance abuse prevention and treatment programs.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 579 Cognitive Psychology (3 crs)

Prerequisite: PSYC 271 or consent of instructor.

- *Dual-listed with PSYC 379. Credit may not be earned in both courses.*

Human perception, attention, memory, knowledge, reasoning, and decision-making are examined. Major theories and research methods of the field are presented, and a critical understanding of both established and emerging elements of the discipline is promoted.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 580 Introduction to Behavior Modification (3 crs)

Prerequisite: Enrollment in School Psychology Graduate Program.

- *Dual-listed with PSYC 380. Credit may not be earned in both courses.*

Provides a thorough knowledge of the principles of behavior analysis as applied to human problems, the ethics of their use, and methods for evaluating their effectiveness.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 590 Advanced Applied Behavior Analysis (3 crs)

Prerequisite: PSYC 271 and PSYC 281, with a grade of B or above in PSYC 281, or consent of instructor.

- *Dual-listed with PSYC 390. Credit may not be earned in both courses.*

Students will learn skills needed to plan, implement, and evaluate behavioral interventions in a variety of human services settings. Content will focus on functional assessment, ethics, and primary research in applied behavior analysis.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 612 Experimental Analysis of Behavior (4 crs)

Prerequisite: PSYC 480/680 or concurrent enrollment. Grade of B or above in PSYC 390/590.

- *Dual-listed with PSYC 412. Credit may not be earned in both courses.*

Methods, assumptions, basic principles, and recent developments in the psychology of learning primarily from a behavioral perspective. Survey of laboratory research with humans and animals providing a theoretical framework for describing these behavior-change concepts.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 1

PSYC 625 Applications of Psychology in Educational Settings (3 crs)

- *Dual-listed with PSYC 425. Credit may not be earned in both courses.*

Examination of psychological theories and research related to education, with specific emphasis on the application of learning theories in education.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 632 Advanced Developmental Psychopathology of Childhood and Adolescence (3 crs)

- *Dual-listed with PSYC 432. Credit may not be earned in both courses.*

Introduction to developmental psychopathology for childhood and adolescence. Emphasis is on typical and atypical child development and applied practice in psychology.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 680 Internship in Behavior Analysis (3-6 crs)

Prerequisite: PSYC 390 with a B or better or consent of instructor

Consent: Instructor Consent Required

- *Dual-listed with PSYC 480. Credit may not be earned in both courses.*

Students gain experience implementing interventions based on the methods and principles of behavior analysis to facilitate their preparation for national certification.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

PSYC 681 Internship in Applied Behavior Analysis II (3-6 crs)

Prerequisite: PSYC 480/PSYC 680

Consent: Instructor Consent Required

- Dual-listed with PSYC 481.

The internship is designed to provide experience for students in Applied Behavior Analysis and to prepare them for national certification. Students work in applied settings implementing interventions based on the principles of behavior.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

PSYC 691 Special Topics (1-4 crs)

- Dual-listed with PSYC 491. Graduate standing required.

Intensive study of a topic selected because of a special interest on the part of students or faculty.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

PSYC 692 The Professional Practice of School Psychology: Role, Function, Ethics, and Legal Issues (3 crs)

Consent: Instructor Consent Required

- Dual-listed with PSYC 492. Credit may not be earned in both courses.

The purpose of this course is to introduce students to the practice of school psychology. Topical areas of coverage include the role and function of a psychologist, ethical and legal practice, and critical issues in the field.

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 3

PSYC 725 Counseling I (3 crs)

- Limited to graduate students in the school psychology program.

Introduction to fundamental counseling and consultation techniques.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

PSYC 726 Counseling II (2 crs)

Prerequisite: PSYC 725

- Limited to graduate students in the school psychology program.

Advanced counseling and consultation techniques with emphasis on supervised practice. A continuation of Counseling I to provide training experiences related to individual and group counseling of children with specific problems/crises.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

PSYC 727 Education Specialist Capstone (1-4 crs)

Prerequisite: Student in School Psychology graduate program. Completion of the MSE degree.

- A maximum of three credits of PSYC 727 may count toward degree requirements. Limited to graduate students in the school psychology program.

A description of acceptable topics and the precise nature of the Education Specialist Capstone requirement is provided in the departmental program descriptions.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: PR Only Grade Basis

Lab/Studio Hours: 0

Independent Study Hours: 1-4

PSYC 760 Psychoeducational Assessment I and II (4 crs)

- Students must enroll for two semesters. Limited to graduate students in the school psychology program.

School psychology assessment procedures are studied using theoretical readings and applied practice. Test administration and interpretation, psychometric theory, and oral and written reporting are covered. Emphasis on cognitive, academic, and social/emotional areas.

Attributes: Special Course Fee Required

Repeat: Course may be repeated for a maximum of 8 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

PSYC 761 Practicum in Assessment (2 crs)

Prerequisite: PSYC 760 or enrollment in the school psychology program

- Limited to graduate students in the school psychology program.

Practicum that focuses on building assessment skills through practice assessment experiences and participation in supervised clinical evaluations as a clinical team member.

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Practicum Hours: 2

PSYC 781 School Based Consultation (3 crs)

Prerequisite: PSYC 380/PSYC 580

- Limited to graduate students in the school psychology program.

Approaches to school consultation are studied through practice and theoretical readings. Students complete a case project emphasizing functional assessment and problem solving consultation.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 784 Equitable, Diverse and Inclusive Practices in Schools (1 cr)

Prerequisite: Limited to students in the Education Specialist School Psychology program

Consent: Department Consent Required

- Limited to graduate students in the school psychology program.

Students complete part of their Practicum in a diverse school setting under the supervision of a school psychologist. Students observe and participate in community orientation, professional development in culturally responsive practices, assessment, intervention, and classroom consultation activities. Students engage in readings and discussions.

Repeat: Course may be repeated for a maximum of 2 credits

Grading Basis: No S/U Grade Option

PSYC 785 Practicum: School Psychology (3 crs)

- Student must enroll for two semesters. Six credits required. Limited to graduate students in the school psychology program.

Supervised experiences within school settings. Students develop skills required for delivery of school psychological services. Four professional skill domains are emphasized: (1) assessment; (2) intervention; (3) consultation; and (4) collaboration with educational professionals.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

PSYC 786 Practicum: Clinical Settings (1-3 crs)

- Limited to graduate students in the school psychology program.

Practicum involving supervised casework in a clinical setting. Students perform assessment, consultation, and intervention with clients of the Human Development Center or Psychological Services Center.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

PSYC 787 Internship in School Psychology (3 crs)

- Full-time equivalent. Student must enroll for two semesters. Recommendation for Initial License in School Psychology. Six credits required. Phase 3, Internship Phase of training requires a minimum of 1,200 hours of supervised professional experience in an approved placement setting(s), 600 hours must be completed in the public schools. Application and approval procedures and internship requirements are detailed in the Internship Handbook.

Full school year of supervised internship within the public school setting for the student preparing for School Psychologist certification. Includes full-scale involvement in school psychological services and accompanying seminar.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

PSYC 792 Research and Program Evaluation in School Psychology (3 crs)

- Limited to graduate students in the school psychology program.

Identification of research problems, analysis and synthesis of literature, research methodology, and program evaluation. Students complete research project or thesis proposal.

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Seminar Hours: 3

PSYC 793 Special Topics (1-3 crs)

Content determined by the needs of students and interests of psychology faculty. Presents emerging concepts and methods in psychology.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

PSYC 795 Research Paper (1-2 crs)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

PSYC 796 Evidence-based Intervention in School Psychology (3 crs)

Prerequisite: PSYC 791

- Limited to graduate students in the school psychology program.

This course will expose students to individual and systems-level academic, behavioral, emotional, and social interventions used in school-based settings. All interventions will be discussed within the context of evidence-based practice as well as direct and indirect service delivery.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PSYC 797 Independent Study (1-3 crs)

Consent: Department Consent Required
Individual project under the direction of a faculty member.

Repeat: Course may be repeated
Grading Basis: No S/U Grade Option

PSYC 798 Graduation Only (1 cr)

Repeat: Course may be repeated
Grading Basis: PR Only Grade Basis

PSYC 799 Thesis (1-3 crs)

- A maximum of three credits of PSYC 799 may count toward degree requirements. Full-time equivalent. Limited to graduate students in the school psychology program.

A description of acceptable topics and the precise nature of the thesis requirement is provided in the departmental program descriptions.

Repeat: Course may be repeated for a maximum of 6 credits
Grading Basis: PR Only Grade Basis

Public Health (PH)

PH 100 Personal Health and Wellbeing (3 crs)

Examines multi-dimensional factors that affect health and provides foundational knowledge to promote individual and population health and wellbeing.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

PH 115 Global Health (3 crs)

Explores endemic and emerging health issues affecting global populations. Aims to familiarize students with adverse health outcomes associated with global socio-economic disparities.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R2 Global Perspectives
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

PH 150 Disease Detectives: Epidemics and Data (3 crs)

Prerequisite: MATH 20 or Placement in MATH 104 or above. No credit if taken after ENPH 450.

Introduction to disease outbreak investigation. Epidemiology as a scientific way of thinking using non-intensive mathematics including examples from current events.

Attributes: LE-K1 Natural Sciences, LE-R3 Civic and Environmental Issues
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

PH 225 Introduction to Public Health (3 crs)

- Wellness for one credit. Credit may not be earned in both PH 225 and NRS 225.

Examines population health and disease considering historical and current public health practice. Focus areas include cultural, political, environmental, and socioeconomic influences that increase population vulnerability and risk. Effectiveness of public health interventions is analyzed.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-I1 Integration, LE-R1 Equity, Diversity, and Inclusivity
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

PH 291 Special Topics (3 crs)

Consent: Instructor Consent Required
This course provides students with an opportunity to investigate a specific topic in Public Health. Topics vary from semester to semester.

Repeat: Course may be repeated for a maximum of 6 credits
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

PH 341 Rural Public Health (3 crs)

Prerequisite: PH 541A is available only to students in the Master of Public Health (MPH) Accelerated Program.

- Dual listed with PH 541. PH 541A students must complete additional graduate-level work as specified in the course syllabus.

Influence of rurality on health issues, populations, and public health practice.

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

PH 350 Public Health and Global Change: Challenges and Solutions (3 crs)

Prerequisite: Minimum sophomore standing

Human actions and pollution are destabilizing natural systems including the global climate with consequential impacts on natural and human systems. This class examines the implications of these changes on public health and well-being and seeks solutions to mitigate their root causes while adapting to a changing planet.

Attributes: LE-I1 Integration

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PH 370 US Health Systems and Policy (3 crs)

Examines health and healthcare policy from a public health perspective. Addresses basic concepts associated with the distribution of health and illness in society and the organization of the health care system. Evaluates the roles played by local, state, and federal agencies and non-governmental organizations in the provision of health care and uses public health case studies to understand and critique the effectiveness and fairness of the current system.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PH 395 Directed Studies (1-3 crs)

Prerequisite: Minimum sophomore standing

Consent: Department Consent Required

For the student who wishes to pursue a defined, organized study of a public health topic under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

PH 397 Student Academic Apprenticeship (1-2 crs)

Prerequisite: Limited to public health majors.

Consent: Instructor Consent Required

Experience for qualified students to facilitate teaching and learning in PH courses. Students develop and enhance knowledge in PH and their abilities to communicate that knowledge to other students.

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: S/U Only Grade Basis

PH 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing

Consent: Department Consent Required

Independent study projects under the direction of a faculty mentor.

Repeat: Course may be repeated

PH 420 Public Health Promotion (3 crs)

Principles and strategies to promote health and prevent disease within communities.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PH 450 Epidemiology (3 crs)

Prerequisite: MATH 245 or MATH 246 or PSYC 265

Fundamentals of epidemiology including measures of morbidity and mortality, descriptive epidemiology, and principles of epidemiologic study design. Selected topics related to infectious disease, chronic disease, and environmental epidemiology are included.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PH 459 Preparation for Public Health Practice (1 cr)

Prerequisite: Limited to public health majors. Minimum junior standing.

This seminar is to prepare students to take PH 460 - Public Health Practice.

The focus is on professionalism, leadership skills, identifying strengths, and transitioning from college to graduate school or the working world. The course is required before enrolling in PH 460.

Lab/Studio Hours: 0

Seminar Hours: 1

PH 460 Public Health Practice (2 crs)

Prerequisite: PH 459. Open only to Public Health majors. Minimum junior standing.

This capstone course asks students to integrate previous learning in Public Health to a directed field experience or internship with participation in a community, worksite, or health agency program. Experience is individually arranged to meet student interests and needs.

Attributes: Capstone Course

Grading Basis: S/U Only Grade Basis

PH 486 Public Health Research (3 crs)

Conduct original, team-based research on a public-health related issue.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar: 3

PH 491 Special Topics (3 crs)

Consent: Instructor Consent Required

A variable content course consisting of advanced topics of special interest to students and faculty that are not covered in other public health courses.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PH 495 Directed Studies - Seniors (1-3 crs)

Prerequisite: Minimum senior standing

Consent: Department Consent Required

For the senior who wishes to pursue a defined, organized, and in-depth study of a public health issue or problem under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

PH 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing

Consent: Department Consent Required

An opportunity for senior students to pursue a public health studies topic under the direction of a faculty mentor.

Repeat: Course may be repeated

PH 541A Rural Public Health (3 crs)

Prerequisite: PH 541A is available only to students in the Master of Public Health (MPH) Accelerated Program.

•Dual listed with PH 541. PH 541A students must complete additional graduate-level work as specified in the course syllabus.

Influence of rurality on health issues, populations, and public health practice.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

PH 541 Rural Public Health (3 crs)

Influence of rurality on health issues, populations, and public health practice.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 710A Foundations and Applications of Public Health (3 crs)

Prerequisite: Limited to students accepted into the Master of Public Health Accelerated Plan

•Dual listed with PH 710. This course is part of the Master of Public Health accelerated degree program.

Examines purpose, organization, and functions of public health systems and the factors and determinants affecting population health.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 710 Foundations and Applications of Public Health (3 crs)

Examines purpose, organization, and functions of public health systems and the factors and determinants affecting population health.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 715 Environmental and Occupational Health (3 crs)

This course investigates physical, chemical and biological hazards in food, air, water and soil associated with adverse human health effects. Exposure to hazards among the general population and in occupational settings will be explored. Students will learn approaches to mitigating risk and environmental contamination. The course introduces students to careers in Environmental Occupational Health.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 715A Environmental and Occupational Health (3 crs)

Prerequisite: Limited to students accepted into the Master of Public Health Accelerated Plan.

•Dual listed with PH 715. This course is part of the Master of Public Health accelerated degree program.

This course investigates physical, chemical and biological hazards in food, air, water and soil associated with adverse human health effects. Exposure to hazards among the general population and in occupational settings will be explored. Students will learn approaches to mitigating risk and environmental contamination. The course introduces students to careers in Environmental Occupational Health.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 716A Risk Assessment, Management, and Communication (3 crs)

Prerequisite: Limited to students accepted into the Master of Public Health Accelerated Plan.

- Dual listed with PH 716. This course is part of the Master of Public Health accelerated degree program.

Provides in-depth study of risk assessment, management, and communication tools and applications for solving common environmental health and public health problems.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 716 Risk Assessment, Management, and Communication (3 crs)

Provides in-depth study of risk assessment, management, and communication tools and applications for solving common environmental health and public health problems.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 720A Biostatistics for Population Health (3 crs)

Prerequisite: Limited to students accepted into the Master of Public Health Accelerated Plan.

- Dual listed with PH 720. This course is part of the Master of Public Health accelerated degree program.

Biostatistical concepts and methods used in public and population health sciences. Emphasizes application, interpretation for practice, and statistical literacy.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 720 Biostatistics for Population Health (3 crs)

Biostatistical concepts and methods used in public and population health sciences. Emphasizes application, interpretation for practice, and statistical literacy.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 725 Principles of Epidemiology (3 crs)

Descriptive and analytical epidemiological methods used in public health practice. Emphasizes application, interpretation, and epidemiological literacy.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 725A Principles of Epidemiology (3 crs)

Prerequisite: Limited to students accepted into the Master of Public Health Accelerated Plan.

- Dual listed with PH 725. This course is part of the Master of Public Health accelerated degree program.

Descriptive and analytical epidemiological methods used in public health practice. Emphasizes application, interpretation, and epidemiological literacy.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 727A Field Epidemiology (3 crs)

Prerequisite: Limited to students accepted into the Master of Public Health Accelerated Plan.

- Dual listed with PH 727. This course is part of the Master of Public Health accelerated degree program.

Application of multidisciplinary techniques to investigate and respond to urgent public health problems.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 727 Field Epidemiology (3 crs)

Application of multidisciplinary techniques to investigate and respond to urgent public health problems.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 730 Public Health Policy and Advocacy (3 crs)

Prepares students to identify public health problems, analyze potential policy solutions, and determine advocacy strategies to apply to encourage policy makers to implement the recommended public health policy solution.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 735 Public Health Program Planning (3 crs)

Public health planning frameworks, models, and theories to develop public health interventions and programs.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 740 Public Health Administration (3 crs)

Principles, theories, and practices of public health leadership and management.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 745 Program Evaluation and Research Methodologies (3 crs)

Prerequisite: PH 720 or PH 720A

Program evaluation applies research methodologies to monitor and assess the effectiveness and efficiency of public health interventions and programs, for the purpose of improvement. This course focuses on program logic, evaluation design, and communication of evaluation findings for lay and professional audiences.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 755 Climate Change and Public Health (3 crs)

Examines the causes and impacts of climate change and its implications for public health and well-being. The role of public health practitioners in approaches to climate adaptation and mitigation are considered.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 755A Climate Change and Public Health (3 crs)

Prerequisite: Limited to students accepted into the Master of Public Health Accelerated Plan.

- *Dual listed with PH 755. This course is part of the Master of Public Health accelerated degree program.*

Examines the causes and impacts of climate change and its implications for public health and well-being. The role of public health practitioners in approaches to climate adaptation and mitigation are considered.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 780 Graduate Internship in Public Health (1-6 crs)

Consent: Department Consent Required

- *Consent of MPH Director required for enrollment.*

Supervised field experience in public health with a government, voluntary, professional or industrial/corporate organization.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: S/U Only Grade Basis

PH 786 Applied Research in Public Health (3 crs)

Conduct original, team-based research on a public-health related issue.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: A-F Grades Only

PH 790 Applied Public Health Practice (3 crs)

Demonstrate MPH competency attainment through an applied public health project.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 791 MPH Capstone (3 crs)

Consent: Instructor Consent Required

Integrative learning experience. Synthesizes and integrates MPH competencies.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Grading Basis: A-F Grades Only

PH 793 Special Topics in Public Health (1-3 crs)

Current and emerging public health issues and practices.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: A-F Grades Only

PH 797 Independent Study (1-3 crs)

Consent: Instructor Consent Required

Individual project in public health.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

PH 799 Thesis (1-6 crs)

Consent: Instructor Consent Required

- *Full-time equivalent.*

Students will work one-on-one with faculty on a specific public-health research topic and prepare a thesis on the topic.

Attributes: MPH Flat Rate Tuition, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: PR Only Grade Basis

Religious Studies (RELS)

RELS 100 Introduction to the Religions of the World (3 crs)

Basic teachings of the world's major religions including tribal traditions, Western religions (Judaism, Christianity, and Islam), Indian religions (Hinduism and Buddhism), and Far Eastern religions (Confucianism, Taoism, and Shinto).

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 110 Basic Issues in Religion (3 crs)

A study of the meaning of religion, the nature of religious thought, and an examination of such issues as God, salvation, evil, and selected topics in the relation between religion and the secular world.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 203 Women and World Religions (3 crs)

• *Credit may not be earned in both RELS 203 and WGSS 203. No credit if taken after ANTH 354 or RELS 354.*

Survey of women's religious lives. Impact of patriarchy is examined and compared to matrilineal societies. Feminist reading of religious texts is explored.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 210 Religion and Morality (3 crs)

Relations between religious meanings and moral values among majority and minority religions of Eastern and Western cultures.

Attributes: CP Civics Perspectives, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 230 Old Testament/Hebrew Bible (3 crs)

Scriptural heritage from ancient Israel which has profoundly influenced Western civilization; the resources of recent Biblical studies are utilized.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 240 New Testament (3 crs)

A unified study of the New Testament from historical, theological, and literary perspectives. Contributions of recent Biblical scholarship included.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 290 Sacred Earth: Religion and Nature (3 crs)

Sacred Earth explores the historical, cultural, religious, and spiritual concerns of humanity's relationship with "Nature" and environments, converging varieties or cultural expressions of the "sacred earth" in religious traditions, contemporary society, environmentalism, and science.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 291 Special Topics (1-3 crs)

Topics, issues, literature, or movements not typically covered in regular religious study courses and of special interest to students and faculty.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 303 Early Christianity (3 crs)

Principal ideas, movements, and persons in the development of Christianity from the New Testament Church to the Reformation.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 304 Modern Christianity (3 crs)

Principal ideas, movements, and persons in the development of Christianity from the Reformation to the twenty-first century.

Attributes: CP Civics Perspectives, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 307 Judaism (3 crs)

Judaism from its earliest times to the twenty-first century, including its history, literature, and lifestyles.

Attributes: HA Humanities Arts, LE-K3 Humanities, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 308 Ethical, Social, and Gender Issues in Judaism (3 crs)

The course will concentrate on the social, ethical, and gender challenges posed to Judaism and the range of Jewish responses on topics such as the role of gender as religious feminism, ordination of women as rabbis and cantors, same-sex marriage, divorce refusal, abortion, organ donation and transplantation.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 309 Islam (3 crs)

Introduction to the main elements of Islam, through study of its history, the role of Muhammad, the Qur'an, basic beliefs and observances, the dynamics of the movement, and its current world status and influence.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 312 Buddhism: Past and Present (3 crs)

Study of central teachings, practices, and institutions of major sects of Buddhism, both past and present. Emphasis on development of Buddhist thought in India and on Buddhism as practiced by several contemporary forms of Buddhism.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 314 Hinduism (3 crs)

A survey of aspects of Hinduism utilizing secondary and primary sources. The Upanishads, Yoga, Tantrism, village and temple Hinduism. Emphasis on philosophical developments and lifestyles.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 315 Psychology of Religion (3 crs)

An examination of the human experience, using languages of psychology and religion to understand what religion means.

Attributes: LE-I1 Integration

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 323 Chinese and Japanese Religions (3 crs)

Examines the formative religions of China and Japan, including Chinese and Japanese folk religions, the Religion of the I Ching (Yin/Yang), Confucianism, Taoism, Neo-Confucianism, and Shinto.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 326 Asian Religious Philosophies (3 crs)

Prerequisite: One course in religious studies, one course in philosophy, or consent of instructor.

Philosophical approaches to major religious traditions of India, China, and Japan. Included will be Hindu, Buddhist, Yin-Yang, Taoist, and Neo-Confucian thinkers. The course will conclude with a consideration of the Kyoto School's attempted synthesis of Western and Eastern thought.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 330 Indigenous Religions of the Americas (3 crs)

Prerequisite: One course in RELS, PHIL, AIS, LAS, or consent of instructor.

• *Credit may not be earned in both RELS 330 and AIS 330.*

This course will introduce indigenous religions in the cultural contexts of Latin America and North American Indian nations. It will study historical religious development from Pre-Columbian, through colonial experience, to present day cultural movements.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 334 Music in Judaism, Christianity and Islam (3 crs)

Prerequisite: One course in religious studies.

• *No credit if taken after IDIS 354 when offered as Music of Devotion.*

This course addresses music in Judaism, Christianity, and Islam. A variety of traditional and contemporary musical styles will be considered, with emphasis on how these styles have shaped Jewish, Christian, and Muslim devotion.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 342 African American Religion (3 crs)

Lecture/Discussion Hours: 3 An examination of African American religion in the past and present. In addition to a substantial focus on the Christian tradition, significant attention is given to other perspectives including Vodou and the Nation of Islam.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lab/Studio Hours: 0

RELS 345 Philosophy of Religion (3 crs)

Prerequisite: One course in philosophy or consent of instructor or RELS 210, RELS 315, RELS 350, RELS 470; or RELS 353/WMNS 353; or RELS 450/PHIL 450.
 • *Credit may not be earned in both PHIL 345 and RELS 345.*

Critical study of the subject of religion, including the nature, grounds, and limits of religious claims.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 348 Religious Themes in Literature (3 crs)

An exploration of religious beliefs and practices of diverse people through literature. A portion of the course will focus on works of African American, Native American, Hispanic American, and Southeast Asian American authors.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 378 The Holocaust, 1933-1945 (3 crs)

The destruction by the Nazis of Jewish life in Europe, with reference to its sociological and political dimensions.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 390 Religion in America (3 crs)

Prerequisite: One course in Religious Studies

America's many religious traditions from the colonial period to the present, emphasizing diversity of religious expressions, development and transformation on American soil, commonalities and conflicts, and challenges to a pluralistic United States.

Attributes: HA Humanities Arts, LE-K3 Humanities

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 395 Directed Studies (1-3 crs)

Prerequisite: Minimum sophomore standing.

Consent: Department Consent Required

Study of a particular problem or special area in the field of comparative religion studies.

Repeat: Course may be repeated

RELS 396 Research Apprenticeship in Religious Studies (1-3 crs)

Prerequisite: One course in religious studies

Consent: Department Consent Required

Qualified students, recruited and closely supervised by an instructor, engage in a research project with the faculty member.

Repeat: Course may be repeated for a maximum of 3 credits

RELS 397 Student Academic Apprenticeship in Religious Studies (1-3 crs)

Prerequisite: One course in religious studies

Consent: Department Consent Required

Qualified students, selected and supervised by an instructor, assist teaching and learning in a course within the department while working closely with a faculty member.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: S/U Only Grade Basis

RELS 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

RELS 490 Seminar in Religious Studies (3 crs)

Prerequisite: Limited to religious studies majors and minors. Minimum junior standing, or consent of instructor.

The content of the seminar is determined by the department in designating the instructor.

Attributes: LE-S3 Creativity

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 491 Special Topics (1-3 crs)

Prerequisite: Minimum sophomore standing.

• *May be repeated if topics differ with permission of adviser or department chair.*

Content will be determined by initiative of students and department, such as topics in comparative religions, scriptural research, historical and systematic theology, sects, and movements.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 498 Internship in Religious Studies (1-3 crs)

Prerequisite: Limited to religious studies majors and minors.

Consent: Department Consent Required

Assignment in an area of religious studies emphasizing practical experience in the technical or professional aspects of the discipline. Interns will work closely with a professional in the field.

Attributes: Service-Learning Optional Half, Internship

Repeat: Course may be repeated for a maximum of 3 credits

RELS 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

RELS 507 Judaism (3 crs)

• Dual-listed with RELS 307. Credit may not be earned in both courses.

Judaism from its earliest times to the twenty-first century, including its history, literature, and lifestyles.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

RELS 797 Independent Study (1-3 crs)

Individual project under the direction of a faculty member.

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: No S/U Grade Option

Russian (RUSS)

RUSS 101 Beginning Russian I (4 crs)

A foundation in spoken and written Russian, listening and reading comprehension, grammatical usage, and cultural backgrounds.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

RUSS 102 Beginning Russian II (4 crs)

Prerequisite: RUSS 101

Continuation of Russian 101.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

Social Work (SW)

SW 100 Introduction to Social Work (3 crs)

Introduces institutions, values, political perspectives influencing and structuring the well-being of people.

Attributes: CP Civics Perspectives, LE-I1 Integration, LE-R2 Global Perspectives

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 220 Interpersonal Skills (3 crs)

Prerequisite: SW 100 with C or higher. Declared social work major.

Knowledge about self and interaction with others. Impact of culture on communications. Development of sensitivity to cultural diversity. Integration of knowledge, values, ethics, and skills with a professional sense of self.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 290 Human Rights and Global Justice (3 crs)

Prerequisite: SW 100 with grade C or higher

This course provides a basic understanding of universal human rights and global justice. Social issues will be explored from a variety of perspectives, and field visits to local agencies/programs are required.

Attributes: LE-CEL Community-Engaged Learning, LE-R2 Global Perspectives,

LE-R3 Civic and Environmental Issues, Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

SW 291 Special Topics (1-3 crs)

Issues of current interest in the field of social work.

SW 309 Community-Based Corrections (3 crs)

Social work in prevention and treatment of crime and justice involvement.

Traditional and emerging community-based programs considered.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 315 Aging and the Aged (3 crs)

The process of aging, its problems, effects on society, needs of the aged, and social services to the aged.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 320 Generalist Social Work Practice with Individuals (3 crs)

Prerequisite: SW 290 with a grade C or higher. SW 335 with grade C or higher.
Admission to social work program required. Credit cannot be earned in both SW 320 and SW 394.

Consent: Department Consent Required

Introduction to basic theories and methods of social work practice. Applied laboratory dimension focuses on professional communication skills with individuals (interviewing and writing). Linkages made to practice with families, groups, and communities.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

SW 323 Methods of Social Work Research (3 crs)

Prerequisite: Admission to social work program required.

Critical reading, evaluation of practice, and conducting basic social work research.

Attributes: LE-S3 Creativity

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 335 Human Behavior and the Social Environment (3 crs)

Prerequisite: SW 100 with grade C or higher. SW 220 with grade C or higher.
Declared social work major.

Interactions between persons and their social environments. Impact of functioning of communities, groups, families, and individuals on each other. Emphasis on dynamics of discrimination and oppression, and effects of race and racism, poverty, gender, sexual orientation.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 360 Death and Bereavement (3 crs)

Prerequisite: SOC 101 or PSYC 100 or consent of instructor. Minimum sophomore standing.

Through the study of current theory and research, this interdisciplinary course is designed to facilitate student understanding of death and bereavement from a lifespan, family, and cultural perspective.

Attributes: Undergraduate/Graduate Offering, Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 377 Self-Care in the Helping Professions (3 crs)

This class is focused on self-care, or the activities and practices that one can engage in on a regular basis to reduce stress, maintain well-being, and prevent professional burnout. During this class, students will examine the knowledge base related to self-care, develop skills in specific self-care practices, and develop sustainable self-care plans for use as professionals.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 383 Social Welfare Policies and Programs (3 crs)

Prerequisite: Admission to social work program required.

Structure and content of social welfare policies; models of policy analysis; policy development; ethics. Emphasis on oppression, discrimination, and the social values of adequacy, equity, and social and economic justice, especially for oppressed and at-risk populations.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 385 Child Welfare (3 crs)

Service systems for dependent, neglected, abused, or justice involved youth.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 389 Understanding Trauma (3 crs)

This course is focused on the concept of trauma, the impact of trauma on the well-being of individuals, and how to engage with others in a trauma-informed manner. The course is designed to enhance the knowledge and skills of individuals who plan to work in health, human service, or educational settings.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 394 Introduction to Counseling Skills for Helping Professions (3 crs)

Prerequisite: Credit cannot be earned in both SW 320 and SW 394.

The purpose of this course is to provide students with an understanding of basic counseling skills used within a range of human service professions. Students will become familiar with the steps in the helping process and the importance of culturally informed and trauma informed practices in human service professions.

Attributes: CL Communication Literacy, LE-I1 Integration, LE-S1 Written and Oral Communication

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

- A maximum of nine credits earned in Directed Studies, Independent Studies and Instructional Assistant may count toward the major.

Social work study approved by supervising instructor and department chair.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No Auditors

SW 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Limited to social work majors. Minimum resident and total GPA of 3.00.

Consent: Department Consent Required

- A maximum of nine credits earned in Directed Studies, Independent Studies and Instructional Assistant may count toward the major.

Intensive study culminating in a paper suitable for publication.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No Auditors

SW 402 Instructional Assistant in Social Work (1-3 crs)

Prerequisite: GPA of 2.0 or higher in SW prefix courses

Consent: Department Consent Required

Qualified students, selected and supervised by faculty members, facilitate teaching and learning in a specific course. Instructional assistants enhance their knowledge of social work, and their ability to communicate that knowledge and facilitate group process.

Repeat: Course may be repeated for a maximum of 6 credits

SW 405 Culturally Competent SW Practice (3 crs)

Prerequisite: SW 320 with a grade of C or higher. Admission to social work program required.

Understanding different minority groups of color with special focus on social services, programs, and ethnic-sensitive practice issues.

Attributes: Undergraduate/Graduate Offering, Field Trip(s) Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 465 Advanced Research Seminar (1-3 crs)

Consent: Department Consent Required

- All students will attend an in-person class once per week. Additional small group or one-to-one meetings may be scheduled as needed.

Explore evidence-based research practices and principles by engaging in original research projects in collaboration with the instructor and community and university partners. Students will gain skills in designing and conducting studies, with an emphasis on Community-Based Participatory Research (CBPR) and Participatory Action Research (PAR) frameworks.

Repeat: Course may be repeated for a maximum of 6 credits

SW 471 Generalist Social Work Practice with Families/Groups (3 crs)

Prerequisite: SW 320 with grade C or higher. Admission to social work program required.

Knowledge, skills, values, and ethics related to social work practice with diverse, oppressed, and at-risk families and treatment groups. Applied laboratory dimension focuses on professional communication and assessment skills with families and groups.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

SW 472 Generalist Social Work Practice with Communities/Organizations (3 crs)

Prerequisite: SW 383 with grade of C or higher. Admission to social work program required.

Knowledge, skills, values, and ethics related to social work practice in task groups, communities, organizations, and society. Emphasis on diversity, social and economic justice, and empowerment, especially for oppressed and at-risk groups, organizations, and communities.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 480 Title IV-E Child Welfare Training Fellowship Seminar (3 crs)

Consent: Department Consent Required

- This course is only for students accepted into the Title IV-E Child Welfare Training Fellowship grant program.

Two semester seminar for students accepted into the Title IV-E Child Welfare Training Fellowship. This course provides specialized training for individuals pursuing a career in public child welfare in the state of Wisconsin, in alignment with state specific policies, standards, and best-practices.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 3

SW 481 Social Work Internship (6-12 crs)

Consent: Department Consent Required

- *Course may be taken for 6 to 12 credits. Six credit sections must be sequential. Acceptance as specified under criteria for admission into the internship (see internship admission requirements), criminal background check required. Transportation required at some placements.*

Placement in social welfare agency for professional social work practice experience for one or two semesters. This course is the capstone experience wherein students integrate and apply learning to the work setting.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, Internship

Repeat: Course may be repeated for a maximum of 12 credits

Grading Basis: A-F Grades Only

SW 482 Social Work Internship - International (12 crs)

Consent: Department Consent Required

- *Acceptance as specified under criteria for admission into the internship (see internship admission requirements), criminal background check required. Transportation to the internship site arranged by the student.*

Placement in an international social welfare agency for professional social work practice experience for one semester. This course is the capstone experience where students integrate and apply learning to the work setting.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, Capstone Course, Internship, Special Course Fee Required

Grading Basis: A-F Grades Only

SW 490 Mental Health and Substance Use (3 crs)

This course will provide basic knowledge and skills necessary to practice effective generalist social work practice for those with mental health concerns and substance use.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 491 Special Topics (1-3 crs)

Selected social work issues of current interest that affect practice.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

SW 492 Advanced Child Welfare (3 crs)

Prerequisite: SW 385 with grade of C or higher.

An exploration of issues in our society that impact the welfare of children in the context of social justice and disproportionality. Particular attention will be paid to providing students with the knowledge of types of services available to dependent, neglected, abused, and justice involved youth.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SW 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Limited to social work majors. Minimum resident and total GPA of 3.00.

Consent: Department Consent Required

- *A maximum of nine credits earned in Directed Studies, Independent Studies and Instructional Assistant may count toward the major.*

Intensive study culminating in a paper suitable for publication.

Repeat: Course may be repeated for a maximum of 6 credits

Sociology (SOC)

SOC 101 Introduction to Sociology (3 crs)

Introduces students to sociological perspectives of human social behavior, social structures, interaction, socialization, culture, institutions, and social change.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 164 Family and Intimate Relationships (3 crs)

- *Credit may not be earned in both SOC 164 and WMNS 164.*

An introduction to dating, cohabitation, family formation, and marriage. Addresses the family as a social institution as well as changes in families. Attention to current issues in relationships and families.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 202 Sociology of Gender (3 crs)

- *Credit may not be earned in both SOC 202 and WGSS 202.*

Explores sexism and cisgender privilege in social institutions in the U.S. and globally using a social constructionist and intersectional approach.

Attributes: CP Civics Perspectives, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 230 Health and Society (3 crs)

An exploration and examination of health in society, with a focus on social factors that affect health and illness. Topics addressed will include the social conceptualization of health, health behaviors, illness behaviors, social causes of health and illness, health care providers, health care institutions, health care reform, health and illness interventions, planning and evaluating interventions.

Attributes: CP Civics Perspectives, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 242 Contemporary Social Problems (3 crs)

Sociological perspectives are applied to the identification, analysis, explanations, and solutions to social problems of contemporary American society.

Attributes: CP Civics Perspectives, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 248 Sociology of Mental Illness (3 crs)

- *No credit if taken previously under SOC 291 when offered as Institutional Responses to Mental Illness*

Examines ways that major social institutions in the U.S. address mental illness. Institutions covered in detail include education, healthcare, and criminal justice; family, government, media, and the labor market are also examined. The course will touch on sensitive issues such as self-harm, suicide ideation/suicide, seclusion/restraint, and abuse.

Attributes: CP Civics Perspectives, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 262 AI, Digital Media, and Society (3 crs)

Examines artificial intelligence, digital media, and how communication technologies are embedded in other social systems. Students learn and apply theories of technology and society, focusing on how communication technologies work in interpersonal relationships, self-development, the economy, politics, education, arts and creativity, environment, and health.

Attributes: CP Civics Perspectives, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 264 Social Gerontology (3 crs)

Focuses on the social aspects of aging. Examines research and theories in the field, social structural influences on the aging process, and the social experiences and relationships of older people.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 291 Special Topics--Issues in Sociology (3 crs)

- *A sum total of nine credits of SOC 291 and SOC 491 may be counted toward the major and six credits toward the minor. Topic must differ to repeat.*

A close examination of a topic selected because of special interest on the part of students or faculty. Sample topics include: Sociology of Sport, Environmental Sociology, and Sociology of Youth.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 301 Environmental Sociology (3 crs)

Prerequisite: SOC 101

- *No credit if taken after SOC 491 when offered as Environmental Sociology.*

The course reviews sociological theories that explain environmental changes; it concentrates on sociological causes, consequences, and responses to such environmental challenges as climate change, ozone depletion, acid rain, land-air-water pollution, deforestation, desertification, and interstate and intrastate conflicts.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 310 Principles of Demography (3 crs)

Size, composition, and spatial distribution of human populations; changes resulting from demographic and other social processes; consequences for human welfare, implications for population policies.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 312 Race and Ethnicity in the U.S. (3 crs)

Prerequisite: SOC 101

Causes and consequences of prejudice, racism, and discrimination. Examination of minority status of African Americans, Native Americans, Hispanic Americans, and Asian Americans. Contrast to European ancestry groups.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 314 Social Class and Inequality (3 crs)

Prerequisite: SOC 101

Examination of the extent, causes, impact, and theoretical explanations for social inequality with an emphasis on social class; includes examinations of power relations, social mobility, poverty, race, and gender.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 316 Sociology of Family (3 crs)

Prerequisite: SOC 101.

• *Credit may not be earned in both SOC 316 and WMNS 316.*

Examines research and theory on families in the U.S. Emphasis on variations in families, recent changes, and prospects for the future.

Attributes: CP Civics Perspectives, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 317 Sociology of Food and Agriculture (3 crs)

Prerequisite: SOC 101

The prevalent industrial food and agricultural systems have caused massive ecological transformations, which in turn have imperiled the sustainability of food and agricultural systems. This dysfunction is the result of an unsustainable relationship between ecosystems and social systems, which need to be understood, and replaced with sustainable alternatives. This course is an attempt to help young scholars become food-smart and agriculture-wise.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 321 The Individual in Society (3 crs)

Prerequisite: SOC 101

Ethnomethodological, symbolic interactionist, and other microsociological approaches to the social psychological study of the individual in interaction and society. Topics covered include identity, reasoning, emotion, gender differences, and face-to-face interaction.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 324 Youth, Law and Society (3 crs)

Prerequisite: SOC 101

Examines sociological research and theories on youth in the United States. An emphasis on the legal structures that impact youth's experiences in institutions such as education, the criminal justice system, health care, and the labor market.

Attributes: CP Civics Perspectives, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 330 Sociological Theory (3 crs)

Prerequisite: SOC 101. Limited to sociology majors and minors.

Part I of the theory-methods-data analysis sequence. Reviews sociological theory from classical through contemporary times. Examples of modern research are used to serve as a foundation for student work developing theoretically grounded research questions.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 332 Sociological Research Methods (4 crs)

Prerequisite: SOC 330. Limited to sociology majors and minors.

Part II of theory-methods-data analysis sequence. Covers principles, techniques, and practice of scientific research, with emphasis on quantitative survey methods.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 2

SOC 334 Sociological Data Analysis (3 crs)

Prerequisite: SOC 101 and SOC 332. Limited to sociology majors and minors.

Part III of the theory-methods-data analysis sequence. Attention to statistical description, statistical inference, graphic presentation, and interpretation of results. Use of basic SPSS skills for analyzing sociological data. Covers univariate, bivariate, and multivariate analysis.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 351 Sociology of Deviance (3 crs)

Prerequisite: SOC 101

Sociological perspectives are used to enhance the understanding of deviance as human behavior in the social context. The causes and consequences of the various forms of deviance are examined. Social action programs to control, manage and prevent deviance are presented, analyzed, and evaluated.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 360 Sociology of Culture (3 crs)

Prerequisite: SOC 101

Analysis of the symbolic dimension of social life, focusing on the arts, music, media, language, religion, cognition, subcultures, and inequality.

Attributes: LE-I1 Integration

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 366 Society in Contemporary China (3 crs)

Prerequisite: SOC 101

This course provides an in-depth perspective on contemporary Chinese society including its governmental hierarchy, modernization drive, regionalism and social issues, as well as the social context in terms of history, culture, religion, and ecological and demographic constraints.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 395 Directed Studies (1-3 crs)

Prerequisite: Six credits in sociology. Minimum resident GPA of 2.50.

Consent: Department Consent Required

Directed study of a sociological problem approved by the supervising instructor and department chair.

Repeat: Course may be repeated

SOC 399 Independent Study - Juniors (1-3 crs)

Consent: Department Consent Required

An intensive study of a sociological topic resulting in a quality paper or report.

Repeat: Course may be repeated

SOC 405 Sociology of Work and Occupations (3 crs)

Prerequisite: SOC 101. Credit may not be earned in both SOC 385 and SOC 405.

The course will provide an in-depth look at the nature of work and occupations including the general history of work, the basic types of work and structure of occupations, current employment trends, issues of inequality and work, problems of work/life balance, and policy issues associated with work.

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 3

SOC 410 Sociology of Education (3 crs)

Prerequisite: SOC 101

Education as a social process and institution. Examines key theoretical and research contributions, social inequality, and public policy.

Grading Basis: No Auditors

Lab/Studio Hours: 0

Seminar Hours: 3

SOC 415 Social Movements (3 crs)

Prerequisite: SOC 101. No credit if taken after SOC 491 with the same topic.

The course examines past and contemporary efforts by people to bring about or resist social change. Topics include the origins of social movements, their members, resources, and tactics, and causes of success or failure.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 419 Gender and Power (3 crs)

Prerequisite: SOC 101 or WGSS 100

• *Credit may not be earned in both SOC 419 and WGSS 419.*

Sociological analysis of gender oppression and cisgender privilege in interactions, organizations, and institutions. Examines national and global gender inequities.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 490 Sociology Capstone (3 crs)

Prerequisite: SOC 332. Limited to sociology majors. Minimum of 18 credits of sociology.

This course enables majors to integrate the skills and knowledge obtained through the major and their coursework. Students synthesize basic research and applied components of the discipline.

Attributes: LE-I1 Integration, Capstone Course

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 491 Special Topics (3 crs)

Prerequisite: SOC 101. Minimum junior standing.

• *A sum total of nine credits of SOC 291 and SOC 491 may be counted toward the major and six credits toward the minor.*

Intensive study of a topic selected because of special interest on the part of students or faculty. Topics include: Gender and Work, Medical Sociology, Marital Adjustment, and Divorce.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 492 Honors Seminar in Sociology (1 cr)

Prerequisite: Limited to sociology majors. Resident, total, and departmental GPAs of 3.50 or higher, and acceptance of student into Honors Program.

Consent: Department Consent Required

Design and reports of in-depth original study of selected sociological problems by students in Honors Program.

Repeat: Course may be repeated

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SOC 496 Research Apprenticeship in Sociology (1-3 crs)

Prerequisite: 3.00 GPA in sociology courses with a minimum of six credits.

Consent: Instructor Consent Required

Qualified students, supervised by faculty, engage in collaborative research with faculty. Research apprenticeship activities may include interviews, observations, and questionnaire construction; variable measurement; data collection, coding, analysis; secondary data analysis; interpretation of data.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

SOC 497 Student Academic Apprenticeship in Sociology (1-3 crs)

Prerequisite: Minimum of 15 credits in sociology; 3.00 GPA in SOC courses; completion of the course (or equivalent) in which assisting with a minimum of a B+.

Consent: Instructor Consent Required

Qualified students, supervised by faculty, facilitate teaching and learning in a specific course or courses. Teaching apprenticeship activities may include holding discussion/review sessions; class presentations; tutoring individual students; answering student questions.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

SOC 498 Sociology Internship (1-6 crs)

Prerequisite: 12 credits in sociology. Formal application with the instructor and department chair must be completed before registering for the course.

Consent: Department Consent Required

A field experience course which integrates principles of sociology with work in an organization. Joint supervision by instructor and field representative.

Attributes: Service-Learning, Full 30 Hours, Internship

Repeat: Course may be repeated for a maximum of 6 credits

SOC 499 Independent Study - Seniors (1-3 crs)

Consent: Department Consent Required

An intensive study of a sociological topic resulting in a quality paper or report.

Repeat: Course may be repeated

SOC 514 Social Class and Inequality (3 crs)

Prerequisite: SOC 101

Consent: Department Consent Required

- *Dual-listed with SOC 314. Credit may not be earned in both courses.*

Examination of the extent, causes, impact, and theoretical explanations for social inequality with an emphasis on social class; includes examinations of power relations, social mobility, poverty, race, and gender.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 791 Current Topics in Sociology (3 crs)

Prerequisite: SOC 101

Consent: Department Consent Required

Areas of contemporary concern to faculty which develop general social understanding and enrich the lives of professionals, graduate students, and other interested adult members of the community.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SOC 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

SOC 798 Graduation Only (1 cr)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

Spanish (SPAN)

SPAN 101 Beginning Spanish I (4 crs)

Prerequisite: Spanish Placement Exam required or department consent.

- *Students without Spanish language background may contact the Languages Department for permission to enroll.*

A foundation in spoken and written Spanish, listening and reading comprehension, grammatical usage, and cultural backgrounds.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

SPAN 102 Beginning Spanish II (4 crs)

Prerequisite: SPAN 101 or suitable placement score on Spanish Placement Exam.

Continuation of Spanish 101.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

SPAN 201 Intermediate Spanish I (4 crs)

Prerequisite: SPAN 102 or suitable placement score on Spanish Placement Exam. Credit may not be earned in both SPAN 201 and SPAN 231. Review of Spanish grammar and vocabulary, with focus on the development of reading, writing, speaking, and listening skills. Students gain an understanding of the cultures of the Spanish-speaking world through a variety of topics.

Attributes: CL Communication Literacy, LE-R2 Global Perspectives

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

SPAN 202 Intermediate Spanish II (4 crs)

Prerequisite: SPAN 201 or SPAN 231 or suitable placement score on Spanish Placement Exam. Credit may not be earned in both SPAN 202 and SPAN 232. Continuation of Spanish 201.

Attributes: CL Communication Literacy, LE-R2 Global Perspectives

Lecture/Discussion Hours: 4

Lab/Studio Hours: 1

SPAN 301 Conversation and Composition I (4 crs)

Prerequisite: SPAN 202 or SPAN 232.

Conversation, reading and composition practice with an emphasis on the grammar, structure, and vocabulary of descriptive, argumentative, and narrative communication forms.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

SPAN 302 Conversation and Composition II (3 crs)

Prerequisite: SPAN 301

Conversation, reading and composition practice on current topics as present in Spanish written, broadcast, and internet media.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 325 Phonetics and Pronunciation (3 crs)

Prerequisite: SPAN 301

Theory of the Spanish sound system and intensive practice of Spanish pronunciation and intonation.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

SPAN 340 Spanish for Business (3 crs)

Prerequisite: SPAN 301 or consent of instructor.

Introduction to the Spanish business environment, including grammar review and specialized vocabulary. Taught entirely in Spanish.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 350 Cultural Expressions in the Spanish-Speaking World (3 crs)

Prerequisite: SPAN 301 or consent of instructor.

• *Course content may vary according to instructor's expertise area.*

This interdisciplinary course explores the diversity of mediums through which people in the Spanish-speaking world express ideas and create meaning. Mediums may include oral "testimonios," music, podcasts, blogs, poetry, two- and three-dimensional arts, film, performance art, social media, and more. The subject, geographic focus, and historical period discussed in the course may vary by semester.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 352 Latin American Civilization (3 crs)

Prerequisite: SPAN 302 or consent of instructor. No credit if taken after LAS 354, SPAN 351 or SPAN 354.

• *Credit may not be earned in both SPAN 352 and LAS 352.*

Introduction to the historical background necessary for comprehending contemporary Latin America. Analysis of current social, political, and economic issues, with consideration of influential personalities in present-day Latin American society.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 354 Latin American Civilization: Regional Focus (3 crs)

Prerequisite: SPAN 302 or consent of instructor. No credit after LAS 352, SPAN 351, 352

• *Credit may not be earned in both SPAN 354 and LAS 354. To be taught only in a study abroad program in Latin America. Restricted to semester-long regional civilization courses.*

Introduction to the historical background necessary for comprehending contemporary Latin America through a regional focus. Analysis of current social, political, and economic issues, with consideration of influential personalities in a region of present-day Latin American society.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 355 Spanish Civilization to 1900 (3 crs)

Prerequisite: SPAN 302 or consent of instructor.

A study of the country and its peoples from the cave paintings of Altamira to the Spanish American War. Emphasis on geography, history, religion, and the arts.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 356 Contemporary Spain (3 crs)

Prerequisite: SPAN 302 or consent of instructor.

Spanish history and civilization from Alfonso XIII through the Civil War and Franco years to democracy. Emphasis on life in contemporary Spain and Spain's role in the world.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 360 Survey of Hispanic Linguistics (3 crs)

Prerequisite: SPAN 302 and SPAN 325 or SPAN 326 or consent of instructor.

This course explores the structure of the Spanish language. Specific offerings examine one or more areas of linguistic research about the Spanish language.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 363 Survey of Spanish Peninsular Literature (3 crs)

Prerequisite: SPAN 302

Reading, literary analysis, and discussion of works of Spanish Peninsular Literature, organized by genres (prose, poetry, theatre). Designed as introduction for advanced literature courses.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 367 Survey of Latin American Literature (3 crs)

Prerequisite: SPAN 302 or consent of instructor.

• *Credit may not be earned in both SPAN 367 and LAS 367.*

Study and literary analysis of the work of the principal writers of Latin American Literature from indigenous to contemporary literature.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 385 Spanish Literature from Unamuno to Garcia Lorca (3 crs)

Prerequisite: SPAN 363 or SPAN 367/LAS 367, or consent of instructor.

Peninsular Spanish literature beginning with the generation of 1898 and including writers up to and through the Spanish Civil War of 1936-39.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 386 Contemporary Spanish Literature (3 crs)

Prerequisite: SPAN 363, or SPAN 367/LAS 367, or consent of instructor.

Continuation of Spanish 385. Spanish writers since 1940.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 395 Directed Studies (1-3 crs)

Consent: Department Consent Required

Study of a problem or special area in the culture, language, or literature of the Spanish-speaking world, approved by the supervising instructor and the department chair.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

SPAN 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

SPAN 405 Advanced Conversation (3 crs)

Prerequisite: SPAN 355 or 356 or 363 or SPAN/LAS 352 or SPAN/LAS 367

Intensive practice in Spanish conversation to promote fluency and correctness.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 409 The Craft of Translation (3 crs)

Prerequisite: SPAN 302

A practical course designed to show that each language is more than the sum of its words. Intensive practice of translation from and into both Spanish and English. Some reading on translation techniques and practices.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 410 Advanced Grammar (3 crs)

Prerequisite: SPAN 302

Advanced study of vocabulary, idioms, and grammar based on selected model written texts.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 418 Spanish Sociolinguistics in the United States/Latin America (3 crs)

Prerequisite: SPAN 325

- *Credit may not be earned in both SPAN 418 and LAS 418.*

Study of the Spanish language variation and dialects of the United States, the second largest Spanish speaking country in the world. This course includes reading, and analysis of linguistic topics such as Spanish-English dialectal contact, bilingualism, identities, and the influence of Spanish in today's United States' English. Students will learn about an array of historical dialects from 18th century Louisiana Isleño Spanish to new modern-day Chicago's Mexican Spanish.

Lab/Studio Hours: 0

Seminar Hours: 3

SPAN 420 Spanish for Health Professions (3 crs)

Prerequisite: SPAN 302

Discussions related to health care organizations in the Spanish speaking countries, and practice of specialized medical terminology. Techniques and problems of interpretation from Spanish to English and vice versa: meaning, use, and theories.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 430 Topics in Spanish and Health (3 crs)

Prerequisite: SPAN 302

- *See current Class Schedule for specific topic. May not repeat the same topic.*

Course on rotating topics at the intersection of Spanish and health, as related to Spanish speaking populations in the United States, Spain, and Latin America.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 440 Spanish Business Writing (3 crs)

Prerequisite: SPAN 302

The goal of the course is to prepare students for business writing according to the guidelines and usage of correspondence in Spanish.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 475 Topics in Latin American Literature (3 crs)

Prerequisite: SPAN 363 or LAS 367/SPAN 367 or consent of instructor.

- *Credit may not be earned in both LAS/SPAN 475.*

In-depth study of a particular area in Latin American literature.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 478 Latin American Modernismo (3 crs)

Prerequisite: SPAN 363 or SPAN 367/LAS 367, or consent of instructor.

- *Credit may not be earned in both SPAN 478 and LAS 478. No credit if take after SPAN 475/675/LAS 475/675 when offered as El Modernismo.*

A study of the late 19th century Latin American modernismo movement and its context. The course may focus on a major author, genre, or theme.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 480 Latin American Literature and Film (3 crs)

Prerequisite: SPAN 363 or SPAN 367/LAS 367.

- *Credit may not be earned in both SPAN 480 and LAS 480.*

This course is an in-depth study of contemporary Latin American literature and the film versions of the literature in their historical and social contexts.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 491 Special Topics (1-3 crs)

Prerequisite: SPAN 355 or SPAN 356 or SPAN 363; or SPAN 352/LAS 352, or SPAN 367/LAS 367, or consent of instructor.

- *See current Class Schedule for specific topic.*

In-depth study of a special area in the language, cultures, or literatures of the Spanish-speaking world.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 492 Seminar in Hispanic Linguistics Research (3 crs)

Prerequisite: SPAN 360 and SPAN 418/LAS 418 or consent of instructor.

This course covers theory and practice of linguistic research on a general theme. Students design and carry out research projects, choosing language problems and research methodology tied to the theme.

Lab/Studio Hours: 0

Seminar Hours: 3

SPAN 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

SPAN 525 Phonetics and Pronunciation (3 crs)

Prerequisite: SPAN 301

• *Dual-listed with SPAN 325. Credit may not be earned in both courses.*

Theory of the Spanish sound system and intensive practice of Spanish pronunciation and intonation.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

SPAN 552 Latin American Civilization (3 crs)

Prerequisite: SPAN 302 or consent of instructor. No credit if taken after LAS 354, SPAN 351, 354.

• *Dual-listed with LAS/SPAN 352/552. Credit may only be earned in one of these courses.*

Introduction to the historical background necessary for comprehending contemporary Latin America. Analysis of current social, political, and economic issues, with consideration of influential personalities in present-day Latin American society.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 563 Survey of Spanish Peninsular Literature (3 crs)

Prerequisite: SPAN 302

• *Dual-listed with SPAN 363. Credit may not be earned in both courses.*

Reading, literary analysis, and discussion of works of Spanish Peninsular Literature, organized by genres (prose, poetry, theatre). Designed as introduction for advanced literature courses.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 567 Survey of Latin American Literature (3 crs)

Prerequisite: SPAN 302 or consent of instructor.

• *Dual-listed with LAS/SPAN 367/567. Credit may only be earned in one of these courses.*

Study and literary analysis of the work of the principal writers of Latin American Literature from indigenous to contemporary literature.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 585 Spanish Literature from Unamuno to Garcia Lorca (3 crs)

Prerequisite: SPAN 363/SPAN 563, or SPAN 367/LAS 367 / SPAN 567/LAS 567, or consent of instructor.

• *Dual-listed with SPAN 385. Credit may not be earned in both courses.*

Peninsular Spanish literature beginning with the generation of 1898 and including writers up to and through the Spanish Civil War of 1936-39.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 586 Contemporary Spanish Literature (3 crs)

Prerequisite: SPAN 363/SPAN 563, or SPAN 367/LAS 367/SPAN 567/LAS 567, or consent of instructor.

• *Dual-listed with SPAN 386. Credit may not be earned in both courses.*

Continuation of Spanish 385/585. Spanish writers since 1940.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 595 Directed Studies (1-3 crs)

Consent: Department Consent Required

• *Dual-listed with SPAN 395.*

Study of a problem or special area in the culture, language, or literature of the Spanish-speaking world, approved by the supervising instructor and the department chair.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

SPAN 609 The Craft of Translation (3 crs)

Prerequisite: SPAN 302

- *Dual-listed with SPAN 409. Credit may not be earned in both courses.*

A practical course designed to show that each language is more than the sum of its words. Intensive practice of translation from and into both Spanish and English. Some reading on translation techniques and practices.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 610 Advanced Grammar (3 crs)

Prerequisite: SPAN 302

- *Dual-listed with SPAN 410. Credit may not be earned in both courses.*

Advanced study of vocabulary, idioms, and grammar based on selected model written texts.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 620 Spanish for Health Professions (3 crs)

Prerequisite: SPAN 302

- *Dual-listed with SPAN 420. Credit may not be earned in both courses.*

Discussions related to health care organizations in the Spanish speaking countries, and practice of specialized medical terminology. Techniques and problems of interpretation from Spanish to English and vice versa: meaning, use, and theories.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 630 Topics in Spanish and Health (3 crs)

Prerequisite: SPAN 302

- *See current Class Schedule for specific topic. May not repeat the same topic. Dual-listed with SPAN 430. Credit may not be earned in both courses.*

Course on rotating topics at the intersection of Spanish and health, as related to Spanish speaking populations in the United States, Spain, and Latin America.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 675 Topics in Latin American Literature (3 crs)

Prerequisite: SPAN 363 or LAS/SPAN 367 or consent of instructor.

- *Dual-listed with LAS/SPAN 475/675.*

In-depth study of a particular area in Latin American literature.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 678 Latin American Modernismo (3 crs)

Prerequisite: SPAN 363, or SPAN/LAS 367, or consent of instructor.

- *Dual-listed with LAS/SPAN 478/678. Credit may only be earned in one of these courses. No credit if taken after LAS/SPAN 475/675 when offered as El Modernismo.*

A study of the late 19th century Latin American modernismo movement and its context. The course may focus on a major author, genre, or theme.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 680 Latin American Literature and Film (3 crs)

Prerequisite: SPAN 363/SPAN 563 or SPAN 367/LAS 367 / SPAN 567/LAS 567.

- *Dual-listed with SPAN/LAS 480/680. Credit may only be earned in one of these courses.*

This course is an in-depth study of contemporary Latin American literature and the film versions of the literature in their historical and social contexts.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SPAN 691 Special Topics (1-3 crs)

Prerequisite: SPAN 352 or SPAN 355 or SPAN 356 or SPAN 363 or SPAN 367 or SPAN 552 or SPAN 563 or SPAN 567 or LAS 352 or LAS 367 or LAS 552 or LAS 367 or LAS 552 or LAS 567 or consent of instructor.

- *Dual-listed with SPAN 491. See current Class Schedule for specific topic.*

In-depth study of a special area in the language, cultures, or literatures of the Spanish-speaking world.

Repeat: Course may be repeated for a maximum of 9 credits

Grading Basis: No S/U Grade Option

SPAN 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Independent study projects under direction of faculty members.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Special Education (SPED)

SPED 798 Graduation Only (1 cr)

Repeat: Course may be repeated
Grading Basis: PR Only Grade Basis

Special Education and Inclusive Practices (SEIP)

SEIP 101 Introduction to Teaching and Learning (3 crs)

This foundational course invites students to critically examine the purpose and possibilities of education in today's world. This course lays the groundwork for students considering careers in education or anyone interested in how we can create more responsive and effective learning environments.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

SEIP 200 Introduction to Diverse Learners (3 crs)

Students will be introduced to the unique needs of diverse learners (4K-12) through the lens of Special Education. The identification and characteristics of multiple disability populations (learning, intellectual, emotional, physical, health, etc.) will be presented and discussed. Topics related to identification, services, disability/education law, research, current issues and trends, transition to post-school outcomes, family/parent roles, individual rights, cultural diversity and assistive technology will be addressed. This class meets the Liberal Education requirement of R3.

Attributes: CP Civics Perspectives, LE-R3 Civic and Environmental Issues
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

SEIP 208 School Experiences in Special & Inclusive Education (3 crs)

Prerequisite: Grade of C or above in SEIP 200.

This course provides school-based experiences in both special education and general elementary education environments. School-based experiences will be supported through seminar sessions on campus throughout the semester. 50+ hours of school-based lab are required. Students must provide their own transportation or develop a schedule that allows for the use of public transportation.

Attributes: Special Course Fee Required
Grading Basis: A-F Grades Only
Seminar Hours: 1
Practicum Hours: 2

SEIP 219 Introduction to Developmental Disabilities and Autism Spectrum Disorders (3 crs)

Prerequisite: SEIP 200

This course is designed to introduce students to the field of low incidence/high support needs disabilities (which generally occur in less than 1% of the population). In this course students will learn about the history of low incidence disability, applicable laws, family and cultural implications, and a closer look into the behavior, curriculum, learning needs, assessment needs, and health concerns of these students. In this course university students will be presented with information on the causes and characteristics of Developmental Delays, Intellectual Disabilities, and Autism Spectrum Disorder; the impact of these on people's lives; historical views; and social, educational, and vocational considerations for people within these groups.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

SEIP 221 Leadership & Mentoring in Early Childhood 1 (1 cr)

Consent: Instructor Consent Required

Academic component for ECLIPSE, work-study, community service learning and child development grant. Participation in supervised field experiences (90 hours) serving children from high-risk populations. Focus is Early Childhood literacy and community resources.

Attributes: LE-I1 Integration, LE-R3 Civic and Environmental Issues, Service-Learning, Full 30 Hours
Repeat: Course may be repeated for a maximum of 2 credits
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 1
Lab/Studio Hours: 0

SEIP 300 Inclusive Practices for Secondary Educators (3 crs)

Prerequisite: Limited to teaching majors admitted to professional education program.

• *Limited to secondary education majors. NOTE: Upper division courses required of special education majors carry the prerequisite of admission to the student's professional program. Department recommends SEIP 200 completion prior to SEIP 300.*

Surveys characteristics of diverse learners including students with disabilities, cultural differences, and at-risk concerns. Provides knowledge and practice regarding the secondary general educator's role related to special education processes, professional collaboration, and curricular adaptations/modifications which promote inclusion of students with disabilities in the general education classroom. Course content focuses on expanding access for students with disabilities using the Universal Design for Learning framework.

Attributes: Undergraduate/Graduate Offering
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

SEIP 301 Inclusive Early Reading (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

Pre-service teachers learn to teach reading and writing acquisition skills for students in PreK through beginning reading levels. Reading skills learned include research and evidence-based practices for providing instruction in the five pillars of reading (i.e., phonemic awareness, phonics, vocabulary, comprehension, fluency). Writing skills learned include research and evidence-based practices for providing instruction from pre-writing skills (e.g., development of writing, copying shapes and letters) through paragraph writing.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 306 Applied Behavior Analysis for Teachers (3 crs)

Prerequisite: SEIP 200, or SEIP 300, or SEIP 400.

•Dual-listed with SEIP 506.

This course will introduce the student to models, methods, and materials for managing the classroom behavioral problems of children with exceptional needs. The course will focus on the acquisition and development of skills which will permit teachers to: (a) manage behaviors that are counterproductive to learning in the classroom, (b) teach prosocial interpersonal behaviors that facilitate successful functioning in schools and society, and (c) structure the classroom environment so that both academic and social interpersonal behaviors produce appropriate consequences for children.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 322 Play and Sensory Pedagogy (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

This course emphasizes play pedagogy and the importance of connecting the various components of play into teaching and learning in intentional/effective ways for all children to succeed and engage in/with their learning. Components of sensory processing for individuals and as part of classroom/environment design are investigated as well as the Universal Design for Learning (UDL) framework. These concepts are applied within teaching, the learning environment, and with other educational stakeholders. Topics include advocacy, creativity, risk-taking, culture, language, social engagement opportunities, behavior, observation, data collection, and child development within the context of play. Play theory and sensory integration are examined to expertly embed IEP/IFSP goals into the routines, environments, learning opportunities, and social interactions provided to children with disabilities.

Attributes: Undergraduate/Graduate Offering, Special Course Fee Required

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 324 Language and Cultural Diversity (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

•Dual-listed with SEIP 524. Credit may not be earned in both courses.

This course explores language/cultural diversity in the PK-9th grade classrooms. Topics include literacy, social and instructional language development, anti-bias education, advocacy, self-reflection, and the intentional diversification of classroom materials, environments, and topics. Strategies for collaboratively and intentionally involving families/caregivers in the literacy process while supporting their language and culture in the classroom are also discussed.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 331 Special Education Policies, Procedures, and Planning (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

This course is designed for students to begin the process of writing and reviewing IEPs for students in special education. Specific IEP forms will be used to demonstrate the procedures while discussing variations in the overall process. As students develop an IEP, the importance of measurable goals and appropriate accommodations/modifications will be discussed. In addition, topics related to legal procedures, data collection, and collaboration will be addressed.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 340 Introduction to Mild Disabilities (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

This course is a survey of the causes, characteristics, and challenges of children and adolescents with mild disabilities, including those with emotional behavioral disabilities and specific learning disabilities.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 400 Inclusive Practices for Elementary-Middle Educators (3 crs)

Prerequisite: Elementary-middle education majors admitted to professional education program.

• *Dual-listed with SEIP 600.*

Designed to help elementary-middle level educators in observing, identifying, and teaching diverse learners including children with disabilities, cultural differences, gifts/talents and/or at-risk concerns. Provides knowledge and practice related to special education processes, professional collaboration, and curricular adaptations/modifications.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 401 Assessment of Students with Disabilities (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

Application of assessment terminology and statistical concepts. Selection, administration of tests, and interpretation of scores from teacher-made, norm-referenced, and criterion-referenced assessments.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 402 Collaboration for Student Success (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

• *Dual-listed with SEIP 602. Credit may not be earned in both courses.*

This course will provide students with the knowledge and skills related to collaboration skills with parents, teachers, agencies and other school personnel that impact students with disabilities. Parent and family relations, conflict resolution, co-teaching practices, Special Education law and ethical behavior will also be presented.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 404 Pre-Student Teaching Experience with Individuals with Disabilities (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent. Must be taken concurrently with SEIP 431/SEIP 631.

Students will observe, interact (with), and reflect, with regards to individuals with mild (and at-times moderate) disabilities. Students will also demonstrate effective teaching skills out in the field and will participate in teaching assignments relevant to their placements and as assigned in SPED/SEIP 431 (Academic Skills for Elementary/Early Middle School Students with Disabilities) or by course instructor(s). Approximately 90 hours of school-based placement.

Attributes: Service-Learning, Full 30 Hours, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

SEIP 405 Instructional Internship in Special Education and Inclusive Practices (1-3 crs)

Prerequisite: 3.00 or higher GPA in SEIP program courses. Limited to SEIP majors.

Consent: Department Consent Required

• *Student must have earned an A- or higher in the course in which they will serve as an instructional intern.*

Selected student develops professional knowledge and skills by engaging in professional reading and discussion during three seminar meetings, providing assistance to faculty member, enhancing classroom teaching and learning for enrolled students, locating and/or developing instructional resources, and other associated duties as assigned by faculty mentor. Plans for internship are based on a student-faculty contract. Three hours of participation per week per credit.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1-3

Lab/Studio Hours: 0

SEIP 407 Inclusive Education Practicum (1 cr)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

This course serves as the seminar for the intensive and inclusive grade-level field placement in general education grades 3-8. The placement occurs under the supervision of a cooperating teacher, coupled with core classes. Approximately 200+ hours of school-based placement.

Attributes: LE-I1 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 0

Lab/Studio Hours: 1

SEIP 418 Career Education and Transition (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent. Must be taken concurrently with SEIP 439.

This course will introduce the basic concepts of career and vocational education. This course includes a clinical experience with adolescents with disabilities for approximately 50 hours.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1.5

Practicum Hours: 1.5

SEIP 419 Advanced Interventions in Developmental Disabilities and Autism Spectrum Disorders (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

Study, selection, and preparation of suitable curriculum and methods used in teaching students with Developmental Disabilities and Autism Spectrum Disorders.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 423 Characteristics and Interventions for Young Children with Low Incidence Disabilities (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

•Dual-listed with SEIP 623. Credit may not be earned in both courses.

This course will emphasize medical/instructional needs for the care of young children with health conditions, orthopedic impairments, as well as characteristics/interventions for teaching young children with Autism, multiple disabilities, and children with challenging behavior.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 424 Inclusive Numeracy and Math: 0-8 (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

•Dual-listed with SEIP 624. Credit may not be earned in both courses

The developmental process of early numeracy birth throughout third grade mathematics instruction. Emphasis on the mathematical language and early numeracy; facilitating, scaffolding, nurturing, and igniting interest in numeracy and mathematical thinking in young children.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 425 Integrated Curriculum and Inquiry (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

•Dual-listed with SEIP 625. Credit may not be earned in both courses.

Integrated curriculum development and intentionally planning inquiry-based learning connected to the interests of young children. Active, standards-based science, numeracy/literacy, and social studies, promoting social relationships/oral language development, critical thinking and problem solving, in inclusive environments.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 427 Early Intervention Service Delivery and Interprofessional Collaboration (2 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent. Must be taken with SEIP 428 and SEIP 429.

• Credit may not be earned in both SEIP 427 and SEIP 627.

This course unpacks the foundations of early intervention in the United States and service delivery models with a focus on interprofessional collaboration. Topics include legal foundations, Child Find, Individualized Family Service Plans (ISFPs), Office of Special Education Programs (OSEP) accountability, and primary provider support model. Students will also learn roles and responsibilities of IFSP team members in service delivery and decision making.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SEIP 428 Child and Family Assessment in Early Intervention (2 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent. Must be taken with SEIP 427 and SEIP 429.

This course is designed to help students gain knowledge and understanding of the purposes of assessment in early intervention. Students will learn how to choose developmentally, linguistically, and culturally appropriate tools and methods that are responsive to the characteristics of the young child, family, and program. Students will analyze, interpret, document, and share assessment information using a strength-based approach with families and other professionals for eligibility determination, outcome/goal development, planning instruction and intervention, monitoring progress, and reporting.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SEIP 429 Methods in the Natural Environment (2 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent. Must be taken with SEIP 427 and SEIP 428.

This course is designed to help students plan and implement intentional, systematic, evidence-based, responsive interactions, interventions, and instruction to support learning and development of infants, toddlers, and preschoolers with special needs across all developmental domains in partnership with families and other professionals. Students will learn to facilitate equitable access and participation for all children and families within natural and inclusive environments through culturally responsive and affirming practices and relationships. Students will use data-based decision-making to plan for, adapt, and improve interactions, interventions, and instruction to ensure fidelity of implementation.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SEIP 430 Trauma-Informed Practices for Inclusive Educators (3 crs)

Consent: Department Consent Required

•*Department consent required*

This course provides the student with knowledge and skills related to understanding students experiencing trauma, how to teach students experiencing trauma, and how to engage in self-preservation strategies intended to retain teachers in the field. Course activities include reading articles, completing various case studies, discussing topics related to trauma-informed practices, engaging in guest presentations, and completing trauma-informed classroom plans.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 431 Reading/Writing Remediation, Assessment, and Diagnosis for Students with Mild Disabilities (3 crs)

Prerequisite: Grade of C or above in SEIP 301. Must be taken concurrently with SEIP 404.

•*Dual-listed with SEIP 631. Credit may not be earned in both courses.*

This course focuses on research-based methods for assessment, instruction, and remediation of reading and written expression for elementary-age students with mild disabilities. The course includes applied activities and occurs concurrently with a field experience.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 433 Inclusive ELA Methods in Grades 4-9 (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent. Must be taken concurrently with SEIP 407.

This course examines research-based techniques to effectively teach reading, writing, content area reading and writing, and other literacies in diverse middle grade classrooms. The course promotes the use of UDL and other inclusive practices to ensure access to the curriculum for diverse learners.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 437 Inclusive Math Content, Instruction, and Interventions Grades 4-9 (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

•*Dual listed with SEIP 637.*

This mathematics course includes instructional techniques, interventions, and assessment effective for teaching diverse learners from intermediate elementary through secondary grades (Grades 4-9). Students will apply knowledge of major concepts, algorithms, and mathematical practices across varied educational contexts.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 438 Inclusive Science and Social Studies Methods Grades 4-9 (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent. Must be taken concurrently with SEIP 407.

•Dual-listed with SEIP 638. Credit may not be earned in both courses.

Pre-service teachers learn inclusive practices and methods for teaching science and social studies to support students in grades 4-9 in accessing and learning content. This course will focus in on reaching all students through planning with the Universal Design for Learning framework, incorporating scientific methods (e.g., inquiry), and the five themes of social studies.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 439 Secondary Methods (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent. Must be taken concurrently with SEIP 418.

This course provides students knowledge of secondary instructional methods used in reading, written language, and mathematics. The instructional methods can be effectively used with learners of all needs.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 458 Advanced Behavior Interventions and Assessment for Students with Emotional/Behavioral Disabilities (3 crs)

Prerequisite: Grade of C or above in SEIP 306.

The purpose of this course is to develop and implement intensive behavioral approaches based upon functional behavior assessment and other behavioral assessments. This course will assist the students in acquiring the knowledge and skills for the delivery of services to children and youth with emotional/behavior disabilities. Areas that will be addressed are functional behavior assessment, behavioral interventions, social skills curriculum methods and materials, instructional activities and strategies, classroom management techniques, and the educator's roles.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 470 Student Teaching in Special Education K-12 (5 crs)

Prerequisite: Limited to teaching majors admitted into the Special Education and Inclusive Practices program.

Student teaching in special education class all day for one-half semester or half days for one semester.

Repeat: Course may be repeated for a maximum of 10 credits

Grading Basis: S/U Only Grade Basis

SEIP 471 Student Teaching in Special Education (3-6 crs)

Prerequisite: Limited to teaching majors admitted into the Special Education and Inclusive Practices program.

Consent: Department Consent Required

• Teacher licensure, admitted to special education program, completed methods courses, and departmental approval. On-the-job practica have additional eligibility requirements.

Intended for teachers already certified who are seeking additional licensure; student teaching experience specially designed for the student.

Repeat: Course may be repeated for a maximum of 12 credits

SEIP 472 Student Teaching in Special Education (3 crs)

Prerequisite: Limited to teaching majors admitted into the Special Education and Inclusive Practices program.

Consent: Department Consent Required

Student teaching in special education and inclusive practices for students seeking to extend a certification.

Repeat: Course may be repeated for a maximum of 6 credits

SEIP 474 Student Teaching with Students with Disabilities (1-3 crs)

Consent: Department Consent Required

Supervised student teaching for post baccalaureate students seeking additional certification.

Repeat: Course may be repeated for a maximum of 3 credits

SEIP 475 Internship Special Education Teaching (5-10 crs)

Prerequisite: Limited to teaching majors admitted into the Special Education and Inclusive Practices program.

Consent: Department Consent Required

The intern is a paid contractual member of a public school staff who spends an entire semester in a school system, including the opening and closing periods.

Attributes: Internship, Special Course Fee Required

Grading Basis: S/U Only Grade Basis

SEIP 476 Professional Practices in Special Education & Inclusive Practices (2 crs)

Prerequisite: Limited to teaching majors admitted into the Special Education & Inclusive Practices Programs.

- *Must be taken with appropriate student teaching course(s). Admission to professional semester and recommendation of Special Education and Inclusive Practices Department.*

This course provides a capstone experience in Special Education & Inclusive Practices where graduating students organize and synthesize information from previous coursework within the context of intensive field experience. The seminar provides a forum for students to apply their knowledge and critical thinking skills, to make connections between their placements and current research, and formulate their role within the parameters of collaborative leadership.

Attributes: LE-11 Integration, LE-S3 Creativity, Capstone Course, Special Course Fee Required
Lab/Studio Hours: 0
Seminar: 2

SEIP 495 Directed Studies in Special Education & Inclusive Practices (1-3 crs)

Consent: Department Consent Required

- *Dual listed with SEIP 695. Arranged by department in response to need.*

Groups study, under the immediate direction of a Special Education and Inclusive Practices faculty member, of a defined problem not covered in existing courses.

Attributes: Undergraduate/Graduate Offering
Repeat: Course may be repeated

SEIP 499 Independent Study (1-3 crs)

Prerequisite: Limited to teaching majors admitted into the Special Education & Inclusive Practices Program.

Consent: Department Consent Required

Permits a student to study a special problem or issue.

Repeat: Course may be repeated

SEIP 500 Inclusive Practices for Secondary Educators (3 crs)

Consent: Department Consent Required

- *Upper division courses required of special education majors carry the prerequisite of admission to the student's professional program. Dual-listed with SEIP 300. Credit may not be earned in both courses.*

Surveys characteristics of diverse learners including students with disabilities, cultural differences, gifts/talents, and at-risk concerns. Provides knowledge and practice regarding the secondary educator's role related to special education processes, professional collaboration, and curricular adaptations/modifications.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

SEIP 501 Inclusive Early Reading (3 crs)

Consent: Department Consent Required

- *Department consent.*

Pre-service teachers learn to teach reading and writing acquisition skills for students in PreK through beginning reading levels. Reading skills learned include research and evidence-based practices for providing instruction in the five pillars of reading (i.e., phonemic awareness, phonics, vocabulary, comprehension, fluency). Writing skills learned include research and evidence-based practices for providing instruction from pre-writing skills (e.g., development of writing, copying shapes and letters) through paragraph writing.

Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

SEIP 506 Applied Behavior Analysis for Teachers (3 crs)

Prerequisite: SEIP 200, or SEIP 300/500, or SEIP 400/600.

- *Dual-listed with SEIP 306. Credit may not be earned in both courses.*

This course will introduce the student to models, methods, and materials for managing the classroom behavioral problems of children with exceptional needs. The course will focus on the acquisition and development of skills which will permit teachers to: (a) manage behaviors that are counterproductive to learning in the classroom, (b) teach prosocial interpersonal behaviors that facilitate successful functioning in schools and society, and (c) structure the classroom environment so that both academic and social interpersonal behaviors produce appropriate consequences for children.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

SEIP 522 Play and Sensory Pedagogy (3 crs)

Consent: Department Consent Required

- *Dual-listed with SEIP 322. Credit may not be earned in both courses.*

This course emphasizes play pedagogy and the importance of connecting the various components of play into teaching and learning in intentional/effective ways for all children to succeed and engage in/with their learning. Components of sensory processing for individuals and as part of classroom/environment design are investigated as well as the Universal Design for Learning (UDL) framework. These concepts are applied within teaching, the learning environment, and with other educational stakeholders. Topics include advocacy, creativity, risk-taking, culture, language, social engagement opportunities, behavior, observation, data collection, and child development within the context of play. Play theory and sensory integration are examined to expertly embed IEP/IFSP goals into the routines, environments, learning opportunities, and social interactions provided to children with disabilities.

Attributes: Special Course Fee Required
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

SEIP 524 Language and Cultural Diversity (3 crs)

Consent: Department Consent Required

- Dual-listed with SEIP 324. Credit may not be earned in both courses.

This course explores language/cultural diversity in the PK-9th grade classrooms. Topics include literacy, social and instructional language development, anti-bias education, advocacy, self-reflection, and the intentional diversification of classroom materials, environments, and topics. Strategies for collaboratively and intentionally involving families/caregivers in the literacy process while supporting their language and culture in the classroom are also discussed.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 531 Special Education Policies, Procedures, and Planning (3 crs)

Consent: Department Consent Required

- Dual-listed with SEIP 331. Credit may not be earned in both courses.

This course is designed for students to begin the process of writing and reviewing IEPs for students in special education. Specific IEP forms will be used to demonstrate the procedures while discussing variations in the overall process. As students develop an IEP, the importance of measurable goals and appropriate accommodations/modifications will be discussed. In addition, topics related to legal procedures, data collection, and collaboration will be addressed.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 540 Introduction to Mild Disabilities (3 crs)

Consent: Department Consent Required

- Dual-listed with SEIP 340. Credit may not be earned in both courses.

This course is a survey of the causes, characteristics, and challenges of children and adolescents with mild disabilities, including those with emotional behavioral disabilities and specific learning disabilities.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 600 Inclusive Practices for Elementary-Middle Educators (3 crs)

Consent: Department Consent Required

- Dual-listed with SEIP 400.

Designed to help elementary-middle level educators in observing, identifying, and teaching diverse learners including children with disabilities, cultural differences, gifts/talents and/or at-risk concerns. Provides knowledge and practice related to special education processes, professional collaboration, and curricular adaptations/modifications.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 601 Assessment of Students with Disabilities (3 crs)

Consent: Department Consent Required

- Dual-listed with SEIP 401. Credit may not be earned in both courses.

Application of assessment terminology and statistical concepts. Selection, administration of tests, and interpretation of scores from teacher-made, norm-referenced, and criterion-referenced assessments.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 602 Collaboration for Student Success (3 crs)

Consent: Department Consent Required

- Dual-listed with SEIP 402. Credit may not be earned in both courses.

This course will provide students with the knowledge and skills related to collaboration skills with parents, teachers, agencies and other school personnel that impact students with disabilities. Parent and family relations, conflict resolution, co-teaching practices, Special Education law and ethical behavior will also be presented.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 604 Pre-student Teaching Experience with Individuals with Disabilities (3 crs)

Prerequisite: Must be taken with SEIP 431/SEIP 631.

Consent: Department Consent Required

- Dual-listed with SEIP 404. Credit may not be earned in both courses.

Students will observe, interact (with), and reflect, with regards to individuals with mild (and at-times moderate) disabilities. Students will also demonstrate effective teaching skills out in the field and will participate in teaching assignments relevant to their placements and as assigned in SPED/SEIP 431 (Academic Skills for Elementary/Early Middle School Students with Disabilities) or by course instructor(s). Approximately 90 hours of school-based placement.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

SEIP 607 Inclusive Education Practicum (1 cr)

Consent: Department Consent Required

- Dual-listed with SEIP 407.

Seminar/This course serves as the seminar for the intensive and inclusive grade-level field placement in grades 3-8. The placement occurs under the supervision of a cooperating teacher, coupled with SEIP Core classes. Includes 220+ hours of pre-student teaching.

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Practicum Hours: 3

SEIP 618 Career Education and Transition (3 crs)

Prerequisite: Must be taken concurrently with SEIP 439/639. Department consent.

Consent: Department Consent Required

- Dual-listed with SEIP 418. Credit may not be earned in both courses.

This course will introduce the basic concepts of career and vocational education. This course includes a clinical experience with adolescents with disabilities for approximately 50 hours.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1.5

Practicum Hours: 1.5

SEIP 619 Advanced Interventions in Developmental Disabilities and Autism Spectrum Disorders (3 crs)

Prerequisite: Grade of C or above in SEIP 219.

Study, selection, and preparation of suitable curriculum and methods used in teaching students with Developmental Disabilities and Autism Spectrum Disorders.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 623 Characteristics and Interventions for Young Children with Low Incidence Disabilities (3 crs)

Consent: Department Consent Required

- Dual-listed with SEIP 423. Credit may not be earned in both courses.

This course will emphasize medical/instructional needs for the care of young children with health conditions, orthopedic impairments, as well as characteristics/interventions for teaching young children with Autism, multiple disabilities, and children with challenging behavior.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 624 Inclusive Numeracy and Math: 0-8 (3 crs)

Consent: Department Consent Required

- Dual-listed with SEIP 424. Credit may not be earned in both courses.

The developmental process of early numeracy birth through third grade mathematics instruction. Emphasis on the mathematical language and early numeracy; facilitating, scaffolding, nurturing, and igniting interest in numeracy and mathematical thinking in young children.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 625 Integrated Curriculum and Inquiry (3 crs)

Consent: Department Consent Required

- Dual-listed with SEIP 425. Credit may not be earned in both courses.

Integrated curriculum development and intentionally planning inquiry-based learning connected to the interests of young children. Active, standards-based science, numeracy/literacy, and social studies, promoting social relationships/oral language development, critical thinking and problem solving, in inclusive environments.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 627 Early Intervention Service Delivery and Interprofessional Collaboration (2 crs)

Prerequisite: Must be taken with SEIP 628 and SEIP 629.

- Dual-listed with SEIP 427. Credit may not be earned in both courses.

This course unpacks the foundations of early intervention in the United States and service delivery models with a focus on interprofessional collaboration. Topics include legal foundations, Child Find, Individualized Family Service Plans (ISFPs), Office of Special Education Programs (OSEP) accountability, and primary provider support model. Students will also learn roles and responsibilities of IFSP team members in service delivery and decision making.

Attributes: Undergraduate/Graduate Offering

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SEIP 628 Child and Family Assessment in Early Intervention (2 crs)

Prerequisite: Must be taken with SEIP 627 and SEIP 629.

• *Dual-listed with SEIP 428. Credit may not be earned in both courses.*

This course is designed to help students gain knowledge and understanding of the purposes of assessment in early intervention. Students will learn how to choose developmentally, linguistically, and culturally appropriate tools and methods that are responsive to the characteristics of the young child, family, and program. Students will analyze, interpret, document, and share assessment information using a strength-based approach with families and other professionals for eligibility determination, outcome/goal development, planning instruction and intervention, monitoring progress, and reporting.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SEIP 629 Methods in the Natural Environment (2 crs)

Prerequisite: Must be taken concurrently with SEIP 627 and SEIP 628.

• *Dual-listed with SEIP 429. Credit may not be earned in both courses.*

This course is designed to help students plan and implement intentional, systematic, evidence-based, responsive interactions, interventions, and instruction to support learning and development of infants, toddlers, and preschoolers with special needs across all developmental domains in partnership with families and other professionals. Students will learn to facilitate equitable access and participation for all children and families within natural and inclusive environments through culturally responsive and affirming practices and relationships. Students will use data-based decision-making to plan for, adapt, and improve interactions, interventions, and instruction to ensure fidelity of implementation.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SEIP 631 Reading/Writing Remediation, Assessment, and Diagnosis for Students with Mild Disabilities (3 crs)

Consent: Department Consent Required

• *Dual-listed with SEIP 431. Credit may not be earned in both courses.*

This course focuses on research-based methods for assessment, instruction, and remediation of reading and written expression for elementary-age students with mild disabilities. The course includes applied activities and occurs concurrently with a field experience.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 633 Inclusive ELA Methods in Grades 4-9 (3 crs)

Prerequisite: Must be taken concurrently with SEIP 607.

Consent: Department Consent Required

This course examines research-based techniques to effectively teach reading, writing, content area reading and writing, and other literacies in diverse middle grade classrooms. The course promotes the use of UDL and other inclusive practices to ensure access to the curriculum for diverse learners.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 637 Inclusive Math Content, Instruction, and Interventions Grades 4-9 (3 crs)

Prerequisite: Limited to Special Education majors who have been admitted to the Education Program or department consent.

• *Dual listed with SEIP 437.*

This mathematics course includes instructional techniques, interventions, and assessment effective for teaching diverse learners from intermediate elementary through secondary grades (Grades 4-9). Students will apply knowledge of major concepts, algorithms, and mathematical practices across varied educational contexts.

Grading Basis: A-F Grades Only

SEIP 638 Inclusive Science and Social Studies Methods Grades 4-9 (3 crs)

Consent: Department Consent Required

• *Dual-listed with SEIP 438. Credit may not be earned in both courses.*

Pre-service teachers learn inclusive practices and methods for teaching science and social studies to support students in grades 4-9 in accessing and learning content. This course will focus in on reaching all students through planning with the Universal Design for Learning framework, incorporating scientific methods (e.g., inquiry), and the five themes of social studies.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 639 Secondary Methods (3 crs)

Prerequisite: Must be taken concurrently with SEIP 618.

Consent: Department Consent Required

This course provides students knowledge of secondary instructional methods used in reading, written language, and mathematics. The instructional methods can be effectively used with learners of all needs.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 658 Advanced Behavior Interventions and Assessment for Students with Emotional/Behavioral Disabilities (3 crs)

Prerequisite: Grade of C or above in SEIP 306/506.

The purpose of this course is to develop and implement intensive behavioral approaches based upon functional behavior assessment and other behavioral assessments. This course will assist the students in acquiring the knowledge and skills for the delivery of services to children and youth with emotional/behavioral disabilities. Areas that will be addressed are functional behavior assessment, behavioral interventions, social skills curriculum methods and materials, instructional activities and strategies, classroom management techniques, and the educator's roles.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 695 Directed Studies in Special Education & Inclusive Practices (1-3 crs)

Consent: Department Consent Required

• *Dual-listed with SEIP 495. Arranged by department in response to need.*

Groups study, under the immediate direction of a Special Education and Inclusive Practices faculty member, of a defined problem not covered in existing courses.

Attributes: Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

SEIP 765 Behavior Mgmt Methods and Curriculum EBD (3 crs)

Prerequisite: SEIP 306/SEIP 506, SEIP 340/SEIP 540, SEIP 401/SEIP 601.

Focus on management techniques and instructional strategies for the more severely emotionally disturbed. Areas addressed include psychiatric disorders such as depression, school phobia, somatic disorders, personality disorders, and schizophrenia.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 775 Advanced Seminar and Practicum in Assessment (3 crs)

Prerequisite: SEIP 401/SEIP 601 or consent of instructor.

Study of advanced skills, current trends, and issues in the assessment of children/youth with disabilities. Includes participation (one weekday per semester) in Human Development Center, educational assessment, report writing, and independent research.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 778 The Special Education Cooperating Teacher (3 crs)

• *Open to approved certified teachers*

Designed to develop competencies in guidance and supervision of practicum with children with disabilities.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 779 Special Education Supervision Practicum (3 crs)

Prerequisite: SEIP 778.

• *Current involvement in supervision.*

Designed for cooperating teachers who have completed Sped 778, The Special Education Cooperating Teacher. Supervision competencies are developed through supervising student teachers in school settings.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 782 Special Education Law (3 crs)

Prerequisite: Admission to the Director of Special Education & Pupil Services licensure program; SEIP 786

Consent: Department Consent Required

• *Accepted into the Director of Special Education & Pupil Services Program or consent of DSEPS program required.*

This intensive course is designed for graduate level students and addresses federal legislation, regulations, and process and litigation specifically related to special education. In-depth analysis of case law and the implications for the PK-12 education system emphasized.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 784 Issues and Trends in Special Education (2 crs)

Consent: Instructor Consent Required

Contemporary issues and trends in special education, including children's rights, educational needs, practices, and programs.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SEIP 786 Systemic Leadership & Ethics (3 crs)

Prerequisite: Admission to the Director of Special Education & Pupil Services licensure program

Consent: Department Consent Required

- Accepted into the Director of Special Education & Pupil Services Program or consent of DSEPS program required.

This course addresses leadership and administration of PK-12 special education programs. Operational responsibilities will be analyzed.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 787 Leadership in Special Education and Pupil Services (3 crs)

Prerequisite: Admitted to the Director of Special Education & Pupil Services licensure program

Consent: Department Consent Required

- Accepted into the Director of Special Education and Pupil Services Program or consent of the DSEPS program.

This course addresses the leadership, administration, and staffing of PK-12 special education and pupil services programs. Operational responsibilities, advocacy, due process, collaboration, and special education instructional leadership/related and pupil services provision will be analyzed.

Grading Basis: No S/U Grade Option

Lecture Hours: 3

Lab/Studio Hours: 0

SEIP 788 Special Education and Pupil Services Budget & Finance (3 crs)

Prerequisite: Admitted to the Director of Special Education & Pupil Services licensure program

Consent: Department Consent Required

- Accepted into the Director of Special Education & Pupil Services Program or consent of DSEPS program required.

This course provides introductory exposure, understanding, principles, and practices to budget financing applications in special education and pupil services.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SEIP 789 Practicum: Leadership in Special Ed & Pupil Services (3 crs)

Prerequisite: Accepted into the Director of Special Education & Pupil Services Program, SEIP 782, SEIP 788 or consent of DSEPS program director required.

Consent: Department Consent Required

- Accepted into the Director of Special Education & Pupil Services Program or consent of DSEPS program required.

Mentored field-based course (150 hours) designed to evaluate/analyze the school-based application of Special Education Director and/or Director of Pupil Services. Successful completion leads to recommendation for DPI 80 Licensure.

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Practicum Hours: 3

SEIP 793 Directed Studies in Education (1-3 crs)

- Approval of department chair and associate dean.

Group study, under the immediate supervision of a Department of Special Education and Inclusive Practices staff member, of a defined problem or issue not covered in existing courses.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

SEIP 795 Research Paper (1-2 crs)

Students will write a research paper under the supervision of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

SEIP 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

SEIP 799 Thesis (1-6 crs)

- Full-time equivalent.

A description of acceptable topics and the precise nature of the thesis requirement is provided in the departmental program descriptions.

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

Speech, Language and Hearing Sciences (SLHS)

SLHS 101 American Sign Language I (3 crs)

In this course, students are introduced to American Sign Language (ASL), a visual-gestural language, and to Deaf culture. Students will learn frequently used phrasal signs, the basic rules of ASL grammar, introductory fingerspelling, and non-manual signals. Upon completion, students will demonstrate beginning conversational skills in ASL and introductory knowledge of Deaf cultural behaviors and history.

Attributes: CL Communication Literacy, LE-S1 Written and Oral Communication

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 102 American Sign Language II (3 crs)

Prerequisite: SLHS 101 with a grade of C or better, or placement test score of 102 or higher

This course is a continuation from ASL I. In this course, students will expand their sign vocabulary, grammar, non-manual aspects of ASL, conversational skills, and knowledge of Deaf culture from Level 1. Upon completion, students will increase their conversational skills in ASL and add to their knowledge of Deaf cultural behaviors and history.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 103 American Sign Language III (3 crs)

Prerequisite: SLHS 102 with a grade of C or better, or placement test score of 103 or higher

This course is a continuation from ASL II. Students will expand their sign vocabulary, grammar, and understanding of Deaf culture using appropriate facial expressions and body movements taught in Level 1 and 2. In addition, students will explore communicative functions about self and others through describing people and things, making requests, asking for advice, and describing places with appropriate cultural behavior in ASL. Students will add to their knowledge of Deaf cultural behaviors and history.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 150 Introduction to Speech, Language, and Hearing Sciences (3 crs)

Survey of basic speech, language, and hearing sciences content. Development and characteristics of normal communication behavior; nature, causes, signs, symptoms, and interventions for communication disorders of speech, hearing, and language.

Attributes: SBS Social Behavioral Science, LE-K2 Social Sciences, LE-R3 Civic and Environmental Issues

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 201 American Sign Language IV (3 crs)

Prerequisite: SLHS 103 with a grade of C or better, or placement test of 201 or higher

In this course students will continue to expand their comprehension and sign language production with more complex ASL grammatical features and communicative functions to include describing place, giving opinion about others, and discussing plans and goals with appropriate cultural behaviors. Students will continue to deepen their knowledge of Deaf cultural behaviors and history.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 202 American Sign Language V (3 crs)

Prerequisite: SLHS 201 with a grade of C or better, or placement test score of 202 or higher

In this course, students will continue to expand their comprehension and sign language production with complex ASL grammatical features and communicative functions. Appropriate cultural behaviors and strategies for conversation management are stressed.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 210 Cultural Perspectives of the Deaf (3 crs)

This course is an introduction to American Deaf Culture and introduces the Deaf community as a linguistic and cultural minority group. The course demonstrates the various roles of Deaf people within a larger society, including topics such as political activism, laws, access to information, educational philosophies, intersectionality, and communication systems. In addition, it focuses on historical influences in the lives of American Deaf people and in the lives of others. Course not conducted in ASL. No prior ASL experience required.

Attributes: CP Civics Perspectives, LE-R1 Equity, Diversity, and Inclusivity

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 235 Undergraduate Research in Speech, Language, and Hearing Sciences (3 crs)

Prerequisite: Completion of University Writing Requirement or concurrent enrollment. Limited to Speech, Language, and Hearing Sciences (SLHS) majors. This course explores the scientific method as it applies to social science research. Topics include ethics, evidence-based practice, literature searches, developing hypotheses and research questions, and research designs. Students will also be summarizing and evaluating research in the field of Speech, Language, and Hearing Sciences.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 256 Anatomy and Physiology of Speech and Hearing (4 crs)

Prerequisite: Minimum of 12 earned credits

Anatomy and physiology of the speech mechanism (respiration, phonation, resonance, articulation) and of hearing, including the related neurology.

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

SLHS 257 Language Development (3 crs)

Prerequisite: Minimum of 12 earned prior credits.

The purpose of this course is to introduce students to the field of child language development. It serves as a foundational course to professional practice across multiple fields. Students learn how language develops and functions in everyday interactions. Social and cultural processes that drive and influence development are explored, as well as the relationship between language and cognitive development. Students are exposed to multiple learning theories and important considerations for multilingual learners.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 262 Phonetics: Theory and Application (3 crs)

Prerequisite: Minimum of 12 earned prior credits.

Study and classification of speech sounds. Emphasis on phonemic and phonetic analysis and transcription of standard, regional, nonnative American English, and disordered speech patterns. Phonetic transcription will be applied to formal and informal speech assessment methods.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

SLHS 301 American Sign Language Semantics (3 crs)

Prerequisite: CSD 201 with a grade of C or better

This course analyzes ASL through the lens of Semantics with a primary focus on informal, colloquial sign. Course content will explore how meaning is created in ASL communication, the process of ASL interpretation, and how to improve expressive abilities in ASL. All content and communication are conducted using ASL.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 302 American Sign Language Linguistics (3 crs)

Prerequisite: SLHS 201 with a grade of C or better, or placement test score of 202 or higher

This course covers the major features of the linguistic structure and social uses of ASL: 1) Phonology– the study of the raw materials of signs; examination of the structure of the physical signals of ASL, the customary patterns for combining them, and the influence of signs on one another in connected discourse. 2) Morphology– building and storing words; study of the basic meaningful units of ASL, including discussion of word creation, compounding, borrowing, affixing, and numeral incorporation. 3) Syntax– building sentences and longer structures; examination of the word order of ASL sentences, non-manual syntactic signals, and discourse structures; discussion of the use of space in ASL, including an examination of verbs with subject and object agreement and of spatial-locative verbs. 4) Sociolinguistic Application– discussion of language variation and contact in the Deaf community.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 321 Aural Rehabilitation (3 crs)

Prerequisite: Limited to SLHS majors or department consent. SLHS 373 or concurrent enrollment.

Effects of hearing loss on perceptual, cognitive, communicative, educational, occupational, social, and emotional aspects of life, for all age ranges, are studied. Common intervention techniques associated with hearing loss are presented.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 326 Voice and Resonance Disorders (3 crs)

Prerequisite: SLHS 256 and SLHS 353. Limited to SLHS majors or department consent.

Normal aspects of respiration, phonation, and resonance. Causes and characteristics of various voice and resonance disorders. Introduction to the prevention, evaluation, and treatment of voice and resonance disorders. Introduction to speech/voice instrumentation.

Attributes: Undergraduate/Graduate Offering, Special Course Fee Required

Varies by Term/Section

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 331 Child Language Disorders (4 crs)

Prerequisite: SLHS 257. Limited to SLHS majors or department consent

Characteristics of language disorders in children from birth through adolescence as well as assessment and intervention strategies appropriate for that population.

Attributes: Special Course Fee Required Varies by Term/Section

Lecture/Discussion Hours: 4

Lab/Studio Hours: 0

SLHS 353 Speech and Hearing Science (3 crs)

Prerequisite: Minimum of 12 earned credits

This course will introduce students to basic acoustics, psychoacoustics, and acoustics of voice and speech production. Lecture, discussion and labs will be used in instruction.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 1

SLHS 358 Speech Sound Disorders (3 crs)

Prerequisite: SLHS 257 and SLHS 262. Limited to admitted SLHS majors or department consent.

This course addresses the nature, assessment, and treatment of articulation and phonological disorders in children and dialect variations of speech-sound use in adults.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 370 Clinical Procedures in Speech-Language Pathology (3 crs)

Prerequisite: SLHS 331 or SLHS 358.

Consent: Department Consent Required

Basic information and skills necessary for functioning in clinical situations. Topics include: preparation of goals and objectives, report writing, counseling, clinical equipment and materials, professional organizations and behavior, and observation. Twenty-five clinical observation hours accrued.

Attributes: LE-11 Integration, LE-S3 Creativity, Special Course Fee Required, Special Course Fee Required Varies by Term/Section

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 373 Basic Audiology (3 crs)

Prerequisite: SLHS 256. Limited to SLHS majors or department consent.

• *SLHS 353 is recommended prior to enrollment in this course.*

Introduction to audiology, including anatomy and physiology, pathologies of hearing, basic evaluation, differential evaluation, physiological procedures, nonorganic hearing loss, pediatric evaluation, hearing conservation, and rehabilitation. Emphasis upon pure tone thresholds, speech audiometry, and masking.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 378 Introduction to Sign Language (3 crs)

• *Open to all undergraduate students.*

An introduction to various systems of manual communication with a strong emphasis on developing beginning skills in Signing Exact English and fingerspelling.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

SLHS 410 Communication Changes and Disorders of the Older Adult (3 crs)

Prerequisite: Minimum junior standing.

• *Open to all undergraduate students.*

Normal aging and its effects on speech, voice, oral motor skills, language, and hearing. Overview of the nature and treatment of communication disorders of the older adult. Physiological, psychological, and sociological aspects will be considered.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 411 Facilitating Communication in Preschool Children (2 crs)

Prerequisite: SLHS 257 or equivalent course is required prior to enrollment in this course, with a grade of C or better.

• *Open to all undergraduate students.*

Foundations for the evaluation of preschool children, program planning, and program implementation in early childhood/special needs classrooms. Focus includes contexts for communication, content and sequence of communication programs, and techniques for facilitating communication.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SLHS 415 Instructional Internship in Speech, Language, and Hearing Sciences (1-3 crs)

Prerequisite: Limited to SLHS majors.

Consent: Department Consent Required

Selected student develops professional skills by providing assistance to faculty member, enhancing teaching and learning of students in a course. Plan based on student-faculty contract. Three hours of participation per week per credit.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 6 credits

SLHS 419 Introduction to AAC (2 crs)

Prerequisite: SLHS 257

Classroom language applications using augmentative and assistive communication (AAC) tools and devices are explored for school age children with complex communication profiles. Current research, public policy issues, and effective clinical and educational practices will be emphasized.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SLHS 440 Neurological Aspects of Communication & Cognition (3 crs)

Prerequisite: SLHS 256. Minimum senior standing.

Neuroanatomical and neurophysiological bases of communication with an emphasis on normal aspects.

Attributes: Undergraduate/Graduate Offering, Special Course Fee Required
Varies by Term/Section

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 470 Clinical Practicum in Speech-Language Pathology (2 crs)

Prerequisite: SLHS 370; and SLHS 331 or SLHS 358. Minimum SLHS GPA of 3.50.
Minimum resident and total GPA of 3.00.

Consent: Department Consent Required

Capstone course in treatment of speech and language disorders. With supervisory guidance, students earn hours conducting assessment and treatment activities in the Center for Communication Disorders.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, LE-S3 Creativity, Capstone Course, Special Course Fee Required

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

SLHS 471 SLPA Clinical Practicum Seminar in Speech Language Pathology Assistant (4 crs)

Prerequisite: B or better in SLHS 331 and SLHS 358. Completion of SLHS 370.
Limited to SLHS majors.

Consent: Department Consent Required

- *Application to SLHS 471 will include a Letter of Intent and two SLHS faculty recommendations.*

Students enrolled will earn at least 100 hours of supervised clinical practice within the scope and sequence of a speech language pathologist assistant. They will cover topics in bi-weekly meetings such as ethics, universal precautions, diversity, and therapy techniques.

Attributes: LE-CEL Community-Engaged Learning, Special Course Fee Required
Grading Basis: A-F Grades Only
Practicum Hours: 4

SLHS 485 Serving Diverse Populations (2 crs)

Prerequisite: SLHS 331 or concurrent enrollment

This course will heighten students' awareness of issues in diversity and will also introduce students to knowledge and skills relevant to serving diverse populations across diversity dimensions, lifespan, and service settings.

Attributes: Undergraduate/Graduate Offering

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SLHS 495 Directed Studies (1-3 crs)

Consent: Department Consent Required

Permits groups of students to study topics of mutual interest in the field of communication disorders.

Attributes: Undergraduate/Graduate Offering, Special Course Fee Required
Varies by Term/Section

Repeat: Course may be repeated

SLHS 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

SLHS 521 Aural Rehabilitation (3 crs)

Prerequisite: Limited to SLHS majors or department consent. Prior or concurrent enrollment in SLHS 373.

- *Dual-listed with SLHS 321. Credit may not be earned in both courses. SLHS 373 or a basic audiology course is recommended prior to enrollment in this course.*

Effects of hearing loss on perceptual, cognitive, communicative, educational, occupational, social, and emotional aspects of life, for all age ranges, are studied. Common intervention techniques associated with hearing loss are presented.

Attributes: Special Course Fee Required Varies by Term/Section

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 526 Voice and Resonance Disorders (3 crs)

- Dual-listed with CSD 326. Credit may not be earned in both courses. CSD 256 and CSD 353 or equivalent courses are required prior to enrollment in this course.

Normal aspects of respiration, phonation, and resonance. Causes and characteristics of various voice and resonance disorders. Introduction to the prevention, evaluation, and treatment of voice and resonance disorders. Introduction to speech/voice instrumentation.

Attributes: Special Course Fee Required Varies by Term/Section
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

SLHS 558 Speech Sound Disorders (3 crs)

- Dual-listed with CSD 358. Credit may not be earned in both courses. CSD 257 and CSD 262 or equivalent courses are required prior to enrollment in this course.

This course addresses the nature, assessment, and treatment of articulation and phonological disorders in children and dialect variations of speech-sound use in adults.

Attributes: Special Course Fee Required Varies by Term/Section
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

SLHS 578 Introduction to Sign Language (3 crs)

- Open to all students. Dual-listed with SLHS 378. Credit may not be earned in both courses.

An introduction to various systems of manual communication with a strong emphasis on developing beginning skills in Signing Exact English and fingerspelling.

Attributes: Special Course Fee Required Varies by Term/Section
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

SLHS 611 Facilitating Communication in Preschool Children (2 crs)

Prerequisite: SLHS 257 or equivalent course is required prior to enrollment in this course.

- Dual-listed with SLHS 411. Credit may not be earned in both courses.

Foundations for the evaluation of preschool children, program planning, and program implementation in early childhood/special needs classrooms. Focus includes contexts for communication, content and sequence of communication programs, and techniques for facilitating communication.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

SLHS 619 Introduction to AAC (2 crs)

Prerequisite: SLHS 257

- Dual-listed with SLHS 419. Credit may not be earned in both courses. No credit for Speech, Language, and Hearing Sciences comprehensive majors.

Classroom language applications using augmentative and assistive communication (AAC) tools and devices are explored for school age children with complex communication profiles. Current research, public policy issues, and effective clinical and educational practices will be emphasized.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

SLHS 640 Neurological Aspects of Communication & Cognition (3 crs)

- Dual-listed with CSD 440. Credit may not be earned in both courses. CSD 256 or equivalent course is required prior to enrollment in this course.

Neuroanatomical and neurophysiological bases of communication with an emphasis on normal aspects.

Attributes: Special Course Fee Required Varies by Term/Section
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

SLHS 648 Aphasia and Related Disorders (3 crs)

Prerequisite: SLHS 440/SLHS 640 or equivalent course is required prior to enrollment in this course.

Differential diagnosis and treatment of the aphasia and related language disorders.

Attributes: Special Course Fee Required Varies by Term/Section, SLHS MS
Online Flat Rate Tuition
Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

SLHS 685 Serving Diverse Populations (2 crs)

Prerequisite: SLHS 331 or concurrent enrollment

- Dual-listed with SLHS 485. Credit may not be earned in both courses. SLHS 331 or equivalent course is required prior to enrollment in this course.

This course will heighten students' awareness of issues in diversity and will also introduce students to knowledge and skills relevant to serving diverse populations across diversity dimensions, lifespan, and service settings.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 2
Lab/Studio Hours: 0

SLHS 695 Directed Studies (1-3 crs)

Consent: Department Consent Required

- *Dual-listed with CSD 495.*

Permits groups of students to study topics of mutual interest in the field of communication disorders.

Attributes: Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

SLHS 706 Language Assessment (3 crs)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor.

Assessment of language disorders: differences and delay addressed through representative case studies, contributing and perpetuating factors, test selection, test biases, hypothesis formulation, data interpretation, legal guidelines, and information dissemination explored.

Attributes: Special Course Fee Required Varies by Term/Section, SLHS MS Online Flat Rate Tuition

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 710 Clinical Methods in Speech-Language Pathology (3 crs)

Prerequisite: Limited to Speech-Language Pathology online graduate students.

- *Criminal background check and one week of face-to-face, in person, clinical lab required.*

Learn and practice clinical methods in speech-language pathology including: technology for diagnostics and treatment, compliance and reflection activities, operating within a medical setting, and collaborating across the discipline.

Attributes: Special Course Fee Required Varies by Term/Section, SLHS MS Online Flat Rate Tuition

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 1

SLHS 715 Research in Speech-Language Pathology (2 crs)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor.

Application of information about research procedures to the profession of speech-language pathology. Preparation of students to function as consumers and producers of research.

Attributes: SLHS MS Online Flat Rate Tuition

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SLHS 716 Essential Applications for Graduate Studies in Speech-Language Pathology (1 cr)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor.

Learn about and participate in activities associated with critical applications related to the field of speech-language pathology including: technology, principles of measurement, ASHA Code of Ethics, and professionalism/clinical disposition.

Attributes: Special Course Fee Required

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 0

Lab/Studio Hours: 2

SLHS 721 Seminar: Childhood Apraxia of Speech (1 cr)

Prerequisite: Limited to Speech-Language Pathology graduate students.

Addresses characteristics, assessment, intervention and issues related to childhood apraxia of speech.

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Seminar Hours: 1

SLHS 723 Speech Sound Disorders in Children (3 crs)

This course covers typical and atypical speech sound development, assessment and differential diagnosis of speech sound disorders (SSDs), and evidence-based treatment planning. Students will explore cleft lip/palate and velopharyngeal insufficiency (VPI), and demonstrate core clinical skills including oral mechanism exams, sound discrimination, and elicitation techniques.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 725 Counseling in Speech-Language Pathology (2 crs)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor.

Knowledge, skills, and attitudes important for speech-language pathologists in counseling individuals with communication disorders and their families.

Attributes: Special Course Fee Required Varies by Term/Section, SLHS MS

Online Flat Rate Tuition

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SLHS 726 Organic Voice and Speech Disorders (3 crs)

Prerequisite: Limited to students admitted to the Speech, Language, and Hearing Sciences (SLHS) graduate program or consent of instructor.

- *SLHS 326/SLHS 526 or equivalent course is required prior to enrollment in this course.*

Assessment and treatment of organic voice disorders; speech/voice rehabilitation after head and neck cancer; and nature, assessment, and treatment of craniofacial anomalies. Various syndromes with associated speech/voice disorders are covered.

Attributes: SLHS MS Online Flat Rate Tuition

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 727 Voice and Upper Airway Disorders (2 crs)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor.

This course will focus on the evaluation and treatment of voice disorders, including neurological voice disorders, upper respiratory disorders, gender-affirming voice care, and speech/voice rehabilitation after head and neck cancer.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SLHS 729 Augmentative and Assistive Communication (3 crs)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of the UWEC SLHS Department Chair and instructor.

Through this course students will develop an understanding of research-based concepts, strategies, and techniques pivotal to AAC assessment and intervention. Students will gain knowledge and skills of research-based cognitive-linguistic, educational, physical, and social factors for AAC users across the lifespan and their communication partners.

Attributes: SLHS MS Online Flat Rate Tuition

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 731 Seminar: Child/Adolescent Language Intervention (3 crs)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor.

- *SLHS 257 and SLHS 331 or equivalent courses are required prior to enrollment in this course.*

Focuses on intervention strategies, service delivery models, and current issues in providing services for children and adolescents with developmental language disorders, including autism spectrum disorder.

Attributes: Special Course Fee Required, Special Course Fee Required Varies by Term/Section, SLHS MS Online Flat Rate Tuition

Grading Basis: No S/U Grade Option

Seminar Hours: 3

SLHS 737 Dysphagia (3 crs)

Prerequisite: SLHS 440/640. Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor.

Typical and atypical anatomy and physiology of swallowing. Evaluation and treatment of swallowing disorders, with primary emphasis on the adult population. Discussion of issues in service delivery, treatment efficacy, and treatment ethics.

Attributes: Special Course Fee Required Varies by Term/Section, SLHS MS Online Flat Rate Tuition

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 743 Supervision and Clinical Instruction in Speech-Language Pathology (1 cr)

Prerequisite: No credit if taken after SLHS 744.

Consent: Department Consent Required

A detailed study of the variables related to supervision and clinical instruction in speech-language pathology. Topics include models of supervision, issues related to dispositions and generational mindsets, as well as providing formative and summative feedback to practicum students.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

SLHS 744 Supervision and Clinical Instruction in Speech-Language Pathology: Advanced Issues (1 cr)

Prerequisite: SLHS 743 or other intro supervision course.

Consent: Department Consent Required

A detailed study of the advanced variables related to supervision and clinical instruction in speech-language pathology. Topics include using technology and other tools for supervision and feedback, conflict resolution, multicultural issues, mentoring Clinical Year Fellowships, and self-assessment.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

SLHS 748 Motor Speech Disorders (3 crs)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor.

- *SLHS 440/SLHS 640 or equivalent course is required prior to enrollment in this course.*

Acquired and pediatric neurological motor speech disorders: syndrome recognition, differential diagnosis, treatment strategies, and case management issues.

Attributes: SLHS MS Online Flat Rate Tuition

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 749 Birth to 21 Methods in Speech-Language Pathology (4 crs)

Prerequisite: SLHS 769, 770 or 771 is required prior to enrollment in this course.

Roles, responsibilities, legislation, historical perspectives, and current events related to federally mandated services to children birth to 21 are the focus. Discussion and practical application focused on methods specific to working as a speech-language pathologist in birth-to-three and public school settings are addressed through culturally humble and anti-racist perspectives.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SLHS 750 Rehabilitation Methods in Speech-Language Pathology (2 crs)

Issues related to the rehabilitation processes including the structure of institutions, interdisciplinary approaches, documentation, and professional issues.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SLHS 752 Developmental Stuttering and Other Fluency Disorders (3 crs)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor

The developmental and acquired fluency disorders will be discussed. Primary emphasis will be placed on developmental stuttering. Topics will cover assessment and treatment across the lifespan.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 753 Developmental Stuttering and Other Fluency Disorders (2 crs)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor.

This course will introduce students to the concepts of fluency and disfluency. The main goal of this online course is to educate future speech pathologists who are competent in treating fluency disorders throughout the lifespan.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 2

Lab/Studio Hours: 0

SLHS 754 Acquired Cognitive-Communicative Disorders (3 crs)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor.

- *SLHS 440/SLHS 640 or concurrent enrollment or equivalent course is required prior to enrollment in this course.*

Nature of dementias, traumatic brain injury (TBI), and right hemisphere brain damage (RHBD). Principles and practices of assessment and intervention of cognitive-communication disorders in persons with dementia, TBI, or RHBD.

Attributes: SLHS MS Online Flat Rate Tuition

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 769 Graduate Clinical Practicum (1 cr)

Consent: Department Consent Required

Supervised clinical experience for graduate students in part-time practicum to earn an estimated 50 clock hours or more.

Attributes: Special Course Fee Required Varies by Term/Section, SLHS MS Online Flat Rate Tuition

Repeat: Course may be repeated for a maximum of 4 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

SLHS 770 Clinical Practicum in Speech-Language Pathology II (2 crs)

Consent: Department Consent Required

Supervised clinical experience for graduate students in part-time practicum to earn an estimated 100 clock hours or more.

Attributes: SLHS MS Online Flat Rate Tuition

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

SLHS 771 Clinical Practicum in Speech-Language Pathology III (3 crs)

Consent: Department Consent Required

Supervised clinical experience for graduate students in part-time practicum to earn an estimated 150 clock hours or more.

Attributes: Special Course Fee Required Varies by Term/Section, SLHS MS Online Flat Rate Tuition

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

SLHS 774 Pediatric Dysphagia (1 cr)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor.

- *SLHS 440/SLHS 640 or concurrent enrollment or equivalent course is required prior to enrollment in this course.*

Nature, assessment, and treatment of pediatric dysphagia.

Attributes: Special Course Fee Required Varies by Term/Section, SLHS MS Online Flat Rate Tuition

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

SLHS 775 Professional Practice in Speech-Language Pathology (1 cr)

Prerequisite: Limited to students admitted to the Speech-Language Pathology graduate program or consent of instructor.

Consent: Instructor Consent Required

This course is to deepen your understanding of professionalism in the field of speech-language pathology as well as engage in practical applications of professionalism including but not limited to: reflection and self-assessment of cultural competence, ethical decision making using the American Speech-Language and Hearing Association's Code of Ethics, evidence-based practice and interdisciplinary work, clinical supervision and education, advocacy for clients and the profession, contemporary issues in speech-language pathology, and credentialing and licensing.

Attributes: SLHS MS Online Flat Rate Tuition

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 0

SLHS 780 Externship in Speech-Language Pathology -Educational Settings (5 crs)

Prerequisite: Grade of B or above in all enrollments in SLHS 769, SLHS 770 and SLHS 771.

- *Criminal background check required.*

Professional clinical experience for nine weeks in a cooperating educational setting under the supervision of a state and nationally-certified speech-language pathologist, as well as appropriately-credentialed University personnel.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 10 credits

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Practicum Hours: 100

SLHS 781 Externship in Speech-Language Pathology ---Non-School Setting (5 crs)

Prerequisite: Grade of B or above in all enrollments in SLHS 769, SLHS 770 and SLHS 771.

- *Criminal background check required.*

Professional clinical experience for nine weeks in a cooperating hospital, residential treatment center, and/or rehabilitation agency under the supervision of a state and nationally-credentialed speech-language pathologist, as well as appropriately-credentialed University personnel.

Attributes: Internship, Special Course Fee Required Varies by Term/Section, SLHS MS Online Flat Rate Tuition

Repeat: Course may be repeated for a maximum of 10 credits

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Practicum Hours: 100

SLHS 793 Seminar: Selected Topics (1-3 crs)

Consent: Instructor Consent Required

Permits groups of graduate students to study topics of mutual interest in the field of communication disorders.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

SLHS 797 Independent Study (1-3 crs)

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

SLHS 798 Graduation Only (1 cr)

Repeat: Course may be repeated

Grading Basis: PR Only Grade Basis

SLHS 799 Thesis (1-6 crs)

- Full-time equivalent.

A description of acceptable topics and the precise nature of the thesis requirement is provided in the departmental program descriptions.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: PR Only Grade Basis

Theatre Arts (THEA)

THEA 101 Theatre Appreciation (3 crs)

- No credit toward theatre arts majors.

A study of the process of theatrical production—from page to the stage—and its relevance as a form of cultural expression in the contemporary world.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 121 Introduction to Technical Theatre (3 crs)

Theory and practical application in basic phases of technical theatre production, including scenic, electric, and costume construction.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 124 Costume Technology (3 crs)

A lecture/laboratory course in costume construction and sewing for the stage. Principles of patterning, fabric dying, shop safety, and costume crafts addressed.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

THEA 130 Acting I (3 crs)

Theory and practical applications of basic acting skills through exercises, improvisation and scripted scenes.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 151 Costume Shop Practicum (1 cr)

A practical learning experience of the costume shop area of a theatrical shop.

Repeat: Course may be repeated for a maximum of 8 credits

Lab/Studio Hours: 0

Practicum Hours: 3

THEA 152 Scenic Shop Practicum (1 cr)

A practical learning experience of the production area of a theatrical shop.

Repeat: Course may be repeated for a maximum of 8 credits

Lab/Studio Hours: 0

Practicum Hours: 3

THEA 153 Light/Sound Shop Practicum (1 cr)

A practical learning experience of the production area of a theatrical shop.

Repeat: Course may be repeated for a maximum of 8 credits

Lab/Studio Hours: 0

Practicum Hours: 3

THEA 170 Acting-Minor Roles/Chorus (1 cr)

Consent: Department Consent Required

Participation in theatrical productions.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 8

THEA 171 Assistant Stage Manager (1 cr)

Consent: Department Consent Required

Participation in theatrical productions.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 8

THEA 172 Scenic Construction Crew (1 cr)

Consent: Department Consent Required

Participation in theatrical productions.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 8

THEA 173 Light/Sound Board Operator (1 cr)

Consent: Department Consent Required

Participation in theatrical productions.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 8

THEA 174 Costume Crew (1 cr)

Consent: Department Consent Required

Participation in theatrical productions.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 8

THEA 175 Stage/Properties Crew (1 cr)

Consent: Department Consent Required

Participation in theatrical productions.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 8

THEA 176 Makeup Crew (1 cr)

Consent: Department Consent Required

Participation in theatrical productions.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 8

THEA 177 Publicity Crew (1 cr)

Consent: Department Consent Required

Participation in theatrical productions.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 8

THEA 178 Electrics Crew (1 cr)

Consent: Department Consent Required

Participation in theatrical productions.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 8

THEA 179 Special Effects/Sound Facilitator (1 cr)

Consent: Department Consent Required

Participation in theatrical productions.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 8

THEA 220 Stage Makeup (3 crs)

A hands-on exploration of the materials, principles, and techniques used in makeup design/application for the stage to achieve a variety of character effects.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

THEA 221 Introduction to Design (3 crs)

Prerequisite: THEA 121

Introduction to all elements of design culminating in a theoretical project across all major design disciplines. This course builds on the foundational knowledge established in Theatre 121.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 223 Voice and Diction (3 crs)

Study of voice and articulation for actors and other performers. Exercises designed for the development of relaxed, controlled, and articulate speech for performance.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

THEA 231 Acting II (3 crs)

Prerequisite: THEA 130

A course in textual examination for performance, focusing on formalist and action analysis.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, LE-S3 Creativity

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 239 Stage Movement (3 crs)

Introduction to basics of stage movement aimed primarily at developing skill and expressiveness in acting. Follows an active, learning-through-participation approach.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

THEA 271 Stage Management (3 crs)

Prerequisite: THEA 121, THEA 130.

An introduction to the preparation and practice of stage and production management.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 291 Special Topics (1-3 crs)

• See current Class Schedule for topic, prerequisites, and restrictions.

Topic and content to be determined by Theatre Arts faculty, based upon student interest and need. Possible topics include Dance for Theatre, Script Analysis, or study and analysis of plays representing a specific era or genre.

THEA 300 Leadership in the Arts (3 crs)

Students learn about the principles of leadership in the arts and apply them to real-world contexts. Students learn about strategic and organizational planning, as well as leadership and management styles, while simultaneously working on actual arts administration projects in partnership with university and community arts organizations.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 302 Theatre History to 1875 (3 crs)

Prerequisite: Minimum sophomore standing

A survey of theatre history through the lens of dramatic literature, Classical Greece to 1875.

Attributes: HA Humanities Arts, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 303 Theatre History Since 1875 (3 crs)

Prerequisite: Minimum sophomore standing

A survey of theatre history through the lens of dramatic literature, 1875 to the present.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 314 Feminist Theatre (3 crs)

• Credit may not be earned in both THEA 314 and WGSS 314.

A survey of various expressions of feminist theatre from several locales (Latin America, Europe, Britain, and the U.S.) 1960 to the present.

Attributes: HA Humanities Arts, LE-I1 Integration, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 318 Contemporary Drama (3 crs)

Prerequisite: Minimum of sophomore standing.

An intensive study of Western dramatic literature of the 20th and 21st centuries with emphasis on the social, artistic/literary, and historical contexts of each play.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 320 American Musical Theatre (3 crs)

The history and development of contemporary musical theatre, including the study of major productions and collaborators.

Attributes: HA Humanities Arts, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 321 Scenic Design (3 crs)

Prerequisite: THEA 121 and THEA 221 or consent of instructor.

Analysis of scripts and elements of design. Development of creativity, understanding various design elements as related to production styles. Experience in construction of scenic models, drafting, and practical projects in computer design and imaging.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

THEA 323 Historical Stage Design (3 crs)

This course examines the history of theatrical stage design through the lens of developments in interiors, furniture, art, and architecture from Ancient Egypt to the present.

Attributes: HA Humanities Arts, LE-I1 Integration, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 324 Costume Design (3 crs)

Prerequisite: THEA 121 and THEA 221

Introduction to the theory and practice of costume design. Includes instruction of period research, rendering techniques, and the process of costume design for script analysis, leading to the design of a workable stage costume.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

THEA 327 Lighting Design (3 crs)

Prerequisite: THEA 121 and THEA 221 or consent of instructor.

Analysis of light and the written word; development of creativity; understanding use of light in art; and relationship of light to acting and design. Practical projects and work in computer design and imaging.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

THEA 330 Acting III (3 crs)

Prerequisite: THEA 130, THEA 231

An advanced scene study course focusing on character development, textual analysis, and dramatic conflict in Realism.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

THEA 331 Styles in Acting (3 crs)

Prerequisite: THEA 130, THEA 231

A study of acting styles. Emphasis placed on vocal and physical approaches to the following period styles: Greek, Elizabethan, Restoration, Commedia Dell'Arte, and Absurdism.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

THEA 332 Directing (3 crs)

Prerequisite: THEA 121; THEA 130; THEA 221 or consent of instructor.

Principles and fundamentals of stage directing including analysis, staging and rehearsal techniques with emphasis on laboratory scene work.

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

THEA 335 Drama in Education (3 crs)

An introduction to the theory and practice of a variety of Drama-in-Education techniques for use in elementary and secondary classrooms, as well as community contexts.

Attributes: LE-S3 Creativity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 344 Survey of Historical Costumes (3 crs)

Historic survey of the development of clothing and theatrical costumes from ancient Egyptians to the present day.

Attributes: LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 351 Advanced Costume Shop Practicum (1 cr)

Prerequisite: THEA 151

Consent: Instructor Consent Required

Advanced practical learning experience of a theatrical shop. Students will be expected to use shop skills learned in Theatre 151 to work in a specific shop area or special project.

Repeat: Course may be repeated for a maximum of 8 credits

Lab/Studio Hours: 0

Practicum Hours: 3

THEA 352 Advanced Scenic Shop Practicum (1 cr)

Prerequisite: THEA 152

Consent: Instructor Consent Required

Advanced practical learning experience of a theatrical shop. Students will be expected to use shop skills learned in Theatre 152 to work in a specific shop area or special project.

Repeat: Course may be repeated for a maximum of 8 credits

Lab/Studio Hours: 0

Practicum Hours: 3

THEA 353 Advanced Light/Sound Shop Practicum (1 cr)

Prerequisite: THEA 153

Consent: Instructor Consent Required

Advanced practical learning experience of a theatrical shop. Students will be expected to use shop skills learned in Theatre 153 to work in a specific shop area or special project.

Repeat: Course may be repeated for a maximum of 8 credits

Lab/Studio Hours: 0

Practicum Hours: 3

THEA 370 Acting-Major Roles (1 cr)

Consent: Department Consent Required

Participation in theatrical productions.

Attributes: Activity

Repeat: Course may be repeated for a maximum of 4 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 8

THEA 371 Stage Manager/Assistant Director/Assistant Choreographer (1 cr)

Consent: Department Consent Required
Participation in theatrical productions.

Attributes: Activity
Repeat: Course may be repeated for a maximum of 4 credits
Lecture/Discussion Hours: 0
Lab/Studio Hours: 8

THEA 372 Assistant Scenic Design/Assistant Technical Direction (1 cr)

Consent: Department Consent Required
Participation in theatrical productions.

Attributes: Activity
Repeat: Course may be repeated for a maximum of 4 credits
Lecture/Discussion Hours: 0
Lab/Studio Hours: 8

THEA 373 Assistant Lighting Design (1 cr)

Consent: Department Consent Required
Participation in theatrical productions.

Attributes: Activity
Repeat: Course may be repeated for a maximum of 4 credits
Lecture/Discussion Hours: 0
Lab/Studio Hours: 8

THEA 374 Assistant Costume Design/Shop Supervisor (1 cr)

Consent: Department Consent Required
Participation in theatrical productions.

Attributes: Activity
Repeat: Course may be repeated for a maximum of 4 credits
Lecture/Discussion Hours: 0
Lab/Studio Hours: 8

THEA 375 Properties Coordinator (1 cr)

Consent: Department Consent Required
Participation in theatrical productions.

Attributes: Activity
Repeat: Course may be repeated for a maximum of 4 credits
Lecture/Discussion Hours: 0
Lab/Studio Hours: 8

THEA 376 Makeup Design (1 cr)

Consent: Department Consent Required
Participation in theatrical productions.

Attributes: Activity
Repeat: Course may be repeated for a maximum of 4 credits
Lecture/Discussion Hours: 0
Lab/Studio Hours: 8

THEA 377 Publicity/Program Design (1 cr)

Consent: Department Consent Required
Participation in theatrical productions.

Attributes: Activity
Repeat: Course may be repeated for a maximum of 4 credits
Lecture/Discussion Hours: 0
Lab/Studio Hours: 8

THEA 378 Lead Electrician (1 cr)

Consent: Department Consent Required
Participation in theatrical productions.

Attributes: Activity
Repeat: Course may be repeated for a maximum of 4 credits
Lecture/Discussion Hours: 0
Lab/Studio Hours: 8

THEA 379 House Manager (1 cr)

Consent: Department Consent Required
Participation in theatrical productions.

Attributes: Activity
Repeat: Course may be repeated for a maximum of 4 credits
Lecture/Discussion Hours: 0
Lab/Studio Hours: 8

THEA 395 Directed Studies (1-3 crs)

Consent: Department Consent Required
Studies of topics in problems in Theatre Arts or Interpretation. Focus of course is different each time it is offered.

Repeat: Course may be repeated

THEA 399 Independent Study - Juniors (1-3 crs)

Prerequisite: Minimum junior standing.
Consent: Department Consent Required
Individual project under the direction of a faculty member.

Repeat: Course may be repeated

THEA 414 Playwriting (3 crs)

Prerequisite: Junior standing or above.

Practical experience in dramatic writing. Emphasis on creating characters, building plots, and constructing dialogue.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 421 Touring Theatre (3 crs)

Prerequisite: THEA 121 and THEA 130.

Consent: Instructor Consent Required

The rehearsal, production, and tour of a theatre for youth production for area elementary or secondary schools.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

THEA 422 Play Production: Technical (3 crs)

Prerequisite: THEA 121 or consent of instructor.

Contemporary trends in staging and the production problems arising from new types of stages and plays written for conventional stage.

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 2

Lab/Studio Hours: 2

THEA 432 Advanced Directing (3 crs)

Prerequisite: THEA 332

Advanced-level study of directing and the director's role in the production process. Culminates in the production of short plays for the main stage season.

Lecture/Discussion Hours: 0

Lab/Studio Hours: 6

THEA 434 Theatre Arts Management (3 crs)

Prerequisite: Junior standing.

The management of theatre in school and community including developing skills for creating demand for the product, budgeting time and facilities, marketing, promotion, funding, and career expectations.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

THEA 490 Theatre Arts Seminar (1-3 crs)

• See current Class Schedule for topic and prerequisites.

Exploration of advanced topic for majors and minors in Theatre Arts. Possible topics include "Auditioning," "Contemporary Drama," "Costume Design," and "Playwriting."

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 12 credits

THEA 498 Theatre Arts Internship (1-3 crs)

Prerequisite: Limited to theatre arts majors and minors and students enrolled in the Arts Administration Certificate and the Recording Arts Certificate programs.

Consent: Instructor Consent Required

Practical experience in a professional or community-based theatrical, cultural, or educational organization or business. Students will extend knowledge and skills gained in prior courses.

Attributes: LE-CEL Community-Engaged Learning, LE-I1 Integration, Undergraduate/Graduate Offering, Internship

Repeat: Course may be repeated for a maximum of 6 credits

THEA 499 Independent Study - Seniors (1-3 crs)

Prerequisite: Minimum senior standing.

Consent: Department Consent Required

Individual project under the direction of a faculty member.

Repeat: Course may be repeated

THEA 690 Theatre Arts Seminar (1-3 crs)

• Dual-listed with THEA 490. See current Class Schedule for topic and prerequisites.

Exploration of advanced topic for majors and minors in Theatre Arts. Possible topics include "Auditioning," "Contemporary Drama," "Costume Design," and "Playwriting."

Repeat: Course may be repeated for a maximum of 12 credits

Grading Basis: No S/U Grade Option

THEA 698 Theatre Arts Internship (1-3 crs)

Consent: Instructor Consent Required

• Dual-listed with THEA 498.

Practical experience in a professional or community-based theatrical, cultural, or educational organization or business. Students will extend knowledge and skills gained in prior courses.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

THEA 797 Independent Study (1-3 crs)

Consent: Department Consent Required
Individual project under the direction of a faculty member.

Repeat: Course may be repeated
Grading Basis: No S/U Grade Option

Women's, Gender, and Sexuality Studies (WGSS)

WGSS 100 Introduction to Women's, Gender, and Sexuality Studies (3 crs)

Prerequisite: No credit after WGSS 301

This course examines how feminist scholarship offers critical tools for understanding how lived experiences of gender, race, class, sex, and sexuality intersect with colonial, capitalist, and other systems of power.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 111 Gender, Race, Class, and Communication: The Social Construction of Identity (3 crs)

• Credit may not be earned in both CJ 111 and WGSS 111.

Students investigate ways in which perceptions of, and experiences with, gender, race, and class are communicatively constructed. Focus on communication theories and methods and how gender, race, and class influence personal, group, and organizational communication.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-I1 Integration, LE-R1 Equity, Diversity, and Inclusivity
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 202 Sociology of Gender (3 crs)

• Credit may not be earned in both SOC 202 and WGSS 202.

Explores sexism and cisgender privilege in social institutions in the U.S. and globally using a social constructionist and intersectional approach.

Attributes: CP Civics Perspectives, LE-R1 Equity, Diversity, and Inclusivity
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 203 Women and World Religions (3 crs)

• Credit may not be earned in both RELS 203 and WGSS 203. No credit if taken after ANTH 354 or RELS 354.

Survey of women's religious lives. Impact of patriarchy is examined and compared to matrilineal societies. Feminist reading of religious texts is explored.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 205 American Women's History (3 crs)

• Credit may not be earned in both HIST 205 and WGSS 205.

A survey of the history of women from precolumbian America to the present. Provides a basis for understanding the historical experience of women from diverse cultural origins including Native American, African American, Asian American, Latin American, and Euro American women.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 206 Perspectives in LGBTQ Studies (3 crs)

Interdisciplinary and cross-cultural examination of heterosexism, LGBTQ social movements, and social policies that affect LGBTQ rights through the lenses of feminist and queer theories. Exposure to LGBTQ representations in literature, media, film, and popular culture.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 210 Contemporary Feminisms (3 crs)

Examines the literature, culture, and issues of contemporary feminisms by analyzing representative texts on activism, and the intersection of gender, sexuality, racism, classism within the context and influences of previous movements.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R3 Civic and Environmental Issues
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 215 African-American Feminism in the Humanities (3 crs)

Materials from several academic disciplines (women's, gender, and sexuality studies, English language and literature, history, and cultural studies) will examine feminist perspectives on various topics from an African-American standpoint.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 222 Women's, Gender, and Sexuality Studies Introductory Travel Seminar (1-3 crs)

Prerequisite: One WGSS course or its equivalent as approved by the instructor.
Consent: Instructor Consent Required
Introductory study of topics and issues in women's, gender, and sexuality studies with domestic or international travel to locations that relate specifically to the selected topic or issues. Topics, issues, locales, and other academic experiences vary by offering.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section
Repeat: Course may be repeated for a maximum of 6 credits

WGSS 224 Music and Gender (3 crs)

• *Credit may not be earned in both MUSI 224 (formerly MUSI 306) and WGSS 224 (formerly WMNS 306).*

Addresses the relationship between music and gender, how music reflects and influences gender construction, and the role of women in musical culture (composers, song-writers, performers, and patrons). No prior knowledge of music assumed.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K4 Fine Arts, LE-R1 Equity, Diversity, and Inclusivity
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 250 Feminist Research Methodologies (3 crs)

Prerequisite: WGSS 100 or WGSS 301; or consent of instructor.
Students explore the social construction of knowledge, compare feminist and adocentric research methods; examine feminist scholarship across disciplines; and integrate scholarly and applied research with social justice work by identifying community needs.

Grading Basis: No S/U Grade Option
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 260 Masculinity Studies and Feminist Theories (3 crs)

Explores various topics associated with masculinity or manhood within a pro-feminist framework from several academic disciplines, such as women's, gender, and sexuality studies, English, history, philosophy, religious studies, psychology, and/or sociology.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity
Repeat: Course may be repeated for a maximum of 6 credits
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 265 Women's Health Issues (3 crs)

• *Credit may not be earned in both NRSRG 265 and WGSS 265. Open to all majors.*

Explores a wide range of women's health issues within the context of developmental changes, environmental influences, normal health processes, wellness, and health concerns. Examines health promotion, cultural diversity, and social relations of gender related to women's health.

Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 296 Perspectives on Women's Literature (3 crs)

• *Credit may not be earned in both ENGL 296 and WGSS 296 unless topics differ. See current Class Schedule for specific theme or topic.*

Analyzes representative texts by women. Attention given to historical and critical/theoretical questions relevant to understanding women's achievements in such areas as writing for literary fame, artistic creation, religious expression, political resistance, and economic survival.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity
Repeat: Course may be repeated for a maximum of 6 credits
Lecture/Discussion Hours: 3
Lab/Studio Hours: 0

WGSS 297 Student Academic Experience (1-3 crs)

Consent: Department Consent Required
• *A grade of B or above in the course in which the student will be assisting.*

Qualified students, selected and closely supervised by faculty members, facilitate teaching and learning in a specific Women's, Gender, and Sexuality Studies or cross-listed course.

Repeat: Course may be repeated for a maximum of 3 credits
Grading Basis: A-F Grades Only

WGSS 300 Introduction to Feminist Theories (3 crs)

Prerequisite: WGSS 100 or WGSS 301 or consent of instructor. No credit if taken after WMNS 305/ WMNS 505.

Explore a range of feminist intellectual traditions in their original contexts and develop theoretical analyses of contemporary issues.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 306 Transgender Activism and Cultural Production (3 crs)

Prerequisite: WGSS 100 or WGSS 206

• *No credit if taken after WGSS 308 when offered as Transgender Activism and Cultural Production.*

This course explores how transgender activism, by addressing various social justice issues (e.g., gender-based violence, access to health care, misogyny, equity in employment), enriches and complicates transgender cultural production in the entertainment industry, performance and visual arts, sports, queer nightlife, and social media, among other spheres.

Attributes: HA Humanities Arts, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lab/Studio Hours: 0

Seminar Hours: 3

WGSS 308 Topics in LGBTQ Studies (3 crs)

Prerequisite: WGSS 206 or WGSS 406 or consent of instructor.

This course provides students with an opportunity to investigate a specific topic in LGBTQ Studies. Topics studied vary from semester to semester.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 310 Gender and Violence (3 crs)

Prerequisite: No credit if taken after WMNS 480, Women and Violence.

Analysis of the gendered nature of violence, intersectional systems of privilege and oppression, interpersonal and social/systemic structures.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 313 Gender, Sex, and Science in European History (3 crs)

Prerequisite: Six credits of history and/or women's, gender, and sexuality studies, or junior standing, or consent of the instructor.

• *Credit may not be earned in both HIST 313 and WGSS 313.*

This course examines recent scholarship in European history on gender, sexuality, science, and the body. It focuses on the historical construction of gender and sexuality, the gendering of science, inclusion/exclusion in academic and scientific work.

Attributes: CP Civics Perspectives, LE-R1 Equity, Diversity, and Inclusivity, LE-R2 Global Perspectives, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 314 Feminist Theatre (3 crs)

• *Credit may not be earned in both THEA 314 and WGSS 314.*

A survey of various expressions of feminist theatre from several locales (Latin America, Europe, Britain, and the U.S.) 1960 to the present.

Attributes: HA Humanities Arts, LE-I1 Integration, LE-K4 Fine Arts

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 315 Women of Color Feminisms (3 crs)

Prerequisite: WGSS 100 or consent of instructor.

Examines the historical, systemic, and interlocking politics of gender, race, sexuality, class, and nation in the lives of U.S. Women of Color. Interdisciplinary writings are assigned, presenting Women of Color feminisms as a field, a framework, and a method.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 317 Diversity & Communication: Organizational & Media Contexts (3 crs)

Prerequisite: Minimum sophomore standing.

• *Credit may not be earned in both CJ 317 and WGSS 317.*

Reading, writing, and discussion about how gender, race, class, sexual orientation, (dis)ability, and psychographics intersect in organizational and media contexts. Emphasizes collaborative learning, research, and activism to analyze perceptions, language choices, and behaviors surrounding diversity.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 332 Women in African Literature (3 crs)

- *Credit may not be earned in both ENGL 332 and WGSS 332.*

Using cultural and historical perspectives, the course interprets images of women in African literature, emphasizing how the experiences of phases of colonialism have continued to transform women's images, roles, and prospects in society.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 335 Transnational Feminism (3 crs)

Prerequisite: WGSS 100 or consent of instructor.

Transnational feminism offers critical tools for analyzing systems of oppression and the exercise of power in a globalizing world.

Attributes: CP Civics Perspectives, LE-R1 Equity, Diversity, and Inclusivity, LE-R2 Global Perspectives, Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lab/Studio Hours: 0

Seminar Hours: 3

WGSS 336 Psychology of Women (3 crs)

Prerequisite: PSYC 100 and minimum sophomore standing.

- *Credit may not be earned in both PSYC 336 and WGSS 336.*

Advanced undergraduate/graduate seminar designed to examine how both traditional and feminist psychological theories and research apply to women's lives. Topics include sexuality, violence, gender roles, work, relationships, body image, reproduction, motherhood, and sexual orientation.

Attributes: LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 344 Women, Work and Family (3 crs)

Prerequisite: Minimum sophomore standing.

- *No credit if taken after WGSS 433 when offered as Women & Work-Family Issues.*

Feminist analysis of work-family issues with emphasis on women's experiences. Contemporary and/or historical perspectives on intersections of work and family, potentially including multicultural, social, psychological, economic, queer, and/or additional perspectives will be explored.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 345 Black Feminist and Black Queer Studies (3 crs)

- *No credit if taken after WGSS 215 when offered as Black Feminist and Black Queer Studies.*

This course will introduce students to interdisciplinary research in the academic fields of Black Feminist Studies and Black Queer Studies that critically examines the social justice activism, public intellectualism, and cultural productions of Black women and Black LGBTQ+ people in the United States.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 348 Black Psychology (3 crs)

Prerequisite: PSYC 100

- *Credit may not be earned in both WGSS/PSYC 348. No credit if taken after PSYC 491 when offered as Black Psychology.*

An in-depth study of theories and research concerning the Black lived experience in modern American society from a culturally relevant and appropriate perspective. A range of topics that pertain to the psychological experiences of African Americans such as racism and discrimination, achievement and schooling, kinship and family, racial identity, religion and spirituality, and African American mental health will be discussed.

Attributes: CP Civics Perspectives, LE-DDIV Design for Diversity, LE-K2 Social Sciences, LE-R1 Equity, Diversity, and Inclusivity, Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 351 Women and Politics (3 crs)

- *Credit may not be earned in both POLS 351 and WGSS 351.*

Analysis of women's roles and participation in politics: as citizens, voters, candidates, and officeholders. The impact of feminism and the women's movement on issues and policymaking.

Attributes: Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 352 Gender and Politics in Global Perspective (3 crs)

- *Credit may not be earned in both POLS 352 and WGSS 352.*

This course surveys important topics in the study of gender and politics in global perspective.

Attributes: CP Civics Perspectives, LE-K2 Social Sciences, LE-R2 Global Perspectives

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 365 Intersectionality: Critical Approaches to Identity and Injustice (3 crs)

Prerequisite: HMNG 130 or WGSS 100.

- *Credit may not be earned in both HMNG/WGSS 365. No credit if taken after WGSS 434 when offered as "Intersectionality: Critical Approaches to Identity and Injustice."*

Uses an interdisciplinary humanities approach to critically examine the concept of intersectionality and its applications and implications on identities, historical and contemporary injustice, and social issues.

Attributes: CP Civics Perspectives, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 377 Philosophy and Feminism (3 crs)

Prerequisite: One course in philosophy or women's, gender, and sexuality studies.

- *Credit may not be earned in both PHIL 377 and WGSS 377.*

A study of recent trends in feminist philosophy with emphasis upon feminist thinking in the areas of ethics, social philosophy, and theory of knowledge.

Attributes: HA Humanities Arts, LE-K3 Humanities, LE-R1 Equity, Diversity, and Inclusivity

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 391 Special Topics (3 crs)

Prerequisite: WGSS 100 or consent of instructor.

This course provides students with an opportunity to investigate a specific topic in Women's, Gender, and Sexuality Studies. Topics studied vary from semester to semester.

Repeat: Course may be repeated for a maximum of 6 credits

Lecture Hours: 3

Lab/Studio Hours: 0

WGSS 394 Studies in the History of Women (1-3 crs)

Selected aspects depending on student interest and staff. Number of credits assigned will vary according to nature of topic. Possible topics include a survey of entire history of women in Western world or women in American history. Consult Class Schedule or department office for current offering.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

WGSS 395 Directed Studies (1-3 crs)

Prerequisite: Minimum junior standing.

Consent: Department Consent Required

Study of a women's, gender, and sexuality studies problem or topic approved by supervising instructor and women's, gender, and sexuality studies director. May address individual or group projects for exploration of topical issues or questions confronted in other courses. Ordinarily, this course will involve only students who have completed some Women's, Gender, and Sexuality Studies coursework.

Attributes: Undergraduate/Graduate Offering

Repeat: Course may be repeated

WGSS 396 Studies in Women's Literature (3 crs)

- *Credit may not be earned in both ENGL 396 and WGSS 396 unless topics differ.*

See current Class Schedule for specific theme or topic.

Study of a particular problem, genre, or literary period within that literature written by or about women, such as "Our Literary Foremothers" or "Jane Eyre's Literary Daughters".

Repeat: Course may be repeated for a maximum of 9 credits

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 397 Student Academic Apprenticeship in Women's, Gender, and Sexuality Studies (1-3 crs)

Prerequisite: WGSS 100 or WGSS 301. Limited to Women's, Gender, and Sexuality Studies majors and minors. Minimum GPA of 3.5 in WGSS courses.

Consent: Department Consent Required

Qualified students, selected and closely supervised by faculty members, facilitate teaching and learning in a specific Women's, Gender, and Sexuality Studies or cross-listed course.

Repeat: Course may be repeated for a maximum of 3 credits

Grading Basis: A-F Grades Only

WGSS 406 Queer Theories and Sexual Politics (3 crs)

Prerequisite: WGSS 200 or WGSS 206 or 3 credits from WGSS courses or consent of instructor

- *With permission of the instructor, a feminist theory course in another discipline may fulfill the prerequisite.*

Seminar addresses theoretical and political debates that confront the institution of heterosexuality. Queer theorists contextualize gender and sexualities within LGBTQ social movements for civil rights. Explores intersectionality of LGBTQ oppression (heterosexism) with other social forces.

Attributes: Undergraduate/Graduate Offering

Lab/Studio Hours: 0

Seminar Hours: 3

WGSS 419 Gender and Power (3 crs)

Prerequisite: SOC 101 or WGSS 100

- *Credit may not be earned in both SOC 419 and WGSS 419.*

Sociological analysis of gender oppression and cisgender privilege in interactions, organizations, and institutions. Examines national and global gender inequities.

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 422 Women's, Gender, and Sexuality Studies Advanced Travel Seminar (1-6 crs)

Prerequisite: One WGSS course and minimum junior standing.

Consent: Instructor Consent Required

In-depth study of topics and issues in women's, gender, and sexuality studies with domestic or international travel to locations that relate specifically to the selected topic or issue. Topics, issues, locales, and other academic experiences vary by course offering.

Attributes: Field Trip(s) Required, Special Course Fee Required Varies by Term/Section

Repeat: Course may be repeated for a maximum of 6 credits

WGSS 490 Feminist Analysis and Practices: Interdisciplinary Themes (3 crs)

Prerequisite: WGSS 100 and WGSS 300; or consent of instructor

Comparative study of the theories and methodologies of feminist scholarship, from historical, intersectional, multidisciplinary, and cross-cultural perspectives. Examines theoretical foundations, contemporary debates, and current research practices in feminism. Themes and topics vary each year.

Attributes: LE-11 Integration, LE-S3 Creativity, Undergraduate/Graduate Offering

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 498 Women's, Gender, and Sexuality Studies Internship (1-3 crs)

Prerequisite: At least 6 credits in WGSS-only prefix courses. Limited to Women's, Gender, and Sexuality Studies majors, minors and certificate students, and LGBTQ certificate students. Minimum junior standing.

Consent: Department Consent Required

Students are required to engage in an internship in the community. This internship is a supervised application and examination of Women's, Gender, and Sexuality Studies theory in a professional setting related to a student's area of interest.

Attributes: Undergraduate/Graduate Offering, Internship

Repeat: Course may be repeated for a maximum of 6 credits

WGSS 508 Topics in LGBTQ Studies (3 crs)

Prerequisite: WGSS 206 or WGSS 406 or consent of instructor.

- *Dual-listed with WGSS 308*

This course provides students with an opportunity to investigate a specific topic in LGBTQ Studies. Topics studied vary from semester to semester.

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 513 Gender, Sex, and Science in European History (3 crs)

- *Dual-listed with WGSS/HIST 313/513. Credit may only be earned in one of these courses.*

This course examines recent scholarship in European history on gender, sexuality, science, and the body. It focuses on the historical construction of gender and sexuality, the gendering of science, inclusion/exclusion in academic and scientific work.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 535 Transnational Feminism (3 crs)

Prerequisite: WGSS 100 or consent of instructor.

- *Dual-listed with WGSS 335. Credit may not be earned in both courses.*

Transnational feminism offers critical tools for analyzing systems of oppression and the exercise of power in a globalizing world.

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Seminar Hours: 3

WGSS 536 Psychology of Women (3 crs)

- *Dual-listed with PSYC/WGSS 336/536. Credit may only be earned in one of these courses.*

Advanced undergraduate/graduate seminar designed to examine how both traditional and feminist psychological theories and research apply to women's lives. Topics include sexuality, violence, gender roles, work, relationships, body image, reproduction, motherhood, and sexual orientation.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 544 Women, Work and Family (3 crs)

• Dual-listed with WGSS 344. Credit may not be earned in both courses. No credit if taken after WGSS 433 when offered as Women & Work-Family Issues.

Feminist analysis of work-family issues with emphasis on women's experiences. Contemporary and/or historical perspectives on intersections of work and family, potentially including multicultural, social, psychological, economic, queer, and/or additional perspectives will be explored.

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 548 Black Psychology (3 crs)

Prerequisite: PSYC 100

• Dual-listed with WGSS/PSYC 348/548. Credit may only be earned in one of these courses. No credit if taken after PSYC 491 when offered as Black Psychology.

An in-depth study of theories and research concerning the Black lived experience in modern American society from a culturally relevant and appropriate perspective. A range of topics that pertain to the psychological experiences of African Americans such as racism and discrimination, achievement and schooling, kinship and family, racial identity, religion and spirituality, and African American mental health will be discussed.

Attributes: Undergraduate/Graduate Offering

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 594 Studies in the History of Women (1-3 crs)

• Dual-listed with WGSS/HIST 394/594.

Selected aspects depending on student interest and staff. Number of credits assigned will vary according to nature of topic. Possible topics include a survey of entire history of women in Western world or women in American history. Consult Class Schedule or department office for current offering.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

WGSS 595 Directed Studies (1-3 crs)

Consent: Department Consent Required

• Dual-listed with WGSS 395.

Study of a women's, gender, and sexuality studies problem or topic approved by supervising instructor and women's, gender, and sexuality studies director. May address individual or group projects for exploration of topical issues or questions confronted in other courses. Ordinarily, this course will involve only students who have completed some Women's, Gender, and Sexuality Studies coursework.

Repeat: Course may be repeated

Grading Basis: No S/U Grade Option

WGSS 606 Queer Theories and Sexual Politics (3 crs)

Prerequisite: WGSS 200 or WGSS 206 or three credits from WGSS or consent of instructor.

• Dual-listed with WGSS 406. Credit may not be earned in both courses. With permission of the instructor, a feminist theory course in another discipline may fulfill the prerequisite.

Seminar addresses theoretical and political debates that confront the institution of heterosexuality. Queer theorists contextualize gender and sexualities within LGBTQ social movements for civil rights. Explores intersectionality of LGBTQ oppression (heterosexism) with other social forces.

Grading Basis: No S/U Grade Option

Lab/Studio Hours: 0

Seminar Hours: 3

WGSS 690 Feminist Analysis and Practices: Interdisciplinary Themes (3 crs)

Prerequisite: WGSS 100 and WGSS 300; or consent of instructor

Consent: Instructor Consent Required

• Dual-listed with WGSS 490. Credit may not be earned in both courses.

Comparative study of the theories and methodologies of feminist scholarship, from historical, intersectional, multidisciplinary, and cross-cultural perspectives. Examines theoretical foundations, contemporary debates, and current research practices in feminism. Themes and topics vary each year.

Grading Basis: No S/U Grade Option

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WGSS 698 Women's, Gender, and Sexuality Studies Internship (1-3 crs)

Prerequisite: At least 6 credits in WGSS-only prefix courses.

Consent: Department Consent Required

• Dual-listed with WGSS 498.

Students are required to engage in an internship in the community. This internship is a supervised application and examination of Women's, Gender, and Sexuality Studies theory in a professional setting related to a student's area of interest.

Attributes: Internship

Repeat: Course may be repeated for a maximum of 6 credits

Grading Basis: No S/U Grade Option

Writing (WRIT)

WRIT 101 Extended Blugold Seminar in Critical Reading & Writing 1 (3 crs)

Prerequisite: High school concurrent enrollment.

- *Open only to high school students.*

Development of college-level reading, writing, and research skills within a section-specific theme. Emphasis on rhetorical knowledge, information literacy, digital literacy, and writing craft. First course in two course sequence.

Attributes: CL Communication Literacy

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WRIT 102 Extended Blugold Seminar in Critical Reading & Writing 2 (3 crs)

Prerequisite: High school concurrent enrollment. WRIT 101 with a grade of C or above.

- *Open only to high school students.*

Development of college-level reading, writing, and research skills within a section-specific theme. Emphasis on rhetorical knowledge, information literacy, digital literacy, and writing craft. Second course in two course sequence. Course fulfills University Writing Requirement.

Attributes: CL Communication Literacy, CL-W Communication Literacy - Writing, LE-S1 Written and Oral Communication

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 3

Lab/Studio Hours: 0

WRIT 114 Intensive Blugold Seminar in Critical Reading and Writing (5 crs)

Prerequisite: Suitable score on English Placement Test (UWENGL) or acceptable ESL placement/assessment exam. No credit if taken after ENGL 110 or ENGL 112. Credit can be earned in only one of WRIT 114, WRIT 116, WRIT 118, or WRIT 120.

Development of college-level reading, writing, and research skills within a section-specific theme. Emphasis on rhetorical knowledge, information literacy, digital literacy, and writing craft. Course fulfills University Writing Requirement. Writing Center appointments may be required.

Attributes: CL Communication Literacy, CL-W Communication Literacy - Writing, LE-S1 Written and Oral Communication

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 2

WRIT 116 Blugold Seminar in Critical Reading and Writing (5 crs)

Prerequisite: Suitable score on English Placement Test (UWENGL) or acceptable ESL placement/assessment exam; or suitable score on Univ. Writing Program Portfolio. No credit if taken after ENGL 110 or 112. Credit can be earned in only one of WRIT 114, 116, 118, or 120.

Development of college-level reading, writing and research skills within a section-specific theme. Emphasis on rhetorical knowledge, information literacy, digital literacy, and writing craft. Course fulfills University Writing Requirement.

Attributes: CL Communication Literacy, CL-W Communication Literacy - Writing, LE-S1 Written and Oral Communication

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 4

Lab/Studio Hours: 2

WRIT 118 Accelerated Blugold Seminar in Critical Reading and Writing (2 crs)

Prerequisite: Suitable score on English Placement Test, AP English exam, University Writing Program Portfolio, or acceptable ESL placement/assessment; or current Honors student; or having transferred elective credit in writing (WRIT 907L) with a C or above.

Development of college-level reading, writing, and research skills within a section-specific theme. Emphasis on rhetorical knowledge, information literacy, digital literacy, and writing craft. Course fulfills University Writing Requirement.

Attributes: CL Communication Literacy, CL-W Communication Literacy - Writing, LE-S1 Written and Oral Communication

Grading Basis: A-F Grades Only

Lecture/Discussion Hours: 1

Lab/Studio Hours: 2

All graduate degree programs require a minimum of 30 credits of graduate course work (500 level and higher) in the area of specialization, with at least 50% of the minimum number of credits required in the degree program earned in 700 level courses or higher. Most degree programs also require a culminating experience. The culminating experience can be an examination, thesis, project, internship, portfolio, or a combination of the above. Programs without a culminating experience may require additional coursework. See information under the specific program for the requirement(s) for that program.

UW-Eau Claire Graduate Degrees

Doctor of Nursing Practice (DNP)

- **Post-Master's DNP:**
 - **Nursing, DNP (Code 700-830)**
 - **Nursing, Nursing Education Leadership (Code 700-839)**
 - **Nursing, Nurse Executive (Code 700-837)**
- **Post-Baccalaureate DNP:**
 - **Nursing, Adult-Gerontology-Administration (Code 700-832)**
 - **Nursing, Adult-Gerontology-Primary Care Nurse Practitioner (Code 700-833)**
 - **Nursing, Adult-Gerontology-Clinical Nurse Specialist (Code 700-834)**
 - **Nursing, Family Health-Administration (Code 700-835)**
 - **Nursing, Family Health-Nurse Practitioner (Code 700-836)**
 - **Nursing, Family Health-Psychiatric Mental Health Nurse Practitioner (Code 700-838)**

The DNP degree is for individuals pursuing education in advanced practice and professional nursing. It is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice (nurse practitioner or clinical nurse specialist), nursing administration/nurse executive, or nursing education leadership. Courses address topics such as organizational and systems leadership, influencing health policy, evidence-based practice and research utilization, information systems and patient care technology, interprofessional collaboration, improving patient and population health outcomes and effecting change, and evaluating health outcomes. Both the MSN-to-DNP (post master's) and BSN-to-DNP (post-baccalaureate) options are available at UW-Eau Claire.

Master of Arts (MA)

- **History (Code 380-804)**
- **History-Public History (Code 380-808)**

The Master of Arts degree serves persons who already have substantial preparation in the discipline in which they seek a graduate degree, and who wish to extend their knowledge and skills in their area of specialization for self-improvement, professional roles, or further graduate study.

Master of Business Administration (MBA)

- **Business Administration, UW MBA Consortium Online (Code 740-801)**
- **Business Administration in Financial Decision Making, UW MBA Consortium Online (740-804)**
- **Business Administration in Healthcare Management, UW MBA Consortium Online (Code 740-803)**
- **Business Administration in Leadership, UW MBA Consortium Online (Code 740-805)**

The purpose of the College of Business MBA program is to guide students in becoming effective leaders who possess broad, practical understanding of the business world and the dynamic, global environment in which it operates. The program is designed to develop each individual's ability to recognize the needs of customers, employees, stockholders, and other organizational stakeholders; secure competitive advantage through emphasis on quality, technology, and innovation; communicate effectively and interact with members of a diverse, global work force and business environment; apply a variety of decision-making tools and techniques to dynamic business situations; and manage an organization in a socially responsible and ethical manner.

The program is designed to meet the needs of individuals currently in the work force who wish to pursue an MBA on a part-time basis while continuing their full-time employment. See the MBA Program (<https://catalog.uwec.edu/graduate/programs/mba-program/>) section of this catalog for further information and specific degree requirements.

Master of Education-Professional Development (MEPD)

- **Professional Development, MEPD (Code 949-807)**

The Master of Education-Professional Development degree provides for the enhancement of professional competencies in education for experienced, certified educators. It is designed for individualized continuing education to assist educators in the development of competencies that relate specifically to their job needs and to their professional growth. To be admitted to a MEPD program an applicant must have a minimum of two years teaching experience or equivalent.

Master of Public Health (MPH)

- **Master of Public Health (Code 488-801)**

The Master of Public Health (MPH) program prepares the next generation of leaders to solve public health challenges, locally and globally, and to improve the health and well-being of diverse populations and communities.

The applied, competency-based program develops skills needed for careers in a variety of health-related fields, governmental agencies, non-profit organizations, and industry.

The MPH is a professional practice degree designed for students from any academic or professional background who share our vision: Healthy people. Healthy populations. Healthy planet.

Master of Science (MS)

- **Athletic Training (Code 995-801)**
- **Data Science, Online (Code 181-801)**
- **Exercise Physiology (Code 997-801)**
- **Speech-Language Pathology, Residential (Code 623-801)**
- **Speech-Language Pathology, Online (Code 623-802)**

The Master of Science degree is awarded to students who have demonstrated mastery of a specific field of study or area of professional practice. Students may enter such programs with substantial preparation in the discipline in which they seek a higher degree or it may be a new area of study for an individual, depending upon the requirements of the program.

Master of Science in Education (MSE)

- **School Psychology (Code 442-803)**

The Master of Science in Education degree is designed to develop capabilities in special professional roles in the field of education. The MSE in School Psychology is earned at the completion of the first year of the three-year Specialist in Education degree.

Master of Science in Nursing (MSN)

- **Nursing, Family Health-Education (Code 700-811)**
- **Nursing, Family Health-Administration (Code 700-812)**
- **Nursing, Adult-Gerontology-Administration (Code 700-816)**
- **Nursing, Adult-Gerontology-Education (Code 700-819)**

The Master of Science in Nursing degree is designed to prepare nurses with a population focus in Adult-Gerontologic Health Nursing or Family Health Nursing to assume leadership roles in advanced professional nursing. The core curriculum is designed to develop and increase students' competencies in theory analysis and evaluation, concept clarification and development, research, and refined skills in clinical inquiry, ethics, leadership, and analysis of contemporary issues. Building on the core curriculum, students apply new knowledge and skills in the clinical setting.

The program provides functional role preparation as a nurse educator or nurse administrator/leadership and management. Required nursing courses focus on the functional dimensions of the role, its theory and expectations, and strategies for implementation.

Specialist in Education Degree (Ed.S.)

- **School Psychology (Code 442-805)**

The Specialist in Education degree is offered in School Psychology. This three-year program includes two years of full-time on-campus study, and a one-year, full-time internship. After successful completion of the first year of the program (31 credits of study and a passing grade on a comprehensive examination), students are awarded the Master of Science in Education degree. The Ed.S. degree requires an additional 37 graduate credits beyond the MSE degree.

By earning this degree, students meet all of the requirements for certification by the State of Wisconsin as a School Psychologist and become eligible for National Certification in School Psychology.

Credit-Bearing Graduate Certificate Programs

- **Business Administration in Healthcare Management (Code 740-602)**
- **Communication and Leadership in Health Organizations (Code 583-602)**
- **Data Science (Code 181-601)**
- **Director of Special Education & Pupil Services (Code 950-604)**
- **Environmental Health (Code 488-603)**
- **Military History (Code 380-621)**
- **Public Health (Code 488-602)**
- **Public History (Code 380-623)**

Graduate certificates may be earned by graduate degree seeking or non-degree seeking students. Guidelines and standards are identical for both groups. Graduate certificate programs require no fewer than 12 credits, and all credits required for the graduate certificate program must be graduate-level credits (500-level and above). No fewer than six credits must be taken at the 700 level. At least 50 percent of the credits applied to the graduate certificate program requirements must be taken through UW-Eau Claire. Departments or colleges proposing graduate certificate programs have the right to specify

1. admission requirements for entry into a certificate program, and
2. minimum GPA requirements for course and certificate completion.

Additional details on the minimum standards, procedures, and process for approving new credit-bearing graduate certificates may be found on the Graduate Studies website.

UNDERGRADUATE CATALOG

Undergraduate Overview

Academic Goals

The University seeks to foster the intellectual, personal, cultural, and social development of each student. It strives to provide distinguished instruction in a democratic atmosphere, bringing individual students into close contact with faculty whose scholarly attainments and concern for teaching are able to instill a love of learning.

The baccalaureate degree at UW-Eau Claire provides students with the knowledge and abilities needed for lifelong learning. In designing the degree, the faculty expects that graduates will have achieved the following goals:

- **Knowledge Goal:** Build knowledge and awareness of diverse peoples and cultures and of the natural and physical world through the study of arts, histories, humanities, languages, mathematics, sciences and technologies, and social sciences.
 - **Natural Sciences & Wellness:** Describe and evaluate models of the natural and physical world through collection and scientific analysis of data, and through the use of mathematical or computational methods.
 - **Social & Behavioral Sciences:** Use knowledge, theories, methods, and historical perspectives appropriate to the social sciences to explain and evaluate human behavior and social institutions.
 - **Humanities & Arts**
 - **Humanities:** Use knowledge, historical perspectives, analysis, interpretation, critical evaluation, and the standards of evidence appropriate to the humanities to address problems and explore questions.
 - **Arts:** Use knowledge, historical perspectives, theories, or methods appropriate to the arts to describe their context, function and impact.
- **Skills Goal:** Develop intellectual and practical skills, including, for example, inquiry and analysis, critical and creative thinking, written and oral communication, quantitative literacy, information literacy, and problem solving.
 - **Communication & Literacy:** Write, read, speak, and listen effectively in various contexts using a variety of means including appropriate information sources and technologies.
 - **Mathematics & Quantitative Reasoning:** Use mathematical, computational, statistical, or formal reasoning to solve problems, draw inferences, and determine the validity of stated claims.
- **Responsibility Goal:** Apply personal and social responsibility for active citizenship and develop skills needed to thrive in a pluralistic and globally interdependent world.
 - **Civics & Perspectives**
 - **Critical Perspectives:** Use critical and analytical skills to evaluate assumptions and challenge existing structures in ways that respect diversity and foster equity and inclusivity.
 - **Global Perspectives:** Evaluate the impact of systems, institutions and issues in local and global contexts and across cultures.
 - **Civic & Environmental Action:** Use critical and creative thinking to address civic, social, and environmental challenges.

Core General Education, which forms part of all baccalaureate degree curricula, contributes to the breadth of each student's education through its

emphasis on the cultural heritage of a free and responsible citizenry and on the development of creative imagination, critical judgment, and skill in the interchange of ideas. Students are afforded opportunities to collaborate with faculty on research and other scholarly and creative projects. UW-Eau Claire is recognized as a Center of Excellence for Faculty and Undergraduate Student Research Collaboration.

Upon this foundation, the University builds its programs in liberal arts and sciences and in professionally-oriented fields. In keeping with the goals of the baccalaureate degree, each program is designed to impart the specialized knowledge and competencies appropriate to the particular degree, while providing also for a broad overview of the entire area and an appreciation of its relationship to other fields of learning.

University Assessment

To assure that UW-Eau Claire's programs are strong and that students in them are attaining appropriate levels of knowledge, skills, beliefs and attitudes, the faculty and staff at UW-Eau Claire have developed an ongoing process to assess the learning and academic achievement of students in academic and co-curricular programs. This process allows faculty and staff to carefully articulate program outcomes and to focus classroom and co-curricular experiences and assignments on preparing students to achieve those outcomes. An assessment plan is developed to measure progress toward the student learning outcomes, data are collected, and annual reports are developed and discussed by department faculty, chairs, and deans. Action plans are then designed to drive program improvement.

Students, alumni, and employers may be asked to participate in a wide range of assessment activities designed to provide useful information about the effectiveness of academic and co-curricular programs. From time to time during their courses of study, students may be asked to demonstrate the breadth and depth of their knowledge, skills, beliefs and attitudes in the areas related to the outcomes of their degree programs. All of our assessment efforts combine to improve student learning and program quality and form the basis of our culture of continuous improvement in support of UW-Eau Claire's commitment to excellence.

The School Year

Each regular academic semester (Fall and Spring) consists of approximately 15 weeks, including days reserved for registration and final examinations.

The Summer Session is offered in two periods. Students may enroll for courses during a three-week period in late May and early June, during which three credits may be taken. Offerings include regular courses adapted to an intensive presentation as well as specially designed courses and study trips. An eight-week period is scheduled in June, July, and August. Although many courses run for the full eight weeks, others are scheduled in shorter blocks of time (two, four, or six weeks) for the convenience of summer students. Offerings include regular courses and special workshops or institutes at undergraduate and graduate levels.

The Winterim Session is offered during a period between the fall and spring semesters. Offerings primarily include regular courses and may include travel seminars and field experiences.

With the exception of certain professional programs, curricula for baccalaureate degrees are designed to be completed by full-time students in eight regular semesters. Many students attend summer sessions in order to graduate earlier or take advantage of special offerings. Others, especially teachers in the area, find in the Summer Session an opportunity to strengthen professional competencies and to work toward graduate degrees.

The calendar in this catalog is supplemented by more detailed calendars (<https://publicwebuploads.uwec.edu/documents/2025-2026DetailedAcadCal.pdf>), including official academic deadlines, registration dates, etc., which are available on the Registrar's webpage.

Admission

All persons who wish to pursue a degree program at the University must provide the required following documentation (which may include): an application for admission and any specific application fee, a high school transcript, test scores (when applicable), and official transcript(s) of all previous post-secondary work attempted or completed. Priority dates for applications are established each year. Please see <https://www.uwec.edu/admissions/> for additional information.

Preparation for University Study

A successful University experience depends upon the student's prior educational coursework in high school and post-secondary school, as well as other professional and personal experiences. Previous coursework and experiences should include a breadth of subject areas including English, both composition and literature; mathematics, natural science, history, and other social studies areas.

Admission of First-Year Students

First-Year student admission is competitive and selective. Academic preparation and success are the primary considerations for admission, although non-academic factors are also considered. Each application for admission is given a comprehensive review. First-Year applicants are considered using the following guidelines:

1. Applicants must present evidence of graduation from a recognized high school or equivalent certificate.

a. A recognized high school is one which either

i. is operated by public school districts, or

ii. is a private school accredited by an association that is certified by the U.S. Department of Education to accredit private schools, and those whose names appear in the Federal Register as an approved accreditation association, or

iii. is a private school not accredited under (2) but may be "recognized" by an institution in the System based on the performance of previously admitted graduates from the high school.

b. An applicant who has not graduated from a recognized high school must provide evidence of ability to begin college work. Such evidence may include General Education Development (GED) or High School Equivalency Diploma (HSED), transcripts of course work completed in high school, high school rank-in-class before leaving high school, written recommendations, ACT/SAT test scores, and other evidence deemed appropriate by the University.
2. Applicants should complete a rigorous college preparatory curriculum. Applicants who take courses beyond the minimum will be considered strong candidates for admission. Applicants must complete a minimum of 17 units (one unit equals one year of high school study or equivalent)² distributed as follows:

English (at least three composition and literature)4

Mathematics (algebra, geometry, advanced college preparatory math)¹3

Natural Science3

Social Science (one must be world or American history)3

Additional course work in any of the above areas as well as foreign language, art, music, speech, computer science, or other academic areas.4

Total Credits17

- ¹ In almost all high school curricula, algebra II or higher/advanced algebra is the third college preparatory mathematics course required.

² Students who begin taking high school course work prior to high school (e.g, mathematics, foreign language in grade 8) should continue rigorous course selection from core areas during grades 9-12. Some prior coursework may not satisfy the University admission requirements. For information on applicability of courses to admission requirements, contact the Admissions Office.

3. In addition to a rigorous high school curriculum, academic factors include high school class rank, high school GPA, trends in grades, course rigor, and test scores. Secondary non-academic factors may include, but are not necessarily limited to, leadership; community service; and personal background and experience.

4. Test scores from The American College Testing Program (ACT) or Scholastic Aptitude Test (SAT) must be on file for all new freshmen under the age of 22. ACT is the preferred test. Students will not be disadvantaged in the admission process by taking one test rather than the other. *That, upon the Board of Regents Resolution 11430 adopted May 7, 2020, temporarily suspending the requirement for test scores, UW-Eau Claire temporarily suspends the requirement in the admissions policy that all freshman applicants provide an ACT or SAT score as part of their application. Resolution 12172 adopted April 5, 2024- This action extends the suspension for all UW System campuses through the 2026-2027 academic year. The last term that students would be able to opt out of submitting an ACT/SAT score would be summer 2027. This requirement may be suspended for additional terms based on Board of Regents Resolution.*

5. Particular consideration in admission will be given to applicants who have been out of school for two or more years; service veterans, as defined by state and federal policies; and students who have been challenged by a lack of educational opportunities.

6. Requirements for out-of-state students will be the same as those of resident students, except that special requirements may be adopted for international applicants.

7. Final admission requires that students maintain their high school academic standing and successfully complete course work in progress as outlined on the application. The final (eighth semester) official transcript provided by the high school provides the required certification that the applicant has fulfilled this obligation. It is the student's responsibility to ensure that the proper supporting documents have been delivered to the Admissions Office.
- ### Competency-Based Admissions
- High school students from schools that use a competency-based evaluation system may be considered for admission. High schools that use an alternative system such as this must complete the UW System Competency-Based Admission Profile. Contact the Admissions Office for additional information on the process and procedure.
- ### Admission of Home-Schooled Students
- Home-schooled students seeking admission as freshmen must have excelled academically in high school course work. They must have completed the minimum array of 17 units of rigorous college preparatory course work. Academic preparation and success are the primary considerations

for admission, although non-academic factors are also considered. Each application for admission is given a comprehensive review.

Transfer Applicants

Transfer applicants will be considered for admission if their previous academic record qualifies them as students in acceptable standing when equated to the UW-Eau Claire standards in the Academic Standing and Progress policy. Transfer students are encouraged to apply for admission as early as possible prior to the semester in which they plan to enroll. Priority application dates, after which admission of qualified student cannot be guaranteed, may be established each year. Information about specific dates can be found on the UW-Eau Claire transfer admission website (<https://www.uwec.edu/admissions/transfer-student/>).

In addition to a rigorous college-level course curriculum, academic factors considered include cumulative GPA and trend in grades. Students with fewer than two semesters of college-level coursework (24 transferable credits) will be considered for admission based on both their college and high school records. Academic preparation and success are the primary considerations for admission, although non-academic factors are also considered. Higher academic expectations or earlier priority dates may be determined for specific majors to keep enrollments in line with program capacities.

Final deadlines to accept applications and supporting documents will be determined by the Admissions Office each semester and published on the UW-Eau Claire transfer admission website. It is the student's responsibility to ensure that the proper supporting documents have been delivered to the Admissions Office.

Students who have registered at other colleges and universities may not disregard their records at those institutions. Failure to list previous college attendance on the application for admission is sufficient cause for cancellation of the student's admission, of any credits earned, or both.

Transfer students who do not meet institutional admission criteria and are denied admission may appeal in writing to the Office of Admissions.

Transfer of Credits

Credits earned at an institution accredited by a regional or national accrediting organization recognized by the Council for Higher Education Accreditation (CHEA) may be considered for transfer and applied toward a degree if they are similar in content and rigor to the curriculum at UW-Eau Claire. The Admissions Office will prepare a transfer credit evaluation for admitted students. Appeal of the evaluation may be made to the Office of Admissions, the Chair of the academic department, the Dean of that College, and if necessary, to the Provost/Vice Chancellor. Students seeking a second baccalaureate degree or additional certifications are not given a transfer credit evaluation for their first degree; they receive specific advising from their academic department.

Associate of Arts and Sciences degrees from the University of Wisconsin System institutions, Liberal Arts Associate of Arts or Associate of Science degrees from the Wisconsin Technical College System (earned in 2004 or thereafter), Associate of Arts degrees and completion of Minnesota Transfer Curriculum from the Minnesota Colleges and Universities system (earned in 1994 or thereafter), satisfy the University of Wisconsin System Core General Education requirements. Competency requirements, levels of proficiency, and specific courses are still required. Because individual baccalaureate degree programs stipulate specific courses, students should be attentive to the requirements of an intended major in planning their course selection prior to transferring. In certain fields, credits that were earned more than ten years prior to admission or readmission may be invalid as degree credits.

Students who transfer from the Wisconsin Technical College System or other accredited two-year institutions may transfer a maximum of 72 credits from those institutions.

Credit may be granted for post-secondary coursework at a foreign institution if the institution is recognized as a degree-granting institution by the country's Ministry of Education. Professional organizations such as the American Association of Collegiate Registrars and Admissions Officers (AACRAO) and NAFSA: Association of International Educators are utilized for information about best practices regarding evaluation of foreign credits and credentials.

Transfer of WTCS Applied Associate Degree Credits

UW-Eau Claire may transfer and apply coursework in general studies from the Wisconsin Technical College System within areas of communications, behavioral sciences, social sciences, mathematics, and natural sciences from programs leading to an applied associate degree. Credits that are occupational and technical in nature may be considered for transfer on a case-by-case basis.

Reentry

All students who have been away from the University for two consecutive full-term semesters or more must file a reentry application. Students seeking reentry are encouraged to submit an application as early as possible prior to the semester in which they wish to return. Students returning after an absence of two or more consecutive full-term semesters must meet the degree requirements of the catalog in effect upon their return, or a subsequent catalog.

Non-Degree-Seeking Student

Persons who have graduated from a recognized high school, or have the educational equivalent, but who are not interested in seeking a degree, may attend the University as Non-Degree-Seeking students.

Non-Degree-Seeking students may enroll for a maximum of twelve credits per semester, and must meet the academic standards of the University (see Academic Standing and Progress). Non-Degree-Seeking students register during special student registration on a space available basis, are not eligible for financial aid, but may be eligible for veterans benefits. If you would like to audit courses, please see Auditing Courses.

Admission as a High School Special Student

If students are looking to enroll in college courses while still in high school, there are options available:

Early College Credit: If approved by the school district, a reduced tuition cost with 75% or more of the cost covered by the school district and state. Student assumes 100% of the cost if the student fails the course(s).

High School Special Program: The student/family is responsible for the cost of the courses.

Admissions criteria:

Typically must be a high school junior or senior with a 3.5 or higher GPA. Students who do not meet the GPA criteria may be admitted based on additional academic factors including class rank, ACT/SAT scores, convincing letters of recommendation in a specific area of University study, or other compelling evidence of preparation to succeed in a college-level course. For more information, contact the UW-Eau Claire Admissions Office (<https://www.uwec.edu/admissions/contact-us/>).

Once admitted, High School Special students will be contacted by Advising, Retention and Career Center to set up a meeting with an advisor. Placement

tests may be required before meeting with an advisor. High School Special students are limited to twelve credits per semester and must meet the academic standards of the University (see Academic Standing and Progress). High School Special students register during special student registration on a space available basis.

Admission to University of Wisconsin- Eau Claire - Barron County

As a campus of access, students may be admitted to UW-Eau Claire - Barron County as a first-year, transfer, re-entry, high school special, non-degree, or international student based on the published criteria. However, exceptions can be made to these requirements.

Admission of Veterans

Veterans and certain eligible dependents may be entitled to educational benefits under various programs administered by the Veterans Administration (see Veteran Benefits (<https://www.uwec.edu/tuition-financial-aid/veteran-benefits/>)). Veterans and eligible dependents may obtain these benefits while pursuing a course of study at UW-Eau Claire. Students enrolled as undergraduates, under these programs must typically carry 12 hours of credit during each semester of the academic year to be considered full time for Federal VA education benefit allotments. Graduate students must typically carry 9 credits to be considered full time for VA education benefits. Summer Session allotments are determined by class contact hours and total credits. Part-time and full-time study grants are available to eligible Wisconsin veterans.

Credit may be awarded for educational preparation acquired while in service. Veterans will be asked to submit official transcripts of their records. (This is done by submitting an official copy of the Joint Service Transcript or official transcript from the Community College of the Air Force to the Admissions office for review). In granting credit, the University considers recommendation of the American Council on Education. No credit will be granted if such credit would constitute repetition of credit already earned.

Admission for Residents of U.S. Territories

Residents from Territories of the United States are admitted on the same basis as United States Citizens.

Admission of Permanent Residents and Refugees

Permanent residents and refugees are admitted on the same basis as United States Citizens. Students are required to provide copies of their permanent resident cards or documentation of refugee status.

Admission for International Students

UW-Eau Claire welcomes applications from students from other countries. International students must complete an application for admission, pay the application fee, provide evidence of English proficiency, confirm financial sponsorship, and submit academic records and examination results. Further information about the application process and required documents is available on the UW-Eau Claire international admissions website (<https://www.uwec.edu/admissions/international-students/>).

Final deadlines to accept applications and supporting documents will be determined by the Admissions Office each semester and published on the UW-Eau Claire admissions website (<https://www.uwec.edu/apply/international-students/international-student-application>).

Paying for College

Tuition and Fees

Fees

A tuition and fee schedule is established each year and can be found on the Tuition and Fee Website (<https://www.uwec.edu/tuition-aid/tuition-fees>). Students should refer to the Class Schedule, which will contain links to up-to-date information about course fees.

The payment of fees entitles a student to a student identification (ID) card. This card entitles the student to attend most University activities and to make use of University facilities (see Your Right to Know handbook (<https://www.uwec.edu/about/accreditation/student-right-to-know/>) and Blugold Card Services (<https://www.uwec.edu/blugold-card/>) section). Undergraduate students receive most of their required textbooks on a rental basis (see Textbook Rentals).

Tuition and Residency

A Wisconsin Statute requires the payment of nonresident tuition by students who are residents of states other than Wisconsin or who have not been bona fide residents of Wisconsin for one year (12 months) immediately preceding the beginning of the semester for which they are registering.

For undergraduate and graduate students, determination of resident status for tuition purposes is made by the Office of Admissions at the time of admission.

If the original residence status for tuition purposes is designated as nonresident, this status remains in effect unless the student requests and is granted reclassification. Such requests should be addressed to the Office of Admissions prior to the beginning of the semester in which reclassification is to take effect.

Minnesota-Wisconsin Tuition Reciprocity

The current reciprocity agreement between Minnesota and Wisconsin enables Minnesota residents to attend Wisconsin public institutions of higher education at rates approximating tuition prevailing in the Minnesota State University System. Those wishing to take advantage of this tuition remission must apply well in advance of their initial enrollment at a Wisconsin System institution. Approval covers the full year (including Summer Session) and is automatically renewed each year for the campus initially approved. Information is available from the State of Minnesota Office of Higher Education Reciprocity Program, 1450 Energy Park Drive, Suite 350, St. Paul, MN 55108-5227. Phone: (651) 642-0567 or toll-free (800) 657-3866. Assistance in obtaining application forms is available at Minnesota high schools. Students may print an application or apply for reciprocity online (<https://mnaid.guarantorsolutions.com/StudentPortal/Login>).

Miscellaneous Fees

Fees for certain special courses are listed in CampS and can be found by using the class search feature located under self service. A \$25 fee must accompany each application for admission to an undergraduate program. A \$56 fee must accompany each application for admission to a graduate program.

Partial Payment Plan

All students must electronically sign a Payment Plan Agreement/Email Authorization form prior to enrollment each term. Payments will be due according to the published schedule and will be subject to a finance charge on the unpaid balance (see the Payment Information and Due Dates (<https://www.uwec.edu/offices-services/blugold-central/student-finances/payment-due-dates>) website for due dates and finance charge rates). Failure to make installment payments on time will result in a hold on registration for future terms.

Refund of Fees

Refunds may be made as the result of withdrawal from the University or a reduction in the number of enrolled credits. Degree-seeking students wishing to withdraw from **all their classes** are required to meet with their Advisor prior to withdrawing from classes. In determining the academic withdrawal date, the University will use the date that the student notified the University of his or her intent to withdraw. The dates and corresponding amounts of refund can be found on the Refund Schedule / Financial Aid Repayment Notice (<https://www.uwec.edu/blugold-central/student-finances/refund-schedule/>) website. A credit balance of less than \$3.00 will not be refunded unless requested.

Refund of Room and Board Payments

Students who are granted permission to cancel their residence hall contract without withdrawing from the University will be refunded room and board charges on a prorated basis. The room deposit will be forfeited.

Students who are suspended by the University will be refunded room and board fees, including the room deposit, on a prorated basis. A credit balance of less than \$3.00 will not be refunded unless requested.

The above policies apply to all persons who reside in University housing.

Deposits

A enrollment deposit is required for first year students entering in the fall and spring. The deposit will be applied to fees when the student completes registration.

A \$75 room deposit/advance payment is required for all continuing students applying for housing. The deposit is in addition to the room fees and is intended to serve as a reservation deposit for the contract. The money is held in escrow and applied to second semester fees. If the student does not complete the contract for the full academic year, the deposit is forfeited. Returning students will have their advance deposits refunded if the Housing and Residence Life Office receives a written request from the student before May 1 of the preceding academic year. Those students who voluntarily cancel their contracts after these dates shall forfeit the deposit.

Financial Aid

The University of Wisconsin-Eau Claire offers financial assistance through scholarships, grants, loans, and student work experience. The majority of this assistance is awarded based on financial need. There are, however, resources available through scholarships, student employment and private education loans for students who do not qualify for need-based aid.

Financial need is based on the student's educational expenses and the contribution that is calculated using the financial information provided on the Free Application for Federal Student Aid (FAFSA). For detailed information on financial aid, visit the UW-Eau Claire Financial Aid website (<https://www.uwec.edu/tuition-financial-aid/financial-aid/>).

How to Apply

Students must complete the Free Application for Federal Student Aid (FAFSA) (<https://studentaid.gov/h/apply-for-aid/fafsa>) each year in order to apply for all need-based programs as well as for the Federal Direct Unsubsidized Loan and the Parent PLUS Loan for Undergraduate Students. CampS (<https://my.uwec.edu>) is a resource for specific information about current financial aid status and financial aid disbursed on students' accounts.

Deadlines

To assure first consideration for funding, the FAFSA should be submitted by April 15 (First year students should apply by March 15 to receive financial aid information by May 1). Late applications will be considered for aid based on funds available. Students who apply late or who do not turn in the required additional paperwork need to be prepared to pay their institutional charges by the due date if their financial aid is not available.

A separate financial aid application is required for Winterim and Summer Session and is available through CampS (<https://my.uwec.edu/>). A current FAFSA must be on file to apply for Winterim or summer aid.

Enrollment Status

Students must be enrolled at least half-time to qualify for most types of aid, although undergraduate students who have very high need may qualify for a small Pell Grant at less than half-time status. Enrollment status for financial aid purposes is determined by the student's total credits at the end of the tenth day of classes. Financial aid is adjusted at that point, if necessary. Six credits is considered half-time for undergraduate students for the academic year and summer.

Students participating in a full-time equivalent internship may be considered for aid as a full-time student even though actual enrolled credits are less than full-time. Costs of attendance for financial aid will be calculated on actual tuition costs.

Students admitted as Special Students are not eligible for financial aid.

Standards of Satisfactory Academic Progress for Financial Aid

Federal regulations require students to maintain satisfactory academic progress toward a degree in order to receive financial aid. The University of Wisconsin-Eau Claire is required to develop and apply a consistent and reasonable standard of satisfactory progress for all students receiving federal financial aid. These standards are applied to all periods of attendance, regardless of whether a student has received financial aid in the past. A complete copy of the University of Wisconsin-Eau Claire's Financial Aid Satisfactory Academic Progress policy (<https://www.uwec.edu/tuition-financial-aid/financial-aid/satisfactory-academic-progress/>) is available on our website. There are three standards or components of satisfactory progress:

- minimum GPA,
- minimum credits completed (Pace), and
- maximum time frame.

Standard for Grade Point Average

Students need to maintain a cumulative GPA of 2.00.

Standard for Minimum Credits Completed (Pace)

Students must successfully complete 67 percent of their enrolled credits. A grade of F, W, XF, U, or IN is not considered successfully completing the class.

Standard for Maximum Time Frame

Students must complete a degree within 150% of the published length of the degree program. Undergraduate students may receive financial aid for a maximum of 180 attempted credits when enrolled in degree programs which have a published minimum requirement for graduation of 120 credits. A degree program that requires more than 120 credits is an exception, and financial aid may be further extended. An additional 90 credits of financial aid eligibility is allowed for undergraduate students seeking a second degree. Graduate students are allowed 54 credits.

Monitoring Procedures and Reestablishment Options

These standards are monitored once per year at the end of spring semester using Registrar's information. Future financial aid will be denied for students who fail to meet the standards of academic progress.

Students may reestablish their financial aid eligibility by earning an academic standing which meets the above criteria. Students may also file an appeal.

Students with extenuating circumstances that prevented them from making satisfactory progress are encouraged to describe and document those circumstances in the appeal form- Their appeal will be reviewed by the Financial Aid Appeals Committee to determine whether financial aid eligibility should be reinstated. Students will be notified of the appeal decision in via email.

Return of Financial Aid Funds When a Student Withdraws

When a student withdraws from the University during the semester, federal regulations require that the University determine whether a portion of the student's federal financial aid (other than work-study) must be returned. The amount of aid the student may keep when withdrawing is in direct proportion to the length of time the student remained enrolled during the semester. If the student was enrolled for 20 percent of the semester before withdrawing, 80 percent of the federal financial aid must be returned to the aid programs. If the student stays through 50 percent of the semester, 50 percent of the aid must be returned. Once the student completes at least 60 percent of the semester, the student may keep 100 percent of the aid received.

Consequently, if a student withdraws before completing at least 60 percent of the semester, the student may owe a repayment. The student will be billed for any balance owed to the University as a result of the University returning the financial aid funds, and the University will notify the student of the dollar amount owed.

Any financial aid that must be returned to the federal aid programs will be used first to reimburse loans received for the semester and then grant funds.

The specific repayment priority is:

1. Unsubsidized Ford Loan
2. Subsidized Ford Loan
3. Parent's Loan for Undergraduate Students
4. Pell Grant
5. Supplemental Educational Opportunity Grant
6. Other federal aid programs

For information about the refund calculations, contact Blugold Central.

For state funds, institutional funds, and outside resources:

Financial aid received from state, institutional, and outside resources is not part of the federal return of funds repayment calculation. If remaining funds are available from the institutional refund after the federal return of funds requirements are satisfied, the remaining refund will be distributed in the following priority order:

1. State aid programs
2. Institutional programs
3. Outside financial aid resources, if appropriate
4. Student

Credit Drop (but not withdrawal from the University)

If a student drops credits before financial aid has been disbursed, the aid must be adjusted, if necessary, to correctly reflect the current enrollment status

before aid can be disbursed. Final aid eligibility is based on enrollment status on the 10th day of classes. If a student changes enrolled credits after aid is disbursed, resulting in a change in the student's eligibility, aid will be adjusted. This could result in a student having to repay some of the aid received for the term.

Additional Sources of Financial Assistance

Veterans Administration Grants, G.I. Bill® Benefits, National Guard Tuition Grants, Wisconsin Veterans Grant, Veterans' Work Study: A Veterans Counselor is available in Blugold Central for students seeking information or assistance with these programs.

Vocational Rehabilitation: Various financial programs are available to students who qualify. Further information is available from area Vocational Rehabilitation offices.

Scholarships

A combination of federal, state, university, and private scholarships are available to UW-Eau Claire students on the basis of academic excellence or special talent. Some scholarship programs also specify financial need as a requirement of eligibility. Award amounts and student eligibility requirements vary depending on the individual scholarship criteria.

UW-Eau Claire Foundation Scholarships and Awards

Each year, the UW-Eau Claire Foundation provides over \$3 million in scholarships, grants, and awards to UW-Eau Claire students. Over 2,000 different awards benefiting more than 1,600 students are available, all provided through the generosity of alumni and friends of the university.

Visit Gold for Blugolds Scholarship Network (<https://uwec.scholarships.ngwebsolutions.com>) to see a list of available scholarships and to apply. You can also visit the Student Scholarship Page (<https://foundation.uwec.edu/support-your-passion/scholarships-student-support/>) for more scholarship information including application deadlines and a Gold for Blugolds video tutorial.

For more information about a specific scholarship or for any application related questions, contact the department responsible for the award. For other scholarship related questions, contact the UW-Eau Claire Foundation at scholarships@uwec.edu.

Outside/Private Scholarships

The Scholarship Resource Center (SRC) is available to anyone looking for scholarship opportunities and includes a searchable database for scholarships outside of UW Eau Claire as well as in-person support to find and complete scholarship applications for current students. More information on the SRC can be found at <https://www.uwec.edu/scholarship-resource-center/>.

Many private scholarships are sponsored by civic organizations, clubs, industries, and businesses. Students should contact their local high school counselors or principals for information about private scholarship programs available in the local community.

Tuition Remission

Wisconsin Statutes provide for awarding a limited number of tuition remissions to students who are not residents of Wisconsin and who are not enrolled in a flat rate tuition program. These awards range in value and can be up to the difference between resident and nonresident tuition.

Remissions for Nonresident Students

Students who are not residents of Wisconsin are considered for tuition remission by submitting the FAFSA.

Remissions for International Students

Undergraduate international applicants are considered for an award based on academic merit and financial need. Students apply after they are accepted. Continuing students must reapply annually.

Grants

A grant is gift assistance and does not have to be repaid. Various grants are awarded to students who establish a high financial need as determined by federal and state guidelines.

Loans

Loans must be repaid and may be "subsidized" or "unsubsidized." Subsidized loans do not accrue interest until after the student is no longer enrolled. Unsubsidized loans accrue interest from the time the loan is disbursed. For more information, see the Loans (<https://www.uwec.edu/blugold-central/student-finances/loans/>) section under Types of Aid on the Financial Aid website.

Ombudsman

The Department of Education has established an ombudsman to work with student borrowers to informally resolve any loan disputes or problems. If you have concerns about the terms of your loan that cannot be resolved by talking to your lender, you are encouraged to contact the Ombudsman Customer Service Line at 1-800-433-3243.

Employment Opportunities

Employment opportunities are available through the University and in the local community. Available positions are posted on the online Student Employment portal. For more details about student employment opportunities, see the Student Employment (<https://www.uwec.edu/tuition-financial-aid/student-employment/>) section of the Financial Aid website.

Student Resources

Students can leverage a wide scope of resources on campus to reach their full potential. The campus provides a variety of services and resources to guide students through their academic careers.

Library and Technology Resources

Classroom instruction at the University is supplemented by services provided to the entire academic community and by the specialized resources of individual departments, including a number of facilities and collections which are made available to the public.

McIntyre Library

McIntyre Library supports students, faculty, staff and the public through its collections, spaces, and services. For more information, please visit the Library's webpage. (<https://library.uwec.edu>)

Spaces

- Blugold Makerspace with 3d printers, laser cutter, sewing machines, vinyl cutter, tools, art supplies, and more, for student academic or personal use

- Digital Studio: a multimedia lab with equipment and support in video and audio recording, photography, graphic design and virtual reality
- quiet study areas of the 4th and 5th floor
- group and individual study rooms, collaborative and individual computer stations, an interview room
- Variety of individual and collaborative study areas in a 6-story structure
- a 24-hour study area

Services

- Research assistance, virtual and in-person. Meet with a librarian on a drop-in basis or by appointment.
- Makerspace and Digital Studio workshops and one-on-one training
- Fine-free checkout on most materials
- Borrowing services from other libraries, including all UW System libraries
- Events including therapy dog visits, yoga classes, After Dark welcome party, art installations, sustainability and recycling drives

Collections

- online databases providing access to millions of articles, e-books, streamed videos, statistical resources and more
- more than 500,000 print books, journals and media items
- popular reading collection
- Special Collections and Archives, including historical manuscripts, artifacts, documents, public records, maps, and photographs; rare books; university records and theses; and distinct digital collections
- Equipment for checkout, such as laptop computers, cameras and video/audio recording equipment, data projectors, device chargers, portable PA system and more
- children's and young adult literature collection (Educational Materials Collection)

Learning and Technology Services

Learning and Technology Services (LTS) supports the University's academic mission by providing technology infrastructure, digital learning environments, media services, and training that enhance teaching, learning, and student success. LTS partners with students, faculty, and staff to ensure reliable access to technology resources and to promote innovative and effective learning experiences across campus.

Getting Help: LTS Help Desk

The LTS Help Desk serves as the central point of contact for assistance with learning and technology services. Students can receive timely support for technology questions and issues through telephone, email, or walk-in consultation.

Visit the LTS Help Desk website for contact information.

Software and Technology Skill Development Training

Learning and Technology Services (LTS) provides training and skill development opportunities to help students effectively use technology in support of their academic work. LTS training services are designed to be accessible, personalized, and responsive to individual and group learning needs.

Training is available through one-on-one consultations and classroom training sessions that support software use, digital tools, and academic technology skills. LTS also provides curriculum-related technology support and assistance with academic and research projects.

Visit the LTS Training website to learn more.

Additional LTS Service Areas

Technical Infrastructure

LTS maintains and supports the campus technical infrastructure, network services, and enterprise information systems including:

- Voice and data communication networks, including Wi-Fi access and telephone services
- Information security and integrity of institutional data and usage
- University email services included with Microsoft Office 365
- Student Information Systems (SIS) including CampS and Peoplesoft
- Development and support of university websites and web portals

Learning Spaces

LTS supports technology-enhanced learning environments by:

- Repairing and providing operational support for classroom and audio-visual equipment
- Designing, maintaining, and modernizing classroom technology
- Managing and supporting general access and instructional computing labs

Distance Education (DE)

LTS supports online and technology-mediated instruction through:

- Designing and supporting of distance learning technologies and spaces
- Providing technical support for web video conferencing tools like Microsoft Teams and Zoom
- Streaming live coverage for Blugold Athletics and other campus events

Housing and Residence Life

LTS provides technology support related to:

- Network infrastructure including Wi-Fi within university residence halls
- General access computers
- Sustainable printing services

Academic Services

Academic Advising

Advising, Retention + Career Center

Students are assigned an academic advisor from the Advising, Retention + Career Center (ARCC) and a faculty advisor from their major (if declared) to assist them in developing academic and career goals based on their interests and abilities.

The Advising, Retention + Career Center also provides advising for high school and non-degree seeking students taking courses at UW-Eau Claire.

Students who have already earned a baccalaureate degree and are seeking an additional baccalaureate degree will not be assigned an academic advisor from

ARCC and will be advised by a second degree advisor (<https://www.uwec.edu/apply/other-student/second-degree-advisors>).

Visit the Advising, Retention and Career Center website (<https://www.uwec.edu/offices-services/advising-retention-career-center>).

Academic Testing: Academic Testing administers English, mathematics, Chinese, French, German, Japanese, and Spanish placement tests for the university. Advanced Placement, International Baccalaureate, CLEP, DANTES, ACTFL, FORT, PRAXIS and online Wisconsin Placement Test results are also processed by the Advising, Retention + Career Center. Visit the Academic Testing (<https://www.uwec.edu/academics/academic-support/advising/testing/>) website (<https://www.uwec.edu/academics/academic-support/advising/testing/>) for more information.

New Student Orientation:

First Year Students

All new first-year students are required to participate in a New Student Orientation program prior to starting classes. New first-year students starting in the summer or fall semester will participate in their orientation programming throughout the summer. New first-year students starting in winter or the spring semester attend a session before spring classes begin. During New Student Orientation, students will register for their first semester of classes, will have an opportunity to meet with staff members, tour the campus, and obtain information on topics related to both academics and student life.

Transfer Students

Advising and registration meetings for new transfer students are flexible, with the option to meet in-person or by video. The Admissions Office performs the initial transfer evaluation after a student has applied and been admitted. Academic advisors help transfer students understand policies and procedures related to transferring and identify transfer course issues students need to address to best align their transfer work to meet UW-Eau Claire's requirements. New transfer students will have the opportunity to attend a formal orientation program either before classes begin in the fall (for summer/fall transfers) or in the spring (for winter/spring transfers).

Questions regarding new and transfer student orientation programs should be addressed to New Student Orientation via email at orientation@uwec.edu or by phone at 715-836-5053. Visit this website (<https://www.uwec.edu/offices-services/new-student-orientation>) for more details.

Undergraduate Advising

Advising Philosophy

Academic advising is an important component of a student's undergraduate experience. The university has established a structure intended to bring each student into a collaborative relationship with an ARCC academic advisor and a faculty advisor. The partnership with these advisors empowers students to establish connections to campus and their field of study, graduate in a timely fashion, and develop a portfolio of skills and experiences that will help them achieve their academic and professional goals. Advising is most effective when viewed as a developmental process in which the students and advisors work together. **Students have the ultimate responsibility for monitoring their progress toward graduation and they should work closely with their advisors to develop a corresponding academic and career plan.** Advisors serve as a resource for students, providing accurate information and referring them to appropriate sources of help offered by the university.

Advising Structure

The Advising, Retention + Career Center (ARCC) is organized into seven advising clusters, each representing a group of related majors. Students who

have declared a major are assigned an ARCC academic advisor within the appropriate advising cluster and a faculty advisor within the major. In some programs, faculty advisors are assigned after formal admission to the major.

Students who have not declared a major are assigned to an undeclared advisor until a major is declared. Upon declaration of a major, students are reassigned to the appropriate ARCC advising cluster and to a faculty advisor in the major.

Students seeking to change a major, minor, or certificate must consult with an advisor prior to initiating the change.

Roles of Academic and Faculty Advisors:

ARCC Academic Advisors: An ARCC academic advisor provides holistic and comprehensive academic and career advising for students. They provide students with guidance regarding course selections, graduation requirements, major exploration, academic policies and procedures, campus resources, and High Impact Practices. ARCC academic advisors collaborate with faculty advisors and career counselors to serve students.

Faculty Advisors: A faculty advisor provides ongoing consultation for the student on long-range academic and career plans, monitors progress towards specific program degree requirements, assists in the selection of program courses, and connects students to High Impact Practices available in their department/field. Students are encouraged to meet with their faculty advisor each term to discuss program-related opportunities. Faculty advisors collaborate with ARCC academic advisors and career counselors to serve students.

Students must see an ARCC academic advisor at the following times:

- Prior to registration for fall and spring semesters. Students are encouraged to discuss summer and winterim courses with their academic advisor,
- If they are a new transfer or re-admitted student registering for their first semester,
- Prior to withdrawing from a course or withdrawing from the university.

Advising Responsibilities

Student Responsibility

It is the student's responsibility to:

- Meet with their advisors at least once per semester.
- Read and respond to all communication sent from advisors in a timely manner.
- Be prepared for meetings with their advisors.
- Learn to read and use the degree audit; become familiar with graduation requirements; fulfill all degree requirements.
- Develop plans for taking courses required for graduation.
- Keep track of their own academic records.
- Develop plans for achieving academic, career and personal goals.
- Utilize their advisors to address questions about High Impact Practices (such as internships, community-engaged learning, research, study abroad, National Student Exchange, etc.).
- Utilize their faculty advisor to address questions about opportunities in the major, major courses and the influence on career choices, and educational opportunities beyond their undergraduate degree.
- After registering for their final term, apply for graduation in CampS.
- See their advisors and course instructor at the first sign of academic difficulty.
- Understand academic policies and become familiar with important deadlines.
- Utilize the full range of campus resources available at the university.

- Advance their learning and development through curricular and extracurricular opportunities.

Advisor Responsibility

It is the responsibility of ARCC academic and faculty advisors to:

- Be accessible to students on a regular, predictable basis.
- Encourage students in self-direction, learning, and assuming responsibility for their own educational plans.
- Reinforce the responsibilities of students.
- Assist students with course selections.
- Help students with academic and career planning and re-evaluate plans regularly.
- Empower students to achieve academic, career and personal goals.
- Know graduation requirements and other institutional policies outlined in the catalog.
- Refer students to appropriate campus resources.
- Help students learn about academic policies and procedures.
- Increase advising skills through regular training and professional development.
- Help students understand the value of their liberal arts education.

Blugold Learning Center

The Blugold Learning Center is the primary learning center on campus for students. We help students become better students and facilitate learning for others. A variety of free resources are offered through the Blugold Learning Center including peer tutoring, academic coaching, and peer-led study sessions (Supplemental Instruction). Visit our website to find a full list of courses we support. We also offer student success courses that are available on a preassigned basis. Topics covered in our academic coaching program and student success courses include time management, learning strategies, developing a positive mindset, and habit formation. .

Career Services

Focused on career readiness, Career Services is a resource to students, offering opportunities for them to connect their education with experiential learning. We partner with employers, faculty, and staff to provide opportunities for students to determine their career goals. Students can meet with Career Services staff for assistance with resume reviews, cover letter reviews, job and internship search, career fair success, interview preparation, salary negotiation, and personal branding. Additionally, we provide access to current, reliable online resources to meet the needs of all learners. Career Services hosts employers on campus for career fairs, mock interview days, resume reviews, and networking events. The Career Services office is responsible for collecting and reporting data for the annual First Destination Survey.

Handshake: This is UW- Eau Claire's online career management system used by students and alumni. Employers recruiting UW-Eau Claire students use this platform to post part-time, on-campus, internship, and full-time positions. Students can search for opportunities and upcoming career events and directly communicate with employers.

Career Events: Each year Career Services plans events to help students with career success including:

- Accounting and Finance Career Fair
- Fall and Spring All Majors Career Fairs
- Science and Tech Breakfast
- Health Career, Professional & Graduate Fair
- Fall and Spring Part-Time Job Fairs

- Fall Mock Interview Day
- Fall and Spring Career Fair Spruce Up Days

Career Services hosts the Career Closet, located in Vicki Lord Larson Hall 2142. This is a free resource for students to find workplace attire for job and internship interviews, career events, student teaching, and more. Students may take clothes they need and keep them.

Community-Engaged Learning

Community-Engaged Learning (CEL) at University of Wisconsin-Eau Claire offers meaningful opportunities for students to connect their academic work with real community needs through hands-on projects and partnerships. The Center for Community-Engaged Learning works with community partners to create impactful projects for students and helps students and staff to develop projects.

Within the first few weeks of the fall semester, the Community Engagement Fair is held. At this come and go event, community partners come to the fair with the expectation of talking directly to students about volunteer, community-engaged learning, internship or job opportunities they have at their specific organizations.

Visit the Community-Engaged Learning App (<https://servicelearning.apps.uwec.edu/>) for information on available projects, the website (<https://www.uwec.edu/academics/academic-experience/service-learning/>) for news, resources and procedures and the Community-Engaged Learning Guidebook for current policies.

Health Careers Center

The Health Careers Center is a specialized career center for students who are interested in careers in health care, and the biomedical and health sciences. The services and resources available through the Health Careers Center assist students in exploring a wide range of health careers, creating a personalized and interdisciplinary pathway to graduation, and applying for admission to graduate and health professional schools. The Health Careers Center offers free resources for academic and health career advising; connections to local and regional health-related clinical, research, and volunteer experiences; support for effective health professional career development; and assistance in developing competitive applications for jobs and school. UW-Eau Claire offers pre-professional programs in Pre-Medicine, Pre-Physician Assistant, Pre-Dentistry, Pre-Veterinary Medicine, Pre-Physical Therapy, Pre-Occupational Therapy, Pre-Pharmacy, Pre-Optometry, Pre-Chiropractic, and Pre-Athletic Training. Visit our website (<https://www.uwec.edu/academics/health-careers-center/about-contact-us/>) for more information on the services and resources available through the Health Careers Center,

Educational and Community Services

Academic Intervention Clinic

The Academic Intervention Clinic, a program sponsored by the Human Development Center, provides school-aged children and adolescents with educational support in the areas of math, reading, and written language. Undergraduate student clinicians, under the supervision of faculty and graduate students, conduct state-of-the-art academic evaluations, develop and implement a comprehensive intervention program, provide on-going progress monitoring, and consult with parents and teachers. The program is housed within the Human Development Center with student clinicians also providing services in local elementary schools. The Academic Intervention Clinic also supports summer reading and math intervention programs for children with learning challenges. Faculty-student collaborative research experiences that focus on applied practice are available to undergraduate students.

Human Development Center

The Human Development Center (HDC) is an interprofessional program that works with individuals and families from western Wisconsin. Under the direct supervision of faculty supervisors, student clinicians from Communication Sciences and Disorders (Speech Language Pathology), Education and Learning, Nursing, Psychology, Special Education, and Family Assessment provide assessment, intervention, and consultation services to children, adolescents, young adults, and families referred from the community. Undergraduate and graduate students from these disciplines work collaboratively on interprofessional teams to provide high quality services to clients. The HDC also sponsors research programs involving academic assessment and intervention, behavioral health, and child and school psychology. The HDC is located on the first floor of the Human Sciences and Services building. Visit the website (<https://www.uwec.edu/offices-services/human-development-center/>) or call 715-836-5604 for more information.

Psychological Services Center

The Psychological Services Center, a clinic staffed by faculty members from the Department of Psychology's School Psychology Program, is located within the Human Development Center. The center provides psychological and family assessment and intervention, parent training, and academic and behavioral consultation services to clients referred from the community. Allied disciplines also participate in the center, providing a variety of consulting services, including health, education, and assessment.

UWEC Speech and Language Clinic

The UWEC Speech and Language Clinic provides diagnostic and intervention services to clients ranging in age from infants to older adults. Graduate and undergraduate student clinicians, under faculty supervision, work in the clinic with clients who have communication disorders of all types including problems with voice, stuttering, speech sound production, hearing, and language. The Clinic is located on the first floor of the Human Sciences and Services building and provides services at no cost to clients. Visit the website (<https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/communication-sciences-disorders/about/community-resources/center-communication-disorders/>) or call 715-836-4185 for additional information or to make appointments.

First Year Experience

The First Year Experience program at UW-Eau Claire helps new first-year students transition to college life. Many new students take a course that is designated as "first year only." These sections are regular university courses that are open only to new first-year students. Many first year only classes have an experienced UW-Eau Claire student mentor who works closely with the instructor to help students adjust to college. New freshmen may also register for special "linked" courses that are designed to help with transition to UWEC or to explore a topic, major or career of interest. In addition, all new first-year students are invited to participate in the Blueprint for a Blugold program, which are online modules designed to help students learn valuable information about college life. Visit this website (<https://www.uwec.edu/academics/academic-support/first-year-experience/>) for more details.

Services for Students with Disabilities

Services for Students with Disabilities (SSD) facilitates the provision of academic accommodations for eligible students with documented disabilities. Disability-related accommodations address the need for both program access (i.e. exam accommodations, note taking, interpreters, alternative format course materials, etc.) and physical access. Verification of the need for accommodations is based on current disability documentation provided by the student. Students with

disabilities who wish to request accommodations must provide disability documentation to the SSD Office and make their requests known in a timely manner so that arrangements for accommodations can be initiated. A Test Center is available for testing accommodations. Information about required documentation and procedures for arranging services can be obtained by contacting the SSD Office or visiting the SSD website. (<https://www.uwec.edu/offices-services/student-success-center/services-students-disabilities>)

TRIO Project AIM

TRIO Project AIM, Ability in Motion, is a federally funded Student Support Services Grant program. Due to federal eligibility requirements, the students served must have documented disabilities and be registered with the office of Services for Students with Disabilities. The mission of this program is to provide individualized assistance toward academic achievement and retention, empowering students to accomplish their educational and career goals. Eligible students receive a variety of supplemental services such as student-specific advising, career exploration, financial literacy, tutoring, mentoring, leadership development, and a variety of cultural and educational activities. Some students qualify for additional federal grant aid based on participation in the program. Further information may be obtained from the TRIO Project AIM website (<https://www.uwec.edu/equity-diversity-inclusion/edi-services-programs/services-for-students-with-disabilities/ssd-current-students/trio-project-aim/>). (<https://www.uwec.edu/equity-diversity-inclusion/edi-services-programs/services-for-students-with-disabilities/ssd-current-students/trio-project-aim/>)

Student Success Program

The Student Success Program (SSP) is a one-year academic support program that provides small classes and a structural introduction to the university. Participants are admitted to the University of Wisconsin-Eau Claire through SSP because they demonstrate the potential to succeed and may need additional support as they transition to college. The program is facilitated by the Blugold Learning Center.

Student Support Services

Funded by a TRIO grant from the U.S. Department of Education, the Student Support Services program provides a variety of supplemental services for qualified students. Due to federal eligibility requirements, the students served must be from a low-income household, be a first-generation college student, or have a documented disability. The staff assists eligible students in assessing their academic skills and in developing individual goals that promote their academic and career success. The program provides participants with free tutoring, career exploration opportunities, comprehensive academic advising, mentoring services, graduate school preparation, financial aid information, and a variety of educational activities. Some students qualify for additional federal grant aid based on their participation in the program. Further information may be obtained from the Student Support Services staff. Visit the SSS website (<https://www.uwec.edu/offices-services/student-support-services-program>).

Upward Bound

Upward Bound is a federal TRIO program awarded to UW-Eau Claire by the U.S. Department of Education. All participants are from public high schools in Eau Claire (North High School and Memorial High School). Most students are recommended by school counselors during the last semester of middle school. Once enrolled in the program, students continue through high school graduation. The program serves 73 promising high school students who face barriers to the completion of high school and the attainment of post-secondary education. During the academic year, students receive tutoring, counseling, and study skills support. The summer six-week residency program, for which students receive high school credit, provides an academic core enhanced

with field trips and cultural, social, and athletic activities. Upward Bound develops career exploration and decision-making skills and assists students in selecting appropriate post-secondary educational options. Assistance is given in completing college admission and financial aid applications. Further information may be obtained from the Upward Bound Office or by visiting the Upward Bound website (<https://www.uwec.edu/equity-diversity-inclusion/edi-services-programs/upward-bound/>).

Student Services, Activities and Organizations

Student Affairs

Student Affairs professionals, in conjunction with faculty colleagues and community partners, assist University of Wisconsin-Eau Claire students to reach their unique potential in the areas of intellectual, personal, and social development. This is achieved by providing a variety of student services that include information sharing and advocacy, professional development and training opportunities, as well as diagnostic and clinical services. These activities occur in the context of a liberal education enhanced by experiential learning and civic engagement. Units in the Division include Activities, Involvement & Leadership, Center for Awareness of Sexual Assault, Counseling Services, Dean of Students Office, Fostering Success, Gender and Sexuality Resource Center, Multicultural Student Services, Services for Students with Disabilities, Student Health Service, Student Support Services, University Centers, and Upward Bound. The Student Affairs/Dean of Students Office is located in Schofield 240, 715-836-5626, fax 715-836-5911, or visit the website. (<https://www.uwec.edu/offices-services/division-student-affairs>)

Activities, Involvement, and Leadership

The Activities, Involvement & Leadership Office (<https://www.uwec.edu/offices-services/activities-involvement-leadership/student-organizations-uwec/student-0>) (AIL) at UW-Eau Claire serves as a hub for connecting students with opportunities that foster personal and professional growth beyond the classroom. Dedicated to enriching the college experience, the office hosts a variety of co-curricular leadership initiatives, recognition programs, and campus-wide activities designed to entertain, challenge, and promote meaningful exchanges of ideas. These experiences aim to cultivate lifelong leadership skills and complement UW-Eau Claire's strong academic foundation, ensuring students enjoy a well-rounded college journey.

The AIL staff actively supports and encourages the creation and implementation of diverse involvement and leadership opportunities. These include volunteer programs, student employment and internships, diversity and cultural initiatives, and community outreach efforts. Through these initiatives, students are empowered to explore their potential, develop essential skills, and connect their abilities to real-world applications.

The office oversees over 200 student organizations and coordinates the bi-annual Blu's Organizations Bash, a signature event bringing students and organizations together. Additionally, AIL administers campus-wide programming funded by student segregated fees allocated by the Student Senate. These programs include the Artists Series, The Forum lecture series, Summer Events, and the UW-Eau Claire International Film Society. The office also provides advisement and support to Greek Life, the Student Senate's University Activities Commission, and the Student Organizations Commission, as well as programs and services housed within the Student Involvement Center.

Committed to student development, the Activities, Involvement & Leadership Office strives to help every student discover and enhance their skills, fostering

connections that bridge the gap between campus life and future professional endeavors.

Athletics

The University of Wisconsin-Eau Claire intercollegiate athletics program provides services in concert with the mission of the university and the underlying mission of Enrollment Management. These are best characterized by the goal of accessibility.

The athletics program mission is to be accessible to students of all skills, abilities and interests, and to provide an extra-curricular inclusive environment which will enrich learning and personal growth. In providing this learning environment, the program places emphasis on the academic success of student-athletes, the fair and equitable treatment of women and men, the principles of fair play and amateur athletics competition and the health and welfare of student-athletes.

The University of Wisconsin-Eau Claire fields 25 intercollegiate teams. The 13 women's programs consist of basketball, cross country, golf, gymnastics, ice hockey, lacrosse, soccer, softball, swimming and diving, tennis, track and field, and volleyball. The 12 men's programs consist of baseball, basketball, cross country, football, golf, ice hockey, soccer, swimming and diving, tennis, track and field, and wrestling. Teams participate as a member of the NCAA Division III, the Wisconsin Intercollegiate Athletic Conference (WIAC), and the National Collegiate Gymnastics Association (NCGA).

The Blugold athletics teams utilize a number of on-campus and other public and private venues for practice and competition, including McPhee/Olson, Simpson Field, Bollinger Fields, Carson Park, Hobbs Ice Center, Eau Claire Country Club, Whitetail Golf Course, L.E. Phillips YMCA Sports Center, Menard Tennis Center, and newly constructed Sonnentag Complex.

Entering freshmen are eligible for varsity competition if enrolled as full-time students. Transfers and students who have not been in continuous enrollment at UW-Eau Claire should contact Athletics for a determination of their eligibility status. Subsequent eligibility requires that student-athletes maintain a 2.0 resident grade point average.

Awareness of Sexual Assault (Center for)

The Center for Awareness of Sexual Assault (CASA) is a sexual assault support service that maintains a victim-centered approach. We provide a safe place for people to come and talk about any issues that they may have surrounding sexual assault, dating violence, stalking, harassment, or those of someone close to them. Even if you are not sure about an experience and are now feeling uncomfortable with what happened, CASA would be glad to talk with you. We provide a variety of services that are confidential and free: crisis counseling, emergency room support, legal advocacy, assistance with campus reporting, information and referral, and a 24-hour crisis hotline at 715-836-HELP. For additional information, visit the website. (<https://www.uwec.edu/offices-services/center-awareness-sexual-assault>) To make an appointment, call 715-836-4357 or email casa@uwec.edu. The CASA office is located Schofield Hall 101.

Children's Nature Academy (The Priory)

The UW-Eau Claire Children's Nature Academy (CNA), is a five-star (Youngstar) nature based early learning program, licensed by the state of Wisconsin. The program provides care and learning to children ages six weeks through age ten, on the University's beautiful 112-acre Priory Campus. Priority enrollment is given to UWEC students. However, all families from the UWEC and surrounding community are welcome. The center operates from 7:00 a.m. to 5:30 p.m. Monday through Friday and some evening care upon request. The CNA offers

flexible scheduling and special student discounted rates. The CNA also works with the Eau Claire Area School District to offer four-year-old kindergarten (EC4T) and AmeriCorps to offer ECLIPSE, a literacy and social skills program for preschool age (3-5) children. Please contact the Director at 715-836-2178 or children@uwec.edu for more information on enrollment. Online interest forms (<https://www.uwec.edu/children/>) are also available.

Counseling Services

Mental health services are available at UWEC Counseling Services. Therapists in Counseling Services assist students in overcoming problems that can interfere with their educational, social, and emotional development. Services include individual, couples, and group counseling, psycho-educational workshops, drop-in crisis support, assessment, and outreach. Common issues that students bring to counseling are anxiety, depression, stress, adjustment to college, relationship issues, alcohol and drug use, goal setting, time management, and other mental health concerns.

Confidential and free counseling is available to any UW-Eau Claire student. Both in-person and virtual appointments are available. Scheduling is easy, and can be done online (<https://www.uwec.edu/counseling-services>), by calling 715-836-5521, or by stopping by our office located in Vicki Lord Larson Hall 2122. For more information on our services visit the website.

Cultural and Social Activities

Artist Series (<https://www.uwec.edu/offices-services/activities-involvement-leadership/events-programs/artists-series>). The Artist Series presents quality regional, national, and international artists in the areas of music, dance, and theater to the University community. Through the performing arts, the Artist Series seeks to develop aesthetic awareness, promote interdisciplinary appreciation, and cultivate multicultural experience.

The Forum. Since 1942 The Forum lecture series has presented many of the world's greatest minds and imaginations. Speakers have ranged from Sinclair Lewis to Maya Angelou, Margaret Mead to Cornel West, William Westmoreland to Noam Chomsky, Buckminster Fuller to Carl Sagan, and Bennett Cerf to Garrison Keillor.

The International Film Society (<https://www.uwec.edu/activities-involvement-leadership/programs-events/international-film-society/>) presents foreign and domestic films on campus for UW-Eau Claire students, faculty/staff, and for community members who purchase Film passes. Since 1956 the series has represented various countries, cinematic styles, directorial methods, genres, and points of view in films that help to foster a better understanding of other people and cultures as well as a lifelong appreciation for the art of Film.

Student Organizations and Leadership Center. This area in the Davies Center provides services and a home base for the more than 230 campus organizations at UW-Eau Claire. Students may learn more about organizations they are interested in joining through the Activities, Involvement & Leadership Office. Organization members may use the workshop space, supplies and resources. The Student Organizations and Leadership Center is also home for the Student Senate.

Summer Events. Free entertainment and films for the Eau Claire community is provided throughout the Summer Session.

University Activities Commission (UAC). The largest standing commission of the Student Senate, the UAC is the exclusively student-operated campus activities programming board. In selecting and producing high-quality, diverse, and accessible educational and entertainment programs for the university community, UAC members gain valuable leadership experience and

develop personal skills such as exercise of responsibility, decision-making, and teamwork.

Five committees make up the commission. The **Cabin Committee** programs musical and performance arts events in an intimate setting. The **Concert Committee** presents on-the-rise regional bands, nationally and internationally touring artists, and cutting-edge performers. The **Festivals Committee** coordinates Homecoming, Winter Carnival, and Springfest activities. The **Film Committee** alternates with the International Film Society in screening contemporary and classic films throughout the academic year. The **Late-Night Activities Committee** provides social late-night activities for students, using spaces on upper campus and lower campus. The **UAC** also offers lecture-and-discussion programs, performing and visual arts events, tours to regional cultural events, comedy nights, and novelty programming.

Viennese Ball. Documented as the largest Viennese Ball presented outside of Vienna, Austria, this is a scholarship-focused formal event recalling the romance and elegance of 19th-century Vienna. To date, all proceeds have exceeded over \$2 million in music, service and international study scholarships and awards for UW-Eau Claire students. Now in its fifth decade, the Ball welcomes the community to support and experience the excellence of UWEC's music programs and appreciate the character of our student-scholars. Attendees will experience incredible culture through music, food, culture and community, that expands great awareness of the culture, history, and music of Vienna, Austria. An evening of elegance is waiting!

Department of Art & Design. Student shows comprise a significant aspect of the annual calendar of exhibitions. A visiting artist is invited to serve as juror in the selection of works for the Annual Juried Student Art Show in the Foster Gallery of the Haas Fine Arts Center. Candidates for the Bachelor of Fine Arts degree present senior shows in their emphasis at the conclusion of each semester. Other exhibitions present the work of outstanding contemporary artists who frequently visit the campus at the time of their show and meet informally with students. Gallery and museum directors, graphic designers, and art historians also visit the Department of Art & Design to present lectures and participate in seminars and workshops on a wide range of subjects.

Paintings, sculpture, prints, and drawings from the UW-Eau Claire permanent art collection may be viewed in numerous campus locations.

Forensics. A complete program of competitive intercollegiate speaking activities is offered. Categories include prose interpretation, poetry interpretation, dramatic interpretation, dramatic duo, impromptu speaking, extemporaneous speaking, persuasion, informative speaking, after dinner speaking, and communication analysis. CJ 100, Introduction to Forensics, allows students to obtain credit for participating in the activity. Students do not have to enroll in the course to participate.

UW-Eau Claire possesses one of the longest traditions of national excellence in forensics in the nation. The University competes against colleges of all sizes, yet is typically among the top programs in the country. The local chapter of Pi Kappa Delta sponsors several tournaments and workshops on campus for high schools and colleges. Any student, regardless of background in forensics, is welcome to take part in this activity. For further information contact the Director of Forensics, Hibbard 174, or visit the website (<https://www.uwec.edu/academics/college-arts-sciences/departments-programs/forensics/>).

Department of Music and Theatre Arts. Each year the Department sponsors more than 225 recitals, concerts, and special musical programs by students, faculty, and guest artists. Many student musical ensembles have distinguished national reputations. Ensemble participation is open to all qualified students and includes the following organizations: University Symphony Orchestra, Chamber Orchestra, Wind Ensemble, Symphony Band, University Band, Marching Band, Jazz Ensembles, Concert Choir, Symphonic Choir, Women's

Chorus, Men's Glee Club (Statesmen), Women's Concert Chorale, Opera-Musical Theater Workshop, Concert Dance Company, and numerous small ensembles.

University Theatre annually casts five main-stage productions by open audition, including a Theatre for Young Audiences production. In addition to the main-stage plays, there are 20 to 30 student productions ranging from the classics to contemporary theatre.

Department performing spaces include the 600-seat Gantner Concert Hall used for concerts, recitals, opera, dance, and musical theatre; Phillips Recital Hall, seating 200 for solo recitals and chamber music; Riverside Theatre, a 200-seat thrust-stage facility used for main-stage theatre and studio productions; and Kjer Theatre, a proscenium facility seating 400 for main-stage plays and dance.

FM Radio (<https://www.wpr.org/wuec-fm-897-eau-claire>). WUEC (at 89.7 on the dial) is a student-assisted FM station broadcasting from studios in the Hibbard Humanities Hall. WUEC is affiliated with Wisconsin Public Radio and National Public Radio. Programming includes classical, jazz, blues, and folk music; news; information; and public affairs programs.

Campus TV. Students enrolled in Advanced Broadcast TV News (CJ 426) prepare newscasts in the Broadcast TV News Laboratory, Hibbard Humanities Hall 105.

Residence Hall TV-10. Students living in the residence halls produce and direct live and taped television programs originating in the studio and control room located in Towers Residence Hall. These programs are sent out on the residence hall cable system and received on channel 10.

Dean of Students

The Dean of Students Office staff plays an important role in helping all students navigate the campus environment and provide programs and services that enrich students' personal and educational development. The staff works with programs and services to create a learning environment that integrates co-curricular and classroom experiences.

Services provided by staff in the Dean of Students Office include:

1. Student advocacy, counseling, advising, and crisis intervention to students experiencing personal, medical/mental health and academic problems.
2. Supportive response, accommodations, investigation and adjudication of complaints of sexual assault, stalking, dating/domestic violence, and hate/bias incidents.
3. Support and advising for student government and campus organizations and the administration of student conduct procedures.

Students are encouraged to seek assistance related to student life concerns and to use the office as a referral resource. Staff assist students in making positive connections with faculty, staff, other students, and services. The Dean of Students Office is located in Schofield 240, dos@uwec.edu, 715-836-5626, fax 715-836-5911, or visit the website (<http://www.uwec.edu/dos>).

Gender & Sexuality Resource Center

The Gender & Sexuality Resource Center is dedicated to creating a safe and inclusive campus for all students, while advocating for and celebrating those identities that have been marginalized throughout history. We believe in education and celebration, not alienation, and that is reflected in all programs and events. Exploring privileges and oppressions is at the heart of our mission, and in so doing—and with a focus on intersectionality—we engage the campus community in ways that create room for understanding and empowerment. Staff provide resources, information, and programming in collaboration with existing departments, advisory committees, organizations, and offices; we foster a supportive campus environment through the development

and sponsorship of intellectual, personal, and cultural programming. All students are welcome in the GSRC. For more information, visit the [website \(https://www.uwec.edu/offices-services/gender-and-sexuality-resource-center\)](https://www.uwec.edu/offices-services/gender-and-sexuality-resource-center).

Housing and Residence Life

The University provides accommodations for up to 4,000 students in on-campus residence halls. Except for those who are married, living with parents or guardians, or veterans of the United States Armed Forces, all freshmen and sophomores are required to live in University-operated residence halls when such accommodations are available.

Information about living on campus is automatically sent to candidates for admission to the University. Room assignments for students new to the University are based on the date all properly completed housing contract items are submitted. Room assignments for returning students are based on earned credits through UW Eau Claire at the time of room selection, then by lottery for those who have not yet earned credits through UW-Eau Claire and are subject to the completion of all housing contract items including a \$75 deposit. The deposit is refundable through May 1 (see Deposits, under Tuition and Fees). It is beneficial to apply as soon as possible after acceptance to the University. Whenever possible, specific room assignments will be made prior to freshman orientation in mid-June.

Each residence hall is staffed by a professional hall director and student resident assistants. Insofar as demand permits, students are given a choice among the kinds of on-campus accommodations available.

All students living in traditional University residence halls are required to participate in the contract meal plan (see Dining Services). *Certain buildings may be identified as exempt from the contract meal plan.*

Further information concerning all housing and residence life policies and services is provided online (<http://www.uwec.edu/housing>).

Multicultural Student Services

Multicultural Student Services (MSS) provides programs and services that support and enhance the collegiate experience for students. MSS is dedicated to helping students excel both individually and collectively by fostering meaningful relationships, cultivating a sense of belonging, creating relevance to learning, and connecting students to resources that support academic success and personal growth at UW-Eau Claire.

In addition, MSS supports campus-wide programming for faculty, staff, and students through cultural programs, heritage month awareness activities, guest speakers, classroom presentations, and other educational trainings.

All UW-Eau Claire students are encouraged to participate in the wide variety of opportunities and events sponsored by Multicultural Student Services. To learn more about MSS programs and services, visit the MSS website (<https://www.uwec.edu/offices-services/multicultural-student-services>).

Recreation and Sport Operations

Recreation and Sport Operations provides a variety of programs and services to meet the needs and interests of the University community. Specific programs include Group Exercise, Fitness Centers, Massage Therapy, Outdoor Fitness Circuit, Adventure Trips, Archery, Climbing Programs, a Golf Simulator, Billiards, Ropes Course, Disc Golf Course, Open Recreation, Swimming Pool, Indoor Track, Intramural Sports, Club Sports, Esports, Wellness Programs, and Special Events.

All upper campus indoor and outdoor sport recreation facilities are managed by Recreation and Sport Operations. These facilities include McPhee Center/Ade Olson Addition, Hilltop Recreation Center, Crest Fitness Center, and the outdoor sport facilities, Bollinger Fields and Simpson Field.

We have facilities, programs, and equipment to help you be well, have fun and experience a new adventure! For more information about Recreation, visit the Recreation and Sport Operations website (<http://www.uwec.edu/recreation>), download the App "UWEC Recreation" and follow us on social media.

Student Government

The University of Wisconsin-Eau Claire has long been committed to the active participation of students in institutional shared governance. Significant responsibility is accorded to qualified students who serve with faculty on departmental and college committees and on administrative committees of the University.

The Student Senate is the primary vehicle for the involvement of students in University governance. It has initial responsibility for recommendations on matters pertaining directly to student life, services, and interests, including the allocation of millions of dollars of student segregated fees each year to fund student support services and recreational activities, for example. Each year, the student body elects eligible students from two geographical districts—on and off campus—to serve as senators.

Through the Residence Hall Association and the Coeducational Residence Hall Judicial Board, students also participate, with the Director of Housing and Residence Life, in the operations and development of residence hall programs and policies.

For further information, students may contact the Student Senate Office or the Dean of Students Office. Visit the [website](#).

Student Health Service

UW-Eau Claire's Student Health Service fosters a healthy campus community through high quality health care, inclusive and accessible service, and health promotion/advocacy. Student Health Service is the primary health care center for UWEC students.

Clinical services provided include mental health evaluations and follow-up care, evaluation and treatment of illnesses and injuries including those of the respiratory, gastrointestinal, and musculoskeletal systems. Physical examinations, minor surgical procedures, laboratory services, and reproductive health services, including contraceptive exams and supplies, are also offered. Diagnosis and treatment of sexually transmitted diseases is available. The clinic also offers gender affirming care and consultation. All appointments are free. A small cost is associated with labs, medications, supplies, and certain procedures.

The Health Promotion Office works as an educational arm of Student Health Service. Located on lower campus in Schofield 26, this office works on health advocacy projects to make UW-Eau Claire's campus a healthier living place for learning and living, including developing and implementing strategies and programs to reduce high-risk drinking. This office also offers educational programming for residence halls and classrooms on topics such as nutrition, life/work/school balance, making healthy changes, and other topics.

For more information on our services, hours and locations, visit the website, call the clinic at (715) 836-5360 (<https://www.uwec.edu/offices-services/student-health-service>), or stop by Student Health Services in Crest Wellness Center (upper campus). (<https://www.uwec.edu/offices-services/student-health-service>)

Student Publications

The Spectator (<https://www.spectatornews.com/>), an award-winning student newspaper is published in print every other Thursday of the regular academic year and daily online at spectatornew.com. The paper has offices in Hibbard 104. Paid staff positions are available for interested students in editorial, production, and advertising departments. The Spectator is a member of the Associated Collegiate Press.

NOTA (*None of the Above*), the campus creative arts magazine published once per semester, provides an outlet for student poetry, prose, photography, artwork, and original music performance. NOTA sponsors public readings by students, faculty, and professional writers and hosts other events for writers and artists. Interested students may inquire at the NOTA Office in the English Department or via email: nota@uwec.edu.

University Centers/W.R. Davies Student Center

University Centers (<https://www.uwec.edu/offices-services/university-centers>) is the heart of campus life, bringing people together through spaces, services, and experiences that support learning, connection, and engagement. The department operates two primary facilities—the **W. R. Davies Student Center** and the **Hilltop Center**—and manages **Schofield Auditorium**.

Through a wide range of programs and services, University Centers creates opportunities for students to get involved, develop leadership skills, and engage with the campus and surrounding community. These experiences include student employment and internships, volunteer and service opportunities, and collaborative programs with faculty, staff, and community partners.

University Centers provides many of the essential services students rely on daily, including undergraduate textbook rental, campus meal plans for residential students, campus banking, vending, official University ID services, and printing. In addition, the department oversees non-academic space reservations across campus, manages event ticketing, administers bookstore, dining, catering, and vending operations, and serves as the central source of campus information through the Service Center.

University Centers is supported through a combination of student fees, Commissions and revenue generated from space, equipment, and labor rentals for meetings, programs, conferences, camps, weddings, and other campus and community events.

W.R. Davies Student Center

W.R. Davies Student Center is the center for social and cultural interaction for our campus community and the greater community on the lower campus. Offering a number of meeting and program spaces (<http://www.uwec.edu/centers/facilities/davies/map.htm>), dining facilities and service areas, W.R. Davies Center is the administrative core of the University Centers.

This student center currently houses the Campus Harvest Food Pantry (<https://www.uwec.edu/offices-services/campus-harvest-food-pantry>), The Gender and Sexuality Resource Center (The Bridge) Marketplace Food Court (<https://uwecdining.sodexomyway.com/en-us/categories/marketplace>), Blu's Mini Mart convenience store (<https://uwecdining.sodexomyway.com/en-us/locations/blusminimart>), Dulany Inn restaurant (<https://uwecdining.sodexomyway.com/en-us/locations/the-dulany-inn>), The University Bookstore (<https://www.uwec.edu/offices-services/university-bookstore>), The Cabin coffee shop featuring Starbucks (<https://uwecdining.sodexomyway.com/en-us/locations/the-cabin>), Student Organization Complex that houses Student Senate (<https://www.uwec.edu/offices-services/student-senate>) and Activities, Involvement & Leadership (<https://www.uwec.edu/offices-services/activities-involvement>

leadership) and the 3rd floor Conference Center that includes Woodland Theatre, two ballrooms and seven reservable rooms.

Hilltop Center. Hilltop Center houses the Riverview Caf (<https://uwecdining.sodexomyway.com/en-us/locations/riverview-cafe>), the primary residence dining facility on campus. Riverview Cafe serves over 7,000 meals to students each day. The programs and services of University Recreation and Sport Facilities are also based in Hilltop Center. Facilities there include the Environmental Adventure Center, bouldering wall, billiards, e-sports lounge, golf simulator and exercise studios.

Event Services

Responsible for many non-academic reservations on campus, Event Services is the University's centralized event planning and production department. Event Services works with administrative offices and academic departments in executing programs that support the educational mission of the University while also coordinating conferences, meetings and other events for community agencies. A variety of high impact opportunities are available with Event services through The Event Production Crew (EPC). They are highly responsible student staff trained in all aspects of event set-up production including video, lighting, sound, event set-up and staging to ensure events are executed to the client's specifications.

Blugold Card Services

Blugold ID Services is located in the East lobby of the W.R. Davies Center. When students, faculty, or staff enroll or start employment at the University, they are issued a mobile credential to keep throughout their employment or enrollment. Instructions for setting up the Mobile ID are available on our website: <https://www.uwec.edu/offices-services/university-centers/blugold-card-services/blugold-mobile-ids>.

UW-Eau Claire credentials give the bearer access to Dining and Housing facilities, use of McIntyre Library, access to McPhee Physical Education Center facilities, discounted tickets for many campus activities and events, free use of the Eau Claire Transit System, access to the Blugold Account debit card system, textbook rental, and other services.

Blugold Dining

Every day at Blugold Dining, you will get a variety of healthy, nutritious, and delicious food options to satisfy your hunger and keep you feeling energized. Students may participate in one of several meal plan options. Students living in Aspenson Morgenson Hall, Chancellors Hall, Haymarket Landing, or The Priory are exempt from having a meal plan but may select from one of the plans if they choose. Meal plan information is available online (https://nam11.safelinks.protection.outlook.com/?url=https%3A%2F%2Furldefense.com%2Fv3%2F_https%3A%2F%2Fuwecdining.sodexomyway.com%2Fmy-meal-plan%2Findex__%3B!!P5FZM7ryyeY!UcDYV8uQ9wTNY1rCKa5Rm9NCaUK9t4KBJadS8vDvd3iuxY8mIM1HhKNEHkX2f2-SR8MvfbZ3f3EfIP4tA8cWV30%24&data=05%7C02%7CLabsjr%40uwec.edu%7Cef475465cf124f5df36508de62a8a879%7Cdd068b97759349388b3214faef2af1d8%7C0%7CTWFpbGZsb3d8eyJFbXB0eU1hcGkiOnRydWU%3D%7C%7C&sdata=edej%2B%2B3IQ6UCKaCJm2o%2BIRraVFtMr2mypaPwVLdUnCc%3D&reserved=0). Retail dining options on lower campus include Marketplace, Sushi-Do, The Cabin Coffee Shop, Dulany Inn, and Catering locations within the W. R. Davies Center and Einstein Bros. Bagels located off the main lobby of Centennial Hall. Residential and retail options on upper campus include Riverview Café an all-you care to eat facility located in Hilltop Center, and a convenience store located off the main lobby of Karlgaard Towers. With all this food to choose from, you are sure to find your new favorite brunch spot, snack stop, and dining delicacies at UWEC. Plus, you can always figure out what's open now (<https://>

uwecdining.sodexomyway.com/en-us/locations/). Blugold Dining provides services to the University community and the public.

Event Services and Conferences

Responsible for all non-academic reservations on campus, Event Services is the University's centralized event planning organization. Event Services works with students, staff and the community to plan conferences, meetings and other events, and works with administrative offices and academic departments in executing programs that support the educational mission of the University. Event Services (<http://www.uwec.edu/eventservices/>) directs a highly responsible student staff trained in all aspects of safety and event production to ensure the well-being of all users of campus facilities. Professional video, lighting, sound & staging are also available for events.

University Bookstore and Textbook Rental

Located on two levels of the W. R. Davies Center, the University Bookstore (<http://www.uwec.edu/Bookstore/>) sells course related textbook materials, gifts, University clothing, and school supplies. Gift certificates and a special-order service for books and merchandise are also available. Cash, credit card, and Blugold Account purchases are welcome. (Note: Physical ID cards are required to use your Blugold Account for purchases, electronic ID's are not recognized through our Point of Sale System).

UW-Eau Claire undergraduates rent most textbooks from the University Bookstore's Textbook Rental Department, which is funded by a designated portion of undergraduate tuition. Some additional textbooks are not included in the Rental Inventory and must be purchased with an alternate form of payment (Cash, Check, Debit, Credit). Textbooks and other teaching resources are selected by instructors for each course and are arranged by author on the Bookstore's upper level for students to pick up.

University Printing Services

University Printing Services (<http://www.uwec.edu/printing/>) provides affordable and convenient printing and production services for students, faculty/staff, academic departments and administrative offices, and the public. Printing Services offers competitive pricing on business cards, presentation materials, posters, labels, envelopes, postcards, banners, booklets, brochures, buttons, yard signs and much more. High-speed black- digital copies, high-quality color copies, large-format printing and a range of bindery services are among the services offered. *Full time Graphic Designer* on staff to create custom materials such as resumes, graduation, wedding or special occasion save the date cards, invitations and thank you cards. Printing Services accepts walk-up and online orders. **We also offer convenient Curbside pickup and drop off.** We accept cash, Blugold account funds, campus account funds, and credit cards.

University Printing Services has a walk-up location in the lower level of Schofield Hall Room 18. University Printing Services is the designated agency printing manager for UW-Eau Claire, responsible for ensuring that all Departmental off-campus printing using state monies is purchased in accordance with state law and policy. Custom course packs are produced here and made available through the University Bookstore.

University Service Center

The University Service Center (<https://www.uwec.edu/centers/>) (<https://www.uwec.edu/centers/services/>) plays a key role in university communication, acting as the central source of university information as well as answering the campus' main phone line. The area offers one-stop convenience for many essential services.

- Tickets — The University's centralized ticket office works with organizations, academic departments, Blugold Athletics and other

administrative offices to produce and sell tickets to campus events. Tickets for basketball, hockey, football, concerts, lectures, commencement, and other campus programs are available at the Service Center.

- Postal Services — The Service Center offers U.S. Postal Service domestic and limited international mail services. A United Parcel Service (UPS) drop box is also available outside Davies Center.
- Information Services — Campus information including directory assistance, activities information, campus/community maps and brochures can be found at the Service Center. The Service Center gives vending machine refunds and provides the campus-wide lost and found services.

UWEC Student Organizations

Involvement in campus organizations is an important part of the university's total education program. These groups offer social and service opportunities for their members, the university, and the community at large. Membership can broaden acquaintances, develop leadership ability, build decision-making and problem-solving skills, and complement classroom instruction. Visit online (https://blugoldconnect.uwec.edu/club_signup?group_type=25437&category_tags=) for the current list of UWEC's Student Organizations in the following categories:

Academic & Professional
Campus Media
Club Sports
Cultural Interest
Event Programming
Governance & Politics (Student Government, Student Senate, etc.)
Greek Life
Honor Societies
Identity Based
Non-Registered Student Organizations
Performing
Recreational
Service
Special Interests
Spiritual

Veterans Services Office and the Veteran's Center

Our office advises veterans and eligible dependents on available state and federal veteran educational programs and assists them in applying for educational benefits. Veterans are also encouraged to use this office to seek assistance related to veterans' issues and as a referral resource. UW-Eau Claire is approved by the State Approval Agency for the education of veterans and veterans' dependents under both federal and state programs. Students requesting veteran benefits should meet with the staff of the Veteran Services Office to set up their benefits program(s). Students using veterans' educational benefits are required to request certification of benefits after registering for classes **each semester**. You will also need to update Veterans Services Office with any changes in your enrollment status. For more information, visit the website (<https://www.uwec.edu/tuition-financial-aid/veteran-benefits/>).

For assistance, please contact our office (715) 836-5212, veterans@uwec.edu. Veterans Services Office is located inside Blugold Central | Vicki Lord Larson Hall, Room 1108.

In addition to Veteran's benefits services, students are encouraged to visit the **Veteran's Center** (<https://www.uwec.edu/veterans-center/>) (**Schofield Hall, Room 20**) which provides a space where all military connected students, faculty and staff can learn more about resources specifically for them, attend programs on veteran needs, participate in support groups and utilize the lounge area for studying, relaxing and meeting others on campus.

Academic Opportunities

Blugold Fellowship Program

The Blugold Fellowship program recruits high school students to come to UW-Eau Claire and perform research with a faculty member during their first and second years. The fellowship is awarded to incoming freshmen based on research interest and merit and includes a scholarship and work-stipend. The program places students with faculty mentors and allows them to perform research in order to expose them to scholarship early in their university careers. The program highlights the opportunities available at UW-Eau Claire, including those provided through the UW System Center of Excellence for Faculty and Undergraduate Student Research Collaboration, housed in the Office of Research and Sponsored Programs (ORSP). Visit the website (<https://www.uwec.edu/offices-services/blugold-fellowship>).

Intercultural Immersion Experiences

UW-Eau Claire's Intercultural Immersions Office provides students with short-term experiential learning opportunities to enhance their cultural, social, and equity awareness through financial support from the University. Immersion programs are guided, critically-reflective, domestic intercultural and international experiences that aim to deepen students' intercultural competence through global engagement, study, and experience. Short-term programs (about 30 each academic year) take students to various locations within the United States and internationally and are led by UW-Eau Claire faculty and staff with curriculum that satisfies UW-Eau Claire's Liberal Education Learning Outcomes. As part of the University's commitment to providing high-impact learning experiences for all students, financial support is available for three different categories of intercultural immersion programs. This funding decreases student costs and thus increases access to high-impact learning experiences for all students. Every UW-Eau Claire full-time undergraduate student is eligible to receive funding support for one Immersion experience in each category listed below. These categories are:

1. The **Faculty-Led International Immersion Experiences (FLIIE)**

Program offers short-term (2-5 weeks over Summer or during Winterim) international Immersion programs led by UW-Eau Claire faculty and staff. Each program includes pre-experience preparation and orientation, cognitively rigorous in-country experiential learning activities that allow students to immerse themselves into local cultures, and post-experience guidance to bring learning and the application of their experience back to campus. All FLIIE programs meet the Responsibility (R2) learning outcome criteria. Some FLIIE programs also include a service-learning component and / or additional learning outcomes.

2. The **Domestic Intercultural Immersion (DII) Program** prepares students to take part in an increasingly complex and interconnected world by offering short-term programs (1-2 weeks during Fall semester, Winterim, Spring Break, and Summer term) within the United States. By engaging firsthand with underrepresented populations, communities, and environments within the U.S., participants develop new understandings of prevailing power structures and privilege and how these institutions are embedded and exhibited in daily across all cultures and societies to help expand students' interpersonal and intercultural skill set and awareness. All DII programs meet the Responsibility (R1) learning outcome criteria. Some DII programs include a service-learning component.

3. The **International Fellows Program (IFP) for Research, Service, and Creative Activity** supports international student-faculty / staff collaborative research, creative activity, and research projects. Students travel with program leaders to an international location for at least two weeks to engage in rigorous international research. The IFP has been created to enhance student research skills and international cultural

competency, as well as to develop faculty / staff expertise in global research topics. Faculty, staff, or students may submit an IFP research proposal. Some IFP Immersions also include a community-engaged learning component.

For detailed information about each program, visit the website (<https://www.uwec.edu/offices-services/intercultural-immersion-office>).

International Education (Center for)

The Center for International Education (CIE) provides high quality study abroad programs that challenge students to integrate academically, socially, and culturally into a host institution and community and provides support services to international students and scholars. Additionally, the CIE supports campus internationalization initiatives and advocates for intercultural competency and lifelong inquiry. The CIE's innovative work has twice been recognized by the Institute of International Education (IIE) for diversifying participation in study abroad and campus internationalization.

Two units within the Center for International Education work to support UW-Eau Claire students and faculty/staff:

Study Abroad

The Center for International Education (CIE) strives to make study abroad affordable and integrated into the curriculum so that it is accessible and promotes timely degree completion to all UW-Eau Claire students. To that end, the CIE offers programs around the world during all terms, works with academic departments to evaluate host university curriculums, and offers students the opportunity to fulfill Integrated (I1) liberal education through the study abroad experience. Students will live and study with host country students and other international students from around the world. Interested students are encouraged to plan for study abroad as early as possible, in consultation with their academic and faculty advisers and CIE study abroad staff. Credits and grades earned on UW-Eau Claire programs abroad are considered resident credits and are applied directly to the student's record. Additionally, regular financial aid may be used on UW-Eau Claire programs. The Blugold Commitment Grant, the Wisconsin Study Abroad Grant, and additional Foundation scholarships are also available to support study abroad. Information on locations, academics, terms, costs, and eligibility requirements are available on the Study Abroad website (<https://studyabroad.apps.uwec.edu/>).

International Students and Scholar Services

The University of Wisconsin-Eau Claire welcomes students and scholars from around the world to western Wisconsin for degree completion and short-term study. Center for International Education staff manage the following core services: immigration advising and compliance, Sino-American Dual Degree (CHEPD 1+2+1) dual degree management and student support, exchange and sponsored student programs, international student support programs (e.g., Host Friend Program and International Buddy Program). International students should be aware of the following policies that apply to their experience:

- International students must seek permission for all employment while in the United States due to U.S. immigration limits and regulations on employment.
- All international students are expected to live in University residence halls during their first year. A formal written appeal to the housing requirement may be made to the Director of the Center for International Education.
- All international students are required by the University of Wisconsin System to enroll in the International Student Health Insurance Plan.

Further information is available from the Center for International Education website. (<https://www.uwec.edu/offices-services/center-international-education>)

National Student Exchange

National Student Exchange (NSE) allows students to study at universities throughout the United States, Canada, Guam, Puerto Rico, and U.S. Virgin Islands. NSE inspires academic enrichment, personal exploration, and student development by facilitating accessible collegiate study away among member colleges and universities. Students pay tuition to UWEC, experience a new campus in a different region, take classes and earn credits, while staying on track to graduate on time from UW-Eau Claire. All grades and completed course work are incorporated in the student's UW-Eau Claire transcript, and are considered resident credits.

To qualify, a student must

- be currently enrolled as a full-time undergraduate student at UW-Eau Claire in the term prior to exchange;
- have a minimum 2.50 GPA;
- be in good academic, personal, and financial standing at UW-Eau Claire.

For more information about NSE, visit their website (<https://www.uwec.edu/offices-services/national-student-exchange-office>) or email cie@uwec.edu

Ronald E. McNair Postbaccalaureate Achievement Program

The Ronald E. McNair Postbaccalaureate Achievement Program is a graduate school preparatory program funded by the U.S. Department of Education and sponsored by UW-Eau Claire. Named after American astronaut Dr. Ronald McNair, the McNair Program aims at leveling the playing field in graduate education and diversifying the U.S. research community by class, socio-economic status, and ethnicity.

The mission of the McNair Program is to prepare scholars for research-based graduate studies and, ultimately, a doctoral degree. Annually, as many as 27 undergraduates participate in the UW-Eau Claire McNair Program. At least two-thirds of the participants meet federal income guidelines and are from a family in which neither parent graduated from a four-year postsecondary educational institution, and up to one-third of the participants come from groups that are traditionally underrepresented in graduate studies. (The federal government defines "underrepresented" to include Black (non-Hispanic); Hispanic; and American Indian/Alaskan Native, Native Hawaiians and other Pacific Islanders.)

Along with the McNair staff, a dedicated mentor in the scholar's primary field of research works with the scholar over a two-year period on research and materials that will assist the student in securing a place in a doctoral program. Some of the activities that McNair Scholars participate in include developing an understanding of the research process, developing an understanding of the grant-writing process, working one-on-one on preparing CVs and personal statements, applying for graduate school, and presenting research at the McNair Symposium.

Visit the website (<https://www.uwec.edu/offices-services/ronald-e-mcnair-postbaccalaureate-achievement-program>) to learn more about the McNair Program and for contact information.

Undergraduate Research

UW-Eau Claire is home to the Universities of Wisconsin Center of Excellence for Faculty and Undergraduate Student Research Collaboration. Students have the opportunity to work with a faculty/staff mentor to engage in scholarly research or creative projects. Results of these projects are presented on-campus at the Celebration of Excellence in Research and Creative Activity

(CERCA) each spring, and many are also shared at professional conferences and/or in publications. Students involved in these activities develop technical expertise, network with experts in their fields, enhance their communication skills, and collaborate with other students and faculty, preparing them for professional employment and/or graduate study. Hundreds of students each year receive financial support to participate in research, scholarly or creative projects and to travel to professional conferences to present their research results or share their creative works.

The Office of Research and Sponsored Programs (ORSP) houses the Center of Excellence for Faculty and Undergraduate Student Research Collaboration, and ORSP's mission is to maintain a supportive environment for research, scholarly, and creative endeavors of the faculty, staff and students. This is accomplished through events that showcase research and creative activities, such as the annual Celebration of Excellence in Research and Creative Activity (CERCA), through funding programs that support research and creative activities, through publications about campus research and creative activities, and through services such as seminars, workshops and individual consultations on grant-seeking and undergraduate research collaboration. Visit the ORSP website (<https://www.uwec.edu/orsp/>) to learn more about opportunities to engage in research/creative activity.

Mark Stephen Cosby Honors College

The Mark Stephen Cosby Honors College is a learning community that encourages highly motivated, high-potential students to develop fully in their distinctive abilities, creating a foundation for sustained intellectual, professional, and personal growth. The Cosby Honors College at UW-Eau Claire offers a unique and evolving curriculum that supports students in gaining skills and experience in civil discussion and effective collaboration. The honors community supports students in pursuing intellectual and creative risks and in making ambitious plans for their futures. The program offers an enhanced education, enabling students to integrate honors general education courses, honors interdisciplinary seminars, honors leadership opportunities, and honors work in their major into a high-value whole.

Honors at UW-Eau Claire has two components: University Honors and Departmental Honors. Students may graduate with honors by completing one or both. Honors College participation and completion are documented on students' university records, including transcripts.

University Honors. In small classes designed to stimulate and challenge high-achieving, highly motivated students, and in special sections of regular university courses, honors students gain opportunities to grow intellectually, to explore new interests, and to collaborate with faculty and peers from across the university.

Admission to the Cosby Honors College. For details about current admissions policies, please consult the Cosby Honors College website. (<https://uwec.ly/honors>) There are several ways to gain admission to the Cosby Honors College.

(1) Incoming first-year students are invited to participate each fall semester based on ACT or SAT scores and high school class rank.

(2) Students admitted to UW-Eau Claire with a strong academic profile that does not meet one or more of the automatic admissions benchmarks, including students who do not submit ACT or SAT scores, may be considered for admission to the Honors College through a holistic review process. To be considered for holistic review, prospective students should be sure to fill out the Admissions Scholarship and Honors Application (<https://uwec.ly/scholarships>) and indicate interest in the Honors College. Any admitted student

may also request their application to be holistically reviewed by contacting the Honors College office.

(3) First-year students who have completed at least 14 credits at UW-Eau Claire during the fall semester may be invited to Honors during spring semester based on their GPA and, where available, ACT or SAT scores.

(4) Current UW-Eau Claire students who are highly motivated to join the Honors College may petition for admission. Contact the Honors College office for more information.

(5) Transfer students who were in good standing with an accredited honors program or college at their previous institution are eligible to join the Cosby Honors College at UW-Eau Claire. Honors credits earned at the previous institution are evaluated by the UW-Eau Claire Honors Director to determine how many credits can be applied to UW-Eau Claire Cosby Honors College requirements.

Graduation Requirements. A student may graduate with University Honors by meeting the following requirements:

1. Attainment of a resident and total GPA of at least 3.50.
2. Completion of the one-credit first-year seminar, HNRS 100, and the one-credit senior seminar, HNRS 400.
3. Completion of 18-credits of honors coursework. Students may complete this distribution requirement by taking any combination of honors colloquia, honors sections of departmental courses, or honors special experience courses (study abroad, directed study, independent study, or honors thesis). Up to 3 credits may be met through a qualifying high-impact practice such as research or an internship, and up to 9 credits may be completed through honors contracts. Honors courses may meet liberal/general education, major, or minor requirements in addition to fulfilling requirements for University Honors.
4. Completion of one of the following:
 - a. Option 1: 6 additional credits of honors coursework.
 - b. Option 2: complete 2 from this list: HNRS 410, HNRS 420, HNRS 430, HNRS 440, HNRS 450, or 3 additional credits of honors coursework.
5. While fulfilling these requirements, students must complete two courses at the 300 or 400 level. HNRS 400 does not count toward this upper division requirement.

Honors College courses may not be audited or taken for a satisfactory/unsatisfactory grade.

A course transferred from a high school dual-enrollment college program or test score (AP, IB, or CLEP) may be substituted as honors course credit, if minimum scores are met (a qualifying dual-enrollment course with an A or A-, an AP score of at least 4, an IB score of at least 5, or a B-level CLEP score). No more than one course, for a maximum of 5 credits, may be substituted for honors course credit.

Flexible Credits. To meet the honors coursework requirement, honors students have the option to take honors colloquia or honors sections of department courses, complete up to 9 credits of honors contracts, use credits obtained while completing departmental honors, and more. With HNRS 410, 420, 430, 440, and 450, students have the opportunity to earn honors credit for leadership and teaching experiences. Students can also earn honors credit for qualifying high-impact experiences including substantial undergraduate research experiences, semester-long internships, case competitions, and study abroad. For more information on these options, please consult the Honors College office at honors@uwec.edu.

An appropriate designation will be placed on a student's record upon completion of all Cosby Honors College requirements. However, credits earned

in honors courses meet graduation requirements whether or not the program is completed. A current schedule of honors courses is available on the Cosby Honors College website (<https://uwec.ly/honors>).

Department Honors. Many departments and programs offer students the opportunity to earn an honors distinction within their program of study, enabling students to strengthen skills and distinguish themselves within their major. Currently, departmental honors programs are available in Accounting and Finance, Biology, Business Administration, Chemistry and Biochemistry, Computer Science, Criminal Justice, Economics, English, Geography and Anthropology, Geology and Environmental Science, Health Care Administration, History, International Business, Languages, Latin American and Latinx Studies, Management and Marketing, Materials Science and Engineering, Mathematics, Music and Theatre Arts, Philosophy and Religious Studies, Physics, Political Science, Professional Studies, Sociology, and Speech, Language, and Hearing Sciences. In many cases, credits earned in a departmental honors program can be applied to Honors College requirements.

For information on departmental honors programs, consult department descriptions in this catalog.

Academic Policies and Regulations

Academic policies and regulations apply to all undergraduate students. Students are responsible for knowing and following the policies and regulations stated in this section of the catalog and for satisfying all degree requirements.

Academic Definitions

Credits

The unit of credit is the semester hour. It is defined as one class hour per week (or its equivalent) for one semester. Thus, a lecture-discussion course, which meets three hours per week ordinarily carries three semester credits. Laboratory and studio classes usually require two hours in class as the equivalent of one semester credit.

Credit Load

Since a student is expected to spend approximately two hours in preparation for each hour in the classroom, 15 credits is considered a normal semester load (for the spring and fall semesters, or proportionate amounts for shorter courses) for undergraduates. Eighteen credits is the maximum for which a student may register without obtaining special permission. Registration for more than 18 credits (including audits) may be permitted by the Associate Dean of the College in which the student is enrolled, if the student has a resident GPA of at least 3.00 and if other conditions make the overload advisable. (In the Summer and Winterim Sessions, all students may take a maximum of as many credits as the number of weeks they are attending.)

Classification of Students

Enrollment Status

Spring and Fall Semesters

Status	Undergraduate	Graduate
Full-time	12 or more credits	8 or more credits
3/4 time	9-11 credits	6-7 credits
1/2 time	6-8 credits	4-5 credits
Less than Half-time	Less than 6 credits	Less than 4 credits

Winterim Session

Status	Undergraduate	Graduate
Full-time	2 credits	2 credits
1/2 time	1 credit	1 credit

Summer Session

Status	Undergraduate	Graduate
Full-time	12 or more credits	6 or more credits
3/4 time	9-11 credits	5 credits
1/2 time	6-8 credits	3-4 credits
Less than half-time	Less than 6 credits	Less than 3 credits

NOTE: Audits are excluded from credit totals.

Full-time Equivalent Enrollment Status

Submit the Full-Time FTE Verification form by the first day of the term. If the form is submitted after the deadline, the University will still consider for approval, however approved Full-Time Equivalency may not be considered for a Financial Aid Pell Grant. The following definitions apply to the full-time equivalency (FTE) enrollment status.

Undergraduate Students

Students may enroll in a course/internship that is the equivalent of 36 hours per week for 15 weeks (36 hours per week for 11 weeks in the Summer term) to be considered a full-time equivalent for enrollment purposes.

Graduate Students

Students may enroll in a course/internship that is the equivalent of 27 hours per week for 15 weeks (24 hours per week for 11 weeks in the Summer term) to be considered a full-time equivalent for enrollment purposes.

Special Students

Students who are not formally admitted to the University are classified as special students. Registration as an undergraduate special student and Youth Option/High School special students is limited to twelve credits during fall and spring semesters. During the Summer and Winterim Sessions, all specials may take a maximum of as many credits as the number of weeks they are attending.

Class Level

Students attain class level according to the number of semester credits earned:

Freshman:	fewer than 30 semester credits
Sophomore:	30-59 semester credits
Junior:	60-89 semester credits
Senior:	90 or more semester credits

Credit-Bearing Certificate Programs

Certificate programs may be earned by degree-seeking students or by community members who are not pursuing a University degree. Guidelines and standards are identical for both populations.

For those not seeking a degree, these programs offer an opportunity for an individual to earn college credit and advance toward a credential that certifies a significant level of achievement within a prescribed area. As the rate of change in the workplace accelerates, more people find it necessary to engage in continuous learning to meet the challenges of new duties and responsibilities, or career changes. Often the need is for in-depth study that goes beyond what is generally provided in noncredit professional development activities. Credit-

bearing certificate programs are of particular value since the program is verified by a university transcript.

For degree-seeking students, a certificate program can be pursued to demonstrate expertise in a particular academic field. Successful completion of a certificate program may serve to satisfy graduation requirements for a second program of study or to add credentials beyond any other required programs.

Certificate programs include a minimum of 12 credits for undergraduate certificates (fifteen credits for graduate certificates) and a maximum of 18 credits. A 2.00 GPA is the university minimum requirement for completion of undergraduate certificate programs (3.0 GPA required for graduate certificates).

At least 25 percent of the credits applied to the certificate program requirements must be taken in residence (50 percent for graduate certificates). Departments/programs or colleges proposing certificate programs have the right to specify

1. admission requirements for entry into a certificate program,
2. minimum GPA requirements for courses included in the program,
3. GPA requirements for certificate completion above the university minimum, and
4. applicability of the S/U option, if any.

Specific certificates and their requirements are listed within the applicable department/program or college section of the catalog.

Registration

Overview

The University provides online registration for all students. Each student is assigned a registration time based upon credits earned. A notification that registration times have been assigned is sent to each student via email prior to registration. Students can view assigned registration times on CampS (<https://my.uwec.edu/psp/CS90PRD/EMPLOYEE/HRMS/?cmd=login>). Registration begins in November for the Spring semester, in October for Winterim, in February for Summer Session, and in April for Fall semester. Advising is required prior to registration for

1. all freshmen and sophomores,
2. juniors and seniors on academic concern or probation,
3. transfers seeking a first degree, and
4. all students with a major in the College of Business regardless of classification or academic standing.

All new degree-seeking students must pay an enrollment deposit prior to registration for Fall, Winterim, Spring, and Summer.

New freshmen register in the summer during their freshman orientation sessions.

Late Registration. A student may enroll for full semester courses after the regular registration period but within the first two weeks of classes. (Permission from both the instructor and the advisor is required during the second week of classes.) Thereafter, any registration must be approved by the Associate Dean of the appropriate College. The deadlines for increasing or decreasing credit in a variable credit course align with the add and drop deadlines associated with the course.

Change of Registration. After registration, courses may be added or dropped or sections changed under the regulations established for this purpose by faculty policy.

Adding courses. Students who wish to add courses during the first week of classes may do so using CampS. After the first week of classes, students must obtain the Change of Registration form from Blugold Central and return the completed form to that office.

Withdrawing from courses. A student who wishes to withdraw from a full-semester course during the first two weeks of classes (no record of enrollment) may do so on CampS without the instructor's or adviser's signature. After the second week of classes, students must obtain the Change of Registration form from Blugold Central and return the completed form with signatures to that office. Courses that are not a full semester in length, including Winterim and Summer courses, have earlier withdrawal deadlines. These deadlines can be obtained from CampS, or Blugold Central.

A change becomes official only when it has been processed by Blugold Central (See also Withdrawals).

Cross Career Enrollment - Accelerated Plans

Accelerated Graduate Degrees

A student who has been approved for participation in an approved accelerated graduate program pathway may earn a maximum of 50% of the credits required for their graduate degree while enrolled as an undergraduate student.

Accelerated courses are in the undergraduate curriculum with the letter "A" after the course number. To receive confirming graduate credit, a student must earn a grade of C or better in the accelerated course (some programs require a higher minimum). A student will be awarded confirming graduate credits only after being admitted and completing their first term in the graduate degree. These policies align with HLC's assumed practices, which states, "An institution may allow well-prepared advanced students to substitute its graduate courses for required or elective courses in an undergraduate degree program and then subsequently count those same courses as fulfilling graduate requirements in a related graduate program that the institution offers."

Enrollment of Undergraduate Students in Graduate Coursework

A University of Wisconsin-Eau Claire undergraduate student seeking their first degree may be allowed to enroll in no more than 9 graduate credits, provided they have a 3.00 undergraduate GPA and the approval of the graduate program. Undergraduate students should be aware that they may be charged graduate tuition and fees, and the graduate credits cannot be used to satisfy requirements for the bachelor's degree. Academic load is determined by undergraduate credit enrollment only. Application forms for enrollment in graduate courses as an undergraduate may be obtained from Blugold Central. Enrollment of undergraduates in graduate coursework is different than enrollment in courses associated with an accelerated graduate program. Refer to the Accelerated Graduate Degrees section for details on that pathway.

Enrollment of Graduate Students in Undergraduate Coursework

A graduate student may enroll in undergraduate coursework for a specific semester. Upon receipt of the recommendation from the student's graduate program, the Registrar will verify the student is accepted to a graduate degree program and is currently enrolled in at least one graduate course. Once the Registrar's Office has created the undergraduate career for a specific semester, the graduate student may add the undergraduate course(s) to their schedule, assuming they are a) enrolled in at least one graduate course that term, b) there is an open seat in the undergraduate course, and c) the student meets all prerequisite requirements for the undergraduate course. Graduate students should be aware that they cannot apply undergraduate credits toward their graduate degree, they will be charged graduate tuition and fees for all coursework (including undergraduate credits). Academic load is determined by graduate credit enrollment only. Financial aid may be available in the form

of additional Unsubsidized Direct Loan if the student provides documentation from their graduate advisor that the undergraduate coursework is required for the graduate degree or is a pre-requisite. Please contact Blugold Central with questions.

Auditing Courses

Registering to audit a course permits a student to participate in the class without earning credit. This privilege is helpful to students who wish to review introductory work, especially after a considerable period of absence from the campus. Others choose to audit courses for reasons of personal interest and the enjoyment of learning.

Some courses may be designated by departments or Colleges as unsuitable or unavailable for auditing. In all courses open to auditors, the following conditions apply:

1. Students seeking to register for credit are given priority over auditors.
2. An auditor must pay any basic fee required for auditing under the current tuition rates, segregated fees and any special fees applicable to the course.
3. Audited courses are included in the student's credit load for the term when determining overloads. If auditing a class results in an overload (e.g., more than 18 semester credit hours for undergraduates) students need approval of the Associate Dean of the appropriate College.
4. Audited courses are not included in the student's credit load for the term when determining full- or part-time status (See Classification of Students).
5. Initial registration to audit a course is not included in the total semester registration for the purposes of determining satisfactory academic progress (See Academic Standing and Progress).
6. Enrollment on an audit basis may not be changed to a credit basis, or vice versa, after the approved period for adding classes.
7. The auditor must consult the instructor of the course to determine the conditions for a successful audit. Some courses cannot profitably be audited without participation in class activities; the instructor must indicate how much and what kind of participation is required.
8. Upon successful completion of an audit, the mark of V will be entered on the student's record. Failure to meet the instructor's conditions will be recorded as UV; withdrawal from the course will be recorded as WV. These marks are not course grades and are not computed in GPAs.
9. Students are not eligible for financial aid for audited courses.

Auditors over age 60 and SSI/SSDI auditors. Residents of Wisconsin who are 60 years of age and older or who meet certain disability requirements may audit courses on a space-available basis at no charge for tuition. Other fees, however, will be assessed. Persons 60 years of age and older as of the first day of classes must show proof of birth date. Persons with disabilities must provide a copy of documents proving eligibility for benefits under the federal Supplemental Security Income (SSI) program or the federal Social Security Disability Insurance (SSDI) program.

Satisfactory/Unsatisfactory (S/U) Registration

Registration for a grade of Satisfactory or Unsatisfactory, instead of the usual letter grades, permits students to venture into elective areas with less risk to GPAs; however, the potential disadvantages should be carefully weighed. Some institutions, particularly graduate and professional schools, will not accept the grade of S in transfer. Furthermore, S/U registration is restricted on many programs at UW-Eau Claire, and the responsibility for determining its acceptability rests with the student.

Eligibility. The option of S/U registration is open only to students with sophomore standing or above and a resident GPA of 2.00 or higher. (Exception: any student may enroll in a physical activity course on the S/U basis.)

Procedures. S/U registration must be designated by the student no later than the approved period for dropping courses with no record.

S/U registration may not be changed to the standard grading system, or vice versa, after the approved period for dropping courses with no record. An S/U course may be dropped in accordance with University rules.

S/U Grades. The grade of S is equivalent to at least a C or above in the standard grading system; it denotes that the student's work was satisfactory and that credit is granted for the course. The grade of S is not computed in the student's semester and resident GPAs.

The grade of U indicates work below the level of a C in the standard grading system. No credit is granted. However, the grade of U is not computed in the student's semester and resident GPAs. When repeating a course initially taken on the S/U basis, the student must also repeat the course on the S/U grade basis (See Repeating UW-Eau Claire Courses).

Reporting of Grades. Instructors will record standard letter grades for all students; the conversion to a grade of S or U will be made by the Registrar.

Restrictions:

1. A student may carry no more than one course on the optional S/U basis for degree credit in any term of enrollment. (Exception: any student in any term of enrollment may enroll in one or more physical activity course(s) on an S/U basis and still take one other degree credit course on an S/U basis. Certain Education field work courses also require multiple S/U enrollments. The student, however, must be otherwise eligible to take the additional degree credit course on an S/U basis.)
2. No more than one course taken on the S/U basis may be counted toward a standard major or a minor. No more than two S/U courses may be counted toward a comprehensive major. Dean's list eligibility disallows the choice of S/U grading. Colleges and departments may place further restrictions on major, minor, or professional programs and sequences.

Policy on Remedial Education

New freshmen whose Math Fundamentals (M-FUND) score on the UW System Mathematics placement examination is less than 466 are required to take a remedial mathematics course (MATH 10, MATH 20, or MATH 50). MATH 20 or MATH 50 must be successfully completed before a student has earned 30 credits or registration will be denied.

Repeating UW-Eau Claire Courses

The privilege of repeating course work allows students to attain a satisfactory level of achievement in courses in which they initially encountered difficulties. Because a course can be repeated only once, students will discuss with their academic advisers the reasons for their low grade or W in the course before attempting the course a second time. It is the student's responsibility to obtain assistance to sharpen their skills or resolve the problems that led to poor performance or noncompletion the first time they took the course. If the low grade was earned in a course which is a prerequisite to another course, students are urged to repeat the prerequisite course before enrolling and risking poor performance in the other course.

The repeat privilege applies only to courses taken at UW-Eau Claire (whether taken originally at UW-Eau Claire or elsewhere) for which a grade of C- or below

or a W was initially earned. Registration for a repeated course must be on the same basis (letter grade or Satisfactory/Unsatisfactory) as the original course.

A course in which a grade of C- or below or a W was originally earned may be repeated once. The new grade will replace the previous grade in computing GPAs, but both the initial grade and the repeated grade will appear on the student's official transcript.

NOTE: In extenuating circumstances, the Associate Dean of a College in which the student is enrolled may give permission for the second repeat of a course. Such permission may be requested upon recommendation of the student's academic adviser. The Associate Dean determines whether the grade earned in the second repeat will replace previous grades or will be averaged with previous grades earned in that course in computing GPAs. All three grades will appear on the student's official transcript.

Attendance/Leave

Withdrawals

Withdrawing from a Course. Students who wish to drop a full term course during the first two weeks of classes may do so without their instructors' or advisors' signatures. After the second week of classes (or a proportionate period of time for shorter courses—see CampS (<https://my.uwec.edu/>) for exact dates), students who wish to withdraw from a course must obtain a Change of Registration form from the Blugold Central, secure the signature of their faculty advisors and instructors for the course, and return the form to Blugold Central. A student is not considered withdrawn from a course until the proper form has been processed by Blugold Central. A student who stops attending a class without withdrawing officially may receive a grade of F for the course, and may owe a repayment on financial aid received.

No withdrawals are permitted after the beginning of the eleventh week of classes. Deadlines are adjusted proportionately for shorter courses, including Winterim and Summer Session courses, except in extenuating circumstances as determined by the Associate Dean of the College in which the student is enrolled. Up to that time, official withdrawals from full term courses are recorded as follows:

During the first two weeks of classes—no record of enrollment.

Third week through the tenth week—recorded as W.

Calendar dates of withdrawal deadlines are published each semester on CampS (<https://my.uwec.edu/>), on the Registration Calendars (<https://www.uwec.edu/blugold-central/academic-planning/academic-registration-calendars/>), and can be obtained from Blugold Central.

Withdrawing from the University. Undergraduate degree-seeking wishing to withdraw from the University after the start of the term are required to meet with an Advising, Retention & Career Center staff member prior to withdrawing from classes. The advisor will provide the student with the online withdrawal e-form to submit their request to withdraw. Non-degree seeking students, such as special students and post baccalaureate students, may withdraw through the tenth week of classes using the *Graduate and Special/Non-degree Seeking Students* online withdrawal eform.

If a student withdraws from the University during the first two weeks of classes, only the date of withdrawal will be recorded on their academic transcript and no record of specific course enrollment. If a student withdraws from the University from the third through tenth weeks, the grade of W will be recorded on the academic transcript for each course enrolled and remaining unfinished. The deadline to withdraw from the University is the end of the tenth week of the term.

Students may only withdraw from the University after the deadline in extenuating circumstances as determined by the Associate Dean of the College in which the student is enrolled. A student who stops attending classes without officially withdrawing (at any time in the term) may also receive failing grades.

An undergraduate student who withdraws and is not subsequently subject to suspension may return for the next regular academic semester without making formal application for readmission to the University.

Fee refund deadlines and corresponding amounts of refund can be found on the Business Office website (<https://www.uwec.edu/blugold-central/student-finances/refund-schedule/>). Financial aid recipients who withdraw before 60 percent of the semester has been completed are subject to federal financial aid repayment regulations and may owe a repayment of aid, even if not entitled to a tuition refund. The amount of aid a student may keep is in direct proportion to the length of time the student remained enrolled during the semester. Assistance is also available from Blugold Central.

Leave of Absence

After one full-term semester of non-enrollment, students remain active and eligible to enroll and will automatically receive an enrollment date to register. Students taking credits while not attending UW-Eau Claire, must send their official transcript upon reenrollment. Transfer work is critical and may affect academic progress, academic standing, financial aid eligibility, and graduation. Official transcripts should be sent electronically via secured transmission (not email) to the University of Wisconsin-Eau Claire Admissions.

All students who have been away from the University for two consecutive full-term semesters or more must file a reentry application (<https://www.uwec.edu/admissions/other-student/>). As a reentry student, a \$100 enrollment deposit is not required. Students seeking reentry are encouraged to make application as early as possible prior to the semester in which they wish to return. Reentry after the term starts is not guaranteed. Students returning after an absence of two or more consecutive full-term semesters must meet the degree requirements of the catalog in effect upon their return, or a subsequent catalog.

Military Leave Policy

Currently enrolled students called to active service (involuntary Federal Title 10 activations or transfers) during the course of a semester must choose one of the following options before departing for active service:

1. Withdrawal from all courses with a full refund of tuition and no record of enrollment.
2. Selective withdrawal from one or more courses with a refund of tuition.
3. Incomplete grades awarded at the discretion of the instructor.
4. Final grades may be issued if the instructor determines that the student has completed a sufficient amount of coursework.

A military leave request needs to be submitted to the Dean of Students Office. Students are granted military leave for the entire time of their military commitment.

Class Attendance Policies

All students are expected to attend all class sessions of courses in which they are enrolled. Each faculty member should inform each class in writing at the beginning of the course regarding the use of student attendance in relation to student evaluation procedures.

If a student fails to attend the first class meeting of any course without previously notifying the instructor or the department chair, the student may be dropped from that course so that the vacancy may be filled by another

student from a waiting list. It remains the student's responsibility to determine their own enrollment status. Each department has a policy on first-day class attendance.

Accommodation procedures for this and other circumstances are described on the Dean of Students website (<https://www.uwec.edu/kb/article/class-attendance-and-authorized-absence-policies/>). (<https://www.uwec.edu/offices-services/dean-students-office>)

Academic Standing and Forgiveness

Academic Standing and Progress

The University expects each undergraduate (fresh, sophomore, junior, senior, or special student) to maintain a level of academic achievement consistent with University standards and to make reasonable progress toward the completion of a chosen curriculum.

The policies and regulations outlined below define the minimum academic standards of the University. Any College of the University may set a higher standard for admission, retention, or graduation from a degree program.

Good academic standing. The definition of good academic standing includes University standards for satisfactory academic progress during a semester. Academic standing is determined twice each year, once at the end of the fall semester and once at the end of the spring semester. It is not determined at the end of Summer Session or Winterim Session.

A student is in good academic standing at the end of a semester if all the following conditions are met:

1. The student's resident GPA is 2.00 or higher.
2. The student has earned a semester GPA of 2.00 or higher.

NOTE 1: An excessive number of withdrawals from courses may impact students' eligibility for acceptance into certain major programs and most types of financial aid. All students should therefore consult their advisors before withdrawing from courses.

Academic Concern. An Academic Concern is the first formal notification that a student has failed to meet one or more of the requirements for good academic standing. The notation "Academic Concern" is placed on the student's unofficial record at the end of the first semester in which any one or more of the following conditions apply:

1. The student's resident GPA at the end of the semester is less than 2.00.
2. The student's semester GPA is less than 2.00, but 1.00 or higher. (See Probation, below.)

Students may only be placed on Academic Concern once, the first time standing has dropped below Good. (See Probation, below.) Students who receive this notification must immediately consult their advisor(s) or the associate dean of their college, so that they may obtain support in achieving academic success.

Academic Probation. Students will be placed on probation if one or more of the following conditions apply:

1. After receiving one Academic Concern, students do not achieve good academic standing at the end of any subsequent semester.
2. At the end of any semester, the student has a semester GPA of less than 1.00.

The period of probation is one semester. Students must regain good academic standing by the end of the probationary semester in order to continue in the University. They will be removed from probation upon regaining good academic standing. Students may be placed on probation multiple times should their academic standing require it.

Academic Suspension. A student will be suspended from the University if at the end of a semester of probation, the student has not regained good academic standing.

A student who has been suspended is ineligible to continue in the University for the period of one semester. Any degree-seeking student who wishes to return to the University after the expiration of the suspension must make formal application for readmittance through the Admissions Office. Special Students who wish to return to the University after the expiration of a suspension need to reapply. Readmittance cannot be guaranteed. If the student is readmitted and does not regain good academic standing by the end of the first semester after readmittance, a second suspension of one semester will be incurred.

Appeal of Academic Suspension. A student who has been suspended for academic reasons may request a review by a faculty committee of the College in which the student was enrolled. If the student can show that extenuating circumstances existed, the committee may recommend to the Associate Dean of the College that the student be reinstated.

Students on suspension may attend the UW-Eau Claire Winterim and Summer Sessions (including the Three-Week Summer Session) as a special student for the purpose of improving their academic records. A suspended student may not enroll as a special student at UW-Eau Claire during the fall or spring semesters until the suspension has expired. A student suspended from UW-Eau Claire may encounter difficulty in attempting to enroll at another institution.

New frosh and transfer students are admitted with no standing.

Policies applying to transfer students. Academic standing is computed based only on grades in courses taken at UW-Eau Claire (resident GPA). (see also Grade Point Requirements, under University Graduation Requirements).

The credits transferred from other colleges and universities are used to determine the classification of a student as freshman, sophomore, etc. Transfer credits are not used, however, in computing the UW-Eau Claire resident GPA which determines the student's academic standing in subsequent semesters at UW-Eau Claire (see also Grade Point Requirements, under University Graduation Requirements).

Forgiveness of Earlier Academic Record

Returning adult students who have completed university-level course work at UW-Eau Claire or elsewhere five or more years prior to seeking admission or readmission to UW-Eau Claire may be eligible for forgiveness of the earlier academic record. Forgiveness means that grades earned five or more years earlier will not be used in the computation of the total GPA at UW-Eau Claire, although such grades will continue to appear on the student's official transcript. Upon admission or readmission to UW-Eau Claire, students should meet with their advisors to discuss whether repeating courses or seeking forgiveness is the better alternative for them. If the decision is to seek forgiveness, the following conditions will apply:

1. Students must not have been enrolled in an institution of higher learning for at least five continuous years prior to admission/readmission to UW-Eau Claire **except** for completion of courses which were a precondition for admission/readmission.

2. After admission/readmission, students must earn a GPA of 2.50 or higher in the first 12 credits, which count toward the minimum degree requirements at UW-Eau Claire before applying for forgiveness.
3. The request for forgiveness must be approved by the student's advisor, the Department Chair if the student has declared a major, and the Dean of the College in which the student is enrolled. The approved request will be forwarded to the Registrar.
4. If forgiveness is granted, all courses taken five or more years prior to admission/readmission (and the grades received) will continue to appear on the student's record, but the student's total GPA will be based solely on credits earned after admission/readmission to UW-Eau Claire.
5. If forgiveness is granted, all credit hours with a grade of "D-" or above earned five or more years before admission/readmission, up to a maximum of 30, may be used to satisfy degree requirements even though they are not included in the student's total GPA.
6. Forgiveness of grades earned five or more years before admission/readmission may be granted only once.

Both the academic forgiveness policy and application form are available on the Registrar's website.

Grades

Grading System

A system of letter grades is used except when the course is offered only on the Satisfactory/Unsatisfactory basis or when the student has elected that option. (See Satisfactory/Unsatisfactory (S/U) Registration.)

Letter Grades

A, A-	(A = Excellent)
B+, B, B-	(B = Very Good)
C+, C, C-	(C = Average)
D+, D, D-	(D = Passing)
F	(F = Failing)

Other Marks

S	Satisfactory; equivalent to at least a C (credits earned, but not computed in the semester or resident GPA)
U	Unsatisfactory; equivalent to a C- or below (no credits; not computed in the semester or resident GPA)
IN	Incomplete (no grade points; not computed in the semester or resident GPA)
W	Official withdrawal
V	Audit
WV	Withdrawal from Audit
UV	Unsatisfactory Audit ¹
PR	Progress/No Grade
XF	Unofficial withdrawal (computed as an F)
CP	Advanced Placement, Credit by Examination
NR	No report received (temporary mark for information only)
NA	Not Applicable (notation for study abroad or National Student Exchange)

¹ See Auditing Courses.

Grade Points per Credit

A	4.00
A-	3.67
B+	3.33
B	3.00
B-	2.67
C+	2.33
C	2.00
C-	1.67
D+	1.33
D	1.00
D-	0.67
F	0.00

These grade point values, when multiplied by the number of course credits, give the total number of grade points earned for that particular course. In a three-credit course, for example, a grade of C yields six grade points; a grade of B yields nine; and a grade of A yields 12. The GPA is always truncated to include the two digits after the decimal point. The GPA is not rounded up based on any number from the third digit after the decimal point (if shown).

Resident Grade Point Average. The resident GPA of a student is found by dividing the total number of grade points earned at UW-Eau Claire by the total number of credits attempted. The semester GPA is computed in the same way, using only the grade points earned and the credits attempted during that semester. In computing GPAs, the following are not counted as credits attempted: courses for which S, U, W, or V is received; courses which carry no credit toward graduation (except MATH 10 and MATH 20); repetitions of courses which are eligible for a grade replacement (see Repeating Courses). See also Grade Point Requirements under University Graduation Requirements.

Upon Degree Completion. Upon the completion of a degree the GPA is final and is associated with that degree. Any credits earned after the award of a degree is calculated as its own GPA and is not included with the previous degree's GPA.

Incompletes

An incomplete (IN) is a temporary mark which may be granted when, for reasons acceptable to the instructor, a student has been unable to complete a portion of a course in the normal time period. Both the final grade, and the fact that an incomplete had been assigned and removed will appear on the record.

Procedures. It is the student's responsibility to initiate a request for an incomplete with the instructor. If the request is approved, the instructor will indicate the conditions for the removal of the incomplete, including the date for submitting all work due, so that it may be evaluated before the reporting deadline. The instructor will submit the incomplete to the Registrar's Unit, as well as a grade to be recorded as the permanent grade for the course in case the incomplete is not removed.

Removal of Incompletes. An incomplete is removed when the student submits all work due and the instructor reports a new grade for the course. The deadline for the instructor to report the removal of an incomplete is the end of the tenth week of classes of the first regular semester following the granting of the incomplete, regardless of whether the student is enrolled in the University at that time.

If the incomplete has not been removed by the reporting deadline, the default grade submitted with the incomplete will be recorded as permanent unless the instructor authorizes the continuation of the incomplete. If a continued

incomplete has not been removed by the reporting deadline (end of the tenth week of classes) in the next semester, it will be replaced by the default grade.

NOTE: The mark of IN (incomplete) is not a course grade. An excessive number of incompletes may affect both the academic standing of students (see Good Academic Standing) and their eligibility for certain types of financial aid.

Progress and Grade Reports

Faculty policy provides that students shall be informed of their progress in the courses for which they are registered. In freshman-level courses, tests, or other means of evaluation should be expected early in the semester (usually at the conclusion of the first four weeks).

Mid-semester Progress Reports. Freshman students will be able to view mid-semester grade reports from each of their instructors, whatever the level of the course. Other students may individually request and receive from each instructor an indication of the general quality of their course work at mid-semester.

Semester Grade Reports. At the conclusion of each term, final grades and academic standing can be viewed on CampS (<https://my.uwec.edu>).

Academic Distinction

At the conclusion of each term, after grades have been recorded, the Provost/Vice Chancellor awards Academic Distinction, which is reflected on the unofficial transcript.

Full-time students who meet the following criteria are eligible:

1. complete the semester in good academic standing,
2. complete 12 or more credits during the semester, and
3. earn both a semester and resident GPA of 3.20 or higher.

Part-time students who meet the following criteria are also eligible:

1. initially register as part-time students (six to 11 enrolled credits),
2. complete the semester in good academic standing,
3. complete six to 11 credits during the semester, and
4. earn both a semester and resident GPA of 3.20 or higher.

Each college also maintains its own Dean's List. See the applicable college area for an explanation of Dean's List criteria.

Final Examinations

Examination week is part of the regular academic semester, and all classes are required to meet as shown in the final examination schedule. Examination schedules are available on the Blugold Central's website (<https://www.uwec.edu/blugold-central/academic-planning/final-common-exam-schedules/>) and in CampS. For short courses, including Winterim and Summer, examinations are usually given at the last scheduled meeting of the class. Each course offered for credit is concluded with a final examination, unless the instructor determines that some other method of evaluation is more appropriate to the objectives of the course.

No student will be permitted to reschedule a final examination, unless there are extraordinary circumstances over which the student has no control (e.g. hospitalization or military obligation). Verification of the circumstances must be furnished by the student. A student with three or more examinations scheduled for one day may request the change of an individual examination time. Changes are not allowed for reasons such as an already purchased plane ticket, leaving campus early, a family vacation, or conflict with employment;

unless such work commitment existed prior to the publication of the examination schedule.

A request for a change in the time of an individual final examination must be approved by the instructor, the department chair, and the assistant/associate dean of the college in which the course is offered. Make-up examinations must be scheduled during finals week or later and must be arranged by the student with the instructor.

Transcripts

An official transcript of a student's record will be issued by the Registrar's office per the student's online request. No transcripts are released (except when requested by advisers or administrative officers within the University) without the permission of the student. An official transcript cannot be issued until all admission and financial obligations to the University have been met in full.

Unofficial transcripts are available to students for advising purposes and for applying for admission to professional programs. Students may also receive a degree audit report, which is a report of a student's progress toward fulfilling degree requirements. All documents are available via CampS (<https://my.uwec.edu/psp/CS90PRD/EMPLOYEE/HRMS/?cmd=login>).

Credit for Prior Learning

Overview

Credit for Prior Learning (CPL) is a methodology for evaluating students' prior learning in order to potentially award credit for learning experiences that are not in themselves credit-bearing. We offer credit for nationally recognized exams like CLEP, AB, IB, and DANTES as well as institutional exams and assessments.

National Testing (AP, IB, CLEP, DANTES)

Advanced Placement Program (AP)

Students who achieve a minimum score of three (3) on any of the advanced placement examinations will receive at least three general elective credits. In addition, some academic departments have approved granting specific credit. (NOTE: Course equivalencies are subject to change. Students receive the course equivalency in effect when they matriculate.) Rather than a letter grade, students receive a mark of Credit Passing (CP). For prerequisite purposes this is equivalent to "a grade of C or above." Departments may restrict the total number of credits earned by examination applicable toward their majors and minors. In no case may more than half the requirements for a major or minor be fulfilled by means of examination for credit. For current exams and credits granted see the UW Help site (<https://uwhelp.wisconsin.edu/prep-for-college/credits/testing-ap-ib/>). For information on sending scores to UW-Eau Claire see Academic Testing (<https://www.uwec.edu/academics/academic-support/advising/testing/credit-by-exam/advanced-placement/>).

International Baccalaureate Examinations (IB)

The University grants credit for a score of four (4) or higher on all Higher Level International Baccalaureate examinations. Students receive the course equivalency in effect when they matriculate. Rather than a letter grade, students receive a mark of Credit Passing (CP). For prerequisite purposes this is equivalent to "a grade of C or above". For current equivalencies see the UW Help site (<https://uwhelp.wisconsin.edu/prep-for-college/credits/testing-ap-ib/>) or contact Academic Testing (<https://www.uwec.edu/academics/academic-support/advising/testing/credit-by-exam/international-baccalaureate/>).

College Level Examination Program (CLEP)

The University grants credit for certain examinations offered by the College Level Examination Program (CLEP). These examinations are administered nationwide. At UW-Eau Claire, they are administered by the Academic Testing Office. Students receive the course equivalency in effect when they matriculate. Rather than a letter grade, students receive a mark of Credit Passing (CP). For prerequisite purposes this is equivalent to "a grade of C or above". For current equivalencies see the Academic Testing webpage (<https://www.uwec.edu/academics/academic-support/advising/testing/credit-by-exam/clep-college-level-examination-program/>). CLEP exams fall into the following two categories:

CLEP General Examinations

The University awards credit for a satisfactory/passing score on the general examinations in Humanities, Natural Sciences, and Social Science/History, which will satisfy 3 to 6 credit hours in the appropriate General Education category.

General Examinations should be taken before the student has completed initial enrollment in the University. They must be taken by the time the student has completed 15 semester credits of college work and before enrollment in any courses in the area to be tested. Exceptions to this rule may be made for older students with unique backgrounds. Requests for these exceptions should be directed to the Dean of the College of Arts and Sciences.

CLEP Subject Examinations

The University accepts certain subject examinations. Subject (course equivalent) examinations should be taken before a student has enrolled in the equivalent course or in any higher level course for which it is a prerequisite. With departmental permission, however, the student may take an examination for a course in which he/she is enrolled provided it is taken before the end of the first week of classes. Examinations for credit may not be used to repeat courses already attempted at or transferred to UW-Eau Claire.

DANTES

The University accepts certain DANTES examinations. A score calculated as a "B-Grade Equivalent" or better on the exam will be awarded credit. Students receive the course equivalency in effect when they matriculate. Rather than a letter grade, students receive a mark of Credit Passing (CP). For prerequisite purposes this is equivalent to "a grade of C or above." Course equivalent examinations should be taken before a student has enrolled in the equivalent course or in any higher level course for which it is a prerequisite. Examinations for credit may not be used to repeat courses already attempted at or transferred to UW-Eau Claire. For current equivalencies see the Academic Testing webpage (<https://www.uwec.edu/academics/academic-support/advising/testing/dantes-subject-standardized-test-dsst/>).

Institutional Exams and Assessments

Policy

1. Ordinarily, a limit of 24 credits can be earned via portfolio, challenge exam, or other internal institutional assessment at UWEC/UWEC-BC. Exceptions must be approved by appropriate department Chairs and college Deans. Credits earned through prior learning assessment (PLA) do not count toward residency requirements.
2. Students must be actively enrolled in a degree program at UWEC/UWEC-BC to obtain credits through PLA.
3. Fees charged to students should be based on the service provided through the work of assessment, not the credits awarded. Typically, this should be about 10-20% of the cost of tuition. At UWEC students will be charged a \$75 administrative fee for each course in which prior learning credit is sought (e.g. by department exam or portfolio). Additionally, they will be charged an assessment fee of \$50 per credit sought. This fee will be

credited to the department assessing the prior learning in order to cover the cost of evaluation. Students will pay the fee when they know the department will evaluate the prior learning. These fees are non-refundable and paid regardless of whether the credits are awarded or not.

- Departments may elect to waive the assessment fee (for example, if there is little to no assessment work involved).
- If the department(s) agree to assess the portfolio/other internal institutional assessment, it should be assessed by an instructor familiar with the course outcomes. Students will submit a separate application for each course to be assessed.
- If credits are awarded, they will be posted on the student's transcript and appear above transferred coursework, per system policy. Credit will be identified with the matching UWEC course or as elective credit, whichever is most appropriate for the learning demonstrated.

Process and other notes:

- Departments/programs will have the option of participating in Prior Learning Assessment. They may determine that some courses can be met through PLA and others cannot.
- Students completing non-credit courses through UWEC Continuing Education (CE) may also be able to convert their learning to course credits. This may be through the department assessment method, or through an established "pathway" between CE and specific academic programs.
- Students who wish to demonstrate that their learning experience should be considered for PLA will work with their ARCC advisor to identify the course(s) for which they can demonstrate meeting the learning outcomes. This will be formalized in an e-form.
- The e-form will move to the relevant academic department(s) to determine if PLA is appropriate.
- If PLA is appropriate, the student will prepare a portfolio or other discipline-specific documentation of their prior learning (as defined by the department) and submit it to the appropriate department along with the PLA e-form. Students submit the relevant fees at the same time as they submit the portfolio.
- Students may enroll in a 1 credit asynchronous online class, which will guide them in the process of portfolio creation as one means of demonstrating prior learning. This course has yet to be created.
- The instructor will assess the students' documentation of prior learning and determine appropriate credit to award (if any). The instructor will complete the e-form which will then notify the registrar for transcription (or determine that the request has been denied).

CPL Course Table

Some CPL courses that have been pre-approved by the department are listed. This is not a comprehensive list of options. A department may allow a student to submit a CPL assessment for any course in the catalog. If a student has questions about approved CPL courses, they should contact the chairperson of the department that offers the course.

Written Exam

MUSI 141	Theory Written I	3

University Graduation Requirements

Baccalaureate Degrees

All candidates for baccalaureate degrees must meet the minimum requirements summarized below. For the specific requirements of each College and each curriculum, consult the appropriate section of this catalog.

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Core General Education	10 courses, 36 credits

Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average

University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the Universities of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be

comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://www.uwec.sis.wisconsin.edu/psp/eauprd-tb/EMPLOYEE/SA/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Core General Education Requirements (CGER)

CGER Categories

Mathematics & Quantitative Reasoning (MQR) (http://catalog.uwec.edu/undergraduate/outcome-mqr/)	4 credit hours, 1 course min

Includes University Math Requirement ¹

Communication & Literacy (CL) (http://catalog.uwec.edu/undergraduate/outcome-cl/)	8 credit hours, 2 course min (including CL-W)

Includes University Writing Requirement (CL-W) (<http://catalog.uwec.edu/undergraduate/outcome-clw/>) ²

Natural Sciences & Wellness (NSW/NSWL) (http://catalog.uwec.edu/undergraduate/outcome-NSW/)	6 credit hours, 1 course min (NSW-Lab required)

Social & Behavioral Sciences (SBS) (https://catalog.uwec.edu/undergraduate/outcome-sbs/)	6 credit hours, 2 course min

Humanities & Arts (HA) (http://catalog.uwec.edu/undergraduate/outcome-ha/)	6 credit hours, 2 course min

Civics & Perspectives (CP) (http://catalog.uwec.edu/undergraduate/outcome-cp/)	6 credit hours, 2 course min

CGER Totals ³

Credits	minimum 36 credits
Courses	minimum 10 courses

¹ University Mathematics Requirement:

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² University Writing Requirement:

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

³ Completion via Placement Tests

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning

requirement will be considered fully met, replacing the 4-credit (1 course) requirement.

- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

Core General Education Outcomes

Core General Education is designed to develop in students the skills, knowledge and values they will need to engage with highly diverse communities in a global society. Through core general education, UWEC hopes to foster in every student the ability to think with intellectual rigor, creativity, and independence, to integrate and apply their knowledge, and to act as humane, thoughtful leaders in the community, the workplace, and the world of ideas. By beginning with core general education and working toward its learning outcomes, students establish a strong, broad foundation around which they will build a rich baccalaureate program. Students complete core general education requirements by taking courses designated for the core program.

Knowledge Goal:

Build knowledge and awareness of diverse peoples and cultures and of the natural and physical world through the study of arts, histories, humanities, languages, mathematics, sciences and technologies, and social sciences.

Natural Sciences & Wellness: Describe and evaluate models of the natural and physical world through collection and scientific analysis of data, and through the use of mathematical or computational methods. *Six credit hours minimum, one course minimum, natural sciences lab required.*

Social & Behavioral Sciences: Use knowledge, theories, methods, and historical perspectives appropriate to the social sciences to explain and evaluate human behavior and social institutions. *Six credit hours minimum, two course minimum required.*

Humanities & Arts: *Six credit hours minimum, two course minimum required. Students may complete this requirement by taking courses that meet either or both of the following outcomes:*

- Humanities: Use knowledge, historical perspectives, analysis, interpretation, critical evaluation, and the standards of evidence applicable to the humanities to address problems and explore questions.
- Arts: Use knowledge, historical perspectives, theories, or methods appropriate to the arts to describe their context, function and impact.

Skills Goal:

Develop intellectual and practical skills, including, for example, inquiry and analysis, critical and creative thinking, written and oral communication, quantitative literacy, information literacy, and problem solving.

Communication & Literacy: Write, read, speak, and listen effectively in various contexts using a variety of means including appropriate information sources and technologies. *Eight credit hours minimum, two course minimum required. One of these must meet the University Writing Requirement. Students are encouraged to satisfy this requirement by the end of the sophomore year.*

Mathematics & Quantitative Reasoning: Use mathematical, computational, statistical, or formal reasoning to solve problems, draw inferences, and determine the validity of stated claims. *Four credit hours minimum, one course minimum required. This course must meet the University Mathematics Requirement. Students are encouraged to satisfy this requirement by the end of the sophomore year.*

Responsibility Goal:

Apply personal and social responsibility for active citizenship and develop skills needed to thrive in a pluralistic and globally interdependent world.

Civics & Perspectives: *Six credit hours minimum, two course minimum required. Students may complete this requirement by taking courses that meet one or more of the following outcomes:*

- Critical Perspectives: Use critical and analytical skills to evaluate assumptions and challenge existing structures in ways that respect diversity and foster equity and inclusivity.
- Global Perspectives: Evaluate the impact of systems, institutions and issues in local and global contexts and across cultures.
- Civic & Environmental Action: Use critical and creative thinking to address civic, social, and environmental challenges.

University Writing Requirement

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102, WRIT 114, WRIT 116, or WRIT 118) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

All students are encouraged to satisfy the University Writing Requirement before the completion of the sophomore year.

University Mathematics Requirement

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR (<http://catalog.uwec.edu/undergraduate/outcome-mqr/>)) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

All students are encouraged to satisfy the University Mathematics Requirement before the completion of the sophomore year.

Academic Concentrations

Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
 - Another standard major (at least 36 credits), or
 - A minor (at least 24 credits), or
 - A certificate (12-18 credits)

Acceptable academic program combinations will be determined at the college level.

A student may present for graduation only those majors, minors, and/or certificates authorized by the faculty of the College in which the degree program is offered. Any deviation from published requirements in any curriculum must have written approval of the Associate Dean of the College from which the student is to be graduated.

Grade Point Requirements

Eligibility for graduation is based upon two GPAs, resident and total:

Resident GPA: The GPA computed on all UW-Eau Claire course work.

Total GPA: The GPA computed on all UW-Eau Claire course work and all transferable course work taken elsewhere.

The Resident and Total GPAs are identical for the student who has completed all course work at UW-Eau Claire. In both computations, GPAs must meet all minimum standards.

A minimum total GPA of 2.00 and a minimum resident GPA of 2.00 is required for graduation from all curricula. Individual Colleges may set higher grade point requirements. These are published, as appropriate, in the College sections of this catalog.

Major, Minor, Certificate. Minimum resident and total GPAs of 2.00 are required in the major, minor and certificate. Colleges of the University may set specific requirements for GPAs in their majors, minors, and certificates. Colleges may also require that GPAs in the major, minor, and certificate be computed on all applicable courses attempted by the student in the respective areas.

University Residency Requirements

Resident credit is earned by enrolling in UW-Eau Claire courses, both on and off campus.

Minimum total. Residence of one year (30 semester credits) is required of all candidates for baccalaureate degrees.

Senior year. Twenty-three of the last 30 credits prior to graduation from any curriculum must be earned in residence unless special arrangements have been made by petition to the Associate Dean of the College.

Major. At least 12 credits of the upper-division work (300- to 400- level courses) required in a standard major, and 21 in a comprehensive major, must be taken in residence.

Certificate. At least 25 percent of the credits applied to the certificate program requirements must be taken in residence.

Credits earned through the National Student Exchange Program, the Health Care practicum, internships, study abroad opportunities, and UW-Eau Claire Internet courses are counted as resident credits.

Admission to a College or Program

Admission to the University does not necessarily constitute admission to a particular College or to a degree curriculum offered by a College. Each of the Colleges may set specific admission requirements and procedures, which will be found in the appropriate section of this catalog. As one step toward their degrees, students must be admitted to the College and/or program from which they expect to graduate.

Graduation

Application for Graduation

Each candidate for a baccalaureate degree must apply for graduation via CampS (<https://my.uwec.edu>) by the end of the first week of undergraduate priority registration for the semester of intended graduation. Failure to apply for graduation on time may result in the postponement of graduation. Although only two commencement ceremonies are held—May and December, students may graduate in May, August, December, or January.

Please note that UW-Eau Claire Barron County has one graduation ceremony held in May.

Degree Planning

Students should consult their academic advisors and develop degree plans as early as possible, so that requirements can be met without delaying graduation. A student may view a Degree Audit at any time on CampS (<https://my.uwec.edu>). This audit monitors the progress which the student is making toward the declared degree. The Audit is a tool designed to assist the student in course planning. Final confirmation of degree requirements is subject to department, college, and university approval.

A **Degree Audit** is not designed to serve as a contract—only to provide assistance to the student in planning. Final approval of degree requirements resides with Academic Affairs, but responsibility for meeting these requirements rests primarily upon the individual student.

Catalog Base for Degree Plan. In planning their degree programs, students must follow the curricular requirements of the catalog under which they entered UW-Eau Claire or upon notification to their department of a more recent catalog. Students who are absent from the University for two or more consecutive semesters must follow the catalog in effect at the time of their re-entry. Since Degree Audits are computer-generated reports applying an individual student's enrollment history to degree requirements as stated in the catalog, any deviation from published requirements for the degree must be authorized by a waiver/substitution form signed by the student's dean.

NOTE: Transfers who enter UW-Eau Claire within two consecutive semesters of leaving another institution may use the catalog in effect at UW-Eau Claire at the time they entered the prior institution; however, transfers should check with their advisors to ensure that programs listed in the catalog they entered on are still available to students.

Commencement Exercises

Candidates for graduation are encouraged to attend commencement ceremonies, which are held twice during the calendar year: at the close of the fall and spring semesters. Caps and gowns must be worn by all graduates. Details about the commencement ceremonies can be found on the Commencement website. (<https://www.uwec.edu/offices-services/commencement>)

To participate in a commencement ceremony, students must file an application for graduation and meet at least one of the following conditions:

1. completion of all requirements for the bachelor's degree, or
2. current enrollment in the courses necessary to complete all requirements.

Students who will complete all requirements for the degree during the Summer Session are August graduates but will be invited to attend the prior May commencement ceremony. Students completing all requirements for the degree during the Winter session will be invited to attend the prior December ceremony.

Graduation with Distinction

Graduation with distinction is conferred at commencement exercises upon eligible students earning a first or second baccalaureate or associate degree. Eligibility is based on both the resident and the total GPAs as defined under Grade Point Requirements. A student must earn in both computations (resident and total GPAs) the minimum GPA required at each of the three levels of distinction listed below and a minimum of 30 credits in residence to be eligible:

Summa Cum Laude	at least 3.80
Magna Cum Laude	at least 3.50
Cum Laude	at least 3.20

The announcement of graduation with distinction made at the commencement ceremony is based on all work completed prior to the student's final semester; however, the actual conferral of graduation with distinction will be based on the student's entire record, including the final semester.

Second Baccalaureate Degree

A graduate who has earned a baccalaureate degree from UW-Eau Claire or another accredited college or university can earn a second baccalaureate degree.

Students who are declared as a double major may not obtain a second baccalaureate degree.

Students who are seeking a second baccalaureate degree should contact the Financial Aid Office to review how this process will affect their financial aid.

It is presumed that the University general education core requirements are satisfied by the completion of a baccalaureate degree.

Two degrees may not be awarded in the same term.

The GPA for the second degree will be calculated based on the course work that was completed after graduation from the first baccalaureate degree.

Academic distinction for the second baccalaureate degree is computed based on the credits earned toward the completion of the second degree.

A candidate for a second baccalaureate degree from UW-Eau Claire must satisfy the following graduation requirements:

1. Be admitted to the second baccalaureate degree after completion of the first baccalaureate degree from UW-Eau Claire or another college or university;
2. Have their transcripts reviewed and their plan of study approved by the Associate Dean for the college from which they are seeking the second degree;
3. Obtain 30 credits beyond the first degree, of which at least 23 must be taken in residence;
4. Satisfy all major/minor requirements.

Completion After Graduation

Students may, after graduating with a bachelor's degree from the University of Wisconsin-Eau Claire, complete an additional major or minor. Students may apply for readmission to UW-Eau Claire or apply as a special student. When all course work—which must be taken at UW-Eau Claire—toward the additional major or minor program has been completed, students should contact the Registrar's Office to initiate a review of the additional information. A statement in the memorandum area of the transcript will be added, noting the completion of such, with the date of completion.

College of Arts and Sciences

Aleksander Sternfeld-Dunn—Dean (Schofield 220)
Margaret L. Cassidy, Associate Dean—Academic Affairs and Curriculum (Schofield 220)
Marc Goulet, Associate Dean—Faculty and Student Affairs (Schofield 220)

Departments:

- Art & Design
- Biology
- Chemistry and Biochemistry
- Communication and Journalism
- Computer Science
- Economics
- English
- Geography and Anthropology
- Geology and Environmental Science
- History
- Languages
- Materials Science and Biomedical Engineering
- Mathematics
- Music and Theatre Arts
- Philosophy and Religious Studies
- Physics and Astronomy
- Political Science and Criminal Justice
- Psychology
- Public Health and Environmental Studies
- Race, Ethnicity, Gender, and Sexuality Studies
- Sociology

Programs:

- American Indian Studies
- Latin American and Latinx Studies

Programs and courses in the College of Arts and Sciences expose students to the substance and methodology of disciplines in the humanities, arts, natural sciences, and social sciences. Our core values include providing students with opportunities to develop intellectual skills such as analysis, synthesis, critical thinking, and application; strengthen communication skills and abilities; enhance aesthetic appreciation and humanistic understanding; and develop breadth and depth of perspective about the human experience and the natural world. Such skills and attributes are essential for success in any career or profession, as well as for leading lives as engaged, informed, and productive citizens. The largest and most broadly based academic unit at the University, the College of Arts and Sciences comprises 21 departments and several interdisciplinary programs that contribute courses and experiences for students pursuing majors, minors, and certificates based in the college; extensive general education course work; and supporting courses for academic programs in other colleges and for pre-professional programs.

Placement and Competency Information

Information on placement testing for Mathematics, English, and Languages can be found on the Academic Testing website (<https://www.uwec.edu/offices-services/academic-testing/placement-testing>). Further information on placement or competency tests is available from the appropriate department chair.

Registration Requirements

1. All students in the College of Arts and Sciences (undeclared students, students with a declared Arts and Sciences major, or pre-professional students) must successfully complete the University Writing Requirement. This requirement should be completed by the semester in which their total semester credits will equal or surpass 60 credits.
2. All students in the College of Arts and Sciences (undeclared students, students with a declared Arts and Sciences major, or pre-professional students) must successfully complete the appropriate Mathematics Competency requirement for the baccalaureate degree program being pursued. This requirement should be completed by the semester in which their total semester credits will equal or surpass 60 credits.
3. All students who have not completed the Bachelor of Science Mathematics Competency will be considered Bachelor of Arts candidates and must demonstrate competency in a second language at the level of a 102 course (i.e., two semesters of college work). This requirement should be completed by the semester in which their total semester credits will equal or surpass 60 credits.
4. All students who transfer to UW-Eau Claire with 59 or fewer earned semester credit hours should meet the appropriate requirements listed in 1, 2, and 3 above as appropriate before registering for any semester or session after they have earned 60 semester credit hours including credits in progress.
5. All students who transfer to UW-Eau Claire with 60 or more earned semester credit hours and who intend to register as a student in the College of Arts and Sciences (undeclared students, students with a declared Arts and Sciences major, or pre-professional students) should meet the requirements listed in 1, 2, and 3 before registering for any semester or summer session.

Planning a Degree Program

To officially declare or change to a new major, minor, or certificate, a student must go to the Advising, Retention + Career Center (<https://www.uwec.edu/offices-services/advising-retention-career-center>).

All students are encouraged to obtain a new degree audit during this process. Academic and faculty advisors will be assigned as appropriate.

Joint Degrees with Professional Schools

The Board of Regents has authorized the University to grant the Bachelor of Science or Bachelor of Arts degree to students who have completed three years of residence at UW-Eau Claire and who complete the requirements for a Liberal Arts degree after transfer to a professional school. A maximum of 32 semester credits from the professional school may be applied toward the baccalaureate degree. For information, contact the College of Arts and Sciences Dean's office (Schofield 220).

Dean's List

At the end of each semester the University recognizes excellence in scholastic achievement by publishing the Dean's List. Admitted undergraduate students are eligible if they meet the following criteria for the semester:

- earn a minimum of 12 credits.
- be in good academic standing.
- earn a minimum semester GPA of 3.70.
- have no courses with the following grades: Incomplete, Withdrawal, Audit, or Satisfactory/Unsatisfactory (except in courses that are offered only on the S/U grading system in which a grade of S has been earned).
- have no courses below the 100 level.
- have no repeats.

- not enrolled in a professional education semester course: ES 440, ES 441, ES 471; SEIP 470, SEIP 472, SEIP 475.

Dean's List students will receive notification and congratulations from the Dean.

Special Curricular Offerings

Special Topics Courses (291, 391, 491)

Under the numbers 291, 391 and 491, several departments and interdisciplinary programs offer courses in which the topic for study may vary from semester to semester, often focusing on a contemporary issue or taking an innovative approach to a traditional subject. Students and faculty members are invited to recommend topics to appropriate departments/programs. Departments/programs provide basic course information as part of the schedule building process. Topics are announced in the Class Schedule for the semester.

Restrictions: A total of no more than nine credits in Special Topics courses (291, 391, 491) may be applied toward graduation. Special Topics courses may not be applied toward completion of the Core General Education Requirements. Departments/programs may further restrict the application of such credits to their majors, minors, and certificates.

Directed Studies (395, 495)

Courses numbered 395 or 495 (and MUSI 496), offered by several departments and interdisciplinary programs under various titles, are designed to permit individual students or groups of students to undertake special projects related to their educational interests and goals.

Eligibility: Registration for a Directed Studies course requires the permission of the faculty member who agrees to supervise the project and of the department/program offering the course. Any further conditions of eligibility are established by the department/program and published as part of the course description.

Restrictions: A total of no more than six credits of Directed Studies courses may be counted toward graduation. Directed Studies courses may not be applied toward completion of the Core General Education Requirements. Departments/programs also may restrict the application of such credits to their majors, minors, and certificates.

Procedures: Registration is initiated through an e-form found on the Blugold Central (<https://www.uwec.edu/offices-services/blugold-central/forms-policies/student-forms>) website (<https://www.uwec.edu/offices-services/blugold-central/forms-policies/student-forms>). (<https://www.uwec.edu/offices-services/blugold-central/forms-policies/student-forms>) Approval is required by the professor directing the study and the department chair/program director.

Independent Study (399, 499)

Under the course numbers 399 and 499 (and CHEM 497 and HIST 496), departments and interdisciplinary programs in the College of Arts and Sciences provide advanced students with opportunities for independent study in fields where they have already demonstrated their competence.

Eligibility: Independent Study courses are open only to juniors or seniors. A student with a departmental major or minor may elect an Independent Study in the department of the major or of the minor, provided the student has at least 3.00 resident and total GPAs in that department. A student with an interdisciplinary major may elect an Independent Study in any department/program which has courses required in the major, provided the student has resident and total GPAs of at least 3.00 in the major and has earned a minimum

of six credits with resident and total GPAs of at least 3.00 in the department/program in which the Independent Study is elected.

Restrictions: Only three credits of Independent Study (399 or 499; CHEM 497; HIST 496) may be elected during any semester. A total of no more than six independent study credits may be counted toward graduation. Independent Study courses may not be applied toward completion of the Core General Education Requirements. Departments/programs also may restrict the application of such credits to their majors, minors, and certificates.

Procedures: Registration is initiated through an e-form found on the Blugold Central website (<https://www.uwec.edu/offices-services/blugold-central/forms-policies/student-forms>). Approval is required by the professor directing the study and the department chair/program director.

Internships and Apprenticeships

Internship or apprenticeship experiences can be a valuable component in Arts and Sciences programs. Courses designated either as an internship or as an apprenticeship are offered in American Indian Studies, Art, Biology, Biomedical Engineering, Chemistry, Communication and Journalism, Computer Science, Criminal Justice, Economics, English, Environmental Public Health, Environmental Studies, Foreign Language, Geography, Geology, History, Integrated Studies, Languages, Latin American and Latinx Studies, Materials Science and Engineering, Mathematics, Music, Philosophy, Political Science, Psychology, Public Health, Religious Studies, Sociology, Theatre Arts, and Women's, Gender, and Sexuality Studies.

Departmental/Program Honors Programs

The Departments of Biology, Chemistry and Biochemistry, Computer Science, Economics, English, Geography and Anthropology, Geology and Environmental Science, History, Languages, Materials Science and Biomedical Engineering, Mathematics, Music and Theatre Arts, Philosophy and Religious Studies, Physics and Astronomy, Political Science and Criminal Justice, and Sociology, as well as the Latin American and Latinx Studies Program, have established Departmental or Program Honors Programs for their majors. See departmental/program listings for requirements.

Degrees and Curricula

Bachelor of Arts (B.A.) or Bachelor of Science (B.S.)

The B.A. degree and the B.S. degree are differentiated not by the major chosen, but by specific College requirements. For the standard and comprehensive majors listed below, students may elect either the B.A. or B.S. degree.

College of Arts and Sciences Standard Majors (Liberal Arts):

American Indian Studies
Art
Artificial Intelligence (Interdisciplinary)
Biology
Chemistry
Communication
Computer Science
English
French
Geography
Geology
History
Integrated Strategic Communication
Journalism
Latin American and Latinx Studies
Mathematics

Music
Philosophy
Physics
Political Science
Psychology
Public Health
Quantitative Economics
Sociology
Spanish
Theatre Arts
Women's, Gender, and Sexuality Studies

College of Arts and Sciences Comprehensive Majors:

Actuarial Science- Liberal Arts (Department of Mathematics)
Art-Liberal Arts
Artificial Intelligence-Liberal Arts (Interdisciplinary)
Biochemistry/Molecular Biology-Liberal Arts (Interdisciplinary)
Bioinformatics-Liberal Arts (Interdisciplinary)
Biology-Liberal Arts
Chemistry-A.C.S.
Chemistry with Business Emphasis (Department of Chemistry and Biochemistry)
Computer Science-Liberal Arts
Criminal Justice-Liberal Arts (Department of Political Science and Criminal Justice)
Geography-Liberal Arts
Geology-Liberal Arts
Geospatial Analysis and Technology-Liberal Arts (Department of Geography and Anthropology)
Materials Science-Liberal Arts
Mathematics-Liberal Arts
Music-Liberal Arts
Neuroscience-Liberal Arts (Interdisciplinary)
Philosophy, Politics, and Economics-Liberal Arts (Interdisciplinary)
Political Science-Liberal Arts
Theatre Arts-Liberal Arts

Bachelor of Science (B.S.)

Comprehensive Major: Assistive Systems and Robotics Engineering (Interdisciplinary)

Comprehensive Major: Biomedical Engineering

Comprehensive Major: Materials Science and Engineering

Bachelor of Integrated Studies (B.I.S.)

Comprehensive Major: Integrated Studies-Liberal Arts (Interdisciplinary)

Bachelor of Fine Arts (B.F.A.)

Comprehensive Major: Art

Bachelor of Music (B.M.)

Comprehensive Major: Music

Bachelor of Science in Environmental Public Health (B.S.E.P.H.)

Comprehensive Major: Environmental Public Health (Department of Public Health and Environmental Studies)

College of Arts and Sciences Minors

A standard Liberal Arts minor is offered in each discipline in which a standard Liberal Arts major is available. In addition, a number of other minors are offered by the College of Arts and Sciences. Program descriptions are found in the College of Arts and Sciences Interdisciplinary Programs section or in the noted academic department/program section.

Ancient Studies (Interdisciplinary)
 Art History (Department of Art & Design)
 Artificial Intelligence (Interdisciplinary)
 Criminal Justice Equity and Inclusivity (Department of Political Science and Criminal Justice)
 Environmental Science (Interdisciplinary)
 Environmental Studies (Department of Public Health and Environmental Studies)
 European Studies (Interdisciplinary)
 Family Studies (Interdisciplinary)
 German (Department of Languages)
 Global Studies (Interdisciplinary)
 Japanese (Department of Languages)
 Interdisciplinary Linguistics (Interdisciplinary)
 Marine Science (Interdisciplinary)
 Mathematical Problem Solving (Department of Mathematics)
 Middle East Studies (Interdisciplinary)
 Multimedia Communication (Interdisciplinary)
 Neuroscience (Interdisciplinary)
 Pre-Professional Health Science (Interdisciplinary)
 Spanish for Health Professions (Department of Languages)
 Topical Minor (Interdisciplinary)

College of Arts and Sciences Certificates

The College of Arts and Sciences offers a number of certificate programs. Program descriptions are found in the College of Arts and Sciences Interdisciplinary Programs section or in the noted academic department/program section.

Africana Studies (Interdisciplinary)
 American Indian Studies (American Indian Studies Program)
 Analytical Reasoning (Department of Philosophy and Religious Studies)
 Ancient Studies (Interdisciplinary)
 Anthropology (Department of Geography and Anthropology)
 Artificial Intelligence (Interdisciplinary)
 Arts Administration (Department of Music and Theatre Arts)
 Campaign Consulting (Department of Political Science and Criminal Justice)
 Cartography and Geovisualization (Department of Geography and Anthropology)
 Chinese (Department of Languages)
 Creative Writing (Department of English)
 Critical Hmong Studies (Interdisciplinary)
 Critical Studies in Literatures, Cultures, and Film (Department of English)
 Computer Programmer (Department of Computer Science)
 Dance Activities (Department of Music and Theatre Arts)
 Earth Resources (Interdisciplinary)
 Economics of Global Issues (Department of Economics)
 Ethics (Department of Philosophy and Religious Studies)
 French Proficiency (Department of Languages)
 Geospatial (Department of Geography and Anthropology)
 Geospatial, Geographic Information Systems (Department of Geography and Anthropology)
 Geospatial, Mapping (Department of Geography and Anthropology)
 Geospatial, Remote Sensing (Department of Geography and Anthropology)
 German Proficiency (Department of Languages)
 Global and Comparative History (Department of History)
 Health Humanities (Interdisciplinary)
 History of Race, Gender, and Society (Department of History)
 Integrated Strategic Communication (Department of Communication and Journalism)

Interdisciplinary Linguistics (Interdisciplinary)
 International Affairs (Department of Political Science and Criminal Justice)
 Journalism (Department of Communication and Journalism)
 LabVIEW (Department of Physics and Astronomy)
 Latin American and Latinx Studies (Latin American and Latinx Studies Program)
 Legal Studies (Department of Political Science and Criminal Justice)
 LGBTQ Studies (Department of Race, Ethnicity, Gender, and Sexuality Studies)
 Materials Science (Department of Materials Science and Biomedical Engineering)
 Middle East Studies (Interdisciplinary)
 Ojibwe Language and Culture (American Indian Studies Program)
 Organizational Communication (Department of Communication and Journalism)
 Recording Arts (Department of Music and Theatre Arts)
 Responsible Mining (Interdisciplinary)
 Rhetorics of Science, Technology, and Culture (Department of English)
 Social Advocacy and Change (Department of Communication and Journalism)
 Social Diversity (Department of Sociology)
 Songwriting (Department of Music and Theatre Arts)
 Sustainability and Climate Action (Department of Public Health and Environmental Studies)
 Teaching English as a Foreign Language (Interdisciplinary)
 Theatre Arts (Department of Music and Theatre Arts)
 Transnational Asian Studies (Interdisciplinary)
 Urban and Regional Planning (Department of Geography and Anthropology)
 Water Resources (Interdisciplinary)
 Women of Color Feminisms (Department of Race, Ethnicity, Gender, and Sexuality Studies)
 Women's, Gender, and Sexuality Studies (Department of Race, Ethnicity, Gender, and Sexuality Studies)
 World History and Society: Past, Present, Future (Interdisciplinary)
 World Religions (Department of Philosophy and Religious Studies)

Programs from other colleges accepted for Arts and Sciences degrees:

College of Business Majors:

All College of Business majors are accepted for Arts and Sciences degrees as second majors with the exception of Health Care Administration majors.

College of Business Minors:

Accounting
 Business Administration
 Business Finance
 Entrepreneurship
 Information Systems
 International Business
 Management
 Marketing
 Military Leadership

College of Health and Human Sciences Minors:

Gerontology-Liberal Arts
 Kinesiology-Liberal Arts
 Science of Coaching-Liberal Arts

Major/Minor, Major/Certificate and Major/Major Combinations in a Single Department or Program

A major and a minor, or a major and certificate, or two majors (if available), may be elected within a single department or program only in the following approved combinations:

Department/Program:

Art & Design

Art Major, Studio Emphasis (Code 020-208) and Art History Minor (Code 030-401)

English

Creative Writing Major (Code 540-204) and Critical Studies in Literatures, Cultures, and Film Minor (Code 540-409)
 Creative Writing Major (Code 540-204) and Critical Studies in Literatures, Cultures, and Film Certificate (Code 540-601)
 Creative Writing Major (Code 540-204) and Rhetorics of Science, Technology, and Culture Minor (Code 540-414)
 Creative Writing Major (Code 540-204) and Rhetorics of Science, Technology, and Culture Certificate (Code 540-602)
 Critical Studies in Literatures, Cultures, and Film Major (Code 540-212) and Creative Writing Minor (Code 540-412)
 Critical Studies in Literatures, Cultures, and Film Major (Code 540-212) and Rhetorics of Science, Technology, and Culture Minor (Code 540-414)
 Critical Studies in Literatures, Cultures, and Film Major (Code 540-212) and Rhetorics of Science, Technology, and Culture Certificate (Code 540-602)
 Linguistics Major (Code 540-205) and Creative Writing Minor (Code 540-412)
 Linguistics Major (Code 540-205) and Critical Studies in Literatures, Cultures, and Film Minor (Code 540-409)
 Linguistics Major (Code 540-205) and Critical Studies in Literatures, Cultures, and Film Certificate (Code 540-601)
 Linguistics Major (Code 540-205) and Rhetorics of Science, Technology, and Culture Minor (Code 540-414)
 Linguistics Major (Code 540-205) and Rhetorics of Science, Technology, and Culture Certificate (Code 540-602)
 Rhetorics of Science, Technology, and Culture Major (Code 540-211) and Creative Writing Minor (Code 540-412)
 Rhetorics of Science, Technology, and Culture Major (Code 540-211) and Critical Studies in Literatures, Cultures, and Film Minor (Code 540-409)
 Rhetorics of Science, Technology, and Culture Major (Code 540-211) and Critical Studies in Literatures, Cultures, and Film Certificate (Code 540-601)

Geography and Anthropology

Geography Major (Code 140-214) and Anthropology Certificate (Code 470-601)

Languages

Any two languages

Music and Theatre Arts

Music Major (Code 060-201) and Theatre Arts Minor (Code 601-422)
 Music Major (Code 060-201) and Theatre Arts Major (Code 601-223)
 Music Major (Code 060-201) and Theatre Arts Certificate (Code 601-601)
 Music Major (Code 060-201) and Arts Administration Certificate (Code 060-602)

Music Major (Code 060-201) and Dance Activities Certificate (Code 605-601)
 Music Major (Code 060-201) and Recording Arts Certificate (Code 061-601)
 Theatre Arts Major (Code 601-223) and Music Minor (Code 060-401)
 Theatre Arts Major (Code 601-223) and Arts Administration Certificate (Code 060-602)
 Theatre Arts Major (Code 601-223) and Dance Activities Certificate (Code 605-601)
 Theatre Arts Major (Code 601-223) and Recording Arts Certificate (Code 061-601)
 Theatre Arts Major (Code 601-223) and Songwriting Certificate (Code 061-602)

Philosophy and Religious Studies

Philosophy Major (Code 400-200) and Religious Studies Minor (Code 411-401)
 Philosophy Major (Code 400-200) and World Religions Certificate (Code 411-601)

Political Science and Criminal Justice

Political Science Major (Code 420-201) and Criminal Justice Equity and Inclusivity Minor (Code 430-401)

Public Health and Environmental Studies

Environmental Public Health Comprehensive Major (Code 640-001) and Environmental Studies Minor (Code 489-402)
 Environmental Public Health Comprehensive Major (Code 640-001) and Environmental Science Minor (Code 155-400)
 Environmental Public Health Comprehensive Major (Code 640-001) and Public Health Major (Code 488-201)
 Environmental Public Health Comprehensive Major (Code 640-001) and Public Health Minor (Code 488-401)
 Environmental Public Health Comprehensive Major (Code 640-001) and Sustainability and Climate Action Certificate (Code 488-601)
 Public Health Major (Code 488-201) and Sustainability and Climate Action Certificate (Code 488-601)

Major/Minor, Major/Certificate and Major/Major Combinations Not Allowed

Program combinations with too much overlapping disciplinary content (though found in different academic departments or programs) also are not allowed:

English Major, Linguistics (540-205) and Interdisciplinary Linguistics Minor (Code 570-402)
 English Major, Linguistics (540-205) and Interdisciplinary Linguistics Certificate (Code 570-601)
 Spanish Major, Linguistics (320-206) and Interdisciplinary Linguistics Certificate (Code 570-601)

Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); second language competency at the 102 level. Second language competency may be met in one of two ways: (1) Demonstrate a level of second language competency that qualifies the student to enter the 201-level course in a second language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level second language course (or AIS 112 or AIS 122 or SLHS 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Bachelor of Integrated Studies Degree (B.I.S.)

Bachelor of Integrated Studies

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available)

may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Integrated Studies Degree in the College of Arts and Sciences (B.I.S.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

Bachelor of Fine Arts Degree (B.F.A.)

Bachelor of Fine Arts

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Fine Arts Degree in the College of Arts and Sciences (B.F.A.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); second language competency at the 102 level. Second language competency can be met in one of two ways: (1) Demonstrate a level of second language competency that qualifies the student to enter the 201-level course in a second language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level second language course (or AIS 112 or AIS 122 or SLHS 103).

Bachelor of Music Degree (B.M.)

Bachelor of Music

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency

as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); second language competency at the 102 level. Second language competency can be met in one of two ways: (1) Demonstrate a level of second language competency that qualifies the student to enter the 201-level course in a second language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level second language course (or AIS 112 or AIS 122 or SLHS 103).

Bachelor of Science Degree in Environmental Public Health (B.S.E.P.H.)

Bachelor of Science in Environmental Public Health

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Science in Environmental Public Health Degree in the College of Arts and Sciences (B.S.E.P.H.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

Associate of Arts and Sciences

The College of Arts and Sciences offers an Associate of Arts and Sciences Degree that is delivered by UW-Eau Claire and UW-Eau Claire-Barron County faculty. Courses applied to this degree come from a variety of course prefixes and course delivery formats.

Associate Degree

- Associate of Arts and Sciences

Associate of Arts and Sciences

The Associate of Arts and Sciences Degree certifies a student as having satisfactorily completed one-half of the number of credits required for a baccalaureate degree program and meeting certain curricular requirements.

To earn the Associate of Arts and Sciences Degree the student must:

1. Earn a minimum of 60 semester credits; 36 of these credits with a minimum of 10 courses must apply to the Core General Education Requirements.
2. Earn at least 30 semester credits, including the last 15, at UW-Eau Claire or at UW-Eau Claire—Barron County.
3. Earn a resident and total GPA of at least 2.00.
4. Count toward the degree no more than six credits earned on a Satisfactory/Unsatisfactory basis.
5. Complete the Core General Education Requirements.
 - a. Mathematics & Quantitative Reasoning (MQR): 4 credit hours, 1 course minimum.*
 - b. Communication & Literacy (CL): 8 credit hours, 2 course minimum (including WRIT).**
 - c. Natural Science & Wellness (NSW/L): 6 credit hours, 1 course minimum (NSW-Lab required).
 - d. Social & Behavioral Science (SBS): 6 credit hours, 2 course minimum.
 - e. Humanities & Arts (HA): 6 credit hours, 2 course minimum.
 - f. Civics & Perspectives (CP): 6 credit hours, 2 course minimum.
6. Complete the University Mathematics Requirement.*
7. Complete the University Writing Requirement.**
8. Declare one's intention to graduate with the Associate of Arts and Sciences Degree by contacting the UW-Eau Claire Degree Review (<https://www.uwec.edu/blugold-central/academic-planning/graduation/>) office.

Pre-Professional Programs

Pre-professional programs help students prepare for entrance into professional degree programs. Many professional degree programs are offered only at the post-baccalaureate level, so an undergraduate degree is needed before enrolling in them. UW-Eau Claire offers a variety of academic majors that provide excellent preparation for applying to such professional programs. Students interested in these programs should select an academic major that will prepare them to compete for such programs (many are highly selective) as well as provide career alternatives. For other professional degree programs, students transfer to another higher education institution to complete the appropriate professional degree.

Pre-professional programs are not academic degree programs (that is, they are not academic majors, minors, or certificates). Instead, pre-professional programs provide an organized approach to academic advising for students intending to apply to a professional degree program. To enhance academic planning and preparation while enrolled at UW-Eau Claire, a student interested in obtaining a professional degree should:

- Work with a pre-professional advisor who can help plan an appropriate curriculum in the field of interest.
- Obtain information from other colleges/universities regarding specific academic requirements for the professional degree program of interest.
- Declare an academic major that is logically connected to the professional field, and work with an advisor in the academic major.

Pre-Dentistry

(Code 705-900)

Advisors: J. Anderson (Biology), J. Lyman Gingerich (Biology).

Students should plan to spend at least three years in pre-professional work. Many pre-dentistry students complete a B.S. degree in biology or chemistry.

A typical first-year program includes:

Code	Title	Credits
Select one of the following:		8-10
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II	
OR		
CHEM 108 & CHEM 109	General Chemistry I and General Chemistry II	
OR		
CHEM 115 & CHEM 213	Chemical Principles and Quantitative Analysis	
Required:		
BIOL 221	Foundations of Biology I	4
MATH 109	Algebra for Calculus (and/or MATH 112/MATH 113, and/or MATH 114)	4
PSYC 100	Introduction to Psychology	3
Completion of University Writing Requirement		
Advanced courses		
Select one of the following:		9-10
PHYS 211 & PHYS 212	General Physics and General Physics	
OR		

PHYS 231 & PHYS 232	University Physics I and University Physics II	
Required:		
CHEM 325	Organic Chemistry I with Laboratory	4
CHEM 326	Organic Chemistry II with Laboratory	4

Consult an advisor for further recommendations.

NOTE: Students should plan on taking the DAT (Dental Admissions Test) in the late spring or early summer of the year prior to the year for which they are seeking to matriculate in dental school.

Pre-Engineering

(Code 195-900)

Advisors:
Biomedical—M. Jewell (Materials Science and Biomedical Engineering).
Chemical—S. Drucker (Chemistry and Biochemistry).
Civil, Electrical, Mechanical, General—L. Ford (Physics and Astronomy), E. Radue (Physics and Astronomy).
Geological—K. Syverson (Geology and Environmental Science).
Materials Science—M. Jewell (Materials Science and Biomedical Engineering).

NOTE: High school preparation should include as much algebra, trigonometry, and advanced mathematics as possible as well as courses in chemistry and physics.

Students should plan to transfer after two years at UW-Eau Claire unless they decide to pursue the Dual Degree Engineering Emphasis in Physics and Astronomy (Advisors: L. Ford, E. Radue), the Dual Degree Geological Engineering Emphasis in Geology and Environmental Science (Advisor: K. Syverson), or the Biomedical Engineering Comprehensive Major or the Materials Science and Engineering Comprehensive Major in Materials Science and Biomedical Engineering (Advisor: M. Jewell).

Required freshman and sophomore courses include:

Code	Title	Credits
MATH 114	Calculus I	4
MATH 215	Calculus II	4
MATH 216	Calculus III	4
PHYS 231	University Physics I	5
PHYS 232	University Physics II	5

Many fields of engineering also require chemistry, statics, dynamics, differential equations, and computer programming. Students should be aware that many engineering schools require GPAs of 2.50 or higher to be admitted to the junior year. Consult a pre-engineering advisor, because specific course and grade requirements vary among engineering fields as well as among schools of engineering.

Pre-Law

(Code 425-900)

Advisors: E. Kasper (Political Science and Criminal Justice), A. Kunz (Political Science and Criminal Justice), M. Meyer (Philosophy and Religious Studies).

Students should plan to complete a baccalaureate degree before applying for law school admission and may choose from any major program of study. Choice of major and minor fields should be done with the following information in mind, including consideration of an alternative career plan. In addition to meeting with their major advisor, students should meet with one of

the Pre-law advisors early in their first semester. The American Bar Association recommends that future lawyers select a major that develops skills in reading and interpreting texts, research and writing. The skills most valued in law school are analytic and problem-solving skills and courses that challenge the student in these areas are recommended. Law school admissions are based on successful completion of the undergraduate degree and scores on the Law School Admission Test (LSAT), along with other criteria set by particular programs. Studies show that students in the following majors consistently score highly on the LSAT: Economics, Finance, History, Literature, Philosophy, Physics/Math, Political Science, and Religious Studies.

Courses which are recommended, regardless of major, are:

Code	Title	Credits
ACCT 201	Introduction to Accounting	3
BLAW 305 or BLAW 306	Legal and Regulatory Environment Business Law	3
ECON 103	Principles of Microeconomics	3
ECON 104	Principles of Macroeconomics	3
MATH 111	A Short Course in Calculus (and/or MATH 246)	4
PHIL 150	Logic and Critical Thinking	3
PHIL 310	Philosophy of Law	3
POLS 110	American National Politics	3
POLS 305	Survey of U.S. Constitutional Principles	3
Other courses dealing with the American political system		
U.S. and world history courses		
Ethics courses		

Students may want to consider majoring in the Legal Studies emphasis in the Political Science Comprehensive Major or adding the Legal Studies Certificate. To obtain Pre-Law designation, contact the Political Science department chair. This designation is in addition to major, minor, and certificate program designations.

NOTE 1: The LSAT should be taken during the summer between the junior and senior year or early in the senior year (usually September or October).

NOTE 2: In addition to LSAT scores, interviews and recommendations play an important role in law school admissions.

NOTE 3: Students may want to be involved in the Pre-Law Club student organization.

Pre-Medicine
(Code 706-900)

Advisors: J. Anderson (Biology), W. Bryant (Biology), D. Gingerich (Biology), B. McGivern (Chemistry and Biochemistry), S. Vinnik (Chemistry and Biochemistry).

The pre-med curriculum consists of those courses needed to meet the entrance requirements for the majority of medical schools and to prepare students to take the Medical College Admission Test. Students should plan to complete the requirements for a baccalaureate degree.

Typical first-year courses include:

Code	Title	Credits
BIOL 221	Foundations of Biology I	4
Select one of the following:		8-10

CHEM 115 & CHEM 213	Chemical Principles and Quantitative Analysis
OR	
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II
OR	
CHEM 108 & CHEM 109	General Chemistry I and General Chemistry II
Required:	
One or two semesters of mathematics	
Completion of the University Writing Requirement	

Consult an advisor for further recommendations.

NOTE 1: CHEM 105, CHEM 106, and CHEM 109 may be substituted for CHEM 115 in the biochemistry/molecular biology major, but only six of the credits will count toward the major.

NOTE 2: Students should plan to take the Medical College Admission Test (MCAT) in the late spring or early summer of the year prior to the year for which they are seeking to matriculate to medical school.

NOTE 3: Acceptance into medical schools is based on the following:

1. the student's academic record,
2. the results of the Medical College Admission Test,
3. recommendations,
4. health-related experiences, and
5. interviews.

Pre-Optometry

(Code 703-900)

Advisor: J. Anderson (Biology).

Students should plan to spend at least two years in undergraduate study; the majority of successful applicants have three or four years of college work.

A typical first-year program includes:

Code	Title	Credits
BIOL 221	Foundations of Biology I	4
Select one of the following:		6-9
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II	
OR		
CHEM 108 & CHEM 109	General Chemistry I and General Chemistry II	
OR		
CHEM 115	Chemical Principles	
Mathematics course		
Completion of the University Writing Requirement		

Consult an advisor for further recommendations.

NOTE: The Optometry Admission Test should be taken before the semester in which the student applies for acceptance into a school of optometry.

Pre-Pharmacy

(Code 685-900)

Advisors: T. Doyon (Chemistry and Biochemistry), S. Hati (Chemistry and Biochemistry).

The pre-pharmacy curriculum blends science and math courses with social science and humanities courses in order to prepare future pharmacists to address medical problems with the people they will serve. Most students now admitted to pharmacy schools enter with a bachelor's degree, so students should plan to choose a major to be more competitive.

A first-year program should include:

Code	Title	Credits
Select one of the following:		6-9
CHEM 115	Chemical Principles	
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II	
CHEM 108 & CHEM 109	General Chemistry I and General Chemistry II	
Required:		
MATH 114	Calculus I	4
Select one of the following:		4-8
BIOL 221	Foundations of Biology I	
BIOL 214 & BIOL 314	Human Anatomy and Physiology I and Human Anatomy and Physiology II	
Select one or more of the following:		3
ECON 103	Principles of Microeconomics	
SOC 101	Introduction to Sociology	
ANTH/AIS 161	Introduction to Cultural Anthropology	
Required:		
Completion of the University Writing Requirement		

The minimum course work admission requirements could be planned in two years if the student is prepared to start in CHEM 115 and MATH 114. More time should be allowed if the student starts in a lower level math course or takes the CHEM 105/CHEM 106/CHEM 109 or CHEM 108/CHEM 109 sequence. The GPA of students admitted into pharmacy school is typically above 3.50. Pharmacy schools are increasingly emphasizing communication, leadership, and community service in their admissions criteria, so students should pace their work at UW-Eau Claire to develop strong records in both academics and community service. Experience as a pharmacy technician is also helpful. Consult an advisor for information about pharmacy school admissions requirements.

Pre-Physician Assistant

(Code 707-900)

Advisors: J. Anderson (Biology), D. Herman (Biology).

Most physician assistant programs are at the graduate level (M.S.). Students should plan on completing a baccalaureate degree before applying to physician assistant graduate programs. Specific requirements for admission will vary among programs, and students are encouraged to consult the specific program catalog for these requirements.

In preparation, students should take: two semesters of chemistry, two semesters of physics, precalculus/calculus, biology courses including organismal form and function, microbiology, two semesters of anatomy and physiology, psychology courses, and a communication course. Other courses may be required.

Consult with an advisor for further recommendations and information, including information about regional program requirements.

Pre-Veterinary Medicine

(Code 708-900)

Advisors: J. Anderson (Biology), S. Showsh (Biology).

Students should plan to spend at least three years in pre-professional work. Many students complete a B.S. degree.

A typical first-year program includes:

Code	Title	Credits
BIOL 221	Foundations of Biology I	4
Select one of the following:		8-10
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II	
OR		
CHEM 108 & CHEM 109	General Chemistry I and General Chemistry II	
OR		
CHEM 115 & CHEM 213	Chemical Principles and Quantitative Analysis	
Required:		
MATH 114	Calculus I	4
Completion of University Writing Requirement		

Consult an advisor for further recommendations.

NOTE: Most schools of veterinary medicine require experience with animals, such as that gained through a farm background or working as assistant to a veterinarian, as well as the completion of the Graduate Record Examination.

Interdisciplinary Programs

Interdisciplinary Curricula

A number of interdisciplinary academic programs, majors, minors and certificates are housed in the College of Arts and Sciences or affiliated with the College. All represent collaborative efforts to provide coursework that crosses disciplines and addresses interconnections between multiple fields. Inquiries about the interdisciplinary majors, minors, and certificates included in this section may be directed to the identified advisor(s)/academic unit or to the College of Arts and Sciences. Interdisciplinary academic programs in the College of Arts and Sciences are listed alphabetically with Arts and Sciences departments.

The interdisciplinary curriculum is delivered in a variety of ways. Often, faculty contribute disciplinary courses to interdisciplinary major, minor or certificate requirements and electives. Disciplinary courses may be cross-listed with an interdisciplinary prefix to highlight the contributions of the various fields. In other instances, faculty teach interdisciplinary courses exclusively or partially for the interdisciplinary program. Those with partial assignments

in the interdisciplinary program also teach disciplinary courses for a "home" department.

Majors

- Comprehensive Major: Artificial Intelligence, Liberal Arts - B.A./B.S.
- Major: Artificial Intelligence, Liberal Arts - B.A./B.S.
- Comprehensive Major: Assistive Systems and Robotics Engineering - B.S.
- Comprehensive Major: Biochemistry/Molecular Biology, Liberal Arts - B.A./B.S.
- Comprehensive Major: Bioinformatics, Liberal Arts- B.A./B.S.
- Comprehensive Major: Integrated Studies, Liberal Arts - B.I.S.
- Comprehensive Major: Neuroscience, Liberal Arts - B.A./B.S.
- Comprehensive Major: Philosophy, Politics, and Economics, Liberal Arts - B.A./B.S.

Minors

- Minor: Ancient Studies, Liberal Arts
- Minor: Artificial Intelligence, Liberal Arts
- Minor: Environmental Science, Liberal Arts
- Minor: European Studies, Liberal Arts
- Minor: Family Studies, Liberal Arts
- Minor: Global Studies, Liberal Arts
- Minor: Interdisciplinary Linguistics, Liberal Arts
- Minor: Marine Science, Liberal Arts
- Minor: Middle East Studies, Liberal Arts
- Minor: Multimedia Communication, Liberal Arts
- Minor: Neuroscience, Liberal Arts
- Minor: Pre-Professional Health Science, Liberal Arts
- Minor: Topical Minor, Liberal Arts

Certificates

- Certificate: Africana Studies
- Certificate: Ancient Studies
- Certificate: Artificial Intelligence
- Certificate: Critical Hmong Studies
- Certificate: Earth Resources
- Certificate: Health Humanities
- Certificate: Interdisciplinary Linguistics
- Certificate: Middle East Studies
- Certificate: Responsible Mining
- Certificate: Teaching English as a Foreign Language
- Certificate: Transnational Asian Studies
- Certificate: Water Resources
- Certificate: World History and Society: Past, Present, Future

Africana Studies, Certificate

(Code 380-631)

Advisor: S. Ducksworth-Lawton (History).

The **Certificate in Africana Studies** is designed for all students interested in deepening their knowledge of African, African diasporic and especially African-American lives. Through this program of study students will critically examine the major historical events that have created and shaped the African diaspora. They will also analyze the experiences and cultural products of people of African descent, as well as contemporary issues faced by African-Americans.

Code	Title	Credits
A minimum of 12 credits, of which at least six credits must be at the 300-level or above, and no more than two courses from the same prefix.		
Required course:		
HIST 210	African American History 1865 to Present	3
The remaining nine credits should be chosen from courses that focus centrally on Black experiences (Core Options), though it is allowable to take one course from the Related Electives (courses that include Black experiences but are not centrally focused on those experiences):		9
Core Options (minimum of six credits):		
MUSI 114	Evolution of Jazz	
ENGL/WGSS 332	Women in African Literature	
ENGL 368	Topics in American Ethnic Literature (when African American literature/ culture is the course focus)	
ENGL 468	Seminar in American Ethnic Literature (when African American literature/ culture is the course focus)	
HIST 344	African American Civil Rights Movement, 1914-Present	
HIST 345	Civil Rights and American Memory	
HIST 383	Modern Africa	
RELS 342	African American Religion	
POLS 353	Afro-American Politics	
PSYC/WGSS 348	Black Psychology	
WGSS 215	African-American Feminism in the Humanities	
WGSS 222	Women's, Gender, and Sexuality Studies Introductory Travel Seminar (when offered as Women and the Civil Rights Movement)	
Related Electives (maximum of three credits):		
SOC 312	Race and Ethnicity in the U.S.	
ENGL 268	Survey of American Ethnic Literature (when African American literature/ culture is the course focus)	
MUSI 111	Global Roots of Music in the United States	
POLS 350	Group and Minority Politics	
WGSS 315	Women of Color Feminisms	
Special topics, internships, and umbrella courses with a focus on Africana studies may be applied to the certificate with approval of the certificate advisor.		

NOTE: Courses applied to the certificate cannot be applied to the major.

Program Learning Outcomes

- Students completing this program will be expected to meet the following learning outcomes:
- Demonstrate social, cultural, and political knowledge of major events, experiences, and cultural products of people of African descent.
 - Critically examine the major historical events that have created and shaped the African diaspora, particularly blacks in the United States.

- Analyze contemporary issues faced by people of African descent in the United States.

Ancient Studies, Certificate

(Code 310-601)

Advisor: M. Waters (Languages).

This **Ancient Studies** certificate is particularly geared toward students for whom a deeper understanding of the societies and cultures of the ancient world – foundational within a humanistic education – will complement their major area of study and enhance their future careers.

Code	Title	Credits
A minimum of 12 credits is required, with at least six credits at the 300-level or above.		
From the following list, two courses at any level with the same prefix must be selected (to serve as a core from one discipline, with which to develop perspective on others).		
The remaining six credits from any on the following list. Four credits of language study (Classical Greek or Latin) may be applied to the certificate.		
ANTH 169	Introduction to Archaeology	
ARTH 111	Global Art History to 1400	
ARTH 315	Ancient Greek, Etruscan, and Roman Art	
ARTH/AIS 335	Ancient Art and Architecture of Mexico and Central America	
FLTR 250	Classical Mythology	
FLTR 360	Readings in Ancient Literature	
GRK 101	Beginning Classical Greek	
GRK 102	Beginning Classical Greek	
HIST 302	Ancient Near Eastern Civilizations	
HIST 304	Greek Civilization	
HIST 306	Roman Civilization	
HIST 308	Ancient Historiography	
LAT 101	Beginning Latin	
LAT 102	Beginning Latin	
PHIL 235	Ancient Philosophy	
RELS 230	Old Testament/Hebrew Bible	
RELS 240	New Testament	
RELS 303	Early Christianity	
POLS 309	Classical Political Thought	

With advisor approval, the following may be applied to completion of the certificate: (1) up to three credits of relevant independent study or directed studies; (2) additional relevant courses.

Note: Courses used for the certificate cannot count for the student's major program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of or viewpoints on past civilizations and cultures.

- Connect and integrate study of ancient civilizations with other disciplines.
- Incorporate and assess evidence from archaeological remains; documents and inscriptions; sculpture, painting, and architecture; theory and literary patterns; and/or historical developments of these phenomena.

Ancient Studies, Minor

Liberal Arts (Code 310-401)

Advisor: M. Waters (Languages).

The minor in **Ancient Studies** touches upon almost every field of human inquiry: language, literature, history, politics, religion, medicine, and science, to note only a few of the broader disciplines. Students taking courses to fulfill this minor will pursue the following specific goals:

1. to enhance their appreciation and understanding of ancient languages, cultures, and their own heritage;
2. to develop students' critical thinking abilities via language acquisition (study of grammar, translation, and interpretation), text analysis, historical perspective, and study of the influence of ancient civilizations upon subsequent periods;
3. to pursue an option within the undergraduate experience which allows one to explore in a systematic way the fundamental building blocks and materials of a liberal education and, thereby, highlight UW-Eau Claire's goals as a liberal arts institution;
4. to develop an interdisciplinary approach to these fields of study and to discover, by study of their origins, an apprehension of the underlying reasons and methods of discourse and institutions of the western world;
5. to see ourselves in perspective, to become more enlightened citizens, and to think more deeply about the human condition and important issues in our lives—based on the bedrock of the earliest approaches, which impacted all subsequent ones, to such questions.

Code	Title	Credits
The minor consists of 24 credits of core and elective course work, including foreign language competency at the 102 level.		
Core Requirements		
Select one of the following:		8
LAT 101 & LAT 102	Beginning Latin and Beginning Latin	
OR		
GRK 101 & GRK 102	Beginning Classical Greek and Beginning Classical Greek	
Elective Courses		
Select sixteen credits from the following list with at least two courses from each category below and a minimum of nine credits at the 300 or 400 level.		16
Total Credits		24

Code	Title	Credits
Category A		
ANTH 169	Introduction to Archaeology	3
ARTH 111	Global Art History to 1400	3
ARTH 315	Ancient Greek, Etruscan, and Roman Art	3
ARTH/AIS 335	Ancient Art and Architecture of Mexico and Central America	3
FLTR 250	Classical Mythology	3

PHIL 235	Ancient Philosophy	3
RELS 230	Old Testament/Hebrew Bible	3
RELS 240	New Testament	3
RELS 303	Early Christianity	3

Category B

FLTR 360	Readings in Ancient Literature	3
HIST 280	History Travel Seminar ¹	1-6
HIST 302	Ancient Near Eastern Civilizations	3
HIST 304	Greek Civilization	3
HIST 306	Roman Civilization	3
HIST 308	Ancient Historiography	3
POLS 309	Classical Political Thought	3

Up to three credits of Directed Studies or Independent Study for projects focusing on ancient studies may be applied to either category of the minor, with approval from the minor advisor.

¹ Destination and format of course, as applicable to this minor, are subject to approval of the minor advisor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze diverse experiences of, or viewpoints from, past events or historical developments.
- Recognize continuity and change over time and describe their consequences.
- Construct argumentation that explains how the culture and traditions of ancient civilizations can inform the present.
- Evaluate credibility, position, or perspective from various types of sources: text, image, and form.
- Compare and connect regional and global civilizations, past to present.
- Connect and integrate study of ancient civilizations with other disciplines.

Artificial Intelligence, Certificate

(Code 171-601)

For advising, contact the Computer Science Department.

Code	Title	Credits
Minimum 16 credits required		
DS 150	Computing in Python: Fundamentals and Procedural Programming	4
MATH 246	Elementary Statistics	4
AI 250	Foundations of Artificial Intelligence	4
AI 350	Human-Computer Interaction	4

Note: A minimum of 48 unique credits must be earned between the student's major and this certificate for purposes of meeting graduation requirements for first- and second-degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate foundational technical skills required for data analysis and model evaluation.
- Explain ethical challenges related to artificial intelligence in society and the workforce.
- Explain sources of biases in AI algorithms and consequent impact on society.

Artificial Intelligence, Comprehensive Major

Liberal Arts (Code 171-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Core General Education	10 courses, 36 credits

Academic Concentrations

Grade Point Requirements ²

Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average

University Residency Requirements

Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the Universities of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical

College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://www.uwec.sis.wisconsin.edu/psp/eauprd-tb/EMPLOYEE/SA/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION		Credit Restrictions
Satisfactory/Unsatisfactory		
Total degree credit		maximum 12
Major, Standard		maximum 1 course
Major, Comprehensive		maximum 2 courses
Minor		maximum 1 course
Credit by Examination		
Total degree credit		maximum ¼ of total
Major or minor		maximum ½ of total
Two-Year College Credits		
Total degree credit		maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)		
Total KINS 100-184		maximum 1 credit
Total Band, chorus, drama		maximum 12 credits
Single course band, chorus, drama		maximum 4 credits
Extension credits		
UW-System		no maximum
Other extension/correspondence		maximum ¼ of total
USAFI		
USAFI		maximum 32 credits

Core General Education Requirements (CGER)

CGER Categories

Mathematics & Quantitative Reasoning (MQR) (http://catalog.uwec.edu/undergraduate/outcome-mqr/)	4 credit hours, 1 course min
Includes University Math Requirement ¹	
Communication & Literacy (CL) (http://catalog.uwec.edu/undergraduate/outcome-cl/)	8 credit hours, 2 course min (including CL-W)
Includes University Writing Requirement (CL-W) (http://catalog.uwec.edu/undergraduate/outcome-clw/) ²	
Natural Sciences & Wellness (NSW/NSWL) (http://catalog.uwec.edu/undergraduate/outcome-NSW/)	6 credit hours, 1 course min (NSW-Lab required)
Social & Behavioral Sciences (SBS) (https://catalog.uwec.edu/undergraduate/outcome-sbs/)	6 credit hours, 2 course min
Humanities & Arts (HA) (http://catalog.uwec.edu/undergraduate/outcome-ha/)	6 credit hours, 2 course min
Civics & Perspectives (CP) (http://catalog.uwec.edu/undergraduate/outcome-cp/)	6 credit hours, 2 course min

CGER Totals ³

Credits	minimum 36 credits
Courses	minimum 10 courses

¹ University Mathematics Requirement:

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² University Writing Requirement:

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

³ Completion via Placement Tests

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); second language competency at the 102 level. Second language competency may be met in one of two ways: (1) Demonstrate a level of second language competency that qualifies the student to enter the 201-level course in a second language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level second language course (or AIS 112 or AIS 122 or SLHS 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and

Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate foundational technical skills required for data analysis and model evaluation.
- Explain ethical challenges related to artificial intelligence in society and the workforce.
- Explain sources of biases in AI algorithms and consequent impact on society.
- Apply design, implementation, and evaluation of artificial intelligence algorithms.
- Summarize potential and limitations of AI and machine learning as predictive tools.
- Explain theories and techniques of knowledge representation and automated reasoning as foundations of artificial intelligence.
- Illustrate application and integration of AI in society and the workforce.

Artificial Intelligence, Comprehensive Major

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. *Note:* In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Core General Education Requirements (CGER). CGER course work in the following sample degree plan uses abbreviations such as CGER CL, CGER HA, and CGER NSWL to represent the learning outcomes students will meet via completion of the course. Please click here for a description of the outcomes and requirements.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by second language competency for the B.A. and a higher level of mathematics competency for the B.S.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Core General Education Requirements (CGER)

Core General Education Requirements (CGER)

The Core General Education Requirements (CGER) includes a minimum of 10 courses across 6 categories. Students must complete a minimum of 36 credits in courses approved for the CGER Core.

- Mathematics & Quantitative Reasoning (MQR) - 4 credits, one course minimum
 - Includes the University Mathematics Requirement¹
- Communication & Literacy (CL) - 8 credits, two courses minimum
 - Includes the University Writing Requirement (CL-W)²
- Natural Sciences & Wellness (NSW/NSWL) - 6 credits, one course minimum (NSW-Lab required)
- Social & Behavioral Sciences (SBS) - 6 credits, two courses minimum
- Humanities & Arts (HA) - 6 credits, two courses minimum
- Civics & Perspectives (CP) - 6 credits, two courses minimum

¹ **University Mathematics Requirement:**
Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² **University Writing Requirement:**
Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)

- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

Completion via Placement Test

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and

Sciences course work); second language competency at the 102 level. Second language competency may be met in one of two ways: (1) Demonstrate a level of second language competency that qualifies the student to enter the 201-level course in a second language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level second language course (or AIS 112 or AIS 122 or SLHS 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

- (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114.
- (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113.
- (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 171-201)

Advisor: R. Gomes (Computer Science).

PHIL 343	Philosophy of Mind
PHIL 304	Philosophy and Artificial Intelligence
PSYC 366	Statistical Reasoning and Analysis

¹ MATH 345 or MATH 347 allowed by substitution

Note: A minimum of 48 unique credits must be earned between this major and the student's second program for purposes of meeting graduation requirements for first- and second-degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate foundational technical skills required for data analysis and model evaluation.
- Explain ethical challenges related to artificial intelligence in society and the workforce.
- Explain sources of biases in AI algorithms and consequent impact on society.
- Apply design, implementation, and evaluation of artificial intelligence algorithms.
- Summarize potential and limitations of AI and machine learning as predictive tools.
- Explain theories and techniques of knowledge representation and automated reasoning as foundations of artificial intelligence.
- Illustrate application and integration of AI in society and the workforce.

Artificial Intelligence, Major

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. *Note:* In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Core General Education Requirements (CGER). CGER course work in the following sample degree plan uses abbreviations such as CGER CL, CGER HA, and CGER NSWL to represent the learning outcomes students will meet via completion of the course. Please click here for a description of the outcomes and requirements.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by

second language competency for the B.A. and a higher level of mathematics competency for the B.S.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Core General Education Requirements (CGER)

Core General Education Requirements (CGER)

The Core General Education Requirements (CGER) includes a minimum of 10 courses across 6 categories. Students must complete a minimum of 36 credits in courses approved for the CGER Core.

- Mathematics & Quantitative Reasoning (MQR) - 4 credits, one course minimum
 - Includes the University Mathematics Requirement¹
- Communication & Literacy (CL) - 8 credits, two courses minimum
 - Includes the University Writing Requirement (CL-W)²
- Natural Sciences & Wellness (NSW/NSWL) - 6 credits, one course minimum (NSW-Lab required)
- Social & Behavioral Sciences (SBS) - 6 credits, two courses minimum
- Humanities & Arts (HA) - 6 credits, two courses minimum
- Civics & Perspectives (CP) - 6 credits, two courses minimum

¹ University Mathematics Requirement:

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² University Writing Requirement:

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above

catalog.uwec.edu/search/?P=WRIT%20116), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above

- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

Completion via Placement Test

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

Artificial Intelligence, Minor

Liberal Arts (Code 171-401)

For advising, contact the Computer Science Department.

Code	Title	Credits
Minimum 24 credits required		
DS 140	Basics of Data Analysis with R	2
DS 150	Computing in Python: Fundamentals and Procedural Programming	4
MATH 246	Elementary Statistics ¹	4
AI 250	Foundations of Artificial Intelligence	4
AI 350	Human-Computer Interaction	4
AI 420	Artificial Intelligence	3
AI 485	AI-Driven Project Development	3

¹ MATH 345 or MATH 347 allowed by substitution

Note: A minimum of 48 unique credits must be earned between the student's major and this minor for purposes of meeting graduation requirements for first- and second-degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate foundational technical skills required for data analysis and model evaluation.
- Explain ethical challenges related to artificial intelligence in society and the workforce.

- Explain sources of biases in AI algorithms and consequent impact on society.
- Illustrate application and integration of AI in society and the workforce.

Assistive Systems and Robotics Engineering, Comprehensive Major

(Code 231-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Core General Education	10 courses, 36 credits
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the Universities of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College

may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://www.uwec.sis.wisconsin.edu/psp/eauprd-tb/EMPLOYEE/SA/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION		Credit Restrictions
Satisfactory/Unsatisfactory		
Total degree credit		maximum 12
Major, Standard		maximum 1 course
Major, Comprehensive		maximum 2 courses
Minor		maximum 1 course
Credit by Examination		
Total degree credit		maximum ¼ of total
Major or minor		maximum ½ of total
Two-Year College Credits		
Total degree credit		maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)		
Total KINS 100-184		maximum 1 credit
Total Band, chorus, drama		maximum 12 credits
Single course band, chorus, drama		maximum 4 credits
Extension credits		
UW-System		no maximum
Other extension/correspondence		maximum ¼ of total
USAFI		
USAFI		maximum 32 credits

CGER Totals ³	
Credits	minimum 36 credits
Courses	minimum 10 courses

¹ University Mathematics Requirement:

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² University Writing Requirement:

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

³ Completion via Placement Tests

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).

- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

College Degree Requirements**Bachelor of Science Degree (B.S.)**

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

(Code 231-001)

For advising, contact the Physics and Astronomy Department.

The Bachelor's of Science in Assistive Systems and Robotics Engineering applies fundamental robotics engineering principles and design concepts to directly

help individuals perform tasks that might be difficult or impossible otherwise, including robotics for daily personal tasks, personal mobility, rehabilitation, health care and communication. The major integrates fundamental physics with computer science and engineering. As with all engineering degrees, the application of fundamental ideas through design is central to the major. A minimum of 92 credits is required for the major and a minimum of 128 credits for the degree.

A minimum of 92 credits is required for the major and a minimum of 128 credits for the degree.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
- An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
- An ability to communicate effectively with a range of audiences.
- An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
- An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
- An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
- An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Assistive Systems and Robotics Engineering, Comprehensive Major, B.S.

The following is a sample degree plan, based on the current catalog. It is based on the 128-credit graduation requirement specific to this degree program and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. *Note:* In order to earn the required minimum of 128 credits for this degree program in four years, you should plan to take 16 credits each semester or 32 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Core General Education Requirements (CGER). CGER course work in the following sample degree plan uses abbreviations such as CGER CL, CGER HA, and CGER NSWL to represent the learning outcomes students will meet via completion of the course. Please click here for a description of the outcomes and requirements.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific

recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (<https://studyabroad.apps.uwec.edu/>), Intercultural Immersion (<https://www.uwec.edu/immersion/>), Internship (<https://www.uwec.edu/offices-services/advising-retention-career-center/career-services/internship/job-searching-and/>), and/or Student/Faculty Collaborative Research (<https://www.uwec.edu/offices-services/office-research-and-sponsored-programs/getting-involved-student-faculty-research/>) into your time at UW-Eau Claire.

Students are especially encouraged to explore immersion experiences including faculty/student collaborative research, off-campus summer research, off-campus internship, Study Abroad, Domestic Intercultural Immersion, or other HIP experience.

Core General Education Requirements (CGER)

Core General Education Requirements (CGER)

The Core General Education Requirements (CGER) includes a minimum of 10 courses across 6 categories. Students must complete a minimum of 36 credits in courses approved for the CGER Core.

- Mathematics & Quantitative Reasoning (MQR) - 4 credits, one course minimum
 - Includes the University Mathematics Requirement¹
- Communication & Literacy (CL) - 8 credits, two courses minimum
 - Includes the University Writing Requirement (CL-W)²
- Natural Sciences & Wellness (NSW/NSWL) - 6 credits, one course minimum (NSW-Lab required)
- Social & Behavioral Sciences (SBS) - 6 credits, two courses minimum
- Humanities & Arts (HA) - 6 credits, two courses minimum
- Civics & Perspectives (CP) - 6 credits, two courses minimum

¹ University Mathematics Requirement:

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² University Writing Requirement:

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)

- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

Completion via Placement Test

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

Biochemistry/Molecular Biology, Comprehensive Major

Liberal Arts (Code 090-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Core General Education	10 courses, 36 credits
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits
Procedures Required for Graduation	
Obtain admission to the degree program and/or the College offering it.	
Apply for graduation on CampS.	

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the Universities of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://www.uwec.sis.wisconsin.edu/psp/eauprd-tb/EMPLOYEE/SA/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION		Credit Restrictions
Satisfactory/Unsatisfactory		
Total degree credit		maximum 12
Major, Standard		maximum 1 course
Major, Comprehensive		maximum 2 courses
Minor		maximum 1 course
Credit by Examination		
Total degree credit		maximum ¼ of total
Major or minor		maximum ½ of total
Two-Year College Credits		
Total degree credit		maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)		
Total KINS 100-184		maximum 1 credit

Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Core General Education Requirements (CGER)

CGER Categories

Mathematics & Quantitative Reasoning (MQR) (http://catalog.uwec.edu/undergraduate/outcome-mqr/)	4 credit hours, 1 course min
Includes University Math Requirement ¹	
Communication & Literacy (CL) (http://catalog.uwec.edu/undergraduate/outcome-cl/)	8 credit hours, 2 course min (including CL-W)
Includes University Writing Requirement (CL-W) (http://catalog.uwec.edu/undergraduate/outcome-clw/) ²	
Natural Sciences & Wellness (NSW/NSWL) (http://catalog.uwec.edu/undergraduate/outcome-NSW/)	6 credit hours, 1 course min (NSW-Lab required)
Social & Behavioral Sciences (SBS) (https://catalog.uwec.edu/undergraduate/outcome-sbs/)	6 credit hours, 2 course min
Humanities & Arts (HA) (http://catalog.uwec.edu/undergraduate/outcome-ha/)	6 credit hours, 2 course min
Civics & Perspectives (CP) (http://catalog.uwec.edu/undergraduate/outcome-cp/)	6 credit hours, 2 course min
CGER Totals ³	
Credits	minimum 36 credits
Courses	minimum 10 courses

¹ **University Mathematics Requirement:**

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² **University Writing Requirement:**

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above

catalog.uwec.edu/search/?P=WRIT%20118), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above

- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

³ **Completion via Placement Tests**

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and

Sciences course work); second language competency at the 102 level. Second language competency may be met in one of two ways: (1) Demonstrate a level of second language competency that qualifies the student to enter the 201-level course in a second language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level second language course (or AIS 112 or AIS 122 or SLHS 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 090-001)

Advisors: J. Anderson (Biology), T. Doyon (Chemistry and Biochemistry), D. Gingerich (Biology), S. Hati (Chemistry and Biochemistry), J. Lyman Gingerich (Biology), S. Showsh (Biology).

The Biochemistry/Molecular Biology major prepares students for entry-level employment opportunities in research and development in industrial and government laboratories as well as graduate programs in molecular biology, genetics, pharmacology, biochemistry and related fields (see NOTE 2 below). This program also provides effective preparation for admission to professional schools in medicine, osteopathy, pharmacy, and dentistry. Biochemistry/Molecular Biology majors are eligible to apply for Departmental Honors in Biology or Chemistry and Biochemistry (see each department page for criteria).

Biochemistry/Molecular Biology

Code	Title	Credits
A minimum of 69 semester credits, including:		
I. Biology Course Requirements		
(minimum of 26 credits)		
BIOL 221	Foundations of Biology I	4
BIOL 222	Foundations of Biology II	3
BIOL 223	Foundations of Biological Inquiry	2
BIOL 305	Molecular and Cell Biology	4
BIOL 323	Genetics	3
BIOL 324	Genetics Inquiry	2
BIOL 405	Advanced Cell and Molecular Lab	4
BIOL 409	Molecular Genetics	4
II. Chemistry Course Requirements		
(minimum of 30 credits)		
CHEM 115	Chemical Principles	6
CHEM 213	Quantitative Analysis	4
CHEM 325	Organic Chemistry I with Laboratory	4
CHEM 326	Organic Chemistry II with Laboratory	4
CHEM 406	Biophysical Chemistry	4
CHEM 452	Biochemistry I	3

CHEM 454	Biochemistry II	3
CHEM 453	Biochemistry Laboratory	2
III. Other Course Requirements		
(minimum of 13 credits)		
MATH 114	Calculus I	4
PHYS 211	General Physics	5
PHYS 212	General Physics	4

Note 1: The combination of either CHEM 105, CHEM 106, and CHEM 109, or the combination of CHEM 108 and CHEM 109 may be substituted for CHEM 115, but only six of the credits count toward the major.

Note 2: CHEM 433 (CHEM 434 optional) may be substituted for CHEM 406 (MATH 215 and PHYS 231, PHYS 232 required if CHEM 433 (CHEM 434) is taken.) This substitution is strongly recommended for students considering doctoral study in biophysics or physical biochemistry.

Note 3: Students are also encouraged to seek out a collaborative research experience or do independent study (BIOL 399, BIOL 499, CHEM 399, CHEM 497, or CHEM 499) in addition to their formal course work.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of foundational biological principles in the areas of information flow, exchange, and storage, pathways and transformations of energy and matter, structure and function, and systems and evolution.
- Apply the process of science.
- Communicate and collaborate and to recognize the interdisciplinary nature of science.
- Use quantitative reasoning, models and/or simulation.
- Understand the relationship between science and society.

Biochemistry/Molecular Biology, Comprehensive Major, B.S. - (Starting in CHEM 115)

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. *Note:* In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Core General Education Requirements (CGER). CGER course work in the following sample degree plan uses abbreviations such as CGER CL, CGER HA, and CGER NSWL to represent the learning outcomes students will meet via completion of the course. Please **click here** for a description of the outcomes and requirements.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by second language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits

- a CHEM 105, CHEM 106 (NSWL), or CHEM 108 (NSWL), and CHEM 109 may be taken in place of CHEM 115, but only 6 of the 8 or 9 credits will count towards the major.
- b Prerequisites: MATH 109 or placement into math course above MATH 109: CHEM 105 and CHEM 106, or CHEM 108, or CHEM 115, or concurrent enrollment.
- c Students interested in pursuing graduate studies in biochemistry or biophysical chemistry are encouraged to take Calculus II (MATH 215) along with substituting the calculus-based sequence, PHYS 231 and PHYS 232 for PHYS 211 and PHYS 212. These students may also want to consider substituting Physical Chemistry I (CHEM 433) for Biophysical Chemistry (CHEM 406).
- d A grade of C or above in BIOL 221.
- e Grades of C or above in BIOL 222 and BIOL 223.
- f Grades of C or above in BIOL 221, BIOL 222, and BIOL 223.
- g Electives need to be carefully selected to ensure that a student's degree comprises at least 39 credits of upper division courses (300-400 level). While students are encouraged to take additional courses in chemistry, electives can be selected from any discipline as long as the student meets the course prerequisites.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Biochemistry/Molecular Biology, Comprehensive Major, B.S. - (Starting in CHEM 108)

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. *Note:* In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Core General Education Requirements (CGER). CGER course work in the following sample degree plan uses abbreviations such as CGER CL, CGER

HA, and CGER NSWL to represent the learning outcomes students will meet via completion of the course. Please **click here** for a description of the outcomes and requirements.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by second language competency for the B.A. and a higher level of mathematics competency for the B.S.

- g Electives need to be carefully selected to ensure that a student's degree comprises at least 39 credits of upper division courses (300-400 level). While students are encouraged to take additional courses in chemistry, electives can be selected from any discipline as long as the student meets the course prerequisites.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Core General Education Requirements (CGER)

Core General Education Requirements (CGER)

The Core General Education Requirements (CGER) includes a minimum of 10 courses across 6 categories. Students must complete a minimum of 36 credits in courses approved for the CGER Core.

- Mathematics & Quantitative Reasoning (MQR) - 4 credits, one course minimum
 - Includes the University Mathematics Requirement¹
- Communication & Literacy (CL) - 8 credits, two courses minimum
 - Includes the University Writing Requirement (CL-W)²
- Natural Sciences & Wellness (NSW/NSWL) - 6 credits, one course minimum (NSW-Lab required)
- Social & Behavioral Sciences (SBS) - 6 credits, two courses minimum

- Humanities & Arts (HA) - 6 credits, two courses minimum
- Civics & Perspectives (CP) - 6 credits, two courses minimum

¹ **University Mathematics Requirement:**

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² **University Writing Requirement:**

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

Completion via Placement Test

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average

University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation	
Obtain admission to the degree program and/or the College offering it.	
Apply for graduation on CampS.	

¹ Certain programs exceed this minimum.
² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the Universities of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://www.uwec.sis.wisconsin.edu/psp/eauprd-tb/EMPLOYEE/SA/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION	Credit Restrictions
Satisfactory/Unsatisfactory	
Total degree credit	maximum 12
Major, Standard	maximum 1 course
Major, Comprehensive	maximum 2 courses
Minor	maximum 1 course
Credit by Examination	
Total degree credit	maximum ¼ of total
Major or minor	maximum ½ of total
Two-Year College Credits	
Total degree credit	maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)	
Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits
Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Core General Education Requirements (CGER)

CGER Categories

Mathematics & Quantitative Reasoning (MQR) (http://catalog.uwec.edu/undergraduate/outcome-mqr/)	4 credit hours, 1 course min
Includes University Math Requirement ¹	
Communication & Literacy (CL) (http://catalog.uwec.edu/undergraduate/outcome-cl/)	8 credit hours, 2 course min (including CL-W)
Includes University Writing Requirement (CL-W) (http://catalog.uwec.edu/undergraduate/outcome-clw/) ²	
Natural Sciences & Wellness (NSW/NSWL) (http://catalog.uwec.edu/undergraduate/outcome-NSW/)	6 credit hours, 1 course min (NSW-Lab required)
Social & Behavioral Sciences (SBS) (https://catalog.uwec.edu/undergraduate/outcome-sbs/)	6 credit hours, 2 course min

Humanities & Arts (HA) (http://catalog.uwec.edu/undergraduate/outcome-ha/)	6 credit hours, 2 course min
Civics & Perspectives (CP) (http://catalog.uwec.edu/undergraduate/outcome-cp/)	6 credit hours, 2 course min

CGER Totals ³

Credits	minimum 36 credits
Courses	minimum 10 courses

¹ University Mathematics Requirement:

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² University Writing Requirement:

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

³ Completion via Placement Tests

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency

as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); second language competency at the 102 level. Second language competency may be met in one of two ways: (1) Demonstrate a level of second language competency that qualifies the student to enter the 201-level course in a second language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level second language course (or AIS 112 or AIS 122 or SLHS 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 183-001)

Advisors: A. Brisbin (Mathematics), D. Gingerich (Biology), R. Gomes (Computer Science), N. Mitchell (Biology).

The comprehensive major in bioinformatics will prepare students to solve problems involving large biological data sets through interdisciplinary skills and knowledge in biology, computer science, data science, and mathematics. Through conceptual understanding and hands-on experience with real

data, this program will prepare students for jobs or graduate school in bioinformatics.

Code	Title	Credits
A minimum of 60 semester credits, including:		
MATH 114	Calculus I	4
MATH 215	Calculus II	4
MATH 246	Elementary Statistics ¹	4
MATH 314	Discrete Mathematics	4
BIOL 221	Foundations of Biology I	4
BIOL 222	Foundations of Biology II	3
BIOL 223	Foundations of Biological Inquiry	2
BIOL 323	Genetics	3
BIOL 324	Genetics Inquiry	2
CHEM 115	Chemical Principles ²	6
CHEM 325	Organic Chemistry I with Laboratory	4
BIOL 149	The Big Picture in Bioinformatics	1
DS 150	Computing in Python: Fundamentals and Procedural Programming	4
DS 250	Data Structures and Algorithms in Bioinformatics	4
BIOL 343	Applied Bioinformatics	4
CS 388	UNIX Systems Programming	3
Remaining credits to be chosen from the following list:		
AI 250	Foundations of Artificial Intelligence	
BIOL 305	Molecular and Cell Biology	
BIOL 308	Evolution	
BIOL 383	Biostatistics	
BIOL 405	Advanced Cell and Molecular Lab	
CHEM 352	Fundamentals of Biochemistry	
CHEM 452	Biochemistry I	
CS 425	Machine Learning	
MATH 324	Linear Algebra	
MATH 441	Linear Regression Analysis, with Time Series	

¹ In place of MATH 246, students may take either MATH 345 or the sequence of MATH 346 and MATH 347.
² In place of CHEM 115, students may take the sequence of CHEM 105, CHEM 106, and CHEM 109 or the sequence of CHEM 108 and CHEM 109.

Note: Students pursuing the Bioinformatics major may overlap a maximum of 12 credits with any minor in Biology, Mathematics, Computer Science, or Artificial Intelligence.

Suggestions for general elective credits to guide faculty mentor and student when planning post-baccalaureate career: two courses recommended.

BIOL 305	Molecular and Cell Biology	4
BIOL 306	Infectious Disease Biology	3
BIOL 308	Evolution	3
BIOL 321	Ecology	3
BIOL 361	Biology of Microorganisms	5
BIOL 402	Current Topics in Virology and Immunology	4
BIOL 405	Advanced Cell and Molecular Lab	4

BIOL 409	Molecular Genetics	4
CHEM 352	Fundamentals of Biochemistry	4
CHEM 452 & CHEM 453	Biochemistry I and Biochemistry Laboratory	5
CHEM 454	Biochemistry II	3
CS 425	Machine Learning	3
PH 450	Epidemiology	3
MATH 324	Linear Algebra	4
MATH 441	Linear Regression Analysis, with Time Series	4

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain and apply core concepts in biology, computer science, and mathematics, especially as they apply to data analysis.
- Understand terminology used in molecular biology, genetics, evolutionary biology, information theory, and database management.
- Explain and apply fundamental methods in probability and statistics to the analysis of biological datasets.
- Explain the construction of predictive mathematical models of biological systems.
- Use software to extract information from large databases and use that information in computer modeling and data analysis.
- Use problem-solving skills, including the ability to develop new algorithms and methods of data analysis.

Bioinformatics, Comprehensive Major, B.S.

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Core General Education Requirements (CGER). CGER course work in the following sample degree plan uses abbreviations such as CGER CL, CGER HA, and CGER NSWL to represent the learning outcomes students will meet via completion of the course. Please click [here](#) for a description of the outcomes and requirements.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by second language competency for the B.A. and a higher level of mathematics competency for the B.S.

FIRST YEAR

FIRST SEMESTER		
CHEM 108	General Chemistry I (CGER NSWL)	4
MATH 109	Algebra for Calculus (CGER MQR)	4
BIOL 149	The Big Picture in Bioinformatics	1
WRIT 114	Intensive Blugold Seminar in Critical Reading and Writing (CGER CL)	5
OR		
WRIT 116	Blugold Seminar in Critical Reading and Writing (CGER CL)	

SECOND SEMESTER

CHEM 109	General Chemistry II	4
MATH 113	Trigonometry	2
BIOL 221	Foundations of Biology I (CGER NSWL)	4
CGER Option: Civics & Perspectives (CP) ^a		3
CGER Option: Communication & Literacy (CL)		3
TOTAL		31

SECOND YEAR

FIRST SEMESTER		
DS 150	Computing in Python: Fundamentals and Procedural Programming	4
MATH 114	Calculus I (CGER MQR)	4
BIOL 222	Foundations of Biology II	3
BIOL 223	Foundations of Biological Inquiry	2
CGER Option: Social & Behavioral Sciences (SBS) ^a		3
or CGER Option: Humanities & Arts (HA) ^a		

SECOND SEMESTER

BIOL 323	Genetics	3
MATH 215	Calculus II	4
DS 250	Data Structures and Algorithms in Bioinformatics	4
CGER Option: Civics & Perspectives (CP)		3
TOTAL		30

THIRD YEAR

FIRST SEMESTER		
BIOL 324	Genetics Inquiry	2
BIOL 343	Applied Bioinformatics	4
MATH 314	Discrete Mathematics	4
CGER Option: Civics & Perspectives (CP)		3
Elective		3

SECOND SEMESTER

MATH 246	Elementary Statistics	4
CGER Option: Civics & Perspectives (CP)		3
CGER Option: Social & Behavioral Sciences (SBS) ^a		3
or CGER Option: Humanities & Arts (HA) ^a		
Elective		4
TOTAL		30

FOURTH YEAR

FIRST SEMESTER		
CHEM 325	Organic Chemistry I with Laboratory	4
Bioinformatics Elective ^b		3-4
CGER Option: Social & Behavioral Sciences (SBS) ^a		3
or CGER Option: Humanities & Arts (HA) ^a		

Elective	4
SECOND SEMESTER	
CS 388 UNIX Systems Programming	3
Bioinformatics Elective ^b	3-4
CGER Option: Social & Behavioral Sciences (SBS) ^a or CGER Option: Humanities & Arts (HA) ^a	3
Elective	4
TOTAL	29-30

Minimum total for the baccalaureate degree = 120 credits

a In this 4-year plan, the experiences for SBS and HA are listed together. The appropriate number of experiences from each learning outcome will be required.

b Bioinformatics electives: At least 5 credits required. Select from AI 250, BIOL 305, BIOL 308, BIOL 383, BIOL 405, CHEM 352, CHEM 452, CS 425, MATH 324, MATH 441.

Note: Must maintain a 2.0 GPA in major program.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (<https://studyabroad.apps.uwec.edu/>), Intercultural Immersion (<https://www.uwec.edu/immersion/>), Internship (<https://www.uwec.edu/offices-services/advising-retention-career-center/career-services/internship/job-searching-and/>), and/or Student/Faculty Collaborative Research (<https://www.uwec.edu/offices-services/office-research-and-sponsored-programs/getting-involved-student-faculty-research/>) into your time at UW-Eau Claire.

Students in the Bioinformatics major are encouraged to participate in student-faculty research related to bioinformatics. Consult with professors in the bioinformatics program in the spring before the year in which you would like to do research (for example, in spring of the first year to plan a research project for sophomore year).

Core General Education Requirements (CGER)

Core General Education Requirements (CGER)

The Core General Education Requirements (CGER) includes a minimum of 10 courses across 6 categories. Students must complete a minimum of 36 credits in courses approved for the CGER Core.

- Mathematics & Quantitative Reasoning (MQR) - 4 credits, one course minimum
 - Includes the University Mathematics Requirement¹
- Communication & Literacy (CL) - 8 credits, two courses minimum
 - Includes the University Writing Requirement (CL-W)²
- Natural Sciences & Wellness (NSW/NSWL) - 6 credits, one course minimum (NSW-Lab required)
- Social & Behavioral Sciences (SBS) - 6 credits, two courses minimum
- Humanities & Arts (HA) - 6 credits, two courses minimum
- Civics & Perspectives (CP) - 6 credits, two courses minimum

¹ University Mathematics Requirement:

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² University Writing Requirement:

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

Completion via Placement Test

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

Critical Hmong Studies, Certificate

(Code 295-602)

For advising, contact the Race, Ethnicity, Gender, and Sexuality Studies Department.

The **Critical Hmong Studies Certificate** program is designed for students who have a strong interest in studying Hmong history, culture, society, language, and contemporary issues. The certificate might appeal to students who have limited opportunity to explore academic areas beyond their major discipline, or those who interact with Hmong communities on a professional basis.

Code	Title	Credits
Minimum of 12 credits required, with at least six credits at the 300-400 level (including electives):		
Core courses		6
HMNG 130	Hmong American Experiences in the U.S.	3
HMNG/WGSS 365	Intersectionality: Critical Approaches to Identity and Injustice	3
Elective courses		6
ES 385	Social Foundations: Human Relations	
HMNG 101	Beginning Hmong I	
HMNG 102	Beginning Hmong II	
HMNG 391	Special Topics in Critical Hmong Studies	
AIS 444	Indigenous Theory and Methodologies	
ENGL 368	Topics in American Ethnic Literature (when focused on Hmong Studies)	

Variable credit options	
Travel seminars focused on Hmong Studies including HMNG 341 and HMNG 342	
Various courses with either Hmong or Hmong-American content or critical theoretical or indigenous approach	
Other distance learning options, in collaboration with other institutions/UW campuses when focused on Hmong Studies	

Note: Courses cannot be counted in both the major and the certificate program.

Program Learning Outcome

Students completing this program will be expected to meet the following learning outcomes:

- Understand Hmong history, politics, and/or cultural transformations in the U.S.
- Effectively articulate how the theory of intersectionality can explain contemporary Hmong identities and social issues in a comparative manner.
- Utilize decolonizing methodologies and skills-based competency to studying and/or engaging with Hmong communities in the U.S.

Earth Resources, Certificate

(Code 160-603)

Advisor: P. Ihinger (Geology and Environmental Science).

The Department of Geology and Environmental Science administers an **Earth Resources certificate**. This certificate provides non-Geology majors with core science, policy, and communication skills to better understand complex environmental issues involving mineral and water extraction and usage. The certificate would be ideal for Business, Communication, Economics, Geography, Journalism, Political Science, and Integrated Strategic Communication: Public Relations majors, who might need to communicate with scientists, engineers, politicians, and advocacy groups about environmental issues.

Code	Title	Credits
Sixteen credits required		16
Required Core (10 crs):		
BIOL 338	Vegetation Ecology	4
GEOL 301	Earth Resources and Sustainability	3

GEOL 308	Water Resources	3
Communication Skills (choose one of the following):		3
CJ 203	Fundamentals of Human Communication	
CJ 222	Beginning Journalism	
CJ 250	Introduction to Organizational Communication	
CJ 260	Introduction to Integrated Strategic Communication	
Policy and Ethics (choose one of the following):		3
ECON 268	Environmental Economics	
ENV/GEOG 377	U.S. Environmental and Sustainability Policy	
PHIL 320	Environmental Ethics	

Note: Students cannot pursue the Geology major and the Earth Resources certificate to meet graduate requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain Earth processes.
- Use mathematics and computational methods to analyze scientific and geological data.
- Read, write, and critically evaluate geological papers.
- Construct an internally consistent geological map utilizing field data, topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Use analytical and quantitative methods to evaluate an environmental problem.

Environmental Science, Minor

Liberal Arts (Code 155-400)

Advisors: J. Boulter (Public Health and Environmental Studies), P. Ihinger (Geology and Environmental Science), H. Jol (Geography and Anthropology).

This multidisciplinary liberal arts minor is created primarily for students with interests in environmental science and conservation of biological diversity. The minor emphasizes the study of environmental issues, ecology and conservation, and water and earth resources through application of concepts and methods from various disciplines. The minor is designed to complement a 36-credit standard major, e.g., Biology, Liberal Arts or Political Science. Students wishing to pursue a comprehensive major in environmental science should consider the Ecology and Environmental Biology Comprehensive Major in Biology, the Environmental Geography Comprehensive Major in Geography and Anthropology, the Environmental Science Comprehensive Major in Geology and Environmental Science or the Environmental Public Health Comprehensive Major in the Public Health and Environmental Studies Program.

Code	Title	Credits
Minimum of 24 credits, with at least 11 credits from courses at the 300-level or above, including:		
Required:		

BIOL 180	Environmental Biology and Conservation	3
or GEOG 178	Planet Earth: Conservation of the Environment	

One or more of the following life sciences courses (min. 3 crs):

BIOL 321	Ecology	3
BIOL 328	Conservation Biology	4
BIOL 338	Vegetation Ecology	4
BIOL 376	Aquatic Ecology	3-4

Two or more of the following physical science courses (min. 6 crs):

CHEM 304	Environmental Chemistry	3
GEOG 304	Introduction to Geomorphology	4
GEOG 361	Environmental Hazards	3
GEOL 115	Environmental Geology	4
or GEOG 104	Planet Earth: The Physical Environment	
GEOL 304	Global Environmental Change	3
GEOL 308	Water Resources	3
GEOL 315	Hydrogeology I	4
GEOL 336	Introduction to Geochemistry	3

One or more of the following health, humanities, or social science courses (min. 3 crs):

ECON 268	Environmental Economics	3
ENPH 110	Introduction to Environmental Health	3
ENV/GEOG 377	U.S. Environmental and Sustainability Policy	3
GEOG 270	Introduction to Urban and Regional Planning	3
GEOG/ENV 378	International Environmental Problems and Policy	3
PHIL 320	Environmental Ethics	3

Two or more of the following techniques courses (min. 6 crs):

BIOL 383	Biostatistics	4
ENPH 441	Water and Wastewater	4
GEOG 280	Introduction to Cartography and Visualization	3
GEOG 335	Geographic Information Systems I	3
GEOG 336	Geospatial Field Methods	3
GEOG 338	Remote Sensing of the Environment	3
GEOG 350	Soils and the Environment	4
GEOG 363	Watershed Analysis	4
GEOG 364	Fluvial Processes and Landforms	4
GEOG 370	Quantitative Methods in Geography	3

A field capstone (min. 1 cr):

BIOL 320	Studies in Tropical Environments	3
BIOL 329	Biological Field Experiences	1-2
BIOL 490	Biological Field Studies	1-4
GEOL 343	Geological Field Excursion	1-2
GEOL 470	Field Geology I	3

Note 1: Credits from other courses may also be applied as electives, pending advisor and college approval, when they focus specifically on environmental topics. This includes special topics, directed studies, independent study, and/or internships. Applicable environmental courses offered through International

Study Abroad or National Student Exchange may also be applied with consent of an advisor.

Note 2: For students pursuing standard majors in Biology or Geography, a maximum of 12 credits from the major may be applied to this minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate ecological and physical science knowledge related to the conservation of biological diversity and natural resources.
- Use computational and technological skills to analyze environmental systems.
- Evaluate relationships between environmental science and society.
- Apply knowledge, skills, and values of environmental science to examine issues in a field setting.

European Studies, Minor

Liberal Arts (Code 331-403)

Advisor: P. Turner (History).

The European Studies Minor is designed:

1. to develop a multidisciplinary understanding of the peoples and cultures of Europe and its neighbors;
2. to provide a broad program for students interested in international relations; and
3. to promote the evaluation of European systems, institutions and relationships of power in a historical, political and geographical context.

Code	Title	Credits
Twenty-four semester credits distributed as follows:		24

Core Requirements

European language competency at the 102 level ¹

OR

Completion of approved Europe-based study abroad program ²

And at least one of the following courses:

GEOG 301	Geography of Western Europe
GEOG 308	Geography of Russia and Eastern Europe
HIST 326	Twentieth Century Europe, 1900 to Present
POLS 323	Politics of Eastern Europe
POLS 327	Politics of Continental Europe

Remainder of 24 credits selected from the following, with at least 9 at the upper-division and no more than 9 credits of the total 24 from any one prefix. Courses marked with an asterisk* may count in either the core or the electives, but not both. ³

ENGL 252	Perspectives on Pre-1790 British Literature
ENGL 257	Representative Shakespeare
ENGL 259	Perspectives on British Literature After 1790
ENGL 351	Chaucer and His Age
ENGL 352	Topics in British Literature Before 1790

ENGL 357	Shakespearean Topics
ENGL 359	Topics in British Literature After 1790
FREN 354	History of France
FREN 355	Modern Society
GEOG 301	Geography of Western Europe *
GEOG 308	Geography of Russia and Eastern Europe *
GERM 363	Modern Germany: Literature, History, Culture

POLS 327	Politics of Continental Europe *
SPAN 356	Contemporary Spain
SPAN 363	Survey of Spanish Peninsular Literature

Total Credits **24**

¹ European languages applicable to the minor include French, German, Greek, Latin, Russian and Spanish. Other European languages not offered by UW-Eau Claire may count toward the minor with program advisor approval. Students may count up to 8 language credits toward the minor.

² Consult with program advisor for approved study abroad experiences.

³ Courses undertaken as part of a study abroad can also count toward the minor. Consult with program advisor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Acquire a multidisciplinary understanding of the peoples and cultures of Europe and its neighbors;
- Analyze, interpret, and evaluate European systems, institutions, and relationships of power in a historical, political, and geographical context;
- Develop an appreciation for European languages and their socio-cultural contexts.

Family Studies, Minor

Liberal Arts (Code 487-401)

For advising, contact K. Knutson (Communication and Journalism).

The interdisciplinary Family Studies Minor is designed to:

- Enhance students' understanding of the issues and problems confronting contemporary families from sociological, developmental, psychological, historical, religious, economic, and anthropologic perspectives;
- Examine the well-being of diverse individuals and families over the lifespan including the dynamic relations within families and the interaction between families and society;
- Provide an interdisciplinary liberal arts base for students who wish to pursue graduate study and careers working to improve the lives of individuals, families and communities; and
- Provide a knowledge of family studies that will foster personal and social development of the individual student.

Code	Title	Credits
Twenty-four semester credits, including:		
Required Courses		
HIST 370	History of the Family in America	3
PSYC 230	Human Development	3
SOC 316	Sociology of Family	3
Category A, B, C, D Courses—one course from each category required:		
A. Life Course		
PSYC 331	Child Psychology	
PSYC 332	Psychology of Adolescence	
PSYC 333	Psychology of Adulthood and Aging	
PSYC 334	Psychology of the Exceptional Child	
SOC 264	Social Gerontology	
SW 315	Aging and the Aged	
B. Gender and Sexuality		
CJ 312	Communication and Gender	
HIST/WGSS 313	Gender, Sex, and Science in European History	
PSYC/WGSS 336	Psychology of Women	
SOC/WGSS 202	Sociology of Gender	
SOC/WGSS 419	Gender and Power	
WGSS 206	Perspectives in LGBTQ Studies	
WGSS 310	Gender and Violence	
C. Micro-level: Family Relations		
CJ/WGSS 111	Gender, Race, Class, and Communication: The Social Construction of Identity	
CJ 201	Introduction to Interpersonal Communication	
or CJ 203	Fundamentals of Human Communication	
CJ 306	Topics in Advanced Interpersonal Communication (when offered as Family Communication)	
PSYC 325	Theories of Counseling	
SOC 164	Family and Intimate Relationships	
SW 385	Child Welfare	

D. Macro-level: Families and Society

CRMJ 302	Youth Crime and Juvenile Justice
HIST/WGSS 205	American Women's History
RELS/WGSS 203	Women and World Religions
RELS 210	Religion and Morality
SOC 314	Social Class and Inequality
SOC 405	Sociology of Work and Occupations
SOC 410	Sociology of Education
WGSS 344	Women, Work and Family

Remaining credits to be selected from courses included in Categories A, B, C, and D and/or up to 3 credits from Directed Studies, Independent Study, Internship, or Special Topics courses that focus on family issues may be applied to the minor with advisor approval.

NOTE 1: Student may not take both CJ 201 and CJ 203 for credit in the minor.

NOTE 2: No more than 12 credits from any course prefix may be counted toward the minor. CJ/WGSS, HIST/WGSS, PSYC/WGSS, RELS/WGSS, and SOC/WGSS courses will count as CJ, HIST, PSYC, RELS, or SOC credits, respectively, for the purpose of this limitation.

NOTE 3: Many courses in the minor have prerequisites. Check the catalog for details.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe issues and problems confronting contemporary families from a variety of perspectives.
- Identify the developmental changes of individuals and families over the lifespan.
- Compare family life in historical and contemporary contexts.
- Identify and explain public policy influences that affect the well-being of families.

Global Studies, Minor

Liberal Arts (Code 424-400)

Advisors: J. Hamzawi (Political Science and Criminal Justice), D. Shih (English). Students pursuing a major in the College of Business should see their major advisor for information about the Global Studies Minor.

The interdisciplinary minor in Global Studies is designed to enhance students' understanding of other languages, diverse cultures, and global issues. It provides students with the knowledge and skills that can be used in a changing and increasingly interdependent world. It also offers curricular options that encourage participation in other international studies programs as well as study abroad and internship options.

Code	Title	Credits
To be awarded the minor, in addition to the 24 semester credits required, students also must have second language competency at the 102 level.		
Twenty-four semester credits, including:		
Core Courses		
ECON 104	Principles of Macroeconomics	3
POLS 102	Introduction to Politics	3

or POLS 122	Introduction to World Politics	
Select one of the following:		3
HIST 125	World History Since 1500	
HIST 292	Origins of Current World Conflicts	
Select one of the following:		3
ANTH/AIS 161	Introduction to Cultural Anthropology	
GEOG 111	Planet Earth: Human Geography	
RELS 100	Introduction to the Religions of the World	
RELS 210	Religion and Morality	
Elective Courses		
Select twelve credits, with a minimum of six credits at the 300 or 400 level:		12
ANTH 315	Language in Culture and Society	
ANTH 463	Religion and Culture	
ARTH 109	Art of the 20th Century	
ARTH 225		
ARTH 385	Photography: History and Theory	
ARTH/AIS 324	Survey of North American Indian Art	
ARTH/AIS 335	Ancient Art and Architecture of Mexico and Central America	
CJ 301	Intercultural Communication	
CJ 319	International Communication

RELS 314	Hinduism
RELS 323	Chinese and Japanese Religions
RELS 378	The Holocaust, 1933-1945
RELS/AIS 330	Indigenous Religions of the Americas

Note 1: A maximum of 12 credits from the student's major can count toward the Global Studies Minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- a historical perspective of international life, cultures, and countries;
- an understanding of economic and financial differences that often define life in other countries and account for life experiences, education, and social development;
- an understanding of the social and cultural differences that serve to define life in international communities;
- an understanding of world politics and the influence of private and public organizations that are transforming power and social interactions around the world;
- an understanding of world geography by studying the production, exchange, consumption patterns, and development of international communities;
- an understanding of second languages that will prepare them for study abroad experiences as well as employment in multinational companies, governmental agencies, education, social work, and health service organizations.

Health Humanities, Certificate

(Code 380-632)

Advisor: L. Rice (History).

The **Certificate in Health Humanities** is an integrative and interdisciplinary program designed for all students interested in gaining a deeper understanding of illness, suffering, healing, aging, and dying as human experiences on an individual level and in community. Students will use the humanities and social sciences to explain historical and modern-day constructions of health; explore issues in humane health care; and develop skills that make them effective healthcare advocates for themselves and others: observation, analysis, communication, critical-thinking, empathy, and self-reflection.

A minimum of 15 credits, of which at least six credits must be at the 300-level or above, and no more than two courses from the same prefix.

A minimum of one approved High Impact Practice that is centered in the health humanities (internship, undergraduate research, immersion or community-engaged learning). See program advisor for approval of High Impact Practice.

Code	Title	Credits
Required Course:		
IDIS 200	Health Humanities	3
Humanities Core (6 credits), select two of the following:		
ENGL 315	Visual Rhetorics of Science, Technology, and Culture	
HIST 348	History of Public Health in the United States	
HIST 349	The Global History of Disease	
HIST 367	Historical Roots of Health Disparities in the Americas	
IDIS 220	Introduction to Narrative Medicine	
LAS 324	Latinx Health and Migration to the U.S.	
PHIL 306	Ethics of Health Care	
Minimum of six credits from the following (if not taken as part of the Humanities Core):		
CJ 452	Health Communication	
ECON 280	Health Economics	
ENGL 312	Science Writing	
ENGL 315	Visual Rhetorics of Science, Technology, and Culture	
HIST 313	Gender, Sex, and Science in European History	
HIST 348	History of Public Health in the United States	
HIST 349	The Global History of Disease	
HIST 367	Historical Roots of Health Disparities in the Americas	
IDIS 220	Introduction to Narrative Medicine	
LAS 324	Latinx Health and Migration to the U.S.	
MUSI 333	Influence of Music on Behavior	
NRSRG 212	Navigating Health Care	
NRSRG 389	Cross Cultural Health	
PHIL 200	What is Happiness?	
PHIL 306	Ethics of Health Care	
PHIL 320	Environmental Ethics	
PSYC 333	Psychology of Adulthood and Aging	

PSYC 353	Health Psychology
SOC 264	Social Gerontology
SW 360	Death and Bereavement
SPAN 420	Spanish for Health Professions

Note: A minimum of 48 unique credits must be earned between the student’s major and this certificate for purposes of meeting graduation requirements for first- and second-degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Students will use the humanities and the social sciences to explain historical and modern-day constructions of health, illness and death.
- Students will demonstrate interdisciplinary preparation for humane health care through a deeper understanding of (and empathy for) impairment, illness, suffering, healing, aging, and dying as human experiences on an individual level and in community.
- Students will develop skills that make them effective healthcare advocates for themselves and others: observation, analysis, communication, critical thinking, empathy, and self-reflection.

Integrated Studies, Comprehensive Major

Liberal Arts (Code 370-002)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Core General Education	10 courses, 36 credits

Academic Concentrations

Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average

University Residency Requirements

Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the Universities of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://www.uwec.sis.wisconsin.edu/psp/eauprd-tb/EMPLOYEE/SA/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION		Credit Restrictions
Satisfactory/Unsatisfactory		
Total degree credit		maximum 12
Major, Standard		maximum 1 course
Major, Comprehensive		maximum 2 courses
Minor		maximum 1 course
Credit by Examination		
Total degree credit		maximum ¼ of total
Major or minor		maximum ½ of total
Two-Year College Credits		
Total degree credit		maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184	maximum 1 credit
Total Band, chorus, drama	maximum 12 credits
Single course band, chorus, drama	maximum 4 credits

Extension credits

UW-System	no maximum
Other extension/correspondence	maximum ¼ of total

USAFI

USAFI	maximum 32 credits

Core General Education Requirements (CGER)

CGER Categories

Mathematics & Quantitative Reasoning (MQR) (http://catalog.uwec.edu/undergraduate/outcome-mqr/)	4 credit hours, 1 course min
Includes University Math Requirement ¹	

Communication & Literacy (CL) (http://catalog.uwec.edu/undergraduate/outcome-cl/)	8 credit hours, 2 course min (including CL-W)
Includes University Writing Requirement (CL-W) (http://catalog.uwec.edu/undergraduate/outcome-clw/) ²	

Natural Sciences & Wellness (NSW/NSWL) (http://catalog.uwec.edu/undergraduate/outcome-NSW/)	6 credit hours, 1 course min (NSW-Lab required)

Social & Behavioral Sciences (SBS) (https://catalog.uwec.edu/undergraduate/outcome-sbs/)	6 credit hours, 2 course min

Humanities & Arts (HA) (http://catalog.uwec.edu/undergraduate/outcome-ha/)	6 credit hours, 2 course min

Civics & Perspectives (CP) (http://catalog.uwec.edu/undergraduate/outcome-cp/)	6 credit hours, 2 course min

CGER Totals ³

Credits	minimum 36 credits
Courses	minimum 10 courses

¹ **University Mathematics Requirement:**

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² **University Writing Requirement:**

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

³ **Completion via Placement Tests**

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

College Degree Requirements

Bachelor of Integrated Studies

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Integrated Studies Degree in the College of Arts and Sciences (B.I.S.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

Major Requirements

Liberal Arts (Code 370-002)

For advising, contact the Director of Integrated Studies via email at integratedstudies@uwec.edu. You may also be placed in contact with the director via the Advising, Retention + Career Center (ARCC).

The Integrated Studies Comprehensive Major (ISCM) is an alternative way to complete a major not offered at UW-Eau Claire. Students majoring in Integrated Studies develop their own individualized program of study or set of courses including the primary academic theme/major; three interdisciplinary areas of concentration exploring the theme/major, each built from courses selected primarily from multiple departments within the College of Arts and Sciences; and the three required Integrated Studies core courses (ITS 201, ITS 301, and ITS 480). Courses in the ISCM may also satisfy UW-Eau Claire's Core General Education Requirements.

Through this structure, the Integrated Studies major offers students an opportunity to connect several areas of academic interest that are not located in any single discipline or major. Students in Integrated Studies have a unique opportunity to benefit from coursework in departments across the university and to build an educational experience that is highly relevant to their professional and personal goals. Integrated Studies majors are required to take advantage of UW-Eau Claire's strong tradition in student-faculty collaborative research by developing and implementing a capstone project especially related to integrating the three concentrations of their ISCM primary academic theme.

An important first step for each Integrated Studies major is to develop and formally propose their individualized program of study in consultation with a faculty advisor familiar with one or more of the interdisciplinary concentrations in that program of study. The Director of Integrated Studies will assist in this process. In the second step, students will work with the Director of Integrated Studies to submit their completed plans to the Integrated Studies Steering Committee (ISSC) for review and approval. This committee consists of faculty and professional advisers that have worked with Integrated Studies majors in different settings.

In order to graduate with a ISCM, students must complete the requirements specified for the Bachelor of Integrated Studies (BIS) (see degree program requirements for the College of Arts and Sciences). The BIS degree is designed to help students develop the breadth of knowledge and skills that represent the core general education, including knowledge of human cultures and the natural world; communication, critical thinking, problem solving, and analytical skills; and teamwork and collaborative abilities. The BIS degree also explores differences, commonalities, and interconnections among academic disciplines, including methods of inquiry and problem solving that are favored in these disciplines. Skills in written and oral communication, critical analysis, teamwork, and application of academic findings to professional contexts are also emphasized in the Integrated Studies program.

Admission to Major Requirement: Completion of ITS 201 and approval of a program of study.

Code	Title	Credits
Major Requirements		
A minimum of 60 credits, including:		

ITS 201	Introductory Integrated Studies Seminar	3
ITS 301	Integrated Studies Research Seminar	3
ITS 480	Integrated Studies Capstone Seminar	3
Three Theme- or Discipline-Based Concentrations (minimum 17 credits each and at least 51 credits total)		51

Each individually-designed major program must be formally proposed and approved. This program plan describes the primary theme, three interdisciplinary areas of concentration that explore the primary theme, and coursework to be completed for the Integrated Studies Comprehensive Major. Each major program must include at least 39 credits from College of Arts and Sciences course work and a minimum of 21 upper-division credits. To graduate with an Integrated Studies Comprehensive Major, students must complete the requirements specified for the Bachelor of Integrated Studies Degree.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Develop and implement a research, scholarly, or creative project.
- Integrate knowledge and/or theories from more than one field of study or perspective to solve problems or answer questions students identify.
- Discuss the differences and commonalities that characterize the disciplines, and those discipline's approach(es) to problems or questions, within their liberal studies comprehensive major.
- Be able to evaluate changes in their own learning by building upon past experiences that have occurred over multiple and diverse academic disciplinary contexts.

Integrated Studies, Comprehensive Major, B.I.S.

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. *Note:* In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Core General Education Requirements (CGER). CGER course work in the following sample degree plan uses abbreviations such as CGER CL, CGER HA, and CGER NSWL to represent the learning outcomes students will meet via completion of the course. Please click [here](#) for a description of the outcomes and requirements.

Every student majoring in Integrated Studies completes three required courses totaling 9 credits and develops and proposes an individualized program of study. The program of study includes a minimum of 51 credits (at least 17

credits from each of three concentrations that when linked together constitute a coherent theme). Each program must also include at least 39 credits from College of Arts and Sciences course work and a minimum of 21 upper-division credits.

Recommended Timeline for Required Courses ¹

SOMETIME IN THE SECOND YEAR		
ITS 201	Foundations of Integrated Studies (CGER CP)	3
THIRD YEAR		
SECOND SEMESTER		
ITS 301	Integrated Studies Research Seminar	3
SOMETIME IN THE FOURTH YEAR		
ITS 480	Integrated Studies Capstone Seminar	3

Minimum total for the baccalaureate degree = 120 credits

¹ It is highly recommended students discuss their interest in an Integrated Studies degree with the Director of Integrated Studies in addition to an ARCC advisor and to get their degree completed proposal to the Director during their 3rd year – preferably no later than February. Selecting for courses in the proposal, adjusting course scheduling on the proposal to match when courses are offered, and securing the approval of the proposal by the Integrated Studies Steering Committee is time-intensive and sensitive. Students are not guaranteed an approved proposal simply because they have completed a large number of credits toward graduation.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, (<https://studyabroad.apps.uwec.edu/>) Intercultural Immersion (<https://www.uwec.edu/immersion/>), Internship, (<https://www.uwec.edu/offices-services/advising-retention-career-center/career-services/internship/job-searching-and/>) and/or Student/Faculty Collaborative Research (<https://www.uwec.edu/offices-services/office-research-and-sponsored-programs/getting-involved-student-faculty-research/>) into your time at UW-Eau Claire.

Core General Education Requirements (CGER)

Core General Education Requirements (CGER)

The Core General Education Requirements (CGER) includes a minimum of 10 courses across 6 categories. Students must complete a minimum of 36 credits in courses approved for the CGER Core.

- Mathematics & Quantitative Reasoning (MQR) - 4 credits, one course minimum
 - Includes the University Mathematics Requirement¹
- Communication & Literacy (CL) - 8 credits, two courses minimum
 - Includes the University Writing Requirement (CL-W)²
- Natural Sciences & Wellness (NSW/NSWL) - 6 credits, one course minimum (NSW-Lab required)
- Social & Behavioral Sciences (SBS) - 6 credits, two courses minimum

- Humanities & Arts (HA) - 6 credits, two courses minimum
- Civics & Perspectives (CP) - 6 credits, two courses minimum

¹ University Mathematics Requirement:

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² University Writing Requirement:

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

Completion via Placement Test

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

Interdisciplinary Linguistics, Certificate

(Code 570-601)

For advising, contact the English Department.

Linguistics bridges the social sciences and humanities, applying scientific methods and perspectives to the study of language, a fundamental human behavior and social institution. The Interdisciplinary Linguistics certificate offers a focused program of study in the structure, acquisition, and/or social functions of language, drawing on theories and methodologies of one or more disciplines. The goal of the program is to enhance students' abilities to reason about language by providing opportunities to analyze the sounds,

words, sentences and/or meanings of natural language; to describe variation and change in natural language; and to form and test hypotheses about language by collecting, organizing, and analyzing linguistic data. While not in itself a professional certification, a linguistics certificate could enhance the career options of students majoring or minoring in computer science, English, languages, teaching English as a second/foreign language, elementary and secondary education, among others.

Code	Title	Credits
Twelve semester credits, including:		
Required course:		
ENGL 221	Introductory English Linguistics	3
Select nine credits of linguistics electives from the following courses:		9
ANTH 315	Language in Culture and Society	
ENGL 321	Topics in the Structure of English	
ENGL 325	Topics in Language in Society	
ENGL 421	Seminar in Linguistic Research	
FLG 378	Second Language Acquisition Theory	
FREN 325	Pronunciation	
GERM 325	The German Sound System	
GERM 413	Structure of German in Contrast	
PHIL 322	Philosophy of Language	
SLHS 262	Phonetics: Theory and Application	
SLHS 301	American Sign Language Semantics	
SLHS 302	American Sign Language Linguistics	
SPAN 325	Phonetics and Pronunciation	
SPAN 360	Survey of Hispanic Linguistics	
SPAN/LAS 418	Spanish Sociolinguistics in the United States/Latin America	
SPAN 492	Seminar in Hispanic Linguistics Research	

Note: Students may not pursue the Interdisciplinary Linguistics certificate and the English Linguistics major or the Spanish Linguistics major as their first and second degree programs for purposes of graduation. Also, if the Interdisciplinary Linguistics certificate is a student's second program, courses that count in the certificate may not be applied to the student's major for purposes of graduation.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Read and interpret text from a variety of critical perspectives.
- Write effectively for different purposes and audiences.
- Plan, conduct, and document research using appropriate sources.
- Describe the dynamic nature, diversity, and structure of the English language.

Interdisciplinary Linguistics, Minor

Liberal Arts (Code 570-402)

For advising, contact the English Department.

The ability to communicate through language is a fundamental part of being human. What is the nature of human language? Where did it come from? How is it acquired? Researchers from fields spanning the university have attempted to answer these questions, applying the perspectives of the humanities such as languages and philosophy, the social sciences such as anthropology, psychology, and sociology, and even the natural sciences such as computer science and neuroscience. Students in the Interdisciplinary Linguistics minor will investigate the structure, acquisition, and social functions of human language by drawing on the theories and methodologies of multiple disciplines.

Code	Title	Credits
Twenty-four semester credits, including at least 12 credits at the 300 level or higher, as follows:		
Core Courses - 9 credits from the following:		
ANTH 315	Language in Culture and Society	
ENGL 221	Introductory English Linguistics	
ENGL 321	Topics in the Structure of English	
ENGL 325	Topics in Language in Society	
SLHS 262	Phonetics: Theory and Application	
Elective Courses - 15 credits from the following:		
Additional core courses may be taken as electives. ENGL 321 and ENGL 325 may be taken a second time with a different topic. Electives may also be chosen from the following:		
CJ/WGSS 111	Gender, Race, Class, and Communication: The Social Construction of Identity	
CJ 301	Intercultural Communication	
CS 170	Computing for the Sciences and Mathematics	
ENGL 122	The Study of Language	
ENGL 421	Seminar in Linguistic Research	
FLG 378	Second Language Acquisition Theory	
FREN 325	Pronunciation	
FREN 430	Environmental and Linguistic Diversity	
GERM 325	The German Sound System	
GERM 413	Structure of German in Contrast	
PHIL 250	Symbolic Logic	
PHIL 322	Philosophy of Language	
SLHS 257	Language Development	
SLHS 301	American Sign Language Semantics	
SLHS 302	American Sign Language Linguistics	
SPAN 325	Phonetics and Pronunciation	
SPAN 360	Survey of Hispanic Linguistics	
SPAN/LAS 418	Spanish Sociolinguistics in the United States/Latin America	
SPAN 492	Seminar in Hispanic Linguistics Research	

Elementary or intermediate language courses, including American Sign Language: maximum 4 credits per language and 8 credits total.

Note: A maximum 12 credits counted in the major can be counted in the minor. Students may not pair an English Linguistics major with the minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze linguistic data to form and test hypotheses in one or more of the following areas of linguistic structure: Sounds (phonology), Words (morphology), Sentences (syntax), Meanings (semantics).
- Apply knowledge of linguistics (broadly defined) to issues relating to the use of language.
- Plan, conduct, and document linguistic (broadly defined) research using appropriate sources.

Marine Science, Minor

Liberal Arts (Code 150-400)

Advisors: J. Smith (Biology) [On-Campus Affiliate Coordinator] or K. Syverson (Geology and Environmental Science).

This minor is designed for students who are majoring in biology, chemistry, geography, or geology and who are interested in Marine Science. Requirements for this minor include one academic course at the Gulf Coast Research Lab (GCRL) in Ocean Springs, Mississippi and at least one other credit-bearing academic experience (i.e., coursework, internship or research) at a marine laboratory or field location (developed in consultation with Marine Science Minor academic advisor). Remaining credits are to be earned from courses at UW-Eau Claire or GCRL.

Code	Title	Credits
The minor consists of 24 credits as follows:		
Required credits (6-10 credits)		
Marine Science I: Oceanography (completed at GCRL)		5
In consultation with the Marine Science minor academic advisor, complete at least one of the following three academic experiences: 1) Marine Science II: Marine Biology offered at the Gulf Coast Research Laboratory (5 credits), 2) marine science internship (BIOL 498, 1-3 credits) and/or 3) marine science undergraduate research experience (BIOL 395, BIOL 396, BIOL 399 or BIOL 499, 1-3 credits).		
Elective credits (up to 18 credits) selected from the following UW-Eau Claire courses:		
BIOL 320	Studies in Tropical Environments ¹	
BIOL 321	Ecology ¹	
BIOL 345	Invertebrate Zoology ¹	
BIOL 374	Marine Biology ¹	
BIOL 376	Aquatic Ecology ¹	
BIOL 379	Biology of Fishes ¹	
GEOG 178	Planet Earth: Conservation of the Environment	
or BIOL 180	Environmental Biology and Conservation	
GEOG 335	Geographic Information Systems I	
GEOG 338	Remote Sensing of the Environment	
GEOG 340	Climatology	
GEOL 106	Earth Science	
or GEOL 110	Physical Geology	
or GEOL 115	Environmental Geology	
GEOL 304	Global Environmental Change	

¹ Courses at GCRL can be substituted for any of these UW-Eau Claire courses.

Note: A maximum of 12 credits from this minor can count toward the student's major.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate a general understanding of fundamental concepts in marine science, including principles of geological, physical, chemical, and biological processes in the marine environment.
- Demonstrate a general understanding of common laboratory, field, and modeling methods used in marine science.
- Demonstrate a general understanding of how human activities impact the marine environment and how the marine environment impacts human activities.

Middle East Studies, Certificate

(Code 355-601)

Advisor: S. Fink (Philosophy and Religious Studies).

The **Certificate in Middle East Studies** is designed for students who have a strong interest in Middle East Studies, but are not able to complete the requirements for a minor in Middle East Studies.

Code	Title	Credits
Twelve semester credits, selected from the following list:		
RELS 307	Judaism	
RELS 309	Islam	
GEOG 319	Geography of the Middle East and North Africa	
POLS 321	Politics of the Middle East	
POLS 336	Arab-Israeli Conflict	

NOTE 1: Courses cannot be counted in both the major and the certificate program.

NOTE 2: Though there are no program prerequisites for the Certificate in Middle East Studies, there may be prerequisites for some of the courses that are a part of the Certificate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate basic knowledge of Middle Eastern history, politics, religion, and culture.
- Apply a variety of methodological approaches in carrying out research in Middle Eastern studies.
- Deconstruct uniform conceptions of the Middle East through familiarity with the diversity of Middle Eastern culture and society.

Middle East Studies, Minor

Liberal Arts (Code 355-400)

Advisor: S. Fink (Philosophy and Religious Studies).

This minor examines issues in the Middle East from a variety of disciplinary perspectives and includes study of a Middle East language as an option.

Code	Title	Credits
Twenty-four semester credits of which students can take no more than three courses with a single prefix, and a minimum of nine credits at the 300- or 400-level.		

The Background.

Minimum two courses from the following:

FLG 101	Beginning Foreign Language I (must be in Arabic, Turkish, Persian, or Modern Hebrew)
FLG 102	Beginning Foreign Language II (must be in Arabic, Turkish, Persian, or Modern Hebrew)
RELS 100	Introduction to the Religions of the World
RELS 307	Judaism
RELS 309	Islam
HIST 292	Origins of Current World Conflicts
HIST 302	Ancient Near Eastern Civilizations
HIST 382	Imperialism Since 1800
POLS 334	International Political Economy

The Middle East.

Take these three courses:

GEOG 319	Geography of the Middle East and North Africa
POLS 321	Politics of the Middle East
POLS 336	Arab-Israeli Conflict

Students may substitute an independent study, special topics, or directed studies course with a focus on the Middle East for a course from either category with consent of the minor advisor.

NOTE 1: ENGL 330 may be substituted for any course in The Middle East category if the topic is Middle Eastern.

NOTE 2: Students are encouraged to complete a study abroad program in a Middle Eastern country and will be able to transfer credits from that program into the minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate basic knowledge of Middle Eastern history, politics, religion, and culture.
- Speak, write, and read at an elementary level in a Middle Eastern language.
- Apply a variety of methodological approaches in carrying out research in Middle Eastern studies.
- Deconstruct uniform conceptions of the Middle East through familiarity with the diversity of Middle Eastern culture and society.

Multimedia Communication, Minor

Liberal Arts (Code 608-400)

Advisors: K. Knutson (Communication and Journalism), G. Vadhavkar (Communication and Journalism).

The ability to develop ideas and present them through a variety of media is indispensable in our communication-rich society. The interdisciplinary minor in Multimedia Communication prepares students to analyze audiences, frame arguments, express themselves clearly in the written and spoken word, understand basic principles of visual design, gather and edit audio and video, and use web-based software to publish their work. Students take courses from the domains of visual communication (Art, Communication & Journalism), written communication (Communication & Journalism, English) and computer programming (Computer Science). The minor is suitable for students who would benefit from the ability to communicate information from their disciplines to a variety of audiences.

Note: Courses counted in the core cannot be used to fulfill requirements in elective credit domains. Because the minor is designed to broaden students' knowledge and skills in multimedia communication no more than nine credits in the prefix of a student's major may be counted toward the minor.

Code	Title	Credits
Twenty-four semester credits, including:		
Required Core Courses		
ART 312	Design Across the Disciplines	3
CJ 184	Multimedia Communication	3
CS 318	Fundamentals of Web Page Design	3
Three credits from one of the following:		3
ENGL 220	Introduction to Creative Writing	
ENGL 307	Editing and Publications Management	
ENGL 312	Science Writing	
ENGL 313	Technical Writing	
ENGL 314	Cultural Rhetorics	
Elective Courses		12
No more than six credits of electives may be taken in any one prefix. An English course counted in the core cannot be used to fulfill an elective requirement. Computer Science majors may not select CS 319 to meet any minor requirement.		
ART 116	Foundations: Digital Frameworks	
ART 275	Typography	
ART 278	3-D Computer Modeling	
ART 281	Introduction to Photography as an Art Form	
ART 374	Graphic Design: Concepts and Experimentation	
ART 375	User Experience and Web Design	
ART 376	Identity Development and Design	
ART 378	3-D Computer Animation I	
or CS 322	Animation Programming	
ART 381	Intermediate Photography: Darkroom	
ART 383	Video for Art and Design	
CJ 222	Beginning Journalism	
CJ 241	Audio and Video Production Process	
CJ 284	Introduction to Photography	
CJ 373	Writing for Integrated Strategic Communication	
CJ 380	Visual Communication Design	
CS 319	Introduction to Web Programming	
CS 320	Web Database Design and Implementation	

ENGL 220	Introduction to Creative Writing
ENGL 307	Editing and Publications Management
ENGL 310	Intermediate Poetry Writing
ENGL 311	Intermediate Fiction/Nonfiction Writing
ENGL 312	Science Writing
ENGL 313	Technical Writing
ENGL 314	Cultural Rhetorics
ENGL 315	Visual Rhetorics of Science, Technology, and Culture
ENGL 409	Grant Proposal Writing

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Communicate ideas through a variety of media.
- Demonstrate technical skills needed for communication in multiple media.
- Craft written messages adapted to audience and purpose, and appropriate for use in multimedia materials.
- Craft visual strategies adapted to audience and purpose, and appropriate for use in multimedia materials.
- Make programming choices that are adapted to audience and purpose.

Neuroscience, Comprehensive Major

Liberal Arts (Code 445-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Core General Education	10 courses, 36 credits
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the Universities of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://www.uwec.sis.wisconsin.edu/psp/eauprd-tb/EMPLOYEE/SA/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION		Credit Restrictions
Satisfactory/Unsatisfactory		
Total degree credit		maximum 12
Major, Standard		maximum 1 course
Major, Comprehensive		maximum 2 courses
Minor		maximum 1 course
Credit by Examination		
Total degree credit		maximum ¼ of total

Major or minor maximum ½ of total

Two-Year College Credits

Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)

Total KINS 100-184 maximum 1 credit

Total Band, chorus, drama maximum 12 credits

Single course band, chorus, drama maximum 4 credits

Extension credits

UW-System no maximum

Other extension/correspondence maximum ¼ of total

USAFI

USAFI maximum 32 credits

Core General Education Requirements (CGER)

CGER Categories

Mathematics & Quantitative Reasoning (MQR) (<http://catalog.uwec.edu/undergraduate/outcome-mqr/>) 4 credit hours, 1 course min

Includes University Math Requirement ¹

Communication & Literacy (CL) (<http://catalog.uwec.edu/undergraduate/outcome-cl/>) 8 credit hours, 2 course min (including CL-W)

Includes University Writing Requirement (CL-W) (<http://catalog.uwec.edu/undergraduate/outcome-clw/>) ²

Natural Sciences & Wellness (NSW/NSWL) (<http://catalog.uwec.edu/undergraduate/outcome-NSW/>) 6 credit hours, 1 course min (NSW-Lab required)

Social & Behavioral Sciences (SBS) (<https://catalog.uwec.edu/undergraduate/outcome-sbs/>) 6 credit hours, 2 course min

Humanities & Arts (HA) (<http://catalog.uwec.edu/undergraduate/outcome-ha/>) 6 credit hours, 2 course min

Civics & Perspectives (CP) (<http://catalog.uwec.edu/undergraduate/outcome-cp/>) 6 credit hours, 2 course min

CGER Totals ³

Credits minimum 36 credits

Courses minimum 10 courses

¹ University Mathematics Requirement:

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams

- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² University Writing Requirement:

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

³ Completion via Placement Tests

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available)

may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); second language competency at the 102 level. Second language competency may be met in one of two ways: (1) Demonstrate a level of second language competency that qualifies the student to enter the 201-level course in a second language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level second language course (or AIS 112 or AIS 122 or SLHS 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 445-001)

Advisors: B. Carter (Biology), D. Jewett (Psychology), D. Leland (Psychology), D. Matthews (Psychology).

This comprehensive major will ground students in current neuroscience traditions while enhancing existing neuroscience research using a multidisciplinary learning approach that is built upon a core curriculum from biology, chemistry, philosophy, mathematics, and psychology. The comprehensive major is intentionally integrative in design and encourages transformative learning via an engaging, multidisciplinary curriculum and embedded high impact practices, such as undergraduate research opportunities, and by enhancing critical thinking both inside and outside the classroom.

Code	Title	Credits
Sixty semester credits, including:		
Core courses:		
BIOL 221	Foundations of Biology I	4
BIOL 222	Foundations of Biology II	3
BIOL 223	Foundations of Biological Inquiry	2
Choose ONE set of the following chemistry courses:		
CHEM 108 & CHEM 109	General Chemistry I and General Chemistry II	
OR		
CHEM 105 & CHEM 106 & CHEM 109	General Chemistry I Lecture and General Chemistry I Laboratory and General Chemistry II	
OR		

CHEM 115	Chemical Principles	
IDIS 125	Brain: Introduction to Neuroscience	4
MATH 246	Elementary Statistics	4
Choose ONE set of the following courses:		
MATH 441 & MATH 443 & MATH 447	Linear Regression Analysis, with Time Series and Experimental Design and Analysis and Nonparametric Statistics	
OR		
CHEM 325 & CHEM 326	Organic Chemistry I with Laboratory and Organic Chemistry II with Laboratory	
A minimum of four neuroscience core courses chosen from:		
BIOL 350	Systems Neuroscience	
BIOL 351	Systems Neuroscience Lab	
BIOL 358	Cellular and Developmental Neuroscience	
PSYC 362	Clinical Neuroscience	
PSYC 374	Cognitive Neuroscience	
PSYC 387	Behavioral Neuroscience	
Remaining credits chosen from elective courses below:		
BIOL 305	Molecular and Cell Biology	
BIOL 319	Animal Form and Function	
BIOL 323	Genetics	
BIOL 324	Genetics Inquiry	
BIOL 359	Biology of Stress	
BIOL 365	Animal Behavior	
BIOL 380	Endocrinology	
BIOL 405	Advanced Cell and Molecular Lab	
BIOL 409	Molecular Genetics	
CHEM 352	Fundamentals of Biochemistry	
DS 140	Basics of Data Analysis with R	
MUSI 333	Influence of Music on Behavior	
MUSI 491	Special Topics (when offered as Neurology of Music)	
PHIL 343	Philosophy of Mind	
PHYS 211	General Physics	
PHYS 212	General Physics	
PSYC 363	Psychology of Addictions	
PSYC 366	Statistical Reasoning and Analysis	
PSYC 372	Individual Differences and Behavior Genetics	
PSYC 376	Psychology of Perception	
PSYC 377	Psychopharmacology	
PSYC 379	Cognitive Psychology	
SLHS 440	Neurological Aspects of Communication & Cognition	
Up to three credits of approved neuroscience-related research or academic experience from the following courses may be applied to the major with the consent of the advisor:		
BIOL 296	Student Academic Experience	
BIOL 399	Independent Study - Juniors	
BIOL 496	Student Academic Apprenticeship	

BIOL 497	Senior Research Presentation
BIOL 499	Independent Study - Seniors
PSYC 396	Research Apprentice in Psychology
PSYC 397	Student Academic Apprenticeship in Psychology
PSYC 399	Independent Study - Juniors
PSYC 499	Independent Study - Seniors

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Identify and describe the main concepts and methodologies of the interdisciplinary field of neuroscience.
- Demonstrate critical thinking skills by analyzing and evaluating neuroscience primary literature.
- Communicate effectively in a variety of formats (oral, written, technological).
- Apply ethical standards to evaluate neuroscience research and applications.
- Formulate career plans based on accurate self-assessment of abilities, motivation, and personal demeanor.

Neuroscience, Comprehensive Major, B.S., Chemistry Track

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. *Note:* In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Core General Education Requirements (CGER). CGER course work in the following sample degree plan uses abbreviations such as CGER CL, CGER HA, and CGER NSWL to represent the learning outcomes students will meet via completion of the course. Please click here for a description of the outcomes and requirements.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by second language competency for the B.A. and a higher level of mathematics competency for the B.S.

FIRST YEAR

MUSI 333	Influence of Music on Behavior (CGER CP)	
TOTAL		30

Minimum total for the baccalaureate degree = 120 credits

a CHEM 115 may be taken in place of CHEM 108 (NSWL) and CHEM 109 or CHEM 105, CHEM 106 (NSWL), and CHEM 109

b Introductory level PHIL course may count towards a CGER category depending on selected course

Note: Neuroscience majors who plan to add pre- professional health tracks to their major should consult with their ARCC Advisor and/or Health Careers Center Advisor to select electives and create a graduation plan.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (<https://studyabroad.apps.uwec.edu/>), Intercultural Immersion (<https://www.uwec.edu/immersion/>), Internship (<https://www.uwec.edu/offices-services/advising-retention-career-center/career-services/internship/job-searching-and>), and/or Student/Faculty Collaborative Research (<https://www.uwec.edu/offices-services/office-research-and-sponsored-programs/getting-involved-student-faculty-research>) into your time at UW-Eau Claire.

Neuroscience, Comprehensive Major, B.S., Math Track

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. *Note:* In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Core General Education Requirements (CGER). CGER course work in the following sample degree plan uses abbreviations such as CGER CL, CGER HA, and CGER NSWL to represent the learning outcomes students will meet via completion of the course. Please click here for a description of the outcomes and requirements.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by second language competency for the B.A. and a higher level of mathematics competency for the B.S.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (<https://studyabroad.apps.uwec.edu/>), Intercultural Immersion (<https://www.uwec.edu/immersion/>), Internship (<https://www.uwec.edu/offices-services/advising-retention-career-center/career-services/internship/job-searching-and/>), and/or Student/Faculty Collaborative Research (<https://www.uwec.edu/offices-services/office-research-and-sponsored-programs/getting-involved-student-faculty-research/>) into your time at UW-Eau Claire.

Core General Education Requirements (CGER)

Core General Education Requirements (CGER)

The Core General Education Requirements (CGER) includes a minimum of 10 courses across 6 categories. Students must complete a minimum of 36 credits in courses approved for the CGER Core.

- Mathematics & Quantitative Reasoning (MQR) - 4 credits, one course minimum
 - Includes the University Mathematics Requirement¹
- Communication & Literacy (CL) - 8 credits, two courses minimum
 - Includes the University Writing Requirement (CL-W)²
- Natural Sciences & Wellness (NSW/NSWL) - 6 credits, one course minimum (NSW-Lab required)
- Social & Behavioral Sciences (SBS) - 6 credits, two courses minimum
- Humanities & Arts (HA) - 6 credits, two courses minimum
- Civics & Perspectives (CP) - 6 credits, two courses minimum

¹ University Mathematics Requirement:

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² University Writing Requirement:

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above
- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

Completion via Placement Test

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

Neuroscience, Minor

Liberal Arts (Code 081-401)

Advisors: B. Carter (Biology) and V. van der Vinne (Biology).

Neuroscience is devoted to the understanding of the brain and the nervous system. The brain is the control system for the body and therefore has a central role in determining human health and disease. Neuroscience is interdisciplinary, intersecting with many other fields of study and thought including psychology, biology, philosophy, and medicine. Students who major in these areas should find the Neuroscience Minor a desirable complement to their major studies. Additionally, the Neuroscience Minor curriculum provides valuable preparation for students who intend to enter postgraduate programs related to neuroscience and medicine.

Code	Title	Credits
Twenty-four semester credits required, including:		
Foundation Courses:		
IDIS 125	Brain: Introduction to Neuroscience	4
BIOL 221	Foundations of Biology I ¹	4
A minimum of three core courses chosen from:		
BIOL 350	Systems Neuroscience	
BIOL 351	Systems Neuroscience Lab	
BIOL 358	Cellular and Developmental Neuroscience	
PSYC 362	Clinical Neuroscience	
PSYC 374	Cognitive Neuroscience	
PSYC 387	Behavioral Neuroscience	
Electives:		
BIOL 305	Molecular and Cell Biology	
BIOL 319	Animal Form and Function	
BIOL 323	Genetics	
BIOL 324	Genetics Inquiry	
BIOL 359	Biology of Stress	
BIOL 365	Animal Behavior	
BIOL 380	Endocrinology	
BIOL 405	Advanced Cell and Molecular Lab	
BIOL 409	Molecular Genetics	
PHIL 343	Philosophy of Mind	
PSYC 363	Psychology of Addictions	
PSYC 366	Statistical Reasoning and Analysis	
PSYC 372	Individual Differences and Behavior Genetics	
PSYC 376	Psychology of Perception	
PSYC 377	Psychopharmacology	
PSYC 379	Cognitive Psychology	
SLHS 440	Neurological Aspects of Communication & Cognition	
Up to three credits of approved neuroscience-related research or academic experience from the following courses may be applied to the minor with consent of the advisor:		
BIOL 296	Student Academic Experience	
BIOL 399	Independent Study - Juniors	
BIOL 496	Student Academic Apprenticeship	
BIOL 497	Senior Research Presentation	
BIOL 499	Independent Study - Seniors	
PSYC 396	Research Apprentice in Psychology	
PSYC 397	Student Academic Apprenticeship in Psychology	
PSYC 399	Independent Study - Juniors	
PSYC 499	Independent Study - Seniors	

¹ Biology majors may not count BIOL 221 toward this minor.

Note: A maximum of 12 credits from the minor may count toward the Biology or Psychology majors.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Identify and describe the main concepts and methodologies of the interdisciplinary field of neuroscience.
- Demonstrate critical thinking skills by analyzing and evaluating neuroscience primary literature.
- Communicate effectively in a variety of formats (oral, written, technological).
- Apply ethical standards to evaluate neuroscience research and applications.
- Formulate career plans based on accurate self-assessment of abilities, motivation, and personal demeanor.

Philosophy, Politics, and Economics, Comprehensive Major

Liberal Arts (Code 412-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements	
Minimum total for graduation ¹	120
Upper division credits (courses numbered 300 and higher)	39
Core General Education	10 courses, 36 credits
Academic Concentrations	
Grade Point Requirements ²	
Total	2.00 average
Resident	2.00 average
Major	2.00 average
Minor	2.00 average
Certificate	2.00 average
University Residency Requirements	
Minimum total	30
Senior year	23
Major, Standard, upper division in residence	12
Major, Comprehensive, upper division in residence	21
Certificate	25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the Universities of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://www.uwec.sis.wisconsin.edu/psp/eauprd-tb/EMPLOYEE/SA/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION		Credit Restrictions
Satisfactory/Unsatisfactory		
Total degree credit		maximum 12
Major, Standard		maximum 1 course
Major, Comprehensive		maximum 2 courses
Minor		maximum 1 course
Credit by Examination		
Total degree credit		maximum ¼ of total
Major or minor		maximum ½ of total
Two-Year College Credits		
Total degree credit		maximum 72 credits
Activity credit (band, chorus, drama, KINS 100-184)		
Total KINS 100-184		maximum 1 credit
Total Band, chorus, drama		maximum 12 credits
Single course band, chorus, drama		maximum 4 credits

Extension credits	
UW-System	no maximum
Other extension/correspondence	maximum ¼ of total
USAFI	
USAFI	maximum 32 credits

Core General Education Requirements (CGER)

CGER Categories

Mathematics & Quantitative Reasoning (MQR) (http://catalog.uwec.edu/undergraduate/outcome-mqr/)	4 credit hours, 1 course min

Students satisfy the University Writing Requirement in one of four ways:

- completing a Bugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>), or WRIT 120 (<https://catalog.uwec.edu/search/?P=WRIT%20120>)) with a grade of C (not C-) or above

- achieving a suitable score on the English Placement Test (<https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/>) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

³ Completion via Placement Tests

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); second language competency at the 102 level. Second language competency may be met in one of two ways: (1) Demonstrate a level of second language competency that qualifies the student to enter the

201-level course in a second language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level second language course (or AIS 112 or AIS 122 or SLHS 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Core General Education Requirements); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways:

(1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 412-001)

Advisor: T. Kemp (Economics), A. Kunz (Political Science and Criminal Justice), K. Schaupp (Philosophy and Religious Studies).

ELECTIVES		9

The remaining credits to be drawn from the courses above and may include other appropriate courses with the approval of the PPE program director.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Employ the tools of formal and informal logic to identify, construct, analyze, and evaluate arguments and policy proposals.
- Display clarity, balance, open-mindedness, and rational rigor in addressing policy proposals and questions of value.
- Construct research questions and use appropriate sources and methods to answer them.
- Analyze core intellectual traditions in political thought and apply them to pressing social issues.
- Employ economic models to analyze economic behavior, social issues, and policy proposals.
- Collect and analyze economic data to test economic hypotheses.
- Integrate the program's core disciplinary perspectives in addressing important questions of public policy.
- Clearly and persuasively articulate ideas, analyses, and arguments in writing and speech.

Philosophy, Politics, and Economics, Comprehensive Major, B.A.

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. *Note:* In order to earn the required minimum of 120 credits for the degree

in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Core General Education Requirements (CGER). CGER course work in the following sample degree plan uses abbreviations such as CGER CL, CGER HA, and CGER NSWL to represent the learning outcomes students will meet via completion of the course. Please click [here](#) for a description of the outcomes and requirements.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by second language competency for the B.A. and a higher level of mathematics competency for the B.S.

SOME TIME IN THE SECOND YEAR

PPE 201	Introduction to Philosophy, Politics, and Economics (Spring, Odd Years)	3
PHIL 250	Symbolic Logic (Fall, Even Years)	3
POLS 110	American National Politics (CGER CP)	3
OR		
POLS 122	Introduction to World Politics (CGER SBS)	
ECON 104	Principles of Macroeconomics (CGER SBS)	3
101-level Second Language (CGER CL)		4
ECON 222	Introduction to Game Theory	3
or ECON 268	Environmental Economics	
or ECON 303	Intermediate Microeconomic Theory	
or ECON 304	Intermediate Macroeconomic Theory	
POLS 217	Freedom of Speech ^a	3
or POLS 305	Survey of U.S. Constitutional Principles	
or POLS 310	Modern Political Theory	
or POLS 311	Contemporary Political Thought	

or POLS 312	American Political Thought	
or POLS 314	The Idea of Tolerance in the Western Political Tradition	
102-level Second Language (CGER CL)		4
CGER Option: Natural Sciences & Wellness with Lab (NSWL)		4
TOTAL		30

SOME TIME IN THE THIRD YEAR

PHIL 317	Epistemology (Spring, Even Years)	3
OR		

PHIL 331	Philosophical Ethics (Spring, Odd Years; CGER HA)	
OR		

PHIL 333	History of Ethics (Varies)	
POLS 217	Freedom of Speech ^a	3

or POLS 305	Survey of U.S. Constitutional Principles	
or POLS 310	Modern Political Theory	
or POLS 311	Contemporary Political Thought	
or POLS 312	American Political Thought	
or POLS 314	The Idea of Tolerance in the Western Political Tradition	

ECON 222	Introduction to Game Theory	3
or ECON 268	Environmental Economics	
or ECON 303	Intermediate Microeconomic Theory	
or ECON 304	Intermediate Macroeconomic Theory	

ECON 311	History of Economic Thought (CGER SBS)	3

PHIL 280	Philosophy of Race ^b	3
or PHIL 306	Ethics of Health Care	
or PHIL 308	Ethics in Computing and Engineering	
or PHIL 310	Philosophy of Law	
or PHIL 320	Environmental Ethics	
or PHIL 377	Philosophy and Feminism	

Electives		15

TOTAL		30

SOME TIME IN THE FOURTH YEAR

PPE 400	Capstone Seminar in Philosophy, Politics, and Economics	3

PHIL 317	Epistemology (Spring, Even Years)	3

OR		
PHIL 331	Philosophical Ethics (Spring, Odd Years; CGER HA)	

OR		
PHIL 333	History of Ethics (Varies)	

POLS 330	U.S. Foreign Policy	3
or POLS 335	International Relations Theory	
or POLS 338	Judicial Politics	
or POLS 340	Congress and the Presidency	

Three additional electives from POLS, ECON, or PHIL ^c		9

Electives		12

TOTAL		30

Minimum total for the baccalaureate degree = 120 credits

a Most of these POLS courses meets one CGER Civics & Perspectives (CP) elective, except for POLS 311 and POLS 314.

- b PHIL 280, PHIL 306, PHIL 310, or PHIL 320 can meet one CGER Civics & Perspectives (CP) elective. PHIL 308 or PHIL 377 can meet one CGER Humanities & Arts (HA) elective.
- c Select any of the PHIL, POLS, or ECON courses from the plan above not already taken or other appropriate courses with the approval of the PPE program director.

NOTE: PPE majors will get 6 credits in CGER SBS and 6 credits of CP by completing required courses. Students will have opportunities to take 6 credits of humanities. PPE majors could complete CGER HA by taking two of the following: PHIL 101, PHIL 235, PHIL 308, PHIL 331, or PHIL 377.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Core General Education Requirements (CGER)**Core General Education Requirements (CGER)**

The Core General Education Requirements (CGER) includes a minimum of 10 courses across 6 categories. Students must complete a minimum of 36 credits in courses approved for the CGER Core.

- Mathematics & Quantitative Reasoning (MQR) - 4 credits, one course minimum
 - Includes the University Mathematics Requirement¹
- Communication & Literacy (CL) - 8 credits, two courses minimum
 - Includes the University Writing Requirement (CL-W)²
- Natural Sciences & Wellness (NSW/NSWL) - 6 credits, one course minimum (NSW-Lab required)
- Social & Behavioral Sciences (SBS) - 6 credits, two courses minimum
- Humanities & Arts (HA) - 6 credits, two courses minimum
- Civics & Perspectives (CP) - 6 credits, two courses minimum

¹ University Mathematics Requirement:

Students satisfy the University Mathematics Requirement in one of four ways:

- completing an approved university-level mathematics course (MQR) with a grade of C (not C-) or above
- achieving a suitable score on the UW Math Placement Test (<https://www.uwec.edu/academics/academic-support/advising/testing/placement-testing/>)
- achieving a suitable score on an exam such as the Advanced Placement Calculus or Advanced Placement Statistics exams
- achieving a suitable score on a Credit by Examination administered by the Department of Mathematics.

² University Writing Requirement:

Students satisfy the University Writing Requirement in one of four ways:

- completing a Blugold Seminar in Critical Reading and Writing course (WRIT 102 (<https://catalog.uwec.edu/search/?P=WRIT%20102>), WRIT 114 (<https://catalog.uwec.edu/search/?P=WRIT%20114>), WRIT 116 (<https://catalog.uwec.edu/search/?P=WRIT%20116>), WRIT 118 (<https://catalog.uwec.edu/search/?P=WRIT%20118>))

catalog.uwec.edu/search/?P=WRIT%20118), or WRIT 120 (https://catalog.uwec.edu/search/?P=WRIT%20120)) with a grade of C (not C-) or above

- achieving a suitable score on the English Placement Test (https://www.uwec.edu/academics/blugold-seminar/writ-courses-placement/) (WPT ENGL)
- achieving a suitable score on an exam such as the Advanced Placement English Literature and Composition or Advanced Placement English Language and Composition exams
- achieving a suitable score on the University Writing Program Portfolio.

Completion via Placement Test

- Writing: If the CL-W subcategory is satisfied through a placement test, the CGER Communication and Literacy requirement will be reduced from 8 credits (2 courses) to 3 credits (1 course).
- Mathematics: If the University Math Requirement is satisfied through a placement test, the CGER Mathematics & Quantitative Reasoning requirement will be considered fully met, replacing the 4-credit (1 course) requirement.
- Students must still complete 36 credits across 10 courses, with any remaining credits or courses eligible to be taken from any CGER category.

Pre-Professional Health Science, Minor

Liberal Arts (Code 709-400)

This minor is designed for students preparing for post-baccalaureate health profession programs. Students in pre-medicine, pre-dentistry, pre-optometry, pre-chiropractic, pre-pharmacy, pre-physical therapy, and other pre-professional health programs, as found in this catalog, may find this minor helpful in planning a baccalaureate degree. Because admission requirements vary widely among graduate programs, it is strongly recommended that the student consult with an advisor in the Health Careers Center or the Advising, Retention + Career Center. This minor may not be appropriate preparation for some graduate-level health profession programs.

Code	Title	Credits
Twenty-four credits are required. At least eleven credits must be from courses numbered 300 or higher.		
Core:		
BIOL 221	Foundations of Biology I	4
BIOL 222	Foundations of Biology II	3
BIOL 223	Foundations of Biological Inquiry	2
CHEM 109 or CHEM 115	General Chemistry II with Lab Chemical Principles	4-6
CHEM 325	Organic Chemistry I with Laboratory	4
CHEM 326	Organic Chemistry II with Laboratory	4
Select one of the following:		3
ENGL 312	Science Writing	
ENGL 313	Technical Writing	
ENGL 314	Cultural Rhetorics	
ENGL 315	Visual Rhetorics of Science, Technology, and Culture	
ENGL 316	Rhetorics of Social Justice	

Or approved writing intensive course in the humanities or social sciences that satisfies the admission requirements of the student's health professional program.

Remaining credits are to be chosen from the following courses:	
BIOL 214 & BIOL 314	Human Anatomy and Physiology I and Human Anatomy and Physiology II ¹
BIOL 305	Molecular and Cell Biology
BIOL 323	Genetics
BIOL 361	Biology of Microorganisms
CHEM 213	Quantitative Analysis
CHEM 352	Fundamentals of Biochemistry
ECON 280	Health Economics
ENPH 110	Introduction to Environmental Health
MATH 114	Calculus I
MATH 246	Elementary Statistics
NRSG 211	Wellness: Food for Fitness
NRSG 212	Navigating Health Care
NRSG 213	Body, Mind, Spirit Wellness
NRSG 220	The Language of Health Care
NRSG/WGSS 265	Women's Health Issues
NRSG 377	International Dimensions of Health Care
NRSG 385	Men's Health Issues
NRSG 389	Cross Cultural Health
PH 450	Epidemiology
PHIL 306	Ethics of Health Care
PHYS 212 or PHYS 232	General Physics University Physics II
PSYC 230	Human Development

¹ No credit for BIOL 214 unless BIOL 314 is taken.

Note: A minimum of 48 unique credits must be earned between the student's major and this minor for purposes of meeting graduation requirements for first and second degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:
